

West Virginia
Alcohol Beverage Control Administration

ANNUAL REPORT

FY2022

OUR MISSION

The mission of the West Virginia Alcohol Beverage Control Administration is to regulate, enforce, control the sales, distribution, transportation, storage, and consumption of alcoholic liquors and nonintoxicating beer as mandated by the West Virginia Liquor Control and Nonintoxicating Beer Act.

OUR PURPOSE

The West Virginia Legislature created the West Virginia Alcohol Beverage Control in 1935. The WVABCA was organized to give effect to the mandate of the people expressed in the repeal of the state prohibition amendment, and to assure the greatest degree of freedom that is consistent with the health, safety, and good morals of the people of West Virginia.

WEST VIRGINIA
ALCOHOL BEVERAGE CONTROL ADMINISTRATION
FREDRIC L. WOOTON, COMMISSIONER

December 28, 2022

The Honorable Jim Justice, Governor
Building 1, Capital Complex

Charleston, West Virginia 25305

Re: WVABCA 2022 Fiscal Year Annual Report

Dear Governor Justice:

The West Virginia Alcohol Beverage Control Administration is pleased to submit the Annual Report for Fiscal Year 2022, in compliance with W.Va. Code §60-2-11(9).

Sincerely,

Fredric L. Wooton
Commissioner

Message from Fredric L. Wooton, Commissioner

I am pleased to provide the West Virginia Alcohol Beverage Control Administration's (WVABCA) *Annual Report for Fiscal Year (FY) 2022*.

The bid process for retail liquor outlets for the 2020-2030 licensing period generated \$53,388,715 for the General Revenue Fund, which was up nearly \$15M over the 2010-2020 licensing period. The first four phases of the bidding process awarded 181 retail liquor outlet licenses across 98 Market Zones.

Bailment sales for FY22 totaled \$130,640,184.69, up 2.03% over FY21 at \$127,990,564.48. There were 876,499 cases sold, which was an increase of 6,316 cases over FY21 ([see page 20](#)). Additionally, my administration has completed a long term project to upgrade the fire suppression system at the Distribution Center warehouse.

House Bill 4848 with an effective date of June 10, 2022 highlights:

- ◇ Created new license types for private bakery, private food truck, and private cigar shop;
- ◇ New delivery rules for nonintoxicating beer, sealed liquor bottles, craft cocktail growlers, and wine;
- ◇ Created a new license for private college stadiums;
- ◇ Created a new private caterer's license.

Senate Bill 2020 was reported in last year's Annual Report, but had an effective date this fiscal year on September 22, 2021. The bill allows for retail liquor outlet stores to open at 6:00 a.m., and prohibits liquor sales on Christmas Day and Easter Sunday ([see page 35](#)).

Striving for excellence in customer service, the WVABCA licensing staff continues to train on the availability of new license types and services. This is due to legislation creating new license opportunities such as fairs, festivals, outdoor dining, outdoor street dining, and floor plan extensions.

The WVABCA, along with much of the world, was impacted by the COVID-19 pandemic. Our staff was able to provide uninterrupted services for our bailment sales, warehouse operations, license renewals and other essential services. Significant change is taking place in the spirits, wine and beer industries in West Virginia and across the country. Contributing factors to these changes were the pandemic, new and enhanced technology; such as mobile apps, new and creative products, and an ever changing consumer demand. As a result, Governor Justice led the way with new legislation, which was highlighted in last year's annual report and will be noted in this year's report.

Enforcement agents across the state perform a variety of licensing and enforcement duties for new applicants and existing businesses ([see page 27](#)) . The WVABCA Enforcement Division received a grant for \$63,000 from the Governor’s Highway Safety Program to continue their Underage Drinking Prevention Project.

