INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS, SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND OTHER SUPPLEMENTARY INFORMATION

To the Board of Directors
Prestera Center for Mental Health
Services, Inc. and Subsidiary
Huntington, West Virginia

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Prestera Center for Mental Health Services, Inc. and Subsidiary (the Center), which comprise the consolidated balance sheets as of June 30, 2016 and 2015, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Prestera Center for Mental Health Services, Inc. and Subsidiary as of June 30, 2016 and 2015, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of Federal awards for the year ended June 30, 2016, is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and is not a required part of the financial statements. Also, the accompanying schedule of state awards for the year ended June 30, 2016, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in the accompanying supplementary schedules is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2017, on our consideration of Prestera Center for Mental Health Services, Inc. and Subsidiary's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters for the year ended June 30, 2016. We issued a similar report for the year ended June 30, 2015, dated November 30, 2015. The purpose of these reports is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. These reports are an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Prestera Center for Mental Health Services, Inc. and Subsidiary's internal control over financial reporting and compliance.

Net cash provided by (used in) financing activities	(1,845,522)	1,504,672
Net increase in cash and cash equivalents	99,809	92,956
Cash and Cash Equivalents		
Beginning of year	399,410	306,454
End of year	$ 499,219	$ 399,410

See Notes to Consolidated Financial Statements

Note 1. Nature of Activities and Significant Accounting Policies

Organization: Prestera Center for Mental Health Services, Inc. and Subsidiary (Midland Behavioral Health, Inc.), (collectively, "the Center"), are non-profit corporations incorporated in the State of West Virginia. The Center's primary purpose is to provide a full range of clinical, consultative, community outreach and support in the areas of mental health and substance abuse.

Basis of presentation: Effective July 1, 2011, Prestera Center for Mental Health Services, Inc. began to consolidate into its financial statements the accounts of Midland Behavioral Health, Inc., a non-profit, nonstock corporation. The consolidation occurred because Prestera is the sole member of Midland Behavioral Health, Inc. All intercompany transactions have been eliminated.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates used in preparing these financial statements include the valuation of accounts receivable for the amount expected to be ultimately collected, and estimated postretirement benefit obligation. It is at least reasonably possible that the significant estimates used will change within the next year.

Cash and cash equivalents: Cash and cash equivalents are defined as those funds on deposit which mature in three months or less.

Net assets classifications: Net assets and revenues, gains and losses are classified based on donor imposed restrictions. Accordingly, net assets of the Center and changes therein are classified and reported as follows:

Unrestricted – Resources over which the Board of Directors has discretionary control.

Temporarily restricted – Resources subject to a donor imposed restrictions which will be satisfied by actions of the Center or passage of time.

Permanently restricted – Resources subject to a donor imposed restriction that they be maintained permanently by the Center. There were no permanently restricted net assets at June 30, 2016 and 2015.

The Center has elected to present temporarily restricted contributions, which are fulfilled in the same time period, within the unrestricted net assets class.

Contributions of cash and other assets are presented as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of operations as net assets released from restrictions.

Deficiency of revenues, gains and other support over expenses: The consolidated statements of operations and changes in net assets include deficiency of revenues, gains and other support over expenses. Changes in unrestricted net assets which are excluded from deficiency of revenues, gains and other support over expenses, consistent with industry practice, include, permanent transfers of assets to and from affiliates for other than goods and services, and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets).

Net client service revenue and client fees receivable: Net client service revenue is reported at the estimated net realizable amounts from clients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Medicaid reimburses the Center for services based upon reasonable and customary rates established by the State Medicaid departments.

The Center maintains an allowance for doubtful accounts for each of its major revenue sources to reserve for estimated losses based on the length of time the account has been past due and historical experience. The Center considers the client portion of accounts receivable for write-off when there has been no activity on the account for 1 year.

For receivables associated with self-pay clients (which includes both clients without insurance and clients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Center records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The Center's provision for bad debts on self-pay remained at 90% of self-pay accounts receivable at June 30, 2016 and 2015.

Grant revenue: Federal, state and other grant revenue resulting from exchange transactions are recognized by the Center as related grant program expenses are incurred.

Charity care: The Center provides care to individuals who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Center does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

Property and equipment: Property and equipment acquisitions are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of each class of depreciable asset. Equipment under capital lease obligations is amortized on the straight-line method over the shorter period of the lease term or the estimated useful life of the equipment. Such amortization is included in depreciation and amortization in the financial statements.

