# Foreword

It is indeed an honor to present to you the seventy-second volume of the West Virginia Blue Book. The Blue Book was not printed last year as part of a cost-cutting movement by the Legislature.

The 1989 Blue Book is published by the State Senate and the Senate Clerk serves as editor. Most of the ground work for this edition was laid by my predecessor as Clerk, the Honorable Todd C. Willis, who edited eight volumes of the Blue Book prior to his retirement in July 1989. I hereby express my gratitude to this gentleman for his years of public service to the Senate and to the State.

The Blue Book is distributed to all schools, government agencies, libraries and other public locations. Information contained in the ensuing sections comes from all levels of government — from the White House to city halls — and from other sources of interest to the Book's various users.

Sincerely,  
DARRELL E. HOLMES

**JOHN M. PANZA, Director and Executive Officer**

The State Board of Rehabilitation, Division of Rehabilitation Services (known prior to June 12, 1987, when name-change legislation took effect, as the State Board of Vocational Education, Division of Vocational Rehabilitation), was established by the 1945 Legislature, Chapter 18, Art. 10A (Code). As such it is authorized and directed to cooperate with the federal government to provide rehabilitation to disabled persons. The board appoints the director of the division, who recommends necessary personnel and establishes appropriate administrative units with the approval of the board. The director makes regulations, submits an annual report to the board, requisitions the disbursement of all rehabilitation funds, and takes such other action as necessary to provide rehabilitation services.

The director, under the direction of the board, operates the agency under state plans approved by the Rehabilitation Services Administration and the Social Security Administration. The director is authorized by law to receive gifts and determine eligibility for service.

The board is also authorized to establish and operate rehabilitation centers and workshops and to promulgate rules and regulations for operation of such facilities in the state by public or voluntary agencies, to certify workshops as eligible to sell products to the state, and to receive federal vocational rehabilitation aid.

The wide variety of services provided by vocational rehabilitation can be grouped under four broad headings: (1) medical, (2) psychological, (3) social and (4) vocational.

# STATE BOARDS and COMMISSIONS

## GENERAL PROVISIONS

Under Chapter 30, Article 1 of the Code of West Virginia, all boards of examination and registration are governed by the following general rules, unless otherwise specifically provided:

Each board is required to adopt an official seal, make such rules and regulations, not inconsistent with law, as it deems best, and hold at least two meetings each year. Each board is also given power to compel the attendance of witnesses, and its officers are authorized to administer oaths.

Each applicant for license or registration must transmit with his application an examination fee of \$20, unless a different fee is especially provided by law. Each board is allowed to charge \$5 for each license or certificate issued and the same sum for every duplicate thereof. All licenses or certificates of registration are required to be numbered serially and to be signed by a majority of the members of the board, and each board has power to revoke, for cause, the certificate it issues. An applicant who has been refused a license, or a licensee whose certificate has been revoked has the right to appeal from the action of the board to the Circuit Court of the county in which he resides.

Unless otherwise specified, members of boards are allowed \$35 per day for each day actually spent in attending sessions of the board or of its committees and in necessary travel, and entitled to reimbursement for all actual and necessary expenses in carrying out their official duties.

Each board is required to make a report annually to the Governor on or before the first day of January, and the secretary of each board is required to prepare and maintain a complete roster of all persons licensed or registered by it.

## MAGISTRATE COURTS

Magistrate Courts supplanted the justice-of-the-peace system through the 1974 Judicial Reorganization Amendment. There are 156 magistrates statewide, with at least two in every county and ten in the largest county.

Magistrates hear about 300,000 cases a year, and have jurisdiction over most misdemeanors, civil cases where \$3,000 or less is in dispute, traffic and Natural Resources offenses, preliminary hearings and arraignments in felony cases, brief commitments under mental hygiene law, and sometimes serve as juvenile referees.

Magistrates are elected for four-year terms. Terms expire December 1988. Salaries, in two tiers, are \$19,000 and \$25,125.

# THE CONSTITUTION OF THE UNITED STATES OF AMERICA

## *[Preamble]*

WE THE PEOPLE of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this CONSTITUTION for the United States of America.<sup>1</sup>

## ARTICLE I.

### Section 1.

#### *[Legislative Powers]*

All legislative Powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

### Section 2.

#### *[House of Representatives, How Constituted, Power of Impeachment]*

The House of Representatives shall be composed of Members chosen every second Year by the People of the several States, and the Electors in each State shall have the Qualifications requisite for Electors of the most numerous Branch of the State Legislature.

No Person shall be a Representative who shall not have attained to the Age of twenty five Years, and been seven Years a Citizen of the United States, and who shall not, when elected, be an Inhabitant of that State in which he shall be chosen.

[Representatives and direct Taxes shall be apportioned among the several States which may be included within this Union, according to their respective Numbers, which shall be determined by adding to the whole Number of free Persons, including those bound to Service for a Term of Years, and excluding Indians not taxed, three fifths of all other Persons.]<sup>2</sup> The actual Enumeration shall be made within three Years after the first Meeting of the Congress of the United States, and within every subsequent Term of ten Years, in such Manner as they shall by Law direct. The Number of Representatives shall not exceed one for every thirty Thousand, but each State shall have at Least one Representative; and until such enumeration shall be made, the State of New Hampshire shall be entitled to chuse three, Massachusetts eight, Rhode-Island and Providence Plantations one, Connecticut five, New-York six, New Jersey four, Pennsylvania eight, Delaware one, Maryland six, Virginia ten, North Carolina five, South Carolina five, and Georgia three.

<sup>1</sup>The article and section headings appearing in brackets have been inserted in this printing of the original Constitution. The arrangement, capitalization and spelling follow the printing contained in *The Constitution of the United States* (5th ed. 1952), published by the Library of Congress. The footnotes and the brackets within the text of the Constitution indicating provisions changed or superseded by amendment have been supplied by the Editor.

<sup>2</sup>See 14th Amendment, § 2, and 16th Amendment.

When vacancies happen in the Representation from any State, the Executive Authority thereof shall issue Writs of Election to fill such Vacancies.

The House of Representatives shall chuse their Speaker and other Officers; and shall have the sole Power of Impeachment.

### Section 3.

#### *[The Senate, How Constituted, Impeachment Trials]*

[The Senate of the United States shall be composed of two Senators from each State, chosen by the Legislature thereof, for six Years; and each Senator shall have one Vote.]<sup>3</sup>

Immediately after they shall be assembled in Consequence of the first Election, they shall be divided as equally as may be into three Classes. The Seats of the Senators of the first Class shall be vacated at the Expiration of the second Year, of the second Class at the Expiration of the fourth Year, and of the third Class at the Expiration of the sixth Year, so that one third may be chosen every second Year; [and if Vacancies happen by Resignation, or otherwise, during the Recess of the Legislature of any State, the Executive thereof may make temporary Appointments until the next Meeting of the Legislature, which shall then fill such Vacancies.]<sup>4</sup>

No Person shall be a Senator who shall not have attained to the Age of thirty Years, and been nine Years a Citizen of the United States, and who shall not, when elected, be an Inhabitant of that State for which he shall be chosen.

The Senate shall chuse their other Officers, and also a President pro tempore, in the Absence of the Vice President, or when he shall exercise the Office of President of the United States.

The Senate shall have the sole Power to try all Impeachments. When sitting for that Purpose, they shall be on Oath or Affirmation. When the President of the United States is tried the Chief Justice shall preside: And no Person shall be convicted without the Concurrence of two thirds of the members present.

The Congress shall assemble at least once in every Year, and such Meeting shall be on the first Monday in December, unless they shall by Law appoint a different Day.<sup>5</sup>

### Section 5.

#### *[Quorum, Journals, Meetings, Adjournments]*

Each House shall be the Judge of the Elections, Returns and Qualifications of its own Members, and a Majority of each shall constitute a Quorum to do Business; but a smaller Number may adjourn from day to day, and may be authorized to compel the Attendance of absent Members, in such Manner, and under such Penalties as each House may provide.

## ARTICLE I

### Relations to the Government of the United States

§1. The State of West Virginia is and shall remain, one of the United States of America. The Constitution of the United States of America, and the laws and treaties made in pursuance thereof, shall be the supreme law of the land.

### Internal Government and Police

§2. The government of the United States is a government of enumerated powers, and all powers not delegated to it, nor inhibited to the states, are reserved to the states or to the people thereof. Among the powers so reserved to the states is the exclusive regulation of their own internal government and police; and it is the high and solemn duty of the several departments of government, created by this Constitution, to guard and protect the people of this State, from all encroachments upon the rights so reserved.

### Continuity of Constitutional Operation

§3. The provisions of the Constitution of the United States, and of this State, are operative alike in a period of war as in time of peace, and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good government, and tends to anarchy and despotism.

### Representatives to Congress

§4. For the election of representatives to Congress, the State shall be divided into districts, corresponding in number with the representatives to which it may be entitled; which districts shall be formed of contiguous counties, and be compact. Each district shall contain as nearly as may be, an equal number of population, to be determined according to the rule prescribed in the Constitution of the United States.

## ARTICLE II

### The State

§1. The territory of the following counties, formerly parts of the Commonwealth of Virginia, shall constitute and form the State of West Virginia, viz:

The counties of Barbour, Berkeley, Boone, Braxton, Brooke, Cabell, Calhoun, Clay, Doddridge, Fayette, Gilmer, Grant, Greenbrier, Hampshire, Hancock, Hardy, Harrison, Jackson, Jefferson, Kanawha, Lewis, Lincoln, Logan, Marion, Marshall, Mason, McDowell, Mercer, Mineral, Monongalia, Monroe, Morgan, Nicholas, Ohio, Pendleton, Pleasants, Pocahontas, Preston, Putnam, Raleigh, Randolph, Ritchie, Roane, Summers, Taylor, Tucker, Tyler, Upshur, Wayne, Webster, Wetzel, Wirt, Wood and Wyoming. The State of West Virginia includes the bed, bank and shores of the Ohio River, and so much of the Big Sandy River as was formerly included in the Commonwealth of Virginia; and all territorial rights and property in, and jurisdiction over, the same, heretofore reserved by, and vested in, the Commonwealth of Virginia, are vested in and shall hereafter be exercised by, the State of West Virginia. And such parts of the said beds, banks and shores as lie opposite, and adjoining the several counties of this State, shall form parts of said several counties respectively.

*[Editor's note.—All of the territory of West Virginia was taken from the Commonwealth of Virginia, and the Constitution of 1863 forty-four of the above-named counties were designated as forming the State of West Virginia, and in addition, the counties of Berkeley, Hampshire, Hardy, Jefferson, Morgan and Pendleton were to be admitted should that Constitution be adopted by a vote of the people of the districts comprising those counties. The districts adopted the Constitution, and these six counties became part of the State.]*

The remaining four counties mentioned above were created by acts of the Legislature as follows. Mineral county, from Hampshire county, on February 1, 1866; Grant county, from Hardy county, on February 14, 1866; Lincoln county, from parts of Cabell, Putnam, Kanawha and Boone counties on February 23, 1867; and Summers county, from parts of Greenbrier, Monroe, Mercer and Fayette counties, on February 27, 1871. After the ratification of the Constitution of 1872, Mingo county was created by act of the Legislature from Logan county, on February 23, 1895, to make a total of fifty-five counties.]

Treason shall be punished according to the character of the acts committed, by the infliction of one, or more, of the penalties, of death, imprisonment or fine, as may be prescribed by law.

§1. The legislative, executive and judicial departments shall be separate and distinct, so that neither shall exercise the powers properly belonging to either of the others; nor shall any person exercise the powers of more than one of them at the same time, except that justices of the peace shall be eligible to the Legislature.

## ARTICLE VI

### The Legislature

§1. The legislative power shall be vested in a Senate and House of Delegates. The style of their acts shall be, "Be it enacted by the Legislature of West Virginia."

### Composition of Senate and House of Delegates

§2. The Senate shall be composed of twenty-four, and the House of Delegates of sixty-five members, subject to be increased according to the provisions hereinafter contained.

[Editor's note.—The Senate is now composed of thirty-four, and the House of Delegates of one hundred members.]

### Senators and Delegates—Terms of Office

§3. Senators shall be elected for the term of four years, and delegates for the term of two years. The senators first elected, shall divide themselves into two classes, one senator from every district being assigned to each class; and of these classes, the first to be designated by lot in such manner as the senate may determine, shall hold their seats for two years, and the second for four years, so that after the first election, one half of the senators shall be elected biennially.

### Division of State Into Senatorial Districts

§4. For the election of senators, the State shall be divided into twelve senatorial districts, which number shall not be diminished, but may be increased as hereinafter provided. Every district shall elect two senators, but, where the district is composed of more than one county, both shall not be chosen from the same county. The districts shall be compact, formed of contiguous territory, bounded by county lines, and, as nearly as practicable, equal in population, to be ascertained by the census of the United States. After every such census, the Legislature shall alter the senatorial districts, so far as may be necessary to make them conform to the foregoing provision.

### Senatorial Districts Designated

§5. Until the senatorial districts shall be altered by the Legislature as herein prescribed, the counties of Hancock, Brooke and Ohio, shall constitute the first senatorial district; Marshall, Wetzel and Marion, the second; Ritchie, Doddridge, Harrison, Gilmer and Calhoun, the third; Tyler, Pleasants, Wood and Wirt, the fourth; Jackson, Mason, Putnam and Roane, the fifth; Kanawha, Clay, Nicholas, Braxton and Webster, the sixth; Cabell, Wayne, Lincoln, Boone, Logan, Wyoming, McDowell and Mercer, the seventh; Monroe, Greenbrier, Summers, Pocahontas, Fayette and Raleigh, the eighth; Lewis, Randolph, Upshur, Barbour, Taylor and Tucker, the ninth; Preston and Monongalia, the tenth; Hampshire, Mineral, Hardy, Grant and Pendleton, the eleventh; Berkeley, Morgan and Jefferson, the twelfth.

### Provision for Delegate Representation

§6. For the election of delegates, every county containing a population of less than three fifths of the ratio of representation for the House of Delegates, shall, at each apportionment, be attached to some contiguous county or counties, to form a delegate district.

### After Census, Delegate Apportionment

§7. After every census the delegates shall be apportioned as follows: The ratio of representation for the House of Delegates shall be ascertained by dividing the whole population of the State by the number of which the house is to consist and rejecting the fraction of a unit, if any, resulting from such division. Dividing the population of every delegate district, and of every county not included in a delegate district, by the ratio thus ascertained, there shall be assigned to each a number of delegates equal to the quotient obtained by this division, excluding the fractional remainder. The additional delegates necessary to make up the number of which the house is to consist, shall then be assigned to those delegate districts, and counties not included in a delegate district, which would otherwise have the largest fractions unrepresented; but every delegate district and county not included in a delegate district, shall be entitled to at least one delegate.

### Designation of Delegate Districts

§8. Until a new apportionment shall be declared, the counties of Pleasants and Wood shall form the first delegate district, and elect three delegates; Ritchie and Calhoun the second, and elect two delegates; Barbour, Harrison and Taylor the third, and elect one delegate; Randolph and Tucker the fourth, and elect one delegate; Nicholas, Clay and Webster the fifth, and elect one delegate; McDowell and Wyoming the sixth, and elect one delegate.

To Berkeley, Harrison, Jefferson, Marion, Marshall, Mason, Monongalia and Preston counties, two delegates each.

To Kanawha County, three delegates.

To Ohio County, four delegates.

[Editor's note.—Many changes have been made in this apportionment. There are now forty delegate districts. For the present apportionment, see Acts, Regular Session, 1982, c. 99, p. 540.]

### Arrangement of Senatorial and Delegate Districts

§10. The arrangement of the senatorial and delegate districts, and apportionment of delegates, shall hereafter be declared by law, as soon as possible after each succeeding census, taken by authority of the United States. When so declared they shall apply to the first general election for members of the Legislature, to be thereafter held, and shall continue in force unchanged, until such districts shall be altered, and delegates apportioned, under the succeeding census.

### Additional Territory May Be Admitted into State

§11. Additional territory may be admitted into, and become part of this State, with the consent of the Legislature and a majority of the qualified voters of the State, voting on the question. And in such case provisions shall be made by law for the representation thereof in the Senate and House of Delegates, in conformity with the principles set forth in this Constitution. And the number of members of which each house of the Legislature is to consist, shall thereafter be increased by the representation assigned to such additional territory.

### Senators and Delegates Required to Be Residents of Districts

These oaths shall be administered in the hall of the house to which the member is elected, by a judge of the supreme court of appeals, or of a circuit court, or by any other person authorized by law to administer an oath; and the secretary of state shall record and file said oaths subscribed by each member; and no other oath or declaration shall be required as a qualification. Any member who shall refuse to take the oath herein prescribed, shall forfeit his seat; and any member who shall be convicted of having violated the oath last above required to be taken, shall forfeit his seat and be disqualified thereafter from holding any office of profit or trust in this State.

The budget shall contain a complete plan of proposed expenditures and estimated revenues for the fiscal year and shall show the estimated surplus or deficit of revenues at the end of each fiscal year. Accompanying each budget shall be a statement showing: (a) An estimate of the revenues and expenditures for the current fiscal year, including the actual revenues and actual expenditures to the extent available, and the revenues and expenditures for the next preceding fiscal year; (b) the current assets, liabilities, reserves and surplus or deficit of the State; (c) the debts and funds of the State; (d) an estimate of the State's financial condition as of the beginning and end of the fiscal year covered by the budget; (e) any explanation the governor may desire to make as to the important features of the budget and any suggestions as to methods for reduction or increase of the State's revenue.

The governor may, with the consent of the Legislature, before final action thereon by the Legislature, amend or supplement the budget to correct an oversight, or to provide funds contingent on passage of pending legislation, and in case of an emergency, he may deliver such an amendment or supplement to the presiding officers of both houses; and the amendment or supplement shall thereby become a part of the budget bill as an addition to the items of the bill or as a modification of or a substitute for any item of the bill the amendment or supplement may affect.

(5) The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or decreasing any item therein: Provided, that no item relating to the judiciary shall be decreased, and except as otherwise provided in this Constitution, the salary or compensation of any public officer shall not be increased or decreased during his term of office: Provided further, that the Legislature shall not increase the estimate of revenue submitted in the budget without the approval of the governor.

### **Subsection D—General Provisions**

(8) If the budget bill shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the governor shall issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of the bill; but no matter other than the bill shall be considered during such an extension of a session except a provision for the cost thereof.

(9) For the purpose of making up the budget, the governor shall have the power, and it shall be his duty, to require from the proper state officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state moneys and appropriations, such itemized estimates and other information, in such form and at such times as he shall direct. The estimates for the legislative department, certified by the presiding officer of each house, and for the judiciary, as provided by law, certified by the auditor, shall be transmitted to the governor in such form and at such times as he shall direct, and shall be included in the budget.

(10) The governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies and all institutions applying for state moneys. After such public hearings he may, in his discretion, revise all estimates except those for the legislative and judiciary departments.

(11) Every budget bill or supplementary appropriation bill passed by a majority of the members elected to each house of the Legislature shall, before it becomes a law, be presented to the governor. The governor may veto the bill, or he may disapprove or reduce items or parts of items contained therein. If he approves he shall sign it and thereupon it shall become a law. The bill, items or parts thereof, disapproved or reduced by the governor, shall be returned with his objections to each house of the Legislature.

Each house shall enter the objections at large upon its journal and proceed to reconsider. If, after reconsideration, two thirds of the members elected to each house agree to pass the bill, or such items or parts thereof, as were disapproved or reduced, the bill, items or parts thereof, approved by two thirds of such members, shall become law, notwithstanding the objections of the governor. In all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal.

