The Honorable Earl Ray Tomblin
Governor of West Virginia
State Capitol, Building 1
Charleston, West Virginia 25305

Dear Governor Tomblin:

The West Virginia State Board of Examiners for Licensed Practical Nurses is pleased to provide you with our report of the biennium covering activities during the period between July 1, 2011 and June 30, 2013.

The goal of this agency is to provide competent, professionally prepared licensed practical nurses to provide safe, quality nursing care to the citizens of West Virginia. This goal is shared by other health care licensing boards and state agencies, and is demonstrated by the prevailing spirit of cooperation that exists between this Board and those other agencies. Staff and members of this Board continue to be active in nursing regulation on a national as well as state level. A cooperative spirit is also evident in health care agencies that offer their facilities for educational purposes, and then employ licensed practical nurses as a part of their health care work force.

Please feel free to contact our office with questions or comments concerning information contained in this report.

For the Board,

Lanette L. Anderson, MSN, JD, RN
Executive Director

**WEST VIRGINIA STATE BOARD OF EXAMINERS
FOR LICENSED PRACTICAL NURSES**

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2012 AND 2013

Members and staff of the West Virginia State Board of Examiners for Licensed Practical Nurses are active participants in meetings and activities across the country on matters of licensing, professional regulation and changing health care delivery systems. Members and staff continue, as has historically been the case, to serve on committees at the national level with agencies involved in licensing nurses from other states as well as agencies relating to health care and other professions within our own state. This involvement assures that members are aware of the many issues surrounding not only practical nursing, but the entire health care system, as the industry continues its attempts to organize and reorganize delivery of health care to achieve acceptable quality care with fewer health care practitioners and fewer health care dollars. Changes in the patterns of delivery and mix of competent providers have resulted in fluctuations in demand for licensed practical nurses. Over time the demand in one area increases while the demand in another area may decrease. Summaries of annual reports from the state's licensed practical nursing schools demonstrate over the past few years that the number of graduates of nursing programs has remained fairly stable, and that graduates are obtaining employment in the health care field. With the current/impending shortage of registered professional nurses, this will likely continue to be the case. Licensed practical nurses particularly continue to be steadily employed in long term care, and are important parts of the health care team in that setting. Numbers of actively licensed LPNs in West Virginia have risen gradually over the past ten (10) years.

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2012 AND 2013 PAGE 2

The number of LPN schools in West Virginia remained at twenty-five in 2012. One program has Tentative State Accreditation by the Board as it is in its first year of operation. This new program is located at Pierpont Community and Technical College. Of the other existing twenty-five programs, twenty-one programs are within the vocational education system. One program, the B.M. Spurr School of Practical Nursing, is privately sponsored by Reynolds Memorial Hospital, one program is located at New River Community and Technical College, and the other is at Salem International University.

The Board utilizes the National Council Licensure Examination for Practical Nurses, through contract with the National Council of State Boards of Nursing, Inc. This examination provides for interstate endorsement of licensees without further testing. With computer adaptive testing technology candidates are permitted to contact the testing center and test six days a week, year round rather than twice per year. They are also permitted to test in any of over 100 testing locations across the country, rather than in West Virginia alone to get a West Virginia license. Results are transmitted to the Board via internet technology from the national testing service. Candidates are forwarded their results and licensure information for new licensees is posted on the Board's website as early as the same day as the candidate completes the exam. Retesting of failing candidates is available every forty-five (45) days.

The Board monitors licensee compliance with continuing competence requirements of twenty four contact hours of continuing education and four hundred (400) clock hours of practical nurse employment in each designated two year reporting period. A reporting cycle was completed with the renewal period ending June 30, 2012. The next reporting

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2012 AND 2013 PAGE 3

period will end on June 30, 2016. Continuing education audits are conducted on 7 to 10% of licensees per reporting cycle.

The Board continues to receive complaints against licensees for professional misconduct. In FY 2011 one hundred seven complaints were received. In FY 2012 the Board received one hundred thirty-three complaints, and in FY 2013 one hundred twenty-seven disciplinary cases were logged. Increases in numbers of disciplinary cases continue to be observed in all licensed professions in all states across the country. Continuing efforts to refine the process and procedures for complaint management have resulted in effective and timely resolution in most cases. The average complaint takes approximately seventy calendar days from receipt of the complaint to execution of board action either imposing disciplinary measures or dismissing charges as unsubstantiated or outside the jurisdiction of the Board. Board staff addresses groups of nurses, nursing employers, and students upon request to discuss the disciplinary process, the importance of accurate documentation when providing patient care, etc.