Additionally, I would like to reference some noteworthy educational activities. In October 2021, the WVABCA held their inaugural statewide Alcohol Prevention, Enforcement, Education, and Policy Conference to engage with law enforcement agencies, educators, prevention specialists, health advocates, and other key stakeholders to learn more about underage drinking prevention programs and activities. This conference was funded by an award from the National Alcohol Beverage Control Association (NABCA) and partnered with Community Connections, Inc. In the spring of 2022, the WVABCA secured continued funding for the second annual conference to take place in the fall of 2022.

I would also like to mention our DUI Simulator program which visits high schools across the state and attends other special events ([see page 31](#)). This state of the art program allows students to experience the impact alcohol can have on a driver's ability, coordination, and reaction time. In the DUI Simulator, the students will encounter various courses and driving conditions at different blood-alcohol-content (BAC) levels.

The WVABCA held their 9th annual NO School Spirit Public Service Announcement (PSA) contest. Middle school and high school students attending both public and private schools were invited to compete in a PSA contest for \$10,000 in cash prizes ([see pages 32-33](#)). This educational and prevention program addresses the risks of underage drinking as well as drinking and driving. Over 350 students participated from 29 schools and they submitted 47 PSA entries.

In January 2022, I was elected as the Chairman of the NABCA Board of Directors for the 2023-2024 Fiscal Year. In May of 2022 I began my tenure as Chair-Elect and will move into the Chairman position in May of 2023, lasting through May of 2024. NABCA was founded in 1934 and I will be the first Chairman of the Board elected from the great State of West Virginia.

The *Fiscal Year 2022 Annual Report* will highlight what I have referenced and provide more information about the operations at the WVABCA.

Best Wishes,

WVABCA Commissioner Wooton, joined by West Virginia Governor Jim Justice, and Babydog.

HISTORY

History

The West Virginia Legislature created the West Virginia Alcohol Beverage Control Commission ("**WVABCC**") in 1935 (See *W.Va. Const. Art. IV §46 and W.Va. Code §60-1-1 et seq.*) The WVABCC was organized to give effect to the mandate of the people expressed in the repeal of the state prohibition amendment, and to assure the greatest degree of personal freedom that is consistent with the health, safety, and good morals of the people of West Virginia. During the WVABCC's first 56 years of existence, the WVABCC functioned as the exclusive wholesaler and retailer of liquor in West Virginia; non-fortified wines were "privatized" in 1981.

With the repeal of Prohibition, the three-tier system of distribution was established in West Virginia. This distribution format is an effective way to regulate the three tiers: brewer, distributor and licensed retailer. Laws, rules and regulations provide protection for each tier. Fairness and equality are the overriding principles by eliminating connection between the tiers. In 1937, the term nonintoxicating beer was implemented which would allow for the product to be consumed in public. At conception, the authority to regulate beer was the responsibility of the State Tax Commissioner. In 1945, the West Virginia Nonintoxicating Beer Commission was established to regulate and enforce beer laws. The Nonintoxicating Beer Commission was a stand-alone independent agency until it merged with the West Virginia Alcohol Beverage Control Commission in 1990 to form a united West Virginia Alcohol Beverage Control Administration ("**WVABCA**") with a single Commissioner over all aspects of the alcohol industry in West Virginia.

On February 27, 1990, SB 337 discontinued the retail sale of alcoholic liquor by the State. This legislation created the Retail Liquor Licensing Board ("**RLLB**" or "**Board**") to establish market zones and bid retail liquor outlets throughout West Virginia. Currently, the RLLB is comprised of the Chairman of the Board who is the Secretary of Revenue, the Secretary of the Board who is the WVABCA Commissioner and three gubernatorial board appointees. No member of the board may hold a retail license or have any financial interest, directly or indirectly, in any retail licensee. During Fiscal Year 1991, public bids were held in August 1990, January 1991, and May 1991. This resulted in the sale of retail liquor outlet licenses in all 98 market zones offered and the possibility of 214 privately owned liquor stores being opened in West Virginia.