A bill, item or part thereof, which is not returned by the governor within five days (Sundays excepted) after the bill has been presented to him shall become a law in like manner as if he had signed the bill, unless the Legislature, by adjournment, prevents such return, in which case it shall be filed in the office of the secretary of state, within five days after such adjournment, and shall become a law; or it shall be so filed within such five days with the objections of the governor, in which case it shall become law to the extent not disapproved by the governor.

(12) The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

(13) In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, the provisions of this section shall prevail. But nothing herein shall be construed as preventing the governor from calling extraordinary sessions of the Legislature, as provided by section nineteen of this article, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

(14) If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

[Editor's note.—The amendment of this section was proposed by House Joint Resolution No. 3, Acts 1967; submitted by Acts 1968, c. 15; and ratified on November 5, 1968. The amendment rewrote the section to read as set out above and designated it the "Modern Budget Amendment."]

This section, prior to its amendment, read:

"Every bill passed by the Legislature shall, before it becomes a law, be presented to the governor. If he approve, he shall sign it, and thereupon it shall become a law; but if not, he shall return it with his objections, to the house in which it originated, which house shall enter the objections at large upon its journal, and proceed to reconsider it. If, after such reconsideration, a majority of the members elected to that house agree to pass the bill, it shall be sent, together with the objections to the other house, by which it shall likewise be reconsidered, and if approved by a majority of the members elected to that house, it shall become a law, notwithstanding the objections of the governor. But in all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal. Any bill which shall not be returned by the governor within five days (Sundays excepted) after it shall have been presented to him shall be a law, in like manner as if he had signed it, unless the Legislature shall, by their adjournment, prevent its return, in which case it shall be filed with his objections in the office of the secretary of state, within five days after such adjournment, or become a law."]

The subordinate officers of the executive department and the officers of all public institutions of the State shall keep an account of all moneys received or disbursed by them, respectively, from all sources and for every service performed, and make a semiannual report thereof to the governor under oath or affirmation; and any officer who shall wilfully make a false report shall be deemed guilty of perjury.

## ARTICLE VIII

### Judicial Power

§1. The judicial power of the State shall be vested solely in a supreme court of appeals and in the circuit courts, and in such intermediate appellate courts and magistrate courts as shall be hereafter established by the Legislature, and in the justices, judges and magistrates of such courts.

#### Supreme Court of Appeals

§2. The supreme court of appeals shall consist of five justices. A majority of the justices of the court shall constitute a quorum for the transaction of business.

The justices shall be elected by the voters of the State for a term of twelve years, unless sooner removed or retired as authorized in this article. The Legislature may prescribe by law whether the election of such justices is to be on a partisan or nonpartisan basis.

Provision shall be made by rules of the supreme court of appeals for the selection of a member of the court to serve as chief justice thereof. If the chief justice is temporarily disqualified or unable to serve, one of the justices of the court designated in accordance with the rules of the court shall serve temporarily in his stead.

When any justice is temporarily disqualified or unable to serve, the chief justice may assign a judge of a circuit court or of an intermediate appellate court to serve from time to time in his stead.

#### Supreme Court of Appeals: Jurisdiction and Powers; Officers and Employees: Terms

§3. The supreme court of appeals shall have original jurisdiction of proceedings in habeas corpus, mandamus, prohibition and certiorari.

The court shall have appellate jurisdiction in civil cases at law where the matter in controversy, exclusive of interest and costs, is of greater value or amount than three hundred dollars unless such value or amount is increased by the Legislature; in civil cases in equity; in controversies concerning the title or boundaries of land; in proceedings in quo warranto, habeas corpus, mandamus, prohibition and certiorari; and in cases involving personal freedom or the constitutionality of a law. It shall have appellate jurisdiction in criminal cases, where there has been a conviction for a felony or misdemeanor in a circuit court, and such appellate jurisdiction as may be conferred upon it by law where there has been such a conviction in any other court. In criminal proceedings relating to the public revenue, the right of appeal shall belong to the State as well as to the defendant. It shall have such other appellate jurisdiction, in both civil and criminal cases, as may be prescribed by law.

The court shall have power to promulgate rules for all cases and proceedings, civil and criminal, for all of the courts of the State relating to writs, warrants, process, practice and procedure, which shall have the force and effect of law.

The court shall have general supervisory control over all intermediate appellate courts, circuit courts and magistrate courts. The chief justice shall be the administrative head of all the courts. He may assign a judge from one intermediate appellate court to another, from one

circuit court to another, or from one magistrate court to another, for temporary service. The court shall appoint an administrative director to serve at its pleasure at a salary to be fixed by the court. The administrative director shall, under the direction of the chief justice, prepare and submit a budget for the court.

The officers and employees of the supreme court of appeals, including the clerk and the law librarian, shall be appointed and may be removed by the court. Their duties and compensation shall be prescribed by the court.

The number, times and places of the terms of the supreme court of appeals shall be prescribed by law. There shall be at least two terms of the court held annually.

#### **Writ of Error, Supersedeas and Appeal; Scope and Form of Decisions**

§4. A writ of error, supersedeas or appeal shall be allowed by the supreme court of appeals, or a justice thereof, only upon a petition assigning error in the judgment or proceedings of a court and then only after the court, or a justice thereof, shall have examined and considered the record and is satisfied that there probably is error in the record, or that it presents a point proper for the consideration of the court.

No decision rendered by the court shall be considered as binding authority upon any court, except in the particular case decided, unless a majority of the justices of the court concur in such decision.

When a judgment or order of another court is reversed, modified or affirmed by the court, every point fairly arising upon the record shall be considered and decided; the reasons therefor shall be concisely stated in writing and preserved with the record; and it shall be the duty of the court to prepare a syllabus of the points adjudicated in each case in which an opinion is written and in which a majority of the justices thereof concurred, which shall be prefixed to the published report of the case.

#### **Circuit Courts**

§5. The judge or judges of each circuit court shall be elected by the voters of the circuit for a term of eight years, unless sooner removed or retired as authorized in this article. The Legislature may prescribe by law whether the election of such judges is to be on a partisan or nonpartisan basis. Upon the effective date of this article, each statutory court of record of limited jurisdiction existing in the State immediately prior to such effective date shall become part of the circuit court for the circuit in which it presently exists, and each such judge of such statutory court of record of limited jurisdiction shall thereupon become a judge of such circuit court. During his continuance in office, a judge of a circuit court shall reside in the circuit of which he is a judge.

The Legislature may increase, or other than during term of office decrease, the number of circuit judges within any circuit. The judicial circuits in existence on the effective date of this article shall remain as so constituted until changed by law, and the Legislature, at any session thereof held in the odd-numbered year next preceding the time for the full term election of the judges thereof, may rearrange the circuits and may increase or diminish the number of circuits. A judge of a circuit court in office at the time of any such change shall continue as a judge of the circuit in which he shall continue to reside after such change until his term shall expire, unless sooner removed or retired as authorized in this article.

There shall be at least one judge for each circuit court and as many more as may be necessary to transact the business of such court. If there be two or more judges of a circuit court, provision shall be made by rules of such circuit court for the selection of one of such judges to serve as chief judge thereof. If the chief judge is temporarily disqualified or unable to serve, one of the judges of the circuit court designated in accordance with the rules of such court shall serve temporarily in his stead.

The supreme court of appeals shall provide for dividing the business of those circuits in which there shall be more than one judge between the judges thereof so as to promote and secure the convenient and expeditious transaction of such business.

In every county in the State the circuit court for such county shall sit at least three times in each year. The supreme court of appeals shall designate the times at which each circuit court shall sit, but until this action is taken by the supreme court of appeals, each circuit court shall sit at the times prescribed by law. If there be two or more judges of a circuit court, such judges may hold court in the same county or in different counties within the circuit at the same time or at different times.

### **Circuit Courts; Jurisdiction, Authority and Power**

§6. Circuit courts shall have control of all proceedings before magistrate courts by mandamus, prohibition and certiorari.

Circuit courts shall have original and general jurisdiction of all civil cases at law where the value or amount in controversy, exclusive of interest and costs, exceeds one hundred dollars unless such value or amount is increased by the Legislature; of all civil cases in equity; of proceedings in habeas corpus, mandamus, quo warranto, prohibition and certiorari; and of all crimes and misdemeanors. On and after January one, one thousand nine hundred seventy-six, the Legislature may provide that all matters of probate, the appointment and qualification of personal representatives, guardians, committees and curators, and the settlements of their accounts, shall be vested exclusively in circuit courts or their officers, but until such time as the Legislature provides otherwise, jurisdiction in such matters shall remain in the county commissions or tribunals existing in lieu thereof or the officers of such county commissions or tribunals.

Circuit courts shall have appellate jurisdiction in all cases, civil and criminal, where an appeal, writ of error or supersedeas is allowed by law to the judgment or proceedings of any magistrate court, unless such jurisdiction is conferred by law exclusively upon an intermediate appellate court or the supreme court of appeals.

Circuit courts shall also have such other jurisdiction, authority or power, original or appellate or concurrent, as may be prescribed by law.

Subject to the approval of the supreme court of appeals, each circuit court shall have the authority and power to establish local rules to govern the court.

Subject to the supervisory control of the supreme court of appeals, each circuit court shall have general supervisory control over all magistrate courts in the circuit. Under the direction of the chief justice of the supreme court of appeals, the judge of the circuit court, or the chief judge thereof if there be more than one judge of the circuit court, shall be the administrative head of the circuit court and all magistrate courts in the circuit.

### **General Provisions Relating to Justices, Judges and Magistrates**

§7. All justices, judges and magistrates must be residents of this State and shall be commissioned by the governor. No person may hereafter be elected as a justice of the supreme court of appeals unless he has been admitted to practice law for at least ten years prior to his election, and no person may hereafter be elected as a judge of a circuit court unless he has been admitted to practice law for at least five years prior to his election.

Justices, judges and magistrates shall receive the salaries fixed by law, which shall be paid entirely out of the state treasury, and which may be increased but shall not be diminished during their term of office, and they shall receive expenses as provided by law. The salary of a circuit judge shall also not be diminished during his term of office by virtue of the statutory courts of record of limited jurisdiction of his circuit becoming a part of such circuit as provided in section five of this article.

Any justice of the supreme court of appeals and any judge of any circuit court, including any statutory court of record of limited jurisdiction which becomes a part of a circuit court by virtue of section five of this article, in office on the effective date of this article shall continue in office until his term shall expire, unless sooner removed or retired as authorized in this article: *Provided*, That as to the term of any judge of a statutory court of record of limited jurisdiction which does not expire on the thirty-first day of December, one thousand nine

hundred seventy-six, the following provisions shall govern and control unless any such judges shall be sooner removed or retired as authorized in this article: (1) If the term would otherwise expire before the thirty-first day of December, one thousand nine hundred seventy-six, such term shall continue through and expire on said thirty-first day of December, one thousand nine hundred seventy-six, (2) if the term would otherwise expire on the first day of January, one thousand nine hundred seventy-seven, such term shall terminate and expire on the thirty-first day of December, one thousand nine hundred seventy-six, and (3) if the term would otherwise expire after the thirty-first day of December, one thousand nine hundred seventy-six, but other than on the first day of January, one thousand nine hundred seventy-seven, such term shall continue through and expire on the thirty-first day of December, one thousand nine hundred eighty-four.

No justice, judge or magistrate shall hold any other office, or accept any appointment or public trust, under this or any other government; nor shall he become a candidate for any elective public office or nomination thereto, except a judicial office; and the violation of any of these provisions shall vacate his judicial office. No justice of the supreme court of appeals or judge of an intermediate appellate court or of a circuit court shall practice the profession of law during the term of his office, but magistrates who are licensed to practice this profession may practice law except to the extent prohibited by the Legislature.

If from any cause a vacancy shall occur in the office of a justice of the supreme court of appeals or a judge of a circuit court, the governor shall issue a directive of election to fill such vacancy in the manner prescribed by law for electing a justice or judge of the court in which the vacancy exists, and the justice or judge shall be elected for the unexpired term; and in the meantime, the governor shall fill such vacancy by appointment until a justice or judge shall be elected and qualified. If the unexpired term be less than two years, or such additional period, not exceeding a total of three years, as may be prescribed by law, the governor shall fill such vacancy by appointment for the unexpired term.

### **Censure, Temporary Suspension and Retirement of Justices, Judges and Magistrates; Removal**

§8. Under its inherent rule-making power, which is hereby declared, the supreme court of appeals shall, from time to time, prescribe, adopt, promulgate and amend rules prescribing a judicial code of ethics, and a code of regulations and standards of conduct and performances for justices, judges and magistrates, along with sanctions and penalties for any violation thereof, and the supreme court of appeals is authorized to censure or temporarily suspend any justice, judge or magistrate having the judicial power of the State, including one of its own members, for any violation of any such code of ethics, code of regulations and standards, or to retire any such justice, judge or magistrate who is eligible for retirement under the West Virginia judges' retirement system (or any successor or substituted retirement system for justices, judges and magistrates of this State) and who, because of advancing years and attendant physical or mental incapacity, should not, in the opinion of the supreme court of appeals, continue to serve as a justice, judge or magistrate.

No justice, judge or magistrate shall be censured, temporarily suspended or retired under the provisions of this section unless he shall have been afforded the right to have a hearing before the supreme court of appeals, nor unless he shall have received notice of the proceedings, with a statement of the cause or causes alleged for his censure, temporary suspension or retirement, at least twenty days before the day on which the proceeding is to commence. No justice of the supreme court of appeals may be temporarily suspended or retired unless all of the other justices concur in such temporary suspension or retirement. When rules herein authorized are prescribed, adopted and promulgated, they shall supersede all laws and parts of laws in conflict therewith, and such laws shall be and become of no further force or effect to the extent of such conflict.

A retired justice or judge may, with his permission and with the approval of the supreme court of appeals, be recalled by the chief justice of the supreme court of appeals for temporary assignment as a justice of the supreme court of appeals, or judge of an intermediate appellate court, a circuit court or a magistrate court.

A justice or judge may be removed only by impeachment in accordance with the provisions of section nine, article four of this Constitution. A magistrate may be removed from office in the manner provided by law for the removal of county officers.

### Clerks of Circuit Courts

§9. The voters of each county shall elect a clerk of the circuit court, whose term of office shall be six years; his duties, responsibilities, compensation and the manner of removing him from office shall be prescribed by law. Whenever the clerk shall be so situated as to make it improper for him to act in any matter, a clerk to act therein shall be appointed by the judge of the circuit court or the chief judge thereof, if there be more than one judge of the circuit court. Vacancies shall be filled in the manner prescribed by law. A clerk of the circuit court in office on the effective date of this article shall continue in office until his term shall expire, unless sooner removed in the manner prescribed by law.

### Magistrate Courts

§10. The Legislature shall establish in each county a magistrate court or courts with the right of appeal as prescribed by law. Such courts shall be courts of record if so prescribed by law.

The Legislature shall determine the qualifications and the number of magistrates for each such court to be elected by the voters of the county, and the Legislature may prescribe by law whether the election of such magistrates is to be on a partisan or nonpartisan basis: *Provided*, That any person in office as a justice of the peace of this State on the effective date of this article and who has served as a justice of the peace of this State for at least one year prior to such effective date shall, insofar as any qualifications established by the Legislature for the office of magistrate are concerned and notwithstanding the same, be deemed qualified for life to run for election as a magistrate of any such court: *And provided further*, That the Legislature shall not have the power to require that a magistrate be a person licensed to practice in the profession of law, nor shall any justice or judge of any higher court establish any rules which by their nature would dictate or mandate that a magistrate be a person licensed to practice the profession of law. The magistrates of such courts shall hold their offices for the term of four years unless sooner removed or retired as authorized in this article. The Legislature shall also determine the number of officers to be selected for each such court and the manner of their selection. During his continuance in office a magistrate or officer of such a court shall reside in the county for which he is elected or selected. The Legislature shall prescribe by law for the filling of any vacancy in the office of a magistrate or officer of such court.

The jurisdiction of a magistrate court shall extend throughout the county for which it is established, shall be uniform for all counties of the State and shall be subject to such regulations as to venue of actions and the counties in which process may be executed or served on parties or witnesses as may be prescribed by law. The times and places for holding such courts shall be designated or determined in such manner as shall be prescribed by law.

Magistrate courts shall have such original jurisdiction in criminal matters as may be prescribed by law, but no person shall be convicted or sentenced for a felony in such courts. In criminal cases, the procedure may be by information or warrant of arrest, without presentment or indictment by a grand jury. Such courts shall have original jurisdiction in all civil cases at law wherein the value or amount in controversy, exclusive of interest and costs, shall not exceed fifteen hundred dollars, unless such amount and value shall be increased by the Legislature, except such civil matters as may be excluded from their jurisdiction by law; and, to the extent provided by law, in proceedings involving real estate when the title thereto is not in controversy. No judgment of a magistrate in any proceeding involving real estate or any right pertaining thereto shall bar the title of any party or any remedy therefor.

The division of the business of a magistrate court in any county in which there shall be more than one magistrate of such court between the magistrates thereof so as to promote and secure the convenient and expeditious transaction of such business shall be determined in

such manner or by such method as shall be prescribed by the judge of the circuit court of such county, or the chief judge thereof, if there be more than one judge of such circuit court.

In a trial by jury in a magistrate court, the jury shall consist of six jurors who are qualified as prescribed by law.

No magistrate or any officer of a magistrate court shall be compensated for his services on a fee basis or receive to his own use for his services any pecuniary compensation, reward or benefit other than the salary prescribed by law.

### **Municipal Courts**

§11. The Legislature may provide for the establishment in incorporated cities, towns or villages of municipal, police or mayors' courts, and may also provide the manner of selection of the judges of such courts. Such courts shall have jurisdiction to enforce municipal ordinances, with the right of appeal as prescribed by law. Until otherwise provided by law, all such courts heretofore established shall remain and continue as now constituted, and with the same right of appeal, insofar as their jurisdiction to enforce municipal ordinances is concerned; but on and after January one, one thousand nine hundred seventy-seven, any other jurisdiction now exercised by such courts shall cease. No judge of a municipal, police or mayor's court or any officer thereof shall be compensated for his services on a fee basis or receive to his own use for his services any pecuniary compensation, reward or benefit other than the salary prescribed therefor.

### **Issuance and Execution of Writs, Warrants and Process; Admission to Bail**

§12. The Legislature may designate the courts and officers or deputies thereof who shall have the power to issue, execute or serve such writs, warrants or any other process as may be prescribed by law, and may specify before what courts or officers thereof such writs, warrants or other process shall be returnable. The Legislature may also designate the courts and officers or deputies thereof who shall have the power to admit persons to bail. No person exercising such powers shall be compensated therefor on a fee basis.

### **Parts of Existing Law Effective**

§13. Except as otherwise provided in this article, such parts of the common law, and of the laws of this State as are in force on the effective date of this article and are not repugnant thereto, shall be and continue the law of this State until altered or repealed by the Legislature.

### **Pending Causes; Transfer of Causes; Records**

§14. Until otherwise provided by law, all matters pending in any court on the effective date of this article shall remain and be prosecuted in the court in which they are pending.

Whenever the jurisdiction, powers or duties of any court are terminated or changed, the Legislature shall provide by law for the transfer of all matters pending therein as to which the court shall not thereafter act, together with all of the records and papers pertaining thereto, to a court having jurisdiction, powers or duties as to such matters, and shall provide for the prosecution therein of such matters as if then and there pending.

All records and papers pertaining to matters already disposed of in any court shall be preserved or disposed of in a manner prescribed by law.

