

**WEST VIRGINIA ALCOHOL BEVERAGE CONTROL
ADMINISTRATION**

ANNUAL REPORT

FY 2016

HISTORY & OPERATIONS

The West Virginia Legislature created the West Virginia Alcohol Beverage Control Administration ("**WVABCA**") in 1935 (See W.Va. Const. Art. IV §46 and W.Va. Code §60-1-1 et seq.) The WVABCA was organized to give effect to the mandate of the people expressed in the repeal of the state prohibition amendment, and to assure the greatest degree of personal freedom that is consistent with the health, safety, and good morals of the people of West Virginia. During the WVABCA's first 56 years of existence, the WVABCA functioned as the exclusive wholesaler and retailer of liquor in West Virginia; non-fortified wines were "privatized" in 1981.

On February 27, 1990, Senate Bill 337 discontinued the retail sale of alcoholic beverages by the State. This legislation created the Retail Liquor Licensing Board ("**RLLB**" or "**Board**") to establish market zones and bid retail liquor outlets throughout West Virginia. Currently, the RLLB is comprised of the Chairman of the Board who is the Secretary of Revenue, the Secretary of the Board who is the WVABCA Commissioner and three gubernatorial board appointees. No member of the board may hold a retail license or have any financial interest, directly or indirectly, in any retail licensee.

During fiscal year 1991, public bids were held in August 1990, January 1991, and May 1991. This resulted in the sale of retail liquor store licenses in all 98 zones offered and the possibility of 214 privately owned liquor stores being opened in West Virginia.

In 2000, the RLLB's license bid process utilized minimum bids which were calculated based on demographics, population and other factors. The bidding generated revenue from all issued licenses which was deposited into the State's General Revenue Fund based on the minimum bids and the Governor's official revenue estimate. The licenses were issued for a ten-year (10) period and expired June 30, 2010.

During the 2000 bid process, a few licenses were never issued and some licenses were abandoned. In 2006, the RLLB approved an Interim Bid and splitting of certain licenses. The licenses were rebid on a pro-rated minimum bid basis and two licenses were awarded in 2007 for the remainder of the ten-year period or until June 30, 2010.

With the passage of House Bill No. 105 ("**HB 105**") during the First Special Session of 2009, effective from passage, the RLLB and WVABCA were authorized to initiate the 2010 Purchase Option and License Bid Process (See HB 105 and West Virginia §60-3A- 1, et seq., as amended in 2009).

In 2010, HB 105 created fundamental changes to the Retail Liquor License Bid process by creating Class A retail licenses or freestanding liquor retail outlets and Class B retail licenses or mixed retail liquor outlets (See also the WV Code of State Rules at 175 CSR 1 and 175 CSR 5).

HISTORY & OPERATIONS

Class A Retail Licenses are required to be a freestanding liquor retail outlets and sell only liquor, wine, beer, tobacco-related products, and alcohol-related products.

Class B Retail Licenses may sell non-alcohol related products, along with liquor, wine and beer.

Results from the various License Rebids:

1990 - Bid Revenue - Total - **\$15,300,000**

2000 - Bid Revenue - Total - **\$22,395,695** *includes subsequent rounds of bidding and later bidding of retail outlets

Total # of Retail Outlets – 168

2010 - Bid Revenue - Total - **\$38,031,478** *includes financed amounts, interest and license fee revenue

- Revenue - \$125,600

HISTORY & OPERATIONS

In 2011, HB 3100 was passed and made effective on June 10, 2011 which permitted Election Day sales of liquor.

In 2012, HB 3174 was passed and permitted Class A retail licensees to conduct responsible nonintoxicating beer and liquor sampling events with certain requirements on any day but Sunday. The bill requires that the events be pre-approved by the WVABCA Commissioner. The bill also established standards, limitations and prohibitions to be applied for the conduct of such events.

HB 4376 was also passed in 2012 and allows licensed wine sales at certain professional baseball stadiums. The Appalachian Power Park located in Charleston, West Virginia took advantage of this special license and received the wine license in early 2012.

In 2013, HB 2956 was passed and amended the sections of the Code relating to resident brewers and brewpubs. It defined who can hold a distributor's license.

HB 3145 was passed and removed the maximum limit retailers of beer can sell for off premise consumption. It also removes the limit of beer that can be sold to an individual.

SB 172 was passed and allows trusts and limited liability companies to be beer distributors.

SB 470 was also passed and permits farm wineries and licensed wineries to sell wine and wine samples during fairs or festivals and on Sunday mornings of those events. The samples cannot exceed three ounces. Consumption would be allowed on the premise of these fairs and festivals except from 2 a.m. to 10 a.m. on Sundays.

In 2014, SB450 was passed and allows for the restricted sale of alcoholic liquors in specific outdoor dining areas. It allows outside areas that are adjoining an establishment with a liquor license to allow consumption outside. This bill also allows the ABCA Commissioner to issue a special license to allow for the sale of wine at NCAA Division I college and university sports stadiums at a cost of \$250 per license. The bill provides that the wine sales area must be closed to free and unrestricted entry by the general public.

In 2015, SB 273 was passed and permits licensed brewers and resident brewers to conduct non-intoxicating beer sampling on their brewery premises within the state. It allows resident brewers to sale growlers for off-premise consumption from it brewery premises. The bill also terminated the bond requirement for a brewpub license since the license may be suspended or revoked for failure to pay taxes.

SB 574 was passed to foster craft distilling in West Virginia. The bill reduced services charges imposed on craft distillers from 28% to 5% and eliminated the transportation fee of \$2.30 per case since no service is provided. Distillers may not sell product below the state minimum price so retail liquor stores are protected from distillers underpricing. The Market Zone Fee paid to retailers would be reduced from 10%

HISTORY & OPERATIONS

of gross sales at distillery to 2% of gross sales and capped at \$15,000. Craft distilleries would be allowed to produce 50k gallons per year instead of the 20k gallons previously.

In 2016, SB 298 was passed and allows county commissions to conduct a county option election on the question of whether to allow restaurants, private clubs, Class A retailers, wineries and wine serving entities to sell alcoholic liquors, wine and non-intoxicating beer as their licenses permit, and distilleries and mini-distilleries to offer complimentary samples of alcohol beginning at 10:00 am on Sundays for on-premises consumption only. After the November 8, 2016 statewide election the following counties have approved on premises 10:00 am Sunday alcohol sales: Berkeley, Cabell, Greenbrier, Harrison, Jefferson, Marion, Marshall, Monongalia, Morgan, Ohio, Pocahontas, Putnam and Tucker. The following home rule cities have also approved on premises 10:00 am Sunday alcohol sales: Beckley, Bluefield, Bridgeport, Charleston, Charles Town, Clarksburg, Lewisburg, Martinsburg, Morgantown, Nitro, Oak Hill, Ranson, Shepherdstown, South Charleston, and Wheeling.
