DEPARTMENT OF REVENUE

STATE BUDGET OFFICE
BUILDING 1, ROOM W310
1900 KANAWHA BOULEVARD, EAST
CHARLESTON, WEST VIRGINIA 25305

DAVE HARDY
CABINET SECRETARY

Date: December 31, 2020

To: Governor Jim Justice

This report is submitted in fulfillment of a statutory requirement in W.Va. Code §11B-2-23 to present a consolidated report containing a detailed itemization of all federal funds received by state spending units during the preceding fiscal year, as well as those scheduled or anticipated to be received during the current and next ensuing fiscal years.

As required, the information contains:

- The name of the spending unit that has received or is scheduled or expected to receive federal funds in any of the fiscal years;
- The amount of each separate grant or distribution received or to be received;
- And a brief description of the purpose of every grant or other distribution, with the name of the federal agency, bureau, or department making the grant or distribution.

This information was compiled by staff of the State Budget Office from the information received from agencies as part of the FY 2022 Appropriation Request process and is current as of October 31, 2020. We believe this information to be reliable and accurate but have not undertaken to independently verify the information.

Sincerely,

A handwritten signature in blue ink that reads "Dave Hardy".

Dave Hardy
Cabinet Secretary
Department of Revenue

Federal Programs

Consolidated Report

Federal funds are received directly from the federal government and may only be used for the specific purpose for which they are intended. Federal funds consist of any financial assistance made directly to any state department/bureau/commission/division by the United States government, whether a loan, grant, subsidy, augmentation, reimbursement or any other form of such assistance, including federal matching funds.

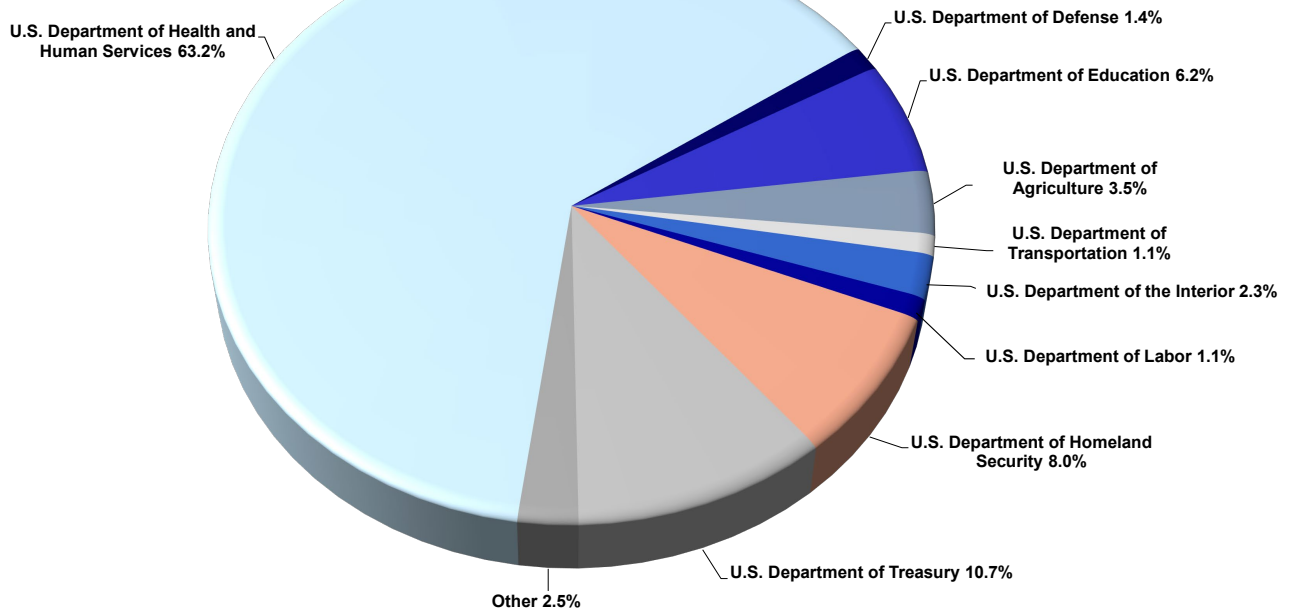

Federal funds have become a substantial part of the operation of state government, either as part of ongoing programs or structured to institute state action. In all cases, federal funds are a significant feature of state services and the budget process.

