The Honorable Jim Justice
Governor, State of West Virginia
State Capitol Building
1900 Kanawha Boulevard, East
Charleston, WV 25305

Dear Governor Justice:

On behalf of the West Virginia State Board of Registration for Professional Engineers, we are pleased to provide you with our FY2023 Annual Report. This report is hereby submitted in compliance with mandates of the statutory requirements of W.Va. Code §30-1-12(b).

In order to safeguard life, health and property and to promote the public welfare, the practice of engineering in this state is declared to be subject to regulation in the public interest. The WV PE Board is charged with the administration and enforcement of the provisions of W.Va. Code §30-13 governing the practice of professional engineering. Enclosed is the Board's certified Annual Report covering fiscal years 2022-2023, including required documentation of agendas, minutes, receipts, disbursements, rosters and a listing of filed complaints. As always, all information contained within this report, as well as other relevant applicant and examinee information, is accessible 24 hours a day, 7 days a week, via our website at www.wvpebd.gov.

In closing, please know the WV State Board of Registration for Professional Engineers and their staff will continue to strive to provide superior service to the engineering students, the engineering professionals, and the citizens of our great state! Should you have any comments or questions regarding the content of this report, please do not hesitate to contact our office.

Sincerely,

A handwritten signature in blue ink that reads "Lesley L. Rosier-Tabor".

RECEIPTS & DISBURSEMENTS

The West Virginia Board of Registration for Professional Engineers is self-supporting, and operates on the collection of license application fees and renewals rather than appropriated funds. Receipts collected by the WV PE Board are deposited into a Special Revenue Fund at the Office of the Treasurer, and the expenses of the Board are disbursed from this fund. A statement of the total receipts and disbursements of the Board for FY2021 and FY2022 are shown on the following pages. All civil penalties (fines) paid as a result of a disciplinary action are not retained by the Board but rather deposited directly into the General Fund for the State of West Virginia.

All revenue received by the WV State Board of Registration for Professional Engineers is generated in accordance with WV Engineering Law (WV Code Chapter 30-13 and Legislative Rule 7-1-13.4) as outlined in the Fee Table provided below. Additional monies deposited by this agency that could appear in the revenue total from year to year include nominal FOIA copy charges and directly reimbursed Administrative Costs resulting from resolution of a complaint. Daily itemized deposits by revenue type are available for review and all expense disbursements are processed by Object Code in WVOASIS.

General Session Minutes
State Board of Registration for Professional Engineers
July 19, 2022

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Tuesday, July 19, 2022. Those present for all or part of the meeting were:

Garth E. Thomas	President
Larry C. Nottingham	Vice-President
L.A. Gates	Secretary
Bhajan S. Saluja	Member
Edward L. Robinson	Member
Lesley L. Rosier-Tabor	Executive Director
Edward Eagloski	Board Counsel

The meeting was called to order at 10:08am. Mr. Gates participated remotely via teleconference. President Thomas welcomed everyone and introduced the Board officers for FY2023. Mr. Robinson expressed his appreciation to the Board Members and staff for their dedication and attention to detail and reiterated his gratitude to the re-elected slate of Board officers (Mr. Thomas, President; Dr. Nottingham, Vice-President; and Mr. Gates, Secretary) for completing their first year of successful service and willingness to continue to serve in the same leadership roles for a second year.

The Board meeting minutes for the May 24, 2022 meeting were reviewed. A motion to approve the minutes was made by Dr. Nottingham, seconded by Mr. Saluja. Motion carried.

Ms. Rosier presented the Board with budget summaries for May and June 2022 as well as the FY2022 year-end summary. All budget information was received and reviewed, as well as the P-Card transactions for the May and June 2022 timeframe. Ms. Rosier reported a \$1.7M balance for the FY2022 year-end and beginning balance for FY2023. Ms. Rosier also discussed the 20-year Revenue / Expense Comparison, noting that the year-end balance should see a noted decrease in future years given the 10% fee reductions required as a result of SB334 and the Board's new fee filing taking effect August 1, 2022.

A motion to approve the budget, current expenditures, purchasing card transactions, and travel, was made by Mr. Robinson, seconded by Dr. Nottingham. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments:

- In preparation for the upcoming 2022 NCEES Annual Meeting, Ms. Rosier reported that she, other staff members, and President Thomas, attended the virtual NCEES State of the Council Meetings held since our May Board meeting.

- Mr. Saluja requested Ms. Rosier to contact NCEES regarding a request for information on FE and PE exam passage rates (state by state), to determine if specific school/program data outside of WV is available, data on the number of graduate engineers vs. FE and PE examinees, any comparisons of the requested data to other professions, etc. Ms. Rosier will work with Mr. Saluja to clarify his request and hope to discuss details with NCEES leadership at the 2022 Annual Meeting.
- Ms. Rosier discussed upcoming meeting and training participation needs to include the Rhode Island PE Board meeting (virtual), the 2022 WV State Purchasing Conference, and the 2022 NCEES Annual Meeting. Ms. Rosier also reviewed the NCEES Annual Meeting forum options (Engineers, Surveyors, Member Board Administrators), committee meetings and continuing education opportunities available to Board members and staff in August.
- Ms. Rosier also presented the Board with the WVOT response regarding the Board's review of cost and business impact to existing systems, and decision to move forward with RFQs to seek bids for continued IT Maintenance by local vendors. Ms. Rosier reported that OMNI Strategic Technologies submitted the low bid and was awarded the new contract.

Prior to entering into Executive Session, the Board's Counsel provided the details of the resolution of Complaints C2022-28, and C2022-29. The consent orders have been posted on the Board's website.

Mr. Robinson made a motion to enter into Executive Session at 10:50am, seconded by Mr. Saluja. Motion carried.

Mr. Robinson excused himself and exited the room, as to not be part of any discussion or decision making regarding C2022-12 and C2022-13. Mr. Saluja excused himself and exited the room, as to not be part of any discussion or decision making regarding C2022-35. Ms. Tabor excused herself and exited the room, as to not be part of any discussion or decision making regarding C2022-40.

At 12:10pm, Mr. Robinson made a motion, seconded by Dr. Nottingham, to move into General Session. The motion carried, and the Board took the following action:

- Dr. Nottingham made a motion, seconded by Mr. Saluja, to "Receive and File" Complaint C2022-39, and to set said Complaint for a hearing on January 17, 2023.
- Mr. Robinson made a motion, seconded by Mr. Saluja, to "Receive and File" Complaint C2022-40, and to set said Complaint for a hearing on January 17, 2023.
- Dr. Nottingham made a motion, seconded by Mr. Gates, to move I2023-01 to Complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Gates, to "Receive and File" Complaint C2023-01, and set said Complaint for a hearing on January 17, 2023. Motion carried.

The Board acted upon the special case files as follows:

- Dr. Nottingham made a motion, seconded by Mr. Saluja, to approve the PE comity application for Alan E. Money. Motion carried.

The Board directed staff to deposit the Respondent's check for administrative costs associated with C2014-16 and C2015-10, which said matter is pending in circuit court. The Board recessed the General Session at 12:15pm for lunch and resumed the General Session at 1:00pm. During the lunch break, the Board recognized and thanked both Ms. Tara Smith and Ms. Rosier for their 20-year anniversary with the agency. Ms. Smith was presented with a 20-year service certificate signed by the Governor and a letter of recognition and appreciation for WV Department of Administration leadership.

At 1:05pm, the Board held an informal conference with the Respondents in C2022-37. Thereafter, the Board then held an additional informal conference at 1:30pm with the third-party Complainant, and spouse.

After the informal conferences, Mr. Robinson made a motion to reenter into Executive Session at 2:05pm, seconded by Dr. Nottingham. Motion carried.

At 2:22pm, Mr. Robinson, made a motion, seconded by Dr. Nottingham, to move into General Session.

Ms. Rosier reminded the Board that as a result of passage of SB334, the Board's new Legislative Rules updates, including the amended fee structure, will go into effect on August 1, 2022. All Board fees will decrease by 10% per the agency's Final Filing documents submitted to the WV Secretary of State's Office on May 5, 2022.

Ms. Rosier reported that she and Counsel Eagloski will continue to review the proposed changes to Title 7, Series 1 Legislative Rules, which include a number of additional fee changes that ultimately reduced the Board's revenue even further. Ms. Rosier will file the said rules with the WV Secretary of State's Office for public comment at the appropriate time.

Ms. Rosier summarized the most recent NCEES State of the Council meetings which were held virtually. The Board reviewed the upcoming 2022 NCEES Annual Meeting information and Summary of Motions. Ms. Rosier provided an update on the NCEES Annual Meeting consent agenda items and the Board discussed the proposed items that were (or will likely be) removed from the consent agenda.

The Board reviewed details on the upcoming NCEES Annual Meeting forums, professional development webinars as well as 2022-2023 NCEES committee appointments. Ms. Rosier announced that she will serve on the MBA committee again this year and Mr. Thomas reported he was asked to serve as a member of the Committee on Examination Policy and Procedure.

The Board reviewed the latest CBT PE exam transition schedule updates. Ms. Rosier noted that the Structural PE exams will be the only remaining paper and pencil exams offered in April and October until their anticipated transition date of 2024.

The Board reviewed the required BRIM Loss Control Questionnaire and the annual Safety Committee meeting documentation in accordance with BRIM's Standards of Participation letter received May 31, 2022. In addition, the Board completed their Executive Branch Confidentiality agreements for inclusion in the annual BRIM submission and participated in viewing the various videos regarding data breaches, privacy, and safety.

While Ms. Rosier has yet to receive official correspondence from ABET, the Board reviewed the anticipated 2022 ABET fall visit need for one WV college. Ms. Rosier indicated she would share the ABET request immediately upon receipt and asked that Board members consider serving the important role as a Board observer if their schedule permitted.

Ms. Rosier discussed the plan for staff to begin the PE renewal preparations and the Board's annual InterChange newsletter. The newsletter publication will be mailed with the PE renewal notices as well as to all active COA holders. She requested the Board President and staff members begin work on their articles and provide submissions no later than August 15, 2022. Ms. Rosier reported she plans to summarize and conclude their 100th Anniversary commemoration of the agency throughout the publication as well.

The Board reviewed the most recent Professional Licensing Report (PLR) publication.

Ms. Rosier shared correspondence she received regarding the outcome of recent stakeholder meetings and legislative interims, that resulted in the approved legislation to implement new State Fire and State Building Codes. The notification indicates the new Rules will become effective on August 1, 2022.

The Board reviewed the remaining activities shown on the 2022 Calendar of Events, noting no conflicts or changes needed.

Upon motion by Mr. Robinson, seconded by Dr. Nottingham, the Board voted to adjourn the meeting at 3:15pm. The next Board meeting will be September 20, 2022, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
September 20, 2022

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Tuesday, September 20, 2022. Those present for all or part of the meeting were:

Garth E. Thomas	President
Larry C. Nottingham	Vice-President
L.A. Gates	Secretary
Bhajan S. Saluja	Member
Edward L. Robinson	Member
Lesley L. Rosier-Tabor	Executive Director
Edward Eagloski	Board Counsel

The meeting was called to order at 10:01am. Mr. Gates participated initially by teleconference, and appeared in person at 10:35am.

The Board meeting minutes for the July 19, 2022 meeting were reviewed. A motion to approve the minutes was made by Mr. Saluja, seconded by Dr. Nottingham. Motion carried.

The Board budget summaries for July and August 2022 were received and reviewed, as well as the PCard transactions for the months of July and August 2022. Ms. Rosier reported a \$1.578M balance for the end of August 2022. Ms. Rosier discussed the FY2023 budget report, noting anticipated lower revenue in the upcoming FY2023, when compared to recent years, due to implementing SB334 mandates passed during the 2022 WV Legislative Session, effectively reducing all WV PE Board collected fees by 10%.

In addition, Ms. Rosier discussed the FY2024 Appropriations Request submission filed with the WV State Budget Office before their September 1st deadline. The FY2024 Appropriation request was similar to the FY2023 Expenditure Schedule submission that was reviewed by the Board at its May 2022 Board meeting, in that it contained the same overall expenditure total, but an approximate 10% reduction in projected revenue due to SB334.

A motion to approve the budget, current expenditures, purchasing card transactions, and travel, was made by Dr. Nottingham, seconded by Mr. Robinson. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments:

- Ms. Rosier reported that 2 PE examinees have registered with NCEES to take 3 Structural PE exams as WV applicants for the October 2022 paper-and pencil exam administration. She also reported these exams will no longer be administered in West Virginia but at regional tests sites selected at the preference of the examinee.

- Ms. Rosier reported that she and Sue Rubenstein did not participate in the recent WV State Purchasing Card Coordinators Seminar, but rather completed the online training modules and took the necessary quizzes to document their knowledge of the required material.
- Ms. Rosier reported she, President Thomas, Board member Saluja and Counsel Eagloski attending the 2022 NCEES Annual Meeting in Carlsbad, CA.
- Ms. Rosier reported that both she and Counsel Eagloski will be providing a requested licensure presentation to approximately 150 engineering students at Marshall University in mid-October. President Thomas indicated that he conducted a similar presentation on the WVU-Beckley campus relating to the importance of PE licensure, as well as the examination process, earlier this month.
- Ms. Rosier reported that the required 2022 Annual Licensing Board Seminar conducted by the WV State Auditor will be held on Tuesday, November 1st with more details provided later in the agenda.

Prior to entering into Executive Session, the Board's Counsel provided the details of the resolution of Complaints C2022-26, C2022-34, and C2022-38. The consent orders have been posted on the Board's website.

Mr. Saluja made a motion to enter into Executive Session at 10:45am, seconded by Dr. Nottingham. Motion carried.

Mr. Robinson excused himself and exited the room, as to not be part of any discussion or decision making regarding C2022-12 and C2022-13. Mr. Saluja excused himself and exited the room, as to not be part of any discussion or decision making regarding C2022-35. Ms. Tabor excused herself and exited the room, as to not be part of any discussion or decision making regarding C2022-40.

At 12:00pm, Dr. Nottingham made a motion, seconded by Mr. Saluja, to move into General Session. The motion carried, and the Board took the following action:

- Mr. Robinson made a motion, seconded by Mr. Saluja, to dismiss Complaint C2022-37. Motion carried.
- Mr. Gates made a motion, seconded by Dr. Nottingham, to dismiss Complaint C2022-40. Motion carried.

The Board acted upon the special case files as follows:

- Dr. Nottingham made a motion, seconded by Mr. Saluja, to approve the PE comity application for Matthew R. Rosencrans. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Gates, to approve the PE comity application for Richard A. Schlarman. Motion carried.

The Board recessed the General Session at 12:05pm for lunch and resumed the General Session at 12:45pm.

President Thomas shared a summary of recent actions taken at the 2022 NCEES Annual Meeting held in Carlsbad, CA. Ms. Rosier provided an update on the continuing education offerings, as well as the Member Board Administrator forum discussions, including the ARPL Session on recent legislative concerns. President Thomas and Ms. Rosier also reported they both participated in initial meetings with their respective NCEES committee members to discuss the 2022-2023 charges assigned by NCEES President Duhamel.

The Board reviewed the latest CBT PE exam transition schedule updates. Ms. Rosier noted that the Structural PE exams will be the only remaining paper and pencil exams offered in April and October until their anticipated transition date of 2024. The Board also reviewed the regional testing site map for the Structural PE examinees.

Mr. Saluja provided the Board with a detailed update regarding his recent requests for exam information and his discussions with NCEES leadership at the 2022 Annual Meeting. Mr. Saluja also updated the Board with his personal research efforts to date and his continued plan to address his concerns regarding exam pass rates.

Ms. Rosier shared correspondence dated August 2, 2022, from Governor Jim Justice outlining the reappointment of Dr. Larry Nottingham to serve on the Board until June 30, 2027. President Thomas congratulated Dr. Nottingham on his reappointment and thanked him for his service to date.

Mr. Saluja reported that he will be attending an on-campus ABET visit as a Board observer from September 25 – 27, 2022. Mr. Saluja indicated he has been in contact with the team chair and will report back to the Board at their November Board meeting.

Ms. Rosier discussed the staff and database vendor efforts to date in preparing for the biennial PE license renewal. All current PE licenses are set to expire on December 31, 2022 and will be required to be renewed. All new PE licenses processed and activated on October 1 and after will not be required to renew in this upcoming renewal cycle as their newly issued license will not expire until December 31, 2024.

Ms. Rosier reported that the required 2022 Annual Licensing Board Seminar conducted by the WV State Auditor will be held on Tuesday, November 1st in Charleston. Ms. Rosier, Ms. Rubenstein, and Counsel Eagloski are scheduled to participate and all other Board members were encouraged to check their calendars and plan to attend if possible. Ms. Rosier also provided a reminder that all Board members are required to attend at least one time during each appointed term.

The Board was presented with the most recent issue of the Professional Licensing Report (PLR).

The Board was presented with a draft version of the Fall 2022 InterChange newsletter publication. Ms. Rosier requested all staff and Board members submit final proofing comments no later than Friday, September 23rd, noting she will be working with the newsletter editor on Monday, September 26th to finalize the content. The annual newsletter is scheduled to be printed in October and disseminated in late November. As usual, copies will be mailed to all licensed PEs and Retired PEs as an enclosure within

their PE renewal notifications, followed by individual copies being subsequently disseminated to all firms with an active COA as well.

Upon motion by Dr. Nottingham, seconded by Mr. Gates, the Board voted to adjourn the meeting at 2:31pm. The next Board meeting will be held on November 16, 2022, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
November 16, 2022

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Wednesday, November 16, 2022. Those present for all or part of the meeting were:

Garth E. Thomas	President
Larry C. Nottingham	Vice-President
L.A. Gates	Secretary
Bhajan S. Saluja	Member
Edward L. Robinson	Member
Lesley L. Rosier-Tabor	Executive Director
Edward Eagloski	Board Counsel

The meeting was called to order at 10:10am. The Board meeting minutes for the September 22, 2022 meeting were reviewed. A motion to approve the minutes was made by Mr. Robinson, seconded by Dr. Nottingham. Motion carried.

The Board budget summaries for September and October 2022 were received and reviewed, as well as the P-Card transactions for the months of September and October 2022. Ms. Rosier reported a \$1.46M balance at the end of October 2022 and prior to the launch of the Professional Engineering (PE) renewal season.

A motion to approve the budget, current expenditures, purchasing card transactions, and travel, was made by Mr. Robinson, seconded by Dr. Nottingham. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments regarding the following:

- Various trainings were completed since the last Board meeting, including SAWC Worker's Compensation by Encova and the WV State Auditors Annual Licensing Board Seminar.
- Multiple educational outreach presentations including STEM Night, Society of Women Engineers Meeting and the Marshall University's engineering orientation course, which was conducted by her and Mr. Eagloski presenting to approximately 140 students and faculty on October 14th.
- On-going staff projects, as well as plans for upcoming meetings, speaking engagements and training dates that will take place prior to January 2023 Board meeting.

Prior to entering into Executive Session, the Board's Counsel provided the details of the resolution of Complaints C2022-37, and C2022-40.

Mr. Saluja made a motion to enter into Executive Session at 10:30am, seconded by Mr. Robinson. Motion carried.

Mr. Robinson excused himself and exited the room, as to not be part of any discussion or decision making regarding C2022-12 and C2022-13. Mr. Saluja excused himself and also exited the room, as to not be part of any discussion or decision making regarding C2022-35.

At 11:30am, Mr. Robinson made a motion, seconded by Dr. Nottingham, to move into General Session. The motion carried, and the Board took the following action:

- Mr. Robinson made a motion, seconded by Dr. Nottingham, to move I2023-03 to Complaint. Motion carried. Furthermore, Mr. Robinson made a motion, seconded by Dr. Nottingham, to “Receive and File” Complaint C2023-02, and set said Complaint for a hearing on March 14, 2023. Motion carried.
- Mr. Robinson made a motion, seconded by Dr. Nottingham, to move I2023-04 to Complaint. Motion carried. Furthermore, Mr. Robinson made a motion, seconded by Dr. Nottingham, to “Receive and File” Complaint C2023-03, and set said Complaint for a hearing on March 14, 2023. Motion carried.
- Mr. Nottingham made a motion, seconded by Mr. Gates, to move I2023-05 to Complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Gates, to “Receive and File” Complaint C2023-05, and set said Complaint for a hearing on March 14, 2023. Motion carried.
- Mr. Saluja made a motion, seconded by Dr. Nottingham, to move I2023-06 to Complaint. Motion carried. Furthermore, Mr. Saluja made a motion, seconded by Dr. Nottingham to “Receive and File” Complaint C2023-04, and set said Complaint for a hearing on March 14, 2023. Motion carried.

The Board acted upon the special case files as follows:

- Mr. Robinson made a motion, seconded by Mr. Saluja, to approve the PE comity application for Ali S. Fakh. Motion carried.
- Mr. Saluja made a motion, seconded by Dr. Nottingham, to approve the PE comity application for Edward J. Major II. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Gates, to approve the PE comity application for Nathan Daniel W. Stark. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Robinson to approve the Business Entity - DBA Waiver application for Williams Technical Solutions, LLC. Motion carried.

The Board recessed the General Session at 11:55am for lunch and resumed the General Session at 12:30pm.

Ms. Rosier informed the Board that the NCEES announced Chief Executive Officer David Cox will retire effective October 1, 2024. Following his retirement date, Cox will remain with the Council in an advisory capacity until January 31, 2025. The CEO succession plan includes NCEES Chief Operating Officer Davy McDowell, P.E., stepping in to become the next chief executive officer. As CEO, McDowell will serve as chief employed officer of the Council and secretary of the NCEES corporation, with authority over its daily operations.

Ms. Rosier provided an update on the 2023 NCEES Joint Interim Zone meeting scheduled for April 27-29, 2023 in Houston, Texas. Ms. Rosier shared with the Board that NCEES delegate registration for this meeting is due prior to their January 2023 Board meeting. President Thomas, Dr. Nottingham and Mr. Saluja confirmed their interested in attending.

The Board reviewed the call for nominations for the 2022-2023 NCEES National Service Awards. The Board members expressed interest in Ms. Rosier's name being submitted for consideration and President Garth Thomas requested Ms. Rosier compile her most recent activity and supporting documentation for his review prior to the end of the year. Completed nomination packages must be received at NCEES headquarters no later than January 31, 2023.

President Thomas and Ms. Rosier provided updates on their 2022-2023 NCEES Committee work to date. President Thomas serves as a Member of the NCEES Exam Policies and Procedures Committee and Ms. Rosier serves as a member of the Member Board Administrators Committee. Both Committees are busy with a variety of charges assigned to them by NCEES President Duhamel. President Thomas indicated that NCEES appears to now be back to in-person exam writing sessions and committee meetings. Ms. Rosier reported she is scheduled to travel to the new NCEES Headquarters in Greenville, SC in January 2023 for the Member Board Administrator's Conference, followed by the MBA Committee meeting.

The Board reviewed plans for the upcoming Alliance for Responsible Professional Licensing (ARPL) Steering Committee meeting and Ms. Rosier provided an update from the latest ARPL-WV teleconference that she participated in as they prepare for the upcoming 2022 Legislative Session.

The Board reviewed the latest NCEES PE exam updates for 2022, as well as the performance of WV FE and PE exam candidates during the last 12 months. In addition, Mr. Saluja provided the Board with an update regarding his most recent research efforts and on-going correspondence with NCEES leadership regarding his exam concerns.

