The Honorable Joe Manchin
Governor - State of West Virginia
Governor's Office – Capital Complex
1900 Kanawha Boulevard, East
Charleston, WV 25305

Dear Governor Manchin:

Attached you will find the Annual Report for the West Virginia Board of Licensed Dietitians.

During the 2007 Legislative Session, Committee Substitute for House Bill #2181 regarding electronic filing of annual reports was passed, directing that all licensing boards required to provide an annual report to the Legislature, Legislative Manager, Legislative Auditor, the President of the Senate and the Speaker of the House of Delegates shall submit the report electronically to the Legislative Librarian.

This is our first time to submit an electronically generated report. As you are aware, our Board does not employ staff therefore, it has taken some effort from the Board Chairman and Board Secretary to comply with the request. We would like to compliment the Webmaster, WV Legislature for their assistance during this process.

You will recall that we held a conversation with you prior to your election as Governor of the State of West Virginia. We spoke of the vast number of boards in the state and your desire to see some "mergers". WVBOLD has made contacts with several boards with the intent of merging the activities but, continuing with a separate Board. As we look for a good "fit", we look forward to 2008 and the pursuit of a merger of office functions.

If the WVBOLD can provide additional information, please call me at 304-925-8828 or at the office numbers listed on this stationery. As you are aware, this has been a horrendously emotional year for me. I can emphatically state that the Board has functioned well and in a timely manner in handling all requests and duties of the Board.

Sincerely,

Helen Lodge, MA, MS, RD, LD
Board Chairman

**OVERVIEW OF ACTIVITIES AND
RESPONSIBILITIES OF WVBOLD
2006 - 2007**

OVERVIEW OF ACTIVITIES AND RESPONSIBILITIES OF THE WEST VIRGINIA BOARD OF LICENSED DIETITIANS 2006 - 2007

The requirement to hold an active/valid license to practice dietetics in the State of West Virginia - West Virginia Code – Chapter 30. Professions and Occupations – Article 35 - Board of Dietitians - commenced on July 1, 1997. The law, effective 90 days after March 9, 1996, mandated the formation of a Board as the WVBOLD. The WVBOLD is a regulatory and disciplinary body. It is the sole authority for the issuance of licenses to practice dietetics in the State of West Virginia. The purpose of the Board is to protect the public interest through its licensure and professional discipline of dietitians and to provide a professional environment that encourages the delivery of quality nutritional information and medical nutrition therapy within the State of West Virginia. The Board consists of five (5) members who are appointed by the Governor, by and with the consent of the Senate. Four of the members are experienced registered and licensed dietitians and one member is a layperson.

The WVBOLD maintains a code of ethics; establishes professional continuing education requirements and standards; establishes licensure and renewal requirements of duly qualified applicants; established procedures and guidelines for the suspension or revocation of a license; adopts procedural and interpretive rules in accordance with the provision of Chapter 29 of the code; adopts an official seal; establishes the appropriate testing vehicle for licensure examinations; issues and renews licenses; issues interim provisional permits to duly qualified applicants; imposes and collects fees for the issuance and renewal of permits or licenses; suspends revokes and reinstates license; conducts hearings on licensing issues and any other matter properly within the jurisdiction of the Board; utilizes available mechanisms/methods to protect the health and well-being of the public in nutrition related issues; maintains a record of proceeding of the Board and submits a biennial report to the Governor describing activities of the Board.

WVBOLD established:

- Title 31 – Procedural Rule – Series 3 – Contested Case Hearing Procedure**
- Title 31 – Legislative Rule – Series 1 – Licensure and Renewal Requirements**
- Title 31 – Legislative Rule – Series 2 – Code of Professional Ethics**
- Title 31 – Legislative Rule – Series 4 – Disciplinary and Complaint Procedures**
- Title 31 – Legislative Rule – Series 5 – Continuing Professional Education Requirements.**

Licensed and registered dietitians are proficient in the science of nutrition. They are required to hold degrees in nutrition, dietetics, public health or related fields such as biochemistry, medicine or a nutrition specialty in family and consumer sciences issued by well-respected, accredited colleges and universities. After or

during their education, they must perform supervised internships and pass an extensive examination administered by the Commission on Dietetic Registration and earn professional education credits throughout their careers to maintain registration and licensure.

The need for qualified providers of nutrition advice has become more focused within the past 20 years. Like the specialization of medicine, the science-based nutrition field has necessitated a higher understanding and communication of nutrition prescriptions and advice to those in need of this service.

The RD status means that the individual possesses the skills and knowledge to translate nutrition science into practical meal planning. The individual can assist with eating disorders; work with healthcare teams to assist patients/clients to change eating plan pre- or post-surgery; assist in goal setting for athletic performance on various levels; prescribe and counsel patients and families with a myriad of disease entities and to assist physicians and healthcare providers in assessing a patient's needs and prescribing a nutrition therapy to best benefit the patient.

While the credential RD is significant it, unlike the credential LD, cannot be significantly regulated in the State of West Virginia. Initials after a name do not necessarily qualify someone to provide nutrition services. Licensure and registration provide the only assurance the public has to judge that the individual is proficient in the science of nutrition.

Licensure in West Virginia provides the vehicle to file a complaint should anyone have reason to believe the person is not providing accurate nutrition advice or falsely claiming to be a qualified dietitian. The State of West Virginia, with licensure, can regulate the term "licensed dietitian" or "dietitian". States without licensure experience self-proclaimed persons claiming to be experts with little if any actual nutrition training or with only mail-order credentials. When an individual needs trusted, accurate, timely and practical nutrition advice, they should be able to identify the qualified professional.

WVBOLD utilizes the examination by the Commission on Dietetic Registration as one component to examining an applicant's qualifications, prior to issuance of a WV license.