With the following exceptions, Federal Funds must be included in the Budget Act and appropriated by the Legislature (as required by W.Va. Code 4-11-4 and 4-11-6):

- Federal funds received by state institutions of higher education, by students, or by faculty members of such institutions for instructional or research purposes and federal funds received for student scholarships or grants-in-aid
- Federal nondiscretionary pass-through funds earmarked in specified amounts or appropriations for transmittal to local political subdivisions or to designated classes of organizations and individuals which do not require state-matching funds and do not permit discretion in their distribution by the receiving state spending unit
- Federal funds made available to the state for costs and damages resulting from natural disasters, civil disobedience, or an occurrence declared by the Governor as a state of emergency
- Federal funds received by the West Virginia Division of Highways or the West Virginia Commissioner of Highways

This report provides detailed information about federal programs, including a brief description, state fund in which the federal funding was received, the federal grantor and matching formula, federal catalog number, and actual and estimated receipts.

Sources of Revenue Fiscal Year 2022 \$7.462 Billion (Estimated)

**LEGISLATURE
JOINT EXPENSES**
CRIME VICTIMS COMPENSATION FUND
Description:

The Crime Victims Compensation Fund was enacted by the 1981 Legislature and became effective July 1, 1981, with claims being filed as of January 1, 1982. The fund was established to reimburse innocent victims of crime for loss of wages, medical, funeral, burial, and other non-reimbursed expenses.

NICS ACT RECORD IMPROVEMENT PROGRAM

Description:

National Instant Criminal Background Check System (NICS) Act Record Improvement Program (NARIP). The program furthers the DOJ's mission by improving the records available to NICS. This is accomplished by helping eligible states and tribes improve the completeness, automation and transmittal of records to state and federal systems.

The NICS Improvement Act amends the Brady Handgun Violence Prevention Act of 1993 (the Brady Act) (Public Law 103-159), under which the Attorney General established NICS.

The West Virginia Administrative Office of the Courts (AOC) will use funds to continue to improve the backlog of court dispositions and the reporting of individuals with mental health adjudications on their records. The backlog is directly related to staffing and resources available to process the incoming disposition forms being submitted by court clerks throughout the state. To build upon the efforts of previously funded projects, the AOC will continue to fund the staff and efforts to reduce the backlog of dispositions. The WV Offender Case Management System (WVOCMS) is the system that collects all demographic information, family and criminal history, assessment information, fees information, incarceration information, drug testing and other identifying information. The system has the capability to house scanned copies of the pre-sentence report, court orders and indictments and record missing dispositions for the pre-sentence and LS/CMI reports. The WVOCMS is the most accurate electronic system to pull indictment and submit case file data with a disposition and a required prohibitor to the WVSP Criminal Record Repository for inclusion in the criminal history file.

Comments:

A community service assignment for a participant under Title V of the Older Americans Act (OAA) is permissible only when specific maintenance of effort requirements are met. Each project funded under Title V: 1) must not reduce the number of employment opportunities or vacancies that would otherwise be available to individuals not participating in the program; 2) must not displace currently employed workers (including partial displacement, such as a reduction in the hours of nonovertime work, wages, or employment benefits); 3) must not impair existing contracts or result in the substitution of federal funds in connection with work that would otherwise be performed; and 4) must not employ or continue to employ any eligible individual to perform the same work or substantially the same work as that performed by any other individual who is on layoff.

SENIOR SERVICES
BUREAU OF SENIOR SERVICES
STATE HEALTH INSURANCE ASSISTANCE PROGRAM (SHIP)

Description:

This is a statewide health insurance information, counseling, and public assistance program. Its mission is to educate the public about Medicare and other health insurance issues as well as to provide objective individual counseling on Medicare and its new prescription drug program. The program also operates Medicare Part D call center to aid in enrollment or other policy issues. Also included is the Senior Medicare Patrol Program (SMP) which is empowering seniors to prevent health care fraud and also the West Virginia SHIP Volunteer Program in which volunteers assist Medicare beneficiaries with questions related to Medicare.

Total	\$11,704,125	\$12,981,619	\$11,081,619

Comments:

In order to avoid a penalty, each fiscal year the state agency, to meet the required nonfederal share applicable to its allotments under this part, shall spend under the state plan for both services and administration at least the average amount of state funds it spent under the plan for the three previous fiscal years. If the state agency spends less than this amount, the commissioner reduces the state's allotments for supportive and nutrition services under this part by a percentage equal to the percentage by which the state reduced its expenditures.

**COUNCIL FOR C&T COLLEGE EDUCATION
COUNCIL FOR COMMUNITY AND TECHNICAL COLLEGE EDUCATION
ECONOMIC ADJUSTMENT ASSISTANCE PROGRAM**

Description:

The Apprenticeship In Motion (AIM) program promotes and expands registered nontraditional apprenticeship activity in the Mountain State. This collaborative group of partners identifies, standardizes and develops courses that are needed statewide in order to increase and improve the registered apprenticeship programs within West Virginia. The AIM program provides a host of benefits to both businesses and individuals in West Virginia.

