The Honorable Joe Manchin, III
Governor of West Virginia
State Capitol, Building 1
Charleston, West Virginia 25305

Dear Governor Manchin:

The West Virginia State Board of Examiners for Licensed Practical Nurses is pleased to provide you with our report of the biennium covering activities during the period between July 1, 2006 and June 30, 2008.

The goal of this agency is to provide competent, professionally prepared licensed practical nurses to provide safe, quality nursing care to the citizens of West Virginia. This goal is shared by other health care licensing boards and state agencies, and is demonstrated by the prevailing spirit of cooperation that exists between this Board and those other agencies. Staff and members of this Board continue to be active in nursing regulation on a national as well as state level. A cooperative spirit is also evident in health care agencies who offer their facilities for educational purposes, and then employ licensed practical nurses as a part of their health care work force. We have always recognized that without those high quality clinical experiences integrated into the one (1) year programs of practical nursing the value of licensed practical nurses as skilled care givers would be significantly diminished.

Please feel free to contact our office with questions or comments concerning information contained in this report.

Sincerely,

A handwritten signature in cursive script that reads "Catherine Vance".

Catherine Vance, LPN
President

**WEST VIRGINIA STATE BOARD OF EXAMINERS
FOR LICENSED PRACTICAL NURSES**

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2007 AND 2008

Members and staff of the West Virginia State Board of Examiners for Licensed Practical Nurses are active participants in meetings and activities across the country on matters of licensing, professional regulation and changing health care delivery systems. Members and staff continue, as has historically been the case, to serve on committees at the national level with agencies involved in licensing nurses from other states as well as agencies relating to health care and other professions within our own state. This involvement assures that members are aware of the many issues surrounding not only practical nursing, but the entire health care system, as the industry continues its attempts to organize and reorganize delivery of health care to achieve acceptable quality care with fewer health care practitioners and fewer health care dollars. Changes in the patterns of delivery and mix of competent providers have resulted in fluctuations in demand for licensed practical nurses. Over time the demand in one area increases while the demand in another area may decrease. Summaries of annual reports from the state's licensed practical nursing schools demonstrate over the past few years that new graduates are employed in acute care settings at a higher rate than in previous years. With the current/impending shortage of registered professional nurses, this will likely continue to be the case. Licensed practical nurses also continue to be steadily employed in long term care, and are an important part of the health care team in that setting. Numbers of actively licensed LPNs have risen gradually over the past ten (10) years, however those licensed as new graduates and experienced nurses are generally able to obtain employment.

The number of LPN educational programs in West Virginia remained at twenty-three (23) in 2007 and 2008. Twenty-one (21) programs are within the vocational education system, one (1) program, the B.M. Spurr School of Practical Nursing, is privately sponsored by Reynolds Memorial Hospital, and one (1) program is located at New River Community and Technical College.

The Board utilizes the National Council Licensure Examination for Practical Nurses, through contract with the National Council of State Boards of Nursing, Inc. This examination provides for

interstate endorsement of licensees without further testing. With computer adaptive testing technology candidates are permitted to contact the testing center and test six days a week, year round rather than twice per year. They are also permitted to test in any of over 100 testing locations across the country, rather than in West Virginia alone to get a West Virginia license. Results are transmitted to the Board via internet technology from the national testing service. Candidates are forwarded their results and licensure information for new licensees is posted on the Board's website as early as the same day as the candidate completes the exam. Retesting of failing candidates is available every forty-five (45) days.

The Board monitors licensee compliance with continuing competence requirements of twenty four (24) contact hours of continuing education and four hundred (400) clock hours of practical nurse employment in each designated two year reporting period. A reporting cycle was completed with the renewal period ending June 30, 2008. The next reporting period will end on June 30, 2010. Continuing education audits are conducted on 7 to 10% of licensees per reporting cycle.

