The Honorable Joe Manchin, III
Governor of West Virginia
State Capitol, Building 1
Charleston, West Virginia 25305

Dear Governor Manchin:

The West Virginia State Board of Examiners for Licensed Practical Nurses is pleased to provide you with our report of the biennium covering activities during the period between July 1, 2007 and June 30, 2009.

The goal of this agency is to provide competent, professionally prepared licensed practical nurses to provide safe, quality nursing care to the citizens of West Virginia. This goal is shared by other health care licensing boards and state agencies, and is demonstrated by the prevailing spirit of cooperation that exists between this Board and those other agencies. Staff and members of this Board continue to be active in nursing regulation on a national as well as state level. A cooperative spirit is also evident in health care agencies who offer their facilities for educational purposes, and then employ licensed practical nurses as a part of their health care work force.

Please feel free to contact our office with questions or comments concerning information contained in this report.

For the Board,

**WEST VIRGINIA STATE BOARD OF EXAMINERS
FOR LICENSED PRACTICAL NURSES**

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2008 AND 2009

Members and staff of the West Virginia State Board of Examiners for Licensed Practical Nurses are active participants in meetings and activities across the country on matters of licensing, professional regulation and changing health care delivery systems. Members and staff continue, as has historically been the case, to serve on committees at the national level with agencies involved in licensing nurses from other states as well as agencies relating to health care and other professions within our own state. This involvement assures that members are aware of the many issues surrounding not only practical nursing, but the entire health care system, as the industry continues its attempts to organize and reorganize delivery of health care to achieve acceptable quality care with fewer health care practitioners and fewer health care dollars. Changes in the patterns of delivery and mix of competent providers have resulted in fluctuations in demand for licensed practical nurses. Over time the demand in one area increases while the demand in another area may decrease. Summaries of annual reports from the state's licensed practical nursing schools demonstrate over the past few years that new graduates are employed in acute care settings at a higher rate than in previous years. With the current/impending shortage of registered professional nurses, this will likely continue to be the case. Licensed practical nurses also continue to be steadily employed in long term care, and are an important part of the health care team in that setting. Numbers of actively licensed LPNs have risen gradually over the past ten (10) years, however those licensed as new graduates and experienced nurses are generally able to obtain employment in their areas.

The number of LPN educational programs in West Virginia remained at twenty-three (23) in 2008 and 2009. Twenty-one (21) programs are within the vocational education system, one (1) program, the B.M. Spurr School of Practical Nursing, is privately sponsored by Reynolds Memorial Hospital, and one (1) program is located at New River Community and Technical College.

The Board utilizes the National Council Licensure Examination for Practical Nurses, through contract with the National Council of State Boards of Nursing, Inc. This examination provides for

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2008 AND 2009 PAGE 2

interstate endorsement of licensees without further testing. With computer adaptive testing technology candidates are permitted to contact the testing center and test six days a week, year round rather than twice per year. They are also permitted to test in any of over 100 testing locations across the country, rather than in West Virginia alone to get a West Virginia license. Results are transmitted to the Board via internet technology from the national testing service. Candidates are forwarded their results and licensure information for new licensees is posted on the Board's website as early as the same day as the candidate completes the exam. Retesting of failing candidates is available every forty-five (45) days.

The Board monitors licensee compliance with continuing competence requirements of twenty four (24) contact hours of continuing education and four hundred (400) clock hours of practical nurse employment in each designated two year reporting period. A reporting cycle was completed with the renewal period ending June 30, 2008. The next reporting period will end on June 30, 2010. Continuing education audits are conducted on 7 to 10% of licensees per reporting cycle.

The Board continues to receive complaints against licensees for professional misconduct. In FY 2008 we received one hundred five (105) complaints. That number has remained fairly stable over the past five (5) years. Increases in numbers of disciplinary cases continue to be observed in all licensed professions in all states across the country. Continuing efforts to refine the process and procedures for complaint management have resulted in effective and timely resolution in most cases. The average complaint takes approximately seventy (70) calendar days from receipt of the complaint to execution of board action either imposing disciplinary measures or dismissing charges as unsubstantiated or outside the jurisdiction of the Board. Board staff have partnered with the WV Health Care Association in providing workshops to nurses and nurse employers around the state on the topic of how, when, and why to report a nurse to the Board. Board staff also address other groups of nurses, nursing employers, and students upon request to discuss the disciplinary process, the importance of accurate documentation when providing patient care, etc.