In 2000, the RLLB's license bid process utilized minimum bids which were calculated based on demographics, population and other factors. The bidding generated revenue from all issued licenses which was deposited into the State's General Revenue Fund based on the minimum bids and the Governor's official revenue estimate. The licenses were issued for a ten-year (10) period and expired June 30, 2010. During the 2000 bid process, a few licenses were never issued, and some licenses were abandoned. In 2006, the RLLB approved an Interim Bid and the splitting of certain licenses. The licenses were rebid on a pro-rated minimum bid basis and two licenses were awarded in 2007 for the remainder of the ten-year period ending June 30, 2010.

In 2009, HB 105 changed the Retail Liquor License Bid process by creating Class A freestanding liquor retail outlets and Class B mixed retail liquor outlets (See *W.Va. Code of State Rules at 175 CSR 1 and 175 CSR 5*). The RLLB and WVABCA were authorized to initiate Purchase Option and License Bid Process (See *West Virginia §60-3A- 1, et seq., as amended*). In addition, the closing hours for the 2010 retail liquor outlets for Monday through Saturday were extended from 10:00 p.m. to midnight (12:00 a.m.). No sales continued for Sundays, Christmas and on a statewide Election Day.

HB 3100 went into effect on June 10, 2011, to allow Election Day sale of liquor at retail liquor outlets. **HB 2481** went into effect on March 3, 2019, to allow Sunday retail sales of spirits to start at 1:00 p.m. and end at midnight. The Christmas Day restriction remained in effect, and Easter Sunday was added as a restricted day. **SB 2020** went into effect on September 27, 2021 and changed the opening time to 6:00 a.m. with no change to the midnight closing time.

In 2009, HB 2719 increased the alcohol by volume (ABV) for nonintoxicating beer from 6% to 12% and created a new beer category of nonintoxicating craft beer. **In 2019, SB 529** increased the alcohol content to 15% ABV.

In 2012, HB 3174 was passed and permitted Class A liquor retail outlets to conduct responsible nonintoxicating beer and liquor sampling events with certain requirements on any day but Sunday. Also, **HB 4376** was passed to allow licensed wine sales at certain professional baseball stadiums.

In 2013, HB 2956 was passed and amended the sections of the Code relating to resident brewers and brewpubs.

History - *continued*

In 2014, HB 3145 removed the limit of nonintoxicating beer that may be sold to an individual for off-premises consumption by a Class B retailer. **SB 172** allowed trusts and limited liability companies to be listed as the owner of a beer distributor. **SB 470** permitted only licensed farm wineries and wineries to sell wine and wine samples during fairs or festivals and on Sunday mornings, subject to requirements. Finally, **SB 450** allowed the sale of alcoholic liquors in specific outdoor dining areas that are adjoining an establishment with a liquor license. This bill also creates a special license to allow the sale of wine at NCAA Division I college and university sports stadiums.

In 2015, SB 273 permitted licensed brewers and resident brewers to conduct nonintoxicating beer sampling on their brewery premises. It allowed resident brewers to sell growlers for off-premises consumption from their brewery premises. The bill also removed the brewpub bond requirement. **SB 574** promoted the distilling industry in West Virginia by reducing the markup imposed on mini-distillers from 28% to 5% (the mini-distillery could retain the 23% difference) and eliminated the transportation fee of \$2.30 per case on certain distillery sales. The Market Zone Fee was also reduced from 10% of gross sales at the distillery to 2% of gross sales and capped at a total of \$15,000.

In 2016, SB 298 allowed county commissions to conduct a county option election on the question of whether to allow restaurants, private clubs, Class A retailers, wineries and wine serving entities to sell alcoholic liquors, wine and non-intoxicating beer as their licenses permit on Sundays. The bill also permitted distilleries and mini-distilleries to offer alcohol beginning at 10:00 am on Sundays for on-premises consumption only. An expansion of licenses allowed to operate extended hours on Sunday occurred when “Home Rule” municipalities petitioned the Home Rule Board for the “Brunch Bill” hours.

