September 2015

(Information)

West Virginia Code §18-2E-5(k)(6). *On-site reviews* states:

“The Office of Education Performance Audits shall report the findings of an on-site review to the county superintendent and the principals whose schools were reviewed within thirty days following the conclusion of the on-site review. The Office of Education Performance Audits shall report the findings of the on-site review to the state board within forty-five days after the conclusion of the on-site review. A school or county that believes one or more findings of a review are clearly inaccurate, incomplete or misleading, misrepresent or fail to reflect the true quality of education in the school or county or address issues unrelated to the health, safety and welfare of students and the quality of education, may appeal to the state board for removal of findings. The state board shall establish a process for it to receive, review and act upon the appeals. The state board shall report to the Legislative Oversight Commission on Education Accountability during its July interim meetings, or as soon thereafter as practical, on each appeal during the preceding school year.

There were no appeals presented to the state board during the 2014-2015 Office of Education Performance Audits on-site reviews.
