Foreword

The 2001 West Virginia Blue Book reflects the history of state government's move into the Twenty-first Century. While it is a milestone marking West Virginia's first year of the third millennium, this document has traditional entries as well as new data not found in past volumes.

In keeping with the Blue Book's custom for publication in odd-numbered years, this government yearbook provides the tried and trusted formula of basic information about the institutions and personalities of government past and present. Political subdivisions, office holders, county and community histories and biographies of state and federal leaders are all contained here, just as they have been throughout the long history of its publication. The Blue Book is about the state and the people who have led it since 1863.

One of the firsts found in this year's Blue Book is an entry which includes the most recent population figures certified by the United States Census. Results of the 2000 general election are published in the Political section. This edition includes photographs of natural beauty and wildlife captured through the lenses of photographer Stephen Brightwell of the Office of Legislative Information.

One of the most rewarding duties I have as Clerk of the West Virginia State Senate is getting to serve as Editor of this beloved publication. It is enjoyable because it showcases the state that I and my staff have the honor of serving daily. I join with these employees in hoping that you find Volume 83 as wonderful as the state it represents and that you enjoy reading and using it as much as we have enjoyed putting it all together for you.

Sincerely,
DARRELL E. HOLMES
Editor

DIVISION OF REHABILITATION SERVICES

Institute

The Division of Rehabilitation Services was established by the 1945 Legislature, Acts, Regular Session, Chapter 58. As such it is authorized and directed to cooperate with the Federal Rehabilitation Services Administration to provide rehabilitation to West Virginians with disabilities. The Governor appoints the director of the division, who recommends necessary personnel and establishes appropriate

ate administrative units throughout the state. The director makes regulations, submits an annual report, requisitions the disbursement of all rehabilitation funds and takes such other action as necessary to provide rehabilitation services per the intent and spirit of the Federal Rehabilitation Act of 1973 and its amendments. The director, under the oversight of the Secretary of Education and the Arts, operates the agency under state plans approved by the Rehabilitation Services Administration and the Social Security Administration. The director is authorized by law to receive gifts and determine eligibility for service. The director is also authorized to establish and operate rehabilitation centers and workshops and to promulgate rules for operation of such facilities in the state by public or voluntary agencies, to certify workshops as eligible to sell products to the state, and to receive federal vocational rehabilitation aid. The wide variety of services provided by Rehabilitation Services can be grouped under four broad headings: (1) Client services; (2) program and administrative support services; (3) disability determination services; and (4) consumer and communication services. The agency operates two primary services units: The Client Service Section and the Disability Determination Service Section. (Code 18-10A)

STATE DEVELOPMENTAL DISABILITIES COUNCIL
110 Stockton Street, Charleston

On March 6, 1971, Governor Moore established through Executive Order the State Developmental Disabilities Planning Council as required by the Developmental Disabilities Services and Facilities Construction Act, Public Law 91-517. The State Commission on Mental Retardation was designated on March 4, 1971, as the agency to assist the State Council in the development and subsequent revision of the State Plan and to administer the State Formula Grant Program for planning and services. The State Health Department became the administering agency for the program when the Commission was merged with the newly reorganized State Health Department on July 1, 1977. The Developmental Disabilities Planning Council was designated as an office of the Department of Health and Human Resources in the Executive Department reorganization of July 1, 1989. On December 17, 1999, Governor Underwood issued an Executive Order that renamed the Council the "West Virginia Developmental Disabilities Council." The federal Developmental Disabilities Act has undergone several revisions which have strengthened the role and autonomy of the Council. The current DD Act is Public Law 106-402, the Developmental Disabilities Assistance and Bill of Rights Act of 2000. Currently over 60% of the Council's 39 members must be consumers.

**DIVISION OF MOTOR VEHICLES
Building 3, Room 113, Capitol Complex**

The Division of Motor Vehicles was created by an Act of the Legislature passed March 8, 1947, and signed by the Governor. The Division's purpose was to consolidate under one administrative head the power, authority and duty to regulate driver's licenses and the titling and registration of motor vehicles (Section 1, Chapter 140, Acts of the Legislature). In 1989, the Division was made a part of a newly created Department of Transportation under the authority of the Secretary of Transportation. To serve the purposes enumerated in the creating legislation, the Division is divided into Management Services, Support Services, Driver Services, Legal Services, Information Services and Vehicle Services. Each board is required to adopt an official seal, make such rules and regulations, not inconsistent with law, as it deems best, and hold at least two meetings each year. Each board is also given power to compel the attendance of witnesses, and its officers are authorized to administer oaths.

All licenses or certificates of registration are required to be numbered serially and to be signed by a majority of the members of the board, and each board has power to revoke, for cause, the certificate it issues. An applicant who has been refused a license, or a licensee whose certificate has been revoked has the right to appeal from the action of the board to the Circuit Court of the county in which he or she resides.

Unless otherwise specified by law, members of boards are allowed for each day actually spent in attending sessions of the board or its committees and in necessary travel, an amount not less than \$35 per day but not more than the amount paid to members of the Legislature for their interim duties as recommended by the Citizens Legislative Compensation Commission and authorized by law. Members of boards are also entitled to reimbursement for all actual and necessary expenses in carrying out their official duties.

for the government of the State Bar, effective May 1, 1947. Its membership consists of all persons lawfully admitted to the practice of law in West Virginia.

MAGISTRATE COURTS

Magistrate Courts supplanted the justice-of-the-peace system through the 1974 Judicial Reorganization Amendment. There are 159 magistrates statewide, with at least two in every county and ten in the largest county.

Magistrates hear about 300,000 cases a year, and have jurisdiction of: Most misdemeanors including traffic and natural resource offenses; preliminary hearings in felony cases; civil cases in which \$5,000 or less is in dispute and domestic violence proceedings involving protective orders; brief commitments under mental hygiene law; and initial hearing in juvenile cases if designated as a juvenile referee.

Magistrates are elected for four-year terms. Terms expire December, 2004. Salaries, in two tiers, are \$30,625 and \$37,000, effective July 1, 1999.

Immediately after they shall be assembled in Consequence of the first Election, they shall be divided as equally as may be into three Classes. The Seats of the Senators of the first Class shall be vacated at the Expiration of the second Year, of the second Class at the Expiration of the fourth Year, and of the third Class at the Expiration of the sixth Year, so that one third may be chosen every second Year; [and if Vacancies happen by Resignation, or otherwise, during the Recess of the Legislature of any State, the Executive thereof may make temporary Appointments until the next Meeting of the Legislature, which shall then fill such Vacancies.]⁴

Preamble

Since through Divine Providence we enjoy the blessings of civil, political and religious liberty, we, the people of West Virginia, in and through the provisions of this Constitution, reaffirm our faith in and constant reliance upon God and seek diligently to promote, preserve and perpetuate good government in the State of West Virginia for the common welfare, freedom and security of ourselves and our posterity.

[Editor's note.—This preamble was proposed by House Joint Resolution No. 8, Acts, Regular Session, 1959, p. 659; submitted by Acts, Regular Session, 1960, c. 4; and ratified November 8, 1960.]

ARTICLE I

Relations to the Government of the United States

§1. The State of West Virginia is, and shall remain, one of the United States of America. The Constitution of the United States of America, and the laws and treaties made in pursuance thereof, shall be the supreme law of the land.

Internal Government and Police

§2. The government of the United States is a government of enumerated powers, and all powers not delegated to it, nor inhibited to the States, are reserved to the States or to the people thereof. Among the powers so reserved to the States is the exclusive regulation of their own internal government and police; and it is the high and solemn duty of the several departments of government, created by this Constitution, to guard and protect the people of this State from all encroachments upon the rights so reserved.

Continuity of Constitutional Operation

§3. The provisions of the Constitution of the United States, and of this State, are operative alike in a period of war as in time of peace, and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good government, and tends to anarchy and despotism.

Representatives to Congress

§4. For the election of representatives to Congress, the State shall be divided into districts, corresponding in number with the representatives to which it may be entitled; which districts shall be formed of contiguous counties, and be compact. Each district shall contain, as nearly as may be, an equal number of population, to be determined according to the rule prescribed in the Constitution of the United States.

ARTICLE II

The State

§1. The territory of the following counties, formerly parts of the commonwealth of Virginia, shall constitute and form the State of West Virginia, viz:

The counties of Barbour, Berkeley, Boone, Braxton, Brooke, Cabell, Calhoun, Clay, Doddridge, Fayette, Gilmer, Grant, Greenbrier, Hampshire, Hancock, Hardy, Harrison, Jackson, Jefferson, Kanawha, Lewis, Lincoln, Logan, Marion, Marshall, Mason, McDowell, Mercer, Mineral, Monongalia, Monroe, Morgan, Nicholas, Ohio, Pendleton, Pleasants, Pocahontas, Preston, Putnam, Raleigh, Randolph, Ritchie, Roane, Summers, Taylor, Tucker, Tyler, Upshur, Wayne, Webster, Wetzel, Wirt, Wood and Wyoming. The State of West Virginia includes the bed, bank and shores of the Ohio River, and so much of the Big Sandy River as was formerly included in the Commonwealth of Virginia; and all territorial rights and property in, and jurisdiction over, the same, heretofore reserved by, and vested in, the Commonwealth of Virginia, are vested in and shall hereafter be exercised by the State of West Virginia. And such parts of the said beds, banks and shores as lie opposite, and adjoining the several counties of this State, shall form parts of said several counties respectively.

[Editor's note.]—All of the territory of West Virginia was taken from the Commonwealth of Virginia, and in the Constitution of 1863 forty-four of the above-named counties were designated as forming the State of West Virginia, and in addition, the counties of Berkeley, Hampshire, Hardy, Jefferson, Morgan and Pendleton were to be admitted should that Constitution be adopted by a vote of the people of the districts comprising those counties. The districts adopted the Constitution, and these six counties became part of the State.

The remaining four counties mentioned above were created by Acts of the Legislature as follows: Mineral County, from Hampshire County, on February 1, 1866; Grant County, from Hardy County, on February 14, 1866; Lincoln County, from parts of Cabell, Putnam, Kanawha and Boone Counties, on February 23, 1867; and Summers County, from parts of Greenbrier, Monroe, Mercer and Fayette Counties, on February 27, 1871. After the ratification of the Constitution of 1872, Mingo County was created by an act of the Legislature from Logan County, on February 23, 1895, to make a total of fifty-five counties.]

Powers of Government in Citizens

§2. The powers of government reside in all the citizens of the State, and can be rightfully exercised only in accordance with their will and appointment.

Requisites of Citizenship

§3. All persons residing in this State, born, or naturalized in the United States, and subject to the jurisdiction thereof, shall be citizens of this State.

Equal Representation

§4. Every citizen shall be entitled to equal representation in the government, and, in all apportionments of representation, equality of numbers of those entitled thereto, shall as far as practicable, be preserved.

Provisions Regarding Property

§5. No distinction shall be made between resident aliens and citizens, as to the acquisition, tenure, disposition or descent of property.

Treason, What Constitutes—Penalty

§6. Treason against the State shall consist only in levying war against it, or in adhering to its enemies, giving them aid and comfort. No person shall be convicted of treason, unless on the testimony of two witnesses to the same overt act, or on confession in open court. Treason shall be punished according to the character of the acts committed, by the infliction of one, or more, of the penalties of death, imprisonment or fine, as may be prescribed by law.

“Montani Semper Liberi”—State Seal

§7. The present seal of the State, with its motto, “Montani Semper Liberi,” shall be the great seal of the State of West Virginia, and shall be kept by the secretary of state, to be used by him officially, as directed by law.

Writs, Commissions, Official Bonds—Indictments

§8. Writs, grants and commissions, issued under the authority of this State, shall run in the name of, and official bonds shall be made payable to the State of West Virginia. Indictments shall conclude, “Against the peace and dignity of the State.”

ARTICLE III

Bill of Rights

§1. All men are, by nature, equally free and independent, and have certain inherent rights, of which, when they enter into a state of society, they cannot, by any compact, deprive or divest their posterity, namely: The enjoyment of life and liberty, with the means of acquiring and possessing property, and of pursuing and obtaining happiness and safety.

Magistrates Servants of People

§2. All power is vested in, and consequently derived from, the people. Magistrates are their trustees and servants, and at all times amenable to them.

Rights Reserved to People

§3. Government is instituted for the common benefit, protection and security of the people, nation or community. Of all its various forms that is the best, which is capable of producing the greatest degree of happiness and safety, and is most effectually secured against the danger of maladministration; and when any government shall be found inadequate or contrary to these purposes, a majority of the community has an indubitable, inalienable, and indefeasible right to reform, alter or abolish it in such manner as shall be judged most conducive to the public weal.

Writ of Habeas Corpus

§4. The privilege of the writ of habeas corpus shall not be suspended. No person shall be held to

answer for treason, felony or other crime, not cognizable by a justice, unless on presentment or indictment of a grand jury. No bill of attainder, ex post facto law, or law impairing the obligation of a contract, shall be passed.

Excessive Bail not Required

§5. Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishment inflicted. Penalties shall be proportioned to the character and degree of the offence. No person shall be transported out of, or forced to leave the State for any offence committed within the same; nor shall any person, in any criminal case, be compelled to be a witness against himself, or be twice put in jeopardy of life or liberty for the same offence.

Unreasonable Searches and Seizures Prohibited

§6. The rights of the citizens to be secure in their houses, persons, papers and effects, against unreasonable searches and seizures, shall not be violated. No warrant shall issue except upon probable cause, supported by oath or affirmation, particularly describing the place to be searched, or the person or thing to be seized.

Freedom of Speech and Press Guaranteed

§7. No law abridging the freedom of speech, or of the press, shall be passed; but the Legislature may, by suitable penalties, restrain the publication or sale of obscene books, papers, or pictures, and provide for the punishment of libel, and defamation of character, and for the recovery, in civil actions, by the aggrieved party, of suitable damages for such libel, or defamation.

Relating to Civil Suits for Libel

§8. In prosecutions and civil suits for libel, the truth may be given in evidence; and if it shall appear to the jury, that the matter charged as libelous is true, and was published with good motives, and for justifiable ends, the verdict shall be for the defendant.

Private Property, How Taken

§9. Private property shall not be taken or damaged for public use, without just compensation; nor shall the same be taken by any company, incorporated for the purposes of internal improvement, until just compensation shall have been paid, or secured to be paid, to the owner; and when private property shall be taken, or damaged for public use, or for the use of such corporation, the compensation to the owner shall be ascertained in such manner as may be prescribed by general law: Provided, That when required by either of the parties, such compensation shall be ascertained by an impartial jury of twelve freeholders.

Safeguards for Life, Liberty and Property

§10. No person shall be deprived of life, liberty, or property, without due process of law, and the judgment of his peers.

Political Tests Condemned

§11. Political tests, requiring persons, as a prerequisite to the enjoyment of their civil and political rights, to purge themselves by their own oaths, of past alleged offences, are repugnant to the principles of free government, and are cruel and oppressive. No religious or political test oath shall be required as a prerequisite or qualification to vote, serve as a juror, sue, plead, appeal, or pursue any profession or employment. Nor shall any person be deprived by law, of any right, or privilege, because of any act done prior to the passage of such law.

Military Subordinate to Civil Power

§12. Standing armies, in time of peace, should be avoided as dangerous to liberty. The military shall be subordinate to the civil power; and no citizen, unless engaged in the military service of the State, shall be tried or punished by any military court, for any offence that is cognizable by the civil courts of the State. No soldier shall, in time of peace, be quartered in any house, without consent of the owner; nor in time of war, except in the manner to be prescribed by law.

Right of Jury Trial

§13. In suits at common law, where the value in controversy exceeds twenty dollars exclusive of interest and costs, the right of trial by jury, if required by either party, shall be preserved; and in such suit in a court of limited jurisdiction a jury shall consist of six persons. No fact tried by a jury shall be otherwise reexamined in any case than according to the rule of court or law.

[**Editor's note.**—The first amendment of this section was proposed by Joint Resolution No. 11, Acts, Regular Session, 1879, p. 182; submitted by Acts, Regular Session, 1879, c. 50; and ratified October 12, 1880.

This section, prior to its amendment, read:

"In suits at common law, where the value in controversy, exclusive of interest and costs, exceeds twenty dollars, the right of trial by a jury of twelve men, if required by either party, shall be preserved; except that in appeals from judgments of justices, a jury of a less number may be authorized by law; but in trials of civil cases before a justice no jury shall be allowed and no fact tried by a jury shall in any case, be otherwise reexamined than according to the rules of common law."

Arrangement of Senatorial and Delegate Districts

§10. The arrangement of the senatorial and delegate districts, and apportionment of delegates, shall hereafter be declared by law, as soon as possible after each succeeding census, taken by authority of the United States. When so declared they shall apply to the first general election for members of the Legislature, to be thereafter held, and shall continue in force unchanged, until such districts shall be altered, and delegates apportioned, under the succeeding census.

Whenever the words, “a majority of the members elected to either house of the Legislature,” or words of like import, are used in this Constitution, they shall be construed to mean a majority of the whole number of members to which each house is, at the time, entitled, under the apportionment of representation, established by the provisions of this Constitution.

As the term of each member first appointed expires, a successor shall be appointed for a seven-year term. Any member may be reappointed for any number of terms, and any vacancy shall be filled by the governor for the unexpired term. Any member of the commission may be removed by the governor prior to the expiration of such member's term for official misconduct, incompetency or neglect of duty. The governor shall designate one member of the commission as chairman. The members of the commission shall serve without compensation, but shall be entitled to be reimbursed for all reasonable and necessary expenses actually incurred in the performance of their duties as such members.

The commission shall meet as often as may be necessary and shall within fifteen days after the beginning of the regular session of the Legislature in the year one thousand nine hundred seventy-one and within fifteen days after the beginning of the regular session in each fourth year thereafter submit by resolution to the Legislature its determination of compensation and expense allowances, which resolution must be concurred in by at least four members of the commission.

Notwithstanding any other provision of this Constitution, such compensation and expense allowances as may be provided for by any such general law shall be paid on and after the effective date of such general law. Until the first such general law becomes effective, the provisions of this section in effect immediately prior to the ratification of this amendment shall continue to govern.

The governor may, with the consent of the Legislature, before final action thereon by the Legislature, amend or supplement the budget to correct an oversight, or to provide funds contingent on passage of pending legislation, and in case of an emergency, he may deliver such an amendment or supplement to the presiding officers of both houses; and the amendment or supplement shall thereby become a part of the budget bill as an addition to the items of the bill or as a modification of or a substitute for any item of the bill the amendment or supplement may affect.

(5) The Legislature shall not amend the budget bill so as to create a deficit but may amend the bill by increasing or decreasing any item therein: *Provided*, That no item relating to the judiciary shall be decreased, and except as otherwise provided in this Constitution, the salary or compensation of any public officer shall not be increased or decreased during his term of office: *Provided further*, That the Legislature shall not increase the estimate of revenue submitted in the budget without the approval of the governor.

Subsection D—General Provisions

(8) If the budget bill shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the governor shall issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of the bill; but no matter other than the bill shall be considered during such an extension of a session except a provision for the cost thereof.

(9) For the purpose of making up the budget, the governor shall have the power, and it shall be his duty, to require from the proper state officials, including herein all executive departments, all executive and administrative officers, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for state moneys and appropriations, such itemized estimates and other information, in such form and at such times as he shall direct. The estimates for the legislative department, certified by the presiding officer of each house, and for the judiciary, as provided by law, certified by the auditor, shall be transmitted to the governor in such form and at such times as he shall direct, and shall be included in the budget.

(10) The governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies and all institutions applying for state moneys. After such public hearings he may, in his discretion, revise all estimates except those for the legislative and judiciary departments.

(11) Every budget bill or supplementary appropriation bill passed by a majority of the members elected to each house of the Legislature shall, before it becomes a law, be presented to the governor. The governor may veto the bill, or he may disapprove or reduce items or parts of items contained

therein. If he approves he shall sign it and thereupon it shall become a law. The bill, items or parts thereof, disapproved or reduced by the governor, shall be returned with his objections to each house of the Legislature.

Each house shall enter the objections at large upon its journal and proceed to reconsider. If, after reconsideration, two thirds of the members elected to each house agree to pass the bill, or such items or parts thereof, as were disapproved or reduced, the bill, items or parts thereof, approved by two thirds of such members, shall become law, notwithstanding the objections of the governor. In all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal.