Ms. Rosier shared the information presented at the State Auditor's Training for Chapter 30 Boards by Carl Fletcher, Counsel to the WV Senate Government Organization Committee, as well as the remaining legislative interim calendar.

Mr. Saluja discussed his recent ABET visit where he served as a Board observer. His team's on-site university visit was conducted over 3 days at the end of September. He indicated this was an enlightening and rewarding experience and that the final ABET report and outcome have yet to be released.

Ms. Rosier reported successful beta testing of updates made to the PE online renewal system. Additionally, Ms. Rosier discussed the 2022-2023 PE renewal game plan, highlighting the online renewal link will be activated no later than November 18th and staff will be dropping the large mass mailing of required renewal notices to USPS on Monday, November 28, 2022.

The Board reviewed the Fall 2022 InterChange newsletter publications and commended staff on the final product. The newsletter is scheduled to be mailed to all WV PEs and Retired PEs on November 28, 2022, accompanying their renewal notifications. All firms with an active COA will simply receive a copy of the Interchange via a separate mailing to be sent on December 1, 2022.

Ms. Rosier reported on attending the required 2022 Annual Licensing Board Seminar conducted by the WV State Auditor on Tuesday, November 1st. Staff members Ms. Rosier, Ms. Rubenstein and Mr. Eagloski participated, as well as President Thomas and Dr. Nottingham, fulfilling his term attendance requirements.

The Board reviewed the latest edition of the Professional Licensure Report (PLR).

Ms. Rosier presented the FY2022 Annual Report for final Board review and comment. President Thomas and Secretary Gates were asked to stay after the meeting to complete the notarization of the Officer Affidavits in order to finalize the report for submission to the Governor's Office.

Ms. Rosier shared she had been contacted in mid-October by Emily Papadopoulous, Executive Director for the WV Board of Architects, regarding their interest in revising the 1995 Handbook for Building Officials. At their request, Ms. Rosier and President Thomas met with Emily and Greg Williamson, a former WV Architects Board member, to discuss their rewrite of the Architects portion of the antiquated document. This draft document was presented to the Board for review and discussion. The Board confirmed its interest in moving forward with the project and directed Ms. Rosier to share the same. President Thomas agreed to assist staff in this effort.

The Board was presented with dates for the 2023 WV Construction and Design Exposition (EXPO) to be held at the Charleston Civic Center on March 22-23, 2023. After discussing the option of hosting a joint session with the WV Board of Architects and WV Code Officials to receive feedback on the anticipated revisions to the WV Code Officials Handbook, the Board thought it appropriate to forego conducting any additional continuing education seminars at EXPO. Ms. Rosier will provide the Architects Board with this update and work to develop an agenda and potential list of panel participants.

The Board reviewed the upcoming 2023 Calendar of Events and Ms. Rosier requested they inform her of any conflicts as soon as possible.

Upon motion by Mr. Robinson, seconded by Dr. Nottingham, the Board voted to adjourn the meeting at 1:35pm. The next Board meeting will be January 24, 2023, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
January 24, 2023

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Tuesday, January 24, 2023. Those present for all or part of the meeting were:

Garth E. Thomas	President
Larry C. Nottingham	Vice-President
L.A. Gates	Secretary
Bhajan S. Saluja	Member
Edward L. Robinson	Member
Lesley L. Rosier-Tabor	Executive Director
Edward Eagloski	Board Counsel

The meeting was called to order at 10:10am. The Board meeting minutes for the November 16, 2022 meeting were reviewed. A motion to amend the draft minutes was made by Dr. Nottingham, seconded by Mr. Robinson. Motion carried. A motion to approve the minutes as amended was then made by Dr. Nottingham, seconded by Mr. Robinson. Motion carried.

The Board budget summaries for November and December 2022 were received and reviewed, and the Board reviewed the Pcard transactions for the months of November and December. Ms. Rosier reported a \$1.82M balance at the end of calendar year 2022. Ms. Rosier reminded the Board members that the December revenue spike and high calendar year-end balance was due to nearly 9,000 biennial PE and Retired PE license renewals being received throughout late November and December 2022.

A motion to approve the budget, current expenditures, and purchasing card transactions, was made by Mr. Gates, seconded by Mr. Saluja. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments regarding the following:

- Ms. Rosier discussed the latest exam data and results provided by NCEES and asked the Board members how they would prefer to see exam data now that all FE and PE exams have transitioned to CBT (with the exception of the Structural PE), with most offered daily and year-round. She shared she could pull NCEES exam statistics for WV applicants in real-time, at the Board's request, at any time in the future in lieu of review of the traditional semi-annual pass rates as previously reported for paper-and-pencil exam administrations. The Board agreed this was the best path forward.
- Ms. Rosier reported on current and on-going staff projects as well as participation in various meetings and trainings completed since the last Board meeting, including her travel to the new NCEES Headquarters building in

Greenville, SC. This was the first face-to-face NCEES Committee meeting she had participated in since before COVID and the first opportunity to visit the new headquarters since their relocation in 2020.

- Ms. Rosier reminded all Board members that they must file the Ethics Commission Financial Disclosure Statement (FDS) by February 1, 2023.
- The Board reviewed the upcoming meeting participation schedule, which includes National Engineers Week, WV EXPO, and the 2023 NCEES Northeast Zone meeting. Ms. Rosier confirmed she had submitted the names of Mr. Thomas, Dr. Nottingham, and Mr. Saluja as the WV PE Board member delegates who will be attending.

A motion was made by Mr. Gates, seconded by Mr. Saluja, to approve attendance and travel for Board members, staff and counsel to the activities as discussed and outlined in the Executive Director's report and the updated calendar. Motion carried.

Prior to entering into Executive Session, the Board's Counsel provided the details of the resolution of Complaints C2023-01, C2023-02, C2023-03, C2023-04, and C2023-05.

Mr. Robinson made a motion to enter into Executive Session at 10:40am, seconded by Dr. Nottingham. Motion carried.

Mr. Robinson excused himself and exited the room, as to not be part of any discussion or decision making regarding C2022-12 and C2022-13.

At 11:45am, Dr. Nottingham made a motion, seconded by Mr. Robinson, to move into General Session. The motion carried, and the Board took the following action:

- Dr. Nottingham made a motion, seconded by Mr. Gates to "Receive and File" Complaint C2023-06, and to set said Complaint for a hearing on July 18, 2023. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Gates, to move I2023-07 to Complaint. Motion carried. Furthermore, Mr. Saluja made a motion, seconded by Mr. Gates, to "Receive and File" Complaint C2023-07, and set said Complaint for a hearing on July 18, 2023. Motion carried.
- Mr. Robinson made a motion, seconded by Dr. Nottingham, to move I2023-08 to Complaint. Motion carried. Furthermore, Mr. Robinson made a motion, seconded by Dr. Nottingham, to "Receive and File" Complaint C2023-08, and set said Complaint for a hearing on July 18, 2023. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Robinson, to move I2023-09 to Complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Robinson, to "Receive and File" Complaint C2023-09, and set said Complaint for a hearing on July 18, 2023. Motion carried.

- Mr. Robinson made a motion, seconded by Dr. Nottingham, to move I2023-10 to Complaint. Motion carried. Furthermore, Mr. Robinson made a motion, seconded by Dr. Nottingham, to “Receive and File” Complaint C2023-10, and set said Complaint for a hearing on July 18, 2023. Motion carried.
- Mr. Robinson made a motion, seconded by Mr. Saluja, to move I2023-11 to Complaint. Motion carried. Furthermore, Mr. Robinson made a motion, seconded by Mr. Saluja, to “Receive and File” Complaint C2023-11, and set said Complaint for a hearing on July 18, 2023. Motion carried.
- Mr. Robinson made a motion, seconded by Dr. Nottingham, to move I2023-12 to Complaint. Motion carried. Furthermore, Mr. Robinson made a motion, seconded by Dr. Nottingham, to “Receive and File” Complaint C2023-12, and set said Complaint for a hearing on July 18, 2023. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Gates, to move I2023-13 to Complaint. Motion carried. Furthermore, Mr. Saluja made a motion, seconded by Mr. Gates, to “Receive and File” Complaint C2023-13, and set said Complaint for a hearing on July 18, 2023. Motion carried.
- Mr. Saluja made a motion, seconded by Mr. Robinson, to move I2023-14 to Complaint. Motion carried. Furthermore, Mr. Saluja made a motion, seconded by Mr. Robinson, to “Receive and File” Complaint C2023-14, and set said Complaint for a hearing on July 18, 2023. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Saluja, to move I2023-15 to Complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Saluja, to “Receive and File” Complaint C2023-15, and set said Complaint for a hearing on July 18, 2023. Motion carried.

The Board acted upon the special case files as follows:

- Mr. Saluja made a motion, seconded by Mr. Gates, to approve the PE comity application for Samuel N. Bilica. Motion carried.
- Mr. Robinson made a motion, seconded by Dr. Nottingham, to approve the PE comity application for Joshua A. Haydo. Motion carried.
- Mr. Robinson made a motion, seconded by Dr. Nottingham, to approve the PE comity application for Robert D. Smythe. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Saluja, to approve the PE comity application for Jason L. Ward. Motion carried.
- Mr. Saluja made a motion, seconded by Dr. Nottingham, to approve the Business Entity - DBA Waiver application for GoEngineer LLC. Motion carried.

- Mr. Saluja made a motion, seconded by Mr. Robinson, to deny Robert A. Munas' request for a continuing education exemption. Motion carried.

The Board recessed the General Session at 12:05pm for lunch and resumed the General Session at 12:35pm.

Ms. Rosier provided an update on the 2023 NCEES Northeast Zone meeting, scheduled to be held April 27-29, 2023 in Houston, Texas. The NCEES zone interim meetings are held each spring and the four zones will meet together in Houston this year. The primary purpose of the meeting is for licensing board representatives to hear and discuss reports from the NCEES Board of Directors, the CEO, standing committees, and task forces as their work results in motions to be presented for Council vote at the Annual Meeting in August 2023. Ms. Rosier reminded the Board she submitted 3 Board members to serve as the NCEES delegates and they should receive emails in the next few weeks to register and book travel.

The Board also reviewed the 2023 NCEES Northeast Zone "Enny" Service Award call for nominations, noting they are due no later than February 16, 2021. Ms. Rosier also noted that NCEES Vice-President Tom Orisich contacted her to again serve as Chair of the 2023 Northeast Zone Awards Committee, to which she agreed.

Both President Thomas and Ms. Rosier provided an update on their 2022-2023 NCEES Committee work to date. President Thomas is a new member serving on Exam Policies and Procedures and their committee will be meeting in a few weeks in Phoenix, AZ. Ms. Rosier is completing her term as a member of the Member Board Administrators Committee (MBA). Both Committees are hard at work addressing their assigned charges of the NCEES President. Ms. Rosier shared details from her recent trip to NCEES Headquarters in Greenville, SC for the MBA Committee meeting followed by the MBA full group conference. Important topics included updates on NCEES Examinations, the 16-hour Structural exam CBT transition, the International Engineering Alliance (IEA), legislative issues and the Alliance for Responsible Professional Licensing (ARPL), as well as plans for the upcoming 2023 Combined Zone Meeting and 2023 Annual Meeting.

Ms. Rosier provided the Board with a current list of legislative bills potentially impacting Chapter 30 Boards as introduced to date during the 2023 WV Legislative Session. Ms. Rosier stepped Board members through a review of these bills using the WV Legislative website that tracks all actions for each bill. The Board also reviewed the most recent Alliance for Responsible Professional Licensing (ARPL) webinar materials and Ms. Rosier provided an update of the latest ARPL-WV teleconferences she has been participating in.

Ms. Rosier shared plans for participating in the upcoming Interprofessional Council on Registration (ICOR) Joint Session offered virtually on February 6, 2023. The session is an overview for new (and current) design profession licensing board members and executives/administrators. The session is intended to provide attendees with tools and resources to be effective, share best practices, learn how the associations support member boards, and discuss today's challenging regulatory environment and the role

licensing boards can play in helping educate policymakers. The session is scheduled for 5 hours, and could serve as continuing education for any Board member who participates.

Ms. Rosier reported approximately 15,000 of the Board's Fall 2022 InterChange newsletters were mailed out to all active PEs, Retired PEs and COA holders the last week of November. The newsletters mailed to PEs and Retired PEs, were accompanied by their biennial 2023-2024 PE and Retired PE renewal notifications. A total of 9786 PE renewals and 245 Retired renewal notices were mailed on November 28, 2022. Board staff are currently processing renewals submitted during the one-month grace period, which will end on January 31, 2023 at midnight EST. Multiple courtesy email reminders were also sent throughout December 2022 and January 2023, but only to those yet to renew. All PE renewals received during the January 1, 2023 to January 31, 2023 grace period are required to pay late fees. Official Lapsed notifications, as well as the required percentage of audit notifications, will be mailed during the first 2 weeks of February 2023.

Ms. Rosier reported that staff members are finalizing the DBA COA Waiver renewal review. This biennial waiver renewal process was implemented in December 2020 after learning that many of the existing waivers were no longer in use and many firms who previously requested such were out of business. There is no charge associated with the waiver renewal review, and the firms who were previously granted a waiver are simply asked to update their waiver request application and send back in the Board's self-addressed envelope. Once complete, staff will send official DBA waiver review results to the WV Secretary of State Business Licensing Division for their use.

Ms. Rosier and President Thomas shared they hosted Emily Papadopoulos, Executive Director for the WV Board of Architects, and Greg Williamson, a former WV Architects Board member, for a meeting the day prior to the Board meeting. The purpose of this second meeting was to discuss the WV PE Board's review and comments on the current draft of the rewrite of the Handbook for Building Officials and to develop a path for moving forward. Ms. Papadopoulos has been in contact with the President of the WV Building Code Officials Association and we agreed to participate and present at their 2023 Spring Seminar held on March 10th at Flatwoods, WV.

The Board was also presented with plans for the 2023 WV Construction and Design Exposition (WV EXPO) at the Charleston Civic Center on March 22-23, 2023. The Board will again have their regular agency booth and program insert (which serves as a Professional Development reporting document for PE attendees), in addition to conducting their annual continuing education seminar to be offered free to all attendees. This year, the Board's seminar session will be held in conjunction with the WV Architects Board where they will present "Working Together For Public Protection". This session is anticipated to be a moderated panel discussion of architects, professional engineers and code officials. Both Boards have recently been revising the Handbook for Building Code Officials and plan to present their draft content for discussion and feedback during this session. The session is being planned as highly interactive and a good refresher for professionals on issues like exempt structures, signing and sealing of documents, areas of responsibility and red flags for code officials.

The Board reviewed the latest edition of the Professional Licensure Report (PLR).

The Board reviewed the upcoming 2023 Calendar of Events and Ms. Rosier requested members notify her with any anticipated conflicts.

Upon motion by Mr. Saluja, seconded by Dr. Nottingham, the Board voted to adjourn the meeting at 1:30pm. The next Board meeting will be March 21, 2023, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
March 21, 2023

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Tuesday, March 21, 2023. Those present for all or part of the meeting were:

Garth E. Thomas	President
Larry C. Nottingham	Vice-President
L.A. Gates	Secretary
Bhajan S. Saluja	Member
Edward L. Robinson	Member
Lesley L. Rosier-Tabor	Executive Director
Edward Eagloski	Board Counsel

The meeting was called to order at 10:12am. Mr. Saluja participated remotely via teleconference. The Board meeting minutes for the January 24, 2023 meeting were reviewed. A motion to approve the minutes was made by Dr. Nottingham, seconded by Mr. Robinson. Motion carried.

The Board budget summaries for January and February 2023 were received and reviewed, as well as the P-Card transactions for the months of January and February. Ms. Rosier reported a \$1.76M balance for the ending of February 2023, noting the marked increase in revenue in the last 3 months due to 9000+ PE and Retired biennial renewal payments received from November 18, 2022 to January 31, 2023.

A motion to approve the budget, current expenditures, and purchasing card transactions, was made by Mr. Gates, seconded by Mr. Robinson. Motion carried.

Ms. Rosier presented the Executive Director's report and addressed all Board questions and comments, and included the following:

- Ms. Rosier reported on the successful completion of numerous virtual meetings and staff trainings in the last 2 months, including NCEES, ICOR, ARPL, PEIA, etc.
- Ms. Rosier shared her involvement with 2023 National Engineers Week activities, as well as one following E-week due to requested follow-up visit with participants.
- Ms. Rosier provided a status report on a number of special projects that she and staff are working on now that the PE renewal season has ended.
- Ms. Rosier reminded the Board to begin thinking about any newsletter article topics and to submit any ideas to her prior to the next Board meeting.

A motion was made by Mr. Saluja, seconded by Dr. Nottingham, to approve attendance and travel for Board members, staff and counsel to the upcoming activities as discussed and outlined in the Executive Director's report and the updated calendar. Motion carried.

Prior to entering into Executive Session, the Board's Counsel provided the details of the resolution of Complaints C2023-09, C2023-10, and C2023-15.

Mr. Robinson made a motion to enter into Executive Session at 10:40am, seconded by Dr. Nottingham. Motion carried.

Mr. Robinson excused himself and exited the room, as to not be part of any discussion or decision making regarding C2022-12 and C2022-13.

The Board recessed the Executive Session at 12:00pm for lunch and resumed the Executive Session at 12:40pm.

At 1:05pm, Mr. Robinson made a motion, seconded by Dr. Nottingham, to move into General Session. The motion carried, and the Board took the following action:

- Dr. Nottingham made a motion, seconded by Mr. Gates to dismiss C2023-06. Motion carried.
- Mr. Robinson made a motion, seconded by Mr. Saluja to dismiss C2023-14. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Gates, to move I2023-16 to Complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Gates, to "Receive and File" Complaint C2023-16, and set said Complaint for a hearing on September 19, 2023. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Gates, to move I2023-17 to Complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Gates, to "Receive and File" Complaint C2023-17, and set said Complaint for a hearing on September 19, 2023. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Gates, to move I2023-18 to Complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Gates, to "Receive and File" Complaint C2023-18, and set said Complaint for a hearing on September 19, 2023. Motion carried.
- Dr. Nottingham made a motion, seconded by Mr. Gates, to move I2023-19 to Complaint. Motion carried. Furthermore, Dr. Nottingham made a motion, seconded by Mr. Gates, to "Receive and File" Complaint C2023-19, and set said Complaint for a hearing on September 19, 2023. Motion carried.
- Mr. Robinson made a motion, seconded by Dr. Nottingham, to move I2023-20 to Complaint. Motion carried. Furthermore, Mr. Robinson made a motion, seconded by Dr. Nottingham, to "Receive and File" Complaint C2023-20, and set said Complaint for a hearing on September 19, 2023. Motion carried.
- Mr. Robinson made a motion, seconded by Mr. Saluja, to move I2023-21 to Complaint. Motion carried. Furthermore, Mr. Robinson made a motion,

seconded by Mr. Saluja, to “Receive and File” Complaint C2023-21, and set said Complaint for a hearing on September 19, 2023. Motion carried.

- Mr. Gates made a motion, seconded by Dr. Nottingham, to move I2023-22 to Complaint. Motion carried. Furthermore, Mr. Gates made a motion, seconded by Dr. Nottingham, to “Receive and File” Complaint C2023-22, and set said Complaint for a hearing on September 19, 2023. Motion carried.

The Board acted upon the special case files as follows:

- Mr. Robinson made a motion, seconded by Dr. Nottingham, to approve the PE comity application for Michael J. Stansbury. Motion carried.
- Mr. Robinson made a motion, seconded by Dr. Nottingham, to approve the Business Entity - DBA Waiver application for Eastern Engineered Wood Products, Inc. Motion carried.

The Board reviewed the 2023 NCEES Annual Meeting agenda and supporting documentation, noting the deadline for NCEES funded-delegates to register and book travel is May 1st and prior to the Board’s next meeting. Ms. Rosier requested that those interested in attending check their calendars and let her know as soon as possible.

Ms. Rosier provided a summary of the 2023 NCEES Member Board Administrator’s (MBA) Committee activities and plans for presenting their report at the upcoming Zone Meeting in Texas. President Thomas also provided an update on his latest meeting with the NCEES Exam Policies and Procedures Committee meeting in Phoenix, AZ.

Ms. Rosier reminded Board members to respond to the 2023-2024 NCEES standing committee interest survey email if they were interested in future committee participation.

Ms. Rosier provided a final update on the upcoming 2023 NCEES Joint Zone meeting scheduled to be held in Houston, TX on April 27-29, 2023. She reminded those attending (President Thomas, Dr. Nottingham and Mr. Eagloski) to be sure to complete their NCEES travel arrangements as soon as possible.

Ms. Rosier provided the Board with an update on the close of the 2023 WV Legislative Session and discussed the outcome of a number of bills she was tracking that were relevant to the Chapter 30 Boards. The Board also reviewed the summary from the Alliance for Responsible Professional Licensing (ARPL) group’s recent post-legislative session meeting and their new tools and resources to help state boards to communicate the importance of responsible licensing to their legislatures and other stakeholders.

Ms. Rosier reported the biennial renewal audit was sent to 350 PEs (3.9% of active licensees) and is ongoing. As of the date of the Board meeting, a large percentage of PEs have responded and provided qualifying documentation to meet the audit requirements, several others have responded but have been requested to supply additional information, and a small percentage have yet to respond. As the deadline approaches, additional email reminders will be sent and staff will also follow up with

courtesy phone calls to non-responders to ensure they have received the various notices. Once the PE renewal audit is complete, staff will then finalize any related COA matters resulting from EIRC issues from the PE renewal season and subsequent audit outcome.

Ms. Rosier shared that National Public Service Recognition Week is May 7-13, 2023 and employees who have served the state for 20, 25, 30, 35, 40, 45, 50, 55 years will be honored in this year's celebration. Sue Rubenstein, our Board Administrator, has met the 40-year milestone and will be recognized with a certificate and lapel pin with her years of service engraved on it as well as be invited to a recognition ceremony. The Board members and staff wish to thank and congratulate Sue on her longevity and commitment to our agency and the State of West Virginia.

Ms. Rosier reported to the Board that she and President Thomas had successfully obtained permission for use of the wvpebd.gov web domain in the last month. Based on recently proposed legislation, as well as other state agency audit reports, it has been determined that having the (.gov) vs. (.org) website address, and corresponding email addresses, will hopefully make it easier to identify our agency as a branch of state government and provide users confidence in our secure site. Implementation of the newly acquired domain name will take place over the next several months, as not only electronic sites but paper resources will need to be updated to reflect the change.

Ms. Rosier provided the Board with details regarding plans for the next 2 days to be spent at the 2023 WV Equipment and Design Exposition (EXPO), including staffing our WV PE licensure information booth and conducting a joint continuing education seminar with the WV Board of Architects regarding recent draft revisions of the WV Code Officials handbook. The Board reviewed the content of the 2023 WV EXPO seminar slides, and interactive presentation which will be used during a moderated panel discussion with participants to include architects, code officials and engineers. Multiple Board members from both Boards also plan to be in attendance for this session. This session is a follow-up to a similar presentation provided at the 2023 Spring Seminar meeting of the WV Building Code Officials Association held on March 10th in Flatwoods, WV.

The Board reviewed the latest edition of the Professional Licensure Report (PLR).

The Board reviewed the upcoming 2023 Calendar of Events and Ms. Rosier requested members notify her with any anticipated conflicts.

