The Honorable Earl Ray Tomblin
Governor of West Virginia
State Capitol, Building 1
Charleston, West Virginia 25305

Dear Governor Tomblin:

The West Virginia State Board of Examiners for Licensed Practical Nurses is pleased to provide you with our report of the biennium covering activities during the period between July 1, 2010 and June 30, 2012.

The goal of this agency is to provide competent, professionally prepared licensed practical nurses to provide safe, quality nursing care to the citizens of West Virginia. This goal is shared by other health care licensing boards and state agencies, and is demonstrated by the prevailing spirit of cooperation that exists between this Board and those other agencies. Staff and members of this Board continue to be active in nursing regulation on a national as well as state level. A cooperative spirit is also evident in health care agencies that offer their facilities for educational purposes, and then employ licensed practical nurses as a part of their health care work force.

Please feel free to contact our office with questions or comments concerning information contained in this report.

For the Board,

Lanette L. Anderson, MSN, JD, RN
Executive Director

**WEST VIRGINIA STATE BOARD OF EXAMINERS
FOR LICENSED PRACTICAL NURSES**

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2011 AND 2012

Members and staff of the West Virginia State Board of Examiners for Licensed Practical Nurses are active participants in meetings and activities across the country on matters of licensing, professional regulation and changing health care delivery systems. Members and staff continue, as has historically been the case, to serve on committees at the national level with agencies involved in licensing nurses from other states as well as agencies relating to health care and other professions within our own state. This involvement assures that members are aware of the many issues surrounding not only practical nursing, but the entire health care system, as the industry continues its attempts to organize and reorganize delivery of health care to achieve acceptable quality care with fewer health care practitioners and fewer health care dollars. Changes in the patterns of delivery and mix of competent providers have resulted in fluctuations in demand for licensed practical nurses. Over time the demand in one area increases while the demand in another area may decrease. Summaries of annual reports from the state's licensed practical nursing schools demonstrate over the past few years that new graduates are employed in acute care settings at a higher rate than in previous years. With the current/impending shortage of registered professional nurses, this will likely continue to be the case. Licensed practical nurses also continue to be steadily employed in long term care, and are important parts of the health care team in that setting. Numbers of actively licensed LPNs have risen gradually over the past ten (10)

years, however those licensed as new graduates and experienced nurses are generally able to obtain employment in their areas.

The number of LPN schools in West Virginia remained at twenty-four in 2011 and 2012, however another school was given Tentative State Accreditation by the Board to begin operation. This new program will be located at Pierpont Community and Technical College. It is anticipated that they will accept their first class of students in the Fall of 2012. Of the existing twenty-four programs, twenty-one programs are within the vocational education system. One program, the B.M. Spurr School of Practical Nursing, is privately sponsored by Reynolds Memorial Hospital, one program is located at New River Community and Technical College, and the other is at Salem International University.

The Board utilizes the National Council Licensure Examination for Practical Nurses, through contract with the National Council of State Boards of Nursing, Inc. This examination provides for interstate endorsement of licensees without further testing. With computer adaptive testing technology candidates are permitted to contact the testing center and test six days a week, year round rather than twice per year. They are also permitted to test in any of over 100 testing locations across the country, rather than in West Virginia alone to get a West Virginia license. Results are transmitted to the Board via internet technology from the national testing service. Candidates are forwarded their results and licensure information for new licensees is posted on the Board's website as early as the same day as the candidate completes the exam. Retesting of failing candidates is available every forty-five (45) days.

The Board monitors licensee compliance with continuing competence requirements

of twenty four contact hours of continuing education and four hundred (400) clock hours of practical nurse employment in each designated two year reporting period. A reporting cycle was completed with the renewal period ending June 30, 2012. The next reporting period will end on June 30, 2014. Continuing education audits are conducted on 7 to 10% of licensees per reporting cycle.

The Board continues to receive complaints against licensees for professional misconduct. In FY 2010 we received one hundred nineteen complaints, and in FY 2011 one hundred seven complaints were received. In FY 2012 the Board received one hundred thirty-three complaints. Increases in numbers of disciplinary cases continue to be observed in all licensed professions in all states across the country. Continuing efforts to refine the process and procedures for complaint management have resulted in effective and timely resolution in most cases. The average complaint takes approximately seventy calendar days from receipt of the complaint to execution of board action either imposing disciplinary measures or dismissing charges as unsubstantiated or outside the jurisdiction of the Board. Board staff addresses groups of nurses, nursing employers, and students upon request to discuss the disciplinary process, the importance of accurate documentation when providing patient care, etc.

The Board has evaluated both procedures and processes regarding effectiveness of functioning of the agency as a comparison to map progress toward achievement of strategic initiatives and outcomes approved by the Board. The Board implemented a paperless licensure system in 2010 during the license renewal period. The renewal requirements and process remain the same, however no paper license is issued to

licensees. Information on the Board's website regarding licensure status is updated each business day at 3:00 pm, and employers and nurses can verify any needed information on that website.

