I am very pleased to share the West Virginia Correctional Industries FY18 Annual Report.

Correctional Industries supports the mission of the West Virginia Division of Corrections and Rehabilitation by providing offenders with opportunities to develop marketable job skills and good work habits, while also providing quality products and services to government and non-profit organizations. West Virginia Correctional Industries, moreover, is a self-sufficient and self-sustaining business operation, receiving no state subsidies or taxpayer dollars.

We are grateful to Governor Justice and his administration, and to the Department of Military Affairs and Public Safety. Our successes would not be possible without their support and investment in our overall mission. I also want to recognize and offer special thanks to the customers and partners of West Virginia Correctional Industries for their continued business and support. The Correctional Industries staff likewise is to be especially commended for their dedication and commitment to benefitting the economy, providing the incarcerated men and women of West Virginia with a second chance at becoming productive community members upon their release, and ensuring the safety of our communities by reducing recidivism. Finally, I want to acknowledge and thank the Correctional Industries workers who produce quality products for our customers, while investing in their own futures.

This Annual Report is just one example of the wide range of services offered by our Correctional Industries full-service print shop. The Report highlights the successes and accomplishments of Correctional Industries, and the ongoing efforts to protect public safety and prepare offenders for a successful reentry upon their release.

Sincerely,

Betsy C. Jividen

Correctional Industries is a self-sustaining special revenue business entity and a corrections program that is responsible for efficient and effective operation of the various manufacturing facilities within the Division of Corrections and Rehabilitation. CI produces numerous products including office furniture, license plates, validation decals, signs, inmate clothing, printed materials and more.

In order to be successful and accomplish this mission it is imperative that CI be focused on customers, products and our civilian and inmate workforce.

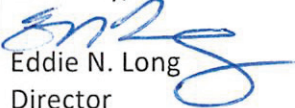

Significant accomplishments in 2018 include:

- Continued to emphasize ongoing continuous improvement and other lean manufacturing concepts designed to improve product quality and customer service and began comprehensive analysis of existing product pricing, production location and warehousing options.
- Renegotiated CI Central Office and Warehouse building lease and established contracts needed to maintain the building in good operational order.
- Assisted DCR consolidation by providing temporary office space for some staff, providing move assistance between the various old, temporary and new locations, assisting with shutdown of HWRC and providing Administrative support as needed.
- Continued to support and work with Mission WV, Girls and Boys State along with other charities by donating blankets, duffel bags and printed educational materials.

Revenues for 2018 were \$6.9 million with operating income of \$397K. This was down from \$7.3 million in 2017 and operating income of \$708K. Earnings were adversely affected by the write-off of \$582K uncollectible aged receivables. In addition, Correctional Industries is once again able to transfer monies to the DCR to be used for various maintenance and construction projects \$488K. This is now a total of \$4.3 million that has been transferred back to the DCR/State over the last six years.