By law, in West Virginia, the examination as a route to licensure was waived for those who were:

- (a) Currently registered with CDR as a Registered Dietitian.
- (b) BS or higher with a major in human nutrition, dietetics, food systems management or equivalent and engages in the practice of dietetics or nutrition three (3) of the previous ten (10) years.
- (c) Licensed in another state with comparable requirements.

Exemptions include: Anyone from marketing, distributing or providing information about food, food materials or dietary supplements.

In 1997, 33 individuals were “Grandfathered”, in accordance with waiver (b) as stated above. Under the reciprocity waiver (c), one Kentucky licensed dietitian was later granted a WV license. In 2007, only 19 of those “Grandfathered” remain licensed. Many have retired from their chosen profession, i.e.: County Home Demonstration Agents or WIC Nutritionist. Some have relocated and a couple found they did not require a license in their capacity. Two allowed their licensure to expire and, after some time, applied for renewal. By law, they were deemed ineligible for licensure. WVBOLD handles the “Grandfather” status renewals as a routine renewal, giving due diligence to CEU credits.

Licenses are issued throughout the year. Renewal applications must be postmarked June 30th of each year. It is not unusual for the WVBOLD to personally contact those not having complied with renewal within the first week of each July. Out-of-state dietitians are often surprised and pleased to have this personal service.

WVBOLD monitors licensure compliance with continuing competence requirements of twenty hours in each designated two year reporting period. A reporting of Continuing Professional Education Credits serves to ascertain the completion of the twenty hours by licensees each two years. The applicant renewing licensure is charged with the responsibility of reporting educational activities (date and event) on the CEU Form, to accompany their renewal application. A visual scanning is performed by the Board Chairman and Board Secretary prior to issuance of the (renewed) license. At the completion of the Renewal Period, a listing of all licensees required to submit the CEU credits in that given year is compiled. The list is submitted to a Huntington-based company, with whom the WVBOLD has an agreement. 10% of the list is randomly selected to have a full audit of their CEUs. This is conducted by Board Member and Professional Inquiries Liaison - Betty Forbes – Director of Dietetic Education at West Virginia University.

WVBOLD is committed to collaboration with other health related licensing agencies and organizations in West Virginia and nationally. The purpose is to identify needs and to improve public access to and information about education, licensure, practice, discipline and accountability for healthcare professionals.

WVBOLD developed (with assistance of the WV Treasurer’s Office) a website; maintains a toll-free public telephone line (the number is published in all telephone blue page directories in West Virginia and promotes the use of the credential “LD” as a means for the public to identify those qualified to deliver nutrition advice and counseling.

The American Dietetic Association – WV Media Representative sent press releases to all West Virginia newspapers encouraging them to recognize the term “LD” as the qualified provider of nutrition information.

A complaint form is found on the website. Efforts are ongoing to refine the process and procedures for complaint management. While complaints are rare, numerous telephone calls are received from other healthcare professionals and the public with questions concerning acceptable duties of other nutrition workers, i.e.: Certified Dietary Managers, Diet Technicians, etc.

The presence of the WVBOLD has increased public awareness of the services of a qualified dietitian tremendously. By the number of telephone inquiries received, one can safely say that the public needs are being addressed. Nursing Homes, Personal Care Homes, Exercise Entrepreneurs and hospitals utilize the Board telephone to determine what duties can be performed by their lesser qualified staff members.

OFFICERS OF THE BOARD AND RESPONSIBILITIES:

The Board maintains an office at 723 Kanawha Blvd., East – Room 105 – Union Building, Charleston, WV 25301.

In accordance with State law, open meetings are conducted. Board meetings are posted in the State Register. The agenda for each meeting is also posted with the Office of the Secretary of State. Notice of each meeting and the agenda are posted on the office door.

The Board Chairman is elected every year to preserve order and conduct all proceedings by parliamentary rules and demand conformity thereto by members, appoints all committees and signs required documents. While the Board office is not staffed with an Executive Director or Secretarial Services, the Board Chairman travels to the office three times weekly (additional times when necessary). The office telephone rolls-over to the Board Chairman's home office, where she handles daily verification of license, inquiries as to licensure requirements, inquiries from the public about selecting a qualified dietitian and request of State agencies. During renewals, the Board Chairman is in the office on a daily basis. A listing of those individuals holding a valid licensure (with appropriate information) time, provides a ready access to inquiries. NOTE: A listing on the website will lessen some of the calls.

The Vice-Chairman also serves as the Board Treasurer. This person is elected every year to act as Chairman in the absence of the elected Chairman and calls special or emergency meetings of the Board by joint action with the Chairman. As Treasurer, this position maintains all financial records to be in compliance with the requirements of the State of West Virginia.

The Board Secretary is elected every year to maintain the database, prepare documents as licenses and reports, process meeting minutes and is most active in the annual renewal process.

The Professional Inquiries Liaison fields questions pertaining to Continuing Education Credits, talks with the public concerning the educational route to licensure and audits the 10% annually chosen, at random, for the auditing of their CEUs.

The Lay Member is a vital part of the WVBOLD. The person currently in this position is cognizant of the need for the licensure of the profession of dietetics. He was formerly a healthcare foodservice representative of one of the largest companies in the United States and remains in the healthcare field. The person in this position represents the citizens of the State of West Virginia in all actions of the Board. He votes on new applicants, discusses the needs for changes in procedures and speaks to the public needs.

Board members of the WVBOLD are active participants in meetings and activities across the country on matters of licensing, professional regulation and changing healthcare as it relates to dietetics and nutrition.

Two members of the WVBOLD hold membership in the Association for West Virginia Boards. This enables a healthy exchange of ideas and discussions on key issues facing boards in West Virginia.

Board members attend the Annual Training Seminar for WV State Licensing Boards by the State Auditor's Office. They find this most helpful in the operation of the Board.