The Board continues to receive complaints against licensees for professional misconduct. In FY 2008 we received one hundred fifty-two (152) complaints. That number has remained fairly stable over the past five (5) years. Increases in numbers of disciplinary cases continue to be observed in all licensed professions in all states across the country. Continuing efforts to refine the process and procedures for complaint management have resulted in effective and timely resolution in most cases. The average complaint takes approximately seventy (70) calendar days from receipt of the complaint to execution of board action either imposing disciplinary measures or dismissing charges as unsubstantiated or outside the jurisdiction of the Board. Board staff have partnered with the WV Health Care Association in providing workshops to nurses and nurse employers around the state on the topic of how, when, and why to report a nurse to the Board. A presentation on that topic was also conducted by LPN Board staff on a national level at a meeting of the National Council of State Boards of Nurses in May 2007.

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2007 AND 2008 PAGE 3

In addition, Board staff and President had a poster abstract accepted and presented this poster, entitled “Best Practices for Disciplinary Processes” at the Annual Meeting of the International Council of Nurses in June 2007 in Yokohama, Japan. The staff and Chairperson also had another abstract accepted for presentation in a symposium format, entitled “Effectively Leading a Multigenerational Workforce.” This group were the first nurses from West Virginia to have the honor of presenting at a meeting of this prestigious organization.

The Board has evaluated both procedures and processes regarding effectiveness of functioning of the agency as a comparison to map progress toward achievement of strategic initiatives and outcomes approved by the Board. The LPN Board continues to participate in self-evaluation activities through its participation in the Commitment to Ongoing Regulatory Excellence Project sponsored by the National Council of State Boards of Nursing. This project involves data collection on areas including licensure, governance, nursing education, discipline, fiscal information, practice, and information technology utilized by the Board. Data is collected from Board staff, Board members, and stakeholders of the Board including licensees, nurses complained against, individuals who had filed a complaint, nursing schools, professional associations, and health care facilities. Data is compiled and results are provided at three (3) year intervals. As the purpose of the project is to collect performance data from boards of nursing in order to identify best practices, those procedures or processes that make up the best, most effective practices are then to be identified and shared with other boards of nursing. Preparation of a strategic plan, reviewed by the Board each year during its June Meeting, incorporates specific activities to guide members and staff of the board in achieving the strategic initiatives and outcomes related to the mission of the board.

The RN and LPN Boards meet annually to discuss matters of common interest and concern. In the joint meeting held June 11, 2008, the Boards reviewed information regarding the West Virginia Center for Nursing as well as other issues affecting nursing regulation.

OVERVIEW OF ACTIVITIES FOR FISCAL YEAR 2007 AND 2008 PAGE 4

The Board is committed to collaboration with other health related or licensing agencies and organizations to improve public access to and information about education, licensure, practice, discipline and accountability for LPNs. The board maintains a web site, a toll free telephone line, and publishes two (2) newsletters a year. Information from the licensee data base is available on the web site. It is therefore possible for anyone with internet access to check the status of a license of an LPN from the Board's home page. This information is updated on a daily basis each business day. The Board collaborated with the West Virginia State Treasurer's Office to implement the availability of online renewals and online endorsement applications, both of which have been successful. Also, the Board participates in the process of the submission of licensure information to the National Council of State Boards of Nursing's NURSYS Data Base. The purpose of this data base is to create an unduplicated list of all licensed nurses in the United States, which can be accessed for license verification purposes by other state boards of nursing and other interested parties.

ABOUT THIS PUBLICATION

BOARD MEMBERS:

Duane Napier, MSN, RN, BC
Chairperson

This newsletter is an official publication of the West Virginia State Board of Examiners for Licensed Practical Nurses. The newsletter is published two times per year, in the Spring and in the Fall, and is provided to all licensed practical nurses, hospitals, nursing homes, state health care and licensing agencies and associations, other state boards of nursing and appropriate national nursing organizations. This newsletter is also posted on the Board's website under "Our Goals and Services", "Consumer Information."

Jean H. Yates, MS, RN,
CNA, BC
Vice -Chairperson

Catherine J. Vance, LPN
Secretary

FROM THE CHAIRPERSON

Duane Napier, MSN, RN, BC

Gregory B. Chiartas, Esq.