Upon motion by Mr. Robinson, seconded by Mr. Gates, the Board voted to adjourn the meeting at 2:25pm. The next Board meeting will be May 16, 2023, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

General Session Minutes
State Board of Registration for Professional Engineers
May 23, 2023

The West Virginia State Board of Registration for Professional Engineers met at their office in Charleston on Tuesday, May 23, 2023. Those present for all or part of the meeting were:

Garth E. Thomas	President
Larry C. Nottingham	Vice-President
L.A. Gates	Secretary
Bhajan S. Saluja	Member (via teleconference)
Edward L. Robinson	Member
Lesley L. Rosier-Tabor	Executive Director
Debra Hamilton	Interim Board Counsel

The meeting was called to order at 10:10am. Mr. Saluja participated remotely via teleconference. President Thomas welcomed everyone, and in particular Ms. Hamilton, thanking her for graciously returning from retirement to fill in as Interim Board Counsel during the unexpected and temporary absence of Mr. Eagloski. Ms. Hamilton expressed her appreciation for the Board's confidence in her capabilities and the invitation to return under the circumstances.

Ms. Rosier asked Board Administrator, Sue Rubenstein, to step into the Board room where she was surprised with flowers and pastries in honor of her 40 years of government service with the State of West Virginia. Ms. Rosier noted National Public Service Recognition Week was May 7-13, 2023 and employees who had served the state for 20, 25, 30, 35, 40, 45, 50, 55 years were honored at a recognition ceremony at the State Capitol earlier in the month. Unfortunately, Mrs. Rubenstein was unable to attend but deserved to be recognized for this 40-year milestone. After a few pictures and words of appreciation from the Board, Mrs. Rubenstein thanked everyone and excused herself to return to her office.

The Board meeting minutes for the March 21, 2023 meeting were reviewed. A motion to approve the minutes was made by Dr. Nottingham, seconded by Mr. Gates. Motion carried.

The Board budget summaries for March and April 2023 were received and reviewed, as well as the P-Card transactions for the months of March and April 2023. Ms. Rosier reported a \$1.66M balance for the ending of April 2023. Ms. Rosier provided a comparison of balances in April 2022 and April 2023 noting a 7.8% decrease. The decrease was attributed to both the biennial PE renewal season (December 2022 – January 2023) bringing in less revenue than the biennial COA renewal season (December 2021 – January 2022), as well as the impact of the mandated 10% reduction in all Board fees implemented due to the passage of SB334 during the 2022 WV Legislative Session.

The Board also reviewed the FY24 Expenditure Schedule Submission that was required to be submitted no later than May 1, 2023. Ms. Rosier noted the agency submission was nearly the same as the FY23 Expenditure Schedule and FY23 Appropriations Requests; however, there are increases in 2nd and 3rd quarter projected revenue due to the COA biennial renewal year, as well as some minor adjustments in the specific object code requests to better reflect FY24 expense needs. She also noted that the across-the-board raises for state employees approved by the Governor were included.

Mr. Robinson made a motion to approve the budgets, current expenditures, purchasing card transactions, and all necessary expenses for the temporary hire of Interim Counsel Debra Hamilton. The motion was seconded by Dr. Nottingham. Motion carried.

Ms. Rosier presented the Executive Director's report, including recent and upcoming meetings, training and travel. She also provided a status report on a number of on-going projects that she and staff are working on and addressed all Board questions.

A motion was made by Mr. Robinson, seconded by Dr. Nottingham, to approve attendance and travel for Board members, staff and counsel to the upcoming activities as discussed and outlined in the Executive Director's report and the updated calendar. Motion carried.

Prior to entering into Executive Session, the Board was provided details of the resolution of Complaints C2023-08 and C2023-20.

Mr. Robinson made a motion to enter into Executive Session at 10:55am, seconded by Dr. Nottingham. Motion carried.

Mr. Robinson excused himself and exited the room, as to not be part of any discussion or decision making regarding C2022-12 and C2022-13.

At 12:35pm, Mr. Robinson made a motion, seconded by Dr. Nottingham, to move into General Session. The motion carried, and the Board took the following action:

- Dr. Nottingham made a motion, seconded by Mr. Saluja, to "Receive and File" Complaint C2023-23, and to set said Complaint for a hearing on November 14, 2023. Motion carried.

The Board acted upon the special case files as follows:

- Dr. Nottingham made a motion, seconded by Mr. Saluja to approve the PE comity application for Ross D. Palmer. Motion carried.
- Mr. Gates made a motion, seconded by Mr. Saluja, to approve the Business Entity - DBA Waiver application for Armor Utility Locating, LLC. Motion carried.

Ms. Rosier and Mr. Thomas provided a quick summary of the 2023 NCEES Joint Zone meeting held in Houston, TX on April 27-29, 2023.

The Board reviewed the 2023 NCEES Annual Meeting agenda and supporting documentation, and Ms. Rosier reminded the Board that the deadline for NCEES delegates to register and book travel is June 30th and prior to the Board's next meeting. Dr. Nottingham indicated he can no longer attend the meeting. Ms. Rosier requested if any other Board member is interested in attending as an NCEES delegate in his place, please check their calendar and let her know as soon as possible.

Ms. Rosier presented the Summary of 2022-23 NCEES Committee and Task Force Charges with resulting motions and recommendations for the Board's review. She also reminded the Board members of the dates and times for the upcoming NCEES State of the Council virtual events featuring timely announcements and updates on NCEES initiatives, including the upcoming Annual Meeting and headquarters updates. In addition, the Board members reviewed the notice of future changes to NCEES Exams and Supporting Materials provided to Member Boards to comply with the 1-year notice required by NCEES policy.

Ms. Rosier provided the Board with the calendar dates for the remaining 2023 WV Legislative Interims and shared details regarding the April webinar hosted by the Alliance for Responsible Professional Licensing (ARPL) group.

Ms. Rosier reported completion of the required biennial renewal audit. With 350 PEs audited (3.9% of active licensees), only 1 PE failed to respond, resulting in invalidation of his PE license.

Ms. Rosier provided the Board with an update from the 2023 WV Equipment and Design EXPO and the success of the joint continuing education seminar hosted with the WV Board of Architects regarding recent draft revisions of the WV Code Officials handbook. To date, no additional progress has been made on the Code Officials handbook revisions, but both Boards have received a number of calls from engineers, architects and/or code officials to ask questions and to provide feedback regarding the value of the session.

Ms. Rosier reported on the progress of the Board's transition to the www.wvpebd.gov web domain, including the necessary work completed by the WV State Treasurer's Office to update our website, as well as the Board's database vendor so the web services properly interface using the new domain name. The only remaining item is conversion of existing .org email addresses to .gov which she hopes to report as completed at the July Board meeting. The goal of this project is for easier identification of our agency as a branch of state government and to provide users confidence in our secure site.

Ms. Rosier discussed plans regarding the Board's 2023 INTERchange newsletter. Ms. Rosier requested all newsletter topics on or before the Board's July 2023 meeting, with articles due in draft format by August 15, 2023.

The Board discussed the FY2024 officer elections and Mr. Robinson made a motion, seconded by Mr. Saluja, to retain the same Board officers for the upcoming fiscal year. The motion passed unanimously and therefore Mr. Thomas will remain as Board President, Dr. Nottingham as Board Vice-President, and Mr. Gates as Board Secretary from July 1, 2023 to June 30, 2024.

The Board reviewed the upcoming 2023 Calendar of Events, including the revised July meeting date. Ms. Rosier requested members notify her with any anticipated conflicts.

Upon motion by Mr. Gates, seconded by Dr. Nottingham, the Board voted to adjourn the meeting at 1:15pm. The next Board meeting will be July 11, 2023, in Charleston. The Board members will be compensated one day per diem plus travel expenses.

STATE BOARD OF REGISTRATION
FOR ENGINEERS

504 Coyle & Richardson Building

CHARLESTON

Cheers to 100 Years!

Over the last 100 years, the West Virginia State Board of Registration for Professional Engineers has been licensing qualified individuals who have made valuable contributions to our great state. Undoubtedly, today we see a much different engineering profession than the one in existence 100 years ago, but nevertheless, challenges are met head on and solutions to complex problems are at the heart of the work of our profession.

During the last year, Governor Jim Justice honored the valuable contributions of our profession and joined the WV PE Board in celebrating the agency's 100th year of existence by issuing his congratulatory remarks in a formal proclamation. Below are some excerpts from his November 2021 recognition:

WHEREAS, the establishment of state licensing programs governing engineering were created to provide protection to the public health, safety and welfare, and the first engineering licensure law was signed in 1907; and

WHEREAS, in West Virginia, the licensing of professional engineers was enacted in 1921, and there are now over 9,200 individuals licensed as professional engineers, over 5,100 certified as engineering interns and over 3,500 companies authorized to offer professional engineering services in our state; and

WHEREAS, professional engineers licensed in West Virginia are significant contributors to innovations in infrastructure, utilities, technologies, and public health while safeguarding life, health and property and promoting the public welfare; and

WHEREAS, a licensed professional engineer's signature and seal symbolizes reliability and integrity;

WHEREAS, as of July 27, 2021, the West Virginia State Board of Registration for Professional Engineers celebrated their 100th Anniversary of existence. Per West Virginia Legislative Act effective July 27, 1921, under Governor Ephraim Franklin Morgan, the West Virginia State Board of Registration for Professional Engineers Board was formed; and

WHEREAS, as of November 21, 2021, the West Virginia State Board of Registration for Professional Engineers will celebrate the 100th Anniversary of their first meeting. This West Virginia Board first convened an official meeting on November 21, 1921 at 10am in the Coyle and Richardson Building, Charleston, WV; and

NOW, THEREFORE, I, Jim Justice, Governor of the State of West Virginia, do hereby proclaim the fiscal year of 2022 as The Centennial Celebratory Year of Engineering Licensure in the State of West Virginia to officially recognize 100 years of regulation of the engineering profession in this great state and to urge all citizens to join me in the special observance.

The Board members, and Board staff, were honored and humbled to receive this recognition which is now prominently framed and displayed in our Board room. Last week, as I was preparing for an upcoming Board meeting, I found myself sentimental and thinking about my first few weeks with the Board back in June 2002. I remember accepting the job offer for this newly-created position and wondering exactly what my responsibilities would entail. I then reflected on the true meaning of my own PE license that landed me this new career. As you may have guessed, in my position, I do not have the need to ink my stamp. In fact, I believe it is buried deep in a file cabinet drawer collecting dust, so I simply take for granted it is there. However, each and every day when we approve new PE licenses, I am reminded of the pride and sense of accomplishment of the new generation of engineers who earn this same title of "Professional Engineer." These PEs are embarking on a new journey, starting careers that will be filled with great responsibility but also great reward. From the time we wake in the morning, until we lay our head down to rest at night, our lives are touched by the work of these unsung "heroes." I am proud to be a member of this humble profession and to have played a small part in the important work of this agency during its first 100 years of existence.

Board Updates

REAPPOINTMENT OF MR. L.A. GATES, PE

Just a few weeks after our Fall 2021 **INTERchange** publication went to print, the West Virginia State Board of Registration for Professional Engineers received a welcomed reappointment to the Board. Per a gubernatorial notification made by Governor Jim Justice on October 29, 2021, Mr. L.A. Gates was reappointed to his first full 5-year term ending on June 30, 2025. Mr. Gates was originally appointed on June 8, 2016 to succeed Mr. Leonard “Joe” Timms, PE, and filled an abbreviated term. Mr. Gates has a B.S. in Mining Engineering from the Colorado School of Mines and a B.S. in Business Administration from West Virginia University. Mr. Gates is from Raleigh County, in the Ninth Senatorial District, and lives in Daniels, West Virginia.

REAPPOINTMENT OF DR. LARRY NOTTINGHAM, PE

The West Virginia State Board of Registration for Professional Engineers is pleased to announce another reappointment to the Board. Per a gubernatorial notification made by Governor Jim Justice on August 2, 2022, Dr. Larry Nottingham was reappointed to his second full term ending on June 30, 2027. Dr. Nottingham was originally appointed on December 13, 2016 through June 30, 2017, to fill the short, unexpired term of Mr. Richard Plymale, Jr., who moved to South Carolina. Dr. Nottingham was then reappointed by Governor Justice to his first full 5-year term on June 29, 2017. Dr. Nottingham has a B.S. in Civil Engineering from West Virginia Institute of Technology, a M.S. in Civil Engineering from the University of Pittsburgh, and a Ph.D. in Civil Engineering from the University of Florida. Dr. Nottingham is from Braxton County, in the Twelfth Senatorial District, and lives in Duck, West Virginia.

NCEES COMMITTEE APPOINTMENTS

In June of 2022, the following individuals received notification from the National Council of Examiners for Engineering and Surveying (NCEES) regarding their selection by then President-Elect Duhamel to NCEES Committees for the 2022-23 administrative year.

- **Garth E. Thomas, Jr., PE**, who serves as the current President of the WV PE Board, was appointed to serve as a Member on the Committee on Examination Policy and Procedures Committee.
- **Lesley L. Rosier-Tabor, PE**, who serves as the WV PE Board’s Executive Director, was appointed to serve as a Member of the Member Board Administrators Committee.

Both individuals accepted their appointments and have already participated in their first, informal planning meetings with their respective committees during the 2022 NCEES Annual Meeting which took place in August 2022 in Carlsbad, CA.

The WV PE Board would like to thank President Duhamel for his confidence in their abilities to make a meaningful contribution to the committee’s work and charges outlined for the coming year. In addition, the appointees would like to thank the WV PE Board for their continued support of their involvement with NCEES in our efforts to assist the Member Boards in safeguarding the health, safety and welfare of the general public.

2022-2023 BOARD LEADERSHIP ELECTION RESULTS

During the May 24, 2022 Board meeting, the WV PE Board discussed the need for FY2023 officer elections and Mr. Robinson made a motion, seconded by Mr. Saluja, to retain the same Board officers for the upcoming fiscal year. Upon unanimous vote, the current officer slate remained unchanged:

- **Mr. Garth Thomas, Jr., PE**
Board President
- **Dr. Larry Nottingham, PE**
Board Vice-President
- **Mr. L.A. Gates, PE**
Board Secretary

NCEES

advancing licensure for
engineers and surveyors

ABOUT NCEES

The National Council of Examiners for Engineering and Surveying is a nonprofit organization made up of engineering and surveying licensing boards from all U.S. states, the District of Columbia, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands. Since its founding in 1920, NCEES has been committed to advancing licensure for engineers and surveyors in order to safeguard the health, safety, and welfare of the U.S. public.

NCEES helps its member licensing boards carry out their duties to regulate the professions of engineering and surveying. It develops best-practice models for state licensure laws and regulations and promotes uniformity among the states. It develops and administers the exams used for engineering and surveying licensure throughout the country. It also provides services to help licensed engineers and surveyors practice their professions in other U.S. states and territories. For more information, please visit ncees.org.

Garth Thomas Jr., P.E., of South Charleston, West Virginia, has been awarded the NCEES Distinguished Examination Service Award for his dedicated service to NCEES and the engineering profession. Thomas was recognized during the organization's 101st Annual Meeting in Carlsbad, California, on August 25, 2022.

His service to NCEES began in 2004 when he joined the Fundamentals of Engineering (FE) Exam Development Committee. Thomas served as chair of the FE Exam Chemical Module Committee in 2008-10. In 2014 and 2020 he participated in a professional activities and knowledge study, or PAKS, for the FE Chemical exam specifications, specifically participating on the cut score panel. He has served for four years on the NCEES Committee on Education and is currently serving as chair.

Throughout over 20 years of service, Thomas has helped guide the FE exam through significant changes. He was involved in the Preliminary Item Analysis (PIA) for the FE exam and has been at the forefront of transitioning the exam to the current computer-based testing (CBT) format. Thomas assisted with the development of the FE Reference Handbook and practice exams that were published during the transition.

Currently, Thomas is serving his second term, now as president, on the West Virginia State Board of Registration for Professional Engineers. He had a long career as a faculty member, Department Chair of Chemical Engineering, and Associate Campus Provost at the West Virginia University Institute of Technology.

Public Service RECOGNITION WEEK

RECOGNIZING TWO DECADES OF PUBLIC SERVICE WITH THE WV PE BOARD

Every year since 1985, the first week of May has been set aside as Public Service Recognition Week, a time to thank dedicated public workers at all levels of government who work tirelessly on our behalf, accomplishing extraordinary things to make our lives better and our country stronger.

Choosing a career in a state government position is extremely noble and often means working behind the scenes to simply get important jobs done. For this reason, the State of West Virginia observes Public Service Recognition Week (PSRW) during May of each year and celebrates those public employees who have achieved twenty or more years of public service. Both our Board Executive Director, Lesley Rosier-Tabor, P.E., and our Administrative Assistant, Tara Smith, have been with our Board for 20 years as of June 2022. Lesley has a total of 28 years of state service as she joined the Board after 8 years as an Associate Professor of Civil Engineering at West Virginia Institute of Technology. For Tara, the 20 years of state service represents her entire career and, for this, she was presented with a formal certificate from the Office of the Governor, signed by Jim Justice, as well as a congratulatory letter from Mark Scott, Cabinet Secretary for the WV Department of Administration.

PICTURED: Tara Smith, Administrative Assistant, and Garth Thomas, PE, Board President

The Board members honored both Tara and Lesley at their July 2022 Board meeting and publicly provided their heartfelt "Thank You" to these employees for their hard work, dedication, and many years of service to the State of West Virginia. They both have reached these recognizable milestones in their careers by being loyal and dedicated employees which are the foundation to any successful organization. The Board would also like to recognize our additional staff who have 8, 11, and 39 years of service with state government, all who continue to work tirelessly to assist the Board in carrying out their mission of protecting the health, safety and welfare of the public.

"The State of West Virginia's greatest asset is its people, and your years of service stands out to your peers. Your abilities and contributions are an important key to the success of our entire operation. As you reach this milestone in your career and set your sights on future goals, take a moment to reflect upon your past accomplishments and take pride in knowing that you are an important member of our team. Your experience is valued, and your work is appreciated."

Alternatives to Licensure: What are the options?

INSIGHT FROM THE BOARD PRESIDENT

GARTH E. THOMAS, JR., PE, BOARD PRESIDENT

Think tanks and legislative bodies have recently been reexamining the justification for professional/occupational licensure and considering whether less restrictive alternatives may be desirable and feasible (1, 2, 3). These assessments are being driven by the following observations (1): occupational licensing has grown rapidly with more than one-quarter of U.S. workers now requiring a license to be employed, licensing can reduce employment opportunities and wages for excluded workers, and licensing laws lead to higher prices for goods and services with no guarantee of improved quality. On the other hand, well designed and implemented licensing can provide safeguards against serious harms, provide clear standards for professional development and training, and provide motivation for individuals to invest in the training and experience needed for a professional career path. Advocates of deregulation argue that the economic impacts are serious enough to justify the use of less restrictive options whenever possible.

This article will briefly review proposed alternatives to licensure, using the hierarchy of approaches to professional/occupational regulation as developed by Hemphill and Carpenter (4). These are summarized as follows from least to most restrictive of practice:

- **Market competition/no government regulation**
- **Alternative dispute resolution, which includes mediation and arbitration**
- **Private civil action in court to remedy consumer harm**
- **Consumer service ratings sites and service quality self-disclosure**
- **Third-party professional certification and maintenance.**
- **Voluntary bonding**
- **Deceptive trade practice acts**
- **Inspections**
- **Bonding or insurance**
- **Registration**
- **State certification**
- **Licensure**

The first six options place the burden of evaluating the capabilities of the service provider on the customer. An argument for regulation has been the need to address the problem of asymmetric information; service providers know their capabilities and previous performance, but the customers do not. Deregulation advocates (6) argue that consumers of services now have more information available concerning service providers thanks to quality rating services and customer review sites. Unfortunately, review sites are not uniform in quality and can be manipulated to provide favorable reviews. Where licensing has been instituted as a quality-of-service measure and potential harms are minor or nonexistent, these approaches may be desirable replacements for licensure.

Third-party professional certification can be a valid means of ensuring the qualifications of practitioners. The National Commission for Certifying Agencies has accredited approximately 300 professional and occupational programs from more than 120 organizations (7). These occupational certification programs cover practitioners such as nurses, respiratory therapists, counselors, and emergency medical technicians. The specialty certifications provided by the American Board of Physician Specialties are generally considered to be as important as a license for specialists. Such occupational certifications have rigorous requirements, including continuing education units. Many organizations make such certifications a requirement for employment. However, many of these certifications are required in addition to a license. It is not clear that certification by itself would be sufficient to protect the public from malpractice where serious harms are possible.

Bonding can provide a guarantee of performance and protect the customer against losses from damages caused by the service provider. Such bonds are commonly required for construction projects and large trade deals. However, if bonds were generally required for all projects as a substitute for licensing, the costs for such bonds could create an economic barrier for practitioners that would be greater than that created by licensure.

The remaining tiers of the hierarchy are governmental actions to regulate service providers. The least restrictive of these, deceptive trade practice acts, empower state

attorneys general to prosecute fraudulent practices, such as a provider falsely claiming to have certain qualifications. Such acts can prevent misrepresentation but do not otherwise address the qualifications of a service provider or protect against the harm that could be caused by an unqualified service provider.

Inspection focuses on how a service is provided rather than the qualifications of the provider. Examples would be the inspection of electrical and plumbing work to ensure that the work meets current safety codes, or the inspection of food handling facilities to ensure that sanitary codes are being followed. Inspections are often required in addition to licensing of providers, but advocates of deregulation argue that inspection can be used in place of the licensing of service providers. However, inspection of a wide range of professional work could require more bureaucracy and governmental intrusion than is required with licensure.

Mandatory bonding or insurance outsources management of risks to bonding and insurance companies. The implication is that an insurer considers a company or individual to be qualified to provide a service if the insurer is willing to provide coverage for potential liabilities. Bonding and insurance requirements are meant to protect consumers from loss, while allowing for free exercise of occupational practice. It is expected that insurance companies would want the service provider to have a well-regarded certification or license before issuing a bond. As a result, this option may have little effect on reducing barriers to professional/occupational practice.

The option of registration requires providers to notify the government of their name, address, and a description of their services, but does not mandate personal credentials. Registration does not provide any assurances regarding the qualifications of the service provider or any mechanisms for dealing with malpractice. At best it may provide an address for a process server in a civil action.

Under state certification, anyone can practice an occupation or profession, but only those who meet the state's qualifications can be certified and use a designated title, such as certified interior designer or certified financial planner. Certification indicates to potential customers and employers that

practitioners meet the requirements of their certifying boards but does not bar uncertified individuals from entering an occupation or profession. The use of the term certification can be confusing because some regulatory bodies use the term certification when they license practitioners. This is the case for teacher certification since the certification is required for teachers in public schools. State certification provides a means for identifying qualified providers but does not provide a mechanism to deal with malpractice outside of civil legal action.

Licensure is the most restrictive form of occupational regulation because it limits the practice of an occupation only to individuals who meet requirements established by the state and remain in good standing. However, it may be the most appropriate regulation where serious harm could result from malpractice. A study by Nunn and Scheffler (5) concludes that deregulation advocates don't give enough weight to public safety when professional malpractice could lead to serious and substantial harms. They found that many of the studies that show no effect of regulation on public safety only consider differences in regulations between states rather than the effects of the broad-based professional licensure that has been in place for many years. Their conclusion was that for professions where there were serious concerns about potential harm to the public, elimination of licensure is the wrong focus. Better approaches for both practitioners and the public are to eliminate unnecessary requirements for licensure and to improve licensure mobility between states.