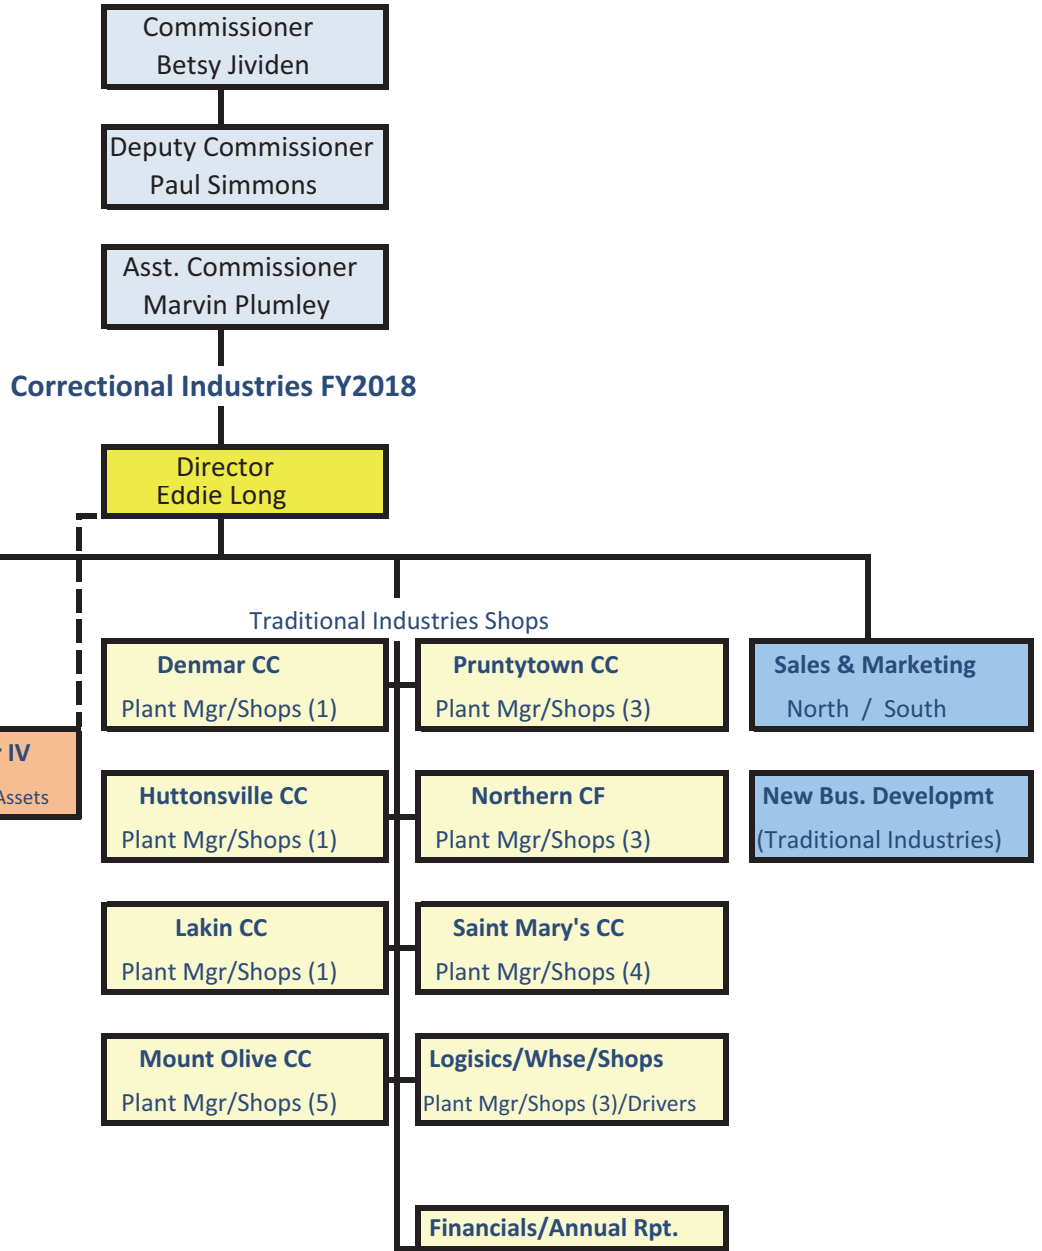

We will continue to pursue Prison Industries Enhancement and Service opportunities to realize additional revenues outside of our traditional customer base. This has enormous potential to provide new revenue streams and in doing so save the taxpayers of West Virginia.

Sincerely,

Eddie N. Long
Director

MANAGEMENT’S DISCUSSION AND ANALYSIS

Management of West Virginia Correctional Industries (WVCI) provides this Management’s Discussion and Analysis of WVCI’s General Purpose Financial Report for readers of the financial statements. This narrative overview and analysis of the financial activities of WVCI is for the fiscal year ended June 30, 2018. We encourage readers to consider this information in conjunction with the additional information that is furnished in the footnotes which can be found following our financial statements. It should be noted that these financial reports are unaudited and for management purposes only.

It should be noted that these financial reports were produced in accordance with Governmental Accounting Standards Board’s Statement No. 34 “Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments” and Statement No. 38 “Certain Financial Statement Note Disclosures” which are two of the most significant changes in the history of governmental accounting. These standards impact all governmental accounting units effective in three phases beginning in the first fiscal year ending after June 15, 1999, and is a major change from prior years.