I decided early in my career to leave nursing. It just was not for me. Fortunately, I did return and it was the best decision I have made. Nursing has been very good to me and I have given back to my profession by speaking out on nursing issues, joining professional organizations, pursuing advanced degrees, and taking jobs that have challenged me and taught me great lessons.

Suzannah Higgins, Hosp. Adm.

Vickie S. Bennett, LPN, RN

This desire to be the best I can stems from my childhood, where I was frequently entrusted with the care of my siblings, neighbors' children, and running errands for my elderly neighbors. I began working at the age of fifteen. These activities provided me with the ability to develop integrity, compassion, and caring that I am able to share with my patients and my coworkers. Are these the qualities that you want to see in yourself and the qualities that you want the nurse to have who may be caring for you or your family? If your answer is "yes", then you have new goals to aspire to.

Joan Smith, Vocational Dir.

Mark K. Stephens, MD

Nine of the past ten years, nursing has been named as the most trusted of professions. The accolade is due to each of us giving our all to those in our charge. Being a nurse is not only an honor but also a privilege. What other profession is present to lend support in the most trying of times and the most triumphant of times?

Public Member (Vacant)

Nurses are blessed with many opportunities. We can pursue advanced degrees, assume leadership roles, and be trusted to carry out those duties assigned, travel and work in many other settings and countries or states, and increase our knowledge through transfer to jobs of interest. What other professionals can say they are pursuing a career and not just working in a job?

OFFICE STAFF:

Lanette Anderson, MSN, JD, RN
Executive Director

Michelle Winters, MSN, MBA/HCM
RN, NHA, LNCC
Associate Executive Director

Elsie Patterson
Administrative Assistant

Kim Cremeans
Data Entry Coordinator

All I ask is that each of us take this responsibility seriously. Protect your license that you worked so hard for and paid for in blood, sweat, and tears. Think before you speak, think before you act, double-check your work, be methodical in your work, consider all your options when making decisions, be kind to yourself and to others, put yourself in others' shoes before making that rash decision, and always treat your patients and your coworkers with dignity and respect.

All disciplinary actions taken are public information and are therefore provided to any individual who may call to inquire about the status of a license. They are also reported to the NURSIS national nursing data base as maintained by the National Council of State Boards of Nursing, the HIPDB Data Bank as maintained by the federal government, and also to the Office of the Inspector General when a license has been surrendered, suspended, or revoked.

Take a look at the disciplinary information above. A significant portion of the disciplinary actions taken are due to the licensee working on a lapsed license. Your LPN license expires on June 30 each year. It is your responsibility to make sure that the LPN Board has a correct address for you so that you receive the renewal reminder postcard that is mailed each year the first week of March. Even if you do not receive this reminder, however, it is still your responsibility to make sure that your license is renewed by June 30 if you continue to work as an LPN in West Virginia. Board staff are available at any time to respond to questions or provide paper renewal applications if you do not wish to renew online.

REMINDER: CONTINUING COMPETENCE AUDITS

Please be aware that the Board randomly audits the continuing competence activities of thirty (30) licensees per month. If you are audited, you will receive a certified letter from the Board, instructing you to provide copies of CE certificates for offerings that were completed during the previous reporting year. You will also be provided with a form for your employer to fill out to verify that you worked for at least four hundred (400) hours as an LPN during that time period. Therefore, please retain your CE certificates for at least four (4) years so that if you are audited, you can produce them to the Board. If you do not have these certificates, you cannot verify that you actually completed the required number of hours. Disciplinary action will be taken by the Board for failing to comply with the CE audit, and the next renewal of your license will not be processed until this matter is rectified. Keeping track of your CE and maintaining those records is your responsibility as a licensed practical nurse!

CONTINUING EDUCATION REQUIREMENTS 2008 IS A REPORTING YEAR!

