Foreword

My deepest thanks to all those who provided information for this Volume 52 of the West Virginia Blue Book. State, County, Municipal and Federal Agencies as well as many individuals were most helpful in compiling data that is used in this edition.

I am particularly grateful to Joseph S. Soto, Vice President, Marshall University, for furnishing a short treatise on the history of West Virginia. For the many younger people in our schools, this should be especially valuable.

Once again, I am indebted to the State Road Commission for the West Virginia Maps attached to the back cover.

It is my hope that the users of this book will find it generally informative and helpful in their work.

Sincerely,
J. HOWARD MYERS, Editor

BOARD OF VOCATIONAL EDUCATION DIVISION OF VOCATIONAL REHABILITATION

Room 3, P & G Bldg., 2019 Washington St., E.

Thorold S. Funk, Director and Executive Officer

The State Board of Vocational Education, Division of Vocational Rehabilitation was established by the 1945 Legislature, Chapter 18, Art. 10A (Code). As such it is authorized and directed to cooperate with the federal government to provide rehabilitation to disabled persons. Board appoints the director who recommends necessary personnel and establishes appropriate administrative units with the approval of the board. Director makes regulations, submits an annual report to the board, requisitions the disbursement of all rehabilitation funds, and takes such other action as necessary to provide rehabilitation services.

The state director, under the direction of the board, operates the agency under State Plans approved by the Rehabilitation Services Administration, and the Social Security Administration, Department of Health, Education, and Welfare; the Governor; and the Board. Director is authorized by law to receive gifts and determine eligibility for service.

The Board is also authorized to establish and operate rehabilitation centers and workshops and to promulgate rules and regulations for operation of such facilities in the state by public or voluntary agencies, to certify workshops as eligible to sell products to the state, and to receive federal vocational rehabilitation aid.

The wide variety of services provided by vocational rehabilitation can be grouped under four broad headings: (1) Medical, (2) Psychological, (3) Social and (4) Vocational.

CLEMENT R. BASSETT, Commissioner

State Office Building No. 4, 112 California Avenue

Salary of Commissioner: \$16,000 per year. Appointed by Governor, by and with advice and consent of Senate. Term: Four years, runs concurrently with Governor.

Advisory Council: \$35 per day for each day actually served in discharge of duties, also necessary expenses. Nine members appointed by Governor, by and with advice and consent of Senate. Term: Six years, subject to will and pleasure of Governor. Three members represent employer interests, three employee interests and three the interests of the general public. Board of Review: \$9,000 per year each. Three members appointed by Governor, with advice and consent of Senate. Term: Four years, runs concurrently with Governor. Nonpartisan. Governor designates chairman.

Purpose is to promote social and economic security by reducing, as far as possible, the hazards of unemployment. Through compulsory system of unemployment reserves, it provides measures of security to families of unemployed persons and guards against menace to health, morals and welfare arising from unemployment. To fulfill these purposes the Department pays weekly unemployment benefits to workers who are unemployed due to lack of work and who are in the labor market. The funds for payment of benefits are derived from a payroll tax paid by West Virginia employers under the terms of the Social Security Act.

Council serves as advisory body to Commissioner. Board of Review hears and determines disputed claims, appoints examiners, organizes appeal tribunals and exercises such additional powers as may be necessary for the proper conduct of a system of administrative review of disputed claims.

The Department of Public Safety is a state police department with state-wide general police power, created in 1919 to preserve the peace, protect life and property, prevent crime and apprehend criminals. With at least one detachment in each county and a fleet of two-way radio equipped vehicles, the state police handle a large share of the investigation of major crime and apprehension of dangerous criminals, and take primary responsibility for patrolling the highways, enforcing the traffic laws and preventing motor vehicle accidents, besides many miscellaneous services in the public interest, including duty at the scene of emergencies, riots or disaster.

The Board of Commissioners hears charges filed against any officer or member of the department, including the Superintendent, or appeals of charges filed against officers or members with the Superintendent if the Superintendent fails to suspend or dismiss any officer or member after such charges are filed.

The Retirement Board has power to make, revise and terminate awards from the Department Death, Disability and Retirement Fund to retired or disabled members, or to beneficiaries of deceased members.

GENERAL PROVISIONS

Under Chapter 30, Article 1, Code 1931, all boards of examination and registration are governed by the following general rules, unless otherwise specifically provided:

Each board is required to adopt an official seal, make such rules and regulations, not inconsistent with law, as it deems best, and hold at least two meetings each year. Each board is also given power to compel the attendance of witnesses, and its officers are authorized to administer oaths.

Each applicant for license or registration must transmit with his application an examination fee of \$20, unless a different fee is especially provided by law. Each board is allowed to charge \$5 for each license or certificate issued and the same sum for every duplicate thereof. All licenses or certificates of registration are required to be numbered serially and to be signed by a majority of the members of the board, and each board has power to revoke, for cause, the certificate it issues. An applicant who has been refused a license, or a licensee whose certificate has been revoked has the right to appeal from the action of the board to the Circuit Court of the county in which he resides.

Unless otherwise specified, members of boards are allowed \$10 per day for each day actually spent in attending sessions of the board or of its committees and in necessary travel, and entitled to reimbursement for all actual and necessary expenses in carrying out their official duties.

Each board is required to make a report annually to the Governor on or before the first day of January, and the secretary of each board is required to prepare and maintain a complete roster of all persons licensed or registered by it.

WORKMEN'S COMPENSATION APPEAL BOARD

WEST VIRGINIA HISTORICALLY

The founders of the State of West Virginia, in selecting the motto, *Montani Semper Liberi* (Mountaineers are Always Free) must have heard the poet, Joseph Holland, when he said:

God give us men, A time like this demands
 Strong minds, great hearts, true faith and ready hands,
 Men whom the lust of office does not kill;
 Men whom the spoils of office cannot buy;
 Men who possess opinion and a will;
 Men who have honor; men who will not lie;
 Men who can stand before a demagogue
 And damn his treacherous flatteries without winking!
 Tall men, sun crowned, who live above the fog
 In public duty and private thinking.

HOW DID WEST VIRGINIA BECOME A STATE?

A convention was called for December 20, 1860, the people in the western section of Virginia began to anticipate the actions of the people east of the mountains and to prepare a defense for such actions. Crowds began to assemble here and there throughout the Western Territory to discuss the problems of secession from the Mother State of Virginia. First there was a mass convention at Clarksburg on April 22, 1861. At this time a resolution was adopted proposing a representative convention at Wheeling on May 13, 1861. The resolution called on the people of all the northwestern counties to appoint delegates to attend the Wheeling Convention. When May 13 arrived, it was found that representatives from 24 counties had assembled at Wheeling ready for the work of what is now known as the First Wheeling Convention. The work at this convention constituted the second step in the formation of West Virginia.

The Second Wheeling Convention met in Washington Hall, Wheeling, at the same site of the first convention, on June 11, 1861. At this convention delegates from 35 counties were present. This convention proceeded to reorganize the State Government of Virginia in accordance with the Constitution of the United States. On June 25 the convention recessed to August 6, when the convention met again. On August 20, it passed an ordinance providing for an election on the question of the division of the State and for the selection of delegates to a convention to frame a constitution for the new State. The vote of the division of the State was 18,089 for division, and 481 against division. The convention framed the constitution which was adopted by a vote of the people. The bill for admission of West Virginia as a State passed the United States Senate July 14 and the House of Representatives December 30, 1861, and was signed by President Lincoln at midnight on December 31, 1862.

On April 20, 1863, President Lincoln, having been notified of the ratification of the amended constitution issued his proclamation providing that the new territory west of the Alleghany Mountains should become a State sixty days later. The new State of West Virginia entered upon its legal existence on June 20, 1863.

THE CAPITAL ON WHEELS

After West Virginia became a state, Wheeling in the Northern Panhandle was declared the Capital. The selection was due to the fact that the largest part of the population was in the northern section of the State at that time, and the further fact that most of the moving spirit, the patriots of the formation of the new state, were in this same section.

In 1870, however, the Legislature caused the capital to be moved to Charleston. There it remained until 1875, when by the same authority, the Legislature, it was returned to Wheeling. Finally, the Legislature again submitted a question of the location of the capital to a vote of the people. Charleston, Clarksburg and

Martinsburg became competitors for the honor of the location with Wheeling. Charleston was the winner.

A new capitol building was erected at Charleston and since the first day of May, 1885, Charleston has remained the capital of the State. Because of this shift from Wheeling to Charleston to Wheeling to Charleston, the Capital was sometimes called the "Capital on Wheels".

A disastrous fire on Monday, January 3, 1921, of unknown origin completely destroyed the old capitol building in downtown Charleston. This brought up the question of the Capital location once more, but the Legislature was convened the week following the fire and finally confirmed the Charleston location by a decisive vote. A handsome new capitol located about a mile east of the old site is now the Capitol Building of the State of West Virginia. This structure is a source of justifiable pride to the people of the State of West Virginia.

THE STATE SEAL

An emblem for a state is referred to as the State Seal. Joseph H. Diss Debar, an artist of Doddridge County, was chosen by a committee of the Legislature to prepare drawings for an official seal for the State of West Virginia. The artist submitted his drawings with an explanation of each detail, and from these was adopted, by the Legislature, a seal which has remained without change, the Official Seal of West Virginia. The seal contains the Latin Motto, *Montani Semper Liberi*, meaning Mountaineers Are Always Free. A large stone is observed in the center of the seal. This stone stands for strength. Also on the stone is the date when the State was admitted to the Union, June 20, 1863. The farmer with his axe signifies agriculture and the miner with his pick signifies industry. This seal must be used on all official state papers. The seal was designed and adopted with two sides, however, only the front side is used. The other side of laurel and oak leaves, log house, hills, factories and boats has not been used for many years. The two were designed so that the seal could be made into a medallion to wear or to carry in one's pocket.

The State of West Virginia has a State Flag, an official flag, just in the same way that the United States has an official flag. This flag is a beautiful white bordered with blue with the State Seal and State Motto in the center. Below the seal is a wreath of rhododendron (big laurel) which is the State Flower.

The State bird was chosen by the elementary and high school students of the public and private schools in West Virginia. The students of West Virginia University and all the State Colleges and members of garden clubs, civic organizations and sportsman clubs also voted for the State bird and for the State tree. The Cardinal won the greatest number of votes and became the State Bird. The Maple became the State Tree, that is the Sugar Maple. The Black Bear is the State animal of West Virginia.

GOVERNMENT

The State Constitution provides for three branches of Government, The Legislative, The Executive and The Judicial. Thus we find the doctrine "of the separation of powers" in operation. The three branches of Government are each dependent on the other, each of these departments has its own specific duties to perform and in cooperation, we have smooth State Government.

The Legislative Branch of Government in West Virginia is made up of two houses, The House of Delegates which has 100 members and the State Senate which has 34 members. The Legislature makes the laws of the State.

The Executive Branch of Government executes or enforces the laws that are passed by the Legislative Branch. And the third branch, the Judicial Branch of our Government determines the guilt or innocence of the persons arrested for crime. The purpose of the Judicial Branch is to interpret and to put into force the laws that are made by the Legislature.

The Judiciary Branch of Government is made up of five judges that are elected by the people for terms of twelve years. These men are organized as the Supreme Court of Appeals of West Virginia. The presiding officer is called the President of the Supreme Court. The State Supreme Court is the highest judicial body in the State of West Virginia. The Supreme Court meets in the Capitol Building on the second Monday of each month except July, August and September.

The Legislature meets each year in January, in even years for thirty days and in odd years for 60 days. The Legislative two branches are organized, The House of Delegates, presided over by the Speaker and the Senate by the President of the Senate.

The Executive Branch of Government is made up of the elected officials as follows: The Governor, the Secretary of State, the Auditor, State Treasurer, Commissioner of Agriculture and the Attorney General; and with the appointee, the State Superintendent of Free Schools make up the Board of Public Works.

RECREATION

Every mountain, valley and every wrinkle in West Virginia is pleasure country. It is a vast vacation land in easy reach to most of populous America. There is enough to go around for every generation to come, and much of it spills over to help beautify the neighboring states. Large timbers stand guard over its natural charm. The mountain streams are cool and clear. They splash and lap their way to the sea. Sometimes the only life that is found is the deer or pheasant or snow shoe hare, and occasionally the wild turkey or big black bear. There is something for everyone in West Virginia. The golfer can accept the dare of dozens of beautiful golf courses throughout the State. The horse lover can ride, or at the State's three thoroughbred tracks he watches others ride. The swimmer, the boaters, the skier, the fisherman, the hunter, the tourist, each one can find his own delight in the hills and valleys of West Virginia. Because West Virginia knows that it has so much, it is willing to share it with everyone. This is done in its parks and forests.

There are twenty state parks throughout West Virginia. They cover some 42,000 acres. Each park is different. Each one has its own appeal, its own trademark of beauty. A spectacular water gorge, a ribbon waterfall, a ten mile lake or a bit of history. Most have comfortable cabins and three comfortable lodges for vacationers. The lodges are open the year around. The State Parks are Audra, Babcock, Blackwater Falls, Bluestone, Cacapon, Carnifex Ferry Battlefield, Cathedral, Cedar Creek, Droop Mountain Battlefield, Grandview, Hawks Nest, Holly River, Lost River, Mont Chateau, North Bend, Pinnacle Rock, Tomlinson Run, Tygart Lake, Watoga, Watters Smith Memorial. For those who love acres of picturesque wilderness, freedom, inspiring views, remote seclusion there

are nine State Forests comprising 77,000 acres. These State Forests are Cabway-lingo, Calvin Price, Camp Creek, Coopers Rock, Greenbrier, Kanawha, Kumbrow, Panther and Seneca.

Two Federal forests are located in West Virginia, the Monongalia National Forest and George Washington National Forest, both located in the southeastern part of West Virginia. A National Park comprised of 469 acres is at Harpers Ferry, West Virginia. This national park restores some of the early history of the State of West Virginia. Recreation is also offered by Federal Reservoirs with a shore line of 285 miles. They are located conveniently throughout the State. These reservoirs are the Bluestone on New River, The Sutton Reservoir on Elk River, Tygart Reservoir, and the Kanawha River Locks and Dam, and more recently, the Summersville Reservoir and Dam. All of these reservoirs feature boating, fishing, swimming, picnicking and camping. A description of West Virginia's playland would be incomplete without a word about two its most notable representatives, The Greenbrier at White Sulphur Springs, West Virginia, and Oglebay Park in Wheeling, West Virginia. The Greenbrier is world famous as a resort. It features three beautiful golf courses, as well as mineral baths, gourmet meals, riding trails, tennis and ski and just plain everyday luxury. Oglebay Park on the outskirts of Wheeling has been called the nation's outstanding municipal park. It offers golf, tennis, swimming, riding, fishing, boating, hiking, skiing and ice skating. It is also noted for its concerts, musical attractions, astronomy and, well you name it, and "its got it".

In West Virginia you can take your sports and recreation as a doer or a watcher. The doers can hunt for squirrel, rabbit, raccoon, deer, bear, grouse, quail, pheasant, goose, duck or wild turkey. The doer may trap raccoon, muskrat, mink or beaver. If the doer would like to wet a line he may fish for trout, walleyed pike, muskies, bass and others. The West Virginia waters have provided some records. A 43 pound "musky", 10 pound rainbow, 10½ pound brown trout, 7½ pound small bass and 25 pound white perch. The State of West Virginia also provides skiing slopes at Ball Knob, Weiss Knob, Chestnut Ridge and Oglebay Park. Of course, everyone is invited to the annual Whitewater Festival in April near Petersburg, West Virginia which is strictly for canoe and kayak paddlers, and it's very in.

The watchers in recreation are not forgotten in the State of West Virginia because the sport of kings at newly refurbished Waterford Park at Chester in the Northern Panhandle and the Charles Town Race Track and Shenandoah Downs both at Charles Town in the Eastern Panhandle. Harness racing is also popular at a number of tracks throughout the State. The doer or the watcher may enjoy water racing on the streams of West Virginia. The State sponsors the Huntington River Regatta and the New Martinsville Regatta, both on the Ohio River; the All-West Virginia Boat Racing Championship on the Kanawha River at Charleston, and the West Virginia State Water Festival on Bluestone Lake at Hinton.

GEOGRAPHICALLY

The State of West Virginia is comprised of 55 counties, and is bordered by the Commonwealth of Pennsylvania, The State of Maryland, the Commonwealth of Virginia, the Commonwealth of Kentucky and the State of Ohio. West Virginia is often referred to as the most northern of the southern states, the most southern of the northern states, the most eastern of the western states and the most western of the eastern states. The State of West Virginia is bound on the west by the Ohio River and on the east by the Alleghany Mountains.

INDUSTRIALLY

West Virginia manufacturing looks something like this. Chemicals and allied products 35%, primary metals 24%, stone, clay and glass products 10%, food and food products 6%, fabricated metals 4%, machinery 4%, electrical equipment 3%, printing and publishing 2%, and all others 11%.

The roster of prominent industrial giants locating in prospering West Virginia is a long and distinguished one. More than two score of major chemical companies and many smaller ones call West Virginia their home. Steel and aluminum have found their homes in West Virginia. Glass is an important product manufactured in the State of West Virginia. In glass we find flat glass, window glass, optical glass, colored glass, container glass, tubing glass, decorative glass, lamp glass, lighting glass, crystal glass, stem ware glass and cut glass. All of these are found in West Virginia. In fact, the State's glassware is known and used throughout the world. It occupies a place of honor in the dining room of the White House. It is produced by more than 70 glass plants throughout this State.

West Virginia's industrial strength is not in chemicals alone, or metals or glass. It is this diversity, cutting across dozens of product lines, a diversity that is expected to grow in the future. Hundreds of leading corporations of many fields have West Virginia operations. They are so numerous it is impossible to name them all.

WEST VIRGINIA PERSONALITIES IN THE NEWS

Many West Virginians have made their mark on the world in the beginning and are making it today in science, industry, education, public service, the arts, athletics and every other field in which man makes his contribution to progress and prosperity, pleasure or peace. Many of their names are inscribed in history and are known throughout the nation and the world. The following are but a few of the West Virginians who made West Virginia famous. They did it with the words that were written especially as tributes to their home State. Monroe J. Rathbone, retired Chairman, Standard Oil Company of New Jersey, born in Parkersburg, West Virginia; Paul G. Benedum, a noted geologist and petroleum executive, was born in Cameron, West Virginia; Pearl S. Buck, Mrs. Richard J. RULES OF THE SENATE AS ADOPTED BY THE 1967 SESSION

PRESIDING OFFICER

1. The President of the Senate may appoint a *President pro Tempore*, who during the absence of the President, shall preside and perform all the duties of the President. The President having taken the chair and a quorum being present, the Journal of the preceding day shall be read, to the end that any mistake may be corrected that may have been made in the entries.

2. The presiding officer of the Senate may call a member to the chair who shall exercise his functions for the time being, but no member by virtue of such appointment, shall preside for a longer period than three days.

3. The presiding officer of the Senate shall have the regulation of such parts of the Capitol and of its passage as are, or may be, set apart for the use of the Senate, its officers and committees.

Admittance to Senate Chamber

4. No person except members of the House of Delegates, former members of the West Virginia Legislature, duly accredited representatives of the press, radio and television, and legislative attaches engaged in the proper discharge of their duties, shall be admitted within the Senate chamber while the Senate is in session. All introduction of guests shall be made in recess of the Senate. The rear or east balcony of the Senate chamber shall be reserved for guests of the members of the Senate, and admission thereto shall be by pass signed by the President of the Senate and the member seeking admission of said guest. No person, not a member of the Senate, shall, while within the chamber when the Senate is in session, seek in any manner whatsoever to influence the vote or opinion of any senator on any subject of legislative consideration, under penalty of disbarment from the chamber for the remainder of the legislative session. No attache of the Senate shall, at any time, engage in such activity, under penalty of immediate dismissal by the Committee on Rules.

Duties of the Clerk—Official Journal

5. The Journal of the Senate shall be daily drawn up by the Clerk and shall be read the succeeding day. It shall be printed under the supervision of the Clerk and delivered to the members without delay. After the printed Journal has been approved and fully marked for corrections, the type from which it was printed shall be changed in accordance therewith, and from the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal. In addition thereto ten copies shall be printed on 6 x 9 heavy weight bond paper, with a certificate at the end thereof signed by the President and Clerk of the Senate certifying that the same is the official Journal of the Senate. They shall be bound in flexible binding and bear the imprint on the back, "Official Journal of the Senate of West Virginia," with designation of regular or extra session and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History and one with the Clerk of the House of Delegates.

6. The Clerk of the Senate shall not suffer any records or papers to be taken from the table, or out of his custody, by any person except a chairman of a committee; but he may deliver any bill or paper, directed to be printed, to the printer of the Senate, or to any member of the Senate, on taking his receipt for the same.

7. The Clerks of the Senate and House of Delegates may interchange messages between the hours of adjournment and that of meeting on the following day, so that said message may be read immediately after the usual order of the day.

Powers of the Senate Over Its Members

8. A majority of the Senators shall be necessary to proceed to business; two members may adjourn, and three members may order a call of the Senate, send for absentees, and make any order for their censure or discharge. On a call of the Senate, the doors shall not be closed against any member until his name shall have been twice called.

9. In case a less number than a quorum of the Senate shall convene, they are hereby authorized to send the Sergeant-at-Arms, or any other person or persons by them authorized, for any and all absent members as the majority of such members shall agree, at the expense of such absent members, respectively, unless such excuse for non-attendance shall be made as the Senate, when a quorum is convened, shall judge sufficient; and, in that case, the expense shall be paid out of the contingent fund. And this rule shall apply, as well to the first convention of the Senate at the legal time of meeting, as to each day of the session, after the hour has arrived to which the Senate stood adjourned.

10. No Senator shall be taken into custody by the Sergeant-at-Arms, on any question of complaint of breach of privilege, until the matter is examined by the Committee on Elections, and reported to the Senate, unless by order of the President of the Senate.

11. The Senate may punish its own members for disorderly behavior, and with the concurrence of two thirds of the members elected thereto, expel a member, but not twice for the same offense.—(Const., art. 6, sec. 25.)

12. The Senate may punish by imprisonment, any person not a member, for disrespectful behavior in its presence; for obstructing any of its officers in the discharge of their duties, or for any assault, threat or abuse of any member for words spoken in debate; but such imprisonment shall not extend beyond the termination of the session.—(Const., art. 6, sec. 26.)

Privileges of Members

13. Every member, when speaking, shall stand in his own place, and address the President; and when he has finished, take his seat.

14. Every member within the Senate chamber, when a question is put, shall vote unless he is immediately and particularly interested therein, or the Senate excuse him. All motions to excuse a member from voting must be made before the Senate divides or before the call of the yeas and nays is commenced, and it shall be decided without debate, except that the member making the motion may briefly state the reason why, in his opinion, it ought to be adopted.

15. If a member be called to order, for words spoken in debate, the person calling him to order shall repeat the words excepted to, and they shall be taken down in writing at the Clerk's table; and no member shall be held to answer, or be subject to the censure of the Senate for words spoken in debate, if any member has spoken, or other business has intervened after the words spoken and before exceptions to them have been taken.

Roll Calls

16. No member of the Senate, or other person except the Clerk and his assistants, shall visit or remain by the Clerk's table while the yeas and nays are being called or counted.

17. No member shall speak more than twice upon the some subject, without leave of the Senate; nor more than once until every member choosing to speak shall have spoken.

18. While the President is reporting or putting a question, none shall entertain private discourse, read, stand up, walk into, out of, or across the Senate Chamber.

19. No question shall be debated until it has been propounded by the Chair, and then the mover shall have the right to explain his views, in preference to any other member.

20. While the President is putting the question, any member who has not spoken before to the matter may speak to the question before the negative is put.

21. During any debate, any Senator, though he has spoken to the matter, may arise and speak to the orders of the Senate, if they be transgressed, in case the President does not; but if the President stands up at any time, he is first to be heard.

Absence Without Leave

22. If any member of the Senate absent himself from the service thereof without leave, except in case of his sickness or other unavoidable cause which may prevent his attendance, the Senate may by order or resolution, direct his absence to be entered on the Journal.

Absence With Leave

23. No member of the Senate shall absent himself from its service without leave first obtained.

Meetings to Be Open

All meetings of the committees, other than executive sessions, shall be open to the public.

Reports of Committees

The several standing committees shall have leave to report by bill, resolution, or otherwise, any proposed legislation originating therein, in conformity with Senate Rule No. 35 and Joint Rule No. 21 of the Senate and House of Delegates; as well as to report back a committee substitute for a Senate bill or resolution, a Senate committee substitute for a House bill or resolution, or otherwise. 28. The Committee on Elections shall examine the oaths taken by each member, and the evidence of their election, and report to the Senate.

Committee on Rules

29. The Committee on Rules shall see that all papers belonging to the Clerk's office are properly filed, labeled and put away in the presses, and the books belonging to the office are chronologically arranged, and shall make report thereof to the Senate at each session.

Committee of the Whole

30. When the Senate shall resolve itself into the Committee of the Whole, the President shall leave the chair and appoint a chairman to preside in the committee.

31. The Committee of the Whole shall consider and report on such subjects as may be committed to it by the Senate. The rules of the Senate shall be observed in the Committee of the Whole, so far as they are applicable, except the rule limiting the time of speaking, concerning the previous question, and taking the yeas and nays. The proceedings in the Committee of the Whole shall not be recorded on the Journal of the Senate, except so far as reported to the Senate by the chairman of the committee.

ORDER OF BUSINESS

32. The order of business of the Senate shall be:
 - I. To read the Journal.
 - II. To dispose of communications from the House of Delegates and the Executive.
 - III. To receive reports from Standing Committees.
 - IV. To receive reports from Select Committees.
 - V. To receive bills, resolutions, motions and petitions.
 - VI. To act upon unfinished business of the preceding day, and resolutions lying over from the previous day, and no resolution shall lose its place on the calendar by not being acted upon on the day following that on which it was offered.
 - VII. Senate and House bills on third reading.
 - VIII. Senate and House bills on second reading.
 - IX. Senate and House bills on first reading.
 - X. Miscellaneous business.