A bill, item or part thereof, which is not returned by the governor within five days (Sundays excepted) after the bill has been presented to him shall become a law in like manner as if he had signed the bill, unless the Legislature, by adjournment, prevents such return, in which case it shall be filed in the office of the secretary of state, within five days after such adjournment, and shall become a law; or it shall be so filed within such five days with the objections of the governor, in which case it shall become law to the extent not disapproved by the governor.

(12) The Legislature may, from time to time, enact such laws, not inconsistent with this section, as may be necessary and proper to carry out its provisions.

(13) In the event of any inconsistency between any of the provisions of this section and any of the other provisions of the Constitution, the provisions of this section shall prevail. But nothing herein shall be construed as preventing the governor from calling extraordinary sessions of the Legislature, as provided by section nineteen of this article, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

(14) If any item of any appropriation bill passed under the provisions of this section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.

If he approves, he shall sign it, and thereupon it shall become a law; but if not, he shall return it, with his objections, to the house in which it originated, which house shall enter the objections at large upon its journal, and may proceed to reconsider the returned bill. Notwithstanding the provisions of section fifty-one, article six of this Constitution, any such bill may be reconsidered even if the Legislature is at the time in extended session for the sole purpose of considering the budget bill, as specified in said section fifty-one. If after any such reconsideration, a majority of the members elected to that house agree to pass the bill, it shall be sent, together with the objections of the governor to the other house, by which it may likewise be reconsidered, and if approved by a majority of the members elected to that house, it shall become a law, notwithstanding the objections of the governor. If upon any such reconsideration the bill is amended and reenacted, then it shall be again sent to the governor and he shall act upon it as if it were before him for the first time. Editor's note.—A budget bill or supplementary appropriation bill, disapproved by the governor, requires⁶⁴ a vote of two thirds of the members elected to each house in order to become a law, notwithstanding the objections of the governor. See "Modern Budget Amendment," Art. VI, § 51, Sub-section D (11).

If, after such reconsideration, a majority of the members elected to that house agree to pass the bill, it shall be sent, together with the objections to the other house, by which it shall likewise be reconsidered, and if approved by a majority of the members elected to that house, it shall become a law, notwithstanding the objections of the governor. But in all such cases, the vote of each house shall be determined by yeas and nays to be entered on the journal. This section, prior to its amendment, read:

"Every bill passed by the Legislature making appropriations of money, embracing distinct items, shall before it becomes a law, be presented to the governor; if he disapproves the bill, or any item or appropriation therein contained, he shall communicate such disapproval with his reasons therefor to the house in which the bill originated; but all items not disapproved shall have the force and effect of law according to the original provisions of the bill. Any item or items so disapproved shall be void, unless repassed by a majority of each house according to the rules and limitations prescribed in the preceding section in reference to other bills."

Vacancy in Governorship, How Filled

§16. In case of the death, conviction on impeachment, failure to qualify, resignation, or other disability of the governor, the president of the Senate shall act as governor until the vacancy is filled, or the disability removed; and if the president of the Senate, for any of the above named causes, shall become incapable of performing the duties of governor, the same shall devolve upon the speaker of the House of Delegates; and in all other cases where there is no one to act as governor, one shall be chosen by joint vote of the Legislature. Whenever a vacancy shall occur in the office of governor before the first three years of the term shall have expired, a new election for governor shall take place to fill the vacancy.

Vacancies in Other Executive Departments

§17. If the office of secretary of state, auditor, treasurer, commissioner of agriculture or attorney general shall become vacant by death, resignation, or otherwise, it shall be the duty of the governor to fill the same by appointment, and the appointee shall hold his office until his successor shall be elected and qualified in such manner as may be prescribed by law. The subordinate officers of the executive department and the officers of all public institutions of the State shall keep an account of all moneys received or disbursed by them, respectively, from all sources, and for every service performed, and make a semiannual report thereof to the governor under oath or affirmation; and any officer who shall wilfully make a false report shall be deemed guilty of perjury.

The amendment inserted "secretary of state" near the beginning of the section and substituted "prescribed" for "provided" near the end of the first sentence.

The second amendment of this section was proposed by Senate Joint Resolution No. 1, Acts, Regular Session, 1957, p. 837; submitted by Acts, Regular Session, 1957, c. 19; and ratified November 4, 1958. This amendment deleted "State superintendent of free schools" and inserted "commissioner of agriculture" in the first sentence.]

§18. The subordinate officers of the executive department and the officers of all the public institutions of the State, shall, at least ten days preceding each regular session of the Legislature, severally report to the governor, who shall transmit such report to the Legislature; and the governor may at any time require information in writing, under oath, from the officers of his department, and all officers and managers of state institutions, upon any subject relating to the condition, management and expenses of their respective offices.

Salaries of Officials

§19. The officers named in this article shall receive for their services a salary to be established by law, which shall not be increased or diminished during their official terms, and they shall not, after the expiration of the terms of those in office at the adoption of this amendment, receive to their own use any fees, costs, perquisites of office or other compensation, and all fees that may hereafter be payable by law, for any service performed by any officer provided for in this article of the Constitution, shall be paid in advance into the state treasury.

ARTICLE VIII

Judicial Power

§1. The judicial power of the State shall be vested solely in a supreme court of appeals and in the circuit courts, and in such intermediate appellate courts and magistrate courts as shall be hereafter established by the Legislature, and in the justices, judges and magistrates of such courts.

Supreme Court of Appeals

§2. The supreme court of appeals shall consist of five justices. A majority of the justices of the court shall constitute a quorum for the transaction of business.

The justices shall be elected by the voters of the State for a term of twelve years, unless sooner removed or retired as authorized in this article. The Legislature may prescribe by law whether the election of such justices is to be on a partisan or nonpartisan basis.

Provision shall be made by rules of the supreme court of appeals for the selection of a member of the court to serve as chief justice thereof. If the chief justice is temporarily disqualified or unable to serve, one of the justices of the court designated in accordance with the rules of the court shall serve temporarily in his stead.

When any justice is temporarily disqualified or unable to serve, the chief justice may assign a judge of a circuit court or of an intermediate appellate court to serve from time to time in his stead.

Supreme Court of Appeals; Jurisdiction and Powers; Officers and Employees; Terms

§3. The supreme court of appeals shall have original jurisdiction of proceedings in habeas corpus, mandamus, prohibition and certiorari.

The court shall have appellate jurisdiction in civil cases at law where the matter in controversy, exclusive of interest and costs, is of greater value or amount than three hundred dollars unless such value or amount is increased by the Legislature; in civil cases in equity; in controversies concerning the title or boundaries of land; in proceedings in quo warranto, habeas corpus, mandamus, prohibition and certiorari; and in cases involving personal freedom or the constitutionality of a law. It shall have appellate jurisdiction in criminal cases, where there has been a conviction for a felony or misdemeanor in a circuit court, and such appellate jurisdiction as may be conferred upon it by law where there has been such a conviction in any other court. In criminal proceedings relating to the public revenue, the right of appeal shall belong to the State as well as to the defendant. It shall have such other appellate jurisdiction, in both civil and criminal cases, as may be prescribed by law.

The court shall have power to promulgate rules for all cases and proceedings, civil and criminal, for all of the courts of the State relating to writs, warrants, process, practice and procedure, which shall have the force and effect of law.

The court shall have general supervisory control over all intermediate appellate courts, circuit courts and magistrate courts. The chief justice shall be the administrative head of all the courts. He may assign a judge from one intermediate appellate court to another, from one circuit court to another, or from one magistrate court to another, for temporary service. The court shall appoint an administrative director to serve at its pleasure at a salary to be fixed by the court. The administrative director shall, under the direction of the chief justice, prepare and submit a budget for the court.

The officers and employees of the supreme court of appeals, including the clerk and the law librarian, shall be appointed and may be removed by the court. Their duties and compensation shall be prescribed by the court.

The number, times and places of the terms of the supreme court of appeals shall be prescribed by law. There shall be at least two terms of the court held annually.

Writ of Error, Supersedeas and Appeal; Scope and Form of Decisions

§4. A writ of error, supersedeas or appeal shall be allowed by the supreme court of appeals, or a justice thereof, only upon a petition assigning error in the judgment or proceedings of a court and then only after the court, or a justice thereof, shall have examined and considered the record and is satisfied that there probably is error in the record, or that it presents a point proper for the consideration of the court.

No decision rendered by the court shall be considered as binding authority upon any court, except in the particular case decided, unless a majority of the justices of the court concur in such decision.

When a judgment or order of another court is reversed, modified or affirmed by the court, every point fairly arising upon the record shall be considered and decided; the reasons therefor shall be concisely stated in writing and preserved with the record; and it shall be the duty of the court to prepare a syllabus of the points adjudicated in each case in which an opinion is written and in which a majority of the justices thereof concurred, which shall be prefixed to the published report of the case.

Circuit Courts

§5. The judge or judges of each circuit court shall be elected by the voters of the circuit for a term of eight years, unless sooner removed or retired as authorized in this article. The Legislature may prescribe by law whether the election of such judges is to be on a partisan or nonpartisan basis. Upon the effective date of this article, each statutory court of record of limited jurisdiction existing in the State immediately prior to such effective date shall become part of the circuit court for the circuit in which it presently exists, and each such judge of such statutory court of record of limited jurisdiction shall thereupon become a judge of such circuit court. During his continuance in office, a judge of a circuit court shall reside in the circuit of which he is a judge.

The Legislature may increase, or other than during term of office decrease, the number of circuit judges within any circuit. The judicial circuits in existence on the effective date of this article shall remain as so constituted until changed by law, and the Legislature, at any session thereof held in the odd-numbered year next preceding the time for the full-term election of the judges thereof, may rearrange the circuits and may increase or diminish the number of circuits. A judge of a circuit court in office at the time of any such change shall continue as a judge of the circuit in which he shall continue to reside after such change until his term shall expire, unless sooner removed or retired as authorized in this article.

There shall be at least one judge for each circuit court and as many more as may be necessary to transact the business of such court. If there be two or more judges of a circuit court, provision shall be made by rules of such circuit court for the selection of one of such judges to serve as chief judge thereof. If the chief judge is temporarily disqualified or unable to serve, one of the judges of the circuit court designated in accordance with the rules of such court shall serve temporarily in his stead.

The supreme court of appeals shall provide for dividing the business of those circuits in which there shall be more than one judge between the judges thereof so as to promote and secure the convenient and expeditious transaction of such business.

In every county in the State the circuit court for such county shall sit at least three times in each year. The supreme court of appeals shall designate the times at which each circuit court shall sit, but until this action is taken by the supreme court of appeals, each circuit court shall sit at the times prescribed by law. If there be two or more judges of a circuit court, such judges may hold court in the same county or in different counties within the circuit at the same time or at different times.

Circuit Courts; Jurisdiction, Authority and Power

§6. Circuit courts shall have control of all proceedings before magistrate courts by mandamus, prohibition and certiorari.

Circuit courts shall have original and general jurisdiction of all civil cases at law where the value or amount in controversy, exclusive of interest and costs, exceeds one hundred dollars unless such value or amount is increased by the Legislature; of all civil cases in equity; of proceedings in habeas corpus, mandamus, quo warranto, prohibition and certiorari; and of all crimes and misdemeanors. On and after January one, one thousand nine hundred seventy-six, the Legislature may provide that all matters of probate, the appointment and qualification of personal representatives, guardians, committees and curators, and the settlements of their accounts, shall be vested exclusively in circuit courts or their officers, but until such time as the Legislature provides otherwise, jurisdiction in such matters shall remain in the county commissions or tribunals existing in lieu thereof or the officers of such county commissions or tribunals.

Circuit courts shall have appellate jurisdiction in all cases, civil and criminal, where an appeal, writ of error or supersedeas is allowed by law to the judgment or proceedings of any magistrate court, unless such jurisdiction is conferred by law exclusively upon an intermediate appellate court or the supreme court of appeals.

Circuit courts shall also have such other jurisdiction, authority or power, original or appellate or concurrent, as may be prescribed by law.

Subject to the approval of the supreme court of appeals, each circuit court shall have the authority and power to establish local rules to govern the court.

Subject to the supervisory control of the supreme court of appeals, each circuit court shall have general supervisory control over all magistrate courts in the circuit. Under the direction of the chief justice of the supreme court of appeals, the judge of the circuit court, or the chief judge thereof if there be more than one judge of the circuit court, shall be the administrative head of the circuit court and all magistrate courts in the circuit.

General Provisions Relating to Justices, Judges and Magistrates

§7. All justices, judges and magistrates must be residents of this State and shall be commissioned by the governor. No person may hereafter be elected as a justice of the supreme court of appeals unless he has been admitted to practice law for at least ten years prior to his election, and no person may hereafter be elected as a judge of a circuit court unless he has been admitted to practice law for at least five years prior to his election.

Justices, judges and magistrates shall receive the salaries fixed by law, which shall be paid entirely out of the state treasury, and which may be increased but shall not be diminished during their term of office, and they shall receive expenses as provided by law. The salary of a circuit judge shall also not be diminished during his term of office by virtue of the statutory courts of record of limited jurisdiction of his circuit becoming a part of such circuit as provided in section five of this article.

Any justice of the supreme court of appeals and any judge of any circuit court, including any statutory court of record of limited jurisdiction which becomes a part of a circuit court by virtue of section five of this article, in office on the effective date of this article shall continue in office until his term shall expire, unless sooner removed or retired as authorized in this article: *Provided*, That as to the term of any judge of a statutory court of record of limited jurisdiction which does not expire on the thirty-first day of December, one thousand nine hundred seventy-six, the following provisions shall govern and control unless any such judges shall be sooner removed or retired as authorized in this article: (1) If the term would otherwise expire before the thirty-first day of December, one thousand nine hundred seventy-six, such term shall continue through and expire on said thirty-first day of December, one thousand nine hundred seventy-six, (2) if the term would otherwise expire on the first day of January, one thousand nine hundred seventy-seven, such term shall terminate and expire on the thirty-first day of December, one thousand nine hundred seventy-six, and (3) if the term would otherwise expire after the thirty-first day of December, one thousand nine hundred seventy-six, but other than on the first day of January, one thousand nine hundred seventy-seven, such term shall continue through and expire on the thirty-first day of December, one thousand nine hundred eighty-four.

No justice, judge or magistrate shall hold any other office, or accept any appointment or public trust, under this or any other government; nor shall he become a candidate for any elective public office or nomination thereto, except a judicial office; and the violation of any of these provisions shall vacate his judicial office. No justice of the supreme court of appeals or judge of an intermediate appellate court or of a circuit court shall practice the profession of law during the term of his office, but magistrates who are licensed to practice this profession may practice law except to the extent prohibited by the Legislature.

If from any cause a vacancy shall occur in the office of a justice of the supreme court of appeals or a judge of a circuit court, the governor shall issue a directive of election to fill such vacancy in the manner prescribed by law for electing a justice or judge of the court in which the vacancy exists, and the justice or judge shall be elected for the unexpired term; and in the meantime, the governor shall fill such vacancy by appointment until a justice or judge shall be elected and qualified. If the unexpired term be less than two years, or such additional period, not exceeding a total of three years, as may be prescribed by law, the governor shall fill such vacancy by appointment for the unexpired term.

Censure, Temporary Suspension and Retirement of Justices, Judges and Magistrates; Removal

§8. Under its inherent rule-making power, which is hereby declared, the supreme court of appeals shall, from time to time, prescribe, adopt, promulgate and amend rules prescribing a judicial code of ethics, and a code of regulations and standards of conduct and performances for justices, judges and magistrates, along with sanctions and penalties for any violation thereof, and the supreme court of appeals is authorized to censure or temporarily suspend any justice, judge or magistrate having the judicial power of the State, including one of its own members, for any violation of any such code of ethics, code of regulations and standards, or to retire any such justice, judge or magistrate who is eligible for retirement under the West Virginia judges' retirement system (or any successor or substituted retirement system for justices, judges and magistrates of this State) and who, because of advancing years and attendant physical or mental incapacity, should not, in the opinion of the supreme court of appeals, continue to serve as a justice, judge or magistrate.

No justice, judge or magistrate shall be censured, temporarily suspended or retired under the provisions of this section unless he shall have been afforded the right to have a hearing before the supreme court of appeals, nor unless he shall have received notice of the proceedings, with a statement of the cause or causes alleged for his censure, temporary suspension or retirement, at least twenty days before the day on which the proceeding is to commence. No justice of the supreme court of appeals may be temporarily suspended or retired unless all of the other justices concur in such temporary sus-

pension or retirement. When rules herein authorized are prescribed, adopted and promulgated, they shall supersede all laws and parts of laws in conflict therewith, and such laws shall be and become of no further force or effect to the extent of such conflict.

A retired justice or judge may, with his permission and with the approval of the supreme court of appeals, be recalled by the chief justice of the supreme court of appeals for temporary assignment as a justice of the supreme court of appeals, or judge of an intermediate appellate court, a circuit court or a magistrate court.

A justice or judge may be removed only by impeachment in accordance with the provisions of section nine, article four of this Constitution. A magistrate may be removed from office in the manner provided by law for the removal of county officers.

Clerks of Circuit Courts

§9. The voters of each county shall elect a clerk of the circuit court, whose term of office shall be six years; his duties, responsibilities, compensation and the manner of removing him from office shall be prescribed by law. Whenever the clerk shall be so situated as to make it improper for him to act in any matter, a clerk to act therein shall be appointed by the judge of the circuit court or the chief judge thereof, if there be more than one judge of the circuit court. Vacancies shall be filled in the manner prescribed by law. A clerk of the circuit court in office on the effective date of this article shall continue in office until his term shall expire, unless sooner removed in the manner prescribed by law.

Magistrate Courts

§10. The Legislature shall establish in each county a magistrate court or courts with the right of appeal as prescribed by law. Such courts shall be courts of record if so prescribed by law.

The Legislature shall determine the qualifications and the number of magistrates for each such court to be elected by the voters of the county, and the Legislature may prescribe by law whether the election of such magistrates is to be on a partisan or nonpartisan basis: *Provided*, That any person in office as a justice of the peace of this State on the effective date of this article and who has served as a justice of the peace of this State for at least one year prior to such effective date shall, insofar as any qualifications established by the Legislature for the office of magistrate are concerned and notwithstanding the same, be deemed qualified for life to run for election as a magistrate of any such court: *And provided further*, That the Legislature shall not have the power to require that a magistrate be a person licensed to practice the profession of law, nor shall any justice or judge of any higher court establish any rules which by their nature would dictate or mandate that a magistrate be a person licensed to practice the profession of law. The magistrates of such courts shall hold their offices for the term of four years unless sooner removed or retired as authorized in this article. The Legislature shall also determine the number of officers to be selected for each such court and the manner of their selection. During his continuance in office a magistrate or officer of such a court shall reside in the county for which he is elected or selected. The Legislature shall prescribe by law for the filling of any vacancy in the office of a magistrate or officer of such court.

The jurisdiction of a magistrate court shall extend throughout the county for which it is established, shall be uniform for all counties of the State and shall be subject to such regulations as to venue of actions and the counties in which process may be executed or served on parties or witnesses as may be prescribed by law. The times and places for holding such courts shall be designated or determined in such manner as shall be prescribed by law.

Magistrate courts shall have such original jurisdiction in criminal matters as may be prescribed by law, but no person shall be convicted or sentenced for a felony in such courts. In criminal cases, the procedure may be by information or warrant of arrest, without presentment or indictment by a grand jury. Such courts shall have original jurisdiction in all civil cases at law wherein the value or amount in controversy, exclusive of interest and costs, shall not exceed fifteen hundred dollars, unless such amount and value shall be increased by the Legislature, except such civil matters as may be excluded from their jurisdiction by law; and, to the extent provided by law, in proceedings involving real estate when the title thereto is not in controversy. No judgment of a magistrate in any proceeding involving real estate or any right pertaining thereto shall bar the title of any party or any remedy therefor.

No judge of a municipal, police or mayor's court or any officer thereof shall be compensated for his services on a fee basis or receive to his own use for his services any pecuniary compensation, reward or benefit other than the salary prescribed therefor.

This article shall take effect from the time of ratification, but in any case where it is specified in this article that a provision shall become operable on and after a certain date, such date shall govern and control as to the operable date of such provision.

The provisions of this article shall supersede and prevail over all other provisions of this Constitution which are expressly or impliedly in conflict or inconsistent therewith.

Nor shall a new county be formed without the consent of a majority of the voters residing within the boundaries of the proposed new county, and voting on the question.

County Commissions

§9. The office of county court or tribunal in lieu thereof heretofore created is hereby continued in all respects as heretofore constituted, but from and after the effective date of this amendment shall be designated as the county commission and wherever in this Constitution, the code of West Virginia, acts of the Legislature or elsewhere in law a reference is made to the county court of any county, such reference shall be read, construed and understood to mean the county commission.