While it is beneficial to eliminate unnecessary barriers to enter occupations, legislators need to be aware that there are differing levels of risk to the public associated with each occupation or profession. Licensure serves a useful purpose if it is well-designed and administered. Broadly eliminating or weakening licensure without considering all impacts is not good policy. Efforts should be directed to ensuring that the requirements for licensure are reasonable, the costs for a license are as low as possible, and that properly licensed individuals can move between jurisdictions as easily as possible.

Board Disciplinary Actions

Disclaimer: Every effort has been made to ensure that the enforcement information is correct; however this information should not be relied upon without verification from the Board office or website. It should be noted that the names of companies and individuals listed may be similar to the names of parties who have not had enforcement actions taken against them. Should you have any specific questions regarding the disciplinary actions noted below, please contact the Board office.

In meeting its mission of safeguarding life, health and property, and to promote the public welfare, the WV Board actively enforces the statutes and rules that fall within its jurisdiction. Below is a summary of formal complaints that resulted in disciplinary action since the 2021 newsletter. Numerous other investigations were conducted, some resulting in formal complaints which are still pending; some dismissed because the charges were unsubstantiated or considered trivial; and some closed after acceptable corrective action or warning.

Disciplinary actions can be either a result of a formal hearing resulting in a Board Order or settled informally resulting in a Consent Order. These orders are public records. If you are interested in knowing more about the nature of the complaint, you may request a copy pursuant to the State's Freedom of Information Act. All Orders are posted on the Board website.

All civil penalties are deposited in the state's general fund. Administrative costs are made payable to the WV PE Board and are retained by the Board to offset costs incurred in the investigation and complaint resolution efforts. Administrative costs may be waived if the complaint is resolved with a minimum of expense.

Duty To Disclose

COUNSEL'S COLUMN

N. EDWARD EAGLOSKI, II, BOARD COUNSEL

The Enforcement Exchange is a nationwide, web-based database that allows NCEES member boards to enter disciplinary actions taken against violators and to review disciplinary actions posted by other jurisdictions. Since its creation in the early 1990s, this members-only database has proven to be a tremendous resource for agencies seeking information on licensure applicants and on licensees to verify that their licensees have not committed violations in other jurisdictions. This information typically consists of identifying information, agency case number, violation, penalty, and whether it is an original or reciprocal disciplinary action.

The Enforcement Exchange strengthens the initial licensure application review, as well as the on-going biennial renewal review process, because it acts as a central repository for participating boards to post disciplinary actions and has assisted member boards in carrying out their statutory responsibility of administering their respective laws related to the regulation of the engineering and surveying professions.

Over this past fiscal year, spanning July 2021 to June 2022, twenty-two of the Board's forty Complaints were based upon firms failing to report disciplinary actions from other jurisdictions on their COA renewals. The good news is that there were ten firms which did report such disciplinary actions. Each of these reported actions was reviewed, and none merited reciprocal Board action. Most of the 22 unreported actions were discovered by a review of the NCEES Enforcement Exchange records. For the two years reviewed, 2020 and 2021, there were 219 recorded actions against firms in the NCEES Enforcement Exchange database, which accounted for 20 of the 22 Complaints. Two non-disclosures were discovered through review of other board publications. The same methodology will be employed for the upcoming PE renewals. As of June 30, 2022, there are 680 reported disciplinary actions through NCEES, of which, several WV licensed PEs have been identified.

WV PEs have a duty to disclose another jurisdiction's disciplinary actions against him/her. West Virginia Codified State Rule §7 C.S.R. 1-12.6. This section requires that:

[a] registered PE who has been fined, received a reprimand, or had his or her registration revoked, suspended or denied in another jurisdiction for reasons or causes which this Board finds would constitute a violation of the law governing the practice of engineering in this state or any rule promulgated by this Board, is sufficient cause for the Board to levy a fine, reprimand, or deny, revoke or suspend a registration to practice engineering by the registrant in this state. Any such actions by other jurisdictions shall be reported on the renewal form. For purposes of this section, "another jurisdiction" means any other governing entity, including a licensing board for another profession. (Emphasis added).

So, Professional Engineers renewing their licenses for the years 2023 and 2024, will be required to disclose another board's disciplinary/investigatory actions regarding them on their renewal applications. So, where does one report this on the renewal application? The PE renewal sets forth the following question under the Disclosure section:

Since the date of your last WV PE renewal (or if this is your first WV PE renewal, since the date of your initial PE application) have you been subject to any disciplinary action or investigation by any local, state or national regulatory board (including those in WV), or have you been convicted of a felony or a misdemeanor (excluding minor traffic violations)? Yes / No

If you answer "Yes" to the above question, you will be required to provide an explanation of the events, a description of the investigation, disciplinary proceeding, type of sanctions imposed, or any other documents relating to this matter, including applicable criminal conviction records, state police or court records. You also have the right to include any additional information you wish to have considered with this application (i.e., reference letters, documentation of rehabilitation, etc.).

Note that the question also requests information regarding criminal convictions. The authority for this question is West Virginia Codified State Rule §7 C.S.R. 2-4.6.a. An engineer who has been convicted of a crime that reflects adversely on the engineer's honesty, trustworthiness or fitness as an engineer, or of any felony, shall, within thirty days of entry of the order or judgment of conviction, forward a copy of the order or judgment to the Board's Administrator. A plea or verdict of guilty or a conviction after a plea of nolo contendere shall be deemed to be a conviction within the meaning of this rule. This rule has a thirty-day notice requirement for the PE to inform the Board of a conviction. This is the basis upon which the Board asks for and collects this information at renewal times.

So, the failure to disclose to the Board a disciplinary action or a criminal conviction, will likely lead to a charge of “Perpetrating fraud or deceit in obtaining or attempting to obtain or renew a certificate of registration or certification of authorization.” (W.Va. Code §30-13-21(a)(1).) This violation has a maximum daily penalty of Five Thousand Dollars. (West Virginia Codified State Rule §7 C.S.R. 1-15.1.)

You can and should take this opportunity to notify the Board through the bi-annual PE renewal process. The instruction above suggests that for disciplinary actions, one is to provide at the very least a copy of the disciplinary document, commonly known as a Consent Agreement, Consent Order, Settlement Agreement, or Order. As for investigations which do not result in any disciplinary actions, there may be a Complaint, Notice of Investigation letter, or a Dismissal letter or Order. If applicable, copies of these documents should also be provided. In both cases of disciplinary actions and investigations, a cover letter explaining the circumstances should be also submitted. If there is a need for additional information, then the Board will contact you. Your timely disclosure should keep you safe from a Complaint under W.Va. Code §30-13-21(a)(1) “Perpetrating fraud or deceit in renewing your PE License.”

Under West Virginia Codified State Rule §7 C.S.R. 2-4.7.b. a disciplined PE has only ten days to notify the Board of any form of public discipline that has been imposed by the authorities of another jurisdiction. This includes voluntarily surrendering his or her license to practice engineering in connection with such disciplinary proceeding

As for criminal convictions, the Board is to be notified within 30 days of entry of the Order of Criminal Judgment, Order of Conviction, or Sentencing Order. Likewise, a copy of the order should be provided to the Board together with a cover letter explaining the circumstances.

Just a reminder that other board's Engineering Laws may require you (or a firm) to report this information to them. So, the 22 firms which were disciplined by the Board will more than likely have to report the West Virginia disciplinary action to these other boards. Some boards have special forms for you to complete, others do not. As for the timing, I am aware of one board that requires notification within 48-hours, some have 10, 30 or 60-day requirements, others only at times of renewals.

You may ask, how do I report a WV Board disciplinary action to other boards. I do not have an answer. However, as of the time of this writing, the NCEES will be holding its annual meeting in August, 2022. I have asked the NCEES to discuss creating a web-based resource where boards would list their approved methods of notification, and the time periods for such disclosure. I hope this inquiry will lead to a service similar to the NCEES CPC Tracking service for reporting continuing professional competency hours. (CPC). It could be a one-stop shop for disclosures to the boards where you are / were licensed.

So, if you are a PE, and you are disciplined, it is best practice to notify the Board within 10 days of the event, and if you are convicted of a felony or a crime that reflects adversely on the engineer's honesty, trustworthiness or fitness as an engineer, it is best practice to notify the Board within 30 days of the conviction. At the very least, investigations, disciplinary actions and the afore-described criminal convictions should be disclosed when completing your PE renewal application.

WARNING! Concerns With 3rd Party Agencies Completing Renewals

**TIFFANY COLEMAN,
ADMINISTRATIVE ASSISTANT II**

Excerpt from email received in March 2022 from a distraught licensee

Please know I am trying to work on getting our license reinstated. Unfortunately, we tried to use a third party to help with the burden of our licensing renewals and, in short, it did not go well. Please advise as I would like to make sure this is cleared up and we are in good standing as soon as possible ... I completely understand (this is not your fault); this renewal was the straw that broke the camel's back.

To the busy and hardworking professional, obtaining, renewing, and keeping up with professional licensure requirements, that admittedly vary from state to state, can seem daunting and time-consuming. To lighten the load, some firms and individuals hire third-party professional licensing agencies to assist with their licensure needs.

While letting someone else handle the work for you may seem like the easy, stress-free route, that is often not the case. In fact, it may end up causing a bigger burden and headache in the end. We frequently encounter issues with third-party professional licensing agencies and feel compelled to let you know about some of the issues so you can prevent them from happening to you.

■ **Incomplete PE Applications**

It is not uncommon for our office to receive incomplete applications. When this happens, staff will pick up the telephone, make a call, gather the missing information and work expeditiously to process the application without much delay. When a third-party agency has completed the application, the process is typically more complex. Usually, no contact information is given and we are tasked with calling the agency and tracking down the appropriate person who completed the application forms. This typically results in being transferred multiple times, leaving multiple voice mail messages or sending countless emails to obtain the missing information. Ultimately, this creates more work, delays the application turnaround time, and hinders your ability to legally practice.

■ **Inaccurate PE Renewals**

Most of the alarming issues that we encounter with third-party agencies are during the renewal season. Third-party agencies act on behalf of the licensee, renew their license and even sign off on this important document, often unfamiliar with the content and not understanding the significance of their responsibility. Third-party staff often make mistakes reporting important information such as the correct number of continuing education hours to claim or not reporting disciplinary actions or investigations that have occurred since the PE's last renewal. Providing false, inaccurate or erroneous information in either of these cases could result in significant trouble for the PE. If the number of hours reported on the renewal cannot be documented in an audit, or if a disclosure is not properly made with regard to disciplinary actions or criminal convictions, one could find themselves in violation of WV Engineering Law for providing misinformation to the Board.

■ **Inaccurate COA renewals**

Given the third-party agency staff has limited (and perhaps no) direct knowledge of the workings of the engineering firm for which they are completing the renewal, it comes as no surprise that their renewal submissions often contain a plethora of errors. While some are minor in nature, others can have a direct impact. Third-party agencies have admitted to randomly selecting answers to questions they were unsure of, instead of placing a call to the firm in question to obtain the proper response. One such example is the number of professional engineers who are employed by the firm and operate under the FEIN of the COA. If this occurs, they will end up paying the wrong renewal fee given the fee structure differences for sole proprietors vs. small firms vs. large firms. To put this into perspective, during the 2020-2021 COA renewal season, we had to contact 264 firms regarding

discrepancies in payments and found that most of the renewals in question had been completed by a third-party vendor. Gathering the proper responses, updating records, issuing refunds and collecting new and correct payments can be a tedious process. When this happens, the staff at the WV PE Board must reset the online renewal, the user must then step back through the entire renewal correcting their responses, pay the appropriate renewal fee, and staff will then request a refund for the initial payment made in error. Each payment and refund must then be properly documented to meet daily reconciliation requirements and future auditing needs.

So, what's the worst that could happen when the third-party you hired messes up?

Unfortunately, every renewal season we hear from frantic individuals who are astonished to learn that their license has lapsed because the third-party company they trusted and paid to handle their license renewals failed to do so. Careless mistakes, such as this, are critical and impede the order of business. Without an active license, you cannot legally practice or even offer engineering services. To rectify the matter, the individual and/or firm must reinstate their license, which requires completing application packages, obtaining notarized signatures, and paying reinstatement fees, at a minimum.

In some cases, the mistake can result in even bigger headaches, such as a formal complaint being filed by the Board which could result in disciplinary action. As you will see in the accompanying pages of this newsletter, our Board's Counsel provided details on the large number of complaints filed and the resulting actions and civil penalties paid for situations where renewal submissions contained misinformation to the Board, specifically, where disclosures weren't made and discipline was not reported. On the PE renewal, you (the registrant) must check a box on the final page of the renewals certifying the following:

- 1. The foregoing information regarding my employment, continuing education, child support obligations, recent investigations, and disciplinary actions is true and correct.*
- 2. I have obtained the minimum continuing education which is required to renew my WV PE license on a biennial basis. I understand if selected for audit following the close of this renewal period, I will be required to submit detailed records to support all hours claimed in this renewal. In addition, I understand I must earn and retain documentation for at least thirty (30) PDHs during the next two years (beginning today through December 2024) and prior to the issuance of my next biennial license renewal in December 2024.*
- 3. I have read the WV Engineering Law (including both statute and rules of the WV Board of Registration for Professional Engineers) and understand that I can be disciplined for providing misinformation to the Board. Specifically, I understand 30-13-21(a)(1) which states "The board may suspend or revoke or refuse to issue, restore or renew a certificate of registration, or place on probation, impose a civil penalty or reprimand any professional engineer who has perpetrated any fraud or deceit in obtaining or attempting to obtain or renew a certificate of registration or certificate of authorization."*

As a registrant, you are responsible for your license and, for most, that license means livelihood. Do not find yourself in one of the situations mentioned. If you plan to use a third-party vendor to help with licensing needs, make sure to select a reputable agency with good reviews, provide them with updated and correct information, remain in contact with the agency, fact check and be sure to verify that tasks have been successfully completed. Although an error may have been made by another individual acting on your behalf, you are responsible, and you may face the consequences.

Renewal Updates and Status Report

UPCOMING WV PE RENEWAL REMINDER

It's time to renew your personal WV Professional Engineer's registration. All individuals in possession of an active WV PE license will be required to renew by December 31, 2022. As outlined in West Virginia Engineering Law, our agency is required to send notification at least 30 days prior to the expiration of a license, meaning no later than December 1st of odd numbered years for COAs and December 1st of even numbered years for active and retired PEs. Renewal notifications are typically mailed in mid to late November and the WV State Treasurer's Office activates our online license renewal system at the same time. If you have an active WV PE license, renewal instructions were enclosed with this newsletter and a live PE renewal link is now posted on our website as well. A number of courtesy email notifications will also be sent to the PE's record email address(es) throughout the renewal season until successfully renewed. Upon successful renewal, we will no longer forward renewal reminders and one will be able to print a copy of their full renewal submission, their personalized PE wallet card with expiration date, and a payment receipt. An email confirmation will also arrive within seconds from the West Virginia State Treasurer's office indicating their online credit card payment was processed via the e-Government payment system.

If you have any questions regarding the PE renewal process, please do not hesitate to contact our office by emailing info@wvpebd.org or calling 304-558-3554.

WV COA RENEWAL SEASON SUMMARY

COA Status Summary for Recent 2022-2023 COA Renewal

- **Active COAs receiving COA Renewal Notification in November 2021 = 3472**
- **Non-Responding COAs resulting in Lapsed Status after COA Renewal Season in February 2022 = 93**

To view or download a complete roster of the Active PE licenses, Firm Certificates of Authorizations (COAs), and Retired PEs, simply visit our website License/COA Verification page at services.wvpebd.org/verification/. There you will find access to a real-time, online verification search tool that shows if a particular individual and/or firm is authorized to practice or offer engineering services in West Virginia.

Please be reminded that all licensees should report any updates such as disciplinary actions, a change in address, employer or email to the Board within 30 days. W.Va. Code R. §7-1-6.5 entitled *Updated Information* states, "It is the EI's or PE's responsibility to notify the Board within thirty days of any change in information previously submitted to the Board, such as name change, change of address, change of employer, or similar matter requiring current information." All address and employer updates submitted online, as well as new license activations or licensee status changes, will appear immediately unless an action is required by staff before posting. Should you have any questions about the status of any WV PE or WV COA, simply contact the Board office for assistance.

PE EXAM UPDATES FOR FALL 2022 AND BEYOND

The Principles and Practice of Engineering (PE) exam tests for a minimum level of competency in a particular engineering discipline. It is designed for engineers who have gained a minimum of four years' post-college work experience in their chosen engineering discipline.

For exam-specific information, including exam specifications and standards, as well as the relevant exam schedules, please visit the NCEES website and select your engineering discipline at ncees.org/engineering/pe/.

Below is a list of the most recent PE Exam Updates published by NCEES:

- **PE Architectural** – The PE Architectural exam transitioned to computer-based testing (CBT) in October 2022, offering the first exam on Monday, October 17, 2022.
- **PE Control Systems** – The PE Control Systems exam transitioned to computer-based testing (CBT) in October 2022, offering the first exam on Tuesday, October 18, 2022.
- **PE Naval Architecture and Marine Engineering** – The PE Naval Architecture and Marine Engineering exam transitioned to computer-based testing (CBT) in October 2022, offering the first exam on Monday, October 17, 2022.
- **PE Metallurgical and Materials** – The PE Metallurgical and Materials exam transitioned to computer-based testing (CBT) in October 2022, offering the first exam on Monday, October 17, 2022.

The NCEES pages contain an overview of recent news releases received from the National Council of Examiners for Engineering and Surveying (NCEES), as well as NCEES Licensure Exchange articles, concerning items that may be of interest to our engineering community. NCEES 2021 ANNUAL REPORT AND SQUARED

In March 2022, the WV PE Board received hard copies of both the 2021 NCEES Annual Report and 2021 NCEES Squared publications. NCEES also makes both publications available to the public in an interactive web format. The annual report provides an overview of the NCEES organization's accomplishments and growth over the past fiscal year. This document can be viewed via the NCEES website and you are encouraged to explore the interactive version at ncees.org/annualreport. There, you will find videos from 2021 events and interviews with NCEES members and leadership on the organization's various initiatives.

The printed annual report was mailed to all state licensing boards and was accompanied by 2021 NCEES Squared and the 2021 NCEES annual meeting minutes. Squared is the official NCEES source for engineering and surveying licensure statistics. One of the main purposes of Squared is to make licensure data available to a wide audience, including educators, employers, and the general public.

! Red Flags

Watch out for these issues:

- Architectural sheets sealed by an engineer
- Engineering sheets sealed by an architect
- Plans sealed by an unlicensed person, architect or engineer
- Plans sealed by an engineer of an unauthorized firm (one without a COA)
- Incomplete documents sealed without a disclaimer
- Plans that have not been sealed, signed (dated) by the licensee(s)
- Prototypical, standard plans that do not bear the seal of the WV licensee and disclaimer
- Seals that appear to be cut and pasted
- Contact person is not the licensee or it is difficult to contact the licensee
- Plans, details, letters, reports, etc. do not appear to apply to the project
- Plans have numerous or serious code violations
- Non-dated revisions
- Revisions or changes missing seal, signature (date)
- Plans which do not list the name of the architect or engineer involved and the name of his/her firm.

? What to do?

- Question the professional as to circumstances and qualifications
- Get the issue corrected
- Reject the documents
- Contact the appropriate licensing board
- File a complaint with the appropriate licensing board

e Engineering Addendum:

Are the services of a registered professional engineer required for single family residential structures?

Single family residences do not normally require the design services of professional (structural) engineers except for some large custom designed homes where the owner requests the services or the spans are too large for typical code-specified framing to work. Generally the only times a structural engineer will become involved in a single family residence are as follows:

- Where there is a problem with the foundation or framing of the house, such as storm damage, soil movements, or unusual deflections and damages in the architectural finishes.
- When an existing house is being sold and the mortgage company is looking for someone to identify and describe the various structural movements and damages that have occurred in the structure, as well as provide some recommendations of what should be done to eliminate the problems.
- When the design of the house involves a structural system which is outside of the typical structural framing and foundation systems specified in the residential building code or when the building code requires engineering services.

§ Relevant Codes

What is the current building code reference?

Neither board is responsible for regulating or enforcing building code compliance. Interested parties should contact the WV State Fire Marshal or their local code official for details.

? Which type of licensee must prepare and seal plans?

Can architects prepare and seal engineering plans?

Although incidental engineering is allowed, architects generally should not seal electrical, mechanical, plumbing, civil or structural engineering drawings.

Can engineers prepare and seal architectural plans?

Although incidental architecture is allowed, engineers should not represent their work as architecture and should not seal drawings identified as architectural.

Are companies employing these licensed professionals required to be registered by their respective Boards prior to providing, or even offering, professional services on projects in WV?

No, but an individual architect is required to be registered in WV before soliciting work in WV.*

Yes, a valid Certificate of Authorization (COA) must be obtained from the PE Board prior to offering engineering services.*

*Both Licensed Architects and Professional Engineers (and their firms) should check with the WV Secretary of State's Office regarding additional business license requirements once properly registered with their respective Board.

How can one verify that an architect, engineer, or engineering company is currently licensed and eligible to offer professional services in WV?

Both Boards have websites which allow online licensure verification. West Virginia engineers are not licensed by discipline but as professional engineers. Seals shall not reference an engineer's branch or discipline.

Visit www.wvpebd.org or call 304-558-3554

? Are there special requirements regarding the seals?

Can a licensee use an electronic seal?

Electronic seals are permitted, but electronic signatures are not permitted. The signature must be an original, handwritten signature.

Electronic seals and signatures are allowed. Facsimile signatures are not allowed.

Can a licensee seal another licensed designer's standard (prototypical) plans?

No, they must be sealed by a West Virginia licensed architect or engineer who is in responsible charge of the preparation of the documents.

Can an individual licensed in another jurisdiction engage in temporary practice before obtaining a license here?

No.

Security of seal – can someone else use an individual's seal?

No.

Must professional corporations use corporate seals on plans?

No.

Must the licensee seal, sign and date each sheet of original drawings issued for bidding, permitting or construction?

They must sign and seal the index page or each individual sheet that was prepared under the architect's responsible control. The date is not required.

They must sign, seal and date the first sheet or title sheet of the appropriate sections.

Must the licensee seal, sign and date the index page identifying each set of specifications or technical submissions?

The architect is required to sign and seal all technical work prepared by him/her. No date is required.

The engineer is required to sign, seal and date all technical work prepared by him/her.

What structures may be exempt in the licensing laws from the architect's and engineer's requirements and/or may be prepared by others?

There are limited exemptions in the architect's law to permit a person who is not registered as an architect to design and supervise the erection or alteration of the following:

1. A detached single family dwelling and any incidental sheds, storage buildings and garages;
2. A multifamily residential structure not in excess of three stories excluding any basement area;
3. Farm buildings, including barns, silos, sheds or housing for farm equipment and machinery, livestock, poultry or storage, if such structures are designed to be occupied by no more than ten persons;
4. Any alteration, renovation or remodeling of a building, if such alteration, renovation or remodeling does not affect the structural or other safety features of the building or if the work contemplated by the design does not require the issuance of a permit under any applicable code;
5. Pre-engineered buildings, including mobile classrooms purchased by county school boards, and;
6. A commercial structure which contains not more than 7,600 square feet and is only one story, excluding any basement area.

No specific types of structures are exempt from engineer licensing laws.