Gifts of long-lived assets such as land, buildings, and equipment are reported as unrestricted support, and are excluded from deficiency of revenues over expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Investments: Investments are carried at fair value. Investments acquired by gift are recorded at the fair value at the date of receipt. Fair value is determined principally from published sources.

Donated goods, services and facilities: Donated goods, services and other assets are reflected as contributions in the accompanying financial statements at their estimated fair market values at the date of gift. In addition, the fair market value of office space occupied free of rent has been reflected in the accompanying financial statements in the same manner. No amounts have been recognized in the financial statements for donated services unless such services are provided by professionals and would normally be procured by the Center.

Advertising: The cost of advertising, public relations, and marketing programs are charged to operations as incurred. Total advertising expense for the years ended June 30, 2016 and 2015, was \$61,829 and \$119,399.

Expense allocation: Expenses which are not specifically identified with a particular service are allocated to the various program services based upon time devoted by Center staff in performing program functions.

Income taxes:

Prestera Center for Mental Health Services, Inc. – Prestera is recognized as exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and applicable state statutes.

Midland Behavioral Health, Inc. – Is incorporated as a non-profit corporation, but has not filed for exempt status with the Internal Revenue Service.

With few exceptions, neither entity is subject to U.S. federal or state income tax examinations by tax authorities for years before 2012. Management is of the opinion that neither entity has any material uncertain tax positions, and accordingly recognizes no liability for unrecognized benefits.

Significant New Authoritative Accounting Pronouncements: In May 2014, the FASB issued guidance related to recognition of revenue from contracts with customers. This guidance requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers and requires certain qualitative and quantitative disclosures regarding revenue arising from contracts with customers. This Accounting Standards Update (ASU) will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. The guidance permits the use of either a retrospective or modified retrospective (cumulative effect) transition method. In August 2015, the FASB issued an amendment to defer the effective dates for all entities by one year. During 2016, the FASB has issued varied guidance with the purpose of clarifying this ASU. Such clarifications included: improving the operability and understandability of the implementation guidance on principal versus agent considerations; identifying performance obligations and also to improve the operability and understandability of the licensing implementation guidance; clarifying the objective of the collectability criterion for applying paragraph 606-10-25-7; permitting an entity to exclude amounts collected from customers for all sales (and other similar) taxes from the transaction price; specifying that the measurement date for noncash consideration is contract inception; providing a practical expedient that permits an entity to reflect the aggregate effect of all modifications that occur before the beginning of the earliest period presented when identifying the satisfied and unsatisfied performance obligations; determining the transaction price and allocating the transaction price to the satisfied and unsatisfied performance obligations; clarifying that a completed contract for purposes of transition is a contract for which all (or substantially all) of the revenue was recognized under legacy GAAP before the date of initial application; and clarifying that an entity that retrospectively applies the guidance in Topic 606 to each prior reporting period is not required to disclose the effect of the accounting change for the period of adoption. This guidance is effective for public entities with annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period. Early application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within the reporting period. For all other entities (nonpublic entities), the amendments in these ASUs will be effective for annual reporting periods beginning after December 15, 2018, and interim periods within annual periods beginning after December 15, 2019. A nonpublic entity may elect to apply this guidance earlier, subject to certain limitations. Management is currently evaluating the impact, if any, that adoption will have on its financial statements. Management has not yet selected a transition method nor has the effect of this guidance on the Organization's ongoing financial reporting been determined.

On July 22, 2015, the FASB issued Inventory (Topic 330): Simplifying the Measurement of Inventory (ASU 2015-11). The amendments in this ASU require an entity to measure in scope inventory at the lower of cost and net realizable value. Net realizable value is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. Subsequent measurement remains unchanged for inventory measured using LIFO or the retail inventory method. The amendments of ASU 2015-11 do not apply to inventory that is measured using last-in, first-out (LIFO) or the retail inventory method. These amendments, however, do apply to all other inventory measurement methods, which includes inventory that is measured using first-in, first-out (FIFO) or average cost. The amendments of ASU 2015-11 are effective for public business entities for fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. For all other entities, the amendments are effective for fiscal years beginning after December 15, 2016, and interim periods within fiscal years beginning after December 15, 2017. A reporting entity should apply the amendments prospectively with earlier application permitted as of the beginning of an interim or annual reporting period. Management is currently evaluating the impact, if any, that adoption will have on its consolidated financial statements.