ALLIANCES FIRST2 NETWORK

Description:

The NSF INCLUDES Alliances form the central parts of the NSF INCLUDES National Network. Alliances will bring together programs, people, organizations, technologies, and institutions to achieve results at scale, provide new research, and leverage NSF's broadening participation investments. The NSF INCLUDES approach requires that each Alliance focus not only on its own vision and goals, but also work with the NSF INCLUDES Coordination Hub (the Hub) and other organizations within the NSF INCLUDES National Network. Collectively, the set of Alliances will participate in a network to achieve long-term goals of the NSF INCLUDES program through collaboration with the NSF INCLUDES Coordination Hub and by creating opportunities for other organizations and broadening participation stakeholders to join in and expand the NSF INCLUDES National Network.

Comments:

The explanation portion of our draft policy, currently being finalized for approval is below.

Reason for Policy:

The Uniform Guidance Subpart E 200.430 contains the federal regulatory requirements for internal controls over certifying time expended on sponsored projects. The University's practice is to utilize an after-the-fact effort reporting system to certify that salaries charged, or cost shared to sponsored awards, are reasonable and consistent with the work performed. Actual effort expended on each project should be certified by the principal investigator, who should have first-hand knowledge of the employee's compensated activities, at the end of specified reporting periods. The effort certification should be a reasonable estimate of how time was expended. Section 200.430(C.x.) states, "It is recognized that teaching, research, service, and administration are often inextricably intermingled in an academic setting. When recording salaries and wages charged to Federal awards for IHEs [Institutions of Higher Education] a precise assessment of factors that contribute to costs is therefore not always feasible, nor is it expected."

Procedure:

The Principal Investigator of a federally sponsored program/project is responsible for distributing quarterly report forms to all employees who worked on their federally funded sponsored account(s) and collecting the completed forms. The Principal Investigator is responsible for reviewing and certifying each completed report. The original, signed report(s) must be submitted to the Office of Grants and Sponsored Programs within 15 business days following the last date of the reporting period. The PI should review the accuracy of the effort for that given time period. The PI is only certifying the work that was done on the account for which they are responsible. All accounts are to be listed because effort is 100% of work completed for Fairmont State University. Total effort cannot exceed 100%. There should never be negative effort on the report. The percentage of effort for the sponsored program account(s) should be reflective of what is stated in the proposal submitted to the sponsor or award documents from the sponsor.

FAIRMONT STATE UNIVERSITY**
APPALACHIAN TEACHING
Description:

The Institution offers at least one course in which students will work with a local Appalachia community partner to identify a critical community need or problem that affects the community's long-term sustainability. The institution will develop a community-based research project through a credit-bearing course that addresses the community-identified problem and uses the local community's assets to build sustainability. Fairmont State used the funding to partner with the Marion County Historical Society and Convention and Visitors Bureau to design and produce a Fairmont Heritage Trail walking tour map of the downtown Fairmont area.

NASA CYBERSECURITY

Description:

Human centered cybersecurity risks constitute a significant portion of the hazards facing any modern institution. Recent high profile data security breaches such as the Equifax and Facebook scandals are currently highlighting the need for a broad understanding of basic cybersecurity among both professionals and the average citizen. More locally, Fairmont State University (FSU) has experienced an uptick in the volume of phishing attempts against students, faculty, and staff in recent months. This project will give four to six talented cybersecurity and mathematics students at FSU the opportunity to analyze social engineering attacks. The project will utilize statistics and machine learning techniques to analyze cybersecurity data. With the FSU Institutional Review Board approval, an experiment will also be conducted that will test vulnerability to phishing emails, vulnerability to USB drops, and the effectiveness of certain kinds of training on preventing further potential security breaches. For an institution like FSU, the damage that can be done by these threats is limited largely to the personal data of employees and students. These issues are heightened for a federal agency like NASA which has national security interests to consider. Moreover, since there is an intersection of personnel between FSU and NASA IV&V, the results of an experiment on FSU campus is naturally interesting to both institutions.

NASA EDUCATORS RESOURCES CENTER

Description:

Training, educational, and cooperative grant supplement. The Educator Resource Center (ERC) Grant, With NASA IV&V, is a continued collaborative relationship via a grant between NASA's Independent Verification and Validation (IV&V) Program and Fairmont State University (FSU) in support of extending the existence of the Educator Resource Center, known henceforth, as the Education Resource Center (ERC). The work of the ERC brings life to the vision and mission of NASA IV&V by expanding opportunities for West Virginia's students and educators who are dedicated to the promotion of science, technology, engineering and mathematics (STEM) education. Additionally, the collaboration will offer educators access to facilities and supported application of expertise in their efforts to meet national and state STEM education standards.