The WVBOLD Board Chairman lead a national movement to form a national organization of the 44 states currently enforcing some form of regulation of the practice of dietetics. Other professional groups, i.e: Boards of Licensed Practical Nurses, etc. meet twice each year to keep abreast of changes and to strength the efforts to protect the health and well-being of its citizens. It is believed that an organization of like-kind would serve WVBOLD, West Virginia and the nation well.

The Board Chairman also served on the American Dietetic Association's Political Action Board 2002-2005. She served as Chairman 2003-2004 and currently is on its Advisory Committee. She represents the West Virginia Dietetic Association at ADA's Political Policy Workshop each March in Washington, DC. During these meetings she is privileged to hear presentations by U. S. Congressmen/women and Senators relating to national healthcare. In this position, the WVBOLD keeps abreast of issues surrounding not only dietetics but, the entire healthcare delivery system.

Four Board members are members of and some attend the annual meetings of the American Dietetic Association (FNCE), West Virginia Dietetic Association, Educational Alliance Meetings and serve on other healthcare coalition groups, such as National Diabetes, National Renal and American Heart Association – to name only a few.

The Board Vice-Chairman is actively involved – St. Mary’s Medical Center – in providing educational experiences for dietetic interns from Marshall University.

The Board Secretary participates with collaborative committees at Thomas Memorial Hospital.

The Board Professional Inquiries Liaison member – as stated earlier – serves the Board well with her experience as Director of Dietetic Education at WVU.

The Lay Board Member is in the healthcare business, visiting hospitals on a regular basis. He makes a point to “just quietly” investigate the status of dietitians.

The WVBOLD maintains close working relationships, often making decisions that do not require formal Board actions. The Board Chairman and Board Secretary meet at the Board Office periodically to conduct all secretarial type duties, such as issuing licenses, licensure verification and processing mail. The Board Chairman and Vice-Chairman (also Board Treasurer) have frequent contact in regards to routine Board business for various State offices request. The Board Chairman has contact with the Professional Inquiries Liaison, cognizant that this individual is best qualified to assist callers in the Continuing Professional Education arena and to advise the many callers who are considering the dietetic profession. The Lay Board Member is a very involved individual, with contact 2-3 times weekly.

All applications are voted on by ALL Board Members prior to issuance of a license. This keeps Board members quite involved in the daily business of the Board. Board members act in a volunteer role for such actions. This eliminates the need for formal Board meetings during certain periods of time. Actions requiring Board votes is, again, voted on at the scheduled Board meeting.

The Board is grateful that the WV Legislature, a few years ago, mandated an Annual Training Seminar for West Virginia State Licensing Boards by the State Auditor’s office. This has proven to be most beneficial to the WVBOLD. We look forward to the Seminars. The 2007 Seminar covered the procedure for utilizing the Archives and also the requirements for the Roster.

NOTES OF 2006 - 2007:

WV Treasurer’s Office E-Government was utilized for the 2007-2008 Renewal. The process went well. Dietitians appear to be more comfortable with this year’s process.

Minutes of Board Meetings are posted promptly on the web site.

WVBOLD maintains an expeditious manner in which applications and licensure verifications are processed. It is not unusual to hear “surprise” from offices calling for verifications or other inquiries when they are told that their request will be handled within thirty minutes and applications processed within a few hours after receipt.

Formal Complaints: None received. Dietitians continue to call to the Board with questions regarding the Scope of Practice for dietitians and for pharmacists. No formal complaints have been filed.

The Board continues to give assistance to WV hospitals, nursing homes and the WV Department of Health and Human Resources, who maintain a few state hospitals. The Board has been contacted by the WV Dept. of Health and Human Resources or a listing of licensed dietitian that they could create a bid listing of dietitians in a certain area. Other institutions have requested and received the same service. It is the intent of the WVBOLD to continue to grow with the professional needs of dietitians as related to the public interest, to attend training as offered by the State of West Virginia and to fully comply with State codes.

To be in compliance with the Department of Risk rule that a Safety Orientation (different topics) is to be presented at each Board meeting, the WVBOLD presented: Leaving the building carefully due to the close proximity of Kanawha Boulevard to the sidewalk ----- (In preparation for the October 8, 2007 Board Meeting, The Riggs Corporation, was contacted to ascertain an exit from the building in case the front door was blocked. The building manager stated that the exit was in the basement. Two Board members attempted to locate the exit. The only door to the outside was locked with a padlock and had no emergency lighting. The Riggs Corporation was, again, contacted in November. Construction is to begin the first week in December to correct the emergency exiting. A follow-up will take place the first of 2008.

It should be noted that all WVBOLD members, except the Chairman (who is a full-time volunteer), are engaged in demanding full-time positions – in leadership roles. Finally, the Board does not employ clerical or managerial staff. Much of the work is done, without compensation, as a dedication (“labor of love”) to the licensing of the profession and ultimately as a service to the citizens of the great State of West Virginia.

WVBOLD BOARD MEMBERS ARE IN FREQUENT CONTACT, OFTEN MAKING DECISIONS THAT DO NOT REQUIRE BOARD ACTION VIA TELEPHONE OR E-MAIL. Per instructions from State Licensing Board Seminar, any item requiring a vote is voted on again during the next Board meeting.

The Board Chairman and Board Secretary voluntarily meet at the Board Office periodically, as they conduct all secretarial type duties - as issuing license, licensure verification and processing mail.

The Board Chairman and Vice-Chairman & Treasurer have frequent contact as various State materials are requested.

All application are voted on by ALL Board Members (if all are not available – three votes are required) prior to issuance of license, keeping Board members quite involved in the daily business of the Board. Following the State Licensing Board Seminar all applicants are voted on again at the next Board meeting.

The Board Chairman has contact with the Lay Board Member, Mr. Richard Call, 2-3 times weekly. Mr. Call is a very active participant of the Board.