On January 5, 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-01, Financial Instruments – Overall (Subtopic 825-10) – Recognition and Measurement of Financial Assets and Financial Liabilities., This ASU requires investments in equity securities (except for those accounted for under the equity method of accounting, or those that result in consolidation of the investee) to be measured at fair value with changes in fair value recognized in net income. In addition, ASU 2016-01 requires public business entities to use the exit price notion when measuring the fair value of financial instruments for disclosure purposes and eliminates the requirement for public business entities to disclose the methods and significant assumptions used to estimate the fair value of financial instruments measured at amortized cost. In addition, ASU 2016-01 requires separate presentation of financial assets and financial liabilities by measurement category and form of financial asset (i.e., securities or loans and receivables), eliminates the requirement to disclose the fair value of financial instruments measured at amortized cost for organizations that are not public business entities, and requires reporting entities to separately present in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk (referred to as "own credit") when the financial reporting entity elects to measure such liabilities under the fair value option. ASU 2016-01 is effective for public companies for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. For private companies, not-for-profit organizations, and employee benefit plans, the new guidance becomes effective for fiscal years beginning after December 15, 2018, and for interim periods within fiscal years beginning after December 15, 2019. Early adoption is permitted for the "own credit" provision. In addition, the new guidance permits early adoption of the provision that exempts private companies and not-for-profit organizations from having to disclose fair value information about financial instruments measured at amortized cost. Management is currently evaluating the impact, if any, that adoption will have on its consolidated financial statements.

In February 2016, the Financial Accounting Standards Board (FASB) issued guidance related to recognition by a lessee of assets and liabilities on leases with terms of more than 12 months on the balance sheet. Consistent with U.S. GAAP, the recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee primarily will depend on its classification as a finance or operating lease; however, unlike current U.S. GAAP, which requires that only capital leases be recognized on the balance sheet, this Accounting Standards Update (ASU) requires that both types of leases be recognized on the balance sheet. The ASU also requires disclosures to help financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases. These disclosures include qualitative and quantitative requirements, providing additional information about the amounts recorded in the financial statements. Lessor accounting remains largely unchanged from current U.S. GAAP, but the ASU contains some targeted improvements that are intended to align, where necessary, lessor accounting with the lessee accounting model and with the updated revenue recognition guidance issued in May 2014. Transition guidance is provided within the ASU and generally requires a retrospective approach. This guidance is effective for public entities for fiscal years beginning after December 15, 2018 and for nonpublic entities for fiscal years beginning after December 15, 2019. Early application of the amendments in this guidance is permitted for all entities. Management is currently evaluating the impact, if any, that adoption will have on its consolidated financial statements.

In August 2016, FASB issued guidance to address eight specific cash flow issues with the objective of reducing the existing diversity in the practice. This guidance indicates how certain cash receipts and cash payments are presented and classified in the statement of cash flows. (1) Cash payments for debt prepayment or debt extinguishment costs should be classified as cash outflows or financing activities. (2) At the settlement of zero-coupon debt instruments or other debt instruments with coupon interest rates that are insignificant in relation to the effective interest rate of the borrowing, the issuer should classify the portion of the cash payment attributable to the accreted interest related to the debt discount as cash outflows for operating activities, and the portion of the cash payment attributable to the principal as cash outflows for financing activities. (3) Cash payments not made soon after the acquisition of a business combination by an acquirer to settle a contingent consideration liability should be separated and classified as cash outflows for financing activities and operating activities. Cash payments up to the amount of the contingent consideration liability recognized at the acquisition date should be classified as financing activities; any excess should be classified as operating activities. Cash payments made soon after the acquisition date of a business combination by an acquirer to settle a contingent consideration liability should be classified as cash outflows for investing activities. (4) Cash proceeds received from the settlement of insurance claims should be classified on the basis of the related insurance coverage (that is, the nature of the loss). For insurance proceeds that are received in a lump-sum settlement, an entity should determine the classification on the basis of the nature of each loss included in the settlement. (5) Cash proceeds received from the settlement of corporate-owned life insurance policies should be classified as cash inflows from investing activities. The cash payments on premiums on corporate-owned policies may be classified as cash outflows for investing activities, operating activities, or a combination of investing and operating activities. (6) When a reporting entity applies the equity method, it should make an accounting policy election to classify distributions received from equity method investees using either the cumulative earnings approach or the nature of the distribution approach. This amendment does not address equity method investments measured using the fair value option. (7) A transferor's beneficial interest obtained in a securitization of financial assets should be disclosed as a noncash activity, and cash receipts from payments on a transferor's beneficial interests in securitized trade receivables should be classified as cash inflows from investing activities. (8) The classification of cash receipts and payments that have aspects of more than one class of cash flows should be determined first by applying specific guidance in generally accepted accounting principles (GAAP). In the absence of specific guidance, an entity should determine each separately identifiable source or use within the cash receipts and cash payments on the basis of the nature of the underlying cash flows. This guidance is effective for all public entities for fiscal years beginning after December 15, 2017. For all other entities, guidance is effective for fiscal years beginning after December 15, 2018. Early adoption is permitted. Management is currently evaluating the impact, if any, that adoption will have on the Center's consolidated financial statements.