### **Offices Phased Out; Effective Date of Article; Certain Provisions to Be Operable at Time Specified; Effect of Article on Certain Provisions of Constitution**

§15. Notwithstanding the provisions of section one of this article, the office of justice of the peace, as heretofore constituted, shall continue until January one, one thousand nine hundred seventy-seven. No person shall be elected to the office of justice of the peace or constable at the general election to be held in the year one thousand nine hundred seventy-

six, and said offices shall cease to exist as of January one, one thousand nine hundred seventy-seven.

This article shall take effect from the time of ratification, but in any case where it is specified in this article that a provision shall become operable on and after a certain date, such date shall govern and control as to the operable date of such provision.

The provisions of the article shall supersede and prevail over all other provisions of this Constitution which are expressly or impliedly in conflict or inconsistent therewith.

[Editor's note.—The amendment of the article was proposed by Senate Joint Resolution No. 6, Acts, Regular Session, 1974, p. 946; submitted under authority of art. 11, c. 3, of the West Virginia Code; and ratified November 5, 1974. Vote on the amendment: For ratification, 217,732; Against ratification, 127,393; Majority, 90,339.

The Legislature by general law may exempt from such taxation any amount of the value of all or certain intangible personal property and any type, group or class of such intangibles but such exemptions shall be uniform throughout the state. No tax imposed upon such intangibles shall be at a rate or rates in excess of the maximum rate permitted to be imposed upon personal property employed exclusively in agriculture as provided in sections one, one-b or ten of this article, as the case may be, in the county wherein the intangible personal property has situs, as such situs is determined by the Legislature in such general law.

The valuations with respect to property acquired or created subsequent to any statewide reappraisal and the valuations with respect to any intangible personal property subjected to ad valorem property taxation pursuant to this section shall be allocated and phased-in over a

period of years and be valued with respect to the same base year as other property subject to ad valorem property taxation in order to provide for equitable and similar treatment of such property subsequently acquired or created or such intangible personal property as compared to similarly situated previously existing property of similar value whose owner is receiving the benefit of any allocation and phase-in allowed pursuant to section one-b of this article.

Any intangible personal property which would be subject to ad valorem property taxation under prior provisions of this Constitution shall continue to be subjected to such taxation as provided by and in accordance with current statutory law for the assessment of such taxes upon such property, which laws are hereby validated for such purpose or purposes, until the first day of July in the year one thousand nine hundred eighty-five, or until the first statewide reappraisal of property pursuant to section one-b of this article shall be first implemented and employed to fix values for ad valorem property taxation, whichever shall last occur, and thereafter no intangible personal property shall be subject to such taxation save for and except as provided by the Legislature by general law enacted after the ratification of the amendment of this section in the year one thousand nine hundred eighty-four.

[Editor's note.—This section was proposed by Senate Joint Resolution No. 4, Acts, Regular Session, 1957, p. 839; submitted by Acts, Regular Session, 1957, c. 16; and ratified November 4, 1958. Vote on the amendment: For ratification, 401,086; Against ratification, 102,265. Majority, 298,821.

This section was amended to read as set out above.]

### **Property Tax Limitation and Homestead Exemption Amendment of 1982**

§1b. Ad valorem property taxation shall be in accordance with this section and other applicable provisions of this article not inconsistent with this section.

#### **Subsection A—Value; Rate of Assessment; Exceptions**

Notwithstanding any other provisions of this Constitution and except as otherwise provided in this section, all property subject to ad valorem taxation shall be assessed at sixty percent of its value, as directed to be ascertained in this section, except that the Legislature may from time to time, by general law agreed to by two thirds of the members elected to each house, establish a higher percentage for the purposes of this paragraph, which percentage shall be uniform as to all classes of property defined in section one of this article, but not more than one hundred percent of such value.

Notwithstanding the foregoing, for the first day of July, one thousand nine hundred eighty-two, and the first day of July of each year thereafter until the values may be fixed as a result of the first statewide reappraisal hereinafter required, assessments shall be made under the provisions of current statutory law, which is hereby validated for such purpose until and unless amended by the Legislature. Assessment and taxation in accord with this section shall be deemed to be equal and uniform for all purposes.

#### **Subsection B—Determination of Value**

The Legislature shall provide by general law for periodic statewide reappraisal of all property, which reappraisal shall be related for all property to a specified base year which, as

to each such reappraisal, shall be uniform for each appraisal for all classes of property and all counties. In such law, the Legislature shall provide for consideration of (1) trends in market values over a fixed period of years prior to the base year, (2) the location of the property, and (3) such other factors and methods as it may determine: *Provided*, That with respect to reappraisal of all property upon the base year of one thousand nine hundred eighty, such reappraisals are deemed to be valid and in compliance with this section: *Provided, however*, That with respect to farm property, as defined from time to time by the Legislature by general law, the determination of value shall be according to its fair and reasonable value for farming purposes, as may be defined by general law.

The results of each statewide appraisal shall upon completion be certified and published and errors therein may be corrected, all as provided by general law. The first such statewide appraisal shall be completed, certified and published on or before the thirty-first day of March, one thousand nine hundred eighty-five, for use when directed by the Legislature.

The Legislature shall further prescribe by general law the manner in which each statewide reappraisal shall be employed to establish the value of the various separately assessed parcels or interests in parcels of real property and various items of personal property subject to ad valorem property taxation, the methods by which increases and reductions in value subsequent to the base year of each statewide reappraisal shall be ascertained, and require the enforcement thereof.

### **Subsection C—General Homestead Exemption**

Notwithstanding any other provisions of this Constitution to the contrary, the first twenty thousand dollars of assessed valuation of any real property, or of personal property in the form of a mobile home, used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this state and who is sixty-five years of age or older or is permanently and totally disabled as that term may be defined by the Legislature, shall be exempt from ad valorem property taxation, subject to such requirements, limitations and conditions as shall be prescribed by general law.

Notwithstanding any other provision of this Constitution to the contrary, the Legislature shall have the authority to provide by general law for an exemption from ad valorem property taxation in an amount not to exceed the first twenty thousand dollars of value of any real property, or of personal property in the form of a mobile home, used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this state, and who is under sixty-five years of age and not totally and permanently disabled: *Provided*, That upon enactment of such general law, this exemption shall only apply to such property in any county in which the property was appraised at its value as of the first day of January, one thousand nine hundred eighty, or thereafter, as determined by the Legislature, and this exemption shall be phased in over such period of time not to exceed five years from the date such property was so appraised, or such longer time as the Legislature may determine by general law: *Provided, however*, That in no event shall any one person and his spouse, or one homestead be entitled to more than one exemption under these provisions: *Provided further*, That these provisions are subject to such requirements, limitations and conditions as shall be prescribed by general law.

The Legislature shall have the authority to provide by general law for property tax relief to citizens of this State who are tenants of residential or farm property.

### **Subsection D—Additional Limitations on Value**

With respect to the first statewide reappraisal, pursuant to this section, the resulting increase in value in each and every parcel of land or interest therein and various items of personal property subject to ad valorem property taxation over and above the previously assessed value shall be allocated over a period of ten years in equal amounts annually.

The Legislature may by general law also provide for the phasing in of any subsequent statewide reappraisal of property.

### Subsection E—Levies for Free Schools

In equalizing the support of free schools provided by state and local taxes, the Legislature may require that the local school districts levy all or any portion of the maximum levies allowed under section one of this article which has been allocated to such local school districts.

Within the limits of the maximum levies permitted for excess levies for schools or better schools in sections one and ten of this article, the Legislature may, in lieu of the exercise of such powers by the local school districts as heretofore provided, submit to the voters, by general law, a statewide excess levy, and if it be approved by the required number of voters, impose such levy, subject however to all the limitations and requirements for the approval of such levies as in the case of a district levy. The law submitting the question to the voters shall provide, upon approval of the levy by the voters, for the assumption of the obligation of any local excess levies for schools then in force theretofore authorized by the voters of a local taxing unit to the extent of such excess levies imposed by the state and so as to avoid double taxation of those local districts. The Legislature may also by general law reserve to the school districts such portions of the power to lay authorized excess levies as it may deem appropriate to enable local school districts to provide educational services which are not required to be furnished or supported by the state. If a statewide excess levy for the support of free schools is approved by the required majority, the revenue from such a statewide excess levy shall be deposited in the state treasury and be allocated first for the local obligations assumed and thereafter for such part of the state effort to support free schools, by appropriation or as the law submitting the levy to the voters shall require, as the case may be.

The defeat of any such proposed statewide excess levy for school purposes shall not in any way abrogate or impair any local existing excess levy for such purpose nor prevent the adoption of any future local excess levy for such purpose.

### Subsection F—Implementation

In the event of any inconsistency between any of the provisions of this section and other provisions of this Constitution, the provisions of this section shall prevail. The Legislature shall have plenary power to provide by general law for the equitable application of this article and, as to taxes to be assessed prior to the first statewide reappraisal, to make such laws retroactive to the first day of July, one thousand nine hundred eighty-two or thereafter.

Such property shall not be deprived of such exemption because while in the warehouse the personal property is assembled, bound,

joined, processed, disassembled, divided, cut, broken in bulk, relabeled, or repackaged for delivery out of state, unless such activity results in a new or different product, article, substance or commodity, or one of different utility. Personal property of inventories of natural resources shall not be exempt from ad valorem taxation unless required by paramount federal law.

### Credit of State Not to Be Granted in Certain Cases

§6. The credit of the State shall not be granted to, or in aid of any county, city, township, corporation or person; nor shall the State ever assume, or become responsible for the debts or liabilities of any county, city, township, corporation or person; nor shall the State ever hereafter become a joint owner, or stockholder in any company or association in this State or elsewhere, formed for any purpose whatever.

[Editor's note.—The amendment of this section was proposed by House Joint Resolution No. 6, 1970; submitted by Acts 1970, c. 21, and ratified on November 3, 1970. The amendment, which also repealed W. Va. Const., art. X, § 2, was designated the "Capitation Tax Repeal Amendment." Vote on the amendment: For ratification, 253,638; Against ratification, 117,660; Majority, 135,978.]

### School Districts

§6. The school districts into which the state is now divided shall continue until changed pursuant to act of the Legislature: *Provided*, That the school board of any district shall be elected by the voters of the respective district without reference to political party affiliation. §1. All private rights and interests in lands in this State derived from or under the laws of the State of Virginia, and from or under the Constitution and laws of this State prior to the time this Constitution goes into operation, shall remain valid and secure and shall be determined by the laws in force in Virginia, prior to the formation of this State, and by the Constitution and laws in force in this State prior to the time this Constitution goes into effect.

### **Land Entry Prohibited**

§2. No entry by warrant on land in this State shall hereafter be made.

### **Forfeited Lands**

§3. All title to lands in this State heretofore forfeited, or treated as forfeited, waste and unappropriated, or escheated to the state of Virginia, or this State, or purchased by either of said states at sales made for the nonpayment of taxes and become irredeemable, or hereafter forfeited, or treated as forfeited, or escheated to this State, or purchased by it and become irredeemable, not redeemed, released or otherwise disposed of, vested and remaining in this State, shall be, and is hereby transferred to, and vested in any person (other than those for whose default the same may have been forfeited or returned delinquent, their heirs or devisees), for so much thereof as such person has, or shall have had, actual continuous possession of, under color or claim of title for ten years, and who, or those under whom he claims, shall have paid the state taxes thereon for any five years during such possession; or if there be no such person, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees), for so much of said land as such person shall have title or claim to, regularly derived, mediately or immediately from, or under a grant from the Commonwealth of Virginia, or this State, not forfeited, which but for the title forfeited, would be valid, and who, or those under whom he claims has, or shall have paid all state taxes charged or chargeable thereon for five successive years, after the year 1865, or from the date of the grant, if it shall have issued since that year; or if there be no

such person, as aforesaid, then to any person (other than those for whose default the same may have been forfeited, or returned delinquent, their heirs or devisees), for so much of said land as such person shall have had claim to and actual continuous possession of, under color of title for any five successive years after the year 1865, and have paid all state taxes charged or chargeable thereon for said period.

### Waste and Unappropriated Lands

§4. ### Former Owner's Privilege

§5. The former owner of any such land, shall be entitled to receive the excess of the sum for which the land may be sold over the taxes charged and chargeable thereon, or which, if the land had not been forfeited, would have been charged or chargeable thereon, since the formation of this State, with interest at the rate of twelve per centum per annum, and the costs of the proceedings, if his claim be filed in the circuit court that decrees the sale, within two years thereafter.

§6. When, for any five successive years, the owner of any tract of land, or undivided interest therein, shall not have been charged on such land books with state, county and district taxes thereon, then, by operation hereof, the land, or undivided interest therein, shall be forfeited, and title vested in the State. [Editor's note.—The amendment of this section was proposed by House Joint Resolution No. 4, Acts 1933, 2nd Ex. Sess., p. 583, submitted by Acts 1933, 2nd Ex. Sess., c. 72; and ratified on November 6, 1934. The amendment rewrote this section. Prior to the amendment this section provided for the forfeiture of tracts containing one thousand acres or more, did not expressly provide for owners of undivided interests, and did not mention county and district taxes.

It was held, before the amendment, that although this section provided for the forfeiture of lands containing one thousand acres or more, it did not limit such forfeiture to such tracts, and that an act providing for the forfeiture of a less number of acres than one thousand, for nonentry upon the land books, was merely cumulative and not inhibited by this section of the Constitution.]

## ARTICLE XIV

### Amendments

§1. No convention shall be called, having the authority to alter the Constitution of the State, unless it be in pursuance of law, passed by the affirmative vote of a majority of the

members elected to each house of the Legislature and providing that polls shall be opened throughout the State, on the same day therein specified, which shall not be less than three months after the passage of such law, for the purpose of taking the sense of the voters on the question of calling a convention. And such convention shall not be held unless a majority of the votes cast at such polls be in favor of calling the same; nor shall the members be elected to such convention, until, at least, one month after the result of the vote shall be duly ascertained, declared and published. And all acts and ordinances of the said convention shall be submitted to the voters of the State for ratification or rejection, and shall have no validity whatever until they are ratified.

Any amendment to the Constitution of the State may be proposed in either house of the Legislature at any regular or extraordinary session thereof; and if the same, being read on three several days in each house, be agreed to on its third reading, by two thirds of the members elected thereto, the proposed amendment, with the yeas and nays thereon, shall be entered on the journals, and it shall be the duty of the Legislature to provide by law for submitting the same to the voters of the State for ratification or rejection, at a special election, or at the next general election thereafter, and cause the same to be published, at least three months before such election in some newspaper in every county in which a newspaper is printed. If a majority of the qualified voters, voting on the question at the polls held pursuant to such law, ratify the proposed amendment, it shall be in force from the time of such ratification, as part of the Constitution of the State. If two or more amendments be submitted at the same time, the vote on the ratification or rejection shall be taken on each separately, but an amendment may relate to a single subject or to related subject matters and may amend or modify as many articles and as many sections of the Constitution as may be necessary and appropriate in order to accomplish the objectives of the amendment. Whenever one or more amendments are submitted at a special election, no other question, issue or matter shall be voted upon at such special election, and the cost of such special election throughout the State shall be paid out of the state treasury.

[Editor's note.—The first amendment of this section was proposed by House Joint Resolution No. 2, Acts, Regular Session, 1960, p. 833; submitted by Acts, Regular Session, 1960, c. 5; and ratified November 8, 1960. The authority to issue and sell and have outstanding additional bonds granted by the amendment to the Constitution proposed by Senate Joint Resolution No. 15, adopted February 15, 1919, and afterwards ratified by a vote of the people, is hereby revoked as of January 1, 1965, but said amendment shall in all other respects remain in full force and effect.

### **Vietnam Veterans Bonus Amendment**

The Legislature shall provide by law, either for the appropriation from the general revenues of the State, or for the issuance and sale of state bonds, which shall be in addition to all other state bonds heretofore issued, or a combination of both as the Legislature may determine, for the purpose of paying a cash bonus to veterans of the armed forces of the United States who were in active service during the periods hereinafter described. Such bonus shall be paid to all persons who rendered active service in the armed forces of the United States between the first day of August, one thousand nine hundred sixty-four, and the date determined by the President or Congress of the United States as the end of involvement of United States armed forces in the Vietnam conflict, both dates inclusive, who were bona fide residents of the State of West Virginia at the time of their entry into such active service and for a period of at least six months immediately prior thereto, who have not been separated from such service under conditions other than honorable, and who, within the

period specified above, actively served in such armed forces for a period of at least ninety days. Such bonus shall also be paid to any person, otherwise eligible under the preceding sentence, who rendered active service in the armed forces of the United States prior to the first day of August, one thousand nine hundred sixty-four, and who received the Vietnam armed forces expeditionary medal. Such bonus shall also be paid to any veteran, otherwise qualified under either of the two sentences next preceding, who was discharged within ninety days after entering the armed forces because of a service-connected disability. The amount of such bonus shall be calculated on the basis of twenty dollars per month for each month of active service, or major fraction thereof, for veterans who received the Vietnam armed forces expeditionary medal or the Vietnam service medal, up to four hundred dollars, and ten dollars per month for each month of active service, or major fraction thereof, for veterans who have not received the Vietnam armed forces expeditionary medal or the Vietnam service medal, up to three hundred dollars. Not more than one bonus shall be paid to or on behalf of the service of any one veteran.

The bonus to which any deceased veteran would have been entitled, if living, shall be paid to the following surviving relatives of such veterans, if such relatives are residents of the State when such application is made and if such relatives are living at the time payment is made: Any unremarried widow or widower, or, if none, all children, stepchildren and adopted children under the age of eighteen, or, if none, any parent, stepparent, adoptive parent or person standing in loco parentis. The categories of persons listed shall be treated as separate categories listed in order of entitlement and where there be more than one member of a class, the bonus shall be paid to each member according to his proportional share. Where a deceased veteran's death was connected with such service and resulted from such service during the time period specified, however, the surviving relatives shall be paid, in accordance with the same order of entitlement, the sum of five hundred dollars in lieu of any bonus to which the deceased might have been entitled if living.

The principal amount of any bonds issued for the purpose of paying the bonuses provided for in this amendment shall not exceed the principal amount of forty million dollars, but may be funded or refunded either on the maturity dates of said bonds or on any date on which said bonds are callable prior to maturity, and if any of said bonds have not matured or are not then callable prior to maturity, the Legislature may nevertheless provide at any time for the issuance of refunding bonds to fund or refund such bonds on the dates when said bonds mature or on any date on which said bonds are callable prior to maturity and for the investment or reinvestment of the proceeds of such refunding bonds in direct obligations of the United States of America until the date or dates upon which such bonds mature or are callable prior to maturity. The principal amount of any refunding bonds issued under the provisions of this paragraph shall not exceed the principal amount of the bonds to be funded or refunded thereby.

The bonds may be issued from time to time for the purposes authorized by this amendment as separate issues or as combined issues.

Whenever the Legislature shall provide for the issuance of any bonds under the authority of this amendment, it shall at the same time provide for the levy and collection of an additional cigarette tax, or a tax on any other tobacco products, or an additional tax on nonintoxicating beer, or an additional charge on the sale of each bottle of wine or liquor, or an additional general consumers sales tax, or a graduated income tax, or any combination of one or more thereof, or such other dedicated tax as the Legislature may determine, in such amount as may be required to pay annually the interest on such bonds and the principal thereof within and not exceeding thirty years, and all such taxes or charges so levied shall be irrevocably dedicated for the payment of the principal of and interest on such bonds until such principal of and interest on such bonds are finally paid and discharged and any of the covenants, agreements or provisions in the acts of the Legislature levying such taxes or charges shall be enforceable in any court of competent jurisdiction by any of the holders of said bonds.