All professional inquiries are routed to Board member Betty Forbes, RD, LD Director of Dietetic Education Programs, West Virginia University. She is the member of the Board best qualified to assist callers.

West Virginia
Board of Licensed Dietitians
Board Meeting
723 Kanawha Blvd. East
Room 105 – Union Building
Charleston, WV

Date: 8/14/06

Members Present:

x Helen Lodge	x Frank Markun
x Dee Bartoe	x Rick Call
x Betty Forbes via conference call	

Guest: Kate Campbell – WV Attorney Generals Office

Call to Order: This meeting was called to order at 4:55 p.m. by Helen Lodge.

A quorum was established.

Approval of Minutes: Minutes from the meeting of 5/2//06 were approved by e-mail prior to the meeting and again by a verbal vote at the meeting.

Frank motioned to approve and Rick seconded.

Kate Campbell

Kate Campbell from the Attorney Generals Office met with the Board to discuss the concerns over the ability to “Fine” an institution and/or an individual for practicing Dietetics in the State of WV without a valid license.

Some of the questions asked were:

1. Q - When can you use the misdemeanor section in the law? Can it be applied to an individual who is not licensed but yet is working as a dietitian in the state?

A – You must contact the Prosecutors Office in the specific county that the infraction is taking place. You can not institute a fine yourself (as a board).

2. Q – What can you do about a previously licensed dietitian who does not renew his/her License and continues to practice?

A - This would be covered under the section of the law that implements civil fines under the disciplinary rules.

3. Q – When a dietitian falls into Lapse status do they need to complete a new entire Application or only if they are lapsed 3 years or more?

A - The Board may go ahead and request a complete application – because the fees would be the same.

4. Q - What do we do if there is an impending complaint about someone – do we list their names on the website as a matter of public information?

A – The person/persons should be referred to by a complaint number until you have found probable cause. At that point it would be acceptable to list specific names.

5. Q – How likely would it be that a County Prosecuting Attorney would accept a case of prosecuting an unlicensed dietitian practicing without a license.

A – Unless you have a specific relationship with the Prosecuting Attorney – it most likely would not “top” the list of their priorities.

6. Q – What other options are there?

A – Is section 30-35-13 you may enjoin the individual. This would be a civil matter. You can include a Draft letter that would be filed if the person did not obtain licensure. You generally would have more luck following this procedure. Ultimately the goal would be to have the individual become licensed.

7. Q – What should we do in the future?

A – Kate suggested that we have the Attorney General’s Office review the laws and rules and assess if any changes need to be made. This would then need to be taken back to the Legislature.

Treasurer’s Report:

The information for the July report is not yet available. Frank has not yet received the 13th month figures. (Remember – the June related expenses are not taken out until July – even though they are actually expenditures for the previous year.)

Credit Card Charges – Frank receives a statement from e-government to describe the credit card charges. The current renewal period had \$3,850.00 on credit card payments and we paid \$83.60 for this service.

Acceptance of Renewal Applications

Dee made a motion and Betty seconded to approve all those current renewal applications. Vote passed.

Applications approved via board e-mail:

The following applicants had been approved via email voting by the board members.

Brooke Baker

Sarah Edwards

Donette Sapp

Erin Kirk

Amy Filby

Motion to accept these candidates made by Frank and seconded by Rick. Motion passed.

Renewal Process

Leila Miller from the Treasurers Office would like to come to our next meeting and discuss the renewal process. We received several notes of thanks for the ability to renew on-line. We did receive a couple of complaints about the process: one involved “Grandfathered” Dietitians who did not have a CDR number to input and we also encountered a slight difficulty with Pay Pal one day.

We would like to be able to have any changes that the dietitian makes actually highlighted on the form so that it would make it easier to review and update in the computer. We would also like to change the “Employer Name and Number” to indicate that this should be the individual dietitian’s supervisor’s number.

Annual Audit

Dietitians who became licensed in 2000, 2002, and 2004 are eligible to be audited for their continuing education hours this year. Dee and Helen will provide a listing to Frank for an independent company to provide a random list. This list will then be forwarded to Betty and she will take care of completing the audit.

Position of Board on PLLC formations

It was decided that the Board has no jurisdiction in the forming of a PLLC. This should be taken care of between the dietitian and his/her attorney. The Board is only responsible for assuring that the dietitian or any dietitian that is hired by this company obtains a valid license to practice in the State of West Virginia.

Old Business

New Business

Lapse Status Dietitian: Amy Filby had been in lapse status. She reapplied and was approved as above.

Incomplete application for renewal: The board decided to return the application again for its completion. Betty will make a courtesy call to this dietitian to remind her of the importance of the full completion of the application and also to remind her that she can not practice dietetics until she obtains an active license.

Budget Narrative: Frank announced that it was time for the budget narrative once again to be submitted. The Mission, Operations Statement and Goal and Objectives were updated/reviewed.

Dee and Helen will provide Frank with the actual numbers of Active and Provisional licensed members, Inactive members for the years 2006 as well as projections for 2007.

Next Board Meeting Date

Tentative Date: September 11, 2006. 5:00 pm. The date and time will be finalized after determining when Leila Miller will be able to attend to review the renewal process.

Board of Licensed Dietitians
Board Meeting
723 Kanawha Blvd. East
Room 105 – Union Building
Charleston, WV

Date: 9/11/06 **ANNUAL MEETING**

Members Present:

x Helen Lodge	x Frank Markun
x Dee Bartoe	x Rick Call
x Betty Forbes via conference call	

Guest: Lela Miller, Treasurer's Office E-Government Director

Call to Order: This meeting was called to order at 5:05 pm p.m. by Helen Lodge.

A quorum was established.

