ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Physician Assistant Committee Meeting Minutes

July 11, 2020

The Physician Assistant Committee of the West Virginia Board of Medicine via GoToMeeting, on July 11, 2020 at 9:30 am.

The following Committee members were present:

- Victoria L. Takubo, PA-C, Chair
- Harry E. Duncan, MD
- Reverend Janet M. Harman
- Angela A. Mayfield
- Russell O. Wooton
- Kenneth Dean Wright, PA-C
- Jonathan P. Lilly, MD

The following Staff members were present:

- Mark A. Spangler, MA
- Jamie S. Alley, Esq.
- Greg S. Foster, Esq.
- Sheree J. Thompson, Supervisor of Licensing
- Melissa D. Cross, Technical Writer/Administrative Assistant
- Thomas M. McCall, Physician Assistant Licensure Analyst

With a quorum present, Ms. Takubo called the meeting to order. The Committee reviewed the minutes from its May 16, 2020 meeting. Dr. Lilly moved that the Committee approve the minutes. Rev. Harman seconded the motion, and the motion carried.

CALL TO ORDER

APPROVAL OF PUBLIC MINUTES

The Committee reviewed the following complete applications for initial physician assistant licensure.

APPLICANT DISCUSSION

1. Sarah Elizabeth Baune, PA-C
2. Mary Rose Butcher, PA-C
3. Kelley Ann Campbell, PA-C
4. Emily Joyce Courtwright, PA-C
5. Lauren Michelle Gerchufsky, PA-C
6. Abigail Renee Grant, PA-C
7. Hallie Dove Gunnoe, PA-C

8. Jessy Marie Hamrick, PA-C
9. Jamie Marie Houston, PA-C
10. Daniel Te-Kai Huang, PA-C
11. Sara Beth Johnson, PA-C
12. Mikaela Ann Kiser, PA-C
13. Melissa Kaye Haynes Lilly, PA-C
14. Morgan Ashley Neal, PA-C
15. Khanh Minh Nguyen, PA-C
16. Breanna Marie Perzanowski, PA-C
17. Michelle Nicolette Porembka, PA-C
18. Devon Flynn Schara, PA-C
19. Patricia Ann Shannon, PA-C
20. Olivia Laken Younis, PA-C
21. Michaela Rose DeLorenzo, PA-C
22. Alexa Marie Engle, PA-C
23. Katie Lynnette Kisner, PA-C
24. Jenna Lee Shumar, PA-C

No conflicts having been declared; Mr. Wright moved that the Committee recommend each of the twenty-four applicants discussed by the Committee for physician assistant licensure by the Board. Dr. Duncan seconded the motion, and the motion carried.

The Committee reviewed the following complete application for reactivation of physician assistant licensure.

1. Duane Allen Bartsch, PA-C

No conflicts having been declared; Dr. Duncan moved that the Committee recommend the applicant discussed by the Committee for reactivation of physician assistant licensure by the Board. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed a request for a Practice Agreement **DISCUSSIONS** proposing delegation of advanced duties of MAT via telemedicine. Mr. Wright made a motion to approve the Practice Agreement of Kristen McKenzie Harmon, PA-C and Prakash Raghunath Puranik, MD. Dr. Duncan seconded the motion, and the motion carried.

Ms. Thompson notified the Committee that Board staff has authorized twenty-two licensee and two emergency registrant Practice Agreements and twenty-eight Practice Notifications in May and June 2020.

Ms. Thompson notified the Committee that Board staff has authorized two Physician Assistant reactivations since the May 2020 Meeting.

1. Robert T. Potts, PA-C #948 6/22/2020
2. Joshua Alan Rhodes, PA-C #1931 6/22/2020

Ms. Thompson notified the Committee that Board staff has authorized a total of ninety-four Physician Assistant for emergency practice.

There being no further business, Mr. Wright moved that the Committee adjourn. Mr. Wooton seconded the motion, the motion carried, and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Physician Assistant Committee Meeting Minutes

September 12, 2020

The Physician Assistant Committee of the West Virginia Board of Medicine met via GoToMeeting on September 12, 2020 at 9:30 am.

The following Committee members were present:

Victoria L. Takubo, PA-C, Chair
Harry E. Duncan, MD
Reverend Janet M. Harman
Jonathan P. Lilly, MD
Angela A. Mayfield
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Sheree J. Thompson
Melissa D. Cross

With a quorum present, Ms. Takubo called the meeting to order. The Committee reviewed the minutes from its July 11, 2020 meeting. Mr. Wooton moved that the Committee approve the minutes. Rev. Harman seconded the motion, and the motion carried.

CALL TO ORDER

APPROVAL OF PUBLIC MINUTES

The Committee reviewed the following complete applications for initial physician assistant licensure.

APPLICANT DISCUSSION

1. Miranda Katelyn Arison, PA-C
2. Misty Rachelle Arrington, PA-C
3. Michelle Lee Batista-Olivieri, PA-C
4. Bonnie Lynn Blackburn, PA-C
5. Heather Lauren Chaderwick, PA-C
6. Patrick Joseph Corbitt, PA-C

7. Joshua Brian Ellis, PA-C
8. Erica Marie Fitzsimmons, PA-C
9. Alexandra Elise Franke, PA-C
10. Iwona Anna Gasior, PA-C
11. Brittany Jean Hamilton, PA-C
12. Kenella Hayton, PA-C
13. Marian Jeanette Keen, PA-C
14. Stephanie Marie Kelley, PA-C
15. Casey Nicole Lassiter, PA-C
16. Mitchell Lunder Maser, PA-C
17. Poupee Mol Pang, PA-C
18. Paulina Agnieszka Paw, PA-C
19. Emily Jo Puskarich, PA-C
20. Kyle Louis Pytlak, PA-C
21. Ryan Scott Rafa, PA-C
22. David Brandon Riley, PA-C
23. James Malcom Slone, Jr., PA-C
24. Kaitlyn Rene Smith, PA-C
25. Amanda Nicole Thoburn, PA-C

No conflicts having been declared; Dr. Duncan moved that the Committee recommend each of the twenty-five applicants discussed by the Committee for physician assistant licensure by the Board. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed whether greater occipital nerve block, lesser occipital nerve block and EMG guided injection chemodenervation and neurolysis may be delegated to physician assistants as advanced duties. After discussion, Dr. Lilly moved that the Committee approve greater occipital nerve block, lesser occipital nerve block and EMG guided injection chemodenervation and neurolysis as advanced duties for physician assistants in an office setting. Rev. Harman seconded the motion, and the motion carried. These procedures will be added to the Board's *Advanced Procedure List for all Practice Locations Except Hospitals and Ambulatory Surgical Facilities ("Appendix A")*, under orthopedic procedures. Appendix A is available on the Board's website. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, these procedures will require the submission of 10 logs for approval. **DISCUSSIONS**

The Committee reviewed and discussed whether urodynamics, installation of BCG, urethral dilations and InterStim interrogation may be delegated to physician assistants as advanced duties. After discussion, Dr. Lilly moved that the Committee approve

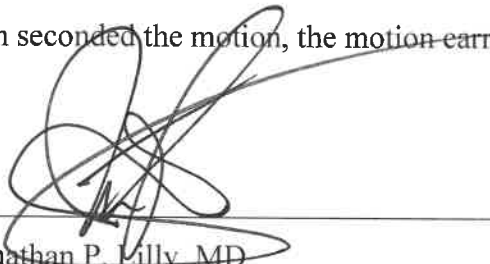

urodynamics, installation of BCG, urethral dilations and InterStim interrogation as advanced duties for physician assistants in an office setting. Dr. Duncan seconded the motion, and the motion carried. These procedures will be added to Appendix A under urological procedures. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, these procedures will require the submission of 10 logs for approval.

Ms. Thompson notified the Committee that Board staff has authorized sixteen Practice Agreements in July and twenty Practice Agreements in August. Board staff authorized sixteen Practice Notifications in July and twenty-eight Practice Notifications in August.

Ms. Thompson notified the Committee that Board staff has registered a total of one hundred and one Physician Assistants for emergency practice.

There being no further business, Dr. Duncan moved that the Committee adjourn. Rev. Harman seconded the motion, the motion carried, and the meeting adjourned.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Physician Assistant Committee Meeting Minutes
November 7, 2020

The Physician Assistant Committee of the West Virginia Board of Medicine met via GoToMeeting on November 7, 2020 at 9:30 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Acting Chair
Reverend Janet M. Harman
Angela A. Mayfield
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Committee member was absent:

Victoria L. Takubo, PA-C, Chair

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly, who was designated by Committee Chair Takubo to chair the meeting in her absence, called the meeting to order. The Committee reviewed the minutes from its September 12, 2020 meeting. Rev. Harman moved that the Committee approve the minutes. Ms. Mayfield seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee reviewed the following complete applications for initial physician assistant licensure:

**APPLICANT
DISCUSSION**

1. Mary Katherine Bowling, PA-C
2. Taylor Morgan Chevalier, PA-C
3. Peter Michael Cioloca, PA-C

4. Brandon Lee Coburn, PA-C
5. Kristi Erin Dalton, PA-C
6. Caitlin Elizabeth Estep, PA-C
7. Rachel Elaine Fulks, PA-C
8. Mary Katherine Kerns, PA-C
9. Kyle Emil Lehosit, PA-C
10. Zane Timothy McGuire, PA-C
11. Scott Andrew Nesland, PA-C
12. Lauren Brianne Peyton, PA-C
13. Yuenan Sun Pitrolo, PA-C
14. Kari Dalnoky Rogers, PA-C
15. Taylor Mackenzie Summers, PA-C
16. Anna Elizabeth Warfield, PA-C

No conflicts having been declared; Mr. Wooton moved that the Committee recommend each of the preceding sixteen applicants discussed by the Committee for physician assistant licensure by the Board. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the licensure application of Nathaniel Lewis Rainey, PA-C, which appeared to be missing a signature on page three. Rev. Harman moved that the Committee recommend the applicant for physician assistant licensure by the Board pending the receipt of an amended application page. Mr. Wooton seconded the motion, and the motion carried.

Lisa Marie McCormack, PA-C appeared before the Committee in support of her application for physician assistant licensure. After meeting with Ms. McCormack, Ms. Mayfield moved that the Committee recommend the application be placed on hold pending additional information from the applicant regarding her current states of licensure and registration, any agreements between the applicant and other jurisdictions regarding limitations or restrictions on her clinical practice, additional details concerning her anticipated practice plans in West Virginia and specific information concerning her periods of NCCPA certification. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed the following additional complete applications for initial physician assistant licensure:

1. Allyson Brooke Branham, PA-C
2. Brianna Lynn Culp, PA-C
3. Kaitlyn Marie Hoshor, PA-C

No conflicts having been declared; Rev. Harman moved that the Committee recommend each of the preceding three applicants discussed by the Committee for physician assistant licensure by the Board. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and considered whether certain podiatric medical procedures constitute advance duties which are susceptible to delegation to physician assistants. After robust discussion, the Committee elected to table the discussion until the next Committee Meeting and invite Dr. Lakin and Dr. Donatelli to join the Committee for this discussion if they are available to do so.

DISCUSSIONS

The Committee reviewed and discussed four Practice Agreements which propose the delegation of advanced duties of MAT via telemedicine. Ms. Harman moved to approve the delegation of MAT utilizing telemedicine technologies in each of the following four Practice Agreements:

Practice Agreements Proposing Delegation of MAT Utilizing Telemedicine Technologies	
Physician Assistant	Collaborating Physician
Katie Lynnette Kisner, PA-C	Ryan John Wakim, MD
Michelle Marie Pilkington, PA-C	Hussein El-Sayed El-Khatib, MD
Tracey Lee Sherman, PA-C	Kevin Douglas Junkins, MD
Beverly Elaine Sparks, PA-C	Scott Allen Gilchrist, MD

Ms. Mayfield seconded the motion, and the motion carried.

Ms. Thompson notified the Committee that Board staff authorized the following Practice Agreements and Practice Notifications in September and October:

Month	Practice Agreements Authorized	Practice Notifications Activated
September	19	22
October	19	18

Ms. Thompson notified the Committee that Board staff has authorized two Physician Assistant licensure reactivations since the September 2020 Meeting:

Name	License Number	Activation Date
Hiatt T. Wolfe, PA-C	1281	September 14, 2020
Jennifer Marie Duvall, PA-C	1217	October 16, 2020

Ms. Thompson notified the Committee that Board staff has registered 102 out-of-state Physician Assistants for emergency practice.

There being no further business, Rev. Harman moved that the Committee adjourn. **ADJOURNMENT**
Mr. Wooton seconded the motion, the motion carried, and the meeting adjourned.

4. Emergency Registrations for PAs Update

5. 2021 Renewal Information

6. Consideration of process for evaluation of Practice Agreements proposing the delegation of MAT through the utilization of telemedicine technologies. – Add-on

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Physician Assistant Committee Meeting Minutes

January 9, 2021

The Physician Assistant Committee of the West Virginia Board of Medicine met via GoToMeeting on January 9, 2021 at 9:30 am.

The following Committee members were present:

Victoria L. Takubo, PA-C, Chair
Reverend Janet M. Harman
Jonathan P. Lilly, MD
Angela A. Mayfield
Christopher J. Tipton, PA-C
Russell O. Wooton
Carrie Lakin, MD¹
Timothy J. Donatelli, DPM¹

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Ms. Takubo called the meeting to order. The Committee reviewed the minutes from its November 7, 2020 meeting. Dr. Lilly moved that the Committee approve the minutes. Ms. Mayfield seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee reviewed a proposed practice agreement requesting approval to delegate certain podiatric medical acts to the physician assistant as advanced duties in a podiatric office setting. The Committee first reviewed the inquiry in November 2020 and tabled consideration to the January 2021 meeting. The Committee invited, and the Board

**RETURNING
DISCUSSIONS**

¹ By invitation of the Licensure Committee on November 7, 2020, and action of the Board at its November 9, 2020 meeting, Dr. Lakin and Dr. Donatelli are sitting by designation as members of the Licensure Committee for the purpose of the Committee's first discussion.

approved, Dr. Lakin and Dr. Donatelli joining the Licensure Committee for the purposes of this discussion. Drs. Donatelli and Lakin provided information concerning the proposed procedures as utilized in the podiatric medical office and participated in the Committee’s robust discussion of these medical acts. Dr. Lakin and Dr. Donatelli left the meeting at this time and were absent for the remainder of the meeting. After robust discussion Rev. Harman moved that the Committee make the following determinations:

Procedure	Determination
Plantar fascia injections	Approved
Mid-foot/neuroma injections	Approved
Hindfoot injections	Approved
Phenol sclerosing injections	Not Approved
Wound debridement	Approved but limited to superficial debridement of the dermis and epidermis.

Dr. Lilly seconded the motion, and the motion carried. The Committee directed staff to add the procedures it approved as advanced duties to the Board approved Advanced Procedure List. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, these procedures will require the submission of 10 logs for approval.

The Committee reviewed the following complete applications for initial physician assistant licensure:

1. Allison Nichole Albright, PA-C
2. Ana Leigh Brandt, PA-C
3. Amanda Elizabeth Dawson, PA-C
4. Killian Michael Ellis, PA-C
5. Zachary Steven Gunter, PA-C
6. Bradley Taylor Hatton, PA-C
7. Linda Hermann, PA-C
8. Kaley Anne Kuzma, PA-C
9. Brianna Renee Maxfield, PA-C
10. Sarah Marie McMillan, PA-C
11. Hannah Rebekah Prontiker, PA-C

**APPLICANT
DISCUSSIONS**

No conflicts having been declared; Ms. Mayfield moved that the Committee recommend each of the preceding eleven applicants discussed by the Committee for physician assistant licensure by the Board. Dr. Lilly seconded the motion, and the motion carried.

Lisa Marie McCormack, PA-C appeared before the Committee in November 2020 in support of her application for physician assistant licensure. After her appearance, the Committee requested that Ms. McCormack submit additional information in support of her application. Ms. McCormack did not submit additional information prior to the January meeting. Dr. Lilly moved that the Committee maintain the application on hold pending additional information from the applicant. Rev. Harman seconded the motion, and the motion carried.

**RETURNING
DISCUSSION**

The Committee reviewed a proposed practice agreement and considered whether the following injection procedures constitute advanced duties. Rev. Harman moved to approve the following injection procedures as advanced duties:

DISCUSSIONS

Procedure	Determination
Proximal biceps tendon sheath	Approved
Carpal tunnel	Approved
Pesanserinus bursa of the knee	Approved
Dequervein’s tendon sheath	Approved
Subacromial bursa of the shoulder	Approved
Trochanteric bursa of the hip	Approved

Dr. Lilly seconded the motion, and the motion carried. The Committee directed staff to add the procedures it approved as advanced duties to the Board approved Advanced Procedure List. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, these procedures will require the submission of 10 logs for approval.

The Committee reviewed a proposed practice agreement and considered whether the following skin tightening and resurfacing procedures constitute advanced duties. Mr. Tipton moved to approve the following procedures as advanced duties:

Procedure	Determination
Radiofrequency skin tightening	Approved
Microneedling for skin resurfacing	Approved

Ms. Mayfield seconded the motion, and the motion carried. The Committee directed staff to add the procedures it approved as advanced duties to the Board approved Advanced Procedure List. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, these procedures will require the submission of 10 logs for approval.

The Committee reviewed a proposed practice agreement and considered whether the following procedures constitute advanced duties. Mr. Tipton moved to approve the following procedures as advanced duties:

Procedure	Determination
Nipple/Areolar Tattooing	Approved
Tissue expanding filler/aspiration	Approved

Ms. Mayfield seconded the motion, and the motion carried. The Committee directed staff to add the procedures it approved as advanced duties to the Board approved Advanced Procedure List. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, these procedures will require the submission of 10 logs for approval.

Ms. Thompson notified the Committee that Board staff authorized the following Practice Agreements and Practice Notifications in November and December 2020:

Month	Practice Agreements Authorized		Practice Notifications Activated	
	WV Licensed	Emergency Registrant	WV Licensed	Emergency Registrant
November	20	1	19	0
December	14	2	25	0

Ms. Thompson notified the Committee that Board staff has authorized three Physician Assistant licensure reactivations in November and December 2020:

Licensee Name	License No.	Reactivation Date
Jill Babette Fowler, PA-C	#773	December 28, 2020
Susan Holberger, PA-C	#1703	December 11, 2020
Rachel Marie Taylor, PA-C	#1577	November 04, 2020

Ms. Thompson notified the Committee that Board staff has registered 106 out-of-state Physician Assistants for emergency practice as of January 8, 2021:

Total PAs Registered	Out of State PAs	Retired WV PAs
106	106	0

The Committee was notified the 2021 renewal cycle for physician assistant licensure and controlled substance dispensing practitioner registration will begin Wednesday, February 3, 2021 and end on Wednesday, March 31, 2021. License renewal will be completed on-line through Big Picture as it was in 2019. PAs who currently hold controlled substance dispensing practitioner registration will be mailed a renewal application on February 1, 2021, which is to be completed and mailed to the Board office with the appropriate fee. Renewal information is available on the Board's website and a CME reminder has been sent to the 1182 currently licensed PAs.

The Committee reviewed its current practice concerning Committee review of all Practice Agreements which propose the delegation of MAT utilizing telemedicine technologies. Dr. Lilly moved that the Committee authorize staff to approve routine Practice Agreements which make this delegation. Ms. Mayfield seconded the motion, and the motion carried.

There being no further business, Rev. Harman moved that the Committee adjourn. **ADJOURNMENT**
Ms. Mayfield seconded the motion, the motion carried, and the meeting adjourned.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Physician Assistant Committee Meeting Minutes

March 6, 2021

The Physician Assistant Committee of the West Virginia Board of Medicine met via GoToMeeting on March 6, 2021 at 9:30 am.

The following Committee members were present:

Victoria L. Takubo, PA-C, Chair
Reverend Janet M. Harman
Jonathan P. Lilly, MD
Angela A. Mayfield
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Ms. Takubo called the meeting to order. The Committee reviewed the minutes from its January 9, 2021 meeting. Dr. Lilly moved that the Committee approve the minutes. Mr. Tipton seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee reviewed the following complete applications for initial physician assistant licensure:

**INITIAL
APPLICATIONS**

1. Courtney Marie Campos, PA-C
2. Danielle Marie D'Angelo, PA-C
3. Rachel Catherine Ellenbogen, PA-C
4. Kathleen Richel Gibbons, PA-C
5. Nathan Thomas Glass, PA-C
6. Leslie Nicole Heggen, PA-C
7. Sarah Taylor Lincoln, PA-C

8. Audrey Lynn McMurray, PA-C
9. Tiffany Kathleen Mitchell, PA-C
10. Steve Nunes, PA-C
11. Stephanie Lynn Randolph, PA-C
12. Victoria Lucille Sellaro, PA-C
13. Sania Khawar Ullah, PA-C
14. Kimberly Joy Waks, PA-C

No conflicts having been declared; Dr. Patel moved that the Committee recommend each of the preceding fourteen applicants discussed by the Committee for physician assistant licensure by the Board. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of Lindsey Nicole Mills, PA-C. Rev. Harman moved that the Committee request Ms. Mills appearance at its May 2021 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

Farrah Syed Zahir, PA-C appeared before the Committee as required by her Consent Order and submitted the required collaborating physician reports and work logs. Ms. Zahir entered into a Consent Order with the Board in May 2019 which required her to practice under direct collaboration for a minimum of 1000 hours during her entry into Physician Assistant practice. She has requested that the Board lift the direct collaboration requirement. After meeting with Ms. Zahir, Dr. Lilly moved that the Committee recommend that the Board terminate Ms. Zahir's Consent Order and lift the direct collaboration requirement. Mr. Tipton seconded the motion, and the motion carried.

**CONSENT
ORDER
REVIEW**

Lisa Marie McCormack, PA-C appeared before the Committee in November 2020 in support of her application for physician assistant licensure. After her appearance, the Committee requested that Ms. McCormack submit additional information in support of her application. Ms. McCormack did not submit additional information prior to the January meeting, but indicated to Sheree Thompson via e-mail that she no longer wishes to pursue licensure in West Virginia. Dr. Lilly moved that the Committee offer Ms. McCormack the opportunity to submit a formal request to withdraw her application for physician assistant licensure. Mr. Wooton seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

The Committee reviewed a proposed practice agreement and considered whether the following injection procedures constitute advanced duties. Dr. Patel moved to approve the following procedures as advanced duties:

Procedure	Determination
Contraction Stress Test Interpretation	Approved

Dr. Lilly seconded the motion, and the motion carried. The Committee directed staff to add the procedures it approved as advanced duties to the Board approved Advanced Procedure List. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, these procedures will require the submission of 10 logs for approval.

Ms. Thompson notified the Committee that Board staff authorized the following Practice Agreements and Practice Notifications in January and February 2021:

Month	Practice Agreements Authorized		Practice Notifications Activated	
	WV Licensed	Emergency Registrant	WV Licensed	Emergency Registrant
January	18	0	12	0
February	14	3	25	0

Ms. Thompson notified the Committee that Board staff has authorized one Physician Assistant licensure reactivation in January and February 2021:

Licensee Name	License No.	Reactivation Date
Elizabeth Kae Boram, PA-C	#1268	January 29, 2021

Ms. Thompson notified the Committee that Board staff has registered 116 out-of-state Physician Assistants for emergency practice as of March 5, 2021:

Total PAs Registered	Out of State PAs	Retired WV PAs
116	116	0

The 2021 renewal cycle for physician assistant licensure and controlled substance dispensing practitioner registration began Wednesday, February 3, 2021 and will end on Wednesday, March 31, 2021. A second renewal reminder was sent February 25, 2021 and three more are scheduled. Approximately 680 PAs of the 1196 eligible have renewed as of March 5, 2021. Renewal information is available on the Board's website.

There being no further business, Rev. Harman moved that the Committee adjourn. **ADJOURNMENT**
Mr. Wooton seconded the motion, the motion carried, and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

July 11, 2020

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting, on July 11, 2020 at 10:00 am.

The following Committee members were present:

Harry E. Duncan, MD, Chair
Rev. Janet M. Harman
Jonathan P. Lilly, MD
Angela A. Mayfield
Victoria L. Mullins, PA-C
Russell O. Wooton, Esq.

The following Committee member was absent:

Timothy J. Donatelli, DPM

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Duncan called the meeting to order. The Committee reviewed the minutes for the May 16, 2020 and May 29, 2020 meetings. Dr. Lilly moved that the Committee approve the minutes. Rev. Harman seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF PUBLIC
MINUTES**

While awaiting its first appearance, the Committee considered items on its agenda requiring discussion.

The Committee reviewed and discussed the application of **Kelly Kathleen Rhodes, MD** for medical licensure. Dr. Rhodes appeared before the Committee to discuss her application in May 2020, and the Committee requested that she submit additional information in supplement to her application. Dr. Rhodes supplemented her application and the Committee reviewed the supplemental information she provided. Rev. Harmon moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Ahmed Robbie, MD** for medical licensure. The applicant could not obtain primary source verification of his medical school education from the University of Mosul in Iraq. In accordance with Board policy for schools located in countries experiencing civil unrest, the applicant requested letters from two classmates attesting they attended medical school with the applicant. The Committee reviewed the correspondence. Mr. Wooton moved that the Committee accept Dr. Robbie's medical education as satisfactorily verified, approve Dr. Robbie's application and recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee was notified that one of its scheduled appearances had arrived and resumed its consideration of appearing applicants

Stephen Lindsay Carter, MD appeared before the Committee in support of his application for a change in the status of his West Virginia medical license from inactive status to active status. After a thorough discussion with Dr. Carter, Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a change in license status from inactive to active. Ms. Takubo seconded the motion, and the motion carried.

Thomas Markus Roesch, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Roesch, Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried

John Wesley Luiza, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Luiza, Rev. Harmon moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

At this time, the Committee took a ten minute recess and reconvened at 11:46 am.

Robert Brentwood Bux, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Bux, Rev. Harmon moved that the Committee place his application on hold pending additional information. Ms. Wooton seconded the motion. Dr. Duncan called for a roll call vote upon the motion. A vote was taken:

Harry E. Duncan, MD, Chair - no

Rev. Janet M. Harman - yes

Jonathan P. Lilly, MD - yes

Angela A. Mayfield - yes

Victoria L. Mullins, PA-C -yes

Russell O. Wooton, Esq. - yes

By a vote of five in favor and one opposed, the motion carried.

Ms. Mayfield left the meeting at this time.

**NEW
DISCUSSIONS**

With a quorum present, the Committee reviewed and discussed the request of **Seyfi Alper Toker, MD** to add a new practice location to his restricted license in extraordinary circumstances. Mr. Wooton moved that the Committee recommend that the Board modify Dr. Toker's extraordinary circumstance license to permit his practice of thoracic medicine and surgery at the additional location of Thomas Health System in South Charleston, West Virginia. Rev. Harmon seconded the motion, and the motion carried. Approval of this modification requires a favorable vote by a 3/4 majority of the Board.

The Committee reviewed and discussed the application of **Kyle Wilson Young, MD** for change of status from inactive to active medical licensure. Ms. Mayfield rejoined the meeting at this time. Rev. Harmon moved that the Committee request Dr. Young's appearance at its September Committee meeting. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Hemant Sarin, MD** for reinstatement of medical licensure. Dr. Lilly moved that the Committee request Dr. Sarin's appearance at its September Committee meeting. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Nishant R. Dagli, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board offer Dr. Dagli the opportunity to submit a request to withdraw his application for medical licensure. If he elects to continue to pursue his application in lieu of withdrawal, Ms. Takubo further moved that the Committee request his appearance at its September Committee Meeting. Dr. Lilly seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Tejveer Singh, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board

grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Edwin James Kairis, MD** for medical licensure. Dr. Kairis exclusively practices administrative medicine. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia contingent upon Dr. Kairis' acceptance of a Consent Order restricting his practice of medicine to administrative medicine. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jennifer Marie Scarpone, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Scarpone's appearance at its September Committee Meeting. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Donald Eugene Berman, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Berman's appearance at its September Committee Meeting. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Catherine Renee Lewis, MD** for medical licensure. Dr. Lilly moved that the Committee recommend that the Board offer Dr. Lewis the opportunity to submit a request to withdraw her application for medical licensure. If she elects to continue to pursue her application in lieu of withdrawal, Dr. Lilly further moved that the Committee request her appearance at its September Committee Meeting. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Steven Peter Maron, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the

Board grant the applicant a license to practice medicine and surgery in West Virginia, pending payment of the Patient Injury Compensation Fund fee. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **William James Hwang, MD** for medical licensure. Dr. Lilly moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Gary Dean Harter, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried

Board staff provided the Committee with the following updates and information:

The Committee received and reviewed a list of eighty-seven initial medical license applicants whose applications do not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee received and reviewed a list of two initial podiatric license applicants whose applications do not require an appearance or individualized discussion.

A complete list of the podiatric initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the identified initial podiatric licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

The Committee received and reviewed an inquiry from Weirton Medical Center concerning the role of podiatric physicians in completing complete pre-operative H&Ps for podiatric surgical patients. The Committee directed staff to gather additional information relative to this inquiry. The Committee will take up the inquiry in September when Dr. Donatelli is available to participate in the discussion. The Committee also invites Dr. Lakin to join the Committee to participate in this discussion if she is available. Dr. Lilly made a motion to table the discussion until the September Committee Meeting. Ms. Takubo seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity since the May 2020 Committee Meeting:

- Previous Committee Actions
- IMLC Licenses Issued
- LOQs Issued
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Medical Licensure
- Reactivations of Medical Licensure
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee received an update on 2020 renewal. Online renewal for physicians whose last names begin with the letters A through L commenced on Monday, May 11, 2020 and will continue through 4:30 pm on September 30, 2020. As of Friday, July 10, 2020, 2049 physicians have completed the online renewal process. Additionally, 56 physicians have submitted renewals for Controlled Substance Dispensing Registrations (Physicians A-L) and 22 PLLCs have renewed. Educational Permit renewal began July 1, 2020.

There being no further business, Rev. Harman moved that the meeting be adjourned. **ADJOURNMENT**

Mr. Wooton seconded, the motion carried and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

September 12, 2020

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on September 12, 2020 at 10:00 am.

The following Committee members were present:

Harry E. Duncan, MD, Chair
Rev. Janet M. Harman
Jonathan P. Lilly, MD
Angela A. Mayfield
Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton, Esq.
Carrie Lakin, MD¹

The following Committee member was absent:

Timothy J. Donatelli, DPM

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Duncan called the meeting to order. The Committee reviewed the minutes for the July 11, 2020 meeting. Rev. Harman moved that the Committee approve the minutes. Ms. Takubo seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF PUBLIC
MINUTES**

¹ By invitation of the Licensure Committee on July 11, 2020, and action of the Board at its July 13, 2020 meeting, Dr. Lakin is sitting by designation as a member of the Licensure Committee for the purpose of the Committee's first discussion.

The Committee received and reviewed an inquiry from Weirton Medical Center concerning the role of podiatric physicians in completing pre-operative H&Ps for podiatric surgical patients. The Committee first reviewed the inquiry in July and tabled consideration to the September meeting. The Committee invited, and the Board approved, Dr. Lakin joining the Licensure Committee for the purposes of this discussion. After robust discussion, Ms. Takubo moved that the Committee recommend that the Board respond to the requestor that it is of the opinion that podiatric physicians may perform pre-operative history and physicals for podiatric surgical patients in West Virginia if: (1) the podiatric physician has the appropriate training to perform pre-operative history and physicals; and (2) the hospital where the procedure is performed allows podiatric physicians to be credentialed to perform pre-operative history and physicals for podiatric patients. Ms. Mayfield seconded the motion, and the motion carried.

Dr. Lakin left the meeting at this time and was absent for the remainder of the meeting.

Peter Gerard Deveaux, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Deveaux, Mr. Wootton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Lilly seconded the motion, and the motion carried.

Edwin James Kairis, MD appeared before the Committee in support of his application for medical licensure. The Committee previously reviewed Dr. Kairis's application in July 2020 and offered Dr. Kairis licensure via a Consent Order which would restrict his medical practice in West Virginia to administrative medicine. After a thorough discussion with Dr. Kairis, Ms. Takubo moved that the Committee place Dr. Kairis' application on hold pending his completion and passage of the SPEX examination at his own expense. Ms. Takubo further moved that Dr. Kairis be offered the opportunity to

accept the previously offered Consent Order restricting his practice to administrative medicine in lieu of passing the SPEX exam. Rev. Harman seconded the motion, and the motion carried.

Jennifer Marie Scarpone, MD appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Scarpone, Ms. Mayfield moved that the Committee recommend that the Board offer Dr. Scarpone the opportunity to submit a request to withdraw her application for medical licensure. Ms. Takubo seconded the motion, and the motion carried.

Catherine Renee Lewis, MD appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Lewis, it was the consensus of the Committee that it needs additional information concerning the facts and circumstances surrounding the action against Dr. Lewis' clinical privileges at two separate hospitals within the last five years to fully evaluate her application for West Virginia licensure. Mr. Tipton moved that the Committee place Dr. Lewis' application on hold pending receipt of additional information from the applicant and third parties. Ms. Mayfield seconded the motion, and the motion carried.

Abhishek Bhat, MD appeared before the Committee in support of his application for a restricted license in extraordinary circumstance. After a thorough discussion with Dr. Bhat, and a review of the requirements for restricted licensure in extraordinary circumstances, Ms. Takubo moved that the Committee recommend that the Board offer Dr. Bhat the opportunity to submit a request to withdraw his application for a restricted license in extraordinary circumstances. Dr. Lilly seconded the motion, and the motion carried.

Hemant Sarin, MD appeared before the Committee in support of his application for reinstatement of medical licensure. After a thorough discussion, it was the consensus of the Committee that it needs additional information to evaluate the applicant's current

fitness to practice medicine and surgery with reasonable skill and safety. Ms. Mayfield moved that the Committee recommend that the Board, pursuant to its statutory authority set forth in West Virginia Code § 30-3-14(f), require Dr. Sarin to submit to a mental and physical examination by a physician or physicians approved by the Board, at the Board's expense, prior to the Committee taking action upon Dr. Sarin's reinstatement application. Dr. Lilly seconded the motion, and the motion carried.

Kyle Wilson Young, MD appeared before the Committee in support of his application for a change in the status of his West Virginia medical license from inactive status to active status. After a thorough discussion with Dr. Young, Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a change in licensure status from inactive to active contingent upon Dr. Young's acceptance of a Consent Order that imposes a \$5,000 administrative fine for practicing medicine in West Virginia pursuant to an inactive status license. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Javeed Khan, MD** for medical licensure. Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Lilly seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the request to withdraw the application of **Nishant R. Dagli, MD** for medical licensure. Dr. Lilly moved that the Committee recommend that the Board grant Dr. Dagli's withdrawal request. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the request to withdraw the application of **Donald Eugene Berman, MD** for medical licensure. Ms. Mayfield moved that the Committee recommend that the Board grant Dr. Berman's withdrawal request. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Robert Brentwood Bux, MD** for medical licensure. Dr. Bux appeared before the Committee in support of his application in July 2020 and submitted additional information thereafter in support of his application. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Lilly seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Kathleen Louise McDonald, MD** for medical licensure. Dr. Lilly moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Sheryl Dubois Galt, MD** for medical licensure. Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Lilly seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Rinit Harishkumar Pancholi, MD** for medical licensure. Rev. Harmon moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia, pending payment of the Patient Injury Compensation Fund fee. Dr. Lilly seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Skyler Bryce McCoy, MD** for medical licensure. Dr. Lilly moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Hamed Vahedikafshgari, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **David William Moen, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Moen's appearance at its November Committee Meeting. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Richard Jan Gajdowski, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board offer Dr. Gajdowski the opportunity to submit a request to withdraw his application for medical licensure. Dr. Lilly seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Hillary Grace Whonder-Genus, MD** for medical licensure. Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Lilly seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Azedine Medhkour, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Medhkour's appearance at its November Committee Meeting. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Federico Gian Filippo Seifarth, MD** for medical licensure. Dr. Lilly moved that the Committee, having reviewed Dr. Seifarth's application in light of the statutory requirements for initial licensure, accept the applicant's request for consideration as a medical school faculty licensure applicant and

invite him to appear at the November Committee meeting. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Richard B. Kline, MD** for a change in the status of his West Virginia medical license from inactive status to active status. Mr. Wooton moved that the Committee request Dr. Kline's appearance at its November Committee Meeting. Dr. Lilly seconded the motion, and the motion carried.

The Committee reviewed correspondence from West Virginia University seeking permission to expand the authorized practice locations for medical school faculty licensee **David Philip Richards, MD**. The Committee determined that it needs more information to fully understand the request. Rev. Harman moved that the Committee ask WVU to explain its position on how expansion of the medical school faculty licensee's practice to the proposed new site, an additional location of the Eastern Division in Shepherdstown, complies with the statutory limitations imposed in W.Va. Code § 30-3-11a(c) which requires that a medical school faculty licensee's practice be limited to the medical center of the medical school of faculty appointment. Ms. Mayfield seconded the motion, and the motion carried.

The Committee received and reviewed a list of sixty-nine initial medical license applicants whose applications do not require an appearance or individualized discussion. As denoted on the list, one of the sixty-nine complete applications is pending payment of the PICF fee. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Mayfield moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia with one applicant to be granted

licensure pending payment of the PICF fee as noted on Attachment 1. Rev. Harman seconded the motion, and the motion carried.

The Committee received and reviewed a list of one initial podiatric physician license applicant whose application did not require an appearance or individualized discussion. The initial podiatric physician applicant list considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the identified initial podiatric physician licensure applicant and recommend that the Board grant the applicant a license to practice podiatric medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

The Committee received and reviewed a list of one initial volunteer medical license applicant whose application did not require an appearance or individualized discussion. The initial volunteer medical license applicant list considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 3.

Members of the Committee reviewed the list for conflicts. Dr. Duncan declared a conflict with respect to Dr. Daniel Foster's application for volunteer medical license due to an established mentor relationship and personal friendship for many years. Dr. Duncan appointed Dr. Lilly to chair the meeting for purposes of consideration of this application. Dr. Duncan left the meeting and was absent for the remainder of the discussion and vote. With a quorum remaining, and Dr. Lilly serving as chair of the Committee for the purposes of discussing Dr. Foster's application, Ms. Takubo moved that the Committee approve the volunteer medical licensure applicant and recommend that the Board grant the applicant a license to practice volunteer medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

Dr. Duncan rejoined the meeting at this time.

The Committee also received updates on the following licensure activity since the July 2020 Committee Meeting:

- Previous Committee Actions
- IMLC Licenses Issued
- LOQs Issued
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Medical Licensure
- Reactivations of Medical Licensure
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 4. Additionally, the Board received an update regarding IMLC action to disqualify a physician from compact licensure due to an incorrect Letter of Qualification that was issued by the physician's state of principal licensure. This physician received a compact license from multiple states, including West Virginia, based upon incorrect information verified by the state of principal licensure. The physician has been barred by the IMLC from renewing licensure via the IMLC. We anticipate the license issued by the Board to expire on September 30, 2020.

The Committee received an update on 2020 renewal. Online renewal for physicians whose last names begin with the letters A through L commenced on Monday, May 11, 2020 and will continue through 4:30 pm on September 30, 2020. As of Friday, September 11, 2020, 2862 physicians have completed the online renewal process. Additionally, 57 physicians have submitted renewals for Controlled Substance Dispensing Registrations (Physicians A-L) and 95 PLLCs have renewed. There have been 377 Educational Permit renewals since July 1, 2020.

There being no further business, Ms. Mayfield moved that the meeting be adjourned. **ADJOURNMENT**

Dr. Lilly seconded, the motion carried and the meeting adjourned.

A handwritten signature in black ink, appearing to read 'Jonathan P. Lilly, MD'. The signature is stylized and somewhat cursive, with a long horizontal stroke extending to the right.

Jonathan P. Lilly, MD
Chair of the Licensure Committee

 - c. Educational and Reciprocal Educational Permits
 - d. Reinstatement of Medical Licensure
 - e. Reactivation of Medical Licensure
 - f. Change in Status for Medical Licensure
 - g. Emergency Registrations
3. Update on 2020 Renewal Cycle

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

November 7, 2020

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on November 7, 2020 at 10:15 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Rev. Janet M. Harman
Angela A. Mayfield
Christopher J. Tipton, PA-C
Russell O. Wooton, Esq.

The following Committee members were absent:

Timothy J. Donatelli, DPM
Victoria L. Takubo, PA-C

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the September 12, 2020 meeting. Rev. Harman moved that the Committee approve the minutes. Mr. Tipton seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

David William Moen, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Moen, Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a

**APPEARING
APPLICANTS**

license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

Richard B. Kline, MD appeared before the Committee in support of his application for reinstatement of medical licensure. After a thorough discussion with Dr. Kline, Ms. Mayfield moved that the Committee recommend that the Board offer Dr. Kline the opportunity to submit a request to withdraw his application for reinstatement of medical licensure. Mr. Wooton seconded the motion, and the motion carried.

Federico Gian Filippo Seifarth, MD appeared before the Committee in support of his application for medical school faculty licensure. Dr. Seifarth initially applied for a traditional medical license. He requested that the Committee permit him to convert his application to an application for medical school faculty licensure due to the statutory requirements that traditional licensure applicants complete all three of the USMLE exams within 10 years and complete ACGME-accredited graduate medical education training. In September 2020, the Committee granted Dr. Seifarth's request to convert his application to a medical school faculty license based upon his unrestricted license in another state and his faculty appointment at the medical center of West Virginia University School of Medicine in Morgantown, West Virginia. After a thorough discussion with Dr. Seifarth, Rev. Harman moved that the Committee recommend that the Board place Dr. Seifarth's application on hold to provide him with an opportunity to submit additional information in support of his application. The Committee also asks Dr. Seifarth to request and authorize Kalispell Regional Hospital to provide information directly to the Board and authorizes Board staff to engage in appropriate follow-up. Mr. Tipton seconded the motion, and the motion carried. Ms. Alley confirmed that, consistent with this motion and the Board's statutory authority, Board staff will engage in appropriate follow-up and investigation in advance of the Committee's January 2021 meeting.

Alice Maria Elfriede Seifarth, MD appeared before the Committee in support of her application for medical licensure. She initially applied for a traditional license, but requested that the Committee consider her application as a medical school faculty application based upon her unrestricted license in another state and her faculty appointment at the medical center of West Virginia University School of Medicine in Morgantown, West Virginia. After a thorough discussion with Dr. Seifarth, Mr. Wooton moved that the Committee recommend that the Board grant the applicant a West Virginia medical school faculty license. Mr. Tipton seconded the motion, and the motion carried.

Due to technical issues, the Committee deferred the appearance of **Azedine Medhkour, MD** until later in the meeting and turned its attention to applications on its agenda which were returning for additional discussion.

The Committee reviewed and discussed the request to withdraw the application of **Abhishek Bhat, MD** for a restricted license in extraordinary circumstances. Mr. Wooton moved that the Committee recommend that the Board grant Dr. Bhat's withdrawal request. Rev. Harman seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

The Committee reviewed and discussed the request to withdraw the application of **Richard Jan Gajdowski, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant Dr. Gajdowski's withdrawal request. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the request to withdraw the application of **Jennifer Marie Scarpone, MD** for medical licensure. Mr. Wooton moved that the Committee recommend that the Board grant Dr. Scarpone's withdrawal request. Mr. Tipton seconded the motion, and the motion carried.

The Committee received an update on the application of **Edward James Kairis, MD** for medical licensure. Dr. Kairis notified the Committee that he will apply to take the SPEX examination. His application remains on hold at this time.

The Committee reviewed and discussed the application of **Catherine Renee Lewis, MD** for medical licensure. Rev. Harmon moved that the Committee recommend that Dr. Lewis' application remain on hold pending additional information from WellStar Douglas Hospital and Norton Community Hospital. The Committee directed Board staff to request additional information directly from Norton Community Hospital. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the practice location modification of medical school faculty licensee **David Phillip Richards, MD**. Ms. Mayfield moved that the Committee recommend that the Board approve the following practice locations, all of which comprise the designated medical center of his faculty appointment campus, WVU School of Medicine, Eastern Division:

Jefferson Medical Center
Ranson, West Virginia

Harpers Ferry Family Medicine
Bolivar, West Virginia

University Healthcare Physicians, Inc.
Sports Medicine Center
Charles Town, West Virginia

University Healthcare Physicians, Inc.
Shepherdstown, West Virginia

Rev. Harman seconded the motion, and the motion carried.

At this time, the Committee returned to its appearing applicants to meet via GoToMeeting with applicant **Azedine Medhkour, MD**. Dr. Medhkour appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Medhkour, Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

**APPEARING
APPLICANT**

At this time, the Committee resumed its discussions of applications which were returning for additional discussion and received an update on the application of **Hemant Sarin, MD** for reinstatement of medical licensure. Dr. Sarin's application will remain on hold pending additional information.

**RETURNING
DISCUSSION**

The Committee reviewed and discussed the application of **Juman Tak Eddin, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the application of **Medhane Hagos Mesgena, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Mesgena's appearance at its January 2021 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Steven Douglas Sagun, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Edward Joseph Silvio Picardi, MD** for medical licensure. Rev. Harman moved that the Committee recommend

that the Board grant the applicant a license to practice medicine and surgery in West Virginia, pending payment of the Patient Injury Compensation Fund fee and contingent upon his agreement to a Consent Order which imposes a public reprimand for his federal felony convictions in the United States District Court for the District of South Dakota. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Robert Joseph Albrecht, Jr., MD** for medical licensure. Ms. Mayfield moved that the Committee request Dr. Albrecht's appearance at its January 2021 Committee Meeting. Ms. Mayfield further moved that Dr. Albrecht be directed to provide additional information concerning the facts and circumstances surrounding his voluntary surrender of clinical privileges at Tideland Health in advance of his Committee appearance. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Fredric Jarrett, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Jarrett's appearance at its January 2021 Committee Meeting. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Howard Krutzel Horne, MD** for medical licensure. Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Patrick Cameron Dunster, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Crischelle Lynn Shank, MD** for reactivation of medical licensure. Rev. Harman moved that the Committee recommend that the Board grant Dr. Shank's application to reactivate her expired status license to practice medicine and surgery in West Virginia, pending payment of the Patient Injury Compensation Fund fee. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Behram Ali Khan, MD** for reactivation of medical licensure. Rev. Harman moved that the Committee request Dr. Khan's appearance at its January 2021 Committee Meeting. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Lina Jacques, MD** for reactivation of medical licensure. Rev. Harman moved that the Committee request Dr. Jacques's appearance at its January 2021 Committee Meeting. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Renato Falgui Dela Cruz, MD** for reactivation of medical licensure. Ms. Mayfield moved that the Committee recommend that the Board offer Dr. Dela Cruz the opportunity to submit a request to withdraw his application. Ms. Mayfield further moved that, if Dr. Dela Cruz declines the Committee's invitation to seek the withdrawal of his application, that he be directed to personally update multiple application components, including the Uniform Application and the West Virginia Online Application and provide certain additional information and attestations to the Committee prior to the January 2021 meeting agenda deadline. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **David Emad Arsanious, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Arsanious's appearance at its January 2021 Committee Meeting. Rev. Harman further

moved that Dr. Arsanious be directed to provide the Committee with an update on the progress of his ongoing probationary period during his postgraduate training program prior to his January appearance before the Committee. Ms. Mayfield seconded the motion, and the motion carried.

The Committee received and reviewed a list of sixty initial medical license applicants whose applications do not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Mayfield moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity since the September 2020 Committee Meeting:

- Previous Committee Actions
- IMLC Licenses Issued
- LOQs Issued
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Medical Licensure
- Reactivations of Medical Licensure
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

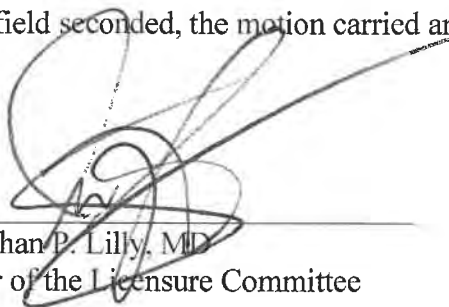

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 2.

The Committee received an update on 2020 renewal. Due to the COVID-19 State of Emergency, online renewal for physicians whose last names beginning with the letters A through L, PLLCs and Controlled Substance Dispensing Registration (A-L) commenced on Monday, May 11, 2020 and concluded at 4:30 pm on September 30, 2020. Educational Permit renewal also concluded on September 30, 2020. Renewal activity as of, September 30, 2020, is as follows:

License/Registration Type	Renewed	Expired
A-L Physicians (traditional renewal)	3560	758
A-L Physicians (via IMLC)	115	50
A-L Controlled Substance Dispensing Registrations	126	95
Educational Permits	413	103
PLLCs	139	16

There being no further business, Mr. Tipton moved that the meeting be adjourned. **ADJOURNMENT**

Ms. Mayfield seconded, the motion carried and the meeting adjourned.

Jonathan P. Lilly, MD
Chair of the Licensure Committee

Licensure Committee Meeting Minutes
January 9, 2021

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on January 9, 2021 at 10:00 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Timothy J. Donatelli, DPM
Reverend Janet M. Harman
Angela A. Mayfield
Kiran R. Patel, MD
Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton, Esq.

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the November 7, 2020 meeting. Ms. Mayfield moved that the Committee approve the minutes. Rev. Harman seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

On December 14, 2020, Kyle Wilson Young, MD and the Board entered into a Consent Order which converted Dr. Young's West Virginia medical license, license number 25634, to active status and imposed an administrative fine for his practice of

**CONSENT
ORDER
REPORT**

medicine and surgery in West Virginia pursuant to an inactive status license. A copy of the Consent Order is available on the Board's website.

Medhane Hagos Mesgena, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Mesgena, Ms. Mayfield moved that the Committee offer Dr. Mesgena the opportunity to submit a request to withdraw his application for medical licensure. Mr. Tipton seconded the motion, and the motion carried.

**APPEARING
APPLICANTS**

Robert Joseph Albrecht, Jr., MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Albrecht, Rev. Harman moved that the Committee place Dr. Albrecht's application on hold pending the receipt of records from the North Carolina and South Carolina medical boards. Ms. Takubo seconded the motion, and the motion carried.

David Emad Arsanious, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Arsanious, Dr. Donatelli moved that the Committee place Dr. Arsanious' application on hold pending additional information, including verification that he has successfully completed his current residency contract period and associated probation. Mr. Wooton seconded the motion, and the motion carried.

Behram Ali Khan, MD appeared before the Committee in support of his application for reactivation of medical licensure. After a thorough discussion with Dr. Khan, Rev. Harman moved that the Committee recommend that the Board grant Dr. Khan's application to reactivate his expired status license to practice medicine and surgery in West Virginia pending payment of the PICF fee. Dr. Donatelli seconded the motion, and the motion carried.

Lina Jacques, MD appeared before the Committee in support of her application for reactivation of medical licensure. After a thorough discussion with Dr. Jacques, Ms. Takubo moved that the Committee recommend that the Board grant Dr. Jacques' application to reactivate her expired status license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

Fredric Jarrett, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Jarrett, Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

Hussein Jaffal, MD appeared before the Committee in support of his application for medical school faculty licensure. After a thorough discussion with Dr. Jaffal, Dr. Donatelli moved that the Committee recommend that the Board grant the applicant a medical school faculty license to practice medicine and surgery at the medical center of West Virginia University School of Medicine in Morgantown, West Virginia. Dr. Patel seconded the motion, and the motion carried.

Praveen Jeyaseelan, MD appeared before the Committee in support of his application for a restricted license in extraordinary circumstances. After a thorough discussion with Dr. Jeyaseelan, and a review of the requirements for restricted licensure in extraordinary circumstances, Ms. Takubo moved that the Committee offer Dr. Jeyaseelan the opportunity to submit a request to withdraw his application for a restricted license in extraordinary circumstances. Dr. Patel seconded the motion. Dr. Lilly called for a roll call vote upon the motion. A vote was taken:

Jonathon P. Lilly, MD, Chair – yes
Timothy J. Donatelli, DPM - no
Rev. Janet M. Harman - yes
Angela A. Mayfield – yes
Kiran R. Patel, MD - yes

Russell O. Wooton, Esq. -no
Victoria L. Takubo, PA-C -yes
Christopher J. Tipton, PA-C – yes

By a vote of six in favor and two opposed, the motion carried.

The Committee received an update on the application of **Edward James Kairis, MD** for medical licensure. Dr. Kairis is scheduled to take the SPEX exam on January 8, 2021. Dr. Kairis requests that the Committee accept the results of that exam and defer action on his application until they are received. Rev. Harman moved that Dr. Kairis' application remain on hold pending the results of the SPEX exam. Ms. Mayfield seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

The Committee reviewed and discussed the application of **Catherine Renee Lewis, MD** for medical licensure. Dr. Lewis appeared before the Committee in September 2020, and her application was placed on hold pending additional information. Some additional information was received in November 2020, and further information was submitted in advance of this meeting. Rev. Harman moved that the Committee recommend that Dr. Lewis' participate in an independent assessment of her medical skills and knowledge, particularly in the area of surgery, through the Center for Personalized Education for Physicians (CPEP) and that her application remain on hold pending the receipt of her CPEP evaluation report. Mr. Tipton seconded the motion, and the motion carried.

Federico Gian Filippo Seifarth, MD appeared before the Committee in support of his application for medical school faculty licensure in November 2020. Dr. Seifarth initially applied for a traditional medical license. He requested that the Committee permit him to convert his application to an application for medical school faculty licensure due to the statutory requirements that traditional licensure applicants complete all three of the USMLE exams within 10 years and complete ACGME-accredited graduate medical education training. In September 2020, the Committee granted Dr. Seifarth's request to convert his application to a medical school faculty license based upon his unrestricted

license in another state and his faculty appointment at the medical center of West Virginia University School of Medicine in Morgantown, West Virginia. After a thorough discussion with Dr. Seifarth, the Committee placed Dr. Seifarth's application on hold to provide him with an opportunity to submit additional information in support of his application and to permit the Committee to investigate the application more fully. The Committee received additional information regarding the applicant at this meeting.

Ms. Mayfield moved that the Committee enter into executive session pursuant to W. Va. Code §§ 6-9A-4(b)(4)(6)(7) and (12), to discuss confidential and/or privileged information related to an application investigation and to receive legal advice. Rev. Harman seconded the motion, and the motion carried.

The executive session concluded, and the Committee re-entered public session. Rev. Harman moved that the Committee maintain Dr. Seifarth's application on hold pending the completion of the Committee's investigation and seek additional information from the applicant related thereto. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Richard B. Kline, MD** for reinstatement of medical licensure. In 2016, Dr. Kline renewed his West Virginia medical license in the inactive status. He maintained an inactive status license thereafter until it expired on September 30, 2020. Prior to expiration, Dr. Kline applied to change the status of his license from inactive to active, but his license expired prior to his Committee appearance with respect to that application. Dr. Kline submitted a reinstatement application and met with the Committee in November 2020. After discussion with Dr. Kline in November 2020, and the Committee's review of additional information submitted by Dr. Kline for the Committee's review at the current meeting, Mr. Tipton moved that the Committee recommend that the Board grant the applicant reinstatement of medical licensure contingent upon Dr. Kline's acceptance of a Consent Order that imposes

a \$5,000 administrative fine for practicing medicine in West Virginia pursuant to an inactive status license. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Hemant Sarin, MD** for reinstatement of licensure. Dr. Sarin's West Virginia medical license expired on June 30, 2019 due to his failure to submit a timely renewal application. Dr. Sarin initially sought reinstatement of licensure in July 2019. The Licensure Committee requested that Dr. Sarin appear before the Committee in September 2019 in support of his application. Dr. Sarin declined to appear before the Committee and, after being subpoenaed to appear at the Licensure Committee's meeting in November 2019, requested to withdraw his reinstatement application. The Board granted Dr. Sarin's withdrawal request on November 4, 2019.

On or about June 26, 2020, Dr. Sarin submitted a new reinstatement application. The Licensure Committee reviewed Dr. Sarin's reinstatement application on July 11, 2020 and invited him to appear before the Committee at its next regular meeting on September 12, 2020. Dr. Sarin appeared before the Licensure Committee of the Board at the appointed time in September 2020 in support of his application for reinstatement of licensure. Thereafter, at the request of the Licensure Committee and pursuant to West Virginia Code § 30-3-14(f), the Board required Dr. Sarin to submit to a mental and physical examination, by a physician approved by the Board.

Dr. Sarin's examination, which was conducted at the Board's expense, occurred on Monday, October 19, 2020, and additional testing was conducted on November 17, 2020. The Committee received and reviewed the results of the examination, which do not endorse reinstatement of licensure at this time.

Rev. Harman moved that the Committee recommend that the Board find that probable cause exists to deny Dr. Sarin's application for reinstatement of licensure on grounds that he is not qualified for licensure based upon his current inability to practice medicine and surgery with reasonable skill and safety as set forth in West Virginia Code § 30-3-14(c)(21). Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Renato Falgui Dela Cruz, MD** for reactivation of medical licensure. Ms. Mayfield moved that the Committee request Dr. Dela Cruz's appearance at its March Committee Meeting. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Wilmot Clyde Burch, Jr., MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Geoffrey Ryan Pearman, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Steven Ross Schopick, MD** for medical licensure. Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Matthew Jason Zimmerman, MD** for medical licensure. Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia pending payment of the PICF fee. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Louis Steven Felder, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the

Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Walter Charles Kerschl, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Kerschl's appearance at its March Committee Meeting. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Laura Susan Swingle, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Swingle's appearance at its March Committee Meeting. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Tobias Douglas Barker, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Barker's appearance at its March Committee Meeting. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Daren Richard Anderson, MD** for medical licensure. Dr. Donatelli moved that the Committee request Dr. Anderson's appearance at its March Committee Meeting. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jai Parkash Udassi, MD** for medical licensure. Dr. Donatelli moved that the Committee request Dr. Udassi's appearance at its March Committee Meeting. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Mark Henry Hofbauer, DPM** for podiatric medical licensure. Dr. Donatelli moved that the Committee recommend that the Board grant the applicant a license to practice podiatric medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Susan Lovejoy Alberto, MD** for reactivation of medical licensure. Dr. Donatelli moved that the Committee request Dr. Alberto's appearance at its March Committee Meeting. Ms. Takubo seconded the motion, and the motion carried.

Ms. Alley advised the Committee that four of the applicants it elected to invite to the Committee's March meeting included administrative medicine in their proposed practice plans for West Virginia. In light of this, and consistent with the Committee's past practice, Rev. Harman moved that the Committee amend its prior determination with regard to the following applicants to recommend that the Board grant these applicants medical licensure via a Consent Order that restricts the applicants to the practice of administrative medicine only:

Daren Richard Anderson, MD
Tobias Douglas Barker, MD
Walter Charles Kerschl, MD
Laura Susan Swingle, MD

If any of these applicants elect to decline a Consent Order restricting their practice to administrative medicine, Rev. Harman further moved that they be invited to appear before the Committee in March as the Committee originally proposed. Ms. Mayfield seconded the motion, and the motion carried.