The Legislature shall have the power to enact legislation necessary and proper to implement the provisions of this amendment.

[Editor's note.—This amendment was proposed by House Joint Resolution No. 5, Acts, Regular Session, 1973, p. 577, and ratified at a special election, November 6, 1973. Vote on the amendment: For ratification, 199,588; Against ratification, 36,929, Majority, 162,659.]

### Qualified Veterans Housing Bonds Amendment

The Legislature shall have the power to authorize the issuing and selling of general obligation bonds of the State which shall be in addition to all other state bonds heretofore authorized. The aggregate annual amount payable on all such bonds, including both principal and interest, shall be limited such that the debt service accruing on such bonds in any fiscal year shall not exceed \$35,000,000, exclusive of any amounts payable on such bonds for which moneys or securities have been irrevocably set aside and dedicated solely for the purpose of such payment. The proceeds of the bonds hereby authorized to be issued and sold shall be used and appropriated to provide financing for owner-occupied residences for persons determined by the Legislature to be qualified veterans, except that (i) part of the proceeds from each separate issuance of bonds may be set aside as a reserve for the purposes of the Veterans' Mortgage Fund herein authorized and (ii) proceeds may be dedicated for the payment of principal, redemption price or interest on any such bonds to be refunded. Such bonds may be issued and sold at such time or times and in such amount or amounts as the Legislature shall authorize. All proceeds of such bonds, and all revenues derived from the use and investment of such proceeds, shall be deposited in a separate fund of the State, designated as the Veterans' Mortgage Fund. Amounts in such fund shall be used solely for the purposes of making loans for qualified veterans, providing for the payment or redemption of such bonds and the interest thereon, and providing for the payment of necessary expenses in connection therewith. When a bond issue as aforesaid is authorized, the Legislature shall at the same time provide for the collection of an annual state tax sufficient to pay as it may accrue the interest on such bonds and the principal thereof within and not exceeding forty years, and all such taxes so levied shall be irrevocably dedicated for the payment of principal and interest on such bonds until the obligation of the State with respect to the payment of such principal and interest has been discharged, and any of the covenants, agreements or provisions in the acts of the Legislature levying such taxes shall be enforceable in any court of competent jurisdiction by any of the holders of such bonds. Such tax shall be levied in any year only to the extent that the moneys on deposit in the Veterans' Mortgage Fund are insufficient to pay all amounts accruing on such bonds in such year.

The Legislature shall have the power to enact legislation to implement the provisions of this amendment.

[Editor's note.—This amendment was proposed by House Joint Resolution No. 32, Acts, Regular Session, 1984, p. 1115, and ratified on November 6, 1984. Vote on the amendment: For ratification, 340,462; Against ratification, 252,491; Majority, 87,971.]

*Superintendent: Michael Richmond. Capacity: 100.*

Anthony Center is located at Neola in Greenbrier County on Route 92, near White Sulphur Springs. This sixty-one acre site, initially established and operated by the Federal Government as a Job Corps center, was leased in 1970 from the United States Forest Service for its present purpose. The Center houses youthful offenders between the ages of eighteen and twenty-three who have been adjudicated guilty of a crime, other than a capital offense, and who in the opinion of the committing court are amenable to rehabilitative programs not requiring close confinement. The period of incarceration is six months, or longer if deemed advisable by the Center Superintendent, but may not exceed two years.

The institution provides individual and group counseling, a comprehensive academic and vocational training curriculum, job and/or educational placement, a work program, religious opportunities, and a recreational program.

The academic and vocational education programs, integrated with extensive counseling, serve as the treatment vehicle. Residents are placed in groups of eight to ten and function as a group in their daily activities. Peer pressure originating in the group is asserted to help internalize socially acceptable values, and displace counter-productive behavior patterns acquired prior to placement at Anthony Center. Guidance is provided by the staff who employ the Peer Group Interaction technique—utilizing peer approval and acceptance to encourage appropriate conduct and attitude. An extension of the educational and counseling programs is recourse to psychological services provided by a practicing clinical psychologist who is on site two days each week.

Academically, teachers employed by the West Virginia Department of Education instruct Special Education, Remedial, and Adult Basic Education students. Any resident who has not completed high school, has not attained a GED, shows deficiencies in basic academic skills, or is simply interested in further education, is placed in an appropriate academic program. During the 1988-89 fiscal year, sixty-nine residents successfully completed and achieved their GEDs.

The population at Anthony qualifies for targeting by the Employment Security Division as "difficult employment placements" for several reasons, i.e., Disadvantaged Youth, Convicted Ex-Felons, and occasionally Vocational Rehabilitation candidates. Additionally, many of these young adults are not equipped

with marketable skills, therefore there is a very high probability of their remaining in the criminal justice or other government supported system. This is why special emphasis is placed on vocational training at Anthony Center.

The Center's vocational training programs are available to all residents and are designed to develop basic through advanced skills in the following trades: Auto Mechanics, Blueprint Reading/Drafting, Building Construction, Building Maintenance, Food Management, Welding, and Electricity. Assignments to programs are made by the treatment staff according to interests, aptitudes, and vacancies. All vocational programs are taught by a certified vocational instructor, utilizing a competency based education approach.

The Vocational Special Needs Program, a curriculum of life survival skills, is mandatory for all residents and is conducted in conjunction with vocational programs and job assignments.

Work details involve the kitchen, laundry, barracks, vehicles, water and sewage systems and general institutional upkeep. Job simulated projects include community beautification and construction projects, along with road and stream clean-up.

A local clergyman holds worship services on a weekly basis for all interested residents. He also provides individual counseling for residents when needed.

The year-round recreational program consists of softball, horseshoes, volleyball, basketball, football and weight lifting. When the weather permits, swimming is also included on the agenda. The spacious gymnasium makes it possible for residents to participate in indoor sports during the winter months. This program is based on one hundred percent participation.

Upon completion of the academic, vocational and counseling programs, residents are placed in a pre-release group. In prerelease they are given additional responsibilities and privileges in a program designed to deinstitutionalize and prepare them for return to society at large.

Additionally, a small work crew of trusty status inmates from the Huttonsville Correctional Center are housed here. They provide labor to local communities and parks that could not otherwise be done.

## DAVIS CENTER

### Davis 26260

*Superintendent: James N. Liller. Capacity: 50.*

Davis Center, located near the entrance to Blackwater Falls State Park in Tucker County, was authorized by an Act of the Legislature in 1955. It is a minimum security facility that houses youthful male offenders between the ages of sixteen and eighteen who have been adjudicated delinquent by the various courts of record in the state. The period of confinement averages six months, but can be longer if deemed advisable by the Center Superintendent.

Davis Center operates a Peer Group Interaction Counseling Program. Residents are placed in groups of eight to ten in which primary emphasis is directed toward developing responsibility for their actions and rebuilding their life, compatible with socially acceptable behavior and goals. Each resident receives five weekly one and one-half hour group sessions.

A diagnostic program is offered to access each residents' strengths and weaknesses in academic, vocational and personality areas. Individual counseling and drug and alcohol classes are provided.

The education component of the Davis Center program is provided by the West Virginia Department of Education. This is an administrative change as a result of action of the Legislature in the Spring of 1988. This change has greatly increased the resources available to provide a thorough education program for center residents.

All residents are required to attend one-half day academic school and one-half day in a vocational program. Class sizes are small, 5-7 residents, and instruction in all areas is individualized to meet the needs of the learner. The academic program is designed and equipped to teach at all levels from basic remediation through post high school. Vocational programs offered at Davis Center include auto mechanics, welding, computer science, and building construction.

A full range of recreational activities is offered, including basketball, volleyball, weight lifting, swimming and softball. Recreational activities also utilize nearby state parks and the natural mountain beauty of the Monongahela National Forest. Non-denominational religious services are held each Sunday.

Through the use of the Peer Group Interaction Program, young men receive counseling and guidance by their peers with adult assistance. No form of corporal punishment is used. A young man's stay depends on

developing responsibility for caring and concern for group members, as well as fulfilling his contract. Ultimately, a major goal is to enhance the young man's capabilities of making socially accepted choices and decisions after his release back into society.

## HUTTONSVILLE CORRECTIONAL CENTER

Huttonsville 26273

*Warden. William C. Duncil. Capacity. 550*

The Huttonsville Correectional Center is located on a farm near Huttonsville in Randolph County, approximately 18 miles south of Elkins on U.S. Route 250. It was created by an Act of the Legislature in 1937 to relieve overcrowding at the West Virginia Penitentiary. It remained a branch of the parent institution until 1947, at which time the Legislature established it as a separate entity - the West Virginia Medium Security Prison. In 1970 the Center received its current name by Legislative Act.

The primary form of employment for the inmates has always been general farm work. Although by Act of the Legislature in 1977 the 5,000-acre farm was turned over to the Farm Management Commission, with a resultant change of agricultural emphasis from labor intensive general purpose farming to beef cattle production, the largest single inmate labor effort remains on the farm. Many educational programs, both vocational and academic, are offered by the state Department of Education to interested inmates. These classes give them an opportunity to engage in rehabilitative efforts during their nonworking hours. Through the Department of Education's Adult Basic Education program, inmates are provided classes in remedial reading and are able to work toward, and obtain, GED certificates. A Special Education program offers remediation to handicapped students. Vocational courses include auto mechanics, auto body repair, welding, machineshop, typing, electricity and Braille transcribing. College classes are offered through Davis and Elkins College. The ACT is administered on a bimonthly schedule. An art class offers inmates instruction in basic drawing and painting, while the music class provides instruction in piano, guitar and banjo. Leatherworking, stained glass and woodworking craft classes enjoy strong participation.

The institution has, since 1970, served as the intake point for all adult male felons sentenced to the custody of the Department of Corrections. Upon reception, inmates are placed in the Diagnostic and Classification Unit for a period of approximately four weeks, during which time they undergo diagnostic testing, interviews, counseling and evaluation. Based upon the information gathered during this period, each inmate is individually classified for transfer to other, more appropriate security level institutions, or for integration into the Center's population with concurrent recommendations for placement in rehabilitative programming. Since 1972, the various county courts have had the option of sending convicted, but not sentenced, adult male felons to the Diagnostic Unit for a 60-day evaluation. Those sentenced for this purpose undergo a regimen similar to the one experienced by regularly committed inmates, but somewhat more rigorous. A report is then provided the court which attempts to describe the man's personality, make some broad predictions about future tendencies, and offer some options for consideration by the Judge prior to deciding between probation and incarceration. Living quarters at this facility consist of military barracks style dormitories. There are no provisions for extended individual confinement.

A court order in 1986, as part of an ongoing conditions of confinement lawsuit styled *Nobles v. Gregory*, placed a 550-man population cap on the institution.

## WEST VIRGINIA INDUSTRIAL HOME FOR YOUTH

Industrial 26375

*Superintendent: James Ietapi. Capacity: 65.*

The West Virginia Industrial Home for Youth is located one mile west of Salem on old U.S. Route 50 at Industrial. It was established by an Act of the Legislature on February 18, 1897, and formally opened May 5, 1899. It was built on a 61-acre tract; 11 acres have since been returned to the City of Salem for use as a City Park.

From Jones Cottage, the first building, the physical plant has grown to include the following buildings: Silver Hall Cottage (1914); Sutton Cottage (1928); Ava Stanard Cottage (1942), and New Jones Cottage (1961). The Administration Building built in 1942, houses the administrative offices and a residence for the Superintendent. The complex also includes Johnston High School, erected in 1915, and a modern gymnasium completed in 1951. A large four-temperature storage building was completed in 1951.

The Industrial Home for Youth provides treatment services for both male and female juveniles who have been adjudicated delinquent.

The rehabilitation program is based on individual treatment plans established with the youth and his or her treatment team. These plans establish long and short-term goals with the child for behavioral, educational, and emotional needs. The resident meets with a counselor on a regular weekly basis to discuss strategies for attainment of these goals.

In addition to the therapeutic programs, residents also have the opportunity to receive individual counseling from a licensed clinical psychologist and counselor. The psychologist also conducts an evaluation for each new resident.

The educational needs of the youth at the Industrial Home are met through the Department of Education with a wide range of programs on and off campus. Education programs include basic academics: English, social studies, math, science, computer science, physical education and health, as well as GED preparation and testing, prevocational training along with classes in home economics and general industrial arts. The United Career Center located in Clarksburg, provides residents who have off-campus clearance vocational training classes. Thirteen residents received their GED diploma during the year.

Also located on the grounds of the Industrial Home for Youth is the Department of Education's Instructional Media Center. The purpose of the facility is to provide the incarcerated population of our state institutions with reading material, both for instructional purposes and entertainment. The Media Center also provides films and video tape services from its library and supplemental offerings from the West Virginia Library Commission. During this past fiscal year, the Media Center distributed approximately 75,000 books to maximum and medium security prisons, state hospitals, juvenile facilities and the 55 county jails.

In addition to the population which has been sentenced to the Industrial Home for Youth, the Home also provides a Diagnostic Unit for juveniles pursuant to West Virginia Code 40-5-13(a). Some females are transferred under contract to Helsinki Center located in Marshall County for diagnostic services.

This unit houses youth adjudicated delinquent and committed for not more than a thirty-day period. These youths are completely segregated from the regular sentenced population. The unit provides the committing court with a complete psychological and medical evaluation and a social summary on each child.

## WEST VIRGINIA PENITENTIARY

Moundsville 26041

*Warden: Carl J. Logursky. Capacity: 575.*

The West Virginia Penitentiary is located at 818 Jefferson Avenue, Moundsville, in Marshall County. Built in 1866, it was designed as a maximum security facility for both male and female felons. This walled facility was restricted to males in 1948 and covers an area of about six acres. Prison industry facilities are located within the walls and the inmates are assigned to those industrial areas according to need, interest and ability. The industries produce signs, license plates and printing. These structures also house maintenance sections including plumbing, sheet metal and carpentry.

In recent years a vocational and educational program has been implemented to provide educational and vocational skill development. It is now under the auspices of the state Department of Education. Inmates may obtain their GED certificates and, if qualified, participate in college courses offered in a cooperative program with West Virginia Northern Community College which is located nearby. More extensive vocational courses including auto mechanics, electronics, air conditioning and refrigeration, sheet metal, welding and furniture refinishing are being planned. Participation in both the educational and vocational programs is voluntary.

As part of the Governor's effort to control unrestricted growth, a population cap of 575 was imposed upon the institution in July of 1986.

## PRUNTYTOWN CORRECTIONAL CENTER

Grafton 26354

*Superintendent: Michael House. Capacity: 200.*

The Pruntytown Correctional Center, formerly known as the West Virginia Industrial Home for Boys, is located at Pruntytown near Grafton in Taylor County. The facility presently receives adult males and females who are eighteen years of age or older. The facility which first opened in 1891 operated as a state correctional institution for delinquent boys until January 1983 when the school was closed and the juveniles transferred to the West Virginia Industrial Home for Youth at Industrial. Pruntytown remained vacant and idle until mid-year 1985.

The Pruntytown Correctional Center, after renovation and remodeling, was reopened to house minimum security male inmates in November 1985. In December 1988, the Department of Corrections began moving nearly sixty state female prisoners who were housed under contract at the Federal Correctional Institution for Women at Alderson to the Pruntytown Correctional Center. The department spent \$500,000 to build separate facilities for the women. The center thus functions as a co-correctional facility, housing all custody levels of adult females, as well as minimum security adult males.

## ADULT/JUVENILE PROBATION AND PAROLE SERVICES

*Chief of Parole Operations: Ray Swach.*

During the fiscal year 1988-89, Probation and Parole had responsibility for monitoring approximately 1,100 persons who were either on probation and parole in West Virginia or were moving in or out of the State via the Interstate Compact System.

### Work/Study Release Centers

Work/Study is a community-based program operated by the Department of Corrections with Centers located in Charleston, Beckley and Huntington.

All three Centers have a capacity of sixty to ninety inmates. The Charleston and Huntington facilities are capable of housing females in addition to males and are thus co-correctional.

Inmates are selected from other, more secure institutions who are near parole eligibility or discharge. Some are employed in community jobs while others take advantage of local educational or vocational opportunities. Additionally, a few selected inmates are chosen to live at the home to which they will be paroling under guidance and monitoring by work release staff.

The purpose of this program is to ease the inmates transition from the correctional institution back into the community and at the same time provide financial support for the family of inmates.

### ANDREW S. ROWAN MEMORIAL HOME

Sweet Springs 24980

*Acting Administrator: Nancy W. Baker. Clinical Director: Malcom Harris, M.D. Average Daily Population: 121.*

Located in the picturesque Sweet Springs valley of Monroe County, the Rowan Home was established by an Act of the Legislature in 1945 to serve senior citizens of West Virginia as a personal care nursing home. The facility provides 24-hour nursing coverage, activities, physical therapy, and recreation in the least restrictive institutional setting. Charges for room and board are on a sliding scale based on the individual's income.

Since 1981, in addition to regular admissions, the Rowan Home has offered a respite care service. This service provides up to two weeks of temporary care to State seniors who meet the other admission criteria. It has proved especially helpful to families who are taking care of elderly family members and need to take a short time off.

The facility is named in honor of Col. Andrew Summers Rowan, a Monroe County native, who is famous for his Spanish-American War exploits as the man who carried the "Message to Garcia." The building and grounds are rich with history and tradition of service. The "Old Sweet" dates back as one of the old Virginia spas to the late 1700's and has hosted many presidents, statesmen and foreign dignitaries. The oldest and largest building still in use, completed in 1833, is of the Thomas Jefferson design and is named for him. In later additions and modernizations, the State has taken great pains to preserve the historical integrity of the architecture. Now in its present operation, the facility strives for a true "homelike" atmosphere with a touch of the old fashioned elegance.

Visitors are welcome on the campus from 10:00 a.m. to 8:00 p.m. any day.

*Administrator: Jack E. McVey. Average Daily Census: 175.*

Located in Raleigh County, Pinecrest Hospital was authorized by an Act of the Legislature in 1927 and opened in March, 1930.

Pinecrest Hospital provides comprehensive geriatric services to residents requiring intermediate care as well as services for those persons in need of custodial care. Pinecrest offers a wide range of services for the residents including physical therapy, speech therapy, audiology services and dental services. Pinecrest also offers respite care for those persons in need of temporary medical care. Precedence for admission to the

facility is given to applicants who are legal residents of West Virginia and to those individuals who are unable to pay for care in private nursing homes. Although Pinecrest is primarily a long-term care facility, it is also the only State facility to provide an inpatient unit for tubercular patients.

Renovations to "C" Unit were completed in June, 1981, and the 93-bed unit was certified as an intermediate care facility, effective October 1, 1981, for participation in the Medicaid Program. During the 1982 legislative session, money was allocated for renovation on "B" Unit in order to meet Medicaid certification standards for an additional 106 beds. The renovation began in June, 1984, with eighteen beds being certified effective December 1, 1986. Pinecrest now has a total of 200 certified beds.

Plans for the future at Pinecrest include offering a senior day care program and construction of a greenhouse to be utilized by both the residents of Pinecrest and by those persons participating in the senior day care program. Another goal is to convert existing homes at Pinecrest, formerly used by doctors, into group homes for the mentally retarded with two projected for completion in 1989. A crisis care intervention unit managed by FMRS Mental Health Center is also planned.

In the spring of 1983, vacant space in the building was made available to other agencies. At present, Environmental Health, Maternal and Child Health and Corrections are located at Pinecrest.

## WELCH EMERGENCY HOSPITAL

### Welch 24801

*Acting Administrator: Stephen Shride. Medical Director: James Wilson, D.O. Director of Nursing: Susan Hogg, M.S.N. Estimated Daily Population: 59. Annual outpatient and emergency room visits: 50,122.*

Welch Emergency Hospital, formerly Old Miners' Hospital No. 1, is located in McDowell County, City of Welch. The hospital was established by an Act of the Legislature in 1899 and began providing patient services in January, 1902.