Plans for changes to previously exempt structures?

Exempt, if finished structure would still qualify for its original exemption.

Not exempt.

Plans for changes to nonexempt structures?

Exempt if changes:

- Do not alter or affect the structural system.
- Do not change access or exit patterns.
- Do not change live or dead loads.
- Do not change safety features.
- Do not require the issuance of a permit under any applicable code.

Not exempt.

Plans for alterations or up-fitting of a shell or unfinished structure?

Not exempt.

Shop drawings?

Exempt. Not exempt.

Are church plans exempt?

No.

? What types of documents require a seal?

Must a licensee seal all plans prepared for bidding, permitting or construction?

Yes. Yes.

Are specifications required to be sealed?

Yes. Yes.

If a project is exempt but a licensee does the work, must the licensee seal the plans?

Yes. Yes, generally.

Are change orders, technical submissions or drawings accompanying or related to change orders required to be sealed?

Yes, if the changes, technical submissions or drawings were of a type that must be prepared by a licensee.

Are addenda and field changes required to be sealed?

Yes, if the documents, addenda or field changes can only be lawfully prepared by a licensee.

Are "record drawings (as built)" required to be sealed?

Yes, when prepared by an architect or engineer.

? What kinds of documents do not require a seal?

Must licensees seal presentation documents (renderings used to communicate conceptual information only) not a part of a set of drawings?

Not required to be sealed or signed.

Can a licensee seal sheets or pages prepared by others?

Yes, in certain cases where portions of the work were prepared by others under the direct supervision of the architect. The architect may also sign or seal those portions of professional work if the architect has reviewed them and coordinated their preparation.

Yes, if the licensee was in responsible charge of the work or completely checked it.

? Under what circumstances are licensees limited from sealing certain documents?

Can a licensee seal a professional opinion letter or report concerning whether plans that he/she did not prepare comply with the building code?

Yes.

Can a licensee seal a document that was not prepared by the licensee or under his/her direct control?

No.

? Proper architectural and engineering seals

Architect and engineer seals properly signed, sealed and dated:

Introduction

The licensing of Professional Engineers began in the State of Wyoming in 1907. The West Virginia State Board of Registration for Professional Engineers (WV PE Board) was formed to oversee the licensing of engineers in West Virginia in 1921. Article 13 – the part of the professional licensing chapter of the code (Chapter 30) that regulates Professional Engineers – was first enacted in 1992. The statutes in W.Va. Code 30-13-1 et seq. and Series 7 of the Code of State Rules are the primary components of what is referred to as “West Virginia Engineering Law.”

Laws requiring professional licensure and regulating the practice of that profession are enacted under the police powers of the State. The primary purpose is to protect the public. Through its statutes and rules, the WV PE Board works to safeguard life, health and property and promote the public welfare. This is done, in part, by requiring professional engineers to meet specified minimum standards, follow certain procedures, and practice in accordance with their rules of professional responsibility.

Those licensure standards, and the procedures and rules that govern those who have been granted the privilege to practice engineering in West Virginia, can be found in these pages. It is hoped that the information provided here helps you understand the substantive and procedural aspects of West Virginia Engineering Law. The staff and its counsel are always available in the event you need more information or have questions regarding the Board’s implementation and application of West Virginia Engineering Law.

The Board and staff work diligently to carry out our responsibilities to the public, the State of West Virginia, and to the professional engineers licensed in West Virginia. The more that these entities know, understand and comply with West Virginia Engineering Law, the easier our job will be, and we can all work together to ensure that West Virginia’s professional engineers are providing good service to the State and its people.

CHANGES TO STATUTE OR RULES AFTER 2022:

Please be advised this booklet contains only legislative action prior to August 2022. It is unpredictable when the West Virginia Legislature may consider and possibly pass legislation amending Article 13, and there is always the possibility that the Board may choose to seek statutory and/or legislative rule changes through the legislative process in future years. The Board, on its website, will attempt to keep the engineering community and citizens of West Virginia apprised of legislative developments and will always post legislation amending Article 13 that is enacted into law. In addition, any proposed legislative rule filing will be posted for comment on the Board’s website at www.wvpebd.org and on the WV Secretary of State’s website at www.sos.wv.gov.

WEST VIRGINIA CODE

CHAPTER 30 - PROFESSIONS AND OCCUPATIONS

ARTICLE 13 - ENGINEERS

§30-13-1. Legislative findings; intent.

The Legislature hereby determines the need to regulate the practice of engineering; to provide for the registration of qualified persons as professional engineers and the certification of engineer interns; to define the terms “engineer,” “professional engineer,” “engineer intern” and “practice of engineering”; to create a state board of registration for professional engineers and provide for the appointment and compensation of its members; to fix the term of members of the board and define its powers and duties; to set forth the minimum qualifications and other requirements for registration as an engineer and certification as an engineer intern; to establish registration fees with expiration and renewal requirements; to impose certain duties upon the state and political subdivisions thereof in connection with public works; and to provide for the enforcement of this article and penalties for its violation.

§30-13-2. General provisions.

In order to safeguard life, health and property and to promote the public welfare, the practice of engineering in this state is hereby declared to be subject to regulation in the public interest. It is unlawful for any person to practice or to offer to practice engineering in this state, as defined in the provisions of this article, or to use in connection with his or her name or otherwise assume or advertise any title or description tending to convey the impression that he or she is a registered or licensed engineer, unless the person has been duly registered or exempted under the provisions of this article. Engineering is hereby declared a learned profession and its practitioners are held accountable to the state and the public by professional standards in keeping with the ethics and practice of other learned professions in this state. The practice of engineering is a privilege granted by the state.

§30-13-3. Definitions.

Unless the context in which used clearly requires a different meaning as used in this article:

- (a) **“Board”** means the West Virginia state board of registration for professional engineers as provided for in this article.
- (b) **“Consulting engineer”** means a professional engineer whose principal occupation is the independent practice of engineering; whose livelihood is obtained by offering engineering services to the public; who serves clients as an independent fiduciary; who is devoid of public, commercial and product affiliation that might tend to infer a conflict of interest; and who is cognizant of their public and legal responsibilities and is capable of discharging them.
- (c) **“Engineer”** means a person who is qualified to practice engineering by reason of special knowledge and use of the mathematical, physical and engineering sciences and the principles and methods of engineering analysis and design, acquired by engineering education and engineering experience.
- (d) **“Engineer intern”** means a person who has qualified for, taken and has passed an examination in the fundamental engineering subjects, as provided in this article.

- (e) **“Practice of engineering”** means any service or creative work, the adequate performance of which requires engineering education, training and experience in the application of special knowledge of the mathematical, physical and engineering sciences to such services or creative work as consultation, investigation, evaluation, planning and design of engineering works and systems; planning the use of land and water; teaching of advanced engineering subjects, engineering surveys and studies; and the review of construction for the purpose of assuring compliance with drawings and specifications any of which embraces such services or work, either public or private, in connection with any utilities, structures, buildings, machines, equipment, processes, work systems, projects and industrial or consumer products or equipment of a mechanical, electrical, hydraulic, pneumatic or thermal nature, insofar as they involve safeguarding life, health or property, and including such other professional services as may be necessary to the planning, progress and completion of any engineering services. Engineering surveys include all survey activities required to support the sound conception, planning, design, construction, maintenance and operation of engineered projects.

Any person who practices any branch of the profession of engineering or who, by verbal claim, sign, advertisement, letterhead, card or in any other way represents himself or herself to be a professional engineer, or by using another title implies that he or she is a professional engineer or that he or she is registered under this article or who holds himself or herself out as able to perform, or who performs any engineering service or work or any other service designated by the practitioner which is recognized as engineering, is considered to practice or offer to practice engineering within the meaning and intent of this article.

- (f) **“Professional engineer”** means a person who has been duly registered or licensed as a professional engineer by the board. The board may designate a professional engineer, on the basis of education, experience and examination, as being licensed in a specific discipline or branch of engineering signifying the area in which the engineer has demonstrated competence.
- (g) **“Responsible charge”** means direct control and personal supervision of engineering work.
- (h) **“Rules of professional responsibility for professional engineers”** means those rules, if any, promulgated by the West Virginia state board of registration for professional engineers as authorized by this article.

§30-13-4. Board of registration for professional engineers; appointment and term.

There is hereby created the board of registration for professional engineers which shall hereafter be referred to as the board. The board shall be composed of five members appointed by the governor, by and with the consent of the Senate, preferably from a list of names submitted by the West Virginia society of professional engineers. The members of the board shall be qualified and shall meet the requirements of section five of this article. The governor shall present each board member with a certificate of appointment. Each board member shall make and file an oath or affirmation with the secretary of state to faithfully execute the duties of a member of the board. Members of the board shall serve a term of five years. Of the members first appointed, one shall serve a term of one year,

one shall serve a term of two years, one shall serve a term of three years, one shall serve a term of four years and one shall serve a term of five years. Members are eligible for reappointment but no member may be appointed for more than three full consecutive terms. Each member shall hold office until the expiration of the term for which appointed or until a successor has been duly appointed and has qualified. In the event of a vacancy on the board due to resignation, death or for any cause resulting in an unexpired term and if not filled within three months by the governor, the board may appoint a member to serve in the vacancy until the governor makes the appointment. Members of the former board whose terms have not expired shall fill the term on this board which corresponds with the length of the unexpired term of that member.

§30-13-5. Board qualifications.

Each member of the board must be a citizen of the United States and a resident of this state. Each member shall have been engaged in the lawful practice of engineering as a professional engineer for at least twelve years; shall have been in responsible charge of engineering projects for at least five years; and shall be a registered professional engineer in this state.

§30-13-6. Compensation and expenses.

Each member of the board shall receive compensation for time spent, and reimbursement for reasonable and necessary expenses incurred, in the performance of board-related duties pursuant to section eleven, article one of this chapter.

§30-13-7. Removal of members and vacancies.

The governor may remove any member of the board for misconduct, incompetency, neglect of duty or for any reason prescribed by law for removal of state officials. Vacancies in the membership of the board shall be filled for the unexpired term.

§30-13-8. Organization and meetings.

The board shall hold at least one regular meeting each year. Special meetings may be held as the bylaws of the board provide. Each year the board shall elect the following officers: A president, a vice president and a secretary, who shall serve at the will and pleasure of the board. A quorum of the board shall consist of not less than three professional engineer members.

§30-13-9. Board powers.

- (a) The board may adopt and amend bylaws not inconsistent with the constitution and laws of this state. The board may promulgate and shall adopt "rules of professional responsibility for professional engineers." These rules are binding to any person registered with the board under the provisions of this article. These rules are also applicable to firms holding a certificate of authorization as provided in section seventeen of this article.
- (b) The board may subpoena witnesses and compel their attendance and it may also subpoena books, papers, documents or other pertinent data in any disciplinary matters or in any case involving an allegation of a violation of the provisions of this article. The board may apply to the circuit court of Kanawha county to enforce compliance with any subpoena it issues.

- (c) The board may seek an injunction in circuit court to enforce the provisions of this article or to restrain a person or entity from violating a provision of this article. In pursuing injunctive relief under this section, the board shall not be required to prove that an adequate remedy at law does not exist or that substantial or irreparable damage would result from the continued violation. The members of the board may not be personally liable for any decisions made in good faith in pursuing injunctive relief.
- (d) The board may require all applicants for registration to take and successfully pass an examination of their fitness and qualifications to become registered.
- (e) The board may require that a registered professional engineer demonstrate continuing professional competency in engineering as a condition of renewal or reregistration.
- (f) Board members are exempt from civil liability for any decision made or any act done in good faith in the performance of any duty or the exercise of any power granted under this article.

§30-13-10. Receipt of fees, fund established, disbursements.

There is hereby established within the state treasury a "board of professional engineers fund." The board shall deposit all fees and other moneys received by the board into the fund. The moneys in the fund shall be used for expenses of the board and shall be requisitioned on the signatures of the president and secretary of the board. The secretary of the board shall annually furnish an accounting of all funds received and expended by the board to the governor and to each house of the Legislature. The board may use the moneys in the fund to employ necessary staff, pay for membership fees to the national council of examiners for engineering and surveying and for any other necessary and reasonable expense of the board: Provided, That the board may not issue warrants in excess of moneys in the fund.

§30-13-11. Records and reports.

- (a) The board shall keep a record of its proceedings and of all applications for registration. The record shall show: (1) The name, age and last known address of each applicant; (2) the date of application; (3) place of business of such applicant; (4) education, experience and other qualifications; (5) type of examination required; (6) whether or not the applicant was rejected; (7) whether or not a certificate of registration was granted; (8) the date of the action by the board; and (9) such information as may be deemed necessary by the board.
- (b) The record of the board is prima facie evidence of the proceedings of the board and a transcript duly certified by the secretary shall be admissible as evidence with the same force and effect as if the original were produced.
- (c) On the first day of July of each year, the board shall submit to the governor a report of its transactions of the preceding year and shall transmit to the governor a complete statement of the receipts and expenditures of the board, attested to by affidavits of its chairman and secretary.
- (d) Board records and papers of the following class are of a confidential nature and are not public records: Examination material for examinations not yet given, file records of examination problem solutions, letters of inquiry and reference concerning applicants, board inquiry forms concerning applicants, investigation files where any investigation is still pending and all other materials of like confidential nature.

§30-13-12. Roster.

A complete roster with the names and the last known addresses of all registered professional engineers shall be published by the secretary of the board at intervals established by the board. Copies of this roster may be mailed to each person registered and shall be placed on file with the secretary of state and may be distributed or sold to county and city officials and to the public.

§30-13-13. Requirements for registration of professional engineers and certification of engineer interns.

- (a) **General requirements.** - Every person who desires to be certified as an engineer intern or to be registered as a professional engineer in this state must comply with the following requirements:
- (1) Submission of a completed application specified by the board and payment of the application fee specified by rule of the board;
 - (2) Be at least eighteen years of age;
 - (3) Be of good moral character;
 - (4) Submit statements of reference as specified by rule of the board;
 - (5) Graduate from a four-year engineering curriculum accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (EAC/ABET), or an equivalent as approved by the board as being of satisfactory standing; and
 - (6) Be free of any grounds for disqualification as set forth in subsection of (a) of section twenty-one of this article.
- (b) **Certification of an engineer intern.** - In addition to the foregoing general requirements, an applicant must meet the following requirements to be certified as an engineer intern in this state:
- (1) Satisfactorily complete the required examination on the fundamentals of engineering; and
 - (2) Complete each additional requirement that the board may specify by legislative rule.
- (c) **Registration of a professional engineer.** - In addition to the general requirements specified in subsection (a) of this section, an applicant must meet the following requirements to be certified as a professional engineer in this state:
- (1) Meet all the requirements for certification as an engineer intern;
 - (2) Submit a record of four years or more of progressive experience in engineering work of a grade and a character that indicates to the board that the applicant may be competent to practice engineering;
 - (3) Satisfactorily complete the required examination on the principles and practice of engineering;
 - (4) Complete each additional requirement that the board may specify by legislative rule.

- (d) **Registration of a professional engineer through comity or reciprocal registration.** - Notwithstanding the requirements of the foregoing subsection of this section, the board may issue a license to an applicant who holds a valid license or other authorization to practice engineering from another state, if the applicant satisfies the general requirements of subsection (a) of this section, satisfies the additional requirements specified by rule of the board and meets one of the following requirements:
- (1) Holds a license or other authorization to engage in the practice of engineering issued by a proper authority of any jurisdiction, based on requirements that do not conflict with the provisions of this article and possesses credentials that are, in the judgment of the board, of a standard equivalent to or not lower than that specified in the applicable licensure act and rules in effect in this state at the time such license was issued, upon application, which may include a council record with NCEES; or
 - (2) Holds a valid council record with NCEES, which is the compilation of documents maintained by NCEES of an applicant's qualifications as a professional engineer, including official transcripts, engineering examination results, employment verifications and references, which indicates that the applicant meets the requirements of this article.
- (e) **Certification or registration of qualified applicants.** - The board shall issue a certification to a qualified applicant who meets the requirements for certification as an engineer intern and shall issue a professional engineer registration to a qualified applicant who meets the requirements for registration as a professional engineer.
- (f) **Continuation of existing registrations and certificates.** - A registration or certificate issued by the board prior to July 1, 2013, shall for all purposes be considered a registration or certificate issued under this article: Provided, That a person registered or certified prior to July 1, 2013, must renew the registration or certification pursuant to the provisions of this article and the rules of the board.

§30-13-13a. Designations of nonpracticing status.

The board may designate a professional engineer as ineligible to practice or offer to practice engineering in this state using one of the following terms:

- (1) **Professional engineer-retired.** - A registrant may apply for retired status upon certification that he or she is no longer practicing or offering to practice engineering in this state for remuneration.
- (2) **Professional engineer-inactive.** - A registrant may request inactive status upon affirmation that he or she is no longer practicing or offering to practice engineering in this state.
- (3) **Professional engineer-lapsed.** - A registrant's license is lapsed when the registrant does not respond to renewal notices or pay the required fees.
- (4) **Professional engineer-invalidated.** - A registrant's license is invalidated when he or she is unable to provide sufficient proof that any condition of renewal set forth in this article or by board rule has been met.

§30-13-14. Application and registration fee.

Every person seeking to become registered as a professional engineer or seeking to become certified as an engineer intern shall file an application on forms provided by the board. The application shall be made under oath and shall include:

- (a) The level of education of the applicant;
- (b) A summary of the applicant's technical experience; and
- (c) The names and complete mailing addresses of any references.

Applicants may not use the names of board members as references.

In lieu of information required on the board's application forms, the board may accept the verified information contained in a valid council record issued by the national council of examiners for engineering and surveying for professional engineer applicants.

The board shall set fees for all applicants for registration and certification by promulgating legislative rules under the provisions of article three, chapter twenty-nine-a of this code.

Fees of unsuccessful applicants and the fees of applicants who have been refused registration or certification for any purpose shall be retained by the board to cover administrative costs.

§30-13-15. Examinations.

- (a) The board has the power to establish, by legislative rule, the requirements for examination for registration as a professional engineer and certification as an engineer intern including, but not limited to, the following criteria: subject matter, prerequisites for testing, passing score, examination sites and schedules, entities authorized to administer examinations, prerequisites for testing and form of testing, including examination by electronic or other means.
- (b) The board's rules for examination shall include the following minimum requirements:
 - (1) An examination to qualify to be an engineer intern, to test the applicant's knowledge and understanding of the fundamentals of engineering; and
 - (2) An examination to qualify as a professional engineer, to test the applicant's knowledge and understanding of the principles and practice of engineering.
- (c) If the board determines that the safe and ethical practice of engineering in this state requires examination of matters specific to the law and practice in this state, the board may also establish criteria, by legislative rule, for an examination of the applicant's knowledge and understanding of this state's statutes, rules, professional ethics and design requirements.
- (d) A candidate for registration as a professional engineer who fails the examination of the principles and practice of engineering may retake the examination one time upon payment of the fee established by the board. In the event of a second failure, the candidate may not repeat the examination unless the examinee demonstrates to the board that he or she has pursued additional instruction or training to correct the candidate's deficit areas of knowledge.
- (e) In the event that examination requirements, test administration procedures, scoring or testing methods are modified by a board-approved testing entity providing standard tests for use by the board, the board has the authority to promulgate emergency rules to adopt and reflect those changes.

§30-13-16. Certificates and seals.

- (a) The board shall issue a certificate of registration to any applicant who, in the opinion of the board, has met the requirements of this article. The certificate of registration shall carry the designation “professional engineer.” It shall give the full name of the registrant with their registration number and shall be signed by the chairman and the secretary under the seal of the board. The certificate of registration grants the recipient authority to practice in this state.
- (b) An unexpired and unrevoked certificate is prima facie evidence that the person named on it is entitled to all rights, privileges and responsibilities of a professional engineer.
- (c) Every registrant shall obtain a seal for use in identifying his or her official professional work. The design of the seal shall be determined by the board and shall bear the registrant’s name, registrant’s registration number, the legend “registered professional engineer, state of West Virginia” and such other words or figures as the board may prescribe. The seal may be a rubber stamp. Whenever the seal is applied, the registrant’s written signature shall be adjacent to or across the seal. No further words or wording are required. A facsimile signature is not acceptable. Whenever presented to a client or any public or governmental agency, the seal, signature and date shall be placed on all specifications, reports, drawings, plans, design information and calculations in accordance with rules promulgated by the board. The seal and signature shall be used by registrants only when the work being stamped was under the registrant’s complete direction and control.

In the case of a registrant of another state using a temporary permit issued by this state, the registrant shall use the state of permanent registration seal and shall affix his or her signature and temporary permit number to all work. In the case of a registrant checking the work of an out-of-state registrant, the state registrant shall completely check and have complete dominion and control of the design. The complete dominion and control includes possession of the sealed and signed reproducible construction drawings with complete signed and sealed design calculations indicating all changes in design.

- (d) The board shall issue to any applicant who, in the opinion of the board, has met the requirements of this article, an enrollment card as engineer intern, which indicates that his or her name has been recorded in the board office. The engineer intern enrollment card does not authorize the holder to practice as a professional engineer. It is unlawful for a registrant to affix or to permit his or her seal and signature to be affixed to any document after the expiration of his or her certificate or for the purpose of aiding or abetting any other person to evade or attempt to evade any provisions of this article.

§30-13-17. Certificates of authorization required; naming of engineering firms.

- (a) No person or firm is authorized to practice or offer to practice engineering in this state until the person or firm has been issued a certificate of authorization by the board.
- (b) A person or firm desiring a certificate of authorization must file all the required information with the board on an application form specified by the board. The required information shall include the sworn statement of the engineer in responsible charge who is a professional engineer registered in this state. The board shall issue a certificate of authorization to an applicant who has met all the requirements and paid the fees set forth in board rules.

- (c) No person or firm is relieved of responsibility for the conduct or acts of its agents, employees, officers or partners due to compliance with the provisions of this article. No individual practicing engineering under the provisions of this article is relieved of responsibility for engineering services performed due to his or her employment or other relationship with a person or firm holding a certificate of authorization.
- (d) An engineer who renders occasional, part-time or contract engineering services to or for a firm may not be designated as being in responsible charge for the professional activities of the firm unless that engineer is an owner or principal of the firm.
- (e) The Secretary of State shall not issue a certificate of authority or business registration or license to an applicant whose business includes, among the objectives for which it is established, the words engineer, engineering or any modification or derivation thereof unless the board of registration for this profession has issued to the applicant a certificate of authorization or a letter indicating eligibility to receive the certificate. The certificate or letter from the board shall be filed with the application filed with the Secretary of State to do business in West Virginia.
- (f) The Secretary of State shall decline to register a trade name or service mark which includes the words engineer, engineering or modifications or derivatives thereof in its business name or logotype except those businesses holding a certificate of authorization issued under the provisions of this article.
- (g) The certificate of authorization may be renewed or reinstated in accordance with board rule and upon payment of the required fees.
- (h) Every holder of a certificate of authorization has a duty to notify the board promptly of any change in information previously submitted to the board in an application for a certificate of authorization.

§30-13-18. Renewals and reinstatement.

