Hearing Discussion: A discussion was held concerning the use of a hearing examiner vs. the full board for the Boyce hearing. Chairwoman Frost gave sound reasoning for the use of a hearing examiner. The cost involved of hiring an Examiner was discussed and all board members understand the strain this could possibly put on the Board's budget. With the public's best interest in mind, the board voted to use the hearing examiner instead of hearing the case themselves.

Discussion: After researching all the previous minutes since 2000, the ED reported that her discussion with a previous board concerning her annual leave holdover had not been recorded in the minutes. When ED was the only employee for the Board, the Board, at that time, had granted her the ability to hold over more hours of annual leave than allowed by the State. Today, this board upheld that agreement.

Upcoming Hearing: ED met with AG Rep to go over file. Both attorneys are in process of reviewing files and moving towards a hearing. The hearing is set for November 5, 2014.

2015 Rule Compliance: By June 30, 2015 all LPCs are required to meet the new "60 hour" MA rule. Most LPCs will be in compliance if they have maintained their renewal hours every two years. The ED and the PD will begin (after Jan. 1) to review all

files to insure that every LPC will come into compliance. A discussion was held concerning what to do with those that fail to come into compliance. The idea was presented that each of those LPCs would be required to present, in writing, a plan to come into compliance. It was recommended that LPCs have this plan in place by January 1, 2015. This issue will be revisited at the January 2015 meeting.

NBCC State Boards Meeting:

Roxanne Clay and Deb Frost attended the NBCC State Boards Meeting in August, 2014. They report that the meeting was well worth attending; many common issues between state boards were discussed. Much networking with surrounding states was done. Issues such as reciprocity and distance counseling were prominent. It appears that other states have reciprocity issues. This Board is going to keep this dialog open and possible adopt a new directive for endorsement. One of the most important issues discussed was the movement of NBCC towards requiring certification candidates to be graduates of CACREP programs. Given that currently, Marshall University is not CACREP accredited, it was discussed that MU should consider moving towards CACREP accreditation. WVU is currently accredited by CACREP. Based on this discussion, the Board is going to keep the dialog open on this topic.

Update on Annual Auditor's Conference:

Roxanne Clay discussed her recent trip to attend the WV State Annual Auditor's conference held September 16-19, 2014. Currently the Board can process travel and a variety of other functions; however, bi-monthly pay schedule has been delayed. The Board has decided to continue to have payroll clerk at Finance Administration pay the employees. Overall, OASIS is a better, easier system; it just takes time to learn the system. At some point, travel reimbursement will be done direct deposit. Board members were given forms to complete for the direct deposit of travel.

Code Changes in 30-1-7a:

We are members of the state licensing board association and we frequently are updated on legislative changes, however, recent changes to this code were not make apparent to this Board or very many other Boards. On July

1, 2017, a new rule goes into effect that each LPC will complete 2 hours of continuing education in each renewal cycle on mental health conditions common to veterans and family members of veterans. The requirement begins in the 2017-2019 renewal cycle. A discussion ensued regarding what types of continuing education will be accepted to fulfill the requirement. The discussion focused on requiring the continuing education to be "specific to veterans and family members of veterans." The Board has a goal of sending clarifying information out to all LPCs when we send out renewal information for the 2015 renewal cycle. It was noted that the LMFT were inadvertently omitted from this legislation, however, the board will establish the same CE requirement for the LMFT.

BNI Discussion:

The board considered a request from an LPC to issue an opinion on an LPC joining a BNI network. The Board did not feel that BNI membership created an ethical issue for the LPC.

Supervisor Disciplinary Action:

Tabled discussion.

Fees:

Jean Ann Johnson is adjusting her work hours to 20 hour a work week in order to open up some hours for a position at the Board. However, this combined with additional projected costs that the board will incur over the coming months (including hearing fees) may require a fee increase. One item under consideration is raising the fee for reciprocity application. Another item under consideration may be changing the renewal cycle for the provisional license from 3 years to every 1 year with an associated fee. This discussion will be continued at the next Board meeting.

Meeting Adjourned:

2015 Requirement/Consequences: ED sent out notices to folks who will not be coming into compliance with the “2015” Rule within the required time frame. Several folks who feel they will have trouble coming into compliance has asked what the consequence will be for not complying. We anticipate that approximately 20 that will fail to comply. ED noted that most licensees have had since 2007 to comply. The following recommendations were discussed:

1. Inform, via letter, all persons who may be impacted;
2. Outline all attempts at contacting them and informing of the compliance process and requirements;
3. Inform impacted persons that failure to comply will result in suspension of the license until educational requirements are met.

Update on Boyce Hearing: Hearing was held last January 30, 2015. Several parties had the opportunity to testify, including an attorney from AAMFT and WVBE ED. The attorneys were given six weeks from the hearing date to submit their legal findings to the Administrative Law Judge. ED will report back

when a decision is received from the Administrative Law Judge.

