The Honorable Earl Ray Tomblin
Governor of West Virginia
State Capitol, Building 1
Charleston, West Virginia 25305

Dear Governor Tomblin:

The West Virginia State Board of Examiners for Licensed Practical Nurses is pleased to provide you with our report of the biennium covering activities during the period between July 1, 2012 and June 30, 2014.

The goal of this agency is to provide competent, professionally prepared licensed practical nurses to provide safe, quality nursing care to the citizens of West Virginia. This goal is shared by other health care licensing boards and state agencies, and is demonstrated by the prevailing spirit of cooperation that exists between this Board and those other agencies. Staff and members of this Board continue to be active in nursing regulation on a national as well as state level. A cooperative spirit is also evident in health care agencies that offer their facilities for educational purposes, and then employ licensed practical nurses as a part of their health care work force.

Please feel free to contact our office with questions or comments concerning information contained in this report.

For the Board,

Lanette L. Anderson

Lanette L. Anderson, MSN, JD, RN
Executive Director

**WEST VIRGINIA STATE BOARD OF EXAMINERS
FOR LICENSED PRACTICAL NURSES**

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2012 AND 2013

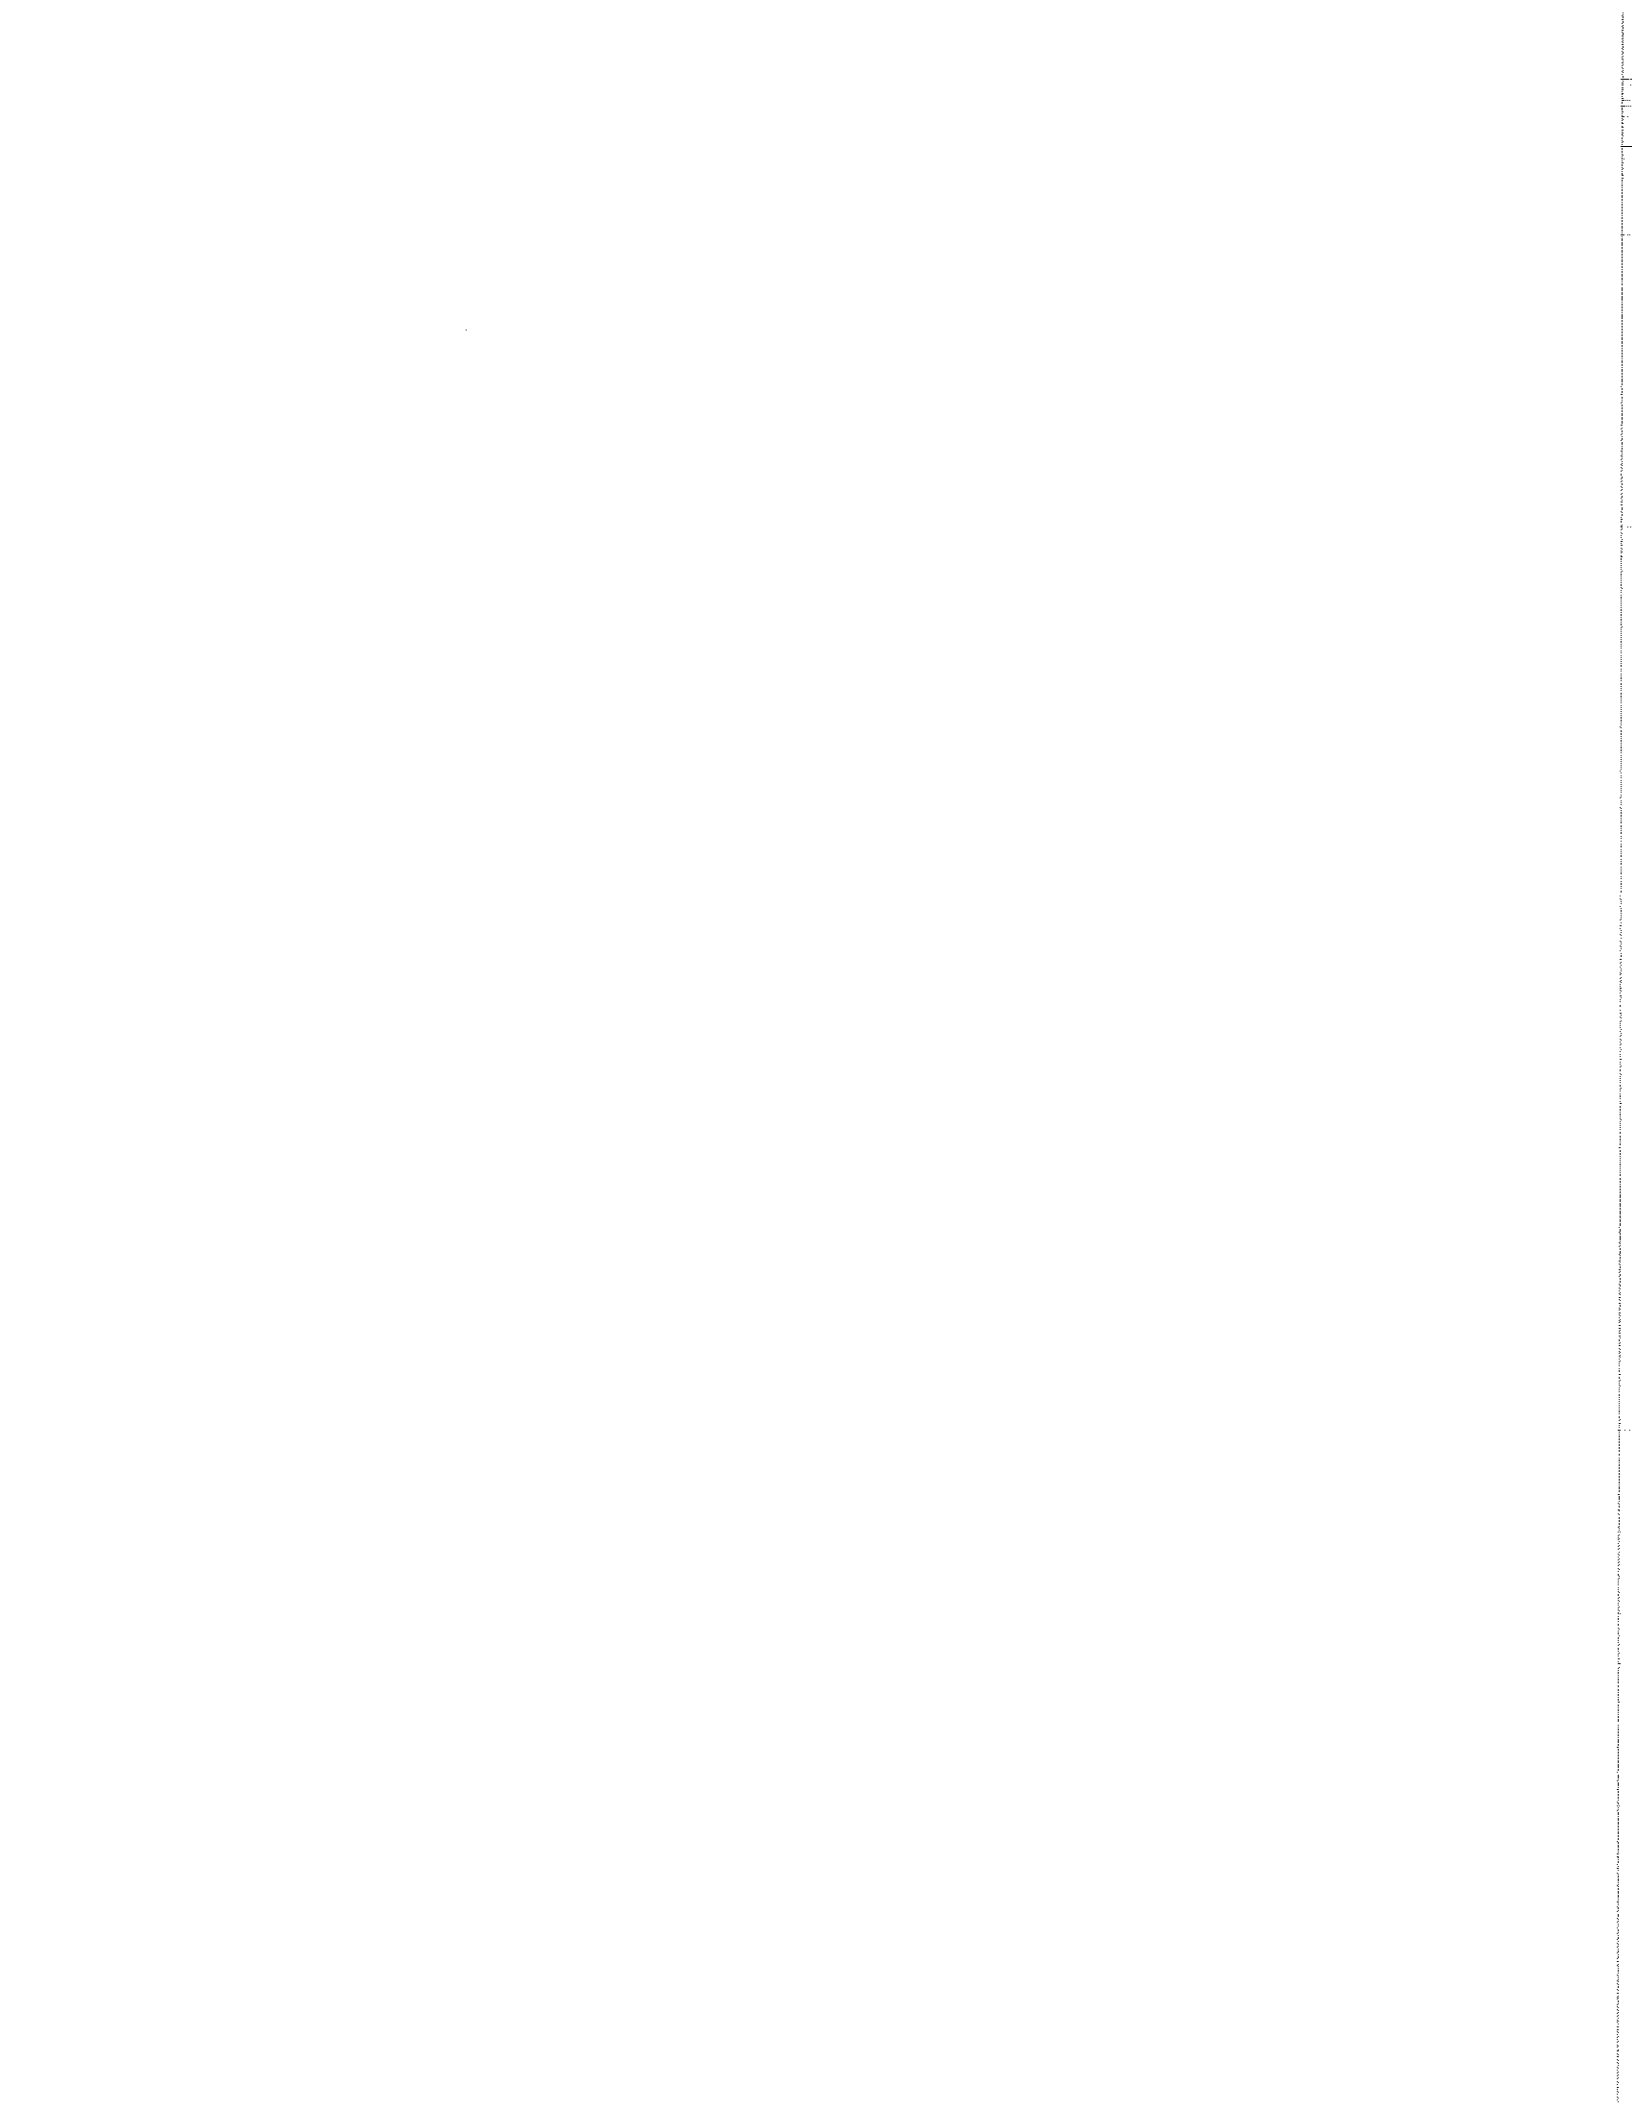

Members and staff of the West Virginia State Board of Examiners for Licensed Practical Nurses are active participants in meetings and activities across the country on matters of licensing, professional regulation and changing health care delivery systems. Members and staff continue, as has historically been the case, to serve on committees at the national level with agencies involved in licensing nurses from other states as well as agencies relating to health care and other professions within our own state. This involvement assures that members are aware of the many issues surrounding not only practical nursing, but the entire health care system, as the industry continues its attempts to organize and reorganize delivery of health care to achieve acceptable quality care with fewer health care practitioners and fewer health care dollars. Changes in the patterns of delivery and mix of competent providers have resulted in fluctuations in demand for licensed practical nurses. Over time the demand in one area increases while the demand in another area may decrease. Summaries of annual reports from the state's licensed practical