The LPN Board continues to participate in self-evaluation activities through its participation in the Commitment to Ongoing Regulatory Excellence Project sponsored by the National Council of State Boards of Nursing. This project involves data collection on areas including licensure, governance, nursing education, discipline, fiscal information, practice, and information technology utilized by the Board. Data is collected from Board staff, Board members, and stakeholders of the Board including licensees, nurses complained against, individuals who had filed a complaint, nursing schools, professional associations, and health care facilities. Data is compiled and results are provided at three year intervals. As the purpose of the project is to collect performance data from boards of nursing in order to identify best practices, those procedures or processes that make up the best, most effective practices are then to be identified and shared with other boards of nursing. Preparation of a strategic plan, reviewed by the Board each year during its June Meeting, incorporates specific activities to guide members and staff of the Board in achieving the strategic initiatives and outcomes related to the mission of the board.

The RN and LPN Boards meet annually to discuss matters of common interest. In the joint meeting held June 13, 2012, the Boards reviewed information regarding the West Virginia Center for Nursing as well as other issues affecting nursing regulation.

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2010 AND 2011 PAGE 5

The Board is committed to collaboration with other health related or licensing agencies and organizations to improve public access to and information about education, licensure, practice, discipline and accountability for LPNs. The board maintains a web site, a toll free telephone line, and publishes two newsletters a year. Information from the licensee data base is available on the web site. It is therefore possible for anyone with internet access to check the status of a license of an LPN from the Board's home page. This information is updated on a daily basis each business day. The Board has collaborated with the West Virginia State Treasurer's Office to implement the availability of online renewals and online endorsement applications, both of which have been successful. Also, the Board participates in the process of the submission of licensure information to the National Council of State Boards of Nursing's NURSIS Data Base. The purpose of this data base is to create an unduplicated list of all licensed nurses in the United States, which can be accessed for license verification purposes by other state boards of nursing and other interested parties.

The Executive Director of the Board was elected in August 2011 to serve a two year term on the Board of Directors for the National Council of State Boards of Nursing. Members and staff continue to be active in National Council activities including attendance of meetings and service on committees. One Board member and the Associate Executive Director of the Board currently serve on committees of this organization.

Mahatma Gandhi once said, "My life is my message". The beauty of the autumn foliage is a message of our West Virginia mountains. Patriotism is a message that runs deep in the veins of every Mountaineer. Our work ethic, our love for nation and family, our concern for neighbors are a few of the ways we display our message as West Virginians.

Now, I want to pose the question to you and me---"How do I portray my message as a nurse?" As a new graduate nurse, I had no idea what my message was or would be. All I knew was that I did not choose to be a nurse---this wonderful profession chose me. I was on my way to being a Pastor's wife and hopefully someday an elementary teacher. Through my daughter's illness and the need for employment, GOD brought me into a life of medically caring for others. For me, living the life of a nurse is not just during the 8 to 12 hours of my shift, but a 24/7 commitment. My ethics are observed on and off duty. My skills and critical thinking are scrutinized for correctness on a daily basis. My life message as a nurse is to live intentionally with compassion and provide 110% best practice care for all my patients.

Ok, what is your life message as a nurse? I cannot write your story. I cannot dictate you into being a good nurse. I can only remind you of an old adage---"you never get a 2nd chance to make a good 1st impression". A few elements of a good 1st impression in nursing is to be a critical thinker, a patient advocate, dedicated, confident, adaptable, a smiling team player, have nerves of steel, handle mounds of paperwork and still provide quality care to each of your patients.

How do we write our life message as a nurse---Don't forget the invaluable training you received from your instructors, don't forget your responsibility to renew your license, obtain your CEU's. Remember whose watching--- your patient, your co-worker and perhaps the whole world..... We are West Virginia nurses. Let us write and live our message together as we show everyone, there is Something Great going on in our beautiful majestic mountains.

All disciplinary actions taken are public information and are therefore provided to any individual who may call to inquire about the status of a license. They are also reported to the NURSYS national nursing data base as maintained by the National Council of State Boards of Nursing, the HIPDB Data Bank as maintained by the federal government, and also to the Office of the Inspector General when a license has been surrendered, suspended, or revoked.

Take a look at the disciplinary information above. A significant portion of the disciplinary actions taken are due to the licensee working on a lapsed license. Your LPN license expires on June 30 each year. It is your responsibility to make sure that the LPN Board has a correct address for you so that you receive the renewal reminder postcard that is mailed each year the first week of March. Even if you do not receive this reminder, however, it is still your responsibility to make sure that your license is renewed by June 30 if you continue to work as an LPN in West Virginia. Board staff are available at any time to respond to questions or provide paper renewal applications if you do not wish to renew online.