Program Director's Report

State Auditor's Annual Seminar for Licensing Boards:

PD attended the State Auditor's Required Annual Seminar for State Licensing Boards on December 2, 2014. Numerous topics were covered and updates provided for wvOasis Phase D, P-Card Oversight, and Panel Discussion by representatives of the AG's office. Other topics covered that will be particularly helpful to the board over the next year include: 'E-Rules filing and Rulemaking Review', and 'Board Appointments and Working with the Legislature'. All Boards expressed they currently have members serving under expired terms.

ED and PD will schedule a meeting with the representatives from the governor's office to discuss reappointments of current board members filling expired terms as well as those needing replaced.

Annual Reports: WVBEC'S 2012-2014 Annual report was submitted to all required parties on December 16, 2014. Annual Reports are due by December 31, 2014.

Legislative Updates: PD reported on HB2239 which relates to creating a Health Professionals Umbrella Board involving 25 health regulatory boards. Board members have been updated via emails since the bill was introduced on January 22, 2015. Other bills of concern include HB2205 which relates to prohibited sexual contact by psychotherapists and providing criminal penalties for such behavior. WVBEC will monitor the movement of this bill. Ethical code already addresses the issues included in this bill and it supersedes our codes of ethics. HB2259 would require the Governor to fill vacant Board seats within 60 days.

ALPS Training with

Don Hall:

In the past, Board members and staff have provided ALPS training to the current and prospective ALPS at continuing education conferences. Don Hall, LPC and ALPS, also provides a 2 day ALPS training that includes the requirements to become an ALPS. PD was present at his last training in October with the goal of continuing to reach out to the ALPS to share board related topics as it relates to the ALPS credential. PD will continue to share at Dr. Hall's future trainings.

wvOASIS Update:

wvOASIS Phase D, which involves Payroll, Human Resource Management, Time Leave Management and the conversion to biweekly pay for state employees was originally expected to go-live January 1, 2015. More delays have been experienced. Many issues have come to light as the system has rolled out. The first wave of agencies are now expected to go-live sometime between April and July. WVBEAC is unclear when full implementation for this Board will happen, however, there will be ongoing trainings that will be available.

AASCB Conference:

PD attended the American Association of State Licensing Boards Conference in Savannah Georgia on January 7-9, 2015. It was a good experience beginning with the 'Administrator's Forum' in which representatives from numerous states provided a brief report with updates and concerns specific to rules, CE, fees, legislation, disciplinary cases and sanctions, and supervisors. Some of the big topics during the conference that was highlighted included Portability of licensure and education requirements where the emphasis is on requiring CACREP educational standards. In the coming months, a letter will be issued by AASCB that will formally request each state accept the endorsement language proposed at the conference. They believe this policy encourages trust between states to properly vet licensees for licensure and honors a licensee's experience. PD also reported that she has volunteered to serve on a committee with AASCB whose topic is 'determining an appropriate path to licensure portability'.

**Endorsement Language
For Rule Change:**

The Board looked at language for adjusting the Series 1 and Series 8 rule regarding endorsements. The Board looked at both Louisiana and Michigan as examples. The Louisiana language totally reflects the language recommended by

AASCB. The Board discussed various elements of language that was preferred. The Board agreed that our language should, with minor changes, come into agreement with the recommendation from AASCB. Changes were made to the AASCB recommendations and will be reflected in Series 1 and Series 8 rule proposals.

Code Changes in 30-1-7A:

Due to 30-1-7a, effective July 1, 2017 LPC's must begin to obtain continuing education in issues related to mental health conditions common to veterans and family members of veterans. Language for Series 3 and Series 10 was presented and accepted for the proposed rule change.

**Use of PH.D. in Counseling
Practice:**

New – Bryson:

LPC is requesting clarification on appropriate use of the PH.D. credentials in counseling when PH.D. is not a related field to counseling. LPC claims that a PH.D. in criminal justice is a related field to counseling. The Board determined that a letter in response should highlight that using the PH.D. credentials in regards to his counseling work is a violation of the code of ethics and he will need to find a solution to using that credential that does not violate the code.

Previous – Gibson:

Applicant for LPC responded to cease and desist for using PH.D. credential incorrectly. The Board appreciates the effort to correct the issue, however still feels that the

applicant's LinkedIn page implies that his PH.D. is in a related field to counseling.

Entered Executive
Session: 1:00 p.m.

Complaint #01-15:

LPC accused of breaching confidentiality, practicing outside their scope of practice and being negligent in providing appropriate information on monitoring a client's drug screens (an area in which they were not trained).

February 20, 2015

The WV Board of Examiners in Counseling held a telephone board meeting on February 20, 2015. The meeting was called to order at 10:12AM.