On August 18, 2016, the FASB issued Accounting Standards Update No. 2016-14 Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities. The amendments of this ASU change presentation and disclosure requirements for not-for-profit entities to provide more relevant information about their resources (and the changes in those resources) to donors, grantors, creditors, and other users. The amendments include qualitative and quantitative requirements in the financial statement presentation and disclosures regarding net asset classes, investment return, expenses, liquidity and availability of resources and presentation of operating cash flows. The requirements of this ASU are effective for not-for-profit organizations for annual financial statements issued for fiscal years beginning after December 15, 2017, and for interim periods within fiscal years beginning after December 15, 2018. Application to interim financial statements is permitted but not required in the initial year of application. Early application of the amendments is permitted. Management is currently evaluating the impact, if any, that adoption will have on the Center's financial statements.

On November 17, 2016, the FASB issued ASU 2016-18, Statement of Cash Flows (Topic 230) Restricted Cash. These amendments require that a statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. As a result, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. The amendments do not provide a definition of restricted cash or restricted cash equivalents. These amendments are effective for public business entities for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. For all other entities, the amendments are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. Early adoption is permitted. The amendments should be applied using a retrospective transition method to each period presented. Management is currently evaluating the impact, if any, that adoption will have on the Center's financial statements.

Subsequent events: The Center did not have any recognized or non-recognized subsequent events occur after June 30, 2016, the balance sheet date. Subsequent events have been evaluated through March 16, 2017, the date the financial statements were issued.

Note 2. Investments

The estimated value of investments as of June 30, 2016 and 2015, was as follows:

	2016		2015	
	Cost	Fair Value	Cost	Fair Value
Cash equivalents	$ 24,656	$ 24,656	$ 11,277	$ 11,277
Equity securities	1,524,991	1,535,191	1,443,145	1,558,718
First Choice Health Systems, Inc.	50,000	50,000	50,000	50,000
Total assets limited as to use	$ 1,599,647	$ 1,609,847	$ 1,504,422	$ 1,619,995

Investment income and gains (losses) from investments are comprised of the following for the years ending June 30, 2016 and 2015.

	2016	2015
Interest and dividends income	$ 51,056	$ 47,772
Realized and unrealized loss, net	(60,453)	(46,100)
	$ (9,397)	$ 1,672

Note 3. Support and Revenue from Government Units

The Center has entered into agreements with the West Virginia Bureau for Behavioral Health and Health Facilities to provide mental health and substance abuse services to individuals within the State of West Virginia. Funding for these services is provided by the West Virginia Department of Health and Human Resources.

A substantial amount of the Center's support and revenue is derived from the West Virginia Bureau for Behavioral Health and Health Facilities, some of which is pass-through funding from the United States Department of Health and Human Services. A significant reduction in the level of this support, if it were to occur, may have a significant impact on the Center's programs and activities.

Note 4. Property and Equipment

A summary of property and equipment at June 30, 2016 and 2015 follows:

	2016	2015
Land and improvements	$ 2,432,306	$ 2,432,306
Buildings and improvements	8,308,042	8,185,824
Furniture and equipment	4,619,382	4,464,799
Leasehold improvements	832,741	831,104
Vehicles	1,268,358	1,268,358
	17,460,829	17,182,391
Less accumulated depreciation and amortization	9,477,649	8,947,321
Property and equipment, net	$ 7,983,180	$ 8,235,070

Federal and state governments often retain a reversionary interest in property and equipment acquired with federal and state grants. The net book value of equipment purchased with grants from the West Virginia Bureau for Behavioral Health and Health Facilities (BHHF) as of June 30, 2016 and 2015 was $49,372 and $61,684. The equipment is retained at each location and would be subject to return to the State in the event that grants with BHHF were discontinued.

Depreciation expense for the years ended June 30, 2016 and 2015 amounted to $536,488 and $709,077.

