**July 16, 2015**

The Board's President, Dr. Gerber, determined this meeting was properly noticed with the Secretary of State's office and a sufficient number of Board members were in attendance to constitute a quorum. The quorum was determined by the presence of Dr. Gerber, Dr. Conard, Dr. Black, Dr. Eckley, Dr. Kaczowski, Mrs. Shea, Dr. Smith, Mr. Ford and Mrs. Stevens. Therefore, the meeting of the West Virginia Board of Dentistry was called to order.

The first order of business was the meeting notice to the Secretary of State which was distributed for information purposes only.

The next order of business were the minutes from the March meeting. Upon motion by Dr. Charles L. Smith and properly seconded by Mrs. MaryBeth Shea, and unanimously passed, the minutes were approved as distributed.

The next order of business was information concerning a Settlement Order with Aspen Dental Management, Inc. and the New York State Attorney General. This settlement requires Aspen Dental to change the way it operates its business practices in New York so that it does not dictate the care provided by dentists and dental hygienists in their dental offices, does not split fees with clinics, and makes clear to the public that Aspen Dental Management is not a provider of dental services. At this time the President of the Board asked that this topic be tabled until the October meeting so Board counsel may have opportunity to further review this settlement as it relates to West Virginia law.

The next order of business was information concerning the Supreme Court decision concerning the Federal Trade Commission vs. North Carolina Board of Dental Examiners case and a letter from the Federation of Associations of Regulatory Boards to Attorney Generals across the country concerning the consideration of the impact of any potential alterations to regulatory structure and to exercise due diligence before undertaking these potential alterations.

Board counsel has suggested the Board revise its policy as to second offence charges to read automatic referral to the Dental Recovery Network or board approved program for evaluation. The Board agreed to this editorial change by consensus.

The next order of business was a review and discussion concerning the renewal form question "...have you been treated for drug or alcohol addiction...". The Board has received a verbal request from Mike Brown, Executive Director of the WV Dental Recovery Network to change this question on the form so it does not deter any licensee from getting the help they need with impairment issues. Upon motion by Dr. George D. Conard, Jr., and properly seconded by Mrs. Beverly L. Stevens, and unanimously passed, the Board approved a change to the question to allow licensees who are under contract with the Dental Recovery Network to answer no to this question.

The next order of business was a report concerning the recent continuing education audit for the period of February 1, 2012 through January 31, 2014. Upon motion by Dr. Charles L. The committee directed the Executive Secretary to write a letter to the State's component dental societies informing them of the need for investigators in various parts of the state and to inform their members of this need. These letters were sent out shortly before the Board meeting. The Board requested information be placed in the newsletter requesting dentists or hygienists interested in being considered should send a letter of interest with a curriculum vitae to the Board office.

The next order of business were the proposed rules and review of comments from the comment period. The first set of rules series 11 concerning continuing education. There was one comment received in regards to this rule, which referred to language from the Access to Opioid Antagonist Act, the drug diversion and proper prescribing of controlled substances requirement now includes training on the prescribing and administration of an opioid antagonist and that the proposed rule should reflect this change. The Board agreed with this comment. Upon motion by Mrs. Beverly L. Stevens, and properly seconded by Dr. L. Edward Eckley, and unanimously passed, the Board directed the Executive Secretary to file series 11 as agency approved rule. The second set of rules series 13 regarding expanded duties. During the comment period, the Board received no comments, but questions arose from licensees concerning the language in sections 5.1(e), 6.1(c)(13) and 7.1(j)(7) "Examining and recording periodontal findings". The Board is of the opinion the word "examining" is confusing and in this case is unnecessary. Changing the language to recording periodontal findings allows the hygienist to continue to measure pocket depths and record the findings. The Board voted unanimously to make this change to the proposed rule and file it as the agency approved rule. Motion was made by Dr. George D. Conard, Jr., and properly seconded by Dr. Stan W. Kaczowski. The last rule were the procedural rules concerning contested case hearing procedures. There were no comments during the comment period. Edward Eckley, and unanimously passed, the Board waives the application fee.

Request no change in the West Virginia dental laws regarding the use of dental lasers by dental hygienists. The West Virginia Board of Dentistry continue to be receptive and to evaluate any information that may be provided to it in the future in regard to the use of dental lasers (primarily for periodontal patients). The Laser Committee will review the laws, rules and duties of the states that allow dental hygienists to use lasers in the dental practice (primarily for periodontal patients) in order to be better prepared for the future consideration of laser usage by dental hygienists.

Dr. George D. Conard, Jr., made a motion the Board adopt the recommendations as made by the Laser Review Committee. Dr. Byron H. Black properly seconded the motion. The motion passed unanimously.