Introduction of Bills and Resolutions

33. Each bill or resolution shall be prepared in quadruplicate, signed by the member or members (not to exceed two) by whom it is to be introduced and be filed with the Clerk not later than two o'clock p.m. of the legislative day next preceding its introduction: *Provided, however,* That this rule shall not apply to the first legislative day. The original copy shall be the official bill or resolution for the use of the Clerk, committees and for the permanent files; the second for Journal insertion; the third for printing or copying; and the fourth for the use of the press and the public.

Each bill or resolution shall be numbered, edited and corrected as to form by the Clerk and reported by him to the Senate on the next legislative day, under the fifth order of business. In case of urgency, on motion for leave agreed to by a majority of the members present, if a quorum, a member may introduce a bill or resolution from the floor.

Bills and Joint Resolutions to Be Read on Three Separate Days

34. All bills and joint resolutions originating in the Senate shall be read on three separate days, unless in case of urgency, by a vote of four-fifths of the members present, taken by yeas and nays, on each bill or joint resolution, this rule may be dispensed with.

Title of Bills

35. In the title of all bills to amend chapters or sections of the Code of West Virginia, one thousand nine hundred thirty-one, or acts passed since the code was adopted, the several committees to whom they are referred, or by whom they originated, shall insert the subject matter of the chapter.

36. All engrossed bills shall be fully and distinctly read when put upon their passage.—(Const., art. 6, sec. 29.)

Consideration of Bills

37. All bills or business originating in the Senate, shall be considered in the order in which they are introduced and all bills and resolutions received from the House of Delegates shall be introduced in the order in which they are received, unless in either case the Senate otherwise directs.

Concurrent and Simple Resolutions to Lie On the Table

38. All concurrent and simple resolutions, when introduced, shall lie on the table at least one day and then be referred to the appropriate committee unless the Senate by a vote of the majority of the members present otherwise directs.

Appropriation Bills

39. Bills making appropriations for the pay of members and officers of the Legislature, and for salaries for officers of the government, shall contain no provision on any other subject.—(Const., art. 6, sec. 42.)

Reference of Bills and Resolutions to Committees

40. All bills and resolutions passed or adopted by and reported from the House of Delegates shall be read by their titles and referred to the appropriate committees unless the Senate otherwise directs. They shall then be proceeded with in the same manner as Senate bills or resolutions. All bills and joint resolutions shall be read by their title and referred to the appropriate committee without printing, and shall be treated in committee as resolutions of inquiry, and if the committee report a bill different from the one introduced, such bill shall be received and treated by the Senate as the original bill. All Senate bills and joint resolutions reported by a committee shall be printed, with the proposed committee amendments printed on the foot thereof; and shall be then read a first time, unless in any of the aforesaid cases the Senate by a majority vote direct otherwise.

41. On each reading of the bill the Clerk shall state whether it is the first, second or third reading of such bill, but no bill shall be put upon its second reading until the same shall have been printed and delivered to the members of the Senate at least one day previous to such reading, unless directed otherwise by a majority vote.

42. On the demand of any two members when a bill is being read for amendment, it shall be read section by section, and when the amendments which may be moved shall be disposed of, the question, unless the Senate otherwise order, shall be taken on ordering the bill to be engrossed and read the third time. If a bill should be ordered to its engrossment and third reading and amendments thereto have been made, the type from which the bill was originally printed shall be changed to conform to the amendments. The bill shall then be re-printed, and shall be the engrossed bill. If no amendments are made, the bill as originally printed may be ordered to its third reading and shall become the engrossed bill. All Senate bills so ordered shall be jacketed, endorsed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a bill should be passed by the House and returned to the Senate without amendments, or if amended, and the amendments should be agreed to, it shall then be turned over to the Joint Committee on Enrolled Bills. In the case of a House bill on second reading if the same be amended, the amendment or amendments shall be noted in full in typewriting on slips of paper, and attached to the bill at the proper place by the Clerk before the bill is returned to the House, and all amendments shall appear in the Senate Journal.

43. When a bill or resolution of the House of Delegates is passed or rejected by the Senate, the fact of its passage or rejection, with the bill or resolution, shall be communicated to the House of Delegates.

Messages

44. Messages may be introduced in any stage of business except when a question is being put by the presiding officer, while the yeas and nays are being called by the Clerk, or while the ballots are being counted.

Passage of Bills and Joint Resolutions

45. When a bill or joint resolution is put upon its passage or adoption, respectively, the President shall propound the question, "Shall the bill pass?" Or in the case of a joint resolution, "Shall the resolution be adopted?" On the passage and/or adoption, respectively, of every bill or joint resolution the vote shall be taken by yeas and nays, and be entered on the Journal. When the bill is on the second reading, and the question is upon striking out, the President shall propound the question: "Shall these words be stricken out?"

MOTIONS

46. When a question is pending, no motion shall be received but to adjourn, to lay on the table, for the previous question, to postpone the question to a different day, to commit, to amend, or to postpone indefinitely, which several motions shall have precedence in the order in which they are herein arranged.

47. On the first reading of a bill, a motion to reject the bill shall be in order.

Adverse Report by Committee

48. If a committee shall have reported adversely to a bill, the President, immediately after the report of said committee is read shall put the question: "Shall the bill be rejected?", which question shall have precedence over all motions, except a motion to adjourn.

Reconsideration of Vote

49. The question being once determined must stand as the judgment of the Senate, and cannot during the session be drawn again into debate unless reconsidered, and it shall be in order to reconsider any vote only within two legislative days next after the one upon which such vote was taken. A motion to reconsider shall be in order only when made by a Senator who voted with the prevailing side, and when the vote was not taken by yeas and nays all Senators will be conclusively presumed to have voted with the prevailing side.

50. When motions are made for reference of the same subject to a select committee, and to a standing committee, the question in reference to the standing committee shall be first put.

Division of the Question

51. If the question in debate contains several points, any member may have the same divided; but on motion to strike out and insert, it shall not be in order to move for a division of the question, but the rejection of a motion to strike out and insert one proposition shall not prevent a motion to strike out and insert a different proposition; nor prevent a subsequent motion to simply strike out; nor shall the rejection of a motion simply to strike out prevent a subsequent motion to strike out and insert.

52. In filling the blanks, the largest sum and longest time shall be first put.

Previous Question

53. There shall be a motion for the previous question, which being ordered by a majority of the members present, if a quorum, shall have the effect to cut off all debate and bring the Senate to a direct vote upon the immediate question or questions on which it has been asked and ordered. The previous question may be asked and ordered upon a single motion, a series of motions, or may be made to embrace and authorize motions and amendments and include the bill to its engrossment and third reading and then, on renewal and second of said motion, to its passage or rejection. It shall be in order pending a motion for or after the previous question shall have been ordered on its passage, for the President to entertain and submit a motion to commit with or without instructions to a standing or select committee; and a motion to lay upon the table shall be in order on the second and third reading of a bill.

A call of the Senate shall not be in order after the previous question is ordered, unless it shall appear upon an actual count by the President that a quorum is not present.

All incidental questions of order arising after a motion is made for the previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

YEAS AND NAYS

54. When the yeas and nays are ordered, or a call of the Senate is directed, the names of the members shall be called in alphabetical order, excepting, however, the name of the President, which shall be called last.

55. The yeas and nays on any question shall, at the desire of one-tenth of the members present, be entered on the Journal and any member may enter any protest on the Journal upon the determination of any question. After the yeas and nays shall have been taken, and before they are counted or entered on the Journal, the Clerk shall read over the names of those who voted in the affirmative and those who voted in the negative, at which time any member shall have the right to correct any mistake committed in enrolling his name.

56. When a bill or joint resolution passed by the Senate shall be amended by the House of Delegates, the question of agreeing to the bill or joint resolution, as amended, shall be again voted on by yeas and nays in the Senate, and the result entered upon its Journal. In all such cases the affirmative vote of a majority of all the members elected to the Senate shall be necessary.—(Const., art. 6, sec. 31.)

57. In all elections of officers which may take place in the Senate the vote of a majority of all the members elected to the Senate shall be necessary.

58. In all elections of officers which may take place in the Senate the vote shall be *viva voce*, and be entered upon the Journal.—(Const., art. 6, sec. 44.)

EXECUTIVE SESSION

59. When nominations shall be made in writing by the Governor to the Senate a future day shall be assigned, unless the Senate unanimously direct otherwise, for taking them into consideration.

RULES OF THE HOUSE OF DELEGATES

INTRODUCTORY

Membership of the House

By an act of the Legislature (Ch. 1, First Extraordinary Session, 1964), the House of Delegates shall consist of one hundred members. Seven Delegate Districts, embracing fifteen counties, have a total of nine Delegates. The other ninety-one Delegates are allocated to the other forty counties on the basis of population. Delegates are elected for a term of two years.

Qualifications

No person shall be a Delegate who has not for one year next preceding his election, been a resident within the district or county from which he is elected, and if a Delegate remove from the district or county for which he was elected, his seat shall be thereby vacated. (Const., Art. VI, Sec. 12.)

No person holding a lucrative office under this State, the United States, or any foreign government; no member of Congress; no person who is a salaried officer of any railroad company, or who is sheriff, constable, or clerk of any court of record, shall be eligible to a seat in the Legislature. (Const., Art. VI, Sec. 13.)

No person who has been, or hereafter shall be convicted of bribery, perjury, or other infamous crimes, shall be eligible to a seat in the Legislature. No person who may have collected or been entrusted with public money, whether State, county, township, district or other municipal organization, shall be eligible to the Legislature, or to any office of honor, trust, or profit in this State, until he shall have duly accounted for and paid over such money according to law. (Const., Art. VI, Sec. 14.)

No Senator or Delegate, during the time for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Nor shall any member of the Legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected. (Const., Art. VI, Sec. 15.)

Oaths

Members of the House of Delegates, before they enter upon their duties, shall take and subscribe to the following oaths or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Delegate according to the best of my ability, and that I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person, for any vote or influence I may give or withhold, as Delegate, on any bill, resolution or appropriation, or for any act I may do or perform as Delegate." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall receive and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State. (Const., Art. VI, Sec. 16.)

Under authority of Ch. 4, Art. 1, Sec. 6, of the code of West Virginia, the presiding officer or Clerk of either house may administer the oaths of office to any member or officer of such house.

Privileged from Civil Arrest

Members of the Legislature shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during the session, and for ten days before and after the same; and for words spoken in debate, or any report, motion or proposition made in either house, a member shall not be questioned in any other place. (Const., Art. VI, Sec. 17.)

Compensation

The members of the Legislature shall each receive for his services the sum of one thousand five hundred dollars per year and ten cents for each mile traveled in going to and returning from the seat of government by the most direct route. The Speaker of the House of Delegates and the President of the Senate shall each receive an additional compensation of five dollars per day for each day they shall act as presiding officers. No other allowance or emolument than that by this section provided shall directly or indirectly be made or paid to the members of either house for postage, stationery, newspapers, or any other purpose whatsoever. (Const., Art. VI, Sec. 33.)

Members' salaries are paid on the third Wednesday in January of each year.

Resignation and Filling of Vacancies

Resignations of members of the House should be made to the Speaker, Governor and chairman of the executive committee of the party of which the member belongs in the county from which he was elected.

Vacancies in the House are filled by an appointment by the Governor, in each instance from a list of three qualified persons submitted by the county party executive committee. (Ch. 3, Art. 10, Sec. 6 of the Code.)

Organization of the House

The Legislature shall assemble at the seat of government on the second Wednesday of January in each year. At the sessions held in odd-numbered years officers are elected for two-year terms. While neither the Constitution nor statute sets the hour for convening, the custom has been for each house to convene at twelve o'clock noon. The Constitution says, "The oldest Delegate present shall call the House to Order at the beginning of each new House of Delegates, and preside over it until the Speaker thereof shall have been chosen and taken his seat." (Const., Art. VI, Sec. 24.) Custom has made it the duty of the Clerk of the previous House to call the House to order and call the oldest Delegate present to the chair to preside until a Speaker is elected.

The session is then opened with prayer, following which the Clerk reads a list of the members as certified by the Secretary of State, and all notices of contested elections. The roll is then called to ascertain those present. The next step in the organization is the administering of the oath of office to the members.

With the conclusion of the above formalities the House is ready to proceed to the election of a Speaker. After this election, the election of other officers, i. e., Clerk, Sergeant-at-Arms and Doorkeeper shall be the next order of business. The election of all officers shall be by *viva voce* vote.

It is then in order to provide by resolution for the adoption of rules to govern the procedure of the House and for informing the Senate that the House is organized. Upon being likewise informed of the organization of the Senate, both houses, by resolution, shall raise a joint committee to visit upon the Governor to inform him that they are organized and that they are in readiness to receive any message or communication he may desire to present.

However, at the session of the Legislature following each general election at which a governor, and other state officials are elected, immediately following the organization of the two houses, they shall meet in joint assembly in the hall of the House of Delegates, when the speaker, before proceeding to any other busi-

ness, shall open and publish the election returns in the presence of a majority of each house of the Legislature. (Const., Art. VII, Sec. 3.)

The message of the Governor is usually delivered in person by the Governor before both houses of the Legislature, assembled in joint assembly. When the Governor desires to deliver his message to the joint assembly, it shall be proper to provide by resolution for the convening of a joint session of the two houses.

ELECTION AND DUTIES OF OFFICERS

Officers and Their Compensation

1. The House, at the commencement of each Legislature, shall elect a Speaker, Clerk, Sergeant-at-Arms, and Doorkeeper. All officers, except the Speaker, shall receive such compensation as the House may determine.

Vote to be Viva Voce

2. In the election of officers by the House, the vote shall be given *viva voce*, and a majority of the whole number of votes given, a quorum being present, shall be necessary to elect. If, upon any vote, there be no election, the person having the lowest number of votes shall be dropped, and any votes thereafter given to such person shall not be taken into the counting to affect the result in any way. But if two or more have the lowest and equal number of votes, they may be voted for again. No question before the House, or in committee of the whole, shall be voted on by ballot.

DUTIES AND RIGHTS OF THE SPEAKER

In debate, the Speaker shall prevent personal reflections and confine members to the question under discussion, but he shall not engage in any debate, or propose his opinion on any question without first calling some other member to the chair. When two or more members arise at the same time, he shall name the one entitled to the floor.

Questions of Order

6. The Speaker shall decide all questions of order subject to an appeal to the House when demanded by any ten members. He may speak to questions of order in preference to other members, and may make the concluding speech on any appeal from his decision, notwithstanding, he may have before spoken on the question; but no other members shall speak more than once on such appeal without leave of the House.

In all such cases the members present may take such measures to prevent a repetition of such misconduct, either by the infliction of censure or such other penalty, as may be authorized by law, on the parties thus offending, as the House may deem best.

When a member arises and addresses the Chair, the Speaker may recognize him by name; but no member in debate shall designate another by name.

Recognition by the Chair

33. When two or more members shall rise at the same time, the Speaker shall name the one who is to speak first, and his decision shall be final and not open to debate or appeal. However, in all other cases the member who shall rise first and address the Chair shall be first recognized.

34. No question shall be debated until it has been propounded by the Speaker, and then the mover of the question shall have the right to open and close the debate thereon.

Member Out of Order

35. When any member, in speaking or otherwise, transgresses the rules of the House, the Speaker shall, or any member may, call him to order; in which case the member so called to order shall immediately sit down, but may be permitted, with leave of the House, to explain; and the House shall, if appealed to, decide the case, but without debate. If there be no appeal, the decision of the Chair shall be submitted to; if the decision be in favor of the member so called to order, he is at liberty to proceed; if the decision be against him, and the case requires it, he shall be liable to the censure of the House, or such other punishment as the House may properly impose.

Calling to Order for Words Spoken in Debate

36. If a member be called to order for words spoken in debate, the person calling him to order shall repeat the words excepted to and they shall be taken down at the Clerk's table. And no member shall be held to answer, or be subjected to the censure of the House, for words spoken in debate, if any other member has spoken or other business has intervened after the words were spoken and before the exception to them was taken.

38. No member shall speak except in his place, and not more than twice on a question, except by leave of the House. And if a question be pending at the time of an adjournment and is renewed on the succeeding day, no member who shall have spoken twice on the preceding day shall be permitted again to speak without leave of the House. The House by majority vote may limit debate on any question.

Members Not to Be Disturbed While Speaking

39. No one shall disturb or interrupt a member who is speaking, without his permission, except to call to order if he be transgressing the rules.

Speaking Before Negative Is Put

40. When the Speaker is putting the question any member who has not spoken before to the matter may speak to the question before the negative is put.

PUTTING QUESTIONS AND VOTING**Putting Questions; Division**

41. All questions on which the yeas and nays are not taken shall be put distinctly in this form, to-wit: "As many as are in favor [as the question may be] say 'Aye,'" and after the affirmative vote is expressed, "As many as are opposed say 'No'." If the Speaker be in doubt as to the result, or if a division is called for by any member, the House shall divide. Those in the affirmative of the question shall first rise from their seats and be counted, and afterwards those in the negative. The count may be made by the Speaker, or, if he so directs, by the Clerk, or two members, one from each side, to be named for that purpose by the Speaker. When the result is ascertained the Speaker shall rise and state the decision of the House. Such vote shall not be printed in the Journal unless the yeas and nays are called for by one tenth of the members present.

Yeas and Nays

42. The yeas and nays shall be taken on motions to dispense with the constitutional rule requiring a bill to be fully and distinctly read on three different days and on fixing the effective date of an act of the Legislature; on agreeing to a joint resolution proposing an amendment to the Constitution of the State; on the passage of a bill notwithstanding the objections of the governor; on the passage of a supplementary appropriation bill; on the passage of a House bill amended by the Senate; on all questions where a specific vote is required by the Constitution, the joint rules of the Senate and House of Delegates, or by these rules; on the passage of a bill when requested; on quorum calls; and on questions when called for by one tenth of the members present.

The result of all votes taken by yeas and nays shall be entered on the Journal. When the yeas and nays are inserted on the Journal, the result of the vote as to total yeas, nays and absentees shall be recorded, and the names of the Delegates voting yea or nay, whichever is the smaller number, and the names of Delegates absent and not voting shall be inserted on the Journal. The names of Delegates omitted shall constitute the vote on the prevailing side.

On all roll calls, when the voting machine is not used, before the result is announced, the Clerk shall read to the House the names of those who voted in the affirmative or in the negative, whichever is the smaller number, and announce the names of those absent and not voting, at which time any member may correct a mistake committed in taking down his vote. The result shall then be announced, but if the House so orders, the announcement of the result may be postponed to the succeeding day, with liberty to absent members at any time before the result is announced by the Speaker, to appear and vote "Aye" or "No," in the presence of the House; and any member may, in the presence of the House, change his vote before the result is announced.

When the yeas and nays are called for by a member on any question, the Speaker shall hold this demand in abeyance until debate has closed upon the question under consideration, or until the previous question has been moved and sustained.

Upon calls of the House, in taking the yeas and nays, the names of the members shall be called alphabetically, except the name of the Speaker shall be called last.

Pairs

43. Members may pair on any question by filing a signed statement of the same with the Clerk, who shall read the same to the House before the vote is taken. A blank form of pair for use of members shall be provided by the Clerk. No pair shall be recognized unless made in person by the member signing the same, nor unless one or both of the parties thereto are absent.

Division of Question

44. Any member may call for a division of any question before the vote thereon is taken, if it comprehend propositions in substance so distinct that, one being taken away, a substantive proposition will remain for the decision of the House, but the member calling for the division of a question shall state in what manner he proposes it shall be divided. A motion to strike out and insert shall be deemed indivisible, but a motion to strike out being lost, shall preclude neither amendment nor motion to strike out and insert.

Calling of Yeas and Nays

45. No member or any person shall visit or remain by the Clerk's table while the yeas and nays are being called.

Tie Vote Loses Question

46. In all cases when the House is equally divided, the question shall be lost.

Verification of Vote

47. When a question upon which the yeas and nays have been taken has prevailed or failed by not more than five votes, the Speaker may, upon request of five members, order a verification of the vote. During such verification, no member shall change his vote unless it was erroneously recorded, nor may any member not having voted cast a vote. A verification must be called for immediately after a vote is announced and before any other business has intervened.

Explanation of Vote

48. No member shall be allowed to make any explanation of his vote during the taking of the yeas and nays; but after the roll has been called and the vote announced, any member may explain his vote and the explanation shall be recorded in the Journal if he requests it. The Speaker may limit the time allowed members for explaining votes.

When Members Not to Vote

49. Any member who has a personal or private interest in any measure or bill proposed or pending before the House shall disclose the fact and not vote thereon.

Voting by Machine

49-a. A voting machine may be used in taking the yeas and nays on any question, for quorum calls and for determining the result when a division is demanded. When a vote is to be taken on the voting machine the Speaker shall announce the question to be voted upon and direct the Clerk to prepare the machine. The Clerk shall then sound the gong which shall be notice to all members to vote. After reasonable time has been given all members to vote the Speaker shall ask the question, "Have all members voted?" vote himself, if the vote being taken is upon a question on which he is required to vote, and then direct the Clerk to close the machine and ascertain the result. As soon as this is done, the Clerk shall hand the record of the vote to the Speaker and he shall promptly announce the result. No vote may be changed after it has been recorded.

No member shall vote for another member, nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be expelled as a member of the House or punished in such other manner as the House may determine. If a person not a member shall vote or attempt to vote for any member, he shall be barred from the floor of the House for the remainder of the session and may be further punished in such manner as the House may deem proper, in addition to such punishment as may be prescribed by law.

All other rules governing voting and the taking of the yeas and nays, in so far as applicable, shall apply to taking votes by means of the voting machine.

MOTIONS

Stating the Question

50. When a motion is made, it shall be stated by the Speaker; or, being in writing, it shall be passed to the desk and read aloud by the Clerk before debate.

Form of Motion

51. Every motion, except subsidiary or incidental motions, shall be reduced to writing, if the Speaker or any member desires it; but this exception shall not apply to motions to amend.

Withdrawal of Motions

52. After a motion is stated by the Speaker or read by the Clerk, it is deemed to be in possession of the House, but may be withdrawn at any time before a decision or amendment, unless the previous question has been ordered, in which case it can only be withdrawn by leave of the House.

Order and Precedence of Motions

53. When a question is under debate, no motion shall be received except:
1. To adjourn
 2. To lay on the table.
 3. For the previous question.
 4. To postpone to a day certain.
 5. To go into a Committee of the Whole on the pending question immediately.
 6. To commit to a Committee of the Whole.
 7. To commit to a Standing Committee.
 8. To commit to a Select Committee.
 9. To amend.
 10. To postpone indefinitely.

These several motions shall have precedence in the order in which they are arranged. A motion to strike out the enacting clause of a bill shall have precedence of another motion to amend; and if carried, the bill is rejected.

Motion to Adjourn

54. A motion to adjourn shall always be in order, except when the House is voting, or while a member is addressing the House, or when no business has been transacted since the motion to adjourn has been defeated.

Motions Not Debatable

55. The following motions shall be decided without debate, and shall not be amended:

1. To adjourn.
2. To fix the time to which the House shall adjourn.
3. To lay on the table.
4. For the previous question.
5. To suspend the constitutional rule requiring bills to be read on three several days.
6. To recess.

Motions Not in Order

56. No motion directing the appropriation or payment of money shall be in order.

Effect of Indefinite Postponement

57. When a question is postponed indefinitely, it shall not be again acted on during the session.

Motion to Reconsider

58. After any question has been decided in the affirmative or in the negative, it shall be in order for any member who voted with the prevailing side to move for a reconsideration of the vote thereon at any time on the same day or the next succeeding day of actual session. When the yeas and nays have not been recorded in the Journal, any member, irrespective of whether he voted with the prevailing side or not, may make the motion to reconsider. If the House refuse to reconsider, or upon reconsideration shall affirm its first decision, no further motion to reconsider shall be in order unless by unanimous consent. No vote shall be reconsidered upon motions to adjourn, to lay on the table, to take from the table, or for the previous question.

The motion to reconsider may be put and acted upon when made. If seconded, it shall take precedence of all other questions, except the consideration of a conference report and the motion to adjourn, and unless by motion postponed until some future date be acted upon at once. When a motion to reconsider is made and not acted upon at the time, it shall be placed upon the calendar, under unfinished business, and be acted upon the next day of actual sitting of the House. A motion to reconsider shall not be withdrawn without leave of the House.

No bill, resolution, message, report, amendment or motion, upon which a motion is pending to reconsider the vote thereon, shall be taken out of the possession of the House until final disposition of the motion to reconsider. No motion for reconsideration of the vote on any question, which has gone out of the possession of the House, shall be in order, unless subsequently recalled by vote of the House and in possession of the Clerk.

When a motion to reconsider has been carried, its effect shall be to place before the House the original question in the exact position it occupied before it was voted upon.

Debate on Motions to Reconsider

59. Debate shall be allowed on a motion to reconsider only when the question which it is proposed to reconsider is debatable. Where debate upon a motion to reconsider is in order, no member shall speak more than once nor for a longer period than three minutes.

Reconsideration of Question Requiring More Than Majority Vote

60. When a majority of members present vote in the affirmative on any question, but the question be lost because it is one in which the concurrence of a greater number than a majority of a quorum is necessary to an affirmative decision, any member may move for a reconsideration.

Effect of Motion to Table

61. A motion to lay on the table shall only have the effect of disposing of the matter temporarily, and may be taken from the table at any time after the eighth order of business has been passed.