WVCI is an in-house service provider. As such we are an Internal Service Type Activity currently accounted for in the General Fund of the State’s Comprehensive Annual Financial Report (CAFR). Internal Service Type Activities account for the operations of those state agencies that provide goods and services to other state agencies and governmental units on a cost-reimbursement basis. For the most part these entities operate similar to private sector businesses. They are intended to recover all or a significant portion of their costs through user fees or charges to external users for goods and services. WVCI is expected to recover all its costs.

Financial Highlights

Operating income for the year was \$397K on sales revenue of \$6.9 million. 2018 Net Assets – the assets of WVCI exceeded its liabilities for the fiscal year ended June 30, 2018 by \$6.3 million (presented as “net assets”). Of this amount, \$5.5 million was reported as “unrestricted net assets”. Unrestricted net assets represents the amount available to be used to meet the organizations ongoing obligations to citizens and creditors.

**WEST VIRGINIA CORRECTIONAL INDUSTRIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE QUARTER ENDED JUNE 30, 2018**

NOTE 1

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying general purpose financial statements of West Virginia Correctional Industries (WVCI) conform to accounting principles generally accepted in the United States (GAAP) for governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting.

The general purpose financial statements have been prepared primarily by the Financial Reporting and Auditing Section (FRAS) from accounts maintained by the State Auditor's Office, the State Treasurer's Office, and the Investment Management Board (IMB). Additional data has been derived from reports and data prepared by the various shops based on accounting records maintained by them.

The Reporting Entity

WVCI is an entity within the Division of Corrections and Rehabilitation, Military Affairs and Public Safety and was established by the Legislature for the purpose of providing adequate, regular and suitable employment for the convicts of this State, consistent with proper penal purposes; to further utilize the labor of convicts for self-maintenance and for reimbursing this State for expenses incurred by reason of their crimes and imprisonment; and to effect the requisitioning and disbursement of prison products directly through established State authorities with no possibility of private profits there from. Sale of prison made goods on the open market is prohibited and is confined to agencies or political subdivisions of this State.

Measurement Focus and Basis of Accounting

The accrual basis of accounting, with a flow of economic resources measurement focus is utilized for the financial statements. Under this accounting basis, revenues are recognized when earned and expenses are recognized when incurred. Under GASB Statement No. 20 "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Funds that Use Proprietary Fund Accounting," WVCI has elected not to adopt Financial Accounting Standards Board (FASB) Statements or Interpretations issued after November 30, 1989, unless the GASB specifically adopts such FASB Statements or Interpretations.

Assets and Liabilities

The accompanying notes are an integral part of the financial statements.

Unaudited For Management Purposes Only

Cash

The State Treasurer deposits WVCI's cash in investment pools maintained by the IMB, and such deposits are generally available with overnight notice.

Inventories

Inventories are valued at cost, using the first-in, first-out flow method and expenses are recognized using the consumption method (i.e., when used or sold).

Capital Assets

Capital assets are recorded at historical cost, or at estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at fair market value or estimated fair market value at the time of the donation. In accordance with the capitalization policy adopted by WVCI for financial reporting, equipment in excess of \$1,000 is capitalized.

Capital assets are depreciated using the straight-line depreciation method over various lives, ranging from 3-15 years.

Capital Leases

Leases that transfers substantially all of the benefits and risks of ownership to the lessee are accounted for as capital leases.

Compensated Absences

Vested or accumulated vacation leave is recorded as an expense and a liability as the benefits accrue to employees.

The accompanying notes are an integral part of the financial statements.

Administrative Offices

Correctional Industries Administrative Offices are located at 617 Leon Sullivan Way, Charleston, West Virginia, approximately one mile from the State Capitol. We have 10 staff members reporting out of this office. Periodically, we will employ inmate workers from the Charleston Correctional Center to work in our offices.

Director of WV Correctional Industries – Eddie N. Long was hired as Director of Correctional Industries in January 2010 and has over 25 years of private manufacturing experience. The Director, along with the Deputy Director, oversees and directs 30 civilian employees and approximately 243 inmates at seven facilities throughout West Virginia. The two biggest challenges facing WVCII is maintaining and improving traditional industries operations and customer service and capitalizing on Prison Industries Enhancement programs, commonly known as PIE.