Approval of Minutes: Minutes from the meeting of 8/14/06 are not available at this time. They have been sent to Kate Campbell for her review.

Lela Miller

Lela Miller from the Treasurer's Office met with the Board to review the On-line renewal.

Lela began by asking what the board members thought about the new on-line renewal process. The following were points of discussion:

1. Frank voiced that he liked the on-line renewal process. This means that the Board Treasurer does not have to deal with depositing all the checks.
2. Frank also reported that he felt the fees for the credit card charges were very reasonable.
3. There was one slight glitch one day with Verizon – this was remedied very quickly when Helen contacted Lela to inform her of the problem. This problem occurred when PayPal joined with VeriSite. Now they have this corrected so that if the system goes down, the dietitian will not be able to get into the registration area. A banner will come across the screen that tells them the site is down and they need to return to the site at a later time to renew.
4. The "Grandfathered" Dietitians did not have a CDR # that was needed and could not renew on line. This can be resolved in the future. (There are very few "Grandfathered" Dietitians still practicing.)
5. There will need to be additional lines available for listing Employer and Address. We ask those Dietitians who work at more than one facility or consult to more than

- one facility to list each employer. There were not adequate lines this year. The Board requested that these Dietitians submit a separate listing.
6. There may not be enough room to list CEU's. There needs to be more than 20 lines for separate pieces of data. Someone may go to 20 one-hour sessions while others go to multiple day seminars and only have a few separate items to list.
 7. A suggestion was made to add "See Mailing Label" by the Date of Original Licensure. We had several dietitians list the date that they were completing or mailing the form.
 8. The wording by Employer and Telephone number needs clarified. The Board does not want the individual's telephone number. They will make a decision if the number should be for the Immediate Supervisor, the Department Director or the Director of Human Resources. This will be specified on future forms. If there is an issue or investigation that is needed, we need to have a contact name and number other than the dietitian.
 9. We have discussed our desire with Lela to let the Treasurer's Office house our data base. Once this is complete, we can set up a way where prospective employers can go to the website and verify a license. There may be a fee involved with this. The individual dietitians would also be allowed to make some changes to the data base i.e. name changes, address changes, employer changes. These could be color coded/flagged when changes are made. The change would not become permanent until someone from the Board who had Administrative Privileges accepts those changes.
 10. Once the data base is housed, there will be some standard reports that can be built into the data base that will be available. i.e. Mailing Labels, LD by county, etc.
 11. We received a couple of complaints about the lock box. We left the box open for several days after the filing period. The Lock Box could have a forward put on it, but then the Board would have to return the renewal and request a late fee. It was decided that we would not want a forward, we would want the renewal returned to the dietitian and he/she would then have to be responsible for resubmitting the renewal with the late fee. If they failed to do this, they would be moved to lapse status.
 12. Frank asked Lela some questions about bills etc. His concern was over the appropriations and the 13th month expenditures. Lela explained that we are now considered a "Special Revenue Fund" and can house up to 200% of our yearly appropriations. Lela asked if our bills could be paid directly from E-Government. At this time Frank forwards the bills to Linda Lyter. Lela said that Linda could receive a copy of the e-government bills and immediately put a FIMS # .
 13. The next step is to have our data base as current as possible and copy it to a disk for Lela. We would then stop making changes to our data base until it was set up at the Treasurer's Office. Lela will then update the file at the state level.
 14. We need to obtain an on-line connection for the Board Office. Lela suggested Suddenlink and the broadband connection.
 15. Lela said that we need to ask our "specialist" if we can charge for on-line verification for anyone other than the LD.
 16. Lela can add/delete fields to our data base as we see a need.

Treasurer's Report:

Frank provided a letter for Helen to sign asking the state for the same appropriations as we had last year.

Frank will provide Helen with a "End of Year" statement for the annual report.

Election of Officers

Helen noted that the Governor's Office is going to start addressing the changes for board officers. Frank has not been able to leave the board as scheduled because the governor stopped appointing new board members. Until such time that new members are appointed, the Board members voted to keep the same office.

Applications approved via board e-mail:

The following applicants had been approved via email voting by the board members.

Megan Ahebwa

Amy Morris

Ranelle Orth

Rita Jarvis

Melissa McDonald

Dawn Roper

Motion to accept these candidates made by Frank and seconded by Rick. Motion passed.

Obsolete Equipment

Helen will make contact with the State to arrange for the pickup of our obsolete office equipment. Once these are picked up, they can be taken off our equipment inventory.

Annual Audit

Betty has received the random listing from Frank. There are 2 lists – a primary and a secondary. The letters have been written and are planned to be mailed on 9/12/06. This audit should be complete and available for the Annual Report.

ADA Article

Helen provided the Board members with a copy of an ADA article on the "Professional regulation of dietitians: an overview." Helen requested permission to send a copy of the article to John Sylvia as a point of interest. The Board concurred with her request.

Renewal Process

Helen Lodge will address the concerns voiced at the September meeting with Lela Miller prior to the renewals being sent out. Dee made the suggestion that the Grandfathers Dietitians who do not have a CDR number use their current licensure number.

Annual Audit

Adam Ray had been one of those who were randomly selected for the annual audit. He did not submit evidence of adequate CEU's during his 2-year period. He was taking some type of Physical Fitness course and did not complete the course until January (6 months after the required date.) The board decided to accept his hours for the 05-06 renewal period. Betty Forbes is to write a letter to Adam informing him of our decision. He will then be asked to sign an agreement in which these 60 hours of course work will not be allowed to be counted in the

next audit period. He will need to obtain an additional 20 hours of CEU's for the 08 audit and he will be audited again.

Aaron Alfred

A letter was received from Aaron Alfred offering his services as an investigator for the board on a per-dium basis. The board has decided to file his information until such time as an investigator is needed.

Electronic filing of annual report

Helen will call to see what requirements there are for the annual report.