Board Members

Board President, Frost, outlined all responsibilities for the PD. Board President Frost proposed a pay raise for PD. This would also include a title change for the current PD to Assistant Executive Director. There was a great deal of discussion around the issue of pay raises and promotion and if the Board could afford to pay the increase. The motion was made to move to give a promotion to Roxanne Clay to become the Assistant Executive Director along with a pay increase. The Board is tasked with developing a job description for a part time position to be hired at a later date. Also, Board members would like to see job descriptions for the positions within the Board. Natalie Loretta Criss
Shelley Coleman

**Disclaimer for LPC
Teaching Oils:**

The Board took up the issue of an LPC providing training in the use of essential oils. The Board is concerned about that using the LPC credential behind the person's name would indicate that WVBEAC would accept CEU's on this topic. Because the ACA Code of Ethics is very specific concerning the use of other modalities where there is not any empirical evidence or clinical research using these modalities in a professional counseling practice the Board cannot accept training in the use of essential oils for licensing renewal. All materials that advertise this training must indicate that this training is NOT approved by this WVBEAC. M/S/P: (Frost/Ellison)

**Use of Incorrect Titles In
Counseling
Practice:**

New – Holloway:

Applicant for reciprocity for the MFT credential. Online the applicant currently represents themselves as an MFT. Board moved that a note be sent to applicant asking them to clarify on a website that they are not currently licensed in WV.

Assistant ED Report: RC attended recent conference sponsored by the WV Treasurer's office. RC shared a new system where checks can be scanned vs. directly deposited into the bank. This does involve a cost. RC will look into the cost of implementing this system.

Renewals are underway. So far, 14.6% have already renewed their licenses. Current LPCs are 991, 73 expired in 2013 and could technically renew; 87 Provisional LPCs and

2 provision MFTs; 40 are in the exam process. We have one approved to take the MFT exam. We have 16 in retirement.

RC showed the Board a system of issuing renewal cards as opposed to the stickers. This process is currently being used by the Psychology Board. Where there would be saving with this process in time, the actual cost is undetermined. RC and JAJ will explore the actual cost of this process and report back to the Board.

2015 Requirement/Consequences: ED reported that we have 31 current LPCs who are not meeting the 2015 educational requirement. Notices have been sent to all those affected by the rule change. The Board feels as if we have made all efforts possible on our part to notify these individuals. Certified letters will be sent to all affected notifying them that their license has lapsed and is no longer valid.

Update on Boyce Hearing: The Board is still waiting for the ruling by the Administrative Law judge. No ruling has been issued to date.

Review of Series Changes: The Board spent a significant amount of time reviewing proposed edits and rule changes in Series 1, 2, 3, 8, 9, 10. All rules were approved for filing with the Secretary of State's office.

Review of Board Protocol: Deb Frost made a motion that all financial records be brought to each and every live meeting. M/S/P (Frost/Cassis)
Deb Frost made a motion that Board positions (Chair and Secretary) be limited to two year terms. Guy Gage suggested that more thought give to this process. The Board held discussion on this issue but no motion progressed.

Debbie Frost (Substance Abuse Credential): Deb Frost brought to the attention of the Board the increasing referral of clients to individuals advertised as substance abuse counselors according to the WV Certification Board for Addiction and Prevention Professionals (WVCBAPP). The Board is very concerned that individuals being promoted on this site are not licensed professional counselors and that the public might be confused by this group's advertising. We also have concerns about various training programs throughout the state of WV. Several Board members will make calls to training programs, Universities and state officials to examine further this issue.

**ACA Meeting of Licensure Boards
For South Eastern States:**

Chris Schimmel reported to the Board on her recent interaction with Board members from KY, TN, VA, WV and OH. These states are interested in working towards real counselor license portability between these states. This Board determined that they do want to work with all these states to achieve true portability. In saying that, the Board agreed to the following schools of thought:

1. WVBEC is working towards requiring a CACREP degree for licensure;
2. WVBEC wants to work with these states to achieve portability;
3. Lori Ellison will join Chris on this committee of the states to attempt to work out the educational differences between the states.

Chris made a motion that this Board look to require CACREP accreditation of all licensees by Dec. 2018.

TeleHealth:

Beth reported on a conference she attended on TeleHealth. Beth recommended some cautionary language be added to our website regarding using software such as Telehealth and other distance counseling software. Beth will develop a list to be added to the website for all Board members to review.

The Board reviewed two potential new board members under consideration for appointment to the WVBEC. The Board voted to move ahead with recommending Lisa Westfall to replace Deb Frost and Jeffrey T. Jones and an additional lay person to the board. M/S/P:
(Gage/Schimmel)

Complaint #01-15:

Consent order was completed and sent to LPC. LPC, at that time, decided to retire. After some discussion, LPC has decided she wants to enter the original consent agreement to maintain her license.