Effective May 1, 2017, the mark-up for spirits from 28% to 32%. The mark-up had not changed since 2003. In 1990, at the beginning of bailment, the markup was 25%. The WVABCA receives no excise tax on the production of spirits.

In 2017, SB 637 modified the Class A private club licenses which was the first major change to the Private Club Act in nearly 50 years. The new license categories were aimed to Licensees operating tourist destinations and resort facilities by permitting the Licensee to obtain one private resort hotel license for the lawful sale and consumption of alcoholic liquors and nonintoxicating beer in designated and approved areas throughout the licensed premises but within the confines of the property. The bill also created a private golf club license and a private resort license with certain licensing requirements.

In 2019, SB 561 created licenses for a private fair & festival and a private nine-hole golf course. This bill addressed frozen drink machines and allowed bottle sales at certain Class A on-premises licenses. SB 561 addressed law enforcement assistance during certain WVABCA enforcement activities and clarified that the operation of BYOB’s as illegal and the consumption of alcoholic liquors in public. **SB 529** created a one-day charitable beer license and wine license for certain nonprofits and permitted wine auctions. This bill created a license for beer representatives and a nonintoxicating beer transportation permit. **SB 511** dealt with the wine industry created new opportunities for wineries, farm wineries and licensure. The bill clarified tasting, sampling and sales procedures for wineries and farm wineries.

In 2020, the RLLB initiated the 2020-2030 license bid process for retail liquor outlets which resulted in generating \$52,223,715. A total of 179 retail liquor outlet licenses were issued which was the result of 49 licensees taking the purchase option and 130 licensees successfully completing the bid process. **HB 4524** made the entire state “wet” for the retail sale of spirits. **SB 610** removed the out-of-state licensure limitation and set forth manager requirements. New licensees and changes to existing licenses resulted from the passage of **HB 4388, HB 4560, HB 3098, HB 4882, and HB 4697**. During the COVID-19 pandemic a special temporary outdoor license was created and the process to apply was streamlined. Additionally, *State of Emergency Declaration and Governor’s Emergency Executive Orders were established which impacted most WVABCA licenses.*

History - continued

In 2021, the passage of **HB 2025** resulted in significant changes to the Private Club license. Two new license categories were created based on the service the business provides. A Private Club license for businesses primarily engaged in food service and a Private Club license for businesses primarily designated as an entertainment/nightclub venue with limited food services. In addition, new licenses for private caterer, private wedding venues or barn, and others were created. Legislation also addressed curbside in-person or in-vehicle pickup, third party delivery, outside dining, and outside street dining. **SB 2020** allowed retail liquor outlets to open at 6:00 a.m. and was effective September 22, 2021 (next fiscal year).

In 2019, the RLLB voted to proceed with the 2020 Purchase Option and License Bid Process as authorized in the West Virginia Code and Legislative Rules. The rebid process began on December 5, 2019, with the 2020 Purchase Option - Phase I with 49 retail Liquor outlets exercising the Purchase Option, and 28 of these outlets utilizing the Deferred Payment Financing Option. Phase II - 2020 License Bidding Process completed on January 9, 2020, with 128 successful bidders. Phase III - 2020 License Bidding Process completed on April 1, 2020, with two successful bidders. Phase IV - 2020 License Bidding Process completed on March 23, 2021 with two successful bidders.

Results from past License Rebids:

1990 - Bid Revenue - Total - **\$15,3000,000**

2000 - Bid Revenue - Total - **\$22,395,695** *includes subsequent rounds of bidding

RETAIL LIQUOR OUTLETS

A scenic landscape at sunrise or sunset. The sun is low on the horizon, creating a bright sunburst effect with rays of light extending across the sky. The sky is filled with soft, wispy clouds. Below the horizon, a valley is filled with a thick layer of white clouds, creating a sea of clouds effect. In the foreground, there are dark, silhouetted trees with some yellow leaves, suggesting an autumn setting. The overall mood is peaceful and serene.