The Committee received and reviewed a list of fifty-six initial medical license applicants whose applications do not require an appearance or individualized discussion, including one individual whose application was presented pending payment of the Patient Injury Compensation Fund assessment. A complete list of the initial physician applicants

considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Wooton moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the motion, and the motion carried.

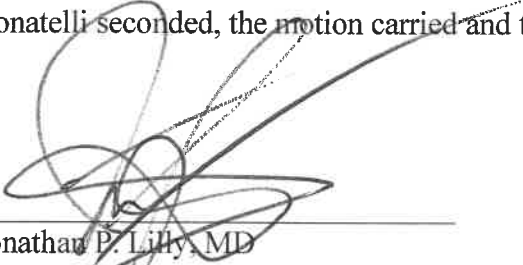

The Committee also received updates on the following licensure activity in November and December 2020:

- Previous Committee Actions
- IMLC Licenses Issued
- LOQs Issued
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Medical Licensure
- Reactivations of Medical Licensure
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 2.

There being no further business, Ms. Takubo moved that the meeting be adjourned. **ADJOURNMENT**

Dr. Donatelli seconded, the motion carried and the meeting adjourned.

Jonathan P. Lilly, MD

WEST VIRGINIA BOARD OF MEDICINE
LICENSURE COMMITTEE AGENDA
February 4, 2021 12:30 PM

CALL TO ORDER

I. LICENSURE APPLICATIONS FOR COMMITTEE ACTION

A. Returning Discussions

1. Federico Gian Filippo Seifarth, MD (Medical School Faculty)
2. Jai Parkash Udassi, MD

B. Physician Applications Which Do Not Require Individualized Discussion

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Minutes

February 4, 2021

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on February 4, 2021 at 12:30 pm.

The following Committee members were present:

Jonathon P. Lilly, MD, Licensure Committee Chair
Timothy J. Donatelli, DPM
Reverend Janet M. Harman
Angela A. Mayfield
Kiran R. Patel, MD
Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton, Esq.

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Sheree J. Thompson
Melissa D. Cross

Dr. Lilly called the meeting to order and roll call was taken by Ms. Cross.

**CALL TO
ORDER**

The Committee received and reviewed a list of six initial medical license applicants whose applications do not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

**NEW
DISCUSSION**

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license

to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

At its January meeting, the Committee reviewed and discussed the application of **Jai Parkash Udassi, MD** for medical school faculty licensure. At that time, the Committee elected to invite Dr. Udassi to appear before the Committee to discuss his application at the Committee's March 6, 2021 meeting. Thereafter, Dr. Udassi submitted additional information for the Committee's review which clarified his recent practice history in the United States. Dr. Patel moved that the Committee accept Dr. Udassi's letters of support and updated CV in lieu of requiring his appearance at the March Committee Meeting. Dr. Patel further moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

The Committee reviewed and discussed the medical school faculty licensure application of **Federico Gian Filippo Seifarth, MD**. Ms. Mayfield moved that the Committee enter executive session pursuant to W. Va. Code §§ 6-9A-4(b)(4)(6)(7) and (12), to discuss confidential and/or privileged information related to an application investigation and to receive legal advice. Mr. Wooton seconded the motion, and the motion carried. The Committee entered into executive session.

The executive session concluded, and the Committee reentered public session. Dr. Donatelli moved that the Board staff continue to effectuate the Committee's investigation and seek additional information from Dr. Seifarth in association therewith. Dr. Patel seconded the motion, and the motion carried.

There being no further business to consider, Dr. Patel made a motion to adjourn, Dr. Donatelli seconded the motion and the meeting adjourned.

CALL TO ORDER

I. LICENSURE APPLICATION FOR COMMITTEE ACTION

Returning Discussion

Federico Gian Filippo Seifarth, MD (Medical School Faculty)

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Minutes

February 24, 2021

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on February 24, 2021 at 12:00 pm.

The following Committee members were present:

Jonathon P. Lilly, MD, Licensure Committee Chair
Timothy J. Donatelli, DPM
Reverend Janet M. Harman
Angela A. Mayfield
Kiran R. Patel, MD
Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton, Esq.

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Sheree J. Thompson
Melissa D. Cross

Dr. Lilly called the meeting to order and roll call was taken by Ms. Cross.

**CALL TO
ORDER**

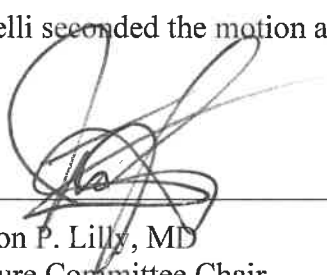

The Committee reviewed and discussed the medical school faculty licensure application of **Federico Gian Filippo Seifarth, MD**. Rev. Harman moved that the Committee enter executive session pursuant to W. Va. Code §§ 6-9A-4(b)(4)(6)(7) and (12), to discuss confidential and/or privileged information related to an application investigation and to receive legal advice. Dr. Patel seconded the motion, and the motion carried. The Committee entered into executive session.

**RETURNING
DISCUSSION**

The executive session concluded, and the Committee reentered public session. Rev. Harman moved that the Committee recommend that the Board grant the applicant a medical school faculty license to practice medicine and surgery at the medical center of West Virginia University School of Medicine in Morgantown, West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

There being no further business to consider, Dr. Patel made a motion to adjourn, Dr. Donatelli seconded the motion and the meeting adjourned.

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

March 6, 2021

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on March 6, 2021 at 10:15 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Reverend Janet M. Harman
Angela A. Mayfield
Kiran R. Patel, MD
Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton, Esq.

The following Committee member was absent:

Timothy J. Donatelli, DPM

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the January 9, 2021, February 4, 2021 and February 24, 2021 meetings. Rev. Harman moved that the Committee approve the minutes. Dr. Patel seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

On February 17, 2021, Walter Charles Kersch, MD and the Board entered into a Consent Order which issued Dr. Kersch a medical license and restricted his practice in West Virginia to administrative medicine.

On January 13, 2021, Edward Joseph Silvio Picardi, MD and the Board entered into a Consent Order which issued Dr. Picardi a medical license and publicly reprimanded him for his federal conviction on thirteen counts of federal tax evasion in the United States District Court for the District of South Dakota.

On March 3, 2021, Richard B. Kline, MD and the Board entered into a Consent Order which reinstated Dr. Kline's expired West Virginia medical license, license number 11804, to active status and imposed an administrative fine for his practice of medicine and surgery in West Virginia pursuant to an inactive status license.

Copies of these Consent Order are available on the Board's website.

Renato Falgui Dela Cruz, MD appeared before the Committee in support of his application for reactivation of medical licensure. After a thorough discussion with Dr. Dela Cruz, Ms. Takubo moved that the Committee recommend that the Board grant Dr. Dela Cruz's application to reactivate his expired status license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

Susan Lovejoy Alberto, MD appeared before the Committee in support of her application for reactivation of medical licensure. After a thorough discussion with Dr. Alberto, Ms. Takubo moved that the Committee recommend that the Board grant Dr. Alberto's application to reactivate her expired status license to practice medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

The Committee received an update on the application of **Edward James Kairis, MD** for medical licensure. Dr. Kairis has completed the SPEX exam and his passing exam scores were received by Board staff. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

The Committee received an update on the application of **Daren Richard Anderson, MD** for medical licensure. At its January meeting, the Committee recommended approval of medical licensure via a Consent Order restricting Dr. Anderson to the practice of administrative medicine only. Dr. Anderson has signed the Consent Order and his application will remain on hold pending finalization of the Licensure Consent Order, at which time a license will be issued.

The Committee received an update on the application of **Tobias Douglas Barker, MD** for medical licensure. At its January meeting, the Committee recommended approval of medical licensure via a Consent Order restricting Dr. Barker to the practice of administrative medicine only. Dr. Barker has signed the Consent Order and his application will remain on hold pending finalization of the Licensure Consent Order, at which time a license will be issued.

The Committee reviewed and discussed the request to withdraw the application of **Laura Susan Swingle, MD** for medical licensure. Ms. Mayfield moved that the Committee recommend that the Board grant Dr. Swingle's withdrawal request. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the request to withdraw the application of **David Emad Arsanious, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant Dr. Arsanious's withdrawal request. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Medhane Hagos Mesenga, MD** for medical licensure. Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee received an update on the application of **Catherine Renee Lewis, MD** for medical licensure. The Board has been in contact with the Center for Personalized Education for Physicians (CPEP). Dr. Lewis will need to complete an in-person assessment at the CPEP Colorado location to assess her current medical skills and knowledge, particularly in the area of surgery. Dr. Lewis' application remains on hold until the results of the CPEP assessment have been received.

The Committee received an update on the application of **Robert Joseph Albrecht, Jr., MD** for medical licensure. Dr. Albrecht's application remains on hold until supplemental information related to the South Carolina Medical Board investigation has been received.

The Committee reviewed and discussed the application of **Praveen Jeyaseelan, MD** for medical school faculty licensure. Based upon a review of his application and confirmation of his faculty appointment, Mr. Tipton moved that Committee recommend that the Board grant the applicant a medical school faculty license to practice medicine and surgery at the medical center of West Virginia University School of Medicine in Morgantown, West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Sharda Udassi, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the application of **Jesus Lemus, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Sarona Mathware, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Mathware's appearance at its May Committee Meeting. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Sam Justin Badran, MD** for medical licensure. Dr. Patel moved that the Committee request Dr. Badran's appearance at its May Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Emad Adnan Kowatli, MD** for reactivation of medical licensure. Ms. Mayfield moved that the Committee request Dr. Kowatli's appearance at its May Committee Meeting and that he be requested to provide additional information regarding the professional medical liability matter reported on his Uniform Application. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **William David Hall, MD** for reactivation of medical licensure. Ms. Mayfield moved that the Committee request Dr. Hall's appearance at its May Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Sunita Mishra, MD** for medical licensure. Ms. Mayfield moved that the Committee recommended approval of

medical licensure via a Consent Order restricting Dr. Mishra to the practice of administrative medicine only. If Dr. Mishra elects to decline a Consent Order restricting her practice to administrative medicine, she should appear before the Committee at its May Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Anand Raj Dugar, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Dugar's appearance at its May Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Andrew Ara Abrahamian, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Mayfield seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Mitchell Garrison Mock, MD** for medical licensure. Ms. Mayfield moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Adaiah Abumeze Ezekiel, MD** for medical licensure. Ms. Mayfield moved that the Committee request Dr. Ezekiel's appearance at its May Committee Meeting. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed a list of fifty-seven initial medical license applicants whose applications do not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Rev. Harman moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee received and reviewed a list of four initial podiatric medical license applicants whose applications do not require an appearance or individualized discussion. A complete list of the initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Tipton moved that the Committee approve the identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in January and February 2021:

- Previous Committee Actions
- IMLC Licenses Issued
- LOQs Issued
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Medical Licensure
- Reactivations of Medical Licensure
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

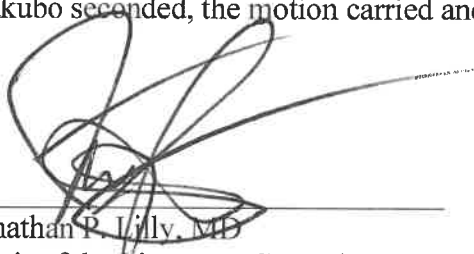

The Committee received notification from the Federation of Podiatric Medical Boards that the National Board of Podiatric Medical Examiners has provided notice that the Step II clinical skills portion of the APMLE examination is cancelled for 2021. This is consistent with the cancellation of the clinical skills portion of the USMLE.

The Committee received an update for 2021 Licensure Renewals for MDs with last names M-Z and DPMs, CSDP Registrations, Educational Permits and PLLCs. Renewal will occur between May 5, 2021 and June 30, 2021.

The Committee received an update on the 2021 Legislative Session.

There being no further business, Ms. Mayfield moved that the meeting be adjourned. **ADJOURNMENT**

Ms. Takubo seconded, the motion carried and the meeting adjourned.

Jonathan P. Lilly, MD
Chair of the Licensure Committee

May 15, 2021 10:15 AM

APPLICATIONS WHICH DO NOT REQUIRE INDIVIDUALIZED DISCUSSION

- a. Initial MD applications
- b. Volunteer Medical License application

III. OTHER COMMITTEE DISCUSSIONS

- 1. Correspondence and evidence of historical CME submitted by former BOM licensee
- 2. Consideration of conversion process for special category licensees
- 3. Updates for March and April 2021
 - a. IMLC Medical Licenses
 - b. IMLC Letters of Qualifications (LOQs)
 - c. Educational and Reciprocal Educational Permits
 - d. Reinstatement of Medical Licensure
 - e. Reactivation of Medical Licensure
 - f. Change in Status for Medical Licensure
 - g. Emergency Registrations
- 4. Update for 2021 Renewal:
 - a. MD (M-Z) licensure
 - b. MD (IMLC)
 - c. DPM
 - d. CSDP Registration (M-Z MDs and DPMs)
 - e. Educational Permits
 - f. PLLCs
- 5. Update on 2021 Legislative Session

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

May 15, 2021

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on May 15, 2021 at 10:15 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Timothy J. Donatelli, DPM
Kiran R. Patel, MD
Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton, Esq.

The following Committee member was absent:

Reverend Janet M. Harman

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the March 6, 2021 meeting. Dr. Patel moved that the Committee approve the minutes. Ms. Takubo seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee Received a report from Board staff concerning executed Consent Orders.

On March 12, 2021, Daren Richard Anderson, MD and the Board entered into a Consent Order which issued Dr. Anderson a medical license and restricted his practice in West Virginia to administrative medicine.

On March 10, 2021, Tobias Douglas Barker, MD and the Board entered into a Consent Order which issued Dr. Barker a medical license and restricted his practice in West Virginia to administrative medicine.

On May 13, 2021, Sunita Mishra, MD and the Board and the Board entered into a Consent Order which issued Dr. Mishra a medical license and restricted her practice in West Virginia to administrative medicine.

Copies of these Consent Orders are available on the Board's website.

Emad Adnan Kowatli, MD appeared before the Committee in support of his application for reactivation of medical licensure. After a thorough discussion with Dr. Kowatli, Dr. Patel moved that the Committee recommend that the Board grant Dr. Kowatli's application to reactivate his expired status license to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the motion, and the motion carried.

William David Hall, MD appeared before the Committee in support of his application for reactivation of medical licensure. After a thorough discussion with Dr. Hall, Ms. Takubo moved that the Committee recommend that the Board grant Dr. Hall's application to reactivate his expired status license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee's 11:30 am appearance, Sarona Mathware, MD, having not joined the meeting at the appointed time, the Committee elected to consider its returning discussions.

The Committee reviewed and discussed the request to withdraw the application of **Robert Joseph Albrecht, Jr., MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant Dr. Albrecht's withdrawal request. Dr. Donatelli seconded the motion, and the motion carried.

The Committee received an update on the application of **Catherine Renee Lewis, MD** for medical licensure. The Committee placed her application on hold in March 2021 and recommended that Dr. Lewis agree to an evaluation of her surgical skills by the Center for Personalized Education for Physicians (CPEP) at her own expense and facilitate a report of her evaluation to the Board. Dr. Lewis has requested that the Committee consider an evaluation she completed in the fall of 2020 with LifeGuard in lieu of a surgical skills assessment at CPEP. Ms. Takubo moved that the Committee accept an assessment of Dr. Lewis' clinical skills in surgery by LifeGuard, provided that Dr. Lewis facilitate the submission of an appropriate report from LifeGuard directly to the Board. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Basel Dabas, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board accept Dr. Dabas' medical education as having been satisfactorily verified and grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Saif Ali Bella, MD** for medical licensure. Dr. Donatelli moved that the Committee recommend that the Board accept Dr. Bella's medical education as having been satisfactorily verified and grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

Having been notified that its next scheduled appearance was available to join the meeting, the Committee resumed its consideration of appearing applicants.

Sarona Mathware, MD appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Mathware, Dr. Patel moved that the Committee recommend that the Board grant Dr. Mathware's application to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

**APPEARING
APPLICANT**

While awaiting its next appearance, the Committee considered its new discussion applicants.

The Committee reviewed and discussed the application of **Brittani Shantel Lowe, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Lowe's appearance at its July Committee Meeting. Dr. Patel seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the application of **Eboni Nicole Cornish, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Kasimu Senghor Moody, MD** for medical licensure. Mr. Tipton moved that the Committee request Dr. Moody's appearance at its July Committee Meeting. Ms. Takubo seconded the motion, and the motion carried.

Having been notified that its next scheduled appearance was available to join the meeting, the Committee resumed its consideration of appearing applicants.

**APPEARING
APPLICANTS**

Sam Justin Badran, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Badran, Dr. Patel moved that the Committee recommend that the Board grant Dr. Badran's application to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

Anand Raj Dugar, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Dugar, Dr. Donatelli moved that the Committee recommend approval of medical licensure via a Consent Order restricting Dr. Dugar to the practice of administrative medicine only. Dr. Patel seconded the motion, and the motion carried.

While awaiting its next appearance, the Committee considered its new discussion applicants.

The Committee reviewed and discussed the application of **Manish Ranjan, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the application of **Hazaim Alwair, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Abhishek Bhat, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant

the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Theodore Feldman, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Alexander Randolph Gross, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

Having been notified that its next scheduled appearance was available to join the meeting, the Committee resumed its consideration of appearing applicants.

Adaiah Abumeze Ezekiel, MD, who was unavailable to meet with the Committee during her scheduled time, was permitted to join the meeting out of turn at this time. She appeared before the Committee in support of her application for medical licensure. The Committee and staff had significant difficulty hearing the applicant due to audio interference during her appearance. Due to technical difficulties, Mr. Tipton moved that the Committee request Dr. Ezekiel's appearance at its July Committee Meeting and request that she submit a true and complete copy of any and all records in her possession which memorialize or relate to the Physician Performance Improvement Plan (PIP) implemented at Oakbend Medical Center. Mr. Wooton seconded the motion, and the motion carried.

**APPEARING
APPLICANTS**

Khalid Abozguia, MD appeared before the Committee in support of his application for a restricted license in extraordinary circumstances. After a thorough discussion with Dr. Abozguia, and after reviewing the requirements for extraordinary

circumstance licensure, Ms. Takubo moved that the Committee recommend to the Board that Dr. Abozguia be approved for restricted licensure in extraordinary circumstances and that the Board make the following findings:

1. Dr. Abozguia has exceptional education, training and practice credentials, including:
 - a. Dr. Abozguia has achieved a high level of academic, clinical and professional recognition for excellence in cardiology and electrophysiology.
 - b. In support of his clinical research studies, Dr. Abozguia secured over a half a million British pounds in funding from the British Heart Association.
 - c. He has extensive clinical and teaching experience which includes serving as the Director of Electrophysiology Services, Lancashire Cardiac Center, Blackpool Victoria Hospital, Blackpool, England, UK, and serving as the Undergraduate Assessment Lead, University of Liverpool, also at Blackpool Victoria Hospital.
 - d. Dr. Abozguia has extensive scholarship including primary or co-authorship of 67 manuscripts, including 39 peer reviewed articles. He also serves as a reviewer for several journals, including Heart Rhythm, Heart Rhythm Case Reports, British Medical Journal and Circulation.
 - e. He is a recognized international proctor for Leadless Pacemaker.
 - f. He was awarded a PhD degree in Cardiology from University of Birmingham in 2010.

2. Dr. Abozguia's practice in the state would be beneficial to the public welfare because West Virginia residents often are required to travel to surrounding states

to receive some of the cardiac ablation treatments in which Dr. Abozguia has expertise.

3. Dr. Abozguia's specialty is cardiology and electrophysiology and there is a need for this specialty in West Virginia. With particularity, Dr. Abozguia has specific clinical skills which are not currently available in West Virginia, including the following:
 - a. Epicardial VT ablation, with extensive operator experience performing complex epicardial VT ablation.
 - b. Impella Guided VT ablation for VT storm or very high-risk VT patients.
 - c. Experience as a recognized international proctor for the 3D Mapping system RHYTHMIA HDs, which is an Ultra HD mapping system that provides greater clarity mapping to enable accurate diagnosis and efficient targeted ablation therapy.
 - d. Experienced operator, and one of the first UK operators, of Intella Nav StablePOINT Ablation Catheter (enabled by DIRECTSENSE Technology). This technology is launching in the United States imminently.

Dr. Abozguia also has facility with additional innovative new technologies, including CartoUniVu and FamDX.

4. The applicant's education, training and practice credentials are substantially equivalent to the requirements of licensure established in W. Va. Code §30-3-10(b). While Dr. Abozguia's education and initial training occurred outside of the United States and are not, standing alone, substantially equivalent to the licensure requirements in this state he has two years of advanced fellowship training in Clinical Cardiac Electrophysiology at Case Western Reserve University,

MetroHealth, in Cleveland, Ohio. In association with his superior research, extensive clinical experience and scholarship he satisfies this requirement.

5. Dr. Abozguia has no professional discipline which would render him ineligible for an extraordinary circumstances license.
6. Dr. Abozguia is eligible for a restricted license in extraordinary circumstances.

Ms. Takubo further moved that, the Committee recommend that the Board grant Dr. Abozguia a restricted license in extraordinary circumstances restricted to the practice of **cardiology and electrophysiology** based upon these proposed findings. Dr. Patel seconded the motion, and the motion carried.

Ayse Ebru Toker, MD appeared before the Committee in support of her application for a restricted license in extraordinary circumstances. After a thorough discussion with Dr. Toker, and after reviewing the requirements for extraordinary circumstance license, Ms. Takubo moved that the Committee recommend to the Board that Dr. Toker be approved for restricted licensure in extraordinary circumstances and that the Board make the following findings:

1. Dr. Toker has exceptional education, training and practice credentials, including:
 - a. Dr. Toker has achieved a high level of academic, clinical and professional recognition for excellence in ophthalmology and corneal disease.
 - b. She has extensive clinical and teaching experience which includes serving on the faculty of the Department of Ophthalmology at Marmara University School of Medicine, Istanbul, Turkey since 1999. Dr. Toker served as Chair of the department from 2015 through 2019.

- c. In addition to holding membership in several Turkish and international professional societies, Dr. Toker has been a Fellow of the European Board of Ophthalmologists since 2015 and has served as the Vice-President of the European Contact Lens Society of Ophthalmologists from 2011 through 2019.
 - d. Dr. Toker was one of the pioneers of corneal crosslinking, a novel treatment for keratoconus which reduces the need for corneal transplants, and has performed significant funded research related to the development of this procedure. She also has expertise in optical rehabilitation of keratoconus with specialty contact lenses.
 - e. Dr. Toker has extensive scholarship including primary or co-authorship of 90 peer-reviewed national and international publications, and has more than 1200 citations. She has presented more than 140 times to national and international professional and scientific meetings, and has participated in award winning international presentations.
 - f. Dr. Toker serves as a reviewer for Journal of Cataract and Refractive Surgery, Cornea Journal, British Medical Journal and is on the editorial board of Eye and Contact Lens Journal and MN Ophthalmology.
2. Dr. Toker's practice in the state would be beneficial to the public welfare because West Virginia has a significant and increasing shortage of active corneal specialists. Additionally, Dr. Toker has significant experience with specific keratoconus treatment which is currently in clinical trials in the United States.
 3. Dr. Toker's specialty is in ophthalmology and corneal disease and there is a need for this specialty in West Virginia.
 4. The applicant's education, training and practice credentials are substantially equivalent to the requirements of licensure established in W. Va. Code §30-3-

10(b). While Dr. Toker's education and initial training occurred outside of the United States and are not, standing alone, substantially equivalent to the licensure requirements in this state, her education and training in association with her superior research, extensive clinical experience and scholarship satisfy this requirement.

5. Dr. Toker has no professional discipline which would render her ineligible for an extraordinary circumstances license.
6. Dr. Toker is eligible for a restricted license in extraordinary circumstances.

Ms. Takubo further moved that, the Committee recommend that the Board grant Dr. Toker a restricted license in extraordinary circumstances restricted to the practice of **ophthalmology and cornea disease** based upon these proposed findings. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Scott Lyman Shreeve, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Shreeve's appearance at its July Committee Meeting. Mr. Wooton seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

Having completed its agenda items related to appearing applicants, the Committee resumed its discussion of new applications.

The Committee received and reviewed a list of one hundred eleven initial medical license applicants whose applications do not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed one volunteer medical license applicant, for Joseph Michael Petersen, MD, whose application does not require an appearance or individualized discussion.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the identified volunteer medical licensure applicant and recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received correspondence from Anthony C. Dougherty, MD regarding his license status with the Board. Dr. Dougherty's current license status is Suspended No CME because he did not renew his West Virginia license and failed to notify the Board of his intent not to renew. This is an administrative, non-disciplinary status. In 1996, when Dr. Dougherty failed to renew, the Medical Practice Act required licenses subject to nonrenewal without advanced notice to be placed into this status. Dr. Dougherty indicated that he recently became aware of his West Virginia license status, and has belatedly submitted his CME for the reporting period ending on June 30, 1996. Mr. Tipton moved the Committee recommend that the Board accept Dr. Dougherty's CME and convert his license status from Suspended No CME to expired status. Ms. Takubo seconded the motion, and the motion carried.

In light of the implementation of SB 372, Board staff notified the Committee that there may be some current medical school faculty and extraordinary circumstances licensees who may now be eligible for a traditional license. Dr. Patel moved that the Committee recommend that the Board:

1. Authorize staff to conduct outreach to these physicians and notify them that they may be eligible for a traditional license;
2. Prepare a short form application to collect information from any contacted physicians who seek to apply which will be supplemented, as needed, after a review of the existing historical file; and
3. Present any submitted applications to the Committee for review and consideration of licensure.

All applicants would be required to submit the initial license fee of \$400. Mr. Tipton seconded the motion and the motion carried.

The Committee also received updates on the following licensure activity in March and April 2021:

Previous Committee Actions
IMLC Licenses Issued
LOQs Issued
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Change in Status of Medical Licensure to Active Status
Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

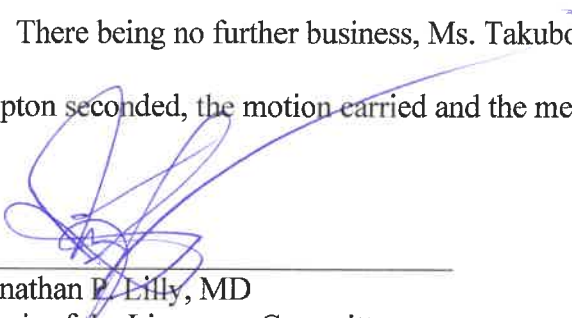

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 2.

The Committee received an update for 2021 Licensure Renewals for MDs with last names M-Z and DPMs, CSDP Registrations, Educational Permits and PLLCs. Renewal began May 5, 2021 and ends on June 30, 2021.

The Committee received an update on the 2021 Legislative Session.

There being no further business, Ms. Takubo moved that the meeting be adjourned. **ADJOURNMENT**

Mr. Tipton seconded, the motion carried and the meeting adjourned.

Jonathan E. Lilly, MD
Chair of the Licensure Committee

Legislative Committee Meeting Agendas and Minutes

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Agenda
July 12, 2020 at 10:00 am

CALL TO ORDER

Public Comments

Approval of Minutes

- March 8, 2020

Agenda Items:

- Proposed Board of Medicine Legislative Rule 11 CSR 14
- Authorization to Suspend Rule Provisions with Regard to Board of Medicine Legislative Rule 11 CSR 1B (Rule Becomes Effective and Replaces the Emergency Rule Version on August 2, 2020)
- House Bill 4009, Relating to the Process of Involuntary Hospitalization
- Review of 2020 Regulatory Reform Response and Board of Medicine Rulemaking in 2020/2021
- Proposed Modifications to Legislative Rule 11 CSR 8
- Review of the Board's Response to the Joint Standing Committee on Government Organization's Request for Information

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

July 12, 2020

The West Virginia Board of Medicine's Legislative Committee met at 101 Dee Drive, Charleston, West Virginia, on July 12, 2020 at 10:00 am via GoToMeeting.

The following Committee members attended the meeting:

Kenneth Dean Wright, PA-C, Legislative Committee Chair
Ashish P. Sheth, MD
Kishore K. Challa, MD, FACC
Ahmed D. Faheem, MD, DLFAPA
Mustafa Rahim, MD

The following Committee members were absent:

Quartel-Ayne Amjad, MD, MPH
Timothy J. Donatelli, DPM

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew Wessels

Mr. Wright called the meeting to order and roll call was taken by Mr. Spangler. Dr. Faheem moved that the minutes of the Committee's March 8, 2020 meeting be approved. Dr. Sheth seconded, and the motion carried. **CALL TO ORDER**

Mr. Spangler reported that the comment period for proposed legislative rule 11 CSR 14, *Registration to Practice During Declared State of Emergency*, concluded at 4:30 pm on May 23, 2020. The Board received thirteen written comments regarding the proposed rule. No modifications were made to the rule as a result of the comments that were received. Board staff have filed the agency approved version of the proposed rule with the West Virginia Secretary of

State's Office. The proposed rule is currently awaiting review by the Legislative Rule-Making Review Committee.

Mr. Spangler reported that on March 25, 2020, pursuant to the Executive Orders issued by Governor Justice, the Board authorized staff to file suspension memoranda with the West Virginia Secretary of State's Office to temporarily suspend certain provisions of seven Board of Medicine rules, including emergency rule 11 CSR 1B, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*. The legislative version of 11 CSR 1B will become effective on August 2, 2020. In order to temporarily suspend certain provisions of legislative rule 11 CSR 1B, Dr. Faheem moved that the Committee recommend that the Board authorize staff to file a Rule Suspension Memoranda with the Secretary of State's Office which mirrors the Suspension Memoranda that is currently in effect for Emergency Rule 11 CSR 1B. Dr. Challa seconded, and the motion carried.

Mr. Spangler reported that House Bill 4009, which authorizes physicians to order the involuntary hospitalization of an individual who the physician believes is addicted or mentally ill, was passed during the 2020 legislative session. This legislation mandates that the Secretary of the Department of Health and Human Resources collaborate with individuals and groups to evaluate the provisions of W. Va. Code § 27-6A-1 *et seq.* The Committee reviewed and considered proposed modifications to this code section. The Committee had no recommendations with respect to the draft proposed modifications and no action was taken with regard to this agenda item.

Mr. Spangler reported that on July 1, 2018, in accordance with W. Va. Code § 29A-3-20 and Executive Order 3-18, Board staff provided to the Governor and the Legislative Rule-Making Review Committee a review of each rule promulgated by the Board of Medicine and under its jurisdiction. On July 1, 2020, Board staff provided to the Governor and the Legislative Rule-Making Review Committee a supplemental response which updates the Board's 2018 response. Consistent with the response, Board staff are currently reviewing 11 CSR 6, *Continuing Education for Physicians and Podiatric Physicians*. Proposed modifications to this rule will be presented to the Committee at a future meeting for consideration. The Board's procedural rule 11 CSR 3, *Board Organization and Meeting Procedure; Complaint and Contested Case Hearing Procedures*, has not been updated since 2010 and is in need of modernization. Dr. Faheem moved that the

Committee authorized Board staff to begin drafting proposed modifications to 11 CSR 3 for consideration later this year. Dr. Challa seconded, and the motion carried.

Mr. Spangler reported that W. Va. Code R. § 11-8-1, *Collaborative Pharmacy Practice*, is jointly promulgated by the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy and is under the purview of the Board of Medicine. This rule pertains to a pharmacist's scope of practice pursuant to collaborative pharmacy practice and collaborative pharmacy practice agreements. Board of Medicine staff have recently had conversations with Board of Pharmacy staff regarding modernization and streamlining of this rule. Prior to today's meeting, the Board of Pharmacy provided a written summary and explanation of proposed changes to W. Va. Code R. § 11-8-1 *et. seq.* along with draft proposed amendments to the rule to the Board for consideration. The Board of Pharmacy's summary includes reclassifying the rule into a different section of the Code of State Rules and modifying the application review process. As drafted, Committee members expressed concerns with regard to the proposed rule. Dr. Rahim moved that the Committee recommend that the Board authorize staff to communicate to the Board of Pharmacy that the Board of Medicine does not support the proposed revisions to W. Va. Code R. § 11-8-1 *et. seq.* as drafted, but that the Board is committed to working in collaboration with the Boards involved to modernize the rule and have draft proposed legislation in place for introduction during the 2022 legislative session. Dr. Faheem seconded, and the motion carried.

Mr. Spangler reported that on or around April 23, 2020, the Board received correspondence from the Joint Standing Committee on Government Organization which indicates that during the 2020-2021 Legislative Interims the Committee will be studying professional and occupational licensure. Additionally, the correspondence requested that the Board of Medicine and the Board of Osteopathic Medicine provide a written response answering several questions posed by the Committee. On July 1, 2020, Board staff submitted a detailed response to the Committee. A copy of the Board of Medicine's response and the Board of Osteopathic Medicine's response was made available for members to review. Board staff will keep the Committee apprised of updates regarding this matter.

Mr. Wright expressed his appreciation of Board staff and the exemplary job that they have done in responding to legislative matters.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn.
Dr. Faheem seconded, and the motion carried.

Mustafa Rahim, MD

Legislative Committee Chair

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

November 8, 2020

The West Virginia Board of Medicine's Legislative Committee met on November 8, 2020 at 10:00 am via GoToMeeting.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

The following guest attended a portion of the meeting:

Quartel-Ayne Amjad, MD, MPH

Dr. Rahim called the meeting to order and attendance was documented by Ms. Frame. Prior to today's meeting a copy of the draft July 12, 2020 meeting minutes were made available for members to review. Dr. Challa moved that the minutes of the Committee's July 12, 2020 meeting be approved. Dr. Sheth seconded, and the motion carried.

CALL TO
ORDER

Mr. Spangler reported that medical doctors who are licensed by the Board are able to satisfy all of their continuing medical education (CME) requirements, except for the 3-hour drug diversion training and best practice prescribing of controlled substances training, by sitting for and passing a certification or recertification examination of an American Board of Medical Specialties (ABMS) member board and receiving certification or recertification during the relevant reporting

period. Additionally, the CME requirements, except for the 3-hour drug diversion training and best practice prescribing of controlled substances training, can be fulfilled by successful involvement in maintenance of certification (MOC) through an ABMS member board during the relevant reporting period. The Committee previously discussed the possibility of modifying the Board's continuing education rule to allow podiatric physicians to satisfy their continuing education requirements by sitting for and passing a certification or recertification examination or participating in MOC style processes during the relevant period. Board staff are researching continuing education requirements for podiatric physicians in other states and gathering information in advance of drafting proposed modifications to the Board's continuing education rule, 11 CSR 6.

Mr. Spangler reported that the Board's procedural rule, 11 CSR 3, *Board Organization and Meeting Procedure; Complaint and Contested Case Hearing Procedures*, was last updated in 2010. Board staff are currently drafting proposed modifications to the rule, which will be presented to the Committee for consideration at a future meeting.

Mr. Spangler reported that W. Va. Code R. § 11-8-1, *Collaborative Pharmacy Practice*, is jointly promulgated by the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy and is located within the Board of Medicine code section. This rule pertains to a pharmacist's scope of practice pursuant to collaborative pharmacy practice and collaborative pharmacy practice agreements. Earlier this year, the Board of Pharmacy expressed an interest in modernizing and streamlining this rule, and they provided draft proposed revisions to W. Va. Code R. § 11-8-1 *et. seq.* to the Board for consideration. The Committee had concerns with regard to the proposed rule as drafted. At the direction of the Board, staff communicated to the Board of Pharmacy that the Board of Medicine does not support the proposed revisions to W. Va. Code R. § 11-8-1 *et. seq.* as drafted, but that the Board is committed to working in collaboration with the Boards involved to modernize the rule and have draft proposed legislation in place for introduction during the 2022 legislative session. Conversations are continuing, and the Board expects to receive additional information from the Board of Pharmacy in the future.

Mr. Spangler reported that it is likely that a bill will be introduced during the 2021 legislative session which will seek to amend the Physician Assistants Practice Act to further

modify the collaborative practice requirements. Board staff will keep the Committee apprised of any such bill if it is introduced during the upcoming legislative session.

Prior to today's meeting, correspondence requesting that the Board grant an exception to current medical licensure requirements was made available for members to review. Mr. Spangler reported that the Board has received correspondence which requests that the Board grant an exception to current licensure requirements for American, Canadian and Puerto Rican Medical Graduates who are American Board of Emergency Medicine certified and who have completed emergency medicine training in a Royal College of Physicians and Surgeons of Canada accredited residency program instead of one year in a training program that is accredited by the Accreditation Council of Graduate Medical Education (ACGME). The West Virginia Medical Practice Act requires the completion of training approved by ACGME. The Committee directed Board staff to obtain additional information relating to this matter, including the number of other medical boards within the United States who currently accept Royal College of Physicians and Surgeons of Canada accredited residency training in lieu of ACGME training, and whether Canada and Canadian provinces accept ACGME training for American graduates who apply for licensure in their country. Board staff will research this matter and will report back to the Committee at a future meeting.

Mr. Spangler reported that current licensure requirements provide that to be eligible for consideration for licensure in West Virginia, an applicant must demonstrate that they have successfully passed all components of the United States Medical Licensure Exam (USMLE) with a score greater or equal to the minimum passing score. Additionally, all steps must be completed within ten consecutive years. The Board occasionally receives an application from a physician who was unable to pass all steps of the USMLE within ten consecutive years. Board staff inquired as to whether the Committee would be interested in pursuing legislation to modify to the number of years that a physician has to complete all steps of the USMLE. Committee members did not take interest in modifying the number of years that a physician has to complete all steps of the USMLE. No action was taken with regard to this agenda item.

Mr. Spangler reported that a limited license to practice medicine and surgery without examination may be granted to an applicant who is appointed as faculty to a West Virginia medical

school and who holds a valid license to practice medicine and surgery from another jurisdiction. A license to practice medicine and surgery as medical school faculty is limited to the medical center of the medical school where the physician has been appointed to the faculty. This is one model of granting an institutional license for academic purposes. Board staff will research medical school faculty license standards in other jurisdictions and will report back to the Committee at a future meeting.

Dr. Anjad joined the meeting as a guest at this time.

Mr. Spangler reported that several states offer an administrative medicine license which permits a practitioner to engage in professional, managerial, or administrative activities related to the practice of medicine but does not permit the practice of clinical medicine. Currently, in West Virginia, if a practitioner seeks to practice medicine in an administrative capacity they must apply for and be granted a medical license. Additionally, the practitioner must enter into a Consent Order with the Board which sets forth the licensure limitations. Board staff will research administrative licensure requirements in other jurisdictions and will report back to the Committee at a future meeting.

Mr. Spangler reported that several states offer a retirement/emeritus status license or registration which recognizes practitioners who have fully retired from the practice of medicine. Practitioners who hold a retirement/emeritus status license or registration are prohibited from practicing medicine and surgery. Currently, the Board of Medicine does not offer a retirement/emeritus status license or registration. Board staff will research retirement/emeritus status licensure requirements in other jurisdictions and will report back to the Committee at a future meeting.

Mr. Spangler reported that in late 2019 and early 2020 the Committee directed Board staff to contact the West Virginia Secretary of State's Office regarding establishing a process for vetting business names which contain medical terminology that may be misleading to the public. This remains an unresolved issue. Board staff will further explore ways to improve the vetting of business names for health-related services and will report back to the Committee at a future meeting.

There being no further business to consider, Dr. Faheem moved that the meeting adjourn.
Dr. Challa seconded, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

January 10, 2021

The West Virginia Board of Medicine's Legislative Committee met at 10:00 am on January 10, 2021 via GoToMeeting.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Committee member did not attend the meeting:

Kishore K. Challa, MD, FACC

The following Board member attended the meeting as a guest:

Kiran R. Patel, MD, FACOG

The following Board members attended a portion of the meeting as a guest:

Quartel-Ayne Amjad, MD, MPH
Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

Dr. Rahim called the meeting to order and attendance was documented by Ms. Frame. Prior to today's meeting a copy of the draft November 8, 2020 meeting minutes were made available for members to review. Dr. Sheth moved that the minutes of the Committee's November 8, 2020 meeting be approved. Dr. Donatelli seconded, and the motion carried.

CALL TO
ORDER

Mr. Spangler reminded members that W. Va. Code R. § 11-8-1, *Collaborative Pharmacy Practice*, is jointly promulgated by the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy and is located within the Board of Medicine code section. This rule pertains to a pharmacist's scope of practice pursuant to collaborative pharmacy practice and collaborative pharmacy practice agreements. Earlier this year, the Board of Pharmacy expressed an interest in modernizing and streamlining this rule, and they provided draft proposed revisions to W. Va. Code R. § 11-8-1 *et. seq.* to the Board for consideration. The Committee had concerns with regard to the proposed rule as drafted. At the direction of the Board, staff communicated to the Board of Pharmacy that the Board of Medicine does not support the proposed revisions to W. Va. Code R. § 11-8-1 *et. seq.* as drafted, but that the Board is committed to working in collaboration with the Boards involved to modernize the rule and have draft proposed legislation in place for introduction during the 2022 legislative session. The Board of Pharmacy recently provided a copy of the collaborative pharmacy practice regulation in Virginia and Ohio. Prior to today's meeting, a copy of the said regulations were made available to members for review. Board staff will communicate to the Board of Pharmacy that the Committee has reviewed the regulations that were provided and will advise that the Committee will review any additional information or documents that they would like to provide.

Mr. Spangler reported that Board staff continues to gather information regarding medical requirement in other jurisdictions with regard to: (1) Canadian graduate medical education training; (2) medical school faculty licenses; (3) administrative medicine licenses; and (4) retirement/emeritus status licenses.

Mr. Spangler reported that the Board of Osteopathic Medicine has alerted the Board of Medicine that they will discuss a new type of licensure for "assistant physicians" at their upcoming board meeting. This new license type would permit physicians who have completed medical or osteopathic school to practice with a physician and obtain experience, theoretically until they are matched with a post-graduate training program. Board staff will contact the osteopathic board following their upcoming meeting to determine what action, if any, their board elected to take with regard to an assistant physician license. Additionally, Board staff will speak with the medical schools to assist in determining if there is an actual need to consider an assistant physician license in West Virginia. Board staff will report back to the Committee at a future meeting.

Ms. Takubo and Mr. Tipton joined the meeting as guests at this time.

Mr. Spangler reported that the Board should anticipate bills to be introduced during the 2021 legislative session relating to telemedicine and to the licensure requirement for accredited post-graduate training.

Mr. Spangler reported that it is customary for the Board to delegate authority to the Legislative Committee to act on behalf of the Board as necessary to respond to legislative matters when the legislature is in session. As tomorrow will be the last Board meeting prior to the start of the 2021 legislative session, Mr. Spangler reminded members that the Committee may want to inquire as to whether the Board wishes to delegate such authority to the Committee this year.

Dr. Amjad joined the meeting as a guest at this time.

Prior to today's meeting, a copy of draft proposed modifications to the Physician Assistants Practice Act was made available for members to review. Mr. Spangler reported that on January 6, 2021, the Board was provided with a copy of the draft proposed modifications to the Physician Assistants Practice Act which are supported by the West Virginia Physician Assistant Association. As this proposed legislation was received late last week, Committee members have not had a lot of time to thoroughly review and consider the proposed modifications. Acknowledging that the limited review period made a detailed analysis difficult at this time, Ms. Takubo and Mr. Tipton each spoke to the intent of the proposed modifications and provided some information regarding how the bill is intended to optimize and enhance opportunities for physician assistant practice in West Virginia. The Committee thanked Ms. Takubo and Mr. Tipton for their participation and insights and encouraged them to participate in future meetings regarding this subject matter. Board staff will research physician assistant practice in other states and speak with the medical community and will report back to the Committee at a future meeting, at which time the Committee will further consider the proposed modifications.

There being no further business to consider, Dr. Donatelli moved that the meeting adjourn.
Dr. Faheem seconded, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Agenda
February 3, 2021 at 4:30 pm

CALL TO ORDER

Public Comments

Agenda Items:

- Presentation by Charles Roskovensky, Chief Counsel for the House Committee on Health and Human Resources, Regarding Telemedicine and Other Potential Legislation to be Introduced During the 2021 Legislative Session
- Possible PA Legislation to be Introduced During the 2021 Legislative Session
- Executive Director Report on the Upcoming Legislative Session

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

February 3, 2021

The West Virginia Board of Medicine's Legislative Committee met at 4:30 pm on February 3, 2021 via GoToMeeting.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Board member attended a portion of the meeting as a guest:

Christopher J. Tipton, PA-C

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

The following individual attended the meeting and addressed the Committee:

Charles Roskovensky, Esq.

Dr. Rahim called the meeting to order and attendance was documented by Ms. Frame. Dr. Rahim introduced and welcomed Charles Roskovensky, Chief Counsel for House Committee on Health and Human Resources.

**CALL TO
ORDER**

Mr. Roskovensky reported that during the upcoming legislative session, which begins on February 10, 2021, proposed telemedicine legislation is expected to be introduced. The proposed legislation will likely allow the provider patient relationship to be established via audio only.

Additionally, it will likely permit providers to register to practice medicine in West Virginia rather than requiring a full active status West Virginia license, so long as the registrant holds an active unrestricted license in another state and does not have a pending or active complaint, investigation, Consent Order, Board Order or pending disciplinary proceeding in any jurisdiction and has not surrendered a license while under investigation or had a license revoked in any jurisdiction, unless the revocation was subsequently withdrawn or overturned.

Currently, W. Va. Code R. § 11-8-1, *Collaborative Pharmacy Practice*, is jointly promulgated by the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy and is located within the Board of Medicine code section. This rule pertains to a pharmacist's scope of practice pursuant to collaborative pharmacy practice and collaborative pharmacy practice agreements. Mr. Roskovensky reported that there will likely be a bill introduced that will move legislative rule-making authority relating to collaborative pharmacy practice from the Board of Medicine code section to the Board of Pharmacy.

Mr. Roskovensky reported that there may be a bill introduced relating to temporary licensure. He provided that the speed in which licenses are granted is slowing down physician billing practices. Mr. Spangler elaborated that applicants who have completed the application process and who are eligible for licensure in West Virginia are able to apply for a temporary license, which if granted, permits the applicant to practice in West Virginia until their application is considered by the Board. The Drug Enforcement Agency (DEA) does not recognize temporary licenses, therefore individuals who are granted a temporary license by the Board are prohibited from registering with the DEA until they are granted a full active status license.

On behalf of the Committee, Dr. Rahim thanked Mr. Roskovensky for attending the meeting and for providing an overview of possible 2021 legislation topics.

Prior to today's meeting, a copy of draft proposed modifications to the Physician Assistants Practice Act and The Six Key Elements of a Modern PA Practice Act were made available for members to review. Mr. Tipton joined the meeting at this time. Mr. Spangler reported that the West Virginia Association of Physician Assistants provided draft proposed modifications to the Physician Assistants Practice Act for the Committee review. The proposed draft eliminates

practice agreements, provides that a practice notification will be established and kept on file at the practice location and made available to the Board upon request, and modifies the following: (1) physician assistant/collaborating physician ratio; (2) prescriptive authority; and (3) advanced duties. Based upon research performed by Board of Medicine staff, it appears that that boards are trending away from practice agreements. No action was taken with regard to this agenda item. Board staff will continue to research physician assistant practice in other states.

Mr. Tipton exited the meeting at this time.

Mr. Spangler reported that during the 2021 legislative session, the Senate will permit individuals to attend meetings via virtual platform. At this time, it is unclear whether the House plans to implement similar protocols.

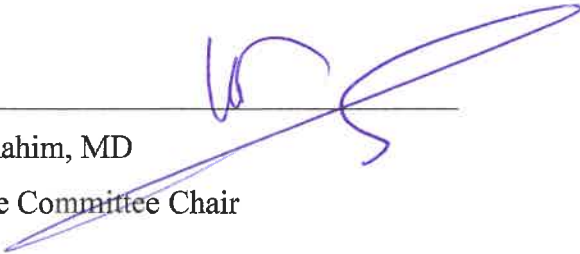

Mr. Spangler reported that the Board of Osteopathic Medicine recently met and discussed a new type of licensure for “assistant physicians”. This new license type would permit physicians who have completed medical or osteopathic school to practice with a physician and obtain experience, theoretically until they are matched with a post-graduate training program. At the Committee’s direction from a prior meeting, Board staff communicated with a representative of Marshall University, who did not see a need to create a license for unmatched medical school graduates at this time. The Board of Osteopathic Medicine will continue to gather information regarding assistant physician licensure and their Board will reconsider this matter at a future meeting. Board of Medicine staff will report any updates to this Committee.

Mr. Spangler reported that the Senate has expressed an interest in introducing a bill to modify the statutory requirements for allopathic licensure relating to accredited post-graduate training. There are some high-regarded fellowships that are not recognized/accredited by the ACGME, particularly in the fields of urology and ophthalmology. Currently, physicians must have completed a minimum of one year (for graduates of United States, Canadian or Puerto Rican medical schools) or two years (for graduates of international medical schools) of ACGME-approved post-graduate training to meet the eligibility criteria for medical licensure. Board staff will work on drafting proposed modifications to W. Va. Code § 30-3-10, to provide a pathway to licensure for applicants who have completed fellowship training in programs for which

accreditation is not available and which meet other appropriate standards. The proposed modifications will be presented to the Committee at a future meeting.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn. Dr. Sheth seconded, and the motion carried.

Mustafa Rahim, MD
Legislative Committee Chair

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Agenda
February 17, 2021 at 4:30 pm

CALL TO ORDER

Public Comments

Agenda Items:

- **Consideration of Bills Which Have Been Introduced During Since February 10, 2021**
 - **Board of Medicine Bill**
 - **SB 196** – Board of Medicine Rule Relating to Registration to Practice During Declared State of Emergency
 - **Telemedicine**
 - **SB 1** – Providing for Parity of Payment for Telehealth Services Between Sever In-Person and Service Provided Through Telehealth Platform
 - **HB 2004** – Permit a Licensed Health Care Professional from Another State to Practice in this State Through Telehealth when Registered with the Appropriate West Virginia Board.
 - **Board Regulation / Government Structure**
 - **HB 2007** – Provide for Occupational Licenses or Other Authorization to Practice by Recognition for Qualified Applicants from Other States
 - **HB 2154** – Requiring all Boards to be Located in the Same Area and Office Space
 - **HB 2251** – Reorganizing Various Boards and Authorities for the Licensing and Oversight of Trades, Occupations and Professions
 - **HB 2265** – Relating to Collaborative Pharmacy Practice and Updating Rulemaking Authority
 - **Other Bills of Interest**
 - **SB 82** – Exempting Physicians from Specified Traffic Laws When Responding to Emergencies
 - **HB 2262** – Amending Who Shall Report and Review the CSMP Database
 - **Other Legislative Topics of Interest**
 - Graduate Medical Education Requirements

- **Bills of Interest that are Placed on a Legislative Agenda after February 11, 2021**
- **New Bills Introduced after February 11, 2021**

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

February 17, 2021

The West Virginia Board of Medicine's Legislative Committee met at 4:30 pm on February 17, 2021 via GoToMeeting.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Acting Legislative Committee Chair
Timothy J. Donatelli, DPM
Ashish P. Sheth, MD

The following Committee members did not attend the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Ahmed D. Faheem, MD, DLFAPA

The following Staff members attended the meeting:

Jamie S. Alley, Esq.
Melissa Cross
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

The following Staff member attended a portion of the meeting:

Mark A. Spangler, MA

In the absence of Dr. Rahim, Dr. Challa called the meeting to order and chaired the meeting. Attendance was documented by Ms. Frame.

CALL TO
ORDER

Ms. Alley reported that **Senate Bill 196** and **House Bill 2460** are the Board of Medicine's rule relating to registration to practice during a declared state of emergency. An emergency rule, which is identical to the rule that is being promulgated, is currently in effect. Senate Bill 196 was

on the Senate Judiciary Committee agenda for today, February 17, 2021, but was not taken up. House Bill 2460 has not yet been placed on an agenda.

Mr. Spangler joined the meeting as Ms. Alley reported that **Senate Bill 1**, providing parity of payment for telehealth services between service in person and service provided through telehealth platform, has been introduced. Based on conversations with counsel for the Senate Health and Human Resources Committee, Board staff understand that a Committee Substitute is being introduced which will:

- permit the provider/patient relationship to be established via audio-only;
- provide payment parity for in-person encounters and telehealth visits;
- permit a health care practitioner located in any other state or commonwealth of the United States to register with a chapter 30 licensing board in West Virginia to provide telehealth services in this state;
- require that a patient have an in-person health care provider visit within twelve months of an initial telemedicine encounter;
- require that the patient record associated with the telemedicine encounter be transmitted to the patient's primary care physician;
- permit the chapter 30 licensing board to suspend a health care provider's registration without having a hearing if the provider's license is suspended, revoked or surrendered while under, or to avoid, investigation in another state;
- prohibit a provider utilizing audio-only telemedicine from prescribing any schedule III through V controlled substances until an in-person encounter occurs. This prohibition does not apply to a physician or a member of the same group practice with an existing provider-patient relationship of at least one year; and
- permit the Board of Medicine and the Board of Osteopathic Medicine to promulgate emergency rules to implement the provisions of this bill.

This bill is scheduled to be considered by the Senate Health and Human Resources Committee contemporaneously with this meeting. Mr. Spangler left the meeting at this time so that he could attend the Senate Health and Human Resources Committee meeting. Following discussion, Dr. Sheth moved that the Committee oppose the provision of this bill which would permit the provider-patient relationship to be established via audio-only. Dr. Donatelli seconded the motion, and the motion carried.

Ms. Alley reported that **House Bill 2004**, permitting a licensed healthcare professional from another state to practice in this state through telehealth when registered with the appropriate West Virginia board, has passed House Health and Human Resources Committee and was on second reading in the House today.

Ms. Alley reported that **House Bill 2007**, providing for occupational licenses or other authorizations to practice by recognition for qualified applicants from other states, has been introduced. This bill provides that the Board shall issue an occupational license or authorization to practice to individuals as long as the individual:

- holds a valid occupational license or authorization to practice in another state in a lawful occupation with a similar scope of practice, as determined by the Board in this state;
- has held the occupational license or authorization to practice in another state for at least one year;
- has met all educational and examination requirements for occupational licensure or authorization in the state where the individual holds a valid license or authorization;
- has a license that is in good standing in all other states where he or she holds a license;
- does not have a disqualifying criminal record as determined by the Board in this state;
- has not surrendered his or her license or authorization to practice in another state or had his or her licensed revoked because of negligence or intentional misconduct related to the individual's work in the occupation;
- does not have a pending complaint, allegation or investigation in another state; and
- pays all applicable fees.

This bill was amended on the house floor today to exclude medical doctors, osteopathic physicians and physician assistants.

Ms. Alley reported that **House Bill 2154** would require all boards to be located in the same area and office space. This bill is single referenced to House Government Organization Committee and has not yet been placed on an agenda.

Ms. Alley reported that **House Bill 2251**, reorganizing various boards and authorities for the licensing and oversight of trades, occupations and professions, has been introduced. This bill seeks to reorganize various boards and authorities into the following three chapters:

- Chapter 30, medical related professions and occupations
- Chapter 30A, non-medical occupations that require a minimum of a baccalaureate degree
- Chapter 30B, non-medical occupations that do not require a minimum of a baccalaureate degree

There are technical issues with the drafting of this bill. The bill is single referenced to House Government Organization Committee and has not yet been placed on an agenda.

Ms. Alley reported that **House Bill 2265**, relating to collaborative pharmacy practice and updating rulemaking authority, has been introduced. Currently, W. Va. Code R. § 11-8-1, *Collaborative Pharmacy Practice*, is jointly promulgated by the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy and is located within the Board of Medicine code section. This bill would authorize the Board of Pharmacy, with the advice of the Board of Medicine and the Board of Osteopathic Medicine, to propose rules concerning collaborative pharmacy practice for legislative approval. This bill has passed the House Health and Human Resources Committee and now moves to House Government Organization Committee for consideration. Dr. Sheth moved that current law be maintained and that the rule remain within the Board of Medicine code section. Dr. Donatelli seconded the motion, and the motion carried.

Ms. Alley reported that **Senate Bill 82**, exempting physicians from specified traffic laws when responding to emergencies, has been introduced. This bill is single referenced to Senate Transportation and Infrastructure Committee and has not yet been placed on an agenda.

Ms. Alley reported that **House Bill 2262**, amending who shall report and review the controlled substance monitoring program (CSMP) database, would:

- eliminate the requirement that a veterinarian monitor the CSMP;
- require that a pharmacist monitor the CSMP;
- add Schedule V controlled substances to the list of substances which are reportable to the CSMP.

This bill has passed the House and moves to the Senate for consideration.

At the Committee's February 3, 2021 meeting, Mr. Spangler reported that the Senate has expressed an interest in introducing a bill to modify the statutory requirements for allopathic licensure relating to accredited post-graduate training. There are some high-regarded fellowships that are not recognized/accredited by the Accreditation Council for Graduate Medical Education (ACGME), particularly in the fields of urology and ophthalmology. Currently, physicians must have completed a minimum of one year (for graduates of United States, Canadian or Puerto Rican medical schools) or two years (for graduates of international medical schools) of ACGME-approved post-graduate training to meet the eligibility criteria for medical licensure. Board staff have drafted proposed modifications to W. Va. Code § 30-3-10, which would provide a pathway to licensure for applicants who have completed fellowship training in programs for which accreditation is not available and which meet other appropriate standards. Prior to today's meeting, the proposed modifications to W. Va. Code § 30-3-10 were made available for members to review. Dr. Donatelli moved that the Committee support the proposed modifications to W. Va. Code § 30-3-10, and authorize Board staff to work with legislative staff to introduce a bill to modify this section of the code. Dr. Sheth seconded the motion, and the motion carried.

Ms. Alley reported that the following bills were introduced after February 11, 2021, and are being monitored by Board staff:

- **Senate Bill 273** and **House Bill 2024**, expanding the use of telemedicine to all medical personnel.
- **Senate Bill 284**, allowing private schools the option of making vaccinations required for enrollment.
- **Senate Bill 301**, relating to patients' rights and vaccinations.
- **House Bill 2334**, requiring certain boards that seek to increase a fee or seek to impose a new fee to also submit cost saving measures.
- **House Bill 2366**, requiring agencies who have approved a proposed rule that affects fees or other special revenues to provide to the committee a fiscal note.
- **House Bill 2480**, relating to state boards of examination or registration.
- **House Bill 2368**, creating a patient bill of visitation rights.

No action was taken with regard to the above-mentioned bills.

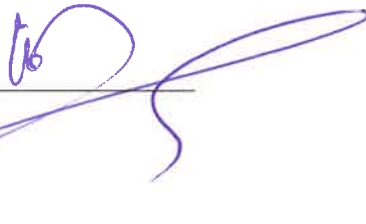

Mr. Foster reported on **House Bill 2311**. This bill would require prescriptions to be made via electronic means; however, there are several exceptions, such as power outages, impracticality, etc. The bill is single referenced to House Judiciary Committee and has not yet been placed on an agenda.