REMINDER: CONTINUING COMPETENCE AUDITS

Please be aware that the Board randomly audits the continuing competence activities of thirty (30) licensees per month. If you are audited, you will receive a certified letter from the Board, instructing you to provide copies of CE certificates for offerings that were completed during the previous reporting year. You will also be provided with a form for your employer to fill out to verify that you worked for at least four hundred (400) hours as an LPN during that time period. Therefore, please retain your CE certificates for at least four (4) years so that if you are audited, you can produce them to the Board. If you do not have these certificates, you cannot verify that you actually completed the required number of hours. Disciplinary action will be taken by the Board for failing to comply with the CE audit, and the next renewal of your license will not be processed until this matter is rectified. The Board does not automatically receive any information regarding your completion of CE. Keeping track of your CE and maintaining those records is your responsibility as a licensed practical nurse!

HOW TO FIND US

The LPN Board office is located at 101 Dee Drive, Charleston, WV. From I-64, take Exit 99 (State Capitol Exit). Turn onto Greenbrier Street (towards the airport and away from the Capitol). Turn right onto Hillcrest Drive. Come to the top of Hillcrest and into Hillcrest Office Park. Take the first left onto Player's Club Drive, then the next left at the mailboxes onto Dee Drive. The office building is a one-story brown building, and the LPN Board is located inside the door where the visitor parking is located.

LPN SCHOOL NEWS

The Board would like to welcome new LPN School Coordinators: Janice Collins, RN, Monongalia County; Brenda Martin, RN, Summers County; and, Beth Carter, RN, Wood County. We wish them the best of luck in their new positions and look forward to working with them.

The passing average on the NCLEX-PN licensure examination for LPNs for graduates from West Virginia programs for the July 2010 to June 2011 time period was 88.89%. The national passing average for the same time period was 86.77%. Congratulations to our programs for consistently serving their communities and the public by providing well-prepared licensed practical nurses.

OVERVIEW OF THE BOARD'S DISCIPLINARY PROCESS

The West Virginia State Board of Examiners for Licensed Practical Nurses is authorized by law to revoke, suspend or otherwise discipline licensees who are guilty of violations of the law governing practical nursing. The law establishing the West Virginia State Board of Examiners for Licensed Practical Nurses was enacted by the Legislature as a means of protecting the public health, safety and welfare. Utilizing the various mechanisms in law to remove or restrict the practice of licensees who have engaged in activities with potential for endangering the health, safety and welfare of the public is an essential component of the functions of the Board.

WHY DO LPNS GET REPORTED TO THE BOARD?

All licensed health care professionals, including LPNs are required to report any other health care professional who they believe is behaving in an illegal, unethical or incompetent manner. The primary source for reports about activities that might be in violation of law for LPNS is employing agencies. Individuals who are aware of activities that are a violation and who fail to report this action to the appropriate licensing board are considered to be in violation of the law themselves and can have disciplinary action taken against their license as well.

Anyone may file a complaint if they believe a licensed practical nurse has violated the law or provided substandard care. Complaints are received from consumers, their families, other members of the health care industry, law enforcement agencies, and health care facilities. The Board prefers that complaints be submitted in writing but will accept them over the phone. Anonymous complaints are also accepted provided that sufficient information is received by the Board to begin an investigation.

The initial step taken by the Board in investigating a complaint is to notify a licensee by certified mail that a complaint has been filed. The licensee against whom a complaint is filed is provided with copies of the complaint and other evidence against them, and is given an opportunity to respond in person or in writing to the allegations. The licensee is also advised of their due process rights and the option to have an attorney act on their behalf.

If a response is requested by the Board please respond within the identified time frame, usually 14 days. If you are unable to meet this deadline please contact the Board office. The law requires that you comply with all requests from the Board during the course of the investigation. The Board's Legislative Rules, 10 CSR 2, 12.1.e.26. states that grounds for disciplinary action include "impeded or obstructed an investigation by the board by failing to comply or respond to requests for action or information, whether such failure is intentional or merely negligent."

If the allegations are not true that information should become clear during the investigation. The case will be dropped if there is no evidence to support the complaint. In the event disciplinary action is taken, you are required to comply with all terms and conditions imposed by the Board. Failure to comply may result in additional disciplinary action against your license. You or your attorney may contact the Board office at any time to check on the status of the investigation, or discuss proposed disciplinary action or compliance with action taken by the Board.

WHAT ACTIONS CAN RESULT IN DISCIPLINE?

The West Virginia State Board of Examiners for Licensed Practical Nurses is authorized by the West Virginia Legislature "...to refuse to admit an applicant for the licensure examination and also... to revoke or suspend any license to practice practical nursing issued by the board or to otherwise discipline a licensee upon satisfactory proof that the person: (1) is guilty of fraud or deceit in procuring or attempting to procure a license.; or (2) is convicted of a felony; or (3) is habitually intemperate or is

addicted to the use of habit-forming drugs; or (4) is mentally incompetent; or (5) is guilty of professional misconduct as defined by the board; or (6) who practices or attempts to practice without a license or who willfully or repeatedly violates any of the provision of this article." Rules and regulations of the Board list thirty-five (35) specific acts that constitute grounds for discipline.

DOES THE BOARD RECEIVE A LOT OF COMPLAINTS?