Welch Emergency Hospital completed its primary mission in 1987 with the opening of all acute care services. These services are: 24-hour emergency room, medical, surgical, outpatient and same-day surgery, day clinic, intensive care unit, obstetrics, birthing, substance abuse, long-term intermediate care, maternity/family planning, and hearing and speech services.

The 124-bed facility utilizes 246 full-time employees and fifteen hospital based staff physicians. The facility is the site of an Appalachian Regional Commission grant to allow the facility's heating system to burn coal. As a result of this project, the facility has greatly reduced its fuel costs.

The facility is affiliated with the West Virginia School of Osteopathic Medicine as a teaching hospital. Currently, fourth-year medical students and interns assist the staff in assessing patients' needs. A one-year family practice residency is planned for the future.

The facility is certified for participation in the federal/state Medicare/Medicaid Programs. As a result of this certification, all medical insurance companies recognize Welch Emergency Hospital for participation and payment.

Since the closure of Stevens Clinic Hospital in December, 1987, Welch Emergency Hospital is the sole provider of acute inpatient care in McDowell County. The county's high rate of unemployment has also caused the demand for health services to greatly increase.

The services at Welch Emergency Hospital are for all members of the community. Exoneration policies are available to those patients unable to pay for part or all of their care.

# PUBLIC COLLEGES AND UNIVERSITIES

## WEST VIRGINIA UNIVERSITY

Morgantown 26506

Established in 1867, West Virginia University is the state's only major research, doctoral degree granting, landgrant institution. WVU provides a wealth of academic opportunities, offering 176 degree programs at the baccalaureate, master's, doctoral, and first-professional levels.

Moreover, WVU combined the breadth of academic opportunities offered by a major research institution with the atmosphere of a small school; enrollment in one of the University's fifteen colleges and schools offers students the warmth and friendliness of a small academic community. The University also extends services statewide through the Center for Continuing Education.

WVU's Fall 1988 enrollment of 18,746 students came from all 55 counties of West Virginia, 48 other states, and 72 foreign countries. Since 1904, 22 West Virginia University students have been elected Rhodes Scholars and gone on to study at Oxford University.

The faculty at WVU is equally impressive; faculty members are nationally and internationally recognized experts in their fields. Over 75 percent hold doctorates or the highest degree offered in their field. In fiscal year 1989-90, they received more than \$23 million per year in research support from federal and state governments, private industry and foundations.

WVU has a beautiful campus that combines traditional and modern architectural styles. There are 143 buildings on over 1,000 acres, valued at \$390 million. WVU's libraries contain more than 1.3 million volumes and 1.7 million microforms, and over 9,000 periodicals. Parts of the campus are linked by the Personal Rapid Transit (PRT) system which consists of computer-directed, electric-powered cars that operate on a concrete and steel guideway permitting quick and easy access to major locations within the University and the downtown area of Morgantown.

Branch campuses include Potomac State College of West Virginia University and West Virginia University - Parkersburg. The WVU Health Sciences Center operates the Charleston Division of the WVU Health Sciences Center and the Wheeling Division of the School of Medicine. In addition, there are five off-campus graduate centers at Jackson's Mill, West Virginia University - Parkersburg, Potomac State College, Shepherd College, and West Liberty State College.

West Virginia University commits more than \$1 million a year in support of the WVU Scholars Program. The program's threefold mission is to increase college attendance, keep West Virginia's college-bound scholars in the State, and encourage outstanding scholars to attend WVU. The University also is committed to providing students with additional financial aid on the basis of demonstrated need.

West Virginia University also operates eight experimental farms in Hardy, Jefferson, Monongalia, Monroe, and Preston counties; four experimental farms in Monongalia, Preston, Randolph, and Wetzel counties; a geology camp in Greenbrier County, and the State 4-H Camp and a museum of mid-nineteenth century life at Jackson's Mill, the boyhood home of Confederate General Stonewall Jackson, which has been entered in the National Register of Historic Places.

## WEST VIRGINIA SCHOOL OF OSTEOPATHIC MEDICINE

### Lewisburg 24901

The West Virginia School of Osteopathic Medicine originally was incorporated in 1972 under the name Greenbrier College of Osteopathic Medicine. The Greenbrier Military School, which had been in continuous operation for 160 years, closed in May 1972 and was purchased in July by the West Virginia Society of Osteopathic Medicine. In December, a charter for the Greenbrier College of Osteopathic Medicine was obtained from the State of West Virginia, and the school opened in October 1974 as a private institution with a charter class of 36 students. In January 1976, the college was brought in the State System of Higher Education as the West Virginia School of Osteopathic Medicine.

WVSOM is dedicated to the education of osteopathic physicians who are motivated to practice in West Virginia and rural Southern Appalachia. While the State is the primary focus of WVSOM's recruitment and placement programs, an expanded service region which includes 10 southern Appalachian states also brings

students from the Southern Regional Education Board contract states of Georgia, Mississippi and Maryland; and Kentucky, Tennessee, North Carolina, South Carolina, Alabama and Virginia to WV SOM.

Consistent with the college mission of educating rural primary care physicians, the WV SOM curriculum is designed to produce physicians who are confident in rural practice settings while assuring they have the educational competence and legal status required for licensure in all states.

The four-year college has been granted full accreditation by the American Osteopathic Association. This Association is recognized by the National Commission on Accreditation as the official and only accrediting agency for osteopathic medical colleges in America.

Established by the West Virginia Board of Regents in 1972, West Virginia Northern Community College is a tri-campus comprehensive community college located at College Square in Wheeling (administrative headquarters), 150 Park Avenue in Weirton, and 172 Main Street in New Martinsville. The Wheeling and New Martinsville campuses are linked electronically through a \$350,000 two-way telecommunications system allowing audio, video and data transmission.

West Virginia Northern offers courses in three main areas: college and university parallel studies from which credits are transferrable to four-year institutions as fulfillment of freshman and sophomore year

requirements; career education, in which certificates and degrees are available in more than twenty specific fields; and community education which features a flexible system of meeting short-term immediate needs of business, industry, service institutions and individuals. In addition, the college offers a wide variety of job-related short-term seminars, workshops, and teleconferences.

Accredited by the North Central Association of Colleges and Secondary Schools, the National League of Nursing, and the National Committee on Allied Health Education and Accreditation of the American Medical Association, West Virginia Northern offers two-year Associate in Arts, Associate in Science and Associate in Applied Science degrees, in addition to Certificates of Applied Science following completion of career programs of one year.

## WEST VIRGINIA SCHOOLS FOR THE DEAF AND THE BLIND

301 East Main St., Romney 26757

The West Virginia Schools for the Deaf and the Blind were established by an Act of the Legislature March 3, 1870. The School for the Deaf and the School for the Blind offer complete educational programs for hearing impaired and visually impaired students respectfully. There is also a unit for Deaf-Blind/Multihandicapped children.

Students are enrolled at the age of five and may be enrolled at earlier ages if there is space available. Students must be residents of West Virginia, in good health and have a hearing or visual loss sufficient to prevent normal progress in the usual public school setting.

In addition to the state-approved elementary and secondary curricula, courses focusing on special skills needed by hearing of visually impaired students are offered in accordance with their respective needs. These academic, vocational and special courses are taught by members of the staff with expertise in education of hearing and/or visually impaired students as well as certification in their subject areas which are appropriate to their teaching assignments. Preschool and other specialized programs are also offered. The school calendar is similar to that followed by county school systems.

Outreach and technical assistance services are available to county school staff providing progress to hearing and/or visually impaired students. A statewide Instructional Resource Center also provides instructional materials and equipment for visually impaired children attending county programs.

The schools are operated by the West Virginia Board of Education and supported by the State of West Virginia. There are no costs to students, or parents, with the exception of clothing, transportation to the schools and other incidental expenses. Information concerning the school or enrollment procedures may be obtained by contacting the Superintendent. Interested persons are invited to visit anytime the schools are in operation.

Full-time students receiving services during the 1988-89 school year were as follows: Blind 89; Deaf 113; Deaf-Blind/Multihandicapped 18; Preschool Itinerant Programs presently serving 44.

**WEST VIRGINIA REHABILITATION CENTER****Institute 25112**

The West Virginia Rehabilitation Center enables disabled individuals to develop abilities and skills for employment and community living. This is accomplished by delivering an organized program of rehabilitation services, which has been planned jointly with the referring rehabilitation counselor serving the individual's home community. The staff of about 288 professional and support personnel use a rehabilitation team approach to provide services to a capacity enrollment of 365 and an annual caseload of some 1,800 disabled citizens.

Established in 1955, the Center is one of only a few such comprehensive rehabilitation centers in the United States that is supported by state and federal tax dollars. The Center is operated by the Division of Rehabilitation Services, which is governed by the State Board of Rehabilitation. The facility is situated on a 35-acre campus 12 miles west of Charleston and consists of 12 acres of totally accessible, interconnected buildings.

The Center is accredited by the Commission on Accreditation of Rehabilitation Facilities and by the North Central Association of Colleges and Schools.

An individual may receive one or more of the Center's specialized services:

**Medical Rehabilitation:** Under the direction of a Board Certified psychiatrist (specialist in physical medicine and rehabilitation), the Center operates a comprehensive medical services program to minimize the effect of disability on a person's ability to work. The medical unit consists of a 45-bed treatment unit which provides nursing services to clients on a 24-hour basis. Additional services include physical and occupational therapy, speech pathology and audiology, radiology, dentistry and pharmacy. Also, the Center utilizes a number of medical consultants representing most specialties. Services are provided on both an in-patient and an out-patient basis.

**Vocational Evaluation:** For those persons who have never held a job or whose disability prevents their returning to a previous job, a series of job samples and tests provide information about existing job skills, work habits, interests, abilities and possible training needs.

**Vocational Training:** Among the vocational training courses offered are accounting, secretarial, automobile mechanics, automobile body repair, food service, small engine repair, electronics/radio-TV servicing, building and grounds maintenance, professional housekeeping, nursing assistant, drafting and an elective course in small business practices. Selected courses include an on-the-job experience in local businesses.

**Work Adjustment:** An opportunity to develop good work habits, to increase work tolerance and to gain work experience is afforded sheltered workshop students. Workshop activities include woodworking, glassware decoration, silkscreening, ceranucs, nail packaging and various other sub-contracting jobs. Many items made by workshop students are sold in gift shops throughout the state.

**Personal Adjustment:** Courses are designed for persons with functional limitations in order to foster maturity, daily living skills, interpersonal relationships, appropriate social behavior and other such basic skills required in the world of work. Special personal adjustment courses are offered for deaf and severely hearing impaired students and for blind and visually impaired students. The deaf unit teaches academic and daily living skills and provides interpreter services throughout a student's entire course at the Center. The blind unit teaches orientation and mobility, communication skills and daily living skills.

In addition to the primary areas listed above, the Center offers remedial education to prepare students for the GED test which is administered monthly at the Center and to tutor students who are deficient in basic academic skills. Driver education classes prepare students for obtaining a license and instruct physically disabled persons in the use of adaptive driving equipment. A low vision driving program involving the use of bioptic aids is one of the more innovative programs offered at the center.

The Life Adjustment Services Building includes a gymnasium, swimming pool, weight lifting room, library, creative arts center, game room, bowling lanes, auditorium and snack bar. Concerts, shopping trips, picnics and leisure education classes are examples of regularly-scheduled group activities designed to provide an enjoyable and constructive use of leisure time.

Religious activities and non-denominational worship services are supervised by a chaplain who is available for counseling. Located on the campus is an Interfaith Chapel constructed with private funds.

# DENOMINATIONAL AND PRIVATE SCHOOLS

## ALDERSON-BROADDUS COLLEGE

Philippi 26416

Alderson-Broaddus College is a fully accredited, four-year degree-granting, liberal arts and science institution located on a 150-acre campus in Philippi, the site of the first land battle of the Civil War. The coeducational, private college is fully accredited by the North Central Association of Colleges and Secondary Schools and affiliated with the West Virginia Baptist Convention and the American Baptist Churches, USA. The College is committed in charter and by-laws to three main purposes:

- 1) good academic instruction;
- 2) a Christian environment for learning, and
- 3) the instilling of a service motivation in its students. Its enrollment is just under eight hundred students and the total full-time college faculty numbers about sixty, thirty-five percent with earned doctorates.

The College offers a number of career-oriented programs but each field of study requires a thorough grounding in the liberal arts and sciences. Over the years, teacher education has been a strong major at the institution and more recently, special education for the learning disabled, the mentally retarded, and the gifted have been additions in this department. In 1945, the College inaugurated the State's first degree program in nursing. In 1967, the school initiated the nation's first degree program for physicians' assistants. These health programs, along with other allied health majors, are made possible by a close affiliation with Broaddus Hospital, located on the College campus and by affiliation with other health delivery institutions nearby.

Alderson-Broaddus has a Digital VAX main frame computer which serves academic needs with majors in computer science and management information systems as well as many other academic course areas and administrative tasks. It is one of the largest, fastest computers on any private college campus in West Virginia.

The College operates on a semester system, emphasizing concentration of learning, efficient utilization of facilities, and enrichment for students through a number of opportunities which include:

- 1) independent study;
- 2) study in other cultures;
- 3) internship opportunities with business and industry and various health and social agencies, and
- 4) Christian and humanitarian service projects.

Many students complete at least one term of off-campus internship as part of their graduation requirements.

More than half of the students at Alderson-Broaddus are from West Virginia, with another fourth from Pennsylvania and Ohio, and the balance from 29 other states and eight foreign countries. While the College is proud of its Baptist heritage and its active church relatedness, its religious emphasis is conceived in broad terms to serve all backgrounds with the intent of exposing rather than imposing. Total student costs for the 1989-90 academic year are \$9,882. Over ninety percent of the students receive significant scholarships, grants-in-aid, and work opportunity assistance. The College believes there is a significant growth factor for students in the residential campus living arrangement. Ninety percent of the single students are residents on campus, and married couple facilities are available in modern college-owned and managed apartments.

The main campus of the College occupies approximately 90 acres of land, on which are located academic, religious, administrative, and auxiliary enterprise buildings. Modern academic buildings provide excellent laboratory facilities in addition to adequate space for classrooms and offices. There are seventeen major buildings, including dormitories and food service facilities. All structures in use on the campus have been completed since 1956, with most having been completed between 1965 and 1980. The most recently developed buildings on the campus include Wilcox Chapel (1976) and New Main Hall (1980), the complex which houses all the major administrative operations of the College.

Gaston Caperton, Governor  
Commander-in-Chief

Major General Joseph J. Skaff  
The Adjutant General

The West-Virginia National Guard is authorized and governed by Article I, Chapter 15 of the West Virginia Code and is constituted as both State and Federal force by authority of the National Defense Act approved June 3, 1916, as amended to January 1, 1945, inclusive. The National Guard is a reserve component of the Army of the United States and the United States Air Force and is composed of officers and enlisted personnel who volunteer for duty and are qualified in accordance with Federal and State regulations governing same. In time of peace, the National Guard is a State force, controlled by the Adjutant General as a principal military representative of the Commander-in-Chief. The Adjutant General issues, in the name of the Governor, all orders to the National Guard, disburses funds appropriated by the State Legislature for this purpose and acts as Commanding General for the Commander-in-Chief. In the event of war, insurrection, rebellion, invasion, tumult or a case of public disaster, the Governor has the power to order the West Virginia National Guard or any part thereof, into the active service of the State and to cause them to perform such duty as he shall deem proper. The National Guard is equipped and paid by the Federal Government, but must meet certain organizational and training standards to qualify for Federal recognition. When Congress declares a national emergency and authorizes the use of armed forces requiring troops in excess of those in the Active Forces, the President of the United States may order the National Guard into the active military service of the United States. Initial enlistments in the National Guard are for a period of eight years with reenlistments authorized for one to six years.

**U.S. ARMY ENGINEER DISTRICT, HUNTINGTON**

**CORPS OF ENGINEERS**

**502 Eighth Street, Huntington 25701-2070**

Congress has delegated to the Corps of Engineers responsibility for the development, construction, operation, and maintenance of navigation facilities, flood control structures, and related improvements, and services for water resources management.

The Civil Works Program of the Corps of Engineers is divided on the basis of watershed drainage areas. The Ohio River drainage basin includes all of West Virginia except the Eastern Panhandle, which is in the Potomac River basin. The Huntington District of the Ohio River Division encompasses that part of the Ohio River basin in West Virginia downstream from New Martinsville in Wetzel County. The Pittsburgh District encompasses the upstream remainder of the Ohio River basin, including the basin of the Monongahela River. The Potomac River basin is included in the Baltimore District of the North Atlantic Division.

Responsibility for military construction in West Virginia rests with the U.S. Army Engineer District, Baltimore.

Extension of the Ohio River navigation system in West Virginia presently includes three high lift dams on the Kanawha River and three navigation structures on the Monongahela River.

Improvement of the navigation facilities on the Ohio River bordering West Virginia includes eight high lift structures which replaced 22 obsolete, low-lift dams. Seven of the structures have parallel locks with dimensions of 1,200 feet by 110 feet and 600 feet by 110 feet. The other structure, Gallipolis, was completed in 1937 and has parallel locks measuring 600 feet by 110 feet and 360 feet by 110 feet. In river-descending order, the structures are New Cumberland Locks and Dam, at New Cumberland; Pike Island Locks and Dam, near Wheeling; Hannibal Locks and Dam, near New Martinsville; Willow Island Locks and Dam, near Willow Island; Belleville Locks and Dam, near Belleville; Racine Locks and Dam, near Letart; and Gallipolis Locks and Dam, near Apple Grove. The pool of the other structure, Greenup Locks and Dam, near Greenup, Kentucky, borders Kentucky, Ohio and West Virginia and extends to the Gallipolis Dam. In order to provide comparable locking capacity, a contract was awarded in October 1987 for the construction of new locks at Gallipolis Locks and Dam. Construction is scheduled for completion in 1992.

Modernization of the obsolete navigation structures in the upper portion of the Monongahela River is complete. Opekiska, Hildebrand and Morgantown Locks and Dams are complete and located within West Virginia. Point Marion Lock and Dam is in Pennsylvania, with its upper pool extending to Morgantown Dam. Rehabilitation to Point Marion Dam is under way and replacement of the lock is being studied.

Multipurpose reservoir projects constructed by the Army Engineers within the State include Bluestone Lake on New River at Hinton; Sutton Lake on Elk River at Sutton; Tygart Lake on Tygart Valley River near Grafton; Summersville Lake on Gauley River near Summersville; East Lynn Lake on East Fork of Twelvopole Creek near Wayne; R.D. Bailey Lake on Guyandotte River near Gilbert; Burnsville Lake on Little Kanawha River near Burnsville; Beech Fork Lake on Twelvopole Creek near Huntington, and Bloomington Lake on North Branch Potomac River near Piedmont, and the Stonewall Jackson Lake project on West Fork River near Weston.

Local protection projects completed by the Corps of Engineers in West Virginia are located at Parkersburg, Point Pleasant, Huntington, Ceredo-Kenova, Ridgeley, W. Va.—Cumberland, Md. (one project), Buckhannon, Elkins, Princeton and East Rainelle. Major flood control measures are ongoing in the Williamson area. In addition, several completed smaller flood control projects and snagging and clearing projects, have reduced or alleviated flood damage along smaller tributaries of main rivers within the State.