Except as otherwise provided in section eleven or thirteen of this article, there shall be in each county of the state a county commission, composed of three commissioners, and two of said commissioners shall be a quorum for the transaction of business. Provisions may be made by law for holding special sessions of said commissions.

If two or more persons residing in the same district shall receive the greater number of votes cast at any election, then only the one of such persons receiving the highest number shall be declared elected, and the person living in another district, who shall receive the next highest number of votes, shall be declared elected. Said commissioners shall annually elect one of their number as president. Such commissions may exercise such other powers, and perform such other duties, not of a judicial nature, as may be prescribed by law. Such existing tribunals as have been heretofore established by the Legislature to act as to police and fiscal matters in lieu of county commissions in certain counties shall remain and continue as now constituted in the counties in which they have been respectively established until otherwise provided by law, and they shall have and exercise the powers which the county commissions have under this article, and, until otherwise provided by law, such clerk as is mentioned in section twelve of this article shall exercise any powers and discharge any duties, heretofore conferred on, or required of, any such tribunal or the clerk of such tribunal respecting the recording and preservation of deeds and other papers presented for record and such other matters as are prescribed by law to be exercised and discharged by the clerk thereof.

§12. The voters of each county shall elect a clerk of the county commission, whose term of office shall be six years. His duties and compensation and the manner of his removal shall be prescribed by law. But the clerks of said commissions, now in office, shall remain therein for the term for which they have been elected, unless sooner removed therefrom, in the manner prescribed by law.

Reformation of County Commissions

§13. The Legislature shall, upon the application of any county, reform, alter or modify the county commission established by this article in such county, and in lieu thereof, with the assent of a majority of the voters of such county voting at an election, create another tribunal for the transaction of the business required to be performed by the county commission created by this article. Whenever a county commission shall receive a petition signed by ten percent of the registered voters of such county requesting the reformation, alteration or modification of such county commission, it shall be the mandatory duty of such county commission to request the Legislature, at its next regular session thereafter, to enact an act reforming, altering or modifying such county commission and establishing in lieu thereof another tribunal for the transaction of the business required to be performed by such county commission, such act to take effect upon the assent of the voters of such county, as aforesaid. Whenever any such tribunal is established, all of the provisions of this article in relation to the county commission shall be applicable to the tribunal established in lieu of said commission. When such tribunal has been established, it shall continue to act in lieu of the county commission until otherwise provided by law.

[**Editor's note.**—The foregoing article was amended by adding sections 9, 10, 11, 12 and 13 and was proposed by Senate Joint Resolution No. 6, Acts, Regular Session, 1974, p. 946; submitted under authority of art. 11, c. 3, of the West Virginia Code; and ratified November 5, 1974. The purpose of the foregoing sections 9, 10, 11, 12 and 13 is to remove the county court from the Judicial Department, art. 8, as amended, and to transfer the office of county court or tribunal to art. 9, County Organization.]

ARTICLE X

Taxation and Finance

§1. Subject to the exceptions in this section contained, taxation shall be equal and uniform throughout the State, and all property, both real and personal, shall be taxed in proportion to its value to be ascertained as directed by law. No one species of property from which a tax may be collected shall be taxed higher than any other species of property of equal value; except that the aggregate of taxes assessed in any one year upon personal property employed exclusively in agriculture, including horticulture and grazing, products of agriculture as above defined, including livestock, while owned by the producer, and money, notes, bonds, bills and accounts receivable, stocks and other similar intangible personal property shall not exceed fifty cents on each one hundred dollars of value thereon and upon all property owned, used and occupied by the owner thereof exclusively for residential purposes and upon farms occupied and cultivated by their owners or *bona fide* tenants, one dollar; and upon all other property situated outside of municipalities, one dollar and fifty cents; and upon all other property situated within municipalities, two dollars; and the Legislature shall further provide by general law for increasing the maximum rates, authorized to be fixed, by the different levying bodies upon all

classes of property, by submitting the question to the voters of the taxing units affected, but no increase shall be effective unless at least sixty percent of the qualified voters shall favor such increase, and such increase shall not continue for a longer period than three years at any one time, and shall never exceed by more than fifty percent the maximum rate herein provided and prescribed by law; and the revenue derived from this source shall be apportioned by the Legislature among the levying units of the State in proportion to the levy laid in said units upon real and other personal property; but property used for educational, literary, scientific, religious or charitable purposes, all cemeteries, public property, the personal property, including livestock, employed exclusively in agriculture as above defined and the products of agriculture as so defined while owned by the producers may by law be exempted from taxation; household goods to the value of two hundred dollars shall be exempted from taxation. The Legislature shall have authority to tax privileges, franchises, and incomes of persons and corporations and to classify and graduate the tax on all incomes according to the amount thereof and to exempt from taxation, incomes below a minimum to be fixed from time to time, and such revenues as may be derived from such tax may be appropriated as the Legislature may provide. After the year nineteen hundred thirty-three, the rate of the state tax upon property shall not exceed one cent upon the hundred dollars valuation, except to pay the principal and interest of bonded indebtedness of the State now existing.

[**Editor's note.**—The amendment of this section was proposed by House Joint Resolution No. 3, Acts, Extraordinary Session, 1932, p. 72; submitted by Acts, Extraordinary Session, 1932, c. 10; and ratified November 8, 1932. The amendment, known as the "Tax Limitation Amendment", rewrote this section.]

Exemptions From and Additional Adjustments to Ad Valorem Property Taxation

§1a. Notwithstanding the provisions of sections one and one-b of this article, household goods and personal effects, if such household goods or personal effects are not held or used for profit, and all intangible personal property shall be exempt from ad valorem property taxation: *Provided*, That intangible personal property may be made subject to such taxation only to the extent provided by the Legislature by general law not inconsistent with this section.

The Legislature shall not impose ad valorem property taxation upon money, bank deposits and other investments determined by such law to be in the nature of deposits in a bank or other financial institution, or upon pensions, moneys or investments determined by the Legislature in such law to be in lieu of or otherwise in the nature of pensions.

The Legislature by general law may exempt from such taxation any amount of the value of all or certain intangible personal property and any type, group or class of such intangibles but such exemptions shall be uniform throughout the State. No tax imposed upon such intangibles shall be at a rate or rates in excess of the maximum rate permitted to be imposed upon personal property employed exclusively in agriculture as provided in sections one, one-b or ten of this article, as the case may be, in the county wherein the intangible personal property has situs, as such situs is determined by the Legislature in such general law.

The valuations with respect to property acquired or created subsequent to any statewide reappraisal and the valuations with respect to any intangible personal property subjected to ad valorem property taxation pursuant to this section shall be allocated and phased-in over a period of years and be valued with respect to the same base year as other property subject to ad valorem property taxation in order to provide for equitable and similar treatment of such property subsequently acquired or created or such intangible personal property as compared to similarly situated previously existing property of similar value whose owner is receiving the benefit of any allocation and phase-in allowed pursuant to section one-b of this article.

Any intangible personal property which would be subject to ad valorem property taxation under prior provisions of this Constitution shall continue to be subjected to such taxation as provided by and in accordance with current statutory law for the assessment of such taxes upon such property, which laws are hereby validated for such purpose or purposes, until the first day of July in the year one thousand nine hundred eighty-five or until the first statewide reappraisal of property pursuant to section one-b of this article shall be first implemented and employed to fix values for ad valorem property taxation, whichever shall last occur, and thereafter no intangible personal property shall be subject to such taxation save for and except as provided by the Legislature by general law enacted after the ratification of the amendment of this section in the year one thousand nine hundred eighty-four.

[**Editor's note.**—This section was proposed by Senate Joint Resolution No. 4, Acts, Regular Session, 1957, p. 839; submitted by Acts, Regular Session, 1957, c. 16; and ratified November 4, 1958.

The first amendment of the section was proposed by Senate Joint Resolution No. 11, Acts, Regular Session, 1972, p. 737; and ratified November 7, 1972.

It inserted the exemption of "household goods and personal effects if such household goods and personal effects are not held or used for profit" from ad valorem property taxation.

The second amendment of this section was proposed by Committee Substitute for House Joint Resolution No. 21, Acts, Regular Session, 1984; p. 1113; and ratified November 6, 1984.

This section, prior to its amendment, read:

"Notwithstanding the provisions of the preceding section, bank deposits, money, and household goods and personal effects if such household goods and personal effects are not held or used for profit, shall be exempt from ad valorem property taxation."

This section was amended to read as set out above.]

Property Tax Limitation and Homestead Exemption Amendment of 1982

§1b. Ad valorem property taxation shall be in accordance with this section and other applicable provisions of this article not inconsistent with this section.

Subsection A—Value; Rate of Assessment; Exceptions

Notwithstanding any other provisions of this Constitution and except as otherwise provided in this section, all property subject to ad valorem taxation shall be assessed at sixty percent of its value, as directed to be ascertained in this section, except that the Legislature may from time to time, by general law agreed to by two thirds of the members elected to each house, establish a higher percentage for the purposes of this paragraph, which percentage shall be uniform as to all classes of property defined in section one of this article, but not more than one hundred percent of such value.

Notwithstanding the foregoing, for the first day of July, one thousand nine hundred eighty-two, and the first day of July of each year thereafter until the values may be fixed as a result of the first statewide reappraisal hereinafter required, assessments shall be made under the provisions of current statutory law, which is hereby validated for such purpose until and unless amended by the Legislature. Assessment and taxation in accord with this section shall be deemed to be equal and uniform for all purposes.

Subsection B—Determination of Value

The Legislature shall provide by general law for periodic statewide reappraisal of all property, which reappraisal shall be related for all property to a specified base year which, as to each such reappraisal, shall be uniform for each appraisal for all classes of property and all counties. In such law, the Legislature shall provide for consideration of (1) trends in market values over a fixed period of years prior to the base year, (2) the location of the property, and (3) such other factors and methods as it may determine: *Provided*, That with respect to reappraisal of all property upon the base year of one thousand nine hundred eighty, such reappraisals are deemed to be valid and in compliance with this section: *Provided, however*, That with respect to farm property, as defined from time to time by the Legislature by general law, the determination of value shall be according to its fair and reasonable value for farming purposes, as may be defined by general law.

The results of each statewide appraisal shall upon completion be certified and published and errors therein may be corrected, all as provided by general law. The first such statewide appraisal shall be completed, certified and published on or before the thirty-first day of March, one thousand nine hundred eighty-five, for use when directed by the Legislature.

The Legislature shall further prescribe by general law the manner in which each statewide reappraisal shall be employed to establish the value of the various separately assessed parcels or interests in parcels of real property and various items of personal property subject to ad valorem property taxation, the methods by which increases and reductions in value subsequent to the base year of each statewide reappraisal shall be ascertained, and require the enforcement thereof.

Subsection C—General Homestead Exemption

Notwithstanding any other provisions of this Constitution to the contrary, the first twenty thousand dollars of assessed valuation of any real property, or of personal property in the form of a mobile home, used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this state and who is sixty-five years of age or older or is permanently and totally disabled as that term may be defined by the Legislature, shall be exempt from ad valorem property taxation, subject to such requirements, limitations and conditions as shall be prescribed by general law.

Notwithstanding any other provision of this Constitution to the contrary, the Legislature shall have the authority to provide by general law for an exemption from ad valorem property taxation in an amount not to exceed the first twenty thousand dollars of value of any real property, or of personal

property in the form of a mobile home, used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this state, and who is under sixty-five years of age and not totally and permanently disabled: *Provided*, That upon enactment of such general law, this exemption shall only apply to such property in any county in which the property was appraised at its value as of the first day of January, one thousand nine hundred eighty, or thereafter, as determined by the Legislature, and this exemption shall be phased in over such period of time not to exceed five years from the date such property was so appraised, or such longer time as the Legislature may determine by general law: *Provided, however*, That in no event shall any one person and his spouse, or one homestead be entitled to more than one exemption under these provisions: *Provided further*, That these provisions are subject to such requirements, limitations and conditions as shall be prescribed by general law.

The Legislature shall have the authority to provide by general law for property tax relief to citizens of this State who are tenants of residential or farm property.

Subsection D—Additional Limitations on Value

With respect to the first statewide reappraisal, pursuant to this section, the resulting increase in value in each and every parcel of land or interest therein and various items of personal property subject to ad valorem property taxation over and above the previously assessed value shall be allocated over a period of ten years in equal amounts annually.

The Legislature may by general law also provide for the phasing in of any subsequent statewide reappraisal of property.

Subsection E—Levies for Free Schools

In equalizing the support of free schools provided by state and local taxes, the Legislature may require that the local school districts levy all or any portion of the maximum levies allowed under section one of this article which has been allocated to such local school districts.

Within the limits of the maximum levies permitted for excess levies for schools or better schools in sections one and ten of this article, the Legislature may, in lieu of the exercise of such powers by the local school districts as heretofore provided, submit to the voters, by general law, a statewide excess levy, and if it be approved by the required number of voters, impose such levy, subject however to all the limitations and requirements for the approval of such levies as in the case of a district levy. The law submitting the question to the voters shall provide, upon approval of the levy by the voters, for the assumption of the obligation of any local excess levies for schools then in force theretofore authorized by the voters of a local taxing unit to the extent of such excess levies imposed by the state and so as to avoid double taxation of those local districts. The Legislature may also by general law reserve to the school districts such portions of the power to lay authorized excess levies as it may deem appropriate to enable local school districts to provide educational services which are not required to be furnished or supported by the state. If a statewide excess levy for the support of free schools is approved by the required majority, the revenue from such a statewide excess levy shall be deposited in the state treasury and be allocated first for the local obligations assumed and thereafter for such part of the state effort to support free schools, by appropriation or as the law submitting the levy to the voters shall require, as the case may be.

The defeat of any such proposed statewide excess levy for school purposes shall not in any way abrogate or impair any local existing excess levy for such purpose nor prevent the adoption of any future local excess levy for such purpose.

Subsection F—Implementation

In the event of any inconsistency between any of the provisions of this section and other provisions of this Constitution, the provisions of this section shall prevail. The Legislature shall have plenary power to provide by general law for the equitable application of this article and, as to taxes to be assessed prior to the first statewide reappraisal, to make such laws retroactive to the first day of July, one thousand nine hundred eighty-two, or thereafter.

[Editor's note.—This section was proposed by House Joint Resolution No. 7, Acts, Regular Session, 1973, p. 582; and ratified at a special election November 6, 1973.

The first amendment of this section was proposed by House Joint Resolution No. 39, Acts, Regular Session, 1980, p. 740; and ratified November 4, 1980.

The purpose of this section is to increase the allowable homestead exemption on real property or mobile home to the first ten thousand dollars of assessed valuation of a residence occupied by the owner thereof who is sixty-five year of age or older or permanently and totally disabled.

This section, prior to its amendment, read:

"Notwithstanding any other provision of this Constitution to the contrary, the first five thousand dollars of assessed valuation of any real property used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this State and who is sixty-five years of age or older shall be exempt from ad valorem property taxation, subject to such requirements, limitations and conditions as shall be prescribed by general law."

The second amendment of this section was proposed by House Joint Resolution No. 1, Second Extraordinary Session, 1982; and ratified at the General Election, November 2, 1982.

The purpose of this section is to provide for assessment of property for purposes of ad valorem taxation at sixty percent of its value upon statewide reappraisal; to provide for assessment of property under current statutory law until the results of such reappraisal and to validate such law; to provide for the determination of market value, and to permit the Legislature by a vote of two thirds of the members elected to each house to set higher percentages for all classes of property; to authorize the Legislature by general law to permit the results of any reappraisal to be phased in over such period of time after the year in which the reappraisal is completed in such manner as the Legislature may specify; to provide the Legislature with the power to protect the levies for free schools and to provide for statewide levies for such purpose; to require an exemption from ad valorem taxation amounting to twenty thousand dollars of assessed value of any real property or mobile home occupied as a resident by persons who are sixty-five years of age or older or permanently disabled; to authorize an exemption of up to twenty thousand dollars of value for owners of homes or mobile homes who are under sixty-five years of age and not disabled; and to provide for a phase-in period for the latter exemption after appraisement of property at its value as of the first day of January, one thousand nine hundred eighty or thereafter, as determined by the Legislature.

This section, prior to its amendment, read:

"Notwithstanding any other provision of this Constitution to the contrary, the first ten thousand dollars of assessed valuation of any real property, or of personal property in the form of a mobile home, used exclusively for residential purposes and occupied by the owner or one of the owners thereof as his residence who is a citizen of this State and who is sixty-five years of age or older or is permanently and totally disabled as that term may be defined by the Legislature shall be exempt from ad valorem property taxation, subject to such requirements, limitations and conditions as shall be prescribed by general laws: *Provided*, That the Legislature annually shall appropriate state funds in an amount sufficient to pay to each levying body in this State the amount of tax revenue lost by reason of this amendment to such body during the preceding year: *Provided, however*, That such levying bodies shall be reimbursed by the Legislature only for that portion of the ad valorem taxation exemption above and beyond the exemption for the initial five thousand dollar valuation of real property owned and occupied by a citizen who is sixty-five years of age or older."

This section was amended to read as set out above.]

Exemption From Ad Valorem Taxation of Certain Personal Property of Inventory and Warehouse Goods, With Phase In to Full Exemption Over Five-year Period

§1c. Notwithstanding any other provisions of this Constitution, tangible personal property which is moving in interstate commerce through or over the territory of the State of West Virginia, or which was consigned from a point of origin outside the State to a warehouse, public or private, within the State for storage in transit to a final destination outside the State, whether specified when transportation begins or afterward, but in any case specified timely for exempt status determination purposes, shall not be deemed to have acquired a tax situs in West Virginia for purposes of ad valorem taxation and shall be exempt from such taxation, except as otherwise provided in this section. Such property shall not be deprived of such exemption because while in the warehouse the personal property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled, or repackaged for delivery out of state, unless such activity results in a new or different product, article, substance or commodity, or one of different utility. Personal property of inventories of natural resources shall not be exempt from ad valorem taxation unless required by paramount federal law.

The exemption allowed by the preceding paragraph shall be phased in over a period of five consecutive assessment years, at the rate of one fifth of the assessed value of the property per assessment year, beginning the first day of July, one thousand nine hundred eighty-seven.

[**Editor's note.**—This section was proposed by House Joint Resolution No. 1, Second Extraordinary Session, 1986, submitted in accordance with article eleven, chapter three of the code of West Virginia, one thousand nine hundred thirty-one, as amended; and ratified November 4, 1986.]

Capitation Tax

§2. Repealed.

[**Editor's note.**—This section was repealed by virtue of the Capitation Tax Repeal Amendment, proposed by House Joint Resolution No. 6, Acts, Regular Session, 1970, p. 455; submitted by Acts, Regular Session, 1970, c. 21; and ratified November 3, 1970.

This section, prior to its repeal, read:

“The Legislature shall levy an annual capitation tax of one dollar upon each male inhabitant of the State who has attained the age of twenty-one years, which shall be annually appropriated to the support of free schools. Persons afflicted with bodily infirmity may be exempted from this tax.”]

Receipts and Expenditures of Public Moneys

§3. If a majority of the qualified voters, voting on the question at the polls held pursuant to such law, ratify the proposed amendment, it shall be in force from the time of such ratification, as part of the Constitution of the State. If two or more amendments be submitted at the same time, the vote on the ratification or rejection shall be taken on each separately, but an amendment may relate to a single subject or to related subject matters and may amend or modify as many articles and as many sections of the Constitution as may be necessary and appropriate in order to accomplish the objectives of the amendment. Whenever one or more amendments are submitted at a special election, no other question, issue or matter shall be voted upon at such special election, and the cost of such special election throughout the State shall be paid out of the state treasury.

WEST VIRGINIA CORRECTIONS ACADEMY

Montgomery 25136

Director: James R. Perdue.

The West Virginia Corrections Academy was administratively created in September 1982, and began operations in Randolph County near the Huttonsville Correctional Center. In August 1987, the Academy was moved to the campus of West Liberty State College near Wheeling. It was relocated once again in August 1996, to its current location on the campus of West Virginia University of Technology in Montgomery, Fayette County.

The Corrections Academy provides a four-phase training program for sworn and civilian staff of the Division of Corrections. These phases are orientation, basic, in-service and specialized training. Corrections officers employed by county and other state agencies complete basic training and attend specialized training programs sponsored or conducted at the Academy.