Note 5. Fair Value Measurements

Generally accepted accounting principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 – Fair value is based on unadjusted quoted prices in active markets that are accessible to the Center for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 – Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 – Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and other similar techniques.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the Center's valuation methodologies for assets and liabilities measured at fair value. Fair value for Level 1 is based upon quoted market prices. Fair value for Level 2 is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets. Inputs are obtained from various sources including market participants, dealers, and brokers.

The following methods and assumptions were used by the Center in estimating the fair value of its financial instruments at June 30, 2016 and 2015.

Mutual Funds
These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Private Equity Investment
Carrying amount of the proportionate share of the net assets of the privately held entity.

The following tables present the financial instruments measured at fair value on a recurring basis as of June 30, 2016 and 2015, by caption, on the balance sheets.

	2016			
	Level 1	Level 2	Level 3	Total
Assets (Liabilities)				
Cash and cash equivalents	$ 24,656	$ -	$ -	$ 24,656
Mutual funds – equity securities	806,086	-	-	806,086
Mutual funds – fixed income	729,105	-	-	729,105
Private equity investment	-	-	50,000	50,000
Total	$ 1,559,847	$ -	$ 50,000	$ 1,609,847

	2015			
	Level 1	Level 2	Level 3	Total
Assets (Liabilities)				
Cash and cash equivalents	$ 11,277	$ -	$ -	$ 11,277
Mutual funds – equity securities	876,872	-	-	876,872
Mutual funds – fixed income	681,846	-	-	681,846
Private equity investment	-	-	50,000	50,000
Total	$ 1,569,995	$ -	$ 50,000	$ 1,619,995

There have been no significant transfers in or out of Level 1 and Level 2 fair value measurements during the year ended June 30, 2016.

Note 6. Retirement and Other Postretirement Benefit Plans

The Center maintains a 401(k) retirement plan for its employees. To participate, employees must have one year of entry service (1,000 or more hours of service during a one year period) and be 21 years old or older. Employees can contribute 1% to 13% of their salary, not to exceed legal limits. The Center can make a discretionary matching contribution to equal a percentage of the employees' number of years of vesting service. Total matching contributions by the Center during the years ended June 30, 2016 and 2015 were $237,204 and $286,374.

The Center also maintains a 457(B) retirement plan for certain employees. Those employees are eligible to participate immediately upon hire and can contribute from 1% to 100% of their pay up to statutory limits. The Center can make discretionary contributions. Employee and employer contributions are 100% vested at the time of contribution. Total contributions by the Center during the years ended June 30, 2016 and 2015 were $19,132 and $43,118.

In 1997, the Center ceased its participation in the West Virginia Public Employees Retirement System (WVPERS) a defined benefit, cost-sharing multiple-employer pension plan. Certain of the Center's employees are still covered under the WVPERS plan. Contribution obligations and benefit provisions are established pursuant to the West Virginia Public Employees Retirement Act. Total contributions by the Center during the years ended June 30, 2016 and 2015, were $13,895 and $9,353.

Postretirement benefits: In connection with the Center's prior participation in the West Virginia Public Employees Retirement System, it is obligated to provide health insurance benefits to employees who retire under the plan. At June 30, 2016 and 2015, the Center has accrued a postretirement benefit obligation of $312,735 and $343,735 to cover the present value of the anticipated future premiums for the postretirement benefits.

The PEIA Finance Board imposed limits on the retiree subsidy currently provided for the PEIA premiums for retirees. Future increases in the subsidy will be limited to no more than 3% per year. This action is expected to have a material impact on the amounts billed by the West Virginia Public Employees Retirement System to the Center in the future, resulting in credits being issued to reduce the recorded retirement liability.

Note 7. Notes Payable

Prestera Center for Mental Health Services, Inc. has a $3,000,000 line of credit (LOC) with a local bank. Advances on the LOC bear interest at a variable rate equal to the Wall Street Journal Prime Rate and a floor of 4.5% with interest payable monthly. Cash accounts are swept daily into a repurchase account. The repurchase account is then used to pay down any balance on the LOC. The amount outstanding on the LOC was $1,360,098 and $2,738,015 at June 30, 2016 and 2015. The LOC is renewable annually and is secured by substantially all assets.

Midland Behavioral Health, Inc. has a $50,160 line of credit (LOC) with a local bank. Advances on the LOC bear interest at a variable rate equal to the Wall Street Journal Prime Rate with interest payable monthly. The LOC is secured by receivables, equipment, inventory and general intangibles. The amount outstanding on the LOC was $42,076 both years ending June 30, 2016 and 2015. The LOC is renewable annually.