Prior to today's meeting a list of additional bills that Board staff are monitoring was made available to members for review. Ms. Alley asked members to review the bill tracking list and to advise Mr. Spangler or Ms. Frame if there is an interest in any of the bill on the list. A copy of the said list is attached to these minutes.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Donatelli seconded the motion, and the motion carried.

Mustafa Rahim, MD

CALL TO ORDER

Public Comments

Approval of Minutes

- January 10, 2021
- February 3, 2021
- February 17, 2021

Agenda Items:

- **Establishment of 2021 Interim Committee Meeting Dates**
 - March 16, 2021 at 4:30 pm
 - March 23, 2021 at 4:30 pm
 - March 30, 2021 at 4:30 pm
 - April 6, 2021 at 4:30 pm

- **Board of Medicine Rule 11 CSR 5**

- **Board of Medicine Bills**
 - **SB 196 and HB 2460** – Board of Medicine rule relating to registration to practice during declared state of emergency

- **Telemedicine Bills**
 - **SB 1** – Providing for parity of payment for telehealth services between sever in-person and service provided through telehealth platform and **HB 2024** - Expanding the use of telemedicine to all medical personnel
 - **Other Telemedicine Bills**

- **Licensing Requirement Bills**
 - **SB 372** – Providing greater discretion to the Board of Medicine to approve graduate clinical training and **HB 2703** – Clarifying that a temporary permit to practice medicine conveys the same authority unto the holder as a license
 - **HB 2007** – Provide for occupational licenses or other authorization to practice by recognition for qualified applicants from other states

- **Fiscal/Fee Related Bills**
 - **SB 475** – Dedicating certain fees collected by agencies and licensing boards to general revenue fund
 - **HB 2334** – Requiring certain boards that seek to increase a fee or seek to impose a new fee to also submit cost saving measures
 - **HB 2480** – Relating to state boards of examination or registration
 - **HB 2781** - To create the Occupational Licensing Legal Fund in the State Treasury
- **Board Organization and Structure Bills**
 - **HB 2154** – Requiring all boards to be located in the same area and office space
 - **HB 2251** – Reorganizing various boards and authorities for the licensing and oversight of trades, occupations and professions
- **Rulemaking Bills**
 - **HB 2265** – Relating to collaborative pharmacy practice and updating rulemaking authority
 - **HB 2366** – Requiring agencies who have approve a proposed rule that affects fees or other special revenues to provide to the committee a fiscal note
- **Specific Procedure Related Bills**
 - **HB 2311** – Requiring prescriptions be made by electronic means
 - **HB 2239** – Restricting the performance of abortions and acquiring, providing, receiving, otherwise transferring, or using fetal body parts
- **Immunization/Vaccination Bills**
 - **HB 2271** – Requiring compulsory immunization of public school children
 - **HB 2289** – Relating to compulsory immunizations
 - **HB 2660** – Creating a policy on vaccine preventable disease
 - **HB 2728** – Requiring all vaccinations for school attendance be including in the West Virginia code
 - **SB 284** – Allowing private schools option of making vaccinations required for enrollment.
 - **SB 301** – Relating to patients’ rights and vaccinations
 - **SB 406** – Removing Hepatitis B vaccine from list of compulsory immunizations
 - **SB 426** – Allowing parents to decline required medication administration to newborns
- **Other Bills of Interest**
 - **HB 2674** – Relating to the administration of anesthetics
 - **HB 2707** – Relating to prescriptive authority for APRNs
 - **HB 2817** – Donated Drug Repository Program

- **SB 12** – Relating to local health department accountability
- **SB 417** – Relating to long-term care and substance abuse treatment
- **HB 2262** – Amending who shall report and review the CSMP Database
- **HB 2087** - Relating to requiring the OHFLAC to inspect office-based MAT programs at least every 24 months
- **HB 2560** – Requiring PEIA and other health insurance providers to provide mental health parity
- **HB 2650** – Establishing a pilot program to develop school-based mental and behavioral health services
- **HB 2651** – Creating a program for expansion of school-based mental health and school-based diversion
- **HB 2746** - Establishing the behavioral health workforce education initiative at the Higher Education Policy Commission

- **Bills of Interest that are Placed on a Legislative Agenda after March 2, 2021**

- **New Bills Introduced after March 2, 2021**

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

March 7, 2021

The West Virginia Board of Medicine's Legislative Committee met at 9:30 am on March 7, 2021 via GoToMeeting.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Committee member did not attend the meeting:

Timothy J. Donatelli, DPM

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame. Dr. Faheem moved that the minutes of the following Committee meetings be approved:

CALL TO
ORDER

January 10, 2021
February 3, 2021
February 17, 2021

Dr. Sheth seconded the motion, and the motion carried.

Dr. Faheem moved that the Committee establish the following interim Committee meeting dates and times:

March 16, 2021 at 4:30 pm
March 23, 2021 at 4:30 pm
March 30, 2021 at 4:30 pm
April 6, 2021 at 4:30 pm

Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler reported that in 2016 legislation was passed which requires that any new legislative rule promulgated after April 1, 2016 include a sunset provision terminating the rule five years after the effective date. The Board's legislative rule entitled *Dispensing of Prescription Drugs by Practitioners* has a sunset date of July 5, 2022. Ms. Alley provided an overview of the Board's dispensing rule, and advised that in accordance with the sunset provision, the Board must review the rule and determine whether to:

- a. Maintain the rule as is, with no modifications, and file a sunset extension request and an agency approved rule with the West Virginia Secretary of State;
- b. Modify the rule, which would require the rule to follow the regular rule-making process;
- or
- c. Allow the rule to expire.

Eighteen months prior to a legislative rule's sunset date, the Secretary of State's Office will notify the agency of the approaching date. To date, Board staff have not received a sunset notification. Board staff will contact the West Virginia Secretary of State's Office for clarification regarding the sunset provision filing requirements. No action was taken with regard to this agenda item.

Mr. Spangler reported that the Board's legislative rule, *Registration to Practice During Declared State of Emergency*, has been bundled into **Senate Bill 182**, authorizing miscellaneous agencies and boards to promulgate legislative rules. This bill has passed the Senate and is awaiting consideration by the House Government Organization Committee. An emergency rule, which mirrors the legislative rule that is being promulgated, is currently in effect.

At its February 17, 2021 meeting, the Committee voted to oppose the provision of **Senate Bill 1**, which would permit the provider-patient relationship to be established via audio-only. With regard to SB 1, a committee substitute was reported, the bill was modified on the Senate floor and the bill passed the Senate and was referred to House Health and Human Resources Committee. There has been no movement with regard to Senate Bill 1 since February 23, 2021. **House Bill 2024**, expanding the use of telemedicine to all medical personnel, is the Governor's telemedicine bill. The engrossed Committee substitute for House Bill 2024:

- Permits the provider-patient relationship to be established via audio-only

- Permits a health care practitioner whose license is in good standing in the state where he/she is located and who is not currently under investigation or subject to an administrative complaint to register as an interstate telehealth practitioner with the appropriate WV Board
- Removes the prohibition of prescribing schedule II drugs via telemedicine
- Establishes that the practitioner will pay an established fee to the appropriate board, not to exceed the amount paid by a licensee
- Provides that a registration issued does not authorize a health care professional to practice from a physical location within West Virginia without first obtaining appropriate licensure
- Repeals W.Va. Code § 30-3-13a and W. Va. Code § 30-14-12d relating to telemedicine
- Requires emergency rulemaking by health care boards

No action was taken with regard to the telemedicine bills. Mr. Spangler provided that he would contact Senator Takubo and Senator Maroney and arrange for a meeting where Legislative Committee members could voice their concerns regarding the proposed telemedicine legislation.

Mr. Spangler reported that **Senate Bill 372** has been introduced. This bill modifies W. Va. Code § 30-3-10 to provide a pathway to licensure for applicants who have completed fellowship training in programs for which accreditation is not available but which meet other appropriate standards. This bill was amended to provide that “a temporary license issued by the Board of Medicine authorizes the holder to practice medicine and surgery or podiatry in West Virginia for the term of the temporary license, and includes full prescriptive authority.” The Drug Enforcement Agency (DEA) does not permit temporary license holders to apply for a DEA registration; therefore, currently physicians who hold temporary licensure cannot register with the DEA until they are granted a full active status license. The amended language is intended to permit physicians who hold a temporary license to successfully register with the DEA.

Mr. Spangler reminded the Committee that **House Bill 2007** provides that the Board shall issue an occupational license or authorization to practice to individuals as long as the individual:

- holds a valid occupational license or authorization to practice in another state in a lawful occupation with a similar scope of practice, as determined by the Board in this state;

- has held the occupational license or authorization to practice in another state for at least one year;
- has met all educational and examination requirements for occupational licensure or authorization in the state where the individual holds a valid license or authorization;
- has a license that is in good standing in all other states where he or she holds a license;
- does not have a disqualifying criminal record as determined by the Board in this state;
- has not surrendered his or her license or authorization to practice in another state or had his or her license revoked because of negligence or intentional misconduct related to the individual's work in the occupation;
- does not have a pending complaint, allegation or investigation in another state; and
- pays all applicable fees.

This bill has been amended to exclude medical doctors, osteopathic physicians and physician assistants have been successfully amended out of this bill.

Mr. Spangler provided an update on the following fiscal/fee related bills:

- **Senate Bill 475**, dedicating certain fees collected by agencies and licensing boards to general revenue fund. This bill would require certain fees be deposited in the general revenue fund rather than special revenue accounts to allow appropriation of the funds by the Legislature. The bill was considered by the Senate Finance Committee on March 5, 2021 and a Committee Substitute was reported which removed all boards and agencies from the bill with the exception of the Division of Labor.
- **House Bill 2334**, requiring certain boards that seek to increase a fee or seek to impose a new fee to also submit cost saving measures. This bill is single referenced to House Government Organization Committee, and it has not yet been placed on an agenda.
- **House Bill 2480**, relating to state boards of examination or registration. This bill provides that “when the special fund of any board accumulates to an amount which exceeds twice the annual average actual spending over the preceding five years of the board or \$10,000, whichever is greater, the State Treasurer shall: (1) transfer the excess amount to the state General Revenue Fund; and (2) notify the Legislative Auditor that the transfer has been made.” The bill is double referenced to House Government Organization Committee and House Finance Committee, and it has not yet been placed on an agenda.

- **House Bill 2781**, to create the Occupational Licensing Legal Fund in the State Treasury. This bill would establish a special revenue fund to pay legal fees and court costs to the West Virginia Attorney General, or other counsel, incurred within the operation of the occupational licensing boards. The bill is double referenced to House Judiciary Committee and House Finance Committee, and it has not yet placed on an agenda.

Mr. Spangler reported that **House Bill 2154** would require all boards to be located in the same area and office space. This bill is single referenced to House Government Organization Committee, and it has not yet been placed on an agenda.

Mr. Spangler reminded members that **House Bill 2251**, reorganizing various boards and authorities for the licensing and oversight of trades, occupations and professions, seeks to reorganize various boards and authorities into the following three chapters:

- Chapter 30, medical related professions and occupations
- Chapter 30A, non-medical occupations that require a minimum of a baccalaureate degree
- Chapter 30B, non-medical occupations that do not require a minimum of a baccalaureate degree

There are technical issues with the drafting of this bill. The bill is single referenced to House Government Organization Committee, and it has not yet been placed on an agenda.

Mr. Spangler provided an update with regard to **House Bill 2265**, relating to collaborative pharmacy practice and updating rulemaking authority. Currently, W. Va. Code R. § 11-8-1, *Collaborative Pharmacy Practice*, is jointly promulgated by the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy and is located within the Board of Medicine section of the code of state rules. This bill would authorize the Board of Pharmacy, with the advice of the Board of Medicine and the Board of Osteopathic Medicine, to propose rules concerning collaborative pharmacy practice for legislative approval. The Committee previously supported maintaining the statutory language, and preferred that the collaborative pharmacy practice rule remain within the Board of Medicine's rule section. Since the last Committee meeting, this bill has passed the House and now moves to Senate Health Committee for consideration. The

Legislative Committee maintains that it critically important for the Board of Medicine and the Board of Osteopathic Medicine to have approval authority, in conjunction with the Board of Pharmacy, in relation to this rule. Members directed Board staff to continue to seek modifications to the bill which would protect the Board's decisional authority.

Mr. Spangler reported that **House Bill 2366** has been introduced. This bill would require agencies who have approved a proposed rule that affects fees or other special revenues to provide a fiscal note to the Legislative Rule-Making Review Committee. The Committee does not foresee any issues with this bill.

Mr. Spangler reported that there has been no movement with regard to **House Bill 2311**, requiring prescriptions be made by electronic means. Board staff will continue to monitor this bill.

Mr. Spangler reported that Board staff continue to monitor **House Bill 2239**, restricting the performance of abortions and acquiring, providing, receiving, otherwise transferring, or using fetal body parts. This bill would require rulemaking by the Board of Medicine. The bill has not yet been placed on an agenda.

Mr. Spangler reported that Board staff continue to monitor the following immunization/vaccination bills:

- **House Bill 2271**, requiring compulsory immunization of public school children
- **House Bill 2289**, relating to compulsory immunizations
- **House Bill 2660**, creating a policy on vaccine preventable disease
- **House Bill 2728**, requiring all vaccinations for school attendance be including in the West Virginia code
- **Senate Bill 284**, allowing private schools option of making vaccinations required for enrollment
- **Senate Bill 301**, relating to patients' rights and vaccinations
- **Senate Bill 406**, removing Hepatitis B vaccine from list of compulsory immunizations
- **Senate Bill 426**, allowing parents to decline required medication administration to newborns

Mr. Spangler reported that **House Bill 2674**, relating to the administration of anesthetics, has been introduced. This bill would eliminate physician supervision of certified registered nurse anesthetist (CRNA) administration of anesthetics and replace it with a requirement that the CRNA cooperate with physicians and dentists. The bill is similar to a bill that was introduced during the 2020 legislative session. The bill is scheduled for first reading in the House tomorrow, March 8, 2021. Board staff will continue to monitor this bill.

Mr. Spangler reported on **House Bill 2707**, relating to prescriptive authority for advanced practice registered nurses. This bill reduces the number of years, from three years to one year, that are required for an advanced practice registered nurse to work collaboratively with a physician in order to gain independent prescribing authority. The bill also allows for collaboration to be with another advanced practice registered nurse who has prescriptive authority. The bill has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 2817**, Donated Drug Repository Program, has been introduced. This bill would establish a Donated Drug Repository Program to be administered by the West Virginia Board of Pharmacy. The bill sets forth the eligible drugs and eligible recipients, as well as establishes how the drugs are to be received, handled, stored, dispensed, distributed and disposed of. The bill has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 12**, relating to local health department accountability, has completed the legislative process and is awaiting approval by the Governor. This bill does not affect the Board of Medicine.

Mr. Spangler reported that **House Bill 2262**, amending who shall report and review the controlled substance monitoring program (CSMP) database, has completed the legislative process and is awaiting approval by the Governor. This bill:

- eliminates the requirement that a veterinarian monitor the CSMP;
- requires that a pharmacist monitor the CSMP;
- adds Schedule V controlled substances to the list of substances which are reportable to the CSMP.

Mr. Spangler reported that there has been no movement with regard to **House Bill 2087**, relating to requiring the Office of Health Facility Licensure and Certification to inspect office-based medication assisted treatment programs at least every twenty-four months.

ADJOURNMENT

There being no further business to consider, Dr. Faheem moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

Mustafa Rahim, MD
Legislative Committee Chair

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Agenda
March 16, 2021 at 4:30 pm

CALL TO ORDER

Public Comments

Agenda Items:

- **Board of Medicine Rule 11 CSR 5**

- **Board of Medicine Bills**
 - **SB 182** – Board of Medicine Rule Relating to Registration to Practice During Declared State of Emergency

- **Telemedicine**
 - **SB 1** – Providing for parity of payment for telehealth services between service in-person and service provided through telehealth platform and **HB 2024** - Expanding the use of telemedicine to all medical personnel
 - **Other Telemedicine Bills**

- **Board Regulation / Government Structure**
 - **SB 372** – Providing greater discretion to the Board of Medicine to approve graduate clinical training and **HB 2703** – Clarifying that a temporary permit to practice medicine conveys the same authority unto the holder as a license
 - **HB 3052** – Creating the Interstate Mobility and Universal-Recognition Occupational Licensing Act
 - **SB 472** – Updating Criteria for regulating certain occupations and professions

- **Fiscal/Fee Related Bills**
 - **HB 2781** - To create the Occupational Licensing Legal Fund in the State Treasury
 - **HB 3058** – Relating to the General Revenue Fund

- **Rulemaking Bills**
 - **HB 2265** – Relating to collaborative pharmacy practice and updating rulemaking authority

- **Other Bills of Interest**

 - **SB 621** – Relating to non-compete covenants between certain health care practitioners
-
- **Bills of Interest that are Placed on a Legislative Agenda after March 12, 2021**
 - **New Bills Introduced after March 12, 2021**

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

March 16, 2021

The West Virginia Board of Medicine's Legislative Committee met at 4:30 pm on March 16, 2021 via GoToMeeting.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Committee member did not attend the meeting:

Timothy J. Donatelli, DPM

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

CALL TO
ORDER

Mr. Spangler reported that **Senate Bill 182**, authorizing miscellaneous agencies and boards to promulgate legislative rules, which contains the Board's legislative rule, *Registration to Practice During Declared State of Emergency*, has passed Senate Judiciary Committee and is on House Government Organization Committee agenda for today, March 16, 2021.

Mr. Spangler provided an update with regard to **Senate Bill 372**, providing greater discretion to the Board of Medicine to approve graduate clinical training, and **House Bill 2703**, clarifying that a temporary permit to practice medicine conveys the same authority unto the holder as a license. Senate Bill 372 modifies W. Va. Code § 30-3-10 to provide a pathway to licensure

for applicants who have completed fellowship training in programs for which accreditation is not available but which meet other appropriate standards. This bill was amended in House Health and Human Resources Committee to incorporate language of House Bill 2703, which provides that “A temporary license issued by the board authorizes the holder to practice medicine and surgery or podiatry in West Virginia for the term of the temporary license and includes full prescriptive authority.” Senate Bill 372 has completed the legislative process and is awaiting action by the Governor.

Mr. Spangler reported that **House Bill 3052**, creating the Interstate Mobility and Universal Recognition Occupational Licensing Act, has been introduced. This bill would authorize the Attorney General’s Consumer Protection Division to establish an Office of Supervision of Occupational Boards, which would actively supervise state occupational boards. Board staff will continue to monitor this bill.

Mr. Spangler reported that **Senate Bill 472**, updating criteria for regulating certain occupations and professions, has passed the Senate and is single referenced to House Government Organization Committee, where it has not yet been placed on an agenda.

Mr. Spangler reminded Committee members that **House Bill 2781**, to create the Occupational Licensing Legal Fund in the State Treasury, would establish a special revenue fund to pay legal fees and court costs to the West Virginia Attorney General, or other counsel, incurred within the operation of the occupational licensing boards. The bill is double referenced to House Judiciary Committee and House Finance Committee, and it has not yet been placed on an agenda. A similar bill, **House Bill 3058**, relating to the general revenue fund, has been introduced. House Bill 3058 would establish a special revenue fund out of existing receipts from all Chapter 30 Boards to pay legal fees and court costs to the Attorney General’s office, or other counsel, incurred within operation of the Board. Board staff will continue to monitor these bills.

Mr. Spangler reported that **House Bill 2265**, relating to collaborative pharmacy practice and updating rulemaking authority, was defeated in Senate Health and Human Resources Committee, but that there are indications that this bill may be resurrected. Additionally, Mr.

Spangler reported that he has communicated the Board's desire for this bill to be modified to protect the Board's decisional authority.

Mr. Spangler reported that **House Bill 2674**, relating to the administration of anesthetics, has passed the House and is single referenced to Senate Health and Human Resources Committee, where it has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 2707**, relating to prescriptive authority for advanced practice registered nurses, which was introduced in February, is single referenced to House Health and Human Resources Committee, where it has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 2817**, Donated Drug Repository Program, has passed House Health and Human Resources Committee and was on second reading on the House Floor today, March 16, 2021.

Mr. Spangler reported that **Senate Bill 621**, relating to non-compete covenants between certain health care practitioners, originated in Senate Health and Human Resources Committee. This bill relates to physician's, physician assistants and advanced practice registered nurses and employers. The bill was referred to Senate Rules Committee on second reading on the Senate Floor. Board staff will continue to closely monitor this bill.

Mr. Spangler provided an update with regard to **Senate Bill 1**, providing for parity of payment for telehealth services between service in-per and service provided through a telehealth platform, and **House Bill 2024**, expanding the use of telemedicine to all medical personnel. Senate Bill 1 passed the Senate in February 2021 and is single referenced to House Health and Human Resources Committee, where it has not yet placed on an agenda. House Bill 2024 passed the House and was on Senate Health and Human Resources Committee agenda today, March 16, 2021, where it was amended to include provisions of Senate Bill 1. Board staff have not yet been able to view the amendment.

Mr. Spangler reported that the following bills have been introduced and are being monitored by Board staff:

- **House Bill 3117**, to provide a means to classify when medications should be continued or stopped for patients
- **House Bill 3228**, to require a new written, phoned, or emailed prescription order within 72 hours of a prescription change
- **House Bill 3229**, to require all prescribers of medication to include their purpose for prescribing the medication

Board staff will continue to monitor these bills.

Mr. Spangler reported that Senator Takubo has proposed introducing a bill to modify the Physician Assistants Practice Act. The proposed modifications to the Act include:

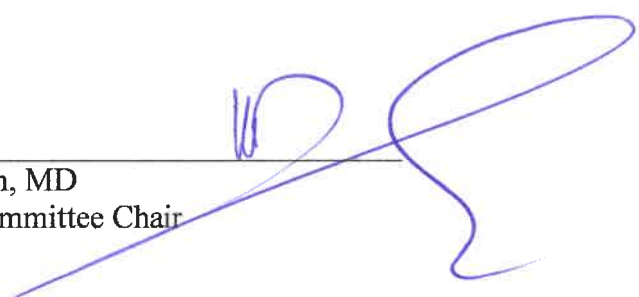

- Eliminating the collaborating physician/physician assistant ratio
- Allowing physician assistants to collaborate with entities rather than physicians
- Making the physician assistant scope of practice available at the practice level and immediately available for the Board upon request
- Possibly modifying prescriptive authority to permit physician assistants to prescribe up to seventy-two hours of Schedule II controlled substances
- Modifying chart review requirements to permit the practice to determine the charts to be reviewed.

Ms. Alley reported that currently medical acts are delegated to physician assistants, and that the proposed modifications would take a significant rewrite of the Act. Board staff will monitor continue to closely monitor legislation and will advise the Committee if a bill relating to physician assistants is introduced. No action was taken with regard to this agenda item.

ADJOURNMENT

There being no further business to consider, Dr. Faheem moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

Mustafa Rahim, MD
Legislative Committee Chair

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Agenda
March 23, 2021 at 4:30 pm

 - **HB 2024** - Expanding the use of telemedicine to all medical personnel
 - **Other Telemedicine Bills** (SB 1 and HB 2004)

- **Board Regulation / Government Structure**
 - **SB 372** – Providing greater discretion to the Board of Medicine to approve graduate clinical training
 - **SB 472** – Updating criteria for regulating certain occupations and professions

- **Fiscal/Fee Related Bills**
 - **HB 3058** – Relating to the General Revenue Fund

- **Rulemaking Bills**
 - **HB 2265** – Relating to collaborative pharmacy practice and updating rulemaking authority

- **Other Bills of Interest**
 - **HB 2674** – Relating to the administration of anesthetics
 - **HB 2707** – Relating to prescriptive authority for APRNs
 - **HB 2817** – Donated Drug Repository Program
 - **SB 509** – Removing requirement that determination of medical stability be found prior to admission to mental health facility

- **Consideration of Correspondence Regarding HB 2982, Relating to the Second Chances at Life Act of 2021**

- **Consideration of Possible Physician Assistant Legislation to be Introduced**
- **Bills of Interest that are Placed on a Legislative Agenda after March 18, 2021**
- **New Bills Introduced after March 18, 2021**

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

March 23, 2021

The West Virginia Board of Medicine's Legislative Committee met at 4:30 pm on March 23, 2021 via GoToMeeting.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

The following Board member attended the meeting as a guest:

Christopher J. Tipton, PA-C

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Alley.

**CALL TO
ORDER**

Mr. Spangler reminded members that in 2016 legislation was passed which requires that any new legislative rule promulgated after April 1, 2016 include a sunset provision terminating the rule five years after the effective date. The Board's legislative rule entitled *Dispensing of Prescription Drugs by Practitioners* has a sunset date of July 5, 2022. If the Board elects to maintain the rule as is, with no modifications other than extending the sunset date, Board staff will need to file a Sunset Extension Request and an agency approved version of the rule with the West Virginia Secretary of State's Office prior to May 7, 2021. No action was taken with regard to this agenda item.

Mr. Spangler reported that **Senate Bill 182**, authorizing miscellaneous agencies and boards to promulgate legislative rules, which contains the Board's legislative rule, *Registration to Practice During Declared State of Emergency*, has completed the legislative process and is awaiting action by the Governor.

Mr. Spangler provided an update with regard to **House Bill 2024**, expanding the use of telemedicine to all medical personnel. This bill has passed the Senate with amendments and the Senate has asked the House to concur. If passed, this bill is effective from passage.

Mr. Spangler reported that there has been no movement since the last Legislative Committee meeting with regard to **Senate Bill 1**, providing for parity of payment for telehealth services between service in-person and service provided through telehealth platform, and **House Bill 2004**, permitting a licensed health care professionals from another state to practice in this state through telehealth when registered with the appropriate West Virginia Board.

Mr. Spangler reported that **Senate Bill 372**, providing greater discretion to the Board of Medicine to approve graduate clinical training, was approved by the Governor and is effective as of March 9, 2021.

Mr. Spangler reported that **Senate Bill 472**, updating criteria for regulating certain occupations and professions, has passed the Senate and is single referenced to House Government Organization Committee, where it has not yet been placed on an agenda.

Mr. Spangler reported that there has been no movement with regard to **House Bill 3058**, relating to the general revenue fund, since the last Legislative Committee meeting, which was held on March 16, 2021.

Ms. Frame joined the meeting at this time.

Mr. Spangler reported that **House Bill 2265**, relating to collaborative pharmacy practice and updating rulemaking authority, has passed House Health and Human Resources Committee and is single referenced to Senate Health and Human Resources Committee, where it has not yet

been placed on an agenda. Mr. Spangler is scheduled to attend a stakeholders meeting with regard to House Bill 2265 tomorrow, March 24, 2021.

Mr. Spangler reported that **House Bill 2674**, relating to the administration of anesthetics, has passed the House and is single referenced to Senate Health and Human Resources Committee, where it has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 2707**, relating to prescriptive authority for advanced practice registered nurses, is single referenced to House Health and Human Resources Committee, where it has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 2817**, Donated Drug Repository Program, has passed the House is single referenced to Senate Health and Human Resources Committee, where it has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 509**, removing requirement that determination of medical stability be found prior to admission to mental health facility, was on third reading on the Senate Floor today.

Prior to today's meeting, correspondence that was received regarding **House Bill 2982**, relating to the Second Chances of Life Act, was made available for members to review. The correspondence alleges that the bill "fundamentally undermines the informed consent process – by scripting physicians and compelling them to provide medically inaccurate information and steer patients toward untested procedures, HB 2982 is in direct violation of a physician's oath to care. Second, it restricts a physician[s] speech and prevents them from providing complete and accurate information to their patient. Finally, abortion 'reversal' claims are not based on science and do not meet clinical standards which is in direct conflict with the requirements of practicing medicine and surgery as laid out by the West Virginia Board of Medicine." Mr. Spangler reported that this bill is on third reading on the House floor tomorrow, March 24, 2021. Board staff will gather additional information and monitor this bill. No action was taken with regard to this agenda item.

Prior to today's meeting, a copy of Originating Bill 3, proposing modifications to the Physician Assistants Practice Act, was made available for members to review. Mr. Spangler reported that Originating Bill 3 would significantly change physician assistant practice in West Virginia. The bill:

- Removes the definition of collaboration
- Removes practice agreements and replaces it with a practice notifications
- Removes the Board's rulemaking with regard to the drug formulary
- Removes the NCCPA certification requirement for initial licensure

This bill was on the Senate Health and Human Resources Committee agenda for today, March 23, 2021, but it was removed from the agenda and is now scheduled to be considered by the Committee on Thursday, March 26, 2021. Following significant discussion, Dr. Challa moved that the Committee not oppose Originating Bill 3, but request that consideration of the bill be delayed to allow the Board additional time to review and evaluate the details. Dr. Sheth seconded the motion, and the motion carried. While he is not a member of the Legislative Committee, Mr. Tipton asked that it be noted that he opposes the aforementioned motion.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn. Dr. Sheth seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

March 30, 2021

The West Virginia Board of Medicine's Legislative Committee met at 4:30 pm on March 30, 2021 via GoToMeeting.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Committee member did not attend the meeting:

Timothy J. Donatelli, DPM

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

CALL TO
ORDER

Mr. Spangler reported that **Senate Bill 182**, authorizing miscellaneous agencies and boards to promulgate legislative rules, which contains the Board's legislative rule, *Registration to Practice During Declared State of Emergency*, has completed the legislative process and is awaiting action by the Governor.

Ms. Alley joined the meeting at this time.

Mr. Spangler reported that **House Bill 2024**, expanding the use of telemedicine to all medical personnel, has completed the legislative process and is awaiting action by the Governor.

This bill:

- Creates a new interstate telehealth registration which permits a health care practitioner whose license is in good standing in the state where he/she is located and who is not currently under investigation or subject to an administrative complaint to register as an interstate telehealth practitioner with the appropriate West Virginia Board
- Defines virtual telehealth as “a new patient or follow-up patient for acute care that does not require chronic management or scheduled medications”
- Provides that while audio-visual communication is preferred, the physician patient relationship can be established through “audio-only calls or conversations that occur in real time”
- Modifies the telehealth prescribing limitations
- Establishes reimbursement rates for providers practicing via telehealth
- Establishes that the practitioner will pay an established fee to the appropriate board, not to exceed the amount paid by a licensee
- Provides that a registration issued does not authorize a health care professional to practice from a physical location within West Virginia without first obtaining appropriate licensure
- Requires emergency rulemaking
- Provides that providers must still adhere to the standard of care

The bill is effective from passage.

Mr. Spangler reported that **House Bill 2265**, relating to collaborative pharmacy practice and updating rulemaking authority, will not advance this year. Members of the legislature have requested that the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy work collaboratively to revise W. Va. Code § 11-8-1, *Collaborative Pharmacy Practice*, for introduction during the 2022 legislative session.

Mr. Spangler reported that **Senate Bill 714**, relating to the physician assistant practice act, has been introduced. This bill originated in Senate Health and Human Resources Committee, has

passed the Senate and has been ordered to the House where it will likely be placed on the House Health and Human Resources Committee agenda. This bill:

- Eliminates Practice Agreements
- Requires Practice Notifications
- Permits physician assistants to prescribe up to seventy-two hours of a Schedule II controlled substance without refill
- Removes the National Commission on Certification of Physician Assistants requirement for initial licensure
- Requires emergency rulemaking

Board staff continue to closely monitor this bill and will keep the Committee apprised.

Mr. Spangler reported at the March 23, 2021, the Committee reviewed correspondence that was received which relates to **House Bill 2982**, relating to the Second Chances of Life Act. This bill has passed the House and is double referenced to Senate Health and Human Resources Committee and Senate Judiciary Committee where it has not yet been placed on an agenda. Board staff will continue to monitor the bill.

Mr. Spangler reminded the Committee that **Senate Bill 372**, providing greater discretion to the West Virginia Board of Medicine to approve graduate clinical training, has completed the legislative process and was approved by the Governor. This bill is effective as of March 9, 2021.

Mr. Spangler reported that **Senate Bill 472**, updating criteria for regulating certain occupations and professions, has passed House Government Organization Committee and is scheduled for first reading on the House floor, tomorrow, March 31, 2021. This bill establishes a sixteen factor tests that the Performance Evaluation and Research Teams can use to determine that a certain profession no longer needs a license. Additionally, the bill provides that any ambiguity should be construed to workers.

Mr. Spangler reported that the Board of Medicine continues to remain excluded from **House Bill 2007**, providing for occupational licenses or other authorization to practice by recognition for qualified applicants from other states.

Mr. Spangler reported that Board staff continue to monitor **House Bill 2674**, relating to the administration of anesthetics. This bill has passed the House and is single referenced to Senate health and Human Resources Committee, where it has not yet been placed on an agenda.

ADJOURNMENT

There being no further business to consider, Dr. Faheem moved that the meeting adjourn. Dr. Sheth seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

May 16, 2021

The West Virginia Board of Medicine's Legislative Committee met at 9:30 am on May 16, 2021 via GoToMeeting.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Ahmed D. Faheem, MD, DLFAPA

The following Committee members did not attend the meeting:

Timothy J. Donatelli, DPM
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame. Dr. Challa moved that the minutes of the following Committee meetings be approved:

March 7, 2021
March 16, 2021
March 23, 2021
March 30, 2021

Dr. Faheem seconded the motion, and the motion carried.

Dr. Challa moved that the Committee establish the following additional Committee meeting dates and times:

June 16, 2021 at 5:00 pm
July 26, 2021 at 5:00 pm

CALL TO
ORDER AND
APPROVAL
OF MINUTES

Dr. Faheem seconded, and the motion carried.

Mr. Spangler reported that the Board's legislative rule, *Registration to Practice During Declared State of Emergency*, completed the legislative process and was signed by the Governor. Board staff will file the final version of the rule with the West Virginia Secretary of State's Office.

Mr. Spangler reported that the following three bills, which directly affect the Board of Medicine, were passed during the 2021 legislative session:

- **House Bill 2024**, expanding authorization to practice telehealth. This bill:
 - Creates a new interstate telehealth registration which permits a health care practitioner whose license is in good standing in all other states of licensure and who is not currently under investigation or subject to an administrative complaint to register as an interstate telehealth practitioner with the appropriate West Virginia Board.
 - Provides that while audio-visual communication is preferred, the provider-patient relationship can be established through “audio-only calls or conversations that occur in real time.”
 - Modifies the telehealth prescribing limitations.
 - Establishes reimbursement rates for providers practicing via telehealth.
 - Authorizes health licensing boards to promulgate emergency rules to implement the registration process and establish the standard of care.

This bill was passed on March 30, 2021 and is effective from passage.

- **Senate Bill 372**, providing greater discretion to the Board of Medicine to approve graduate clinical training. This bill modifies W.Va. Code § 30-3-10 to provide a pathway to licensure for applicants who have completed fellowship training in programs for which accreditation is not available, but which meet other appropriate standards. Additionally, the bill includes language to facilitate the Drug Enforcement Agency (DEA) allowing physicians who hold temporary licensure to apply with the DEA for a controlled substance registration. This bill was passed on March 9, 2021 and is effective from passage.

- **Senate Bill 714**, relating to the physician assistant practice act. This bill:
 - Eliminates practice agreements; however, current practice agreements will remain in effect through June 1, 2022 unless terminated prior to that date.
 - Requires practice notifications to be filed with the Board of Medicine.
 - Authorizes physician assistants to prescribe up to seventy-two hours of a Schedule II controlled substance without refill.
 - Removes the National Commission on Certification of Physician Assistants requirement for initial licensure if the physician assistant holds a license that is in good standing from a state that does not require the physician assistant to maintain national certification.

This bill will become effective on July 8, 2021.

Mr. Spangler reported that **House Bill 2265**, relating to collaborative pharmacy practice and updating rulemaking authority, was not passed during the 2021 legislative session. This bill would have amended the Pharmacy Practice Act to change the rulemaking authority for collaborative pharmacy practice to remove the Board of Medicine's joint authority with the West Virginia Board of Pharmacy and the West Virginia Board of Osteopathic Medicine for rulemaking. Instead, the Board of Medicine and Board of Osteopathic Medicine's role would be limited to advising on the rule. Members of the legislature have requested that the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy work collaboratively to update W. Va. Code § 11-8-1, *Collaborative Pharmacy Practice*, for introduction during the 2022 legislative session. Dr. Faheem moved that the Committee authorize Board staff to draft correspondence to be sent to the Board of Pharmacy which:

- Identifies the proactive measures the Board of Medicine has taken to date with regard to working jointly to update W. Va. Code § 11-8-1.
- Reiterates that the Board of Medicine remains open to change with regard to how collaborative pharmacy practice agreements are filed, collected and maintained.
- Communicates the Board of Medicine's continued willingness to work collaboratively with regard to updating W. Va. Code § 11-8-1.
- Requests that if the Board of Pharmacy has elected to forego rulemaking at this time, that they identify any proposed statutory changes that they seek.

Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler left the meeting at this time.

Ms. Alley reported that as a result of bills passed during the 2021 legislative session the Board will need to promulgate the following two emergency rules:

- W. Va. Code § 11-1B-1, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code § 11-15-1, which will be a new rule that addresses interstate telehealth registration

In addition to filing emergency version of these rules, the Board will need to file the legislative version of the rules. Dr. Faheem moved that the Committee authorize Board staff to draft proposed amendments to W. Va. Code § 11-1B-1 and to draft a proposed new rule W. Va. Code § 11-15-1 for review and consideration at the June 16, 2021 meeting. Dr. Challa seconded the motion, and the motion carried.

Ms. Alley reported that Board staff have reviewed the Board's existing rules and have identified the following rules as needing amended for introduction during the 2022 legislative session:

- W. Va. Code § 11-1A-1, *Licensing and Disciplinary Procedures: Physicians, Podiatric Physicians and Surgeons*. This rule will need to be amended to implement the provisions of Senate Bill 372, providing greater discretion to the Board of Medicine to approve graduate clinical training.
- W. Va. Code § 11-1B-1, *Licensure, Discipline and Complaint Procedures, Continuing Education, Physician Assistants*. This rule will need to be amended to implement the provisions of Senate Bill 714, relating to the Physician Assistants Practice Act.

Mr. Spangler rejoined the meeting at this time. Ms. Alley proceeded with reporting the following rules as needing updated for introduction during the 2022 legislative session:

- W. Va. Code § 11-5-1, *Dispensing of Prescription Drugs by Practitioners*. This rule will need to be amended as a result of the passage of Senate Bill 714, relating to the Physician Assistants Practice Act.

- W. Va. Code § 11-6-1, *Continuing Education for Physicians and Podiatric Physicians*. At the previous direction of the Committee, this rule will need to be amended to permit podiatric physicians to satisfy his/her continuing podiatric education requirements, with the exception of the three-hour drug diversion training and best practice prescribing of controlled substances training requirement, by sitting for and passing a certification or recertification examination conducted by either the American Board of Podiatric Medicine or the American Board of Foot and Ankle Surgery.
- W. Va. Code § 11-8-1, *Collaborative Pharmacy Practice*. This joint rule will need to be amended jointly with the West Virginia Board of Osteopathic Medicine and the West Virginia Board of Pharmacy. To date, the West Virginia Board of Pharmacy has declined to proceed with rule amendments.
- W. Va. Code § 11-10-1, *Accessing the West Virginia Controlled Substance Monitoring Program*. This rule will need to be amended to conform to the current requirements of W. Va. Code § 60A-9-5a and to clarify that the rule applies to Board of Medicine licensees and interstate telehealth registrants.
- W. Va. Code § 11-11-1, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans' Nursing Home Facilities*. This rule will need to be amended as a result of the passage of Senate Bill 372, providing greater discretion to the Board of Medicine to approve graduate clinical training.
- W. Va. Code § 11-14-1, *Registration to Practice During Declared State of Emergency*. This rule is proposed for amendment as a result of House Bill 2024 to place a limit on emergency registration time frames.
- W. Va. Code § 11-15-1. This new rule will implement the provisions of House Bill 2024.

Dr. Faheem moved that the Committee authorize Board staff to draft the proposed new rule and proposed amendment to the existing rules identified above. Dr. Challa seconded the motion, and the motion carried. Board staff will present the proposed new rule and the proposed amendments to existing rules to the Committee at the June 16th meeting for review and consideration.

Dr. Challa moved that the Committee request that the Board delegate authority to the Legislative Committee to act on behalf of the Board with regard to emergency and legislative rulemaking. Dr. Faheem seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn. Dr. Faheem seconded the motion, and the motion carried.

Mustafa Rahim, MD

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

June 16, 2021

The West Virginia Board of Medicine's Legislative Committee met at 5:00 pm on June 16, 2021 via GoToMeeting.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Committee member did not attend the meeting:

Kishore K. Challa, MD, FACC

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

CALL TO
ORDER

Prior to today's meeting a copy of proposed amendments to the following rules were made available for members to review:

- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*

- W.Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*

Mr. Spangler reported that Board staff continue to draft proposed amendments to the following rules:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*

Additionally, Board staff continue to draft a proposed new rule, W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*. The proposed amendments to the three existing rules, as well as the proposed new rule, will be considered at the next Legislative Committee meeting, which is scheduled to be held at 5:00 pm on June 23, 2021.

Mr. Spangler reported that during the 2021 regular legislative session Senate Bill 714, relating to Physician Assistants Practice Act, was enacted. This bill modifies licensure eligibility and prescribing authority and phases out practice agreements with specific collaborating physicians. The bill provides that collaboration with physicians in all practice settings requires an active practice notification with a health care facility. The proposed amendments to W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*:

- Provide clarity, uniformity and general clean-up to existing definitions.
- Eliminate the reference to a practice agreement and requires that an active practice notification be on file with the Board for the proposed controlled substance dispensing location. Additionally, section 3.5 makes it clear that a practitioner cannot obtain or maintain registration if he or she does not meet the eligibility requirements for a controlled substance dispensing registration.

Additionally, general clean-up occurs throughout the proposed rule.

Mr. Spangler reported that W. Va. Code R. § 11-6-1 *et seq*, *Continuing Education for Physicians and Podiatric Physicians*, establishes the minimum continuing education requirements satisfactory to the Board for physicians and podiatric physicians. The proposed amendments to this rule:

- Establish a new definition, “Website” or “Board’s Website”.
- Add a requirement that information related to substance use disorder treatment referral be included in all drug diversion training and best practice prescribing of controlled substances training.
- Permit a podiatric physician to satisfy continuing education requirements, except for the three-hour drug diversion training and best practice prescribing of controlled substances training requirement, by sitting for and passing a certification or recertification examination conducted by one of the American Board of Podiatric Medicine or the American Board of Foot and Ankle Surgery during the relevant period.

Mr. Spangler reported that W. Va. Code R. § 11-11-1 *et seq*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*, establishes the qualification and application process for a limited license to practice at a designated state veterans nursing home facility; the license renewal process; the regulation of the limited license; the process for converting a limited license to a full, unrestricted license; and the circumstances under which the limited license shall terminate. During the 2021 regular legislative session Senate Bill 372, providing greater discretion to the West Virginia Board of Medicine to approve graduate clinical training, was enacted. This bill modifies W. Va. Code § 30-3-10 to expand the categories of acceptable graduate clinical training for medical licensure eligibility. Pursuant to the bill, physicians who have completed fellowship training in programs for which accreditation is not available, but which meet other appropriate standards, may now be eligible for medical licensure. The proposed amendments to this rule:

- Establish a new definition, “Website” or “Board’s website”.
- Align the licensure eligibility requirements for a limited license to practice at a designated state veterans nursing home facility with Senate Bill 372.
- Provide greater clarification with regard to the licensure renewal process and termination of a license due to failure to renew by the deadline.

Additionally, general clean-up and standardization occurs throughout the bill.

Mr. Spangler reported that W.Va. Code R. § 11-14-1 *et seq*, *Registration to Practice During Declared State of Emergency*, establishes the Board of Medicine emergency registration process to:

- (a) Allow physicians and physician assistants licensed in another state to provide medical care in West Virginia under special provisions during the period of a declared emergency; and
- (b) Allow physicians and physician assistants who currently hold either an inactive status or an expired status West Virginia license to provide medical care in West Virginia under special provisions during the period of a declared emergency.

The proposed amendments to this rule:

- Provide that an emergency registration that is issued to an out of state physician or physician assistant will expire sixty days after issuance or five business days after a declared state of emergency terminates, whichever is sooner. Thereafter, the emergency registrant must hold an active status West Virginia medical license or an interstate telehealth registration to practice medicine to West Virginia patients.
- Provide that an emergency registration that is issued to a retired or inactive physician or physician assistant will expire sixty days after issuance or five business days after a declared state of emergency terminates, whichever is sooner. Thereafter, the emergency registrant must hold an active status West Virginia medical license or an interstate telehealth registration to practice medicine to West Virginia patients.
- Includes language indicating that the Board will provide notification of registration expiration to the registrant via email.
- Eliminates the reference to a practice agreement.

Dr. Sheth moved that the Committee approve W. Va. Code R. § 11-5-1, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*, W. Va. Code R. § 11-6-1, *Continuing Education for Physicians and Podiatric Physicians*, W. Va. Code R. § 11-11-1, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*, and W.Va. Code R. § 11-14-1, *Registration to Practice During Declared State*

of Emergency, and authorize Board staff to move forward with promulgation of these legislative rules. Dr. Donatelli seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, the meeting adjourned by consensus.

Mustafa Rahim, MD
Legislative Committee Chair

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

June 23, 2021

The West Virginia Board of Medicine's Legislative Committee met at 5:00 pm on June 23, 2021 via GoToMeeting.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Committee member did not attend the meeting:

Kishore K. Challa, MD, FACC

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

The following Board member attended the meeting as a guest:

Christopher J. Tipton, PA-C

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

CALL TO
ORDER

Prior to today's meeting a copy of proposed amendments to the following rules were made available for members to review:

- W. Va. Code R. § 11-1A-1 *et. seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et. seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*

- W. Va. Code R. § 11-10-1 *et. seq*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*

Additionally, a copy of a proposed new rule, W. Va. Code R. § 11-15-1 *et. seq*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, was made available for members to review.

Ms. Alley reported that during the 2021 legislative session Senate Bill 372 was enacted. This bill modifies W. Va. Code § 30-3-10 to expand the categories of acceptable graduate clinical training for medical licensure eligibility. Pursuant to the bill, physicians who have completed fellowship training in programs for which accreditation is not available, but which meet other appropriate standards, may now be eligible for medical licensure. The bill also clarifies the term of a temporary license and provides that the scope of practice pursuant to a temporary license is equivalent to the scope of practice pursuant to a medical or podiatric license. The proposed amendments to this rule align the licensure requirements with Senate Bill 372 and clarify that a temporary license authorizes the holder to practice medicine and surgery or podiatry in West Virginia for the term of the temporary license and includes full prescriptive authority. The temporary license is valid until its holder has either been granted or denied a license at the next regular meeting of the board. Additionally, in 2021, HB 2024 was enacted. This bill establishes the availability of an interstate telehealth registration for eligible health care practitioners. Based in large measure upon these legislative changes, proposed amendments to W. Va. Code R. § 11-1A-1:

- Incorporate new definitions for “licensee,” “practice credential” or “credential,” and “website”.
- Align the rule with the graduate clinical training which the Board may now accept pursuant to Senate Bill 372 for graduates of medical schools located in Canada, the United States and Puerto Rico.
- Align the rule with the graduate clinical training which the Board may now accept pursuant to Senate Bill 372 for graduates of international medical schools.
- Eliminate the reference to a discontinued portion of the United States Medical Licensing Examination (USMLE) and incorporates new test attempt limits imposed by the USMLE

Composite Committee, the examination body for physicians. This will eliminate discord between the Board's rule and the forthcoming four attempt limit set by the administering body.

- Bring the rule into align with Senate Bill 372 with respect to temporary licensure.
- Clarify that the confidentiality provisions of the complaint and investigation process apply to all credential holders who are authorized to practice by the Board.
- Clarify that the grounds for discipline and the types of disciplinary actions the Board may impose apply to all practitioners authorized by the Board. The terms credential holder, provider, physician assistant and podiatric physician are incorporated where appropriate to effectuate this clarification.
- Incorporate "credential" and "credential holder".
- Reference the West Virginia Medical Professionals Health Program.
- Clarify that professional liability insurance reporting applies to all professional credential holders, not just licensees.

In addition to amendments prompted by legislation, the proposed amendments also clarify that it is professional misconduct for a practitioner not only to exercise influence within the provider-patient relationship for the purpose of engaging a patient in sexual activity, but that it is also professional misconduct to engage in sexual activity with a patient, or to sexually harass or exploit a patient.

Ms. Alley reported that during the 2021 regular legislative session Senate Bill 714, relating to the Physician Assistants Practice Act, was enacted. This bill modifies licensure eligibility and prescribing authority and phases out practice agreements with specific collaborating physicians. Moving forward, the bill provides that collaboration with physicians in all practice settings requires an active practice notification with a health care facility. Board of Medicine staff worked in collaboration with West Virginia Board of Osteopathic Medicine staff regarding proposed amendments to W. Va. Code R. § 11-1B-1. The proposed amendments to this rule:

- Include general clean-up and clarification to some definitions and terms. It also amends the definition of drug diversion training and best practice prescribing of controlled substances training to include information related to substance use disorder treatment including but not limited to programs and initiatives developed through the Governor's Council on

Substance Abuse Prevention and Treatment, the Governor’s Committee on Crime, Delinquency, and Correction, and/or W. Va. Code § 15-9-7. The definition of physician assistant is expanded to include interstate telehealth registrants pursuant to W. Va. Code § 30-1-26. The definition of practice agreement is amended to clarify that the Board will cease accepting practice agreements on July 8, 2021. Definitions are added for “registrant,” “registration” and “website.”

- Provide that if a licensure applicant is licensed in a state which does not require continued National Commission of Certification of Physician Assistants (NCCPA) certification, the applicant is not required to hold NCCPA certification in order to be eligible for licensure in West Virginia. The NCCPA certification requirement is retained for all other applicants.
- Eliminate the requirement that a licensed physician assistant immediately report loss of NCCPA certification to the Board. Instead, the provision clarifies that a physician assistant shall accurately report certification status at renewal, and shall use the appropriate professional designation, based upon the physician assistant’s certification status.
- Incorporate scope of practice language consistent with the amendments set forth in Senate Bill 714, for clarity and to permit the determination of whether a physician assistant may perform medical certifications to be determined at the practice level if the physician assistant has received appropriate training.
- Provide that all practice agreements in effect on July 8, 2021 will remain in effect until they are terminated by the parties or June 1, 2022, whichever is sooner.
- Substitute “health care facility” for “hospital”.
- Clarify that a separate practice notification document is not needed for related health care facilities under specified circumstances.
- Expand physician assistant prescriptive authority in conformity with Senate Bill 714.
- Clarify that the grounds for discipline and the types of disciplinary actions the Board may impose apply to physician assistants who are registered with the Board as interstate telehealth registrants.

Additionally, clarification and general clean-up occurs throughout the rule.

Ms. Alley reported that W. Va. Code R. § 11-10-1 has not been amended since 2013. The proposed amendments to this rule:

- Conform the rule to the current requirements of W. Va. Code § 60A-9-5a.

- Clarify that the rule applies to licensees and interstate telehealth registrants of the Board.
- Eliminate obsolete definitions, updates and modifies existing definitions and adds a definition for “benzodiazepine.”
- Identify practitioner requirements for obtaining and maintaining access to the controlled substances monitoring program, and for certifying compliance to the Board by licensees at renewal.
- Incorporate current administrative penalties as set forth in W. Va. Code § 60A-9-7(f) and (g).

Additionally, clarification and general clean-up occurs throughout the rule.

Ms. Alley reported that during the 2021 legislative session House Bill 2024 was enacted. This bill establishes the availability of an interstate telehealth registration for eligible health care practitioners. Affected healthcare boards are required to conduct rulemaking to implement the registration process and to establish rules related to the delivery of telehealth services to patients in West Virginia. The proposed new rule:

- Defines key terms.
- Identifies where the practice of medicine occurs and establishes telehealth practice requirements in this state pursuant to a license or registration issued by the Board.
- Identifies the continuous statutory eligibility requirements for providing telehealth services to West Virginia patients pursuant to an interstate telehealth registration.
- Establishes eligibility criteria for an interstate telehealth registration issued by the board in conformity with W. Va. Code § 30-1-26(b)(2).
- Establishes the interstate telehealth registration application process, the application and renewal fees, the registration term, renewal and expiration.
- Identifies the modalities for establishing a provider-patient relationship and provides that the telemedicine technologies utilized must conform to the standard of care.
- Sets forth the standard of care for the delivery of telehealth services to patients in West Virginia and medical recordkeeping requirements for telehealth providers.
- Identifies statutory prescribing limitations applicable to telehealth providers and required prescribing practices for the prescribing of controlled substances pursuant to a telehealth encounter.

- Establishes that interstate telehealth registrants are subject to West Virginia laws and judicial process, including the Medical Practice Act, the Physician Assistants Practice Act and the Board's rules.
- Identifies the complaint and disciplinary process for registrants.
- Identifies professional conduct standards and disciplinary penalties that apply to registrants.
- Authorizes registrations to be provided and expired via email and identifies the public information the Board shall publish on its website regarding registrants.

Mr. Foster provided an explanation concerning how the rule would affect registrants who have action against their license in other states and how complaints by West Virginia patients would be handled.

Mr. Tipton left the meeting at this time and was not present for the remainder of the meeting.

Dr. Sheth moved that the Committee approve W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*, and authorize Board staff to move forward with promulgation of the legislative rule. Dr. Faheem seconded the motion, and the motion carried.

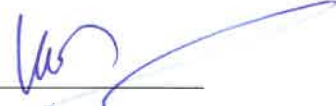

Dr. Sheth moved that the Committee approve W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*, and authorize Board staff to move forward with promulgation of the legislative rule. Dr. Sheth further moved that the Committee authorize the executive director to file the emergency version of this rule with the West Virginia Secretary of State's Office at the appropriate time in his discretion. Dr. Donatelli seconded the motion, and the motion carried.

Dr. Sheth moved that the Committee approve W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*, and authorize Board staff to move forward with promulgation of the legislative rule. Dr. Faheem seconded the motion, and the motion carried.

Dr. Faheem moved that the Committee approve W. Va. Code R. § 11-15-1 *et seq*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, and authorize Board staff to move forward with promulgation of the legislative rule. Dr. Faheem further moved that the Committee authorize the executive director to file the emergency version of this rule with the Secretary of State's Office at the appropriate time in his discretion. Dr. Sheth seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Faheem moved that the meeting adjourn. Dr. Sheth seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Executive/Management Committee Minutes

July 12, 2020

The West Virginia Board of Medicine's Executive/Management Committee met on July 12, 2020 at 10:30 am via GoToMeeting.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

Dr. Challa called the meeting to order and roll call was taken by Ms. Frame. Dr. Faheem moved that the minutes of the Committee's May 17, 2020 regular meeting and June 24, 2020 special meeting be approved. Dr. Sheth seconded, and the motion carried.

CALL TO
ORDER AND
APPROVAL
OF MINUTES

Prior to today's meeting, a copy of the fiscal report and purchasing card transactions for the months of May and June 2020 were made available for members to review. Mr. Spangler reported that the Board experienced a decrease in revenue for the months of May and June 2020, in part due to the Board's renewal period being extended through September 30, 2020. Additionally, the Board experienced a decreased in expenditures for the months of May and June 2020. Dr. Sheth moved that the purchasing card transactions for the months of May and June 2020 be approved. Dr. Faheem seconded, and the motion carried.

Mr. Spangler reported that during the 2020 session, the Virginia General Assembly passed House Bill 1701 and Senate Bill 757, requiring the Virginia Department of Health Professions and the Virginia Board of Medicine to pursue reciprocal licensing agreements with contiguous states for medical doctors, doctors of osteopathic medicine, physician assistants and nurse practitioners. The Committee reviewed and considered correspondence from the Virginia Medical Board which poses several questions regarding West Virginia Board of Medicine's interest in reciprocal licensure. Dr. Faheem moved that the Committee direct Board staff to respond to the Virginia Board of Medicine indicating that the need for an expedited pathway for licensure is already met for West Virginia physicians through the Interstate Medical Licensure Compact. Dr. Sheth seconded, and the motion carried.

The Committee reviewed and considered correspondence that was received which seeks the Board's opinion regarding whether the medical director of a medical spa has to "obtain certification or training in the services being performed or serve as a supervisor over the medical protocols and requirements from other health care agencies." Dr. Faheem moved that the Committee direct Board staff to respond to the requestor indicating that the Board does not have any statutes, rules or guidance that is specific to medical spas; however, all physician practice in West Virginia must comport with the professional conduct standards set forth in the Medical Practice Act and the Board's rules. Dr. Amjad seconded, and the motion carried.

The Committee reviewed and considered correspondence inquiring whether an ambulatory surgical center is obligated to maintain its registration with the Board as a medical corporation. Dr. Faheem moved that the Committee direct Board staff to respond to the requestor indicating that pursuant to W. Va. Code § 30-3-15, it is unlawful for a corporation to practice or offer to practice medicine, surgery, podiatric medicine, or to perform medical acts through physician assistants without a certificate of authorization issued by the Board. The only exception set forth in this code section is § 30-3-15(l), relating to hospitals. This code section provides that a hospital licensed pursuant to W. Va. Code § 16-5B-1 is not required to obtain a certificate of authorization from the Board so long as the hospital does not exercise control of the independent medical judgment of physicians and podiatric physicians. Dr. Amjad seconded, and the motion carried.

Mr. Spangler reported that in May 2020, the Federation of State Medical Board's (FSMB) adopted the *Report and Recommendations of the FSMB Workgroup on Physician Sexual Misconduct*. The report provides medical boards with best practice recommendations for effectively addressing and preventing sexual misconduct by physicians. Prior to today's meeting, a copy of the report and recommendations was made available for members to review. No action was taken with regard to this agenda item. A copy of the report and recommendations will be provided to all Board members for review. Thoughts, comments and/or suggestions should be communicated to Mr. Spangler by the end of August. The Committee will consider the policy and all thoughts, comments and/or suggestions received by Board members at the September 2020 meeting.

Mr. Spangler reported that on or around April 23, 2020, the Board received correspondence from the Joint Standing Committee on Government Organization which indicates that during the 2020-2021 Legislative Interims the Committee will be studying professional and occupational licensure. Additionally, the correspondence requested that the Board of Medicine and the Board of Osteopathic Medicine provide a written response answering several questions posed by the Committee. On July 1, 2020, Board staff submitted a detailed response to the Joint Standing Committee on Government Organization. Prior to today's meeting, a copy of the Board of Medicine's response and the Board of Osteopathic Medicine's response was made available for members to review. Board staff will keep the Committee apprised of any updates regarding this matter.