Motion Must Be Germane

62. No motion on a subject different from that under consideration shall be admitted under color of amendment.

Previous Questions

63. When any question is before the House, any member being in order and having the floor may move the previous question, but such motion to be put must be sustained by being seconded by ten members. The question being moved, the Speaker shall say, "*Is the motion sustained?*" and those favoring the motion shall rise. If a sufficient number arise, the previous question shall be thereby seconded, and the question shall then be put in this form, "*Shall the main question be now put?*". If this question be decided in the affirmative by a majority of the members voting, a quorum being present, it shall have the effect of cutting off all debate and bringing the House to a direct vote upon the immediate question or questions upon which it has been asked and ordered, except when the motion applies to the main question, the member in charge of the measure under consideration, shall have five minutes to close the discussion before the vote is taken; and when the motion applies to an amendment the person proposing the amendment shall have three minutes to close the discussion on the amendment. Should the previous question be decided in the negative, the House shall proceed with the matter before it as though the previous question had not been moved.

When a member moves the previous question he shall specifically state in his motion whether it shall apply to the main question and the amendments or to the amendment or amendments only.

The previous question shall not be admitted in the Committee of the Whole.

The bill shall then be reprinted and shall be the engrossed bill, and shall be designated as such. If no amendments are made the bill as originally printed may be ordered to its third reading and shall become the engrossed bill, and shall be designated as such. All House bills ordered to their engrossment and third reading shall be jacketed and engrossed with their number, title, by whom introduced, and if the bill is finally passed, the date of its passage and the signature of the Clerk. If a House bill is passed by the Senate and returned to the House without amendment, or if amended and the amendment or amendments be agreed to, it shall then be turned over to the Joint Committee on Enrolled Bills. In the case of a Senate bill on second reading, if the same be amended by the House and passed as amended, the amendment or amendments shall be noted in full on slips of paper in typewriting and attached to the bill at the proper place by the Clerk before the bill is returned to the Senate, and all the amendments shall also appear in the House Journal.

(Const., Art. 14, Sec. 2.) When a proposed amendment to the Constitution is under consideration, the vote of a majority of the members present shall be sufficient to decide an amendment thereto or any collateral or incidental questions thereto short of the final question.

[Note: Joint resolutions are used only for amendments to the State Constitution and to ratify amendments to the Federal Constitution. Such resolutions do not have to be submitted to the Governor for his approval.]

(2) *Concurrent Resolutions*: Concurrent resolutions shall be used for the purpose of expressing the sentiments of the Legislature, for authorizing expenditures incidental to the sessions and business of the Legislature, for agreeing upon adjournments beyond the constitutional limitation, for creating special joint committees, for raising a joint assembly and other inferior and incidental purposes of legislation, and such other purposes as the Legislature may deem proper. The adoption of such resolutions must be concurred in by both houses.

(3) *House Resolutions*: These simple resolutions shall be used for expressing the will or order of the House on matters in which the concurrence of the Senate is not necessary. A House resolution shall be proper to express the sentiments of the body, to authorize expenditures from its contingent fund, for agreeing upon any question, and for all incidental purposes pertaining to the organization and work of the House.

Introduction of Resolutions

109. All resolutions to be introduced in the House shall be filed with the Clerk not later than two hours prior to the convening of the session at which they are to be introduced. They shall be presented in quadruplicate and copies shall be for the same purpose as that of bills. When the proper order of business is reached, the Clerk shall proceed in the same manner as if they were introduced from the floor. This rule does not deny a member the right to introduce a resolution from the floor in case of urgency. The different classes of resolutions shall be numbered by the Clerk and entered in full in the Journal.

Action on Resolutions

110. Upon introduction, all resolutions shall be read by their titles and referred to the appropriate committee. Resolutions, other than joint resolutions proposing amendments to the State Constitution, reported from committee shall lie over one day, be inserted in full in the Journal and come up under the ninth order of business the following legislative day. Joint resolutions proposing amendments to the State Constitution shall be treated as bills and proceedings thereon shall be in accordance with section two, article fourteen of the State Constitution.

Resolutions adopted by the Senate and reported to the House shall be subject to the same rule as that governing resolutions introduced in the House.

PETITIONS

111. All petitions, remonstrances, memorials and other papers addressed to the House shall be filed by the member with the Clerk prior to the convening of the House. When in the regular order of business the time is reached for presenting petitions or any such papers, the Clerk shall read a list of those on file, giving the member's name presenting same and a brief resume of the contents thereof, and the same shall be referred to the committee of the member's selection unless otherwise ordered by the House. Each member, upon filing any such petition, remonstrance or other paper, shall endorse thereon his name, and if not so endorsed it shall not be received. The Journal shall show the name of the member presenting such papers, a brief resume of the contents thereof, and the disposition made of same.

AMENDMENTS

Forms For

112. The Clerk shall furnish to members sheets with a proper heading printed in blank upon which amendments shall be written, and all amendments offered shall be on such blanks and bear the name of the member offering the same.

Must Be Germane

113. No amendment shall be in order that is not germane to the matter under consideration; and the Speaker, when the question is raised, shall rule as to the admissibility of the proposed amendment.

Time for Offering

114. Amendments may be offered to any bill or joint resolution and acted upon on their second reading and before they are ordered to their engrossment and third reading. No bill shall be amended on third reading, except by unanimous consent of the members present. Amendments to resolutions other than joint resolutions shall be in order at any time the same are being considered. Committee amendments shall be subject to amendment and shall be disposed of before any other amendments are in order.

Reading and Stating

115. Amendments shall be read by the Clerk and stated by the Speaker before being acted upon.

By Striking Out Enacting Clause

116. A motion to amend by striking out the enacting clause of a bill shall have precedence over another motion to amend, and, if carried, the bill or resolution is rejected.

Amendment to an Amendment

117. A motion to amend a pending amendment may be received, but until it is disposed of no other motion to amend will be in order. But pending such amendment, a motion to amend in the nature of a substitute, and a motion to amend that substitute, may be received, but shall not be voted upon until the original matter is perfected.

Amendment to Have Precedence Over Substitute

118. If a substitute for a bill or resolution be offered, a motion to amend the original bill or resolution shall have precedence.

Motion to Amend to Have Precedence Over One to Strike Out

119. If a motion be made to strike out part of a bill or resolution, a motion to amend the part proposed to be stricken out shall have precedence.

Filling Blanks

120. In filling blanks, the largest sum and longest time proposed shall be first put, and the question shall be put on names in the order they were nominated.

No Amendment by Way of Rider

121. No amendment by way of rider shall be received to any bill after engrossment.

Agreeing to Senate Amendments

122. When a House bill or House joint resolution shall be amended by the Senate, the question on agreeing to the bill or resolution as amended shall be again voted on by yeas and nays, and the result entered on the Journal, and in such a case the affirmative vote of a majority of the members elected to the House shall be necessary. (Const., Art. 6, Sec. 31.)

Amendment by Section

123. If a bill is being considered section by section, only amendments to the section under consideration shall be in order. After all sections have been considered separately, the whole bill shall be open for amendment except that an amendment seeking to strike out matter previously inserted and containing substantially no new proposition shall not be in order.

Amending Titles

124. After the passage of a bill or joint resolution, amendments to its title may be offered when the title is read for approval.

Amendments to Senate Bills

125. Any Senate bill or resolution may be amended in the same manner as a House bill or resolution. If a Senate bill or resolution is amended the same shall be noted by the Clerk on the jacket containing same before it is reported to the Senate.

After the reading of a Senate amendment to a House bill or resolution the question shall be, "*Will the House concur in the Senate Amendment?*". But it shall be in order to move that the House concur in the Senate amendment with an amendment; or that the House refuse to concur and ask the Senate to recede.

If the Senate shall refuse to concur in a House amendment to a Senate bill or resolution, the following motions shall be in order and shall be privileged in the order named: *First*, That the House recede; *Second*, That the House insist and ask for a committee of conference; *Third*, That the House adhere.

Amendments to Be Printed in Journal

126. All amendments proposed, unless withdrawn, shall be printed in the Journal.

Speaking on Amendments

127. On an amendment being moved, a member who has spoken to the main question may speak again to the amendment.

JOURNAL**Clerk to Keep**

128. The Clerk of the House, under the direction of the Speaker, shall keep a full and correct Journal of the proceedings.

Approval and Correction

129. When the Journal has been read to the end that any mistake made in the entry may be corrected, if no objection is made, it shall stand approved; but if objection be made, the first question of the House shall be to dispose of the same, and when such objections are disposed of and the Journal corrected, as the House may order, it shall stand as approved.

Printing Official Copies

130. After the printed Journal has been approved and fully marked for correction, the type from which it was printed shall be changed in accordance therewith. From the type so corrected shall be printed the number of copies required by law for the regular bound volumes of the Journal, which shall be properly indexed. In addition thereto six copies shall be printed on 6x9 heavy weight bond paper, with a certificate at the end thereof, certifying that the same is the Official Journal of the House and the same shall be signed by the Speaker and Clerk. Such printed Journal shall be the official record of the House. They shall be bound in flexible binding, and bear the imprint on the back, "Official Journal of the House of Delegates of West Virginia," with designation of regular or special session, as the case may be, and the year. After being signed by the proper officers, two of these copies shall be retained in the office of the Clerk, and one copy shall be lodged in the office of the Governor, one with the Secretary of State, one with the Department of Archives and History, and one with the Clerk of the Senate.

Journal to Be Printed Daily

131. It shall be the duty of the Clerk to furnish a copy of each day's proceedings of the Journal to the printer, to be printed and distributed without delay.

Form and Content of Journal

132. The Journal shall be kept and published in minute form so as to show a running account of all proceedings and actions taken. Every written motion, unless it be withdrawn on the same day submitted and before action has been taken thereon, and such other material and matters required by these rules and the joint rules of the Senate and House shall be printed in the Journal. No remarks of members, speeches, newspaper editorials and articles, or other material shall be printed in the daily Journal, except explanations of votes as provided by these rules and such portions of remarks as may be necessary for the record in instances where a member may be called to order for words spoken in debate.

The Clerk shall keep and publish an Appendix to the bound and official Journals of each session of the House. There shall be included in the Appendix all remarks of members and other material ordered printed by the House.

An address or remarks by a member made on the floor of the House may be printed in the Appendix with the consent of the House only on the request of the member making such address or remarks.

CHANGE OR SUSPENSION OF RULES

Rescinding or Amending Rules

133. All propositions to amend or rescind any standing rule or order of the House shall be by resolution and be at once referred, without debate, to the Committee on Rules, and shall be reported therefrom within two days. Any such resolution may be adopted by a majority vote, a quorum being present.

[Note: The power to make its rules of procedure is given the House under Sec. 24, Art. 6 of the Constitution.]

Suspension of Rules

134. These rules shall not be suspended, except by a vote of at least two thirds of the members present. Unless there be an unanimous consent for the suspension of rules, the vote shall be determined by yeas and nays.

[Note: The motion to suspend the rules is usually preceded by a member requesting unanimous consent of the House to do a particular thing. If no one objects the House is deemed to assent, and what is desired is allowed accordingly. If objection is made, then the member may move that the rules be suspended for the specific purpose or object he has in view. A motion to lay on the table may not be applied to a motion to suspend the rules. (Hind's Precedents, Sec. 5405.)]

Manual and Rules

135. On any question of order or parliamentary practice where the rules of the House or the joint rules of the House and Senate are silent or inexplicit, *Jefferson's Manual* and the *Digest of the Rules and Practices of the House of Representatives of the United States Congress* shall be considered as authority.

[Note: Jefferson's Manual was prepared by Thomas Jefferson for his own guidance as President of the United States Senate in the years he was Vice President, from 1797 to 1801. The House of Representatives, in 1837, by rule which still exists, provided that the provisions of the Manual should "govern the House in all cases to which they are applicable and in which they are not inconsistent with the standing rules and orders of the House." The Manual is regarded by English parliamentarians as the best statement of what the law of Parliament was at the time Jefferson wrote it. (House Manual and Digest), 70th Congress, 1st Sess., Sec. 278.]

MISCELLANEOUS RULES

Persons Admitted to the Floor—Members' Gallery

136. No person except members of the Congress of the United States, members of the State Senate, former members of the West Virginia Legislature, the Clerk of the Senate, duly accredited representatives of the press, radio and television, and legislative employees engaged in the proper discharge of their duties, shall be admitted within the House Chamber while the House is in session. No introductions shall be made while the House is in session. At the convening of the House, the Sergeant-at-Arms shall see that all persons not entitled to the privilege of the floor under this rule retire from the Chamber.

The west or center balcony of the House Chamber shall be designated "Members' Gallery" and reserved for guests of members of the House, and admission thereto shall be by pass in such form as may be approved by the Committee on Rules and signed by member issuing the same to a guest.

Lobbying in the House Chamber

137. No person engaged in lobbying, including persons entitled to the privilege of the floor under Rule 136 when engaged in lobbying activities, shall be permitted upon the floor of the House or in the foyer thereto at any time during a session of the Legislature. If any person not a member while within the Chamber when the House is in session attempts in any manner whatsoever to influence the vote or opinion of any member upon any subject of legislative consideration, he shall be removed from the Chamber and be debarred therefrom during the remainder of the session. Any employee who shall, at any time, engage in such activity shall be subject to immediate dismissal.

News Correspondents and Reporters

138. (a) Any person accorded the privilege of the press gallery or press table must be a news correspondent or reporter for a newspaper, a radio or television station, or of a recognized press association, who is not engaged in any department of state government, or in any other business; and no more than one representative of each shall be admitted to the press table or press gallery at one time.

(b) All applications for admission to the press gallery or press table must be made to the Speaker. Such applications shall state the name and location of the newspaper, news association, radio or television station, and be signed by the applicant. The Speaker may request the news representatives to establish a committee on accreditation of applicants, and he shall consider recommendations made by such committee.

(c) The Speaker shall verify statements made in such application, and if the application is approved by him, he shall issue a correspondent's card, signed by him.

(d) The correspondents shall not visit the members in their seats during the session of the House, and shall abide by such rules and regulations as may be adopted by the Rules Committee of the House.

(e) The card issued by the Speaker must be presented when required by any Sergeant-at-Arms. It shall not be transferrable. The transfer or loan of such card to any one shall be followed by its cancellation and the withdrawal of all its privileges from the correspondent so offending.

(f) The gallery or press tables allotted to news correspondents shall be for their exclusive use, and persons not holding correspondents' cards shall not be entitled to admission thereto.

Lounging Prohibited in the Hall of the House

139. It shall be the duty of the Sergeant-at-Arms to prevent all persons not connected with the Legislature from assembling in the halls at any time when the House is not in session for the purpose of lounging or loafing. For the purpose of enforcing this rule, the Sergeant-at-Arms or his assistants shall be in attendance at all times, and the persistent neglect or disregard of this rule shall be cause for dismissal by the Speaker, or removal.

Peddling Prohibited

140. No person shall be permitted to hawk, peddle or offer for sale any article of traffic at any time within the hall of the House; and it shall be the duty of the Sergeant-at-Arms to strictly enforce this rule.

Regulating Use of Halls

141. The Speaker shall have power to regulate the use of the halls and stairways of the part of the Capitol building used by the House for refreshments and like purposes when the Legislature is in session.

Oaths

142. The Speaker or Clerk shall have authority to administer any oaths required by the business of the House.

Janitors

143. The janitors appointed for or assigned to the House shall, under direction of the Speaker, have care of the House chamber, committee rooms and halls of the House and keep the same in a neat and proper condition at all times.

JOINT RULES OF THE SENATE AND HOUSE

Joint Assembly

1. Whenever there shall be a joint assembly of the two houses, a brief account of the proceedings shall be entered upon the Journal of each house, except in the joint assembly for counting votes for state officers.

[NOTE: It is the custom to hold joint assemblies in the House Chamber and they are presided over by the Speaker. In such sessions the Clerk of the House acts as Clerk, assisted by the Clerk of the Senate. The President of the Senate is given a seat to the right of the Speaker and seats are arranged for the members of the Senate.]

Joint Assembly to Open and Publish Election Returns

2. As soon as the Senate, being organized, is informed that the House of Delegates is ready to proceed, as provided by section three of article seven of the Constitution, to open and publish the returns of the elections for state officers, the Senate, preceded by its President and other officers, shall repair in a body to the hall of the House of Delegates. Upon their arrival the Sergeant-at-Arms of the House of Delegates shall announce the presence of the Senate. The President of the Senate shall then address the Speaker of the House, stating that a majority of the Senate have assembled in the hall of the House of Delegates to be present at the opening and publishing of the returns of the elections for state officers, held on the day of The Speaker of the House of Delegates shall invite the President of the Senate to a seat upon his right, and the other members of the Senate and officers thereof to take seats assigned them, and after announcing that a majority of the House of Delegates is present, shall then open and publish the returns of said election, proceeding by counties in alphabetical order, the Clerks of the two houses each taking down the returns as announced by the Speaker, to be entered upon the Journal of the House; and when completed and tabulated the Speaker shall announce the votes received by each person voted for, for each of said offices, and those receiving the largest number of votes shall be by him declared duly elected; and the Senate shall then return to its hall; and if any two or more candidates for any of said offices have an equal and the highest number of votes for the same office, the two houses shall immediately proceed to choose one of such persons for said office by a joint vote, as provided by Section 3 of Article VII of the Constitution.

Disagreement and Conference

3. Whenever a measure of one house is amended in the other and the house in which it originated shall refuse to concur in the amendment, the house amending the measure may either insist or recede therefrom. But when a measure originating in one house is amended in the other, the house in which it originated may amend such amendment and a motion therefor shall take precedence of a motion to concur. If said house refuses to concur, the other house may either recede from or insist upon its amendment, and a motion to recede shall take precedence of a motion to insist. The motion to lay on the table or to postpone indefinitely shall not be in order in respect to the motion to recede from or to insist.

A motion to recede having failed shall be equivalent to the adoption of a motion to insist and shall be so entered upon the Journal. A motion to insist being decided in the negative, shall be equivalent to the adoption of a motion to recede and shall be so entered upon the Journal. If the motion to insist prevails, the house so insisting shall request a committee of conference on the subject of disagreement, and shall appoint a committee therefor. The other house may thereupon appoint such committee. Unless a different number is agreed upon, such conference committee shall consist of five members from each house.

Such committee shall consider and report upon only the subject matter of the amendment or amendments which were in disagreement, with necessary consequential changes. The committee shall meet at a convenient time, to be agreed upon by their chairmen, and having conferred freely, shall report to their respective houses the result of the conference. In case of agreement, the report shall be first made, with the papers referred accompanying it, to the house which refused to concur, and there acted upon; and such action, with the papers referred, shall be immediately reported by the clerk to the other house. In case of disagreement, the papers shall remain with the house in which the measure originated. If an agreement is reached, the report shall be made and signed in duplicate by at least a majority of the conferees from each house, one of the duplicates being retained by the conferees of each house.

Messages Between the Houses

4. When a message is sent by one house to the other, it shall be announced at the door of the house to which it is sent, by the Doorkeeper thereof, if it be in session, and then be respectfully communicated to the presiding officer by the person by whom it may be sent, but no message shall be received during a call of the roll. But the clerk of one house may communicate a message to the clerk of the other after adjournment, and any message so sent shall be received by the house to which it is sent whenever it may be in session.

Introduction of Bills

5. No bill, other than an appropriation bill, shall be introduced in either house after the fiftieth day of a regular session held in odd-numbered years unless permission to introduce the bill be given by a concurrent resolution, setting out the title of the bill, and adopted by a two thirds vote of all the members of each house present and voting.

During regular sessions held in even-numbered years, no bill, other than the annual budget bill and bills coming within the purview of a proclamation issued by the Governor in accordance with the provisions of section twenty-two, article six, of the State Constitution, shall be filed for introduction or be introduced in either house unless permission to introduce the bill be given by a concurrent resolution, setting out the title of the bill and adopted by a two-thirds vote of all the members elected to each house.

When permission is requested to introduce a bill under the provisions hereof, quadruplicate copies of such bill shall accompany the resolution when filed for introduction or introduced.

One House to Notify Other of Rejection of Bill

6. When a bill or resolution passed in one house is rejected in the other, notice thereof shall be sent to the house in which the same shall have been passed.

Record of Bills

7. The clerks of the two houses shall keep separate records or registers, in which shall be recorded every action taken by the Senate and House on each bill and resolution.

Clerks to Endorse Bills

8. The clerks of the two houses shall endorse on each bill a statement of any action taken by their respective bodies.

Notice to Be in Writing

9. Notice to either house of the action of the other shall be in writing, signed by the clerk of the house giving such notice.

Each House to Have Control of Own Printing

10. Each house may order the printing of bills, resolutions, reports, and other documents without the consent of the other.

Joint Committees

11. Joint standing committees of the Senate and House shall be appointed as follows:

(1) *Joint Committee on Enrolled Bills*—To consist of five members from each house.

(2) *Committee on Joint Rules*—To consist of the presiding officers and two members of each house, to be appointed by the presiding officers.

(3) Such other joint committees as may be provided for by concurrent resolution. A bill or resolution referred to a joint committee may be recalled from such committee by the house in which it originated.

Engrossed Bills to Be Filed With Clerk of House

12. All engrossed bills passed by, and joint and concurrent resolutions adopted by, both houses shall be filed with the Clerk of the House to be kept with the rolls of the Legislature and to be used by him in printing and publishing the acts of the Legislature.

Joint Committee on Enrolled Bills

13. The Joint Committee on Enrolled Bills shall consist of five members of the Senate and five members of the House of Delegates, to be appointed by the presiding officer of each house, whose duty it shall be to compare carefully all bills and joint resolutions passed by both houses, with the enrollment thereof, and to correct any errors or omissions they may discover and to make reports to their respective houses from time to time, of the correctly enrolled bills or joint resolutions. It shall be in order for the Joint Committee on Enrolled Bills to report at any time.

Printing Enrolled Bills

14. After a bill has been passed by both houses, the type from which it was originally printed shall be corrected as to any typographical errors that may not previously have been corrected and to include any amendments that may have been made by either house since the last printing of the bill. After the type has been so corrected, three hundred fifty copies of the bill shall be printed (except charter bills, of which only twenty-five of each shall be printed). Twelve of these copies shall be on seven and one fourth by ten bond paper, twenty-pound basis of at least fifty per cent rag content for the use of the Joint Committee on Enrolled Bills, one of which copies, when properly authenticated, shall become the Enrolled Bill, and the remainder shall be on twenty-pound basis, sulphite bond paper. From these copies all judges shall be furnished enrolled bills as provided for in section fourteen, article one, chapter four of the code.

Authentication of Enrolled Bills

15. Enrolled bills shall be authenticated by the signature of the chairman of the House Committee and the chairman of the Senate Committee, composing such Joint Committee on Enrolled Bills, but in the absence of such chairman another member of the committee may act in his stead, and they shall require all bills and joint resolutions before such authentication to be free from inter-lineations or erasures and destroy any previous enrollment containing any inter-lineations or erasures. A certificate, showing in which house the bill originated and when it takes effect, signed by the clerks of the two houses, shall be endorsed on the bill. After enrolled bills and joint resolutions are authenticated as aforesaid, they shall be signed by the Speaker of the House and by the President of the Senate.

Presenting Bills to Governor

16. After a bill shall have thus been signed in each house, it shall be presented by the said committee to the Governor, for his approval. The said committee shall report the day of presentation to the Governor, which time shall be entered on the Journal of each house.

Record of Enrolled Bills

17. It shall be the duty of the Committee on Enrolled Bills to keep a record book of all bills presented to the Governor for his approval. The title and number of each bill presented to the Governor shall be entered in this book, and when a bill is presented to him, the date presented and the signature of the Governor, showing receipt of same, shall be entered at the side of each title.

Action of Governor on Bills

18. Every bill disapproved by the Governor shall be returned by him to the house in which it originated, with his objections thereto, unless the Legislature shall, by its adjournment, prevent its return, in which case it shall be filed in the office of the Secretary of State within five days after said adjournment.

Every bill approved by the Governor shall, within five days after it is presented to him, be filed in the office of the Secretary of State and the fact of said approval communicated by the Governor to the house in which said bill originated.

Every bill which shall be neither approved nor disapproved by the Governor shall immediately, after the expiration of five days from the time it is presented to him, be filed in the office of the Secretary of State, who shall forthwith engross thereon a certificate to the following effect: "I certify that the foregoing act, having been presented to the Governor for his approval, and not having been returned by him to the house of the Legislature in which it originated within the time prescribed by the Constitution of the State, has become a law without his approval," and shall date and sign the same. The Governor shall notify the house in which the bill originated of each bill becoming a law without his approval.

Upon each bill returned to either house of the Legislature with the objections of the Governor, the Clerks of the Senate and House of Delegates shall engross the action, if any, of their respective houses on the reconsideration and passage of said bill, and sign the same.

Joint Meetings of Committees

19. Whenever any bill has been referred by the Senate to one of its standing committees, and the same or like bill has been referred by the House to one of its committees, the chairmen of the respective committees, when in their judgment the interest of legislation or the expedition of business will be better served thereby, may arrange for a joint meeting of their committees for the consideration of such bill. All joint committee meetings shall be presided over by the chairman of the Senate committee.

What Shall Be Printed in the Journal

20. The following shall always be printed in the Journal of each house:

(a) Messages from the Governor and messages from the other house, the titles of all bills and the title and text of all resolutions.

(b) A record of all votes taken by yeas and nays as required by the Constitution, the rules of the respective houses and these rules; and a brief statement of the contents of each petition, memorial, or paper presented to each house."

Manner of Printing the Journal and Bills

21. In printing the daily Journal of the proceedings of each house there shall be printed at the top of each page, except the first, the date of the Journal and on the last page of each day's Journal, shall be printed the calendar for the next day.

At the top of the first page of each bill, preceding the title and number thereof, there shall be printed the name of the person by whom or the committee by which it was introduced and the date of introduction; and at the top of each page, except the first, shall be printed the number of the bill.

Use of Legislative Halls and Offices

22. Permission to use, other than for statutory purposes, either legislative chamber or offices used by the two houses, may be granted by the President of the Senate or Speaker of the House, as the case may be. During legislative sessions, the Speaker of the House and the President of the Senate shall have power to regulate the use of the halls and stairways of the parts of the capitol building used by their respective houses, for any purpose whatsoever.

Resolutions

23. Resolutions requiring concurrent action may originate in either house, and shall be of two kinds, namely:

Joint Resolutions: These resolutions shall be used for proposing amendments to the State Constitution and for ratifying amendments to the Constitution of the United States. Joint resolutions proposing amendments to the State Constitution shall be adopted as provided in section two, article fourteen of said Constitution.