Business Office –This office consists of the Deputy Director, Accountant/Auditor and two Accounting Technicians. The primary responsibilities include, but are not limited to, accounts payable, accounts receivable, procurement, inventory, monitoring and auditing expenses and purchases and supplying accurate data, for the financial reports.

Warehouse/Transportation –This area reports to the Director and consists of a Warehouse Superintendent, three drivers and four inmate workers. All deliveries to the customers from all of our shops are scheduled on a weekly basis and a transportation schedule is issued. This is quite an undertaking for our drivers since deliveries are required throughout the State of West Virginia. On average WVCII vehicles travel over 12,000 miles per month.

Sales and Marketing – Our sales force is constantly exploring new markets within state agencies as well as local government entities. The WVCII sales team is available for onsite help with large furniture and seating purchases. WVCII has a website: www.wvcorrectionalindustries.com and a product showroom located at 617 Leon Sullivan Way, Charleston.

Mt. Olive Correctional Complex

Mt. Olive Correctional Complex is located in Mt. Olive, West Virginia which is approximately 40 miles east of Charleston. There are five shops, four civilian employees and fifty-six inmate workers at this location.

Janitorial Shop – This shop produces bar soap, liquid hand soap, dish washing liquid, 3 In 1 product, powdered laundry detergents and powdered bleach.

Tag Plant – This shop produces aluminum license plates. There are several different types of aluminum plates made for both vehicles and motorcycles.

Engraving Shop – Name tags, desk plates, door plates, directories, plaques, engraved signs and parking permits are produced in the engraving shop.

Welding Shop – Manufactures and designs custom made items per customer request. In addition, we manufacture metal bunk beds for the prisons and other customers. Other items produced in this shop include fire rings, park benches and grills.

Sign Shop – We produce numerous types of signs in this shop, aluminum road signs, plastic signs, banners, stencils, table covers, etc. Two methods, auto cad and silk screen process, are used in the manufacturing of items. The silk screen for license plates is done in this shop.

Northern Correctional Facility

Northern Correctional Facility is located in Moundsville, West Virginia. We have three shops at this location. We employ 6 civilian staff and 36 inmate workers.

Print Shop – Prints business cards, letterheads, envelopes, business forms, NCR forms, brochures, flyers, newsletters, booklets and books. A full service bindery is available offering multiple options to finish the printed product. Custom design, foil stamping and die cutting are additional services available to our customers.

Quick Copy – We now have both black and white and digital color copy capabilities to better serve our customers. This allows for the quick turn around times necessary for our customers to meet the demand of their offices. Both units are fitted with complete finishing lines so that booklets and books can be finished easily and quickly.

Braille Shop – Braille is the only shop where we are allowed to sell to customers outside the State of West Virginia. Many Braille products can be produced in this shop. Braille books and other products made here are used in institutions for the blind nationwide.

Correctional Industries is constantly striving to improve its manufacturing services by upgrading both methods and equipment to help agencies meet their needs and contain costs.

Lakin Correctional Center

Lakin Correctional Center is located near Point Pleasant, West Virginia. There are two shops at this location, with two civilian employees and thirty-one inmate workers.

Inmate Clothing and Linens- We manufacture inmate clothing (elastic waist pants and v-neck shirts in the following colors: red, khaki, orange, white, and yellow). We also manufacture female pajamas and robes for inmates incarcerated in the state prison system.

Upholstery- We reupholster furniture (couches, chairs, weight equipment, exam tables, barber chairs, etc.) We will attempt to put new fabric on almost anything we can salvage, plus replace the foam. With state budget cuts, this shop is becoming very busy because it is less expensive for the customer to have items upholstered rather than buy new.

HCC Commissary Distribution Center

Correctional Industries entered into a partnership with Keefe Group to pack commissary orders and SecurePak package program orders for various Division of Corrections and Regional Jail locations. The center, located in the K building at Huttonsville Correctional Center, packages for shipment approximately 1,375 commissary and package orders to the DOC facilities each week and 335 package orders to the RJA facilities. Keefe currently has two onsite staff members overseeing the production and quality control of the orders. The operation employs 15 inmate workers and one Correctional Industries Supervisor. The shop operates from 7:00 a.m. until 3:30 p.m. each day, Monday through Friday.