nursing schools demonstrate over the past few years that the number of graduates of nursing programs has remained fairly stable, and that graduates are obtaining employment in the health care field. With the current/impending shortage of registered professional nurses, this will likely continue to be the case. Licensed practical nurses particularly continue to be steadily employed in long term care, and are important parts of the health care team in that setting. Numbers of actively licensed LPNs in West Virginia have risen gradually over the past ten (10) years and continue to do so.

The number of LPN schools in West Virginia remained at twenty-five in 2012. One program has Tentative State Accreditation by the Board as it is in its first year of operation. This new program is located at Pierpont Community and Technical College. Another program at West Virginia Junior College in Bridgeport, West Virginia has been granted approval to plan a new LPN program. It is anticipated that they will begin operation in early 2015. Of the other existing twenty-five programs, twenty-one programs are within the vocational education system. One program, the B.M. Spurr School of Practical Nursing, is privately sponsored by Reynolds Memorial Hospital, one program is located at New River Community and Technical College, and the other is at Salem International University.

The Board utilizes the National Council Licensure Examination for Practical Nurses, through contract with the National Council of State Boards of Nursing, Inc. This examination provides for interstate endorsement of licensees without further testing. With computer adaptive testing technology candidates are permitted to contact the testing center and test six days a week, year round rather than twice per year. They are also permitted to test in any of over 100 testing locations across the country, rather than in West Virginia alone to get a West Virginia license. Results are transmitted to the Board via internet technology from the national testing service. Candidates are forwarded their results and licensure information for new licensees is posted on the Board's website as early as the same day as the candidate completes the exam. Retesting of failing candidates is available every forty-five (45) days.

The Board monitors licensee compliance with continuing competence requirements of twenty four contact hours of continuing education and four hundred (400) clock hours of practical nurse employment in each designated two year reporting period. A reporting cycle

