 - (2) Unduplicated slots used refers to the total number of members who accessed services during the fiscal year.
 - (3) Monthly number added to MEL is being reported in the month an applicant is determined medically eligible; however, the individual's placement date on the managed enrollment list will be based on their initial application date.
 - (4) Other reason for closing a case may include, but is not limited to: No services for 180 days, unsafe environment, member non-compliance with program, member no longer desires services, member no longer a WV resident, member no longer medically or financially eligible.
 - (5) "Other" includes those who are no longer a WV resident, voluntarily decline the program, etc.
 - (6) Was previously reported in month/year. Now reported in actual days on the MEL
- All data reported by Utilization Management Contractor is effective as of transpire date in web-based system. Data is point-in-time.
- NOTE: Longest time spent on the MEL- If applicant became ineligible for waiver services (voluntarily declined services or no longer waiver eligible due to income/assets) but then regained eligibility, the number of days is counted beginning with newest instance of applicant-eligible status. This accounts for those who were not responsive to financial eligibility requirements, but then finally complied after the deadline and/or those who declined services and then shortly thereafter changed their mind. Previous months' data was revised to reflect this new methodology.