Retail Liquor Outlets

The mission of the WVABCA Spirits Division is to maintain and promote a robust portfolio of spirits to licensed retail liquor outlets across the state. The WVABCA meets and exceeds consumer demands by working with 214 active vendors (suppliers), 10 in-state distilleries, 11 in-state mini-distilleries, 3 in-state micro-distilleries, 106 liquor representatives, and 181 licensed liquor retail outlets.

Daily interaction with our suppliers includes, but is not limited to; approving the shipment of spirits to the distribution center, case pricing, product listing, product integrity, new vendor setups, and inventory fee assessments. The relationship that exists between the suppliers, bailment operations and the retail liquor outlets is enhanced by the WVABCA Order Entry Portal.

The Portal

All licensed retail liquor outlet owners and designated employees, liquor vendors, and representatives have secure online access to the WVABCA Order Entry Portal. This system was developed in-house and is a database that provides product information, bailment reports, sales data, and much more, all in real-time. The Portal allows licensed retail liquor outlets to conveniently create their weekly scheduled orders, and allows liquor vendors to enter special pricing of their products with WVABCA final approval. These functions help to maintain the Portal, in addition to keeping spirit brands in the state current and available for purchase by the citizens and private clubs. The WVABCA provides customer service to retailers with data entry, portal ordering, special pricing allowances and scheduling deliveries. The WVABCA also collects the Form 190's which are used by the retailer liquor outlets to track the purchases made by private clubs.

Distribution Center

The WVABCA Distribution Center is a 153,000 square foot warehouse that houses the agency's bailment operations. The Distribution Center maintains 2,644 active product codes and 1,874 special order product codes. In addition to receiving inbound products from 214 suppliers, the warehouse staff picks, assembles, and fills orders for outbound delivery to the 181 retail liquor outlet stores on a daily basis. The WVABCA performs audits and reconciliation of the WVABCA's Distribution Center's inventory.

ENFORCEMENT

Enforcement

Duties and Responsibilities

The mission of the WVABCA Enforcement Division is to ensure adherence to W.Va. State Code and Legislative Rules. The enforcement staff live and work in the communities they serve and are committed to enforcing state laws pertaining to the sale, purchase, transportation, manufacture, consumption, and possession of alcoholic beverages. The duties performed (see illustration below) are crucial to protecting the public, patrons, and licensees.

Licensed locations are visited a minimum of two times per year. In FY22, agents achieved an inspection rate of 98% (inspections of licenses are impacted due to business closures, ownership changes, and seasonal closures). During these inspections, agents provide educational and training material to ensure that licensees are empowered with the information necessary to successfully operate their licensed establishment. The WVABCA provides posters for proper carding procedures and a carding video is available on the WVABCA website. The training video can be shown during inspections, or a DVD can be provided to licensees. Enforcement agents also disseminate educational materiel such the Blood Alcohol Content (BAC) chart, Fetal Alcohol Syndrome (FAS) poster, and the Human Trafficking poster, all of which are required to be posted by the licensee in a location accessible for patron viewing. In addition, the WVABCA Hours of Operation form and the EMS/Law Enforcement Notification posters are also provided to licensees.