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2008 AND 2009 PAGE 3

The Board has evaluated both procedures and processes regarding effectiveness of functioning of the agency as a comparison to map progress toward achievement of strategic initiatives and outcomes approved by the Board. The LPN Board continues to participate in self-evaluation activities through its participation in the Commitment to Ongoing Regulatory Excellence Project sponsored by the National Council of State Boards of Nursing. This project involves data collection on areas including licensure, governance, nursing education, discipline, fiscal information, practice, and information technology utilized by the Board. Data is collected from Board staff, Board members, and stakeholders of the Board including licensees, nurses complained against, individuals who had filed a complaint, nursing schools, professional associations, and health care facilities. Data is compiled and results are provided at three (3) year intervals. As the purpose of the project is to collect performance data from boards of nursing in order to identify best practices, those procedures or processes that make up the best, most effective practices are then to be identified and shared with other boards of nursing. Preparation of a strategic plan, reviewed by the Board each year during its June Meeting, incorporates specific activities to guide members and staff of the board in achieving the strategic initiatives and outcomes related to the mission of the board.

The RN and LPN Boards meet annually to discuss matters of common interest and concern. In the joint meeting held June 17, 2009, the Boards reviewed information regarding the West Virginia Center for Nursing as well as other issues affecting nursing regulation.

The Board is committed to collaboration with other health related or licensing agencies and organizations to improve public access to and information about education, licensure, practice, discipline and accountability for LPNs. The board maintains a web site, a toll free telephone line, and publishes two (2) newsletters a year. Information from the licensee data base is available on the web site. It is therefore possible for anyone with internet access to check the status of a license of an LPN from the Board's home page. This information is updated on a daily basis each business day. The Board collaborated with the West Virginia State Treasurer's Office to implement the availability of online renewals and online endorsement applications, both of which have been

successful. Also, the Board participates in the process of the submission of licensure information to the National Council of State Boards of Nursing's NURSYS Data Base. The purpose of this data base is to create an unduplicated list of all licensed nurses in the United States, which can be accessed for license verification purposes by other state boards of nursing and other interested parties.

LPN BOARD CONGRATULATES LAURA SKIDMORE RHODES, MSN, RN

The LPN Board is pleased to offer congratulations to Laura Skidmore Rhodes, MSN, RN, Executive Director of the West Virginia Board of Examiners for Registered Professional Nurses. Ms. Rhodes was elected to the prestigious position of President of the National Council of State Boards of Nursing at the Annual Meeting in August 2008. She will serve a two-year term. Ms. Rhodes is the first individual from West Virginia to achieve this accomplishment. She most recently served as Vice President of the National Council. We wish her well in this challenging and exciting endeavor.

WV REDI SYSTEM

A new opportunity exists for nurses, physicians, and other health care professionals to assist during a health emergency which exceeds normal response capacity. WV REDI, or Responder Emergency Deployment Information System, is now available. Registration with this system permits you to volunteer to assist with direct care services or public health response such as administration of vaccinations or medications to a large population.

To register with WV REDI, you may go to the system's homepage at www.wvredi.org and click on "Register Now". Information can also be obtained by calling 304-558-6900. Registration will provide the WV Bureau of Public Health, Division of Threat Preparedness, with information about your location and credentials so that you can be best linked to a local health group in your area. Registration does not commit you to volunteering during an emergency; you will always have the opportunity to decline to participate if contacted.

NURSES SHOULD ASSIST WITH PATIENT CARE
By Rachel Dailey, RN (LPN)

I've only been a nurse for eight months now. In that short period of time I've observed many nurses delegate tasks. In many instances because she didn't want to do the tasks herself. I've seen numerous times when a nurse would spend ten minutes looking for a nursing assistant to do a task that would have only taken her three minutes. All nurses were taught patient care. So shouldn't nurses do what they are taught? A nurse shouldn't be afraid to delegate duties to make the most of everybody's time. The problem usually does not lie with the delegation, but within the attitude of the nurse delegating.