To renew your LPN license in 2008, you must have completed at least twenty-four (24) contact hours and have worked as an LPN for at least four hundred (400) hours since July 1, 2006. If you obtained

your first license in WV after July 1, 2007, you will be exempt from these requirements, and the first reporting period for you will be in 2010. If you were first licensed in WV between July 1, 2006 and June 30, 2007, you are required to report twelve (12) contact hours and two hundred (200) work hours. If you have questions about the requirements, what qualifies as CE, etc., please refer to the continuing competence brochure on the Board's website at www.lpnboard.state.wv.us, "Our Goals and Services", "Continuing Competence" or call the Board office.

Effective July 1, 2005, and all licensees who have not already completed the two (2) contact hour end-of-life care including pain management requirement must complete it prior to their first licensure renewal in which CE reporting is required. If you need help in locating such a course, call the Board office and we can provide some resources for you. This requirement does not change the total number of contact hours required to renew the license; these two (2) contact hours would be a part of the twenty-four (24) hours now required for LPNs.

REMINDER!!!! Reminder postcards for renewal for the 2009 license will be mailed from the Board office the first week of March. As in recent years, no renewal applications will be automatically mailed. Online renewal with a credit card (no debit cards please) will again be available beginning in early March. For those who do not wish to use a credit card, a paper renewal application which can be mailed to the office with a check or money order will be included in the Spring 2008 LPN Newsletter mailed in April 2008.

CONTINUING EDUCATION ON THE WEB

LEARN ABOUT WEST VIRGINIA'S LICENSED PRACTICAL NURSING ACT AND EARN CE CREDIT!

Get closer to completing your continuing education requirements by taking the Licensed Practical Nurse Practice Act continuing education course today! You can obtain two (2) contact hours and learn important information about the law and rules that govern LPN practice in the state of West Virginia. A similar course is also available for the RN Nurse Practice Act, and LPNs can also obtain two (2) additional contact hours by completing this course.

Participants can begin the course on any day, at any time. Registration and payment for the course is all done online. Course topics include the purpose of nursing regulation, powers and responsibilities of the Board, as well as discipline and continuing education issues. The courses can be accessed through www.learningext.com, or from the home page of the Board's web site. Please feel free to call the Board office with any questions about this opportunity to learn more about the laws and rules that govern nursing practice in West Virginia.

LPN SCHOOL NEWS

The Logan-Mingo School of Practical Nursing welcomes new instructor Cecilia Mays, RN.

The class of 24 students of the United Technical Center School of Practical Nursing is excited to begin their walk in life to become nurses. They have a variety of interests in various areas of nursing. Since starting classes in July, several classmates have been involved in community service including diabetes, breast, and cervical cancer screenings. In October, students will participate in the Health Fair at the Bridgeport Conference Center and attend a continuing education workshop on Diabetes Mellitus Resource Nurse at United Hospital Center. Alexis Skinner is excited to represent the new class at HOSA competition in the spring. As the year progresses, they are learning that they are caring individuals willing to give of themselves in time and energy to promote better health and disease prevention for West Virginians.

The recent graduates of the Cabell County Career Technology Center School of Practical Nursing attended and competed at the HOSA (Health Occupational Students of America) National Leadership Conference held in Orlando, Florida. The graduates competed in the Critical Problem Solving and Extemporaneous Health Poster events against other post-secondary students from across the US.

A list of all of the LPN schools in West Virginia with contact information for each program can be found on the Board's website. Click on "Education" from our homepage to locate this list. Individuals who may be interested in applying to LPN school are encouraged to contact the Coordinator of the program nearest them.

WHAT IS THE WEST VIRGINIA CENTER FOR NURSING?

Every LPN and RN in West Virginia pays an additional \$10.00 with their licensure renewal which goes to assist in funding the West Virginia Center for Nursing. Many nurses are not aware of what the Center is, what it does, and what it can provide to the nursing community.

The West Virginia Center for Nursing was created in March 2004 by the Legislature at the recommendation of the West Virginia Nursing Shortage Study Commission. The Commission was established in 2001 by the Legislature, and spent a great deal of time studying the nursing shortage, assessing the impact of the shortage, and identifying ways in which it could be alleviated. Members of the Board of Directors of the Center for Nursing represent practice and education at all levels of nursing. The monies that are provided to the Center for Nursing assist in providing scholarships to individuals who want to pursue nursing as a career, and to nurses who want to further their education (LPN to RN, RN to MSN, etc.)