Orientation training for newly hired employees occurs at the facility level and is overseen by institutional training officers supervised by the Academy's director. Basic training is conducted in a five-week residential format with a minimum of 147 hours. In service training programs meet professional standards and hours may be obtained at the employee's facility, the academy or other approved course of study. Specialized curricula is developed and conducted pursuant to the needs of the agency, such as supervisory and management courses.

The Academy administers the Correctional Officer Apprenticeship Program. This program is approved by the U. S. Department of Labor and Bureau of Apprenticeship and Training and was initiated in November 1991. The two-year program consists of 4,000 hours of on the job training and 400 hours of related classroom studies. Upon successful completion, correctional officers are promoted.

In conjunction with the Apprenticeship Program and its own course work, the Academy has entered into agreements with state colleges for credit toward Associate Degrees, including West Virginia State College, WVU Tech, Fairmont State College, Glenville State College and West Liberty State College.

BECKLEY CORRECTIONAL CENTER

Beckley 25801

Administrator: Melvin Cox. *Capacity:* 68.

Located on Pinecrest Hospital grounds in Beckley, Beckley Correctional Center can house up to 68 offenders: sixty males and eight females. The facility is a part of the West Virginia Division of Corrections, an agency under the Department of Military Affairs and Public Safety.

Beckley Correctional Center houses minimum-security inmates and currently provides substance abuse treatment and counseling as necessary. Inmate activities are regimented and inmates work at assigned contractual jobs. Inmates also are required to perform 80 hours of community service during their stay.

WORK/STUDY RELEASE CENTERS

Work/Study Release Centers are community-based programs operated by the Division of Corrections, which is an agency under the Department of Military Affairs and Public Safety.

There are two Centers in the State, located in Charleston and Huntington, that house both male and female offenders. Each Center has the capacity to house approximately sixty inmates.

Inmates who are within six months to a year of their sentence, or who are near eligibility for parole, are selected by a Risk Assessment Evaluation while housed at a more secure facility, for participation in the program. The Center allows the inmate to take advantage of work programs and/or attend educational/vocational programs. As a condition of assignment to a Work/Study Center, inmates are required to serve at least eighty (80) hours of Community Service. Once their assigned Community Service is completed inmates are permitted to seek employment in the local job market.

Financial and educational security are the two most important aspects of life after incarceration. The program's objective is to assist the inmate in making a successful transition from incarceration to the community. The two facilities are listed below:

Charleston Work/Study Release Center
607 Brooks Street
Charleston 25301-1319
Administrator: Donald M. Ervin.
Secretary: Dewanna Pauley.

Huntington Work/Study Release Center

MOUNT OLIVE CORRECTIONAL COMPLEX

Mount Olive 25185

Warden: Howard Painter; *Capacity:* 980.

Built as a replacement for the aging West Virginia Penitentiary at Moundsville, the Mount Olive Correctional Complex is situated on a 120 acre site about seven miles from Smithers in Fayette County. Total construction cost was approximately \$61.8 million. Approximately 80 acres are inside the secure perimeter. Electronic and computerized security controls are used extensively throughout the complex and are coordinated by a Central Control station.

Mount Olive is a level 5 maximum-security facility and was designed to operate upon the principles of unit management and direct supervision. These principles are used in the daily administration and operation of the facility. Unit management is a team approach to offender management in which a multidisciplinary team of staff is assigned to each housing unit. Direct supervision is based upon frequent, informal contact between staff and offenders, staff modeling appropriate behaviors for offenders and offenders being held accountable for their actions. The combination of up-to-date design and construction, unit management and direct supervision has increased supervision of the offender population and dramatically decreased the number of assaults by offenders on employees and other offenders in comparison to the old penitentiary.

A number of program opportunities are available to assist offenders with the adjustment to either institutional life or eventual return to society. These include substance abuse, sex offender, crime victim awareness, religious services, AA/NA and others. Educational programs are administered by the West Virginia Department of Education and the Correctional Education Association has accredited the Mount Olive Correctional Complex Education Department. A matriculation agreement is in place with the West Virginia University Institute of Technology in Montgomery. Inmate medical, dental, mental health and food services are provided or managed by contractual agreement.

Mount Olive serves the Division of Corrections in several systemic roles housing all male offenders sentenced to the custody of the Commissioner of Corrections who are in need of long-term maximum security segregation housing, those who are considered escape risks or are otherwise considered inappropriate for housing at a less secure facility, or those who have a long term need for around-the-clock medical or mental health supervision.

DENMAR CORRECTIONAL CENTER

Hillsboro 24946

Warden: Mark Williamson. *Capacity:* 210.

The Denmark Correctional Center is located five miles from Hillsboro in the pristine hills of Pocahontas County. The facility was opened in 1919 and used through 1957 as the tuberculosis center for black people in West Virginia. Later in 1957 the tuberculosis center was transformed into a hospital for the chronically ill. The Denmark Hospital was closed in 1990.

In February 1993, the Pocahontas County Commission conveyed the deed for the former Denmark Hospital to the West Virginia Division of Corrections for conversion to a state correctional facility. The funds were appropriated to the Division of Corrections for renovation and occupation of the facility known as the Denmark Correctional Center.

The medium security prison currently houses up to 210 adult males and employs approximately 88 persons. Inmates rehoused in two- and four-man rooms.

Following their mission statement of: To provide inmates, staff and the public with a secure and safe environment, to promote responsibility to one's self and society, and to enhance the skills necessary for self-development, serving to maintain a positive and productive style of living, Denmark offers various work programs, treatment programming, counseling, education recreation, etc., to enhance the rehabilitation of inmates housed there.

The Unit Management concept at Denmark seeks to provide a balance between punishment, deterrence, incapacitation and rehabilitation for individuals committed to the custody of the West Virginia Division of Corrections. The rustic pastoral setting is conducive to an enriched atmosphere wherein the inmates may engage in a successful adjustment in preparation for their return to free society. The compassionate, caring staff providing quality programs in a safe and secure setting has enabled Denmark to become a true model for the adaptation and encouragement of positive, productive, spiritually enhanced living.

The various job positions that are held by inmates include: Outside Road Crews, Prison Industries, Laundry, Maintenance Crews, Kitchen and many more.

The various treatment programs offered include: All substance abuse programs, Aladrue I, II and III, and AA/NA, HOPE, sex offender therapy, group and individual counseling, as well as other programs designed to address social skills deficits, establish a sober, legitimate lifestyle, and facilitate a smooth transition from incarceration to free society. There is also an Education Department that gives inmates the opportunity to learn computer and keyboarding skills, LIFESKILLS, and the chance to obtain their GED, further developing and enhancing their academic and employability skills. College classes are available through Concord College.

Recreation is also offered and includes softball and basketball teams along with other activities available with the equipment in the recreation facility.

In addition, an existing dormitory was renovated to house 64 residents in a structured, intensive substance abuse program. At the present time, Anthony Correctional Center has a capacity of up to 220 offenders (male and female).

Residents are committed to the Anthony Correctional Center as a result of their sentencing judge suspending the original sentence of their specific crime and handing down a sentence of 6 months to 2 years at the Anthony Correctional Center. Those sentenced to the Anthony Correctional Center must have committed their crime (any crime other than an offense punishable by a life sentence) on or after their eighteenth birthday and sentenced prior to their twenty-third birthday. If, in the opinion of the Warden, the offender proves to be an unfit person to remain in the center, the offender is returned to the committing court to be dealt with further according to the law.

The institution provides therapeutic programming including Victim Awareness, Anger Control, Parenting and individual and group counseling, Substance Abuse programming, a comprehensive academic and vocational training curriculum, job and/or educational placement, Life Skills and Work Readiness, religious opportunities, and a recreational program, all under a unit management system.

Life skills and Work Readiness are both mandatory programs that all residents must complete prior to completing the Anthony Correctional Center program. The Keys to Innersession curriculum, which is a part of the Life Skills program, is a social skills curriculum on "change" and "goal setting", portfolio preparation, job skills development and career counseling and is mandatory for all residents.

The year-round recreational program consists of softball, horseshoes, volleyball, basketball, football and weightlifting. The spacious gymnasium makes it possible for residents to participate in indoor sports during the winter months. This program is based on 100 percent participation.

Academically, the Education Program stresses basic skill enhancement and general educational development, specific vocational skills training, job skills training and career planning with an emphasis on a student's ability to change behavior and their development of the decision-making process. The GED program is mandatory for any resident not possessing a high school diploma or GED.

Each resident at the Center must choose a vocational major in which to pursue and complete during his or her stay at Anthony Correctional Center. The vocational programs available to residents are: Auto Mechanics, General Building Construction (Drafting, Carpentry, Electricity, Plumbing, Painting/Wall Covering, Floor Covering and Roofing), Welding, Business Education and Quantity Foods. All vocational programs are taught by a certified vocational instructor, utilizing a competency-based education approach.

A local clergyman holds worship services on a weekly basis for all interested residents. He also provides individual counseling for residents when needed.

HUTTONSVILLE CORRECTIONAL CENTER

Huttonsville 26273

Warden: William S. Haines. *Capacity:* 900.

The Huttonsville Correctional Center is located on a farm near Huttonsville, in Randolph County, approximately 18 miles south of Elkins on U.S. Route 250. It was created by an act of the Legislature in 1937 to relieve overcrowding at the West Virginia Penitentiary. It remained a branch of the parent institution until 1947, at which time the Legislature established as a separate entity—the West Virginia Medium Security Prison. In 1970, the Center received its current name by legislative act.

The primary form of employment for the inmates has always been general farm work. By act of the Legislature in 1977, the 5,000-acre farm was turned over to the Farm Management Commission with a resultant change of agricultural emphasis from labor-intensive general purpose farming to beef cattle production; the largest single inmate labor effort is community service projects.

In January 2000, two new 120-bed additions were opened which made provisions for single cell housing. These additions increased the capabilities for segregation, intake, Diagnostic Unit as well as housing long-term general population inmates. All other housing consists of military barracks-style dormitories.

With the addition of the single cell housing a Behavioral Improvement Unit was opened for problematic inmates. Inmates placed in this unit are extremely limited in privileges, however, as their conduct, respect for staff and attitude improves they can improve their status within the unit and eventually earn the right to rejoin the remaining inmate population.

A Therapeutic Community was opened which consists of 100 beds for inmates who express a sincere desire for rehabilitation. In this unit the criminogenic thinking pattern or the criminal mentality is the focus of attention. Emphasis is placed on cognitive restructuring as a means to modify behavior utilizing the power of education through social learning. Inmates live in this program intensive environment for a period of nine to 12 months.

Many educational programs, both vocational and academic, are offered by the State Department of Education to interested inmates. These classes provide an opportunity to engage in rehabilitative efforts. Through the Department of Education's Adult Basic Education program, inmates are provided classes in remedial reading and are able to work toward, and obtain GED certificates. A Special Education program offers remediation to students with learning disabilities. Vocational courses include auto mechanics, auto body repair, welding, machine shop, typing, electricity, horticulture, aquaculture, Milling and Cabinet Making, Computer Repair, Drafting, auto CAD. College classes are offered through Fairmont State College. The Arts and Crafts shop provides opportunities for leather working and wood working crafts and enjoys strong participation.

Prison Industries operates a Braille transcribing program, a furniture plant and a welding shop with the utilization of inmate workers.

PRUNTYTOWN CORRECTIONAL CENTER

Grafton 26354

Warden: J. N. Liller. *Capacity:* 368.

The Pruntytown Correctional Center, formerly known as the West Virginia Industrial Home for Boys, is located at Pruntytown near Grafton in Taylor County. The facility presently receives adult males and females who are eighteen years of age or older. The facility which first opened in 1891 operated as a state correctional institution for delinquent boys until January 1983, when the school was closed and the juveniles transferred to the West Virginia Industrial Home for Youth at Industrial. Pruntytown remained vacant and idle until mid-year 1985.

The Pruntytown Correctional Center, after renovation and remodeling, was reopened to house minimum-security male inmates in November 1985. In December 1988, the Division of Corrections began moving nearly sixty state female prisoners who were housed under contract at the Federal Correctional Institution for Women at Alderson to the Pruntytown Correctional Center. The Division spent \$500,000 to build separate facilities for women. In July 1992, a 20-bed intake unit for low public risk males was added. The Center thus functions as a co-correctional facility, housing all custody levels of adult females, as well as minimum-security adult males. Spring 1998 construction began on a 120-bed housing unit to house adult males. This unit was completed in January 1999, making the total housing capacity for inmates 368.

In the early spring of 1998, the Division of Corrections began the transition to house approximately 400 adult male minimum to medium security inmates at this facility. In addition to general population offenders, the targeted population includes aging, geriatric, special needs and chronic medical offenders with lower custody classifications.

The first corrections training academy began with 25 former Colin Anderson employees on June 1, 1998.

CENTRAL REGIONAL JAIL

The Central Regional Jail is located adjacent to the "67 Mile" marker of Interstate 79, approximately one mile from the Flatwoods exit. The facility, designed with a capacity of two hundred inmates, formally opened on February 22, 1993. It was the first of the prototype design of all the regional jails. This state-of-the-art, podular design allows for maximum security with minimum staffing through the use of the latest correctional technologies. The Central Region is composed of nine counties: Braxton, Calhoun, Clay, Gilmer, Lewis, Nicholas, Roane, Upshur and Webster.

Each housing unit, or "pod", of the jail is divided into eight separate sections of eight or sixteen beds to accommodate variable housing assignments related to the inmate population's pre-trial or sentenced status, security classification or gender. Each section has a day room, and each pod includes two secure outdoor recreation areas with a security wire-mesh cover.

The facility has a gymnasium which not only serves as an indoor recreation area but can also serve as an emergency holding area. Separate interior spaces are provided for attorney/client visits, contact and noncontact visits, an up-to-date law library, a reading library, classrooms and a chapel. Both indirect supervision and direct supervision are constantly in place throughout the facility. Indirect supervision is maintained in the housing areas from each pod control room while direct inmate supervision is provided by "rover" officers who maintain personal contact with inmates. Both in its design and in its operations, the facility meets or exceeds all federal and state minimum jail standards requirements.

Pursuant to West Virginia Code 17-15-4, inmates who are sentenced to the facility serve the community in a variety of work programs inside as well as outside of the jail. Substance abuse counseling, GED and Adult Basic Education programs are available to the inmates. Volunteers also

work with the inmates in areas of concern such as literacy. On a voluntary basis, chaplains make full use of the jail chapel not only on Sundays but on several week nights.

The jail employs approximately 80 uniformed, administrative and support staff. An additional fourteen employees work at the jail through contractual arrangements to provide inmate medical care and food service. A clinical psychologist is contracted to serve the jail population as are medical doctors and nurses. Counselors are on staff for entry and follow-up counseling.

The Central Regional Jail has also been involved as a model facility for a video teleconferencing project for court hearings entitled "Courtroom of the Future." This project has proven itself to reduce transportation dramatically, thus saving both monetary and potential public safety costs.

WEST VIRGINIA INDUSTRIAL HOME FOR YOUTH

7 Industrial Boulevard Industrial 26375

Superintendent: Alvin Ross. *Capacity:* 168.

The West Virginia Industrial Home for Youth is located one mile west of Salem on old U.S. Route 50 at Industrial. It was established by an act of the Legislature on February 18, 1897, and formally opened May 5, 1899. It was built on a 61-acre tract. Eleven acres have since been returned to the city of Salem for use as a city park.

From Jones Cottage, the first building, the physical plant grew to include the following buildings: Silver Hall Cottage (1914); Sutton Cottage (1928); Ava Standard Cottage (1942); New Jones Cottage (1961); and the Administration Building (1942).

In December 2000, a new 200-bed state-of-the-art facility was opened upon the grounds. This building comprises the latest technology in use today and provides for greater security, in-house medical services, and treatment programs for all residents. This building also houses a "courtroom of the future" for hearings, legal proceedings and visitation in a video-conferencing environment. In addition, there is also telemedicine video conference permitting consultation and diagnosis of residents without need to leave the facility. Video conferencing also provides remote access to educational programs and treatment worldwide. A new vocational and technical center was also built as part of the expansion project, thereby increasing the likelihood of meaningful trade skill education being parlayed into the youths' successful return to communities with valuable job skills. The facility also provides an aftercare program that follows youths back into their communities and coordinates care and support to assist youths in remaining crime free. This endeavor represents a partnership with families, education, juvenile probation, community care providers and churches to best enhance the youths' probability of success in becoming responsible citizens.

Renovation is under way to several older structures and, once complete, the West Virginia Industrial Home for Youth will possess a full operational capacity of 246 residents.

The West Virginia Industrial Home for Youth is a maximum-security juvenile facility. The resident population consists of regular commitments, males ages 10-18 and females ages 12- 18. All juveniles committed to the Division of Juvenile Services are received at the Industrial Home for Youth. Although some males 16 years of age or older may be transferred to Davis Center, the West Virginia Industrial Home for Youth maintains six distinct populations: males adjudicated delinquent and committed for a rehabilitation program; and males and females who have been adjudicated as adult commitments and will remain until their eighteenth birthday.

The education needs of the youths are met by the West Virginia Department of Education with a wide range of programs on campus. Education programs include basic academic: English, social studies, math, science, computer science, physical education and health, as well as GED preparation and testing, pre-vocational training along with classes in home economics and general industrial arts.

In addition to the population that has been committed to the Industrial Home for Youth under West Virginia Code 49-5-13 (b)(5), the facility also provides a Diagnostic Unit for Juveniles pursuant to West Virginia Code 49-5-13 (a). The unit houses pre-dispositional youths adjudicated delinquent and committed for not more than a 30-day period. These youths are completely segregated from the regular sentenced population. The unit provides the committing court with a complete psychological, medical evaluation, and social summary for each child.

The Industrial Home for Youth is committed to a philosophy of helping youths learn appropriate conduct, respect for themselves and others, increase their self-esteem and discover positive alternatives for their lives.

DAVIS CENTER

Blackwater Falls Road Davis 26260

Davis Center, located near the entrance to Blackwater Falls State Park in Tucker County, was authorized by an act of the Legislature in 1955. It is a minimum-security facility that houses youthful male offenders between the ages of 16 and 18 who have been adjudicated delinquent by the various courts of record in the state. The period of confinement averages eight months, but can be longer if deemed advisable by the Center Superintendent.

Davis Center operates a Peer Group Interaction Counseling Program. Residents are placed in groups of eight to ten in which primary emphasis is directed toward developing responsibility for their actions and rebuilding their lives, compatible with socially-acceptable behavior and goals. Each resident receives five weekly one and one-half hour group sessions.

A diagnostic program is offered to access each resident's strengths and weaknesses in academic, vocational and personality areas. Individual counseling and drug and alcohol classes are provided.

The education component of the Davis Center program is provided by the West Virginia Department of Education. This is an administrative change as a result of action of the Legislature in the spring of 1988. This change has greatly increased the resources available to provide a thorough education program for Center residents.

All residents are required to attend one-half day in academic school and one-half day in a vocational program. Class sizes are small—five to seven residents—and instruction in all areas is individualized to meet the needs of the learner. The academic program is designed and equipped to teach at all levels from basic remediation through post high school. Vocational programs offered at Davis Center include auto mechanics, welding, computer science and building construction.

A full range of recreational activities is offered including basketball, volleyball, weightlifting, swimming and softball. Recreational activities also utilize nearby state parks and natural mountain beauty of the Monongahela National Forest. Nondenominational religious services are held each Sunday.

Through the use of the Peer Group Interaction Program, young men receive counseling and guidance by their peers with adult assistance. A young man's stay depends on developing responsibility for caring and concern for group members, as well as fulfilling his contract. Ultimately, a major goal is to enhance the young man's capabilities of making socially-accepted choices and decisions after his release into society.

A pioneering project, the Higher Education for Learning Problems (H.E.L.P.) program, assists those with learning disabilities, attracting students from across the nation.

SHEPHERD COLLEGE

Shepherdstown 25443

When the county seat of Jefferson County, West Virginia, was moved from Shepherdstown to Charles Town in July 1871, the people in the area decided to use the vacant courthouse for educational purposes. An article of incorporation for a school to be known as Shepherd College, designed to instruct students "in languages, arts, and sciences", was drawn up by the Board of Trustees. Joseph McMurrin, principal, and two assistant professors were hired to teach the 42 students who began classes in September 1871.

On February 27, 1872, the state Legislature passed an act which made the private institution a part of the state college system. In 1930 Shepherd became a four-year college dedicated to the training of teachers and it was accredited to grant the Bachelor of Arts degree. A liberal arts program was approved in 1943, and in 1950 the Bachelor of Science degree was added.