Mr. Spangler reported that in February 2020, the Board received a *subpoena duces tecum* in the matter of *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*. The Board's current and former executive directors have also received deposition subpoenas in this matter. The Board is in the continuing process of responding to the subpoena duces tecum. Dr. Faheem moved that the Committee enter into executive session pursuant to W. Va. Code § 6-9A-4(b)(12) to obtain legal advice and to discuss confidential and/or privileged information. Dr. Sheth seconded, and the motion carried.

EXECUTIVE
SESSION

The executive session concluded, and the Committee reentered into public session. No action was taken with regard to this agenda item.

PUBLIC
SESSION

Mr. Spangler reported that the matters of *Jan Kletter, MD v. West Virginia Board of Medicine* and *Amy Young v. West Virginia Board of Medicine* remain pending in the Kanawha County Circuit Court.

Mr. Spangler reported that the Board Office remains closed to the public. The Board's Safety Committee, which is comprised of Board staff, has instituted internal policies and practices for when staff are present at the office. Among other things, an office schedule has been implemented which schedules designated staff members to work in the office on Monday, Wednesday, and Friday. A separate group of staff members are scheduled to work in the office on Tuesday and Thursday. The office closure has also resulted in Board hearings being continued. To prevent a further backlog of hearings, Dr. Faheem moved that the Committee recommend that the Board convene virtual hearings, on a case by case basis, as technologically feasible. Dr. Faheem further moved that the Committee recommend that the Board delegate authority to the Executive Director to determine the feasibility of virtual hearings for the Board. Dr. Sheth seconded, and the motion carried.

Mr. Spangler reported that online renewal for physicians whose last names begin with the letters A through L commenced on Monday, May 11, 2020 and will continue through 4:30 pm on September 30, 2020 due to the COVID-19 State of Emergency. As of Friday, July 10, 2020, 2049 physicians have completed the online renewal process, 22 controlled substance dispensing practitioner registration renewal applications for physicians whose last names begin with the letters A through L have been processed, and 56 professional limited liability companies have renewed. Educational permit renewal began on July 1, 2020.

Mr. Spangler reported that for the 2020-2021 year, the Board is not required to bid out hearing examiners and court reporters; therefore, the Board has renewed the contracts with its current hearing examiners and court reporters.

Mr. Spangler reported that in June, Thomas "Matt" McCall, who has served as the Board's Receptionist/Administrative Office Assistant since November 2019, accepted the position of

Physician Assistant Licensure Analyst. The Licensure Unit is very pleased to welcome Mr. McCall as he takes on a new role with the Board. Additionally, Leisa Reed was hired as the Board's new Receptionist/Administrative Office Assistant. Board staff look forward to working with Ms. Reed.

Mr. Spangler reported that the Board of Medicine strategic planning session is held annually in October. Due to the COVID-19 State of Emergency, the strategic planning meeting will be postponed.

ADJOURNMENT

There being no further business to consider, Dr. Faheem moved that the meeting be adjourned. Dr. Amjad seconded, and the motion carried.

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order and roll call was taken by Ms. Frame. Dr. Faheem moved that the minutes of the Committee's July 12, 2020 meeting be approved. Dr. Sheth seconded, and the motion carried.

**CALL TO
ORDER AND
APPROVAL
OF MINUTES**

Prior to today's meeting, a copy of the fiscal report and purchasing card transactions for the months of July and August 2020 were made available for members to review. Mr. Spangler reported that the Board experienced an increase in revenue for the months of July and August 2020, in part due to the Board's renewal period being extended through September 30, 2020. Dr.

Faheem moved that the purchasing card transactions for the months of July and August 2020 be approved. Dr. Sheth seconded, and the motion carried.

Mr. Spangler reported that Board staff have received several telephone calls from licensees inquiring whether the continuing medical education (CME) requirements for the 2021 renewal cycle will be modified due to the ongoing COVID-19 pandemic. Following discussion, Dr. Sheth moved that due to the broad availability of online CME courses, no modification will be made to the current CME requirements. Dr. Faheem seconded, and the motion carried.

Mr. Spangler reported that in May 2020, the Federation of State Medical Board's (FSMB) adopted the *Report and Recommendations of the FSMB Workgroup on Physician Sexual Misconduct*. The report provides medical boards with best practice recommendations for effectively addressing and preventing sexual misconduct by physicians. Dr. Faheem moved that the Board establish a workgroup, comprised of board and staff members, to review the FSMB's findings and proposals, review current Board of Medicine practices to identify areas where improvements are needed, and highlight current Board practices that are working well. Dr. Sheth seconded, and the motion carried.

Prior to today's meeting a copy of the FSMB's Ethics and Professionalism Committee draft position statement entitled *Treatment of Self, Family Members and Close Relations* was made available for members to review. The statement offers guidance on the circumstances under which it may be appropriate to provide treatment to oneself, one's family members or close personal relations. Mr. Spangler reported that the FSMB is accepting comments on the draft position statement through October 2, 2020. Dr. Faheem moved that the Committee recommend that the Board respond to the FSMB indicating that the Board believes that the draft policy is generally a strong and appropriate statement on the treatment of self, family and close relatives, but that the Board encourages the FSMB to incorporate language that provides greater clarity and direction regarding the prescribing of controlled substances. Ideally such language would prohibit or strongly disfavor all prescribing of controlled substances to oneself and the prescribing of controlled substances to family and close relatives in all situations other than an emergency, with a three day limit on the emergency prescription of controlled substances to family and close relatives. Dr. Sheth seconded, and the motion carried.

Prior to today's meeting, a statement that was released by the West Virginia Board of Pharmacy regarding the U.S. Department of Health and Human Services Declaration Under the Public Readiness and Emergency Preparedness Act which authorizes pharmacists and interns to order and administer certain vaccines during the COVID-19 pandemic was made available for members to review. No action was taken with regard to this agenda item.

Mr. Spangler reported that in February 2020, the Board received a third-party *subpoena duces tecum* in the matter of *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* and that discussions regarding discovery from the Board remain ongoing. Dr. Faheem moved that the Committee enter into executive session pursuant to W. Va. Code § 6-9A-4(b)(12) to discuss confidential and/or privileged information and to receive legal advice concerning an ongoing litigation discovery matter. Dr. Sheth seconded, and the motion carried.

EXECUTIVE
SESSION

The executive session concluded, and the Committee reentered into public session. No action was taken with regard to this agenda item.

PUBLIC
SESSION

Mr. Spangler reported that the matters of *Jan Kletter, MD v. West Virginia Board of Medicine* and *Amy Young v. West Virginia Board of Medicine* remain pending in the Kanawha County Circuit Court.

Mr. Spangler reported that it has been the practice of the Board to require original signatures on all renewal application which utilize a paper process. During this renewal cycle, controlled substance dispensing practitioner registration and professional limited liability company renewal applications are paper applications. During the COVID-19 pandemic, Board staff have received an increased number of renewal applications that are photocopies rather than original documents. Previously, this would result in the application being returned as incomplete. To assist licensees during the COVID-19 State of Emergency, the Board will accept original or photocopies of controlled substance dispensing practitioner registrations and professional limited liability renewal applications, if staff can verify the document through comparison to previously submitted documents or through other reliable means.

Mr. Spangler reported that Board staff continue to work with inLumon in developing the new database and website. Weekly meetings are being held; however, it is unlikely that inLumon will be able to meet the current implementation deadline.

Mr. Spangler reported that the Board Office remains closed to the public. Board staff continue to work modified schedules. Additionally, the Board's Fiscal Officer continues to purchase cleaning supplies and protective equipment for the office.

ADJOURNMENT

There being no further business to consider, Dr. Faheem moved that the meeting be adjourned. Dr. Sheth seconded, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Executive/Management Committee Minutes

November 8, 2020

The West Virginia Board of Medicine's Executive/Management Committee met on November 8, 2020 at 11:00 am via GoToMeeting.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order and attendance was documented by Ms. Frame. Dr. Faheem moved that the minutes of the Committee's September 13, 2020 meeting be approved. Dr. Sheth seconded, and the motion carried.

CALL TO
ORDER AND
APPROVAL
OF MINUTES

The Committee reviewed the proposed schedule of 2021 board meeting dates. Dr. Sheth moved that the following meeting dates be present to the Board for approval:

January 11, 2021
March 8, 2021
May 17, 2021
July 12, 2021
September 13, 2021
November 8, 2021

Dr. Faheem seconded the motion, and the motion carried.

Prior to today's meeting, a copy of the fiscal report and purchasing card transactions for the months of September and October 2020 were made available for members to review. Mr. Spangler reported that the Board experienced an increase in revenue for the months of September and October 2020, in part due to the Board's renewal period being extended through September 30, 2020. Dr. Faheem moved that the purchasing card transactions for the months of September and October 2020 be approved. Dr. Sheth seconded, and the motion carried.

Prior to today's meeting, correspondence that was received from the Food and Drug Administration (FDA) was made available for members to review. Mr. Spangler reported that the FDA has invited the Board to enter into a Long-Term Information Sharing Agreement to facilitate the exchange of non-public information regarding compounded drug products, human drug supply chain security information and related information (referred to as non-public compounding and drug supply chain security information). Dr. Sheth moved that the Committee recommend that the Board enter into the Long-Term Information Sharing Agreement with the FDA. Dr. Faheem seconded, and the motion carried.

Prior to today's meeting, correspondence requesting that the Board grant an exception to current medical licensure requirements was made available for members to review. Mr. Spangler reported that the Board has received correspondence which requests that the Board grant an exception to current licensure requirements for American, Canadian and Puerto Rican Medical Graduates who are American Board of Emergency Medicine certified and who have completed emergency medicine training in a Royal College of Physicians and Surgeons of Canada accredited residency program instead of one year in a training program that is accredited by the Accreditation Council of Graduate Medical Education. The Committee directed Board staff to respond to the requestor thanking them for their concern and indicating that such an exception would require a change to the statute and that the Board's Legislative Committee will further look into this matter.

Prior to today's meeting, correspondence regarding modifications to the United States Medical Licensing Examination (USMLE) was made available for members to review. Mr. Spangler reported that in March 2020, the USMLE Step 2 clinical skills exam was suspended due

to the COVID-19 pandemic. It is anticipated that the Step 2 clinical skills exam will remain suspended through late 2021. The USMLE Composite Committee has determined that medical school graduates with passing Step 1 and Step 2 content knowledge scores will be allowed to progress to taking the Step 3 exam with the following limitation: individuals must not have exceeded the attempt limit on Step 2 clinical skills and must have taken a USMLE step exam within the last five years. The Composite Committee also determined that individuals who take and pass Step 3 during the clinical skills exam suspension will not be redirected by the USMLE program to take Step 2 clinical skills exam when it is relaunched. The majority of states, including West Virginia, do not have a statute that explicitly requires the USMLE Step 2 clinical skills exam as a requirement for medical licensure. Therefore, the Federation of State Medical Boards recommends that state medical boards take no action to alter their current licensing requirements. Board staff will continue to monitor this situation. Additionally, effective July 2021, the number of examination attempts for each exam will be reduced from six to four. A fifth attempt will be allowed only if the individual is sponsored by a medical board. No action was taken with regard to this agenda item.

Prior to today's meeting, correspondence concerning Occupational Safety and Health Administration (OSHA) Respirator Medical Evaluation Questionnaires completed with respect to individuals located in West Virginia at the time of evaluation was made available for members to review. Mr. Foster reported that there are Federal OSHA regulations that relate to personal protective equipment, respiratory protection, and required medical evaluation questionnaires. Dr. Faheem moved that the Committee recommend that the Board authorize staff to respond to the requestor indicating that Federal OSHA regulations should be followed for respirator medical evaluations, and that exercising medical judgement with regard to the evaluations of individuals located in West Virginia requires appropriate West Virginia licensure. Dr. Sheth seconded, and the motion carried.

Mr. Spangler reported that in May 2020, the Federation of State Medical Board's (FSMB) adopted the *Report and Recommendations of the FSMB Workgroup on Physician Sexual Misconduct*. At its September 2020 meeting, the Committee recommended that the Board establish a workgroup, comprised of board and staff members, to review the FSMB's findings and proposals, review current Board of Medicine practices to identify areas where improvements are

needed, and highlight current Board practices that are working well. The Board ratified the recommendation, and a Board of Medicine Workgroup was established. The Workgroup met on October 30, 2020, at which time the group reviewed the FSMB report and recommendations and developed a process for moving forward. Physician Sexual Misconduct Workgroup Update will become a standing agenda item and workgroup findings, recommendations, etc. will be reported to the Committee.

Mr. Spangler reported that Senate Bill 851, requiring the Governor's Committee on Crime, Delinquency, and Correction to propose a legislative rule in coordination with law enforcement and certain medical boards, was passed during the 2020 legislative session. This Bill requires that on or before December 31, 2020, the Committee establish a program to coordinate with state, county, and local law enforcement, the Board of Medicine, the Board of Osteopathic Medicine, and the Board of Pharmacy to develop policies and protocols for law enforcement and medical professionals to create treatment referral programs for persons suffering from substance use disorder which:

- Allow for the surrender of illegal controlled substances or unlawfully possessed controlled substances to law enforcement or medical professionals for destruction; and
- Establish a confidential treatment referral program for persons presenting themselves as suffering from substance use disorder.

A person voluntarily seeking assistance through a program developed pursuant to this section shall:

- Not be placed under arrest;
- Not be prosecuted for the possession of any controlled substance or drug paraphernalia already ingested or surrendered; and
- Be promptly referred to a community-based mental health center, medical provider, or other entity in substance use treatment.

A Senate Bill 851 Workgroup, which consists of representatives from law enforcement and the boards identified above, has been developed and ongoing discussion and planning continues. It is anticipated that a pilot project will be established in Kanawha County for physicians and in Cabell County for pharmacists. Board staff will keep the Committee apprised of Senate Bill 851 Workgroup updates, recommendations, etc.

Mr. Spangler provided the following update regarding ongoing litigation matters:

- The Board is awaiting a decision in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.
- Discovery continues in the matter of *Amy Young v. West Virginia Board of Medicine*.
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* remains ongoing.

Additionally, Mr. Spangler advised the Committee that the West Virginia Attorney General's Office has instituted several state civil actions against drug companies regarding opioids in West Virginia. These matters have been consolidated for litigation purposes and are administered by the Mass Litigation Opioid Panel in Kanawha County. As an agency of the state who regulates physician practice, the Board will likely be required to participate in the discovery process for this case. Board staff are currently working with outside counsel for the Attorney General's Office in relation to this matter. Updates will be provided to the Committee as this matter progresses.

Mr. Spangler reported that the extended database contract with inLumon expired effective October 1, 2020. Board staff have continued to work with inLumon in developing the new database and website and recently some progress has been made. It is estimated that approximately fifty percent of the development has occurred, most of which has occurred over the last several months. Since the extended contract has expired, the Board will need to determine whether:

- a clear, mutually agreed upon, realistic timeline can be established and implemented, and if so, whether the Board should elect to pursue a second extended contract with the vendor; or
- to allow the extended contract to remain expired and put the database out for rebid.

Dr. Faheem moved that the Committee recommend that the Board authorize the executive director discretion to speak with the West Virginia Purchasing Division and inLumon and determine how to proceed. Dr. Sheth seconded, and the motion carried.

Mr. Spangler reported that the renewal period for physicians whose last names begin with the letter A through L, controlled substance dispensing practitioner registration for physicians whose last names begin with the letter A through L, educational permits and professional limited

liability companies concluded at 4:30 pm EDT on September 30, 2020. Renewal activity as of September 30, 2020 is provided below.

License/Registration Type	Renewed	Expired
Physicians whose last names begin with the letter A through L	3560	758
Interstate Medical Licensure Compact Physicians whose last names begin with the letter A through L	115	50
Controlled Substance Dispensing Practitioner Registration for physicians whose last names begin with the letters A through L	126	95
Educational Permits	413	103
Professional Limited Liability Companies	139	16

Mr. Spangler reported that due to the COVID-19 pandemic, the Board Office continues to remain closed to the public. Board staff continue to work modified work schedules. Protocols remain in place to ensure the safety of Board staff.

ADJOURNMENT

There being no further business to consider, Dr. Faheem moved that the meeting be adjourned. Dr. Sheth seconded, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Executive/Management Committee Minutes

January 10, 2021

The West Virginia Board of Medicine's Executive/Management Committee met on January 10, 2021 at 11:00 am via GoToMeeting.

The following Committee members attended the meeting:

Ashish P. Sheth, MD, Acting Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Ahmed D. Faheem, MD, DLFAPA

The following Committee member did not attend the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair

The following Board member attended the meeting as a guest:

Kiran R. Patel, MD, FACOG

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

In the absence of Dr. Challa, Dr. Sheth chaired the meeting. Dr. Sheth called the meeting to order and attendance was documented by Ms. Frame. Dr. Amjad moved that the minutes of the Committee's November 8, 2020 meeting be approved. Dr. Faheem seconded, and the motion carried.

CALL TO
ORDER AND
APPROVAL
OF MINUTES

Prior to today's meeting, a copy of the fiscal report and purchasing card transactions for the months of November and December 2020 were made available for members to review. Dr. Faheem moved that the purchasing card transactions for the months of November and December 2020 be approved. Dr. Amjad seconded, and the motion carried.

Mr. Spangler reported that individuals may utilize the “Look Up a Doctor or PA” search feature that is available on the Board’s website to access a licensee’s profile and view publicly available information, including self-reported specialty. There is a link displayed on each licensee’s profile titled “Verify Specialty Certification”. This link connects to the American Board of Medical Specialties (ABMS) website where ABMS member board certification can be verified. Prior to today’s meeting, correspondence requesting that the Board of Medicine include links to other certifying entities was made available to members for review. Board staff will research what certification information is available on other medical board websites and will report back to the Committee.

Mr. Spangler reported that in 2018 the State Advisory Coalition on Palliative Care was created to improve quality and delivery of patient centered and family focused palliative care in West Virginia. In collaboration with the West Virginia Bureau for Public Health, the Coalition on Palliative Care has developed educational materials to increase public and provider awareness regarding palliative care. Prior to today’s meeting, palliative care educational documents which were developed by the Coalition were made available for members to review. The Coalition inquired whether the Board of Medicine would assist in distributing the information via newsletter, website, etc. Dr. Faheem moved that the Committee partner with the Coalition on Palliative Care and the Bureau for Public Health to disseminate palliative care information, as appropriate, to Board of Medicine licensees. Dr. Amjad seconded, and the motion carried.

In April 2020, Mr. Spangler reported that as a result of the COVID-19 State of Emergency the West Virginia Medical Professionals Health Program (WVMPHP) modified some of its monitoring practices for program participants. For example, rather than attending required meetings in a face-to-face setting, participants are permitted to attend the meetings electronically. The WVMPHP has notified the Board that the modified practices remain in place and are proving to be successful. Prior to today’s meeting, a copy of the WVMPHP Bi-Annual Statistical Summary and Educational Activities for 2020 was made available for member to review. No action was taken with regard to this agenda item.

Dr. Sheth reported that the Board of Medicine’s Physician Sexual Misconduct Workgroup met on January 6, 2021, at which time the Workgroup discussed potential education, training, and

outreach ideas for staff, licensees and health care consumers as they relate to identifying, avoiding, evaluating and responding to allegations of physician sexual misconduct and/or related professional boundary violations. The Workgroup will continue to meet and will keep the Executive/Management Committee and the Board apprised of the Workgroups findings, recommendations, etc.

At the November 2020 meeting, Mr. Spangler reported that a Senate Bill 851 Workgroup, which consists of representatives from local law enforcement, the Board of Medicine, the Board of Osteopathic Medicine, and the Board of Pharmacy has been developed to:

1. Allow for the surrender of illegal controlled substances or unlawfully possessed controlled substances to law enforcement or medical professionals for destruction; and
2. Establish a confidential treatment referral program for persons presenting themselves as suffering from substance use disorder.

Since the November 2020 meeting, the Workgroup has met and developed a tentative name and a logo. Board staff keep the Committee apprised of Senate Bill 851 Workgroup updates.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- The Board is awaiting a decision in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.
- Discovery continues in the matter of *Amy Young v. West Virginia Board of Medicine*.

Mr. Spangler provided additional information regarding the following litigation matters in which the Board is not a party but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* remains ongoing.
- Board staff continue to work with counsel for the West Virginia Attorney General's Office with regard to the West Virginia Opioids Mass Litigation Panel matter.

In November 2020, the Board delegated the executive director discretion to speak with the West Virginia Purchasing Division and inLumon and to determine how to proceed with regard to

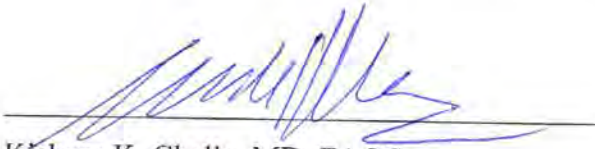

the Board of Medicine database. Mr. Spangler reported that this matter remains ongoing and that updates will be provided to the Committee as they become available.

Mr. Spangler reported that in August 2021 the Board will undergo a Performance Evaluation and Research Division Audit (PERD) by the Legislative Auditor's Office. This is a routine audit which occurs approximately every ten years but will require substantial cooperation with PERD and the provision of numerous records for review.

Mr. Spangler reported that due to the COVID-19 pandemic, the Board Office continues to remain closed to the public. Board staff continue to work modified work schedules. Protocols remain in place to ensure the safety of Board staff and the public.

ADJOURNMENT

There being no further business to consider, the meeting adjourned by consensus.

Kifshore K. Challa, MD, FACC

Executive/Management Committee Chair

WEST VIRGINIA BOARD OF MEDICINE

Executive/Management Committee Minutes

March 7, 2021

The West Virginia Board of Medicine's Executive/Management Committee met on March 7, 2021 at 11:15 am via GoToMeeting.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Ashish P. Sheth, MD
Quartel-Ayne Amjad, MD, MPH
Ahmed D. Faheem, MD, DLFAPA

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order and attendance was documented by Ms. Frame. Dr. Sheth moved that the minutes of the Committee's January 10, 2021 meeting be approved. Dr. Amjad seconded the motion, and the motion carried.

CALL TO
ORDER AND
APPROVAL
OF MINUTES

Prior to today's meeting, a copy of the fiscal report and purchasing card transactions for the months of January and February 2021 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status this year as compared to last year and reported that the Board continues to remain in a good financial position. Dr. Faheem moved that the purchasing card transactions for the months of January and February 2021 be approved. Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reminded members that individuals may utilize the "Look Up a Doctor or PA" search feature that is available on the Board's website to access a licensee's profile and view publicly available information, including self-reported specialty. There is a link displayed on each

licensee's profile titled "Verify Specialty Certification". This link connects to the American Board of Medical Specialties (ABMS) website where ABMS member board certification can be verified. In January 2021, the Committee reviewed correspondence requesting that the Board of Medicine include links to other certifying entities on the Board's website. As directed by the Committee in January 2021, Board staff have researched the practice of other medical boards with respect to publishing board certification or links to websites where certification can be verified. The majority of medical boards do not include board certification or links to websites where certification can be provided on their website. Dr. Sheth moved that the Committee authorize Board staff to remove the link to the ABMS website from the licensee profile section of the Board's website, and to place the link in a more generalized area on the website. Dr. Amjad seconded the motion, and the motion carried.

Prior to today's meeting a copy of correspondence that was received regarding medical corporations was made available for members to review. The correspondence inquires whether an out-of-state hospital qualifies for the exception set forth in W. Va. Code § 30-3-15. Additionally, the correspondence seeks information regarding the exceptions to medical corporation authorization for non-profit organizations. The correspondence references a medical corporation which has operated in West Virginia since 1975 and does not have a certificate of authorization from the Board. Dr. Sheth moved that the Committee authorize Board staff to notify the corporation regarding its unregistered status. Dr. Sheth further moved that the Committee authorize Board staff to respond to the request indicating that under the facts presented, the out-of-state hospital does not meet the hospital exception to registration and that the corporation is not exempted from the registration requirement as a nonprofit entity. Dr. Faheem seconded the motion, and the motion carried.

Prior to today's meeting, a copy of correspondence that was received from an anonymous patient was made available for members to review. Mr. Spangler reported that the Board has received correspondence from an anonymous patient concerning his or her experience at an independent provider practice that is affiliated with a Beckley, West Virginia hospital. The patient was referred to the clinic for heart issues and was under the assumption that he or she would be seen by a cardiologist. The patient was seen by a nurse practitioner at the clinic and has concerns regarding the presence, or lack thereof, of a physician in this clinic. As the patient is anonymous,

the Board is unable to further evaluate this concern. Dr. Sheth moved that Board staff forward a copy of the correspondence to the Chief Executive Officer of the hospital and to the West Virginia Board of Examiners for Registered Professional Nurses. Dr. Faheem seconded the motion, and the motion carried.

Prior to today's meeting, a copy of correspondence that was received regarding hyaluron pens was made available for members to review. Mr. Spangler reported that the correspondence alerts the Board of a new trend regarding children buying and using hyaluron pens to inject hyaluronic acid filler into the epidermal and upper dermal layers of the skin. No action was taken with regard to this matter. Board staff will maintain the correspondence and will monitor for notifications of misuse of hyaluron pens.

Mr. Spangler reported that due to the COVID-19 pandemic, the Board Office remains closed to the public. Board staff continue to work modified schedules that incorporate both remote and office-based workdays on staggered schedules. The Board recently began integrating staff members who have been working solely from home back into the office. Protocols remain in place to ensure the safety of Board staff and the public. In March 2020, the Board approved a policy entitled *Working at Home During State of Emergency*, which was in effect until April 10, 2020, at a minimum. As the COVID-19 pandemic is ongoing, the policy continues to remain in effect. Dr. Faheem moved that Board staff make a minor technical change to the policy to clarify that Board staff are required to work remotely when they are scheduled to do so. Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- The Board is awaiting a decision in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.
- The Summary Judgment in the matter of *Amy Young v. West Virginia Board of Medicine* has been denied, and the trial has been continued.

Ms. Alley provided an update regarding the following litigation matters in which the Board is not a party but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* has been rescheduled. Board staff have complied with all discovery requests that have been received thus far. It is possible that additional documents may be requested in the future.
- Board staff have complied with the West Virginia Attorney General's Office requests with regard to the West Virginia Opioids Mass Litigation Panel matter.

Prior to today's meeting, a copy of a Notice of Possible Litigation was made available for members to review. Mr. Spangler reported that on February 22, 2021, the Board received a Notice pursuant to W. Va. Code § 55-17-3, which requires notice prior to filing a complaint against any state entity. While it is unclear whether the Board of Medicine is named in the Notice, Board staff will provide a copy of the Notice to the Board of Risk Insurance Management.

Mr. Spangler reported that the Board has secured an agreement with the current database vendor, Big Picture, which will remain in place through June 2021. It is likely that the Board will need to enter into an additional one-year extension agreement with Big Picture. Board staff continue to work with the West Virginia Purchasing Division to determine how to proceed with inLumon, who was previously awarded the contract for implementation of a new Board of Medicine database and website.

Mr. Spangler reported that physician assistant license renewal and physician assistant controlled substance dispensing practitioner registration renewal began on Wednesday, February 3, 2021 and will conclude at 4:30 pm EDT on Wednesday, March 31, 2021. Approximately 680 physician assistants have renewed their license as of March 5, 2021.

ADJOURNMENT

There being no further business to consider, the meeting adjourned by consensus.

WEST VIRGINIA BOARD OF MEDICINE

Executive/Management Committee Minutes

May 16, 2021

The West Virginia Board of Medicine's Executive/Management Committee met on May 16, 2021 at 11:15 am via GoToMeeting.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Ahmed D. Faheem, MD, DLFAPA

The following Committee member did not attend the meeting:

Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame. Dr. Faheem moved that the minutes of the Committee's March 7, 2021 meeting be approved. Dr. Amjad seconded the motion, and the motion carried.

CALL TO
ORDER AND
APPROVAL
OF MINUTES

Prior to today's meeting, a copy of the fiscal report and purchasing card transactions for the months of March and April 2021 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status this year as compared to last year and reported that the Board continues to remain in a good financial position. Dr. Faheem moved that the purchasing card transactions for the months of March and April 2021 be approved. Dr. Amjad seconded the motion, and the motion carried.

Prior to today's meeting a copy of the West Virginia Purchasing Division Inspection Report for the West Virginia Board of Medicine was made available for members to review. Mr. Spangler reported that the Board received an 88.4% compliance rate. The Purchasing Division noted the following discrepancies:

- Two instances of failing to bid at the delegated level.
- Once instance of unverified vendor registration/wrong fee code.
- One instance of failure to verify compliance checks.

The Purchasing Division did not recommend any changes to the Board's processes. Board of Medicine staff will continue to attend West Virginia Purchasing Division trainings and will stay up to date on purchasing division requirements.

Prior to today's meeting a courtesy copy of correspondence addressed to the West Virginia Board of Dental Examiners was made available for members to review. Mr. Spangler reported that the correspondence, which was from several national medical organizations, raises scope of practice concerns regarding the treatment of sleep apnea by dentists. Additionally, the correspondence encourages the West Virginia Board of Dental Examiners to "adopt a policy clarifying that ordering and administering a home sleep apnea test is outside the scope of practice for dentists." No action was taken with regard to this agenda item.

Prior to today's meeting, a copy of correspondence which seeks an opinion from the Board of Medicine was made available for members to review. Mr. Spangler reported that the correspondence inquires whether a certified cosmetologist can use a hyaluron pen or if it is the practice of medicine. The Committee directed Board staff to refer the individual to the Board's *Public Policy Statement on Surgery Using Laser, Pulsed Light, Radiofrequency Devices or Other Techniques*.

Prior to today's meeting, a copy of correspondence that was received regarding W. Va. Code § 11-9-1, *Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiologist Assistants*, was made available for members to review. Mr. Spangler reported that the correspondence requests that the Board consider modifying this code section to be less restrictive. The Committee determined that modifications are not currently indicated, and directed Board staff to communicate such to the requestor.

Prior to today's meeting, a copy of a proposed Interstate Telehealth Registration Application was made available for members to review. Mr. Spangler reported in response to the passage of House Bill 2024, expanding the use of telemedicine to all medical personnel, Board staff have developed an initial Interstate Telehealth Registration Application. Dr. Faheem moved that the initial Interstate Telehealth Registration Application be approved. Dr. Amjad seconded the motion, and the motion carried. Discussion ensued, and thereafter Dr. Faheem moved that the interstate telehealth registration be issued for a one-year period with a standard renewal date to be determined in rule and that the registration fee be the amount of an initial/renewal license, minus the \$50.00 that is disbursed by the Board of Medicine to the West Virginia Medical Professionals Health Program. Dr. Amjad seconded the motion, and the motion carried. Additionally, Dr. Faheem moved that the Committee delegate authority to the Executive Director to implement use of the Interstate Telehealth Registration Application when deemed appropriate. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- The Board is awaiting a decision in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.
- There has been no movement in the matter of *Amy Young v. West Virginia Board of Medicine* since the Committee met in March.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- The trial in the matter of *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* is in process.

Mr. Spangler reported that the Board has negotiated an agreement with the current database vendor, Big Picture, which will remain in place through June 2021. Board staff are working with the West Virginia Purchasing Division to enter into an additional one-year extension agreement with Big Picture. Due to legislation that was passed during the 2021 session, several enhancements will need to be made to the Board's database and website. Board staff continue to work with the

Purchasing Division to determine how to proceed with inLumon, who was previously awarded the contract for implementation of a new Board of Medicine database and website.

Mr. Spangler reported that the renewal period for educational permit participants commenced on April 12, 2021, and that renewal for medical doctors whose last names begin with the letters M through Z, all podiatric physicians, controlled substance dispensing practitioner registration for medical doctors whose last names begin with the letters M through Z and all podiatric physicians, and professional limited liability companies commenced on May 5, 2021. The renewal period for licenses, permits, registration and authorizations will conclude at 4:30 pm EDT on June 30, 2021.

Mr. Spangler reported that following the Governor's lifting of the mask mandate for individuals who have been fully vaccinated, last week the Board's office protocols were modified to reflect that fully vaccinated staff do not need to wear a mask while working in the Board office. Additional office protocols will be reviewed this week to determine what protocols can be modified or eliminated, while remaining compliant with Center for Disease Control guidelines and guidance issued by the West Virginia Bureau for Public Health and the Governor's Office. Dr. Faheem moved that the Board resume in-person Committee and Board meetings at the Board office beginning in July 2021. Dr. Faheem further moved that Committees resume in-person appearances beginning in July 2021, however, Committee chairs will have the discretion to determine whether applicants who are currently outside of the United States may appear via virtual platform. Dr. Amjad seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, the meeting adjourned by consensus.

Complaint Committee Meeting Minutes

July 12, 2020

A meeting of the West Virginia Board of Medicine Complaint Committee was held at 101 Dee Drive, Charleston, West Virginia, on the 12th day of July 2020 beginning at 12:30 p.m.

The following Committee members were present:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Thomas Wesley Steele, MD
Carrie A. Lakin, DPM
David A. Mullins, MD

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

**APPROVAL
OF**

MINUTES Dr. Steele made a motion to approve the minutes of the May 17, 2020 Complaint Committee meeting, June 5, 2020 Complaint Committee Special meeting, and the June 28, 2020 Complaint Committee Special meeting. Dr. Mullins seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the May meeting, a fully executed Consent Order has been entered with respect to the following licensees:

David Jay Currence, MD: On May 28, 2020, the licensee entered into a Consent Order that placed his license on a two-year period of probation. The terms and conditions of Dr. Currence's probation require him to complete additional CME in controlled substance prescribing and medical recordkeeping and develop and implement a cross-coverage plan to ensure continuity of care for his patients if he is absent from practice for a sustained

period of time. During the probationary period, the Board will conduct annual chart reviews and random queries to evaluate his controlled substance prescribing.

Joshua Mordechai MUYDERMAN, MD: This matter was previously reported to the Board at the May meeting as finalized on May 12, 2020. However, after the May meeting staff determined that there was a technical issue that required resolution, but which did not affect the discipline imposed. The Consent Order was ultimately entered on June 4, 2020. Dr. MUYDERMAN's Consent Order requires him to complete additional CME training entitled *PBI Elevating Civility and Communications in Health Care*.

EXECUTIVE

SESSION Dr. Steele moved that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §§ 6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Lakin seconded the motion, and the motion carried.

PUBLIC

SESSION The Executive Session concluded, and the Complaint Committee returned to Public Session.

COMPLAINT

COMMITTEE

ACTIONS Upon return to Public Session, Dr. Steele moved that the Committee take the following actions:

CLOSURES

20-21-W	Sarah Elizabeth Phillips, MD
20-28-S	Ram Pal Bhasin, MD
20-26-R	Adel Aiad Faltaous, MD
20-32-T	Kristina Jaurigue Lopez, MD
20-29-L	Tamim Qaum, MD
20-30-K	Carl Dean Shrader, Jr., MD

INITIATED COMPLAINTS

20-46-W
20-47-W
20-48-W
20-49-W
20-50-W

Dr. Lakin seconded the motion, and the motion carried.

Dr. Steele moved that the Committee seek authority from the Board to issue Consent Orders or Amended Consent Orders in five ongoing matters. Dr. Mullins seconded the motion, and the motion carried.

Dr. Sheth moved:

1. That the Committee conclude that, based upon evidence in its possession, Porfirio R. Pascasio, Sr., MD, license number 10041, is unable to practice medicine and surgery with reasonable skill and safety due to physical or mental impairment. W. Va. Code § 30-3-14(c)(21).
2. That the Committee determine that Dr. Pascasio's continuation in practice constitutes an immediate danger to the health, welfare, and safety of the public; and
3. That the Committee conclude that a mental and physical examination of Dr. Pascasio is necessary.

Dr. Sheth further moved that the Committee provide the Board with the evidence the Committee reviewed in reaching their recommendation in this matter; and

4. That the Committee recommend that the Board:
 - a. Ratify the Committee's conclusions regarding Dr. Pascasio;
 - b. Determine that under all of the circumstances, for Dr. Pascasio to continue to hold an unrestricted license to practice medicine in the State of West Virginia, constitutes an immediate danger to the health, welfare, and safety of the public;
 - c. Conclude, as a matter of law, that such a danger to the public demands extraordinary measures and summarily suspend Dr. Pascasio's medical license pursuant to W. Va. Code §30-3-14(k) and W. Va. Code §11-3-10.16 (2010); and
 - d. Order Dr. Pascasio to participate in a mental and physical examination to determine his current fitness to practice medicine and surgery with reasonable skill and safety.

Dr. Steele seconded the motion, and the motion carried.

ADJOURNMENT There being no further business, the Complaint Committee determined by consensus to adjourn.

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

**APPROVAL
OF**

MINUTES Dr. Lakin made a motion to approve the minutes of the July 12, 2020 Complaint Committee meeting. Dr. Mullins seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the July meeting, a fully executed Consent Order has been entered with respect to the following licensees:

Arthur David Barnes, MD: On July 29, 2020, the licensee entered into a Consent Order that imposed a civil fine of \$2,000.00 and issued a public reprimand for his treatment of

patients via telemedicine without first establishing a physician-patient relationship in accordance with the requirements of W. Va. Code § 30-3-13a(c).

Daniel Canchola, MD: On July 29, 2020, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Canchola permanently ineligible for licensure by the West Virginia Board of Medicine.

Paul Duane Davis, MD: On July 29, 2020, the licensee entered into a Consent Order that required him to successfully complete a CME course on controlled substance prescribing and issued a public reprimand for engaging in conduct in violation of W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. § 11-1A-12.1.x.

Robert Roy Harris, MD: On July 29, 2020, the licensee entered into a Consent Order that issued a public reprimand for having action taken against his Missouri license and for the unprofessional conduct resulting in the Missouri action.

William James Hennessey, MD: On July 29, 2020, the licensee entered into a Consent Order that issued a public reprimand for having action taken against his Pennsylvania license and for the unprofessional conduct resulting in the Pennsylvania action. The Consent Order also requires strict compliance with the terms of the Pennsylvania order.

Todd Mark Hoffman, MD: On July 29, 2020, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.

Ollie Joseph Jackson, III, MD: On July 29, 2020, the licensee entered into a Consent Order with the Board that placed his license on a probationary status for a period of thirty-five months, with specific terms and conditions, for the conduct which formed the basis of the disciplinary action imposed on Dr. Jackson by the Medical Board of California and for having action taken against his medical license by another state.

Mark Roncalli LoDico, MD: On July 29, 2020, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.

Muhammed Samer Nasher-Alneam, MD: On August 10, 2020, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Nasher-Alneam permanently ineligible for licensure by the West Virginia Board of Medicine.

Porfirio Pascasio, Sr., MD: On July 29, 2020, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Pascasio permanently ineligible for licensure by the West Virginia Board of Medicine.

Emmanuel Olusola Soyoola, MD: On July 29, 2020, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West

Virginia medical license. This Order also renders Dr. Soyoola permanently ineligible for licensure by the West Virginia Board of Medicine.

Vishal Verma, MD: On July 29, 2020, the licensee entered into a Consent Order with the Board that issued a public reprimand for having action taken against his medical license by other states, in violation of W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. § 11-1A-12.1.g.

EXECUTIVE

SESSION Dr. Mullins moved that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §§ 6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Lakin seconded the motion, and the motion carried.

PUBLIC

SESSION The Executive Session concluded, and the Complaint Committee returned to Public Session.

COMPLAINT COMMITTEE

ACTIONS Upon return to Public Session, Dr. Lakin moved that the Committee take the following actions:

CLOSURES

19-146-T	Muhammad Salman, MD
19-120-W	David Mark Anderson, MD
20-15-L	Stacey Davis Dickenson, MD

Dr. Mullin seconded the motion and the motion carried.

Dr. Mullins moved that the Committee make the following finding:

**FINDING OF PROBABLE CAUSE TO SUBSTANTIATE CHARGES OF
DISQUALIFICATION UNDER WV CODE §30-3-14**

19-114-W Zouhair Mohamad Wadih Kabbara, MD

Dr. Lakin seconded the motion and the motion carried.

Dr. Lakin moved that the Committee seek authority from the Board to issue Consent Orders or Amended Consent Orders in nine ongoing matters. Dr. Mullins seconded the motion, and the motion carried.

Dr. Sheth moved that Committee recommend that the Board take the following actions:

West Virginia Board of Medicine v. Steven Robert Matulis, MD
Complaint Nos. 16-46-W, 16-54-W and 18-161-W

Steven Robert Matulis, MD has executed a Consent Order permanently surrendering his medical license. The underlying complaint matters are currently scheduled for hearing in October 2020. The Committee recommends that the Board accepts this Consent Order to resolve the underlying complaints.

West Virginia Board of Medicine v. Zouhair Mohamad Wahid Kabbara, MD
Complaint No. 19-114-W

The Committee determined, that under the circumstances and based upon the evidence in its possession, to recommend that the full Board find that probable cause exists to institute formal disciplinary charges against Zouhair Mohamad Wadih Kabbara, MD, license number 26464, for violations of professional misconduct, and further to summarily suspend Dr. Kabbara's West Virginia medical license on the grounds that Dr. Kabbara's continuation in practice or unrestricted practice in West Virginia constitutes an immediate danger to the health, welfare and safety of the public. Accordingly, Dr. Sheth moved that the Complaint Committee recommend that the Board:

1. Ratify the Complaint Committee's conclusion that probable cause exists to institute formal disciplinary charges against Dr. Kabbara for the following violations of physician professional conduct standards:
 - a. W. Va. Code § 30-3-14(c)(8) and W. Va. Code R. §11-1A-12.1.r, relating to exercising influence within a patient-physician relationship for the purpose of engaging a patient in sexual activity;
 - b. W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. §11-1A-12.1.e, relating to dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud or harm the public or any member thereof;
 - c. W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. §11-1A-12.1.j, relating to unprofessional conduct including, but not limited to, any departure from, or failure to conform to, the standards of acceptable and prevailing medical practice, or the ethics of the profession, irrespective of whether or not a patient is injured thereby, and/or the commission of any act contrary to honesty, justice or good morals, whether the same is committed in the course of his practice or otherwise;
 - d. W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. § 11-1A-12.2.d, relating to conduct which is calculated to bring or has the effect of bringing the profession into disrepute,

including, but not limited to, any departure from or failure to conform to the standards of acceptable and prevailing practice within the state, and any departure from or failure to conform to the current principles of medical ethics;

- e. W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. § 11-1A-12.1.bb, relating to the violation of any law, rule or regulation of this State, any other state, the Board, the United States or any other lawful authority which relates to the practice of medicine; and/or
 - f. W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. § 11-1A-12.1.x, relating to engaging in malpractice or a failure to practice medicine with that level of care, skill and treatment which is recognized by a reasonable, prudent physician engaged in the same or similar specialty as being acceptable under similar conditions and circumstances.
2. Ratify the Complaint Committee's conclusion, and determine that under all of the circumstances, for Dr. Kabbara to continue to hold an unrestricted license to practice medicine in the State of West Virginia constitutes an immediate danger to the health, welfare and safety of the public;
 3. Conclude, as a matter of law, that such a danger to the public demands extraordinary measures; and
 4. In accordance with its statutory mandate to protect the public interest, **SUMMARILY SUSPEND** the license to practice medicine of Dr. Kabbara, license number 26464, in accordance with the provisions of W. Va. Code § 30-3-14(k) and W. Va. Code R. § 11-3-10.16 (2010).

Dr. Lakin seconded the motion, and the motion carried.

OF**

MINUTES Dr. Sheth made a motion to approve the minutes of the September 13, 2020 Complaint Committee meeting, and October 1, 2020 Complaint Committee Special meeting. Dr. Lakin seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the September meeting, a fully executed Consent Order has been entered with respect to the following licensees:

Frederick David Adams, MD: On September 4, 2020, the licensee entered into a Consent Order with the Board that suspends his license indefinitely. The Order provides terms and conditions Dr. Adams must meet to petition to lift the suspension in the future.

James Alan Akins, MD: On September 4, 2020, the licensee entered into a Consent Order with the Board that places his license on probation for two years to resolve concerns with

Dr. Akins' treatment plans, medical documentation, controlled substance prescribing practices and compliance monitoring of patients. During his period of probation, Dr. Akins must complete additional CME and comport with the terms and conditions of his probation.

Teresita P. DeJosef, MD: On September 4, 2020, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of her West Virginia medical license. This Order also renders Dr. DeJosef permanently ineligible for licensure by the West Virginia Board of Medicine.

Arthur Philip Fine, MD: On September 4, 2020, the licensee entered into a Consent Order with the Board that issued a public reprimand for his improper prescribing to two patients without maintaining medical records and required the licensee to complete additional CME.

Steven Robert Matulis, MD: On September 16, 2020, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license in lieu of proceeding to public hearing to resolve allegations that he engaged in professional misconduct with regard to five female patients and regarding his felony conviction of one count of sexual abuse in the first degree. This Order also renders Dr. Matulis permanently ineligible for licensure by the West Virginia Board of Medicine.

EXECUTIVE

SESSION Dr. Sheth made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Mullins seconded the motion, and the motion carried.

PUBLIC

SESSION The Committee re-entered public session. Dr. Mullins declared a conflict in a pending Complaint Committee matter. Dr. Mullins disclosed that his conflict relates to the fact that his professional interactions with the licensee may create an appearance of partiality or bias and exited the meeting room. Dr. Lakin moved that the Committee close Complaint No. 20-33-W. Dr. Steele seconded the motion, and the motion carried. Having completed the matter which Dr. Mullins declared a conflict, Dr. Mullins returned to the meeting room for the remainder of the meeting.

Dr. Sheth declared a conflict in a pending Complaint Committee matter. Dr. Sheth identified the matter as a confidential report pending before the Committee for the possible initiation of Committee complaints and investigations. Dr. Sheth disclosed that his conflict relates to the fact that his professional interactions with the licensee may create an appearance of partiality or bias. Dr. Sheth appointed Dr. Mullins to chair the Committee discussion and exited the meeting room. Dr. Steele moved that the Committee initiate Complaint No. 20-99-W. Dr. Lakin seconded the motion, and the motion carried. Having completed the matter which Dr. Sheth declared a conflict, Dr. Sheth returned to the meeting room for the remainder of the meeting.

**COMPLAINT

Complaint Committee Meeting Minutes

January 10, 2021

A meeting of the West Virginia Board of Medicine Complaint Committee was held at 101 Dee Drive, Charleston, West Virginia, on the 10th day of January 2021 beginning at 12:30 p.m.

The following Committee members were present:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
David A. Mullins, MD
Thomas Wesley Steele, MD

The following Committee member was present via GoToMeeting:

Carrie A. Lakin, DPM

The following Board member was present by special designation:

Ahmed D. Faheem, MD, DLFAPA

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI
Jake Spradling

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

**APPROVAL
OF**

MINUTES Dr. Sheth made a motion to approve the minutes of the November 8, 2020 Complaint Committee meeting. Dr. Steele seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the November meeting, a fully executed Consent Order has been entered with respect to each of the following licensees:

Vincent Anthony Lombardi, MD: On December 2, 2020, the licensee entered into a Consent Order with the Board that issued a public reprimand for having action taken against his Indiana medical license by the Medical Licensing Board of Indiana, and for the conduct that formed the basis of the Indiana Order. This Order is in the process of amendment to correct a technical error, which does not affect the discipline imposed or the bases therefore.

Kang Lu, MD: On December 2, 2020, the licensee entered into a Consent Order with the Board that suspended his West Virginia medical license for a minimum of two years based upon the conduct that formed the basis of the discipline imposed on Dr. Lu's Massachusetts's medical license by the Massachusetts Board of Registration in Medicine and his failure to disclose criminal charges on his 2016 West Virginia renewal application. Dr. Lu may petition the Board to lift the suspension after two years if he can provide clear and convincing evidence of his fitness to practice medicine and surgery.

Brenna Leigh Steinberg, DPM: On December 2, 2020, the licensee and the Board entered into a Consent Order that placed her inactive status license on a six-month period of probation, with terms and conditions, based upon having action taken against her Maryland podiatric license, and for the conduct that formed the basis of the discipline imposed by the Maryland Board of Podiatric Medical Examiners.

Yenisey Yanes, DPM: On December 2, 2020, the licensee and the Board entered into a Consent Order that placed her license on a six-month period of probation, with terms and conditions, based upon having action taken against her Maryland podiatric license, and for the conduct that formed the basis of the discipline imposed by the Maryland Board of Podiatric Medical Examiners.

EXECUTIVE

SESSION Dr. Sheth made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Lakin seconded the motion, and the motion carried.

PUBLIC

SESSION The Committee re-entered public session. Dr. Mullins declared a conflict in a pending Complaint Committee matter. Dr. Mullins disclosed that his conflict relates to the fact that his personal interactions with the licensee may create an appearance of partiality or bias and exited the meeting room. Dr. Lakin moved that the Committee authorize the presentation of a Consent Order in the pending matter. Dr. Steele seconded the motion, and the motion carried. Having completed the matter which Dr. Mullins declared a conflict, Dr. Mullins returned to the meeting room.

Dr. Lakin and Dr. Mullins declared a conflict in a pending Complaint Committee matter. The matter was identified as a confidential report pending before the Committee for possible initiation of Committee complaint and investigation. Dr. Lakin disclosed that she is personally acquainted with the subject of the pending report and that her personal friendship with the individual could create the appearance of partiality or bias. Likewise, Dr. Mullins also declared a conflict based upon his

personal acquaintance with the individual, and the fact that his personal friendship with the individual could create the appearance of partiality or bias. Dr. Lakin exited the virtual GoToMeeting room and Dr. Mullins exited the room. Dr. Faheem joined the meeting room, and a quorum was present for the consideration of the matter for which Dr. Lakin and Dr. Mullins declared a conflict. Dr. Faheem moved that the Committee initiate Complaint No. 21-01-W. Dr. Steele seconded the motion, and the motion carried. Having completed the action in which Dr. Lakin and Dr. Mullins declared a conflict, Dr. Faheem left the meeting, Dr. Lakin returned to the virtual GoToMeeting meeting, and Dr. Mullins returned to the meeting room for the remainder of the meeting.

**COMPLAINT
COMMITTEE**

ACTIONS Dr. Steele moved that the Committee take the following actions:

CLOSURES

20-65-W	Esam Nuri Baryun, MD
20-14-M	Chad Elvis Blankenship, PA-C
20-66-W	Jacqueline N. Cole, MD

Dr. Sheth called the meeting to order.

**APPROVAL
OF**

MINUTES Dr. Lakin made a motion to approve the minutes of the January 10, 2021 Complaint Committee meeting, and February 22, 2021 Complaint Committee Special meeting. Dr. Steele seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT

Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the January meeting, a fully executed Consent Order has been entered with respect to the following licensees:

Aaron Michael Ferda, MD: On January 13, 2021, the licensee entered into a Consent Order with the Board that restricts Dr. Ferda from converting his inactive West Virginia medical license to active status until he satisfies all disciplinary terms imposed by the Commonwealth of Kentucky Board of Medical Licensure and his Kentucky medical license has been fully restored to unrestricted status.

Robert Edward Shapiro, MD: On February 10, 2021, the licensee entered into a Consent Order with the Board that issues a Public Reprimand for failing to adhere to a 24-hour waiting period for elective pregnancy termination; performing an elective medical procedure while prohibited pursuant to Executive Order 16-20; improperly documenting the patient's medical record; and misleading staff regarding the elective nature of the procedure.

Michael Shramowiat, MD: On March 2, 2021, the licensee entered into an Amended Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Shramowiat permanently ineligible for licensure by the West Virginia Board of Medicine.

EXECUTIVE

SESSION Dr. Steele made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Mullins seconded the motion, and the motion carried.

PUBLIC

SESSION The Committee re-entered public session. Dr. Sheth declared a conflict in a pending Complaint Committee matter. Dr. Sheth disclosed that his conflict relates to the fact that his professional interactions with the licensee may create an appearance of partiality or bias. Dr. Sheth appointed Dr. Mullins to chair the Committee discussion and exited the meeting room. Dr. Steele moved that the Committee continue to investigate the pending matter. Dr. Lakin seconded the motion, and the motion carried. Having completed the matter which Dr. Sheth declared a conflict, Dr. Sheth returned to the meeting room for the remainder of the meeting.

COMPLAINT COMMITTEE

ACTIONS Dr. Steele moved that the Committee take the following actions:

Dr. Lakin seconded the motion, and the motion carried.

Dr. Steele moved that the Committee seek authority from the Board to issue Consent Orders or Amended Consent Orders in ten ongoing matters. Dr. Mullins seconded the motion, and the motion carried.

On Sunday, Omar Khalid Hasan, MD appeared before the Complaint Committee in association with the Board's Final Order in the matter of WVBOM v. Hassan, Case No. 14-89-S. The Board has delegated the monitoring of this Consent Order to the Complaint Committee. Dr. Hasan has requested that his period of suspension be ended. Dr. Mullins moved that the Committee request authority from the Board to communicate with Dr. Hasan and request additional information to assist in the evaluation of Dr. Hasan's compliance with the Board's Final Order and his request that his period of suspension be ended. Dr. Lakin seconded the motion, and the motion carried.

Complaint Committee Meeting Minutes

May 16, 2021

A meeting of the West Virginia Board of Medicine Complaint Committee was held at 101 Dee Drive, Charleston, West Virginia, on the 16th day of May 2021 beginning at 12:30 p.m.

The following Committee members were present:

Thomas Wesley Steele, MD, Acting Complaint Committee Chair
Carrie A. Lakin, DPM
David A. Mullins, MD
Angela A. Mayfield

The following Committee member was absent:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI
Jake Spradling

**CALL TO
ORDER**

Dr. Steele, presiding as Acting Chair by designation, called the meeting to order.

**APPROVAL
OF**

MINUTES Dr. Mullins made a motion to approve the minutes of the March 7, 2021 Complaint Committee meeting. Dr. Lakin seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT

Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the March meeting, a fully executed Consent Order has been entered with respect to the following licensees:

Ted David Friehling, MD: On March 9, 2021, the licensee entered into a Consent Order with the Board that restricts the licensee from performing surgical procedures and invasive procedures until he submits satisfactory evidence that he can resume the unrestricted

practice of medicine with reasonable skill and safety. The Order does not prohibit him from performing non-invasive electrophysiology.

Ahmed Kamel Gayed, MD: On May 7, 2021, the licensee entered into a Consent Order with the Board that imposed a \$5,000.00 fine for his failure to produce documentation of his timely completion of the 50 hours of CME during the Board's CME audit.

Joseph Anthony Jurand, MD: On April 22, 2021, the licensee entered into a Second Amended Consent Order with the Board which ends the period of probation imposed by his 2014 Consent Order and continued in his 2017 Amended Consent Order. The Second Amended Consent Order restricts Dr. Jurand from treating any patient under the age of eighteen.

Lawrence Bennet Kelly, MD: On April 22, 2021, the licensee entered into a Consent Order with the Board that places his licensee on a one-year period of probation with terms and conditions to resolve concerns regarding his controlled substance prescribing practices, treatment plans, and compliance monitoring. Dr. Kelly was also required to complete a CME course on controlled substance prescribing.

Vincent Anthony Lombardi, MD: On April 22, 2021, the licensee entered into an Amended Consent Order with the Board that fixed a technical issue with the December 2, 2020 Consent Order. This did not change the prior discipline imposed.

Jasbir Singh Makar, MD: On April 6, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.

Albert Francois Olivier, MD: On May 7, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.

Amal Fostok Sakkal, MD: On May 7, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for her failure to produce documentation of her timely completion of the drug diversion CME during the Board's CME audit.

Salwa Mohamed Salih, MD: On April 27, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for her failure to produce documentation of her timely completion of the drug diversion CME during the Board's CME audit.

Rohan Vipulkumar Shah, MD: On April 6, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.

Dean Anthony Siciliano, MD: On May 3, 2021, the licensee entered into a Consent Order with the Board that imposed a \$1,400.00 fine for his failure to produce documentation of his timely completion of 50 hours of the required CME during the Board's CME audit.

Tamara Denise Spriggs, MD: On May 7, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for her failure to produce documentation of her timely completion of the drug diversion CME during the Board's CME audit.

Mahmood Tabatabai, MD: On April 13, 2021, the licensee entered into a Consent Order with the Board that imposed a \$1,600.00 fine for his failure to produce documentation of his timely completion of 50 hours of CME credits, including the required drug diversion CME, during the Board's CME audit.

John Collett Veltman, MD: On May 4, 2021, the licensee entered into a Consent Order with the Board that requires him to successfully complete additional CME in controlled substance prescribing. Dr. Veltman is also subject to a medical record audit one year from the completion of the CME course.

Matthew Steven Zell, MD: On March 23, 2021, the licensee entered into a Consent Order with the Board that places his license in probationary status until satisfactory completion of his probationary terms and his participation in an identified program, or until such Order is lifted or otherwise modified pursuant to a subsequent Order issued by the Board.

EXECUTIVE

SESSION Dr. Mullins made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Lakin seconded the motion, and the motion carried.

PUBLIC

SESSION The Committee re-entered public session. Dr. Mullins declared a conflict in a pending Complaint Committee matter. Dr. Mullins disclosed that his conflict relates to the fact that his professional interactions with the licensee may create an appearance of partiality or bias. Dr. Mullins then exited the meeting room. Dr. Lakin moved that the Committee authorize the presentation of a Consent Order in the one pending matter. Ms. Mayfield seconded the motion, and the motion carried. Having completed action upon the matter in which Dr. Mullins declared a conflict, Dr. Mullins returned to the meeting room for the remainder of the meeting.

Dr. Mullins seconded the motion, and the motion carried.

Dr. Lakin moved that the Committee seek authority from the Board to issue Consent Orders or Amended Consent Orders in seven ongoing matters. Dr. Mullins seconded the motion, and the motion carried.

The Committee considered its compliance monitoring in the matter of WVBOM v. Omar Khalid Hasan, MD, Case No. 14-89-S. Dr. Lakin moved that the Committee provide a report concerning its compliance monitoring to the full Board and recommend that the Board:

1. Find that Dr. Hasan has failed to satisfy all terms of the Board's Final Order, in that Dr. Hasan has not satisfied all terms and conditions of the Board's Final Order;
2. Deny Dr. Hasan's request to lift his suspension at this time due to Dr. Hasan's non-compliance with all terms and conditions of Board's Final Order; and
3. Offer Dr. Hasan the opportunity to remediate his non-compliance by completing an alternate treatment program, subject to approval by the Complaint Committee, which is consistent with program criteria recommended by the PRC.

Dr. Mullins seconded the motion, and the motion carried.

Special Meeting Minutes

June 10, 2021

A special meeting of the West Virginia Board of Medicine Complaint Committee was held on the 10th day of June 2021, at 12:00 p.m.

The following Committee members participated via conference call:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
David A. Mullins, MD
Thomas Wesley Steele, MD
Angela A. Mayfield
Carrie A. Lakin, DPM

The following Staff members were present via conference call:

Mark A. Spangler, Director
Jamie Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI
Jacob W. Spradling

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

EXECUTIVE

SESSION Dr. Lakin made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code § 6-9A-4(b)(4) and (6) to discuss effecting a license as well as related information that, if disclosed, would constitute an unwarranted invasion of privacy. A second was given by Dr. Steele, and the motion carried. The Complaint Committee entered into Executive Session to consider matters pursuant to West Virginia Code § 30-3-6 and W. Va. Code § 6-9A-4(b)(4) and (6).