Renewal Process

The board voted to accept all renewals as submitted.

Concerns from the board:

Some forms did not have the original date of licensure.

Some questioned that they had more than the 20 hours of ceu's. They were told to list the most recent 20.

We want to be able to maintain our own data base. We believe this may eliminate some of the mistakes.

Helen asked for permission from the Board to explore the possibility of merging office activities with another board. WVBOLD would retain their own Board. Approval was given.

Speech Pathology

Frank had received a question from a Speech Pathologist concerning what she would be allowed to "teach" as far as nutrition is concerned. Frank will check the speech pathology website to review their scope of practice. If it says nothing about Medical Nutrition Therapy – he will then respond appropriately

Safety

Frank received a letter from the Department of Risk discussing the requirement for safety policies and procedures as well a safety committee. It was decided that some topic of safety will be discussed at each board meeting and entered into the minutes.

Safety Topic for 7/9/07

Frank reminds all board members to be extremely careful when leaving the building because of the close proximity of the Kanawha Boulevard and the sidewalk.

The Safety Policies and Procedures were unanimously approved by the board. (See attached)

West Virginia Board of Licensed Dietitians

Policy and Procedures: Concealed Weapons-No Tolerance

The West Virginia Board of Licensed Dietitians strictly prohibits and does not tolerate weapons at the West Virginia Board of Licensed Dietitians' facility, the their property, or at any board sponsored event.

Weapons include visible and concealed weapons, including those for which the owner has necessary permits. Weapons can include firearms, knives with blades longer than three inches, explosive material or any other objects that could be used to harass, intimidate, or injure another individual, employee, supervisor, or board member.

Workers or board members who violate this policy may be subject to disciplinary up to and including termination.

Reporting Procedure:

If you have any questions, problems, or complaints regarding a violation of this policy, or discrimination in general, you must communicate your concern to a board member. If you feel uncomfortable doing so or if your board member is the source of the problem, condones the problem, or ignores the problem, report this to the attorney attached to the West Virginia Board of Licensed Dietitians in the Attorney General's Office.

If neither of these alternatives is satisfactory to you then you can direct your questions, problems, complaints or reports to Attorney General. You are not required to directly confront the person who is the source of your report, question, or complaint before notifying any of those individuals listed.

Approved: 7/9/07

West Virginia Board of Licensed Dietitians Policy and Procedures: Pregnancy Discrimination-No Tolerance

The West Virginia Board of Licensed Dietitians prohibits, forbids, and does not tolerate discrimination against anyone on the basis of pregnancy. All employees, supervisors, board members and job applicants are guaranteed the same employment opportunities. No person, or employee, no matter his or her position has the authority, expressed, actual, apparent or implied, to discriminate against a pregnant employee or employment applicant of the West Virginia Board of Licensed Dietitians.

The West Virginia Board of Licensed Dietitians will not deny a job or remove a pregnant employee from a position because the employee is pregnant, considering pregnancy, experiencing any pregnancy related problems. All decisions regarding a pregnant employee's placement in or continuation in a job will be based on the same consideration that governs all employment decisions-the employee's ability to satisfactorily perform the essential duties of the job in question.

Reporting Procedure:

If you have a pregnancy-related question, problem, or complaint, you must communicate your concern to a board member. If you feel uncomfortable doing so or if your board member is the source of the problem, condones the problem, or ignores the problem, report this to the attorney attached to the West Virginia Board of Licensed Dietitians in the Attorney General's Office.

If neither of these alternatives is satisfactory to you then you can direct your questions, problems, complaints or reports to Attorney General. Appointment of New Lawyer for WVBOLD

Anthony Eates from the Attorney Generals Office.

Posting of Licensees to the Website

Helen will take with Lila and send her a listing of all active and provisional dietitians.

Auditors Seminar

Frank and Helen attended the Auditors Seminar held on September 26, 2007.

Discussion was held on how we may be able to increase our access to the public.

- We currently submit the minutes to be posted on the WVBOLD website.
- We are currently working on putting the data base on line to a portion of the data base could be accessed for verification of active licenses.
- There needs to be a register of ALL active, inactive, lapsed, revoked, resigned, deceased dietitians, etc.
- There will also be a register of ALL current active and provisional dietitians.
- A member of IC&S will be contacted to assist in retrieving the needed reports from the Office Computer.

Contract Pricing – we must use contract pricing when it is available.

Storage of Old Records – there will be listings posted in the office as to what records are available.

Annual Reports – must be submitted electronically this year.

Posting of Agenda – Our agenda must be posted on the door for public access prior to the scheduled meeting. The agenda must contain substantial information so that the reader can tell what business will occur.

Old Business

Discussion with Board of Medicine and/or Board of Pharmacy in regards to possible merger of office activities.

Neither office is currently interested in taking on more responsibility in their office. They do not have the necessary staff available. Helen will continue to pursue this idea with other boards.

New Business

End of Life Care

A question was raised if End of Life Care should be a required CEU for all dietitians. This is in reference to Chapter 30.1.7.

This was reviewed and the Board came to the consensus that this requirement does not fall to the RD/LD level. This will not be required.

Issue of Pharmacist engaging in MNT

The Pharmacist is allowed to discuss micronutrients. Helen will contact the Board of Pharmacy and ask them to review.

Beverly Glaze LN

Beverly is a Licensed Nutritionist from the state of New Mexico. She is not a Licensed Dietitian in New Mexico but has passed her CDR exam. She was requesting reciprocity.

The board decided to defer any decision until all of her documentation has been submitted. If there are still questions concerning reciprocity then the Attorney Generals Office will be contacted for their input.

Speech Pathologist engaging in MNT

The Board felt that the Speech Pathologist should only be engaging in the instruction of the various textures of foods and not the nutritional make-up – this would be considered Medical Nutrition Therapy for which their license does not cover. A response will be given to this question.