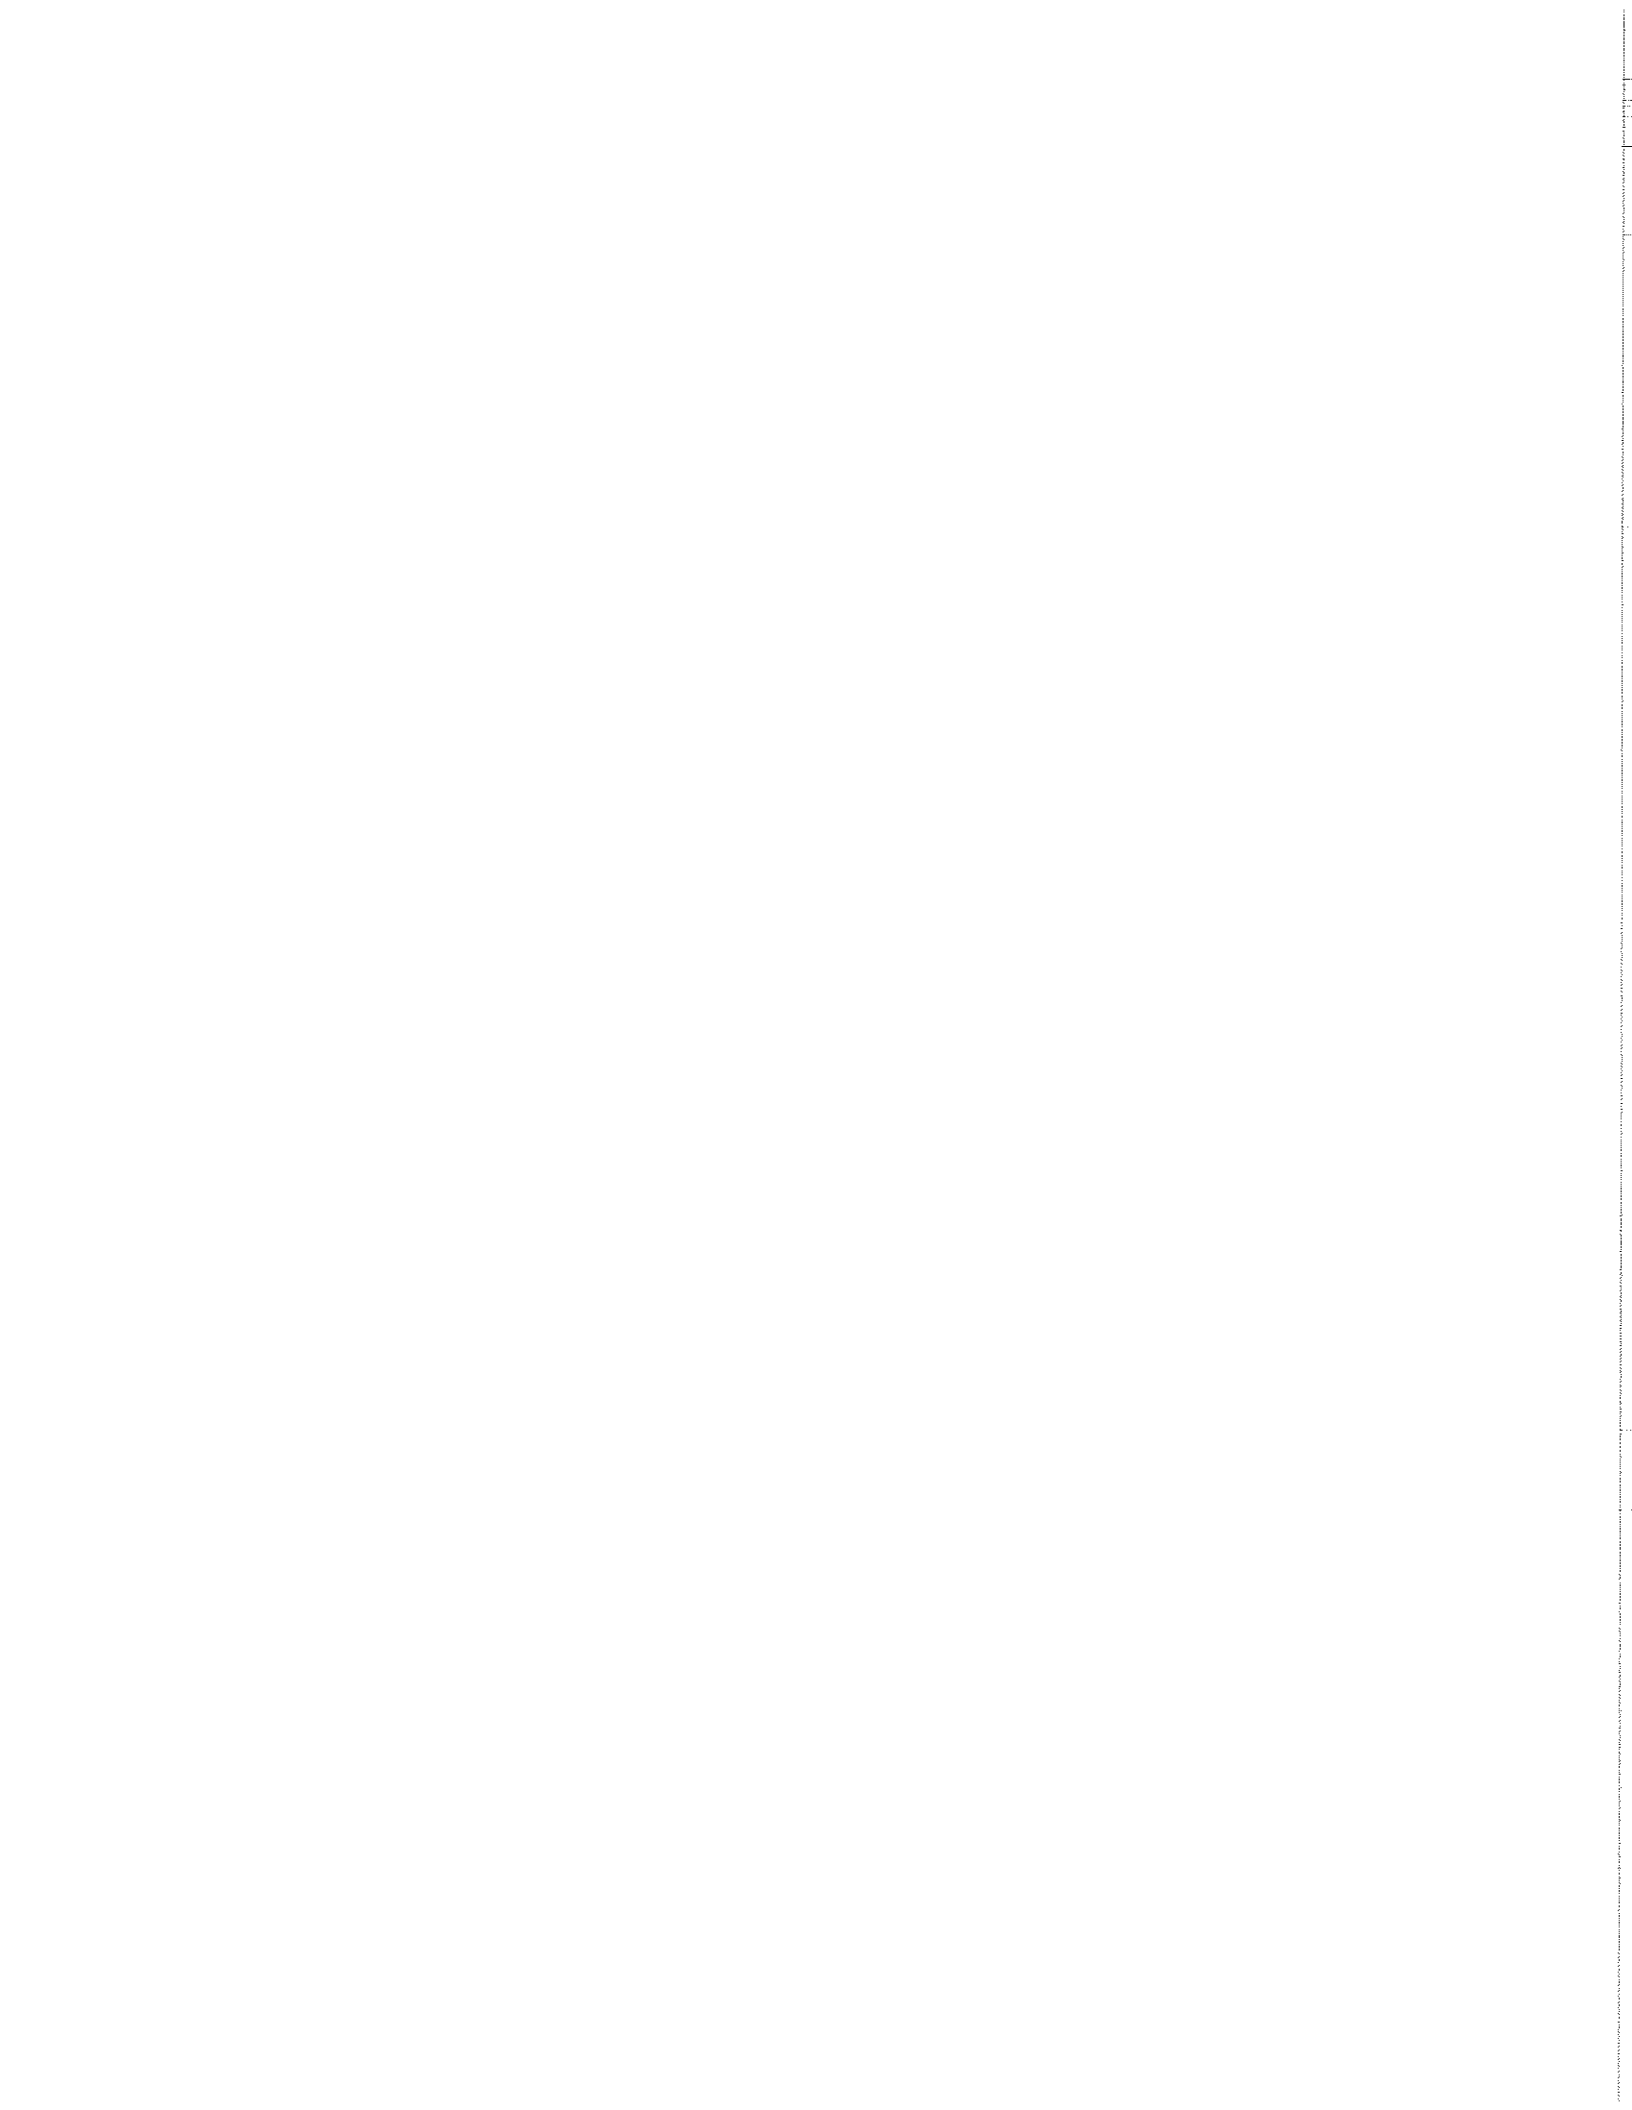

was completed with the renewal period ending June 30, 2014. The next reporting period will end on June 30, 2016. Random continuing education audits are conducted on 7 to 10% of licensees per reporting cycle.