The Board has evaluated both procedures and processes regarding effectiveness of functioning of the agency as a comparison to map progress toward achievement of strategic initiatives and outcomes approved by the Board. The Board implemented a paperless licensure system in 2010 during the license renewal period. Information on the Board's website regarding licensure status is updated each business day at 3:00 pm, and employers and nurses can verify any needed information on that website.

The LPN Board continues to participate in self-evaluation activities through its participation in the Commitment to Ongoing Regulatory Excellence Project sponsored by

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2012 AND 2013 PAGE 4

the National Council of State Boards of Nursing. This project involves data collection on areas including licensure, governance, nursing education, discipline, fiscal information, practice, and information technology utilized by the Board. Data is collected from Board staff, Board members, and stakeholders of the Board including licensees, nurses complained against, individuals who had filed a complaint, nursing schools, professional associations, and health care facilities. Data is compiled and results are provided at three year intervals. As the purpose of the project is to collect performance data from boards of nursing in order to identify best practices, those procedures or processes that make up the best, most effective practices are then to be identified and shared with other boards of nursing. Preparation of a strategic plan, reviewed by the Board each year during its June Meeting, incorporates specific activities to guide members and staff of the Board in achieving the strategic initiatives and outcomes related to the mission of the board.

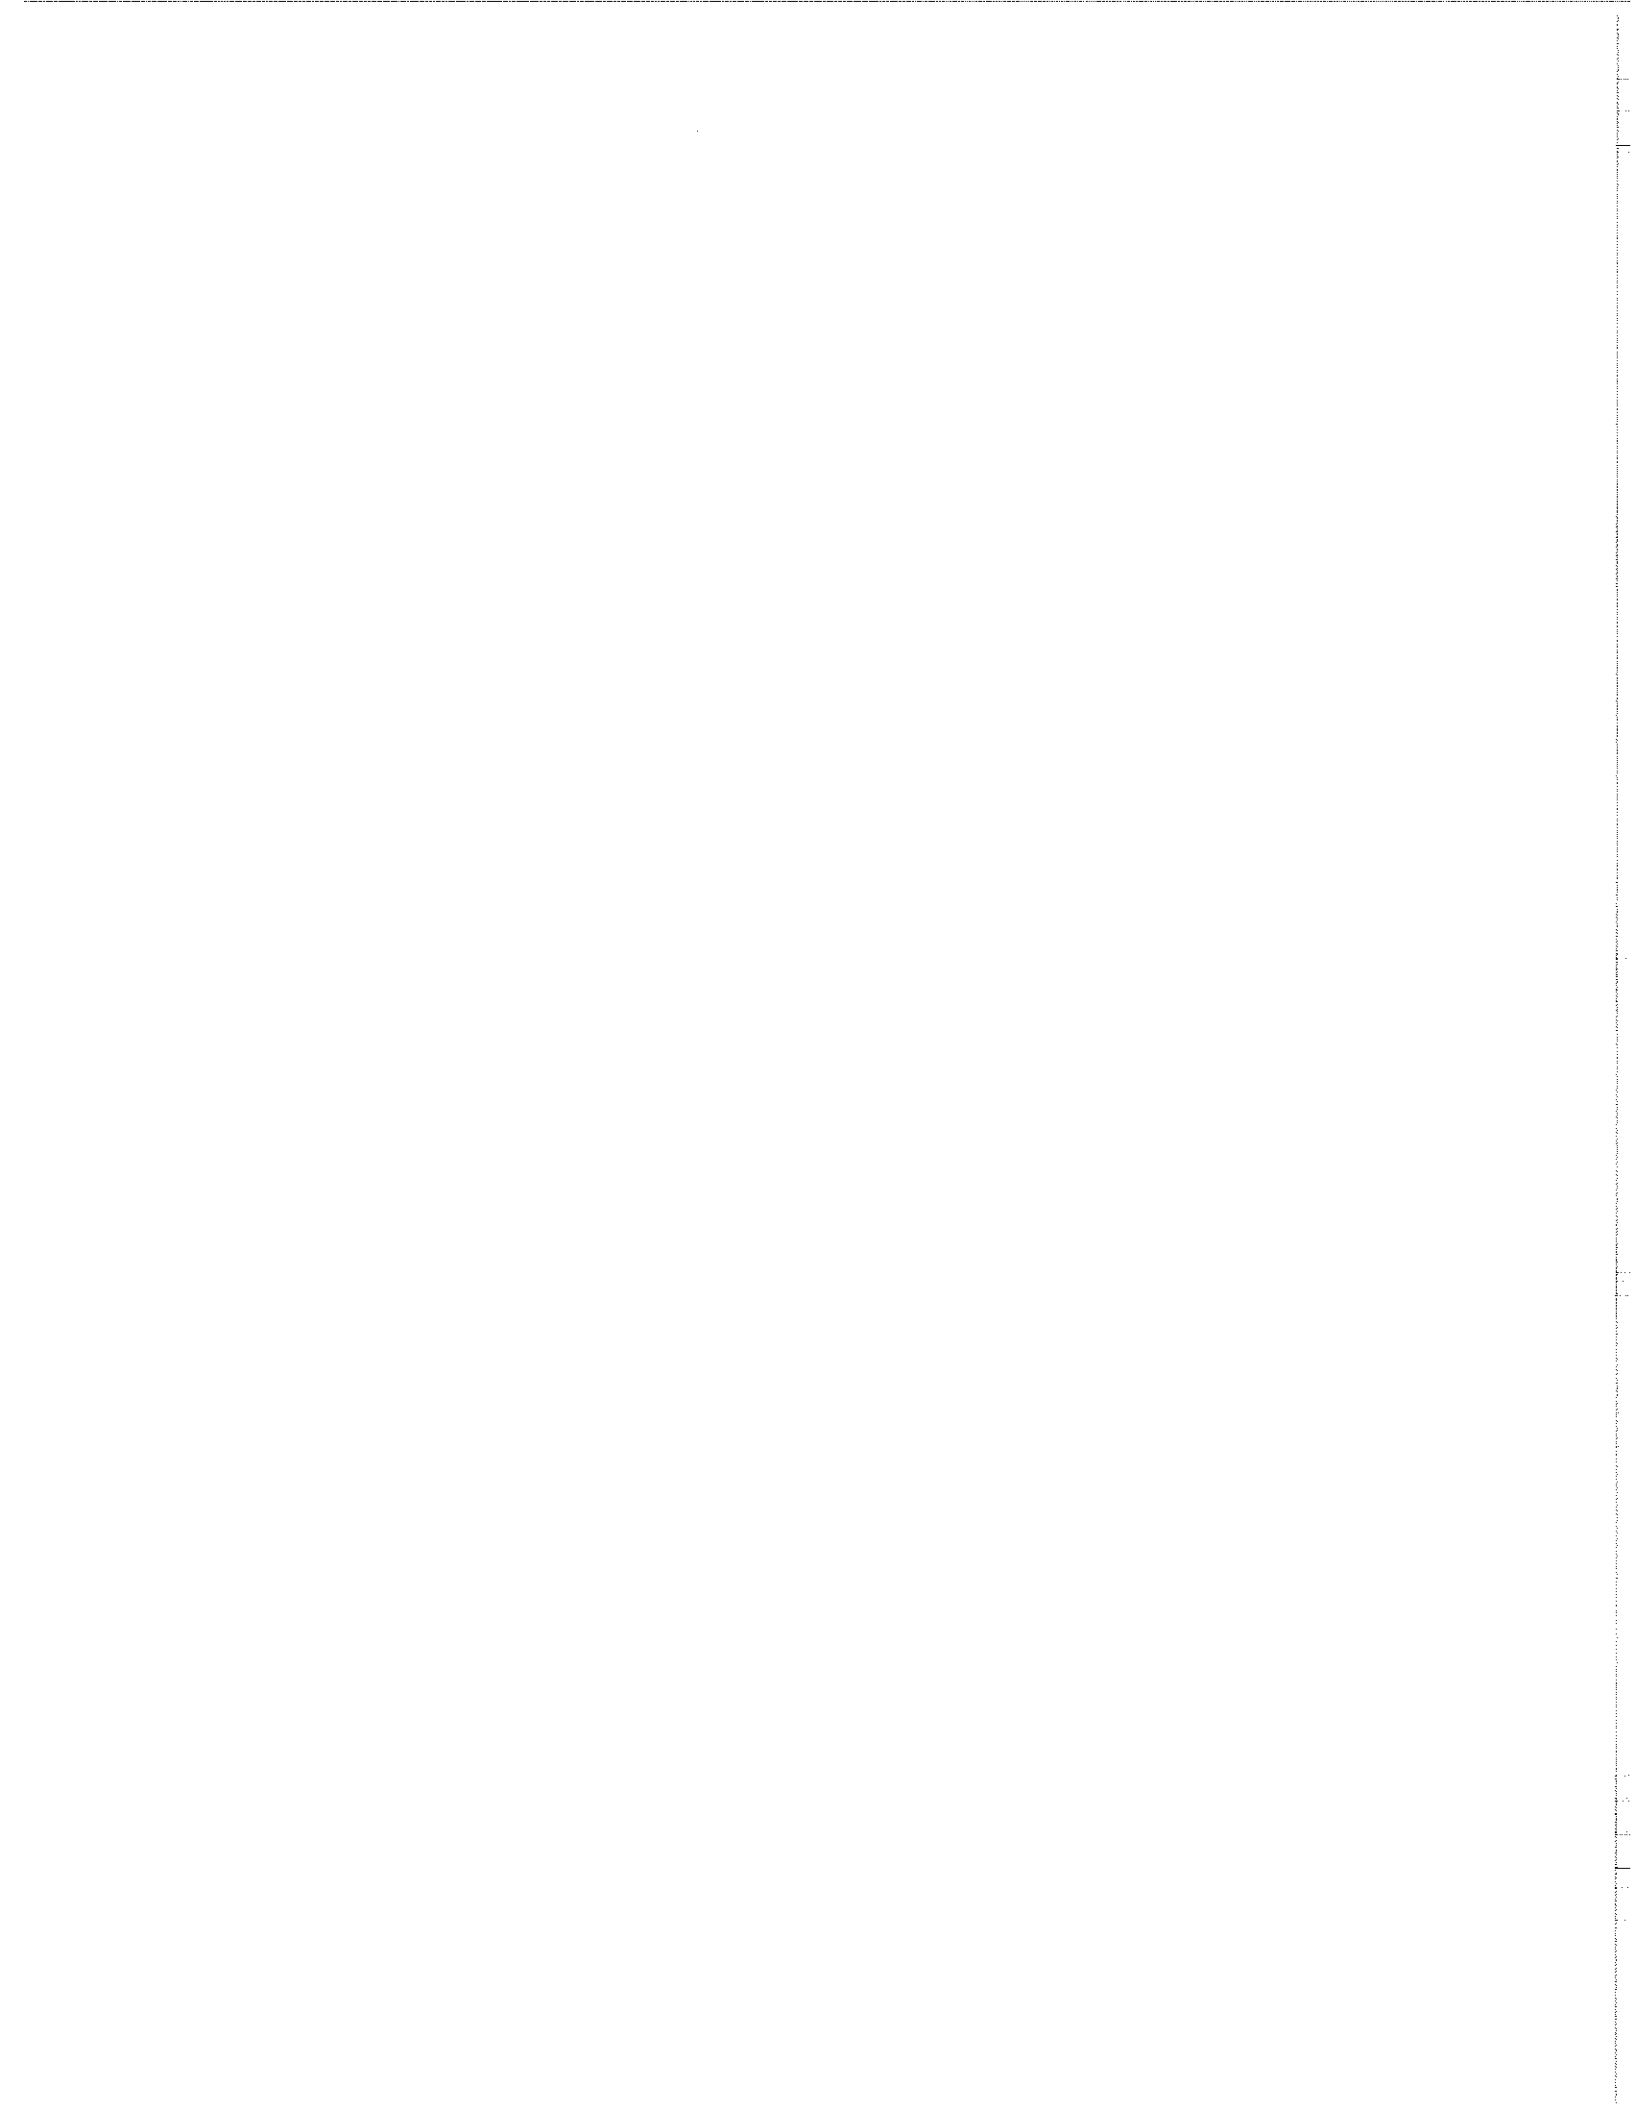

The RN and LPN Boards meet annually to discuss matters of common interest. In the joint meeting held June 12, 2013, the Boards reviewed information regarding the West Virginia Center for Nursing as well as other issues affecting nursing regulation.

The Board is committed to collaboration with other health related or licensing agencies and organizations to improve public access to and information about education, licensure, practice, discipline and accountability for LPNs. The board maintains a web site, a toll free telephone line, and publishes two newsletters a year. Information from the licensee data base is available on the web site. It is therefore possible for anyone with internet access to check the status of a license of an LPN from the Board's home page.

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2012 AND 2013 PAGE 5

This information is updated on a daily basis each business day. The Board has collaborated with the West Virginia State Treasurer's Office to implement the availability of online renewals and online endorsement applications, both of which have been successful. Also, the Board participates in the process of the submission of licensure information to the National Council of State Boards of Nursing's NURSYS Data Base. The purpose of this data base is to create an unduplicated list of all licensed nurses in the United States, which can be accessed for license verification purposes by other state boards of nursing and other interested parties. The Board is also in the process of implementing a new Regulatory Office Management System developed by the National Council of State Boards of Nursing as a service to its Member Boards. The goal of this system is to increase efficiency of work for staff and improve Board access by LPNs, employers, and the public at large.