Teresa Stanley

Thru a computer entry error, Teresa was mailed a lapse letter in error. She had spent \$5.55 to send a certified letter concerning this matter. Based on the accounting system, we are unable to refund her the postage money sent but the Board decided in good faith that we would send her \$5.55 in stamps to replace her expense.

Alise Pulliam – reinstatement application

Motion to reinstate Alise: Motion made by Frank and seconded by Dee.

Wavior of Late Fees

The Board voted to waive the late fees for Emma Laid and Grace Gibson during the renewal period. Both had documentation where they had tried to renew on line.

Legible Signature

An application was returned to Noelle Dodge for a legible signature.

Problems with email

Helen was not able to open the email for 5 days because there were 4 long emails “stuck” in the system.

Email concern for domain for WVBOLD.us

Safety

In case of Fire and the front door is blocked, the building manager said the exit is in the basement. Helen and Dee looked for the exit. The only door to the outside was locked with a padlock and had no emergency lighting. Helen will contact the Building Manager to remedy this situation.

Next Board Meeting Date

"A meeting will be scheduled for the first of the year...as the Board will be in close contact at this period in completing the Annual Report. Two Rosters will be included, per Auditor's Workshop held in September 2007".

COMPLAINTS, INVESTIGATIONS AND CLARIFICATIONS 2006-2007

No formal complaints were received during 2006-2007.

Numerous calls were received from hospitals, nursing homes, pharmacies and individuals for clarification as to the duties allowed under State law for Dietary Managers, Diet Technicians and requirements for a dietitian to operate under the "Scope of Practice" and to obtain a listing of dietitians in a particular area of the State of West Virginia.

Several times a week, the Board receives requests from hospital and nursing homes to verify a license for a dietitian and the completion of required CEUs. It is estimated that over 200 requests are received annually. A verification form is utilized for this purpose.

Several inquiries were made to Board members concerning the practice of dietetics. This prompted a telephone call to the Pharmacy Board to be on the alert and to, perhaps, include some information in their newsletter.

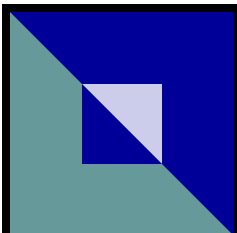

Random calls are received from the public asking how to locate a qualified dietitian in a particular area for the purpose of Medical Nutrition Therapy. While the Board is not in the referral business, the Board Chairman attempts to steer the caller to qualified dietitians in their area. Charlestonians appears to inquire more often.

CHECKS VERSUS ON-LINE RENEWALS

Once your on-line Renewal is accepted by the **WV** Treasurer's Office, the Board Chairman picks up the packets every other day in the beginning and every day as June 30th approaches. Postal services ones are picked up from a locked box daily, are processed by the Treasurer's Office and given to **WVBOLD**. They are checked for completion and **CEUs** prior to a licensee being mailed a license.

WVBOLD LEGISLATIVE AUDIT SET FOR 2007

A message from the **WV** Legislative Services to **WVBOLD** was received on April 14th to apprise the Board that an audit will be conducted prior to the 2007 **WV** Legislative Session. The Audit was to cover the period 2003 to July 2006. Reports were submitted for 2003 through 2006. During the **WV** Legislature, we learned that the audit will be conducted during the 2008 Legislative Session.

WVBOLD

BOARD MEETING

June 11, 2007

WVBOLD OFFICE
CHARLESTON, WV
5:00 PM

OPEN TO PUBLIC

DISCIPLINARY ACTION:**PRACTICING WITHOUT A LICENSE FINE**

A \$200. fine was levied for practicing without a WV license to:
Karen Spiker, Weston, WV

This was due to a change in address prior to residing at the address, resulting in the dietitian not receiving a Renewal Application. **FINDING:** It is the responsibility of the licensed dietitian to hold a valid WV license.

NOTIFY BOARD OF ADDRESS CHANGE

It is important that licensed dietitians notify the **WVBOLD** of any change of name, address, employer, telephone numbers, etc. We had hoped to have this online however, the **WV Treasurer's Office** has not gotten to this phase of our service at this time. We ask for your patience.

TO PROVISIONAL PERMIT DIETITIANS

According to Chapter 31-5-7-2—"Dietitians practicing under a Provisional Permit shall complete a minimum of ten (10) hours of continuing education in previous one year period"...means ten each year of the two year period.

RECENT MOST FREQUENTLY ASKED QUESTION

Are pharmacist permitted to engage in Medical Nutrition Therapy?

Pharmacist have a scope of practice allowing them to instruct patients on concerns related to medications. The scope does not include detailed instructions relating to diets for disease entities. Should you encounter any discrepancy in this practice, call the Board for further clarification.

CORRECTION TO LAST

NEWSLETTER: *The last listing of licensed dietitians inadvertently left out Melissa McDonald & Darby McDowell.*

We apologize for the oversight with these finely credentialed professionals.

LISTING OF 2005-2006

DIETITIANS WILL BE IN THE DECEMBER NEWSLETTER—AND—ON THE WEBSITE IN JANUARY 2006, depending upon the speed of WV Treasurer's Office.

The best defense in maintaining licensure is to mark your calendar for May 1st of each year. If you have not received a Renewal Form, call the Board office.

We're on the
web: wvbold.com

ITEMS THAT MAY APPEAR REPETITIVE TO SEASONED LICENSED DIETITIANS ARE PRINTED FOR THE BENEFIT OF NEW LICENSEES.

Reminder: For your original licensure date and licensure number, check your mailing label. Licensure number is at the left, above your name and your date of licensure at the left.