In the past two decades Shepherd has experienced a 200 percent enrollment growth and added 12 new buildings, including the \$9 million Robert C. Byrd Science and Technology Center. Academic programs are available in 70 different fields, and the college currently serves over 4,000 students. The College offers the following degrees: Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Science, Bachelor of Arts in elementary education, Bachelor of Arts in secondary education, Regents Bachelor of Arts, Associate of Arts, Associate of Science and Associate of Applied Science.

In addition to the campus' 323 acres in Shepherdstown, a facility is also maintained in Petersburg to serve the needs of the residents of the South Branch Valley. Off-campus classes meet in seven counties in the Eastern Panhandle. The College is also a partner in a consortium with James Rumsey Technical Institute to promote workplace training and development.

WEST VIRGINIA SCHOOL OF OSTEOPATHIC MEDICINE

Lewisburg 24901

The West Virginia School of Osteopathic Medicine (WVSOM) was incorporated in 1972 as Greenbrier College of Osteopathic Medicine. The Greenbrier Military School, which had been in continuous operation for 160 years, closed in May 1972 and was purchased in July by the West Virginia Society of Osteopathic Medicine. In December, a charter for the Greenbrier College of Osteopathic Medicine was obtained from the State of West Virginia, and the school opened in October 1974 as a private institution with a charter class of 36 students. In January 1976, the college was brought into the state system of higher education as the West Virginia School of Osteopathic Medicine.

The West Virginia School of Osteopathic Medicine educates primary care physicians for rural communities. The school is dedicated first and foremost to service for West Virginia and addresses the special health care needs of West Virginia's elderly. The WVSOM program is comprehensive—two years of basic science education, two years of clinical training, one year of rotating internship, followed by two or more years of residency training.

The WVSOM Admissions Committee reviews files of all qualified applicants. First preference for admission is given to residents of West Virginia. Historically, each class has been composed of approximately 70 percent West Virginia residents.

The WVSOM curriculum is designed to produce physicians who are competent in rural practice settings while assuring they have the education and legal status required for licensure in all states.

The West Virginia School of Osteopathic Medicine is accredited by the Bureau of Professional Education of the American Osteopathic Association (AOA). The AOA is recognized by the Council for Higher Education Accreditation and the United States Department of Education as the only official accrediting agency for colleges of osteopathic medicine in America.

WEST VIRGINIA STATE COLLEGE

Institute 25112-1000

West Virginia State College (WVSC), with an enrollment approaching 5,000, is the largest public higher education institution in the Charleston metropolitan area. Founded in 1891 as a land-grant institution, WVSC voluntarily desegregated in 1954 creating a "Living Laboratory of Human Relations". This event attracted the most racially and culturally diverse student body, faculty and staff in the state—a distinction that has been maintained to this day. The College cherishes its noble history, its reputation for safeguarding academic freedom, for being innovative in its scholastic programs, for removing barriers to education and for providing leadership opportunities for women, minorities and the handicapped.

West Virginia State College offers 21 associate degree programs and 20 baccalaureate degree programs. The Bachelor of Arts degree is offered with majors in art, economics, English, history, political science, psychology and sociology. The Regents BA program allows students to earn credit for life and work experience. The Bachelor of Science degree is offered in biology, business administration, chemistry, communications, criminal justice, education, mathematics, recreation, health science and social work. Many of the Associate in Arts and Associate in Science degrees transfer to baccalaureate degree programs. Associate in Applied Science degrees are offered in several fields, including nuclear medicine technology, electronics engineering technology and computer-aided drafting and design technology. The College also offers certificate programs in community behavioral health technology, gerontology and technology studies.

West Virginia State College is accredited by the North Central Association of Colleges and Schools. Academic program accreditations include chemistry by the American Chemical Society; education by the National Council for Accreditation of Teacher Education; recreation by the National Council of Accreditation of the National Recreation and Parks Association; social work by the Council on Social Work Education; and electronics technology by the Accreditation Board of Engineering and Technology.

The Drain-Jordan Library is a primary academic support facility, with more than 161,600 books and 461 current publication subscriptions. It has a computerized catalog system with electronic search capability and automated circulation. The campus has 21 state-of-the-art computer laboratories as well as computer-equipped classrooms that make hands-on computer applications possible in almost every discipline. Campus satellite facilities permit both down-link and up-link access to communications satellites.

The Wilson College Union provides an atmosphere where commuter and resident students alike may relax. The facility houses a cafeteria, snack bar, recreational facilities, lounge, bookstore and meeting rooms for students' use. Other services provided to students are a child development facility and a variety of scholarships and other types of financial assistance. For both instructional and recreational use, students have access to a gymnasium, swimming pool, football stadium, track, bowling lanes, tennis courts and baseball and football fields. Opportunities exist to participate in music and drama groups, the student newspaper, the literary review and yearbook staff. Nineteen academic honor societies recognize outstanding academic performance.

With a consistent and determined effort since 1988, WVSC was redesignated at the federal level as one of the two land-grant institutions in West Virginia on March 28, 1994. Senator Robert C. Byrd introduced legislation in the Fiscal Year 2000 agricultural appropriations bill; and on October 22, 1999, the bill was signed by President Clinton, authorizing funding for land-grant programs related to research and extension at West Virginia State College. The beautiful 90-acre campus, with 41 buildings, is located in the suburban community of Institute, eight miles west (I-64, exit 50) of Charleston and approximately 40 miles east of Huntington.

WEST VIRGINIA UNIVERSITY

Morgantown 26506

Established in 1867, West Virginia University is the state's major research, doctoral degree-granting, land-grant institution. WVU provides high-quality programs of instruction, offering 168 degree programs at the undergraduate, graduate and professional levels, including the state's only law school and the world's premiere degree offering in forensic identification. The University fosters basic and applied research and scholarship and engages in and encourages other creative and artistic work. A wide range of health science programs are offered at the Robert C. Byrd Health Sciences Center through schools of medicine, dentistry, nursing and pharmacy, including allied health programs and graduate programs in the basic health sciences.

WVU combines the breadth of academic opportunities offered by a major research institution with the atmosphere of a small school. Enrollment in one of the University's 13 colleges and schools offers students the warmth and friendliness of a small academic community.

Students at WVU may choose from among more than 270 student organizations, including 20 fraternities, 13 sororities and over 40 honor societies. In addition to extensive informal recreational opportunities and organized intramural programs, WVU has 20 intercollegiate varsity athletic programs, including a rifle team that has consistently won the NCAA national championship and a football team that regularly participates in post-season bowl games. WVU is a member of the Big East Conference, except for gymnastics and wrestling, which are associated with the Eastern Athletic Gymnastic League and the Eastern Wrestling League, respectively.

WVU's Fall 2000 enrollment was 21,987. Students came from all 55 counties of West Virginia, nearly all 50 states, the District of Columbia, Puerto Rico, the Virgin Islands and close to 100 other nations. Among WVU's proudest distinctions are the 25 students who have been chosen to receive Rhodes Scholarships to study at Oxford University, the 15 Truman Scholars who have been recognized for their public service efforts, the 21 Goldwater Scholars who have demonstrated academic excellence in the sciences, two British Marshall Scholars and two Morris K. Udall Scholars.

Operation Jump-Start is giving freshmen one of the top undergraduate experiences in the country by placing them in residence halls according to similar majors and interests. Advising, entertainment and some classes take place in the residence halls, and resident faculty leaders help serve as mentors to ensure a positive WVU experience. Professionals at the Career Success Academy explore career options with students, while WVU alumni serve as mentors. A Mountaineer Parents Club further supports students and their families.

The faculty at WVU is impressive; faculty members are nationally and internationally recognized experts in their fields. Eighty-three percent of the full-time faculty hold doctorates or the highest degree offered in their fields. WVU is a Doctoral/Research University-Extensive, as classified by the Carnegie Foundation for the Advancement of Teaching. This distinction recognizes the complexity, breadth, and contribution of WVU's mission. In the last fiscal year, funding for sponsored projects and research hit the highest levels in WVU's history at \$88.7 million.

The University commits nearly \$4 million each year to support the WVU Scholars Program, a comprehensive scholarship program that supports approximately 2,500 students through awards ranging from one-time, \$1,000 scholarships to the full cost of a four-year education (approximately \$42,000). These awards are designed to encourage the state's outstanding students to attend college and remain in West Virginia. In addition, more than 70 percent of WVU's students receive some \$125 million in financial aid.

WVU serves the state by bringing the resources of the University to all segments of society through the WVU Extension Service, through continuing education programs and through other public service activities, including a comprehensive health care delivery system and extensive economic development efforts.

WVU's libraries include 10 facilities containing more than 3 million volumes and microforms and 100 electronic databases.

WVU's campuses in Morgantown combine traditional and modern architectural styles, and more than a dozen of the 170 buildings are listed on the National Register of Historic Places. A new Student Recreation Center that includes two pools, a 50-foot climbing wall, fitness equipment, and basketball, volleyball, badminton, squash, and racquetball courts has just been completed. A major library addition and a new Life Sciences Building will be in use soon. One Waterfront Place, a new office complex, just opened along the Monongahela River.

Parts of the campus are linked by the Personal Rapid Transit (PRT) system which consists of computer-directed, electric-powered cars that operate on a concrete and steel guideway permitting quick and easy access to major locations within the University and the downtown area of Morgantown.

WVU's programs and services are accessibly located throughout the state through regional campuses: Potomac State College of West Virginia University, West Virginia University at Parkersburg and the WVU Institute of Technology. WVU operates the Charleston Division of the Robert C. Byrd Health Sciences Center and the Wheeling Division of the School of Medicine. In addition, there are six Extended Learning Centers at Charleston, Clarksburg, Keyser, Parkersburg, Shepherdstown and West Liberty.

West Virginia University also operates eight experimental farms in Hardy, Jefferson, Monongalia, Monroe and Preston counties; four experimental forests in Monongalia, Preston, Randolph and Wetzel counties; a geology camp in Greenbrier County and the State 4-H Camp and museum of mid-nineteenth century life at Jackson's Mill in Lewis County.

West Virginia University encourages diversity and promotes social justice in all of its activities.

WEST VIRGINIA UNIVERSITY INSTITUTE OF TECHNOLOGY

Montgomery 25136

This institution, West Virginia's only state-operated specialized technical college, was established through an act of the Legislature in 1895.

The college opened January 4, 1897, as Montgomery Preparatory School, a branch of West Virginia University and was renamed West Virginia Trades School in 1917.

In 1921, state authorities decided that a junior college was needed in the upper Kanawha Valley, especially for the training of much needed elementary school teachers. Enrollment rose in the newly named New River State School. By 1929, the school was a four-year college and had its first A.B. graduates. A name change occurred in 1931 to New River State College. By 1941, in response to demands for personnel from industries and businesses, the institution added technical and business programs. Recognizing this new role, the State Legislature renamed the College the West Virginia Institute of Technology. In 1952, the college began to offer bachelor degrees in engineering. This marked the first instance in which a West Virginia four-year college had developed a specialized role in providing educational services to its constituencies. In response to regional needs, Tech established community college programming in 1966. A master of engineering program was added in 1978.

By an act of the 1996 Legislature on July 1, 1996, the college became a regional campus of West Virginia University and was renamed West Virginia University Institute of Technology.

The school, popularly known as Tech, is a coeducational college, authorized to offer four years of studies leading to Bachelor of Arts and Bachelor of Science degrees and two years of studies leading to an Associate of Science and an Associate of Arts degree. A program for a master's degree in Control Systems Engineering is offered. The college is fully accredited by the North Central Association of Colleges and Schools Commission on Institutions of Higher Education, and individual programs are accredited as follows: Engineering Programs by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology, Baltimore, Maryland; Engineering Technology Programs by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology, Baltimore, Maryland; Nursing BSN Program by the Commission on Collegiate Nursing Education, Washington, D.C.; Nursing AS Program by the National League for Nursing, New York, New York; and Dental Hygiene by the American Dental Association, Chicago, Illinois.

The Bachelor of Science degree is offered in accounting, biology, management information systems, business management, technology management, industrial relations and human resources, industrial technology, printing management, athletic coaching education, chemical engineering, civil engineering, electrical engineering, computer engineering, mechanical engineering, computer science, chemistry, mathematics, engineering physics, public services and health services administration. A bachelor's degree is offered in electronic engineering technology, engineering technology/civil, mechanical and environmental tracks and nursing. The master's in control systems engineering is also offered.

The Bachelor of Arts degree is offered in history and government and the Regents Bachelor of Arts program.

The Associate of Science degree is offered in business technology (with emphasis in accounting, banking, business supervision, computer information systems and restaurant management), general studies, dental hygiene, nursing, printing technology, office technology management/computer specialist, legal and medical tracks and the following engineering technologies: Civil, computerized drafting and design, electrical and mechanical. The Associate of Applied Science is offered in Automotive Service Technology and Occupational Development (Corrections and Culinary Arts emphasis), Respiratory Care Technology, Surgical Technology, Technical Studies and Information Technology. A one-year certificate may be obtained in office technology, entrepreneurship, pre-press technology and press technology.

Parkersburg 26101

West Virginia University at Parkersburg (formerly Parkersburg Community College) was established in July 1989 in a reorganization of the state's higher education system. It serves as a regional campus of West Virginia University.

PCC was West Virginia's first comprehensive community college. Prior to that, it served as the Parkersburg Branch of WVU from 1961 until the 1971 enactment of legislation establishing the community college system in the state.

Located on State Route 47, near Interstate 77 and four miles east of the city of Parkersburg, the college offers higher education opportunities to the residents of a seven-county area, including Jackson, Pleasants, Ritchie, Roane, Tyler, Wirt and Wood counties. The Jackson County Center, an off-campus center established at Ripley in 1975, serves the needs of the Jackson-Roane area.

WVU Parkersburg offers selected baccalaureate degrees; college-parallel programs leading to Associate in Arts and Associate in Science degrees; Associate in Applied Science degree programs consisting of para-professional and technical courses; certificate programs designed to prepare students for careers in less than two years; and a continuing education program for those seeking personal and/or professional development courses. WVU Parkersburg also offers customized training for business and industry. Several other baccalaureate and graduate programs are offered on the Parkersburg campus.

The college is accredited by the North Central Association of Colleges and Schools, the National Association of Realtors, the National Council for Accreditation of Teacher Education, the National League for Nursing, the West Virginia Department of Education, the West Virginia Real Estate Commission and the West Virginia State Board of Examiners for Registered Professional Nurses.

WEST VIRGINIA SCHOOLS FOR THE DEAF AND THE BLIND

Romney 26757

The West Virginia Schools for the Deaf and the Blind were established by an Act of the Legislature March 3, 1870. The School for the Deaf and the School for the Blind offer comprehensive educational programs for hearing impaired and visually impaired students respectively. There is also a unit for Deaf-Blind/Multihandicapped children.

Students may be enrolled at the age of three. Students must be residents of West Virginia and have a hearing or visual loss sufficient to prevent normal progress in the usual public school setting.

In addition to the state-approved elementary and secondary curricula, courses focusing on special skills needed by hearing and/or visually impaired students are offered in accordance with their respective needs. These academic, vocational and special courses are taught by members of the staff with expertise in education of hearing and/or visually impaired students as well as certification in their subject areas which are appropriate to their teaching assignments. Preschool and other specialized programs are also offered. The school calendar is similar to that followed by county school systems.

Outreach and technical assistance services are available to county school staff providing programs to hearing and/or visually impaired students. A statewide Instructional Resource Center also provides instructional materials and equipment for visually impaired children attending county programs. The Sub-Regional Library for the Blind and Physically Handicapped of the Library of Congress, located on the campus, provides talking books and other similar reading materials to individuals with visual or physical disabilities. A captioned film library serves individuals with hearing disabilities in this region.

These schools are supervised by the West Virginia Board of Education and supported by the State of West Virginia. There are no costs to students, or parents, with the exception of clothing, transportation to the schools and other incidental expenses. Information concerning the schools or enrollment procedures may be obtained by contacting the Superintendent. Interested persons are invited to visit any time the schools are in operation.

Both schools are fully accredited by the North Central Association for Colleges and Schools at the elementary and secondary levels.

ALDERSON-BROADDUS COLLEGE

Philippi 26416

Alderson-Broaddus College is an accredited, four-year degree-granting, pre-professional liberal arts and sciences institution, which also offers the master's degree, located on a 150-acre campus in Philippi, the picturesque site of the first land battle of the Civil War. The coeducational, independent college is accredited by the North Central Association, Commission on Institutions of Higher Education, and affiliated with the West Virginia Baptist Convention and the American Baptist Churches in the U.S.A. The College is committed in charter and bylaws to three main purposes: Excellent academic instruction, a Christian environment for learning, and the instilling of a service motivation in its students.

Its enrollment is approximately 825 students and the total full-time faculty numbers 52.

The College offers a number of career-oriented programs but each field of study requires a thorough grounding in the liberal arts and sciences. Over the years, health sciences, teacher education, music and business have been strong majors at the institution.

In 1945, the college inaugurated the state's first degree program in nursing. In 1967, the school initiated the national's first degree program for physician assistants, and inaugurated the nation's first post-baccalaureate master's degree for physician assistants in 1991 and ophthalmic medical technology in 1999. These health programs, along with other allied health majors, are enhanced by a close affiliation with West Virginia University.

Alderson-Broaddus has one of the most comprehensive computing environments of any college in the state. All faculty, staff and students (regardless of major) are granted full access to both the Internet and local facilities, which are used heavily in day-to-day activities, both administrative and instructional. In addition, the college offers telemedicine training in nursing and medical science and as the Clay/Yousks School of Music Excellence, offers disklavier pianos for music.

The College operates a semester system, emphasizing concentration of learning, efficient utilization of facilities, and enrichment for students through a number of opportunities which include: Independent study; study in other cultures; internship opportunities with business and industry, various health and social agencies; a Salzburg international studies program; and Christian and humanitarian service projects.

Many students complete at least one term of off-campus internship as part of their graduation requirements.

More than half of the students at Alderson-Broaddus are from West Virginia, with another fourth from Pennsylvania and Ohio, and the balance from 34 other states and six foreign countries. While the college is proud of its Baptist heritage and its active church relatedness, its religious emphasis is conceived in broad terms to serve all backgrounds with the intent of exposing rather than imposing a belief system. Total student costs for the 2001-01 academic year are \$18,410. Over 95 percent of the students receive significant scholarships, grants-in-aid and work opportunity assistance. Ninety percent of the single students are residents on campus, and married couple facilities are available in modern college-owned and managed apartments. The College was ranked in the Top Tier of southern region liberal arts colleges by the *U.S. News and World Report* in 1999, the only college in the state so ranked.

The main campus of the college occupies approximately 150 acres of land, on which are located academic, religious, administrative and auxiliary enterprise buildings. Modern academic buildings provide excellent laboratory facilities in addition to space for classrooms and offices. There are 19 major buildings, including residence halls for men and women and food service facilities. All structures in use on the campus have been completed since 1956, with most having been completed between 1965 and 1991. The most recently developed buildings on the campus include Wilcox Chapel (1976), New Main Hall (1980), the complex which houses all the major administrative operations of the college, the Robert C. Byrd Technology Center (1991) and the Erickson Alumni Center (1992). Kincaid Residence Center (11994), Benedum Hall (1997), Priestley Hall (1998) and the Hamer Center have all been renovated since 1992.

Wesleyan's academic program offers a wide range of choices. Wesleyan offers over 35 majors with more than 50 programs of study and eight pre-professional programs. The college's contract major allows individuals to custom-design a program to achieve their goals.

In addition, students at Wesleyan develop transferable skills, including computer skills, which are essential for obtaining career-relating internships while in college and successful employment after graduation.

Students are encourage to study abroad as the college is committed to providing students with international experience. With students enrolled from 35 states and 20 countries, Wesleyan's campus supports diverse perspectives and encourages students to explore the world.

At Wesleyan, students can be involved in a variety of co-curricular activities: Greek life, performing arts, community service, spiritual life, student government, intramurals, outdoor recreation and 17 NCAA Division II athletic teams add to an already dynamic student life program. The college provides an opportunity for students to participate in a rich campus life program, enabling them to strike an important balance between academic and social interests.

Many colleges can give students an education. But few have the ability to truly teach them about life—few, that is, except for those that mirror the larger world itself. West Virginia Wesleyan is more than a college. It is a community where teaching, learning and personal growth are all part of the equation.

Four years of Wesleyan add up to much more than a degree. A superb educational experience is just part of the picture. Students will be enriched in ways they will remember forever—lifelong friendships, a broader vision of the world and their place within it and confidence in their ability to build a successful future. Wesleyan opens the world to students.