The Executive Director of the Board was elected in August 2011 to serve a two year term on the Board of Directors for the National Council of State Boards of Nursing and has applied for reelection at the August 2013 National Council Annual Meeting. Members and staff continue to be active in National Council activities including attendance of meetings and service on committees. One Board member and the Associate Executive Director of the Board currently serve on committees of this organization.

FROM THE PRESIDENT

I have been serving on the West Virginia LPN Board for just three years. In that short period of time, I have realized that this organization runs well and carries out its mission in an effective manner. In order for any organization to do this, it takes the dedication, hard work, and team spirit of all of its members. The success of this board is attributable to two main groups of people.

The first group consists of our very dedicated office staff. Our Executive Director, Lanette Anderson, Associate Director Michelle Winters, Administrative Services Assistant Elsie Patterson, and Data Entry Coordinator Kim Cremeans each bring a great deal of talent, skill, and experience to their respective positions. They function well together as a team which leads to a smoothly running organization. Their service to the LPN profession is greatly appreciated. I extend my personal gratitude to them for the excellent work that they accomplish.

The second group of people that contributes to this effort consists of my fellow board members. Each of us has served for varying lengths of time and each brings a different perspective to the table. We work well together as a team and tackle the issues that are brought before us. I would like to thank current board members Francine Kirby, Vicki Jenkins, Gregory Chiartas, Orpha Swiger, Catherine Vance, Mark Stephens, and former board member Vickie Bennett for all of your efforts in serving our board.

The citizens of West Virginia and the Licensed Practical Nurses of our state are indeed fortunate to have this staff and this board working on their behalf.

All disciplinary actions taken are public information and are therefore provided to any individual who may call to inquire about the status of a license. They are also reported to the NURSYS national nursing data base as maintained by the National Council of State Boards of Nursing, the HIPDB Data Bank as maintained by the federal government, and also to the Office of the Inspector General when a license has been surrendered, suspended, or revoked.

YOUR RIGHT TO PRIVACY OF YOUR PERSONAL INFORMATION – OUR PRIVACY POLICY

WHAT INFORMATION WE COLLECT AND WHY WE COLLECT IT •

We need your personal and non-personal information to decide if you can get an LPN license. We will collect your name, address, date of birth, social security number, signature, and photo if you are applying for the licensure examination. There may be rare occasions when we also will collect well as medical or disability information. As a part of the online renewal or application for licensure by endorsement process, we collect your phone number and email address to contact you. We will check your personal information before approving your licensure application.

HOW WE USE YOUR INFORMATION •

By West Virginia law, we must collect your social security number before we can give you an LPN license. We may share your information with government organizations and others required by law. These groups include the Health Integrity and Portability Data Base maintained by the Federal Government, the NURSYS licensure data base maintained by the National Council of State Boards of Nursing, Social Security Administration, and law enforcement agencies. We also sell personal information to companies that are legally allowed to buy it, but this includes only your name, mailing address, and LPN license number. As a State Agency, we may have to give your information to authorities after receiving a legal request or a court order. Computerized systems that contain your personal and non-personal information are stored in a secure server. The West Virginia Office of Technology uses an encrypted security program to protect your personal information.

REVIEWING AND CORRECTING YOUR RECORD – INDIVIDUAL RIGHTS •

You have the right to review your information in our records and to correct it if it is wrong or outdated. Fees may be required. To make changes to your LPN license such as a name change, you must submit a copy of the legal document (marriage certificate, divorce decree, etc.) to the Board. To change your address of record with the Board you must submit a written request providing your name and license number as well as the old and new addresses.

CONSENT•

Submission of an application for licensure to this Board implies your consent with regards to the above-stated information. For information about our privacy requirements and practices, please call 304-558-3572 and your call will be directed to the Board's Privacy Officer.

IMPORTANT INFORMATION – NEW CE REQUIREMENT!!!!

Senate Bill 437, passed during the 2012 WV Legislative Session, states that “...the West Virginia Board of Medicine, the West Virginia Board of Dental Examiners, the West Virginia Board of Optometry, the West Virginia Board of Pharmacy, the West Virginia Board of Examiners for Registered Professional Nurses, the West Virginia State Board of Examiners for Licensed Practical Nurses and the West Virginia Board of Osteopathy shall establish continuing education requirements and criteria appropriate to their respective discipline on the subject of drug diversion training and best practice prescribing of controlled substances training for each person issued a license or certificate by their respective board who prescribes, administers or dispenses a controlled substance...”

Therefore, all LPNs will be required to complete at least 3 contact hours in the area of chemical dependency/substance use disorders for renewal of the license in 2014. You may access a partial list of approved CE providers on the Board's website under “NEWS.”