Note 8. Long-Term Debt

A summary of long-term debt at June 30, 2016 and 2015, follows:

	2016	2015
Note payable to West Virginia Housing Development Fund, interest at 4%, payable at $3,765 per month including interest. Secured by deed of trust on property.	$ 70,045	$ 111,270
Note payable to bank, interest at 6.00% payable at $16,848 per month including interest. Secured by deed of trust on property.	1,411,318	1,523,630

PRESTERA CENTER FOR MENTAL HEALTH
SERVICES, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

	2016	2015
Note payable to West Virginia Housing Development Fund, interest at 0% forgiven ratably through January 2031. In accordance with loan terms, the proceeds were used to partially fund its acquisition and renovation of property for use as an addictions recovery center. There is a prorate contingent repayment obligation should the property cease to be used as an addictions recovery center.	300,000	320,000
Note payable to Federal Home Loan Bank, interest at 9% forgiven ratably through January 2027. In accordance with loan terms, the proceeds were used to partially fund its acquisition and renovation of property for use as an addictions recovery center. There is a prorate contingent repayment obligation should the property cease to be used as an addictions recovery center.	732,663	799,330
Note payable to bank, interest at 4.25%, due in monthly installments of $15,323 including interest. Secured by a deed of trust on property.	163,893	336,598
Note payable to bank, interest at 4.25%, due in monthly installments of $1,511 including interest. Secured by a deed of trust on property.	180,731	187,637
Note payable to Cisco, interest at 4.50%, due in monthly installments of $5,417 including interest. Secured by equipment.	-	32,145
Note payable to bank, interest at prime plus 1% with 4.25% floor, due in monthly installments of $699 including interest. Secured by deed of trust on property.	82,991	91,381
Note payable to bank, interest at prime plus 1% with 4.25% floor, due in monthly installments of $1,179 including interest. Secured by deed of trust on property.	145,525	152,780
Total	3,087,166	3,554,771
Less current portion	438,646	469,491
Long-term obligations	$ 2,648,520	$ 3,085,280

As of June 30, 2016, long-term debt matures as follows:

Years Ending June 30,	
2017	$ 438,646
2018	266,896
2019	395,594
2020	246,197
2021	255,768
Thereafter	1,484,065
Total	$ 3,087,166

Note 9. Facilities and Rent Expense

The Center leases its satellite locations under operating leases. Certain leases contain a provision whereby the leases may be terminated early if the satellite operation is closed provided that advance written notice is given to the lessor. Rental expense charged to operations on these leases amounted to $554,265 and $498,407 for the years ended June 30, 2016 and 2015. In addition, the Center occupies, rent free, six buildings totaling 82,000 square feet used as care and treatment and administrative facilities. The annual rent value for these donated facilities of $724,034 has been recorded as support and expense in the accompanying financial statements. The Center had an additional $327,065 and $292,925 in equipment rentals for the years ended June 30, 2016 and 2015.

Note 10. Client Service Revenue

Following is a summary of gross and net client service revenue for the Center for 2016 and 2015:

	2016	2015
Gross client service revenue	$ 30,508,009	$ 29,470,654
Less: Provisions for contractual adjustments	6,170,815	4,374,436
Charity care	268,469	720,608
Provision for bad debts	631,332	760,328
Net client service revenue	$ 23,437,393	$ 23,615,282

The Center recognized client service revenue associated with services provided to clients who have third-party payor coverage on the basis of contractual rates for the services rendered. For uninsured clients that do not qualify for charity care, the Center recognized revenue on the basis of its standard rates for services provided (or on the basis of discounted rates, if negotiated or provided by policy). On the basis of historical experience, a significant portion of the Center's uninsured clients will be unable or unwilling to pay for the services provided. Client service revenue, net of contractual allowances and discounts (but before the provision for bad debts), recognized in the period from these major payor sources, was as follows:

	2016	2015
Medicare	$ 850,072	$ 914,811
Medicaid	18,318,061	18,686,720
Other third-party payors	4,317,981	4,363,805
Self-pay	582,611	410,274
Total	$ 24,068,725	$ 24,375,610

Note 11. Charity Care

The Center provides charity care to clients who are financially unable to pay for the services they receive. The Center's policy is not to pursue collection of amounts determined to qualify as charity care if the client has an adjusted income equal to or below 200% of the Federal Poverty income levels. A sliding scale discount is available for clients who meet the guidelines prescribed in the policy. Accordingly, the Center does not report these amounts in the net revenues or in the allowance for doubtful accounts. Of the Center's total expenses approximately $356,000 and $1,011,000, respectively, arose from providing charity care services to charity clients. The estimated costs of providing charity care services are based on a calculation which applies a ratio of costs to charges to the gross uncompensated charges associated with providing care to charity patients. The ratio of cost to charges is calculated based on the Center's total expenses divided by gross revenue.