PUBLIC

SESSION The Executive Session concluded, and the Complaint Committee returned to Public Session.

COMPLAINT COMMITTEE

ACTIONS Upon return to public session, Dr. Lakin moved that the Committee authorize the presentation of a Consent Order in one pending matter. Dr. Mullins seconded the motion, and the motion carried.

The Committee next took up the matter of WVBOM v. Omar Khalid Hasan, MD, Case No. 14-89-S, including a review of correspondence submitted on behalf of the licensee since the May 17, 2021 meeting of the Board. The Board's Final Order, affirmed by the West Virginia Supreme Court in a unanimous decision, imposed discipline upon Dr. Hasan's West Virginia medical license due to his professional and sexual misconduct with respect to a female psychiatric patient. Effective January 9, 2020, Dr. Hasan's West Virginia medical license was suspended. During his suspension, the Board has delegated the monitoring of Dr. Hasan's compliance with the Board's Order to the Complaint Committee.

The Board's Final Order suspended Dr. Hasan's WV license for one year, after which time he could be reinstated provided that he complied with the conditions and requirements for reinstatement set forth in the Order.

Pursuant to the Board's Final Order, the Board can consider lifting or modifying the suspension of Dr. Hasan's medical license after certain conditions are met:

1. He has served one year of suspension;
2. He has participated in and completed the Multidisciplinary Assessment & Evaluation of Professionals Program at the Professional Renewal Center ("PRC") in Lawrence, Kansas; and
3. He is in full compliance with any and all treatment and aftercare recommendations arising from his PRC evaluation.

Dr. Hasan completed one year of suspension on January 9, 2021. At the Board's March 8, 2021 meeting, the Complaint Committee reported that it had received a request from Dr. Hasan to lift his suspension, and Dr. Hasan appeared before the Committee in March in support of his request. At the March Board meeting, the Board granted the Committee's request to seek additional information from Dr. Hasan to adequately evaluate his request to lift his suspension. This request included a tranche of records from a program Dr. Hasan attended, but did not complete, in the spring of 2020. The additional information the Board requested was received and evaluated by the Committee at its May 16, 2021 meeting.

At the Board's May 17, 2021 meeting, the Board received the Committee's report and recommendations with respect to Dr. Hasan's request to lift his suspension. The Board ratified the Complaint Committee's recommendation to deny Dr. Hasan's request to lift his suspension due to his non-compliance with all the terms and conditions of the Board's Final Order. Specifically, neither the PRC, nor his subsequently selected program, both of which specialize in the assessment and treatment of professionals, including physicians, cleared Dr. Hasan to return to the practice of medicine. The Board also ratified the Complaint Committee's recommendation

to offer Dr. Hasan an opportunity to remediate his noncompliance by completing and obtaining clearance to practice from an alternate treatment program which is consistent with the program criteria recommended by the PRC. The program would need to be presented to the Board for approval, and the Board delegated review of any proposed programs to the Complaint Committee.

Dr. Hasan requested that the Board modify its Final Order to allow Dr. Hasan to complete a Professional Boundaries course presented by PACE (Physician Assessment and Clinical Education) at UC San Diego. The course is a three-day live activity course and educational seminar that offers 39.5 CME credits.

Dr. Steele moved that the Committee recommend that the Board:

1. Find that the PACE Professional Boundaries Course at UC San Diego proposed by Dr. Hasan is a CME course that does not entail individual assessment, evaluation or treatment, and therefore is not a satisfactory alternate treatment program which is consistent with the program criteria recommended by the PRC.
2. Find that the assessments of Dr. Hasan by his counselor and his retained evaluator do not supersede or override the determinations by the PRC, which conducted a multi-disciplinary evaluation and assessment of Dr. Hasan, and/or the determinations by the treatment program that Dr. Hasan selected, which evaluated and assessed Dr. Hasan in a structure environment for over a period of 2 months, both of which failed to clear Dr. Hasan to return to practice.
3. Deny Dr. Hasan's request to modify the Board's Final Order to allow Dr. Hasan to complete the PACE Professional Boundaries CME Course at UC San Diego in lieu of completing an appropriate treatment program that approves his return to practice.
4. Re-Offer Dr. Hasan the opportunity to identify and complete an appropriate alternate treatment program which is consistent with the program criteria recommended by the PRC. The program identified by Dr. Hasan must be presented to the Complaint Committee for approval prior to his enrollment.
5. Provide Dr. Hasan with the Federation of State Medical Board's Directory of Physician Assessment and Remedial Education Programs as a potential resource to find a suitable alternate treatment program to propose.
6. Notify Dr. Hasan that if he identifies and obtains approval of a suitable alternate treatment program, the Board will not require the production of the prior treatment program's records to the alternate treatment program except for the final report of the prior treatment provider. The alternate treatment provider shall also be provided with the PRC Report, as well as any other documents and information from the underlying record of the contested case proceeding and subsequent appeals deemed appropriate by the Complaint Committee.
7. Notify Dr. Hasan that his successful completion of and approval to return to practice by an alternate treatment program would be determined by the alternate treatment program, and that the Board has not and will not dictate the components, conditions and/or non-

conditions that determine successful completion of and approval to return to practice by any treatment program.

Ms. Mayfield seconded the motion, and the motion carried.

ADJOURNMENT There being no further business, the Complaint Committee determined by consensus to adjourn.

Ashish P. Sheth, MD
Chair of the Complaint Committee

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

July 13, 2020

The West Virginia Board of Medicine met via GoToMeeting on Monday, July 13, 2020 at 9:00 am.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Harry E. Duncan, MD, Licensure Committee Chair
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Carrie A. Lakin, DPM
Jonathan P. Lilly, MD
Angela A. Mayfield
David A. Mullins, MD
Mustafa Rahim, MD
Thomas Wesley Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Russell O. Wooton
Kenneth Dean Wright, PA-C, Legislative Committee Chair

The following Committee members were absent:

Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa Cross
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI
Andrew Wessels

Dr. Challa called the meeting to order and roll call was taken by Ms. Frame.

**CALL TO
ORDER**

Dr. Challa asked members to quiet their cell phones and to place their microphone on mute unless speaking.

ANNOUNCEMENTS

Dr. Challa announced that Catherine C. Slemph, MD, MPH has resigned as the Commissioner of Public Health and in doing so is no longer a member of the Board. The Board thanks Dr. Slemph for her service and wishes her the best in her future endeavors.

Dr. Challa announced that Quartel-Ayne Amjad, MD, MPH was recently appointed as Commissioner of the Bureau for Public Health and State Health Officer. Per statute, Dr. Amjad will serve as Secretary of the Board. The Board looks forward to working with Dr. Amjad.

Dr. Rahim moved that the minutes of the Board's May 18, 2020 meeting be approved. Ms. Mayfield seconded, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked board and staff members for their continued efforts and adaptability during the COVID-19 State of Emergency.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler reported that the Nominating Committee met on July 6, 2020 to develop a slate of nominees for the offices of President and Vice President. Mr. Spangler asked Dr. Duncan, as Chair of the Nominating Committee, to provide the report of the Committee. Dr. Duncan reported that the Committee's agreed upon slate of nominees are Kishore K. Challa, MD, FACC for President and Ashish P. Sheth, MD for Vice President. Dr. Challa opened the floor for additional nominations. No additional nominations were declared. Dr. Rahim congratulated Dr. Challa and Dr. Sheth for their leadership over the course of the last two years. Thereafter, Dr. Rahim moved that the nominations be closed

and that the Board reelect Dr. Challa as President and Dr. Sheth as Vice President. Dr. Faheem seconded, and the motion carried.

The Committee recommended that the Board accept and ratify the Nominating Committee Report. The motion of the Committee was given by Dr. Duncan, and the motion carried.

Dr. Challa reported that the Personnel Committee met on Sunday, July 12, 2020, at which time the Committee reviewed the Executive Director's proposed salary increases for Board staff. Following discussion and modifications, the Committee accepted the proposal but decided to delay implementation of the increase until a later date.

**PERSONNEL
COMMITTEE
REPORT**

Dr. Challa reported that the Executive/Management Committee met on Sunday, July 12, 2020, at which time the Committee approved the fiscal report and purchasing card transactions for May and June 2020.

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

Dr. Challa reported that during the 2020 session, the Virginia General Assembly passed House Bill 1701 and Senate Bill 757, requiring the Virginia Department of Health Professions and the Virginia Board of Medicine to pursue reciprocal licensing agreements with contiguous states for medical doctors, osteopathic physicians, physician assistants and nurse practitioners. The Committee reviewed and considered correspondence from the Virginia Board of Medicine which poses several questions regarding the West Virginia Board of Medicine's interest in reciprocal licensure. The Committee directed staff to respond to the Virginia Board of Medicine indicating that West Virginia currently provides an expedited pathway for physician licensure through the Interstate Medical Licensure Compact.

The Committee reviewed and considered correspondence that was received which seeks the Board's opinion regarding whether the medical director of a medical spa has to

”obtain certification or training in the services being performed or serve as a supervisor over the medical protocols and requirements from other health care agencies.” The Committee directed Board staff to respond to the requestor indicating that the Board does not have any statutes, rules or guidance that is specific to medical spas; however, all physician practice in West Virginia must comport with the professional conduct standards set forth in the Medical Practice Act and the Board’s rules.

The Committee reviewed and considered correspondence inquiring whether an ambulatory surgical center needs to be registered as a medical corporation. The Committee directed staff to respond to the requestor indicating that pursuant to W. Va. Code § 30-3-15, “it is unlawful for any corporation to practice medicine, surgery, podiatric medicine, or to perform medical acts through one or more physician assistants in this state without a certificate of authorization issued by the board designating the corporation as an authorized medical corporation.” The only exception to the registration requirement relates to hospitals and is set forth in W. Va. Code § 30-3-15(1).

Dr. Challa reported that in May 2020, the Federation of State Medical Boards adopted the *Report and Recommendations of the FSMB Workgroup on Physician Sexual Misconduct*. The report provides medical boards with best practice recommendations for effectively addressing and preventing sexual misconduct by physicians. A copy of the report and recommendations was made available for members to review. The Committee asks that all members review the report and provide any thoughts, comments and/or suggestions to Mr. Spangler by the end of August. The Committee will consider the policy and all thoughts, comments and/or suggestions received by Board members at the September 2020 meeting.

Dr. Challa reported that in February 2020, the Board received a *subpoena duces tecum* in the matter of *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* The Board’s current and former executive

directors have also received deposition subpoenas. Board staff provided the Committee with an update regarding the Board's ongoing efforts to comply with the subpoena.

Dr. Challa reported that the matter of *Jan Kletter, MD v. West Virginia Board of Medicine* remains pending in the Kanawha County Circuit Court.

Dr. Challa reported that the matter of *Amy Young v. West Virginia Board of Medicine* remains pending in the Kanawha County Circuit Court.

Dr. Challa reported that the Board Office remains closed to the public. The Board's Safety Committee, which is comprised of Board staff, has instituted internal policies and practices for when staff are present at the office. An office schedule has been implemented which schedules designated staff members to work in the office on Monday, Wednesday and Friday. A separate group of staff members are scheduled to work in the office on Tuesday and Thursday. The office closure has resulted in Board hearings being continued. To prevent a further backlog of hearings, the Committee recommended that the Board convene virtual hearings, on a case by case basis, as technologically feasible. The Committee further recommended that the Executive Director be delegated the authority to determine the feasibility of virtual hearings for the Board. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that the Board is not required to bid out hearing examiners and court reporters for the 2020-2021 year; therefore, the Board has renewed the contracts with its current hearing examiners and court reporters.

Dr. Challa reported that in June, Thomas M. McCall, who has served as the Board's Administrative Office Assistant/Receptionist since November 2019, accepted the position of Physician Assistant Licensure Analyst. Additionally, Leisa L. Reed has been hired as the Board's new Administrative Office Assistant/Receptionist.

Dr. Challa reported that the Board of Medicine strategic planning session is held annually in October. Due to the COVID-19 State of Emergency, the 2020 strategic planning session will be rescheduled.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Mr. Foster reported that all Board hearings scheduled to convene in or after March 2020 have been continued. The Board is in the process of rescheduling these hearings. Additionally, there are three matters that remain in a general continued status.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there is currently one hearing scheduled to convene in October 2020.

Mr. Foster reported that one Board Order is being appealed. This matter remains in a pending status in Kanawha County Circuit Court.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, July 11, 2020.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following twenty-four applicants be approved for initial physician assistant licensure:

Sarah Elizabeth Baune, PA-C
Mary Rose Butcher, PA-C
Kelley Ann Campbell, PA-C
Emily Joyce Courtwright, PA-C
Michaela Rose DeLorenzo, PA-C

Alexa Marie Engle, PA-C
Lauren Michelle Gerchufsky, PA-C
Abigail Renee Grant, PA-C
Hallie Dove Gunnoe, PA-C
Jessy Marie Hamrick, PA-C
Jamie Marie Houston, PA-C
Daniel Te-Kai Huang, PA-C
Sara Beth Johnson, PA-C
Mikaela Ann Kiser, PA-C
Katie Lynnette Kisner, PA-C
Melissa Kaye Haynes Lilly, PA-C
Morgan Ashley Neal, PA-C
Khanh Minh Nguyen, PA-C
Breanna Marie Perzanowski, PA-C
Michelle Nicolette Porembka, PA-C
Devon Flynn Schara, PA-C
Patricia Ann Shannon, PA-C
Jenna Lee Shumar, PA-C
Olivia Laken Younis, PA-C

The motion of the Committee was given by Ms. Takubo, and the motion carried.

The Committee recommended that Duane Allen Bartsch, PA-C be approved for reactivation of physician assistant licensure. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee reviewed and approved one practice agreement proposing delegation of medication assisted treatment via telemedicine.

Ms. Takubo reported that Board staff authorized twenty-two licensee practice agreements, two emergency registration practice agreements and twenty-eight licensee practice notifications in May and June 2020.

Ms. Takubo reported that pursuant to the authority delegated to Board staff during the COVID-19 State of Emergency, staff have processed reactivation applications for Robert T. Potts, PA-C and Joshua Alan Rhodes, PA-C since the May 2020 meeting.

Ms. Takubo reported that since implementation of the Board's emergency rule, 11 CSR 14, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of ninety-four physicians assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Mr. Wright reported that the Legislative Committee met yesterday, July 12, 2020, at which time Mr. Spangler reported that the comment period for proposed legislative rule 11 CSR 14, *Registration to Practice During Declared State of Emergency*, concluded on May 23, 2020. The Board received thirteen written comments regarding the proposed rule. No modifications were made to the rule as a result of the comments that were received. At the special Executive/Management Committee meeting that was held on June 24, 2020, the Committee authorized Board staff to file the agency approved version of 11 CSR 14 with the West Virginia Secretary of State's Office. The agency approved version of the rule has been filed with the Secretary of State's Office and is currently awaiting review by the Legislative Rule-Making Review Committee.

LEGISLATIVE
COMMITTEE
REPORT

Mr. Wright reported that on March 25, 2020, pursuant to the Executive Orders issued by Governor Justice, the Board authorized staff to file suspension memoranda's with the Secretary of State's Office to temporarily suspend certain provisions of seven Board of Medicine rules, including emergency rule 11 CSR 1B, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*. The legislative version of 11 CSR 1B becomes effective on August 2, 2020. In order to temporarily suspend certain provisions of legislative rule 11 CSR 1B, the Committee recommended that the Board authorize staff to file a rule suspension memoranda with the Secretary of State's Office which mirrors the suspension that is currently in effect. The motion of the Committee was given by Mr. Wright and the motion carried.

Mr. Wright reported that House Bill 4009, which authorizes physicians to order the involuntary hospitalization of an individual who the physician believes is addicted or mentally ill, was passed during the 2020 legislative session. This legislation mandates that the Secretary of the Department of Health and Human Resources collaborate with individuals and groups to evaluate the provisions of W. Va. Code § 27-6A-1 *et seq.* The Committee reviewed and considered the proposed modifications to this code section, the Committee had no recommendations with respect to the draft and no action was taken with regard to this agenda item.

Mr. Wright reported that on July 1, 2018, in accordance with W. Va. Code §29A-3-20 and Executive Order 3-18, Board staff provided the Governor and the Legislative Rule-Making Review Committee a review of each rule promulgated by the Board and under its jurisdiction. On July 1, 2020, Board staff filed a supplemental response which updates the Board's 2018 response. A copy of the July 1st correspondence was made available for members to review. Consistent with the response, Board staff are currently reviewing 11 CSR 6, *Continuing Education for Physicians and Podiatric Physicians*. Proposed modifications to this rule will be presented to the Committee at a future meeting. The Board's procedural rule 11 CSR 3, *Board Organization and Meeting Procedures; Complain and Contested Case Hearing Procedures*, has not been updated since 2010 and is in need of modernization. The Committee authorized staff to begin drafting proposed modifications to 11 CSR 3 for consideration later this year.

Mr. Wright reported that 11 CSR 8, *Collaborative Pharmacy Practice*, is jointly promulgated by the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy and is under the purview of the Board of Medicine. This rule pertains to a pharmacist's scope of practice pursuant to collaborative pharmacy practice and collaborative pharmacy practice agreements. Board of Medicine staff have had conversations with the Board of Pharmacy regarding modernization and streamlining of this rule. The Board of Pharmacy has provided a draft revision of 11 CSR 8 for consideration. A copy of the draft revision was made available for members to review. The Committee has concerns with the proposed rule as drafted. The Committee recommended

that the Board authorize staff to communicate to the Board of Pharmacy that the Board of Medicine does not support the revisions to 11 CSR 8 as drafted, but that the Board is committed to working in collaboration with the Boards involved to modernize the rule and have draft proposed legislation in place for introduction during the 2022 legislative session. The motion of the Committee was given by Mr. Wright, and the motion carried.

Mr. Wright reported that on or around April 23, 2020, the Board received correspondence from the Joint Standing Committee on Government Organization which indicated that during the 2020-2021 Legislative Interims, the Committee will be studying professional and occupational licensure. Additionally, the correspondence requested that the Board of Medicine and the Board of Osteopathic Medicine provide a written response answering several questions posed by the Committee. On July 1, 2020, Board of Medicine staff submitted a detailed response to the Committee. A copy of the Board's response, as well as a copy of the Board of Osteopathic Medicine's response, was made available for members to review. Board staff will keep the Board apprised of updates regarding this matter.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Mr. Wright, and the motion carried.

Dr. Duncan reported that the Licensure Committee has met twice since the Board's May 13, 2020 meeting. Dr. Duncan provided the following report of the two meetings:

**LICENSURE
COMMITTEE
REPORT**

May 29, 2020 Licensure Committee Meeting

Dr. Duncan reported that pursuant to the authority delegated to the Licensure Committee by the Board on March 25, 2020, and subsequently re-authorized on May 18, 2020, the Licensure Committee met on May 29, 2020 to review and approve licensure

applications on behalf of the Board for both physicians and physician assistants. Mr. Wright joined the May 29, 2020 meeting by designation of the Board as these matters were reviewed.

Dr. Duncan reported that the Committee approved Luigi Fabrizio Lagazzi Garros, MD for medical school faculty licensure. This license authorizes Dr. Lagazzi Garros to practice medicine and surgery at the Morgantown, West Virginia Medical Center of West Virginia University School of Medicine.

Dr. Duncan reported that the Committee approved seven initial medical doctor applications and three initial physician assistant applications. Lists of the approved applicants are attached hereto as Attachment 1 to these minutes and are incorporated herein by reference.

July 11, 2020 Licensure Committee Meeting

Dr. Duncan reported that the Licensure Committee met on Saturday, July 11, 2020. Four scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure application. Based thereupon, the Committee recommended that the following applicants be approved for medical licensure:

Name	Application Type
Stephen Lindsay Carter, MD	Change of Status
John Wesley Luiza, MD	Initial Medical Licensure
Thomas Markus Roesch, MD	Initial Medical Licensure

The motion of the Committee was given by Dr. Duncan, and the motion carried.

Dr. Duncan reported that the application for Robert Brentwood Bux, MD will be placed on hold pending receipt of additional information.

Dr. Duncan reported that the Committee reviewed and discussed fourteen physician

licensure applications. Based thereupon, the Committee recommended that the following applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Gary Dean Harter, MD	Initial Medical Licensure	
William James Hwang, MD	Initial Medical Licensure	
Steven Peter Maron, MD	Initial Medical Licensure	Pending payment of the PICF assessment fee
Kelly Kathleen Rhodes, MD	Initial Medical Licensure	
Tejveer Singh, MD	Initial Medical Licensure	

The motion of the Committee was given by Dr. Duncan, and the motion carried.

The Committee recommended that the Board accept the medical education as satisfactory verified and approve Ahmed Robbie, MD for initial medical licensure.

Edwin James Kairis, MD has practiced administrative medicine since 2005. The Committee recommended that Dr. Kairis be offered medical licensure via a Consent Order which restricts his practice to administrative practice only. The motion of the Committee was given by Dr. Duncan, and the motion carried.

Seyfi Alper Toker, MD holds a restricted license in extraordinary circumstances to practice thoracic medicine and surgery at West Virginia University in Morgantown, West Virginia. He has submitted a request to modify the terms of his license to permit him to practice at an additional location. Based upon its review of information from Dr. Toker and Thomas Health Systems, the Committee recommended that the Board modify Seyfi Alper Toker, MD’s extraordinary circumstances licensure to permit his practice of thoracic medicine and surgery at the additional location of Thomas Health System in South Charleston, West Virginia. Approval of this modification requires a favorable vote by a ¾ majority of the Board. The motion of the Committee was given by Dr. Duncan, and the motion carried unanimously.

Dr. Duncan reported that the applications for the following physicians will be placed on hold pending receipt of additional information:

Name	Application Type
Nishant R. Dagli, MD	Initial Medical Licensure
Catherine Renee Lewis, MD	Initial Medical Licensure

The Committee will request that the following applicants appear before the Committee at a subsequent meeting:

Name	Application Type
Donald Eugene Berman, MD	Initial Medical Licensure
Hemant Sarin, MD	Reinstatement
Jennifer Marie Scarpone, MD	Initial Medical Licensure
Kyle Wilson Young, MD	Changes of Status

Dr. Duncan asked Board members to review the list of physicians up for action and to advise of any conflicts. No conflicts were declared. The Committee recommended that the Board approve eighty-seven applicants for initial medical licensure. A list of the eighty-seven applicants is attached to these minutes as Attachment 2 and incorporated herein by reference. The motion of the Committee was given by Dr. Duncan, and the motion carried.

Dr. Duncan asked Board members to review the list of podiatric physicians up for action and to advise of any conflicts. No conflicts were declared. The Committee recommended that the Board approve two applicants for initial podiatric licensure. A list of the two applicants is attached to these minutes as Attachment 3 and incorporated herein by reference. The motion of the Committee was given by Dr. Duncan, and the motion carried.

Dr. Duncan reported that the Committee received and reviewed an inquiry from Weirton Medical Center concerning the role of podiatric physicians in completing pre-

operative history and physical examinations for podiatric surgical patients. The Committee directed staff to gather additional information relative to this inquiry. The Committee will take up the inquiry in September when Dr. Donatelli is available to participate in the discussion. The Committee also invited Dr. Lakin to join the Committee to participate in this discussion if she is available.

The Committee received an update from Board staff regarding the following licensure activity in May and June 2020:

- Previous Committee Action Update
- Interstate Medical Licensure Compact Licenses Issued
- Letters of Qualification Issued
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Medical Licensure
- Reactivations of Medical Licensure
- Change in Status of Medical Licensure
- Emergency Practice Registrations

A copy of the reports reflecting the above licensure actions are attached to these minutes as Attachment 4 and are incorporated herein by reference.

The Committee received an update on 2020 renewal. Online renewal for physicians whose last names begin with the letters A through L began on Monday, May 11, 2020 and will continue through 4:30 pm on September 30, 2020. As of Friday, July 10, 2020, 2049 physicians have completed the online renewal process, twenty-two physicians have renewed their controlled substance dispensing practitioner registration and fifty-six professional limited liability companies have renewed their Certificate of Authorization. Educational permit renewal began on July 1, 2020.

The Committee recommended that the Board accept and ratify the report of the Licensure Committee. The motion of the Committee was given by Dr. Duncan, and the motion carried.

Dr. Sheth reported that the Complaint Committee has met three times since the Board's May 13, 2020 meeting. Dr. Sheth provided the following report of the three meetings:

June 5, 2020 Complaint Committee Meeting

Initiated Complaint

20-40-W

Consent Order

Dr. Sheth requested that the Board authorize the Complaint Committee to offer one Consent Order in an ongoing Complaint Committee matter. The motion of the Committee was given by Dr. Sheth, and the motion carried.

June 28, 2020 Complaint Committee Meeting

Closures

20-10-W	Behrooz Tohidi, MD
19-161-W	Cara Ann Wilson, PA-C

Consent Orders

Dr. Sheth requested that the Board authorize the Complaint Committee to offer three Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

July 12, 2020 Complaint Committee Meeting

Closures

20-21-W	Sarah Elizabeth Phillips, MD
20-28-S	Ram Pal Bhasin, MD
20-26-R	Adel Aiad Faltaous, MD
20-32-T	Kristina Jaurigue Lopez, MD
20-29-L	Tamim Qaum, MD
20-30-K	Carl Dean Shrader, Jr., MD

Initiated Complaints

20-46-W
20-47-W
20-48-W

Consent Orders

Dr. Sheth requested that the Board authorize the Complaint Committee to offer five Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Executed Consent Orders

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

David Jay Currence, MD: On May 28, 2020, Dr. Currence entered into a Consent Order that placed his license on a two-year period of probation. The terms and conditions of Dr. Currence's probation require him to complete additional CME in controlled substance prescribing and medical recordkeeping and develop and implement a cross-coverage plan to ensure continuity of care for his patients if he is absent from practice for a sustained period of time. During the probationary period, the Board will conduct annual chart reviews and random queries to evaluate his controlled substance prescribing.

Joshua Mordechai Muyderman, MD: This matter was previously reported to the Board at the May meeting as finalized on May 12, 2020. However, after the May meeting staff determined that there was a technical issue that required resolution, but which did not affect the discipline imposed. The Consent Order was ultimately entered on June 4, 2020. Dr.

Muyderman's Consent Order requires him to complete additional CME training entitled *PBI Elevating Civility and Communications in Health Care*.

All Consent Orders are available on the Board's website.

At this time, Ms. Frame left the meeting and was absent for the remainder of the meeting.

Dr. Sheth reported that the Complaint Committee recommends that the Board take summary action to suspend the medical license of Porfirio R. Pascasio, Sr., MD ("Dr. Pascasio"), License No. 10041. Dr. Sheth asked that Board members present to identify any conflicts with respect to this matter. No conflicts having been declared, Dr. Sheth reported that the Complaint Committee is currently investigating a complaint regarding Dr. Pascasio, Complaint No. 20-19-W, which alleges that Dr. Pascasio may be unable to practice medicine and surgery with reasonable skill and safety due to physical or mental impairment, including deterioration through the aging process and loss of motor skills, and raised associated concerns for patient safety. Dr. Pascasio appeared at the Committee's special meeting on June 28, 2020. Based upon his appearance and his responses to questions, the Complaint Committee has concerns for the mental and physical health and well-being of Dr. Pascasio and his ability to practice medicine and surgery safely to patients. Dr. Pascasio appeared to have difficulty hearing and comprehending the Committee's questions, exhibited some difficulty with memory/recall, and had difficulty describing his interaction with and examination of patients. These concerns were substantial enough that the Committee believes that Dr. Pascasio's continuation in practice is an immediate threat to public safety.

Dr. Sheth further reported that in circumstances where the Board "determines the evidence in its possession indicates that a physician's or podiatrist's continuation in practice or unrestricted practice constitutes an immediate danger to the public," the Board is empowered to take summary disciplinary action, on a temporary basis. Temporary

summary action may be taken without first holding a disciplinary hearing “if institution of proceedings for a hearing before the Board are initiated simultaneously with the temporary action and [the hearing] begin[s] within fifteen days of the [summary] action.” W. Va. Code § 30-3-14(k). Additionally, West Virginia Code § 30-3-14(f) authorizes the Board, under any circumstances, to require a physician to submit to a mental or physical examination by a physician or physicians approved by the Board.

Dr. Sheth advised the Board that the Complaint Committee concluded that the evidence in its possession supports a determination that Dr. Pascasio is unable to practice medicine and surgery with reasonable skill and safety due to physical or mental impairment. W. Va. Code § 30-3-14(c)(21). Based upon the evidence in the Committee’s possession, it recommended that the full Board: ratify the Complaint Committee’s conclusions as reported here today; determine that under all of the circumstances, for Dr. Pascasio to continue to hold an unrestricted license to practice medicine in the State of West Virginia, constitutes an immediate danger to the health, welfare, and safety of the public; conclude, as a matter of law, that such a danger to the public demands extraordinary measures; in accordance with its statutory mandate to protect the public interest, summarily suspend the license to practice medicine of Dr. Pascasio, license number 10041, in accordance with the provisions of W. Va. Code §30-3-14(k) and W. Va. Code R. §11-3-10.16 (2010); and order Dr. Pascasio to participate in a mental and physical examination to determine his current fitness to practice medicine and surgery with reasonable skill and safety.

Dr. Sheth notified that Board that under the governing statutory provisions, if the Board votes to summarily suspend Dr. Pascasio, it must determine an effective date of the suspension. A hearing before a minimum of nine eligible Board members and a hearing examiner, must be held within fifteen days of the suspension. The licensee must be given ten days’ notice of any hearing. Within five days of the conclusion of the hearing, the Board has to decide what action to take and must issue an order setting forth its final determination. Members of the Complaint Committee may not participate in the full hearing or the final vote.

Dr. Challa elected to take this matter up after the conclusion of the Complaint Committee report. This being the final item on the Complaint Committee agenda, Dr. Sheth moved that the Board accept and ratify the Committee's report. The motion from the Committee carried.

At this time, members of the Complaint Committee, Dr. Sheth, Dr. Lakin, Dr. Mullins and Dr. Steele left the meeting and were absent from the remainder of the meeting.

With a quorum of the Board remaining present, Dr. Challa returned the discussion to the matter of the Complaint Committee's recommendation regarding Dr. Pascasio. Dr. Faheem made a motion that the public session be recessed in order to enter into executive session to receive legal advice and to discuss a matter related to public safety and information that, if disclosed, would constitute an unwarranted invasion of privacy. A second was given by Dr. Rahim, and the motion carried.

**EXECUTIVE
SESSION**

After the executive session concluded, and the Board re-entered into public session. Dr. Rahim moved that the Board ratify and adopt the findings and conclusions presented by the Complaint Committee as reported hereinabove, including its determination that, under all of the circumstances, for Dr. Pascasio to continue to hold an unrestricted license to practice medicine in the State of West Virginia, constitutes an immediate danger to the health, welfare, and safety of the public; conclude, as a matter of law, that such a danger to the public demands extraordinary measures. Dr. Rahim further moved that the Board:

PUBLIC SESSION

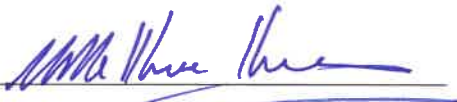

1. Summarily suspend the license of Porfirio R. Pascasio, Sr., MD License No. 10041, effective at 12:01 am on Wednesday, July 15, 2020;
2. Order Dr. Pascasio to submit to a complete mental and physical evaluation by a physician or physicians approved by the Board; and

3. Schedule and notice a hearing upon the underlying charges for 4:30 pm on Wednesday, July 29, 2020, within fifteen days of the entry of this Order.

Rev. Harmon seconded the motion, and the motion carried. Due to the COVID-19 State of Emergency, members will participate in the hearing via the videoconferencing platform GoToMeeting. The hearing will convene at the West Virginia Board of Medicine in its offices located at 101 Dee Drive, Charleston, West Virginia. Dr. Pascasio will be provided a secure location at the Board office from which to participate consistent with social distancing and other COVID-19 protocols.

There being no further business to consider, Dr. Faheem moved that the meeting adjourn. Dr. Rahim seconded, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

July 29, 2020

The West Virginia Board of Medicine met via GoToMeeting on Wednesday, July 29, 2020 at 4:30 pm.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
Harry E. Duncan, MD, Licensure Committee Chair
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Carrie A. Lakin, DPM
Jonathan P. Lilly, MD
David A. Mullins, MD
Mustafa Rahim, MD, Legislative Committee Chair
Thomas Wesley Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Russell O. Wooton

The following Board members were absent:

Angela A. Mayfield

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Sheree J. Thompson
Leslie A. Thornton, CMBI

Dr. Challa called the meeting to order and roll call was taken by Ms. Frame.

CALL TO
ORDER

Dr. Challa announced the recent appointment of Christopher J. Tipton, PA-C, who succeeds Kenneth Dean Wright, PA-C. The Board thanks Mr. Wright for his service and wishes him the best in his future endeavors. Dr. Challa congratulated Dr. Sheth on his reappointment to a second term on the Board. Additionally, Dr. Challa announced that Dr. Rahim has been appointed to serve as Chair of the Legislative Committee.

Ms. Takubo joined the meeting at this time.

Dr. Duncan reported that there are fourteen physician applicants for consideration of initial licensure at today's meeting. A list of the fourteen applicants is attached to these minutes as Attachment 1 and incorporated herein by reference. Dr. Duncan asked Board members to review the list of applicants and to advise of any conflicts. No conflicts were declared. Dr. Rahim moved that the Board approve each of the fourteen physician applicants for initial medical licensure. Dr. Faheem seconded, and the motion carried.

Dr. Duncan reported that there are three physician assistant licensure applicants for consideration of initial licensure at today's meeting. A list of the three applicants is attached to these minutes as Attachment 2 and incorporated herein by reference. Dr. Duncan asked Board members to review the list of applicants and to advise of any conflicts. No conflicts were declared. Reverend Harman moved that the Board approve the three physician assistant applicants for initial physician assistant licensure. Dr. Amjad seconded, and the motion carried.

Dr. Duncan reported that Mohammad Nabeel Alfarawati, MD has applied for initial medical licensure and has been unable to verify his medical school education at the University of Damascus in Syria. Dr. Alfarawati has provided letters from two classmates that are licensed in the United States in accordance with Board policy for instances when primary source verification has not been attainable for graduates of medical schools from countries experiencing civil unrest or that do not have diplomatic relations with the United States. One of the classmates has had action by the Michigan Board of Medicine and is not actively licensed, therefore Board staff sought additional verification information for the

Board's consideration in conjunction with this application. Accordingly, Dr. Alfarawati authorized the Alabama Board of Medical Examiners to release to the Board a copy of the medical school education verification information it received from the University of Damascus in 1993, when the Alabama Board licensed this applicant. Based upon the information provided by the applicant and the evidence of medical school verification forwarded to the Board by the Alabama Board of Medical Examiners. Dr. Sheth moved that the Board find Dr. Alfarawati's medical school education at University of Damascus in Syria as satisfactory verified and approve Dr. Alfarawati for medical licensure. Reverend Harman seconded, and the motion carried.

Mr. Spangler reported that at the July 13, 2020 meeting, the Board determined that Porfirio R. Pascasio, Sr., MD's continuation to hold an unrestricted license to practice medicine in the State of West Virginia constituted an immediate danger to the health, welfare, and safety of the public, and that such a danger to the public demanded extraordinary measures. At that time, the Board voted to:

1. Summarily suspend Dr. Pascasio's West Virginia medical license, license number 10041, effective at 12:01 am on Wednesday, July 15, 2020;
2. Order Dr. Pascasio to submit to a complete mental and physical evaluation by a physician or physicians approved by the Board; and
3. Schedule and notice a hearing upon the underlying charges for 4:30 pm on Wednesday, July 29, 2020.

Dr. Pascasio was personally served with the Board's *Order Summarily Suspending License to Practice Medicine and Surgery in West Virginia, Requiring Mental and Physical Examination of Licensee and Providing Notice of Hearing* on July 15, 2020. Dr. Pascasio agreed to permanently surrender his West Virginia medical license in lieu of proceeding to hearing. A Proposed Consent Order was signed by Dr. Pascasio and submitted to the Board for consideration. A copy of the Proposed Consent Order was made available for Board members to review prior to today's meeting. Pursuant to the Proposed Consent Order, Dr. Pascasio agrees to the permanent surrender of his West Virginia medical license with no opportunity to apply for licensure reinstatement in the future. Dr. Faheem moved that the

Board accept and approve the proposed Consent Order as presented. Dr. Duncan seconded, and the motion carried.

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Lakin seconded, and the motion carried.

Board Meeting Minutes

September 8, 2020

The West Virginia Board of Medicine met via teleconference on Tuesday, September 8, 2020 at 4:30 pm.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
Harry E. Duncan, MD, Licensure Committee Chair
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Carrie A. Lakin, DPM
Jonathan P. Lilly, MD
Angela A. Mayfield
David A. Mullins, MD
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Committee members were absent:

Mustafa Rahim, MD, Legislative Committee Chair

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Roll call was taken by Ms. Frame. With a quorum of members present, Dr. Challa called the meeting to order and welcomed newly appointed Board member, Christopher J. Tipton, PA-C to the Board.

**CALL TO
ORDER**

Mr. Spangler reported that on August 10, 2020, the Board entered an Amended Consent Order which effectuated the voluntary, permanent license surrender of Muhammed Samer Nasher-Alneam, MD, license number 21191, to fully and finally resolve Complaint Numbers 15-41-W, 16-33-W and 17-179-W. On or about January 8, 2018, the Board approved a previous Interim Consent Order that imposed interim restrictions upon Dr. Nasher-Alneam, to restrict him from treating chronic pain, prescribing opioid medications and limited his ability to prescribe benzodiazepine medications while the Board concluded its investigation into Complaint Number 17-179-W. At the time of the Interim Consent Order, a Complaint and Notice of Hearing was issued, and Dr. Nasher-Alneam's counsel successfully sought a continuance of the public hearing date. During the period of continuance, Dr. Nasher-Alneam was the defendant in collateral federal criminal proceedings that initially ended in a mistrial and subsequently resulted in his plea of guilty to one felony count of illegally prescribing methadone, a Schedule II Controlled Substance, to a patient without a legitimate medical purpose in violation of 21 U.S.C. § 841 (a)(1). As part of his plea agreement, Dr. Nasher-Alneam agreed to permanently surrender his West Virginia medical license and never seek reinstatement with the Board. With authority from the Board, the Amended Consent Order was first offered to Dr. Nasher-Alneam in November 2019. Due to his carceral status, delays in his sentencing hearing and the COVID-19 State of Emergency, the final Consent Order was not executed until July and August of this summer. While the Board approved the Interim Consent Order and generally authorized the presentation of the Amended Consent Order, the minutes do not clearly identify this delegation of authority by case name in the Board's meeting minutes. As a result, and out of an abundance of caution, Board Counsel recommended that the Amended Consent Order be presented to the Board for adoption and ratification to ensure a clear and complete record in this matter. Dr. Duncan moved that the Board adopt and ratify the Amended Consent Order that was entered on August 10, 2020, which effectuated the voluntary, permanent license surrender of Muhammed Samer Nasher-Alneam, MD. Mr. Wooton seconded, and the motion carried.

There being no further business to consider, the meeting adjourned by consensus. **ADJOURNMENT**

Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Carrie A. Lakin, DPM
Jonathan P. Lilly, MD
Angela A. Mayfield
David A. Mullins, MD
Mustafa Rahim, MD, Legislative Committee Chair
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Committee member was absent:

Thomas W. Steele, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa Cross
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI
Andrew R. Wessels

Dr. Challa called the meeting to order and roll call was taken by Ms. Frame.

**CALL TO
ORDER**

In order to minimize technical difficulties and interruptions during the meeting, Dr. Challa asked members to mute their microphone when they are not speaking.

ANNOUNCEMENTS

Dr. Challa welcomed former board members, Catherine C. Slemp, MD, MPH and Kenneth Dean Wright, PA-C to the meeting. In recognition of their outstanding dedication and service made to the Board of Medicine, Dr. Slemp and Mr. Wright were presented with a plaque commemorating their significant contributions. Mr. Spangler read the plaques aloud and reported that they will be provided to the former board members via FedEx. Following recognition, Dr. Slemp and Mr. Wright left the meeting.

Dr. Rahim joined the meeting at this time.

Dr. Duncan moved that the Board's July 13, 2020 meeting minutes be approved. Dr. Sheth seconded the motion, and the motion carried. Dr. Faheem moved that the Board's July 29, 2020 meeting minutes be approved. Dr. Sheth seconded the motion, and the motion carried. Dr. Lakin moved that the Board's September 8, 2020 meeting minutes be approved. Dr. Sheth seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked board and staff members for their continued efforts and adaptability during the COVID-19 State of Emergency.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler reported that during the COVID-19 State of Emergency, the process for obtaining a Board member's signature on minutes, policies, etc. has been modified. Due to the change in process, and the change in board membership, the following documents, which were previously approved, ratified and/or adopted in earlier meetings this year, remain unsigned as of today's meeting:

- March 8, 2020 Legislative Committee Meeting Minutes
- March 9, 2020 Board Meeting Minutes

- March 24, 2020 Board Meeting Minutes
- April 6, 2020 Board Meeting Minutes
- Board of Medicine Flex Hours Policy for FLSA Exempt Employees

Dr. Faheem moved that the Board authorize Dr. Rahim, as current Legislative Committee Chair, to sign the March 8, 2020 Legislative Committee Minutes. Dr. Faheem further moved that the Board authorize Dr. Amjad, as current Secretary of the Board, to sign the above-mentioned Board Meeting Minutes and Policy. Dr. Duncan seconded the motion, and the motion carried.

Dr. Challa reported that the Executive/Management Committee met via GoToMeeting on Sunday, September 13, 2020, at which time the Committee reviewed and approved the fiscal report and purchasing card transactions for July and August 2020.

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

Dr. Challa reported that board staff have received several calls from licensees inquiring whether the continuing medical education (CME) requirements for the 2021 renewal cycle will be modified due to the COVID-19 pandemic. Following discussion, and due to the broad availability of online CME courses, the Committee concluded that no changes are needed to the current CME requirements.

Dr. Challa reported that in May 2020, the Federation of State Medical Boards (FSMB) adopted the *Report and Recommendations of the FSMB Workgroup on Physician Sexual Misconduct*. The report provides medical boards with best practice recommendations for effectively addressing and preventing sexual misconduct by physicians. A Board of Medicine Workgroup, comprised of board and staff members, will be established to review the FSMBs findings and proposals, review current practices to identify areas where improvement are needed, and highlight current Board of Medicine practices that are working well.

Dr. Challa reported that the FSMB's Ethics and Professionalism Committee has authored a draft position statement entitled *Treatment of Self, Family Members and Close Relations*. The statement offers guidance on the circumstances under which it may be appropriate to provide treatment to oneself, one's family members or close personal relations. Prior to today's meeting, a copy of the draft position statement was made available for members to review. The FSMB is accepting comments on the draft position statement through October 2, 2020. The Committee recommended that the Board respond to the FSMB indicating that the Board believes that the draft policy is generally a strong and appropriate statement on the treatment of self, family and close relatives, but that the Board encourages the FSMB to incorporate language that provides greater clarity and direction regarding the prescribing of controlled substances. Ideally, such language would prohibit or strongly disfavor all prescribing of controlled substances to oneself and the prescribing of controlled substances to family and close relatives in all situations other than an emergency, with a three day limit on the emergency prescription of controlled substances to family and close relatives. Following robust discussion, Dr. Sheth moved that the Board decline the Committee's recommendation. Dr. Sheth further moved that the Board provide no comments to the FSMB regarding the draft position statement and await the final proposed language from the FSMB for further review and consideration. Dr. Donatelli seconded the motion, and the motion carried.

Dr. Challa reported that the Committee reviewed a statement that was released by the West Virginia Board of Pharmacy regarding the U.S. Department of Health and Human Services Declaration Under the Public Readiness and Emergency Preparedness Act which authorizes pharmacists and interns to order and administer certain vaccines during the COVID-19 pandemic. No action was taken with regard to this agenda item.

Dr. Challa reported that the Committee received an update regarding the following matters:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*
- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*

Dr. Challa reported that it has been the practice of the Board to require original signatures on all renewal applications which utilize a paper process. During this renewal cycle, controlled substance dispensing practitioner registration renewal applications and professional limited liability company renewal applications are paper applications. During the COVID-19 State of Emergency, board staff have received an increased number of renewal applications that are photocopies rather than original documents. Previously, this would result in the application being returned as incomplete. To assist licensees during the COVID-19 State of Emergency, the Board will accept original or photocopies of controlled substance dispensing practitioner registration and professional limited liability company renewal applications, if staff can verify the document through comparison to previously submitted documents or through other reliable means.

Dr. Challa reported that board staff continue to work with inLumon in developing the new database and website. Weekly meetings are being held; however, it is unlikely that inLumon will be able to meet the implementation deadline of October 2020.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Mr. Foster reported that there was a hearing held in September 2020 via virtual platform. This matter is currently in the post hearing process and will come before the Board for consideration at a future meeting.

Mr. Foster reported that there is currently a hearing scheduled to convene in October 2020 and a hearing scheduled to convene in January 2021.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there are currently two matters where the hearings have been continued by the respective hearing examiners, and which will be rescheduled for hearing in the future.

Ms. Takubo reported that the Physician Assistant Committee met via GoToMeeting on Saturday, September 12, 2020.

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following twenty-five applicants be approved for initial physician assistant licensure:

- Miranda Katelyn Arison, PA-C
- Misty Rachelle Arrington, PA-C
- Michelle Lee Batista-Olivieri, PA-C
- Bonnie Lynn Blackburn, PA-C
- Heather Lauren Chaderwick, PA-C
- Patrick Joseph Corbitt, PA-C
- Joshua Brian Ellis, PA-C
- Erica Marie Fitzsimmons, PA-C
- Alexandra Elise Franke, PA-C
- Iwona Anna Gasior, PA-C
- Brittany Jean Hamilton, PA-C
- Ashleigh Kenella Hayton, PA-C
- Marian Jeanette Keen, PA-C
- Stephanie Marie Kelley, PA-C
- Casey Nicole Lassiter, PA-C
- Mitchell Lunder Maser, PA-C
- Poupee Mol Pang, PA-C
- Paulina Agnieszka Paw, PA-C
- Emily Jo Puskarich, PA-C

Kyle Louis Pytlak, PA-C
 Ryan Scott Rafa, PA-C
 David Brandon Riley, PA-C
 James Malcom Slone, Jr., PA-C
 Kaitlyn Rene Smith, PA-C
 Amanda Nicole Thoburn, PA-C

The motion of the Committee was given by Ms. Takubo, and the motion carried.

The Committee approved the following procedures as advanced duties:

Greater occipital nerve block
Lesser occipital nerve block
EMG guided injection chemodenervation and neurolysis of the head, face, neck, mid back, low back, upper and lower limbs
Urodynamics
Installation of BCG
Urethral dilation
InterStim interrogation

The advanced duties identified above will be added to the Board’s Advanced Procedure List for all Practice Locations Except Hospitals and Ambulatory Surgical Facilities. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, these procedures will require the submission of ten procedure logs for approval.

Ms. Takubo reported that in July 2020, Board staff authorized sixteen practice agreements and sixteen practice notifications were activated. In August 2020, Board staff authorized twenty practice agreements and twenty-eight practice notifications were activated.

Ms. Takubo reported that since implementation of the Board’s emergency rule, 11 CSR 14, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of one hundred and one out-of-state physician assistants for emergency

practice. No retired West Virginia physician assistants have registered for emergency practice.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Duncan reported that the Licensure Committee met via GoToMeeting on Saturday, September 12, 2020.

LICENSURE
COMMITTEE
REPORT

Dr. Duncan reported that at its July 2020 meeting, the Committee tabled review of an inquiry from Weirton Medical Center concernnig the role of podiatric physicians in completing pre-operative history and physical examinations for podiatric surgical patients. As approved by the Board at the July 2020 meeting, Dr. Lakin joined the September 2020 Licensure Committee meeting for the purpose of this discussion. The Committee recommended that the Board respond to the requestor indicating that the Board is of the opinion that podiatric physicians may perform preoperative history and physicals for podiatric surgical patients in West Virginia if: (1) the podiatric physician has the appropriate training to perform pre-operative history and physicals; and (2) that the hospital where the procedure is performed allows podiatric physicians to be credentialed to perform pre-operative history and physicals for podiatric patients. The motion of the Committee was given by Dr. Duncan, and the motion carried.

Dr. Duncan reported that seven scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure application. Based thereupon, the Committee recommended that the following two applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Peter Gerard Deveaux, MD	Initial Medical Licensure	
Kyle Wilson Young, MD	Change of Status	Consent Order which

		imposes a \$5000 administrative fine for practicing medicine in West Virginia pursuant to an inactive status license.
--	--	---

The motion of the Committee was given by Dr. Duncan, and the motion carried.

The application for the following five applicants will be placed on hold pending receipt of additional information:

Name	Application Type
Edward James Kairis, MD	Initial Medical Licensure
Jennifer Scarpone, MD	Initial Medical Licensure
Catherine Renee Lewis, MD	Initial Medical Licensure
Abhishek Bhat, MD	Restricted License in Extraordinary Circumstances
Hemant Sarin, MD	Reinstatement

Dr. Duncan reported that the Committee reviewed and discussed sixteen physician licensure applications. Based thereupon, the Committee recommended that the following eight applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Robert Brentwood Bux, MD	Initial Medical Licensure	
Sheryl Dubois Galt, MD	Initial Medical Licensure	
Javeed Khan, MD	Initial Medical Licensure	
Skyler Bryce McCoy, MD	Initial Medical Licensure	
Kathleen Louis McDonald, MD	Initial Medical Licensure	
Rinit Harishkumar Pancholi, MD	Initial Medical Licensure	Pending payment of the PICF assessment fee
Hamed Vahedikafshgari, MD	Initial Medical Licensure	
Hillary Grace Whonder-Genus, MD	Initial Medical Licensure	

The motion of the Committee was given by Dr. Duncan, and the motion carried.

The application for the following two applicants will be placed on hold pending receipt of additional information:

Name	Application Type
Richard Jan Gajdowski, MD	Initial Medical Licensure
David Philip Richards, MD	Medical School Faculty Expansion

The following two applicants have submitted a request for withdrawal of their application:

Name	Application Type
Donald Eugene Berman, MD	Initial Medical Licensure
Nishant R. Dagli, MD	Initial Medical Licensure

The Committee recommended that the Board accept the two withdrawal requests. The motion of the Committee was given by Dr. Duncan, and the motion carried.

The Committee will request that the following four applicants appear before the Committee at a subsequent meeting:

Name	Application Type
Richard B. Kline, MD	Change of Status
Azedine Medhkour, MD	Initial Medical Licensure
David William Moen, MD	Initial Medical Licensure
Federico Gian Filippo Seifarth, MD	Medical School Faculty

Dr. Duncan reported that the Committee reviewed and considered an application which the Committee believes requires additional evaluation. Based upon the information available to the Committee at this time, the Committee requested authority from the Board to require the applicant to submit to a mental and physical examination by a physician or physicians approved by the Board. If authorized, the evaluation will occur in compliance with all of the terms of West Virginia Code § 30-3-14(f) and will be conducted at the

Board's expense. The motion of the Committee was given by Dr. Duncan, and the motion carried.

Dr. Duncan asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. The Committee recommended that the Board approve sixty-nine applicants for initial medical licensure. A list of the sixty-nine applicants is attached to these minutes as Attachment 1 and incorporated herein by reference. The motion of the Committee was given by Dr. Duncan, and the motion carried.

Dr. Duncan asked Board members to review the list of one podiatric physician applicant up for action and to advise of any conflicts.

Dr. Donatelli declared a conflict with regard to the applicant, William J. Weily, DPM, as the applicant has an offer of employment from Dr. Donatelli's podiatric medical practice. Dr. Donatelli left the meeting at this time.

The Committee recommended that the Board approve the one podiatric physician for initial licensure. The initial podiatric physician applicant list is attached to these minutes as Attachment 2 and incorporated herein by reference. The motion of the Committee was given by Dr. Duncan, and the motion carried.

Dr. Donatelli returned to the meeting at this time.

Dr. Duncan asked Board members to review the list of one volunteer medical licensure applicant up for action and to advise of any conflicts.

Dr. Duncan declared a conflict with regard to the volunteer medical licensure applicant, Daniel S. Foster, MD, due to Dr. Duncan having a longstanding personal friendship and business relationship with the applicant. Dr. Duncan appointed Dr. Challa

to deliver the Licensure Committee Report in his absence. Dr. Duncan left the meeting at this time.

Mr. Foster declared a conflict with regard to the volunteer medical licensure applicant, Daniel S. Foster, MD. Mr. Foster left the meeting room at this time.

The Committee recommended that the Board approve the one applicant for volunteer medical licensure. The volunteer medical licensure applicant list is attached to these minutes as Attachment 3 and incorporated herein by reference. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Duncan and Mr. Foster returned to the meeting at this time. Dr. Duncan resumed delivering the Licensure Committee Report.

Dr. Duncan reported that the Committee received an update from Board staff regarding the following licensure activity in July and August 2020:

Previous Committee Action Update
Interstate Medical Licensure Compact Licenses Issued
Letters of Qualification Issued
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Change in Status of Medical Licensure
Emergency Practice Registrations

A copy of the reports reflecting the above licensure actions are attached to these minutes as Attachment 4 and are incorporated herein by reference. Additionally, the Committee received an update regarding Interstate Medical Licensure Compact (IMLC) action to disqualify a physician from compact licensure due to an incorrect Letter of Qualification that was issued by the physician's state of principal licensure. The physician received a

compact license from multiple states, including West Virginia, based upon incorrect information verified by the state of principal licensure. The physician has been barred by the Interstate Medical Licensure Compact Commission from renewing licensure via the IMLC. Board staff anticipate the license issued by this Board to expire on September 30, 2020.

Dr. Duncan reported that renewal for physicians whose last names begin with the letters A through L, controlled substance dispensing practitioner registration for physicians whose last names begin with the letters A through L, and professional limited liability companies commenced on Monday, May 11, 2020 and will continue through 4:30 pm on September 30, 2020. Educational permit renewal will also conclude on September 30, 2020. Renewal activity as of Friday, September 11, 2020 is as follows:

License/Registration Type	Renewed
A-L Physicians (traditional renewal)	2862
A-L Physicians (via IMLC)	77
A-L Controlled Substance Dispensing Registrations	57
Educational Permits	377
PLLCs	95

The Committee recommended that the Board accept and ratify the report of the Licensure Committee. The motion of the Committee was given by Dr. Duncan, and the motion carried.

Dr. Sheth provided the report of the Complaint Committee which met on Sunday, September 13, 2020.

FINDINGS OF PROBABLE CAUSE TO SUBSTANTIATE CHARGES OF DISQUALIFICATION UNDER WV CODE §30-3-14

19-114-W Zouhair Mohamad Wadiah Kabbara, MD

CONSENT ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer nine Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Licensee Name	Consent Order Details
Arthur David Barnes, MD	On July 29, 2020, Dr. Barnes entered into a Consent Order that imposed a civil fine of \$2,000.00 and issued a public reprimand for his treatment of patients via telemedicine without first establishing a physician-patient relationship in accordance with the requirements of W. Va. Code § 30-3-13a(c).
Daniel Canchola, MD	On July 29, 2020, Dr. Canchola entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Canchola permanently ineligible for licensure by the West Virginia Board of Medicine.
Paul Duane Davis, MD	On July 29, 2020, Dr. Davis entered into a Consent Order that required him to successfully complete a CME course on controlled substance prescribing and

	issued a public reprimand for engaging in conduct in violation of W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. § 11-1A-12.1.x.
Robert Roy Harris, MD	On July 29, 2020, Dr. Harris entered into a Consent Order that issued a public reprimand for having action taken against his Missouri license and for the unprofessional conduct resulting in the Missouri action.
William James Hennessey, MD	On July 29, 2020, Dr. Hennessey entered into a Consent Order that issued a public reprimand for having action taken against his Pennsylvania license and for the unprofessional conduct resulting in the Pennsylvania action. The Consent Order also requires strict compliance with the terms of the Pennsylvania order.
Todd Mark Hoffman, MD	On July 29, 2020, Dr. Hoffman entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.
Ollie Joseph Jackson, III, MD	On July 29, 2020, Dr. Jackson entered into a Consent Order with the Board that placed his license on a probationary status for a period of thirty-five months, with specific terms and conditions, for the conduct which formed the basis of the disciplinary action imposed on Dr. Jackson by the Medical Board

	of California and for having action taken against his medical license by another state.
Mark Roncalli LoDico, MD	On July 29, 2020, Dr. LoDico entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.
Muhammed Samer Nasher-Alneam, MD	On August 10, 2020, Dr. Nasher-Alneam entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Nasher-Alneam permanently ineligible for licensure by the West Virginia Board of Medicine.
Porfirio Pascasio, Sr., MD	On July 29, 2020, Dr. Pascasio entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Pascasio permanently ineligible for licensure by the West Virginia Board of Medicine.
Emmanuel Olusola Soyoola, MD	On July 29, 2020, Dr. Soyoola entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Soyoola permanently ineligible for licensure by the West Virginia Board of Medicine.
Vishal Verma, MD	On July 29, 2020, Dr. Verma entered into a Consent

	<p>Order with the Board that issued a public reprimand for having action taken against his medical license by other states, in violation of W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. § 11-1A-12.1.g.</p>
--	---

All Consent Orders are available on the Board’s website.

Dr. Sheth reported that the next matter relates to Steven Robert Matulis, MD. Dr. Sheth asked Board members present to identify any conflicts with respect to Dr. Matulis.

Dr. Duncan declared a conflict as he served as a mentor for Dr. Matulis and Dr. Duncan and Dr. Matulis practiced together for many years. Dr. Duncan left the meeting at this time.

Dr. Sheth reported that the matter of *West Virginia Board of Medicine v. Steven Robert Matulis, MD* was scheduled for hearing in October 2020. Dr. Matulis has executed a Consent Order permanently surrendering his medical license. The Committee recommended that the Board accept the Consent Order executed by Dr. Matulis. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Duncan returned to the meeting at this time.

Dr. Sheth reported that the next matter relates to possible discipline of a licensee, Zouhair Mohamad Wadih Kabbara, MD, license number 26464. Dr. Sheth asked Board members present to identify any conflict with regard to this Dr. Kabbara.

Dr. Rahim declared a conflict with regard to Dr. Kabbara due to close practice relations. Dr. Rahim left the meeting and was not present for the remainder of the meeting.

Dr. Sheth reported that the Committee concluded that the evidence in its possession supports a determination that probable cause exists to institute formal disciplinary charges

of professional misconduct against Dr. Kabbara, and further that Dr. Kabbara's continuation in practice or the unrestricted practice of medicine in West Virginia constitutes an immediate danger to the public.