Concurrent Resolutions: Such resolutions shall be used for all purposes not covered by joint resolutions as defined above.

Suspension of Joint Rules

24. No Joint Rule shall be suspended, except by a two-thirds vote of each house, and unless there be unanimous consent, such vote shall be taken by yeas and nays.

THE WEST VIRGINIA STATE BAR (Integrated)**Offices: State Capitol—Telephone 346-8414**

Created by the Supreme Court of Appeals under its inherent rule-making power as authorized by Chapter 44, Acts of the Legislature, 1945. The court adopted and promulgated a definition of the practice of law; a code of professional ethics, a code of judicial ethics and a constitution and by-laws for the government of the State Bar, effective May 1, 1947. Its membership consists of all persons lawfully admitted to the practice of law in West Virginia. No person can practice law in the State of West Virginia unless he is a member in good standing of The West Virginia State Bar. There are two classes of membership—active and inactive. The annual active membership fee is now \$20.00 for members who have been admitted to practice for more than five years, and \$10.00 for members who have been admitted to practice for not more than five years.

The objects of the State Bar are to protect the interests of the public; to advance the administration of justice and the science of jurisprudence; to improve the relations between the public and the Bench and the Bar; to uphold and elevate the standards of honor, integrity, competency and courtesy in the legal profession; and to encourage cordial relations among its members. It is its declared purpose to give effect to pertinent rules of the Supreme Court of Appeals, and to perform the functions expressed in its Constitution and By-Laws. A principal duty of the State Bar is to uphold the standards of professional ethics and to diligently and vigilantly investigate and prosecute violations of these standards.

The State Bar is governed by a Board of Governors, consisting of all officers, except the secretary-treasurer, as *ex officio* members, and sixteen Governors, one Governor being elected by the members of the Bar by a secret mail ballot in each of the sixteen State Bar Districts. CONSTITUTIONAL

Declaration of Independence

United States Constitution

Constitution of West Virginia

THE DECLARATION OF INDEPENDENCE

MADE BY THE ORIGINAL THIRTEEN STATES IN CONGRESS
AT PHILADELPHIA

UNANIMOUSLY ADOPTED JULY 4, 1776

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the Powers of the earth, the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident; that all men are created equal, that they are endowed by their creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed will dictate that governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.—Such has been the patient sufferance of these colonies; and such is now the necessity which constrains them to alter their former systems of government. The history of the present king of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these States. To prove this, let facts be submitted to a candid world.

He has refused his assent to laws the most wholesome and necessary for the public good.

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly, for opposing, with manly firmness, his invasions on the rights of the people.

He has refused, for a long time after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at large for their exercise; the State remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice, by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance.

He has kept among us, in times of peace, standing armies without the consent of our legislatures.

He has affected to render the military independent of and superior to the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these States:

For cutting off our trade with all parts of the world:

For imposing taxes on us without our consent:

For depriving us, in many cases, of the benefits of trial by jury:

For transporting us beyond seas to be tried for pretended offenses:

For abolishing the free system of English laws in a neighboring province, establishing therein an arbitrary government, and enlarging its boundaries, so as to render it at once an example and fit instrument for introducing the same absolute rule into these colonies:

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the forms of our government:

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here, by declaring us out of his protection, and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is, at this time, transporting large armies of foreign mercenaries to complete the works of death, desolation and tyranny, already begun, with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow-citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions.

In every stage of these oppressions we have petitioned for redress in the most humble terms. Our repeated petitions have been answered only by repeated injury. A prince, whose character, is thus marked by every act which may define a tyrant, is unfit to be the ruler of a free people.

Nor have we been wanting in attention to our British brethren. We have warned them, from time to time, of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondents. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and hold them, as we hold the rest of mankind enemies in war, in peace friends.

We, therefore, the Representatives of the United States of America, in general Congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the name, and by authority of the good people of these colonies, solemnly publish and declare, That these United Colonies are and of right ought to be, free and independent States: that they are absolved from all allegiance to the British crown, and that all political connection between them and the State of Great Britain is, and ought to be totally dissolved; and that, as free and independent States, they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which independent States may of right do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.

Since through Divine Providence we enjoy the blessings of civil, political and religious liberty, we, the people of West Virginia, in and through the provisions of this Constitution, reaffirm our faith in and constant reliance upon God and seek diligently to promote, preserve and perpetuate good government in the State of West Virginia for the common welfare, freedom and security of ourselves and our posterity.

ARTICLE I

Relations to the Government of the United States

1. The State of West Virginia is, and shall remain, one of the United States of America. The Constitution of the United States of America, and the laws and treaties made in pursuance thereof, shall be the supreme law of the land.

Internal Government and Police

2. The Government of the United States is a government of enumerated powers, and all powers not delegated to it, nor inhibited to the States, are reserved to the States or to the people thereof. Among the powers so reserved by the States is the exclusive regulation of their own internal government and police; and it is the high and solemn duty of the several departments of government, created by this Constitution, to guard and protect the people of this State from all encroachments upon the rights so reserved.

Continuity of Constitutional Operation

3. The provisions of the Constitution of the United States, and of this State, are operative alike in a period of war as in time of peace, and any departure

therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good government, and tends to anarchy and despotism.

Representatives to Congress

4. For the election of representatives to Congress, the State shall be divided into districts, corresponding in number with the representatives to which it may be entitled; which districts shall be formed of contiguous counties, and be compact. Each district shall contain, as nearly as may be, an equal number of population, to be determined according to the rule prescribed in the Constitution of the United States.

ARTICLE II

The State

1. The territory of the following counties, formerly parts of the Commonwealth of Virginia, shall constitute and form the State of West Virginia, viz:

The counties of Barbour, Berkeley, Boone, Braxton, Brooke, Cabell, Calhoun, Clay, Doddridge, Fayette, Gilmer, Grant, Greenbrier, Hampshire, Hancock, Hardy, Harrison, Jackson, Jefferson, Kanawha, Lewis, Lincoln, Logan, Marion, Marshall, Mason, McDowell, Mercer, Mineral, Monongalia, Monroe, Morgan, Nicholas, Ohio, Pendleton, Pleasants, Pocahontas, Preston, Putnam, Raleigh, Randolph, Ritchie, Roane, Summers, Taylor, Tucker, Tyler, Upshur, Wayne, Webster, Wetzel, Wirt, Wood and Wyoming. The State of West Virginia includes the bed, bank and shores of the Ohio River, and so much of the Big Sandy River as was formerly included in the Commonwealth of Virginia; and all territorial rights and property in, and jurisdiction over the same, heretofore reserved by, and vested in, the Commonwealth of Virginia, are vested in and shall hereafter be exercised by the State of West Virginia. And such parts of the said beds, banks and shores as lie opposite, and adjoining the several counties of this State, shall form parts of said several counties respectively.

[All of the territory of West Virginia was taken from the Commonwealth of Virginia and in the first constitution forty-four of the above named counties were designated as forming the State of West Virginia, and in addition the counties of Berkeley, Hampshire, Hardy, Jefferson, Morgan and Pendleton were to be admitted should the constitution be adopted by a vote of the people of the districts comprising the counties. The districts adopted the constitution and these six counties became a part of the State.

The remaining five counties were created by acts of the Legislature as follows: Mineral County, from Hampshire County, on February 1, 1866; Grant County, from Hardy County, on February 14, 1866; Lincoln County from parts of Cabell, Putnam, Kanawha and Boone Counties, on February 23, 1867; Summers County, from parts of Greenbrier, Monroe, Mercer and Fayette Counties, on February 27, 1871; and Mingo County, from Logan County, on February 23, 1895.]

4. The privilege of the writ of *habeas corpus* shall not be suspended. Political Tests Condemned

11. Political tests, requiring persons, as a prerequisite to the enjoyment of their civil and political rights, to purge themselves by their own oaths, of past alleged offenses, are repugnant to the principles of free government, and are cruel and oppressive. No religious or political test oath shall be required as a prerequisite or qualification to vote, serve as a juror, sue, plead, appeal, or pursue any profession or employment. Nor shall any person be deprived by law, of any right, or privilege, because of any act done prior to the passage of such law.

The military shall be subordinate to the civil power; and no citizen unless engaged in the military service of the State, shall be tried or punished by any military court for any offense that is cognizable by the civil courts of the State. [The Senate is now composed of thirty-four, and the House of Delegates of one hundred members.]

Senators and Delegates—Term of Office

3. Senators shall be elected for the term of four years, and Delegates for the term of two years. The Senators first elected, shall divide themselves into two classes, one Senator from every district being assigned to each class; and of these classes, the first to be designated by lot in such manner as the Senate may determine, shall hold their seats for two years and the second for four years, so that after the first election, one half of the Senators shall be elected biennially.

Division of State Into Senatorial Districts

4. For the election of Senators, the State shall be divided into twelve Senatorial districts, which number shall not be diminished, but may be increased as herein-after provided. Every district shall elect two Senators, but, where the district is composed of more than one county, both shall not be chosen from the same county. The district shall be compact, formed of contiguous territory, bounded by county lines, and, as nearly as practicable, equal in population, to be ascertained by the census of the United States. After every such census, the Legislature shall alter the Senatorial Districts, so far as may be necessary to make them conform to the foregoing provision.

[There are now seventeen senatorial districts, as provided by Chapter 1, Acts, 1st Extraordinary Session, 1964 (Code, Ch. 1, Art. 2)]

Senatorial Districts Designated

5. Until the Senatorial Districts shall be altered by the Legislature as herein prescribed, the counties of Hancock, Brooke and Ohio, shall constitute the first Senatorial District; Marshall, Wetzel and Marion, the second; Ritchie, Doddridge, Harrison, Gilmer and Calhoun, the third; Tyler, Pleasants, Wood and Wirt, the fourth; Jackson, Mason, Putnam and Roane, the fifth; Kanawha, Clay, Nicholas, Braxton and Webster, the sixth; Cabell, Wayne, Lincoln, Boone, Logan, Wyoming, McDowell and Mercer, the seventh; Monroe, Greenbrier, Summers, Pocahontas, Fayette and Raleigh, the eighth; Lewis, Randolph, Upshur, Barbour, Taylor and Tucker, the ninth; Preston and Monongalia, the tenth; Hampshire, Mineral, Hardy, Grant and Pendleton, the eleventh; Berkeley, Morgan and Jefferson, the twelfth.

[By the provisions of the reapportionment act of 1937, (Acts 1937, ch. 128) the number of Senatorial Districts was increased to sixteen, the number of Senators to thirty-two, and the counties rearranged in the various districts.]

[Under the reapportionment act of 1964, Acts, Ch. 1, 1st Extraordinary Session, 1964, (Code, Ch. 1, Art. 2), the number of senatorial districts was fixed at seventeen. The County of Kanawha embraces two districts, the eighth and the seventeenth. The other fifty-four counties are arranged into sixteen districts, each consisting of two or more counties.]

Provisions for Delegate Representation

6. For the election of Delegates, every county containing a population of less than three fifths of the ratio of representation for the House of Delegates, shall at each apportionment, be attached to some contiguous county or counties, to form a delegate District.

[By the provisions of the Acts of 1901, ch. 10, the House of Delegates consisted of eighty-six members, each county having at least one member. From 1916 to 1952, the House of Delegates consisted of ninety-four members. In 1951, the membership was increased to one-hundred members with each county continuing to have at least one member. Under Ch. 1, Acts 1st Extraordinary Session, 1964, the membership was again fixed at one-hundred, but seven delegate districts were established, embracing fifteen counties, and allotted a total of nine delegates.]

After Census, Delegate Apportionment

7. After every census the Delegate shall be apportioned as follows: The ratio of representation for the House of Delegates shall be ascertained by dividing the whole population of the State by the number of which the House is to consist and rejecting the fraction of a unit, if any, resulting from such division. Dividing the population of every delegate District, and of every county not included in a Dele-

gate District, by the ratio thus ascertained, there shall be assigned to each a number of Delegates equal to the quotient obtained by this division, excluding the fractional remainder. The additional Delegates necessary to make up the number of which the House is to consist, shall then be assigned to those Delegate Districts, and counties not included in a Delegate District, which would otherwise have the largest fractions unrepresented; but every Delegate District and county not included in a Delegate District, shall be entitled to at least one Delegate.

Designation of Delegate Districts

8. Until a new apportionment shall be declared, the counties of Pleasants and Wood shall form the first Delegate District, and elect three Delegates; Ritchie and Calhoun, the second, and elect two Delegates; Barbour, Harrison and Taylor the third, and elect one Delegate; Randolph and Tucker, the fourth, and elect one Delegate; Nicholas, Clay and Webster, the fifth, and elect one Delegate; McDowell and Wyoming, the sixth, and elect one Delegate.

[There are now seven Delegate Districts, each county having at least one member.]

Further Apportionments

9. Until a new apportionment shall be declared, the apportionment of Delegates to the counties not included in Delegate Districts, and to Barbour, Harrison and Taylor counties, embraced in such district, shall be as follows:

To Barbour, Boone, Braxton, Brooke, Cabell, Doddridge, Fayette, Hampshire, Hancock, Jackson, Lewis, Logan, Greenbrier, Monroe, Mercer, Mineral, Morgan, Grant, Hardy, Lincoln, Pendleton, Putnam, Roane, Gilmer, Taylor, Tyler, Upshur, Wayne, Wetzel, Wirt, Pocahontas, Summers and Raleigh counties one Delegate each.

To Berkeley, Harrison, Jefferson, Marion, Marshall, Mason, Monongalia and Preston counties, two Delegates each.

To Kanawha County, three Delegates.

To Ohio County, four Delegates.

[Many changes have been made in this apportionment. Kanawha County, the largest in population, now has fourteen delegates. For the present apportionment, see chapter 1, Acts of the Legislature, 1st Extraordinary Session, 1964.]

Arrangement of Senatorial and Delegate Districts

10. The arrangement of the Senatorial and Delegate Districts, and apportionment of Delegates, shall hereafter be declared by law, as soon as possible after each succeeding census taken by authority of the United States. When so declared they shall apply to the first general election for members of the Legislature, to be thereafter held, and shall continue in force unchanged, until such Districts shall be altered, and Delegates apportioned, under the succeeding census.

Additional Territory May Be Admitted Into State

11. Additional territory may be admitted into, and become part of the State, with the consent of the Legislature and a majority of the qualified voters of the State, voting on the question. And in such case provision shall be made by law for the representation thereof in the Senate and House of Delegates, in conformity with the principles set forth in this Constitution. And the number of members of which each house of the Legislature is to consist, shall thereafter be increased by the representation assigned to such additional territory.

15. No Senator or Delegate, during the term for which he shall have been elected, shall be elected or appointed to any civil office of profit under this State, which has been created, or the emoluments of which have been increased during such term, except offices to be filled by election by the people. Nor shall any member of the Legislature be interested, directly or indirectly, in any contract with the State, or any county thereof, authorized by any law passed during the term for which he shall have been elected.

Oath of Senators and Delegates

16. Members of the Legislature, before they enter upon their duties, shall take and subscribe the following oath or affirmation: "I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of West Virginia, and faithfully discharge the duties of Senator (or Delegate) according to the best of my ability"; and they shall also take this further oath, to wit: "I will not accept or receive, directly or indirectly, any money or other valuable thing, from any corporation, company, or person for any vote or influence I may give or withhold, as Senator (or Delegate), on any bill, resolution, or appropriation, or for any act I may do or perform as Senator (or Delegate)." These oaths shall be administered in the hall of the house to which the member is elected, by a Judge of the Supreme Court of Appeals, or of a Circuit Court, or by any other person authorized by law to administer an oath; and the Secretary of State shall record and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State.

All regular sessions may be extended by the concurrence of two thirds of the members elected to each house.

Every appropriation bill shall be either a budget bill, or a supplementary appropriation bill, as hereinafter mentioned.

Subsection B

First: Within ten days after the convening of the Legislature, unless such time shall be extended by the Legislature for the sessions at which the budget is to be submitted, the board of public works, which shall consist of the Governor, Secretary of State, Auditor, Treasurer, Attorney General, Superintendent of Free Schools and Commissioner of Agriculture, shall submit to the Legislature, *two budgets, one for each of the ensuing fiscal years: Each budget shall contain a complete plan of proposed expenditures and estimated revenues for the particular fiscal year to which it relates; and shall show the estimated surplus or deficit of revenues at the end of such year. Accompanying each budget shall be a statement showing: (1) The revenues and expenditures for each of the two fiscal years next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the board of public works may desire to make as to the important features of any budget and any suggestion as to methods for the reduction or increase of the State's revenue.

Second: Each budget shall be divided into two parts, and the first part shall be designated "Governmental Appropriations" and shall embrace an itemized estimate of the appropriations: (1) For the Legislature as certified to the board of public works in the manner hereinafter provided; (2) for the executive department; (3) for the judiciary department, as provided by law, certified to the Governor by the Auditor; (4) to pay and discharge the principal and interest of any debt of the State of West Virginia hereafter created in conformity with the Constitution and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the aid of public schools in conformity with the laws of the State; (7) for such other purposes as are set forth in the Constitution and laws made in pursuance thereof.

Third: The second part shall be designated "General Appropriations", and shall include all other estimates of appropriations.

The board of public works shall deliver to the presiding officer of each house the budgets and a bill for all the proposed appropriations of the budgets clearly itemized and classified; and the presiding officer of each house shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The board of public works may, before final action thereon by the Legislature, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the Legislature by delivering such an amendment or supplement to the presiding officer of both houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as a modification of or a substitute for any item of said bill such amendment or supplement may affect.

The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or diminishing the items therein relating to the Legislature, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein: *Provided, however,* That the salary or compensation of any public officer shall not be increased or diminished during his term of office; and such bill when and as passed by both houses shall be a law immediately without further action by the Governor.

*This provision has been modified by the amendment of section eighteen of this article, requiring an annual budget.

Fourth: The Governor and such representatives of the boards, officers and commissions of the State expending or applying for State's money as have been designated by the board of public works for this purpose, shall have the right, and when requested by either house of the Legislature it shall be their duty to appear and be heard with respect to any budget bill during the consideration thereof, and to answer inquiries relative thereto.

Subsection C—Supplementary Appropriation Bills

Neither house shall consider other appropriations until the budget bill has been finally acted upon by both houses, and no such other appropriations shall be valid except in accordance with the provisions following:

(1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein, a supplementary appropriation bill; (2) each supplementary appropriation bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be laid and collected as shall be directed in said bill unless it appears from such budget that there is sufficient revenue available; (3) no supplementary appropriation bill shall become a law unless it be passed in each house by a vote of a majority of the members present, and the yeas and nays recorded on its final passage. Each supplementary appropriation bill shall be presented to the Governor of the State as provided in section fourteen of article seven of the Constitution and thereafter all the provisions of said section shall apply.

Nothing in this amendment shall be construed as preventing the Legislature from passing in time of war an appropriation bill to provide for the payment of any obligation of the State of West Virginia within the protection of section ten of article one of the Constitution of the United States.

Subsection D—General Provisions

First: If the "Budget Bill" shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

Second: The board of public works for the purpose of making up its budgets shall have the power, and it shall be its duty, to require from the proper State officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state monies and appropriations, such itemized estimates and other information, in such form and at such times as said board shall direct. The board of public works may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and all institutions applying for state monies. After such public hearings it may, in its discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third: The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

Fourth: In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitutions, except amendments thereto heretofore made and ratified by the people, the provisions of this

[This section—added to Article VI—was authorized to be submitted by Senate Joint Resolution No. 1, adopted May 23, 1917 (Acts 1917, p. 69 ex. sess.) and was ratified by a vote of the people at the general election held on the fifth day of November, 1918, as an amendment to the Constitution known as "The Budget Amendment." section shall prevail. But nothing herein shall be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by section seven of article seven, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

Motor Fuel and Motor Vehicle Revenue

53. The Legislature may by general law define and classify forest lands and provide for cooperation by contract between the State and the owner in the planting, protection, and harvesting thereof. Forest lands embraced in any such contract may be exempted from all taxation or be taxed in such manner, including the imposition of a severance tax or charge as trees are harvested, as the Legislature may from time to time provide. But any tax measured by valuation shall not exceed the aggregate rates authorized by section one of article ten of this Constitution.

The returns of every election for the above-named officers shall be sealed up and transmitted by the returning officers to the Secretary of State, directed to "the Speaker of the House of Delegates," who shall, immediately after the organization of the House, and before proceeding to business, open and publish the same, in the presence of a majority of each house of the Legislature, which shall for that purpose assemble in the Hall of the House of Delegates. The person having the highest number of votes for either of said offices, shall be declared duly elected thereto; but if two or more have an equal and the highest number of votes for the same office, the Legislature shall, by joint vote, choose one of such persons for said office. Contested elections for the office of Governor shall be determined by both houses of the Legislature by joint vote in such manner as may be prescribed by law.

[The amendment of this section was proposed by Joint Resolution of February 15, 1901 (Acts 1901, p. 460), and ratified at the general election in 1902. The effect of the amendment was to strike out the following at the end of the original section: "The Secretary of State shall be appointed by the Governor, by and with the advice and consent of the Senate, and shall continue in office, unless sooner removed, until the expiration of the official term of the Governor by whom he shall have been appointed." For the vote on the adoption of the amendment, see note following section 2.]

[The amendment of this section was proposed by joint resolution of February 15, 1901, Acts 1901, p. 460, and adopted at the next election. The section prior to being amended, read as follows: "Neither the Governor, State Superintendent of Free Schools, Auditor, Treasurer, nor Attorney General, shall hold any other office during the term of his service. The Governor shall be ineligible to said office for the four years next succeeding the term for which he was elected." For the vote on the adoption of the amendment, see note following section 2.]

He shall accompany his message with a statement of all money received and paid out by him from any funds, subject to his order, with vouchers therefor; and at the commencement of each

regular session, present estimates of the amount of money required by taxation for all purposes.

7. The Governor may on extraordinary occasions convene at his own instance, the Legislature; but when so convened it shall enter upon no business except that stated in the proclamation by which it was called together.

Governor to Nominate Certain Officers

8. The Governor shall nominate, and by and with the advice and consent of the Senate (a majority of all the Senators elected concurring by yeas and nays), appoint all officers whose offices are established by this Constitution, or shall be created by law, and whose appointment or election is not otherwise provided for; and no such officer shall be appointed or elected by the Legislature.

Recess Vacancies—How Filled

9. In case of a vacancy, during the recess of the Senate, in any office which is not elective, the Governor shall, by appointment, fill such vacancy, until the next meeting of the Senate, when he shall make a nomination for such office and the person so nominated, when confirmed by the Senate, (a majority of all the Senators elected concurring by yeas and nays) shall hold his office during the remainder of the term, and until his successor shall be appointed and qualified. No person, after being rejected by the Senate, shall be again nominated for the same office, during the same session, unless at the request of the Senate; nor shall such person be appointed to the same office during the recess of the Senate.

Governor's Power of Removal

When any State officer has executed his official bond, the Governor shall, for such causes and in such manner as the Legislature may direct, require of such officer reasonable additional security; and if the security is not given as required, his office shall be declared vacant, in such manner as may be provided by law.

How Bills Become Laws

14. Every bill passed by the Legislature shall, before it becomes a law, be presented to the Governor. If he approves, he shall sign it, and thereupon it shall become a law; but if not, he shall return it, with his objections, to the house in which it originated, which house shall enter the objections at large upon its journal, and proceed to reconsider it. If, after such consideration, a majority of the members elected to that house agree to pass the bill, it shall be sent, together with the objections to the other house, by which it shall likewise, be reconsidered,

and if approved by a majority of the members elected to that house, it shall become a law, notwithstanding the objections of the Governor. But in all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal. Any bill which shall not be returned by the Governor within five days (Sundays excepted) after it shall have been presented to him, shall be a law, in like manner as if he had signed it, unless the Legislature shall, by their adjournment, prevent its return, in which case it shall be filed with his objections in the office of the Secretary of State, within five days after such adjournment, or become a law.

Any item or items so disapproved shall be void, unless repassed by a majority of each house according to the rules and limitations prescribed in the preceding section in reference to other bills.

Vacancy in Governorship, How Filled

16. In case of the death, conviction or impeachment, failure to qualify, resignation, or other disability of the Governor, the President of the Senate shall act as Governor until the vacancy is filled, or the disability removed; and if the President of the Senate, for any of the above named causes, shall become incapable of performing the duties of Governor, the same shall devolve upon the Speaker of the House of Delegates; and in all other cases where there is no one to act as Governor, one shall be chosen by joint vote of the Legislature. Whenever a vacancy shall occur in the office of Governor before the first three years of the term shall have expired, a new election for Governor shall take place to fill the vacancy.

Vacancies in Other Executive Departments

17. If the office of Secretary of State, Auditor, Treasurer, Commissioner of Agriculture or Attorney General shall become vacant by death, resignation, or otherwise, it shall be the duty of the Governor to fill the same by appointment, and the appointee shall hold his office until his successor shall be elected and qualified in such manner as may be prescribed by law. The subordinate officers of the executive department and the officers of all public institutions of the State shall keep an account of all monies received or disbursed by them, respectively, from all sources, and for every service performed, and make a semiannual report thereof to the Governor under oath or affirmation; and any officer who shall willfully make a false report shall be deemed guilty of perjury.

[This section originally read as follows: "If the office of Auditor, Treasurer, State Superintendent of Free Schools, or Attorney General, shall become vacant by death, resignation, or otherwise, it shall be the duty of the Governor to fill the same by appointment, and the appointee shall hold his office until his successor shall be elected and qualified in such manner as may be provided by law. The subordinate officers of the executive department and the officers of all public institutions of the State shall keep an account of all monies received or disbursed by them respectively, from all sources, and for every service performed, and make a semi-annual report thereof to the Governor under oath or affirmation, and any officer who shall willfully make a false report shall be deemed guilty of perjury."]