Services provided include those related to floodplain management and disaster relief assistance. The floodplain management services program provides for preparation of floodplain information reports for communities of the State upon their request, and help to any community, agency, or individual in evaluating flood hazards at individual locations.

## RANDOLPH

Randolph County was formed from the county of Harrison in 1787 and included all of the present county of Tucker, all of Barbour County east of the river, all of Upshur County east of Buckhannon River, and a considerable portion of Pocahontas and

Webster counties. It lost territory in 1821 when Pocahontas was formed; again in 1843 when Barbour came into existence; in 1851 it gave up some of its territory to Upshur; five years later 350 square miles were cut off to form Tucker; and another portion was incorporated in Webster County when it was formed in 1860. After all of these losses Randolph still is the largest county in the State. It was named for Edmund Jennings Randolph, Governor of Virginia 1786-1788. The first white man who settled in what is now West Virginia, built his home on the waters of the Monongahela. In this county occurred the first Indian massacre in the State. From that beginning, the county has been a historical center down to the present.

First 4-H Camp in the world held in this county.

Kumbrabow State Forest and part of the Monongahela National Forest are located in this county.

Rich Mountain Battlefield is located near Beverly, site of an important Battle of the Civil War. Southeast of Huttonsville, on White Mountain (elevation over 4,000 feet), the federal forces maintained the highest fortified camp in the War Between the States.

Leading industries and chief agricultural products: lumber, furniture, coal, clothing, shoes; potatoes, hay and grain, livestock, dairying.

Zip Code 25085

(Magisterial District: Valley)

Incorporated September 8, 1978. Settled in the early 1800's and known as Kincaid's Ferry prior to 1822, the present name of the town was derived from the wooden covered toll bridge built in that year as part of the James River and Kanawha Turnpike. Located at the confluence of the New and Gauley Rivers, which converge to form the Great Kanawha, picturesque and historic Gauley Bridge overlooks the large, lake-like pool formed by the falls of the Great Kanawha just one mile downstream. During the Civil War, Gauley Bridge was the key to the entire Kanawha Valley and the critical military objective. The town was captured and recaptured three times, during these actions wooden bridges across the mouth of the Gauley were burned twice.

The town entered the "All West Virginia" competition for the first time in 1982 and was given "All West Virginia City" status, the youngest town to ever gain such recognition. Again in 1983, Gauley Bridge was not only named an "All West Virginia City", but was selected "Best In Class" and was among the five finalists for the Governor's Award, a competition among forty-four towns of all classes. ### Salem—Harrison County

Zip Code 26426

(Magisterial District: Tenmile)

Incorporated in 1794. Originally named New Salem because the settlers who established the town came in a body from Salem, New Jersey, arriving in the spring of 1792.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established in 1785 by Nicholas Carpenter, who used it for a hunting and trapping center. He also used it as a crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem College, founded in 1888, and the Industrial Home for Youth, established in 1898. Glass has been a major industry. It is the birthplace of United States Senator Jennings Randolph and writer Granville Davison Hall, author of *Daughter of the Elm*, *The Rending of Virginia*, and many other historical books.

Although the peace treaty with the Indians was still in effect when Zane settled here, he and his followers immediately built a fort, which they called "Fort Henry." Here was fought in September 1782, the last battle of the American Revolution. It was during this siege that the famous legend of Betty Zane was established, when she braved a storm of gunfire to carry powder from the Zane cabin to the fort.

## **THE AMERICAN FLAG**

### **DESCRIPTION OF THE FLAG**

The Flag of the United States of America has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next to the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 50 stars. On the admission of a State into the Union a star will be added to the union of the Flag, and such addition will take effect on the 4th day of July next succeeding such admission.

### **PLEDGE OF ALLEGIANCE**

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

### **STATE FLAG**

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, by Senate Joint Resolution No. 18, West Virginia had been represented by several flags which had proved impractical.

Prominently displayed on the pure white field of today's flag and emblazoned in proper colors is the Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—"State of West Virginia." The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

### **GREAT SEAL OF WEST VIRGINIA**

The Great Seal of West Virginia, which also is the Coat of Arms, was adopted by the Legislature on September 26, 1863, and symbolizes the principal pursuits and resources of West Virginia. Described briefly, the obverse side of the Seal bears the legend, "State of West Virginia," together with the motto, "Montani Semper Liberi" (Mountaineers Are Always Free); a farmer stands to the right and a miner to the left of a large ivy-draped rock bearing the date of the state's admission to the Union, in front of the rock are two hunters' rifles upon which rests a Phrygian Cap, or "Cap of Liberty."

The reverse side of the Seal is not in common use today. It was intended to be employed when the Seal was attached to documents by ribbons and suspended in the manner of a medal.

Joseph H. Diss Debar, of Doddridge County, designed the State Seal in 1863 at the request of the first West Virginia Legislature.

### **STATE SONGS**

"THE WEST VIRGINIA HILLS", "THIS IS MY WEST VIRGINIA" and "WEST VIRGINIA, MY HOME SWEET HOME" were designated as the official State Songs of West Virginia, each ranking equally with the others in official status, by House Concurrent Resolution No. 19, adopted by the Legislature on February 28, 1963.

## OFFICIAL COLORS

OLD GOLD and BLUE were designated as Official State Colors by Senate Concurrent Resolution No. 20, adopted by the Legislature on March 8, 1863.

## STATE DAY

### "West Virginia Day"

On January 1, 1863, President Abraham Lincoln approved the Statehood Bill for West Virginia on the condition that it would gradually abolish slavery. West Virginia was proclaimed a State on April 20, 1863, with the bill becoming effective sixty days later on June 20, 1863.

"West Virginia Day" became a legal holiday by Chapter 59, Acts of the Legislature, Regular Session, 1927. (Code 2-2-1)

## STATE TREE

The Sugar Maple or ACER SACCHARUM, as it is known scientifically, was made West Virginia's official tree by House Concurrent Resolution No. 12, adopted by the Legislature on March 7, 1949, authorizing a vote by pupils of public schools and civic organizations. It produces an excellent wood for furniture as well as maple syrup. A single tree is 70 to 120 feet high and produces two to three pounds of sugar when "sugared off"; has a five-lobed leaf and produces a small wing-shaped pod.

## STATE BIRD

The Cardinal or RICHMONDENA CARDINALIS, as it is known scientifically, was made West Virginia's official bird by House Concurrent Resolution No. 12, adopted by the Legislature on March 7, 1949, authorizing a vote by pupils of public schools and civic organizations. The male of the species is a rich scarlet with a mask and shading of black, while the young birds and females are a less brilliant color. The adult bird measures approximately eight inches long. It can be found from New York State to the Gulf of Mexico and as far west as Oklahoma.

## STATE FLOWER

The RHODODENDRON MAXIMUM or "Big Laurel" was made the official State Flower of West Virginia by House Joint Resolution No. 19, adopted by the Legislature on January 29, 1903, following a recommendation by the Governor and a vote by the pupils of public schools. It is a shrub of the heath family and may be recognized by its large evergreen leaves and delicate pale pink or white bloom, mottled with either red or yellow flecks.

## STATE ANIMAL

The BLACK BEAR or EUARCTOS AMERICANUS was selected as official State Animal of West Virginia by a poll of students, teachers and sportsmen conducted by the Department of Natural Resources in 1954-55 and officially adopted by the Legislature, Regular Session, 1973, by House Concurrent Resolution No. 6. It is the only species of bear found in the State. While commonly referred to as the "black bear" its coloring is actually deeply tinted with

brown. Its habitat in the State is primarily in the eastern mountain region. A litter usually consists of one or two cubs, rarely three, each weighing about eight ounces at birth. The adult reaches an average maximum weight of 250 pounds.

## STATE FRUIT

The APPLE was designated as the official State Fruit by House Concurrent Resolution No. 56, adopted by the Legislature on March 7, 1972.

## STATE FISH

The BROOK TROUT was designated the State Fish by House Concurrent Resolution No. 6 adopted Regular Session, 1973, following a poll of sportsmen who favored the Brook Trout. The brook trout is a native West Virginia species.

## INLAND WATERWAYS—FEDERAL

(Data furnished by the Department of the Army)

**Ohio River:** Improvement of the Ohio River for navigation, as authorized by Congress in the River and Harbor Act of 1910, provides for a minimum channel depth of nine feet in the entire 981 miles of the river by the construction of locks and dams and open channel work. The original system, completed in 1929, and major modifications completed in 1937, resulted in 46 lock and dam structures.

In 1953 a modernization and replacement program was begun, to reduce the total number of navigation projects to 20, providing higher dams, larger locks, and deeper pools. Projects adjoining West Virginia include the pool of Greenup Locks and Dam, completed in 1962, between Kentucky, West Virginia, and Ohio; an improvement of Gallipolis Locks and Dam, near Apple Grove; Racine Locks and Dam near Letart, completed in 1970; Belleville Locks and Dam, completed in 1969 at Belleville; Willow Island Locks and Dam near Waverly, West Virginia, completed in 1975; Hannibal Locks and Dam, at New Martinsville, completed in 1975; Pike Island Locks and Dam, completed in 1965 near Wheeling, and New Cumberland Locks and Dam, completed in 1962 near New Cumberland.

**Kanawha River, West Virginia:** Three high-lift dams on the Kanawha River and the Gallipolis Dam on the Ohio River provide a minimum channel depth of nine feet on the Kanawha River for 91 miles, from the mouth to Deepwater. Each Kanawha River dam has twin locks, and the Kanawha Valley Power Company has a hydroelectric plant at each site. The two upstream dams, London and Marmet, were completed in 1934, Winfield Dam in 1937, and Gallipolis Dam on the Ohio River in 1937. Construction of an additional, 800' x 110', lock at Winfield will begin in 1990.

**Monongahela River, West Virginia and Pennsylvania:** The existing Monongahela navigation system includes nine locks and dams, affording slack-water navigation from Pittsburgh to above Fairmont, West Virginia, a distance of 128.7 miles. The controlling depth is nine feet and the navigable width varies from 250 feet in the upper reach to practically the full width at the mouth of the River.

Modernization of the Monongahela River navigation structures in the upper reaches of the waterway was completed with the construction of the Morgantown, Hildebrand, and Opekiska Locks and Dams. In the middle portion of the river, the Maxwell Locks and Dam and the reconstruction of Dam No. 4 combined to eliminate Locks and Dams 5 and 6. Replacement of Lock and Dam 7 and Lock 8 has been recommended and will complete the modernization program in the upper two thirds of the river.

## MULTIPLE-PURPOSE LAKES—FEDERAL

(Data furnished by the Department of the Army)

### Completed Projects:

**Beech Fork Lake:** Creation of a lake on Beech Fork of Twelvepole Creek, near Huntington, was authorized by Congress in the Flood Control Act of 1962. Construction of the dam was

completed in February 1977. Additional public use development, some in conjunction with a proposed State lodge complex, remains to be accomplished. The dam is an earth fill, with a maximum height of 86 feet and a top length of 1,000 feet. The lake controls the runoff from a drainage area of 78 square miles. A minimum pool with a surface area of 450 acres is maintained during the winter. A summer pool with surface area of 720 acres is maintained during the summer for recreation purposes. The remaining capacity is utilized for flood control.

**Bluestone Lake:** Bluestone Lake, located on New River near Hinton, was authorized by Presidential executive order in 1935 and approved by Congress in the Flood Control Acts of 1936 and 1938. Construction of the project was begun early in 1942, suspended in 1944 because of the war emergency, resumed in 1946, and completed for operational purposes in 1949. The dam, of concrete construction, is 165 feet high and 2,048 feet long. The lake regulates the runoff of a drainage area of 4,565 square miles. During periods of low and normal flows in New River, the elevation of the lake varies about four feet, with a minimum pool 9.5 miles in length and an area of 1,800 acres. The remaining capacity is reserved for the impoundment of floodflows.

**Burnsville Lake:** Construction of the Burnsville Lake project was begun in the summer of 1972 and the dam was completed in September 1976. The project controls the runoff from a drainage area of 165 square miles. The dam is a rockfill embankment rising 84.5 feet above the streambed. Top elevation is 839 feet above sea level, and the crest length 1,400 feet. A gated spillway is located in the left abutment. The outlet works are located in the spillway section. The minimum pool is maintained at elevation 776 with a surface area of 550 acres. The summer pool is at elevation 789 and has a surface area of 968 acres. The flood control pool is at elevation 825 with a surface area of 1,900 acres.

**East Lynn Lake:** East Lynn Lake, located on East Fork at Twelvepole Creek, was authorized by Congress in the 1938 Flood Control Act. Construction of the dam was completed in 1972. The dam is an earthfill structure with a maximum height of 113 feet and a crest length of 652 feet. The lake controls the runoff from a drainage area of 133 square miles. A minimum pool with a surface area of 823 acres is maintained during the winter, while the higher summer pool has a surface area of 1,005 acres. The remaining storage is for flood control.

**Jennings Randolph Lake:** The Bloomington Dam project (Jennings Randolph Lake) was authorized by Congress in 1962 as a unit of the comprehensive water resource development plan for the Potomac River basin. The dam site is in Mineral County, West Virginia, and Garrett County, Maryland, on North Branch Potomac River about eight miles upstream from the mouth of Savage River. The dam is a rolled earth and rockfill structure with a maximum height of 296 feet and a top length of 2,130 feet. The lake will control runoff from a drainage area of 263 square miles. The project provides low-flow augmentation, water quality control, flood control, water supply and recreation. Construction was begun in 1971 and was completed in 1981.

**R. D. Bailey Lake:** The R. D. Bailey Lake is located on Guyandotte River in Wyoming County. The dam was dedicated in August 1980. The dam is 310 feet high and with a top length of 1,370 feet. A minimum pool with a surface area of 440 acres is maintained in the winter months. A seasonal pool for recreation and water quality control with a surface area of 630 acres is maintained during the summer. The remaining storage capacity is for flood control.

**Summersville Lake:** Built between 1960 and 1966, Summersville Lake is situated on Gauley River near Summersville. The dam is a rockfill type, with a maximum height of 390 feet and a top length of 2,280 feet. The drainage area above the dam is 803 square miles. It provides a maximum capacity of 390,800 acre-feet of storage for flood water, of which 163,400 acre-feet may be used for low-flow augmentation in the Kanawha River in summer. The summer recreation pool is 13.7 miles long and 2,723 acres in area.

**Sutton Lake:** Sutton Lake, located on the Elk River near Sutton, was authorized by Congress in the Flood Control Act of 1938. Work on the dam started in 1956. Construction was completed in 1961. The dam is of concrete, 210 feet high and 1,178 feet long. The lake controls the runoff from a drainage area of 537 square miles. A minimum pool 5.9 miles in length, with a surface area of 270 acres is maintained during the winter. A seasonal pool with a maximum length of 14.5 miles, surface area of 1,520 acres is maintained for low-flow augmentation and recreation. The remaining capacity is utilized for flood control storage.

**Tygart Lake:** Tygart Dam, on the Tygart Valley River 2.25 miles upstream from Grafton, was authorized by the Public Works Administration in 1934 and approved by Congress in the River and Harbor Act of 1935. The concrete gravity dam is 1,921 feet in length at the top and rises 230 feet above the riverbed. It is operated as a unit in the reservoir system for the protection of Pittsburgh and the Monongahela and Upper Ohio River valleys. In addition to flood control, Tygart Lake provides for low-water discharge regulation by the gradual release of stored spring flood waters during the summer-fall period to assure a river flow of 340 cubic feet per second at Lock and Dam No. 8 on the Monongahela River. Storage of about 100,000 acre-feet of water is allotted for this purpose. The potential of developing hydro power at the project is currently being studied.

#### **Projects Under Construction:**

**Stonewall Jackson Lake:** The Stonewall Jackson Lake project was authorized by the Flood Control Act of 1966 for the purposes of flood control, water quality control, water supply, and recreation. The project, benefiting primarily the West Fork and upper Monongahela River valleys, will be operated as a unit in the comprehensive plan for flood control in the Ohio River basin; to improve water quality in the West Fork, Monongahela, and Ohio Rivers; to provide storage for water supply; and for general and fish and wildlife recreation.

The dam was completed in late 1986. It is located on West Fork River at Brownsville, Lewis County, with the full pool extending upstream to Walkersville and Crawford, also in Lewis County.

The maximum summer pool for water quality control, water supply, and recreation will be at elevation 1,072 feet above sea level, with a surface area of 2,650 acres. The lake will open in 1990.

#### **Local Flood Protection Projects:**

All completed major flood protection projects in West Virginia, except at Ridgeley, are units in the comprehensive plan for flood control and allied purposes in the Ohio River basin. The local protection projects have been constructed so that, acting alone, they provide a degree of flood protection which in most places is equal to protection against the maximum flood of record in the project localities. Each locality along the Ohio River which has local protective works also receives additional protection from a coordinated system of upstream multiple-purpose reservoirs designed to reduce flood flows on the Ohio River and to contribute to the reduction of floods on the lower Mississippi River.

Completed reservoir and local flood protection projects in West Virginia have already made a major contribution toward reduction of flood damages; flood control benefits from their operation through September 1980 have aggregated a total estimated amount of more than \$1.6 billion.

**Ohio River Projects:** Local protection works have been completed for Ceredo-Kenova, Huntington, Parkersburg, and Point Pleasant. The projects consist of concrete walls and earth levees to prevent entrance of flood waters, pumping stations to discharge sewage and internal drainage during flood periods, and gated openings to permit unobstructed movement of traffic during normal (nonflood) river conditions. Operation and maintenance are local responsibilities.

**Buckhannon LPP:** A project in the vicinity of Buckhannon completed in 1969 provides channel improvement along Buckhannon River for 4.6 miles.

**Elkins LPP:** The principal elements are a cutoff channel and dikes, located about 1.5 miles above the city, which divert floodflows from the loop of Tygart Valley River on which Elkins is located. The project was completed in 1949 and is unique in that the Federal Government has the responsibility for maintaining the dimension features of the improvement.

**Princeton LPP:** Principal features of the protection works are 3.9 miles of channel improvement along Brush Creek. The project was completed in 1961.

**East Rainelle LPP:** The project consists of 4.3 miles of channel improvement on Meadow River and Sewell and Boggs Creeks. The project was completed in 1962.

**Ridgeley, West Virginia, and Cumberland, Maryland:** Ridgeley, in Mineral County, is located on the south bank of North Branch Potomac River, opposite Cumberland, Maryland. Protective works for these communities include about 3.3 miles of channel improvements on North Branch and its tributary, Wills Creek, supplemented by a system of earth levees and concrete floodwalls. The project includes three pumping stations with related interior drainage facilities and eight pressure conduits totaling 11,800 feet in length. An industrial watersupply dam, three highway bridges, and a railroad bridge were reconstructed. The project was completed in 1959. Additional channel improvement on North Branch Potomac River was completed in 1964.

**Williamson LPP:** The business section of Williamson is protected by a project consisting of 2,135 feet of concrete wall along Tug Fork of Big Sandy River, a pump station, and 16 gated openings. The project was completed in 1963. Additional flood protection will be provided to the Williamson Central Business District by construction of a proposed new floodwall. The project, to begin in 1988, will consist of 4,100 feet of floodwall, 2 pumping stations and 5 gated closures. Scheduled completion for the floodwall is 1992. Currently construction is proceeding on the West Williamson project. The floodwall to be completed in 1990 consists of 6,240 feet of floodwall, a pumping station and 2 gated closures.

**Barboursville Bank Protection Project:** The project consisted of repairing and restoring a bank of Guyandotte River in the vicinity of Water Street in Barboursville. The work consisted of placing dumped rockfill on the right bank of the river for the prevention of erosion, and channel excavation on the opposite bank. Construction was completed in 1965.