West Virginia Code § 30-3-14(k) provides that:

if the board determines the evidence in its possession indicates that a physician's continuation in practice or unrestricted practice constitutes an immediate danger to the public, the board may take any of the actions provided for in subsection (j) of this section on a temporary basis and without a hearing, if institution of procedures for a hearing before the board are initiated simultaneously with the temporary action and begin within fifteen days of the action. The board shall render its decision within five days of the conclusion of a hearing under this subsection.

Some additional background is appropriate in this case. The original complaint in this matter was initiated by the Complaint Committee at a special meeting on August 27, 2019 and involves serious allegations of sexual misconduct by the licensee. The initial complaint was based upon the allegations set forth in three civil lawsuits filed against the licensee. While the investigation was ongoing, the Complaint Committee received additional information which resulted in amendments to the Initiated Complaint in March 2020 and July 2020. These amendments relate to information regarding additional individuals who allege that Dr. Kabbara engaged in professional and sexual misconduct. The licensee, who advises the Board that he has been out of the country since at least last fall, appeared before the Complaint Committee virtually at its meeting yesterday. While Dr. Kabbara is currently in Lebanon, he has an active status West Virginia license and indicated his intent to return to the United States.

The Committee therefore determined, that under the circumstances of this case, based upon the evidence in its possession, to recommend that the full Board find that probable cause exists to institute formal disciplinary charges against Dr. Kabbara for the following violations of professional misconduct:

1. W. Va. Code § 30-3-14(c)(8) and W. Va. Code R. §11-1A-12.1.r, relating to exercising influence within a patient-physician relationship for the purpose of engaging a patient in sexual activity;
2. W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. §11-1A-12.1.e, relating to dishonorable, unethical, or unprofessional conduct of a character likely to deceive, defraud or harm the public or any member thereof;
3. W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. §11-1A-12.1.j, relating to unprofessional conduct including, but not limited to, any departure from, or failure to conform to, the standards of acceptable and prevailing medical practice, or the ethics of the profession, irrespective of whether or not a patient is injured thereby, and/or the commission of any act contrary to honesty, justice or good morals, whether the same is committed in the course of his practice or otherwise;
4. W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. § 11-1A-12.2.d, relating to conduct which is calculated to bring or has the effect of bringing the profession into disrepute, including, but not limited to, any departure from or failure to conform to the standards of acceptable and prevailing practice within the state, and any departure from or failure to conform to the current principles of medical ethics;
5. W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. § 11-1A-12.1.bb, relating to the violation of any law, rule or regulation of this State, any other state, the Board, the United States or any other lawful authority which relates to the practice of medicine;
6. W. Va. Code § 30-3-14(c)(17) and W. Va. Code R. § 11-1A-12.1.x, relating to engaging in malpractice or a failure to practice medicine with that level of care, skill and treatment which is recognized by a reasonable, prudent physician engaged in the same or similar specialty as being acceptable under similar conditions and circumstances;

Based upon the gravity of the allegations, the Committee further recommended that the Board summarily suspend Dr. Kabbara's West Virginia medical license on the grounds that Dr. Kabbara's continuation in practice or unrestricted practice in West Virginia constitutes an immediate danger to the health, welfare and safety of the public.

Prior to today's meeting, materials related to this matter was made available for members to review.

The Complaint Committee recommended that the Board:

1. Ratify the Complaint Committee's conclusions as reported here today;
2. Ratify the Complaint Committee's determination that probable cause exists to institute formal disciplinary charges of professional misconduct against Dr. Kabbara;
3. Determine that under all of the circumstances, for Dr. Kabbara to continue to hold an unrestricted license to practice medicine in the State of West Virginia constitutes an immediate danger to the health, welfare, and safety of the public;
4. Conclude, as a matter of law, that such a danger to the public demands extraordinary measures; and
5. In accordance with its statutory mandate to protect the public interest, SUMMARILY SUSPEND the license to practice medicine of Dr. Kabbara, license number 26464, in accordance with the provisions of W. Va. Code § 30-3-14(k) and W. Va. Code R. § 11-3-10.16 (2010).

Dr. Sheth reported that under the governing statutory provisions, if the Board votes to summarily suspend Dr. Kabbara, it must determine an effective date of the suspension. A hearing before a minimum of nine eligible Board members and a hearing examiner, must be held within fifteen days of the suspension. The licensee must be given ten days' notice of any hearing. Within five days of the conclusion of the hearing, the Board has to decide what action to take and must issue an order setting forth its final determination. Members of the Complaint Committee may not participate in the full hearing or the final vote.

At this time, as members of the Complaint Committee, Dr. Sheth, Dr. Lakin and Dr. Mullins left the meeting and were not present for the remainder of the meeting. Mr. Wessels and Ms. Cross also left the meeting at this time and were not present for the remainder of the meeting.

With a quorum of the Board present, Dr. Challa returned the discussion to the matter of the Complaint Committee's recommendation regarding Dr. Kabbara. Dr. Duncan made a motion that the public session be recessed in order to enter into executive session to receive legal advice and to discuss a matter related to public safety and information that, if disclosed, would constitute an unwarranted invasion of privacy. Mr. Wooton seconded the motion, and the motion carried.

EXECUTIVE
SESSION

After the executive session concluded and the Board re-entered into public session, Dr. Duncan moved that the Board ratify and adopt the findings and conclusions presented by the Complaint Committee as reported hereinabove, including its determination that, under all of the circumstances, for Dr. Kabbara to continue to hold an unrestricted license to practice medicine in the State of West Virginia, constitutes an immediate danger to the health, welfare, and safety of the public; and conclude, as a matter of law, that such a danger to the public demands extraordinary measures. Dr. Duncan further moved that the Board:

PUBLIC
SESSION

1. Summarily suspend the license of Zouhair Mohamad Wadih Kabbara, MD, license number 26464, effective upon entry of a Board Order; and
2. Schedule and notice a hearing upon the underlying charges in accordance with the statutory requirements.

Rev. Harmon seconded the motion, and the motion carried. Due to the COVID-19 State of Emergency, members will participate in the hearing via the videoconferencing platform GoToMeeting. The hearing will convene at the West Virginia Board of Medicine in its offices located at 101 Dee Drive, Charleston, West Virginia.

There being no further business to consider, the meeting adjourned by consensus.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

November 9, 2020

The West Virginia Board of Medicine met via GoToMeeting on Monday, November 9, 2020 at 9:00 am.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Carrie A. Lakin, DPM
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
David A. Mullins, MD
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI
Andrew R. Wessels

The following guests attended the meeting

Harry E. Duncan, MD
P. Bradley Hall, MD
Matthew Smith, MD

Dr. Challa called the meeting to order and roll call was taken by Ms. Frame. In order to minimize technical difficulties and interruptions during the meeting, Dr. Challa asked each member to mute his or her microphone when not speaking.

**CALL TO
ORDER AND
ANNOUNCEMENTS**

Dr. Challa welcomed former board member Harry E. Duncan, MD to the meeting. In recognition of his outstanding dedication and service made to the Board of Medicine, Dr. Duncan was presented with a plaque commemorating his significant contributions. Mr. Spangler read the plaque aloud and reported that it will be sent to Dr. Duncan via FedEx. Following recognition, Dr. Duncan left the meeting.

Dr. Challa welcomed P. Bradley Hall, MD to the meeting and congratulated Dr. Hall on being elected to serve as the 154th President of the West Virginia State Medical Association. The Board looks forward to continuing to work closely with Dr. Hall in his role at the West Virginia Medical Professionals Health Program and as president of the State Medical Association.

Dr. Sheth moved that the Board's September 14, 2020 meeting minutes be approved. Dr. Amjad seconded, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked board and staff members for their continued efforts, adaptability and dedication during the ongoing COVID-19 State of Emergency.

**EXECUTIVE
DIRECTOR
REPORT**

Dr. Challa reported that the Personnel Committee met via GoToMeeting on Sunday, November 8, 2020. The Committee reviewed the executive director's proposed salary adjustments and reclassification of three supervisory positions. The Committee recommended that the Board accept the executive director's recommendation for staff salary increases and reclassification of three supervisory positions from non-exempt status to exempt status. The Committee further moved that the increases and reclassification of

**PERSONNEL
COMMITTEE
REPORT**

positions be implemented at the discretion of the executive director. The motion of the Committee was given by Dr. Challa, and the motion carried.

The Committee recommended that the Board accept and ratify the Personnel Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that the Executive/Management Committee met via GoToMeeting on Sunday, November 8, 2020, at which time the Committee reviewed and approved the fiscal report and purchasing card transactions for September and October 2020.

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

The Committee recommended that the Board approve the following 2021 Board meeting dates:

January 11, 2021
March 8, 2021
May 17, 2021
July 12, 2021
September 13, 2021
November 8, 2021

The motion of the Committee was given by Dr. Challa, and the motion carried.

Prior to today's meeting, correspondence that was received from the Food and Drug Administration (FDA) was made available for members to review. Dr. Challa reported that the FDA has invited the Board to enter into a Long-Term Sharing Agreement to facilitate the exchange of non-public information regarding compounded drug products, human drug supply chain security information and related information (referred to as non-public compounding and drug supply chain security information). The Committee recommended

that the Board enter into the agreement with the FDA. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that the Committee reviewed and considered correspondence requesting that the Board grant an exception to current licensure requirements for physicians: (1) who graduated from American, Canadian and Puerto Rican medical schools; (2) who are American Board of Emergency Medicine certified; and (3) who completed emergency medicine training in a Royal College of Physicians and Surgeons of Canada accredited residency program and have not completed Accreditation Council of Graduate Medical Education accredited training. The Committee directed Board staff to respond to the requestor thanking them for their concern and indicating that such an exception would require a change to the statute and that the Board's Legislative Committee will further look into this matter.

Dr. Challa reported that in March 2020, the United States Medical Licensing Examination (USMLE) Step 2 clinical skills exam was suspended due to the COVID-19 pandemic. It is anticipated that the Step 2 clinical skills exam will remain suspended through late 2021. The USMLE Composite Committee has determined that medical school graduates with passing Step 1 and Step 2 content knowledge scores will be allowed to progress to taking the Step 3 exam with the following limitation: individuals must not have exceeded the attempt limit on Step 2 clinical skills and must have taken a USMLE step exam within the last 5 years. The Composite Committee also determined that individuals who take and pass Step 3 during the clinical skills exam suspension will not be redirected by the USMLE program to take Step 2 clinical skills exam when it is relaunched. The majority of states, including West Virginia, do not have a statute that explicitly requires the USMLE Step 2 clinical skills exam as a requirement for medical licensure. Therefore, the Federation of State Medical Boards recommends that state medical boards take no action to alter their current licensing requirements. Board staff will continue to monitor this situation. Additionally, effective July 2021, the number of examination attempts for each exam will be reduced from six to four. A fifth attempt will be allowed only if the

individual is sponsored by a medical board. No action was taken with regard to this agenda item.

Dr. Challa reported that the Committee reviewed and considered correspondence concerning Occupational Safety and Health Administration (OSHA) Respirator Medical Evaluation Questionnaires completed with respect to persons located in West Virginia at the time of evaluation. The Committee recommended that the Board authorize staff to respond to the requestor indicating that Federal OSHA regulations should be followed for respirator medical evaluations, and that exercising medical judgement with regard to the evaluations of individuals location in West Virginia requires appropriate West Virginia licensure. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that in May 2020, the Federation of State Medical Boards (FSMB) adopted the *Report and Recommendations of the FSMB Workgroup on Physician Sexual Misconduct*. A Board of Medicine Workgroup, comprised of board and staff members, was established to review the FSMB's findings and proposals, review the Board's current practices to identify areas where improvements are needed, and highlight the Board's current practices that are working well. The Workgroup met on October 30, 2020, at which time the group reviewed the FSMB Report and Recommendations and developed a process for moving forward. The Committee will keep the Board apprised of the Workgroup findings, recommendations, etc.

Dr. Challa reported that Senate Bill 851, requiring the Governor's Committee on Crime, Delinquency, and Correction to propose a legislative rule in coordination with law enforcement and certain medical boards, was passed during the 2020 legislative session. This Bill requires that on or before December 31, 2020, the Committee establish a program to coordinate with state, county, and local law enforcement, the Board of Medicine, the Board of Osteopathic Medicine, and the Board of Pharmacy to develop policies and protocols for law enforcement and medical professionals to create treatment referral programs for persons suffering from substance use disorder which:

- Allow for the surrender of illegal controlled substances or unlawfully possessed controlled substances to law enforcement or medical professionals for destruction; and
- Establish a confidential treatment referral program for persons presenting themselves as suffering from substance use disorder.

A person voluntarily seeking assistance through a program developed pursuant to this section shall:

- Not be placed under arrest;
- Not be prosecuted for the possession of any controlled substance or drug paraphernalia already ingested or surrendered; and
- Be promptly referred to a community-based mental health center, medical provider, or other entity in substance use treatment.

A Senate Bill 851 Workgroup, which consists of representatives from law enforcement and the boards identified above, has been developed and ongoing discussion and planning continues. It is anticipated that a pilot project will be established in Kanawha County for physicians and in Cabell County for pharmacists. Board staff will keep the Committee and the Board apprised of updates, recommendations, etc.

Dr. Challa reported that the Committee received an update regarding the following matters:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine.*
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*

Additionally, the Committee was advised that the West Virginia Attorney General's Office has instituted several state civil actions against drug companies regarding opioids in West Virginia. These matters have been consolidated for litigation purposes and are administered by the Mass Litigation Opioid Panel in Kanawha County. As an agency of the state who regulates physician practice, the Board will likely be required to participate in the discovery process for this case. The Attorney General's Office has appointed outside counsel in

relation to this matter to represent the interests of the state. Updates will be provided to the Committee and Board as these consolidated matters progresses.

Dr. Challa reported that the extended database contract with inLumon expired effective October 1, 2020. Board staff have continued to work with inLumon in developing the new database and website and recently some progress has been made. It is estimated that approximately fifty percent of the development has occurred, most of which has occurred over the last several months. Since the contract has expired, the Board will need to determine whether:

- a clear, mutually agreed upon, realistic timeline can be established and implemented, and if so, whether the Board should elect to pursue a second extended contract with the vendor; or
- to allow the extended contract to remain expired and put the database out for rebid.

The Committee recommended that the Board authorize the executive director to speak with both the West Virginia Purchasing Division and inLumon and delegate the discretion to the executive director to determine how to proceed. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that due to the COVID-19 pandemic, the Board Office remains closed to the public. Board staff continue to work modified work schedules. Protocols remain in place to ensure the safety of Board staff.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee met via GoToMeeting on Sunday, November 8, 2020. The Committee previously discussed the possibility of modifying the Board's continuing education rule to allow podiatric physicians to satisfy

their continuing education requirements by sitting for and passing a certification or recertification examination or participating in maintenance of certification style processes during the relevant period. Board staff are researching continuing education requirements in other states and gathering information in advance of drafting proposed modifications to the Board's continuing education rule, 11 CSR 6. The Committee will continue to keep the Board updated on the progress.

Dr. Rahim reported that Board staff are currently working on proposed modifications to procedural rule 11 CSR 3, *Board Organization and Meeting Procedure; Complaint and Contested Case Hearing Procedures*. Proposed modifications to the rule will be provided to the Committee for consideration at a future meeting.

Dr. Rahim reported that W. Va. Code R. §11-8-1, *Collaborative Pharmacy Practice*, is jointly promulgated by the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy and is located within the code of state rules in the Board of Medicine section. This rule pertains to a pharmacist's scope of practice pursuant to collaborative pharmacy practice and collaborative pharmacy practice agreements. Earlier this year, the Board of Pharmacy expressed an interest in modernizing and streamlining this rule, and they provided draft proposed revisions to W. Va. Code R. § 11-8-1 *et. seq.* to the Board for consideration. The Committee had concerns with regard to the proposed rule as drafted. At the direction of the Board, staff communicated to the Board of Pharmacy that the Board of Medicine does not support the proposed revisions to W. Va. Code R. § 11-8-1 *et. seq.* as drafted, but that the Board is committed to working in collaboration with the Boards involved to modernize the rule and have draft proposed legislation in place for introduction during the 2022 legislative session. Conversations are continuing, and the Board expects to receive additional information from the Board of Pharmacy in the future.

Dr. Rahim reported that it is likely that a bill will be introduced during the 2021 legislative session which will seek to amend the Physician Assistants Practice Act to further

modify collaborative practice requirements. Board staff will keep the Committee and Board apprised of any such bill if it is introduced during the upcoming session.

Dr. Rahim reported that the Committee is reviewing provisions of the Medical Practice Act for possible amendment during the upcoming session. The Committee directed Board staff to research medical board requirements in other jurisdictions with regard to the following matters, and to report back to the Committee at a future meeting:

- Physician Licensure Requirements
- Canadian Graduate Medical Education Training
- Medical School Faculty Licenses
- Administrative Medicine Licenses
- Retirement/Emeritus Status Licenses
- Business Registration Process and Corporate Name Approval for Medical Corporations and Professional Limited Liability Companies

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that there was a hearing held in October 2020 via virtual platform. This matter is currently in the post hearing process and will come before the Board for consideration at a future meeting.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there is currently a hearing scheduled to convene in January 2021 and a hearing scheduled to convene in June 2021.

Mr. Foster reported that there is one hearing which has been continued by the hearing examiner, and which will be rescheduled for hearing in the future.

Mr. Foster reported that Board staff are in process of drafting a Complaint and Notice of Hearing in one matter.

Mr. Foster reported that in 2017 Manuel Salumbides Valencia, MD was randomly selected to participate in the Board's Continuing Medical Education (CME) audit. Dr. Valencia failed to respond to the Board's audit and this matter was referred to the Complaint Committee for possible CME noncompliance. Dr. Valencia failed to respond to the initiated complaint and two subpoenas issued by the Board. A hearing in the matter of *West Virginia Board of Medicine v. Manuel Salumbides Valencia, MD*, was held via virtual platform on September 4, 2020. Dr. Valencia attended the hearing. At the conclusion of the hearing, Dr. Valencia requested that he be permitted to surrender his West Virginia medical license. Dr. Valencia has executed a Consent Order permanently surrendering his West Virginia medical license. Dr. Rahim moved that the Board accept the Consent Order executed by Dr. Valencia. Dr. Lakin seconded, and the motion carried.

In Ms. Takubo's absence, Dr. Lilly chaired the Physician Assistant Committee meeting on Saturday, November 7, 2020.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Dr. Lilly asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following nineteen applicants be approved for initial physician assistant licensure:

Mary Katherine Bowling, PA-C
Allyson Brooke Branham, PA-C
Taylor Morgan Chevalier, PA-C
Peter Michael Cioloca, PA-C
Brandon Lee Coburn, PA-C
Brianna Lynn Culp, PA-C
Kristi Erin Dalton, PA-C
Caitlin Elizabeth Estep, PA-C
Rachel Elaine Fulks, PA-C
Kaitlyn Marie Hoshor, PA-C

Mary Katherine Kerns, PA-C
Kyle Emil Lehosit, PA-C
Zane Timothy McGuire, PA-C
Scott Andrew Nesland, PA-C
Lauren Brianne Peyton, PA-C
Yuenan Sun Pitrolo, PA-C
Kari Dalnoky Rogers, PA-C
Taylor Mackenzie Summers, PA-C
Anna Elizabeth Warfield, PA-C

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee recommended that Nathaniel Lewis Rainey, PA-C be approved for initial physician assistant licensure pending receipt of an amended application (page three), which is currently missing a signature. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the application for Lisa Marie McCormack, PA-C will be placed on hold pending receipt of additional information.

Dr. Lilly reported that the Committee reviewed and discussed whether certain podiatric medical procedures constitute advance duties which are susceptible to delegation to physician assistants. The Committee elected to table this matter until the next Committee meeting and invite Dr. Lakin and Dr. Donatelli to join the Committee for this discussion if they are available to do so. Dr. Challa approved Drs. Lakin and Donatelli participating in the January 2021 PA Committee meeting for this purpose, and so designated their participation.

Dr. Lilly reported that the Committee reviewed and approved four practice agreements proposing the delegation of medication assisted treatment via the use of telemedicine technologies.

Dr. Lilly reported that in September and October, Board staff authorized/activated the following number of Practice Agreements and Practice Notifications:

Month	Practice Agreements Authorized	Practice Notifications Activated
September	19	22
October	19	18

Dr. Lilly reported that in September and October, Board staff processed the following Reactivation of Licensure Applications:

Name	License Number	Activation Date
Hiatt T. Wolfe, PA-C	1281	September 14, 2020
Jennifer Marie Duvall, PA-C	1217	October 16, 2020

Dr. Lilly reported that since implementation of the Board’s emergency rule, 11 CSR 14, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of one hundred and two out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Licensure Committee met via GoToMeeting on Saturday, November 7, 2020.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly reported that five scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure applications. Based thereupon, the Committee recommended that the following three applicants be approved for medical licensure:

Name	Application Type
Azedine Medhkour, MD	Initial Medical Licensure
David William Moen, MD	Initial Medical Licensure
Alice Maria Elfriede Seifarth, MD	Medical School Faculty Licensure authorizing practice at the medical center of West Virginia University School of Medicine in Morgantown, West Virginia

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The applications for the following two applicants are on hold pending receipt of additional information:

Name	Application Type
Richard B. Kline, MD	Reinstatement of Licensure
Federico Gian Filippo Seifarth, MD	Medical School Faculty Licensure

Dr. Lilly reported that the Committee reviewed and discussed twenty physician licensure applications. Based thereupon, the Committee recommended that the following six applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Patrick Cameron Dunster, MD	Initial Medical Licensure	None
Howard Krutzel Horne, MD	Initial Medical Licensure	None
Edward Joseph Silvio Picardi, MD	Initial Medical Licensure	Pending payment of the PICF assessment fee and contingent upon his agreement to a Consent Order which imposes a public reprimand for his federal felony convictions in South Dakota.
Steven Douglas Sagun, MD	Initial Medical Licensure	None
Crischelle Lynn Shank, MD	Reactivation of Licensure	Pending payment of the PICF assessment fee

Juman Tak Eddin, MD	Initial Medical Licensure	None
---------------------	---------------------------	------

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The following three applicants have submitted a request for withdrawal of their applications:

Name	Application Type
Abhishek Bhat, MD	Restricted License in Extraordinary Circumstance
Richard Jan Gajdowski, MD	Initial Medical Licensure
Jennifer Marie Scarpone, MD	Initial Medical Licensure

The Committee recommended that the Board accept the three withdrawal requests. The motion of the Committee was given by Dr. Lilly, and the motion carried.

The applications for the following four applicants are on hold pending receipt of additional information:

Name	Application Type
Renato Falui Dela Cruz, MD	Reactivation of Licensure
Edward James Kairis, MD	Initial Medical Licensure
Catherine Renee Lewis, MD	Initial Medical Licensure
Hemant Sarin, MD	Reinstatement of Licensure

The Committee decided to request that the following six applicants appear before the Committee at a subsequent meeting to discuss their applications:

Name	Application Type
Robert Joseph Albrecht, Jr., MD	Initial Medical Licensure
David Amad Arsanious, MD	Initial Medical Licensure
Lina Jacques, MD	Reactivation of Licensure
Fredrick Jarrett, MD	Initial Medical Licensure
Behram Ali Khan, MD	Reactivation of Licensure
Medhane Hago Mesgena, MD	Initial Medical Licensure

Dr. Lilly reported that the Committee recommends that the Board approve the practice location of medical school faculty licensee, David Phillip Richards, MD, license number 1101, to include the following locations, all of which comprise the designated medical center of his faculty appointment campus, West Virginia University School of Medicine, Eastern Division:

Jefferson Medical Center in Ranson West Virginia
Harpers Ferry Family Medicine in Bolivar West Virginia
University Healthcare Physicians Inc., Sports Medicine Center in Charles Town West Virginia
University Healthcare Physicians, Inc. in Shepherdstown West Virginia

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. The Committee recommended that the Board approve sixty applicants for initial medical licensure. A list of the sixty applicants is attached to these minutes as Attachment 1 and incorporated herein by reference. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in September and October 2020:

Previous Committee Action Update
Interstate Medical Licensure Compact Licenses Issued
Letters of Qualification Issued
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)

Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

A copy of the reports reflecting the above licensure actions are attached to these minutes as Attachment 2 and are incorporated herein by reference.

Dr. Lilly reported that online renewal for physicians whose last names begin with the letters A through L, controlled substance dispensing practitioner registration for physicians whose last names begin with the letters A through L, and professional limited liability companies commenced on Monday, May 11, 2020 and concluded at 4:30 pm on September 30, 2020. Educational permit renewal also concluded on September 30, 2020. Renewal activity as of close of business on September 30, 2020 is as follows:

License/Registration Type	Renewed	Expired
Physicians whose last names begin with the letter A through L	3560	758
Interstate Medical Licensure Compact Physicians whose last names begin with the letter A through L	115	50
Controlled Substance Dispensing Registrations for physicians whose last names begin with the letters A through L	126	95
Professional Limited Liability Companies	139	16
Educational Permits	413	103

The Committee recommended that the Board accept and ratify the report of the Licensure Committee. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Sheth provided the report of the Complaint Committee which met on Sunday, November 8, 2020.

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer five Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Frederick David Adams, MD	On September 4, 2020, the licensee entered into a Consent Order with the Board that suspends his license indefinitely. The Order provides terms and conditions Dr. Adams must meet to petition to lift the suspension in the future.
James Alan Akins, MD	On September 4, 2020, the licensee entered into a Consent Order with the Board that places his license on probation for two years to resolve concerns with Dr. Akins' treatment plans, medical documentation, controlled substance prescribing practices and compliance monitoring of patients. During his period of probation, Dr. Akins must complete additional CME and comport with the terms and conditions of his probation.
Teresita P. DeJosef, MD	On September 4, 2020, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of her West Virginia medical license. This Order also renders Dr. DeJosef permanently ineligible for licensure by the West Virginia Board of Medicine.
Arthur Philip Fine, MD	On September 4, 2020, the licensee entered into a Consent Order with the Board that issued a public reprimand for his improper prescribing to two patients without maintaining medical records and

	required the licensee to complete additional CME.
Steven Robert Matulis, MD	On September 16, 2020, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license in lieu of proceeding to public hearing to resolve allegations that he engaged in professional misconduct with regard to five female patients and regarding his felony conviction of one count of sexual abuse in the first degree. This Order also renders Dr. Matulis permanently ineligible for licensure by the West Virginia Board of Medicine.

All Consent Orders are available on the Board’s website.

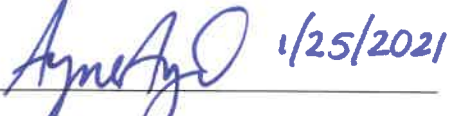

The Committee recommended that the Board accept and ratify the report of the Complaint Committee. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, the meeting adjourned by consensus.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

January 11, 2021

The West Virginia Board of Medicine met via GoToMeeting on Monday, January 11, 2021 at 9:00 am.

The following Board members attended the meeting:

Ashish P. Sheth, MD, Acting Chair, Vice President and Complaint Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Carrie A. Lakin, DPM
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board member did not attend the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management Committee and Personnel Committee Chair

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI
Andrew R. Wessels

The following guest attended the meeting:

P. Bradley Hall, MD

In the absence of Dr. Challa, Dr. Sheth called the meeting to order and roll call was taken by Ms. Frame. In order to minimize technical difficulties and interruptions during the meeting, Dr. Sheth asked each member to mute his or her microphone when not speaking.

**CALL TO
ORDER AND
ANNOUNCEMENTS**

Dr. Sheth announced that the deadline to file financial disclosures with the West Virginia Ethics Commission is February 1, 2021. Members should receive information directly from the Ethics Commission regarding this filing requirement.

Dr. Sheth welcomed newly appointed board member, Kiran R. Patel, MD, FACOG, to the meeting. Dr. Patel succeeds former Board member Harry E. Duncan, MD.

Dr. Lakin moved that the Board's November 9, 2020 meeting minutes be approved. Dr. Lilly seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked board and staff members for their continued efforts, adaptability and dedication during the ongoing COVID-19 State of Emergency. He reported that Board staff have not yet been offered the COVID-19 vaccination, and Board staff continue to follow the Board's COVID-19 office protocols.

**EXECUTIVE
DIRECTOR
REPORT**

In recognition of thirty years of loyal and dedicated service to the State of West Virginia, Mr. Spangler presented Ms. Thornton with a Certificate of Recognition and thanked her for her service. Several Board members echoed Mr. Spangler's remarks and noted the excellent work and dedication Ms. Thornton has provided, and continues to provide, to this Board.

Dr. Sheth reported that the Executive/Management Committee met via GoToMeeting on Sunday, January 10, 2021, at which time the Committee reviewed and approved the fiscal report and purchasing card transactions for November and December 2020.

Dr. Sheth reported that by utilizing the Look Up a Doctor or PA search feature that is available on the Board's website, individuals are able to view a licensee's self-reported specialty. There is a link displayed on each licensee's profile titled "Verify Specialty Certification". This link connects to the American Board of Medical Specialties (ABMS) website where ABMS member board certification can be verified. The Committee reviewed correspondence requesting that the Board include links to other certifying entities on our website. Board staff will research what certification information is available on other medical board websites and will report back to the Committee.

Dr. Sheth reported that in 2018 the State Advisory Coalition on Palliative Care was created to improve quality and delivery of patient centered and family focused palliative care in West Virginia. In collaboration with the West Virginia Bureau for Public Health, the Coalition on Palliative Care has developed educational materials to increase public and provider awareness regarding palliative care. The Coalition inquired whether the Board of Medicine would assist in distributing the information via newsletter, website, etc. The Committee approved partnering with the Coalition and the Bureau for Public Health to disseminate palliative care information, as appropriate, to Board of Medicine licensees.

Dr. Sheth reported that in April 2020, as a result of the COVID-19 State of Emergency, the West Virginia Medical Professionals Health Program (WVMPHP) modified some of its monitoring practices for program participants. For example, rather than attending required meetings in a face-to-face setting, participants are permitted to attend the meetings electronically. The WVMPHP has notified the Board that the modified practices remain in place and are proving to be successful. The Committee received and reviewed the WVMPHP Bi-Annual Statistical Summary and Educational Activities for 2020.

Dr. Sheth reported that the Board of Medicine's Physician Sexual Misconduct Workgroup met on January 6, 2021, at which time the Workgroup discussed potential education, training, and outreach ideas for staff, licensees and health care consumers as they relate to identifying, avoiding, evaluating and responding to allegations of physician sexual misconduct and/or related professional boundary violations. The Workgroup will continue to meet and will keep the Executive/Management Committee and the Board apprised of the Workgroups findings, recommendations, etc.

Dr. Sheth reported that in November 2020 Mr. Spangler reported that a Senate Bill 851 Workgroup, which consists of representatives from local law enforcement, the Board of Medicine, the Board of Osteopathic Medicine, and the Board of Pharmacy has been developed to:

- Allow for the surrender of illegal controlled substances or unlawfully possessed controlled substances to law enforcement or medical professionals for destruction; and
- Establish a confidential treatment referral program for persons presenting themselves as suffering from substance use disorder.

Since the November 2020 meeting, the Workgroup has met and developed a tentative name and a logo. Board staff will keep the Executive/Management Committee and the Board apprised of Senate Bill 851 Workgroup updates.

Dr. Sheth reported that the Committee received an update regarding the following matters in which the Board of Medicine is a party to the litigation:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*

Dr. Sheth reported that the Committee received an update regarding the following litigation matters in which the Board is not a party, but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*

- West Virginia Opioids Mass Litigation Panel

Dr. Sheth reported that in August 2021 the Board will undergo a Performance Evaluation and Research Division (PERD) audit by the Legislative Auditor's Office. This is a routine audit which occurs approximately every ten years. The audit will require substantial cooperation with PERD and the provision of numerous records for review.

Dr. Sheth reported that due to the COVID-19 pandemic, the Board Office continues to remain closed to the public. Board staff continue to work modified work schedules that incorporate both remote and office-based work days on staggered schedules. Protocols remain in place to ensure the safety of Board staff and the public.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee met yesterday, January 10, 2021, via GoToMeeting, at which time Mr. Spangler reminded members that W. Va. Code R. § 11-8-1, *Collaborative Pharmacy Practice*, is jointly promulgated by the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy and is located within the Board of Medicine code section. The Board of Pharmacy recently provided a copy of the collaborative pharmacy practice regulation in Virginia and Ohio to the Board of Medicine for review. Board staff will advise the Board of Pharmacy that the Committee has reviewed the documentation that they provided, and that the Board will review any additional information or documents that they would like to provide to the Committee.

LEGISLATIVE
COMMITTEE
REPORT

Dr. Rahim reported that Board staff continues to gather information regarding medical board requirements in other jurisdictions with regard to: (1) Canadian graduate medical education training; (2) medical school faculty licenses; (3) administrative medicine licenses; and (4) retirement/emeritus status licenses.

Dr. Rahim reported that the Board of Osteopathic Medicine has alerted the Board of Medicine that they will discuss a new type of licensure for “assistant physicians” at their upcoming board meeting. This new license type would permit physicians who have completed medical or osteopathic school to practice with a physician and obtain experience, theoretically until they are matched with a post-graduate training program. Board staff will contact the osteopathic board following their upcoming meeting to determine what action, if any, their board elected to take with regard to an assistant physician license. Additionally, Board staff will speak with the medical schools to assist in determining if there is an actual need to consider an assistant physician license in West Virginia. Board staff will report back to the Committee at a future meeting.

Dr. Rahim reported that the Board should anticipate bills to be introduced during the 2021 legislative session relating to telemedicine and relating to the licensure requirement for accredited post-graduate training.

Dr. Rahim reported that it is customary for the Board to delegate authority to the Legislative Committee to act on behalf of the Board as necessary to respond to legislative matters when the legislature is in session. This is the last Board meeting prior to the start of the 2021 session, and if the Board wishes to delegate this authority, now would be the appropriate time to do so. Ms. Mayfield moved that the Board delegate authority to the Legislative Committee to act on behalf of the Board as necessary to respond to legislative matters during the 2021 session. Dr. Steele seconded the motion, and the motion carried.

Dr. Rahim reported that on January 6, 2021, the Board was provided with a copy of draft proposed modifications to the Physician Assistants Practice Act which are supported by the West Virginia Physician Assistant Association. As this proposed legislation was received late last week, members have not had a lot of time to thoroughly review and consider the proposed modifications. Board staff will research physician assistant practice in other states and speak with the medical community and will report

back to the Committee at a future meeting, at which time the Committee will further consider the proposed bill.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that there was a hearing held in October 2020 via virtual platform. The Board is awaiting the Hearing Examiner's Findings of Fact, Conclusions of Law and Recommended Decision in this matter.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there was a hearing scheduled to convene on January 26, 2021. The hearing has been continued and has not yet been rescheduled.

Mr. Foster reported that there is a hearing scheduled to convene in June 2021.

Mr. Foster reported that Board staff are in the process of drafting a Complaint and Notice of Hearing in one matter.

Mr. Foster reported that there are two summary suspension hearings which are in a continued status at the request of the licensee.

Ms. Takubo reported that the Physician Assistant Committee met via GoToMeeting on Saturday, January 9, 2021.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo reported that the Committee reviewed a proposed practice agreement requesting that the following procedures be approved as advanced duties in a podiatric office setting, considered whether the procedures constitute advanced duties and made the following conclusions:

Procedure	Determination
Plantar fascia injections	Approved
Mid-foot/neuroma injections	Approved
Hindfoot injections	Approved
Phenol sclerosing injections	Not Approved
Wound debridement	Approved, but limited to superficial debridement of the dermis and epidermis.

The Committee directed Board staff to add the procedures it approved as advanced duties to the Board approved advanced procedure list. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, the approved procedures will require the submission of ten logs for approval.

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following eleven applicants be approved for initial physician assistant licensure:

Allison Nichole Albright, PA-C
Ana Leigh Brandt, PA-C
Amanda Elizabeth Dawson, PA-C
Killian Michael Ellis, PA-C
Zachary Steven Gunter, PA-C
Bradley Taylor Hatton, PA-C
Linda Hermann, PA-C
Kaley Anne Kuzma, PA-C
Brianna Renee Maxfield, PA-C
Sarah Marie McMillan, PA-C
Hannah Rebekah Prontiker, PA-C

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the application for Lisa Marie McCormack, PA-C will be placed on hold pending receipt of additional information.

Ms. Takubo reported that the Committee reviewed a proposed practice agreement, considered whether the following injection procedures constitute advanced duties and reached the following conclusions:

Procedure	Determination
Proximal biceps tendon sheath	Approved
Carpal tunnel	Approved
Pesanserinus bursa of the knee	Approved
Dequervein’s tendon sheath	Approved
Subacromial bursa of the shoulder	Approved
Trochanteric bursa of the hip	Approved

The Committee directed Board staff to add the procedures it approved as advanced duties to the Board approved advanced procedure list. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, the approved procedures will require the submission of ten logs for approval.

Ms. Takubo reported that the Committee reviewed a proposed practice agreement, considered whether the following procedures constitute advanced duties and reached the following conclusions:

Procedure	Determination
Radiofrequency skin tightening	Approved
Microneedling for skin resurfacing	Approved

The Committee directed Board staff to add the procedures it approved as advanced duties to the Board approved advanced procedure list. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, the approved procedures will require the submission of ten logs for approval.

Ms. Takubo reported that the Committee reviewed two proposed practice agreements, considered whether the following procedures constitute advanced duties and reached the following conclusions:

Procedure	Determination
Nipple/Areolar Tattooing	Approved
Tissue expanding filler/aspiration	Approved

The Committee directed Board staff to add the procedures it approved as advanced duties to the Board approved advanced procedure list. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, the approved procedures will require the submission of ten logs for approval.

Ms. Takubo reported that in November and December, Board staff authorized/activated the following number of practice agreements and practice notifications:

Month	Practice Agreements		Practice Notifications	
	Authorized		Activated	
	West Virginia Licensed	Emergency Registrant	West Virginia Licensed	Emergency Registrant
November	20	1	19	0
December	14	2	25	0

Ms. Takubo reported that in November and December, Board staff processed the following reactivation of licensure applications:

Name	License Number	Activation Date
Jill Babette Fowler, PA-C	773	December 28, 2020
Susan Holberger, PA-C	1703	December 11, 2020
Rachel Marie Taylor, PA-C	1577	November 4, 2020

Ms. Takubo reported that since implementation of the Board’s emergency rule, 11 CSR 14, *Registration to Practice During Declared State of Emergency*, Board staff have

registered a total of one hundred and six out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

Ms. Takubo reported that the 2021 renewal period for physician assistant licensure and controlled substance dispensing practitioner registration will begin on Wednesday, February 3, 2021 and will end on Wednesday, March 31, 2021. License renewal will be completed on-line. Physician assistants who currently hold controlled substance dispensing practitioner registration will be mailed a paper renewal application on February 1, 2021, which is to be completed and mailed to the Board office with the appropriate fee. Renewal information is available on the Board's website and a continuing education reminder has been sent to the 1182 currently licensed physician assistants.

Ms. Takubo reported that the Committee reviewed its current practice concerning Committee review of all practice agreements which propose the delegation of medication assisted treatment utilizing telemedicine technologies. Moving forward, Board staff are authorized to approve routing practice agreements which make this delegation.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee met via GoToMeeting on Saturday, January 9, 2021.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly reported that on December 14, 2020, Kyle Wilson Young, MD and the Board entered into a Consent Order which converted Dr. Young's West Virginia medical license, license number 25634, to active status and imposed an administrative fine for his practice of medicine and surgery in West Virginia pursuant to an inactive status license. A copy of the Consent Order is available on the Board's website.

Dr. Lilly reported that eight scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure applications. Based thereupon, the Committee recommended that the following four applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Behram Ali Khan, MD	Reactivation of Licensure	Pending payment of the PICF fee
Lina Jacques	Reactivation of Licensure	None
Fredrick Jarrett, MD	Initial Licensure	None
Hussein Jaffal, MD	Medical School Faculty Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The applications for the following four applicants are on hold pending receipt of additional information:

Name	Application Type
Medhane Hagos Mesgena, MD	Initial Licensure
Robert Joseph Albrecht, Jr., MD	Initial Licensure
David Emad Arsanious, MD	Initial Licensure
Praveen Jeyaseelan, MD	Extraordinary Circumstances Licensure

Dr. Lilly reported that the Committee reviewed and discussed seventeen physician licensure applications. Based thereupon, the Committee recommended that the following eleven applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Daren Richard Anderson, MD	Initial Licensure	Consent Order restricting practice to administrative medicine

Tobias Douglas Barker, MD	Initial Licensure	Consent Order restricting practice to administrative medicine
Wilmot Clyde Burch, Jr. MD	Initial Licensure	None
Louis Steven Felder, MD	Initial Licensure	None
Mark Henry Hofbauer, DPM	Initial Licensure	None
Walter Charles Kerschl, MD	Initial Licensure	Consent Order restricting practice to administrative medicine
Richard B. Kline, MD	Reinstatement of Licensure	Reinstatement of medical license via a Consent Order that imposes a \$5000 administrative fine for practicing medicine in West Virginia pursuant to an inactive status license.
Geoffrey Ryan Pearman, MD	Initial Licensure	None
Steven Ross Schopick, MD	Initial Licensure	None
Laura Susan Swingle, MD	Initial Licensure	Consent Order restricting practice to administrative medicine
Matthew Jason Zimmerman, MD	Initial Licensure	Pending payment of PICF fee

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee reviewed and discussed the reinstatement application for Hemant Sarin, MD. The Committee recommended that the Board determine that probable cause exists to deny Dr. Sarin's application for reinstatement of West Virginia medical licensure based upon his current inability to practice medicine and surgery or podiatry with reasonable skill and safety as set forth in W. Va. Code § 30-3-14(c)(21). The motion of the Committee was given by Dr. Lilly, and the motion carried with no opposition. Dr. Sarin will be provided with written notice of the Board's probable cause finding and will be given an opportunity to request a hearing upon his reinstatement application.

The applications for the following three applicants are on hold pending receipt of additional information:

Name	Application Type
Edward James Kairis, MD	Initial Licensure
Catherine Renee Lewis, MD	Initial Licensure
Federico Gian Filippo Seifarth, MD	Medical School Faculty Licensure

The Committee decided to request that the following three applicants appear before the Committee at a subsequent meeting to discuss their applications:

Name	Application Type
Susan Lovejoy Alberto, MD	Reactivation of Licensure
Renato Falgui Dela Cruz, MD	Reactivation of Licensure
Jai Parkash Udassi, MD	Initial Licensure

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. The Committee recommended that the Board approve fifty-six applicants for initial medical licensure. A list of the fifty-six applicants is attached to these minutes as Attachment 1 and incorporated herein by reference. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in November and December 2020:

Previous Committee Action Update
Interstate Medical Licensure Compact Licenses Issued
Letters of Qualification Issued
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)

Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

A copy of the reports reflecting the above licensure actions are attached to these minutes as Attachment 2 and are incorporated herein by reference.

The Committee recommended that the Board accept and ratify the report of the Licensure Committee. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Sheth provided the report of the Complaint Committee which met on Sunday, January 10, 2021.

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer seventeen Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Vincent Anthony Lombardi, MD	On December 2, 2020, Dr. Lombardi entered into a Consent Order with the Board that issued a public reprimand for having action taken against his Indiana medical license by the Medical Licensing Board of Indiana, and for the conduct that formed the basis of the Indiana Order. This Order is in the process of amendment to correct a technical error, which does not affect the discipline imposed or the basis therefore.
Kang Lu, MD	On December 2, 2020, Dr. Lu entered into a Consent

	<p>Order with the Board that suspended his West Virginia medical license for a minimum of two years based upon the conduct that formed the basis of the discipline imposed on his Massachusetts’s medical license by the Massachusetts Board of Registration in Medicine and his failure to disclose criminal charges on his 2016 West Virginia renewal application. Dr. Lu may petition the Board to lift the suspension after two years if he can provide clear and convincing evidence of his fitness to practice medicine and surgery</p>
<p>Brenna Leigh Steinberg, DPM</p>	<p>On December 2, 2020, Dr. Steinberg entered into a Consent Order that placed her inactive status license on a six-month period of probation, with terms and conditions, based upon having action taken against her Maryland podiatric license, and for the conduct that formed the basis of the discipline imposed by the Maryland Board of Podiatric Medical Examiners.</p>
<p>Yenisey Yanes, DPM</p>	<p>On December 2, 2020, Dr. Yanes entered into a Consent Order that placed her license on a six-month period of probation, with terms and conditions, based upon having action taken against her Maryland podiatric license, and for the conduct that formed the basis of the discipline imposed by the Maryland Board of Podiatric Medical Examiners.</p>

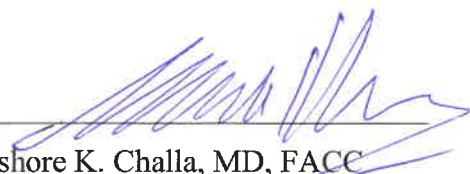

All Consent Orders are available on the Board’s website.

Prior to today's meeting a copy of a proposed Order Terminating Consent Order regarding Robert Andrew Dale, DPM, was made available for members to review. Dr. Sheth reported that on August 30, 2018, the Board and Robert Andrew Dale, DPM, license number 10395, entered into a Consent Order which imposed certain terms, conditions and restrictions upon Dr. Dale's practice of podiatric medicine and surgery in the state of West Virginia. Beginning in August 2016 Dr. Dale experienced a medical condition that affected his vision, and he self-limited his practice accordingly. The Consent Order formalized limitations on his practice, specifically prohibiting Dr. Dale from performing any podiatric medical procedures involving suturing. Dr. Dale has submitted evidence satisfactory to the Committee which supports lifting this restriction. The Committee recommended that the Board enter an Order terminating Dr. Dale's Consent Order. The motion of the Committee was given by Dr. Sheth, and the motion carried.

The Committee recommended that the Board accept and ratify the report of the Complaint Committee. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, Dr. Faheem moved that the meeting adjourn. Dr. Lakin seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

February 9, 2021

The West Virginia Board of Medicine met via GoToMeeting on Tuesday, February 9, 2021 at 4:30 pm.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Carrie A. Lakin, DPM
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
Kiran R. Patel, MD,
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board member did not attend the meeting:

David A. Mullins, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

The following representative from the West Virginia Attorney General's Office attended the meeting:

Kelli Talbott, Deputy Attorney General

Dr. Challa called the meeting to order and attendance was documented by Ms. Frame. Dr. Challa introduced and welcomed Ms. Talbott.

**CALL TO
ORDER**

Dr. Lilly reported that the Licensure Committee met via GoToMeeting on February 4, 2021.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. The Committee recommended that the Board approve six applicants for initial medical licensure. A list of the six applicants is attached to these minutes as Attachment 1 and incorporated herein by reference. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee reviewed and discussed two physician licensure applications. Based thereupon, the Committee recommended that the following applicant be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Jai Parkash Udassi, MD	Initial Medical Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the following application is on hold pending receipt of additional information:

Name	Application Type
Federico Gian Filippo Seifarth, MD	Medical School Faculty Licensure

The Committee recommended that the Board accept and ratify the report of the Licensure Committee. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Challa announced that the next agenda item relates to consideration of the Hearing Examiner's Findings of Fact, Conclusions of Law and Recommended Decision in the matter of *West Virginia Board of Medicine, Petitioner, v. Precilla Tecson Famularcano, MD, Complaint Nos. 18-22-W, 18-38-S, 18-68-T and 18-76-B*. He asked that all board members who need to declare a conflict with regard to this matter do so at this time.

The following board members declared a conflict due to their participation on the Board's Complaint Committee during the investigation of the underlying administrative complaints:

Kishore K. Challa, MD, FACC
Ashish P. Sheth, MD
Carrie A. Lakin, DPM
Thomas W. Steele, MD

Dr. Challa designated Dr. Faheem to chair the meeting in his absence. All members who declared a conflict (identified above) left the meeting at this time and were not present for the remainder of the meeting. Additionally, the following staff members left the meeting at this time and were not present for the remainder of the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.

Attendance was documented by Ms. Frame. The following board members were present at this time:

Quartel-Ayne Amjad, MD, MPH
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Jonathan P. Lilly, MD
Angela A. Mayfield
Kiran R. Patel, MD
Mustafa Rahim, MD
Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton

With a quorum of the Board present and participating, Ms. Talbott advised the Board in the matter of *West Virginia Board of Medicine, Petitioner, v. Precilla Tecson Famularcano, MD, Complaint Nos. 18-22-W, 18-38-S, 18-68-T and 18-76-B*. Ms. Talbott gave the procedural history of the case and reported on the Hearing Examiner's Recommended Findings of Fact, Conclusions of Law and Recommended Decision.

Dr. Rahim moved that the Board enter into executive session to receive legal advise with regard to this matter. Dr. Donatelli seconded, and the motion carried. The Board entered into executive session.

**EXECUTIVE
SESSION**

The executive session concluded, and the Board reentered public session. Dr. Rahim moved that the Board accept and adopt the Hearing Examiner's Findings of Fact, Conclusions of Law and Recommended Decision in its entirety, which includes:

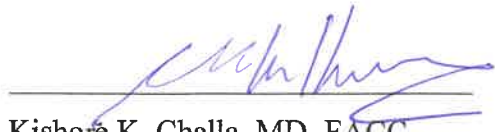

**PUBLIC
SESSION**

1. Ordering that Dr. Precilla Tecson Famularcano's license to practice be revoked for her lifetime, as permitted by West Virginia Code §30-3-14(j)(4);
2. Finding and concluding that although Dr. Famularcano allowed her license to expire on September 30, 2020, it is subject to revocation by the Board;
3. Ordering that Dr. Famularcano be publicly reprimanded for her dishonorable, unprofessional and unethical conduct in abandoning her psychiatric patients and cancelling their scheduled prescriptions; and
4. Ordering that Dr. Famularcano pay the costs and expenses of the proceeding as permitted to be imposed against her pursuant to 11 CSR 1A §12.3.g., including but not limited to, costs associated with the services provided by the hearing examiner, the court reporter and all other costs of the investigation and prosecution of this matter, excluding attorney's fees. The costs and expenses imposed against Dr. Famularcano are to be paid to the Board within thirty days of issuance of an invoice.

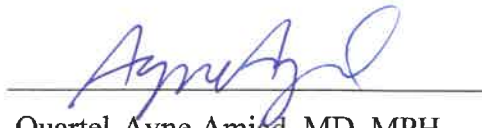

Reverend Harmon seconded, and the motion carried.

There being no further business to consider, the meeting adjourned by consensus.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

March 8, 2021

The West Virginia Board of Medicine met via GoToMeeting on Monday, March 8, 2021 at 9:00 am.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management
Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Acting Chair, Vice President and Complaint
Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Carrie A. Lakin, DPM
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI
Andrew R. Wessels

The following guest attended the meeting:

P. Bradley Hall, MD

Dr. Challa called the meeting to order and roll call was taken by Ms. Frame. In order to minimize technical difficulties and interruptions during the meeting, Dr. Challa asked members to mute his or her microphone when not speaking.

**CALL TO
ORDER AND
ANNOUNCEMENTS**

Dr. Challa announced that the Federation of State Medical Boards annual meeting will be held virtually this year on April 29-30, 2021. The agenda and registration information will be available in the coming weeks and will be provided to members once it is received. Any member that is interested in attending the meeting should email Mr. Spangler or Ms. Frame.

Dr. Rahim moved that the Board's January 11, 2021 meeting minutes be approved. Dr. Lakin seconded the motion, and the motion carried. Dr. Rahim moved that the Board's February 9, 2021 meeting minutes be approved. Dr. Lakin seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked board and staff members for their continued efforts, adaptability and dedication during the ongoing COVID-19 State of Emergency. He reported that he looks forward resuming in-person meetings as soon as it is safe to do so.

**EXECUTIVE
DIRECTOR
REPORT**

Dr. Faheem and Dr. Mullins joined the meeting at this time.

Mr. Spangler reported that the Board's Ad Hoc Committee on Joint Regulatory Concerns and Opportunities met with West Virginia Board of Osteopathic Medicine members and staff on February 18, 2021 to discuss legislative matters of joint concern to the Boards.

Dr. Challa reported that the Executive/Management Committee met via GoToMeeting on Sunday, March 7, 2021, at which time the Committee reviewed and approved the fiscal report and purchasing card transactions for January and February 2021. The Board continues to remain in a good financial position.

Dr. Challa reported that in response to correspondence received regarding the Board's online licensee search feature, in January the Committee asked staff to research the practice of other medical board with respect to publishing board certification or links to websites where certification can be verified. As a result, the Committee has authorized a change to the Board's website which will remove the link to the American Board of Medical Specialties website from search feature results. The link will remain generally available on the website, it will just not appear on individual search results. This change will need to be implemented by the website vendor.

Dr. Challa reported that the Committee reviewed and considered an inquiry regarding medical corporations and whether an out-of-state hospital qualifies for the exception set forth in W. Va. Code § 30-3-15. The request also sought further information about exceptions to medical corporation authorization for non-profit organizations. In reviewing the request, it became apparent that the medical corporation at question has operated in West Virginia since 1975 and does not have a certificate of authorization from the Board. The Committee directed staff to communicate with the corporation concerning its unregistered status and to respond to the requestor that under the facts as presented, the out-of-state hospital does not meet the hospital exception to registration and that the corporation is not exempted from the registration requirement as a nonprofit entity.

Dr. Challa reported that the Committee reviewed correspondence from an anonymous patient concerning his or her experience at an independent provider practice affiliated with a Beckley, West Virginia hospital. The patient was referred to the clinic for heart issues and was under the assumption that he/she would be seen by a cardiologist. The patient was seen by a nurse practitioner at the clinic, and has concerns regarding the

presence, or lack thereof, of a physician in this clinic. As the patient is anonymous, the Board is unable to further evaluate this concern. The Committee directed Board staff to forward a copy of the correspondence to the Chief Executive Officer of the West Virginia hospital and to the Director of the West Virginia Board of Examiners for Registered Professional Nurses.

Dr. Challa reported that the Committee reviewed correspondence alerting the Board of a new trend regarding children buying and using hyaluron pens to inject hyaluronic acid filler into the epidermal and upper dermal layers of the skin. Board staff will maintain the correspondence and will monitor for notifications of misuse of hyaluron pens.

Dr. Challa reported that due to the COVID-19 pandemic, the Board Office remains closed to the public. Board staff continue to work modified schedules that incorporate both remote and office-based workdays on staggered schedules. In March 2020, the Board approved a policy entitled *Working at Home During State of Emergency*. As the COVID-19 pandemic is ongoing, the policy continues to remain in effect. The Committee approved one minor technical change to the policy to clarify that Board staff will work remotely when they are scheduled to do so.

Dr. Challa reported that the Committee received an update regarding the following matters in which the Board of Medicine is a party to the litigation:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*

Dr. Challa reported that the Committee received an update regarding the following litigation matters in which the Board is not a party, but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*
- West Virginia Opioids Mass Litigation Panel

Dr. Challa reported that the Board has received a document purporting to be a pre-suit notice pursuant to W. Va. Code § 55-17-3, which requires notice prior to filing a complaint against any state entity. While it is unclear whether the Board of Medicine is intended to be named in the notice, Board staff will provide a copy of the Notice to the Board of Risk Insurance Management.

Dr. Challa reported that the Board has secured an agreement with the current database vendor, Big Picture, which will remain in place through June 2021. It is likely that the Board will need to enter into an additional one-year extension agreement with Big Picture. Board staff continue to work with the Purchasing Division to determine how to proceed with inLumon, who was previously awarded the contract for implementation of a new Board of Medicine database and website.

Dr. Challa reported that the Committee received an update regarding physician assistant renewal. A renewal update will be provided to the Board later this morning as part of the Physician Assistant Committee Report.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee held two interim meetings in February to discuss bills that have introduced. Additionally, the Committee met yesterday morning at which time the Committee established the following four interim Committee meeting dates:

- March 16, 2021 at 4:30 pm
- March 23, 2021 at 4:30 pm
- March 30, 2021 at 4:30 pm
- April 6, 2021 at 4:30 pm

Dr. Rahim reported that the Board has one legislative rule which is scheduled to sunset in 2022 if not amended or renewed this year. The Board's legislative rule entitled *Dispensing of Prescription Drugs by Practitioners* has a sunset date of July 5, 2022. The Board must review the rule and determine whether to:

- a. Maintain the rule as is, with no modifications, and file a sunset extension request and an agency approved rule with the West Virginia Secretary of State;
- b. Modify the rule, which would require the rule to follow the regular rule-making process; or
- c. Allow the rule to expire.

Board staff will reach out the West Virginia Secretary of State's Office to obtain clarification regarding the sunset provision filing requirements.

Dr. Rahim reported that the Board's legislative rule, *Registration to Practice During Declared State of Emergency*, has been bundled into Senate Bill 182, authorizing miscellaneous agencies and boards to promulgate legislative rules. This bill has passed the Senate and is awaiting consideration by House Government Organization Committee. An emergency rule, which mirrors the rule that is being promulgated, is currently in effect.

Dr. Rahim reported that there have been several telemedicine bills introduced this session. The Committee continues to oppose changes that would permit the establishment of a physician-patient relationship through audio-only communications. House Bill 2024, which was introduced at the request of the Governor, has had several iterations. Concepts included in various versions of this bill are wide-ranging and relate to permitting the establishment of the provider-patient relation via audio-only technology, creating telemedicine registrations for out of state providers and other important issues. Last night, March 7, 2021, Board leadership voiced their concerns regarding the proposed telemedicine legislation to legislative leadership. Board staff will continue to monitor the telemedicine legislation closely and will keep the Committee and Board apprised.

Dr. Rahim reported that Senate Bill 372 modifies W.Va. Code § 30-3-10 to provide a pathway to licensure for applicants who have completed fellowship training in programs for which accreditation is not available but which meet other appropriate standards. The bill was amended to include provisions of House Bill 2703, which provide that “a temporary license issued by the Board authorizes the holder to practice medicine and surgery or podiatry in West Virginia for the term of the temporary license, and includes full prescriptive authority.” The Drug Enforcement Agency (DEA) does not permit temporary license holders to apply for a DEA registration, therefore, currently physicians who hold temporary licensure cannot register with the DEA until they are granted a full active status license. The amended language is intended to permit physicians who hold a temporary license to successfully register with the DEA.

Dr. Rahim reported that the Board of Medicine and the Board of Osteopathic Medicine are currently excluded from the provisions of House Bill 2007, which relates to reciprocal licensure.

Dr. Rahim reported that the Committee received an update on several fiscal/fee related bills and board organization/structure bills that have been introduced. No action was taken with regard to these bills.

Dr. Rahim reported that House Bill 2265 would amend the Pharmacy Practice Act to change the rulemaking authority for collaborative pharmacy practice to remove the Board’s joint authority with the Board of Pharmacy and Osteopathic Medicine for rulemaking. Instead, the Boards role would be limited to advising on the rule. The Committee determined that it is critically important for this Board to continue to have joint approval authority for this rulemaking and directed staff to continue to seek modifications to the bill that would protect the Board’s decisional authority.