Between July 1, 2007, and June 30, 2010, a total of 548 complaints or information received have resulted in investigation. Of that number approximately 30 % of the complaints have been dropped following evaluation of the evidence, and about 15% of the individuals have allowed their license to lapse so cease to be a threat to the public. Disciplinary action, including revocation, suspension, probation with terms and fines has been levied Board against approximately 55% of those licensees against whom complaints have been filed. The board is authorized by law to act on issues related to licensure only. When a complaint is filed and an investigation reveals that the event does not relate to licensure, the licensee is notified that the case is closed and that a violation of the licensing law was not identified.

The Board maintains approximately 8,000 active licensees. This number changes daily as individuals are added who pass the licensure examination for the first time or endorse in from another state, and the number decreases as individuals retire, move, or for other reasons do not keep an active license.

WHAT ARE THE MOST COMMON COMPLAINTS?

The most common complaints received fall into five (5) categories. An approximate percentage of complaints in the five categories is provided as follows;

- a) action by a Board of Nursing in another State or by another health licensing agency - 3%,
- b) working on a lapsed license or failure to comply with continuing education requirements - 25%
- c) conviction of a felony or misdemeanor with a relationship to the practice of practical nursing - 16%,
- d) activities relating to inappropriate use or abuse of alcohol or improper use, diversion or misappropriation of illegal or prescription drugs -18%, and
- e) violation relating to nursing practice - 38%

Practice related violations comprise the largest percentage of complaints against licensees and are most frequently related to failure to administer medications or treatments or errors related to medications or treatments, false documentation, abuse or neglect of a resident, abandonment, inappropriate assignment of nursing duties, and/or failure to follow facility policies.

HOW ARE COMPLAINTS INVESTIGATED?

When a complaint is received an investigative contact may be made within a few days of receipt of a complaint with the individual making the complaint to discuss the contents and circumstances, as well as to request supporting documentation if needed. Supporting documentation, not provided upon request, is subpoenaed. A subpoena may be executed by the Executive Director or President of the Board. Other investigative activities, such as interview of witnesses, may also be conducted by an agent of the Board.

WHAT HAPPENS AFTER THE INVESTIGATION?

An Agent for the Board evaluates the complaint and/or available information including the licensee's response to determine specific violations of law involved and to determine if additional investigation is needed. Counsel for the Board may recommend that a case be closed if probable cause for further action is not identified. Cases recommended for closure due to lack of probable cause shall be reported to the Disciplinary Review Committee. The committee may approve closure of the case or direct staff to proceed with further investigation, or a hearing on the matter.

If, after investigation and review of the evidence by the Disciplinary Review Committee of the Board, probable cause is not identified, the licensee is notified in writing that the case against them has been dropped.

WHAT IF I ADMIT TO THE ALLEGATIONS IN THE COMPLAINT?

If, after investigation, probable cause is identified and/or you admit to the allegations, an Agent for the Board may negotiate terms of a Consent Agreement with a licensee in uncontested cases. An uncontested case means that the licensee does not deny the facts revealed in the investigation.

If the licensee accepts terms of a Consent Agreement, materials including the complaint, supporting documents and response by the licensee and the Consent Agreement are provided to the Disciplinary Review Committee. This may be done at a regular meeting or by mail.

The Disciplinary Review Committee may accept the Consent Agreement, request revision of the Agreement or reject the Agreement. If the Consent Agreement is rejected by the Disciplinary Review Committee a date is set for a formal hearing.