In the first amendment of this section, proposed by House Joint Resolution No. 5 (Acts, Regular Session, 1901, p. 460) and ratified at the general election 1902, the only change in the original section was the insertion of the words "Secretary of State" in the first line, and by substitution of the word "prescribed" for the word "provided" in the eighth line.

Under Senate Joint Resolution No. 1 (Acts, Regular Session, 1957, p. 837), and ratified at the general election November 4, 1958, the section was again amended to read as given in the text. Vote on the amendment: For ratification, 230,879; Against ratification, 206,201; Majority, 24,678.]

[The amendment of this section was proposed by joint resolution adopted February 13, 1901, Acts 1901, p. 459, and ratified at the general election in 1902. This section, prior to amendment read as follows: "The Governor shall receive for his services, a salary of twenty-seven hundred dollars per annum and no additional emolument, allowance or perquisite shall be paid or made to him, on any account. Any person acting as Governor shall receive the emoluments of that office. The Secretary of State shall receive one thousand; the State Superintendent of Free Schools, fifteen hundred; the Treasurer, fourteen hundred; the Auditor, two thousand, and the Attorney General, thirteen hundred dollars per annum; and no additional emolument or allowance, except as herein otherwise provided shall be paid or made out of the treasury of the State to any of the foregoing executive officers on any account."

Vote on the amendment: For ratification, 56,280; Against ratification, 23,513; Majority, 32,767.]

Said bonds issued pursuant to said veterans bonus amendment of one thousand nine hundred fifty, may be so funded or refunded either on the maturity date of said bonds or on any date on which said bonds are callable prior to maturity, and if any of said bonds have not matured or are not then callable prior to maturity, the Legislature may nevertheless provide at any time for the issuance of refunding bonds to fund or refund such bonds on the dates when said bonds mature or on any date on which said bonds are callable prior to maturity, and for the investment or reinvestment of the proceeds of such refunding bonds in direct obligations of the United States of America until the date or dates upon which such bonds issued pursuant to said veterans bonus amendment of one thousand nine hundred fifty mature or are callable prior to maturity.

U. S. ARMY ENGINEER DISTRICT, HUNTINGTON CORPS OF ENGINEERS

502 Eighth Street, Huntington, West Virginia 25721

Congress has delegated to the Corps of Engineers responsibility for the development, construction, operation and maintenance of navigation facilities, flood control structures, and related improvements.

The Civil Works Program of the Corps of Engineers is divided on the basis of watershed drainage areas. The Ohio River drainage basin includes all of West Virginia except the eastern Panhandle, which is in the Potomac River Basin. The Huntington District of the Ohio River Division encompasses that part of the Ohio River Basin in West Virginia downstream from New Martinsville in Wetzel County. The Pittsburgh District encompasses the upstream remainder of the Ohio River Basin including the Basin of the Monongahela River. The Potomac River Basin is included in the Baltimore District of the North Atlantic Division.

Responsibility for military construction in the entire State of West Virginia rests with the U. S. Army Engineer District, Louisville, Kentucky, Corps of Engineers.

Extension of the Ohio River navigation system in West Virginia presently includes three high lift dams on the Kanawha River and four navigation structures on the Monongahela River. Operation of the former Federal navigation projects on the Little Kanawha and Big Sandy Rivers for commercial navigation has been discontinued and the properties transferred to State or local interests. Navigation is not a feature of the Potomac River located in West Virginia.

Improvement of the navigation facilities on the Ohio River includes construction of modern high lift structures to replace existing obsolete dams. Six of these structures are complete. Greenup Locks and Dam, Greenup, Kentucky, replaced Locks and Dams 27 and 28 in West Virginia, 29 and 30 in Kentucky. New Cumberland Locks and Dam, New Cumberland, West Virginia, replaced Locks and Dams 7, 8 and 9 in West Virginia. Pike Island Locks and Dam, Wheeling, replaced Locks and Dams 10 and 11 in West Virginia. Others completed are Markland Locks and Dam, Markland, Indiana, McAlpine Locks and Dam, Louisville, Kentucky, and Captain Anthony Meldahl Locks and Dam, Chilo, Ohio. Other navigation structures now under construction on the Ohio River in West Virginia are: Belleville Locks and Dam, Belleville, West Virginia, which will replace Locks and Dams 18, 19 and 20; Racine Locks and Dam, Letart, West Virginia, which will replace existing Locks and Dams 21, 22 and 23; Hannibal Locks and Dam, New Martinsville, West Virginia, which will replace Locks and Dams 12, 13 and 14; and Willow Island Locks and Dam, Waverly, West Virginia, which will replace Locks and Dams 15, 16 and 17. West Virginia will benefit from the construction of these modern navigation improvements on the Ohio River. Additional projects are under way on the lower Ohio River.

Modernization of the obsolete navigation structures in the upper reaches of the Monongahela River also is currently in progress. Hildebrand, Morgantown and Opekiska Locks and Dams are complete. Replacement of Dam No. 8, now being studied, would complete modernization of the upper river. Maxwell Locks and Dam, integrated with reconstruction of Dam No. 4, improves the middle Monongahela in Pennsylvania.

Multi-purpose reservoir projects constructed by the Army Engineers within the state include Bluestone Lake on New River at Hinton, Sutton Lake on Elk River at Sutton, Tygart Lake on Tygart River near Grafton, and Summersville Lake on Gauley River near Summersville. Reservoirs under construction or to be placed under construction soon include East Lynn and Beech Fork Lakes in the Twelvepole Creek Basin near Huntington, R. D. Bailey Lake on Guyandot River near Gilbert, Bloomington Lake on North Branch, Potomac River, and Burnsville Lake on Little Kanawha River. Reservoir projects under design or advanced planning are Rowlesburg Lake on Cheat River near Rowlesburg, Stonewall Jackson Lake on West Fork River, and West Fork Lake on West Fork of Little Kanawha River.

Local protection projects completed by the Corps of Engineers in West Virginia are located at Parkersburg, Point Pleasant, Huntington, Ceredo-Kenova, Ridgeley, W. Va.-Cumberland, Md. (one project), Elkins, and Williamson. Channel improvement projects have been completed on Brush Creek at Princeton, and on Meadow River at East Rainelle, and channel improvement work is presently under way on Buckhannon River at Buckhannon. Several completed small flood control projects and snagging and clearing projects have reduced or alleviated flood damage along the smaller tributaries of the main rivers within the State.

UNITED STATES MARINE CORPS

United States Marine Corps activities in West Virginia include one organized reserve company with a total authorized strength of 108 officers and men, and a regular Marine Corps recruiting station in South Charleston with sub-offices located in six major West Virginia cities; Bristol, Virginia and Pikeville, Kentucky.

The present Marine reserve units were organized during and after the Korean conflict. There were two Marine Reserve companies in the state prior to Korea. Both were activated after hostilities broke out there in June 1950.

Each reserve unit has a staff of regular Marine officers and enlisted men to instruct, support and advise. This staff is called the Inspector-Instructor Staff.

Marine reserve units are an active part in any community. They are always ready for parades, color guards, funeral details, and other civic functions where military personnel can be of service.

The annual "Toys for Tots" campaign is one of the proudest achievements of each Reserve unit. The Marine reserves collect repair and distribute toys to thousands of children in West Virginia, and the total for the nation last year was in excess of 5,000,000 toys.

A breakdown of the state's Marine reserve company is as follows:

In the forty and more years of its existence the institution program has expanded to meet the needs of a changing society. At the present time it is oriented toward diagnostic treatment designed to meet feminine role expectations within the social reality of each individual. Specific program areas include: counseling, education, medical and psychological, casework, religious and vocational. This program is extended to community centers which are located in various cities throughout the United States.

The West Virginia Children's Home, located in Elkins, was established by an act of the Legislature in 1899 and formally opened in 1911. In 1935 an additional unit was built to the two-story brick structure located on the 20-acre tract of land, located on Heavner Avenue. The purpose of the Home is to provide for orphan and neglected children, between the ages of 6 to 14 years, although they can remain here until they are 21 years of age. Children are admitted to the Home either by a court order or the Department of Public Assistance to be kept, maintained, educated and trained until they can return to their former homes or placed in foster homes. In addition to the 20 acres of the Home campus, the institution owns 10 acres of farm land located on Leading Creek and 117 acres known as the Darby Memorial Farm, situated at the head of Woolwine Hollow. At the present time a two-room school is operated on the Home Campus by the Board of Education where the children attend until they complete the 6th grade, after which they complete their education in the Junior and Senior High Schools in the city of Elkins. Completed in the summer of 1968 is an ultra modern school building providing the latest techniques of modern education, believed to greatly enhance the educational opportunities of the children of the Home. The Home provides all school supplies and other educational aids in keeping with the best educational standards. Religious training is provided by the local churches, and the children attend Church and Sunday School of their choice. The children also take part in the various Youth activities of the community and those provided by the local churches. The Home Campus is equipped with modern playground equipment, including an open air swimming pool.

COLIN ANDERSON CENTER

St. Marys

Acting Superintendent: E. E. Mazon, M.D. Clinical Director: Cenon D. Zerrudo, M.D. Business Manager: W. J. Murphy. Average daily population: 515.

The Colin Anderson Center is located four miles north of St. Marys, on State Route 2, in Pleasants County. It was established in 1921, by an act of the Legislature, as the West Virginia Training School. A 1965 Legislative act changed the name of the institution to the Colin Anderson Center, in honor of the late Dr. Anderson, who served as Superintendent, with dedication and devotion, from 1958 until his death in 1964.

The property consists of 694 acres, part of which is under cultivation. A dairy herd is maintained and provides the hospital with an abundant supply of high grade milk, processed in a modern pasteurization plant, fully approved by the State Board of Health.

The Center is operated for the purpose of providing complete care for mentally deficient and retarded children. The aims of the Center are to promote happiness, self-reliance, socialization, vocational training, and to attempt to equip those children who are able to return to community life.

Medical and dental care is offered, along with classes of an educational and vocational nature. Occupational therapy classes are planned to develop potential skills, and are graded and diversified in an endeavor to reveal any latent abilities. A Vocational Rehabilitation Unit was established at the Center in January 1965. Children are also accepted for training courses at the Rehabilitation Center at Institute. It is recognized that some children are unable to benefit from a training program, and for these, custodial care is provided, always with a view to increasing their comfort and safety, as well as promoting some degree of self-care and independence.

A large recreation hall provides facilities for indoor games and has a stage for the presentation of the children's programs and for programs given by community groups. Three school buses are available to take the children to outside community activities. In 1964 a charter was granted for a Boy Scout Troop and the organization of a Girl Scout Troop is now in the planning stages. In use during the summer months are a swimming pool 60' x 30' and a wading pool 75' x 45' for the smaller children. Supervised outdoor playground activities are available and there is a picnic area and day camp with tables and other facilities.

Located on the grounds are: an Administration and Ancillary Services Building, which includes a Beauty Shop and a Barber Shop; two Cottage Wards; a large Dormitory building; a Staff Apartment Building; a modern laundry; and a Crib Ward Building. The Crib Ward opened in June 1964, and has 200 beds divided into ten and twenty bed wards. It is air conditioned and has two solaria which have solar glass to filter out ultra violet light. This building contains x-ray, electrocardiograph and electroencephalogram departments, a dental unit and laboratory. There are also two infirmaries of ten beds each; examination and treatment rooms; and physiotherapy department. The Center has a staff of 367.

Superintendent: Edith L. Nicholson. Assistant Superintendent: Rosemary Squires. Financial Secretary: Margaret P. Hull. Capacity: 125. Enrollment: 91.

West Virginia Industrial Home for Girls is located one mile west of Salem, on U. S. Route 50. It was established by an act of the Legislature on February 18, 1897, and formally opened May 5, 1899. It is built on a 61-acre tract of which 38 acres were donated by the citizens of Salem.

From Jones Cottage, the first building, the plant has grown to include the following: Silver Hall Cottage in 1914; Sutton Cottage in 1928; Ava Standard Cottage in 1942; Barron Hall in 1961. The Administration Building also built in 1942, includes offices and visiting rooms on the first floor. Living quarters for the Superintendent, with guest rooms comprise the second floor. Living quarters for the Assistant Superintendent and Business Manager are provided in Barron Hall. The plant also includes the school building erected in 1915, which is called the Johnston School, with a very modern gymnasium completed in 1951. A large four-temperature storage building was completed in 1953. The Home also has its own clinic.

The girls receive standard and first class high school training in a well-planned school program, with classes offered from second grade through twelfth grade. The high school has been in operation since 1937 and since that time 402 girls have been graduated from high school and 946 have graduated from the eighth grade. Some of the classes offered are: foods, clothing, home-making, English, Social Sciences such as civics, American history, geography, West Virginia history, mathematics, sociology, library training, biology, general science, business training, such as first and second year typing, general business, bookkeeping, art and music. The required subjects are offered for the grade girls. In the school building, there is a well-stocked library, with books on different reading levels, reference books, newspapers, and magazines. A well-equipped practice kitchen, sewing room, typing room, well-lighted and ventilated class rooms, and in each class room there is a wall screen for the showing of educational movies. A gymnasium and an auditorium which is used as the chapel for religious services, school programs, and movies. Each girl belongs to the Harrison County Junior Red Cross and aids in making programs, mats, and other things for the local hospitals. For two years, a well projected summer program of recreation, remedial reading, arts and crafts, and music has been in effect, with the help of the federal program, for neglected and delinquent children.

A program of rehabilitation is being carried out through the carefully planned work of the school in the dormitories in which the girls live, and the administration of the institution. As a part of this program there is a class in Food Service being offered to the girls in menu planning, short-order cooks, and waitresses. This is under the supervision of a Food Service Director. They also receive religious training with chapel services conducted by a full time Chaplain.

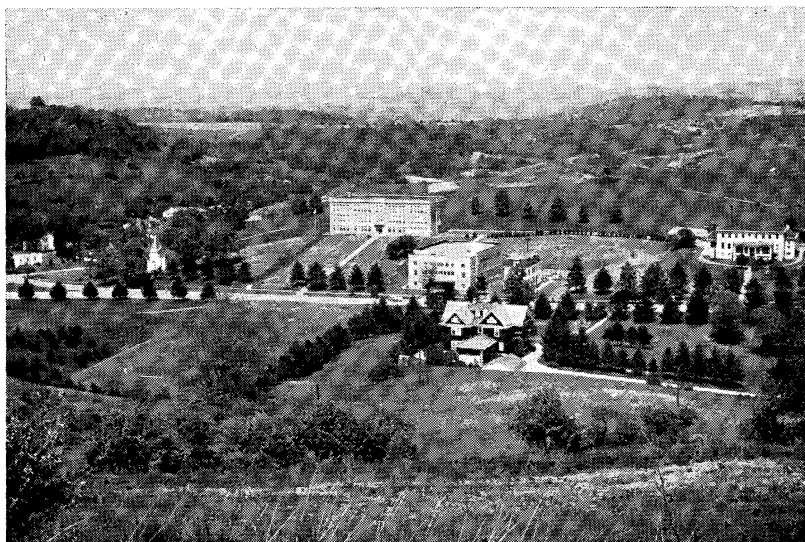

WEST VIRGINIA INDUSTRIAL SCHOOL FOR BOYS**Grafton**

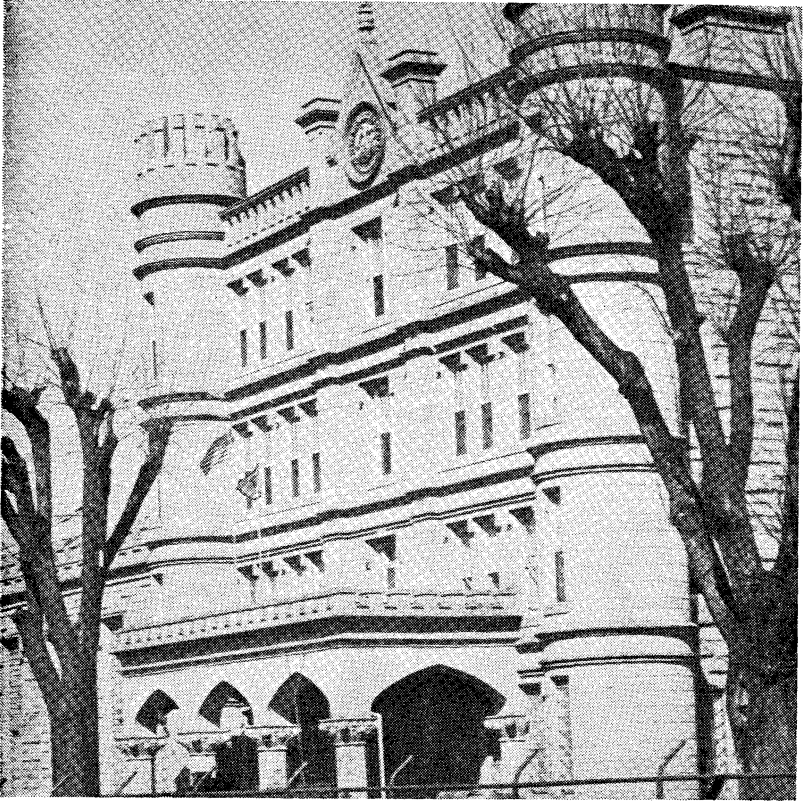

Superintendent: Samuel T. Humphreys, Jr. Assistant Superintendent: Chas. N. Taylor. Business Manager: H. E. Ferrell. Enrollment: 277.

The West Virginia Industrial School for Boys is located at Pruntytown, three miles west of Grafton on U. S. Route 50. It was established by an Act of the Legislature in 1889 and formally opened July 21, 1891. In addition to the principal buildings, which are located on the main campus consisting of approximately 55 acres, the school owns and operates a farm of approximately 1,900 acres on which are located a considerable number of farm buildings. The boys work on the farm during the farming season at which time emphasis is placed on the training value of such a program, directed toward improving work habits and maintaining discipline standards. For use at the School a dairy herd of registered cows is maintained on the farm and the milk is pasteurized and homogenized in the modern plant of the institution.

The school now has a vocational rehabilitation training program consisting of certified vocational instructors for full time vocational instruction in the fields of industrial arts, auto mechanics, welding, electricity, vocational agriculture and building trades. As funds become available, this highly important phase of the program is to be expanded. In addition to this, there are training units in shoe repairing and baking. The school also maintains the following units in which the boys receive a certain amount of training. Painting, plumbing, laundering, woodwork, canning, auto mechanics and carpentry. The academic school is operated on approved state standards and contains grades one through 12. In compliance with the state law, those under sixteen years of age are required to attend academic school for a term of nine months each year. A well planned recreation and physical education program operates under the supervision of competent men. Football, basketball, (indoor and outdoor), baseball, softball, volleyball, swimming and horseshoe pitching form the backbone of this program.

A Social Service Department classifies each boy upon his reception, presents him for parole and/or discharge at the proper time and maintains liaison between County and State Authorities. In most instances, the boys are placed in cottages according to their age or size or both. An Honor System has been established as a stimulant to good behavior and achievement for the boys and it is working well. A Drum and Bugle Corps, consisting of approximately 40 boys, is in operation and appears at many parades and festivals throughout the year, and there is now an active Boy Scout Troop. A full-time Chaplain, especially trained for this work, offers classes in religious education in the academic school and holds weekly religious services for the boys. A program of counseling and guidance is an integral part of the treatment program and is carried on through both individual and group therapy.

PENAL

WEST VIRGINIA PENITENTIARY

Moundsville

Warden: Ira M. Coiner. Deputy Warden: Jack H. Wilson. Business Manager: D. W. Lowe.

As of May 1, 1967, the inmate population of the West Virginia Penitentiary was 895. There are 129 inmates known as honor men, who during the day work outside the confinements of the prison. These men are employed in the operation of the farm, garage, industry warehouse, mine and sawmill. There are 200 inmates employed in industry producing paint, tobacco, soap, clothing, license plates, mattresses and printing.

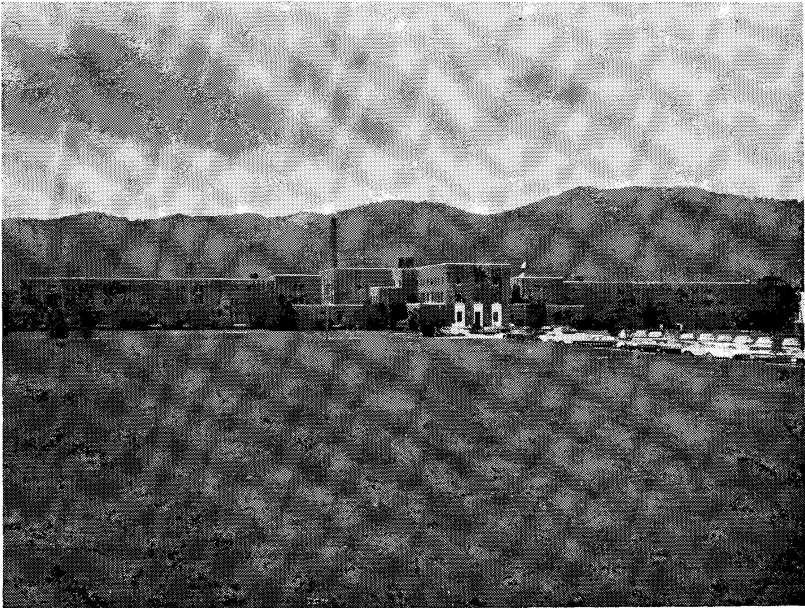

All the commodities manufactured at the institution are for sale to state agencies, county and city governments. Prison produced goods are never sold on the open market, nor out of the state.

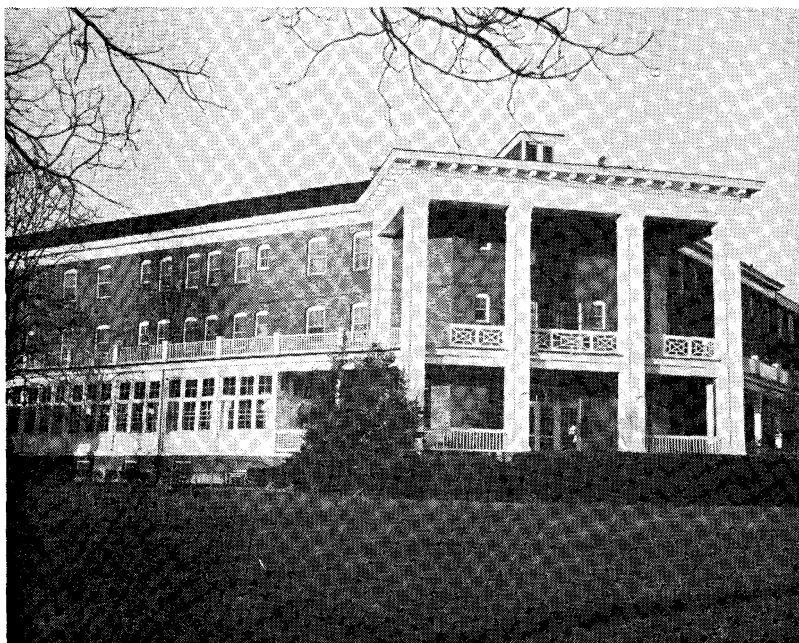

The Penitentiary is located on a ten-acre plot of ground with six acres enclosed by a 24 foot high cut stone wall. There are 1,384 cells available, therefore, an individual cell for each inmate.

MEDIUM SECURITY PRISON**Huttonsville**

Warden: Frank B. King. Business Manager: H. B. Walsh. Inmates: 250.

The Medium Security Prison is located on a farm near Huttonsville and is 18 miles south of Elkins on U. S. Routes 219 and 250. It was established by an act of the Legislature in 1937 and was designed to relieve over-crowding at the West Virginia Penitentiary and at the same time aid in the rehabilitation of prisoners. The majority of the inmates are employed in general farm work but many are employed in other vocational trades. They are quartered in modernly equipped dormitories in which there are no cells. The farm consists of 5,000 acres of which approximately 2,000 acres are suitable for cultivation and pasture. The farm products produced are in excess of the needs of the institution and are sold to other state institutions. Much of the foods grown on the farm is canned in the very modern equipped cannery. The 1947 session of the Legislature separated the Medium Security Prison Farm from the West Virginia Penitentiary and established it as a separate institution. All provisions of the law applicable to the Penitentiary are in effect, except that criminal proceedings against inmates of this institution are brought in the Circuit Court of Randolph County.

In a separate building is a well equipped cannery for the mass production of canned and frozen foods. Outside the security fence is the Superintendent's five-room cottage and a Duplex which has a furnished apartment for the Financial Secretary and an apartment for guests of the institution. There is also a garage, storage and farm equipment building and piggery on the grounds.

The sewing and craft department is used for vocational training. Many garments are made for institutional use and classes are taught in weaving. Rugs are woven for resident rooms, as well as many pieces of linen and upholstery material. The residents are taught the art of cooking and serving through the food service and the laundry assignments prepares many girls for work in home or commercial laundries.

A complete program is carried out with visiting ministers three times a month. Several interested Church and laymen groups have visited the institution and conducted services. The Sunday School conducted by the residents is well attended.

HOSPITALS AND SANITARIUMS

ANDREW S. ROWAN MEMORIAL HOME

Sweet Springs

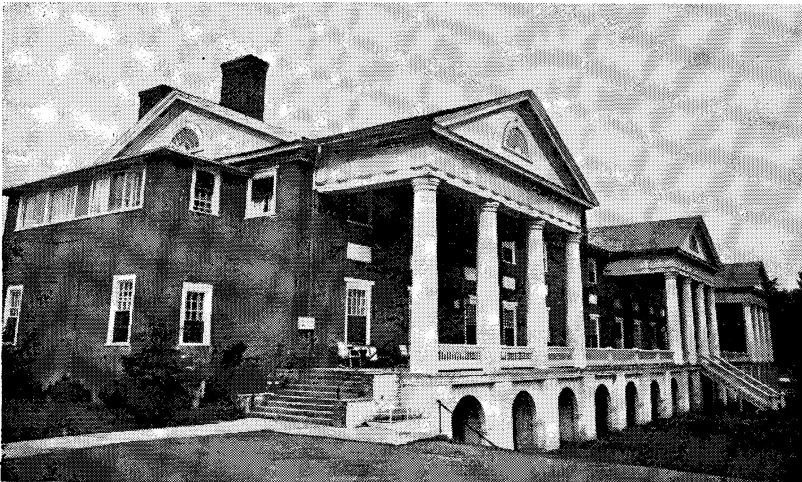

Superintendent: George H. Guy, M.D. Business Manager: L. N. Reed.