REMINDER: CONTINUING COMPETENCE AUDITS

Please be aware that the Board randomly audits the continuing competence activities of thirty (30) licensees per month. If you are audited, you will receive a certified letter from the Board, instructing you to provide copies of CE certificates for offerings that were completed during the previous reporting year. You will also be provided with a form for your employer to fill out to verify that you worked for at least four hundred (400) hours as an LPN during that time period. Therefore, please retain your CE certificates for at least four (4) years so that if you are audited, you can produce them to the Board. If you do not have these certificates, you cannot verify that you actually completed the required number of hours. Disciplinary action will be taken by the Board for failing to comply with the CE audit, and the next renewal of your license will not be processed until this matter is rectified. The Board does not automatically receive any information regarding your completion of CE. Keeping track of your CE and maintaining those records is your responsibility as a licensed practical nurse!

LPN SCHOOL NEWS

The passing average on the NCLEX-PN licensure examination for LPNs for graduates from West Virginia programs for the April 1, 2012 to June 30, 2012 time period was 94.29%. The national passing average for the same time period was 82.54%. Congratulations to our programs for consistently serving their communities and the public by providing well-prepared licensed practical nurses!

A list of all West Virginia LPN Schools can be found on the Board's website at www.lpnboard.state.wv.us under "Our Goals and Services", "Education." Each school is accredited by the Board.

JAMES RUMSEY SCHOOL OF PRACTICAL NURSING

We are happy to announce a new project for this year's nursing class. It is the "Find Your Balance Challenge", suggested by HOSA and sponsored in part by TogetherCounts.com. Although there are several parts of this program, we will be concentrating on the portion that engages elementary school children in increased awareness of nutrition and physical activity. At the elementary school level, the benefits could result in a \$30,000 grant for the winning school, not to mention the obvious; increased awareness of the benefits of good nutrition and physical activity. The nursing students will be focusing on the actual education of the students and faculty of numerous components of the program as outlined on the TogetherCounts.com website. This will be very beneficial for the nursing students to gain knowledge in patient education as well as becoming active in community awareness. The school contacts that have been made thus far have been very positive and enthusiastic about the idea. The plan will be presented for approval at the Wellness Committee meeting at the board office on September 18th. Details will be finalized after that meeting and the education should begin in October.

Our new school year actually began on July 16th. Lots of learning has taken place and lots of plans are being made. New this year is the requirement of laptops for every student; this is helping us push things into the 21st century for a more realistic look at technology in the healthcare industry. In addition, it has helped us "go green" as we are now an almost entirely paperless system. Our technology continues with our updated skills lab with three SimMan mannequins, including Noelle, and realistic furnishings to complete the healthcare facility feeling. In the near future we are looking at plans for a documentation system the students can actually add information to on a daily basis. We are very proud of the growth our program continues to have and the support and opportunities our community provides.

HOW ARE WE DOING?

The LPN Board welcomes your input! Please feel free to contact us at any time if you have questions about LPN practice, continuing education, endorsement to other states, etc. The only reason that the Board exists is to protect the health, safety, and welfare of the public. One of the ways in which we can achieve this is by making sure that nurses who have permits and licenses to practice have the correct information that they need to do so in a safe and competent manner.

FROM THE PRESIDENT

Francine Kirby, MSN, RN

Spring is here bringing with it new life to former dreary winter days. As we enjoy the budding and flowering trees, tulips and daffodils and the warm sun on our face we can also take time to look at our nursing profession and the path that it is taking. During May we not only celebrate nurses week but we commemorate the birth date of Florence Nightingale, our founder of modern nursing. When I read about her struggles to bring care to the wounded during the Crimean war, I am amazed by the many obstacles that she overcame as well as the simplicity of care that made such a change and that brought about the healing of many soldiers. And the awe that I feel when, as she walked through the tents with the lamp, the calm and peace that was felt by those who were wounded and in her care. The Lady with the Lamp. Today we are so fortunate to have technology from the simplest to the most complex in our profession. It has allowed us to improve our nursing care with depth and speed. But what about the little things? I had a good friend, also a nurse and we worked together in the LPN program in McDowell County. She would often comment that as nurses we perform the "big things" with such accuracy and skill but what about the "little things" that bring comfort to our patients. Simple back rubs, lotion on the hands and feet, and caring words to those who are ill. I often thought about what she said and I did incorporate that into my teaching, but was never sure if after the students graduated, that they had time to incorporate it into their nursing care.