Dr. Rahim reported that numerous immunization/vaccination bills have been introduced. The Committee is not in favor of weakening immunization/vaccination

requirements. Board staff will continue to monitor the immunization/vaccination bills and will keep the Committee and Board apprised.

Dr. Rahim reported that House Bill 2674 eliminates physician supervision of certified registered nurse anesthetist administration of anesthetics and replaces it with a requirement that the certified registered nurse anesthetist cooperate with physicians and dentists. The bill is similar to a bill that was introduced during the 2020 legislative session. The bill is on first reading in the House today, March 8, 2021. Board staff will continue to monitor this bill.

Dr. Rahim reported that House Bill 2707 relates to the prescriptive authority for Advanced Practice Registered Nurses (APRNs). This bill reduces the number of years that are required for an APRN to work collaboratively with a physician to gain independent prescriptive authority from 3 years to 1 year. It also allows for that collaboration to be with another APRN who has prescriptive authority rather than with a physician. This bill has not yet been placed on an agenda.

Dr. Rahim reported that if any Board member has questions regarding any bill that has been introduced, Board staff are happy to answer any questions at this time.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that there is a hearing scheduled to convene in June 2021.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there was a hearing scheduled to convene on January 26, 2021; however, the hearing was continued at the request of the licensee and will be rescheduled.

Mr. Foster reported that there are two summary suspension hearings which are in a continued status at the request of the respective licensees.

Mr. Foster reported that there was a licensure hearing scheduled to convene on March 24, 2021; however, the former licensee submitted a request to withdrawal his request for a hearing. The former licensee has been given an additional thirty days to further consider his request.

Mr. Foster reported that Board staff are in the process of drafting a Complaint and Notice of Hearing in two matters.

Ms. Takubo reported that the Physician Assistant Committee met via GoToMeeting on Saturday, March 6, 2021.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following fourteen applicants be approved for initial physician assistant licensure:

Courtney Marie Campos, PA-C
Danielle Marie D'Angelo, PA-C
Rachel Catherine Ellenbogen, PA-C
Kathleen Richel Gibbons, PA-C
Nathan Thomas Glass, PA-C
Leslie Nicole Heggen, PA-C
Sarah Taylor Lincoln, PA-C
Audrey Lynn McMurray, PA-C
Tiffany Kathleen Mitchell, PA-C
Steve Nunes, PA-C
Stephanie Lynn Randolph, PA-C

Victoria Lucille Sellaro, PA-C
Sania Khawar Ullah, PA-C
Kimberly Joy Waks, PA-C

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee decided to request that Lindsey Nicole Mills, PA-C appear before the Committee at a subsequent meeting to discuss her application.

Ms. Takubo reported that the Committee will maintain the application for Lisa Marie McCormack, PA-C on hold pending receipt of additional information.

Ms. Takubo reported that in May 2019 Farrah Syed Zahir, MD entered into a Consent Order with the Board which required her to practice under direct collaboration for a minimum of 1000 work hours during her entry into physician assistant practice. As required by her Consent Order, Ms. Zahir appeared before the Committee on March 6, 2021 and submitted the required collaborating physician reports and work logs. Ms. Zahir requested that the Board lift the direct collaboration requirement, and her request is supported by her collaborating physician. The Committee recommended that the Board issue an Order terminating Ms. Zahir’s Consent Order and lift the direct collaboration requirement. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee reviewed a proposed practice agreement, considered whether the following procedure constitutes an advanced duty and reached the following conclusion:

Procedure	Determination
Contraction Stress Testing Interpretation	Approved

The Committee directed Board staff to add the procedure it approved as an advanced duty to the Board approved advanced procedure list. When the emergency suspensions of process due to the COVID-19 State of Emergency are lifted, the approved procedure will require the submission of ten logs for approval.

Ms. Takubo reported that in January and February, Board staff authorized/activated the following number of practice agreements and practice notifications:

Month	Practice Agreements		Practice Notifications	
	Authorized		Activated	
	West Virginia Licensed	Emergency Registrant	West Virginia Licensed	Emergency Registrant
January	18	0	12	0
February	14	3	25	0

Ms. Takubo reported that on January 29, 2021 Board staff processed a reactivation of licensure application for Elizabeth Kae Boram, PA-C, license number 1268.

Ms. Takubo reported that since implementation of the Board’s emergency rule, 11 CSR 14, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of 116 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

Ms. Takubo reported that the 2021 renewal period for physician assistant licensure and controlled substance dispensing practitioner registration began on Wednesday, February 3, 2021 and will conclude at 4:30 pm on Wednesday, March 31, 2021. Two renewal reminders have been sent to licensees via email and three additional reminders are scheduled to be sent in the coming weeks. As of March 5, 2021, approximately 680 of the 1196 physician assistants eligible for renewal have renewed their license. Renewal information is available on the Board’s website.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee held a special meeting on February 24, 2021, at which time the Committee reviewed and discussed Federico Gian Filippo Seifarth, MD's application for medical school faculty licensure. The Committee recommended that the Board approve Dr. Seifarth for medical school faculty licensure, with Dr. Seifarth's practice statorily limited to the Morgantown, West Virginia medical center of the medical school of faculty appointment. The motion of the Committee was given by Dr. Lilly, and the motion carried.

LICENSURE
COMMITTEE
REPORT

The Committee recommended that the Board accept and ratify the February 24, 2021 Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Licensure Committee met via GoToMeeting on Saturday, March 6, 2021.

Dr. Lilly reported that on February 17, 2021, Walter Charles Kersch, MD and the Board entered into a Consent Order which issued Dr. Kersch a medical license and restricted his practice in West Virginia to administrative medicine.

Dr. Lilly reported that on January 13, 2021, Edward Joseph Silvio Picardi, MD and the Board entered into a Consent Order which issued Dr. Picardi a medical license and publicly reprimanded him for his federal conviction on thirteen counts of federal tax evasion in the United States District Court for the District of South Dakota.

Dr. Lilly reported that on March 3, 2021, Richard B. Kline, MD and the Board entered into a Consent Order which reinstated Dr. Kline's expired West Virginia medical

license, license number 11804, to active status and imposed an administrative fine for his practice of medicine and surgery in West Virginia pursuant to an inactive status license.

All Consent Orders are available on the Board’s website.

Dr. Lilly reported that two scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure application. Based thereupon, the Committee recommended that the following two applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Renato Falgui Dela Cruz, MD	Reactivation of Licensure	None
Susan Lovejoy Alberto, MD	Reactivation of Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee reviewed and discussed twenty physician licensure applications. Based thereupon, the Committee recommended that the following eight applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Andrew Ara Abrahamian, MD	Initial Licensure	None
Praveen Jeyaseelan, MD	Medical School Faculty	Practice is statutorily limited to the Morgantown, WV medical center of the medical school of faculty appointment
Edward James Kairis, MD	Initial Licensure	None
Jesus Lemus, MD	Initial Licensure	None
Medhane Hagos Mesgena, MD	Initial Licensure	None

Sunita Mishra, MD	Initial Licensure	Consent Order restricting practice to administrative medicine
Mitchell Garrison Mock, MD	Initial Licensure	None
Sharda Udassi, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The following two applicants have submitted a request for withdrawal of their applications:

Name	Application Type
David Emad Arsanious, MD	Initial Licensure
Laura Susan Swingle, MD	Initial Licensure

The Committee recommended that the Board accept the two withdrawal requests. The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee decided to request that the following six applicants appear before the Committee at a subsequent meeting to discuss their applications:

Name	Application Type
Sam Justin Badran, MD	Initial Licensure
Anand Raj Dugar, MD	Initial Licensure
Adaiah Abumeze Ezekiel, MD	Initial Licensure
William David Hall, MD	Reactivation of Licensure
Emad Adnan Kowatli, MD	Reactivation of Licensure
Sarona Mathware, MD	Initial Licensure

The applications for the following two applicants are on hold pending receipt of additional information:

Name	Application Type
Robert Joseph Albrecht, Jr., MD	Initial Licensure

Catherine Renee Lewis, MD	Initial Licensure
---------------------------	-------------------

The applications for the following two applicants are on hold pending finalization of a Licensure Consent Order:

Name	Application Type
Daren Richard Anderson, MD	Initial Licensure
Tobias Douglas Barker, MD	Initial Licensure

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. The Committee recommended that the Board approve fifty-seven applicants for initial medical licensure. A list of the fifty-seven applicants is attached to these minutes as Attachment 1 and incorporated herein by reference. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly asked Board members to review the list of podiatric physician applicants up for action and to advise of any conflicts. No conflicts were declared. The Committee recommended that the Board approve four applicants for initial podiatric physician licensure. A list of the four applicants is attached to these minutes as Attachment 2 and incorporated herein by reference. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in November and December 2020:

Previous Committee Action Update
Interstate Medical Licensure Compact Licenses Issued
Letters of Qualification Issued
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure

Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

A copy of the reports reflecting the above licensure actions are attached to these minutes as Attachment 3 and are incorporated herein by reference.

Dr. Lilly reported that the Committee received notification from the Federation of Podiatric Medical Boards that the National Board of Podiatric medical Examiners has provided notice that the Step II clinical skills portion of the American Podiatric Medical Licensing Examination is cancelled for 2021. This is consistent with the cancellation of the clinical skills portion of the United States Medical Licensing Examination.

Dr. Lilly reported that the Committee received an update for 2021 licensure renewals for medical doctors whose last names begin with the letters M through Z, podiatric physicians, controlled substance dispensing practitioner registrations, education permits and professional limited liability companies. Renewals will begin on May 5, 2021 and will conclude on June 30, 2021.

Dr. Lilly reported that the Committee received an update with regard to the 2021 legislative session.

The Committee recommended that the Board accept and ratify the report of the Licensure Committee. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Sheth provided the report of the Complaint Committee which met on Sunday, March 7, 2021.

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer ten

Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Aaron Michael Ferda, MD	On January 13, 2021, Dr. Ferda entered into a Consent Order with the Board that restricts him from converting his inactive West Virginia medical license to active status until he satisfies all disciplinary terms imposed by the Commonwealth of Kentucky Board of Medical Licensure and his Kentucky medical license has been fully restored to unrestricted status.
Robert Edward Shapiro, MD	On February 10, 2021, Dr. Shapiro entered into a Consent Order with the Board that issues a Public Reprimand for failing to adhere to a 24-hour waiting period for elective pregnancy termination; performing an elective medical procedure while prohibited pursuant to Executive Order 16-20; improperly documenting the patient’s medical record; and misleading staff regarding the elective nature of the procedure.
Michael Shramowiat, MD	On March 2, 2021, Dr. Shramowiat entered into an Amended Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Shramowiat permanently ineligible for

	licensure by the West Virginia Board of Medicine.
--	---

All Consent Orders are available on the Board’s website.

Dr. Sheth reported that the Committee has one additional matter to report. On Sunday, March 7, 2021, Omar Khalid Hasan, MD appeared before the Complaint Committee in association with the Board’s Final Order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD*, Complaint No. 14-89-S. Dr. Sheth asked that if any Board member needs to declare a conflict with regard to this physician or this case, to please do so at this time.

Dr. Faheem, who participated in the underlying public hearing, declared a conflict and left the meeting at this time. Dr. Faheem was not present for the remainder of the meeting.

Dr. Sheth reported that the Board’s Final Order, as modified by the Circuit Court, became effective on January 9, 2020, and Dr. Hasan’s West Virginia medical license was suspended on that date. Pursuant to the Final Order, the Board can consider lifting or modifying the suspension of Dr. Hasan’s medical license after certain conditions are met:

1. He has served one year of suspension;
2. He has participated in and completed the Multidisciplinary Assessment & Evaluation of Professionals program at the Professional Renewal Center (“PRC”) in Lawrence, Kansas.
3. He is in full compliance with any and all treatment and aftercare recommendations arising from his PRC evaluation.

Dr. Hasan has complied with the first two requirements. The Committee has received information regarding the third requirement which suggests that Dr. Hasan is not in compliance with this condition. However, the Committee has received a request from Dr. Hasan to lift the suspension of his license. The Board has delegated the monitoring of this

Consent Order to the Complaint Committee. Having met with Dr. Hasan, and having reviewed the information he has submitted in support of his request to lift the suspension of his license, the Committee believes that further information is necessary to fully and adequately evaluate Dr. Hasan's petition. Dr. Sheth reported that Board counsel is available to answer any questions. The Committee requested authority from the Board to communicate with Dr. Hasan and request the additional information that the Committee has identified as relevant to his request. The motion of the Committee was given by Dr. Sheth, and the motion carried with no opposition.

The Committee recommended that the Board accept and ratify the report of the Complaint Committee. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Mr. Tipton seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

May 17, 2021

The West Virginia Board of Medicine met via GoToMeeting at 9:00 am on March 17, 2021.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management
Committee and Personnel Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Carrie A. Lakin, DPM
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board members did not attend the meeting:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Timothy J. Donatelli, DPM

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI
Andrew R. Wessels

The following guest attended the meeting:

P. Bradley Hall, MD

Dr. Challa called the meeting to order and attendance was documented by Ms. Frame. In order to minimize technical difficulties and interruptions during the meeting, Dr. Challa asked participants to mute their microphones when not speaking.

**CALL TO
ORDER AND
ANNOUNCEMENTS**

Dr. Rahim moved that the Board's March 8, 2021 meeting minutes be approved. Dr. Amjad seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler recognized Leslie A. Thornton, CMBI for her thirty years of dedicated service to the state of West Virginia. Ms. Thornton was presented with a certificate and pin from the Governor in honor of her service.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler thanked Board and Staff members for their continued efforts, adaptability and dedication during the ongoing COVID-19 State of Emergency. He reported that the indoor mask mandate has been lifted for individuals who have been fully vaccinated. As a result, Board staff who have been fully vaccinated are no longer required to wear a mask in the office.

Dr. Challa reported that the Executive/Management Committee met via GoToMeeting on Sunday, May 16, 2021, at which time the Committee reviewed and approved the fiscal report and purchasing card transactions for March and April 2021. The Board continues to remain in a good financial position.

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

Dr. Challa reported that the West Virginia Purchasing Division recently audited the Board. The Board received an 88% compliance rate. The West Virginia Purchasing Division did not recommend any changes to the Board's processes. Board staff will continue to attend West Virginia Purchasing Division trainings and will stay up to date on purchasing division requirements.

Dr. Challa reported that the Committee received and reviewed a courtesy copy of correspondence that was sent to the West Virginia Board of Dental Examiners. The correspondence, which was from several national medical organizations, raises scope of practice concerns regarding the treatment of sleep apnea by dentists. Additionally, the correspondence encourages the West Virginia Board of Dental Examiners to “adopt a policy clarifying that ordering and administering a home sleep apnea test is outside the scope of practice for dentists.” No action was taken with regard to this agenda item.

Dr. Challa reported the Committee reviewed correspondence seeking an opinion from the Board on whether a certified cosmetologist can use a hyaluron pen or if it is the practice of medicine. The Committee directed Board staff to refer the requestor to the Board’s *Public Policy Statement on Surgery Using Laser, Pulsed Light, Radiofrequency Devices or Other Techniques*.

Dr. Challa reported that the Committee reviewed correspondence requesting that the Board consider modifications to W. Va. Code R. § 11-9-1, *Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiologist Assistants*. The Committee determined that modifications are not currently indicated, and Board staff will communicate such to the requestor.

Prior to today’s meeting, a copy of the initial Interstate Telehealth Registration Application was made available for members to review. Dr. Challa reported that in response to the passage of House Bill 2024, Board staff have developed an initial Interstate Telehealth Registration Application. The Committee:

- Approved the application.
- Determined that interstate telehealth registrations will be issued for a one-year period with a standard renewal date to be determined in the rule.
- Set the registration fee at the amount of an initial/renewal license, minus the \$50 that is disbursed by the Board to the West Virginia Medical Professionals Health Program.

- Delegated authority to the Executive Director to implement use of the Interstate Telehealth Registration Application when deemed appropriate.

Dr. Challa reported that the Committee received an update regarding the following matters in which the Board of Medicine is a party to the litigation:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*

Dr. Challa reported that the Committee received an update regarding the following litigation matter in which the Board is not a party, but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*

Dr. Challa reported that the Board has negotiated an agreement with the current database vendor, Big Picture, which will remain in place through June 2021. Board staff are working with the West Virginia Purchasing Division to enter into an additional one-year extension agreement with Big Picture. Additionally, due to legislation that was passed in 2021, several enhancements will need to be made to the Board's database and website. Board staff continue to work with the West Virginia Purchasing Division to determine how to proceed with inLumon, who was previously awarded the contract for implementation of a new Board of Medicine database and website.

Dr. Challa reported that the Committee received an update regarding renewal.

Ms. Cross joined the meeting at this time.

Dr. Challa reported that following the Governor's lifting of the mask mandate for individuals who have been fully vaccinated, last week the Board's office protocol was modified to reflect that fully vaccinated staff do not need to wear a mask while working in the Board office. Additional office protocols will be reviewed this week to determine what

protocols can be modified or eliminated, while remaining compliant with Center for Disease Control guidelines and guidance issued by the West Virginia Bureau for Public Health and the Governor's Office. The Committee determined that beginning in July 2021, Committee and Board meetings will be held in person at the Board office, and Committees will resume in-person appearances. Committee chairs will have the discretion to determine whether applicants who are currently outside of the United States may appear via virtual platform.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee held three interim meetings in March to discuss bills that were introduced and monitored by Board staff during the 2021 legislative session. Additionally, the Committee met yesterday morning at which time the Committee established the following two additional Committee meeting dates:

- June 16, 2021 at 5:00 pm
- July 26, 2021 at 5:00 pm

Dr. Rahim reported that W. Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*, completed the legislative process and was signed by the Governor. Board staff will file the final version of this rule with the West Virginia Secretary of State's Office.

Dr. Rahim reported that the following three bills, which directly affect the Board of Medicine, were passed during the 2021 legislative session:

- **House Bill 2024**, expanding authorization to practice telehealth. This bill:
 - Creates a new interstate telehealth registration which permits a health care practitioner whose license is in good standing in all other states of

LEGISLATIVE
COMMITTEE
REPORT

licensure and who is not currently under investigation or subject to an administrative complaint to register as an interstate telehealth practitioner with the appropriate West Virginia Board.

- Provides that while audio-visual communication is preferred, the provider-patient relationship can be established through “audio-only calls or conversations that occur in real time.”
- Modifies the telehealth prescribing limitations.
- Establishes reimbursement rates for providers practicing via telehealth.
- Authorizes health licensing boards to promulgate emergency rules to implement the registration process and establish the standard of care.

This bill was passed on March 30, 2021 and is effective from passage.

- **Senate Bill 372**, providing greater discretion to the Board of Medicine to approve graduate clinical training. This bill:
 - Modifies W. Va. Code § 30-3-10 *et seq.* to provide a pathway to licensure for applicants who have completed fellowship training in programs for which accreditation is not available, but which meet other appropriate standards.
 - Includes language to facilitate the Drug Enforcement Agency (DEA) allowing physicians who hold temporary licensure to apply with the DEA for a controlled substance registration.

This bill was passed on March 9, 2021 and is effective from passage.

- **Senate Bill 714**, relating to the physician assistant practice act. This bill:
 - Eliminates practice agreements; however, current practice agreements will remain in effect through June 1, 2022, unless terminated prior to that date.
 - Requires practice notifications to be filed with the Board of Medicine.
 - Authorizes physician assistants to prescribe up to seventy-two hours of a Schedule II controlled substance without refill.

- Removes the National Commission on Certification of Physician Assistants requirement for initial licensure if the physician assistant holds a license that is in good standing from a state that does not require the physician assistant to maintain national certification.

This bill will become effective on July 8, 2021.

Dr. Rahim reported that **House Bill 2265**, relating to collaborative pharmacy practice and updating rulemaking authority, was not passed during the 2021 legislative session. This bill would have amended the Pharmacy Practice Act to change the rulemaking authority for collaborative pharmacy practice to remove the Board of Medicine's joint authority with the West Virginia Board of Pharmacy and the West Virginia Board of Osteopathic Medicine for rulemaking. Instead, the Board of Medicine and Board of Osteopathic Medicine's role would be limited to advising on the rule. Members of the legislature have requested that the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy work collaboratively to update W. Va. Code § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*, for introduction during the 2022 legislative session. Committee members directed Board staff to draft correspondence to be sent to the Board of Pharmacy which:

- Identifies the proactive measures the Board of Medicine has taken to date with regard to working jointly to update W. Va. Code § 11-8-1 *et seq.*
- Reiterates that the Board of Medicine remains open to change with regard to how collaborative pharmacy practice agreements are filed, collected and maintained.
- Communicates the Board of Medicine's continued willingness to work collaboratively with regard to updating W. Va. Code § 11-8-1 *et seq.*
- Requests that if the Board of Pharmacy has elected to forego rulemaking at this time, that they identify any proposed statutory changes that they seek.

Reverend Harman joined the meeting at this time.

Dr. Rahim reported that the Committee authorized Board staff to draft a proposed new rule, W. Va. Code R. § 11-15-1 *et seq.*, and to draft proposed amendments to the following existing rules:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians, Podiatric Physicians and Surgeons.*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Discipline and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-5-1 *et seq.*, *Dispensing of Prescription Drugs by Practitioners.*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians.*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice.*
- W. Va. Code R. § 11-10-1 *et seq.*, *Accessing the West Virginia Controlled Substance Monitoring Program.*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans' Nursing Home Facilities.*
- W. Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency.*

Board staff will present the proposed new rule and the proposed amendments to the existing rules to the Committee at the June 16, 2021 meeting for review and consideration.

The Committee requested that the Board delegate authority to the Legislative Committee to act on behalf of the Board with regard to emergency and legislative rulemaking. The motion of the Committee was given by Dr. Rahim, and the motion carried.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that there are two hearings scheduled to convene in the coming months, one in June 2021 and one in September 2021.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there is a summary suspension hearing which is in a continued status at the request of the licensee.

Mr. Foster reported that Board staff are in the process of drafting a Complaint and Notice of Hearing in one matter.

Ms. Takubo reported that the Physician Assistant Committee met via GoToMeeting on Saturday, May 15, 2021.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo reported that Lindsey Nicole Mills, PA-C appeared before the Committee in support of her application for physician assistant licensure. The Committee recommended that the applicant be approved for physician assistant licensure. The motion of the Committee was given by Ms. Mullins, and the motion carried.

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following twenty-two applicants be approved for initial physician assistant licensure:

Felix Adeyinka Adeyemi, PA-C
Elizebeth Danielle Allen, PA-C
Lisa Lynn Behneke, PA-C
Bryan Dale Carter, PA-C
Laura Beatriz Coral, PA-C
William Simpson Davis, Jr., PA-C

Amber Christine Goodenow, PA-C
Gregory Francis Halla, PA-C
Andrea Shae Hensley, PA-C
Danielle Brooke Lancaster, PA-C
Scott Alan Lange, PA-C
Jessica Anne Limbacher, PA-C
Hannah Rose Miller, PA-C
Tara Leigh Parr, PA-C
Brandyn Paige Patel, PA-C
Morgan Brittany Pelley, PA-C
Susanna Melania Santos, PA-C
Andrea Marie Sciulli, PA-C
McCall Dennise Sims, PA-C
Brian Scott Watson, PA-C
Lacey Jane White Lewis, PA-C
Katelynn Renee Wills, PA-C

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee decided to request that Amber Michelle Leman, PA-C appear before the Committee at a subsequent meeting to discuss her application.

Ms. Takubo reported that the Committee will maintain the application for Lisa Marie McCormack, PA-C on hold pending receipt of additional information.

Ms. Takubo reported that in March and April 2021, Board staff authorized/activated the following number of practice agreements and practice notifications:

Month	Practice Agreements		Practice Notifications	
	Authorized		Activated	
	West Virginia Licensed	Emergency Registrant	West Virginia Licensed	Emergency Registrant
March	19	1	20	0
April	28	1	11	1

Ms. Takubo reported that on April 30, 2021, Board staff processed a reactivation of licensure application for Morgan Francella White, PA-C, license number 1314.

Ms. Takubo reported that on April 19, 2021, Board staff processed a reinstatement of licensure application for Julie Ann Strother, PA-C, license number 654.

Ms. Takubo reported that since implementation of the Board’s emergency rule, W. Va. Code R. § 11-14-1, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of 129 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

Ms. Takubo reported that the 2021 renewal period for physician assistant licensure and controlled substance dispensing practitioner registration began on Wednesday, February 3, 2021, and concluded at 4:30 pm on Wednesday, March 31, 2021. A total of 1061 physician assistant licenses and 37 controlled substance dispensing practitioner registrations for physician assistant were renewed. Reinstatement information is available on the Board’s website.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee met via GoToMeeting on Saturday, May 15, 2021.

CONSENT ORDERS

Dr. Lilly reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Daren Richard Anderson, MD	On March 12, 2021, Dr. Anderson entered into a Consent Order with the Board which issued Dr. Anderson a medical license and restricted his practice in West Virginia to administrative medicine.
Tobias Douglas Barker, MD	On March 10, 2021, Dr. Barker entered into a Consent Order with the Board which issued Dr. Barker a medical license and restricted his practice in West Virginia to administrative medicine.
Sunita Mishra, MD	On May 13, 2021, Dr. Mishra entered into a Consent Order with the Board which issued Dr. Mishra a medical license and restricted her practice in West Virginia to administrative medicine.

All Consent Orders are available on the Board's website.

Dr. Lilly reported that eight scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure application. Based thereupon, the Committee recommended that the following five applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Sam Justin Badran, MD	Initial Licensure	None
William David Hall, MD	Reactivation of Licensure	None
Emad Adnan Kowatli, MD	Reactivation of Licensure	None

Sarona Mathware, MD	Initial Licensure	None
Anand Raj Dugar, MD	Initial Licensure	Consent Order restricting practice to administrative medicine

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that Khalid Abozguia, MD has applied for a restricted license in extraordinary circumstances. The Committee recommended that the Board make the following findings:

1. Dr. Abozguia has exceptional education, training and practice credentials, including:
 - a. Dr. Abozguia has achieved a high level of academic, clinical and professional recognition for excellence in cardiology and electrophysiology.
 - b. In support of his clinical research studies, Dr. Abozguia secured over a half a million British pounds in funding from the British Heart Association.
 - c. He has extensive clinical and teaching experience which includes serving as the Director of Electrophysiology Services, Lancashire Cardiac Center, Blackpool Victoria Hospital, Blackpool, England, UK, and serving as the Undergraduate Assessment Lead, University of Liverpool, also at Blackpool Victoria Hospital.
 - d. Dr. Abozguia has extensive scholarship including primary or co-authorship of 67 manuscripts, including 39 peer reviewed articles. He also serves as a reviewer for several journals, including Heart Rhythm, Heart Rhythm Case Reports, British Medical Journal and Circulation.

- e. He is a recognized international proctor for Leadless Pacemaker.
 - f. He was awarded a PhD degree in Cardiology from University of Birmingham in 2010.
2. Dr. Abozguia's practice in the state would be beneficial to the public welfare because West Virginia residents often are required to travel to surrounding states to receive some of the cardiac ablation treatments in which Dr. Abozguia has expertise.
3. Dr. Abozguia's specialty is cardiology and electrophysiology and there is a need for this specialty in West Virginia. With particularity, Dr. Abozguia has specific clinical skills which are not currently available in West Virginia, including the following:
- a. Epicardial VT ablation, with extensive operator experience performing complex epicardial VT ablation.
 - b. Impella Guided VT ablation for VT storm or very high-risk VT patients.
 - c. Experience as a recognized international proctor for the 3D Mapping system RHYTHMIA HDs, which is an Ultra HD mapping system that provides greater clarity mapping to enable accurate diagnosis and efficient targeted ablation therapy.
 - d. Experienced operator, and one of the first UK operators, of Intella Nav StablePOINT Ablation Catheter (enabled by DIRECTSENSE Technology). This technology is launching in the United States imminently.

Dr. Abozguia also has facility with additional innovative new technologies, including CartoUniVu and FamDX.

4. The applicant's education, training and practice credentials are substantially equivalent to the requirements of licensure established in W. Va. Code § 30-3-10(b). While Dr. Abozguia's education and initial training occurred outside of the United States and are not, standing alone, substantially equivalent to the licensure requirements in this state he has two years of advanced fellowship training in Clinical Cardiac Electrophysiology at Case Western Reserve University, MetroHealth, in Cleveland, Ohio. In association with his superior research, extensive clinical experience and scholarship he satisfies this requirement.
5. Dr. Abozguia has no professional discipline which would render him ineligible for an extraordinary circumstances license.
6. Dr. Abozguia is eligible for a restricted license in extraordinary circumstances.

Based upon these findings, the Committee recommended that the Board grant Dr. Abozguia a restricted license in extraordinary circumstances restricted to the practice of cardiology and electrophysiology. The motion of the Committee was given by Dr. Lilly, and the motion carried unanimously.

Dr. Lilly reported that Ayse Ebru Toker, MD has applied for a restricted license in extraordinary circumstances. The Committee recommended that the Board make the following findings:

1. Dr. Toker has exceptional education, training and practice credentials, including:

- a. Dr. Toker has achieved a high level of academic, clinical and professional recognition for excellence in ophthalmology and corneal disease.
- b. She has extensive clinical and teaching experience which includes serving on the faculty of the Department of Ophthalmology at Marmara University School of Medicine, Istanbul, Turkey since 1999. Dr. Toker served as Chair of the department from 2015 through 2019.
- c. In addition to holding membership in several Turkish and international professional societies, Dr. Toker has been a Fellow of the European Board of Ophthalmologists since 2015 and has served as the Vice-President of the European Contact Lens Society of Ophthalmologists from 2011 through 2019.
- d. Dr. Toker was one of the pioneers of corneal crosslinking, a novel treatment for keratoconus which reduces the need for corneal transplants, and has performed significant funded research related to the development of this procedure. She also has expertise in optical rehabilitation of keratoconus with specialty contact lenses.
- e. Dr. Toker has extensive scholarship including primary or co-authorship of 90 peer-reviewed national and international publications, and has more than 1200 citations. She has presented more than 140 times to national and international professional and scientific meetings, and has participated in award winning international presentations.
- f. Dr. Toker serves as a reviewer for Journal of Cataract and Refractive Surgery, Cornea Journal, British Medical Journal and is on the editorial board of Eye and Contact Lens Journal and MN Ophthalmology.

2. Dr. Toker's practice in the state would be beneficial to the public welfare because West Virginia has a significant and increasing shortage of active corneal specialists. Additionally, Dr. Toker has significant experience with specific keratoconus treatment which is currently in clinical trials in the United States.
3. Dr. Toker's specialty is in ophthalmology and corneal disease and there is a need for this specialty in West Virginia.
4. The applicant's education, training and practice credentials are substantially equivalent to the requirements of licensure established in W. Va. Code §30-3-10(b). While Dr. Toker's education and initial training occurred outside of the United States and are not, standing alone, substantially equivalent to the licensure requirements in this state, her education and training in association with her superior research, extensive clinical experience and scholarship satisfy this requirement.
5. Dr. Toker has no professional discipline which would render her ineligible for an extraordinary circumstances license.
6. Dr. Toker is eligible for a restricted license in extraordinary circumstances.

Based upon these findings, the Committee recommended that the Board grant Dr. Toker a restricted license in extraordinary circumstances restricted to the practice of ophthalmology and cornea disease. The motion of the Committee was given by Dr. Lilly, and the motion carried unanimously.

The Committee decided to request that Adaiah Abumeze Ezekiel, MD appear before the Committee at a subsequent meeting to discuss her application further as there were technical issues that interfered with her appearance via GoToMeeting on Saturday.

Dr. Lilly reported that the Committee reviewed and discussed thirteen physician licensure applications. Based thereupon, the Committee recommended that the following eight applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Hazim Alwair, MD	Initial Licensure	None
Saif Ali Bella, MD	Initial Licensure	Accept medical education as satisfactorily verified
Abhishek Bhat, MD	Initial Licensure	None
Eboni Nicole Cornish, MD	Initial Licensure	None
Basel Dabas, MD	Initial Licensure	Accept medical education as satisfactorily verified
Theodore Feldman, MD	Initial Licensure	None
Alexander Randolph Gross, MD	Initial Licensure	None
Manish Ranjan, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Robert Joseph Albrecht, Jr., MD has submitted a request for withdrawal of his initial medical licensure application. The Committee recommended that the Board accept Dr. Albrecht's withdrawal request. The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee decided to request that the following three applicants appear before the Committee at a subsequent meeting to discuss their applications:

Name	Application Type
Brittani Shantel Lowe, MD	Initial Licensure
Kasimu Senghor Moody, MD	Initial Licensure
Scott Lyman Shreeve, MD	Initial Licensure

The initial licensure application for Catherine Renee Lewis, MD is on hold pending receipt of additional information.

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. The Committee recommended that the Board approve one hundred and eleven applicants for initial medical licensure. A list of the one hundred and eleven applicants is attached to these minutes as Attachment 1 and incorporated herein by reference. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly asked Board members to review the one volunteer physician applicant up for action and to advise of any conflicts. No conflicts were declared with regard to Joseph Michael Petersen, MD. The Committee recommended that the Board approve Dr. Petersen for volunteer medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee reviewed correspondence from Anthony C. Dougherty, MD regarding his license status with the Board. Dr. Dougherty's current license status is Suspended No CME because he did not renew his West Virginia license and failed to notify the Board of his intent not to renew. This is an administrative, non-disciplinary status. In 1996, when Dr. Dougherty failed to renew, the Medical Practice Act required licenses subject to nonrenewal without advanced notice to be placed into this status. Dr. Dougherty indicated that he recently became aware of his West Virginia license status, and has belatedly submitted his continuing medical education for the reporting period ending on June 30, 1996. The Committee recommended that the Board accept Dr. Dougherty's continuing medical education and convert his license status from Suspended No CME to expired. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that in light of the implementation of Senate Bill 372, Board staff notified the Committee that there may be some current medical school faculty and

extraordinary circumstances licensees who may now be eligible for a traditional license. The Committee recommended that the Board:

1. Authorize staff to conduct outreach to these physicians and notify them that they may be eligible for a traditional license;
2. Prepare a short form application to collect information from any contacted physicians who seek to apply which will be supplemented, as needed, after a review of the existing historical file; and
3. Present any submitted applications to the Committee for review and consideration of licensure.

All applicants would be required to submit the initial license fee of \$400. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in March and April 2021:

Previous Committee Action Update
Interstate Medical Licensure Compact Licenses Issued
Letters of Qualification Issued
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports are attached to these minutes as Attachment 2 and are incorporated herein by reference.

Dr. Lilly reported that the Committee received an update regarding 2021 licensure renewals for medical doctors whose last names begin with the letters M through Z, all podiatric physicians, controlled substance dispensing practitioner registration renewal for

medical doctors whose last names begin with the letters M through Z and all podiatric physicians, education permits and professional limited liability companies. Renewals began on May 5, 2021 and will conclude at 4:30 pm EDT on June 30, 2021.

Dr. Lilly reported that the Committee received an update regarding the 2021 legislative session.

Dr. Lilly reported that there is one additional matter for consideration. Ms. Alley reported that at the January 2021 meeting the Licensure Committee reviewed and discussed the reinstatement application for Hemant Sarin, MD. At that time, the Committee recommended, and the Board determined, that probable cause exists to deny Dr. Sarin's application for reinstatement of West Virginia medical licensure based upon his current inability to practice medicine and surgery or podiatry with reasonable skill and safety pursuant to W. Va. Code § 30-3-14(c)(21). Dr. Sarin was provided written notice of the Board's probable cause finding and was given an opportunity to request a hearing upon his reinstatement application. Dr. Sarin requested a hearing, and subsequently withdrew his request. Dr. Sarin was offered an additional thirty days to reconsider the withdrawal of his request. Within the thirty-day period, Dr. Sarin indicated that he would like to go to hearing, and then withdrew his request for a second time. Thereafter, the Hearing Examiner entered an Order Canceling the Public Hearing and indicating that the Board could proceed with action upon the application. Prior to today's meeting, relevant documents were made available to members for review along with a proposed Order.

Dr. Rahim moved that the Board entered into executive session to discuss a matter which affects a license application and involves confidential records and information. Dr. Patel seconded the motion, and the motion carried.

The following individuals left the meeting at this time:

P. Bradley Hall, MD
Andrew R. Wessels
Leslie A. Thornton

The Board entered into executive session.

The executive session concluded, and the Board reentered into public session.

Ms. Thornton rejoined the meeting at this time.

Dr. Rahim moved that the Board adopt and issue the proposed Order Denying Application for Reinstatement of Expired License to Practice Medicine and Surgery in West Virginia and deny the application for reinstatement of the expired medical license previously issued to Hemant Sarin, MD, License No. 24288. Dr. Amjad seconded the motion, and the motion carried.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Steele provided the report of the Complaint Committee which met on Sunday, May 16, 2021.

CONSENT ORDERS AND BOARD ORDERS

Dr. Steele requested that the Board authorize the Complaint Committee to offer eight Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Steele, and the motion carried.

Dr. Steele reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Ted David Friehling, MD	On March 9, 2021, Dr. Friehling entered into a Consent Order with the Board that restricts him from performing surgical procedures and invasive procedures until he submits satisfactory evidence that he can resume the unrestricted practice of medicine with reasonable skill and safety. The Order does not prohibit him from performing non-invasive electrophysiology.
Ahmed Kamel Gayed, MD	On May 7, 2021, Dr. Gayed entered into a Consent Order with the Board that imposed a \$5,000.00 fine for his failure to produce documentation of his timely completion of the 50 hours of continuing medical education during the Board's continuing medical education audit.
Joseph Anthony Jurand, MD	On April 22, 2021, Dr. Jurand entered into a Second Amended Consent Order with the Board which ends the period of probation imposed by his 2014 Consent Order and continued in his 2017 Amended Consent Order. The Second Amended Consent Order restricts Dr. Jurand from treating any patient under the age of eighteen.
Lawrence Bennet Kelly, MD	On April 22, 2021, Dr. Kelly entered into a Consent Order with the Board that places his licensee on a one-year period of probation with terms and conditions in order to resolve concerns regarding his controlled substance prescribing practices, treatment plans, and compliance monitoring. Dr. Kelly was also required and completed a continuing medical education course on controlled substance prescribing.
Vincent Anthony Lombardi, MD	On April 22, 2021, Dr. Lombardi entered into an Amended Consent Order with the Board that fixed a technical issue with the December 2, 2020 Consent Order. This did not change the prior discipline imposed.

Name	Consent Order Details
Jasbir Singh Makar, MD	On April 6, 2021, Dr. Makar entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion continuing medical education during the Board's continuing medical education audit.
Amal Fostok Sakkal, MD	On May 7, 2021, Dr. Sakkal entered into a Consent Order with the Board that imposed a \$500.00 fine for her failure to produce documentation of her timely completion of the drug diversion continuing medical education during the Board's continuing medical education audit.
Salwa Mohamed Salih, MD	On April 27, 2021, Dr. Salih entered into a Consent Order with the Board that imposed a \$500.00 fine for her failure to produce documentation of her timely completion of the drug diversion continuing medical education during the Board's continuing medical education audit.
Rohan Vipulkumar Shah, MD	On April 6, 2021, Dr. Shah entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion continuing medical education during the Board's continuing medical education audit.
Dean Anthony Siciliano, MD	On May 3, 2021, Dr. Siciliano entered into a Consent Order with the Board that imposed a \$1,400.00 fine for his failure to produce documentation of his timely completion of 50 hours of the required continuing medical education during the Board's continuing medical education audit.
Tamara Denise Spriggs, MD	On May 7, 2021, Dr. Spriggs entered into a Consent Order with the Board that imposed a \$500.00 fine for her failure to produce documentation of her timely completion of the drug diversion continuing medical education during the Board's continuing medical education audit.

Name	Consent Order Details
Mahmood Tabatabai, MD	On April 13, 2021, Dr. Tabatabai entered into a Consent Order with the Board that imposed a \$1,600.00 fine for his failure to produce documentation of his timely completion of 50 hours of continuing medical education credits, including the required drug diversion continuing medical education, during the Board’s continuing medical education audit.
John Collett Veltman, MD	On May 4, 2021, Dr. Veltman entered into a Consent Order with the Board that requires him to successfully complete additional continuing medical education in controlled substance prescribing. Dr. Veltman is also subject to a medical record audit one year from the completion of the continuing medical education course.
Matthew Steven Zell, MD	On March 23, 2021, Dr. Zell entered into a Consent Order with the Board that places his license in probationary status until satisfactory completion of his probationary terms and his participation in an identified program, or until such Order is lifted or otherwise modified pursuant to a subsequent Order issued by the Board.

All Consent Orders are available on the Board’s website. Dr. Hall rejoined the meeting during Dr. Steele’s presentation of executed consent orders.

Dr. Steele reported that the Committee has one additional matter to report in association with the Board’s Final Order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD*, Case No. 14-89-S. Dr. Steele asked that if any Board member needs to declare a conflict with regard to this physician or this case, to please do so at this time.

Dr. Faheem, who participated in the underlying public hearing, declared a conflict and left the meeting at this time. Dr. Faheem was not present for the remainder of the meeting.

Dr. Steele reported that the Board's Final Order, as modified by the Circuit Court, became effective on January 9, 2020, and Dr. Hasan's West Virginia medical license was suspended on that date. Pursuant to the Final Order, the Board can consider lifting or modifying the suspension of Dr. Hasan's medical license after certain conditions are met:

1. He has served one year of suspension;
2. He has participated in and completed the Multidisciplinary Assessment & Evaluation of Professionals program at the Professional Renewal Center ("PRC") in Lawrence, Kansas.
3. He is in full compliance with any and all treatment and aftercare recommendations arising from his PRC evaluation.

The Board has delegated the monitoring of this Consent Order to the Complaint Committee. As previously reported by the Committee at the March 8, 2021 Board meeting, the Committee received a request from Dr. Hasan to lift the suspension of his license, and Dr. Hasan appeared before the Committee in March in support of his request. The Committee also previously reported that Dr. Hasan has complied with the first two requirements, but it had received information regarding the third requirement which suggested that he is not in compliance with this condition. At the March Board meeting, the Board granted the Committee's request to seek additional information from Dr. Hasan to fully and adequately evaluate Dr. Hasan's request to lift his suspension. The additional information was obtained and has been evaluated by the Committee. Based upon its review, the Committee recommended that the Board:

1. Find that Dr. Hasan has failed to satisfy all terms of the Board's Final Order, in that Dr. Hasan has not satisfied all terms and conditions of the Board's Final Order;
2. Deny Dr. Hasan's request to lift his suspension at this time due to Dr. Hasan's non-compliance with all terms and conditions of Board's Final Order; and

3. Offer Dr. Hasan the opportunity to remediate his non-compliance by completing an alternate treatment program, subject to approval by the Complaint Committee, which is consistent with program criteria recommended by the PRC.

Dr. Steele reported that if any member has questions, counsel is available to answer them.

Dr. Mullins left the meeting at this time due to a patient related emergency.

Ms. Takubo moved that the Board enter into executive session to discuss a disciplinary matter which involves confidential records. Dr. Rahim seconded, and the motion carried.

Dr. Hall left the meeting at this time and was not present for the remainder of the meeting.

The Board entered into executive session at this time.

**EXECUTIVE
SESSION**

The executive session concluded, and the Board reentered public session.

**PUBLIC
SESSION**

The Committee again renewed its recommendation that the Board:

1. Find that Dr. Hasan has failed to satisfy all terms of the Board's Final Order, in that Dr. Hasan has not satisfied all terms and conditions of the Board's Final Order;
2. Deny Dr. Hasan's request to lift his suspension at this time due to Dr. Hasan's non-compliance with all terms and conditions of Board's Final Order; and
3. Offer Dr. Hasan the opportunity to remediate his non-compliance by completing an alternate treatment program, subject to approval by the Complaint Committee, which is consistent with program criteria recommended by the PRC.

The motion of the Committee was given by Dr. Steele, and the motion carried with no votes in opposition.

The Committee recommended that the Board accept and ratify the report of the Complaint Committee. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Mr. Wooton seconded the motion, and the motion carried.

- Consideration of Professional Designation Standardization on the Board's Website and Correspondence

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

June 11, 2021

The West Virginia Board of Medicine met via GoToMeeting on June 11, 2021 at 12:00 pm.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Timothy J. Donatelli, DPM
Carrie A. Lakin, DPM
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board members did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Jonathan P. Lilly, MD, Licensure Committee Chair

The following Staff members attended the meeting from the Board conference room:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI

The following staff members attended the meeting remotely:

Melissa D. Cross
Andrew R. Wessels

The following guests attended the meeting in whole or in part:

Stuart A. McMillion, Esq.
J. Victor Flannagan, Esq.
Patrick C. Timony, Esq.
Omar Khalid Hasan, MD

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Dr. Challa asked if any guests would like to address the Board. Dr. Hasan indicated his desire to address the Board and was permitted to do so.

**PUBLIC
COMMENT**

Dr. Sheth reported that the Complaint Committee met on June 10, 2021 and considered two matters. As a result, the Committee identified one matter in which it would like to offer a Consent Order. Dr. Sheth requested that the Board authorize the Complaint Committee to offer a Consent Order in the Complaint Committee matter. The motion of the Committee was given by Dr. Sheth, and the motion carried with no opposition.

**COMPLAINT
COMMITTEE
REPORT**

Dr. Sheth reported that the Committee considered correspondence from the licensee in association with the Board's Final Order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD*, Case No. 14-89-S. Dr. Sheth asked that if any Board members have a conflict with regard to this physician or this case, that they please declare the conflict at this time. No conflicts were declared by the members present for the meeting.

Dr. Sheth reported that the Board's Final Order, affirmed by the West Virginia Supreme Court in a unanimous decision, imposed discipline upon Dr. Hasan's West Virginia medical license due to his professional and sexual misconduct with respect to a female psychiatric patient. Effective January 9, 2020, Dr. Hasan's West Virginia medical license was suspended. During his suspension, the Board has delegated the monitoring of Dr. Hasan's compliance with the Board's Order to the Complaint Committee.

The Board's Final Order suspended Dr. Hasan's WV license for one year, after which time he could be reinstated, provided that he complied with the conditions and requirements for reinstatement set forth in the Order.

Pursuant to the Board's Final Order, the Board can consider lifting or modifying the suspension of Dr. Hasan's medical license after certain conditions are met:

1. He has served one year of suspension;
2. He has participated in and completed the Multidisciplinary Assessment & Evaluation of Professionals Program at the Professional Renewal Center ("PRC") in Lawrence, Kansas; and
3. He is in full compliance with any and all treatment and aftercare recommendations arising from his PRC evaluation.

Dr. Hasan completed one year of suspension on January 9, 2021. At the Board's March 8, 2021 meeting, the Complaint Committee reported that it had received a request from Dr. Hasan to lift his suspension, and Dr. Hasan appeared before the Committee in March in support of his request. At the March Board meeting, the Board granted the Committee's request to seek additional information from Dr. Hasan to adequately evaluate his request to lift his suspension. This request included a tranche of records from a program Dr. Hasan attended, but did not complete, in the spring of 2020. The additional information the Board requested was received and evaluated by the Committee at its May 16, 2021 meeting.

At the Board's May 17, 2021 meeting, the Board received the Committee's report and recommendations with respect to Dr. Hasan's request to lift his suspension. The Board ratified the Complaint Committee's recommendation to deny Dr. Hasan's request to lift his suspension due to his non-compliance with all the terms and conditions of the Board's Final Order. Specifically, neither the PRC, nor his subsequently selected program, both of which specialize in the assessment and treatment of professionals, including physicians, cleared Dr. Hasan to return to the practice of medicine. The Board also ratified the Complaint Committee's recommendation to offer Dr. Hasan an opportunity to remediate

his noncompliance by completing and obtaining clearance to practice from an alternate treatment program which is consistent with the program criteria recommended by the PRC. The program would need to be presented to the Board for approval, and the Board delegated review of any proposed programs to the Complaint Committee.

After the Board's May 17 meeting, by correspondence dated May 21st, Dr. Hasan and his counsel received written notification of the Board's determination. In response to the Board's offer of an opportunity to remediate his noncompliance by completing an alternate treatment program, Dr. Hasan has instead requested that the Board modify its Final Order to allow Dr. Hasan to complete a Professional Boundaries course presented by PACE (Physician Assessment and Clinical Education) at UC San Diego. The course is a three-day live activity course and educational seminar that offers 39.5 CME credits. Board staff outreach to the course coordinator at PACE confirmed there is no medical assessment, treatment or evaluation component to the course.

In addition to his request to substitute an intensive CME course for an alternate treatment program, Dr. Hasan also requests that the Board reconsider the favorable assessments of Dr. Hasan provided as satisfactory evidence of his fitness to practice. Both assessments were previously received, reviewed and considered by the Complaint Committee in making its prior recommendations to the Board. Dr. Hasan further indicated that if the Board still requires further assessment, that the assessment cannot rely on the treatment program records or condition the success of his treatment on polygraphs.

Dr. Sheth reported that members of the Complaint Committee have spent a considerable amount of time considering these compliance matters at the request of the Board. The Committee engaged in outreach to this licensee in July, September and November 2020. It met with the licensee in March, it reviewed significant documentation related to the license's progress, treatment and his request to lift the suspension of his license.

Dr. Sheth noted that the recommendations and decisions that the Committee must make, are not easy ones. The Committee's goal is to protect the public. The Committee's goal is also to support and be mindful of physician wellness, to be fair-minded and reasonable, and to provide pathways for individuals who have made mistakes to safely return to the practice of medicine. It is never the goal or intent of the Committee to be adversarial or impose unnecessary barriers to a physician's return to practice.

Based upon the Committee's evaluation of all the information presented, the Committee recommended that the Board:

1. Find that the PACE Professional Boundaries Course at UC San Diego proposed by Dr. Hasan is a CME course that does not entail individual assessment, evaluation or treatment, and therefore is not a satisfactory alternate treatment program which is consistent with the program criteria recommended by the PRC.
2. Find that the assessments of Dr. Hasan by his counselor and his retained evaluator do not supersede or override the determinations by the PRC, which conducted a multi-disciplinary evaluation and assessment of Dr. Hasan, and/or the determinations by the treatment program that Dr. Hasan selected, which evaluated and assessed Dr. Hasan in a structure environment for over a period of 2 months, both of which failed to clear Dr. Hasan to return to practice.
3. Deny Dr. Hasan's request to modify the Board's Final Order to allow Dr. Hasan to complete the PACE Professional Boundaries CME Course at UC San Diego in lieu of completing an appropriate treatment program that approves his return to practice.
4. Re-Offer Dr. Hasan the opportunity to identify and complete an appropriate alternate treatment program which is consistent with the program criteria

recommended by the PRC. The program identified by Dr. Hasan must be presented to the Complaint Committee for approval prior to his enrollment.

5. Provide Dr. Hasan with the Federation of State Medical Board's Directory of Physician Assessment and Remedial Education Programs as a potential resource to find a suitable alternate treatment program to propose.
6. Notify Dr. Hasan that if he identifies and obtains approval of a suitable alternate treatment program, the Board will not require the production of the prior treatment program's records to the alternate treatment program except for the final report of the prior treatment provider. The alternate treatment provider shall also be provided with the PRC Report, as well as any other documents and information from the underlying record of the contested case proceeding and subsequent appeals deemed appropriate by the Complaint Committee.
7. Notify Dr. Hasan that his successful completion of and approval to return to practice by an alternate treatment program would be determined by the alternate treatment program, and that the Board has not and will not dictate the components, conditions and/or non-conditions that determine successful completion of and approval to return to practice by any treatment program.

Dr. Sheth reported that if any member has any questions, the Complaint Committee is available to answer them. Dr. Sheth asked Mr. Spangler to remind members of the typical process used for the discussion of disciplinary matters involving confidential records. Mr. Spangler reported that it is customary for the Board to enter into executive session to discuss disciplinary matters involving confidential records; however, following conclusion of the executive session, the Board must reenter public session to vote.

Ms. Takubo moved that the Board enter into executive session to discuss a disciplinary matter which involves confidential records. Mr. Wooton seconded the motion, and the motion carried.

Prior to the Board entering into executive session, Mr. Foster advised that the Board could remain in public session at the request of the licensee for whom the confidential information relates. Dr. Hasan acknowledged this option and declined to exercise it at this time.

The following individuals left the meeting at this time and were not present for the remainder of the meeting:

Andrew R. Wessels
Stuart A. McMillan, Esq.
J. Victor Flanagan, Esq.
Omar Khalid Hasan, MD

Mr. Spangler reported that the computer being utilized at the Board office would be disconnecting momentarily to perform a mandatory update and restart. Mr. Spangler further advised that Board who are staff participating in the meeting from the Board office would rejoin the meeting as soon as possible. The computer issue was resolved, and the meeting continued.

The Board entered into executive session.

**EXECUTIVE
SESSION**

The executive session concluded, and the Board reentered public session. Mr. Foster contacted counsel for Dr. Hasan and alerted them that the Board had reentered public session. Mr. Timony joined the meeting via GoToMeeting platform at this time.

**PUBLIC
SESSION**

Dr. Sheth restated the Committee's recommendations that the Board:

1. Find that the PACE Professional Boundaries Course at UC San Diego proposed by Dr. Hasan is a CME course that does not entail individual assessment, evaluation

or treatment, and therefore is not a satisfactory alternate treatment program which is consistent with the program criteria recommended by the PRC.

2. Find that the assessments of Dr. Hasan by his counselor and his retained evaluator do not supersede or override the determinations by the PRC, which conducted a multi-disciplinary evaluation and assessment of Dr. Hasan, and/or the determinations by the treatment program that Dr. Hasan selected, which evaluated and assessed Dr. Hasan in a structure environment for over a period of 2 months, both of which failed to clear Dr. Hasan to return to practice.
3. Deny Dr. Hasan's request to modify the Board's Final Order to allow Dr. Hasan to complete the PACE Professional Boundaries CME Course at UC San Diego in lieu of completing an appropriate treatment program that approves his return to practice.
4. Re-Offer Dr. Hasan the opportunity to identify and complete an appropriate alternate treatment program which is consistent with the program criteria recommended by the PRC. The program identified by Dr. Hasan must be presented to the Complaint Committee for approval prior to his enrollment.
5. Provide Dr. Hasan with the Federation of State Medical Board's Directory of Physician Assessment and Remedial Education Programs as a potential resource to find a suitable alternate treatment program to propose.
6. Notify Dr. Hasan that if he identifies and obtains approval of a suitable alternate treatment program, the Board will not require the production of the prior treatment program's records to the alternate treatment program except for the final report of the prior treatment provider. The alternate treatment provider shall also be provided with the PRC Report, as well as any other documents and information from the underlying record of the contested case proceeding and subsequent appeals deemed appropriate by the Complaint Committee.

7. Notify Dr. Hasan that his successful completion of and approval to return to practice by an alternate treatment program would be determined by the alternate treatment program, and that the Board has not and will not dictate the components, conditions and/or non-conditions that determine successful completion of and approval to return to practice by any treatment program.

The motion of the Committee was given by Dr. Sheth. Ms. Takubo seconded the motion. A roll call vote was taken by Ms. Frame, with votes as follows:

Member	Vote
Kishore K. Challa, MD, FACC	Yes
Timothy J. Donatelli, DPM	Yes
Carrie A. Lakin, DPM	Yes
Angela A. Mayfield	Yes
David A. Mullins, MD	Yes
Kiran R. Patel, MD, FACOG	Yes
Mustafa Rahim, MD	Yes
Ashish P. Sheth, MD	Yes
Thomas W. Steele, MD	Yes
Victoria L. Takubo, PA-C	Yes
Christopher J. Tipton, PA-C	Yes
Russell O. Wooton	Yes

The motion carried with no opposition.

Mr. Spangler reported that currently physician assistants licensed by the Board of Medicine are required to report National Council of Certification of Physician Assistant (NCCPA) certification status in association with the initial licensure application and renewal application processes. Physician Assistants who maintain NCCPA certification are permitted to use the designation PA-C, while licensees who do not maintain NCCPA certification or who are a Type B physician assistant are required to use the designation PA. Several states are moving away from requiring NCCPA certification and/or listing NCCPA certification designation on a licensee's profile. With greater separation between certification and licensure, and as the Board looks to build out its database in light of recent legislative changes, Board staff inquired into the Board's desire regarding this issued. Following discussion, Dr. Donatelli moved that the Board cease using certification designation for physician assistants, and uniformly utilize the designation "PA" on the Board website and in communications with physician assistant licensees. This would not affect the use of "PA-C" by certified physician assistants. Dr. Steele seconded the motion, and the motion carried.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Dr. Donatelli seconded the motion, and the motion carried.

- Proposed Salary Increases

ADJOURNMENT

West Virginia Board of Medicine

Personnel Committee Minutes

July 12, 2020

The personnel Committee of the Board of Directors met at 9:45 am. Present were Dr. Kishore-Challa, Chairman, Dr. Ashish Sheth- V.P., Dr. Ayne Amjad -Secretary, and Dr. Ahmed Faheem. Mark Spangler- Executive Director was also present.

Roll call was called by Dr. Challa and quorum was established, and the meeting was called to order.

Dr. Sheth motioned for an executive session in order to discuss the Executive Director's proposal for staff salary increases. Dr. Faheem seconded the motion. Motion passed.

Discussion incurred in executive session.

Dr. Faheem motioned to come out of executive session, Dr. Amjad seconded. Motion passed.

Dr. Sheth motioned and Dr. Faheem seconded that the Personnel Committee recommend that the Executive Director's proposal be accepted with modifications but that the initiation of the increases be delayed. Motion passed. The issue will be revisited in September.

Dr. Amjad motioned for adjournment. Dr. Sheth seconded the motion. Motion passed.

Kishore K. Challa, MD, Chair

West Virginia Board of Medicine
Personnel Committee Minutes
November 8, 2020

The Personnel Committee met virtually via, the GoToMeeting Platform. Present were:

Dr. Kishore Challa, President & Chair of the Committee

Dr. Ashish Sheth, Vice President

Dr. Ayne Amjad, Secretary

Dr. Ahmed Faheem

Mark A. Spangler, Executive Director

Chair declared a quorum.

Committee voted to enter into executive session to discuss the implementation of previously approved salary increases and job reclassifications. Faheem/Sheth- motion carried.

Committee voted to come out of executive session and back into public session. Sheth/Faheem- motion carried.

Committee voted to recommend to the Board for acceptance the executive director's recommendation for staff salary increases as modified by the committee and the reclassification of three supervisory staff to non-exempt to exempt status. Additionally, the Committee moved that the increases and reclassifications be implemented at the discretion of the Executive Director. Sheth/Faheem- motion carried.

Committee voted to adjourn. Sheth/Faheem- motion carried.

WEST VIRGINIA BOARD OF MEDICINE

Physician Sexual Misconduct Workgroup Minutes

October 30, 2020

The West Virginia Board of Medicine's Physician Sexual Misconduct Workgroup met on October 30, 2020 at 4:30 pm via GoToMeeting.

