INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Valley HealthCare System
Morgantown, West Virginia

We have audited the accompanying statement of financial position of Valley Comprehensive Community Mental Health Center, Inc., d/b/a Valley HealthCare System as of June 30, 2011 and 2010, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of Valley HealthCare System's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Valley HealthCare System as of June 30, 2011 and 2010, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2011, on our consideration of Valley HealthCare System's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The accompanying schedules of expenditures of state awards, BHHF funding status, BHHF funded fixed assets, and standardized financial statements are presented for purposes of additional analysis as required by the West Virginia Department of Health and Human Resources, Bureau for

Behavioral Health and Health Facilities (BHFF). The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The accompanying notes are an integral part of these financial statements.

VALLEY HEALTHCARE SYSTEM
NOTES TO FINANCIAL STATEMENTS

1 - DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Organization

Valley HealthCare System (the Corporation) is a private, nonprofit, nonstock corporation organized under the laws of the State of West Virginia and exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Corporation operates comprehensive programs that serve persons who are mentally ill, chemically dependent, developmentally disabled, or who otherwise require related behavioral health services. The Corporation is based in Morgantown, West Virginia, and operates nineteen satellite facilities in Monongalia, Marion, Preston, Taylor, and Pocahontas counties in West Virginia.

Basis of Accounting

Revenues and expenses are recognized on the accrual basis of accounting. Accordingly, revenues are recognized when earned, and expenses are recognized when the obligation is incurred. The Corporation records grant monies received in advance as refundable advances and recognizes grant revenue as qualifying expenditures are incurred.

Cash and Cash Equivalents

The Corporation considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents. Included in cash and cash equivalents are amounts held for others of \$52,156 and \$51,125 at June 30, 2011 and 2010, respectively.

Property and Equipment

Property and equipment are stated at cost. Major purchases and improvements of \$1,000 or more are capitalized while repairs and maintenance are expensed as incurred. Depreciation has been provided over the estimated useful lives using the straight-line method for buildings and improvements and furniture and equipment in accordance with the American Hospital Association guidelines. Estimated useful lives are as follows:

Buildings and improvements	15-40 years
Furniture and equipment	3-20 years

Fair Value

Certain investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 12 for discussion of fair value measurements.

VALLEY HEALTHCARE SYSTEM
NOTES TO FINANCIAL STATEMENTS
(Continued)

1 - DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Client Revenues

The Corporation has agreements with third-party payors that provide for payments to the Corporation at amounts different from its established rates. Net client revenue is reported at the estimated net realizable amounts from patients (clients), third-party payors, and others for services rendered, including estimated contractual adjustments under reimbursement agreements with third-party payors. The allowance for doubtful accounts is based on management's experience and analysis of prior year collections. The Corporation's policy for writing off bad debts includes writing off amounts due after 365 days if no payment is received.

Advertising

General advertising and employment opportunity advertising costs, which totaled \$39,013 in 2011 and \$20,064 in 2010, are expensed as incurred.

Income Taxes

The Corporation is classified as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, is not subject to taxes on income derived from its exempt activities. In addition, the Corporation qualifies for charitable contributions deductions under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(1). The Corporation is generally no longer subject to examination by taxing authorities for years prior to 2008.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Net Assets

Unrestricted net assets are resources over which the Board of Directors has discretionary control.

Subsequent Events

The date to which events occurring after June 30, 2011, have been evaluated for possible adjustment to or disclosure in the financial statements is October 31, 2011, which is the date on which the financial statements were available to be issued.

VALLEY HEALTHCARE SYSTEM
NOTES TO FINANCIAL STATEMENTS
(Continued)

2 - PROPERTY AND EQUIPMENT

Property and equipment consisted of the following:

	June 30	
	2011	2010
Land and improvements	\$ 547,865	\$ 547,865
Buildings and improvements	3,421,437	3,466,736
Leasehold improvements	295,438	291,855
Furniture and equipment	2,467,810	2,519,391
Construction in progress	44,952	9,250
	6,777,502	6,835,097
Less accumulated depreciation and amortization	4,927,767	4,788,688
	\$ 1,849,735	\$ 2,046,409

Cost of property and equipment purchased with West Virginia Department of Health and Human Resources, Bureau for Behavioral Health and Health Facilities (BHBF) grant funds was \$3,180,665 and \$3,244,876, and accumulated depreciation was \$2,714,743 and \$2,698,278 at June 30, 2011 and 2010, respectively.

Net Assets

The State of West Virginia provides the land and building for the Morgantown main office for a one-time fee of \$1 under a 99 year lease expiring in 2080. The land and building cost of \$1,620,000 is recorded in these financial statements as property and equipment. The building is fully depreciated. The Corporation's continued use of the land and building is subject to its continued compliance with the State Department of Health and Human Resources rules and regulations and its purchase of service contracts.

3 - DEBT

Long-term debt consisted of the following:

	2011	2010
Note payable to bank, payable in monthly installments of \$3,600, including interest at 8%, due May 2020, secured by deed of trust on real estate	\$ 266,576	\$ 287,562
Note payable to bank, payable in monthly installments of \$2,257, including interest at 7.625%, final payment due October 2022, secured by deed of trust on real estate	205,722	216,170

VALLEY HEALTHCARE SYSTEM
NOTES TO FINANCIAL STATEMENTS
(Continued)

3 – DEBT (Continued)

Long-term debt consisted of the following:

	<u>2011</u>	<u>2010</u>
Note payable to bank, payable in monthly installments of \$1,115, including interest at 5.726%, final payment due April 2014, secured by equipment	34,825	45,887
Note payable to bank, payable in monthly installments of \$2,489, including interest at 5.75%, final payment due November 2012, secured by equipment	<u>40,410</u>	<u>67,115</u>
	547,533	616,734
Less current portion	<u>73,915</u>	<u>69,201</u>
	<u>\$ 473,618</u>	<u>\$ 547,533</u>

Maturities of the notes payable are as follows:

<u>June 30</u>	
2012	\$ 73,915
2013	59,750
2014	49,840
2015	42,323
2016	42,007
Thereafter	<u>279,698</u>
	<u>\$ 547,533</u>

At June 30, 2011 and 2010, respectively, the Corporation had \$600,000 and \$588,460 available on a \$600,000 line of credit with Branch Banking and Trust. Outstanding balances on the line of credit bear interest at the bank's prime rate plus 1.25% and are secured by the Corporation's Grafton office and all client accounts receivable with a total book value of \$1,136,182 and \$1,093,891 at June 30, 2011 and 2010, respectively. The borrowing base is limited to 70% of certain accounts receivable less than 120 days old. The bank's commitment to make advances on the line of credit expires on February 18, 2012.

Cash paid for interest during the years ended June 30, 2011 and 2010, was \$80,091 and \$93,473, respectively.

4 - LEASES

The Corporation leases certain office equipment and facilities under operating lease agreements that expire in various years through 2014. Rent expense on all operating leases was \$543,887 and \$487,787 for the years ended June 30, 2011 and 2010, respectively.

VALLEY HEALTHCARE SYSTEM
NOTES TO FINANCIAL STATEMENTS
(Continued)

4 – LEASES (Continued)

Future minimum lease payments under operating leases are as follows:

<u>Year Ending June 30, 2011</u>	
2012	\$ 422,258
2013	361,182
2014	<u>144,005</u>
	<u>\$ 927,445</u>

5 - MEDICAID WAIVER LIABILITY

During 2007, Valley's management identified a billing error relating to certain Medicaid Waiver services and reported the error to the appropriate State of West Virginia agency. The error affected billings for waiver residential services provided by Valley during the period beginning March 1, 2004 through January 31, 2007, and resulted in overbilling for services of \$981,036. The liability was originally estimated to be \$775,161 at June 30, 2007. During 2008, an additional liability of \$205,875 was recorded as a reduction of related revenues. Valley is repaying this amount over 10 years at \$8,041 per month at 0% interest. Valley has recorded the liability net of imputed interest using an incremental borrowing rate of 5.5%.

Future minimum payments related to the billing error are as follows:

<u>June 30</u>	
2012	\$ 96,495
2013	96,495
2014	96,495
2015	96,495
2016	96,495
Thereafter	<u>233,197</u>
Future minimum payments	715,672
Less: Amount representing imputed interest	<u>129,077</u>
Present value of future payments	<u>\$ 586,595</u>

6 – CONTRACTUAL LIABILITY

The Corporation generates revenue from a multitude of funding sources including State and Federal Grants, Medicaid, Medicare, Title XIX Waiver, private insurance carriers, and private pay individuals. Each funding source has its own clinical care and service delivery requirements.

VALLEY HEALTHCARE SYSTEM
NOTES TO FINANCIAL STATEMENTS
(Continued)

6 – CONTRACTUAL LIABILITY (Continued)

Therefore, issuing service fee refunds for services provided to the various funding sources is not an uncommon practice within the healthcare industry. During the year ended June 30, 2011, the Corporation has identified and accrued a liability of \$80,245 for previously unrecorded service fee refunds due to multiple funding sources.

7 - CONTINGENCIES

The Corporation is subject to litigation in the normal course of business involving claims from individuals who are seeking both compensatory and punitive damages from the Corporation. In the opinion of management and legal counsel, the ultimate resolution of these matters will not materially affect the Corporation's financial position or results of operations as all losses should be settled within the limits of insurance coverage. The Corporation maintains claims-made coverage for professional liability of up to \$1,000,000 for any one occurrence with umbrella coverage of up to \$1,000,000 in the aggregate. Incidents occurring through June 30, 2011, may result in the assertion of a claim. Other claims may be asserted arising from past services provided. Management believes that these claims, if asserted, would be settled within the limits of insurance coverage.

8 - EMPLOYEE BENEFIT PLANS

The Corporation participates in the West Virginia Public Employees Retirement System (WVPERS), which is a defined benefit, cost-sharing, multiple employer pension plan. The Plan covers individuals who elected to remain in PERS after the establishment of a defined contribution retirement plan whose annual work hours exceed 1,040 and whose employment is not restricted as temporary or provisional. Members' rights to employee contributions vest immediately while members with one year or more contributing service and five years or more credited service shall be eligible to retire at age 60 or after and to receive an allowance for life based on the benefit program then in effect. The allowance is equal to a benefit percentage multiplied by the final average salary. Contributions to the WVPERS by the Corporation for the years ended June 30, 2011 and 2010, were 12.5% and 11%, respectively, of eligible employees' compensation. In addition, 4.5% is withheld from eligible employees' compensation and remitted on a monthly basis to the WVPERS. The Corporation's contribution requirement was not actuarially determined. Contribution obligations and benefit provisions are statutorily established by the West Virginia Public Employees Retirement Act, as amended. Employer contributions for the years ended June 30, 2011 and 2010, were \$10,685 and \$9,837, respectively.

Information regarding benefit provisions, actuarial assumptions and funding method, pension benefit obligation (actuarial present value of credited projected benefits), net assets available for benefits, historical trends, and related party transactions is not readily available since such determinations are made and information is kept on a system-wide basis and not for the individual participating entities. This information is available in the separately issued financial statements of the WVPERS.

VALLEY HEALTHCARE SYSTEM
NOTES TO FINANCIAL STATEMENTS
(Continued)

8 - EMPLOYEE BENEFIT PLANS (Continued)

On April 20, 1997, the West Virginia legislature passed Senate Bill No. 544, which requires mental health centers participating in the WVPERS to provide a private pension plan for current employees at their option and for future employees within a certain time frame. During 1998, the Corporation established a 403(b) defined contribution retirement plan (the Plan) for those employees electing not to remain in WVPERS. Employees electing to participate in the Plan will not be entitled to postretirement medical benefits. Employees are eligible to participate in the Plan upon attaining the age of 21 years. The Board of Directors decides contributions each year; however, contributions cannot exceed 4.5% of each covered employee's salary. Total contributions amounted to \$101,956 and \$110,539 for the years ended June 30, 2011 and 2010, respectively.

Postretirement Benefit Plans

For those employees that participate in the West Virginia Public Employees Retirement System, the Corporation is required to contribute to the West Virginia Public Employees Insurance Agency (PEIA) to partially fund health insurance premiums for retired employees who elected to participate. The Corporation's obligation to provide those benefits is unfunded.

The following represents information relating to the benefit obligation as of June 30, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Benefit obligation at June 30	\$ (900,503)	\$ (1,140,557)
Fair value of plan assets at June 30	<u>-</u>	<u>-</u>
Funded status	<u>\$ (900,503)</u>	<u>\$ (1,140,557)</u>
Accrued benefit cost recognized in the accompanying balance sheet	<u>\$ (900,503)</u>	<u>\$ (1,219,578)</u>
Weighted-average assumptions as of June 30		
Discount rate	5.25%	5.50%
Expected return on plan assets	7.00%	7.00%
Benefit cost	\$ 102,662	\$ 99,453
Employer contribution	75,881	83,570
Benefits paid	75,881	83,570

The assumed health care cost trend rates used in measuring the other postretirement benefit obligation was 6% for those currently receiving benefits and 6% for employees not yet receiving benefits. Assumed health care cost trend rates have a significant effect on the amounts reported for health care plans. A 1% change in the assumed health care cost trend rate would have the following effect:

VALLEY HEALTHCARE SYSTEM
NOTES TO FINANCIAL STATEMENTS
(Continued)

8 - EMPLOYEE BENEFIT PLANS (Continued)

	<u>1% Increase</u>	<u>1% Decrease</u>
Effect on service and interest cost	\$ 5,284	\$ (4,506)
Effect on accumulated postretirement benefit obligation	100,632	(85,837)

9 - THIRD-PARTY TRANSACTIONS AND ECONOMIC DEPENDENCY

The Corporation has agreements with Medicaid and Medicare that provide for payments to the Corporation at predetermined amounts that differ from its standard rates. The ability of the Corporation to receive future payments from these sources depends on legislation enacted and resources available to the State of West Virginia. The Corporation also receives payments for services from private payors, certain governmental agencies, and other third-party payors.

Revenue recognized from client services is as follows:

	<u>Year Ended June 30, 2011</u>		
	<u>Gross Client Revenue</u>	<u>Less: Contractual Adjustments, Charity Care, and Bad Debt Expense</u>	<u>Net Client Revenue</u>
Medicaid	\$ 2,169,349	\$ 186,440	\$ 1,982,909

The Corporation also received state of West Virginia and federal grant funds passed through the State in the amount of \$6,111,818 and \$5,740,218 during the years ended June 30, 2011 and 2010, respectively. Such amounts are dependent upon the collection of sufficient revenues by the state to fund such grants as well as budgetary and other policy decisions that may apply to the awarding of these grant funds.

10 - CONCENTRATION OF CREDIT RISK

Financial instruments which potentially expose the Corporation to significant concentrations of credit risk consist of accounts receivable. The Corporation receives payments for services from Medicaid, Medicare, private payors, and certain governmental agencies. The ability of these parties to honor their obligations is partially dependent upon the economic condition of the State of West Virginia and the health insurance industry. The Corporation maintains allowances for potential losses, which, when realized, have been within the range of management's expectations.

11 - RELATED PARTY TRANSACTIONS

As described in Note 12, the Corporation entered into a contract with Alliance Medical Services, Inc. to become a shareholder in Valley-Alliance Treatment Services, Inc. (VATS), established for the purpose of providing substance abuse treatment services in the north central West Virginia area. The Corporation's net investment in VATS is reported at fair value in the investment balance of the accompanying balance sheet at \$172,493 and \$172,827 at June 30, 2011 and 2010, respectively. The Corporation received distributions in the amount of \$23,910 and \$25,825, rent revenue of \$12,000 and \$12,000, and training revenue of \$0 and \$1,150, during 2011 and 2010, respectively.

VALLEY HEALTHCARE SYSTEM
NOTES TO FINANCIAL STATEMENTS
(Continued)

12 - FAIR VALUE MEASUREMENT

As described in Note 11, the Corporation has a 10% equity interest in VATS, which is carried in the Corporation's financial statements at fair value. The fair value for this investment has been determined as follows.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2011 and 2010.

The equity interest in VATS has been valued using the income approach to valuation. The valuation is based on projected future cash flows to be received as equity distributions. Valley receives equity distributions of 10% of monthly adjusted net income of VATS. Future projections of equity distributions have factored in plans for expansion and are based on projected revenues and industry average profit margins for methadone treatment facilities in West Virginia. Projected cash

VALLEY HEALTHCARE SYSTEM
NOTES TO FINANCIAL STATEMENTS
(Continued)

12 - FAIR VALUE MEASUREMENT (Continued)

receipts have been converted to after tax amounts assuming maximum effective tax rates for federal and state income taxes. The projected after tax cash distributions were then discounted in perpetuity using applicable risk premiums.

In accordance with ASC 820, the Corporation's valuation of its equity interest in VATS is classified as a Level III investment. The equity interest has been valued at \$172,493 and \$172,827 at June 30, 2011 and 2010, respectively, and is included in investments of \$187,917 and \$187,836 on the balance sheet as of June 30, 2011 and 2010, respectively.

Asset measured at fair value on a recurring basis consisted of the following at June 30, 2011 and 2010:

	<u>Level 3</u>	
	<u>2011</u>	<u>2010</u>
Equity interest in VATS	\$ 172,493	\$ 172,827

The changes in investments measured at fair value for Level III inputs are as follows:

	<u>2011</u>	<u>2010</u>
Balance, beginning of year	\$ 172,827	\$ -
Net unrealized gain (loss)	<u>(334)</u>	<u>172,827</u>
Balance, end of year	<u>\$ 172,493</u>	<u>\$ 172,827</u>

13 - FUNCTIONAL EXPENSES

The Corporation provides mental health services to residents within Marion, Monongalia, Taylor, and Preston counties in West Virginia. Expenses related to providing these services for the years ended June 30, 2011 and 2010, are as follows:

	<u>2011</u>	<u>2010</u>
Health care services	\$ 13,520,129	\$ 13,549,175
General and administrative	<u>2,609,340</u>	<u>2,597,264</u>
	<u>\$ 16,129,469</u>	<u>\$ 16,146,439</u>

VALLEY HEALTHCARE SYSTEM
NOTES TO FINANCIAL STATEMENTS
(Continued)

14 - NEW ACCOUNTING PRONOUNCEMENTS

In August 2010, Accounting Standards Update (ASU) 2010-23, entitled *Health Care Entities – Measuring Charity Care for Disclosure* was issued. The ASU, which is effective for the Corporation's fiscal year ending June 30, 2012, will require health care entities to measure and disclose charity care based on the costs of providing such care. The use of a revenue measurement in disclosing charity care is eliminated. The effect of implementing this ASU on the Corporation's disclosure of charity care amounts has not been determined.

In July 2011, Accounting Standards Update (ASU) 2011-07, entitled *Presentation and Disclosure for Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts for Certain Health Care Entities* was issued. The ASU is effective for the Corporation's fiscal year ending June 30, 2013, and will require certain health care entities to present the provision for bad debts related to patient service revenue as a deduction from patient service revenue, net of contractual adjustments and discounts, on their statement of activities. The ASU specifically affects health care entities that recognize significant amounts of patient service revenue at the time the services are rendered even though they do not assess the patient's ability to pay. The ASU also requires enhanced disclosure about health care entities' policies for recognizing revenue and assessing bad debts as well as qualitative and quantitative information about changes in the allowance for doubtful accounts. The effect of implementing the ASU on the Corporation's statement of activity and disclosure of patient service revenue has not been determined.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

The Board of Directors
Valley HealthCare System
Morgantown, West Virginia

We have audited the financial statements of Valley HealthCare System (the Corporation) as of and for the year ended June 30, 2011, and have issued our report thereon dated October 31, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Corporation is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Corporation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, we identified a deficiency in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs, that we consider to be a material weakness in internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described as finding 2011-1 in the accompanying schedule of findings and questioned costs to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Corporation's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the Corporation's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the audit committee, Board of Directors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties

Jellons ; Kanosh, A.C.

October 31, 2011

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL
EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

The Board of Directors
Valley HealthCare System
Morgantown, West Virginia

Compliance

We have audited the compliance of Valley HealthCare System (the Corporation) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2011. The Corporation's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal program is the responsibility of the Corporation's management. Our responsibility is to express an opinion on the Corporation's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Corporation's compliance with those requirements.

In our opinion, the Corporation complied, in all material respects, with the requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2011.

Internal Control Over Compliance

Management of the Corporation is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Corporation's internal control over compliance with the requirements that could have a direct and material effect on a major federal

program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Directors, management, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

William J. Kanosh, A.C.

Substance Abuse Services

Dollar threshold used to distinguish between type A and type B programs:

\$300,000

Auditee qualified as low-risk auditee?

Yes No

VALLEY HEALTHCARE SYSTEM
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2011

Section II - Financial Statement Findings

2011-1 Internal Controls Over Quality Assurance and Service Delivery

Condition:

Certain client services were incorrectly billed due to noncompliance with third party quality assurance and service delivery regulations and contracts.

Criteria:

The Corporation is required to maintain compliance with quality assurance and service delivery regulations and contracts with third party payors of client services.

Effect:

Material noncompliance with third party quality assurance and service delivery requirements impacting services billed could occur and not be detected in a timely manner, which could result in significant obligations payable to third parties.

Cause:

Internal controls over compliance with requirements for quality assurance and service delivery were not operating effectively.

Recommendation:

Management should review internal controls over quality assurance and service delivery compliance on a recurring basis to ensure they are operating effectively. Service delivery and quality assurance reviews should be performed periodically to ensure that client services are provided and billed properly. Such reviews should also be performed when changes occur to related regulations or contractual agreements.

Management Response:

The Management at Valley will evaluate and enhance our Quality Assurance Procedures to ensure that its clinical and billing processes remain compliant for all applicable regulations.

Section III – Federal Award Findings and Questioned Costs

None