SELECTING INACTIVE STATUS

Selecting Inactive Status means a licensed dietitian in the State of WV can opt to become "Inactive" for a period of three years. During this time, should the dietitian choose to reinstate, it is necessary to complete a new application, pay a \$50.00 fee and will receive their previous license number. Continuing education will start from the date of being reinstated.

BOARD GETS FREQUENT REQUEST FOR AVAILABLE LICENSED DIETITIANS

While it is not the Board's role to act as an employment agency, request are received as to available licensed dietitians in certain areas of the state. When online verification is available, future calls will be referred to the **WVDA Website**.

FREQUENTLY ASKED QUESTION:
Can a dietitian order medical nutrition therapy for hospitalized patients?

ANSWER: Dietitians should follow the rules of the medical center/hospital Medical Policies in the institution in which you are employed.

THE BRIDGE TO EXCELLENCE IS
CONNECTED BY PERSERVANCE.

Dietitians select to become LAPSED for various reasons—moving, children, retiring, other pursuits. This list is to reflect those who, for whatever reason, did not renew for 2007-2008.

WV AUDITOR'S OFFICE HOLD ANNUAL SEMINAR FOR WV BOARDS

For several years the WV Auditor's Office has provided an annual seminar for all WV Boards. These have proven to be quite helpful (a much improved system since the days that Frank Markun and Helen Lodge trudged about the State Capitol seeking much needed information, sometimes with fruitless results.

The seminar was held on September 26th at the Charleston Marriott. It was a most productive meeting. WVBOLD appreciated the WV Legislature mandating these annual seminars. Helen and Frank attended the seminar, representing the WVBOLD.

EXPLANATION OF MAILING LABELS

For the benefit of numerous new licensed dietitians in the state, please review your mailing label on this envelope. You will find above your name—on the left side—your licensure number. On the right, you will find the original date of your licensure.

We would suggest that you make a note of it for Renewal Time in the Spring of 2008.

Always use your licensure number when contacting the WVBOLD.

PERSONAL NOTE FROM WVBOARD CHAIRMAN:

I would like to take a moment to pay tribute to two non-dietitians who assisted me over the past ten years with Board/Office related chores. My sister, Betty Carson, assisted me with several mailings of Renewals. One year when I was quite busy, she took the forms—collated them, placed them in envelopes, sealed the envelope with tape and attached the labels. The year our law was extended, she and her husband rushed to Charleston the afternoon it was signed by Governor Bob Wise to help me in copying the informational letter with the signed date, collating the forms, stuffing the envelopes, affixing labels and rushing to the Charleston Post Office to have them weighed for postage, purchasing the appropriate stamps and placing them on the envelope. It was just as the window was closing. I said “Lady, please don't close that window, we have worked furiously to mail these today”. She held the window open for 15 minutes.

Betty would also come to Charleston at the end of the Renewal Process and assist me with checking our files to be certain every dietitian had renewed or chosen the desired status.

My other sister, Melba White, had invited me to dinner one evening. I told her I could not come because I had to stuff Renewal envelopes. She said “Bring them with you and we'll all help after dinner”. After dinner, each family member was given a part of the process and “bingo” they were done.

As many of you know, I lost those two dear sister in January and February 2007. The WVBOLD Renewal Process went smoothly. Fortunately, the WV Treasurer's Office now sends out the applications. Yet, I missed the input at the office.

Both ladies had their own volunteer activities. Betty was Chairman of the Board of Director's at Montgomery General Hospital, active in the Chamber of Commerce and a member of the team for preparing for the North Central Association survey at WV Tech. Melba was Mayor of Montgomery, active in various related state committees and president of the WV Tech Alumni Association...and they both had husbands.

Please allow me to honor their memory with a “Thanks Girls—you always supported everything in which I was involved. Certainly, not the least was the field of dietetics and the need for licensure”.

MISSION OF WVBOLD

The purpose of the Board is to protect the public interest through its licensure and professional discipline of dietitians and to provide a professional environment that encourages the delivery of quality nutritional information and medical nutrition therapy within the State of West Virginia.

GOAL OF WVBOLD BY 2009

Add to web site by FY 2009 the ability to have employers confirm status of members without having to go through the Board office. Progress is being made to achieve this goal in early 2008.

GOAL OF WVBOLD by 2008

Decrease issue of licenses time from 15 to 10 business days. Most times this is 2-3 days and even several in 24 hours.

OVERVIEW OF PROFESSIONAL REGULATION OF DIETITIANS

Forty-four states currently have statutory provisions regarding profession regulation of dietitians and/or nutritionist. The rationale for legislatures acting to protect these titles is simple: the public deserves to know which individuals are qualified by education, experience and examination to provide nutrition care services.

State legislatures are charged with protecting the health and safety of the public. Accordingly, every state regulates occupations and professions that have an impact on the public's health and safety.

As the public has become aware of the importance of good nutrition, many entrepreneurs have taken advantage of the newly recognized market. While many of these products and services may be worthwhile when used in the context of an overall good nutrition regimen, some are simply capitalizing on the new infatuation the consuming public has with healthy eating and nutrition.

As medical nutrition therapy is used in the treatment of various diseases, individuals seeking nutritional advice that are medically compromised deserve the assurance that the individual treating them has the requisite education and experience. Licensure laws protect the public from unscrupulous and unqualified individuals who would portray themselves as nutrition experts.

The WVBOLD has received several calls, from out-of-state and in-state, this past year inquiring about the laws in WV for practicing dietetics. In conversation, it was generally obvious that these individuals were looking for a state in which they could practice dietetics without the necessary educational credentials. In addition several calls were received from WV dietitians inquiring about other professions seeking to cash-in on instructing citizens on weight reduction diets. In those cases, dietitians were given the proper tools to address the issues with those individuals, outlining the scope of practice of dietetics.

Please be reminded that a "Complaint Form" can be found on the www.wvbold.com Website or call or e-mail the Board office.