The Board continues to receive complaints against licensees for professional misconduct. In FY 2012 one hundred thirty-three complaints were received. In FY 2013 the Board received one hundred twenty-seven complaints, and in FY 2014 one hundred seventy-five disciplinary cases were logged. Increases in numbers of disciplinary cases continue to be observed in all licensed professions in all states across the country. Continuing efforts to refine the process and procedures for complaint management have resulted in effective and timely resolution in most cases. The average complaint takes approximately seventy calendar days from receipt of the complaint to execution of board action either imposing disciplinary measures or dismissing charges as unsubstantiated or outside the jurisdiction of the Board. Board staff addresses groups of nurses, nursing employers, and students upon request to discuss the disciplinary process, the importance of accurate documentation when providing patient care, etc.

The Board has evaluated both procedures and processes regarding effectiveness of functioning of the agency as a comparison to map progress toward achievement of strategic initiatives and outcomes approved by the Board. The Board implemented a paperless licensure system in 2010 during the license renewal period. Information on the Board's website regarding licensure status is updated each business day at 3:00 pm, and employers and nurses can verify any needed information on that website.

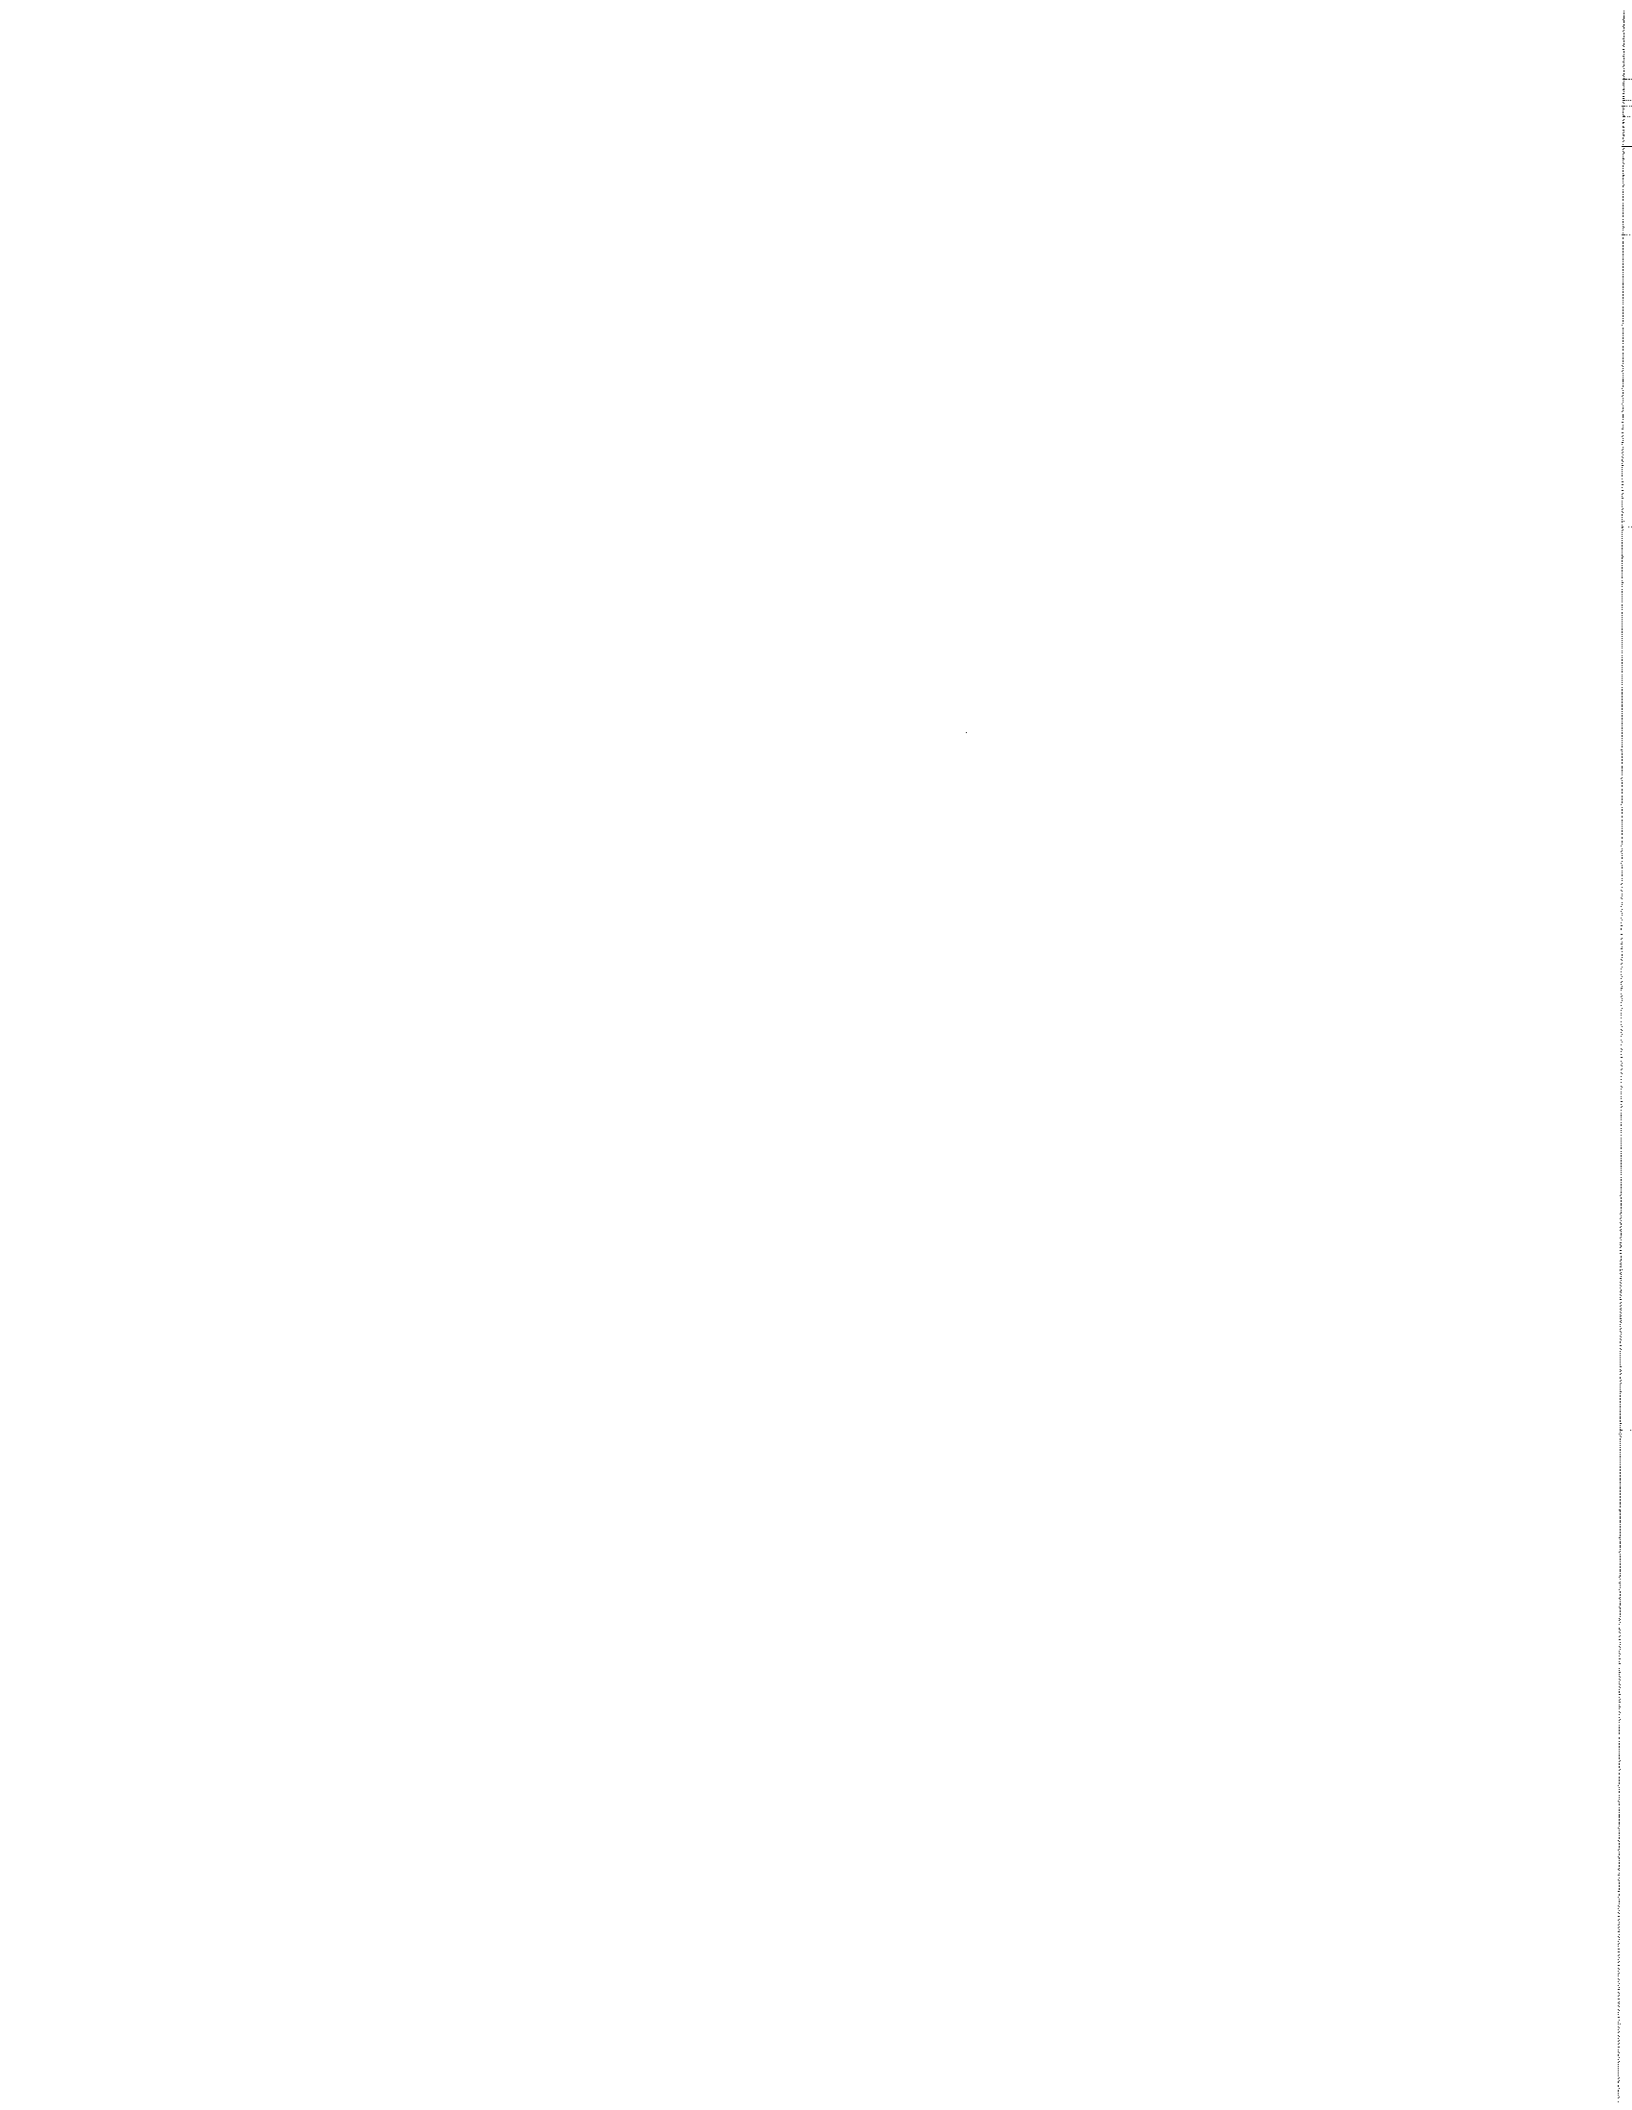

The LPN Board continues to participate in self-evaluation activities through its participation in the Commitment to Ongoing Regulatory Excellence Project sponsored by the National Council

of State Boards of Nursing. This project involves data collection on areas including licensure, governance, nursing education, discipline, fiscal information, practice, and information technology utilized by the Board. Data is collected from Board staff, Board members, and stakeholders of the Board including licensees, nurses complained against, individuals who had filed a complaint, nursing schools, professional associations, and health care facilities. Data is compiled and results are provided at three year intervals. As the purpose of the project is to collect performance data from boards of nursing in order to identify best practices, those procedures or processes that make up the best, most effective practices are then to be identified and shared with other boards of nursing. Preparation of a strategic plan, reviewed by the Board each year during its June Meeting, incorporates specific activities to guide members and staff of the Board in achieving the strategic initiatives and outcomes related to the mission of the board.