I believe that nurses should assist with patient care as much as possible. Time is often scarce but can be used wisely. If a nurse could take even a minute to assist each resident with a simple task, she would probably have a better understanding of her resident on a professional and personal level. She would definitely be more aware of acute changes with her residents. Assisting with care provides more than just an opportunity to communicate. It proves the nurse with an excellent opportunity to assess the resident. Resident's pain, skin integrity, temperature, texture, and abnormalities are just a few things that can quickly be assessed. Helping with personal care helps a resident have trust in his/her nurse.

Nursing assistants are an important asset to health care. If a nurse thinks she's too high on the ladder to perform certain tasks, she demeans those who assist with the task....Staff are not the only people to see who helps with care, family members do, too. Family members will also build trust with the nurses who have more contact with their family member...

The entire staff is there for the patient. Its teamwork that successfully gets the job done. ...I believe if nursing is in your heart, it shows in your care.

(Ms. Dailey wrote the above in March 2007 while working as an LPN and enrolled as an RN student. It has been printed in part above with her permission.)

This newsletter is an official publication of the West Virginia State Board of Examiners for Licensed Practical Nurses. The newsletter is published two times per year, in the Spring and in the Fall, and is provided to all licensed practical nurses, hospitals, nursing homes, state health care and licensing agencies and associations, other state boards of nursing and appropriate national nursing organizations. This newsletter is also posted on the Board's website under "Our Goals and Services", "Consumer Information."

FROM THE CHAIRPERSON

Duane Napier, MSN, RN, BC

License renewal time is here! Remember, by no later than June 30th you must have submitted your completed application and paid for your new license. Do not wait; do it now! Invariably, there will be some of you who will wait until the last minute. Every year many of you do wait, and then end up paying a financial penalty because there was a problem with your renewal form or fee, or because you just missed the deadline. A renewal application must be completed correctly to be considered as submitted by the June 30, 2009 deadline. If you renew online, make sure that the transaction processed correctly. You will be issued a transaction number regardless of whether your credit card was accepted or rejected.

Your employer has the responsibility to check the status of your license after June 30, and if you have not renewed you are not allowed to work. If you allow this to happen, it demonstrates a lack of respect for yourself, your patients, and your employer.

The LPN Board has made the renewal process easy. You may renew online, by mail, or by walking into the office. You may pay via check, money order, cash, or credit card.

The LPN Board office is open from 8:00 am to 4:00 pm Monday through Friday for your convenience. In addition, the office staff is available by telephone so that you may have your questions answered promptly by a live person. After hours, voicemail is available.

In addition, this renewal cycle is not a CE reporting year, so you do not have to worry about that. So what's stopping you? Get up, get on the computer, get in your car, or get to the post office and renew your license so that you are not one of those who will be penalized for not following the rules.

PROPOSED REVISIONS TO BOARD'S LEGISLATIVE RULES 10 CSR 1 POLICIES AND PROCEDURES FOR DEVELOPMENT AND MAINTENANCE OF EDUCATIONAL PROGRAMS IN PRACTICAL NURSING

These Rules, including proposed revisions, are now posted on the LPN Board website for public comment. Any interested person may send comments concerning these proposed Rules. The comment period will end on May 22, 2009 at 4:00 pm. Only written comments will be accepted and are to be mailed to the LPN Board office.

ADDITIONAL RENEWAL INFORMATION

The online renewal site is maintained by the West Virginia State Treasurer's Office, and is secure with regards to the credit card transactions. For those who do not wish to use a credit card for renewal, a paper form may be printed from the Board's website under "Licensure". A renewal application is also included in this newsletter for your use if you wish to mail in a form and check. As always, walk-in renewals are also accepted.

You are not eligible for online renewal if you have had a criminal conviction, or pled guilty or no contest to a felony or misdemeanor not previously reported to the Board. You are also not eligible for online renewal if you have had disciplinary action or action is pending with another Board of Nursing not previously reported to the WV LPN Board. Copies of court or disciplinary documents and a written explanation of the events from the licensee must accompany the renewal application.

Also, if you are changing your name on your license, the Board requires that you submit a copy of your marriage certificate/divorce decree which legally changed your name, therefore you are also not eligible to renew online.

REMEMBER - CE AND EMPLOYMENT HOURS ARE NOT REQUIRED THIS YEAR!!!! THESE ARE ONLY REPORTED TO THE BOARD ON THE EVEN-NUMBERED YEARS.