**Tug Fork of Big Sandy River:** Under authority of Section 202 of the Energy and Water Development Appropriation Act of 1981 (PL 96-367), the Corps was directed to provide flood protection measures to communities along the Tug Fork of the Big Sandy River. Local protection projects are proposed at several West Virginia communities along the Tug Fork including Williamson (see above), Matewan, Kermit, Steptown and Crum. In addition to floodwall projects, the protection measures include non-structural alternatives such as permanent evacuation of the floodplain to flood-safe subdivisions and floodproofing of floodplain structures by raising-in-place. Currently floodproofing and floodplain excavations are occurring in the Williamson and Matewan areas of the Tug Fork.

**Local Protection Work Under Special Continuing Authority:** Small flood control projects under authority provided to the Corps of Engineers by Section 205 of the Flood Control Act of 1948 include channel improvement work completed along North Branch Potomac River at Blaine and Bayard and along Middle Fork Mud River in the Griffithsville-Yawkey area.

Projects under the authority provided to the Corps of Engineers to snag and clear streams for flood control by Section 208 of the Flood Control Act of 1954 include projects completed at Berwind on Dry Fork, a tributary of Tug Fork of Big Sandy River; Bramwell and Montcalm on Bluestone River; Cairo on North Fork Hughes River; Colliers on Harmon Creek; Huntington on Fourpole Creek; Pine Grove on Fishing Creek; Jacksonburg, and Smithfield on South Fork Fishing Creek; Richwood on Cherry River; Stonewood and Nutter Fort on Elk Creek; West Union on Middle Island Creek; Weston on Polk Creek and Stonecoal Creek; Wyatt on Bingamon Creek; Pax on Paint Creek and Ripley on Mill Creek.

Projects under authority provided for the Corps of Engineers by Section 32 of the Water

Resources Development Act for Streambank Erosion Control Evaluation and Demonstration include projects completed at Sistersville, Warwood, Ravenswood and St. Marys along the Ohio River, and South Charleston on the Kanawha River.

Projects under authority provided to the Corps of Engineers for streambank protection by Section 14 of the Flood Control Act of 1946, include projects completed at Warwood and Chester along the Ohio River.

## OIL AND GAS DEVELOPMENTS IN WEST VIRGINIA, 1988

Katharine Lee Avary, West Virginia Geological and Economic Survey

Total well completions reported in West Virginia during 1988 decreased 17.4 percent from 1987. Exploratory completions increased 10.0 percent from 1987 to 1988. Of the 22 exploratory wells reported, 3 were new-field wildcats (2 successful), 1 was a new-pool test (unsuccessful), 7 were deeper-pool tests (5 unsuccessful, and 1 plugged back for shallow development), 3 were shallow-pool tests (all successful), and 8 were outposts (3 extensions and 1 new pool discovery). In addition, shallow pools were discovered in 2 development wells. Thus, 2 new fields and 9 new pools were discovered, compared to the 3 new fields and 9 new pools discovered in 1987. The success rate for exploratory wells was 63.6 percent, whereas development wells were completed successfully 94.1 percent of the time.

Wells were officially reported as completed in 40 of the 55 counties of the State (Table I). Total completions reported (including workovers) were 950. Of these, 767 were gas wells, 32 were oil, 79 were combination oil and gas, only 61 were dry, and 11 were miscellaneous wells completed in EOR projects (10) or gas storage fields (1). Beason Run was the most active gas field (39 wells) (Table II) and Blue Creek (Falling Rock) the most active oil field (20 wells). Counties with the most completions reported include: Ritchie (132 wells), Kanawha (85 wells), Gilmer (80 wells), Doddridge (67 wells), and Harrison (62 wells). Nicholas had the most exploratory wells (4), followed by Fayette with 3, and Braxton, Preston, and Wyoming with 2 each.

Of the 14 exploratory successes reported, 9 were in shallow formations. Much of the exploratory activity occurred in southern West Virginia, as operators explored for Gordon and deeper shale production in and near fields with Mississippian production.

During the first half of the current decade, exploratory drilling was dominated by the search for new oil and gas reserves in the thick Devonian shale sequence, especially on, and adjacent to, the Burning Springs Anticline. In 1988, the number of completions reported and permits issued seem to indicate that the exploratory phase of the shale play is over. In a year of very limited exploratory drilling, the significant trends appear to have been: drilling deep Oriskany wells in the eastern overthrust belt and adjacent counties in the plateau area with high amplitude folds; searching for deeper Oriskany pools on the lower amplitude folds farther west; and scattered deeper-pool tests to the Devonian shales in several southern West Virginia counties. Several of these wells were directionally drilled.

Deep drilling increased 11.4 percent in 1988. Most of the 39 deep wells reported as completed were tests of the Oriskany Sandstone, but 8 Tuscarora tests and 1 each to the Newburg and Keefer also were reported. During 1988, many deep wells were reentered and plugged back to the Huron or Berea. In fact, 12 of 39 deep wells reported were old wells that were reworked. Only 14 deep wells were successful, all in the Onondaga and/or Oriskany.

Shallow wells, both exploratory and development accounted for 95.9 percent of all wells reported during 1988. Ritchie was the most active county (as it has been since 1981) with 132 completions reported and 507, 029 feet drilled. Of the 132 completions reported, 95 tested the Devonian shales. A total of 357 wells in 9 contiguous counties across northern West Virginia was reported as completed in Upper Devonian sandstones and siltstones or laterally equivalent shales. Chemung and Brallier sandstones and siltstones (Bayard through Elk) were the lowest unit tested in 389 wells, up 8.3 percent from 1987. The Chemung-Brallier sands were the deepest pays in 374 wells, of which 52 were Brallier pays, and 111 were in the Benson. In addition, the sands were completed 549 times as shallower pays in wells with more than 1 pay zone.

Pocono completions ranked second, with 167 up from 126 in 1987. These sands were the deepest pays in 148 wells, and were completed 76 times as shallower pays. Devonian shales decreased in importance as targets in 1988, with 158 completions reported. The shales were the lowest zones completed in 132 wells, and were completed 120 times as shallower pays. Two Devonian shale fields were among the 9 most active fields in the State during 1988 (Table II). The Big Injun was the lowest unit tested in 108 wells (compared to 138 in 1987), and the deepest zone completed in 99 wells (113 in 1987). Also, the Big Injun was a shallower pay in 56 deeper wells (60 in 1987). This is the first time in many years that the number of Pocono completions exceeded the number of Devonian shale completions.

Oil production decreased 7.0 percent as did gas production (2.2 percent) (Table III). Average initial potential figures for wells reported in 1988 were: oil wells, 8 barrels per day; gas wells, 734 Mcf per day; and combination wells, 11 barrels per day and 340 Mcf per day. Oil prices fluctuated \$2.50/bbl during the year, beginning at \$15.00/bbl and then dropping to a low of \$13.00/bbl before ending the year at \$14.00/bbl. The overall price paid for all gas in West Virginia during the year was \$3.05 per Mcf, a drop of 21.8 percent over the past 2 years.

## DRIVER IMPROVEMENT PROGRAM

(Point System)

West Virginia's Driver Improvement Program, as administered by the Division of Motor Vehicles, is designed to eliminate the chronically careless driver from the state's highway system.

Under the program "points" are assigned to those convicted of various moving traffic violations. Conviction notices are forwarded to the Division of Motor Vehicles, which maintains each individual's driving record and statistics.

A driver receiving a total of six points within two years is sent a warning letter by the Division outlining the need for more careful driving. Individuals accumulating nine or more points may be required to appear for a counseling session with a Division representative. If a driver accumulates twelve or more points, the Division may take corrective action such as probation or suspension of driving privileges.

# STATE PARKS AND FORESTS

## WEST VIRGINIA'S RECREATION PARADISE

West Virginia's State Park and Forest System is a living legacy of recreation, cultural, and vacation opportunities for all citizens, and for growing numbers of vacationers from other states. For the past 50 years, the system has been maintained and expanded to provide quality recreation that our citizens appreciate as a major ingredient of the "good life."

The system began in 1929 with the establishment of the site of a major state Civil War engagement, Droop Mountain, as the first state park area. Shortly afterwards, during the years of the Great Depression, major emphasis was placed on creation of a system of parks and vacation lands in the Mountain State. By the mid-1930's parks such as Cacapon, Lost River, Babcock, Holly River, and Watoga were begun. The development of vacation cabins, roads, trails, lakes and swimming pools was undertaken by the State, in cooperation with the old Civilian Conservation Corps (CCC), and the National Park Service. It was the beginning of the fine system that has continued to rank right at the top nationally among state park facilities.

Vacation cabins became one of the most popular attractions right from the first. To this day, most park and forest cabins are booked to capacity months before the traditional summer vacation season. Now, with the expansion of winter sports facilities, longer vacation periods, and public awareness of a four-season concept of recreation, cabins are filled at many parks year-round. Cabins, whether the old-time log style, or of modern construction, provide quality family outdoor lodging as well as the perfect choice for those persons on a budget.

The greatest period of demand for recreational facilities followed World War II. While most states had the opportunity of developing a basic park system in the 1930's, only a very few, among them West Virginia, chose to expand and develop to meet the growing demand for more parks, more acres, and more facilities for their accommodation.

By the mid-1950's the parks boasted of year-round public facilities, with the completion of dozens of heated "deluxe" cabins, and rustic (yet modern) lodges at Blackwater Falls, Cacapon and Mont Chateau State Parks. Funds to build these facilities came from the State's first revenue bond program, whereby money was borrowed for construction and repaid over a score of years from earnings through public rental.

Blackwater Falls State Park is a typical example. The region was ravaged in the early 1900's by logging, then by a series of disastrous forest fires, and further by exploitation and strip mining which occurred during the unregulated demand for coal during World War II. The new lodge and 25 deluxe cabins formed the nucleus of a major state park, which preserved for all time the rich natural beauty of the deep gorge of Blackwater River, the famous falls of which are a natural landmark in West Virginia, and provided miles of trails for hiking and riding. By 1970, the park was one of the leading year-round facilities in the entire park system.

In the early 1960's the older, but highly popular, log vacation cabins which were largely constructed by hand as the final example of mountain skill at stonecutting and log home building were totally remodeled. The biggest addition at this time was the construction of modern kitchens. Many state forest cabins were also upgraded in a similar manner, but at two forests—Kumbrabow and Seneca—the older facilities were left intact for those family visitors who wanted to share the traditional mountain heritage of kerosene lighting and water pumped from a well.

By 1963 it was evident that the emergence of the Appalachian region as a vacationland was only a matter of time. Demands on the public and private sector of recreation were unprecedented, but development had not occurred. Accordingly, an agreement was reached between the Federal and State governments for a demonstration program. The multi-million

dollar program was designed, in part, to demonstrate to the private sector that recreation was a major future source of jobs, and that this industry would eventually emerge as a major factor in the State's highlands region. The "State Parks for the 1970's" program, as it was termed, eventually added three new state parks to the system, and provided for major expansion to three others.

At Grandview, near Beckley, site of the outdoor dramatic productions of "Honey In The Rock," and "Hatfields and McCoys," parking and picnic areas were greatly expanded and nature trails improved to accommodate the growing crowds at this scenic park which overlooks the famed New River Gorge.

By 1968, a major expansion program was completed at the Cass Scenic Railroad. This old logging line, remnant of thousands of miles of such railway which crisscrossed the mountains, became a state park facility in 1961. From 1963 through 1967 it operated only on a four mile segment. Beginning in 1968, as a result of this renovation of trackage, the full eleven mile line to the area of Bald Knob (West Virginia's second highest point) was opened to public use. Additional public facilities included a 300-car parking lot. Funds to accomplish this project were borrowed and will be repaid through income from the sale of tickets to ride the old logging trains.

Hawks Nest, a spectacular overlook high atop the famed New River Gorge, has long been one of the Mountain State's most popular park attractions. Under the "State Parks for the 1970's" program this park was greatly expanded. New facilities include a 30-room lodge overlooking the canyon, new overlook at Lovers' Leap, a marina and boat dock on the lake at the bottom of the deep chasm, and a unique aerial cable tramway to carry visitors from the rim to the bottom of the gorge.

Pipestem State Park Resort has become one of the leading state park recreational attractions in eastern America. Breath-taking in almost every dimension, Pipestem is set along a rolling plateau overlooking the rugged and undeveloped Bluestone River Gorge, near Hinton and Princeton.

The park features two comfortable lodges, the 113-room Pipestem Lodge perched on the edge of the river canyon; and Mountain Creek Lodge, a secluded 30-room facility at the bottom of the deep gorge. The Mountain Creek facility is accessible *only* via the park's canyon aerial tramway system which sweeps over a thousand feet down into the valley from the visitor center.

Other recreational facilities include a challenging 18-hole championship golf course and an enjoyable par-3 course. Clubhouse facilities rank second to none and highlight golf as a major new attraction of state parks.

The visitor center, headquarters for the year-round nature and recreation program, also features a native West Virginia Arts and Crafts demonstration and sales center which is coming into its own as a major outlet for Appalachian crafts. Nearby is a 550-seat outdoor amphitheater where outdoor drama and music concerts are performed regularly, the recreation center with its 200-seat cafeteria, olympic-sizeswimming pool and indoor recreation rooms, and an ice skating rink.

Remaining major facilities include an overlook atop Pipestem Knob, highest peak of the region, a 50-unit, completely equipped campground, archery range, nature center, riding stable with both horses and bicycles featured, and the park information and headquarters building.

Twin Falls, near Mullens and Pineville, provides year-round recreation in the State's southern highlands for the first time. The park features a 20-room guest lodge and 13 comfortable, heated guest cabins for year-round occupancy. Other highlights are an 18-hole regulation golf course, archery, and a recreation center building that includes a large swimming pool and indoor recreation.

Canaan Valley, located in a deep, high mountain valley near Blackwater Falls State Park, is blossoming as one of the premier winter sports centers in the East. The valley, which exceeds 3000 feet in average elevation, is surrounded by 4000 - 4500 foot high mountain peaks.

Accommodations available at Canaan Valley include a 250-room lodge with deluxe conference center which offers a wide range of audiovisual equipment, restaurant with a seating capacity of 500, and gift shop; 15 deluxe cabins and 34 deluxe campsites. The lodge overlooks the scenic valley and the park's 18-hole championship golf course.

The park's winter sports center includes miles of ski trails, most serviced by full artificial supplemental snow-making equipment. One quad chair and two triple chair ski lifts are operated all winter, and also in summertime as a scenic tourist attraction. The ski center includes a pro shop, restaurant, skiers' pub, lounge, and other public facilities.

As planned recreational development continues, many additional features are being created. The Cacapon State Park 18-hole championship golf course is attracting thousands of golfers to this fine year-round eastern panhandle attraction. Eight year-round guest cabins, more campsites and handicapped hiking trails have been completed at North Bend, the State's major Ohio Valley parkland.

Of historical interest is the reconstruction of a grist mill on Glade Creek at Babcock State Park. The mill, completed in 1976, was created by combining parts and pieces from several old mills which once dotted the state. The basic structure of the mill, originally the Stoney Creek Grist Mill, was moved to Babcock from a spot near Campbelltown, Pocahontas County. From the Spring Run Grist Mill near Petersburg, Grant County, the overshot water wheel was acquired; several other parts came from the Roaring Creek Grist Mill near Onego, Pendleton County. Cornmeal and buckwheat flour are ground at the Glade Creek Mill and may be purchased there.

West Virginia frontier life of the late 1700's is the main attraction at Prickett's Fort State Park. The fort was recently reconstructed to look as it was believed to have looked in 1774, the date of its original completion. There are 16 one-room cabins, a meeting hall and storehouse within the fort, demonstrating the lifestyle of the settlers who relied upon the security of its sturdy walls to protect them from the Indians. Visitors can view demonstrations of 18th Century crafts including open hearth cookery and baking; carding, spinning and weaving of wool; basket making, candle dipping and wood lye soap making; horn and leatherworking; gunsmithing, blacksmithing and coopering.

West Virginia's newest park is Beech Fork State Park, consisting of 3,860 acres; facilities: 276 campsites. When fully developed, Beech Fork will include day use facilities such as swimming, tennis, game courts, picnicking, hiking trails and an 18-hole championship golf course. Overnight accommodations will include a lodge and cabins.

Another unique addition to the park system is the Greenbrier River Trail. Though not actually referred to as a state park, the 1980 session of the West Virginia Legislature designated an abandoned rail-line of the Chesapeake and Ohio System, the Greenbrier River Trail, and allowed the Division of Parks and Recreation to acquire the land for the purpose of developing a hiking-biking trail. The rails and ties have been removed, and 76 miles of the trail will be resurfaced with finely crushed limestone. As well as backpacking and biking, the trail may be used as access to the Greenbrier River by fishermen and canoers, and as a cross-country ski trail in the winter. Motorized vehicles are not allowed on the trail. Camping areas, lean-to shelters, water and sanitary facilities, and interpretive signing are among the proposed future developments for the trail.

West Virginia's recreation system is a source of pride and enjoyment to West Virginians and other visitors. More than seven and one-half million tourists visit West Virginia parks and forests each year for quality family recreation in the scenic outdoors.

## U. S. DEPARTMENT OF AGRICULTURE

### Forest Service

#### Monongahela National Forest

##### Headquarters: Elkins

The Monongahela National Forest was proclaimed by President Woodrow Wilson on April 28, 1920, under the Weeks Law. This law of 1911 provides for the cooperation by states with the United States, and the protection of watersheds of navigable streams. In West Virginia, the National Forest was established for flood protection in the Ohio and Potomac River valleys. It is one of a system of 156 National Forests and the only National Forest wholly in West Virginia. The Clark-McNary Act of June 7, 1924, broadened the objectives to provide for reforestation and production of timber. The Multiple Use Act of June 12, 1960, provides that National Forests shall be managed for outdoor recreation, range, timber, watershed, hunting, and fishing. The Spruce Knob-Seneca Rocks National Recreation Area Act of September 28, 1965, established the 100,000 acre National Recreation Area on the Forest and authorized land acquisition and an accelerated program of outdoor recreation facilities. On January 3, 1975, Public Law 93-622 made Dolly Sods and Otter Creek parts of the National Wilderness Preservation System and the Monongahela National Forest became responsible for the management of these Wilderness Areas. On January 13, 1983, Public Law 97-466 added the Cranberry and Laurel Fork Wilderness Areas to the National Wilderness Preservation System.

The Forest and Rangeland Renewable Resources Planning Act of 1974 (the Resources Planning Act) authorized a national assessment of Forest resources and set up a system of long range plans to assure that the American people enjoy adequate supplies of water, recreation, forage, timber, and wildlife in the decades ahead. The National Forest Management Act of 1976 strengthened the planning process and updated the authorization for resource management. Planning on the Monongahela National Forest is an interdisciplinary process that includes involvement of the public.

This public forest is dedicated to the protection, development, and management of all its resources for the greatest good to the greatest number over the long run.

Within the proclaimed boundary and authorized purchase units of the Monongahela National Forest there are 1,673,700 acres of which 901,548 were owned by the United States. As of September 30, 1989 there were also 109 acres of other land acquired and administered as part of the National Forest. Directly in charge of the National Forest is the Forest Supervisor. In the National Forest are six Ranger Districts, each administered by a District Ranger.

National Forest acreage, by county, as of September 30, 1989, and the payments made to each by the Forest Service for Fiscal Year 1988 were:

**MONONGAHELA NATIONAL FOREST  
RECREATION ATTRACTIONS**

Special areas of interest include *Seneca Rocks*, a 1,000 foot quartzite formation which rises above the North Fork Valley near the community of Seneca Rocks. Besides its appeal to sightseers, Seneca Rocks is considered by many climbers to be the best rock climb in the East. The Seneca Rocks Visitor Center is located in the area along with picnic facilities. Exhibits and programs are provided for public enjoyment at the Visitor Center.