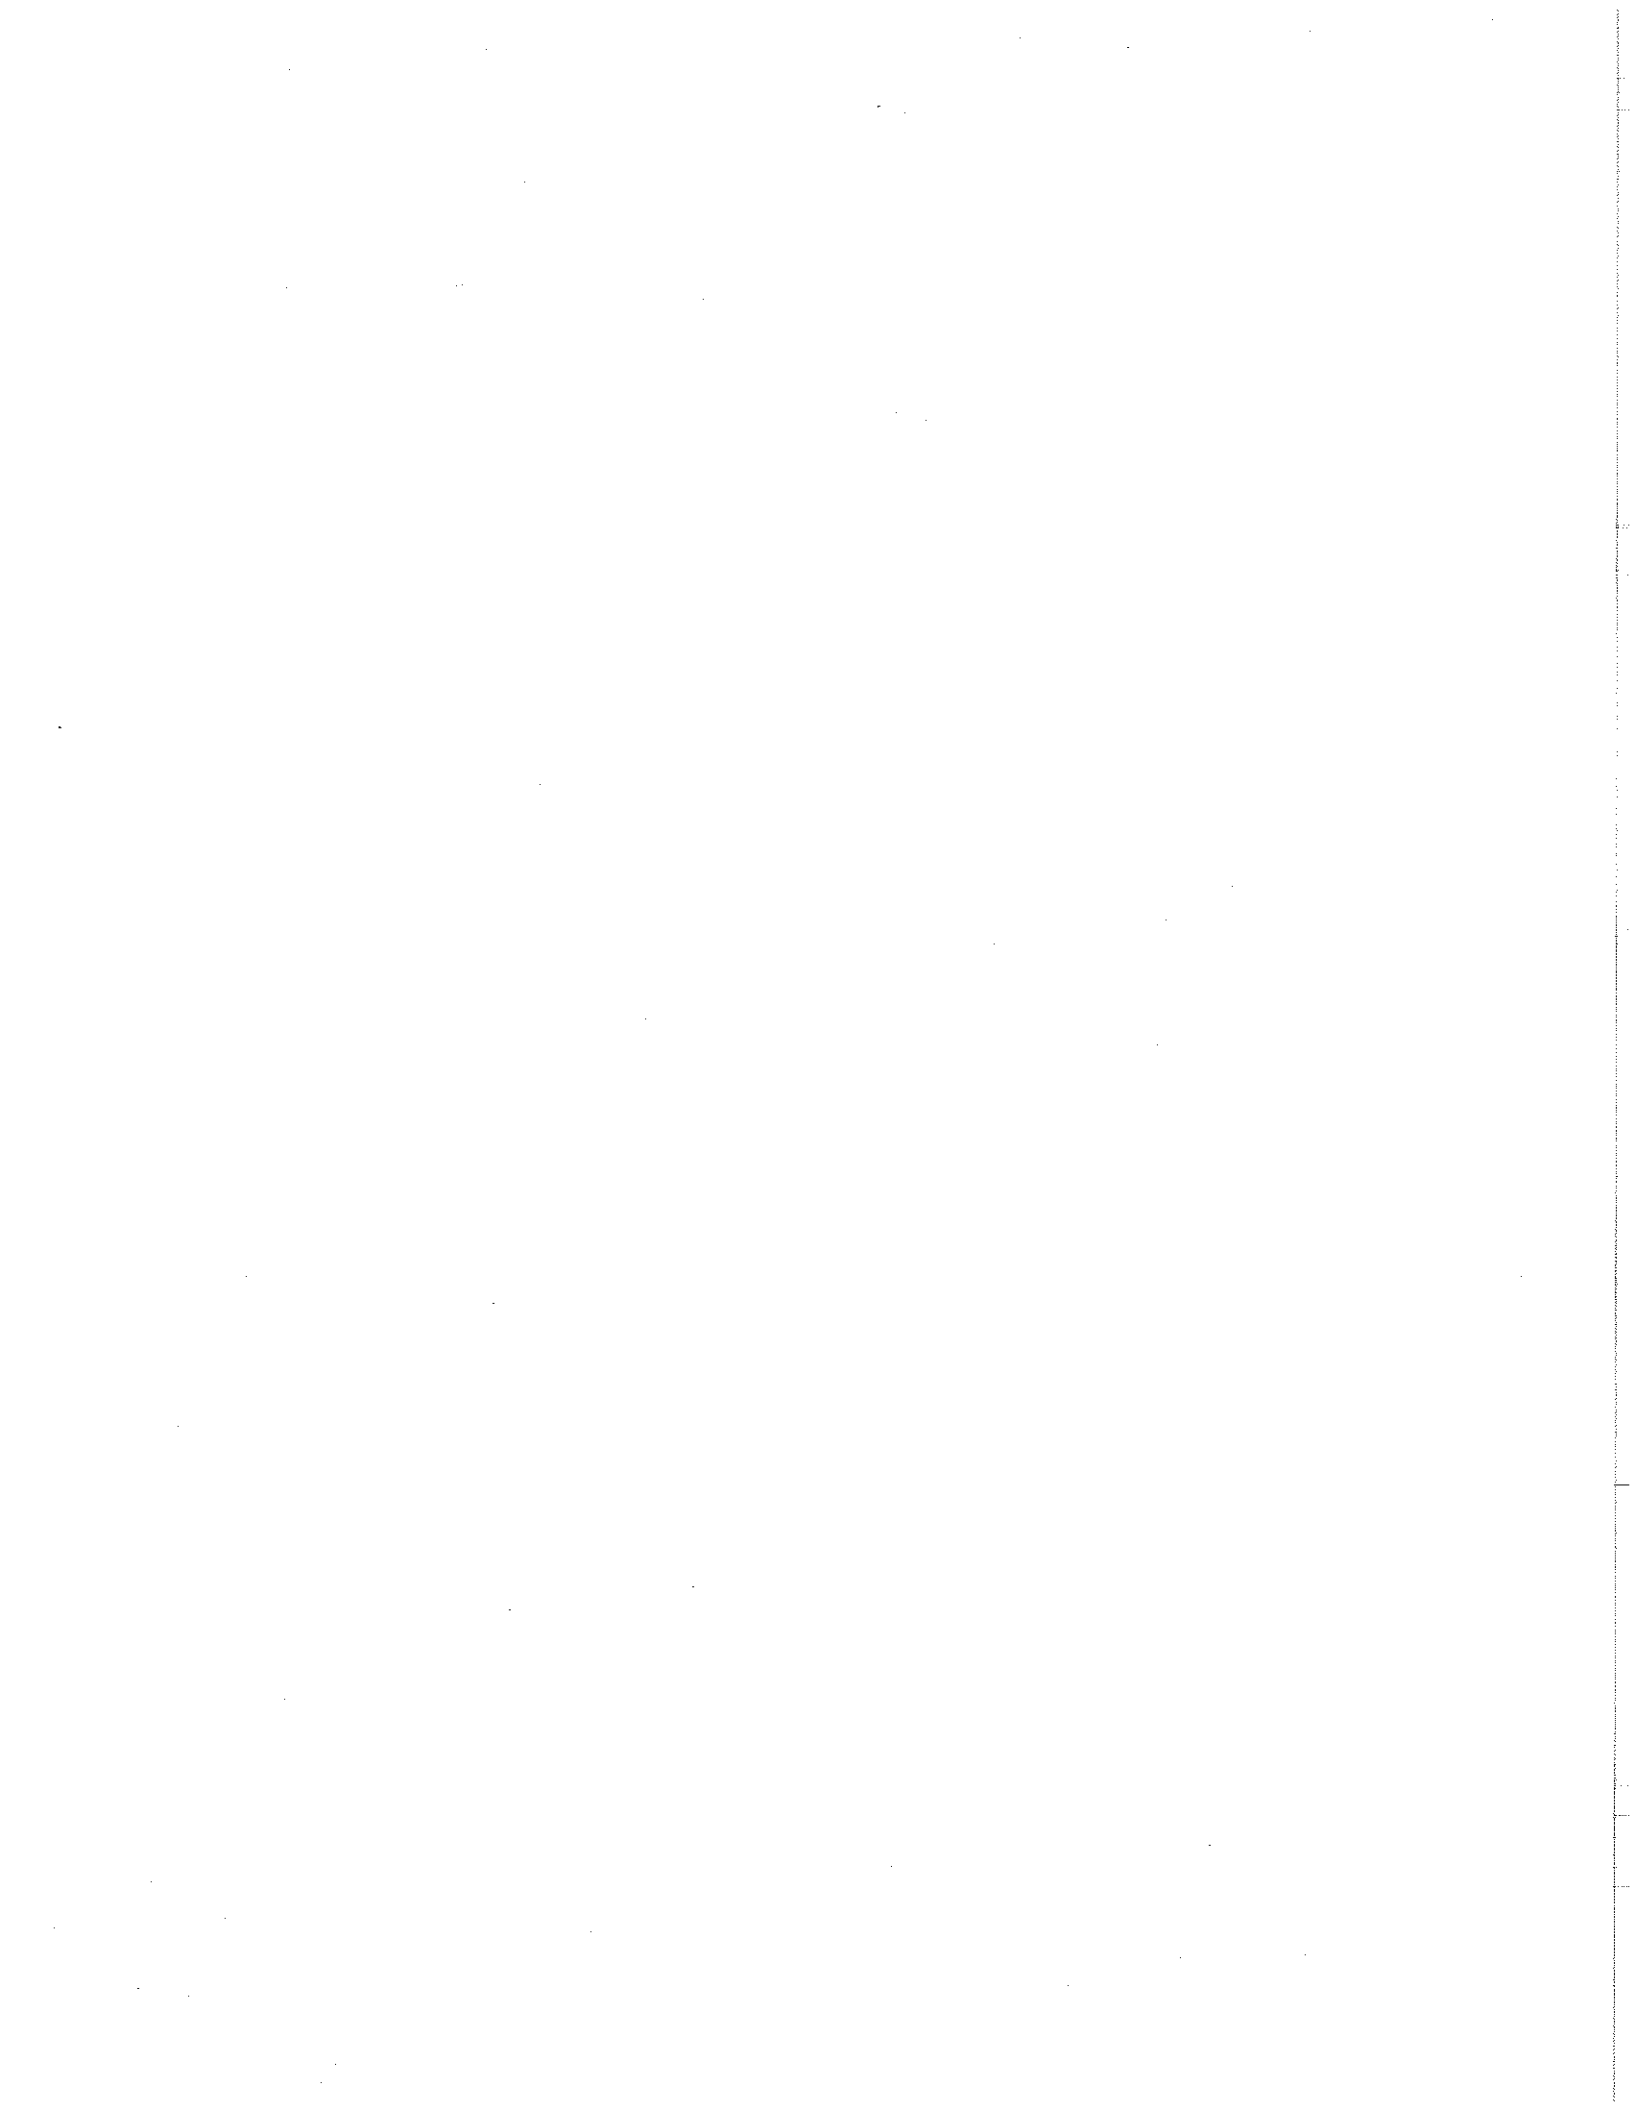

HOW LONG WILL IT TAKE TO RESOLVE THIS COMPLAINT?

It takes approximately 60 days from receipt of a complaint to entry of the final order. It is possible, however, for a Consent Agreement to be completed in as little as 30 days or as long as 180 days. If a formal hearing is held the time frame is longer and the complete process could take up to a year.