UPCOMING CHANGES TO LICENSURE PROCESS

At its October 18, 2008 meeting, the Board determined that it will proceed with the effort to go "paperless" in terms of licenses issued. Therefore, the LPN license that is issued to you in 2009 will be the last paper license card that you will receive. In subsequent years beginning with 2010, the process and requirements will remain the same for renewals, however you will not receive a new license in the mail. The paper license is not the best mechanism for employers to use to verify licensure; the Board's website is primary source verification, which is required by most accrediting agencies for facilities. Paper licenses will only be provided to new licensees and those who require a duplicate license due to a name or address change.

REMINDER: CONTINUING COMPETENCE AUDITS

WV LPN SCHOOL NEWS

The students at the James Rumsey LPN School in Martinsburg love to share their knowledge! On February 27, 2009 the students sponsored a Health Fair geared towards the adolescent population. They discussed topics including "The Sun and the Skin", snowboard safety, hiking awareness, depression and stress management, dental hygiene, alcohol awareness, cosmetic surgery pitfalls, abusive relationship facts, and tattoo safety. A lot of visuals and interactive activities were used. Drawings for a free visit to White Tail Resort and gift baskets were also held. Follow-up surveys were extremely positive. Over 500 students and faculty attended. The LPN program was extremely happy with the results.

Several LPN programs recently participated in the 2009 HOSA State Leadership Conference. Those schools who had winning students in the various categories include: Academy of Careers and Technology - 13 awards; Cabell County - 5 awards; Fayette County - 20 awards; James Rumsey Technical Institute - 8 awards; Mercer County - 6 awards; Mingo County - 9 awards; Monongalia County - 13 awards; Ralph R. JOINT MEETING MINUTES, JUNE 2009

4. Diana Boyle made the motion to approve the meeting minutes for the Joint Board Meeting, June 11, 2008. The second was offered by Robin Walton. The motion carried.
5. An update about the West Virginia Center for Nursing was provided by Cynthia Persily, PhD, RN, Chair for the Center for Nursing. The Center has awarded scholarship and emergency money the past three years. They also awarded money to LPN faculty to obtain a teaching certificate. The Center is seeking a new LPN member. A faculty survey has been sent to schools of nursing preparing individuals to be licensed as registered professional nurses. The Center wants to work with the RN Board to review the survey and the RN Board Annual Report to consolidate the questions and minimize duplication of work. There is a nursing faculty scholarship program for those seeking a doctoral degree and who will stay in a teaching role in West Virginia. They are working on a Statewide Articulation Plan with schools of nursing. Several other initiatives and events are in place for the coming year.
6. The document related to Scope of Practice and Delegation decision making ("Purple Book") was last reviewed in 2005. The group decided in June 2008 to appoint an ad hoc committee to review the document and provide the Joint Boards with any recommendations. Volunteers for the committee included: Pamela Alderman, Duane Napier, Robin Walton and Jean Yates. An updated version was provided to the members that added the word "current" in relation to looking at standards and provided changes to include advanced practice registered nurses in the scope of practice model. A motion was made by Cynthia Persily to adopt the document as amended. The second was offered by Robin Walton. The motion carried.
7. Mutual Recognition (Nurse Licensure Compact) for nurses was discussed. There continue to be concerns about discipline related issues. The Boards agreed by consensus to continue to monitor the progress of the Nurse Compact.
8. Discussion ensued regarding the use of medication aides in the nursing home setting. It was learned during the meeting that there was a Legislative Committee Meeting scheduled that afternoon at 2:00 PM regarding a study related to the use of medication aides in the nursing home setting as well as some community settings. Discussion related to this topic included that there is not a current LPN shortage in WV, several states have approved medication aides in the nursing home setting which has proven successful, and boards of nursing are often the regulatory body for the medication aides. A decision related to this topic was delayed until after the meeting this afternoon.
9. June 16, 2010 is the date of the next Joint Board meeting.
10. There was no action under the topic of Miscellaneous/Guest Questions/Comments.
11. With no further business a motion to adjourn the meeting was made by Robin Walton. The second was offered by Vickie Sue Bennett. The motion carried.

Meeting adjourned at 1:45 P.M.
