DAVE HARDY
CABINET SECRETARY

Date: December 31, 2021

To: Governor Jim Justice

This report is submitted in fulfillment of a statutory requirement in W.Va. Code §11B-2-23 to present a consolidated report containing a detailed itemization of all federal funds received by state spending units during the preceding fiscal year, as well as those scheduled or anticipated to be received during the current and next ensuing fiscal years.

As required, the information contains:

- The name of the spending unit that has received or is scheduled or expected to receive federal funds in any of the fiscal years;
- The amount of each separate grant or distribution received or to be received;
- And a brief description of the purpose of every grant or other distribution, with the name of the federal agency, bureau, or department making the grant or distribution.

This information was compiled by staff of the State Budget Office from the information received from agencies as part of the FY 2023 Appropriation Request process and is current as of October 31, 2021. We believe this information to be reliable and accurate but have not undertaken to independently verify the information.

Sincerely,

A handwritten signature in blue ink that reads "Dave Hardy".

Federal Programs

Consolidated Report

Federal funds are received directly from the federal government and may only be used for the specific purpose for which they are intended. Federal funds consist of any financial assistance made directly to any state department/bureau/commission/division by the United States government, whether a loan, grant, subsidy, augmentation, reimbursement, or any other form of such assistance, including federal matching funds.

Federal funds have become a substantial part of the operation of state government, either as part of ongoing programs or structured to institute state action. In all cases, federal funds are a significant feature of state services and the budget process.

With the following exceptions, Federal Funds must be included in the Budget Act and appropriated by the Legislature (as required by W.Va. Code 4-11-4 and 4-11-6):

- Federal funds received by state institutions of higher education, by students, or by faculty members of such institutions for instructional or research purposes and federal funds received for student scholarships or grants-in-aid
- Federal nondiscretionary pass-through funds earmarked in specified amounts or appropriations for transmittal to local political subdivisions or to designated classes of organizations and individuals which do not require state-matching funds and do not permit discretion in their distribution by the receiving state spending unit
- Federal funds received by the West Virginia Division of Highways or the West Virginia Commissioner of Highways

This report provides detailed information about federal programs, including a brief description, state fund in which the federal funding was received, the federal grantor and matching formula, federal catalog number, and actual and estimated receipts.

NICS ACT RECORD IMPROVEMENT PROGRAM

Description:

National Instant Criminal Background Check System (NICS) Act Record Improvement Program (NARIP). The program furthers the DOJ's mission by improving the records available to NICS. This is accomplished by helping eligible states and tribes improve the completeness, automation and transmittal of records to state and federal systems.

The NICS Improvement Act amends the Brady Handgun Violence Prevention Act of 1993 (the Brady Act) (Public Law 103-159), under which the Attorney General established NICS.

The West Virginia Administrative Office of the Courts (AOC) will use funds to continue to improve the backlog of court dispositions and the reporting of individuals with mental health adjudications on their records. The backlog is directly related to staffing and resources available to process the incoming disposition forms being submitted by court clerks throughout the state. To build upon the efforts of previously funded projects, the AOC will continue to fund the staff and efforts to reduce the backlog of dispositions. The WV Offender Case Management System (WVOCMS) is the system that collects all demographic information, family and criminal history, assessment information, fees information, incarceration information, drug testing and other identifying information. The system has the capability to house scanned copies of the pre-sentence report, court orders and indictments and record missing dispositions for the pre-sentence and LS/CMI reports. The WVOCMS is the most accurate electronic system to pull indictment and submit case file data with a disposition and a required prohibitor to the WVSP Criminal Record Repository for inclusion in the criminal history file.

Comments:

In order to avoid a penalty, each fiscal year the state agency, to meet the required nonfederal share applicable to its allotments under this part, shall spend under the state plan for both services and administration at least the average amount of state funds it spent under the plan for the three previous fiscal years. If the state agency spends less than this amount, the commissioner reduces the state's allotments for supportive and nutrition services under this part by a percentage equal to the percentage by which the state reduced its expenditures.

AFJROTC FLIGHT ACADEMY

Description:

The intent of the AFJROTC Flight Academy program is to renew interest in aviation careers and positively impact aviation diversity by offering scholarships to AFJROTC, ROTC and Civil Air Patrol (CAP) cadets to earn PPCs. This partnership fosters cooperation to increase and promote interest in aviation careers.

Additionally, the program seeks to benefit AFJROTC and university participating partners. AFJROTC benefits by exposing young people to aviation in a college environment surrounded by aviation enthusiast and experts. Universities benefit through increased university exposure, drawing cadets from across the globe who, depending on how the university invests in the students during their stay, could return for their college education. Additionally, the university benefits through potential follow-on scholarships (ROTC or others).

Description:

The NSF INCLUDES Alliances form the central parts of the NSF INCLUDES National Network. Alliances will bring together programs, people, organizations, technologies, and institutions to achieve results at scale, provide new research, and leverage NSF's broadening participation investments. The NSF INCLUDES approach requires that each Alliance focus not only on its own vision and goals, but also work with the NSF INCLUDES Coordination Hub (the Hub) and other organizations within the NSF INCLUDES National Network. Collectively, the set of Alliances will participate in a network to achieve long-term goals of the NSF INCLUDES program through collaboration with the NSF INCLUDES Coordination Hub and by creating opportunities for other organizations and broadening participation stakeholders to join in and expand the NSF INCLUDES National Network.

Comments:

The explanation portion of our draft policy, currently being finalized for approval, is below.

