WORK SESSION

MAY 23, 2022

1. Conflict in Code

Existing Code §30-6-6.7 - "Establish inspection requirements for funeral establishments and crematories, including an inspection of a new facility and **annual** inspections of existing facilities"

New Code §30-6-16 (e) "The board is authorized to set fees for inspections: Provided, that there shall be no fee for a **biennial** inspection, based on the funeral establishment's renewal date."

Also in Code

§30-6-3(h) states "Crematory" means a licensed place of business where a deceased human body is reduced to ashes and bone fragments and includes a crematory that **stands alone** or is part of or associated with a funeral establishment.

2. Series 1 Rule - Revise for Funeral Director only, Biennial Inspections, etc.. (FD only CE?)
3. Series 2 Rule - Revise for Alkaline Hydrolysis facility, add Alkaline Hydrolysis Operator certification, etc..
4. Series 7 Rule - Add fee for Funeral Director only, Alkaline Hydrolysis Operator / facility, FD only Apprentice, etc..
5. Series 4 Rule - Procedural Rule - Make changes & submit for public comment (this can be done at a later date as this rule does not have to go through the Legislature).
6. Discussion of Apprentice not submitting reports in a timely manner.

Testing is now beginning and the roll out target date is January 1, 2022. Provided Vital Statistics with a list of current licensees.