GRANTS

Grants

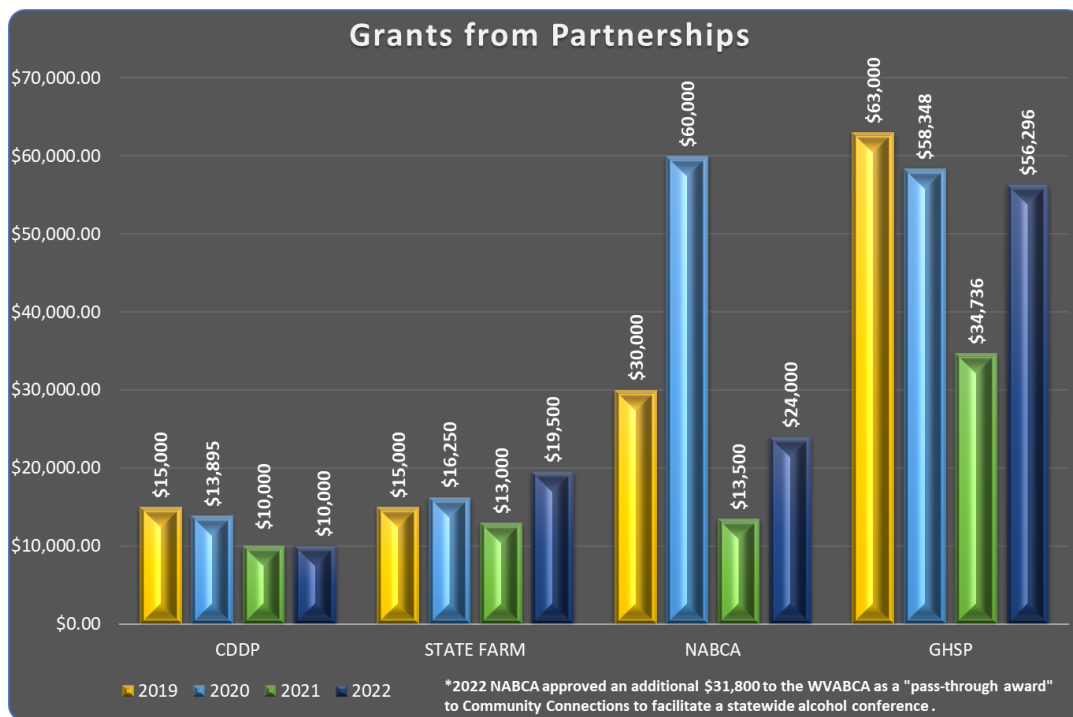

The WVABCA received a total of \$109,796 in direct grant and award funding.

The National Alcohol Beverage Control Association (NABCA) provided an educational award of \$10,000 and a supplemental award of \$14,000. In addition, NABCA approved an indirect award for \$31,800 to Community Connections, Inc. This funding was dedicated to the WVABCA's 1st annual Statewide Alcohol Prevention, Enforcement, Education, and Policy conference. The NABCA awards reflect funding received and utilized during the 2022 fiscal year and for programs slated beyond the 2022 fiscal year.

The West Virginia Governor's Highway Safety Program (GHSP) provided the WVABCA with a grant for \$56,296 to support enforcement and educational activities. A \$10,000 grant was provided by the Commission on

Drunk Driving Prevention (CDDP). These funds were used by the enforcement division to carry out underage compliance checks.

State Farm® provided a grant for \$19,500 and the funds were used for the DUI Simulator program and the NO School Spirits PSA contest.

Grant Funding Activities

EDUCATION

DUI Simulator

The WVABCA DUI Simulator program was launched in November 2010. The program travels the state visiting high schools, institutions of higher learning and other venues to educate our youth about the harmful effects of drinking and distractive driving. The program provides youth with the opportunity to experience various driving conditions, hazards and scenarios while safely operating a simulation system. The program mimics the difficulties drivers would encounter at various blood alcohol content (BAC) levels. By engaging the youth in this interactive manner, the WVABCA can provide valuable tools to combat underage drinking and distractive driving. The DUI Simulator program also includes a classroom lecture. On June 10, 2019, the WVABCA commissioned a new simulator to replace the simulator and trailer purchased in 2010. The simulator has state of the art graphics and the seat has motion to help create a more realistic experience.