In addition to the scholarship program, the Center for Nursing has established a website at www.wycenterfornursing.org, which provides up to date information about what is occurring in the profession.

Additional questions about the Center for Nursing or about the available scholarships can be directed to the Center at 304-558-0530 or by email to Marilyn Bowe, Administrative Assistant, at bowe@hepc.wvnet.edu or Duane Napier, Executive Director, at napier@hepc.wvnet.edu.

SPRING 2008

ABOUT THIS PUBLICATION

BOARD MEMBERS:

Catherine Vance, LPN
President

This newsletter is an official publication of the West Virginia State Board of Examiners for Licensed Practical Nurses. The newsletter is published two times per year, in the Spring and in the Fall, and is provided to all licensed practical nurses, hospitals, nursing homes, state health care and licensing agencies and associations, other state boards of nursing and appropriate national nursing organizations.

FROM THE BOARD PRESIDENT

Catherine Vance, LPN

I would like to congratulate all the new graduates upon successfully completing a year of arduous study and challenging clinical assignments. I encourage you to march forward, with the same strength, determination, and willingness to learn as you enter your nursing careers. Continuing your education and updating your skills will help to ensure your employability in nursing. As I wish each of you continued success in your chosen careers, I also remind you to practice your skills with care, compassion, and honesty. Protect your license and all that you have worked so hard to obtain.

The LPN school coordinators and faculty in West Virginia are to be commended for helping to meet the continued demand for qualified and competent health care providers, by using the newest teaching methods, materials, laboratory and computer technology. The results of these efforts in continued updates and instruction are evident in the percentage of passing rates for state boards as well as the highly qualified nurses that are graduating.

First-rate instructors and well-equipped schools are essential to providing health care with well-trained nurses. We can be proud of the West Virginia schools of practical nursing and the licensed practical nurse, and continue to support these programs.

LPN BOARD PARTICIPATES IN TERCAP

The LPN Board now participates in a research study sponsored by the National Council of State Boards of Nursing, entitled TERCAP (Taxonomy of Error, Root Cause Analysis, and Practice Responsibility). Participation will involve an in-depth analysis of discipline cases dealing with practice issues. Information reported to the WV LPN Board regarding disciplinary cases will be reported to the National Council to obtain state as well as aggregate national data. No identities will be used; it is strictly confidential. We hope to establish a linkage between types of errors, root system problems, and the development of proactive measures to collaborate with facilities, schools of nursing, etc. that could be implemented before patient harm occurs.

If you report a nurse to the board or are the subject of a complaint, you will receive an additional form for completion. We appreciate your cooperation. Feel free to contact the Board office with questions.

IMPORTANT - LICENSURE RENEWAL

All actively licensed LPNs in this state have been mailed a renewal reminder postcard from the Board office. Online renewal is again available for those who choose to take advantage of this opportunity. Online renewals permit licensees to renew anywhere they have access to the internet. The site is maintained by the West Virginia State Treasurer's Office, and is secure with regards to the credit card transactions.

For those who do not wish to use a credit card for renewal, a paper form may be printed from the Board's website under "Licensure". A renewal application is also included in this newsletter for your use if you wish to mail in a form and check. As always, walk-in renewals are also accepted.

You are not eligible for online renewal if you have had a criminal conviction, or pled guilty or no contest to a felony or misdemeanor not previously reported to the Board. You are also not eligible for online renewal if you have had disciplinary action or action is pending with another Board of Nursing not previously reported to the WV LPN Board. Copies of court or disciplinary documents and a written explanation of the events from the licensee must accompany the renewal application.

Also, if you are changing your name on your license, the Board requires that you submit a copy of your marriage certificate/divorce decree which legally changed your name, therefore you are also not eligible to renew online. Contact the Board office with questions.