Reason for Policy:

The Uniform Guidance Subpart E 200.430 contains the federal regulatory requirements for internal controls over certifying time expended on sponsored projects. The University's practice is to utilize an after-the-fact effort reporting system to certify that salaries charged, or cost shared to sponsored awards, are reasonable and consistent with the work performed. Actual effort expended on each project should be certified by the Principal Investigator (PI), who should have first-hand knowledge of the employee's compensated activities, at the end of specified reporting periods. The effort certification should be a reasonable estimate of how time was expended. Section 200.430(C.x.) states, "It is recognized that teaching, research, service, and administration are often inextricably intermingled in an academic setting. When recording salaries and wages charged to Federal awards for IHEs [Institutions of Higher Education] a precise assessment of factors that contribute to costs is therefore not always feasible, nor is it expected."

Procedure:

The Principal Investigator (PI) of a federally sponsored program/project is responsible for distributing quarterly report forms to all employees who worked on their federally funded sponsored account(s) and collecting the completed forms. The PI is responsible for reviewing and certifying each completed report. The original, signed report(s) must be submitted to the Office of Grants and Sponsored Programs within 15 business days following the last date of the reporting period. The PI should review the accuracy of the effort for that given time period. The PI is only certifying the work that was done on the account for which they are responsible. All accounts are to be listed because effort is 100% of work completed for Fairmont State University. Total effort cannot exceed 100%. There should never be negative effort on the report. The percentage of effort for the sponsored program account(s) should be reflective of what is stated in the proposal submitted to the sponsor or award documents from the sponsor.

APPALACHIAN TEACHING
Description:

The Institution offers at least one course in which students will work with a local Appalachia community partner to identify a critical community need or problem that affects the community's long-term sustainability. The institution will develop a community-based research project through a credit-bearing course that addresses the community-identified problem and uses the local community's assets to build sustainability. Fairmont State used the funding to partner with the Marion County Historical Society and Convention and Visitors Bureau to design and produce a Fairmont Heritage Trail walking tour map of the downtown Fairmont area.

NATIONAL GUARD CHALLENGE PROGRAM

Description:

The Mountaineer ChalleNGe Academy is a program to train and mentor selected at-risk youth to become contributing members of society by using eight core components in a quasi-military environment during a 22-week residential and one year follow-up program. Students have the opportunity to earn their high school diploma or a high school equivalency certificate. This program is 75% federally funded with a 25% matching requirement. There are two programs in the State, located in Kingwood and Montgomery.

The Mountaineer Job ChalleNGe Program offers Mountaineer ChalleNGe graduates with career and technical education leading to industry recognized certifications and job placement. This Program is located in Kingwood.

The 100% federally funded STARBASE Academy programs raise the interest and improves the knowledge and skills of fifth grade students in Berkeley and Kanawha counties by providing innovative, educational outreach programs in unconventional settings. The program focuses on science, technology, engineering, and mathematics concepts while integrating 21st Century learning strategies. These programs are located at our Air National Guard facilities in Charleston and Martinsburg. Both locations teach two classes each day.

US DEPARTMENT OF AGRICULTURE RESEARCH (USDA-ARS)

Description:

Awarded by the United States Department of Agriculture, Agriculture Research Service (USDA-ARS) to develop integrated research and technology support for infrastructure for small, rural farms in West Virginia and across the Appalachian region. USDA-ARS, Appalachian Fruit Research Station (AFRS) develops new technologies and fruit varieties that could help improve rural farm profitability through development of high value niche markets and reduced production costs. The USDA-ARS AFRS and the West Virginia Military Authority will carry out shared research and education/outreach efforts to support the utilization of new technologies and plant varieties by rural West Virginia growers. The long-term objectives are to promote economic development, increase access to fresh fruits within impoverished areas of Appalachia, and strengthen United State agriculture by better leveraging available land and water resources which are currently underutilized.

These funds support 40% of the salary and benefits of a shared Research Horticulturist who will work with both parties to carryout the objectives.

EXPANSION OF NALOXONE DISTRIBUTION

Description:

The West Virginia Bureau for Public Health Office of Emergency Medical Services will utilize the funds from this grant opportunity to expand upon efforts and activities already in place through a variety of other grants currently in progress in multiple state and local entities. The purpose of this project is to implement the activities outlined, in order to, turn the tide on the opioid epidemic. To achieve the purpose of this project, a phased, county-level approach is being proposed that initially engages and assesses the highest risk communities, selects those at greatest need, and develops a systematic process for collaborative planning, implementation, and evaluation of tailored, naloxone distribution and patient intervention programs. Each program will feature development, implementation, and evaluation components that, dependent upon need, may include: 1. EMS agency naloxone distribution program; 2. Linkages to integrate emergency treatment, preventive services, and law enforcement encounters with referral and care management systems; 3. Targeted EMS provider and/or community education programs. The goal of this project is to reduce the number of prescription and illicit opioid overdose related deaths and adverse events among persons 18 years of age and older in WV. Initially this will take place in a limited number of high risk communities with the ultimate goal of reaching all regions of the state.

TITLE IV-B CHILD WELFARE SERVICES
Description:

The purpose of the Stephanie Tubbs Jones Child Welfare Services program is to promote state and tribal flexibility in the development and expansion of a coordinated child and family services program that utilizes community-based agencies and ensures all children are raised in safe, loving families. Funds may be used for the following purposes: (a) protecting and promoting the welfare of all children; (b) preventing the abuse, neglect, or exploitation of children; (c) supporting at-risk families through services that allow children to remain with their families or return to their families in a timely manner; (d) promoting the safety, permanence, and well-being of children in foster care and adoptive families; and (e) providing training, professional development, and support to ensure a well-qualified workforce. FY2021 includes CARES ACT estimate of \$276,154.