Charity care of $268,469 in 2016 and $720,608 in 2015 represents the amount of charges forgone for services and supplies furnished under the Center's charity care policy.

Note 12. Concentration of Credit Risk

The Center is located in Huntington, West Virginia. The Center grants credit without collateral to its clients, most of who are local residents and are insured under third-party payor agreements. The mix of receivables from clients and third-party payors is as follows at June 30, 2016 and 2015:

	2016	2015
Medicare	3%	3%
Medicaid	79%	79%
Self pay	1%	1%
Other third-party payors	12%	7%
Contracts	5%	10%
Total	100%	100%

Financial instruments with potential credit risks consist principally of temporary cash investments and receivables. Temporary investments are placed with highly credit worthy financial institutions and security investment corporations.

Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. Cash at its major depository are swept daily into repurchase accounts secured by various federal government securities. Management believes the Center is not exposed to any significant concentration risk related to cash.

Note 13. Functional Expenses

The Center provides clinical services to residents within its geographic location. Expenses related to providing these services are as follows for the years ended June 30, 2016 and 2015:

	2016	2015
Clinical services	$ 33,564,537	$ 33,981,507
General and administrative	7,042,135	7,075,896
Total expenses	$ 40,588,672	$ 41,057,403

Note 14. Risk Management

The Center is exposed to various risks of loss related torts; theft of, damage to, and destruction of assets; errors and omissions; employee injuries and illnesses; natural disasters; medical malpractice; and employee health, dental and accidental benefits. The Center reduces its risk of loss by a variety of insurance programs purchased from commercial insurance carriers.

The Center maintains claims-made basis insurance coverage for professional liability at up to $1,000,000 for individual claims and aggregate coverage per year of $3,000,000 with a no deductible clause. Incidents occurring through June 30, 2016 may result in the assertion of a claim or other claims may be asserted arising from past services provided.

The Center is a defendant in various lawsuits within the ordinary course of business wherein various amounts for damages are claims. In the opinion of management an unfavorable outcome in excess of insurance coverage is unlikely and the judgments, if unfavorable, would not have a material adverse effect on the Center's financial statements.

Note 15. Health Care Legislation and Regulation

The Health care industry is subject to numerous laws and regulations of federal, state and local governments. Compliance with such laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time. Management believes that the Center is in compliance with fraud and abuse as well as other applicable government laws and regulations. If the Center is found in violation of these laws, the Center could be subject to substantial monetary fines, civil and criminal penalties and exclusion from participation in the Medicare and Medicaid programs.

Note 16. Temporarily Restricted Net Assets

At June 30, 2016 and 2015 temporarily restricted net assets consisted of grants received for the purpose of acquiring capital assets. In 2016 and 2015, net assets were released from donor restrictions in an amount equal to the depreciation expense on the capital assets acquired with the grants.

Note 17. Related Parties

Center for Alternative Medicine: Employees of the Center serve on the Board of Directors for the Center for Alternative Medicine (CAM), a West Virginia corporation. During 2016 and 2015, the Center received $1,080 and $54,254 for various services including management, rent, health insurance, pension costs, and utilities.

Prestera Foundation for Behavioral Health Services d.b.a. Prestera Foundation: Employees and members of the Board of Directors of the Center serve on the Board of Directors of Prestera Foundation for Behavioral Health Services (the Foundation), a West Virginia not-for-profit corporation. The Foundation is a support organization to the Center. The financial statements of the Foundation have not been consolidated with the Center due to the insignificance of amounts at the Foundation.

Other: Various employees of the Center serve on the boards of directors of the following West Virginia corporations. The Center provides various services to the corporations, including management services under management agreements:

- West Hamlin Group Home d.b.a. Woodside Manor
- Evergreen Place Apartments d.b.a. EGP
- Washington Avenue Apartments d.b.a. Joan Ross Apartments
- G.R. Vale
- Main Street Apartments
- Aliff Place
- Assaley Place
- Concord House of Charleston, Inc.
- Mulberry Manor
- Oak Tree Apartment
- Prestera Foundation for Behavioral Services, Inc.
- Prestera Group Home Corporation d/b/a Mary Woelfel House

A summary of related party receivables at June 30, 2016 and 2015 follows:

	2016	2015
Center for Alternative Medicine, net of allowance for doubtful accounts of $332,338, in 2016 and 2015	$ 31,782	$ 32,347
Assaley Place	13,847	15,381
Other	82,494	21,229
	128,123	68,957
Less current portion	128,123	68,957
Long-term portion	$ -	$ -

The Center has an agreement with a medical practice management company to manage the operations of Midland Behavioral Health, Inc. The Center paid $141,631 and $178,591 to the management company for the years ended June 30, 2016 and 2015.