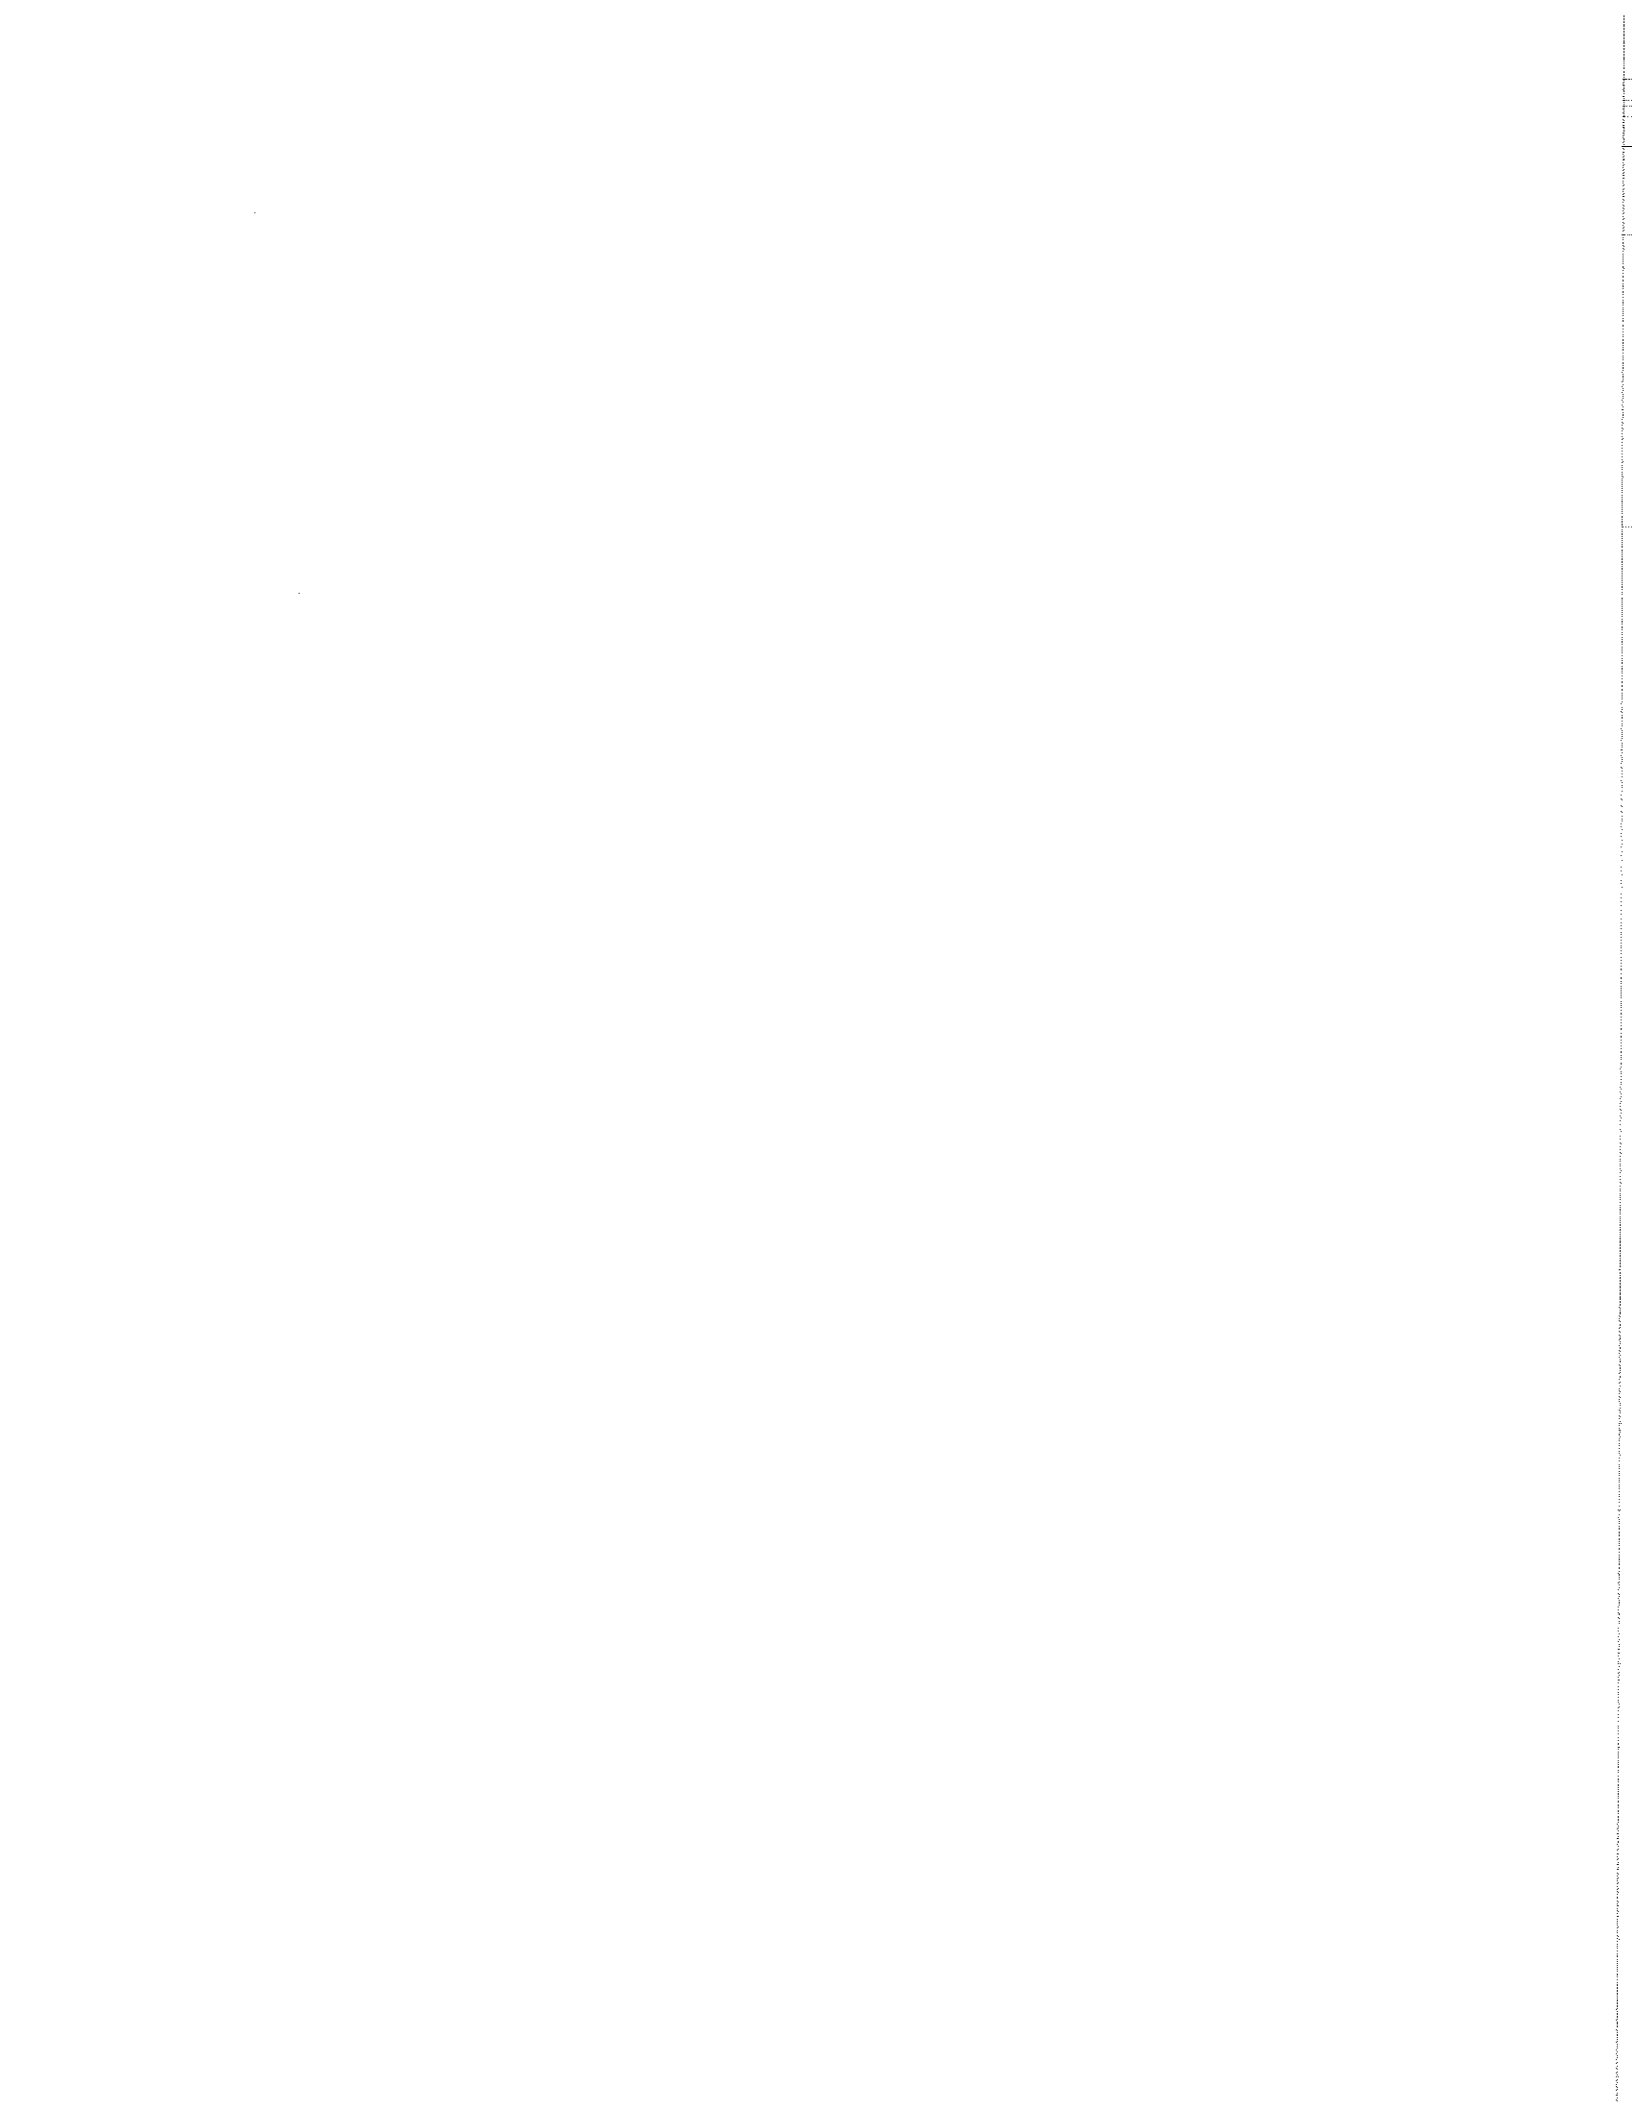

The RN and LPN Boards meet annually to discuss matters of common interest. In the joint meeting held June 11, 2014, the Boards reviewed information regarding the West Virginia Center for Nursing, scope of practice, and other issues affecting nursing regulation.

The Board is committed to collaboration with other health related or licensing agencies and organizations to improve public access to and information about education, licensure, practice, discipline and accountability for LPNs. The board maintains a web site, a toll free telephone line, and publishes two newsletters a year. Information from the licensee data base is available on the web site. It is therefore possible for anyone with internet access to check the status of a license of an LPN from the Board's home page. This information is updated on a daily basis each business day.