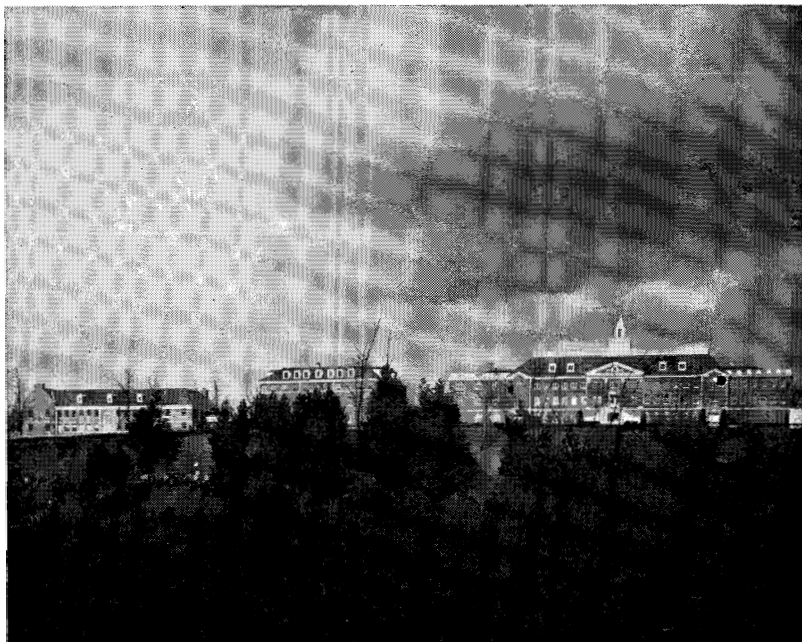

The Andrew S. Rowan Memorial Home for aged men and women was established by an act of the Legislature in 1945 and opened to guests July 1, of the same year.

This Institution is located at Sweet Springs, Monroe County, in the heart of the Blue Grass Section, on State Route No. 3 midway between Union and White Sulphur Springs.

There are many historical facts and traditions connected with the buildings and grounds. The oldest and largest building was completed in 1833 and is of the Thomas Jefferson design and named in his honor. A ninety-six bed annexation to this building has recently been completed in 1958. There are six hundred ninety acres including two hundred twenty-five of farm, and pasture lands and approximately thirty buildings. The dormitory used for men has undergone quite extensive repairs and alterations. A sprinkler system has been installed in the buildings even though some of the buildings are already fire proof. An excellent herd of registered Holstein cows is kept on the farm which supplies the guests with a bountiful supply of milk. The milk plant is one of the best to be found in this county.

Guests are admitted through the Department of Public Assistance, Voluntary pay or by transfer from other State Institutions and must have attained the age of sixty-five years. The rates are \$45.00 per month, payable in advance. \$31.00 of this amount is for maintenance, the other \$14.00 is put in a trust fund to take care of personal expenses, such as personal laundry and dry cleaning and small luxuries which the state does not provide.

BARBOURVILLE STATE HOSPITAL

(Mental)

Barbourville

Superintendent: Gaston P. DeLemos, Acting (Part-time). Physicians: Dr. Rogelio G. Peña, M.D., Milda Sprogis, M.D., Raymond H. Curry, M.D., (Part-time) and W. D. Bourn, M.D., (Part-time). Business Manager: John Queen. Average daily population: 343.

The Barbourville State Hospital, located at Barbourville, Cabell County, and reached by U. S. Route 60, was opened January 20, 1942. The hospital was originally called Barbourville Unit of Weston State Hospital. The 1947 Legislature changed the name to Barbourville Unit of Huntington State Hospital, and the 1949 Legislature, established it as Barbourville State Hospital. The State in 1941 purchased 23.76 acres of land and the two buildings which were formerly used as dormitories for Morris Harvey College, and patients were moved into the hospital as soon as each section was reconditioned and equipped. On August 1, 1942, the hospital had a population of 270 patients, its capacity at that time. Additional space has been provided through renovation of one of the buildings until the hospital had facilities for 315 patients. The 1947 Legislature made an appropriation for an Administration Building and a Storage Building. These two buildings have been completed and are now in use. The 1949 Legislature made an additional appropriation for construction of a modern laundry building and for renovation of the old buildings, and upon completion of the renovation and the additional space provided by the removal of the administrative offices from one of the dormitories to the new Administration Building, it has a capacity of 368 beds.

The 1957 Legislature appropriated \$100,000 for construction and furnishing of a Male Employees Dormitory. In 1964 this building was converted into a Patients' Self Government Ward.

On June 22, 1967, ground was broken for an Activities Building which provides classroom, workshop and auditorium facilities for training, educational and recreational activities. This building was formally dedicated on May 5, 1968.

BERKELEY SPRINGS SANITARIUM**Berkeley Springs**

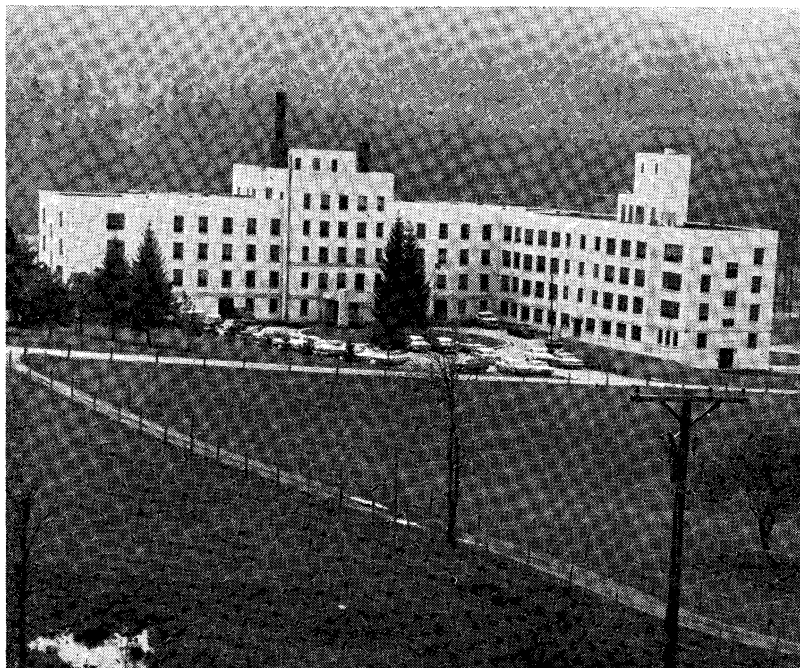

Superintendent: Henry C. Lawyer.

Berkeley Springs Sanitarium is located in the City of Berkeley Springs. It offers baths and swimming pools which utilize the warm and medicinal waters of Berkeley Springs. Histories of colonists mentioned the qualities of the water as early as 1736, and prior to that, American Indians, who were subject to rheumatism knew of its medicinal qualities and called it the "healing waters." It was the first health and pleasure resort in the colonies. The temperature of the spring water is 74.3 degrees and is invariable, and is helpful in the treatment of rheumatism, gout, diabetes, and skin diseases. The springs have been expanded to include a modern open air swimming pool with modern dressing facilities and sunbathing, and an additional new bath house which has Roman Baths and all other types of baths for year-round use. The new bath house also has a solarium or sun deck, which is modern and meets present day requirements. The sanitarium has no facilities for housing patients, but for those who visit Berkeley Springs for baths, there are adequate hotel, motel and restaurant facilities.

At no time in the more than two hundred and twenty-five years of resort history, which included patronage of George Washington and Lord Fairfax, were the famous springs so well equipped to treat patients or accommodate the vacationist, as they are today.

For the convenience of our patrons the bath house is now open on week ends the year round.

DENMAR STATE HOSPITAL

FAIRMONT EMERGENCY HOSPITAL**(Surgical)****Fairmont**

Superintendent: Philip Johnson, M.D., F.A.C.S., F.I.C.S., F.I.M.A. Business Manager: Ernest Berle. Patients: 68.

Fairmont Emergency Hospital was established in 1899 for the purpose of treating persons injured in their usual occupations. The hospital accepts surgical and maternity pay cases and is the surgical clinic for the Industrial School for Boys at Pruntytown, the Industrial School for Girls at Salem, the West Virginia Training School at St. Marys, the Children's Home at Elkins, the Medium Security Prison at Huttonsville, the Spencer State Hospital at Spencer, the Weston State Hospital at Weston, the Barboursville State Hospital at Barboursville, the Forestry Camp at Davis, Lakin State Hospital at Lakin and from the West Virginia Penitentiary at Moundsville. No charge whatsoever is made for these cases. The work of the current year at regular hospital prices represents more than the total cost of the operation of the institution. The purpose of the institution at present is rapid service surgical rehabilitation.

HOPEMONT STATE HOSPITAL

Hopemont

Superintendent: Hilton C. Rocha, M.D. Business Manager: Robert D. Cline. Capacity: 322.

Hopemont State Hospital on a 600-acre tract of land, formerly known as Hopemont Sanitarium, is located at Hopemont, near Terra Alta, in Preston County and was founded in 1913 as a tuberculosis hospital. In 1965 legislation was enacted to change the name of the hospital and convert it to an institution for both chronically ill and aged and infirm.

The institution consists of four fireproof hospital units under one roof. Also, Conley Hospital, a separate unit, is used to hospitalize tuberculous prisoners under maximum security regulations. Other units of the hospital consist of residences, nurses' home, main dining hall, post office and laundry.

A registered Holstein herd is maintained to provide pasteurized and homogenized milk for the institution, and a piggery provides pork.

HUNTINGTON STATE HOSPITAL**(Mental)****Huntington**

Superintendent: Gaston P. DeLemos, M.D. Assistant Superintendent: Eugene R. Darby. Business Manager: Julius C. Fry. Average daily population: 1,040.

Huntington State Hospital, located in the City of Huntington, was established in 1897 by an act of the Legislature as a Home for Incurables. The name of the institution was changed in 1901 to the West Virginia Asylum and in 1916 to Huntington State Hospital.

The Hospital is devoted to the treatment of mental illness. The Hospital receives both voluntary and legally committed patients, and the prevailing types of treatment are administered. Those charged with minor law violations from the districts served by this Hospital are studied psychiatrically for the Courts.

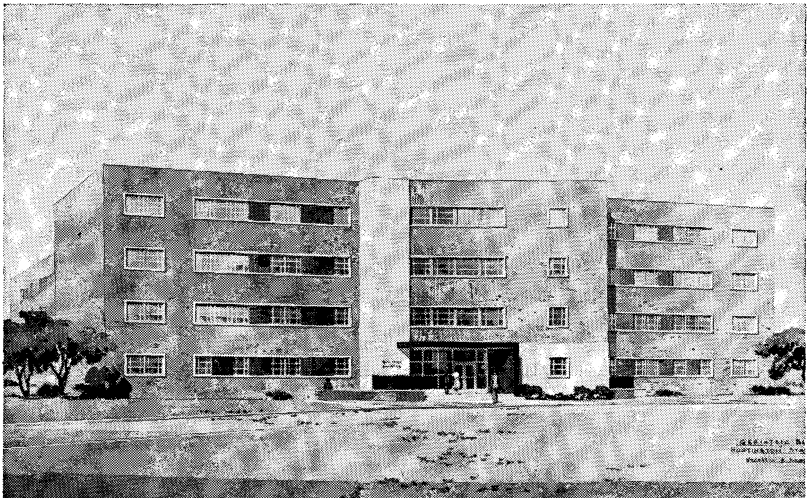

The physical plant includes ward buildings for patients, one of these being an original building, an administration building; three residences for physicians a short distance from the hospital grounds; power house; laundry; building for occupational therapy and recreation; main kitchen; shops for maintenance in the basement of one ward building. Medical-surgical services for the Hospital were recently transferred to one of the new ward buildings as part of a general move to house all bed and non-ambulatory patients in fire-resistant buildings.

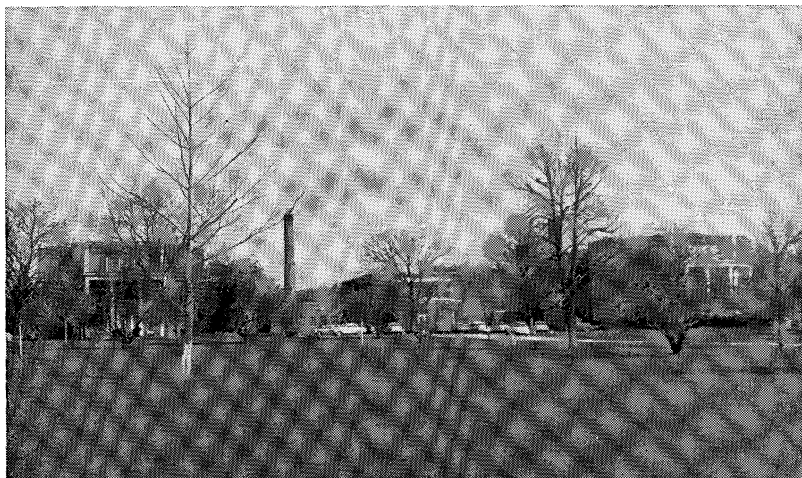

An in-resident Psychiatric affiliation program has been finished for student nurses. We now have students from several hospitals affiliated here. A Psychiatric Nurses' program is also being conducted for student nurses from Marshall University.

Vocational Rehabilitation Division has a program established at Huntington State Hospital for the retraining of those who have been mentally ill.

A Hospital Farm, consisting of 698 acres plus other leased lands, is located on the Guyandotte River a mile southeast of Barboursville, and is served by State Route 10. The farm is devoted to providing pork and milk to the hospital. A registered herd of Holstein milk cows is maintained.

A Day Care Center for patient hospitalization and an In Service Training Program for Psychiatric Aides are now in operation as part of the total hospital program.

LAKIN STATE HOSPITAL

(Mental)

Lakin

Superintendent: Kenneth E. Byrne, M.D. Clinical Director: Margaret T. Ross, M.D. Business Manager: Ward F. Webb. Average daily population: 412.

Lakin State Hospital was founded by an act of the Legislature in 1919 and was opened in 1926 for the reception and treatment of Negroes suffering from mental and nervous disorders; however, the staff and patient population have been integrated since 1954. Presently, the institution is the district hospital for Mason, Jackson, Wood and Putnam counties.

The physical lay-out of Lakin State Hospital on the immediate grounds consists of the following: Building A and Building B, both three story brick structures which houses male and female patients respectively. The Treatment Center for Emotionally Disturbed Children is located in Building C, which also has administrative office areas, laboratory and X-ray unit, and central supply. Recently constructed is a new building which houses the kitchen, dining area for patients, offices for ancillary personnel, library, canteen, conference room, etc. In addition, there are, on the immediate hospital grounds, five frame reconditioned structures in which certain allied functions of the hospital such as laundry, recreation, and work shops are conducted.

In 1957 the former Boys' Industrial School was acquired by Lakin State Hospital. The main building and the dwelling houses have been converted into apartments for employees, farm and mechanical shops. The spacious gymnasium now being renovated is used for both patient therapy and employee recreational activities. The Lakin Post Office is also located on these grounds.

The hospital is a member of the Mental Hospital Institute of the American Psychiatric Association and in 1952 received its gold medal for achievement—which is a national award. For eleven years, a Psychiatric Aide of the Year was cited for excellency in the care of mentally ill patients. This, too, was a national recognition by the American Psychiatric Association, until its discontinuance in 1963.

A rehabilitation center is located on the hospital grounds in what was formerly the male employees' dormitory. In this building are the remedial and special education classrooms beauty parlor, homemaking unit, manual arts shop and offices for related personnel.

Most of the accepted methods of diagnosis and treatment are utilized including clinical observation, social service, psychological testing, neurological and electroencephalography as indicated, occupational therapy, music therapy, recreational therapy, psychotherapy, educational therapy, and vocational rehabilitation, in addition to full utilization of the tranquilizing drugs, in an effort to maintain the institution as a treatment hospital rather than an institution for custodial care.

PINECREST SANITARIUM**(Tuberculosis)****Beckley**

Superintendent: H. S. Edwards, M.D. Business Manager: Roy J. Virden.

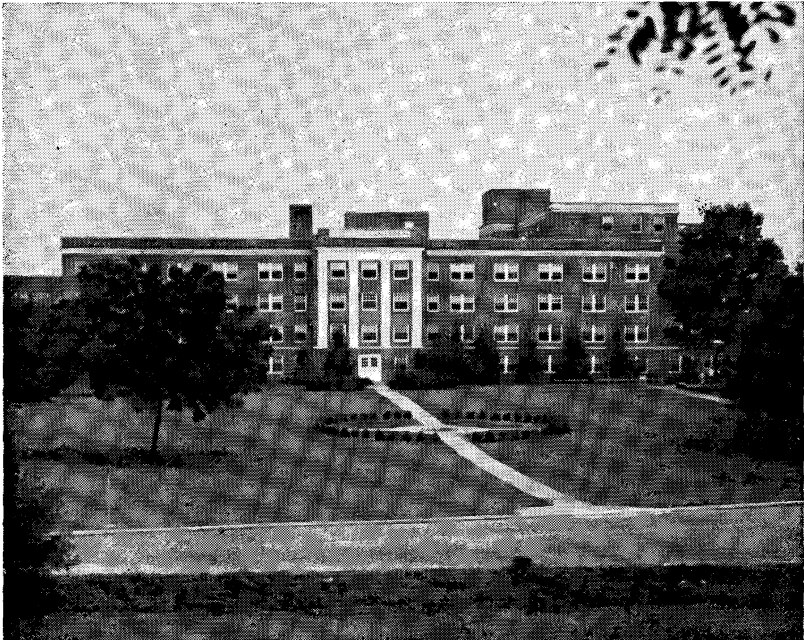

Pinecrest Sanitarium, located in Raleigh County at Beckley, was authorized by an act of the Legislature in 1927 and formally opened March 18, 1930. At that time the sanitarium was known as Rutherford Sanitarium but at the session of the 1934 Legislature was changed to Pinecrest Sanitarium.

Pinecrest Sanitarium is located just outside the city limits of Beckley on Federal Routes 19-21 and State Highways 3-41 with thirty-minute bus service connecting with the city and the Atlantic Greyhound bus lines, also with the C. & O. Railway in Beckley and Prince.

The sanitarium has a fifty-acre campus, and a 200-acre farm, which is modernly equipped for farming, and a dairy herd of 55 Holstein cows supplying milk for the institution, also a large number of hogs supply pork and pork products, all consumed by the institution. Pinecrest Sanitarium is composed of four modern fireproof units all connected under one roof, with 594 beds for patients, a modern fireproof nurses' home, five modern dwellings for staff physicians, seven cottages for employees, a central heating plant, dairy barn, hog barn, laundry and numerous outside buildings.

Patients admitted to Pinecrest Sanitarium are assigned to individual physicians who carry out therapeutic procedures that are recommended by the entire staff. In this manner, the patient is given the benefit of consultation by the entire medical staff. The Pinecrest staff is composed of a Superintendent, Assistant Superintendent, Thoracic Surgeon, five full-time physicians, two X-ray technicians and two laboratory technicians, with ample office employees.

The ambulatory patients have the privilege of being entertained in the modern auditorium by moving pictures and plays produced by local talent. The Sanitarium is modern in every respect, with the most modern equipment available for the treatment of tuberculosis, both surgical and medical. A recreational director and trained medical social workers are employed full-time. The Sanitarium has the services of a full-time Chaplain and assistant.

SPENCER STATE HOSPITAL

(Mental)

Spencer

Superintendent: Leslie J. Borbely, M.D. Business Manager: Paul W. Martin.
Average daily population: 941.

The Spencer State Hospital is located in the city of Spencer, Roane County. It was authorized by an act of the Legislature in May 1887 and formally opened in 1893.

The hospital proper is located on a tract of land comprised of 180 acres, a portion of which is devoted to a large dairy farm which provides a constant supply of fresh milk for the hospital. The farm also supports a large number of hogs which supplies pork and pork products for the use of the institution. An additional 295 acres is located about two miles from the hospital in an area known as Trotter Lake and it serves as a recreational area for the patients as well as a water shed for a dam that impounds approximately 25,000,000 gallons of water.

The hospital's bed capacity is 1,030 and the population averages around 1,000 patients. The hospital staff is composed of eight physicians, all of whom have had at least five years experience and special training courses in psychiatry. There is a very active and well trained social service department and an active nursing staff which includes seven registered nurses and two practical nurses. The hospital also provides dental treatment and has a modern high speed dental unit. The physically ill are treated in a separate medical department with the newest methods available. Electrocardiogram, laboratory and modern X-ray unit helps in the treatment and diagnoses of these patients.

The Spencer State Hospital adopted the open door policy and at the present time 76% of our patients reside on open wards. There are no mechanical restraints employed at the hospital. All forms of psychiatric treatment, such as psychotherapy, electro-convulsive therapy, chemotherapy and an active occupational and recreational therapies are utilized at the hospital. A new program, a class in remotivation for patients, has been in effect for a year which has added a great deal to the hospital's therapeutic success.

The hospital serves eight counties (Pleasants, Wirt, Calhoun, Roane, Clay, Kanawha, Fayette and Boone) which have a total population of approximately 400,000. In addition to the legally committed patients, the hospital also admits persons who make a voluntary application for admission.

The hospital is indebted to volunteer groups made up of citizens from Roane County and the City of Spencer, who have greatly assisted in the expansion of the Occupational Therapy and Recreational Programs.

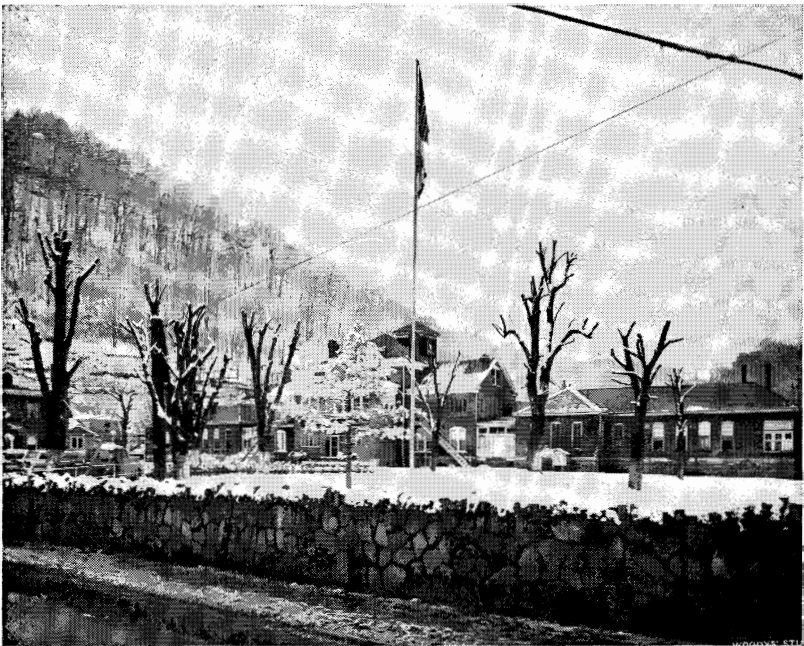

In January 1964, a special program was initiated at this institution which incorporates the concept of group orientation in a comprehensive intensive alcohol treatment unit. A trained team consisting of members representing all disciplines, at all levels, from a psychiatrist who is the director and active participant, to and including psychiatric aides, constitutes the therapeutic community principle with regard to the leadership personnel. The patient becomes a member of a group, each of whom interact freely on a very personal basis with one another, which helps to develop interpersonal skills in meaningful communication. This unit is the first of its kind to operate in the State of West Virginia. Since January, 1965, this unit has been strengthened by additional personnel provided by funds supplied by a Federal Hospital Improvement Project Grant amounting to over \$350,000.00 over a four year period.

WELCH EMERGENCY HOSPITAL**(Surgical)****Welch***Superintendent: Dr. Jorge Ribeiro.*

Welch Emergency Hospital, located in the city of Welch, was established in 1899 on a three-acre tract given to the State by J. J. Sperry for this purpose. It was originally called Miners Hospital and at that time was the only hospital in the city. It now takes care of a large part of surgical and obstetrical cases in Southern West Virginia; there is also considerable work done in pediatrics and geriatrics, as well as a large daily outpatient clinic.

The medical staff consists of four house physicians in addition to the superintendent.

During 1967 a total of 18,395 patients were treated at Welch Emergency Hospital, 671 operations were performed and 574 babies were delivered.

WESTON STATE HOSPITAL

(Mental)

Weston

*Superintendent: Jaime Lazaro, M.D. Clinical Director: Robert O. Plercher, M.D.
Business Manager: Howard C. Henderson. Average daily population: 1,826.*

The Weston State Hospital is located in the City of Weston. It is the oldest state institution in West Virginia, authorized on March 22, 1858, by an act of the Virginia Assembly. There was considerable delay in the construction of the hospital due to the Civil War, and the first patients were received on October 22, 1864. The hospital has grown from an initial capacity of 35 patients to 1,826.

The hospital is maintained and equipped to provide adequate treatment for all types of mental and nervous illness, both voluntarily and court committed. The hospital plant includes specially constructed buildings to take care of all criminally insane in the State, mentally ill tubercular patients, and two geriatric buildings for men and women. A section of the male wards is designated as the West Virginia Soldiers' Home and is administered by the hospital medical staff. All war veterans are admitted here for treatment. The hospital is equipped to provide various types of treatment, including psychotherapy, occupational and recreational therapies and electro-shock therapy. The facilities consist of a laboratory, X-ray, social services, pathology department, psychology department and an In-service Training Program for the psychiatric aides.