- (a) Certificates of registration and certificates of authorization expire on the last day of December of the year indicated on the certificate, and the holder of any certificate that is not timely renewed is ineligible to practice or offer to practice engineering in this state until the certificate has been reinstated in accordance with rules promulgated by the board.
- (b) Certificates may be renewed only in accordance with board rule, which may include payment of a late fee for renewals not postmarked by December 31 of the year in which renewal is required. The board shall notify every person or firm holding an active certificate under this article of the certificate renewal requirements at least one month prior to the renewal date. The notice shall be made by mail or electronic means using the contact information provided to the board.
- (c) A certificate that was not timely renewed or for other reason was given a nonpracticing status may be reinstated under rules promulgated by the board and may require reexamination and payment of fees set forth in board rules.
- (d) Effective July 1, 2015, the board may renew certificates on a biennial basis.
- (e) The board shall promulgate emergency rules pursuant to section fifteen, article three, chapter twenty-nine-a of this code to implement the provisions of this section.

§30-13-19. Reissuance of certificates.

A new certificate of registration or certificate of authorization to replace any certificate lost, destroyed or mutilated may be issued subject to the rules of the board. A charge established by rule shall be made for each new certificate.

§30-13-20. Public works.

Government agencies, authorities, officials and employees may not engage in the practice of engineering involving either public or private property unless the provisions of this article are met.

§30-13-21. Disciplinary action – Revocation, suspension, refusal to issue, restore or renew, probation, civil penalty, reprimand.

- (a) The board may suspend or revoke or refuse to issue, restore or renew a certificate of registration of, or place on probation, impose a civil penalty or reprimand any professional engineer who has:
- (1) Perpetrated any fraud or deceit in obtaining or attempting to obtain or renew a certificate of registration or certificate of authorization;
 - (2) Been negligent, incompetent or committed an act of misconduct in the practice of engineering;
 - (3) Been convicted of or has entered a plea of nolo contendere to any crime under the laws of the United States or any state or territory thereof, which is a felony whether related to practice or not; and conviction of or entry of a plea of nolo contendere to any crime, whether a felony, misdemeanor or otherwise, an essential element of which is dishonesty, or which is directly related to the practice of engineering;
 - (4) Failed to comply with any of the provisions of this article or any of the rules promulgated under it;
 - (5) Been disciplined by another state, territory, the District of Columbia, foreign country, the United States government or any other governmental agency, if at least one of the grounds for discipline is the same or substantially equivalent to those grounds for discipline contained in this article;
 - (6) Failed within thirty days to provide information requested by the board as a result of a formal or informal complaint to the board which would indicate a violation of this article;
 - (7) Knowingly made false statements or signed false statements, certificates or affidavits to induce payment;
 - (8) Aided or assisted another person in violating any provision of this article or the rules promulgated;
 - (9) Violated any terms of probation imposed by the board or using a seal or practicing engineering while the professional engineer's license is suspended, revoked, nonrenewed or inactive;
 - (10) Signed or affixed the professional engineer's seal or permitted the professional engineer's seal or signature to be affixed to any specifications, reports, drawings, plans, design information, construction documents or calculations or revisions which have not been prepared or completely checked by the professional engineer or under the professional engineer's direct supervision or control;

- (11) Engaged in dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm the public;
 - (12) Provided false testimony or information to the board; and
 - (13) Been habitually intoxicated or addicted to or by the use of drugs or alcohol.
- (b) In addition to any other penalty provided in this article, the board may assess civil penalties against any person who violates any provision of this article or any rule promulgated by the board for each offense in an amount determined by the board.
 - (c) The board shall prepare and shall adopt “rules of professional responsibility for professional engineers.” The board may revise and amend these “rules of professional responsibility for professional engineers” from time to time and shall notify each registrant in writing of any revisions or amendments.
 - (d) The board may:
 - (1) Revoke a certificate of authorization;
 - (2) Suspend a certificate of authorization of any firm for a period of time not exceeding two years where one or more of its officers or directors of the firm have been found guilty of any conduct which would authorize a revocation or suspension of his or her certificate of registration under the provisions of this article;
 - (3) Place the person or firm on probation for a period of time and make the person or firm subject to conditions as the board may specify;
 - (4) Assess a civil penalty and related costs for each count or separate offense in an amount set by the board.

S30-13-22. Disciplinary action – Procedures.

- (a) Any person may file a complaint with the board that a person or firm subject to the provisions of this article has committed a fraud, been deceitful, been grossly negligent, incompetent, guilty of misconduct or has violated the “rules of professional responsibility for professional engineers.”
- (b) All complaints, unless dismissed by the board as unfounded, trivial or unless settled informally, shall be heard by the board within six months after the date each complaint was received by the board.
- (c) The board shall fix the time and place for hearings on complaints and a copy of all charges, together with a notice of the time and place of hearing on the complaint the person or firm complained against or mailed to the last known address of the person or firm at least thirty days prior to the hearing. At the hearing, the person or firm shall have the right to appear in person or by counsel, or both, to cross-examine witnesses and to produce evidence and witnesses in his, her or its defense. If the accused person or firm fails or refuses to appear, the board may proceed to hear the complaint and determine the validity of the charges.
- (d) If after the hearing a majority of the board votes in favor of sustaining the charges, the board shall reprimand or assess a civil penalty against the person or firm complained against. The board may also suspend, revoke, refuse to issue or refuse to restore or renew an individual’s certificate of registration or a firm’s certificate of authorization. In addition, the board may place a registrant on probation.

- (e) Any person or firm aggrieved by any action of the board in assessing a civil penalty, denying, suspending, refusing to issue, refusing to restore or renew or revoking a certificate of registration or a certificate of authorization, may appeal the board's decision to the circuit court.
- (f) Any civil penalty assessed as a result of a hearing shall be paid within fifty days after the decision becomes final.
- (g) The board may, upon petition of a person or firm, reissue a certificate of registration or authorization, provided that a majority of the members of the board votes in favor of such issuance.

§30-13-23. Criminal offenses.

Any person who practices or offers to practice engineering in this state without being registered in accordance with the provisions of this article, or any person, firm, partnership, organization, association, corporation or other entity using or employing the words engineer, engineering or any modification or derivative thereof in its name or form of business activity except as authorized in this article, or any person presenting or attempting to use the certificate of registration or the seal of another, or any person who gives any false or forged evidence of any kind to the board or to any member thereof in obtaining or attempting to obtain a certificate of registration, or any person who falsely impersonates any other registrant of like or different name, or any person who attempts to use an expired, suspended or revoked or nonexistent certificate of registration, or who practices or offers to practice when not qualified, or any person who falsely claims that he or she is registered or authorized under this article, or any person who violates any of the provisions of this article is guilty of a misdemeanor, and, upon conviction thereof, shall be fined not more than five hundred dollars, or imprisoned in the county jail not more than six months, or both fined and imprisoned.

Any person who commits a second or subsequent offense under this section is guilty of a felony, and, upon conviction thereof, shall be imprisoned in the penitentiary not less than ten nor more than twenty years.

The attorney general may act as legal adviser to the board and render any legal assistance as may be necessary in carrying out the provisions of this article. The board may employ counsel and necessary assistance to aid in the enforcement of this article and the compensation and expenses of the council shall be paid from the funds of the board.

§30-13-24. Exemptions.

This article may not be construed to prevent the practice by:

- (a) **Other professions.** – The practice of any other legally recognized profession;
- (b) **Temporary permits.** – The practice or offer to practice engineering by a person not a resident of or having no established place of business in this state, provided the person is legally qualified by registration to practice engineering, as defined in this article, in their own state or country. The person shall make application to the board in writing and after payment of a fee established by the board may be granted a written permit for a definite period of time not to exceed one year to do a specific job: Provided, That no right to practice engineering shall accrue to the applicant with respect to any other works not set forth in the permit; and

- (c) **Employees and subordinates.** – The work of an employee or a subordinate of a person holding a certificate of registration under this article, or an employee of a person practicing lawfully: Provided, That the work does not include final engineering designs or decisions and is done under the direct supervision of and verified by a person holding a certificate of registration under this article or a person practicing lawfully. Any regular full-time employee of a person, partnership, corporation or other business entity who is engaged solely and exclusively in performing services for such person, partnership, corporation or other business entity, who is not required by any provision of the law other than this article to be a registered professional engineer and whose services are performed on, or in connection with, property owned or leased by such person, partnership, corporation or other business entity, or in which such person, partnership, corporation or other business entity has an interest, estate or possessory right, and are not offered or made available to the public. This exemption includes the use of job title and personal classification by such person, but no name, title or words may be used which tend to convey the impression that an unlicensed person is offering professional engineering services to the public.

Examination, Licensure and Practice of Professional Engineers

§7-1-1. General.

- 1.1. **Scope.** – This rule sets forth standards for the regulation and conduct of members, records, applications and examinations. This rule is binding upon persons applying and registered under W. Va. Code §30-13-1 et seq. and is applicable to individuals or firms providing engineering services.
- 1.2. **Authority.** – W. Va. Code §§30-13-9(a), 13, 14, 15, 16(c) 17, 18, 19, 21.
- 1.3. **Filing Date.** – May 5, 2022
- 1.4. **Effective Date.** – August 1, 2022
- 1.5. **Sunset Provision.** – This rule shall terminate and have no further force or effect on August 1, 2030.
- 1.6. **Amendment of Former Rules.** – This legislative rule amends West Virginia 7CSR1 “Rules Governing The West Virginia Board of Registration for Professional Engineers” filed and effective April 1, 2020.

§7-1-2. Definitions.

- 2.1. **“ABET”** means ABET, Inc., formally known as the Accreditation Board for Engineering and Technology.
- 2.2. **“ABET/TAC”** means the Technology Accreditation Commission of ABET, Inc., formally known as the Accreditation Board for Engineering and Technology.
- 2.3. **“Board”** means the West Virginia State Board of Registration for Professional Engineers.
- 2.4. **“COA”** means Certificate of Authorization, which is a document required and issued in accordance with §7-1-11 of these rules.
- 2.5. **“College/Unit Semester/Quarter Hour”** means the credit given for courses in an ABET approved program or other Board-approved courses approved in accordance with §7-1-10 of these rules.
- 2.6. **“Comity Applicant”** means a person who is applying to become a registered PE in West Virginia and is currently in possession of a PE registration or certificate of licensure issued by a proper authority of a jurisdiction other than West Virginia.
- 2.7. **“EI”** means a certified Engineer Intern, who is a person who has been certified as such by this Board after having met the qualifications set forth in W. Va. Code §30-13-13 and these rules.
- 2.8. **“FE”** means the Fundamentals of Engineering Examination.
- 2.9. **“Foreign Degree Applicant”** means a person applying for certification or registration who received a Baccalaureate degree in Engineering from a non-ABET accredited foreign institution outside of the United States.
- 2.10. **“Firm”** means a firm, corporation, partnership, joint stock association, private practitioner employing others, or sole proprietor employing no one but himself/herself which practices or offers to practice engineering.

- 2.11. **“Initial license”** means obtaining a license in West Virginia for the practice of engineering for the first time.
- 2.12. **“License”** or **“licensure”** means the official authorization by the Board to engage in the practice of or the offering of engineering in the state.
- 2.13. **“Low-income individual”** means an individual in the local labor market as defined in W. Va. Code §21-1C-2, whose household adjusted gross income is below 130 percent of the federal poverty line. This term also includes any person enrolled in a state or federal public assistance program including, but not limited to, the Temporary Assistance for Needy Families Program (TANF), Medicaid, or the Supplemental Nutrition Assistance Program (SNAP).
- 2.14. **“Military families”** means any person who serves as an active member of the armed forces of the United States, the National Guard, or a reserve component as described in 38 U. S. C. §101, honorably discharged veterans of those forces, and their spouses. This term also includes surviving spouses of deceased service members who have not remarried.
- 2.15. **“NCEES”** means the National Council of Examiners for Engineering and Surveying.
- 2.16. **“PDH”** means a Professional Development Hour, which is one contact hour of instruction or presentation designed to keep a professional engineer current in his or her branch/discipline.
- 2.17. **“PE”** means a registrant or registered Professional Engineer, who is a person who has passed the PE exam and is an acronym used after an engineer’s name to indicate he or she is a registered engineer with the Board.
- 2.18. **“PE exam”** means the Principles and Practice of Engineering Examination.
- 2.19. **“Registrant”** means a PE.
- 2.20. **“Satisfactory”** means that which a reasonable person would find acceptable for purposes of applying to the Board for licensure.
- 2.21. **“Status”** refers to the designation of a current or former registrant, including the designations of nonpracticing status set forth in W. Va. Code §30-13-13a.
- 2.22. **“Unreversed”**, as that term refers to a criminal conviction, means that a conviction has not been set aside, vacated, pardoned, or expunged.

§7-1-3. EI and PE Applications.

3.1. Types of Applications.

- (a) **PE Application.** A person applying to the Board for registration as a Professional Engineer shall pass the FE and PE examinations in accordance with §7-1-5.2 and §7-1-5.3 of these rules and submit to the Board a completed application on forms prescribed by the Board.
- (b) **EI Application.** A person applying to the Board for certification as an Engineer Intern shall pass the FE examination in accordance with §7-1-5.3 of these rules and submit to the Board a completed application on forms prescribed by the Board.

3.2. Criteria for Applications.

- (a) The Board shall only consider applications completed in accordance with §7-1-3.4 of these rules.

- (b) **EI Certification.** The Board shall accept applications for EI certification from persons who meet all of the requirements of W. Va. Code §30-13-13.
 - (1) A person with a baccalaureate degree from a Board-approved curriculum as defined in §7-1-3.5(a) of these rules who has passed the FE examination may apply for certification as an EI.
 - (2) An EI applicant who graduated from a four-year engineering technology program accredited by the TAC/ABET may only be certified as an EI after the applicant has presented evidence of two (2) years of work experience in accordance with §7-1-3.6 of this rule.

3.3. Applications Generally.

- (a) **Form of Applications.** Applications shall be completely filled out on forms prescribed and provided by the Board. It is the responsibility of the applicant to submit to the Board a completed application package as set forth in this section.
- (b) **Translations.** All foreign language documentation shall be accompanied by translations certified to be accurate by a competent authority recognized by the Board.
- (c) **Submission under Oath.** All applications made to this Board shall be subscribed and sworn to before a Notary Public or other persons qualified to administer oaths on the forms used by the applicant.
- (d) **Staff Review of Applications.** The Board staff shall review the submitted application package and shall notify the applicant if the package is not complete as set forth in §7-1-3.4 below. The Board shall not act upon an application until the applicant has submitted a completed application package. Upon such submission, the Board shall act in accordance with §7-1-4.
- (e) **Confidentiality of Applications.** References and transcripts received in accordance with §7-1-3.7 of these rules shall be kept confidential, and the Board shall place all such confidential records regarding the qualifications of an applicant in files that are considered non-public records. The Board shall not divulge the source and character of the information except in special cases when required by law.
- (f) **Retention of Applications.** The Board shall make copies of all approved applications which show the name, date of birth, the date of application, education, experience and other qualifications of the applicant, the examination required of the applicant, and the Board granted registration or certification notice. The Board shall store the duplicate copies of these records and one copy shall be stored in fireproof and secure facilities.

3.4. Completed Application Package.

- (a) **Definition.** A completed application package shall include the following:
 - (1) The requisite education as set forth in §7-1-3.5 of these rules, which education shall be obtained prior to the time of submitting the application;

- (2) The requisite work experience as set forth in §7-1-3.6 of these rules, which experience shall be obtained prior to the time of submitting the application;
 - (3) The references required in §7-1-3.7 of these rules;
 - (4) One (1) passport-like photo taken within six (6) months of the date of application;
 - (5) Such fee(s) as are required in §7-1-13.4 of these rules, including the non-refundable application fee.
 - (6) Verification of passage of the FE and PE exams.
- (b) The Board shall accept an application for PE registration that includes the documented NCEES Record properly executed and issued with verification by NCEES in lieu of that portion of the application form prescribed by the Board.
- (c) **Specific application requirements.**
- (1) **Comity Applicant.** In addition to the requirements set forth in this section, comity applicants shall also provide verification of current registration in a jurisdiction where they currently live and/or work.
 - (2) **Foreign Degree Applicants.** In addition to the requirements set forth in this section, applicants with degrees from foreign schools shall also meet the requirements set forth in subsection 3.5.c.

3.5 Education.

- (a) **Board-approved curricula.** The term “a graduate of a curriculum of four years or more approved by the Board as being of satisfactory standing” used in W. Va. Code §30-13-13(a)(5) is interpreted by this Board to mean a person who has:
- (1) a Baccalaureate Degree in Engineering from a school whose curricula are accredited by ABET at the time of the awarding of the degree;
 - (2) a Baccalaureate Degree in Engineering Technology from a school whose curricula is accredited by ABET/TAC at the time of the awarding of the degree;
 - (3) a Baccalaureate Degree in Engineering from a school whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET;
 - (4) a Baccalaureate Degree from a school whose curricula is evaluated by the Board and found to be of a high quality essentially equal to those curricula which are accredited by ABET, in addition to a Master’s and/or Ph.D. in Engineering from a school whose undergraduate program in that engineering area is accredited by ABET.
- (b) **Transcripts.** Upon graduation, it is the responsibility of the applicant to have transcripts of all college grades sent directly from the school or college to the Board with the signature of the proper school officer and the official seal of the school.

- (c) Degrees from Non-ABET-Accredited Foreign Institutions. All applicants with an undergraduate degree from a non-ABET-accredited foreign institution shall comply with one of the following:
- (1) If an applicant receives only a Baccalaureate degree in Engineering from a foreign institution not accredited by ABET, he or she shall submit a foreign degree evaluation. An applicant who is required to submit a foreign degree evaluation shall use NCEES or such other evaluation service as may be approved by the Board.
 - (2) If an applicant receives a Baccalaureate degree in Engineering or related curricula from a foreign institution not accredited by ABET, and Master's and/or Ph.D. degree in Engineering from an institution whose undergraduate program is ABET accredited, the Board may review the applicant's transcripts and waive the requirement to submit a foreign degree evaluation.

3.6. Employment; work experience. Employment and work experience verifications are the responsibility of the applicant and shall be submitted on forms supplied by the Board as part of the completed application package.

(a) Requirements.

- (1) **Number of Years.** A PE applicant who has earned the degree described in §7-1-3.5(a)(1) or §7-1-3.5(a)(3) shall demonstrate that he or she has obtained a minimum of four (4) years of experience satisfactory to the Board. A PE applicant who has earned the degree described in §7-1-3.5(a)(2) shall demonstrate that he or she has obtained a minimum of six (6) years of experience satisfactory to the Board.

(b) Satisfactory Experience.

- (1) The applicant's experience on engineering projects shall be broad in scope in his or her branch/discipline and progressive in that it was of increasing quality and required greater responsibility.
- (2) The experience should be under the supervision of a registered Professional Engineer. If not, the applicant shall explain why the Board should consider the experience acceptable.
- (3) Upon review of the completed application package, the Board may credit experience based on the following:
 - (A) Armed Services.** Experience gained in the Armed Services shall be of a character equivalent to that which would have been gained in the civilian sector doing similar work. A good indicator of equivalence is that the applicant while in the Armed Services served in an engineering or engineering-related group.
 - (B) Sales or supervision.** For sales experience or construction supervision experience to be satisfactory, the applicant shall prove that engineering principles were required and used while gaining this experience.
 - (C) Teaching.** The Board may classify the teaching of courses in ABET-approved programs as satisfactory experience.

- (D) **Research.** The Board may credit experience gained in the performing of engineering research or projects if the applicant at the time was a member of an engineering faculty or higher at an institution with a Board approved curricula as defined in §7-1-3.5(a).
- (E) **Graduate Studies.** The Board may credit an applicant who has followed Board-approved curricula as defined in §7-1-3.5(a) with a Master's degree in engineering with one year's experience. If such applicant follows the Master's degree in engineering with a Doctor of Philosophy degree in engineering, the Board may credit the applicant with an additional year of experience. If the Doctor of Philosophy degree is obtained without the Master's degree, the applicant may be credited with two years of experience.

(c) **Verifications.** The verifications shall include the following:

- (1) **Time Period.** The Board shall consider only the experience an applicant obtains after he or she graduates from a Board-approved curriculum.
- (2) **Documentation.** An applicant shall provide a detailed description of the nature of the work and duties he or she has performed on forms supplied by the Board. The applicant shall account for all employment or work experience for the period of time that has elapsed since graduation from the Board-approved curriculum. If the applicant was not employed or was employed in other kinds of work, he or she should indicate this in the experience record.

3.7. References.

- (a) It is the responsibility of the applicant to supply all references on forms supplied by the Board. A PE applicant shall submit satisfactory references from five individuals, three of whom shall be professional engineers having personal knowledge of the applicant's engineering experience and ability. Also, the applicant should preferably include in the references individuals familiar with the applicant's experience noted in the employment section of the application. An EI applicant shall submit at least three satisfactory character references.
- (b) An applicant may not use a relative or a current Board member as a reference.
- (c) An applicant shall provide each individual being used as a reference with the Board-approved reference form. The reference form shall be returned to the applicant in a signed, sealed envelope to be included in the applicant's completed application package.

§7-1-4. Board Actions on Applications.

4.1. The Board shall take action on all submitted applications.

- (a) The application must be complete as set forth in §7-1-3.4 of these rules before the Board considers the application.
- (b) The Board may approve, defer, or deny an application.
 - (1) **Approval.** When an application is approved by the Board, it indicates that the applicant has met all the requirements for registration or certification required by the statutes of this state, and the Board shall grant the applicant a registration or certification. The Board shall notify the applicant of the approval.

- (2) **Deferral.** When an application is deferred by the Board, it indicates that the applicant must take further steps to meet the requirements for registration or certification required by the statutes of this state, and the Board shall retain the deferred application until the applicant submits the additional information required by the Board. The Board shall notify the applicant of the deficiencies.
 - (3) **Denial.** When an application is denied by the Board, it indicates that the applicant has not met the requirements for registration or certification required by the statutes of this state, and the Board shall retain the denied application for one year and then may dispose of it. The Board shall notify the applicant of the denial.
- 4.2. The Board may defer or deny any application of an applicant who has not provided or withheld information, provided statements that are untrue or misrepresented the facts.
- 4.3. **Reconsideration of Applications.** An applicant may request that the Board reconsider an application that has been denied when the request is based on additional information and/or evidence that could affect the original decision. An applicant shall make the request for reconsideration within one year after the decision was made to deny the original application.
- 4.4. **Consideration of Criminal Records.**
 - (a) Notwithstanding other provisions of this rule, the Board may not disqualify an applicant from initial licensure as outlined in W.Va. Code §30-1-1 et seq. Specifically, the Board may not disqualify an applicant from initial licensure because of a prior criminal conviction that remains unreversed unless that conviction is for a crime that bears a rational nexus to the practice of engineering. In determining whether a criminal conviction bears a rational nexus to the practice of engineering, the Board shall consider at a minimum:
 - (1) The nature and seriousness of the crime for which the individual was convicted;
 - (2) The passage of time since the commission of the crime;
 - (3) The relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of a licensed engineer; and
 - (4) Any evidence of rehabilitation or treatment undertaken by the individual.
 - (b) Notwithstanding any other provision of W.Va. Code §30-1-1 et seq. to the contrary, if an applicant has been denied licensure because of a prior criminal conviction, the Board shall permit the applicant to apply for initial licensure if:
 - (1) A period of five years has elapsed from the date of conviction or the date of release from incarceration, whichever is later;
 - (2) The individual has not been convicted of any other crime during the period of time following the disqualifying offense; and
 - (3) The conviction was not for an offense of a violent or sexual nature: Provided, that a conviction for an offense of a violent or sexual nature may subject an individual to a longer period of disqualification from licensure, to be determined by the Board on a case by case basis.