VETERANS FACILITY

WEST VIRGINIA VETERANS HOME

**512 Water Street
Barboursville 25504**

The West Virginia Veterans Home is located in the village of Barboursville 15 miles from downtown Huntington. This home for West Virginia veterans was authorized by an act of the Legislature in 1975 and became a reality in 1981.

Basic eligibility requirements are: Veterans must have been discharged from service with an honorable discharge or with a general discharge under honorable conditions. Due to the health and welfare of residents of the Barboursville Veterans Home, there are certain medical tests which must be completed prior to being admitted to the home.

The home provides a nursing department and contract physician. However, any veteran requiring treatment, other than primary care, is transported to the U. S. Veterans Affairs Medical Center located in Huntington.

Maximum capacity of the home is 195. Most rooms available for occupancy accommodate two, three or four persons. Every effort is made to ensure compatibility between occupants. Female veterans are most welcome and special lodging accommodations are provided.

A person's income is not a factor in gaining admission, although each resident is required to contribute one half of his monthly income as their maintenance contribution. A recent study reflects 23 percent of total cost being paid by maintenance contributions, 26 percent by the U. S. Department of Veterans Affairs and 51 percent by the State of West Virginia.

The home is very liberal in its rules and regulations. Residents may leave on a pass for up to three days by simply signing a daily log sheet. Leave of absence for as long as 30 days may be obtained upon request. Visitation to the home is encouraged and visitors may enjoy a meal with the residents at a nominal fee.

Emphasis is placed on maintaining a warm, attractive and comfortable "home" for the West Virginia veteran who is in need of a place to live.

**U.S. ARMY ENGINEER DISTRICT, HUNTINGTON
CORPS OF ENGINEERS**

502 Eighth Street, Huntington 25701-2070

Congress has delegated to the Corps of Engineers responsibility for the development, construction, operation, and maintenance of navigation facilities, flood control structures, and related improvements, and services for water resources management.

The Civil Works Program of the Corps of Engineers is divided geographically on the basis of watershed drainage areas. All of West Virginia except for the Eastern Panhandle lies within the Ohio River drainage basin. The Eastern Panhandle lies within the Potomac River Basin. The Huntington District of the Great Lakes and Ohio River Division is responsible for the areas of West Virginia that drain to the Ohio River downstream of New Martinsville in Wetzel County. The Pittsburgh District has responsibility for areas of the state that drain to reaches above New Martinsville. This includes the Monongahela River Basin. The Potomac River Basin lies entirely within the Baltimore District. Emergency Management responsibilities for the State of West Virginia rest with the Huntington District.

All military construction in West Virginia is the responsibility of the Baltimore District.

Navigation system development within the State of West Virginia presently includes three lock-and-dam structures each on the Kanawha and Monongahela rivers.

On the Kanawha River locks and dams are located at Winfield, Marmet and London. These projects, built in the 1930s, have twin 360 by 56 foot lock chambers. These lock chambers have been or will be added to or modified. A 800 by 110 foot main lock chamber has been added at Winfield. It is proposed that a new 800 by 110 foot main lock chamber will be added at Marmet and a 40 foot extension to an existing lock chamber be made at London. These three structures, along with the slackwater pool from the Robert C. Byrd Locks and Dam, on the Ohio River, provide a commercially navigable channel for a distance for about 90 miles along the Kanawha.

Navigation on the West Virginia portion of the Monongahela is provided by the Opekiska, Hildebrand and Morgantown lock-and-dam facilities. Each of these facilities has a single 600 by 84 foot lock. These facilities, in combination with the pool from the Pt. Marion Lock and Dam, in Pennsylvania, extend commercial navigation to the city of Fairmont (river mile 128).

Along the portion of the Ohio River bordering West Virginia, navigation is provided by eight lock-and-dam structures. All have parallel locks with dimensions of 1,200 feet by 110 feet and 600 feet by 110 feet. In river-descending order, the structures are New Cumberland Locks and Dam, at New Cumberland; Pike Island Locks and Dam, near Wheeling; Hannibal Locks and Dam, near New Martinsville; Willow Island Locks and Dam, near Waverly; Belleville Locks and Dam, near Belleville; Racine Locks and Dam, near Letart; and Robert C. Byrd Locks and Dam, near Apple Grove. The pool of the eighth structure, Greenup Locks and Dam, near Greenup, Kentucky, borders Kentucky, Ohio, and West Virginia and extends to the Robert C. Byrd Dam.

All navigation dams on the Ohio, Monongahela and Kanawha rivers serve only to contain pools of navigable depth; they have no flood control function.

Flood control projects constructed by the Army Corps of Engineers within the state include Blue-stone Lake on New River at Hinton; Sutton Lake on Elk River at Sutton; Tygart Lake on Tygart Valley River near Grafton; Summersville Lake on Gauley River near Summersville; East Lynn Lake on East Fork of Twelvepole Creek near Wayne; R.D. Bailey Lake on Guyandotte River near Gilbert; Burnsville Lake on Little Kanawha River near Burnsville; Beech Fork Lake on Beech Fork of Twelvepole Creek near Huntington; Jennings Randolph Lake on North Branch Potomac River near Piedmont; and Stonewall Jackson Lake on West Fork River near Weston.

Local protection projects completed by the Corps of Engineers in West Virginia are located at Parkersburg, Pt. Pleasant, Huntington, Ceredo-Kenova, Ridgeley, Buckhannon, Elkins, Princeton, West Williamson, Williamson, Matewan and East Rainelle. Nonstructural flood damage reduction projects which include floodproofing and floodplain evacuation features are ongoing in Mingo County and Wayne County with plans to include McDowell County along the Tug Fork River. In addition, several completed smaller flood control projects and snagging and clearing projects have reduced or alleviated flood damage along smaller tributaries of main rivers within the state.

Services provided include those related to floodplain management and disaster relief assistance. The floodplain management services program provides for preparation of floodplain information reports for communities of the state upon their request, and help to any community, agency, or individual in evaluating flood hazards at individual locations.

NETL has a mission to provide Americans with a stronger economy, healthier environment, and more secure future by resolving the environmental, supply, and reliability constraints of producing and using fossil resources. The lab also supports development and deployment of environmental technologies that lower the cost and reduce the risk of remediating DOE's weapons complex.

NETL also includes the DOE's Strategic Center for Natural Gas (SCNG). The SCNG provides a focal point to coordinate federal activities in natural gas research and development (R&D), analysis, and policy development to support the national strategy for natural gas.

FEDERAL BUREAU OF INVESTIGATION

Criminal Justice Information Services Division

Clarksburg 26306

The Criminal Justice Information Services (CJIS) Division was established in February 1992 as the focal point and central repository for criminal justice information services in the Federal Bureau of Investigation. This Division, the largest within the FBI, serves as a customer-driven organization furnishing state-of-the-art identification and related information services to local, state, federal and international criminal justice organizations.

The primary responsibility of the CJIS Division is the Fingerprint Identification Program. Through the Integrated Automated Fingerprint Identification System, which became operational on July 28, 1999, responses to electronic criminal fingerprint submissions are made within two hours of receipt by the FBI and to civil applicant submissions within 24 hours. The CJIS Division is also responsible for the operation of the National Crime Information Center; the National Instant Criminal Background Check System; the Uniform Crime Reporting Program; and Law Enforcement On-line.

The CJIS Division operates 24 hours a day, seven days per week and employs a work force of approximately 2,700 individuals. It is located on a 986-acre site in Clarksburg. Six buildings are located on the site, which are the Main Office Building, the Computer Center, the Central Utilities Plant, the Service Center, the Visitors Centers and the Child Development Center.

FEDERAL PRISON CAMP

Glen Ray Road, Box B

Alderson 24910-0700

The Federal Prison Camp in Alderson was originally opened in April 1977 as the Federal Industrial Institution for Women. Dr. Mary B. Harris served as the first warden and under her direction, the facility was officially dedicated in 1928.

The architectural structure along with the surrounding grounds resembles that of a college or university. The facility made a later transition to the Federal Reformatory for Women and finally in November 1988 became the Federal Prison Camp (FPC). This was the first federal prison designed specifically for the confinement of female offenders and is currently the largest minimum security facility with the Federal Bureau of Prisons. Approximately 180 full-time staff members are employed at FPC Alderson, with a rated capacity of 900 inmates. The inmate population is representative of all states and several foreign countries.

Federal Prison Industries (UNICOR) is a on-site industrial sewing factory which employs 250 inmate workers. They manufacture medical assistant trousers, robes, pajamas and sweat suits through contract for the military and other government agencies. The Mechanical Services Division employs inmates in various maintenance and construction trades. The facility is primarily maintained by these inmate workers with staff supervision.

Two general housing units provide oversight of the 11 buildings in which the inmate population is housed. Education opportunities are offered in the area of Vocational Training, Apprenticeships, ABE, GED, ESL and college-level courses with applicable accreditation. Extracurricular programs and recreational activities vary by season, but include crafting, Reading/Law Library, intermural sporting events and a music program. There are several inmate functions that serve to make knit clothing and other items to be presented as gifts to underprivileged children.

RANDOLPH

Randolph County was formed from the county of Harrison in 1787 and included all of the present county of Tucker, all of Barbour County east of the river, all of Upshur County east of Buckhannon River, and a considerable portion of Pocahontas and Webster counties. It lost territory in 1821 when Pocahontas was formed;

again in 1843 when Barbour came into existence; in 1851 it gave up some of its territory to Upshur; five years later 350 square miles were cut off to form Tucker; and another portion was incorporated in Webster County when it was formed in 1860. After all of these losses Randolph still is the largest county in the State. It was named for Edmund Jennings Randolph, Governor of Virginia 1786-1788. The first white man who settled in what is now West Virginia, built his home on the waters of the Monongahela. In this county occurred the first Indian massacre in the State. From that beginning, the county has been a historical center down to the present.

Benwood—Marshall County

Zip Code 26031

(Magisterial District: Union).

In the course of time, early settlers began to occupy the vast, fertile lands along the mighty Ohio River. Small towns began to form. There were no settlers in this part of the valley prior to the coming of the Ebenezer Zane family in 1769.

Sometime in 1771, Captain William McMechen and his wife, Sidney Johnson McMechen, came and settled upon a vast tract of land along the Ohio River where Benwood and McMechen now stand. It was due to their son, Benjamin, for whom our town is named. Benjamin inherited several hundred acres of his father's estate and it was upon this land "Ben's Woods" that he built his homestead and farm.

Reference books indicate that this land was once occupied by Shawnee and Delaware Tribes and the Mingo branch of the Iroquois Indians.

Throughout the beginning of the industrial boom, many manufacturing companies and rail services began to spring up at an alarming rate. The beginning of midwestern railroad development reached Benwood in 1852 when the Baltimore and Ohio Railroad finally decided to bridge the Ohio at Benwood. Shortly after 1882, Benwood began to experience a remarkable

change. Industrial development had brought in the largest steel mills. Thousands of workers and their families came to live within this great industrial town of its time.

Originally chartered on February 28, 1853, and incorporated on March 2, 1853, by Acts of the General Assembly of the Commonwealth of Virginia. Trustees of the town were William McMechen, George Blake, David B. McMechen, Dr. Smith Holloway, William H. Powell, Samuel H. Norton and A. Wilson Kelley. The assembly authorized these gentlemen to hold office until successors would be appointed by the first election that was to be held on the first Monday in April 1853. Grant Town—Marion County

Zip Code 26574

(Magisterial District: Paw Paw).

The original settlers of the area that is now Grant Town were the McCoy, Ballah, Toothman and Hibbs families.

The town was established in 1901 by the Federal Coal and Coke Company, and was named Grant Town for Robert Grant who was at that time vice president of the coal company.

The town was incorporated on November 12, 1946, by an order of the Circuit Court. Carl Gedel was the first mayor and the members of the first town council were: Hobert Dodd, Fred Pitman, John Basile, Lawrence Clair, E. G. Dennison. The first recorder was Adam Savich.

The town's city building was completed in 1949 and houses the mayor's office and the

water department offices. Construction of a large, modern building was completed in April, 1979, housing a fire department—consisting of three modern trucks, a new equipment truck and two emergency cars.

Construction was completed in May 1985 for a new, modern community building, located on Ballah Avenue, to be available for all community activities.

The town completed construction of a new City Park in May 1987, containing basketball and tennis courts, a jogging track, playground equipment, horseshoe pits and a picnic pavilion.

In October 1992, an 80 MW American Bituminous Project's construction was completed on the edge of Grant Town. In March 1993, it completed commercial operation performance testing and entered commercial operations the following month. This project will gradually purge its site of over 20 million tons of bituminous coal waste, or gob, left by local coal mining operations. As the project consumes the gob, approximately 1,200 pounds per day of acidic coal refuse which used to be runoff will diminish until it is no longer discharged. After combustion, the gob is converted to a harmless ash which is returned to the abandoned underground mine or used as a building material.

Construction was complete in May of 1996 of improvements and enhancements to the Grant Town Water Distribution System which serves the Baxter- Grant Town area. Under a grant obtained from the Small Cities Block Grant Program, Grant Town obtained \$450,000 which replaced a major portion of the main water line serving the communities of Grant Town and Baxter.

Pratt—Kanawha County

Zip Code 25162

(Magisterial District: District I).

Pratt's recorded history dates to 1792 when John Jones, a Revolutionary War veteran, took out a patent for acreage that included the site of the present town. Many Indian relics have been unearthed in and around the town, indicating that in an earlier age Indians roamed the land bordering Paint Creek and the south bank of the Great Kanawha River.

In the 1840s, Dickinson Morris, grandson of Kanawha Valley pioneer William Morris, purchased the land from Jones. Morris later divided his property into lots and streets so a town could be established. He designated one lot to be used as a public square as long as it benefitted the townspeople. The property continues to be used for town activities which are held in Pratt's historic Old Town Hall, built on the town square in 1875.

Originally called Clifton, then DeGo, the town adopted the surname of Charles K. Pratt at the turn of the century. Pratt's New York company owned timber and mineral rights in the area and maintained offices in the town. On June 4, 1905, Pratt was incorporated.

Gracious old homes are scattered throughout the town, each contributing significantly to Pratt's rich heritage. The town's only church, Old Kanawha Baptist, celebrated the 200th anniversary of its founding in 1993. In the hillside cemetery, weathered stones mark graves that date as far back as 1835. Many of today's residents can trace their ancestry to the town's pre-Civil War settlers.

During the mine war of 1912-13, the little town was thrust into national prominence when Mary Harris Jones ("Mother" Jones), fiery labor organizer, was imprisoned in Pratt. Tents of the state militia sent to enforce martial law dotted the open fields near the boardinghouse where "Mother" Jones was kept. When the plight of the well-known agitator was telegraphed around the country, the United States Congress was forced to take action.

Focusing on the town's role in the history of unionization, the Pratt Old Town Hall Association commissioned a play to be written about "Mother" Jones during her confinement in the town. The play is presented annually during the Pratt Fall Festival.

Because of its historic importance, a part of the town was designated a historic district in 1984 and placed on the National Register of Historic Places.

Salem—Harrison County

Zip Code 26426

(**Magisterial District:** Tenmile).

Incorporated in 1794. Originally named New Salem because the settlers who established the town came in a body from Salem, New Jersey, arriving in the spring of 1792.

The first civilized habitation on the land now occupied by the City of Salem was a hunter's camp established in 1785 by Nicholas Carpenter, who used it for a hunting and trapping center. He also used it as a crude hotel for himself and his men who drove cattle from Clarksburg to the Ohio River at Marietta which was the nearest market.

Samuel Fitz Randolph purchased the property on which the village was founded in 1790. Randolph had started with a caravan of pioneer settlers from Salem, New Jersey, who crossed the mountains in 1789 and made their first stop at Woodbridgetown, Pennsylvania. Randolph, a number of Davises, some Maxsons, and others came on to what is now Salem, after a two and one-half year trek from the sea coast.

Salem was the first settlement of Seventh Day Baptists west of the mountains. It is now the home of Salem-Teikyo University, founded in 1888, and the Industrial Home for Youth, established in 1898. Glass has been a major industry. It is the birthplace of United States Senator Jennings Randolph and writer

Granville Davison Hall, author of *Daughter of the Elm, The Rending of Virginia*, and many other historical books.

Wheeling—Ohio County

(*Zip Code 26003*)

(**Magisterial Districts:** Washington-Clay-Union-Madison, Center-Webster-Ritchie).

County seat. Settled in 1769 by Ebenezer Zane and followers. Although the peace treaty with the Indians was still in effect when Zane settled here, he and his followers immediately built a fort, which they called "Fort Henry". Here was fought in September, 1782, the last battle of the American Revolution. It was during this siege that the famous legend of Betty Zane was established, when she braved a storm of gunfire to carry powder from the Zane cabin to the fort.

Wheeling was the state's capital until 1870 and again from 1875 to 1880 when the government was moved to Charleston.

THE AMERICAN FLAG

The Flag of the United States has 13 horizontal stripes—7 red and 6 white—the red and white stripes alternating, and a union which consists of white stars of five points on a blue field placed in the upper quarter next to the staff and extending to the lower edge of the fourth red stripe from the top. The number of stars is the same as the number of States in the Union. The canton or union now contains 50 stars. On the admission of a State into the Union, a star will be added to the union of the Flag and such addition will take effect on the 4th day of July next succeeding such admission.

PLEDGE OF ALLEGIANCE

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

STATE FLAG

Before the design of the present State Flag was officially adopted by the Legislature on March 7, 1929, by Senate Joint Resolution No. 18, West Virginia had been represented by several flags which had proved impractical.

Prominently displayed on the pure white field of today's flag and emblazoned in proper colors is a Coat of Arms, the lower half of which is wreathed by Rhododendron. Across the top, lettered on a ribbon, is the constitutional designation—"State of West Virginia". The white field is bordered on four sides by a strip of blue, and for parade purposes all but the staff side are to be trimmed with gold fringe.

GREAT SEAL OF WEST VIRGINIA

The Great Seal of West Virginia, which also is the Coat of Arms, was adopted by the Legislature on September 26, 1863, and symbolizes the principal pursuits and resources of West Virginia. Described briefly, the obverse side of the Seal bears the legend, "State of West Virginia", together with the motto, "Montani Semper Liberi" (Mountaineers Are Always Free); a farmer stands to the right and a miner to the left of a large ivy-draped rock bearing the date of the state's admission to the Union, in front of the rock are two hunters' rifles upon which rests a Phrygian Cap, or "Cap of Liberty".

The reverse side of the Seal is not in common use today. It was intended to be employed when the Seal was attached to documents by ribbons and suspended in the manner of a medal.

Joseph H. Diss Debar, of Doddridge County, designed the State Seal in 1863 at the request of the first West Virginia Legislature.

STATE SONGS

"THE WEST VIRGINIA HILLS", "THIS IS MY WEST VIRGINIA" and "WEST VIRGINIA, MY HOME SWEET HOME" were designated as the official State Songs of West Virginia, each ranking equally with the others in official status, by House Concurrent Resolution No. 19, adopted by the Legislature on February 28, 1963.

OFFICIAL COLORS

OLD GOLD and BLUE were designated as Official State colors by Senate Concurrent Resolution No. 20, adopted by the Legislature on March 8, 1963.

STATE DAY

“West Virginia Day”

On January 1, 1863, President Abraham Lincoln approved the Statehood Bill for West Virginia on the condition that it would gradually abolish slavery. West Virginia was proclaimed a State on April 20, 1863, with the bill becoming effective sixty days later on June 20, 1863.

“West Virginia Day” became a legal holiday by Chapter 59, Acts of the Legislature, Regular Session, 1927. (Code 2-2-1)

STATE TREE

The Sugar Maple or ACER SACCHARUM, as it is known scientifically, was made West Virginia's official tree by House Concurrent Resolution No. 12, adopted by the Legislature on March 7, 1949, authorizing a vote by pupils of public schools and civic organizations. It produces an excellent wood for future as well as maple syrup. A single tree is 70 to 120 feet high and produces two to three pounds of sugar when “sugared off”; has a five-lobed leaf and produces a small wing-shaped pod.

STATE BIRD

The Cardinal or RICHMONDENA CARDINALIS, as it is known scientifically, was made West Virginia's official bird by House Concurrent Resolution No. 12, adopted by the Legislature on March 7, 1949, authorizing a vote by pupils of public schools and civic organizations. The male of the species is a rich scarlet with a mask and shading of black, while the young birds and females are a less brilliant color. The adult bird measures approximately eight inches long. It can be found from New York State to the Gulf of Mexico and as far west as Oklahoma.