NATIONAL GUARD CHALLENGE PROGRAM
Description:

The Mountaineer ChalleNGe Academy is a program to train and mentor selected at-risk youth to become contributing members of society by using eight core components in a quasi-military environment during a 22 week residential and one year follow-up program. Students have the opportunity to earn their high school diploma or a high school equivalency certificate. This program is 75% federally funded with a 25% matching requirement. There are 2 Programs in the State located in Kingwood and Montgomery.

The Mountaineer Job ChalleNGe Program offers Mountaineer ChalleNGe graduates with career and technical education leading to industry recognized certifications and job placement.

The 100% federally funded STARBASE Academy programs raise the interest and improves the knowledge and skills of fifth grade students in Berkeley and Kanawha counties by providing innovative, educational outreach programs in unconventional settings. The program focuses on science, technology, engineering, and mathematics concepts, while integrating 21st Century learning strategies. These programs are located at our Air National Guard facilities in Charleston and Martinsburg. Both locations teach two classes each day.

EXPANSION OF NALOXONE DISTRIBUTION
Description:

The West Virginia Bureau for Public Health Office of Emergency Medical Services will utilize the funds from this grant opportunity to expand upon efforts and activities already in place through a variety of other grants currently in progress in multiple state and local entities. The purpose of this project is to implement the activities outlined, in order to, turn the tide on the opioid epidemic. To achieve this purpose of this project, a phased, county-level approach is being proposed that initially engages and assesses the highest risk communities, selects those at greatest need, and develops a systematic process for collaborative planning, implementation, and evaluation of tailored, naloxone distribution and patient intervention programs. Each program will feature development, implementation, and evaluation components that, dependent upon need, may include: 1. EMS agency naloxone distribution program; 2. Linkages to integrate emergency treatment, preventive services, and law enforcement encounters with referral and care management systems; 3. Targeted EMS provider and/or community education programs. The goal of this project is to reduce the number of prescription and illicit opioid overdose related deaths and adverse events among persons 18 years of age and older in WV. Initially this will take place in a limited number of high risk communities with the ultimate goal of reaching all regions of the state.

MONEY FOLLOWS THE PERSON REBALANCING DEMONSTRATION

Description:

This grant will allow state efforts to rebalance their long-term support system so that individuals have a choice of where they live and receive services. This program is called Take Me Home, West Virginia and is directed at assisting individuals who are Medicaid members that are residents of long term care facilities, who may be able to live on their own, in transitioning out of the facility so that they can live in the community. The program provides specific assistance and supports for the first 365 days after the individual transitions out of the facility. It also has a component to provide for rebalancing initiatives to make changes to long-term care services systems to expand community based supports.

TITLE IV-B CHILD WELFARE SERVICES
Description:

The purpose of the Stephanie Tubbs Jones Child Welfare Services program is to promote state and tribal flexibility in the development and expansion of a coordinated child and family services program that utilizes community-based agencies and ensures all children are raised in safe, loving families. Funds may be used for the following purposes: (a) protecting and promoting the welfare of all children; (b) preventing the abuse, neglect, or exploitation of children; (c) supporting at-risk families through services that allow children to remain with their families or return to their families in a timely manner; (d) promoting the safety, permanence, and well-being of children in foster care and adoptive families; and (e) providing training, professional development, and support to ensure a well-qualified workforce. FY2021 includes CARES ACT estimate of \$276,154.

Grantor: U.S. Department of Health and Human Services

TITLE IV-E FOSTER CARE

Description:

The Title IV-E Foster Care program helps states provide safe and stable out-of-home care for children under the jurisdiction of the state child welfare agency until the children are returned home safely, placed with adoptive families, or placed in other planned arrangements for permanency. The program provides funds to assist with the costs of foster care maintenance for eligible children; administrative costs to manage the program; and training for public agency staff, foster parents, and certain private agency staff. FY2021 includes CARES ACT funding of \$3,000,000.

Grantor: U.S. Department of Health and Human Services

TITLE XIX MEDICAL ASSISTANCE PROGRAM

Description:

To provide financial assistance to states for payments of medical assistance on behalf of cash assistance recipients, children, pregnant women, and the aged who meet income and resource requirements, and other categorically-eligible groups. In certain states that elect to provide such coverage, medically-needy persons, who, except for income and resources, would be eligible for cash assistance, may be eligible for medical assistance payments under this program. Financial assistance is provided to states to pay for Medicare premiums, copayments, and deductibles of qualified Medicare beneficiaries meeting certain income requirements. More limited financial assistance is available for certain Medicare beneficiaries with higher incomes. FFY2021 include CARES ACT funding increase of \$100,000,000.