- (c) Petition for licensure eligibility determination. An individual with a criminal record who has not previously applied for licensure may petition to the Board at any time for a determination of whether the individual's criminal record will disqualify the individual from obtaining a license. The petition shall be submitted on the application form prescribed by the Board and shall include sufficient details about the individual's criminal record to enable the Board to identify the jurisdiction where the conviction occurred, the date of the conviction, and the specific nature of the conviction.
 - (1) An individual may include with the petition evidence of rehabilitation, letters of reference, and any other information the applicant deems relevant.
 - (2) The Board shall provide the determination within 60 days of receiving the petition.

§7-1-5. Examinations.

5.1. Examinations Generally.

- (a) **Examination Dates and Locations.** Examinations are offered on dates and at locations set by NCEES, and information regarding the schedule and locations of examinations is available from the Board and NCEES.
- (b) **Language of the Examination.** The language used in the examination is English.
- (c) **Study Information.** The Board or NCEES shall make available NCEES-published specifications for examinations, which shall not include copies of questions used on prior examinations. The Board may provide such other information available to examinees as may be lawful and helpful to the examinee.
- (d) **Instructions for Examinees.** Instructions provided prior to each examination shall declare an examination to be open or closed book. Materials permitted in the examination room shall be listed in the instruction information provided to each applicant by the Board or NCEES upon confirmation of their approval to take an examination.
- (e) **Fees.** Application and examination fees are listed in §7-1-13.4 of this rule. All fees are non-refundable. The Board in accordance with Board policy may waive fees.

5.2. PE Examinations.

- (a) NCEES is wholly responsible for all matters related to administration of the PE examination and sets all policies, practices and procedures for the PE examination, including the dates and locations.
- (b) Information regarding NCEES administration of the PE examination including times, dates and locations is available from both the Board and NCEES.
- (c) Persons wanting to take the PE examination shall apply for the PE directly with NCEES without prior approval of the Board.
- (d) PE examinees will be notified by NCEES whether the examinee passed or failed the examination.

(e) Additional Branches/Disciplines.

- (1) Upon payment of the prescribed fees listed in §7-1-13.4 of this rule, a PE currently registered by this Board may take examinations in additional branches/disciplines of the PE examination offered by NCEES. The Board shall record the passing of the examination.
- (2) If an applicant fails to pass the examination in an additional branch/discipline, he or she retains his or her current registration status.
- (3) As with the initial registration, there shall be no reference to additional engineering branches/disciplines in the successful examinee's certificate or seal.

5.3. FE Examinations.

- (a) NCEES is wholly responsible for all matters related to administration of the FE examination and sets all policies, practices and procedures for the FE examination, including the dates and locations.
- (b) Information regarding NCEES administration of the FE examination including times, dates and locations is available from both the Board and NCEES.
- (c) Persons wanting to take the FE examination shall apply for the FE directly with NCEES without prior approval of the Board.
- (d) The Board recommends that persons seeking EI certification apply to NCEES to take the FE during his or her senior year of a Board-approved curricula or as soon thereafter as possible.
- (e) FE examinees will be notified by NCEES whether the examinee passed or failed the examination.

§7-1-6. Engineering Registration and Certification; Designations of Nonpracticing Status of Former Registrants.

6.1. Classifications of Registration. The Board shall register or certify a qualified applicant under one of the following classifications, of which only a professional engineer is qualified to practice or offer to practice engineering in West Virginia:

- (a) Professional Engineer;
- (b) Engineer Intern; or
- (c) Professional Engineer-Retired.

6.2. Professional Engineer.

- (a) **PE Registration Numbers.** The Board shall assign each successful applicant a registration number. Numbers are issued consecutively in the order in which an applicant is authorized to obtain a seal. The Board shall advise the successful applicant of his or her number.
- (b) The Board shall grant an applicant authorization to obtain a seal who has met all the requirements of the W. Va. Code §30-13 and rules promulgated under this Code as they pertain to education, experience, and upon passing the required FE and PE examinations.
- (c) **Certificates of Registration.** The Board shall issue a certificate of registration and similar wallet card to an applicant who has met the requirements of this state and who has submitted a copy of a satisfactory West Virginia PE seal and

has paid the certificate fee prescribed in §7-1-13.4. The certificate signed by the Board members shall show the registrant's registration number and seal of the Board.

- (d) **Replacement of Certificate.** The registrant shall notify the Board when a certificate of registration is lost, destroyed or mutilated, and, if the registrant is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

6.3. Engineer Intern.

- (a) **EI Certification Numbers.** The Board shall assign each EI a certification number at the time certification is granted by the Board. Numbers are issued consecutively in the order in which an applicant is granted certification. The Board shall advise the EI of his or her number.
- (b) The Board shall grant an applicant who has met all the requirements of the W. Va. Code §30-13 and rules promulgated under this Code as they pertain to education, experience, and upon passing the required FE examination, a certificate of certification to serve as an EI in West Virginia.
- (c) **Certificates of Certification.** The Board shall issue a certificate of certification and similar wallet card to an applicant who has met the requirements of this state and who has paid all fees. The certificate signed by the Board members shall show the EI's certification number and seal of the Board.
- (d) **Replacement of Certificate.** The EI shall notify the Board when a certificate of certification is lost, destroyed or mutilated, and, if the EI is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.

6.4. Professional Engineer-Retired.

- (a) **Registration Numbers.** The Board shall reserve the original assigned registration number for any PE who elects to convert to Professional Engineer-Retired status. This number will remain on file in the event that the retired engineer should choose to reinstate his or her PE registration in accordance with §7-1-9.3 and §7-1-10.10 of these rules.
- (b) **Documentation of Retired Status.** The Board shall issue an appropriate wallet card to an applicant who has met the requirements of this state and who has paid appropriate fees.
- (c) **PE-Retired status is a nonpracticing status.** Registrants who elect PE-Retired status must retire their seal and certify that they are no longer receiving remuneration from providing professional engineering services.

6.5. **Updated Information.** It is the EI's or PE's responsibility to notify the Board within thirty days of any change in information previously submitted to the Board, such as name change, change of address, change of employer, or similar matter requiring current information.

6.6. **Other designations of nonpracticing status.** In addition to a retired status or revoked status, the Board recognizes the following additional designations, all of which describe a type of nonpracticing status which does not qualify the former registrant to practice or offer to practice engineering in the state of West Virginia:

- (a) **Professional Engineer - Inactive.** An active PE or PE-Retired may elect to re-designate his or her status to Professional Engineer-Inactive upon application for inactive status which states that he or she is no longer practicing or offering to practice engineering in this state for remuneration and may seek reinstatement to active status only in accordance with §7-1-9.3 and §7-1-10.10 of these rules.
- (b) **Professional Engineer - Lapsed.** A PE who has not renewed his or her active status in accordance with §7-1-9.2 of these rules or has not applied for a re-designation to retired or inactive status shall be re-designated by the Board to Professional Engineer-Lapsed without further action by the Board and may seek reinstatement to active status only in accordance with §7-1-9.3 and §7-1-10.10 of these rules.
- (c) **Professional Engineer - Invalidated.** A PE who is unable to provide sufficient proof that any condition of renewal set forth in W. Va. Code §30-13-1 et seq. or these rules has been met shall be re-designated by the Board to Professional Engineer-Invalidated without further action by the Board and may seek reinstatement to active status only in accordance with §7-1-9.3 and §7-1-10.10 of these rules.

§7-1-7. Seals.

- 7.1. **Seal of the Board.** The seal of the Board shall be affixed to each certificate of registration.
- 7.2. **Seal of Registrant.** When an applicant is granted registration he or she shall obtain an official seal of the size and design prescribed by the Board. The seal shall contain the following information:
 - (a) The words “State of West Virginia”;
 - (b) The registrant’s name;
 - (c) The registrant’s registration number; and
 - (d) The words “Registered Professional Engineer.”
 - (e) The seal may be a rubber stamp, electronic or one that embosses.
 - (f) The seal shall not reference any engineering branch/discipline.
 The following is a sample of the suggested format:

Official Seal Sample

- 7.3. **Seal on Documents.**
 - (a) A registrant’s seal and signature and the date shall appear on the first or title page of all final and/or record documents of specifications, reports, drawings, plans, design information and calculations presented to a client or any public or government agency to certify that the work was done by the registrant or under the control of the registrant.

- (b) The registrant signing and sealing the first or title page of documents shall be the firm's PE in responsible charge as designated on the firm's COA application or the project engineer.
- (c) Revisions shall be numbered, dated, initialed, and sealed by the registrant responsible for the revision.
- (d) When copies are to be made, the registrant's seal and signature on all originals, tracings or other documents shall be reproducible.
- (e) Each registrant is solely responsible for the use of his or her seal.
- (f) When a registrant examines and verifies the engineering work of another, the registrant must take complete dominion and control of the design, which includes possession of the sealed and signed reproducible construction drawings with complete signed and sealed design calculations indicating all changes in design.
- (g) The Board authorizes the electronic reproduction of a seal when the resulting reproduction meets the specifications of 7.2. The registrant is responsible for the improper use of the seal on work not prepared either by the registrant or under his or her direct supervision.
- (h) It is the responsibility of each registrant to report the loss or theft of his or her seal to the Board as soon as practical after the loss or theft.

§7-1-8. Temporary Permits.

Any application for a temporary permit as authorized by W. Va. Code §30-13-24(b) will be processed as a comity application as set forth in §7-1-3.4(c)(1).

§7-1-9. Expirations, Renewals and Reinstatements to Active Status.

- 9.1. Expiration.** PE registrations expire on December 31st of each even-numbered year and shall be re-designated as lapsed without further action by the Board after that date unless renewed in accordance with subsection 9.2 below.
- 9.2. Renewals.**
 - (a) The Board shall, during the month of November of every even-numbered year, send a renewal notice by electronic means or by mail to the last known address of every person currently registered by the Board. The notice shall indicate the expiration date of the PE registration and the amount of the renewal fee established by the Board.
 - (b) The renewal form, which shall be completed and include documentation in compliance with Section 10 and any other applicable provisions of these rules, and the applicable fee, shall be received by the Board on or before the date of expiration appearing on the license being renewed.
 - (c) Renewals postmarked or submitted online between January 1st to 31st after the expiration date shall render the PE registration valid upon payment of the late fee set forth in §7-1-13.5 of these rules.
 - (d) Any renewal postmarked or submitted online on or after February 1st after the expiration date will be rejected, any fee returned, and the registration will be re-designated as lapsed without further action by the Board.

- 9.3. Reinstatement to active status.** A former PE desiring to reinstate his or her registration to active status from a nonpracticing status as defined in W. Va. Code §30-13-13a shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules.

§7-1-10. Continuing Professional Competency.

- 10.1.** As a condition of registration renewal, every registrant shall show evidence that he or she obtained thirty (30) professional development hours (PDH's) during the previous two years.
- 10.2. Requirements.** A registrant may earn PDH's by providing evidence of:
- (a) Successful completion of college courses;
 - (b) Successful completion of continuing education courses;
 - (c) Successful completion of on-line, correspondence, televised, videotaped, and other short courses or tutorials;
 - (d) Actively participating in seminars, in-house courses, workshops, technical committees of professional engineering organizations, and professional conventions;
 - (e) Teaching or instructing in the activities set forth in subsections 10.2.a. through 10.2.d. if such teaching or instruction is outside of the registrant's regular employment duties or if the registrant can document such teaching activity or instruction was newly developed and presented for the first time; or
 - (f) Authoring published papers, articles, or books.
- 10.3.** If a registrant exceeds the requirement in any two-year period of licensure, he or she may carry a maximum of fifteen (15) PDH's forward into the subsequent two-year licensure period.
- 10.4. Units.** The conversion of other units of credit to PDH units is as follows:

1 College or unit semester hour	15 PDH's
1 College or unit quarter hour	10 PDH's
1 Continuing Education Unit (CEU)	10 PDH's
1 Hour of professional development in course work, seminars, professional conventions, workshops, technical committee work	1 PDH
1 Hour of teaching professional development in course work, seminars, professional conventions, workshops	2 PDH's
Each published paper or patent on engineering subjects	10 PDH's

- 10.5. Determination of Credit.** The Board has final authority with respect to approval of courses, credit, PDH value for courses, and other methods of earning credit. No pre-approval of offerings will be issued. The Board may deny or invalidate any renewal upon a determination of insufficient or unsatisfactory continuing education.
- 10.6. Forms.** All renewal applications require the completion of a continuing education form specified by the Board outlining PDH credit claimed. The registrant shall supply sufficient detail on the form to permit review for approval, shall certify and sign the continuing education form, and shall submit the form with the renewal form and fee.

- 10.7. Record keeping.** Each registrant is responsible for his or her own professional development activities. The registrant shall maintain the records to be used to support credits claimed for professional development activities. Records required include, but are not limited to: 1) a log showing the type of activity claimed, the sponsoring organization, the activity's location and duration, the instructor's or speaker's name, and the PDH credits earned; and 2) attendance or participation verification records in the form of completion certificates, paid receipts or other documents supporting evidence of attendance or participation. These records shall be maintained for three renewal periods. Copies of these records and supporting documentation may be requested by the Board for approval and verification purposes.
- 10.8. Continuing Education Verification.**
- (a) Any registrant may be audited, including Board members and staff.
 - (b) Three to five percent (3-5%) of renewals will be selected at random and contacted by the Board to verify compliance with continuing education claims.
 - (c) Any renewal forms submitted with questionable continuing education shall be added to those selected at random for verification.
 - (d) All verification submissions will be analyzed by the Board who may recommend continued registration, deny or invalidate the renewal, or take such enforcement action as may be appropriate.
 - (e) Those who are denied renewal will be provided a thirty (30) day probationary period in which to acquire the necessary continuing education and submit documentation to the Board. If the registrant fails to submit satisfactory documentation in the given time period, the registration shall be re-designated as invalidated without further action by the Board.
 - (f) A registrant may bring a registration invalidated for insufficient continuing education to active status by obtaining the delinquent PDH's, up to a maximum of thirty (30) PDH's, and submitting a PE reinstatement application and appropriate fees as prescribed in §7-1-13.4.
- 10.9. Exemptions.** An active registrant may be exempt from the professional development educational requirements for one of the following reasons:
- (a) A new registrant by way of examination or reciprocity is exempt for his or her first renewal period;
 - (b) A registrant serving on active duty in the armed forces of the United States for a period of time exceeding one hundred twenty (120) consecutive days in a calendar year is exempt from obtaining the professional development hours required during that year. The Board shall follow all other laws regarding continuing education for licensees on active duty and their spouses to the extent applicable and appropriate;
 - (c) A registrant experiencing physical disability, illness, or other extenuating circumstances may be exempt subject to review and approval by the Board; the registrant shall furnish supporting documentation to the Board; and
 - (d) Registrants who list their occupation as "Retired" on the Board-approved renewal form and who further certify that they are no longer receiving any remuneration from providing professional engineering services are exempt from the required professional development hours. In the event a retired engineer elects to return to the active practice as a professional engineer, he or she shall comply with the requirements of §7-1-10.10 before returning to active practice.

- 10.10. Nonpracticing status.** A registrant may bring a registration with a nonpracticing status designation to active status by obtaining the delinquent PDH's, up to a maximum of thirty (30) PDH's, and submitting the PE reinstatement application required by §7-1-9.3.

§7-1-11. Certificates of Authorization.

- 11.1. COA required; issuance.** A COA is required to practice or offer to practice engineering in WV. The Board shall issue a COA to firms who have met all the requirements of the W. Va. Code §30-13-17 and these rules promulgated under the Code to practice or offer to practice engineering in West Virginia. The certificate signed by the Board President shall show the firm's COA number and seal of the Board.
- 11.2. Classifications of Authorization.** The Board shall certify a qualified firm under one of the following classifications:
- (a) Sole Proprietor with no employees who practices or offers to practice engineering for compensation or other tangible benefit or remuneration;
 - (b) Firm with three or fewer Professional Engineers (regardless of PE's state of registration or licensure); or
 - (c) Firm with four or more Professional Engineers (regardless of the PE's state of registration or licensure).
- 11.3. Application and Fees.** A firm desiring to obtain a COA shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules. Each application, including renewal and reinstatement, requires a sworn statement from the PE in responsible charge as set forth in §30-13-17.
- 11.4. Expiration, Renewal and Reinstatement.**
- (a) **Expiration.** COAs expire on December 31st of each odd-numbered year and are void and re-designated as COA – Lapsed without further action by the Board after that date unless renewed in accordance with subsection 11.4.b. below.
 - (b) **Renewals.**
 - (1) The Board shall, during the month of November of every odd-number year, send a renewal notice by electronic means or by mail to the last known address of every firm currently holding a COA by the Board. The notice shall indicate the expiration date of the COA and the amount of the renewal fee established by the Board.
 - (2) The completed renewal form and applicable fees shall be received by the Board on or before the expiration date indicated on the certificate.
 - (c) Renewals received from January 1st to 31st after the expiration date shall render the COA valid upon payment of the late fee set forth in §7-1-13.5 of these rules.
 - (d) Any renewal postmarked or submitted online on or after February 1st after the year of expiration will be rejected and any fee returned, and the non-renewed COA will be void and re-designated as COA-Lapsed without further action by the Board.
- 11.5. Designations of nonpracticing status.** The Board recognizes the following designations, all of which describe a type of nonpracticing status which does not qualify the former firm or sole proprietor to practice or offer to practice engineering in the state of West Virginia:

- (a) COA - Inactive. A firm or sole proprietor with an active COA may elect to re-designate their status to COA-Inactive upon application for inactive status which states the firm or sole proprietor is no longer practicing or offering to practice engineering in this state and may seek reinstatement to active status only in accordance with §7-1-11.6 of these rules.
 - (b) COA - Lapsed. A firm or sole proprietor who has not renewed their active COA status in accordance with §7-1-11.4 of these rules or has not applied for a re-designation to inactive status shall be re-designated by the Board to COA-Lapsed without further action by the Board and may seek reinstatement to active status only in accordance with §7-1-11.6 of these rules.
 - (c) COA - Invalidated. A firm or sole proprietor who is unable to provide sufficient proof that any condition of renewal set forth in W. Va. Code §30-13-1 et seq. or these rules has been met shall be re-designated by the Board to Professional Engineer-Invalidated without further action by the Board and may seek reinstatement to active status only in accordance with §7-1-11.6 of these rules.
- 11.6. Reinstatement.** A firm desiring to reinstate a COA shall submit a completed application on forms prescribed by the Board, along with such non-refundable fees as required in §7-1-13.4 of these rules.
- 11.7. COA Number.** The Board shall assign each firm a certificate number at the time a COA is granted by the Board. Numbers are issued consecutively in the order in which a firm is granted a COA. The Board shall advise the firm of this number.
- 11.8. Replacement of Certificate.** The firm shall notify the Board when a COA is lost, destroyed or mutilated, and, if the firm is in good standing, the Board shall replace it, upon presentation of a statement of the loss and the prescribed fee in §7-1-13.4.
- 11.9. Updated Information.** It is the firm's responsibility to notify the Board within thirty days of any change in information previously submitted to the Board, such as name change, change of address, change of PE in responsible charge, or similar matter requiring current information.
- 11.10. Limited Liability Firms.** The PE in responsible charge on the COA is responsible for compliance with W. Va. Code §30-13-1 et seq. and this rule notwithstanding any limitations of liability provided by W. Va. Code §§47B-3-6 and 31B-13-1305.

§7-1-12. Professional Responsibility.

- 12.1. Knowledge of Rules.** All registrants are charged with having knowledge of the Rules of Professional Responsibility. The rules, and all proposed and adopted amendments to the rules, shall be available on the Board website.
- 12.2. Rules of Professional Responsibility.** To comply with the Board's responsibilities, which are to safeguard life, health and property, to promote the public welfare, and to maintain a high standard of integrity and practice, the Board has developed the following Rules of Professional Responsibility set forth in this section. These rules supplement the provisions for professional responsibility prescribed in W. Va. Code §30-13-21 and are binding on every registrant and firm.
- (a) All persons registered in West Virginia are required to be familiar with W. Va. Code §30-13-1 et seq., this rule, and all applicable laws relating to the practice of engineering. The Rules of Professional Responsibility delineate specific obligations the registrant shall meet. In addition, each registrant is charged with the responsibility of adhering to standards of highest ethical and moral conduct in all aspects of the practice of engineering.

- (b) The practice of engineering is a privilege, as opposed to a right. All registrants shall exercise this privilege by performing services only in the areas of their competence according to current standards of technical competence.
- (c) Registrants shall recognize their responsibility to the public and shall represent themselves before the public only in an objective and truthful manner.
- (d) Registrants shall avoid conflicts of interest and faithfully serve the legitimate interests of their employers, clients, and customers within the limits defined by this rule. Their professional reputation shall be built on the merit of their services, and they shall not compete unfairly with others.

12.3. Registrant's Obligation to Society.

- (a) Registrants, in the performance of their services for clients, employers and customers, shall be cognizant that their first and foremost responsibility is to the public welfare.
- (b) Registrants shall approve and seal only those designs, plans or other documents that conform to accepted engineering standards and safeguard the life, health, property and welfare of the public.
- (c) Registrants shall notify their employer or client and other appropriate authority when their professional judgment is overruled under circumstances where the life, health, property, or welfare of the public is endangered.
- (d) Registrants shall be objective and truthful in professional reports, statements or testimony. They shall include all relevant and pertinent information in the reports, statements or testimony.
- (e) Registrants shall express a professional opinion publicly only when it is founded upon an adequate knowledge of the facts and a competent evaluation of the subject matter.
- (f) Registrants shall issue no statements, criticisms or arguments on engineering matters which are inspired or paid for by interested parties, unless they explicitly identify the interested parties on whose behalf they are speaking, and reveal any interest they have in the matters.
- (g) Registrants shall not permit the use of their name or firm name, nor associate in business ventures with, any person or firm engaging in fraudulent or dishonest business or professional practices.
- (h) Registrants having knowledge of possible violations related to the practice of engineering as set forth in statute or these rules, including the Rules of Professional Responsibility, shall provide the Board with information and assistance necessary to the final determination of the violation.

12.4. Registrant's Obligation to Employer and Clients.

- (a) Registrants shall undertake assignments only when qualified by education or experience in the specific technical fields of engineering involved.
- (b) Registrants shall not affix their signatures or seals to any plans or documents except in accordance with §30-13-1 et seq. and these rules.
- (c) Registrants shall not reveal facts, data or information obtained in a professional capacity without the prior consent of the client or employer except as authorized or required by law.
- (d) Registrants shall not solicit or accept financial or other valuable consideration, directly or indirectly, from contractors, their agents, suppliers, manufacturers, or other parties in connection with work for employers or clients.

- (e) Registrants shall make full prior disclosures to their employers or clients of potential conflicts of interest or other circumstances which could influence or appear to influence their judgment or the quality of their service.
- (f) Registrants shall not accept compensation, financial or otherwise, from more than one party for services pertaining to the same project, unless the circumstances are fully disclosed and agreed to by all interested parties.
- (g) Registrants shall not solicit or accept a professional contract from a governmental body on which a principal or officer of their organization serves as a member. Conversely, registrants serving as members, advisors, or employees of a governmental body or department, who are the principals or employees of a private concern, shall not participate in decisions with respect to professional services offered or provided by the private concern to the governmental body which they serve unless their participation is approved by the West Virginia Ethics Commission.