STATE FLOWER

The RHODODENDRON MAXIMUM of “Big Laurel” was made the official State Flower of West Virginia by House Joint Resolution No. 19, adopted by the Legislature on January 29, 1903, following a recommendation by the Governor and a vote by the pupils of public schools. It is a shrub of the heath family and may be recognized by its large evergreen leaves and delicate pale pink or white bloom, mottled with either red or yellow flecks.

STATE ANIMAL

The BLACK BEAR or URSUS AMERICANUS was selected as the official State Animal of West Virginia by a poll of students, teachers and sportsmen conducted by the Department of Natural Resources in 1954-55 and officially adopted by the Legislature, Regular Session, 1973, by House Concurrent Resolution No. 6. It is the only species of bear found in the State. While commonly referred to as the “black bear” its coloring is actually deeply tinted with brown. Its habitat in the State is primarily in the eastern mountain region. A litter usually consists of one or two cubs, rarely three, each weighing about eight ounces at birth. The adult reaches an average maximum weight of 250 pounds.

STATE FISH

The BROOK TROUT was designated the State Fish by House Concurrent Resolution No. 6, adopted during the Regular Session, 1973, following a poll of sportsmen who favored the Brook Trout. The Brook Trout is a native West Virginia species.

STATE FRUIT

The GOLDEN DELICIOUS APPLE was designated as the official State Fruit by Senate Concurrent Resolution No. 7, adopted by the Legislature on February 20, 1995. This apple variety was discovered by Anderson Mullins in Clay County, West Virginia, in 1905. The plain apple had been previously designated as the official State Fruit by House Concurrent Resolution No. 56, adopted March 7, 1972.

STATE BUTTERFLY

The MONARCH BUTTERFLY was declared the official butterfly of West Virginia by Senate Concurrent Resolution No. 11, adopted by the Legislature on March 1, 1995.

STATE SOIL

The official State Soil was declared to be MONONGAHELA SILT LOAM by Senate Concurrent Resolution No. 5, adopted by the Legislature on April 2, 1997.

INLAND WATERWAYS—FEDERAL

(Data furnished by Department of the Army)

Ohio River: Improvement of the Ohio River for navigation, as authorized by Congress in the River and Harbor Act of 1910, provides for a minimum channel depth of nine feet in the entire 981 miles of river by the construction of locks and dams and open channel work. The original system, completed in 1929, and major modifications completed in 1937, resulted in 46 lock and dam structures.

In 1953, a modernization and replacement program was begun, to reduce the total number of navigation projects to 20, providing higher dams, larger locks and deeper pools. Projects adjoining West Virginia include the pool of Greenup Locks and Dam, completed in 1962, between Kentucky, West Virginia and Ohio; an improvement of Robert C. Byrd Locks and Dam, formerly Gallipolis Locks and Dam, near Apple Grove; Racine Locks and Dam near Letart, completed in 1970; Belleville Locks and Dam, completed in 1969; Willow Island Locks and Dam near Waverly, West Virginia, completed in 1975; Hannibal Locks and Dam, at New Martinsville, completed in 1975; Pike Island Locks and Dam, completed in 1965 near Wheeling; and New Cumberland Locks and Dam, completed in 1962 near New Cumberland.

Kanawha River, West Virginia: Three high-lift dams on the Kanawha River and the Robert C. Byrd Locks and Dam on the Ohio River provide a minimum channel depth of nine feet on the Kanawha River for 91 miles, from the mouth to the community of Deepwater. Each Kanawha River dam has twin locks, and the Kanawha Valley Power Company has a hydroelectric plant at each site. The two upstream dams, London and Marmet, were completed in 1934, Winfield Dam in 1937, and Gallipolis Dam on the Ohio River in 1937. Construction of an additional 800' x 110' main lock chamber at Winfield was completed in late 1997. Construction is underway for an additional 800' x 110' lock at Marmet.

Monongahela River, West Virginia and Pennsylvania: The existing Monongahela navigation system includes nine locks and dams, affording slack-water navigation from Pittsburgh to above Fairmont, West Virginia, a distance of 128.7 miles. The controlling depth is nine feet and the navigable width varies from 250 feet in the upper reach to practically the full width at the mouth of the River.

Modernization of the Upper Monongahela River was completed with the construction of the Morgan-town, Hildebrand and Opekiska Locks and Dams. In the middle portion of the river, the Maxwell Locks and Dam are the reconstruction of Dam No. 4 combined to eliminate Locks and Dams 5 and 6. Replacement of Lock and Dam 7 and Lock 8 is under way and will complete the modernization program in the upper two thirds of the river.

MULTIPLE-PURPOSE LAKES—FEDERAL

(Data furnished by Department of the Army)

Completed Projects:

Beech Fork Lake: Creation of a lake on Beech Fork of Twelvepole Creek, near Huntington, was authorized by Congress in the Flood Control Act of 1962. Construction of the dam was completed in February 1977. Additional public use development, some in conjunction with a proposed State lodge complex, remains to be accomplished. The dam is an earth fill, with a maximum height of 86 feet and a top length of 1,000 feet. The lake controls the runoff from a drainage area of 78 square miles. A minimum pool with a surface area of 720 acres is maintained during the summer for recreation purposes. The remaining capacity is used for flood control.

Bluestone Lake: Bluestone Lake, located on New River near Hinton, was authorized by presidential executive order in 1935 and approved by Congress in the Flood Control Acts of 1936 and 1938. Construction of the project was begun early in 1941, suspended in 1942 because of the war emergency, resumed in 1946, and completed for operational purposes in 1949. The dam, of concrete construction, is 165 feet high and 2,048 feet long. The lake regulates the runoff of a drainage area of 4,565 square miles. During periods of low and normal flows in New River, the elevation of the lake varies about four feet, with a minimum pool 9.5 miles in length and an area of 1,800 acres. The remaining capacity is reserved for the impoundment of floodflows.

Burnsville Lake: Construction of the Burnsville Lake project was begun in the summer of 1972 and the dam was completed in September 1976. The project controls the runoff from a drainage area of 165 square miles. The dam is a rockfill embankment rising 84.5 feet above the streambed. Top elevation is 839 feet above sea level, and the crest length 1,400 feet. A gated spillway is located in the left abutment. The outlet works are located in the spillway section. The minimum pool is maintained at elevation 776 with a surface area of 550 acres. The summer pool is at elevation 789 and has a surface area of 968 acres. The flood control pool is at elevation 825 with a surface area of 1,900 acres.

East Lynn Lake: East Lynn Lake, located on East Fork at Twelvepole Creek, was authorized by Congress in the 1938 Flood Control Act. Construction of the dam was completed in 1972. The dam is an earthfill structure with a maximum height of 113 feet and a crest length of 652 feet. The lake controls the runoff from a drainage area of 133 square miles. A minimum pool with a surface area of 823 acres is maintained during the winter, while the higher summer pool has a surface area of 1,005 acres. The remaining storage is for flood control.

Jennings Randolph Lake: The Bloomington Dam project (Jennings Randolph Lake) was authorized by Congress in 1962 as a unit of the comprehensive water resource development plan for the Potomac River basin. The damsite is in Mineral County, West Virginia, and Garrett County, Maryland, on North Branch Potomac River about eight miles upstream from the mouth of Savage River. The dam is a rolled earth and rockfill structure with a maximum height of 296 feet and a top length of 2,130 feet. The lake will control runoff from a drainage area of 263 square miles. The project provides low-flow augmentation, water quality control, flood control, water supply and recreation. Construction was begun in 1971 and was completed in 1981.

R. D. Bailey Lake: The R. D. Bailey Lake is located on Guyandotte River in Wyoming County. The dam was dedicated in August 1980. The dam is 310 feet high and with a top length of 1,370 feet. A minimum pool with a surface area of 440 acres is maintained in the winter months. A seasonal pool for recreation and water quality control with a surface area of 630 acres is maintained during the summer. The remaining storage capacity is for flood control.

Stonewall Jackson Lake: The Stonewall Jackson Lake project was authorized by the Flood Control Act of 1966 for the purposes of flood control, water quality control, water supply and recreation. The project, benefiting primarily the West Fork and upper Monongahela River valleys, is a unit in the comprehensive plan for flood control in the Ohio River basin; to improve water quality in the West Fork, Monongahela and Ohio Rivers; to provide storage for water supply; and for general and fish and wildlife recreation. The dam was completed in late 1986. It is located on West Fork River at Brownsville, Lewis County. The maximum summer pool for water quality control, water supply and recreation will be at elevation 1,072 feet above sea level, with a surface area of 2,650 acres. The lake opened in 1990.

Summersville Lake: Built between 1960 and 1966, Summersville Lake is situated on Gauley River near Summersville. The dam is a rockfill type, with a maximum height of 390 feet and a top length of 2,280 feet. The drainage area above the dam is 803 square miles. It provides a maximum capacity of 390,800 acre-feet of storage for flood water, of which 163,400 acre-feet may be used for low-flow augmentation in the Kanawha River in summer. The summer recreation pool is 13.7 miles long and 2,723 acres in area.

Sutton Lake: Sutton Lake, located on the Elk River near Sutton, was authorized by Congress in the Flood Control Act of 1938. Work on the dam started in 1956. Construction was completed in 1961. The dam is of concrete, 210 feet high and 1,178 feet long. The lake controls the runoff from a drainage area of 537 square miles. A minimum pool of 5.9 miles in length, with a surface area of 270 acres is maintained during the winter. A seasonal pool with a maximum length of 14.5 miles, surface area of 1,520 acres is maintained for low-flow augmentation and recreation. The remaining capacity is utilized for flood control storage.

Tygart Lake: Tygart Dam, on the Tygart Valley River 2.25 miles upstream from Grafton, was authorized by the Public Works Administration in 1934 and approved by Congress in the River and Harbor Act of 1935. The concrete gravity dam is 1,921 feet in length at the top and rises 230 feet above the riverbed. It is operated as a unit in the reservoir system for the protection of Pittsburgh and the Monongahela and Upper Ohio River valleys. In addition to flood control, Tygart Lake provides for low-water discharge regulation by the gradual release of stored spring flood waters during the summer-fall period to assure a river flow of 340 cubic feet per second at Lock and Dam No. 8 on the Monongahela River. Storage of about 100,000 acre-feet of water is allotted for this purpose. The potential of developing hydro power at the project is currently being studied.

Local Flood Protection Projects:

All completed major flood protection projects in West Virginia, except at Ridgeley, are units in the comprehensive plan for flood control in the Ohio River basin. The local protection projects have been constructed so that, acting alone, they provide a degree of flood protection which in most places is equal to protection against the maximum flood of record in the project localities. Each locality along the Ohio River with local protective works also receives additional protection from a coordinated system of upstream dams designed to reduce flood flows on the Ohio River and to contribute to the reduction of floods on the lower Mississippi River.

Completed lake and local flood protection projects in West Virginia have already made a major contribution toward reduction of flood damages; flood control benefits from their operation through September 1998 have exceeded \$3.4 billion.

Ohio River Projects: Local protection works have been completed for Ceredo-Kenova, Huntington, Parkersburg and Point Pleasant. The projects consist of concrete walls and earth levees to prevent entrance of flood waters, pumping stations to discharge sewage and internal drainage during flood periods, and gated openings to permit unobstructed movement to traffic during normal (non-flood) river conditions. Operation and maintenance are local responsibilities.

Buckhannon LPP: A project in the vicinity of Buckhannon completed in 1969 provides channel improvement along Buckhannon River for 4.6 miles.

Elkins LPP: The principal elements are a cutoff channel and dikes, located about 1.5 miles above the city, which divert floodflows from the loop of Tygart Valley River on which Elkins is located. The project was completed in 1949 and is unique in that the Federal Government has the responsibility for maintaining the dimension features of the improvement.

Princeton LPP: Principal features of the protection works are 3.9 miles of channel improvement along Brush Creek. The project was completed in 1961.

East Rainelle LPP: The project consists of 4.3 miles of channel improvement on Meadow River and Sewell and Boggs creeks. The project was completed in 1962.

Ridgeley, West Virginia and Cumberland, Maryland: Ridgeley, in Mineral County, is located on the south bank of North Branch Potomac River, opposite Cumberland, Maryland. Protective works for these communities include about 3.3 miles of channel improvements on North Branch and its tributary, Wills Creek, supplemented by a system of earth levees and concrete floodwalls. The project includes three pumping stations with related interior drainage facilities and eight pressure conduits totaling 11,800 feet in length. An industrial watersupply dam, three highway bridges and a railroad bridge were reconstructed. The project was completed in 1959. Additional channel improvement on North Branch Potomac River was completed in 1964.

Williamson LPP: The business section of Williamson is protected by a project consisting of 4,100 feet of floodwall, 2 pumping stations and 5 gated closures completed in 1992. The West Williamson floodwall, completed in 1990, consists of 6,240 feet of floodwall, a pumping station and 2 gated closures.

Matewan LPP: The business section of Matewan is protected by the 2,650-foot floodwall. The project has one pump station and seven gated structures. The project was completed in 1997. The project also included a 30-lot housing site along Mate Creek and a five-acre undeveloped area created by placing fill in low areas. The new housing and commercial areas are within the area protected by the floodwall.

Barboursville Bank Protection Project: The project consisted of repairing and restoring a bank of Guyandotte River in the vicinity of Water Street in Barboursville. The work consisted of placing dumped rockfill on the right bank of the river for the prevention of erosion and channel excavation on the opposite bank. Construction was completed in 1965.

Tug Fork of Big Sandy River: Under authority of Section 202 of the Energy and Water Development Appropriation Act of 1981 (PL 96-367), the Corps was directed to provide flood protection measures to communities along the Tug Fork of the Big Sandy River. Local protection projects are proposed, in progress or completed at several West Virginia communities along the Tug Fork including Williamson and Matewan. In addition to floodwall projects, the protection measures include nonstructural alternatives such as permanent evacuation of the floodplain to flood-safe subdivisions and flood-proofing of floodplain structures by raising-in-place. Nonstructural projects are underway in Mingo and Wayne counties and plans are being developed for McDowell County.

Local Protection Work Under Special Continuing Authority: Small flood control projects under authority provided to the Corps of Engineers by Section 205 of the Flood Control Act of 1948 include channel improvement work completed along North Branch Potomac River at Blaine and Bayard and along Middle Fork Mud River in the Griffithsville-Yawkey area.

Projects under the authority provided to the Corps of Engineers to snag and clear streams for flood control by Section 208 of the Flood Control Act of 1954 include projects completed at Berwind on Dry Fork, a tributary of Tug Fork of Big Sandy River; Bramwell and Montcalm on Bluestone River; Cairo on North Fork Hughes River; Colliers on Harmon Creek; Huntington on Fourpole Creek; Pine Grove on Fishing Creek; Jacksonburg and Smithfield on South Fork Fishing Creek; Richwood on Cherry River; Stonewood and Nutter Fort on Elk Creek; West Virginia Union on Middle Island Creek; Weston on Polk Creek and Stonecoal Creek; Wyatt on Bingamon Creek; Pax on Paint Creek and Ripley on Mill Creek.

Projects under authority provided to the Corps of Engineers for streambank protection by Section 14 of the Flood Control Act of 1946, include projects completed at Warwood, Chester, Sistersville, Williamstown, Parkersburg, New Haven and Point Pleasant along the Ohio River, on the Kanawha River at Chesapeake and Dunbar, and on the Little Kanawha River at Glenville.

STATE PARKS AND FORESTS

WEST VIRGINIA'S RECREATION PARADISE

West Virginia's State Park and Forest System is a living legacy of recreation, cultural, and vacation opportunities for all citizens and for growing numbers of vacationers from other states. For the past 60 years, the system has been maintained and expanded to provide quality recreation that our citizens appreciate as a major ingredient of the "good life."

The system began in 1929 with the establishment of the site of a major state Civil War engagement, Droop Mountain, as the first state park area. Shortly afterwards, during the years of the Great Depression, major emphasis was placed on creation of a system of parks and vacation lands in the Mountain State. By the mid-1930's parks such as Cacapon, Lost River, Babcock, Holly River, and Watoga were begun. The development of vacation cabins, roads, trails, lakes and swimming pools was undertaken by the state, in cooperation with the old Civilian Conservation Corps (CCC) and the National Park Service. It was the beginning of the fine system that has continued to rank at the top nationally among state park facilities.

Vacation cabins became one of the most popular attractions from the first. To this day, most park and forest cabins are booked to capacity months before the traditional summer vacation season. Now, with the expansion of winter sports facilities, longer vacation periods, and public awareness of a four-season concept of recreation, cabins are filled at many parks year-round. Cabins, whether the old-time log style or of modern construction, provide quality family outdoor lodging as well as the perfect choice for those persons on a budget.

The greatest period of demand for recreational facilities followed World War II. While most states had the opportunity of developing a basic park system in the 1930's, only a very few, among them West Virginia, chose to expand and develop to meet the growing demand for more parks, more acres, and more facilities for their accommodation.

By the mid-1950's, the parks boasted of year-round public facilities, with the completion of dozens of heated "deluxe" cabins, and rustic (yet modern) lodges at Blackwater Falls and Cacapon state parks. Funds to build these facilities came from the state's first revenue bond program, whereby money was borrowed for construction and repaid over a score of years from earnings through public rental.

Blackwater Falls State Park is a typical example. The region was ravaged in the early 1900's by logging, then by a series of disastrous forest fires, and further by exploitation and strip mining which occurred during the unregulated demand for coal during World War II. The lodge and 25 modern cabins formed the nucleus of a major state park, which preserved for all time the rich natural beauty of the deep gorge of Blackwater River, the famous falls of which are a natural landmark in West Virginia, and provided miles of trails for hiking and riding. By 1970, the park was one of the leading year-round facilities in the entire park system.

In the early 1960's the older, but highly popular, log vacation cabins which were largely constructed by hand as the final example of mountain skill at stonecutting and log home building were totally remodeled. The biggest addition at this time was the construction of modern kitchens. Many state forest cabins were also upgraded in a similar manner, but at two forests—Kumbrabow and Seneca—the older facilities were left intact for those family visitors who wanted to share the traditional mountain heritage of kerosene lighting and water pumped from a well.

By 1963, it was evident that the emergence of the Appalachian region as a vacationland was only a matter of time. Demands on the public and private sector of recreation were unprecedented, but development had not occurred. Accordingly, an agreement was reached between the federal and state governments for a demonstration program. The multi-million dollar program was designed, in part, to demonstrate to the private sector that recreation was a major future source of jobs, and that this industry would eventually emerge as a major factor in the State's highlands region. The "State Parks for the 1970's" program, as it was termed, eventually added three new state parks to the system and provided for major expansion to three others.

By 1968, a major expansion program was completed at the Cass Scenic Railroad. This old logging line, remnant of thousands of miles of such railway which crisscrossed the mountains, became a state park facility in 1961. From 1963 through 1967 it operated only on a four-mile segment. Beginning in 1968, as a result of renovation of trackage, the full 11 mile line to the area of Bald Knob (West Virginia's second highest point) was opened to public use. Additional public facilities included a 300-car

parking lot. Funds to accomplish this project were borrowed and repaid through income from the sale of tickets to ride the old logging trains. Now the entire town of Cass is managed by the state, and 13 of the company houses have been restored and made into guest cabins.

Hawks Nest, a spectacular overlook high atop the famed New River Gorge, has long been one of the Mountain State's most popular park attractions. Under the "State Parks for the 1970's" program this park was greatly expanded. New facilities include a 30-room lodge overlooking the canyon, new overlook at Lovers' Leap, a marina and boat dock on the lake at the bottom of the deep chasm, and a unique aerial cable tramway to carry visitors from the rim to the bottom of the gorge.

Pipestem Resort State Park has become one of the leading state park recreational attractions in eastern America. Breathtaking in almost every dimension, Pipestem is set along a rolling plateau overlooking the rugged and undeveloped Bluestone River Gorge near Hinton and Princeton.

The park features two comfortable lodges—the 113-room McKeever Lodge perched on the edge of the river canyon and Mountain Creek Lodge, a secluded 30-room facility at the bottom of the deep gorge. The Mountain Creek facility is accessible *only* via the park's canyon aerial tramway system which sweeps over a thousand feet down into the valley from the visitor center.

Other recreational facilities include a challenging 18-hole championship golf course and an enjoyable par-3 course. Clubhouse facilities rank second to none and highlight golf as a major attraction of state parks.

The visitor center, also features a native West Virginia arts and crafts demonstration and sales center which is a major outlet for Appalachian crafts. Nearby is a 550-seat outdoor amphitheater where outdoor drama and music concerts are performed regularly, Olympic-size outdoor swimming pool, indoor swimming and saunas, and indoor recreation rooms.