Over the past four months my husband has been receiving chemotherapy at the University of Virginia. We go every twenty-one days and stay for one week. During the course of our hospitalization we come in contact with many nurses. All of them are "good at their job" as he says, but there is one that is his absolute favorite and that is Jan. His face always lights up when they tell him she will be his nurse for the next twelve hours. What does she do that makes her different? She does the "little

things". From encouraging conversation to medications that ease the side effects of chemotherapy. And it always seems she knows what he needs before he ever turns on the call light. There is such a difference in him when he is in her care, a calmness and peace. Maya Angelou said, "They may forget your name but they but they will never forget how you made them feel. So with spring it is a good time for us to bring new life or added life into our nursing care. If you are already doing the little things that is wonderful. Be an advocate for those who need to do the same. We have come far in nursing but we must not forget that we started with the "little things" that bring peace and comfort to those in our care.

"It is not how much you do but how much love you put in the doing". (Mother Teresa)

All disciplinary actions taken are public information and are therefore provided to any individual who may call to inquire about the status of a license. They are also reported to the NURSYS national nursing data base as maintained by the National Council of State Boards of Nursing, the HIPDB Data Bank as maintained by the federal government, and also to the Office of the Inspector General when a license has been surrendered, suspended, or revoked.

IMPORTANT INFORMATION – NEW CE REQUIREMENT!!!!

Senate Bill 437, passed during the 2012 WV Legislative Session, states that "...the West Virginia Board of Medicine, the West Virginia Board of Dental Examiners, the West Virginia Board of Optometry, the West Virginia Board of Pharmacy, the West Virginia Board of Examiners for Registered Professional Nurses, the West Virginia State Board of Examiners for Licensed Practical Nurses and the West Virginia Board of Osteopathy shall establish continuing education requirements and criteria appropriate to their respective discipline on the subject of drug diversion training and best practice prescribing of controlled substances training for each person issued a license or certificate by their respective board who prescribes, administers or dispenses a controlled substance..."

Therefore, all LPNs will be required to complete at least 3 contact hours in the area of chemical dependency/substance use disorders for renewal of the license in 2014. You may access a partial list of approved CE providers on the Board's website under "NEWS."

MERCER COUNTY LPN STUDENTS VISIT NEW YORK CITY FOR MEDICAL SEMINAR

Licensed Practical Nursing students from the Mercer County program have been invited to attend an exciting event in New York City on April 30, 2013. They will be attending a medical seminar offered by the Mayor's Office to Combat Domestic Violence and the AVON Foundation for Women. This NYC Healthy Relationship Training Academy will provide students with information including promoting healthy relationships among teens, recognizing the warning signs of an abuse person, recognizing behavioral and physical signs of abuse, and assisting victims with safety planning. Domestic violence occurs in all economic and cultural groups. The Mercer County LPN students will obtain valuable tools and information to help its victims.

REMINDER: LPN LICENSES EXPIRE JUNE 30, 2013!

We are currently in the renewal period for LPN licenses. **TO RENEW YOUR LICENSE ONLINE USING A CREDIT CARD (NO DEBIT CARDS PLEASE) GO TO THE BOARD'S WEBSITE AT <http://www.lpnboard.state.wv.us> CLICK ON THE ONLINE RENEWAL LINK, AND FOLLOW INSTRUCTIONS. ONLINE TRANSACTIONS WILL BE PROCESSED THE NEXT BUSINESS DAY.**

If you do not wish to renew your LPN license online, you may print a paper form from the above web site under "Our Goals and Services", "Licensure", and mail this form to the Board office with a check or money order. You may also call or email the Board office and a paper renewal form will be sent to you. As always, you may also walk into the Board office to renew your license. Please note: If you have changed your name, been convicted of a crime, had disciplinary action or have action pending in another state since your last renewal, you cannot renew online. Legal documents are required to be submitted to the Board office with your renewal application.

You should check the Board's website to verify that your license has been renewed with an expiration date of June 30, 2014. Information on the website is updated each business day after 3:00 pm.

HOW TO FIND US

The LPN Board office is located at 101 Dee Drive, Charleston, WV. From I-64, take Exit 99 (State Capitol Exit). Turn onto Greenbrier Street (towards the airport and away from the Capitol). Turn right onto Hillcrest Drive. Come to the top of Hillcrest and into Hillcrest Office Park. Take the first left onto Player's Club Drive, then the next left at the mailboxes onto Dee Drive. The office building is a one-story brown building, and the LPN Board is located inside the door where the visitor parking is located.

FREQUENTLY ASKED QUESTIONS

Q: Does the Board participate in the multistate licensure compact?

A: No. A permit or license issued by the West Virginia LPN Board is required for practice in the State of West Virginia.

Q: My name and/or address have changed. How do I notify the Board?