There is a Vocational Rehabilitation Center on the grounds and a Half-Way House for the training and rehabilitation of the mentally ill.

The hospital has 615 employees including 11 physicians, a dentist, 13 registered nurses, a registered dietician, a chiropodist, beautician and barber. A consulting staff of local physicians help provide additional services to the patients.

A registered herd of Holstein cows is maintained, thus providing the hospital with an adequate supply of high grade milk, processed in a modern, pasteurized plant fully approved by the State Board of Health. A coal mine at the Western end of the farm operated by the Hospital furnishes coal for the four boilers in the power plant which supplies the heating, hot water and steam requirements for the Institution.

The building and outlying farms occupy some 600 acres of land in Lewis County. The hospital grounds are large and spacious with many shade trees and provide excellent recreational facilities for the patients.

WEST VIRGINIA REHABILITATION CENTER AND WORKSHOP

Joseph E. Lobuts, Administrator.

The West Virginia Rehabilitation Center, located 3.5 miles from Charleston at Institute, is an independent operation of the State Division of Vocational Rehabilitation.

The Center is composed of eleven buildings—several interlocking—situated on a 35 acre tract of land. It is staffed by more than 170 service and professional personnel. The facility provides medical and vocational services needed to rehabilitate the severely disabled. At present, there are 92 types of disabilities served which include such handicaps as mental illness, mental retardation, amputations, blindness, cord injuries, strokes, acute heart defects, cultural or social problems, and speech and hearing difficulties.

The Center is a multi-disability, vocationally oriented facility, using the team approach to provide a wide range of rehabilitation services to handicapped persons to prepare them for gainful employment. The Center has a present capacity of 450, with a waiting list of eligible clients in critical need of services. The Center offers five major categories of rehabilitation services.

1. *Vocational Evaluation*—The Center offers a comprehensive, intensive vocational evaluation program to determine the specific job or range of jobs which the client, in view of his capabilities and limitations, is best suited. The program is suited to the individual's needs. Depending on these needs, the evaluation generally ranges from one to two weeks. A team of therapists, physicians, psychologists, vocational counselors, and social workers assist the client in obtaining a medical and vocational rehabilitation. Depending upon the client's needs, the evaluation may consist of any or all of the following:

- a. Work Evaluation
- b. Functional Studies
- c. Psychological Testing
- d. Social Work-up
- e. Medical Evaluation
- f. Cardiac Work Evaluation
- g. Optical Aids Evaluation

2. *Prevocational Adjustment Training*—The Center offers separate prevocational training courses for male and female clients. Training for males is on-the-job training in the Center Sheltered Workshop activities, building maintenance, and horticulture. Training for females is centered around a homemaking course. Neither course is designed to train the client to be proficient in any particular subject taught, rather to provide a vehicle through which the client receives intensive counseling and opportunity to work with others in the atmosphere which basic work and social skills may be absorbed by the client. A part of this prevocational training is a mobility and adjustment service for the visually handicapped. The objective of this program is to promote readiness of the blind or the visually handicapped client for vocational training or placement through special mobility instruction and vocational evaluation. Course emphasis is dictated by the individual client needs.

3. *Vocational Training*—Vocational training offered at the Center is designed specifically for agency clients. It is not intended to duplicate or supplant vocational training programs elsewhere in the state. Each course is planned for individual instruction within an established course outline, and thus, each course is flexible enough to meet the needs of the individual client. Major training courses include stenography, accounting, clerk-typist, drafting, radio-TV servicing, upholstery, auto mechanics, auto body repair, auto servicing, electrical appliance repair, laundry operation, sewing, cooking and baking, kitchen and dining room helpers, hotel-motel aide, offset printing, nurse aide, orderly, building maintenance and janitorial, horticulture, keypunch and data processing.

4. *Rehabilitation Treatment*—The Center offers a comprehensive medical service program under the supervision of a medical director, a licensed physician, and carried out by staff of medical specialists, therapists, nurses, and others. The program consists of two major areas of services: Medical maintenance and Rehabilitation Treatment.

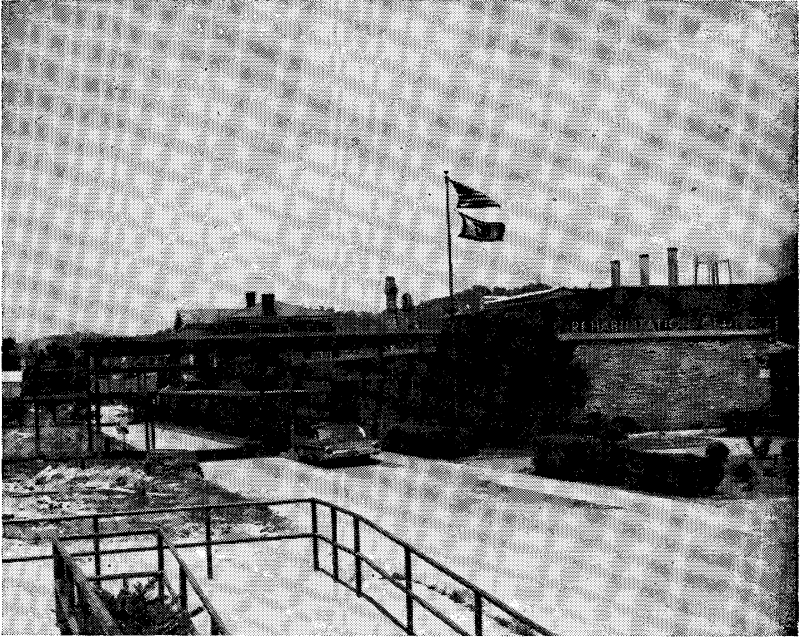

5. *Sheltered Work Experience (Sheltered Workshop)*—The Center Sheltered Workshop offers a program of sheltered work experience for clients. Through this experience, any or all of the following rehabilitation purposes may be served for the client.

- a. Job Tryout
- b. Adjustment and Prevocational Training
- c. Work Conditioning
- d. Work Application

6. *Other Services*

- a. Remedial Education
- b. GED Testing
- c. Civil Service Examination

The future curriculum will offer training in Sheet Metal work and Watch Repair.

REHABILITATION HOUSES

Huntington

The West Virginia Division of Vocational Rehabilitation operates two Rehabilitation Houses in a quiet residential section of Huntington for the benefit of discharged mental patients. The homes—which are often referred to as “Halfway Houses”—are intended to ease the abrupt transition between the state mental institution and the patient’s home community. Only patients who have previously been treated at a state mental institution are eligible to receive services from the two homes.

Since the houses were established in 1960, 284 patients have received services with only 50 readmitted to Huntington State or other hospitals for further treatment.

Both houses are three-story brick homes—nicely furnished with attractive surroundings. The House for Women can accommodate twelve residents and two houseparents. The House for Men has a capacity of 15, including houseparents.

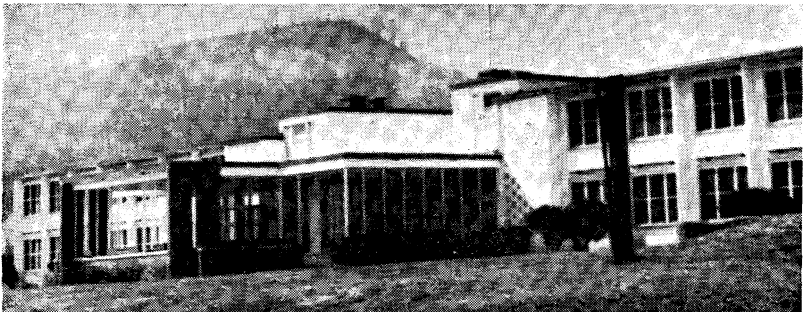

All of the patients who are sent to the houses are assigned household duties and are encouraged to accept gainful employment in the community. Home-cooked meals and an active recreation program, both within the houses and the community, help to make life pleasant for the former patients. All are on self-medication and are visited once each week by a physician from Huntington State Hospital.

Vocational training or re-training is provided to those who show a need for it. This may be offered through the State Rehabilitation Center, local trade schools, colleges, or through local business firms which are willing to provide on-the-job instruction. Successful job placement of the Rehabilitation House resident is the ultimate goal of all rehabilitation efforts. This is probably the biggest step for the ex-patient in his return to community living.

Weston

In January of 1966, the Division opened a Rehabilitation House at Weston State Hospital. This facility has a capacity of 40 and is located on the grounds of the hospital.

A total of 106 have received services during the first 18 months of the Weston Rehabilitation House.

OFFICIAL MUNICIPAL REGISTER

(Corrected to September 1, 1968)

CLASS I, II AND III CITIES

Under the provisions of Chapter 56, Acts of the Legislature, regular session, 1939, municipal corporations are classified by population as follows: Population in excess of 50,000, Class I city; population more than 10,000 and not more than 50,000, Class II city; and population more than 2,000 and not more than 10,000, Class III city. Municipal corporations not included in these classifications are known as towns or villages.

Transition from one to another class of municipal corporation occurs automatically when the requisite population qualification has been met. Salem—Harrison County

(Magisterial District: Tenmile).

It was originally New Salem, so named because the settlers who established the town came in a body from Salem, New Jersey. They arrived in the spring of 1792. Two years later, in 1794, it was incorporated.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established by Nicholas Carpenter in 1785 who used it for a hunting and trapping center. He also used it for a sort of crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Mr. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Mr. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem College, founded in 1888, and the Industrial Home for Girls established in 1898. Glass has been a major industry. The Baltimore & Ohio Railroad and the George Washington highway and state highway route No. 23 pass through it. It is the birthplace of United States Senator Jennings Randolph and the great writer, Granville Davison Hall, author of *Daughter of the Elm*, *The Rending of Virginia*, and many other historical books.

County seat. Settled in 1769 by Eb-

enezer Zane and followers. Name derived from Indian word, "Wheelin," which name was used for years prior to the Zane settlement to designate the creek which bisects the city. In 1793 the existence of Wheeling as a town became evident when Zane divided the settlement into lots, but Wheeling was not incorporated as a town until 1806 by the General Assembly of Virginia.

Although the peace treaty with the Indians was still in effect when Zane settled here, he and his followers immediately built a fort, which they called "Fort Henry." Here was fought in September, 1782, the last battle of the American Revolution. It was during this siege that the famous legend of Betty Zane was established, when she braved a storm of gunfire to carry powder from the Zane cabin to the fort.

RANDOLPH

Randolph County was formed from Harrison in 1787 and included all of the present county of Tucker, all of Barbour east of the river, all of Upshur east of Buckhannon River, and a considerable portion of Pocahontas and Webster. It lost territory in 1821 when Pocahontas was formed; again in 1843 when Barbour came into existence, and in 1851 it gave up some of its territory to Upshur and five years later 350 square miles were cut off to form Tucker; and in 1860 Webster took a strip; and after all of these losses Randolph still is the largest county in the State. It was named for Edmund Jennings Randolph, Governor of Virginia 1786-1788. The white man's home on the waters of the Monongahela, within West Virginia, was first planted in Randolph. In this county occurred the first Indian Massacre in the State. From that beginning, the county has been an historical center down to the present.

First 4-H Camp in the World held in this county.

Kumbrabow State Forest and part of the Monongahela National Forest are located in this county.

Fossil Tree Park, in which are found large numbers of fossilized trees, is located a short distance west of Elkins. Southeast of Huttonsville, on White Mountain (elevation over 4,000 feet), the federal forces maintained the highest fortified camp in the War Between the States.

THE AMERICAN FLAG

DESCRIPTION OF THE FLAG

The Flag of the United States of America has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next to the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 50 stars. On the admission of a State into the Union a star will be added to the union of the Flag, and such addition will take effect on the 4th day of July next succeeding such admission.

PLEDGE OF ALLEGIANCE

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

STATE FLAG

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, West Virginia had been represented by several flags which had proved impractical.

Prominently displayed on the pure white field of today's flag and emblazoned in proper colors is the Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—"State of West Virginia." The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

GREAT SEAL OF WEST VIRGINIA

The Great Seal of West Virginia, which also is the Coat of Arms, symbolizes the principal pursuits and resources of West Virginia. Described briefly, the obverse side of the Seal bears the legend, "State of West Virginia," together with the motto, "Montani Semper Liberi" (Mountaineers Are Always Free); a farmer stands to the right and a miner to the left of a large ivy-draped rock bearing the date of the state's admission to the Union; in front of the rock are two hunter's rifles upon which rests a Phrygian Cap, or "Cap of Liberty."

The reverse side of the Seal is not in common use today. It was intended to be employed when the Seal was attached to documents by ribbons and suspended in the manner of a medal.

Joseph H. Diss Debar, of Doddridge County, designed the State Seal in 1863 at the request of the first West Virginia Legislature.

DEPARTMENT OF COMMERCE

ADMINISTRATIVE

The fiscal year ending June 30, 1968 has been one in which the impact of involvement by the Department of Commerce can be clearly seen in measurable progress. The same progress imminently reflects the continued economic growth and stature of West Virginia.

Industrial and Travel Development reported record growth in their fields; planning services were broadened in scope and accomplishment; and the operation of the Appalachian and Economic Development Offices reached out to local communities with a system of field offices designed to better serve West Virginia.

Under the leadership of Angus E. Peyton, who became Commissioner of the Department on September 1, 1965, and his assistants—Deputy Commissioner Lawrence E. Spears, whose appointment became effective January 1, 1967; Administrative Assistant Robert B. Moran and Market Development Director Samuel W. Channell—The Department expanded its goals and set a new course toward achievement.

The Department of Commerce vigorously reflects the continuing spirit of enthusiasm and devotion to making West Virginia a better place to live, work and play.

INDUSTRIAL DEVELOPMENT

Working with industry and local planning units, the Industrial Development Division and its Director, Fielding H. Lewis, set new records in many major categories. During fiscal year 1967-68 the State benefited from 152 new and expanded industries. Coal mines have continued a substantial overall development program, and fiscal year 1967-68 recorded further economic growth through the start of construction of 39 new mines and five expansions.

West Virginia's industrial growth exceeded the Billion Dollar mark in a single fiscal period for the third consecutive year.

The State's employment statistics for the five years, 1963 through 1967, reveal the degree of success achieved by the industrial development effort. Average employment in manufacturing in 1963 was 124,200; each year has shown steady gains with manufacturing employment reaching 132,700 in 1967. Contract construction employment was 18,400 in 1963, and here again, a steady annual increase has occurred as contract construction employment amounted to 24,600 in 1967. Total employment increased from 538,000 in 1963 to 584,400 in 1967. At the same time unemployment dropped from 61,800 in 1963 down to 39,700 in 1967.

In addition to those projects which are classified strictly as industrial development projects, the construction of new electric power generating facilities has set an all time record with an investment of over \$600 million in new plants included in fiscal 1968 reports.

The Industrial Development Division is actively involved in several agribusiness projects that might well be of considerable importance in some rural areas of West Virginia. The Division's New York office is continually promoting the assets of the State and its vital statistics to many major industries headquartered in the New York and New England areas. Its Science and Technology Unit is continuing its program which was inaugurated several years ago. Advances are being made in the fields of lumber, wood products, furniture and fixtures where employment is currently improving and in 1967 an average of 8,400 people were working in these particular fields.

INDUSTRIAL DEVELOPMENT AUTHORITY

The West Virginia Industrial Development Authority (IDA), established by Legislative enactment in 1961, has continued during this fiscal year to be an important factor in the State's economic growth and development. During the twelve months period ending June 30, 1968, the IDA Board approved three loans totaling \$175,850.00, for new and expanding industries. Based upon estimates supplied by the applicants, payrolls for these industries are projected to a total annual amount in excess of \$465,000.00 and potential employment of 105.

Commerce Commissioner Angus E. Peyton serves as Chairman of the IDA Board which is composed of leading industrial and financial businessmen in West Virginia.

There has been one change in the composition of the IDA Board during the past year. State Tax Commissioner Clifford G. Lantz replaced former Commissioner G. Thomas Battle as an IDA Board member.

TRAVEL DEVELOPMENT DIVISION

The past year, under the direction of Curtis C. Jones and K. Carl Little, was an outstanding year for the Travel Development Division. The Division continued its cooperation with travel clubs, tour operators, public utilities, news media and allied organizations in promoting and developing travel in the State. A major step forward was taken with the organization of a Travel Advisory Council.

Retail sales in West Virginia's travel industry rose to a new record high of \$478 million—an increase of \$46 million over the previous year. Due to our static population, approximately \$30 million of this increase can be attributed to the tourist. Construction started at Twin Falls and Pipestem State Parks in the Southeastern section of the State. When completed, these tourist facilities will add greatly to the economical growth of this section of the State.

During the fiscal year 1,715,095 brochures were distributed through travel packs, requests for bulk literature and travel shows. The Division's magazine, WEST VIRGINIA, won an "Excellent Award" in the 1968 competition held at the American Industrial Development Council Annual Conference in St. Paul.

The Travel Division's two films, *A Work of Heart and Hand* and *West Virginia, Land For Relaxation*, were used by 493 groups throughout the United States and overseas.

PLANNING AND RESEARCH DIVISION

Activities in the Planning and Research Division under the direction of Ralph L. Hottel continued to expand during the past fiscal year. By the end of the fiscal year, twenty-two cities and eleven counties had completed comprehensive development plans under the federal "701" program, which is administered by this Division. Currently, forty communities and twenty-seven counties are preparing comprehensive plans and four new applications have been submitted to the federal government and are awaiting approval.

The Housing and Community Affairs Office of the Planning and Research Division continued to expand its scope of services in assisting communities to initiate planning programs and to implement plans once completed. Advisory, informational and technical assistance services were provided to well over one hundred localities during the last fiscal year, in the field of planning and community development. A slide presentation, "An Approach to Community Planning", was produced by the Housing and Community Affairs Office and presented to over thirty organizations. In addition, "The Advisor", a bi-monthly educational newsletter, was mailed to over 3,000 local officials. The Office also helped promote interstate regional planning legislation, and is currently assisting three of the State's Standard Metropolitan Statistical Areas in forming such regional planning commissions. Similar assistance is also being provided in the Charleston Standard Metropolitan Statistical Area in the formation of an intrastate regional planning commission. Current federal requirements have necessitated the formation of such area-wide planning agencies to insure continuing eligibility for various grant-in-aid programs.

The Housing and Community Affairs Office was also instrumental in the promotion of the West Virginia Housing Development Fund Bill enacted in September of this year.

The Outdoor Recreation Section of the Planning and Research Division, which administers the Land and Water Conservation Fund, enabled the Department of Natural Resources and West Virginia's counties and cities to utilize federal funds to acquire and develop outdoor recreation areas and facilities during the past fiscal year.

Currently, the Outdoor Recreation Section is actively involved in updating of the Statewide Outdoor Recreation Plan; in providing consultative services to local political subdivisions; and in the coordination of recreation planning by the various federal, state and local agencies functioning in West Virginia.

The Research and Statistics Section, which publishes the *West Virginia Manufacturing Directory*, the *Economic Atlas* and *Economic Outlook*, began compiling and analyzing data for the updating of all three of these publications, to be published in early 1969.

This Section completed the updating of "Economic Profiles" for each county in the State during the past fiscal year, and answered many requests for economic and statistical data from various local and State agencies and organizations.

The Departmental Library, which is housed in this Section, continued to expand, and is currently one of the best sources of information on State and local economic and community development matters, and is considered to be the best planning library in the State.

Near the end of the fiscal year, two new programs were funded by the federal government and State matching funds and services and were assigned to the Planning and Research Division. These are under Title VIII of the Housing Act of 1964, solving urban problems through community development training, and Title IX of the Demonstration Cities and Metropolitan Development Act of 1966, solving urban problems through urban information and technical assistance. These programs are designed to augment and expand the planning and advisory services already provided to local communities by the Division.

APPALACHIAN AND ECONOMIC DEVELOPMENT OFFICES

The two major grant-in-aid programs enacted by Congress (the Appalachian Regional Development Act and the Public Works and Economic Development Act) have enabled the establishment of a Federal-State Programs Office to implement provisions of new Federal Legislation to the communities of West Virginia.

In January, 1966, Section 302 of the Appalachian Regional Development Act was utilized in establishing the West Virginia Appalachian Development Office, a special project unit created by Governor Smith and assigned to the West Virginia Department of Commerce for implementation of the provisions of the Appalachian Program.

The establishment of the Federal-State Programs Office represented the first attempt by the State of West Virginia to take advantage on a coordinated basis of new legislation designed to emphasize regional development programs. Regional development offices have been established to provide information and technical assistance to local communities and county governments.

The Federal-State Programs Office has eight field offices in Hurricane, Huntington, Parkersburg, Wheeling, Clarksburg, Martinsburg, Elkins, and Beckley. This has enabled the State of West Virginia to provide field services in each of the eight development regions to answer special problems and to promote economic, educational and social development.

STATE PLANNING OFFICE

The State Planning Office was created in August 1967, to implement the West Virginia State Development Planning Program. During the past year, the principal efforts of this office have been directed at the establishment of an effective State Planning procedure to serve State Government. Of utmost importance to this effort has been the change in emphasis from consultant services to the development of a competent planning staff within the State Planning Office.

The State Planning Office was designated by Governor Smith as the Agency responsible for the development and coordination of the West Virginia portion of the Federal Information Exchange System. The office coordinated the efforts of numerous agencies in developing and testing this system and is the designated agency to see that the resulting West Virginia State Program Information System reaches operational status.

INLAND WATERWAYS—FEDERAL

(Data furnished by the Department of the Army)

Ohio River—Improvement of the Ohio River for navigation, as authorized by Congress in the River and Harbor Act of 25 June 1910, provides for a minimum channel depth of 9 feet in the entire 981 miles of the river by the construction of locks and dams and open channel work. The original system, completed in 1929, and major modifications completed in 1937, resulted in 46 lock and dam structures including the Gallipolis Locks and Dam near Apple Grove.

The Ohio River modernization and replacement program as now planned and under way will reduce the total navigation projects to 19, providing larger locks and deeper pools. New projects adjoining West Virginia include the pool of Greenup Locks and Dam, completed in June 1964 between Kentucky, West Virginia and Ohio, a proposed improvement of the Gallipolis project, the Racine Locks and Dam under construction near Letart, the Belleville Locks and Dam under construction at Belleville, the Willow Island Locks and Dam under construction at Willow Island, the Hannibal Locks and Dam under construction at New Martinsville, the Pike Island Locks and Dam completed in September 1965 at Wheeling, and the New Cumberland Locks and Dam completed in September 1961 near New Cumberland.

Kanawha River, West Virginia—Three high-lift dams on the Kanawha River and the Gallipolis Dam on the Ohio River provide a minimum channel depth of 9 feet on the Kanawha River for 91 miles from the mouth to Deep Water. Each Kanawha River dam has twin locks, and the Kanawha Valley Power Company has a hydroelectric plant at each site. The two upstream dams, London and Marmet, were completed in 1934, Winfield Dam in 1937, and Gallipolis Dam in the Ohio River in 1937 as part of the Kanawha River improvement.

MULTIPLE PURPOSE LAKES—FEDERAL

(Data furnished by the Department of the Army)

Completed Projects:

Bluestone Lake—The Bluestone Lake, located on the New River near Hinton, was authorized by Presidential executive order in 1935 and approved by Congress in the Flood Control Act of 1936. Construction of the project was begun early in 1942, suspended in 1944 because of the war emergency, resumed in 1946, and completed in June 1952. The dam, of concrete construction, is 165 feet high and 2,048 feet long. The lake has a capacity of 631,000 acre-feet to serve a drainage area of 4,565 square miles. During periods of low and normal flows in New River, the elevation of the lake varies about 3 feet, with a minimum pool 9.5 miles in length and 1,800 acres in area that utilizes about 30,900 acre-feet of the total storage capacity. The remaining storage capacity is reserved for impoundment of flood flows as required for flood control.

Summersville Lake—The Summersville Lake, located on Gauley River, near Summersville, was started in 1960 and is completed except for some recreational development. The dam is a rock-fill type, with a maximum height of 357 feet and a top length of 2,280 feet. It provides a maximum capacity of 390,800 acre-feet of storage for flood water, of which 163,400 acre-feet may be used for low flow augmentation in the Kanawha River in summer. The project is operated as a unit of a coordinated system for flood protection in the Gauley, Kanawha, and Ohio River Valleys.

Sutton Lake—The Sutton Lake, located on the Elk River near Sutton, was authorized by Congress in the Flood Control Act of 1938. Sealing of mine workings at the site was begun in 1949, but work on the dam was not started until 1956. Construction of the project was completed in January 1961. The dam is of concrete, 210 feet high and 1,178 feet long. The lake has a total capacity of 265,300 acre-feet and controls a drainage area of 537 square miles. A minimum pool 5.9 miles in length, with a surface area of 270 acres and a capacity of 4,100 acre-feet, is maintained during the winter. A seasonal pool with a maximum length of 14.5 miles, surface area of 1,520 acres and storage of 60,100 acre-feet, is maintained for low-flow augmentation and recreation. The remaining capacity is utilized for flood control storage.

Tygart River Dam—The Tygart River Dam, located on the Tygart River 2.25 miles upstream of Grafton, West Virginia, was authorized by the Public Works Administration January 11, 1934 and approved by Congress in the River and Harbor Act of August 30, 1935. The concrete gravity dam is 1,921 feet in length at the top and rises 230 feet above the river bed. The structure provides for the gross controlled storage of 287,700 acre-feet of water and is operated as a unit in the reservoir system for the protection of Pittsburgh, Pennsylvania and the upper Ohio River Valley. In addition to flood control, Tygart Lake provides for low water discharge regulation annually, by the gradual release of stored spring flood waters during the summer-fall period to assure a river flow of 340 cubic feet per second at Lock and Dam 8, Monongahela River. The storage of 100,000 acre-feet of water is allotted for this purpose.