The Board has collaborated with the West Virginia State Treasurer's Office to implement the availability of online renewals and online endorsement applications, both of which have been successful. Also, the Board participates in the process of the submission of licensure information to the National Council of State Boards of Nursing's NURSYS Data Base. The purpose of this data base is to create an unduplicated list of all licensed nurses in the United States, which can be accessed for license verification purposes by other state boards of nursing and other interested parties. The Board is also in the process of implementing a new Regulatory Office Management System developed by the National Council of State Boards of Nursing as a service to its Member Boards. The goal of this system is to increase efficiency of work for staff and improve Board access by LPNs, employers, and the public at large. It is anticipated that it will be implemented in the Fall of 2015.

The Executive Director of the Board was elected in August 2011 to serve a two year term on the Board of Directors for the National Council of State Boards of Nursing and won reelection at the August 2013 National Council Annual Meeting for an additional two year term. Members and staff continue to be active in National Council activities including attendance of meetings and service on committees. One Board member and the Associate Executive Director of the Board currently serve on committees of this organization.

LICENSURE RENEWAL

Although winter held us in its grips for ever so long, it seems that spring is finally here and summer not far behind and then it will be time to renew the license that we have worked so hard to obtain and maintain. Since becoming a member of the LPN board, I have noticed a large number of LPN's who allow their license to lapse and are then required to pay a monetary fee as well as paying for continuing education credits to renew the license. When I reflect on the "why" does this happen, I can account for many reasons or possibly excuses. Long shifts, family responsibilities, fast paced lifestyles, and just plain old forgetfulness. However, at the end of it all I ask myself "Is it really worth the time and expense?" And my answer each time is "NO". It only takes a few moments to complete the renewal process and avoid the longer process that comes when a license has lapsed. During our board meetings, our board member Greg Chiartas always speaks to the visiting students about maintaining licensure renewal and it is his hope that by doing so as graduates they will remember and promptly renew, avoiding penalties and fees. So for those of you who are already licensed, this is a reminder and a plea, PLEASE REMEMBER TO RENEW YOUR LICENSE. It is not our desire to invoke penalties and fees but rather to see you, the LPN, maintain an active license.

All disciplinary actions taken are public information and are therefore provided to any individual who may call to inquire about the status of a license. They are also reported to the NURSYS national nursing data base as maintained by the National Council of State Boards of Nursing, the HIPDB Data Bank as maintained by the federal government, and also to the Office of the Inspector General when a license has been surrendered, suspended, or revoked.

IMPORTANT INFORMATION – NEW CE REQUIREMENT!!!!

Senate Bill 437, passed during the 2012 WV Legislative Session, states that "...the West Virginia Board of Medicine, the West Virginia Board of Dental Examiners, the West Virginia Board of Optometry, the West Virginia Board of Pharmacy, the West Virginia Board of Examiners for Registered Professional Nurses, the West Virginia State Board of Examiners for Licensed Practical Nurses and the West Virginia Board of Osteopathy shall establish continuing education requirements and criteria appropriate to their respective discipline on the subject of drug diversion training and best practice prescribing of controlled substances training for each person issued a license or certificate by their respective board who prescribes, administers or dispenses a controlled substance..."

Therefore, all LPNs will be required to complete at least 3 contact hours in the area of chemical dependency/substance use disorders for renewal of the license in 2014 and during each 2 year reporting period thereafter. You may access a partial list of approved CE providers on the Board's website under "NEWS."

EXCITING UPCOMING CHANGES TO BOARD OPERATIONS

Changes are coming with regards to how you will interact with the Board to apply for licensure, renew your license, change your name or address, maintain your CE records and utilize other services. The West Virginia LPN Board is one of the first Boards of Nursing in the US to begin using a new Operations Management System offered by the National Council of State Boards of Nursing. We anticipate that the system will be phased in during late 2014, and updates will continue to be provided in upcoming issues of the LPN News. One significant change that will take place is that all actively licensed LPNs in West Virginia will be required to have a valid email address to utilize the many new online services which will be offered. Please feel free to contact the Board with any questions during the implementation period.

INTRODUCING e-Notify!

e-Notify is a new nurse licensure notification system developed by the National Council of State Boards of Nursing that delivers real-time notifications to employers about nurses who work for them. Once registered the employer will automatically receive changes to licensure status and available discipline data as the information is entered by boards of nursing. Registration by an employer is free for all nurses employed at the facility. Please see www.nursys.com or contact nursenotify@ncsbn.org for more information and registration.

HOW TO FIND US

The LPN Board office is located at 101 Dee Drive, Charleston, WV. From I-64, take Exit 99 (State Capitol Exit). Turn onto Greenbrier Street (towards the airport and away from the Capitol). Turn right onto Hillcrest Drive. Come to the top of Hillcrest and into Hillcrest Office Park. Take the first left onto Player's Club Drive, then the next left at the mailboxes onto Dee Drive. The office building is a one-story brown building, and the LPN Board is located inside the door where the visitor parking is located.

FREQUENTLY ASKED QUESTIONS

Q: *After completing the online renewal application, is my license renewed as soon as I click "submit"?*

A: *No. "Submitting" your electronic application, is equivalent to dropping it in the mail. Your electronic application must be reviewed by Board staff before your license will be renewed. Board staff review applications and renew licenses each business day, 8 a.m. through 4 p.m. In other words, if you renew your LPN license on June 30, 2014 it will show as "Lapsed" on the website until the next business day when it is processed and returned back to "Active" status.*

Q: *How do I get a receipt for paying my renewal fee?*

A: *After you "submit" your renewal application to the Board, you will see a confirmation of payment screen that you may print for your records. You will also receive a confirmation email message showing the amount paid for your license renewal. You will also get a transaction number; this does not necessarily mean that your license renewal processed correctly. Please keep the transaction number in the event that you have questions about your renewal and need to contact the Board office for further information.*

Q: *I did not renew by midnight, June 30. How do I renew my license?*

A: *You can't. If you miss the renewal deadline of midnight, June 30, you will have to reinstate your license. More information on reinstatement is located on the Board's website under "Our Goals and Services" "Licensure." You cannot practice as an LPN in West Virginia until your license has been reinstated.*

LPN SCHOOLS

A list of all West Virginia LPN Schools can be found on the Board's website at www.lpnboard.state.wv.us under "Our Goals and Services", "Education." Each school is accredited by the Board and therefore graduates from all West Virginia LPN schools which meet all other required criteria are eligible to take the NCLEX-PN licensure examination.

FUTURE BOARD MEETING DATES

*June 11, 2014 – Wednesday – Regular Meeting – 9:30 am
Joint RN/LPN Board Meeting – 1:00 pm
October 16, 2014 – Thursday – Regular Meeting – 10:00 am*

LPN Board meetings are open to the public with the exception of executive sessions. If you wish to attend a meeting, please contact the Board office at least three days in advance so that adequate seating can be assured. Meeting dates are subject to change. The proposed agenda for each meeting is posted on the Board's website under NEWS at least 30 days prior to the meeting.

FROM THE PRESIDENT

Francine Kirby, MSN, RN

As the holiday season approaches along with the hustle and bustle of shopping, there is a time of quiet when we sit back and reflect on all of the important things in our lives and all of the blessings that we have been given. As a member of the Practical Nursing Board, I feel, as do my colleagues, that we have been truly blessed to have such a wonderful board staff. There are not enough words or adjectives to describe the positive work they do not only for us but for all of the LPNs and practical nursing programs in West Virginia. These ladies have created such an ideal working relationship that even in the most distressful of times, the derecho of 2012 being a great example, things still managed to run smoothly and licensures renewed without a glitch. Not only are these ladies dedicated and hardworking but they also maintain such an open and friendly demeanor to all those who enter the doors of the office. So I would just like to extend a special thank you not only from myself but from the board members as well to Lanette, Michelle, Elsie and Kim for developing and maintaining such an organized, efficient, and always pleasant practical nursing board.

I am also thankful and appreciative for all of our LPN program coordinators and faculty for your dedication to, and preservation and continuation of nursing education. You are truly the key to student success.

Those are my reflections as this holiday approaches and I wish everyone a very happy, enjoyable and blessed holiday season.

All disciplinary actions taken are public information and are therefore provided to any individual who may call to inquire about the status of a license. They are also reported to the NURSYS national nursing data base as maintained by the National Council of State Boards of Nursing, the HIPDB Data Bank as maintained by the federal government, and also to the Office of the Inspector General when a license has been surrendered, suspended, or revoked.