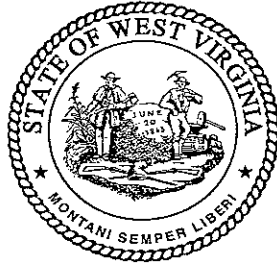

NEWS FROM THE WEST VIRGINIA CENTER FOR NURSING

On October 8, 2011 the West Virginia Center for Nursing celebrated its 4th Annual Center for Nursing Excellence and Scholarship Gala. At this event 50 nurses are honored for excellence in their field. The categories for nomination are Advanced Practice, Clinical Practice, Leadership, Nursing Education, Specialty Nursing, and Staff Education. This year Deborah L. Siers, LPN from CAMC was honored for her work in the Clinical Practice category.

According to Duane F. Napier, MSN, RN, Executive Director, "These nurses are nominated by their colleagues, peers or families for this award. Each nomination goes through a blind review process and the top 50 are chosen based on their individual scores. On behalf of the Center for Nursing Board of Directors we are pleased to be able to lead this effort with our sponsors to honor these nurses. They work hard and deserve this recognition and we are pleased to be able to provide a forum for this recognition"

ABOUT THIS PUBLICATION

This newsletter is an official publication of the West Virginia State Board of Examiners for Licensed Practical Nurses. The newsletter is published two times per year, in the Spring and in the Fall, and is posted on the Board's web site under "Our Goals and Services", "Organization".

FROM BOARD PRESIDENT BEN VINCENT

As a young man, I was very active in the Boy Scouts. When working on the requirements to become an Eagle Scout, my counselor for the Public Health Merit Badge was Mrs. Ann W. Wrenn, RN, the Director of the LPN School that was affiliated with the local hospital and school system in my hometown. When I was working on that merit badge, little did I realize that I would later embark upon a career path in health care and even later become a hospital administrator.

Since I began serving on the West Virginia Board of Examiners for Licensed Practical Nurses, I have thought about Mrs. Wrenn on several occasions. Truly a great role model for so many people, she exemplified two major qualities that our board seeks to ensure. First of all, she was a great nurse. She was dedicated to her profession of delivering the best nursing care to all of her patients. She knew that being a nurse was both a great privilege and also a great responsibility.

The second aspect that Mrs. Wrenn exemplified was that of being a great educator. In her role as Director of the program, she wore several hats: teacher, administrator, mentor, and preceptor. Her dedication enabled her to pass on the qualities to her students that ensured clinical competence, compassion, and caring.

So to all of you reading this, strive to follow in the footsteps of Mrs. Wrenn. Take great care of your patients and be a good role model. You just never know who might be watching and learning from the example you set.

RENEWAL INFORMATION!

YOUR WEST VIRGINIA LPN LICENSE EXPIRES ON JUNE 30, 2012! CONTINUING COMPETENCE ACTIVITIES (CE AND EMPLOYMENT) ARE REQUIRED THIS YEAR!

TO RENEW YOUR LICENSE ONLINE USING A CREDIT CARD (NO DEBIT CARDS PLEASE), GO TO THE BOARD'S WEBSITE AT <http://www.lpnboard.state.wv.us> CLICK ON THE ONLINE RENEWAL LINK, AND FOLLOW INSTRUCTIONS. THE PAYMENT PORTION OF THE ONLINE RENEWAL SITE IS MANAGED BY THE WV STATE TREASURER'S OFFICE. YOU MAY ALSO PLACE YOUR LICENSE ON INACTIVE STATUS USING THE ONLINE LINK. ONLINE TRANSACTIONS WILL BE PROCESSED THE NEXT BUSINESS DAY, AND VERIFICATION OF RENEWAL WILL NOT BE AVAILABLE UNTIL AFTER 3 PM.

If you do not wish to renew your LPN license online, you may print a paper form from the above web site under "Our Goals and Services", "Licensure", and mail this form to the Board office with a check or money order. You may also call or email the Board office and a paper renewal form will be sent to you. As always, you may also walk into the Board office to renew your license. Please note: If you have changed your name, been convicted of a crime, had disciplinary action or have action pending in another state since your last renewal, you cannot renew online. Legal documents are required to be submitted to the Board office with your renewal application. You should check the Board's website to verify that your license has been renewed with an expiration date of June 30, 2013. Information on the website is updated each business day after 3:00 pm. It is your responsibility to assure that your license is renewed!

HOW TO FIND US

The LPN Board office is located at 101 Dee Drive, Charleston, WV. From I-64, take Exit 99 (State Capitol Exit). Turn onto Greenbrier Street (towards the airport and away from the Capitol). Turn right onto Hillcrest Drive. Come to the top of Hillcrest and into Hillcrest Office Park. Take the first left onto Player's Club Drive, then the next left at the mailboxes onto Dee Drive. The office building is a one-story brown building, and the LPN Board is located inside the door where the visitor parking is located.