Projects under construction:

Beech Fork Lake—This lake, located on Beech Fork of Twelvepole Creek, was authorized by Congress in the Flood Control Act of 1962. Construction is scheduled to be initiated in the fall of 1968 and completed in 1972. The dam will be of earth fill with a maximum height of 91 feet and a top length of 1,080 feet. The lake will have a maximum capacity of 37,540 acre-feet, controlling a drainage area of 78 square miles. A minimum pool of 4,200 acre-feet with a surface area of 450 acres will be maintained during the winter. A seasonal pool of 9,180 acre-feet with a surface area of 720 acres will be maintained during the summer season for recreation purposes. The remaining capacity will be utilized for flood control.

Bloomington Lake—The Bloomington Reservoir Project was authorized by Congress in 1962 as a unit of the comprehensive water resource development plan for the Potomac River Basin. The damsite is located in Mineral County, West Virginia, and Garrett County, Maryland, on the North Branch Potomac River about 8 miles upstream from the mouth of Savage River. The dam will be rolled earth and rockfill structure with a maximum height of 296 feet and a top length of 2,130 feet. The reservoir will have a capacity of 128,000 acre-feet and will control a drainage area of 263 square miles. The project will provide low flow augmentation, flood control, and recreation. Construction will be initiated shortly after funds are made available by Congress, provided the States of Maryland, Virginia, and West Virginia and the District of Columbia meet the requirements for local cooperation as set forth in the authorizing act.

Burnsville Lake—The Burnsville Lake, located on the Little Kanawha River, was authorized by Congress in the 1938 Flood Control Act. Construction is tentatively scheduled to be completed in 1972. The earth-fill dam will have a maximum height of approximately 116 feet and a top length of 1,050 feet. It will control a drainage area of 165.4 square miles with a gross storage capacity of 68,490 acre-feet. A minimum pool containing 4,077 acre-feet of storage and having a surface area of 544 acres will be maintained during the winter. A seasonal pool having a storage capacity of 10,138 acre-feet with a surface area of 980 acres will be maintained in the summer for water quality control, fish and wildlife recreation and general recreation purposes. The remaining storage capacity will be utilized for flood control.

East Lynn Lake—East Lynn Lake, located on East Fork of Twelvepole Creek, was authorized by Congress in the 1938 Flood Control Act. Construction was started in 1965 and is expected to be completed in 1970. The dam will be earth-fill with a maximum height of 113 feet and a crest length of 638 feet. The lake will have a maximum capacity of 82,500 acre-feet controlling a drainage area of 133 square miles. A minimum pool with a surface area of 823 acres and a capacity of 11,705 acre-feet will be maintained during the winter while a seasonal pool with a surface area of 1,005 acres and a capacity of 17,190 acre-feet will be maintained during the summer. The remaining storage will be used for flood control.

R. D. Bailey Lake—The R. D. Bailey Lake, started in 1967 and expected to be completed in 1974, is located on Guyandot River and was authorized by Congress in the 1962 Flood Control Act. The dam will be of rock and random-fill, 310 feet high and with a length of 1,200 feet. The dam will control a drainage area of 540 square miles, the lake having a total capacity of 203,700 acre-feet. A minimum pool of 22,000 acre-feet with a surface area of 440 acres will be maintained in the winter months. A seasonal pool for recreation and water quality control, having a capacity of 34,300 acre-feet and a surface area of 630 acres will be maintained during the summer. The remaining storage capacity will be used for flood control.

Projects under design:

Rowlesburg Lake—The Rowlesburg Lake was authorized by the Flood Control Act of 1965 for the purposes of flood control, water quality control, hydroelectric power production and recreation. The project will be operated as a unit in the comprehensive plan for flood control in the Ohio River Basin; to improve the water quality in the Monongahela and Ohio Rivers; to provide storage for hydroelectric power; and for general and fish and wildlife recreation. The project is currently in the advanced engineering and design stage of development.

The dam will be located on the Cheat River, a tributary of the Monongahela River, at the upstream limits of the Town of Rowlesburg in Preston County. The full pool will extend upstream to the City of Parsons in Tucker County. As authorized, the dam would be a rock fill structure, 1,620 feet long and 265 feet above stream bed, with a pumped storage installation to produce hydroelectric peaking power.

The maximum summer pool elevation for water quality control, hydroelectric power production and recreation will be 1,601 feet above mean sea level with a

surface area of 7,175 acres. Gross storage would be 831,700 acre-feet at the lake full pool elevation of 1,632.

Stonewall Jackson Lake—The Stonewall Jackson Lake project was authorized by the Flood Control Act of 1966 for the purposes of flood control, water quality control, water supply and recreation. The project, although benefiting primarily the West Fork and upper Monongahela River Basins, will be operated as a unit in the comprehensive plan for flood control in the Ohio River Basin; to improve the water quality in the West Fork, Monongahela, and Ohio Rivers; to provide storage for water supply for the Towns of Weston and Clarksburg, West Virginia; and for general and fish and wildlife recreation. The project is currently in the advanced engineering and design stage of development.

The dam will be located on the West Fork River at Brownsville in Lewis County with the full pool extending upstream to the Towns of Walkersville and Crawford, also in Lewis County. As authorized, the dam would be a concrete gravity structure, 680 feet long and rising 95 feet above the streambed.

The maximum summer pool for water quality control, water supply and recreation will be at elevation 1073 feet above mean sea level with a surface area of 2,530 acres. At the full pool elevation of 1082, the project would provide for the gross storage of 75,200 acre-feet of water.

West Fork Lake—Construction planning is being initiated this year for West Fork Lake, located on West Fork of the Little Kanawha River. As presently contemplated, the rock and earth-fill dam would control a drainage area of 237.5 square miles and have a total capacity of 98,400 acre-feet. The lake will be a multiple purpose development to include flood control, water quality control, fish and wildlife recreation and general recreation. Completion of the project is tentatively scheduled for 1975.

LOCAL FLOOD PROTECTION PROJECTS

Completed major flood control projects in West Virginia consist of nine local protection projects. All of these projects except Ridgeley are units in the comprehensive plan for flood control and allied purposes in the Ohio River Basin. The local protection projects have been constructed so that, acting alone, they provide a high degree of flood protection which in most places is equal to protection against the maximum flood of record at the project localities. All local protection projects along the Ohio River will receive supplementary protection from a coordinated system of reservoirs designed to reduce flood flows on the Ohio River and to contribute to the reduction of floods on the Lower Mississippi River.

This group of completed projects has already made a major contribution toward reduction of flood damages; flood control benefits from their operation being well over \$40 million to date.

Ohio River Projects—Projects have been completed for Ceredo-Kenova, Huntington, Parkersburg, and Point Pleasant. The projects consist of concrete walls and earth levees to prevent entrance of flood waters, pumping stations to discharge sewage and internal drainage during flood periods, and gated openings through the works to permit unobstructed movement of traffic during normal (non-flood) river conditions. Operation and maintenance are local responsibilities.

East Rainelle LPP—The project consists of 4.2 miles of channel improvement on Meadow River and Sewell and Boggs Creeks, construction of one highway bridge, modification of one railway bridge, and modification of sewage and drainage facilities. The project was completed in 1962.

Elkins LPP—The principal elements are a cutoff channel and dikes, located about 1.5 miles above the city, which divert flood flows from the loop of the Tygart River on which Elkins is located. The project was completed in 1949.

Princeton LPP—Principal features of the protection works are 3.9 miles of channel improvement along Brush Creek, construction of one railroad bridge and extension of another, construction of two highway bridges, and 0.3 mile of railroad relocation. The project was completed in 1961.

Ridgeley, West Virginia, and Cumberland, Maryland—Ridgeley, in Mineral County, is located on the south bank of the North Branch Potomac River, opposite the city of Cumberland, Maryland. Protective works for these communities include about 3.3 miles of channel improvements on the North Branch and its tributary, Wills Creek, supplemented by a system of earth levees and concrete floodwalls. The project includes three pumping stations with related interior drainage facilities, eight pressure conduits totaling 11,200 feet in length, and an industrial water-supply dam. Three highway bridges and a railroad bridge were reconstructed. The project was completed in 1959. Additional channel improvement on the North Branch Potomac River was completed in 1964.

Williamson LPP—The project consists of 2,315 feet of concrete wall along the Tug Fork of Big Sandy River, one pump station, and 16 gated openings. The project was completed in 1963.

Monongahela River, West Virginia and Pennsylvania—The existing project provides for improvement of the river by nine (9) locks and dams to afford slack-water navigation for its entire length from Pittsburgh, Pennsylvania to above Fairmont, West Virginia, a distance of 128.7 miles. The controlling depth is 9 feet and the navigable width varies from 250 feet in the upper reaches to practically the full width of the river at its mouth.

Modernization of the Monongahela River navigation structures in the upper reaches of the waterway in West Virginia is approximately complete. Morgantown, Hildebrand and Opekiska Locks and Dams and modification of Dam 8 have been completed. Proposed replacements for existing Lock 8 and Lock and Dam 7 are now being investigated.

Buckhannon Local Protection Project—The project, located on the Buckhannon River in the heart of the City of Buckhannon, Upshur County, West Virginia, was authorized by the Flood Control Act of 1962. Construction was initiated in August 1967 and the project is scheduled for completion in mid-1969. The improvement will be about 4.6 miles long and consist of deepening, widening and uniformly aligning the river channel, combined with an enlargement of an existing channel cutoff at the upper end of the improvement. Appurtenant work will consist of utility adjustment, bridge foundation protection and channel side slope and disposal area protection. When completed, the project will provide a substantial reduction in flood damages by a flood height reduction of about three feet.

Local Protection Works under Special Continuing Authorities—Small flood control projects under authority provided to the Corps of Engineers by Section 205 of the Flood Control Act of 1962 include channel improvement work completed along the North Branch, Potomac River at Blaine and Bayard; along Middle Fork of Mud River in the Griffithsville-Yawkey area; and work proposed for Parsons, Hambleton and Hendricks on Cheat River. Projects under the authority provided to the Corps of Engineers to snag and clear streams in the interest of flood control by Section 208 of the Flood Control Act of 1954 include projects completed at Bramwell, and Montcalm on Bluestone River; Cairo on North Fork of Hughes River; Coiliers on Harmon Creek; Huntington on Four-pole Creek; Jacksonburg, Pine Grove, and Smithfield on Fishing Creek; Richwood on Cherry River; Stonewood and Nutter Fork on Elk Creek; West Union on Middle Island Creek; Weston on Polk Creek and Stonecoal Creek; Wyatt on Bingamon Creek and additional work is approved for Berwind on Dry Fork in McDowell County and Pax on Paint Creek in Fayette County.

DRIVER IMPROVEMENT PROGRAM

(Point System)

West Virginia's Driver Improvement Program, as administered by the Department of Motor Vehicles, is designed to eliminate the chronically careless driver from the state's highway system.

Under the program "points" are assigned to those convicted of various moving traffic violations. Conviction notices are forwarded to the Department of Motor Vehicles, which maintains each individual's driving record and statistics.

An operator receiving a total of 6 points is sent a warning letter by the Department, outlining the need for more careful driving. Individuals reaching the 9 to 12 point level are required to appear before a Department Reviewing Officer, at which time the most serious cases are subject to suspension of their operator's privileges.

U. S. DEPARTMENT OF AGRICULTURE

Forest Service

Monongahela National Forest

Headquarters: Elkins

Monongahela National Forest was proclaimed by President Woodrow Wilson on April 28, 1920, under the Weeks Law. This law of 1911 provides for the cooperation by states with the United States, and the protection of watersheds of navigable streams. In West Virginia, the national forest was established for flood protection in the Ohio and Potomac River valleys. It is one of a system of about 150 national forests and the only national forest wholly in West Virginia. The Clark-McNary Act of June 7, 1924, broadened the objectives to provide for reforestation and production of timber. The Multiple Use Act of June 12, 1960, provides that National Forests shall be managed for outdoor recreation, range, timber, watershed, hunting and fishing.

The public forest is dedicated to the protection, development, and management of all its resources for the greatest good to the greatest number.

Within the proclaimed boundary there are 1,647,329 acres of which 808,898 acres are owned by the United States. Directly in charge of the national forest is the Forest Supervisor. In the national forest are six ranger districts, each in charge of a district ranger.

Counties in the National Forest and their current acreage in National Forest ownership are:

Grant	14,575	Pocahontas	277,776
Greenbrier	99,402	Preston	3,891
Nicholas	23,434	Randolph	171,570
Pendleton	60,290	Tucker	93,233
		Webster	64,727

The public forest is administered in cooperation with several conservation agencies, including the West Virginia Department of Natural Resources. Twenty-five per cent of receipts from the sale of timber and other products and use fees is returned to the nine national forest counties for schools (80%) and roads (20%).

FISHING STREAMS AND SPECIES

For the benefit of anglers who desire information relative to stocked fishing streams and nearest towns in which hotel accommodations can be found, the following list has been prepared. Numerous other streams and tributaries other than these listed have received substantial stockings of fish. These, however, are the largest, most important and probably the most capable of supporting extra heavy angling pressure. It must be understood that the order in which they are listed does not indicate the number of fish placed in the stream or the anglers chances of catching fish.

OIL AND GAS DEVELOPMENTS IN WEST VIRGINIA IN 1967

I. S. Latimer, Jr.*
Morgantown, West Virginia

ABSTRACT

Drilling activity in West Virginia in 1967 decreased sharply from that reported in 1966. There were 848 wells drilled, compared with 1,207 in 1966. Following is a summary of drilling:

	Oil	Gas	Comb.	Misc.	Dry	Total Wells
1967	206	401	91	23	127	848
1966	214	620	176	50	147	1,207

Exploratory drilling accounted for 42 wells, compared with 80 in 1966. The majority—24—were gas wells, and 17 were dry holes. Twenty-five of the wildcats were extension tests.

Sixty-eight deep wells (Oonodaga and deeper) were drilled in 1967. Of these, 46 tested the Newburg sand (Upper Silurian Williamsport Sandstone), marking the first time in many years that the Oriskany Sandstone (Lower Devonian) was not the primary deep target.

Areas of major interest include: (1) southern Monongalia County, where 6 successful gas wells were completed in South Burns Chapel Field in the Onondaga-Oriskany interval; (2) the Kanawha-Putnam

counties area, where Rocky Fork Field underwent rapid development with the drilling of 19 Newburg wells; (3) northern Kanawha County, where 16 wells were drilled for Big Injun oil (Middle Mississippian); (4) Nicholas County, where a new gas field was being developed near Summersville in the Big Lime (Middle Mississippian Greenbrier Limestone). Activity again was high in the Walton Field, Roane County, and 94 Big Injun oil wells were completed with average initial production of 32 BOPD. North-central West Virginia saw continued interest in drilling for gas in the Riley-Benson sands (Upper Devonian), though somewhat less activity than in 1966.

Secondary recovery oil operations were reported active at seven locations over the western part of the State.

Total footage drilled during the year was 2,148,391 feet, 1,960,120 in development drilling and 188,271 in exploratory tests.

Preliminary figures show little change in production from the previous year. Oil production was 3,561,000 barrels (3,674,000 barrels in 1966), and gas was 211,534 million cubic feet (207,907 million cubic feet in 1966).

TAX DEPARTMENT

COLLECTION OF REVENUE

COLLECTION OF BUSINESS AND OCCUPATION TAX, CARRIER INCOME TAX, AND CORPORATE NET INCOME TAX

The Business and Occupation Tax, Chapter 11, Article 13, West Virginia Code of 1931, as amended, is a tax levied for the privilege of engaging in business in West Virginia. The tax is measured by the application of rates against values of products, gross proceeds of sales, or gross income according to the classification of the business activity in which the taxpayer is engaged. Despite the commonly applied erroneous name, "Gross Sales Tax", it is not a sales tax. Neither is it a transaction tax in the sense that once it is paid on a particular article or service or activity it need not again be paid. It is not, strictly speaking, an income tax, although in most instances, the gross income is the *measure* of the tax. Under the production and manufacturing classifications the measure of the tax is the *value* of the article produced or manufactured as shown by the gross proceeds derived from the sale thereof, provided the proceeds of sale are indicative of the true value of the article. If more than one person engages in a single activity or transaction, as in the case of the contractor and sub-contractor, each must pay a tax measured by his entire income regardless of the tax paid by the other.

The business classifications under the Business and Occupation Tax Law are as follows:

A. Production of Coal and Other Natural Resource Products. The tax is measured by the value of the articles mined or produced as shown by the gross proceeds derived from the sale thereof by the producer, the rates being applied against the value of the entire production in West Virginia, regardless of the place of sale or the fact that deliveries are made to points outside the State.

Coal	\$1.35 per \$100.00
Sand, gravel, or other mineral products not quarried or mined; oil, blast furnace slag	\$3.95 per \$100.00
Natural gas (exemptions include deduction of \$5,000 annually)	\$7.85 per \$100.00
Limestone or sandstone quarried or mined; and timber	\$2.00 per \$100.00
Other natural resource products	\$2.60 per \$100.00

B. Manufacturing, Compounding or Preparing for Sale. The tax is measured by the value of the articles manufactured, compounded or prepared for sale in West Virginia, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding or preparing the same. The rate, 80 cents on each \$100.00 value, applies against the value of the entire production in West Virginia, regardless of the place of the sale or the fact that deliveries are made to points outside the State.

C. (1) Business of Selling Tangible Property at Retail. There is levied a tax of 50 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

(2) Business of Selling Tangible Property at Wholesale. There is levied a tax of 25 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

D. Public Service or Utility Business. The tax rates set forth hereinbelow are levied on the gross income of the following businesses:

Street Interurban and Electric Railways	\$1.30 per \$100.00
Electric Light and Power Companies (sales) and demand charges, domestic purposes and commercial lighting	\$5.20 per \$100.00
Water Companies	\$4.00 per \$100.00
Electric Light and Power Companies (all other sales and demand charges):	\$3.90 per \$100.00
Natural Gas Companies: Toll Bridges	\$3.90 per \$100.00
Other Public Utilities—(Except telegraph and telephone com- panies, railways and other transportation companies)	\$2.60 per \$100.00

E. Contracting. There is levied a tax of \$2.00 on each \$100.00 of gross income, as defined by the statute, for this type of business.

G. Amusement. There is levied a tax of 65 cents on each \$100.00 of gross income, as defined by the statute, for this type of business.

H. Service Business or Calling Not Otherwise Specifically Taxed. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

I. Business of Furnishing Property for Hire. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

J. Small Loan and Industrial Loan. There is levied a tax of \$1.05 on each \$100.00 of gross income, as defined by the statute, for this type of business.

An annual exemption of \$50.00 is provided under the Business and Occupation Tax Law for each person, as defined by the statute, engaged in business in the state.

The West Virginia Carrier Income Tax ch. 11, art. 12A, West Virginia Code of 1931 as amended, is an annual tax on incomes of certain carriers. This article repealed the former "privilege tax on certain carrier corporations" and is imposed on every motor vehicle carrier operating on the public highways of this State and every railroad car carrier, railroad carrier, express company, pipeline company, telephone and telegraph company, airline company and any person operating a steamboat or other watercraft, for the transportation of passengers or freight, doing business in the State. The law provides that the foregoing taxpayers shall pay to the State an annual tax for each calendar year. This tax shall be equal to the gross income from all business beginning and ending within the State multiplied by the respective rates as follows: Motor vehicle carriers, railroad car carrier, railroad carrier, express companies, pipeline companies, airline companies, any person operating a steamboat or other watercraft and telegraph companies, three percent; and telephone companies, three and four-tenths percent: Provided, that any motor vehicle carrier which is an urban or suburban bus line shall be taxed at the rate of two percent of such gross income.

In addition to the tax imposed on gross intrastate income, every motor vehicle carrier operating on the public highways of the State and every railroad carrier, railroad car carrier, express company, pipeline company, telephone and telegraph company, airline company and any person operating a steamboat or other watercraft for the transportation of passengers or freight, doing business in this State shall pay an annual tax for each calendar year on the net income earned within the State equal to three and four-tenths percent of such net income for telephone companies and six percent of such net income for all other carriers included in this section.

The West Virginia Corporate Net Income Tax ch. 11, art. 24, West Virginia Code of 1931, as amended, is a conformity statute which imposes a tax on the net income of corporations and similar business organizations at the rate of six percentum. This being a statute, correlated to the Federal Internal Revenue Code, as amended to 1967, it will simplify preparation of state corporation net income tax returns by taxpayers, improve enforcement and aid interpretation of the law through increased use of federal judicial and administrative determinations and precedents.

The tax is paid in four equal installments, the taxpayer preparing an annual declaration of estimated tax and reconciling the same through the filing of an annual return. The due date of the declaration is the fifteenth day of the fourth month of the tax year. The following quarterly payments are due on the fifteenth day of the sixth, ninth and twelfth months of the taxable year. The annual return is due on the fifteenth day of the third month following the close of the taxable year.

PERSONAL INCOME TAX

The West Virginia Personal Income Tax Act (W. Va. Code, ch. 11, art. 21) was enacted by the 1961 regular session of the legislature on February 10, 1961, and signed by the Governor on February 14, 1961. The provisions of the Act applied

to all taxable years ending on or after December 31, 1961, including that part which elapsed prior to the effective date of the Act. The Act was applied to taxable years beginning prior to and ending in the year 1961, but the tax imposed for any such year was on a prorated basis.

Description of Tax: The West Virginia Income Tax Act imposes a personal income tax on the taxable income of all resident individuals, and resident estates and trusts, irrespective of where such income is earned. Nonresident individuals, estates and trusts are taxed only upon income derived from West Virginia sources. Corporations and partnerships are not subject to the West Virginia income tax. A trust or other unincorporated organization which by reason of its activities is exempt from federal income tax is also exempt from West Virginia income tax.

The Act adopted for West Virginia personal income tax purposes follows the provisions of the federal income tax laws relating to the determination of income. As adopted, the West Virginia Income Tax Act is a conformity statute. The same general concepts of income, gain, loss and deduction are employed in the West Virginia Act as are employed in the federal income tax law. The method used to make reference to the federal law is general in scope. With the exception of several rather technical modifications, West Virginia adjusted gross income is federal adjusted gross income. Amendments made to the federal income tax law which affect income, gain, loss and deduction are reflected in the West Virginia income tax law by periodic legislative enactments. The conformity with the federal income tax law was adopted to simplify preparation of state income tax returns, to improve enforcement of the state income tax through better use of information obtained from federal income tax audits, and to aid interpretation of the state tax law through increased use of federal judicial and administrative determinations and precedents.

Deductions. An individual, resident or nonresident, may use the West Virginia standard deduction on his state return, regardless of whether he used the standard deduction or claimed itemized deductions on his federal return. The West Virginia standard deduction of an individual is ten (10) percent of his West Virginia adjusted gross income or \$1,000, whichever is less. A resident or nonresident individual may elect to use itemized deductions in computing his West Virginia taxable income only if he claimed itemized deductions for the same year on his federal return. Itemized deductions for residents are the same as federal deductions, with the exception: nonresidents' deductions must be attributed to or connected with West Virginia sources.

Personal Exemptions. An individual, resident or nonresident, is allowed an exemption of \$600.00 for each exemption to which he is entitled for the taxable year for federal income tax purposes. A husband and wife who file joint federal but separate West Virginia returns may each claim only the exemptions to which he or she would have been entitled if separate federal returns had been filed. The exemption for an estate or trust is \$600.00.

Rate of Tax. For all taxable years or portions thereof ending prior to January 1, 1963, the West Virginia income tax rate was six (6) per centum of the federal income tax which would have been imposed on an identical amount of federal taxable income. For taxable years or portions thereof beginning on or after January 1, 1963, the West Virginia income tax rate, which is equally applicable to individuals, estates and trusts, is a graduated rate which begins at 1.2% of West Virginia taxable income. The maximum rate is 5.5% of the West Virginia taxable income. The West Virginia Income Tax Act provides only two rate schedules; one for joint returns and surviving spouses, and one for individuals and heads of household.

Credits Against Tax. The West Virginia Income Tax Act provides credits against the personal income tax for: (1) business and occupation tax imposed against the taxpayer; (2) transportation privilege tax imposed against the taxpayer; (3) West Virginia income tax withheld from the individual's wages or salary; (4) estimated income tax payments made by the individual; (5) income taxes paid by residents to other states; and (6) income taxes paid by nonresidents to their state of residence, with certain exceptions or modifications. No federal credits are allowed against the West Virginia income tax.

FOOD STAMP PROGRAM

The Food Stamp Program has expanded into the fifty-five counties within the State. Sale of the Food Stamp Coupons on April 1, 1968, in Berkeley, Grant, Hampshire, Hardy, Jefferson, Mineral, and Morgan Counties completed the expansion in the State. The goal of the Department in expanding the Program throughout the State was accomplished within the 1967-68 fiscal year. The Program has been expanded from four counties in 1965 to the remaining fifty-one counties in 1968. The Department is in a continuance process of upgrading the Program to more effectively meet the needs of low income households.

The Program is not a welfare program, but is a food program devised to meet the food needs of low income households. The Program is not a give away program as people participate in accordance with their limited income and size of the family. It is not necessary to be a recipient of an assistance grant to be eligible for this Program. Households with low income who do not receive welfare and are not eligible for welfare payments are eligible to participate in this Program. The individual is able to buy food at the retail grocer of his choice. The restrictive items are very limited and these include tobacco, detergent and food identified as of foreign origin. The families participating in the Program are enthusiastic regarding the benefits of the Program.

The Allowable Income Schedule was revised in March, 1968, and a one person household with \$130 income is eligible to participate. This increase was from \$125 to \$130. An individual with this income pays \$20 purchase requirement and receives \$26 of Food Stamp Coupons or \$6 in bonus stamps. This increase has enabled more households to become eligible to participate in the Program. The minimum purchase requirement was reduced to .50 for an individual without income. A total of \$13.50 in bonus stamps is given, or the individual has \$14 for food for a .50 investment. This reduction in the purchase requirement has been especially helpful to a household with eight members. The household would pay \$3 purchase requirement and receive \$83 in bonus stamps or a total amount of \$86 to meet the food needs of the household for an investment of \$3.

The following statistics reflect the average number of households participating in the Food Stamp Program by county during the fiscal year, July 1, 1967 through June 30, 1968:
