## INDEPENDENT AUDITOR'S REPORT

The Board of Directors  
Logan-Mingo Area Mental Health, Inc.  
Logan, West Virginia

We have audited the accompanying statement of financial position of Logan-Mingo Area Mental Health, Inc. (the Center) as of June 30, 2011 and 2010, and the related statements of activity and cash flows for the years then ended. These financial statements are the responsibility of the Center's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Center as of June 30, 2011 and 2010, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2011, on our consideration of the Center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audits were conducted for the purposes of forming an opinion on the financial statements as a whole. The schedules of BHHF Funded Fixed Assets, BHHF Funding Status, and Schedules of Standardized Financial Statements on pages 11 to 17 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## LOGAN-MINGO AREA MENTAL HEALTH, INC.

## NOTES TO FINANCIAL STATEMENTS

**1 - DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Description of Organization

Logan-Mingo Area Mental Health, Inc. (the Center) is a nonprofit, nonstock corporation organized under the laws of the State of West Virginia. The primary purpose of the Center is to develop, operate, and maintain facilities and services for mentally ill and developmentally delayed individuals and substance abuse in Logan and Mingo Counties in West Virginia.

Basis of Accounting

Revenues and expenses are recognized on the accrual basis of accounting. Accordingly, revenues are recognized when earned, and expenses are recognized when the obligation is incurred. The Center recognizes grant revenues when qualifying expenditures are incurred.

Cash and Cash Equivalents

The Center considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

Net Client Revenues

The Center has agreements with third-party payors that provide for payments to the Center at amounts different from its established rates. Net client revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated contractual adjustments under reimbursement agreements with third party payors. The allowance for doubtful accounts is based on management's experience and analysis of prior year collections. The Center's policy for writing off bad debts includes writing off all accounts over 365 days past due if no payment is received.

Property and Equipment

Property and equipment are stated at cost. Major purchases and improvements are capitalized while repairs and maintenance are expensed as incurred. Donations of property and equipment are recorded as increases in unrestricted net assets. Depreciation has been provided over the estimated useful lives using the straight-line method in accordance with the American Hospital Association guidelines. Estimated useful lives are as follows:

Buildings and improvements	5 - 40 years
Vehicles and equipment	5 - 15 years

## LOGAN-MINGO AREA MENTAL HEALTH, INC.

NOTES TO FINANCIAL STATEMENTS  
(Continued)**1 - DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**Income Taxes

The Center is generally exempt from federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code. In addition, the Center qualifies for charitable contributions deductions under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(1).

The Center is generally no longer subject to examinations by taxing authorities for years prior to June 30, 2008.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The date to which events occurring after June 30, 2011, have been evaluated for possible adjustment to or disclosure in the financial statements is December 1, 2011, which is the date the financial statements were available to be issued.

**2 - PROPERTY AND EQUIPMENT**

Property and equipment consisted of the following at June 30, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Land	\$ 143,633	\$ 143,633
Buildings and improvements	2,403,475	2,403,475
Vehicles	379,285	350,397
Equipment	522,386	512,955
Furniture	<u>62,032</u>	<u>62,032</u>
	3,510,811	3,443,533
Less accumulated depreciation	<u>2,472,358</u>	<u>2,371,633</u>
	<u>\$ 1,038,453</u>	<u>\$ 1,100,859</u>

## LOGAN-MINGO AREA MENTAL HEALTH, INC

NOTES TO FINANCIAL STATEMENTS  
(Continued)**2 - PROPERTY AND EQUIPMENT (Continued)**

Property and equipment includes certain buildings and land provided to the Center by the State of West Virginia under long-term leases which require annual payments of \$1 for terms of ninety-nine years expiring in 2076. The cost of such buildings was \$1,915,785 while accumulated depreciation related to these buildings was \$1,518,419 and \$1,470,525 at June 30, 2011 and 2010, respectively. Land provided to the Center by the State amounted to \$143,633 as of June 30, 2011 and 2010.

Continued use of these facilities is contingent upon the Center continuing to provide treatment to persons who are emotionally disturbed or developmentally disabled. Management believes that it is highly unlikely the Center would discontinue providing these services. Accordingly, the value of the facilities has been reported as an increase in unrestricted net assets and has been capitalized and depreciated.

The cost of property and equipment purchased with Bureau of Behavioral Health & Health Facilities grant funds and related accumulated depreciation was \$281,402 and \$74,452, respectively, at June 30, 2011, and \$281,402 and \$62,555, respectively, at June 30, 2010.

**3 - DEBT**

As of June 30, 2011, the Company had \$150,000 available on a line of credit, which is secured by certificates of deposits. The line bears interest at 3.0% and matures April 2014.

**4 - RETIREMENT PLAN**

The Center has a profit sharing plan (the Plan) covering virtually all of its employees. The Center's annual discretionary contribution is determined by the Board of Directors in an amount not to exceed 5.5% of participants' compensation. Retirement expense for the years ended June 30, 2011 and 2010, was \$84,917 and \$89,614, respectively.

**5 - THIRD-PARTY TRANSACTIONS AND ECONOMIC DEPENDENCY**

The Center has agreements with Medicaid and Medicare that provide for payments to the Center at predetermined amounts that differ from its standard rates. The ability of the Center to receive future payments from Medicaid depends on legislation enacted and resources available to the State of West Virginia. Revenue recognized from patient services during the years ended June 30, 2011 and 2010, is as follows:

## LOGAN-MINGO AREA MENTAL HEALTH, INC

NOTES TO FINANCIAL STATEMENTS  
(Continued)**5 - THIRD-PARTY TRANSACTIONS AND ECONOMIC DEPENDENCY (Continued)**

	<u>2011</u>	<u>2010</u>
Gross patient revenue:		
Medicaid	\$ 604,604	\$ 656,009
Medicaid waiver	2,789,187	2,766,595
Private pay	1,008,897	959,195
Insurance and other	<u>382,118</u>	<u>423,753</u>
Total	4,784,806	4,805,552
Less contractual adjustments and charity care	<u>1,020,733</u>	<u>1,144,905</u>
Net patient revenue	<u>\$ 3,764,073</u>	<u>\$ 3,660,647</u>

**6 - CONCENTRATIONS**

Financial instruments which potentially expose the Center to significant concentrations of credit risk consist of cash and cash equivalents, certificates of deposit, and accounts receivable.

To limit concentration of credit risk associated with cash and cash equivalents and certificates of deposit, the Center places its cash with high quality financial institutions. At times, the balances in such institutions may exceed amounts covered by FDIC insurance. Those amounts in excess of FDIC insurance are collateralized by bonds in the Center's name, which are held by a third party. The Center receives payments for services from Medicaid, Medicare, private payors, and certain governmental agencies. The ability of these parties to honor their obligations is partially dependent upon the economic condition of the State of West Virginia. The Center provides allowances for potential losses, which, when realized, have been within the range of management's expectations.

**7 - LEASES**

The Center leases certain facilities and equipment under non-cancellable operating leases expiring in various years through 2015. Rental expense for operating leases was approximately \$13,229 and \$19,044 for the years ended June 30, 2011 and 2010, respectively.

The minimum future lease obligations under the various operating leases are as follows:

2012	\$ 17,874
2013	17,051
2014	8,003
2015	<u>1,808</u>
	<u>\$ 44,736</u>

## LOGAN-MINGO AREA MENTAL HEALTH, INC

NOTES TO FINANCIAL STATEMENTS  
(Continued)**8 - FUNCTIONAL EXPENSES**

The Center provides mental health services to mentally ill and developmentally delayed individuals and substance abuse services in Logan and Mingo Counties in West Virginia. Expenses related to providing these services for the years ended June 30, 2011 and 2010, are as follows:

	<u>2011</u>	<u>2010</u>
Health care services	\$ 5,541,895	\$ 5,556,367
General and administrative	<u>764,874</u>	<u>784,537</u>
	<u>\$ 6,306,769</u>	<u>\$ 6,340,904</u>

**9 - NEW ACCOUNTING PRONOUNCEMENTS**

In August 2010, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2010-23, *Health Care Entities – Measuring Charity Care for Disclosure*. The ASU, which is effective for the Center's fiscal year ending June 30, 2012, will require health care entities to measure and disclose charity based on the costs of providing such care. The use of a revenue measurement in disclosing charity care is eliminated. The effect of implementing this ASU on the Center's disclosure of charity care amounts has not been determined.

In July 2011, Accounting Standards Update (ASU) 2011-07, *Presentation and Disclosure for Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts for Certain Health Care Entities* was issued. The ASU is effective for the Center's fiscal year ending June 30, 2013, and will require certain health care entities to present the provision for bad debts related to patient service revenue as a deduction from patient service revenue, net of contractual adjustments and discounts, on their statement of activities. The ASU specifically affects health care entities that recognize significant amounts of patient service revenue at the time the services are rendered even though they do not assess the patient's ability to pay. The ASU also requires enhanced disclosure about health care entities' policies for recognizing revenue and assessing bad debts as well as qualitative and quantitative information about changes in the allowance for doubtful accounts. The effect of implementing the ASU on the Center's statement of activity and disclosure of patient services revenue has not been determined.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

The Board of Directors  
Logan-Mingo Area Mental Health, Inc.  
Logan, West Virginia

We have audited the financial statements of Logan-Mingo Area Mental Health, Inc. (the Center) as of and for the year ended June 30, 2011, and have issued our report thereon dated December 1, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States

Internal Control Over Financial Reporting

Management of the Center is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Center's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a deficiency in internal control over financial reporting, described in the accompanying Schedule of Findings and Responses as item 2011-1, to be a significant deficiency in internal control over financial reporting. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

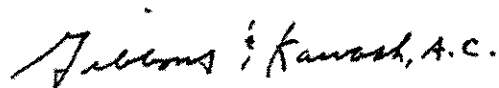

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Center's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Center in a separate letter dated December 1, 2011.

The Center's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. We did not audit the Center's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Directors, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## SCHEDULE OF FINDINGS AND RESPONSES

Year Ended June 30, 2011

**2011-1 Suboxone Revenue Reconciliation**Condition:

Currently, the Center does not have a process to ensure that all cash received from Suboxone treatments is properly deposited into the bank and recorded as revenue in the general ledger.

Criteria:

A basic premise of internal control is that cash collections should be reviewed and reconciled by someone other than an employee who handles cash receipts, and review procedures should be designed to detect material misstatements in the financial statements as well as misappropriation of assets.

Effect:

Error or fraud could occur and not be detected in a timely manner.

Cause:

All cash received for Suboxone treatments is collected by a single employee and there is currently no process established to reconcile the number of treatments to the amount of revenue recorded in the accounting records.

Recommendation:

We recommend that the Center establish a mechanism for tracking the number of Suboxone patients treated by the doctor and regularly reconcile this data to the amount of revenue reported in the Center's general ledger. Any significant variances in the reconciliation process should be investigated and resolved immediately.

Management's Response:

The Center has implemented policies and procedures to ensure that the payments received by the administrative clerk for Suboxone treatment are reconciled with the number of patients that the Center's physician treats each week. Any discrepancies will be reconciled with the administrative clerk, Suboxone treatment staff, and another member of management.