Remaining major facilities include an overlook atop Pipestem Knob, highest peak of the region, an 82-unit, completely equipped campground, archery range, nature center, horse riding stable and the park information and headquarters building.

Twin Falls Resort, near Mullens and Pineville, provides year-round recreation in the state's southern highlands for the first time. The park features a 20-room guest lodge and 13 comfortable, heated guest cottages for year-round occupancy. Other highlights are an 18-hole regulation golf course, archery and a recreation center building that includes a large swimming pool.

Canaan Valley Resort, located in a deep, high mountain valley near Blackwater Falls State Park, is one of the premier winter sports centers in the east. The valley, which exceeds 3000 feet in average elevation, is surrounded by 4000-4500 foot high mountain peaks.

Accommodations available at Canaan Valley include a 250-room lodge, with deluxe conference center which offers a wide variety of meeting rooms, indoor pool and fitness area, restaurant with a seating capacity of 500 and gift shop, 23 modern cabins, and 34 deluxe campsites. The lodge overlooks the scenic valley and the park's 18-hole championship golf course.

The park's winter sports center includes miles of ski trails, most serviced by full artificial supplemental snow-making equipment. One quad chair and two triple chair ski lifts are operated all winter and also in summertime as a scenic tourist attraction. The ski center includes a retail shop, restaurant, skiers' pub, lounge, and other public facilities.

West Virginia state parks provide a varied and widespread set of attractions statewide. The Cacapon Resort State Park 18-hole championship golf course is attracting thousands of golfers to this fine year-round eastern panhandle attraction. Eight year-round guest cabins, more campsites and handicapped hiking trails are available at North Bend, the State's major Ohio Valley parkland.

Of historical interest is the reconstruction of a grist mill on Glade Creek at Babcock State Park. The mill, completed in 1976, was created by combining parts and pieces from several old mills which once dotted the state. The basic structure of the mill, originally the Stoney Creek Grist Mill, was moved to Babcock from a spot near Campbelltown, Pocahontas County. From the Spring Run Grist mill near Petersburg, Grant County, the overshot water wheel was acquired: several other parts came from the Roaring Creek Grist Mill near Onego, Pendleton County. Cornmeal and buckwheat flour are ground at the Glade Creek Mill and may be purchased there.

West Virginia frontier life of the late 1700's is the main attraction at Prickett's Fort State Park. The fort was reconstructed to look as it was believed to have looked in 1774, the date of its original completion. There are 16 one-room cabins, a meeting hall and storehouse within the fort, demonstrating the

lifestyle of the settlers who relied upon the security of its sturdy walls to protect them from Indians. Visitors can view demonstrations of 18th Century crafts including open hearth cookery and baking; carding, spinning and weaving of wool; basket making, candle dipping and wood lye soap making; horn and leatherworking; gunsmithing, blacksmithing and coopering.

Other unique features of the park system are the Greenbrier River Trail and the North Bend Rail Trail. Though not actually referred to as a state park, the 1980 session of the West Virginia Legislature designated an abandoned rail-line of the Chesapeake and Ohio System, the Greenbrier River Trail, and allowed the Division of Parks and Recreation to acquire the land for the purpose of developing a hiking-biking trail. The rails and ties were removed, and 76 miles of the trail resurfaced with finely crushed limestone. As well as for backpacking and biking, the trail may be used as access to the Greenbrier River by fishermen and canoers, and as a cross-country ski trail in the winter. Motorized vehicles are not allowed. Camping areas, lean-to-shelters, water and sanitary facilities, and interpretive signing are being developed. The North Bend Rail Trail, designated in 1990, covers 72 miles from Parkersburg in Wood County to Wilsonburg in Harrison County.

Stonewall Jackson Lake is one of the newest entries into the West Virginia State Park system. Upon completion in 2002, this park will be a major vacation complex featuring a lodge/conference center, 15 cabins, additional campsites and a golf course designed by Arnold Palmer. Presently, the park offers a 374-slip marina, houseboat and pontoon rentals, boat rentals, snack bar/bait shop, hiking trails, picnic shelter and 34-site campground.

By the end of 1999, another major phase of state park development was completed. This included new conference centers at Pipestem, Cacapon, and Blackwater Falls, 22 new cabins systemwide; three new swimming pools; new utility infrastructure; substantial building modifications to comply with the Americans with Disabilities Act; lake and pond sediment removal, dam repairs, and many other projects. All of this was financed by a \$44,000,000 bond sale. In addition, a new conference center funded from this bond sale for Chief Logan State Park will have been completed by the fall of 2001.

West Virginia's recreation system is a source of pride and enjoyment to West Virginians and other visitors. Millions of tourists visit West Virginia parks and forests each year for quality family recreation in the scenic outdoors.

Forest Service

Monongahela National Forest

Headquarters: Elkins

The Monongahela National Forest was proclaimed by President Woodrow Wilson on April 28, 1920, under the Weeks Law. This law of 1911 provides for the cooperation by states with the United States, and the protection of watersheds of navigable streams. In West Virginia, the National Forest was established for flood protection in the Ohio and Potomac River valleys. It is one of a system of 156 National Forests. The Clark-McNary Act of June 7, 1924, broadened the objectives to provide for reforestation and production of timber. The Multiple Use Act of June 12, 1960, provides that National Forests shall be managed for outdoor recreation, range, timber, watershed, hunting and fishing. The Spruce Knob-Seneca Rocks National Recreation Area Act of September 28, 1965, established the 100,000 acre National Recreation Area on the Forest and authorized land acquisition and an accelerated program of outdoor recreation facilities. On January 3, 1975, Public Law 93-622 made Dolly Sods and Otter Creek parts of the National Wilderness Preservation System and the Monongahela National Forest became responsible for the management of these Wilderness Areas. On January 13, 1983, Public Law 97-466 added the Cranberry and Laurel Fork Wilderness Areas to the National Wilderness Preservation System.

The Forest and Rangeland Renewable Resources Planning Act of 1974 (the Resources Planning Act) authorized a national assessment of Forest resources and set up a system of long range plans to assure that the American People enjoy adequate supplies of water, recreation, forage, timber and wildlife in the decades ahead. The National Forest Management Act of 1976 strengthened the planning process and updated the authorization for resource management. The Forest is currently operated under the 1986 Forest Land Management Plan. Planning on the Monongahela National Forest is an interdisciplinary process that includes involvement of the public.

This public forest is dedicated to the long-term protection, development and management of all its resources.

Within the proclaimed boundary and authorized purchase units of the Monongahela National Forest there are 1,673,700 acres of which 909,409 are owned by the United States as of September 2000. There are also 109 acres of other land acquired and administered as part of the National Forest. Directly in charge of the National Forest is the Forest Supervisor. In the National Forest are four Ranger Districts, each administered by a District Ranger.

National Forest acreage, by county, are:

**MONONGAHELA NATIONAL FOREST
RECREATION ATTRACTIONS**

Special areas of interest include *Seneca Rocks*, a 900 foot Tuscorora Sandstone formation which rises above the North Fork Valley near the community of Seneca Rocks. Besides its appeal to sight-seers, Seneca Rocks is considered by many climbers to be the best rock climb in the East. The Seneca Rocks Discovery Center is located in the area along with picnic and camping facilities. Exhibits and programs are provided for public enjoyment at the Visitor Center.

Spruce Knob, the highest point in West Virginia, rises to over 4,861 feet above sea level. It is an area of windblown red spruce and rock outcrops and is accessible by road. It affords excellent views to the east and west. Visitors will enjoy the Spruce Knob Observation Tower and interpretive trail and nearby Spruce Knob Lake.

The *Smoke Hole* is a rugged scenic canyon through which the South Branch of the Potomac River flows for about 20 miles. Over half of the distance is flanked by a narrow scenic road. In the Smoke Hole are located the Big Bend Campground and the Smoke Hole picnic area.

The *Dolly Sods Wilderness*, 10,215 acres, is located in the northeastern portion of the Forest, and is comprised of the rich second-growth hardwood forests of the Red Creek drainage.

The *Otter Creek* Wilderness comprises 20,000 acres and is located in the northwestern section of the Forest. It includes almost the entire drainage of Otter Creek and contains rich hardwood stands intermingled with patches of red spruce and eastern hemlock. A large bog is also situated within the area.

The *Laurel Fork* Wilderness contains 12,200 acres in two sections north and south of the Laurel Fork Campground on the Greenbrier Ranger District. It includes the upper drainage area of the Laurel Fork and a rich northern hardwood forest.

The *Cranberry* Wilderness contains 35,600 acres and is located on the Gauley Ranger District. It is the largest Wilderness on the Monongahela National Forest and contains a rich mixture of hardwood trees interspersed with red spruce on the higher elevations.

The *Cranberry Glades* Botanical Area contains four bogs whose plant and animal life is similar to that found in the Canadian bogs or "muskegs" of the North. A boardwalk trail with interpretive signs has been constructed for visitor enjoyment and to protect the fragile ecology.

The *Cranberry Mountain Nature Center* is located a few miles from Cranberry Glades along the Highland Scenic Highway. Exhibits and programs are provided for the visitors' benefit.

Seneca Shadows Campground provides a wide variety of campsites, including electrical hookups. Located south of Seneca Rocks on Rt. 33.

Stuart Recreation Area, east of Elkins, contains extensive day use activities, including a swimming beach and pavilions, as well as a campground with electrical hookups.

The *Gaudineer Scenic Area* is a remnant of a vast virgin spruce forest. These spruce trees attain a height of 100 feet and grow to 35 inches in diameter. This 140 acre primeval stand is over 250 years old. Adjacent is the Gaudineer picnic area, located in a stand of second growth red spruce.

The *Lake Sherwood Recreation Area* contains a man-made lake covering 164 acres. In addition to camping and picnicking facilities, there is a boating site and rental boats, swim site with beach and bath house, and a network of hiking trails near the campground.

The *Highland Scenic Highway* runs from the outskirts of Richwood to U.S. Highway 219 at the top of Elk Mountain, a distance of about 45 miles. This route is a designated national scenic byway and takes the visitor through a remote section of the high Allegheny Mountains and offers a variety of scenic views. Located along the highway are four overlooks, with accessible toilet facilities. Summit Lake Recreation Area, North Bend Picnic Ground, Falls of Hills Creek and Cranberry Glades Scenic Views and the Cranberry Mountain Nature Center.

The *Spruce Knob Lake Recreation Complex* located in Randolph County contains a 25-acre impoundment stocked with trout. A trail and boardwalk circles the lake. Only non-motorized boating is permitted. A 43-family unit rustic campground is also available.

The *Lake Buffalo Impoundment* located in Pocahontas County contains 22 acres. It is principally stocked with trout. No camping facilities are available at the lake. Only non-motorized boating is permitted.

The *Summit Lake Recreation Complex* located in Greenbrier County contains a 45-acre impoundment principally stocked with trout. Only non-motorized boating is permitted. A 33-family unit campground is adjacent to the lake.

The *Falls of Hills Creek Scenic Area* in Pocahontas County comprises 114 acres, including a narrow gorge through which Hills Creek rushes over three waterfalls. An exciting trail and boardwalk takes visitors over 330 stairs to the base of the lower falls. The trail to the upper falls is paved and accessible to wheelchairs.

Being a statute correlated to the Federal Internal Revenue Code will simplify preparation of state corporation net income tax returns by taxpayers, improve enforcement and aid in interpretation of the law through increased use of federal judicial and administrative determinations and precedents.

The tax is paid in four equal installments, the taxpayers preparing an annual declaration of estimated tax and reconciling the same through the filing of an annual return. The due date of the declaration is the fifteenth day of the fourth month of the tax year. The following quarterly payments are due on the fifteenth day of the sixth, ninth and twelfth months of the taxable year. The annual return is due on the fifteenth day of the third month following the close of the taxable year.

PERSONAL INCOME TAX

The West Virginia Personal Income Tax Act (West Virginia Code, Chapter 11, Article 21) was enacted by the 1961 Regular Session of the Legislature on February 10, 1961, and signed by the Governor on February 14, 1961. The provisions of the Act applied to all taxable years ending on or after December 31, 1961, including that part which elapsed prior to the effective date of the Act.

Description of the Tax. The West Virginia Income Tax Act imposes a personal income tax on the taxable income of all resident individuals, and resident estates and trust, irrespective of income derived from West Virginia sources. Corporations and partnerships are not subject to the West Virginia Personal Income Tax. A trust or other unincorporated organization which by reason of its activities is exempt from Federal Income Tax is also exempt from West Virginia Personal Income Tax.

The nature of the Act was to adopt for West Virginia Personal Income Tax the provision of the Federal Income Tax laws relating to the determination of income. As adopted, it can be stated that the West Virginia Income Tax Act is a conformity statute. The same general concepts of income, gain and loss are employed in the West Virginia Act as are employed in the Federal Income Tax Law. The method used to make reference to the federal law is general in scope. With the exception of several modifications generally described hereinbelow, West Virginia adjusted gross income is Federal adjusted

gross income. Amendments made to the Federal Income Tax Law which affect income, gain and loss are reflected in the West Virginia Tax Law by periodic legislative enactments. The conformity with the Federal Income Tax Law was adopted to simplify preparation of state income tax returns, to improve enforcement of the State Income Tax through better use of information obtained from federal income tax audits, and to aid interpretation of the state tax law through increased use of federal and administrative determinations and precedents.

Modifications to Income. West Virginia adjusted gross income is determined by applicable modifications increasing or decreasing Federal adjusted gross income. Among the modifications which reduce Federal adjusted gross income are items that benefit persons who are sixty-five years of age or older and individuals receiving benefits under certain retirement systems.

Deductions. There is no provision for either itemized or standard deductions in the West Virginia Personal Income Tax Law of 1987.

Personal Exemptions. An individual, resident or nonresident is allowed an exemption of \$2,000 for each exemption to which he is entitled for federal income tax purposes. A husband and wife who file a joint federal return but separate West Virginia returns may each claim only the exemptions to which he or she would have been entitled if separate federal returns had been filed. The exemption for an estate or trust is \$600. Persons claimed as dependents on another's return are allowed a \$500 exemption.

Low Income Exclusion. Individuals with federal adjusted gross income below \$10,000 (\$5,000 for married filing separate taxpayers) may exclude up to 100% of earned income from tax.

Rate of Tax. For all taxable years or portions thereof ending prior to January 1, 1963, the West Virginia Income Tax rate was six percent of the Federal Income Tax which would have been imposed on an identical amount of federal taxable income. For taxable years beginning on or after January 1, 1963, and before January 1, 1970, West Virginia Income Tax was imposed on West Virginia taxable income at rates graduated from 1.2% to 5.5%. For taxable years beginning on or after January 1, 1970, and before January 1, 1971, West Virginia Income Tax was imposed at rates graduated from 1.65% to 7.6%. For taxable periods beginning on or after January 1, 1971, and before April 1, 1983, West Virginia Income Tax was imposed at rates graduated from 2.1% to 9.6%. Effective April 1, 1983, the rates were changed to graduate from 2.1% to 13.0%. Between April 1, 1983, and June 30, 1985, a 12% surtax was imposed on all individuals, estates, trusts and heads of households with taxable incomes over \$10,000 and all married taxpayers filing jointly with taxable incomes over \$20,000. For taxable years beginning before January 1, 1983, the West Virginia Tax Act provided only two rate schedules; one for joint returns and one for individuals, estates, trusts and heads of households. For taxable years beginning on or after January 1, 1983, three rate schedules are provided; one for individuals, estates and trusts, one for joint returns and one for heads of households. Beginning on or after January 1, 1987, the West Virginia Income Tax rate graduated from 3.0% to 6.5%. Two rate schedules are provided: one for joint returns, individuals, heads of household, estates and trusts; and one for married taxpayers filing separate returns.

CONSUMERS SALES AND SERVICE TAX

The Consumers Sales and Service Tax, Chapter 11, Article 15, West Virginia Code of 1931, as amended, is a general sales tax that applies to all sales and leases of tangible personal property and the furnishing of certain service consummated within West Virginia for use, consumption or any other purpose. Services rendered by an employee to his employer, services furnished by public service businesses and professional or personal services are exempt. Most rentals, excluding those of real estate, are taxable as though they were sales. The measure of the tax is based upon the total sales price of all articles and services purchased during a particular transaction with the rate of tax being derived from a sales bracket system as follows:

1. On each sale, where the monetary consideration is from six cents to sixteen cents, both inclusive, one cent;
2. On each sale, where the monetary consideration is from seventeen cents to thirty-three cents, both inclusive, two cents;
3. On each sale, where the monetary consideration is from thirty-four cents to fifty cents, both inclusive, three cents;
4. On each sale, where the monetary consideration is from fifty-one cents to sixty-seven cents, both inclusive, four cents;
5. On each sale, where the monetary consideration is from sixty-eight cents to eighty-four cents, both inclusive, five cents;
6. On each sale, where the monetary consideration is from eighty-five cents to one dollar, both inclusive, six cents;
7. If the sale price is in excess of one dollar, six cents on each whole dollar of the sale price and upon any fractional part of a dollar in excess of whole dollars, as follows: one cent on the fractional part of the dollar if less than seventeen cents; two cents on the fractional part of the dollar if in excess of sixteen cents but less than thirty-four cents; three cents on the fractional part of the dollar if in excess of thirty-three cents but less than fifty-one cents; four cents on the fractional part of the dollar if in excess of fifty cents but less than sixty-eight cents; five cents on the fractional part of the dollar if in excess of sixty-seven cents but less than eighty-five cents; and six cents on the fractional part of the dollar if in excess of eighty-four cents. For example, the tax on sales of one dollar and one cent to one dollar and sixteen cents, both inclusive, is seven cents; on sales of one dollar and seventeen cents to one dollar and thirty-three cents, both inclusive, eight cents; on sales of one dollar and thirty-four cents to one dollar and fifty cents, both inclusive, nine cents; on sales of one dollar and fifty-one cents to one dollar and sixty-seven cents, both inclusive, ten cents; on sales of one dollar and sixty-eight cents to one dollar and eighty-four cents, both inclusive, eleven cents; on sales of one dollar and eighty-five cents to two dollars, both inclusive, twelve cents.

Separate sales, such as daily or weekly deliveries, shall not be aggregated for the purpose of computation of the tax even though such sales are aggregated in the billing or payment therefor. Notwithstanding any other provision, coin-operated amusement and vending machine sales shall be aggregated for the purpose of computation of this tax.

Individual sales of six cents or less are exempt from tax; however, the purchase of two six cent articles at the same time is a taxable transaction.

The law provides that the vendor shall collect the tax due from the purchaser at the time of sale and that the purchaser shall pay such tax unless he presents to the vendor a properly executed certificate of exemption or his direct pay permit number. Should either party fail to comply with the law in this regard, the liability becomes a personal debt due the State, and if the taxpayer is an association or corporation, its officers are personally liable jointly and severally in case of default.

Consumers Sales Tax is to be paid by ultimate consumers; sellers collect the tax and remit their collections to the Tax Department. Only one collection of Consumers Sales Tax should occur in the channel from production to ultimate consumption for any consumer good or service. Any seller who fails to collect the Consumers Sales Tax must pay the tax himself unless the sale was exempt.

Exempt sales are three main types:

1. Exemption because of the nature of the buyer to whom the sale is made;
2. Exemption because of the nature of the article which is sold; and
3. Exemption because of the nature of the sale.

There are several distinct methods by which the exemptions must be claimed. Based on the method by which the exemption must be claimed, exemptions are categorized into three classifications: Per se exemptions, exemptions for which exemption certificates are required, and refundable exemptions.

“Per se” exemptions are those for which no separate exemption document is required as proof of the exempt status. The following sales and services are exempt “per se” from Consumers Sales Tax:

The Use Tax, Chapter 11, Article 15A, West Virginia Code of 1931, as amended, is imposed upon the use within West Virginia of tangible personal property and services which are bought or leased outside West Virginia for use or consumption within this State. The tax is levied at the rate of six percent of the purchase price.

Out-of-state vendors engaging in business in this State are required to collect Use Tax from their West Virginia customers. The State Tax Commissioner is empowered to authorize certain foreign retailers to collect Use Tax at the time a sale is made. Collected tax must be remitted on a quarterly basis. Any person who uses any tangible personal property upon which the tax has not been paid to the seller is personally liable for such tax and is required to remit on a quarterly basis the tax imposed on all such property directly to the State Tax Commissioner.

The use in West Virginia of the following tangible personal property is exempt from the tax:

- (1) All articles of tangible personal property brought into the State of West Virginia by a nonresident individual for his or her use or enjoyment while within the State;