12.5. Registrant's Obligation to Other Registrants.

- (a) Registrants shall not falsify or permit misrepresentation of their or their associates' academic or professional qualifications. They shall not misrepresent or exaggerate their degree of responsibility in prior assignments or the complexity of the assignments. Presentations incident to the solicitation of employment or business shall not misrepresent pertinent facts concerning employers, employees, associates, joint ventures or past accomplishments.
- (b) Registrants shall not offer, give, solicit or receive, either directly or indirectly, any commission, gift, or other valuable consideration in order to secure work, and shall not make any political contribution with the intent to influence the award of a contract by a public authority.
- (c) Registrants shall not attempt to injure, maliciously or falsely, directly or indirectly, the professional reputation, prospects, practice or employment of other registrants, nor indiscriminately criticize other registrants' work.

12.6. Actions brought against applicants.

A registered PE who has been fined, received a reprimand, or had his or her registration revoked, suspended or denied in another jurisdiction for reasons or causes which this Board finds would constitute a violation of the law governing the practice of engineering in this state or any rule promulgated by this Board, is sufficient cause for the Board to levy a fine, reprimand, or deny, revoke or suspend a registration to practice engineering by the registrant in this state. Any such actions by other jurisdictions shall be reported on the renewal form. For purposes of this section, "another jurisdiction" means any other governing entity, including a licensing board for another profession.

§7-1-13. Fees Generally.

- 13.1. The fees listed in this section are payable to the West Virginia State Board of Registration for Professional Engineers unless charged by and payable to NCEES. Fees based upon NCEES charges may be obtained from the Board website or the NCEES website. Fees shall be paid by check, money order, credit card or electronic payment and are non-refundable.
- 13.2. **Timing of Submission of Fees.** Any PE registration or COA application fee received prior to October 1 will entitle the approved PE or COA to be placed in good standing through the current renewal period. Registration or COA fees received on or after October 1 shall be effective through the next renewal period.

13.3. Renewal Fees.

- (a) The Board shall notify each registrant or firm at least thirty days prior to the expiration date of the amount of the renewal fee for the next renewal period.
- (b) A registrant or firm shall pay renewal fees on or before December 31st of the year of expiration.
- (c) A renewal postmarked or submitted online between January 1 through 31 after the expiration date is considered late, and the Board shall assess a late fee set forth in subsection 13.4 of this rule.
- (d) Any renewal postmarked or submitted online on or after February 1st will be rejected, any fee returned, and the registration or COA will be re-designated as lapsed without further action by the Board.

13.4. Fee Amounts. The fees for various services provided by the Board are:

Engineering Intern	
Application Fee	\$23.00
Examination Fee	As charged by NCEES
Professional Engineer	
Application Fee	\$72.00
Examination Fee	As charged by NCEES
Re-examination Fee	As charged by NCEES

- 13.5. Late Fees on Renewals.** A renewal postmarked or submitted online after the date of expiration is considered late, and the Board shall assess the registrant a late fee in the amount of twenty-five percent (25%) of the renewal fee.
- 13.6. Fee Waivers.**
- (a) Fees set forth in this section may be waived in accordance with Board policy.
 - (b) Low-income individuals, as defined in this rule, may seek a waiver of the initial PE or comity application fee for licensure and must apply in a format prescribed by the Board. If the application is complete and it evidences that the applicant is a low-income individual as defined in §7-1-2.13 of these rules, the Board shall waive the application fee.
 - (c) Military families, as defined in this rule, may seek a waiver of the initial PE or comity application fee for licensure and must apply in a format prescribed by the Board. If the application is complete and it evidences that the applicant is a person meeting the description of military families as defined in §7-1-2.14 of these rules, the Board shall waive the application fee.

§7-1-14. Board Enforcement, Investigations, Disciplinary Actions and Costs.

- 14.1. Enforcement.** Any person or entity who violates any of the provisions of W. Va. Code §30-13-1 et seq. or these rules is subject to the provisions of W. Va. Code §§30-13-21 through 23, as well as the penalties outlined in §7-1-15 of these rules. The Board may take disciplinary action against any person or firm subject to the provisions of W. Va. Code §30-13-1 et seq. and these rules for any non-compliance with or violation of same in accordance with the procedures set forth in W. Va. Code §30-13-22 and the procedural rules adopted by the Board and on file with the Secretary of State.
- 14.2. Investigations.** The Board shall have the power to investigate any complaint filed with the Board and any other matter brought to the attention of the Board regarding noncompliance with the provisions of W. Va. Code §30-13-1 et seq. and these rules.
- 14.3. Disciplinary Action.** Upon Board decision that disciplinary action is warranted, the Board may take such action as is provided for in W. Va. Code §§30-13-21 through 23, these rules, and any Board policies not inconsistent with such applicable law, including the imposition of civil penalties as set forth in §7-1-15 below.
- 14.4.** The Board may assess administrative costs incurred in the performance of its enforcement or investigatory activities against any person or entity who violates the provisions referenced in subsection 14.1 of this rule, which shall be paid to the West Virginia State Board of Registration for Professional Engineers by check or money order within the time prescribed or approved by the Board.

§7-1-15. Civil Penalties.

- 15.1.** The Board may enter an order assessing the appropriate civil penalties against any person or firm found by the Board to have violated the provisions of W. Va. Code §30-13-1 et seq. or these rules including but not limited to, the following for each offense:

Action	Penalty Up To
Practicing or offering to practice without a license, including a license designated as nonpracticing status	\$5,000
Practicing or offering to practice without a COA, including an expired COA	\$5,000
Misuse of seal	\$5,000
Illegal advertising of engineering services	\$5,000
Fraud, deceit, misrepresentation or misinformation to the Board	\$15,000
Violation of condition of probation	\$5,000
Misfeasance or malfeasance	\$1,000
Professional misconduct, negligence or incompetence	\$1,000
Action which is likely to deceive or defraud the public	\$15,000
Action which threatens the public health, safety and welfare	\$15,000
Failure to timely provide information to Board	\$1,000
Non-compliance with Board request or order	\$1,000
General (violation of applicable statute & rules, including W.Va. Code §30-13-21 or the Rules of Professional Responsibility set forth in these rules)	\$5,000

- 15.2. The penalty for aiding and assisting any of the above violations shall be no more than the maximum penalty defined above. The penalty for discipline by another jurisdiction shall be no more than the penalty set forth above that is substantially equivalent to the grounds for discipline in the other jurisdiction.
- 15.3. Each day of continued violation may constitute a separate offense.
- 15.4. In determining the amount of civil penalty to be assessed pursuant to this section, the Board may consider such factors as the following.
 - (a) Whether the amount imposed will be a substantial economic deterrent to the violation;
 - (b) The circumstances leading to the violation;
 - (c) The nature and severity of the violation and the risk of harm to the public;
 - (d) The history of previous violations;
 - (e) The extent to which the cited person or firm has cooperated with the Board and the Board's investigation;
 - (f) The economic benefits gained by the violator as a result of non-compliance;
 - (g) The interest of the public;
 - (h) Other matters as may be appropriate.
- 15.5. Civil penalties imposed by the Board shall be paid to the West Virginia State Treasurer's Office by check or money order within the time prescribed or approved by the Board.

§7-1-16. Board Policies.

- 16.1. The Board is authorized to establish policies and procedures not inconsistent with W. Va. Code §30-13-1 et seq. and these rules.

§7-1-17. Severability.

- 17.1. If this Rule, or any part of this Rule, is found by the courts to be invalid for any reason, the remainder of the Rule continues in full force and effect and each and every part of the Rule is severable.

TITLE 7 - SERIES 2

ADMINISTRATIVE HEARING PROCEDURES

§7-2-1. General.

- 1.1. **Scope.** — This rule specifies the procedure for Resolution of complaints relating to the practice of engineering in this State pursuant to the authority granted to the West Virginia State Board of Registration for Professional Engineers by W. Va. Code §30-13-1 et seq.
- 1.2. **Authority.** — W. Va. Code §30-13-1 et seq. and §30-1-1 et seq.
- 1.3. **Filing Date.** — June 22, 2004.
- 1.4. **Effective Date.** — July 23, 2004.

§7-2-2. Complaints.

2.1. Submission.

- (a) **Form.** The form of complaints shall be determined by the Board. All complaints shall be in writing and verified by the complainant before a notary public.
- (b) **Who may submit.** A complaint may be submitted by any natural person or legal entity, any registered engineer, or any firm holding a certificate of authorization. A complaint may be submitted by the Board, a member of the Board staff, with or without direction from the Board, or a member of the Board. Charges may be based upon information received solely through investigative activities undertaken by the Board.

2.2. Filing.

- (a) The applicable statute provides for disposition of a complaint if trivial, unfounded, or settled informally. Unless in the opinion of at least one member of the Board the alleged situation which is the subject of a

complaint presents an imminent danger to health or safety, a complaint will be deemed received and filed only upon the majority vote of the Board members present and meeting in general session. Until such action, the complaint will be on the agenda for each meeting until resolved informally or filed. During the period before a complaint is deemed filed, the Board may take appropriate action, upon motion and consistent with the applicable statutes, to investigate and settle the complaint informally.

- (b) A complaint will not be considered by the Board until an original is delivered to and logged in and numbered by the Board Administrator at Charleston during normal business hours. Facsimile and other electronic transmission of complaints will be accepted for filing, provided originals are delivered to the Board Administrator within fourteen (14) days thereafter.
- 2.3. **Notice to Respondent.** The Board Administrator shall give notice of the filing of a complaint to any and all respondents named in the complaint. Such notice shall be by certified mail, return receipt requested, to the respondent at his, her, or its last known address or in a manner consistent with the rules for service of process under the West Virginia Rules of Civil Procedure. A return of service shall be completed by the person effecting service and filed with the Board.
 - 2.4. **Response to Complaints.** The respondent may file, within thirty days after service of the complaint, a responsive pleading which shall state with particularity every defense in law or fact to the allegations in the complaint. Every responsive pleading shall be verified by the respondent.
 - 2.5. **Failure to File Response.** The failure to file a response to the complaint shall be deemed an admission of the factual allegations contained therein. The failure to file a response shall not be grounds for delaying hearing or other action upon the complaint.
 - 2.6. **More Definite Statement.** The Board or a respondent may request a clarification or more definite statement of the allegations in the complaint. A respondent's request for a more definite statement shall be filed with the Board not less than fifteen days before the hearing date. The Board's request may be issued to a complainant at any time, and the complainant shall respond within seven days of service of the request by the Board. Failure of a complainant to respond timely to such request may be grounds for dismissal of the complaint.

§7-2-3. Hearing Panel.

3.1. Hearing Panel.

- (a) Complaints regarding persons licensed by the Board and complaints regarding unlawful practice of engineering in this State or a request for hearing regarding licensure or issuance of a certificate of authorization shall be heard and decided by the Board as a whole sitting as a Hearing Panel, except that any member of the Board who has a conflict of interest with regard to a particular complaint may decline to participate

in such proceedings. Recusal is mandatory in any proceeding in which a judge, similarly situated, would be required to exercise recusal. The filing of a complaint by a Board member will not automatically be grounds for recusal. Recusal shall not prevent a Board member from testifying as a witness.

- (b) If recusals result in there being less than a quorum, the remaining unrecused members of the Board shall appoint a registered professional engineer who is not a member of the Board for each recused member to serve solely for the purposes of hearing and deciding such complaint.
 - (c) The Hearing Panel shall conduct hearings, make findings of fact and conclusions of law, and issue administrative decisions and orders to enforce the provisions of W. Va. Code §30-13-1 et seq.
- 3.2. Location of Hearing Proceedings.** Unless otherwise ordered by a majority vote of the Board, all hearings shall be heard at Charleston.
- 3.3. Quorum.** A quorum shall consist of not less than three members of the Hearing Panel.
- 3.4. Presiding at Hearings.**
- (a) The President of the Board shall serve as the presiding officer at hearings. In the event of the President's recusal, the Hearing Panel shall elect a presiding officer from among themselves who will preside for hearings on that complaint.
 - (b) The presiding officer shall have the power to (1) administer oaths and affirmations, (2) rule upon offers of proof and receive relevant evidence, (3) regulate the course of the hearing, (4) hold conferences for the settlement or simplification of the issues by consent of the parties, and (5) dispose of procedural requests or similar matters.
- 3.5. Privilege and Immunity.** All information provided, including documents and testimony given with respect to any complaint, investigation or proceeding under these rules, shall be privileged in any action for defamation or the like. All members of the Board, its counsel, and their employees shall be absolutely immune from civil suit in the same manner as members of the judiciary in the State for any conduct in the course of their official duties.

S7-2-4. Procedural Rules for Hearings.

4.1. Notice of Hearings.

- (a) Within sixty (60) days of filing complaint, the presiding officer shall set a hearing date and time. Notice of the hearing date and time shall be served on respondent and counsel for respondent, if any, by first class mail addressed to the last known mailing address of such person. Such notices shall be mailed not less than thirty (30) days before the hearing date. All complaints, unless dismissed by the Board as unfounded, trivial or settled informally, shall be heard within six months after the date each complaint was received and filed.
- (b) Hearings may be rescheduled by the presiding officer and, once begun, continued from time to time, for cause shown as the interests of justice may require.

4.2. Prehearing Matters. The presiding officer, with or without the request of a party, may schedule a prehearing conference to narrow the issues to be heard, to estimate the time which will be required for the hearing, rule upon prehearing motions, and, when appropriate, negotiate informal disposition of the complaint.

4.3. Hearings Generally.

(a) Conduct and Order of Hearing.

- (1) Upon calling on for hearing any complaint, the presiding officer may cause the complaint to be read and shall offer the respondent the opportunity to reply. The Hearing Panel may receive evidence from its investigator or staff. Respondent, directly or by counsel, may present evidence in defense against the complaint. All testimony given shall be subject to cross-examination by the opposing party. The Board may receive rebuttal evidence after respondent's presentation. Any member of the Hearing Panel may inquire to any witness at any time.
- (2) After the receipt of all evidence, respondent and Board staff, directly or by counsel, may be allowed to make closing arguments.
- (3) If the respondent is not a natural person, the respondent shall be represented by counsel. The Board or its staff may be represented by counsel.
- (4) Failure of the respondent to appear, without cause, shall not result in delay or postponement of the hearing.

(b) The Record. The record of a hearing shall consist of the testimony and documentary and physical evidence admitted into evidence by the Hearing Panel, all judicially cognizable facts so noticed, and the administrative decision or order ruling upon the complaint. All hearing proceedings on the record shall be recorded by stenographic means. Any party may obtain a transcript of the proceedings at the party's expense.

(c) Testimony. Witnesses shall testify under oath or affirmation.

(d) Evidence.

- (1) The West Virginia Rules of Evidence shall apply. Irrelevant, immaterial, or unduly repetitious evidence shall be excluded. When necessary to ascertain facts not reasonably susceptible of proof under those rules, evidence not admissible thereunder may be admitted, except where precluded by statute, if it is of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs. The Hearing Panel shall be bound by the rules of privilege recognized by law. Objections to evidentiary offers and the ruling thereupon shall be noted in the record. Any party to any such hearing may vouch the record as to any excluded testimony or other evidence.
- (2) Only the evidence admitted into the record and judicially cognizable facts so noticed shall be considered in the determination of the complaint.
- (3) Depositions may be taken and read or otherwise received as evidence in accordance with Rules 30 and 32 of the West Virginia Rules of Civil Procedure.

- (e) **Conformance.** Upon motion of any member of the Hearing Panel or any party assigning error or omission in any part of any transcript, the presiding officer shall settle all differences arising as to whether such transcript truly discloses what occurred at the hearing and shall direct that the transcript be corrected as appropriate so as to make it conform to the truth.
 - (f) **Deliberations.** Hearing Panels may deliberate and issue decisions in person, by telephone conference, or by written correspondence, including electronic communications.
 - (g) **Open Meetings and Executive Sessions.** Pursuant to W.Va. Code §6-9A-1, the Board may by majority vote hold hearings under these rules in executive session unless the respondent requests an open meeting. In any event, the vote upon the final decision of the Hearing Panel shall be in open session.
- 4.4. Standard of Proof.** To impose any sanction or penalty, the findings of the Hearing Panel in support thereof must be proved by a preponderance of the evidence.
- 4.5. Subpoena and Contempt Power.** The Hearing Panel shall have power to issue subpoenas or any other lawful process through the presiding officer at the request of any party. Subpoenas may be issued for attendance of witnesses or the production of documentary evidence. Subpoenas and other process may be served in accordance with the West Virginia Rules of Civil Procedure. All witnesses shall be entitled to such witness fees and expenses as in any civil proceeding in this State. The Hearing Panel may apply to any circuit court for an order requiring any person to comply with the presiding officer's directions in maintaining order at a hearing or to compel compliance with subpoenas.
- 4.6. Criminal Convictions.**
- (a) An engineer who has been convicted of a crime that reflects adversely on the engineer's honesty, trustworthiness or fitness as an engineer, or of any felony, shall, within thirty days of entry of the order or judgment of conviction, forward a copy of the order or judgment to the Board's Administrator. A plea or verdict of guilty or a conviction after a plea of nolo contendere shall be deemed to be a conviction within the meaning of this rule. Any other person may file a copy of the order or judgment with the Board.
 - (b) Upon receipt of the order or judgment, which shall be conclusive evidence of the guilt of the crime or crimes of which the engineer has been convicted, the Board Administrator shall treat the order or judgment as a complaint for misconduct and violation of professional responsibility.
 - (c) A respondent may present evidence and argument in support of mitigation based on, but not limited to, the nature of respondent's misconduct, surrounding facts and circumstances, previous ethical violations, the willfulness of the conduct, and the adequacy of respondent's previous opportunity to present evidence.

4.7. Reciprocal Discipline.

- (a) A final adjudication in another jurisdiction, whether state or federal, of misconduct constituting grounds for discipline of a registered professional engineer in that jurisdiction or a voluntary surrender of a license to practice engineering in connection with a disciplinary proceeding in that jurisdiction shall, for the purposes of proceedings under these rules, conclusively establish such conduct.
- (b) A registrant in this State against whom any form of public discipline has been imposed by the authorities of another jurisdiction, whether state or federal, or who voluntarily surrenders his or her license to practice engineering in connection with such disciplinary proceedings shall notify the Board of such action in writing within ten days thereof. Failure to notify the Board shall constitute an aggravating factor in any subsequent disciplinary proceeding. Any other person may notify the Board of such action by submitting a complaint.
- (c) If the registrant intends to challenge the validity of the disciplinary order entered in the foreign jurisdiction or the voluntary surrender of his or her license to practice engineering in connection with a disciplinary proceeding, the registrant must request a formal hearing and file with the Board a full copy of the record of the disciplinary proceedings which resulted in imposition of the disciplinary order or the voluntary surrender of a license to practice engineering.

§7-2-5. Disposition of Complaints.

5.1. Administrative Decisions and Orders.

- (a) Any party may submit proposed findings of fact and conclusions of law as permitted in the discretion of the presiding officer.
- (b) After a hearing upon a complaint is completed, including an instance in which the respondent defaults, the Hearing Panel may make findings of fact and conclusions of law and shall issue the appropriate administrative decision or order.
- (c) The Hearing Panel may make findings of fact and conclusions of law in connection with the hearing and in conformity with applicable law notwithstanding the failure of the complaint to allege the grounds therefor.
- (d) Informal disposition may also be made of any complaint by stipulation, agreed settlement, or consent order provided, however, that a hearing upon any pending complaint set pursuant to Rule 4.0 shall not be cancelled other than by a respondent's acceptance of such proposed informal disposition.
- (e) All dispositions of complaints shall be signed by the presiding officer. A copy shall be maintained in the permanent records of the Board.
- (f) The official determination of the Hearing Board shall be made by majority vote of the Hearing Panel. The presiding officer shall vote in every matter but shall reserve his vote to the last. Any minority of the Hearing Panel may preserve its opinion in written form submitted at or not less than ten days after the entry of the majority's administrative decision or order.

(g) A copy of the administrative decision or order shall be served upon each party and his counsel in person or by registered or certified mail within five days after entry by the presiding officer.

- 5.2. **Unlawful Practice.** In addition to disciplinary actions authorized by W. Va. Code §30-13-21, if the administrative decision or order finds that the respondent is engaging in the practice of engineering in this state without being registered, the Board may request the prosecutor of any county to prosecute the respondent pursuant to W. Va. Code §31-13-23 or the Board may file a complaint seeking an injunction to enforce the provisions of W. Va. Code §31-13-1 et seq. Nothing in these rules shall prohibit the Board from requesting prosecution or seeking an injunction without prior notice and opportunity for hearing to the person who is believed to be in violation.

Other Relevant Code Sections and Related Rules

Chapter 5G - Procurement of Architect-Engineer Services by State and Its Subdivisions

§5G-1-1 et seq. – Requires procurement of architectural and/or engineering services on the basis of demonstrated competence and qualifications for the type of professional service required (also known as Qualification-Based Selection or QBS). Applicable to all state agencies, including quasi-public corporations, and all political subdivisions (cities, counties, boards of education and public service districts).

Chapter 6 - Open Governmental Proceedings

§6-9A-1 et seq. – Also known as “**The Sunshine Law**,” the open meetings law applies to the WV PE Board and all governing bodies of public agencies. As required by that act, notices of all meetings of the WV PE Board are published in the State Register at least five days before the meeting and also posted under Meeting Notices on the WV Secretary of State’s website.

Chapter 21A - Unemployment Compensation

§21A-2-6(17) – This code section required the Employment Programs Bureau Commissioner to promulgate rules prohibiting state agencies from granting, issuing or renewing a license, certificate or other authority to conduct a trade, profession or business whose unemployment compensation account is in default. See Title 96, Series 1 of the Code of State Rules.

Chapter 23 - Workers’ Compensation

§23-1-1b(g)(16) – This code section required [now the Insurance Commissioner] to promulgate rules prohibiting state agencies from granting, issuing or renewing a license, certificate or other authority to conduct a trade, profession or business whose workers’ compensation account is in default. See Title 85, Series 32 of the Code of State Rules.

Chapter 29A - State Administrative Procedures Act

Some of the articles of particular relevance to the WV PE Board and its licensees are:

§29A-1-1 et seq. Definitions and Application of Chapter - Applicable to all WV agencies (boards, commissions, departments, offices and officers) of the executive branch of government.

§29A-3-1 et seq. Rule Making – Explains the differences in legislative, emergency, procedural and interpretive rules and sets forth the requirements for adopting each type.

§29A-5-1 et seq. Contested Cases and **§29A-6-1 et seq.** Appeals – The procedures set forth here may be applicable if there are no more specific procedures in WV Engineering Law or in §30-1-8 (procedures applicable to all licensing boards).

Chapter 29B - Freedom of Information Act

West Virginia's open records law requires that public records must be made available upon request. All public bodies are subject to the law, including the WV PE Board. The act defines public records, exempts certain records, and sets forth procedures for requesting and obtaining the records and enforcing the act.

Chapter 30 - Professions and Occupations

§30-1-1 et seq. – These general provisions are applicable to all WV professional licensing boards and address several topics such as meetings, disciplinary proceedings, and other powers and duties of licensing boards.

Chapter 48 - Domestic Relations

§48-15-1 et seq. – Enforcement of Support Order Through Action Against License, including **§48-15-303** – License applicant must certify, under penalty of false swearing, information regarding any child support obligation, and action may be taken against a licensee for failure to pay child support or appear at certain proceedings.