A: All name and address changes must be submitted in writing (fax, mail, or e-mail) to our office. Please include your name, address, social security #, and license or certificate # (if you know it). If you have a name change, you must also enclose a copy of your marriage license or other court order which authorizes the change. There is no fee to make the change if you do not want a new copy of your license. If a new license is requested the fee is \$10.

Q: How long should I keep my CE certificates?

A: You should keep them for at least 4 years in case you are selected for a random CE audit. The Board audits 30 LPNs per month.

Q: Public Information - What licensee information is considered "public"?

A: The following information is public and can be released to the public: Name, Mailing Address, License Number, License Status, and Date of Initial Licensure. Any disciplinary action taken by the Board is also public information. Please see the privacy notice on the Board's website.

LPN SCHOOLS

A list of all West Virginia LPN Schools can be found on the Board's website at www.lpnboard.state.wv.us under "Our Goals and Services", "Education." Each school is accredited by the Board and therefore graduates from all West Virginia LPN schools which meet all other required criteria are eligible to take the NCLEX-PN licensure examination.

NATIONAL COUNCIL OF STATE BOARDS OF NURSING (NCSBN)

11A

DELEGATE
ASSEMBLY

Michelle Winters and Lanette Anderson attended the NCSBN Delegate Assembly meeting in Dallas in August 2012. A verbal report was given on the following topics:

- 1. Election of new Board of Directors;*
- 2. Adoption of the Model Act and Rules*

11B

COMMITTEE APPOINTMENT *Michelle Winters has been appointed to the Distance Learning Committee for a two year term.*

11C

BOARD OF DIRECTORS UPDATE *Lanette Anderson provided a verbal report on recent NCSBN Board of Directors meetings.*

11D

JUST CULTURE/REGULATORY ACTION PATHWAY *Executive Director reported that NCSBN has requested that Boards volunteer to use the Regulatory Decision Tree. We have volunteered along with 14 other Boards. This addresses complaints involving practice errors only and the hope is that it will help guide Board disciplinary decisions. A motion was made by Gregory Chiartas that we participate in the use of this model during a pilot phase. Motion was seconded by Orpha Swiger. Motion carried.*

11E

NATIONAL LICENSURE INITIATIVES *Executive Director provided information of draft legislation which would be a movement towards national licensure for physicians and other health care providers. This has not been introduced. There is some interest in this issue and funding on a national level to perhaps create movement in this or other Federal legislation.*

11F

REGULATORY OFFICE MANAGEMENT SYSTEM (ROMS) *Executive Director reported that NCSBN continues to make progress on a new system that will aid Boards in various aspects of operations, including a licensee data base, availability of electronic transcripts for graduates, tracking discipline, etc. It will be provided to us at no charge and the hope is that it will be up and running by late 2013.*

12

WV AUDITOR REQUIRED ANNUAL SEMINAR BOARDS *Lanette Anderson and Michelle Winters will attend this meeting on December 3, 2012 at the Charleston Marriott. This seminar provides information regarding requirements for Chapter 30 Boards and provides updates from other state agencies such as purchasing, PCard Processing, Record Management, etc. A motion was made by Gregory Chiartas that the Board approve the attendance of any Board and/or staff member who wishes to attend the Auditor's Office Required Annual Training Seminar/ Association of Licensing Boards Meeting. Motion was seconded by Vicki Jenkins. Motion carried.*

13

WV CENTER FOR NURSING *A report was prepared by Duane Napier, Executive Director of the Center for Nursing and presented to the Board by Lanette Anderson.*

14

FARB
ANNUAL
MEETING

Executive Director reported that the FARB Annual Meeting will be held in San Diego, CA January 25 - 27, 2013. The agenda includes information on legal issues relevant to Boards and new legislation impacting regulatory Boards. Approximate cost per attendee will be \$1,800.00. A motion was made by Orpha Swiger that the Board approve the attendance of one (1) individual to attend the FARB Annual Meeting in San Diego, CA. Motion was seconded by Francine Kirby. Motion carried.

15

REVIEW/
REVISION
BOARD
LEGISLATIVE
RULES

Executive Director reported that the Board's Legislative Rules, particularly Series 2 Licensure Rules, have not been reviewed for several years. In light of NCSBN's approval of Uniform Licensure Requirements and the Model Act and Rules, it may be prudent to compare those with what we have in Rule. Members discussed whether they wish to form a committee to begin this work or delegate it to staff for review. By acclamation, the members voted to delegate the staff to review and draft potential changes for distribution to members and possible approval of any revisions at the February 2013 meeting.

16

REGULATION
OF PAIN
MANAGEMENT
CLINIC
LEGISLATIVE
RULES

A verbal report was provided to the Board members by Lanette Anderson.

17

DISCIPLINARY