*Spruce Knob*, the highest point in West Virginia rises to over 4,800 feet above sea level. It is an area of windblown red spruce and rock outcrops and is accessible by road. It affords excellent views to the east and west. Visitors will enjoy the Spruce Knob Observation Tower and interpretive trail.

The *Smoke Hole* is a rugged scenic canyon through which the South Branch of the Potomac River flows for about 20 miles. Over half of the distance is flanked by a narrow scenic road. In the Smoke Hole is located the Big Bend Campground and the Smoke Hole picnic area.

The *Dolly Sods* Wilderness containing 10,215 acres appears like a bit of Canada transplanted on top of Allegheny Mountain. It is located in the northeastern portion of the Forest.

The *Otter Creek* Wilderness comprises 20,000 acres and is located in the northwestern section of the Forest. It includes almost the entire drainage of Otter Creek and contains rich hardwood stands intermingled with patches of red spruce and eastern hemlock. A large bog is also situated within the area.

The *Laurel Fork* Wilderness contains 12,200 acres in two sections north and south of the Laurel Fork Campground on the Greenbrier Ranger District. It includes the upper drainage area of the Laurel Fork and a rich northern hardwood forest.

The *Cranberry* Wilderness contains 35,600 acres and is located on the Gauley Ranger District. It is the largest Wilderness on the Monongahela National Forest and contains a rich mixture of hardwood trees interspersed with red spruce on the higher elevations.

The *Cranberry Glades* Botanical Area contains four bogs whose plant and animal life is similar to that found in the Canadian bogs or "muskegs" of the North. A boardwalk trail with interpretive signs has been constructed for visitor enjoyment and to protect the fragile ecology.

The *Cranberry Mountain Visitor Center* is located a few miles from Cranberry Glades along the Highland Scenic Highway. Exhibits and programs are provided for the visitors' benefit.

The *Falls of Hills Creek Scenic Area* contain three waterfalls, the most spectacular of which is 65 feet high. There is a scenic forest trail leading down the gorge to the falls.

The *Gaudineer Scenic Area* is a remnant of a vast virgin spruce forest. These spruce trees attain a height of 100 feet and grow to 35 inches in diameter. This 140 acre primeval stand is over 250 years old.

The *Lake Sherwood Recreation Area* contains a man-made lake covering 164 acres. In addition to camping and picnicking facilities, there is a boating site and rental boats, swim site with beach and bath house, and a network of hiking trails near the campground.

The *Highland Scenic Highway* runs from the outskirts of Richwood to U. S. Highway 219 at the top of Elk Mountain for a distance of about 45 miles. This route is a designated national scenic byway and takes the visitor through a remote section of the high Allegheny Mountains and offers a variety of scenic views.

The *Spruce Knob Lake Recreation Complex* located in Randolph County contains a 25 acre impoundment stocked with trout. Only non-motorized boating is permitted. It also contains a 43 family unit rustic campground.

The *Lake Buffalo Impoundment* located in Pocahontas County contains 22 acres. It is principally stocked with trout. No camping facilities are available at the lake. Only non-motorized boating is permitted.

The *Summit Lake Recreation Complex* located in Greenbrier County contains a 45 acre impoundment principally stocked with trout. Only non-motorized boating is permitted. It contains a 33 family unit campground adjacent to the lake.

Located on 3 acre tract, adjacent to West Virginia University's Evansdale Campus. Engineering research on timber harvesting systems for the Appalachian area involves improvement of transporting and handling of timber and improvement of logging methods to protect the forest environment. Gypsy moth research focuses on silvicultural impacts of this insect on forest stands and on management control options. State and private forestry works in cooperation with state forestry agencies, private landowners and researchers in improving the planning, management and use of forests and forest products, flood prevention, watersheds, riverbasins projects, and forest pest management.

**FERNOW EXPERIMENTAL FOREST**

*Director's Representative:* H. Clay Smith ..... Parsons

A 5,000 acre outdoor laboratory devoted in research on production of hardwood timber and water from forest land. Experiments center on how the amount and frequency of forest cutting affect the timber, wildlife, soil, and water resources; the proper use of logging equipment and roads; levels of acid rain and the ability of forested ecosystems to neutralize the acids received in rainfall; and the economics of forest management.

# TAX DEPARTMENT

## COLLECTION OF REVENUE

### CORPORATION INCOME TAX

The West Virginia Corporation Net Income Tax, Chapter 11, Article 24, West Virginia Code of 1931, as amended, is a conformity statute which imposes a tax on the net income of corporations and similar business organizations. For calendar year taxpayers the 1989 tax rate is 9.525 percent. Being a statute correlated to the Federal Internal Revenue Code will simplify preparation of state corporation net income tax returns by taxpayers, improve enforcement and aid in interpretation of the law through increased use of federal judicial and administrative determinations and precedents.

The tax is paid in four equal installments, the taxpayers preparing an annual declaration of estimated tax and reconciling the same through the filing of an annual return. The due date of the declaration is the fifteenth day of the fourth month of the tax year. The following quarterly payments are due on the fifteenth day of the sixth, ninth and twelfth months of the taxable year. The annual return is due on the fifteenth day of the third month following the close of the taxable year.

#### SEVERANCE TAX

The Severance Tax, Chapter 11, Article 13A, West Virginia Code of 1931, as amended, is a tax levied for the privilege of engaging in the business of severing, extracting and/or producing natural resource products within West Virginia. This tax, which is effective for tax periods beginning on or after July 1, 1987 replaces the phased-out Business and Occupation Tax on natural resource production. The only significant change from the Business and Occupation Tax is that the Severance Tax base includes the processing and treatment of certain natural resource products as part of the production process.

The tax is levied on gross proceeds of sales. However, a person subject to the Severance Tax, who purchases raw natural resources and processes them into commercially usable products, pays tax only on the value added in the processing of such resources.

The following tax rates apply after July 1, 1989:

	Rate
Coal	5.00%

## TELECOMMUNICATIONS TAX

The Telecommunications Tax, Chapter 11, Article 13B, West Virginia Code of 1931, as amended, is a tax levied for the privilege of engaging in the business of Telecommunications within West Virginia. The term "telecommunications" means all telephone, radio, light, light wave, radio telephone, telegraph and other communication, or means of communication, whether used or voice communication, computer data transmission, or other encoded symbolic information transfers. The term does not include commercial broadcast radio or television, cable television or amateur or citizen's band radio.

The tax is equal to 4 percent of intrastate gross income and apportioned interstate gross income. Gross income is equivalent to the receipts received from the provision of local exchange or long distance voice or data communications services, but does not include receipts from the provision of network access, billing or similar services. Interstate gross income is apportioned to West Virginia according to the length of communication pathways both within and without the State.

## PERSONAL INCOME TAX

The West Virginia Personal Income Tax Act (West Virginia Code, Chapter 11, Article 21) was enacted by the 1961 Regular Session of the Legislature on February 10, 1961, and signed by the Governor on February 14, 1961. The provisions of the Act applied to all taxable years ending on or after December 31, 1961, including that part which elapsed prior to the effective date of the Act.

*Description of the Tax.* The West Virginia Income Tax Act imposes a personal income tax on the taxable income of all resident individuals, and resident estates and trusts, irrespective of income derived from West Virginia sources. Corporations and partnerships are not subject to the West Virginia Personal Income Tax. A trust or other unincorporated organization which by reason of its activities is exempt from Federal Income Tax is also exempt from West Virginia Personal Income Tax.

The nature of the Act was to adopt for West Virginia Personal Income Tax the provisions of the Federal Income Tax laws relating to the determination of income. As adopted, it can be stated that the West Virginia Income Tax Act is a conformity statute. The same general concepts of income, gain, and loss are employed in the West Virginia Act as are employed in the Federal Income Tax Law. The method used to make reference to the federal law is general in scope. With the exception of several modifications generally described hereinbelow, West Virginia adjusted gross income is federal adjusted gross income. Amendments made to the Federal Income Tax Law which affect income, gain, and loss are reflected in the West Virginia Income Tax Law by periodic legislative enactments. The conformity with the Federal Income Tax Law was adopted to simplify preparation of state income tax returns, to improve enforcement of the State Income Tax through better use of information obtained from federal income tax audits, and to aid interpretation of the state tax law through increased use of federal and administrative determinations and precedents.

*Modifications to Income.* West Virginia adjusted gross income is determined by applicable modifications increasing or decreasing Federal adjusted gross income. Among the modifications which reduce Federal adjusted gross income are items that benefit persons who are sixty-five years of age or older and individuals receiving benefits under certain retirement systems.

*Deductions.* There is no provision for either itemized or standard deductions in the West Virginia Personal Income Tax Law of 1987.

**Personal Exemptions.** An individual, resident or nonresident, is allowed an exemption of \$2,000 for each exemption to which he is entitled for federal income tax purposes. A husband and wife who file a joint federal return but separate West Virginia returns may each claim only the exemptions to which he or she would have been entitled if separate federal returns had been filed. The exemption for an estate or trust is \$600. Persons claimed as dependents on another's return are allowed a \$500 exemption.

**Rate of Tax.** For all taxable years or portions thereof ending prior to January 1, 1963, the West Virginia Income Tax rate was six (6) percent of the Federal Income Tax which would have been imposed on an identical amount of federal taxable income. For taxable years beginning on or after January 1, 1963, and before January 1, 1970, West Virginia Income Tax was imposed on West Virginia taxable income at rates graduated from 1.2% to 5.5%. For taxable years beginning on or after January 1, 1970, and before January 1, 1971, West Virginia Income Tax was imposed at rates graduated from 1.65% to 7.6%. For taxable periods beginning on or after January 1, 1971, and before April 1, 1983, West Virginia Income Tax was imposed at rates graduated from 2.1% to 9.6%. Effective April 1, 1983, the rates were changed to graduate from 2.1% to 13.0%. Between April 1, 1983, and June 30, 1985, a 12% surtax was imposed on all individuals, estates and trusts and heads of households with taxable incomes over \$10,000 and all married taxpayers filing jointly with taxable incomes over \$20,000. For taxable years beginning before January 1, 1983, the West Virginia Income Tax Act provided only two rate schedules; one for joint returns and one for individuals, estates, trusts and heads of households. For taxable year beginning on or after January 1, 1983, three rate schedules are provided: one for individuals, estates and trusts, one for joint returns and one for heads of households. Beginning on or after January 1, 1987 the West Virginia Income Tax rate graduated from 3.0% to 6.5%. Two rate schedules are provided: one for joint returns, individuals, heads of household, estates and trusts; and one for married taxpayers filing separate returns.

#### CONSUMERS SALES AND SERVICE TAX

The Consumer Sales and Service Tax, Chapter 11, Article 15, West Virginia Code of 1931, as amended, is a general sales tax that applies to all sales and leases of tangible personal property and the furnishing of certain service consummated within West Virginia for use, consumption or any other purpose. Services rendered by an employee to his employer, services furnished by public service businesses and professional or personal services are exempt. Most rentals, excluding those of real estate, are taxable as though they were sales. The measure of the tax is based upon the total sales price of all articles and services purchased during a particular transaction with the rate of tax being derived from a sales bracket system as follows:

1. on each sale, where the monetary consideration is from six cents to sixteen cents, both inclusive, one cent;
2. on each sale, where the monetary consideration is from seventeen cents to thirty-three cents, both inclusive, two cents;
3. on each sale, where the monetary consideration is from thirty-four cents to fifty cents, both inclusive, three cents;
4. on each sale, where the monetary consideration is from fifty-one cents to sixty-seven cents, both inclusive, four cents;
5. on each sale, where the monetary consideration is from sixty-eight cents to eighty-four cents, both inclusive, five cents;

6. on each sale, where the monetary consideration is from eighty-five cents to one dollar, both inclusive, six cents;
7. if the sale price is in excess of one dollar, six cents on each whole dollar of the sale price and upon any fractional part of a dollar is excess of whole dollars, as follows: one cent on the fractional part of the dollar if less than seventeen cents; two cents on the fractional part of the dollar if in excess of sixteen cents but less than thirty-four cents; three cents on the fractional part of the dollar if in excess of thirty-three cents but less than fifty-one cents; four cents on the fractional part of the dollar if in excess of fifty cents but less than sixty-eight cents; five cents on the fractional part of the dollar if in excess of sixty-seven cents but less than eighty-five cents, and six cents on the fractional part of the dollar if in excess of eighty-four cents. For example, the tax on sales of one dollar and one cent to one dollar and sixteen cents, both inclusive, is seven cents; on sales of one dollar and seventeen cents to one dollar and thirty-three cents, both inclusive, eight cents; on sales of one dollar and thirty-four cents to one dollar and fifty cents, both inclusive, nine cents; on sales of one dollar and fifty-one cents to one dollar and sixty-seven cents, both inclusive, ten cents; on sales of one dollar and sixty-eight cents to one dollar and eighty-four cents, both inclusive, eleven cents; on sales of one dollar and eighty-five cents to two dollars, both inclusive, twelve cents.

Separate sales, such as daily or weekly deliveries, shall not be aggregated for the purpose of computation of the tax even though such sales are aggregated in the billing or payment therefor. Notwithstanding any other provision, coin-operated amusement and vending machine sales shall be aggregated for the purpose of computation of this tax.

Individual sales of six cents or less are exempt from tax; however, the purchase of two six cent articles at the same time is a taxable transaction.

The law provides that the vendor shall collect the tax due from the purchaser at the time of sale and that the purchaser shall pay such tax unless he presents to the vendor a properly executed certificate of exemption or his direct pay permit number. Should either party fail to comply with the law in this regard, the liability becomes a personal debt due the State, and if the taxpayer is an association or corporation, its officers are personally liable jointly and severally in case of default.

Consumers Sales Tax is to be paid by ultimate consumers; sellers collect the tax and remit their collections to the Tax Department. Only one collection of Consumers Sales Tax should occur in the channel from production to ultimate consumption for any consumer good or service. Any seller who fails to collect the Consumers Sales Tax must pay the tax himself unless the sale was exempt.

There are three types of exemptions: per se exemptions which require no exemption certificate; exemptions for which exemption certificates are required; and refundable exemptions. Per se exemptions include:

1. sales of gas, steam and water delivered to consumers through mains or pipes, and sales of electricity;
2. sales of other public services which are subject to regulation by the West Virginia Public Service Commission;
3. sales of textbooks required to be used in any of the schools of this State;
4. isolated transactions;
5. sales of newspapers when delivered to consumers by route carriers;
6. sales of drugs dispensed upon prescription and sales of insulin to consumers for medical purposes;
7. sales and services performed by licensed day care centers;
8. sales of West Virginia lottery tickets and materials by licensed lottery sales agents and lottery retailers authorized by the West Virginia Lottery Commission;
9. leases of motor vehicles to lessees for a period of thirty or more days;
10. sales of property or services purchased after September 30, 1987 and lawfully paid for with food stamps pursuant to the Federal Food Stamp Program;
11. sales of tickets for activities sponsored by elementary and secondary schools located within this State;
12. sales of radio and television broadcasting time, preprinted advertising circulars, and newspaper and outdoor advertising space;
13. personal services;
14. professional services;
15. contracting services;

16. services rendered by an employee to his employer;
17. tuition charged for attending educational summer camps;
18. charges for room and meals by fraternities and sororities to their members;
19. sales of or charges for the transportation of passengers in interstate commerce.
20. food sold by public or private schools, school-sponsored student organizations or parent-teacher associations, or public or private colleges or universities to students;
21. food purchased or sold by a nonprofit organization or a governmental agency to low-income elderly persons at or below costs under a program funded by a state or the United States; and
22. occasional food sales by charitable or nonprofit organizations, religious organizations, little leagues, midget football leagues, youth football and soccer leagues and similar types of organizations, including scout groups and church youth groups. if the purpose in selling the food is to obtain revenue for the functions and activities of the organization.

Exemption for which an exemption certificate is required, unless the purchaser presents his West Virginia direct pay permit number, include:

1. sales of property or services to the State, its institutions or subdivisions, and to the United States, including agencies of federal, state or local governments for distribution in public welfare or relief work;
2. sales of motor vehicles which are titled by the West Virginia Department of Motor Vehicles and which are subject to the tax imposed by Section 4, Article 3, Chapter 17A of the Code;
3. sales of property or services to churches which make no charge whatsoever for the services they render;
4. sales for resale;
5. sales of property or services to a school which has approval from the West Virginia Board of Regents to award degrees within this State;
6. sales of mobile homes to be utilized by purchasers as their principal year-round residence and dwelling: Provided that these mobile homes shall be subject to tax at the three percent rate;
7. sales of propane to consumers for poultry house heating purposes;
8. sales of tangible personal property or taxable services purchased for use or consumption in connection with the business of selling a taxable service or the commercial production of an agricultural product: Provided, that sales of tangible personal property and services to be used or consumed in the construction of or permanent improvement to real property shall not be exempt; and
9. dispensing of services by one corporation to another when both are members of the same controlled group.

Unless a purchaser has a direct pay permit form the State Tax Department, he must pay tax on all refundable exemption items purchased or used. Then he may either credit such tax paid against other taxes owed or apply for a refund of such tax paid. Refundable exemptions include:

1. sales of tangible property or services to bonafide charitable organizations which made no charge whatsoever for the services they render;
2. sales of tangible property or services to corporations or organizations which qualify or are qualified under Section 501(c)(3) or (4) of the Internal Revenue Code of 1986, as amended, who make casual and occasional sales not conducted in a repeated manner or in the ordinary course of repetitive transactions of like character: Provided, that the exemption covers only items which are directly used or consumed in the tax exempt activities of the business;
3. sales of tangible property or services to persons engaged in this State in the business of contracting, manufacturing, transportation, transmission, communication or in the production of natural resources. Provided, that on or after July 1, 1987 this exemption only applies to items directly used or consumed in the above enumerated activities of these businesses;
4. sales of tangible property or services to nationally chartered fraternal or social organizations when such property or services are purchased for the sole purpose of free distribution in public welfare or relief work;

### USE TAX

The Use Tax, Chapter 11, Article 15A, West Virginia Code of 1931, as amended, is imposed upon the use within West Virginia of tangible personal property and services which are brought or leased outside West Virginia for use or consumption within this State. The tax is levied at the rate of five percent of the purchase price.

Out of state vendors engaging in business in this State are required to collect Use Tax from their West Virginia customers. The State Tax Commissioner is empowered to authorize certain foreign retailers to collect Use Tax at the time a sale is made. Collected tax must be remitted on a quarterly basis. Any person who uses any tangible personal property upon which the tax has not been paid to the seller is personally liable for such tax and is required to remit on a quarterly basis the tax imposed on all such property directly to the State Tax Commissioner.

The use in West Virginia of the following tangible personal property is exempt from the tax:

- (1) All articles of tangible personal property brought into the State of West Virginia by a nonresident individual for his or her use or enjoyment while within the state;
- (2) Tangible personal property and services, the gross receipts from the sale of which are exempted from the Consumers Sales Tax by the terms of Article 15, Chapter 11 of the Code of West Virginia of 1931;
- (3) Tangible personal property and services, the gross receipts or the gross proceeds from the sale of which are required to be included in the measure of the tax imposed by Article 15, Chapter 11 of the Code of West Virginia of 1931;
- (4) Tangible personal property and services the sale of which in this State is not subject to the West Virginia Consumers Sales Tax;
- (5) Sales of mobile homes to be utilized by purchasers as their principal year-round residence and dwelling: Provided, that these mobile homes shall be subject to tax at the three percent rate.