IMPORTANT INFORMATION – NEW CE REQUIREMENT!!!!

Senate Bill 437, passed during the 2012 WV Legislative Session, states that "...the West Virginia Board of Medicine, the West Virginia Board of Dental Examiners, the West Virginia Board of Optometry, the West Virginia Board of Pharmacy, the West Virginia Board of Examiners for Registered Professional Nurses, the West Virginia State Board of Examiners for Licensed Practical Nurses and the West Virginia Board of Osteopathy shall establish continuing education requirements and criteria appropriate to their respective discipline on the subject of drug diversion training and best practice prescribing of controlled substances training for each person issued a license or certificate by their respective board who prescribes, administers or dispenses a controlled substance..."

Therefore, all LPNs will be required to complete at least 3 contact hours in the area of chemical dependency/substance use disorders for renewal of the license in 2014 and during each 2 year reporting period thereafter. You may access a partial list of approved CE providers on the Board's website under "NEWS."

EXCITING UPCOMING CHANGES TO BOARD OPERATIONS

Changes are coming with regards to how you will interact with the Board to apply for licensure, renew your license, change your name or address, maintain your CE records and utilize other services. The West Virginia LPN Board is one of the first Boards of Nursing in the US to begin using a new Regulatory Operations Management System (ROMS) offered by the National Council of State Boards of Nursing. We anticipate that the system will be phased in during 2014, and updates will continue to be provided in upcoming issues of the LPN News. One significant change that will take place is that all actively licensed LPNs in West Virginia will be required to have a valid email address to utilize the many new online services which will be offered. Please feel free to contact the Board with any questions during the implementation period.

MINERAL COUNTY SCHOLARSHIP WINNER

Melissa Shank, one of our Mineral County LPN students, was awarded the 2013 West Virginia Council of Practical Nursing Education Scholarship for her academic, leadership, and community involvement achievements. Congratulations Melissa!

INTRODUCING e-Notify!

e-Notify is a new nurse licensure notification system developed by the National Council of State Boards of Nursing that delivers real-time notifications to employers about nurses who work for them. Once registered the employer will automatically receive changes to licensure status and available discipline data as the information is entered by boards of nursing. Registration for the first 100 nurses by an employer is free, and the cost for registering each additional nurse is \$1 per year. Please see www.nursys.com or contact nursenotify@ncsbn.org for more information and registration.

HOW TO FIND US

The LPN Board office is located at 101 Dee Drive, Charleston, WV. From I-64, take Exit 99 (State Capitol Exit). Turn onto Greenbrier Street (towards the airport and away from the Capitol). Turn right onto Hillcrest Drive. Come to the top of Hillcrest and into Hillcrest Office Park. Take the first left onto Player's Club Drive, then the next left at the mailboxes onto Dee Drive. The office building is a one-story brown building, and the LPN Board is located inside the door where the visitor parking is located.

FREQUENTLY ASKED QUESTIONS

RENEWAL:

Q: After completing the online renewal application, is my license renewed as soon as I click "submit"?

A: No. "Submitting" your electronic application, is equivalent to dropping it in the mail. Your electronic application must be reviewed by Board staff before your license will be renewed. Board staff review applications and renew licenses each business day, 8 a.m. through 4 p.m.

Q: How do I get a receipt for paying my renewal fee?

A: After you "submit" your renewal application to the Board, you will see a confirmation of payment screen that you may print for your records. You will also receive a confirmation email message showing the amount paid for your license renewal. You will also get a transaction number; this does not necessarily mean that your license renewal processed correctly. Please keep the transaction number in the event that you have questions about your renewal and need to contact the Board office for further information.

Q: I did not renew by midnight, June 30. How do I renew my license?

A: You can't. If you miss the renewal deadline of midnight, June 30, you will have to reinstate your license. More information on reinstatement is located on the Board's website under "Our Goals and Services" "Licensure." You cannot practice as an LPN in West Virginia until your license has been reinstated.

ENDORSEMENT:

Q: I need my West Virginia license verified to another state. Is there a fee?

A: The WV LPN Board no longer verifies licenses to other states. Verification of WV LPN licenses will be processed through the National Council of State Boards of Nursing through the NURSYS system. You can contact the NURSYS License Verification Department at (866) 819-1700 or <https://www.nursys.com>. There is a \$30 fee for NURSYS to verify your licensure to another state.

Q: I hold a current license in another state. Am I eligible for licensure in WV?

A: Yes. If the state where you are currently licensed has licensure requirements that are substantially equal to or greater than WV requirements and you are not otherwise ineligible for licensure, you are eligible for licensure in WV. You cannot use your out-of-state license to practice in WV. You must hold a temporary permit or valid license issued by the WV LPN Board in order to practice.

Q: How can I become licensed in WV if I have a license in another state?

A: You must submit the completed Application for Licensure by Endorsement (online or mail in form) fee, and meet the following requirements: You have graduated from high school or received a General Education Diploma or a recognized equivalent; You have completed/graduated a board accredited practical nursing program; You successfully passed the NCLEX-PN; You have submitted verification of license of all states in which you have ever held an LPN license (whether now active or inactive) via NURSYS.com or by contacting the Board in those states.

Q: What if I did not graduate from an accredited practical nursing program, am I eligible for licensure by endorsement in WV?

A: No, unless you were licensed in another state according to that Board's veteran eligibility laws. Additional information can be obtained by contacting the LPN Board office.

LPN SCHOOLS

A list of all West Virginia LPN Schools can be found on the Board's website at www.lpnboard.state.wv.us under "Our Goals and Services", "Education." Each school is accredited by the Board and therefore graduates from all West Virginia LPN schools which meet all other required criteria are eligible to take the NCLEX-PN licensure examination.

MINUTES

1. Call to Order by, Francine Kirby, MSN, RN, President WV LPN Board.
2. Introduction of members and guests.
3. Agenda reviewed. Motion was made by Ben Vincent to approve the agenda as proposed. The second was offered by Joyce Egnor. The motion carried.
4. Ben Vincent made the motion to approve the meeting minutes for the Joint Board Meeting, June 12, 2013. The second was offered by Mary Fanning. The motion carried.
5. An update about the West Virginia Center for Nursing (WVCFN) was provided by Dr. Pamela Alderman, Chairperson for the WVCFN. Dr. Alderman provided an overview of the 2014 legislative activity related to the WVCFN. The WVCFN now works with the Higher Education Policy Commission to grant scholarships. There is one employee. One-third of the resources are being used to pay for the one employee and two-thirds of the resources are being used for scholarships. No action taken.
6. The National Council of State Boards of Nursing (NCSBN) update was provided by Lanette Anderson, Executive Director for the LPN Board and Area II Director for the Board of Directors for NCSBN. Ms. Anderson reported the NCSBN executive officer forum was focused on discussions regarding modifying the current compact licensure model to facilitate more state participation prompted by growth in telemedicine, an increased interest on the Federal level, and by some stakeholders in national licensure. In addition, Ms. Anderson reported the NCSBN Board of Directors update included the determination at the tri-regulator meeting in Texas that regulatory consensus was reached that practice occurs where the patient is located. The tri-regulator group includes NCSBN, the Federation of State Medical Boards, and the National Association of Boards of Pharmacy. NCSBN is working on regulatory standards as an ANSI Standards Development Organization. The first priority is fingerprint criminal background checks. E-notify is now free to facilities. No action taken.
7. Dr. Robin A. Lewis Associate Director for the WV RN Board reports that the legislative rules have been completed for emergency medical services personnel in hospital emergency departments. Dr. Lewis conveys this change prompts a position statement review of the, *Criteria for Determining Scope of Practice for Licensed Nurses and Guidelines for Determining Acts That May Be Delegated or Assigned by Licensed Nurses*, also known as the "purple book". The Joint Board discussed the matter and directed LPN/RN Board staff to convene a committee of Board volunteers to review the purple book with 2-3 members from each Board. Dr. Robin Walton, Joyce Egnor, Francine Kirby and Vicki Jenkins have volunteered for the committee.
8. June 10, 2015 is the date of the next Joint Board meeting.
9. There were no miscellaneous items, guest questions or comments considered by the Boards.
10. With no further business a motion to adjourn the meeting was made by Dr. Robin Walton. The second was offered by Greg Chiartis, JD. The motion carried.

Meeting adjourned at 1:20 P.M.