The majority owner of the management company is a director of the Center. The management company's fee is based on a percentage of Midland Behavioral Health, Inc.'s collections as defined by the management agreement. The fees paid to the management company represent compensation to the management company in exchange for providing operating, billing, collection, accounting, and staffing services.

SUPPLEMENTARY INFORMATION

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
Year Ended June 30, 2016

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Prestera Center for Mental Health Service, Inc. and Subsidiary (the Center) under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Center it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Center.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Center has not elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Prestera Center for Mental Health
Services, Inc. and Subsidiary
Huntington, West Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Prestera Center for Mental Hrelated consolidated statements of operations and changes in net assets, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated March 16, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs referenced as 16-01 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Center's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Center's Response to Findings

The Center's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The Center's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and results of that testing, and not to provide an opinion on the effectiveness of the Center's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE *UNIFORM GUIDANCE*

To the Board of Directors
Prestera Center for Mental Health Services, Inc.
and Subsidiary
Huntington, West Virginia

Report on Compliance for Each Major Federal Program

We have audited Prestera Center for Mental Health Services, Inc. and Subsidiary's (the Center) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Center's major federal programs for the year ended June 30, 2016. The Center's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Center's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Center's compliance.

Opinion on Each Major Federal Program

In our opinion, Prestera Center for Mental Health Services, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the Center is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Center's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

PRESTERA CENTER FOR MENTAL HEALTH
SERVICES, INC. AND SUBSIDIARY

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2016

Section I. – Summary of Independent Auditor's Results

Financial Statements

Type of auditor's report issued on whether the financial statements audited were prepared in accordance with accounting principles generally accepted in the United States of America:	Unmodified
Internal control over financial reporting:	
• Material weakness(es) identified?	___ yes _X_ no
• Significant deficiency(ies) identified?	_X_ yes ___ none reported
Noncompliance material to financial statements noted?	___ yes _X_ no

Federal Awards

Internal control over major programs:	
• Material weakness(es) identified?	___ yes _X_ no
• Significant deficiency(ies) identified?	___ yes _X_ none reported
Type of auditor's report issued on compliance for major programs:	Unmodified
• Any audit findings disclosed that are required to be reported in accordance with Section 2 CFR 200.516(a)?	___ yes _X_ no

Identification of major programs:

CFDA Number	Name of Federal program or Center	Amount Expended
93.959	Block Grants for Prevention and Treatment of Substance Abuse	$ 1,657,107
93.243	Substance Abuse and Mental Health Services Projects of Regional and National Significance	$ 1,001,431

Dollar threshold used to distinguish between type A and type B programs:	$750,000
Auditee qualified as low-risk auditee?	_X_ yes ___ no

PRESTERA CENTER FOR MENTAL HEALTH
SERVICES, INC. AND SUBSIDIARY

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)
Year Ended June 30, 2016

Section II. – Financial Statement Findings

16-01 Cash Reconciliations

Criteria or Specific Requirement

During the process of testing cash accounts, we noted that some accounts were not being reconciled to the general ledger on a monthly basis.

Condition and Cause

Cash accounts that held patient funds were not timely reconciled. The process of reconciling accounts to the general ledger is an integral part of ensuring the amounts reported on a monthly basis are accurately stated.

Effect

Audit adjustments were required to adjust the cash and corresponding liability accounts.

Recommendation

We recommend that management review its accounting policies and procedures and implement procedures to ensure that all accounts are reviewed and reconciled to their proper balance on a monthly basis.

Corrective Action Taken or Planned

Management has implemented procedures to ensure that all accounts are reviewed and reconciled to their proper balance on a monthly basis. These procedures include the chief financial officer receiving copies of the reconciliations and comparing to the general ledger balance at the end of each month.

Section III. – Findings and Questioned Costs for Federal Awards

No matters were reported.

PRESTERA CENTER FOR MENTAL HEALTH
SERVICES, INC. AND SUBSIDIARY

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
Year Ended June 30, 2016

Financial Statement Findings:

No matters were reported.

Findings of Questioned Costs for Federal Awards:

No matters were reported