This program is a fantastic tool to use to educate participants concerning the risks associated with drunk driving. The simulator is in very high demand with multiple events scheduled weekly. There has been positive feedback from educators, law enforcement, students, and the general public. Several comments have been made by students that they, "will never drink and drive". There has been extensive media coverage of simulator events that have all been very positive.

A total of 65,791 students have taken part in this life saving program.

NO School Spirits PSA Contest

The NO School Spirits PSA contest seeks video entries that address the dangers of underage drinking or drinking and driving. The contest is open to middle school and high school students who attend public or private schools in West Virginia.

The 2021-2022 academic school year marked the ninth year for the PSA contest. The WVABCA received 47 entries from over 350 students attending 29 schools. Students competed for \$10,000 and the top five schools were selected to receive a cash prize, with first-place winning \$5,000.00. The schools were required to use the prize money for a school sanctioned event and/or school equipment.

The first-place winning PSA was edited for television and a radio spot was created. The PSA aired across the state during prom/graduation season, and at the start of the 2022 school year. A \$12,000 media buy yielded a \$108,093 *Return on Investment (ROI)* and accounted for 5,731 placements.

The West Virginia Alcohol Beverage Control Administration (WVABCA) is pleased to announce the 9th Annual NO School Spirits Public Service Announcement (PSA Contest).

High school and middle school students are invited to submit a video about the dangers of drinking and driving or underage alcohol use. The winning school will be invited to help develop a PSA (TV and Radio) which will be broadcast across the state during the 2022 prom and graduation season. The prize money must be used for a school sanctioned event or for school material. All winning schools will be publicly recognized. Students may also qualify for additional winning prizes. Participants must adhere to all COVID-19 regulations and take proper safety measures.

MEDIA

Public Information/Media

In our mission to provide timely, factual, and relevant information to the public as it relates to the WVABCA and W. Va. State Code and Rules, each department of the WVABCA interacts with the public in multiple ways, most recently with the addition of Facebook and Twitter accounts. In addition, the WVABCA works with units of government on local, county, state and federal levels.

The media is interested in a variety of topics and activities at the WVABCA. The most common areas of media coverage can be categorized into the following groups:

State officials reminding people about remaining safe this summer

By [MetroNews Staff](#)

June 4, 2022 - 8:05 am

CHARLESTON, W.Va. — State officials are reminding people of the potential risks of some summer activities as West Virginians begin making plans. “Keeping everyone safe during the summertime is our goal. As our agencies have united, I would encourage ALL West Virginians to join together and look out for one another this summer,” said Fred Wooton, commissioner of the West Virginia Alcohol Beverage Control Administration.

West Virginia updated liquor sales law now in effect

 Updated: Sep 24, 2021 / 10:55 AM EDT

CHARLESTON, W.Va. (WOWK) – The West Virginia Alcohol Beverage Control Administration is reminding West Virginians that [Senate Bill 2020](#) is officially in effect as of yesterday, Wednesday, Sept. 22, 2021.

This means effective Sunday, Sept. 26, 2021, retail liquor outlets may open and sell alcohol as early as 6 a.m.

The bill was introduced in the 2021 West Virginia Legislative Session as an amendment to Chapter 60, Article 3A-18, which relates to the time frame retail liquor licenses may sell liquors. The bill was passed on June 24, 2021.

According to the bill, alcohol can still not be sold on Easter Sunday, Christmas Day, or between the hours of 12:00 a.m. and 6:00 a.m., with the exception of wine and fortified wines may be sold on those days and at such times authorized in the [West Virginia Code](#).

Students experience DUI through simulator

From Staff Reports May 20, 2022

RIPLEY, W.Va. (WV News) — The West Virginia Alcohol Beverage Control Administration (WVABCA) has restarted their DUI Simulator Program. New safety measures and sanitization processes have been instituted to maximize student safety. With new protocols in place, the DUI Simulator visited Ripley High School on Tuesday, May 17.

The DUI simulator will allow participants to speed and test out different scenarios. Staff photo by Benja Lyster