All disciplinary actions taken are public information and are therefore provided to any individual who may call to inquire about the status of a license. They are also reported to the NURSIS national nursing data base as maintained by the National Council of State Boards of Nursing, the HIPDB Data Bank as maintained by the federal government, and also to the Office of the Inspector General when a license has been surrendered, suspended, or revoked.

THE USE OF SOCIAL MEDIA IN HEALTH CARE

The number of individuals around the world who engage in communications via social media is staggering. It has been suggested that if Facebook were a country, it would be the world's third largest in terms of population. There are benefits to using social media, however caution must be utilized in disclosing not only our own personal information but also disclosing information about our workplace and even our patients. Boards of Nursing are experiencing an increase in the number of complaints about HIPPA violations by nurses related to their use of social media. Although inadvertent, disclosure of any information about a patient and/or which could identify a patient is inappropriate and even illegal.

The National Council of State Boards of Nursing has some excellent information about the use of social media in health care on its website at www.ncsbn.org. Please take a look and share this information with your co-workers.

There are 25 approved LPN educational programs in West Virginia. The pass rate on the licensure examination for graduates of West Virginia programs for calendar year 2011 was 89.36%. The national pass rate for that same time period was 84.84%. Congratulations to the faculty, administration, and graduates of our LPN schools!

HOW ARE WE DOING?

The LPN Board welcomes your input! Please feel free to contact us at any time if you have questions about LPN practice, continuing education, endorsement to other states, etc. The only reason that the Board exists is to protect the health, safety, and welfare of the public. One of the ways in which we can achieve this is by making sure that nurses who have permits and licenses to practice have the correct information that they need to do so in a safe and competent manner.

FUTURE BOARD MEETING DATES

*June 13, 2012 - Wednesday - Regular Meeting - 9:30 am
Joint RN and LPN Board Meeting - 1:00 pm
October 18, 2012 - Thursday - Regular Meeting - 10:00 am*

LPN Board meetings are open to the public with the exception of executive sessions. If you wish to attend a meeting, please contact the Board office at least three days in advance so that adequate seating can be assured. Meeting dates are subject to change. The proposed agenda for each meeting is posted on the Board's website under "NEWS" 30 days prior to the meeting.

MINUTES

1. Call to Order by Ben Vincent, President LPN Board.
2. Introduction of members and guests
3. Agenda reviewed. Motion was made by Greg Chiartis to approve the agenda as proposed. The second was offered by Joyce Egnor. The motion carried.
4. Vicki Jenkins made the motion to approve the meeting minutes for the Joint Board Meeting, June 14, 2011. The second was offered by Ann Bostic. The motion carried.

5. An update about the West Virginia Center for Nursing was provided by Duane Napier, Executive Director for the Center. The Center continues to award scholarship and emergency funds to student nurses. The Center also has scholarship money for nursing students at all levels. The Center has a Junior Nurse Program for middle school and high school children that is going well. The Excellence in Nursing gala will be held in Parkersburg October 6, 2012. Representatives from the Center will be attending the National Workforce Conference this summer, and will be hosting the Kick Off event for the WV Action Coalition November 6-7, 2012. The WV Action Coalition relates to addressing the initiatives in the recent IOM report regarding the Future of Nursing.
6. Pilot Study re: Medication Aides in Nursing Homes was discussed. The legislation passed during the 2011 session. The Pilot is in the beginning stages of implementation. At least two nursing homes should have completed the initial stages of the program by the end of the calendar year.
7. Scope of Practice and Delegation Models, initially developed in 1992, and were last revised in 2010. The practice has been to consider review and revision of these models every few years. Discussion ensued noting that the current models are clear and there have been no issues related to following them. No action taken.
8. The National Council of State Boards of Nursing (NCSBN) update was provided by Lanette Anderson, Executive Director for the LPN Board and Area II Director for the Board of Directors for NCSBN. The highlights included an update regarding Senator Udall's proposed bill to establish a national telehealth license. This bill includes a central database for licensees, requires any physician receiving federal money to have such a license and that the telehealth license is issued in tandem with the state based license. The process for implementing the license would initially be voluntary and in stages. The bill continues to be developed. The Advanced Practice Concensus Model implementation is moving forward throughout the country. The Advanced Practice Model Compact language continues to be reviewed and prepared for implementation. There are currently 10 contracts in place with Canada for the use of NCLEX for licensure in Canada. The advertising campaign started by NCSBN in 2010 will begin a roll out of another commercial to inform the public about nursing regulation. Nineteen states are targeted for this next roll out. Delegate Assembly will be held in Dallas, TX this August. The NCSBN Board voted to have the Area meetings begin to rotate to various states and to have the Delegate Assembly always occur in Chicago beginning in 2014. NCSBN continues to gather workforce data in an effort to better understand the nursing needs across the country. No action taken.
9. June 12, 2013 is the date of the next Joint Board meeting.
10. There were no miscellaneous items, guest questions or comments considered by the Boards.
10. With no further business a motion to adjourn the meeting was made by Greg Chiartis. The second was offered by Orpha Swiger. The motion carried.

Meeting adjourned at 1:20 P.M.