REMEMBER - CE AND EMPLOYMENT HOURS ARE REQUIRED THIS YEAR!!!! Information regarding requirements is included on the application, or you may call the Board office with questions.

LAW PROVIDES TITLE PROTECTION FOR "NURSE"

House Bill 4495 passed during the 2008 regular session of the West Virginia Legislature. This law amends the portions of the West Virginia Code for RNs and LPNs which address the use of the title of nurse. For LPNs, W.Va. Code 30-7A-2 will now read:

(a) Any person licensed pursuant to this article may use the title "licensed practical nurse," "practical nurse" and the abbreviation "L.P.N." or the term "nurse". Except as otherwise provided in article seven of this chapter, no other person may assume such title, or use such abbreviation, or any other words, letters, figures, signs, or devices to indicate that the person using the same is a licensed practical nurse or a practical nurse.

Approximately 30 other states have title protection for the word "nurse" included in their practice acts. The rationale for this change is to prohibit individuals who are not licensed nurses from identifying or representing themselves as nurses. The legislation passed by a large margin in the House of Delegates and the Senate. The LPN Board appreciates the assistance and support from the RN Board and the West Virginia Nurses Association in this important public protection matter.

LPN SCHOOL NEWS

The faculty and staff of Garnet Career Center School of Practical Nursing are extremely proud of one of their 2007 graduates. Autumn Carden, LPN, now resides in Alaska. Recently while she was visiting a shopping mall with her fiancé, they heard gunshots as they were near the mall entrance. A young man had shot and wounded two individuals. News reports indicate that rather than flee as most others were doing, Autumn bolted towards the victims, and stripped off the hospital scrub she was wearing to put pressure on one victim's wound to stop bleeding. Local police call her a "citizen hero". The Board sincerely congratulates her on her achievement, her efforts, and her heroism.

A list of all of the LPN schools in West Virginia with contact information for each program can be found on the Board's website. Click on "Education" from our homepage to locate this list. Individuals who may be interested in applying to LPN school are encouraged to contact the Coordinator of the program nearest them.

MINUTES

1. Call to Order by Pamela Alderman, President RN Board.
2. Introduction of members and guests
3. Agenda reviewed. Motion was made by Diana Boyle to approve the agenda. The second was offered by Judy Nystrom. The motion carried.

4. Linda Williams made the motion to approve the meeting minutes for the Joint Board Meeting, June 13, 2007 as amended. The second was offered by Robin Walton. The motion carried.
5. An update about the West Virginia Center for Nursing was provided by Duane Napier, Executive Director for the Center. The Center awarded over \$350,000 in scholarship and emergency money the past two years. They also awarded money to LPN faculty to obtain a teaching certificate. The Center is seeking a new LPN member. A faculty survey has been sent to schools of nursing preparing individuals to be licensed as registered professional nurses. The Center wants to work with the RN Board to review the survey and the RN Board Annual Report to consolidate the questions and minimize duplication of work. Three grants related to the aging workforce have been awarded by the Center to St. Mary's Hospital and two hospitals in the Morgantown area. The Center has a new administrative staff person and has hired a new Associate Director for Recruitment. Roseann Michaels will begin in this role on June 23, 2008.
6. The Models related to Scope of Practice and Delegation decision making were last reviewed in 2005. The group decided to appoint an ad hoc committee to review the document and provide the Joint Boards with any recommendations. Volunteers for the committee include: Pamela Alderman, Duane Napier, Robin Walton and Jean Yates. Board staffs will provide support. Meeting dates will be determined by the members.
7. Mutual Recognition (Nurse Licensure Compact) for nurses was discussed. A report was provided on the Focus Groups held in February. There continues to be concerns about discipline related issues. The Boards agreed by consensus to continue to monitor the progress of the Nurse Compact.
8. June 17, 2009 is the date of the next Joint Board meeting.
9. There was no action under the topic of Miscellaneous/Guest Questions/Comments.
10. With no further business a motion to adjourn the meeting was made by Joan Smith. The second was offered by Cathy Vance. The motion carried.

Meeting adjourned at 1:30 P.M.