The following Workgroup members attended the meeting:

Ashish P. Sheth, MD, Chair
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Carrie A. Lakin, DPM
Russell O. Wooton

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Jamie C. Frame

The following staff member was absent:

Leslie A. Thornton, CMBI

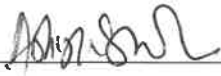

Mr. Spangler welcomed members and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Mr. Spangler reported that in May 2020, the Federation of State Medical Board's (FSMB) adopted the *Report and Recommendations of the FSMB Workgroup on Physician Sexual Misconduct*. Prior to today's meeting, a copy of the FSMB's report and recommendations was made available for members to review. Robust discussion occurred regarding the FSMB document. Board staff will review current Board of Medicine policies and practices to identify where improvements are needed and to highlight Board of Medicine practices that are working well and will report back to the Workgroup. No action was taken during this meeting.

There being no further business to consider, the meeting adjourned by consensus.

WEST VIRGINIA BOARD OF MEDICINE

Physician Sexual Misconduct Workgroup Minutes

January 6, 2021

The West Virginia Board of Medicine's Physician Sexual Misconduct Workgroup met on January 6, 2021 at 4:30 pm via GoToMeeting.

The following workgroup members attended the meeting:

Ashish P. Sheth, MD, Chair
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Carrie A. Lakin, DPM
Russell O. Wooton

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI

Dr. Sheth called the meeting to order and attendance was documented by Ms. Frame.

CALL TO
ORDER

Mr. Wooton moved that the minutes of the Workgroup's October 30, 2020 meeting be approved. Dr. Lakin seconded the motion, and the motion carried.

APPROVAL
OF MINUTES

Mr. Spangler reminded members that in May 2020, the Federation of State Medical Board's (FSMB) adopted the *Report and Recommendations of the FSMB Workgroup on Physician Sexual Misconduct*. The Workgroup discussed education, training and outreach ideas for staff, licensees and health care consumers as they relate to physician sexual misconduct and/or professional boundary. Ideas discussed include possibly:

- Inquiring as to whether a member of the FSMB Sexual Misconduct Workgroup could provide a deep overview of the FSMB recommendations, etc.

- Developing an educational document (perhaps a paper trifold brochure for regulators and stakeholders that could be disseminated at conferences, schools, etc.). An electronic version of the document could also be placed on the Board's website. Perhaps the Board could collaborate with the Board of Osteopathic Medicine, Associations (medical, osteopathic, physician assistant, podiatric) in developing and publishing the educational information. Perhaps the medical schools, the Human Rights Division and/or the Civil Rights Division could assist with distributing the materials that are developed.
- Providing a link on the Board's website to resources already developed.
- Speaking with/presenting to various groups (schools, legislators, media, etc.)
- Permitting, but not requiring, CME hours for professionalism training. Perhaps the medical schools and the PHP could be involved in this process/effort.
- Ensuring that all Board members and appropriate Board staff undergo training related to evaluating claims of possible sexual misconduct and/or boundary issues. Perhaps this can be accomplished via an in-service.
- Designating a space in the Board's Newsletter devoted to physician sexual misconduct and/or professional boundary.

No action was taken with regard to the above ideas.

ADJOURNMENT

There being no further business to consider, Dr. Lakin moved that the meeting adjourn. Mr. Wooton seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Physician Assistant Committee Meeting Minutes

July 10, 2021

The Physician Assistant Committee of the West Virginia Board of Medicine met at 101 Dee Drive, Suite 103, Charleston, WV 25311 on July 10, 2021 at 9:30 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Acting Chair
Reverend Janet M. Harman
Timothy J. Donatelli, DPM
Kiran R. Patel, MD
Russell O. Wooton

The following Committee members were absent:

Victoria L. Takubo, PA, Chair
Christopher J. Tipton, PA

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

In the absence of Ms. Takubo, Dr. Lilly chaired the meeting of the Physician Assistant Committee. With a quorum present, Dr. Lilly called the meeting to order and thanked Dr. Donatelli for agreeing to join the Committee for the July meeting. Dr. Lilly informed the Committee that Dr. Challa appointed Dr. Donatelli to join the Physician Assistant Committee today to ensure a quorum. The Committee reviewed the minutes from its May 15, 2021 meeting. Rev. Harman moved that the Committee approve the minutes. Mr. Wooton seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee reviewed the following complete applications for initial physician assistant licensure:

**INITIAL
APPLICANTS**

1. Ryan Luke Applegate, PA
2. Natalie Dawn Austin, PA
3. Terry Norman Davis, Jr., PA
4. Diana Sue DeWolfe, PA
5. Luke Aaron Dice, PA
6. Adina Miriam Freud, PA
7. Travis Lee James, PA
8. Trenton Ryan Johnson, PA
9. Marissa Ann Jonov, PA
10. Meghan Marie Long, PA
11. Matthew Joseph Mastiano, PA
12. Lauren Ashley Nedzelski, PA
13. Danielle Elizabeth Potts, PA
14. Ravish Kanchanlal Prajapati, PA
15. Danielle Rae Stuart, PA
16. Pamela Jane Sturgill, PA
17. Brendan David Winters, PA

No conflicts having been declared; Dr. Patel moved that the Committee recommend each of the preceding seventeen applicants discussed by the Committee for physician assistant licensure by the Board. Dr. Donatelli seconded the motion, and the motion carried.

Amber Michelle Leman, PA appeared before the Committee in support of her application for physician assistant licensure. After meeting with Ms. Leman, Dr. Patel moved that the Committee recommend that the Board grant Ms. Leman's application for physician assistant licensure. Rev. Harman seconded the motion, and the motion carried. **APPEARANCE**

Lisa Marie McCormack, PA-C appeared before the Committee in November 2020 in support of her application for physician assistant licensure. After her appearance, the Committee requested that Ms. McCormack submit additional information in support of her application. Ms. McCormack did not submit the additional information requested. The Committee took no action with regard to this application, and it remains on hold, pending additional information. Ms. Thompson advised the Committee that the application will expire on July 13, 2021. **RETURNING
DISCUSSION**

The Committee reviewed an updated Practice Notification form. These updates implement the changes to the Physician Assistants Practice Act enacted by Senate Bill 714. The Practice Notification form has been updated to apply to all practice settings. Mr. Wooton moved that the Committee approve the new forms and make them available on the Board’s website on July 12, 2021. Rev. Harman seconded the motion, and the motion carried.

Next, the Committee reviewed a modified Initial Licensure Application. These updates also implement the changes to the Physician Assistants Practice Act enacted by Senate Bill 714. Rev. Harman moved that the Committee approve the new forms. Dr. Patel seconded the motion, and the motion carried.

Ms. Thompson notified the Committee that Board staff authorized the following Practice Agreements and Practice Notifications in May and June 2021:

Month	Practice Agreements Authorized		Practice Notifications Activated	
	Licensees	Registrants	Licensees	Registrants
May	14	0	15	3
June	8	0	12	0

Ms. Thompson notified the Committee that Board staff authorized two Physician Assistant licensure reactivations in May and June 2021:

Licensee Name	License No.	Reactivation Date
Bethany Katherine Fisher, PA	1333	June 17, 2021
Mosammat Khaleda Nayem, PA	828	June 17, 2021

Ms. Thompson notified the Committee that Board staff registered 133 out-of-state Physician Assistants for emergency practice as of July 9, 2021:

Total PAs Registered	Out of State PAs	Retired WV PAs
133	133	0

There being no further business, Dr. Lilly moved that the Committee adjourn. Mr. **ADJOURNMENT**
Wooton seconded the motion, the motion carried, and the meeting adjourned.

Victoria L. Takubo, PA
Chair of the Physician Assistant Committee

Kiran R. Patel, MD
Christopher J. Tipton, PA
Russell O. Wooton

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Ms. Takubo called the meeting to order. The Committee reviewed the minutes from its March 12, 2022 meeting. Dr. Patel moved that the Committee approve the minutes. Mr. Wooton seconded the motion, and the motion carried.

**CALL TO
ORDER**
**APPROVAL
OF MINUTES**

The Committee reviewed the following complete applications for initial physician assistant licensure:

1. Christopher John Anderson, PA
2. Katarina Witt Clingerman, PA
3. Stephanie Jamie Pham, PA
4. Samah Ramadan-Nassar, PA
5. Kathryn Nicole Semans, PA

**INITIAL
APPLICANTS**

6. Michaela Lynn Vitez, PA

No conflicts having been declared; Dr. Kukkillaya moved that the Committee recommend each of the preceding six applicants for physician assistant licensure by the Board. Dr. Lilly seconded the motion, and the motion carried.

The Committee received and reviewed an inquiry concerning whether physician assistants may independently procure prescription drugs from wholesalers. Mr. Wooton moved that the Committee direct staff to refer the requestor to HB 214 and the Board of Pharmacy and to further advise that the Board has no regulations which specifically relate to prescription drug procurement by PAs. Rev. Harman seconded the motion and the motion carried.

DISCUSSIONS

The Committee received and reviewed correspondence from a representative of a West Virginia physician assistant program asking if the Board has any "stipulations about practicing PAs and if there are any limitations if they themselves have mental issues." Rev. Harman moved that the Committee direct staff to respond that the Board has no jurisdiction with respect to the program's admission criteria and that while it cannot offer guidance on admission criteria, practitioners are eligible for licensure in West Virginia if they meet education, testing and training criteria and can practice with reasonable skill and safety to patients. Rev. Harman further moved that the Board detail its commitment to practitioner wellness and well-being and include references to resources on this issue. Dr. Patel seconded the motion and the motion carried.

The Committee received and reviewed correspondence regarding whether Physician Assistants are authorized to deliver babies. Dr. Patel moved that the Committee direct Board staff to notify the requestor that the Board does not endorse physician assistants performing the medical act of delivering babies unless the physician assistant has received formal training and certification in midwifery or in an advanced PA program in OBGYN. Mr. Wooton seconded the motion and the motion carried.

The Committee received and reviewed a request that the Board consider modifying 11 CSR 1B to eliminate the requirement that PAs provide the Board with all locations where the PA may practice on a Practice Notification. Rev. Harman moved that the Committee direct Board staff to communicate with the requestor and make modifications to the Practice Notification form to allow for certain unique circumstances for the Committee’s review. Dr. Patel seconded the motion and the motion carried.

The Committee reviewed a new initial application for Physician Assistants. Dr. Patel moved that the Committee approve the application and make the new application effective on May 16, 2022. Rev. Harman seconded the motion and the motion carried.

The Committee received an update on HB 214, which was previously discussed in the Legislative Committee report earlier today. Last week the Board sent an eblast to all PAs concerning HB 214 and the June 1, 2022 deadline for PAs practicing pursuant to Practice Agreements to submit a Practice Notification.

Ms. Thompson notified the Committee that Board staff authorized the following Practice Notifications in January and February 2022:

Month	Practice Notifications Activated		
	WV Licensees	Interstate Telehealth Registrations	Emergency Registrants
March	89	0	0
April	36	0	1

Ms. Thompson notified the Committee that Board staff processed the following Physician Assistant licensure reinstatement applications in March and April 2022.

Licensee Name	License No.	Reactivation Date
Shelby Lynn Baker, PA	2266	3/30/2022
Rebecca Diane Heim, PA	2344	4/1/2022
Stephen Lee McQueen, PA	2044	3/16/2022
Jessica Ann Rhodes	1555	4/1/2022

Ms. Thompson notified the Committee that no Physician Assistant licensure reactivation applications were processed in March or April 2022.

Ms. Thompson notified the Committee that no Physician Assistant interstate telehealth registrations were processed in March or April 2022.

Ms. Thompson notified the Committee that Board staff registered 147 out-of-state Physician Assistants for emergency practice as of April 30, 2022:

Month	Emergency Registrations Issued	
	Out of State PAs	Retired or Inactive WV PAs
March	4	0
April	5	0

There being no further business, Dr. Kukkillaya moved that the Committee **ADJOURNMENT** adjourn. Mr. Wooton seconded the motion, the motion carried, and the meeting adjourned.

Jonathan P. Lilly, **PA M.P.**
Acting Chair of the Physician Assistant Committee

WEST VIRGINIA BOARD OF MEDICINE

Licensure Committee Meeting Minutes

July 10, 2021

The Licensure Committee of the West Virginia Board of Medicine met at 101 Dee Drive, Suite 103, Charleston, WV 25311 on July 10, 2021 at 10:15 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Timothy J. Donatelli, DPM
Reverend Janet M. Harman
Kiran R. Patel, MD
Russell O. Wooton

The following Committee members were absent:

Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the May 15, 2021 meeting. Rev. Harman moved that the Committee approve the minutes. Mr. Wooton seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

Adaiah Abumeze Ezekiel, MD, who appeared virtually before the Committee at the May Licensure meeting, however, technical issues with the audio connection resulted in the Committee requesting that she appear in person at this meeting. Dr. Ezekiel appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Ezekiel, Dr. Patel moved that the Committee recommended that Dr. Ezekiel agree to an evaluation of her surgical skills by the Center for Personalized Education for Professionals (CPEP) at her own expense and facilitate a report of her evaluation to the Board. If Dr. Ezekiel is not agreeable to the CPEP evaluation process, the Committee is willing to consider her application with restrictions to limit her practice to non-surgical obstetrics and gynecological medicine. Dr. Donatelli seconded the motion, and the motion carried.

Kasimu Senghor Moody, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Moody, Rev. Harman moved that the Committee recommend that the Board grant Dr. Moody's application to practice medicine and surgery in West Virginia, pending payment of the patient injury compensation fund fee. Mr. Wooton seconded the motion, and the motion carried.

Brittani Shantel Lowe, MD appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Lowe, Rev. Harman moved that the Committee recommend that the Board grant Dr. Lowe's application to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

Matthew Korey Shotwell, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Shotwell, Mr. Wooton moved that the Committee recommend that the Board grant Dr. Shotwell's application to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the

motion, and the motion carried.

The Committee received an update on the application of **Anand Raj Dugar, MD** for medical licensure. At its May meeting, the Committee recommended approval of medical licensure via a Consent Order restricting Dr. Dugar to the practice of administrative medicine only. Dr. Dugar has signed the Consent Order and his application will remain on hold pending finalization of the Licensure Consent Order, at which time a license will be issued.

**RETURNING
DISCUSSIONS**

The Committee received an update on the application of **Scott Lynn Shreeve, MD** for medical licensure. At its May meeting, the Committee requested Dr. Shreeve's appearance at this meeting. Dr. Shreeve has requested to delay his appearance until the next Committee meeting in September. Dr. Patel moved that the Committee approve Dr. Shreeve's request to appearance at its September Committee Meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Catherine Renee Lewis, MD** for medical licensure. The Committee placed her application on hold in March 2021 and recommended that Dr. Lewis agree to an evaluation of her surgical skills by the Center for Personalized Education for Professionals (CPEP) at her own expense and facilitate a report of her evaluation to the Board. Dr. Lewis has requested that the Committee consider a similar evaluation she completed in the fall of 2020 with LifeGuard in lieu of a surgical skills assessment at CPEP. The Committee accepted and received the evaluation from LifeGuard. Mr. Wooton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Alaa Jalell Hamada, MD** for medical licensure. Dr. Donatelli moved that the Committee recommend that the

**NEW
DISCUSSIONS**

Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Naoum Baladi, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board accept Dr. Baladi's medical education as having been satisfactorily verified and grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jamil Mahmoud Aljari, MD** for medical licensure. Mr. Wooton moved that the Committee place Dr. Aljari's application on hold pending primary source verification of both his medical education and post graduate training. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Allen Anderson Lill, Jr., MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Lill's appearance at its September Committee Meeting. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **David Meir Reznick, MD** for medical licensure. Dr. Patel moved that the Committee request Dr. Reznick's appearance at its September Committee Meeting. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Andrew Joseph Hanly, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jason Gamez, MD** for medical licensure. Dr. Patel moved that the Committee request Dr. Gamez's appearance at its September Committee Meeting. Dr. Donatelli seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Gul Madison, MD** for medical licensure. Dr. Donatelli moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Christian Chisholm Halloran, MD** for reactivation of medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant reactivation of her expired status license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Leonard Anthony Reynolds, DPM** for reactivation of an expired podiatric medical licensure. Rev. Harman moved that the Committee request Dr. Reynold's appearance at its September Committee Meeting. Dr. Donatelli seconded the motion, and the motion carried.

The Committee received and reviewed a list of one hundred forty-six initial medical license applicants whose applications do not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Rev. Harman moved that the Committee approve the identified initial

medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee received and reviewed a list of three initial podiatric medical license applicants whose applications do not require an appearance or individualized discussion. A complete list of the initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Dr. Donatelli moved that the Committee approve the identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee received and reviewed one summer camp physician applicant whose application does not require an appearance or individualized discussion. A Complete list of the summer camp physician applicant considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Dr. Donatelli moved that the Committee approve the identified summer camp physician applicant and recommend that the Board grant the applicant a summer camp physician license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed communication from the Interstate Medical Licensure Compact Commission concerning Mariela Viera, MD. This physician was

issued a Letter of Qualification from the state of Arizona and was issued compact licenses by several states, including West Virginia. Dr. Viera renewed in West Virginia in early May. The IMLCC notified the Board in June that Arizona issued this physician a Letter of Qualification in error, and that Dr. Viera does not meet the eligibility criteria for compact licensure. After reviewing the correspondence and considering how other states who issued Dr. Viera a compact license based upon the erroneous LOQ responded, Rev. Harman moved that the Committee recommend that the Board expire Dr. Viera's license, effective at 11:59 pm Monday July 12, 2021, due to her ineligibility. The Committee further recommends that notification of expiration be sent to Dr. Viera at her email address of record as soon as possible after the meeting concludes on Monday. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed options for a reinstatement process for IMLC licensees who failed to renew by the deadline and who would like to reinstate licensure within a year of expiration. The IMLC does not have a specific process in place for reinstatement, because this is not a process utilized by all compact member states. After consultation with the IMLC, Dr. Donatelli moved that the Committee recommend to the Board that it adopt the following reinstatement process for physicians who were licensed through the IMLC process and who permitted their license to expire in West Virginia. The process has two pathways, and the physician can select the pathway the physician prefers:

1. If the physician wants to opt out of the IMLC process, the physician can submit an initial application for a traditional pathway license to practice medicine and surgery in West Virginia.
2. If the physician wishes to relicense as an IMLC licensee, the physician will:
 - a. Complete a West Virginia IMLC pathway reinstatement application (which is similar to the traditional reinstatement application);
 - b. Pay the reinstatement fee (\$600) directly to the Board; and
 - c. Complete the IMLC renewal application and remit the required IMLC renewal fee directly to the IMLC at which point the IMLC

will confirm to the Board that the physician's West Virginia license has been reinstated with the IMLC.

Rev. Harman seconded the motion, and the motion carried.

In light of the implementation of SB 372, in May the Board authorized staff to conduct outreach to current medical school faculty and extraordinary circumstances licensees who may now be eligible for a traditional license. That outreach has occurred, and the Board has received inquiries from two licensees who may seek unrestricted licensure through this pathway

The Committee also received updates on the following licensure activity in May and June 2021:

- IMLC Licenses Issued
- LOQs Issued
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Medical Licensure
- Reactivations of Medical Licensure
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

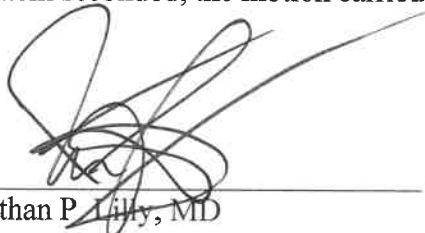

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 2.

The Committee received an update for 2021 Licensure Renewals for MDs with last names M-Z and DPMs, CSDP Registrations, Educational Permits and PLLCs. Renewal began May 5, 2021 and ended on June 30, 2021.

The Committee received an update on the 2021 Legislative Session.

There being no further business, Mr. Wooton moved that the meeting be adjourned. **ADJOURNMENT**

Dr. Donatelli seconded, the motion carried and the meeting adjourned.

A handwritten signature in black ink, appearing to read 'Jonathan P. Lilly, MD', written over a horizontal line.

WEST VIRGINIA BOARD OF MEDICINE
Licensure Committee Meeting Minutes
September 11, 2021

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on September 11, 2021 at 10:00 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Reverend Janet M. Harman
Victoria L. Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Committee members were absent:

Timothy J. Donatelli, DPM
Kiran R. Patel, MD

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the July 10, 2021 meeting. Rev. Harman moved that the Committee approve the minutes. Ms. Takubo seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee received a report from Board staff concerning one executed Consent Order.

**CONSENT
ORDER
REPORT**

On July 12, 2021, Anand Raj Dugar, MD and the Board entered into a Consent Order which issued Dr. Dugar a medical license and restricted his practice in West Virginia to administrative medicine. A Copy of this Consent Order is available on the Board's website.

The Committee moved to returning discussions while waiting for the first appearance.

**RETURNING
DISCUSSIONS**

The Committee received an update on the application of **Adaiah Abumeze Ezekiel, MD** for medical licensure. At its July meeting, the Committee placed Dr. Ezekiel's application on hold and offered her the opportunity to complete a CPEP assessment at her own expense, or to accept licensure through a Consent Order restricting her license to non-surgical gynecology and obstetrics and permit her to submit a plan of re-entry if she seeks to lift the restrictions in the future. Dr. Ezekiel has requested licensure via this Consent Order. Rev. Harman moved that the Committee recommend that the Board grant approval of medical licensure via a Consent Order restricting Dr. Ezekiel to the practice of non-surgical gynecology and obstetrics. Mr. Wooton seconded the motion, and the motion carried.

The Committee received and update on the application of **Jamil Mahmoud Aljari, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board accept Dr. Aljari's medical school and post-graduate education as having been satisfactorily verified and grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The first appearance having arrived, the Committee turned its attention to appearing applicants.

Scott Lynn Shreeve, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Shreeve, Ms. Takubo moved that the Committee recommend that the Board grant Dr. Shreeve's application to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

Jason Gamez, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Gamez, Rev. Harman moved that the Committee recommend that the Board grant Dr. Gamez's application to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

Allen Anderson Lill Jr., MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Lill, Ms. Takubo moved that the Committee place Dr. Lill's application on hold pending receipt of additional information related to Dr. Lill's successful completion of his graduate medical training program. Mr. Tipton seconded the motion, and the motion carried.

David Meir Reznick, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Reznick, Mr. Wooton moved that the Committee recommend that the Board grant Dr. Reznick's application to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

Leonard Anthony Reynolds, DPM appeared before the Committee in support of his application for reactivation of an expired podiatric medical license. After a thorough discussion with Dr. Reynolds, and due to his lengthy absence from clinical practice, Mr. Wooton moved that the Committee place Dr. Reynolds's application on hold pending receipt of additional information regarding Dr. Reynold's current clinical ability to practice podiatric medicine with reasonable skill and safety and a plan for re-entry into clinical

practice. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **George Adel Cortas, MD** for a change of licensure status from inactive status to active status. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a change of status from inactive status to active status. Mr. Tipton seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the application of **Roberto Carlos Lopez Solis, MD** for traditional medical licensure. Dr. Lopez Solis holds a restricted license in extraordinary circumstances and has applied for an unrestricted license based upon the new licensure eligibility standards set forth in SB 372. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Ashima Saini, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board accept Dr. Saini's post-graduate education as having been satisfactorily verified and grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Andres Jose Jadue Tobar, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Zion Zibly, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Muhammad Mohsin Fareed, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **David Samuel Dinello, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Dinello's appearance at its November Committee meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Nancy Jean Shannon, MD** for medical licensure. Ms. Takubo moved that the Committee offer her the opportunity to withdraw her application for licensure and inform her that she may be eligible for an interstate telehealth registration to provide telehealth services in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Ruthie Shannon Cooper, MD** for a change of licensure status from inactive status to active status. Dr. Cooper's application did not support her successful completion of all required CME prior to her license renewal in 2020. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a change of status from inactive status to active status via a Consent Order which imposes a \$500 fine for failure to complete the required 3-hours of Board-approved CME in drug diversion training and best practice prescribing of controlled substances training within the required time period. The status change would be active after execution of the Consent Order and upon payment of the administrative fine. Ms. Takubo seconded the motion, and the motion carried.

The Committee received and reviewed a list of ninety-six initial medical license applicants whose applications did not require an appearance or individualized discussion.

A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Tipton moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee received and reviewed one initial podiatric medical license applicant whose application did not require an appearance or individualized discussion. The initial podiatric physician applicant considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the identified initial podiatric medical licensure applicant and recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The USMLE's new attempt limit policy went into effect in July of this year. As a result, the examination attempt limit for each of the three steps was reduced from six attempts per step to four attempts per step. However, the USMLE will accept requests from licensing boards to allow a physician one extra attempt. The Board has received three separate requests from physicians seeking sponsorship for additional test attempts. Mr. Wooton moved that the Committee follow the current legislative rule, and the proposed amendments to the rule, which align the attempt limits for West Virginia licensure with the attempt limits permitted by the USMLE, and not sponsor additional test attempts. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and considered correspondence from a medical school faculty licensee interested in applying for unrestricted licensure and seeking information regarding the Board's willingness to waive the West Virginia Board of Medicine statutory medical licensing examination eligibility requirement which requires completion of all three component parts of the USMLE within 10 consecutive years. Rev. Harman moved that the Committee direct staff to correspond with the applicant regarding his prior inquiry on this issue, his licensure process with the Board resulting in medical school faculty licensure and the Board's consistent practice of complying with this statutory requirement. Mr. Tipton seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in July and August 2021:

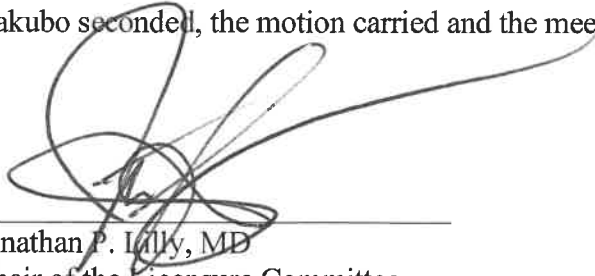

- IMLC Licenses Issued
- LOQs Issued
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Medical Licensure
- Reactivations of Medical Licensure
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee received revised 2021 Renewal Statistics for MDs with last names M-Z and DPMs, CSDP Registrations, Educational Permits and PLLCs. Renewal began May 5, 2021, and ended on June 30, 2021. The chart was revised to reflect corrected medical school faculty renewal numbers. A copy of the revised renewal statistics provided to the Committee are attached hereto as Attachment 4.

There being no further business, Mr. Tipton moved that the meeting be adjourned. **ADJOURNMENT**

Ms. Takubo seconded, the motion carried and the meeting adjourned.

A large, stylized handwritten signature in black ink, appearing to read 'Jonathan P. Lilly, MD'. The signature is written over a horizontal line.

Jonathan P. Lilly, MD
Chair of the Licensure Committee

WEST VIRGINIA BOARD OF MEDICINE
Licensure Committee Meeting Minutes
November 6, 2021

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on November 6, 2021 at 10:00 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Kiran R. Patel, MD
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Committee members were absent:

Timothy J. Donatelli, DPM
Reverend Janet M. Harman
Victoria L. Takubo, PA-C

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the September 11, 2021 meeting. Dr. Patel moved that the Committee approve the minutes. Mr. Wooton seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

The Committee received a report from Board staff concerning one executed Consent Order.

**CONSENT
ORDER
REPORT**

On October 28, 2021, Ruthie Shannon Cooper, MD and the Board entered into a Consent Order which granted Dr. Cooper's application to change the status of her medical license from inactive status to active status and imposed a \$500 fine against Dr. Cooper related to a CME deficiency for the reporting period of July 1, 2018 through September 30, 2020.

A Copy of this Consent Order is available on the Board's website.

The Committee moved to returning discussions while waiting for its appearance.

The Committee reviewed and discussed the application of **Allen Andrew Lill, Jr., MD** for medical licensure. Dr. Lill appeared before the Committee at its September meeting in support of his medical licensure application. The Committee place Dr. Lill's application on hold pending receipt of additional information related to his successful completion of his graduate medical training program. The Committee having received additional information, Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

The appearing applicant having arrived, the Committee turned its attention to the appearing applicant.

David Samuel Dinello, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Dinello, Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

**APPEARING
APPLICANT**

The Committee reviewed and discussed the request to withdraw the application of **Nancy Jean Shannon, MD** for medical licensure. Mr. Wooton moved that the Committee recommend that the Board accept Dr. Shannon's withdrawal request. Mr. Tipton seconded the motion, and the motion carried.

The Committee received an update on the application of **Leonard Anthony Reynolds, DPM** for reactivation of an expired podiatric medical license. Dr. Reynolds appeared before the Committee at its September meeting. After a thorough discussion with Dr. Reynolds, and due to his lengthy absence from clinical practice, the Committee placed Dr. Reynolds's application on hold pending receipt of additional information regarding Dr. Reynold's current clinical ability to practice podiatric medicine with reasonable skill and safety and a plan for re-entry into clinical practice. The Committee's determination was communicated to the applicant, and options are being explored. Dr. Reynold's application will remain on hold and a status update will be available to the Committee at the next meeting.

The Committee received an update on the application of **Adaiah Abumeze Ezekiel, MD** for medical licensure. At its July meeting, the Committee placed Dr. Ezekiel's application on hold and offered her the opportunity to complete a CPEP assessment at her own expense, or to accept licensure through a Consent Order restricting her license to non-surgical gynecology and obstetrics and permit her to submit a plan of re-entry if she seeks to lift the restrictions in the future. Dr. Ezekiel has requested licensure via this Consent Order. Dr. Ezekiel's application will remain on hold and a status update will be available to the Committee at the next meeting.

The Committee reviewed and discussed the application of **Khalid Abozguia, MD** for traditional medical licensure. Dr. Abozguia holds a restricted license in extraordinary circumstances and has applied for an unrestricted traditional license after passing Step 3 of the USMLE within ten consecutive years of successfully passing Step 1. Dr. Abozguia now meeting all eligibility criteria for traditional licensure, Dr. Patel moved that the Committee

recommend that the Board convert the license originally granted to Dr. Abozguia from a restricted license in extraordinary circumstances to a full, traditional license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Ashar Niaz Rana, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Amit Singla, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Hassan Taan, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Halil Safak Uygur, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Landon Shay Edwards, MD** for medical licensure. Mr. Wooton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Colin Timothy McDonald, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Barry Pohsiang Huang, MD** for medical licensure. Dr. Patel moved that the Committee request Dr. Huang's appearance at its January 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Feras Ghosheh, MD** for medical licensure. Mr. Tipton moved that the Committee request Dr. Ghosheh's appearance at its January 2022 Committee Meeting. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Sabir Hussain, MD** for medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **William Francis Dunleavy, DPM** for podiatric medical licensure. Mr. Tipton moved that the Committee recommend that the Board accept Dr. Dunleavy's examination as satisfactorily verified and grant the applicant a license to practice podiatric medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed a list of seventy-five initial medical license applicants whose applications did not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Wooton moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed two initial podiatric medical license applicants whose applications did not require an appearance or individualized discussion. The list of two initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Tipton moved that the Committee approve the two identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee regularly evaluates applications from physician applicants who have been out of clinical practice for several years for a variety of reasons. Most commonly, the applicant has self-limited their practice to administrative medicine. Currently, the Board's only pathway to license applicants and limit practice to administrative medicine is through a Consent Order process, which can create collateral consequences in other states. Mr. Wooton moved that the Committee recommend referring this to the Legislative Committee with a request that the Legislative Committee pursue legislation to create a licensing pathway for physicians who seek to practice administrative medicine in West Virginia without utilizing the Consent Order process. Mr. Tipton seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in September and October 2021:

IMLC Licenses Issued
IMLC LOQs Issued
Interstate Telehealth Registrations
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Change in Status of Medical Licensure to Active Status
Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee received an update on 2021 IMLC renewal. The IMLC renewal process is multi-step. Nineteen of one hundred sixty-eight renewing physicians were referred to the Complaint Committee for failing to complete West Virginia-specific forms despite multiple requests.

There being no further business, Mr. Tipton moved that the meeting be adjourned. **ADJOURNMENT**

Mr. Wooton seconded, the motion carried and the meeting adjourned.

Victoria L. Takubo, PA
Acting Chair of the Licensure Committee

V. ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Licensure Committee Meeting Minutes
January 8, 2022

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on January 8, 2022 at 10:00 am.

The following Committee members were present:

Victoria L. Takubo, PA-C, Acting Chair
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Kiran R. Patel, MD
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Committee members were absent:

Jonathan P. Lilly, MD, Chair
Timothy J. Donatelli, DPM

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

In the absence of Dr. Lilly, Ms. Takubo chaired the Licensure Committee. Mr. Spangler introduced Dr. Radhakrishna U. Kukkillaya as a new member to the Board of Medicine. Dr. Challa has appointed Dr. Kukkillaya to the Licensure Committee. With a quorum present, Ms. Takubo called the meeting to order. The Committee reviewed the

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

minutes for the November 6, 2021 meeting. Rev. Harman moved that the Committee approve the minutes. Mr. Tipton seconded the motion, and the motion carried.

Feras Ghosheh, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Ghosheh, Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

**APPEARING
APPLICANT**

The Committee moved to returning discussions while awaiting its next appearance.

The Committee received an update on the application of **Leonard Anthony Reynolds, DPM** for reactivation of an expired podiatric medical license. Dr. Reynolds appeared before the Committee at its September 2021 meeting. After a thorough discussion with Dr. Reynolds, and due to his lengthy absence from clinical practice, the Committee placed Dr. Reynolds's application on hold pending receipt of additional information regarding Dr. Reynolds's current clinical ability to practice podiatric medicine with reasonable skill and safety and a plan for re-entry into clinical practice. The Committee's determination was communicated to the applicant. Dr. Reynolds's has expressed concerns for the cost of the most recently identified program. The Committee directed Board staff to communicate with Dr. Reynolds and reaffirm the Committee's willingness to consider other assessment options proposed by Dr. Reynolds. The application will remain on hold until March to give Dr. Reynolds the opportunity to submit an alternate proposal.

**RETURNING
DISCUSSIONS**

The Committee received an update on the application of **Adaiah Abumeze Ezekiel, MD** for medical licensure. At its July meeting, the Committee placed Dr. Ezekiel's application on hold and offered her the opportunity to complete a CPEP assessment at her own expense, or to accept licensure through a Consent Order restricting her license to non-surgical gynecology and obstetrics and permit her to submit a plan of re-

entry if she seeks to lift the restrictions in the future. Dr. Ezekiel has requested licensure via this Consent Order. Dr. Ezekiel's application will remain on hold and a status update will be available to the Committee at the next meeting.

The Committee reviewed and discussed the application of **Neil Shah, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Shah's appearance at its March 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the application of **Allison Wierda Suttle, MD** for medical licensure. Dr. Patel moved that the Committee request Dr. Suttle's appearance at its March 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Praveen Jeyaseelan, MD** for traditional medical licensure. Dr. Jeyaseelan currently holds a medical school faculty license and has applied for an unrestricted traditional license. Dr. Patel moved that the Committee recommend that the Board convert the license originally granted to Dr. Jeyaseelan from a medical school faculty to a full, traditional license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The appearing applicant having arrived, the Committee resumed consideration of appearing applicants.

Barry Pohsiang Huang, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Huang, Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

**APPEARING
APPLICANT**

The Committee reviewed and discussed the application of **David Philip Richards, MD** for medical licensure. Dr. Richards currently holds a medical school faculty license. He has applied for an unrestricted license pursuant to the modified graduate medical education standards established in SB 372 (2021). Mr. Tipton moved that the Committee place Dr Richards application on hold pending additional information. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Hugh Anthony Smith, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Smith's appearance at its March 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Anthony Jude Stephens, MD** for medical licensure. Mr. Tipton moved that the Committee request Dr. Stephens' appearance at its March 2022 Committee Meeting. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed a list of seventy initial medical license applicants whose applications did not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Dr. Kukkillaya moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee received and reviewed a list of two initial podiatric medical license applicants whose applications did not require an appearance or individualized discussion. The list of two initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Wooton moved that the Committee approve the two identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in November and December 2021:

- IMLC Licenses Issued
- IMLC LOQs Issued
- IMLC Redesignation of State of Principal Licensure
- Interstate Telehealth Registrations
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Licensure (MD and DPM)
- Reactivations of Licensure (MD and DPM)
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

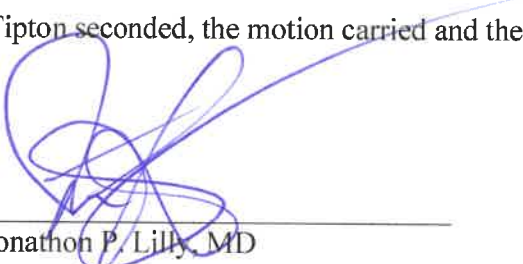

The Committee received an update on 2022 renewals. Interstate Telehealth Registration renewal will begin on February 2, 2022 and complete on March 31, 2022. On May 4, 2022 renewal will begin for MD licensure (A-L) and all related Controlled Substance Dispensing Practitioner registrations, Educational Permits and PLLCs.

The Committee received correspondence from Sudhir Gosain, MD regarding his license status with the Board. Dr. Gosain's current license status is Suspended No CME because he did not renew his West Virginia license and failed to notify the Board of his intent not to renew. This is an administrative, non-disciplinary status. In 1996, when Dr. Gosain failed to renew, the Medical Practice Act required licenses subject to nonrenewal without advanced notice to be placed into this status. Dr. Gosain indicated that he recently became aware of his West Virginia license status and has belatedly submitted his CME for the reporting period ending on June 30, 1996. Mr. Tipton moved that the Committee recommend that the Board accept Dr. Gosain's CME and convert his license status from Suspended No CME to expired. Mr. Wooton seconded the motion, and the motion carried.

There being no further business, Rev. Harman moved that the meeting be adjourned.

ADJOURNMENT

Mr. Tipton seconded, the motion carried and the meeting adjourned.

Jonathon P. Lilly, MD
Chair of the Licensure Committee

V. ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Licensure Committee Meeting Minutes
March 12, 2022

The Licensure Committee of the West Virginia Board of Medicine met via GoToMeeting on January 8, 2022 at 10:15 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Reverend Janet M. Harman
Kiran R. Patel, MD
Victoria L. Takubo, PA
Christopher J. Tipton, PA
Russell O. Wooton

The following Committee members were absent:

Radhakrishna U. Kukkillaya, MD
Timothy J. Donatelli, DPM

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the January 8, 2022 meeting. Mr. Tipton moved that the Committee approve the minutes. Ms. Takubo seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

Hugh Anthony Smith, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Smith, Ms. Takubo moved that the Committee place Dr. Smith's application on hold pending receipt of additional information regarding the final disposition of the matter currently pending before the Tennessee Board of Medical Examiners. Mr. Tipton seconded the motion, and the motion carried.

Anthony Jude Stephens, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Stephens, Mr. Tipton moved that the Committee place Dr. Stephens' application on hold pending updated information related to work history on his Uniform Application. Rev. Harman seconded the motion, and the motion carried.

Neil Shah, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Shah, Ms. Takubo moved that the Committee place Dr. Shah's application on hold pending updated information related to work history and his resumption of graduate medical training. Mr. Wooton seconded the motion, and the motion carried.

Allison Wierda Suttle, MD appeared before the Committee in support of her application for medical licensure. After a thorough discussion with Dr. Suttle, Dr. Patel moved that the Committee recommended approval of medical licensure via a non-disciplinary Consent Order restricting Dr. Suttle to the practice of administrative medicine and non-surgical obstetrics and gynecological medicine in out-patient settings only. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **David Philip Richards, MD** for traditional medical licensure. Dr. Richards currently holds a medical school faculty license and has applied for an unrestricted license pursuant to the modified graduate medical education standards established in SB 372 (2021). Dr. Patel moved that the

Committee recommend that the Board convert the license originally granted to Dr. Richards from a medical school faculty to a full, traditional license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee received an update on the application of **Leonard Anthony Reynolds, DPM** for reactivation of an expired podiatric medical license. Dr. Reynolds appeared before the Committee at its September 2021 meeting. After a thorough discussion with Dr. Reynolds, and due to his lengthy absence from clinical practice, the Committee placed Dr. Reynolds's application on hold pending receipt of additional information regarding Dr. Reynolds's current clinical ability to practice podiatric medicine with reasonable skill and safety and a plan for re-entry into clinical practice. The Committee's determination was communicated to the applicant. Dr. Reynolds's has expressed concerns for the cost of the most recently identified program. The Committee directed Board staff to communicate with Dr. Reynolds and reaffirm the Committee's willingness to consider other assessment options proposed by Dr. Reynolds. The application will remain on hold until and Board staff will communicate to Dr. Reynolds that his application will expire in June 2022 if no further action is taken by him.

The Committee received an update on the application of **Adaiah Abumeze Ezekiel, MD** for medical licensure. At its July meeting, the Committee placed Dr. Ezekiel's application on hold and offered her the opportunity to complete a CPEP assessment at her own expense, or to accept licensure through a Consent Order restricting her license to non-surgical gynecology and obstetrics and permit her to submit a plan of re-entry if she seeks to lift the restrictions in the future. Dr. Ezekiel has requested licensure via this Consent Order. Dr. Ezekiel's application will remain on hold and a status update will be available to the Committee at the next meeting.

The Committee reviewed and discussed the application of **Carson Wong, MD** for medical licensure. He has applied for an unrestricted license pursuant to the modified graduate medical education standards established in SB 372 (2021). Dr. Patel moved that

**NEW
DISCUSSIONS**

the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Robert Darrell Buck, Jr., MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **William Harry Hartz, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Osman Javed Qaiyum, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Kathleen Mary Sheridan, MD** for medical licensure. Dr. Patel moved that the Committee place Dr. Sheridan's application on hold pending additional information regarding the resolution of her current suspension of clinical privileges at Berkshire Medical Center. Rev. Harman seconded the motion, and the motion carried.

Dr. Patel has declared a conflict with the following applicant who is his son and has left the meeting.

The Committee reviewed and discussed the application of **Akhil Kiran Patel, MD** for medical licensure. Rev. Harman moved that the Committee request Dr. Patel's

appearance at its May 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

Dr. Patel has rejoined the meeting.

The Committee reviewed and discussed the application of **John Champ Neely, II, MD** for reactivation of medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the reactivation of the applicant's license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Nadeem Gul Qazi, MD** for reactivation of medical licensure. Rev. Harman moved that the Committee request Dr. Qazi's appearance at its May 2022 Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jason Howard Brajer, MD** for reactivation of medical licensure. Mr. Tipton moved that the Committee recommend that the Board grant the reactivation of the applicant's license to practice medicine and surgery in West Virginia. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Satnam Singh Aujla, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Mohamed Maznawi Zawahir, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr.

Zawahir's appearance at its May 2022 Committee Meeting. Mr. Wooton seconded the motion, and the motion carried.

The Committee received and reviewed a list of eighty-three initial medical license applicants whose applications did not require an appearance or individualized discussion. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Mr. Tipton moved that the Committee approve the identified initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed a list of three initial podiatric medical license applicants whose applications did not require an appearance or individualized discussion. The list of three initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Rev. Harman moved that the Committee approve the identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in November and December 2021:

IMLC Licenses Issued
IMLC LOQs Issued

IMLC Redesignation of State of Principal Licensure
Interstate Telehealth Registrations
Educational and Reciprocal Educational Permits Issued
Reinstatements of Licensure
Reactivations of Licensure
Change in Status of Medical Licensure to Active Status
Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee discussed the application process for applicants utilizing the provisions of Senate Bill 372. Mr. Tipton moved that the Committee authorized Board staff to process applications which utilize the eligibility requirements set forth in Senate Bill 372 as it does all other licensure applications. The Committee will continue to review and discuss all applications that require individual review for any reason, including when a determination needs to be made regarding whether an unaccredited fellowship is substantially equivalent to accredited training. Ms. Takubo seconded the motion, and the motion carried.

The Committee discussed the verification of podiatric postgraduate training process. Historically, the Board has not obtained primary source verification of graduate podiatric training. Primary source verification of graduate medical training is required for all physician applicants. In an effort to align these processes, Mr. Wooton moved that the Committee recommend that the Board approve requiring primary source verification of podiatric training as part of the podiatric license application process. This requirement would apply to all applications initially submitted as of March 14, 2022. Rev. Harman seconded the motion, and the motion carried.

The Committee received a report on bills that passed during the 2022 Legislative session and which relate to the work of the Committee, all of which were reported on during the Legislative Committee report earlier in the meeting today.

The Committee received an update on 2022 renewals. Interstate Telehealth Registration renewal began on February 2, 2022 and ends March 31, 2022. On May 4, 2022 renewal for MD licensure for those with last names A-L and all related Controlled Substance Practitioner Registration, Educational Permits and PLLCs will begin and will conclude on June 30, 2022.

There being no further business, Mr. Tipton moved that the meeting be adjourned. **ADJOURNMENT**
Rev. Harman seconded, the motion carried and the meeting adjourned.

VI. ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Licensure Committee Meeting Minutes
May 14, 2022

The Licensure Committee of the West Virginia Board of Medicine met at 101 Dee Drive, Charleston, West Virginia, on May 14, 2022 at 10:15 am.

The following Committee members were present:

Jonathan P. Lilly, MD, Chair
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Kiran R. Patel, MD
Victoria L. Takubo, PA
Christopher J. Tipton, PA
Russell O. Wooton

The following Committee member was absent:

Timothy J. Donatelli, DPM

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Sheree J. Thompson

With a quorum present, Dr. Lilly called the meeting to order. The Committee reviewed the minutes for the March 12, 2022 meeting. Dr. Patel moved that the Committee approve the minutes. Ms. Takubo seconded the motion, and the motion carried.

**CALL TO
ORDER**

**APPROVAL
OF MINUTES**

On April 18, 2022, Allison Wierda Suttle, MD and the Board entered into a Consent Order which issued Dr. Suttle a medical license and restricted her practice in West Virginia to administrative medicine and non-surgical obstetrics and gynecological medicine in out-patient settings. A Copy of this Consent Order is available on the Board’s website.

**CONSENT
ORDER
REPORT**

Dr. Patel declared a conflict with the following appearance with respect to the medical licensure application of Akhil Kiran Patel, MD due to a close familial relationship. Dr. Akhil Patel is the son of Dr. Patel. Having declared a conflict, Dr. Patel left the meeting room for the entirety of the Committee’s discussion with Dr. Akhil Patel, and its deliberation and action upon his application.

**APPEARING
APPLICANT**

Akhil Kiran Patel, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Patel, Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Rev. Harman seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

Thereafter, Dr. Patel rejoined the meeting.

Mohamed Maznawi Zawahir, MD appeared before the Committee in support of his application for medical licensure. After a thorough discussion with Dr. Zawahir, Dr. Patel moved that the Committee place Dr. Zawahir’s application on hold pending Dr. Zawahir’s interest in proceeding and receipt of information which establishes the current status of his Ontario license and the required re-entry plan for practice in that province, and information pertaining to the pending medical professional liability matter filed against him in St. Lawrence County, New York. Dr. Kukkillaya seconded the motion, and the motion carried.

Alexey Viktorovich Sergeev, MD appeared before the Committee in support of his application for a restricted license in extraordinary circumstances. After a thorough

discussion with Dr. Sergeev, and after reviewing the requirements for extraordinary circumstance licensure, Ms. Takubo moved that the Committee recommend to the Board that Dr. Sergeev be approved for restricted licensure in extraordinary circumstances and that the Board make the following findings:

1. Dr. Sergeev has exceptional education, training and practice credentials, including:
 - a. He completed his medical education, with honors, at I.M. Schevenov First Moscow State Medical University and subsequently received a Ph.D. in Medicine from Bakulev Scientific Center for Cardiovascular Surgery, both of which are internationally respected programs. As a student, Dr. Sergeev was selected as a laureate of the all-Russia Young Scientists' Conference on Cardiovascular issues;
 - b. Continuing throughout and after his training, and until 2018, Dr. Sergeev practiced at the Bakulev Scientific Center for Cardiovascular Surgery, including service as the Deputy Chief of the Department for Cardiac Electrophysiology;
 - c. Since 2018, Dr. Sergeev has served as the Head of the Cardiac Electrophysiology Department at the Lapino Medical Center;
 - d. He is an internationally recognized electrophysiologist who has performed over 2,280 catheter ablations and device implantations for heart rhythm management;
 - e. Dr. Sergeev was awarded the V.I. Burakovsky's Medal from the Russian Academy of Medical Sciences for his contribution to medicine;
 - f. He served on the editorial board of Annals of Arrhythmology, Russia's premier scientific journal in the field of arrhythmology;
 - g. In 2019, Dr. Sergeev was awarded a diploma from the Eurasian Association of Cardiothoracic Surgeons for contributing to the development of electrophysiology in Kyrgyzstan;
 - h. Dr. Sergeev has engaged in research in arrhythmias and thorascopic implantation techniques for implanting epicardial lead for biventricular cardiac pacing and new approaches for the epicardial ablation of ventricular tachycardia.
2. Dr. Sergeev's practice in the state would be beneficial to the public welfare because West Virginia has a significant need for electrophysiologists, and travel

out of state is common for West Virginians requiring electrophysiology care. Dr. Sergeev has also expressed an interest in continuing research while practicing in West Virginia, which can be beneficial to the citizens of this state.

3. Dr. Sergeev's specialty is electrophysiology cardiology, and there is a need for this specialty in West Virginia.
4. The applicant's education, training and practice credentials are substantially equivalent to the requirements of licensure established in W. Va. Code §30-3-10(b). While Dr. Sergeev's education and initial training occurred outside of the United States and are not, standing alone, substantially equivalent to the licensure requirements in this state, his training in Cardiovascular Surgery at Bakulev Scientific Center for Cardiovascular Surgery in association with his research, extensive clinical experience, scholarship, including primary or co-authorship of 40 peer reviewed articles, and satisfy this requirement.
5. Dr. Sergeev has no professional discipline which would render him ineligible for an extraordinary circumstances license.
6. Dr. Sergeev is eligible for a restricted license in extraordinary circumstances..

Ms. Takubo further moved that the Committee recommend that the Board grant Dr. Sergeev a restricted license in extraordinary circumstances restricted to the practice of electrophysiology cardiology. Mr. Tipton seconded the motion, and the motion carried.

Jeremiah William Hayanga, MD was scheduled to appear before the Committee in support of his application for conversion of medical school faculty licensure to a restricted license in extraordinary circumstance. He has requested to defer his appearance until the July 2022 Committee Meeting due to travel outside of the country. Ms. Takubo moved that the Committee grant Dr. Hayanga's request to defer his appearance until the July 2022 Committee Meeting. Mr. Wooton seconded the motion, and the motion carried.

Elie Khalifee, MD was scheduled to appear before the Committee in support of his request for licensing. In lieu of appearing, Dr. Khalifee requested to withdraw his application for West Virginia medical licensure. Ms. Takubo moved that the Committee

grant Dr. Khalifee’s request to withdraw his application. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the request to withdraw the application of **Adaiah Abumeze Ezekiel, MD** for medical licensure. Rev. Harman moved that the Committee recommend that the Board grant Dr. Ezekiel’s withdrawal request. Mr. Tipton seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS
WITHDRAW**

The Committee reviewed and discussed the request to withdraw the application of **Nadeem Gul Qazi, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant Dr. Qazi’s withdrawal request. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee received an update on the application of **Anthony Jude Stephens, MD** for medical licensure. Dr. Stephens appeared before the committee at its March 2022 meeting. The Committee placed his application on hold pending receipt of updated information related to his work history and training. Dr. Stephens provided additional information, however the Committee determined that Dr. Stephens’ training and work history remain incomplete. Ms. Takubo moved that the Committee keep Dr. Stephens’ application on hold and give him the opportunity to withdraw his application for medical licensure or to provide additional information to complete his application. Mr. Wooton seconded the motion, and the motion carried.

**RETURNING
DISCUSSIONS**

The Committee reviewed and discussed the application of **Neil Shah, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee received an update on the application of **Kathleen Mary Sheridan, MD** for medical licensure. Dr. Sheridan has asked for an extension to provide the additional

information sought by the Committee. Rev. Harman moved that the Committee keep Dr. Sheridan's application on hold pending receipt of additional information. Mr. Tipton seconded the motion, and the motion carried.

The Committee received an update on the application of **Hugh Anthony Smith, MD** for medical licensure. Mr. Tipton moved that the Committee keep Dr. Smith's application on hold pending receipt of additional information regarding the final disposition of the matter currently pending before the Tennessee Board of Medical Examiners. Mr. Wooton seconded the motion, and the motion carried.

The Committee received an update on the application of **Leonard Anthony Reynolds, DPM** for reactivation of an expired podiatric medical license. Dr. Reynolds appeared before the Committee at its September 2021 meeting. After a thorough discussion with Dr. Reynolds, and due to his lengthy absence from clinical practice, the Committee previously placed Dr. Reynolds's application on hold pending receipt of additional information regarding Dr. Reynolds's current clinical ability to practice podiatric medicine with reasonable skill and safety and a plan for re-entry into clinical practice. The Committee identified CPEP as an option and welcomed alternative evaluation and assessment programs Dr. Reynolds might propose. After its March 12, 2022 meeting, the Committee corresponded with Dr. Reynolds and advised that his application remained on hold and that any evaluation/assessment proposals he wished to submit needed to be provided prior to the Committee's May 14, 2022 meeting as his application would expire on June 9, 2022. Dr. Reynolds' shared communications with the Board which were unsuccessful in identifying an evaluation/assessment alternative. Dr. Reynolds requested additional time to continue to explore re-entry options and asked if it would "be possible to put him on an observations evaluation with another podiatrist." The Committee directed Board staff to communicate with Dr. Reynolds and reaffirm the Committee's willingness to consider other assessment options proposed by Dr. Reynolds. Dr. Patel moved that the Committee correspond with the applicant and notify him that while the Committee continues to approve this participation in an evaluation and assessment at CPEP, it cannot

maintain his application indefinitely, and absent his participation in an approved evaluation process prior to June 9, 2022, his application will expire. Ms. Takubo seconded the motion, and the motion carried

The Committee reviewed and discussed the application of **Ramazan Kamil Peker, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Peker's appearance at its July Committee Meeting. Mr. Tipton seconded the motion, and the motion carried.

**NEW
DISCUSSIONS**

The Committee reviewed and discussed the application of **Abbie Louis Fields, MD** for medical licensure. Dr. Patel moved that the Committee request Dr. Fields' appearance at its July Committee Meeting. Ms. Takubo seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Michael Antonio Reynolds, MD** for medical licensure. Ms. Takubo moved that the Committee request Dr. Reynolds' appearance at its July Committee Meeting. Dr. Kukkillaya seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Pearl Nuch Pakdi, MD** for medical licensure. Ms. Takubo moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jennifer Aylestock Myhre, MD** for medical licensure. Mr. Tipton moved that the Committee request Dr. Myhre's appearance at its July Committee Meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Scott David Myhre, MD** for medical licensure. Mr. Tipton moved that the Committee request Dr. Myhre's appearance at its July Committee Meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Neeta Mody Vargo, MD** for medical licensure. Dr. Patel moved that the Committee recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Mr. Tipton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Seyfi Alper Toker, MD** for modification of the terms of his restricted license in extraordinary circumstance. Ms. Takubo moved that the Committee recommend that the Board remove the practice location restrictions on Dr. Toker's restricted license in extraordinary circumstance so that Dr. Toker may practice thoracic medicine and surgery in West Virginia without any practice location restrictions. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and discussed the application of **Jianyi Zhang, MD** for medical licensure. Mr. Wooton moved that the Committee place Dr. Zhang's application on hold pending receipt of additional information related to his pending matters before the Virginia Board of Medicine. Mr. Wooton further moved that the applicant be provided information about the application withdrawal process. Ms. Takubo seconded the motion, and the motion carried.

The Committee received and reviewed a list of one hundred twenty-two initial medical license applicants whose applications did not require appearances or individualized discussions. A complete list of the initial physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 1.

Members of the Committee reviewed the list for conflicts. Rev. Harman declared a personal conflict with applicant Maggie Blackwell and left the meeting. Ms. Takubo moved that the Committee approve Maggie Blackwell and recommend that the Board grant the applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

Rev. Harman has rejoined the meeting

Members of the Committee reviewed the remaining list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the remaining initial medical licensure applicants and recommend that the Board grant each applicant a license to practice medicine and surgery in West Virginia. Dr. Patel seconded the motion, and the motion carried.

The Committee received and reviewed a list of four initial podiatric medical license applicants whose applications did not require appearances or individualized discussions. The list of four initial podiatric physician applicants considered by the Committee is attached to these minutes and incorporated herein by reference as Attachment 2.

Members of the Committee reviewed the list for conflicts. No conflicts having been declared, Ms. Takubo moved that the Committee approve the identified initial podiatric medical licensure applicants and recommend that the Board grant each applicant a license to practice podiatric medicine and surgery in West Virginia. Dr. Kukkillaya seconded the motion, and the motion carried.

In March, the Board approved requiring primary source verification of all podiatric training for applicants beginning March 14, 2022. The Committee reviewed the form provisionally used by Board staff since that date. Ms. Takubo moved that the Committee approve the form without modification. Mr. Wooton seconded the motion, and the motion carried.

The Committee reviewed and approved a new form proposed by Board staff which would update and replace the current Affidavit and Addendum 1. Mr. Wooton moved that the Committee approve the form and begin implementation prior to the July meeting. Ms. Takubo seconded the motion, and the motion carried.

Currently, all applicants for initial licensure are required to request and submit primary source verification of all licenses ever held. With the proliferation of telemedicine, this practice sometimes delays licensure. The FSMB operates a verification service called the Physician Data Center, which provides reports that include accurate and current records of a physician's licensure history. There may be a nominal lag time in information reported to the PDC, but some states have begun utilizing PDC in lieu of requiring primary source license verifications. The Committee carefully reviewed this issue and weighed the efficacy of the process and the value it can provide in expediting licensure. Dr. Patel moved that the Committee recommend that the Board authorize the utilization of the PDC report in lieu of primary source license verification for all initial physician applications and recommend that the transition occur prior to the July meeting. Rev. Harman seconded the motion, and the motion carried.

The Committee also received updates on the following licensure activity in March and April 2022:

- IMLC Licenses Issued
- IMLC LOQs Issued
- IMLC Redesignation of State of Principal Licensure
- Interstate Telehealth Registrations
- Educational and Reciprocal Educational Permits Issued
- Reinstatements of Licensure
- Reactivations of Licensure
- Change in Status of Medical Licensure to Active Status
- Emergency Practice Registrations (Out of State Physicians and Retired WV Physicians)

Copies of these reports are attached to these minutes and incorporated herein by reference as Attachment 3.

The Committee received a report on bills that passed during the 2022 Legislative session and which relate to the work of the Committee.

The Committee received an update on 2022 renewals. Interstate Telehealth Registration renewal ended on March 31, 2022. On May 4, 2022 renewal for MD licensure for those with last names A-L and all related Controlled Substance Practitioner Registration, Educational Permits and PLLCs began and will conclude on June 30, 2022. As of May 13, 2022, Board staff processed 879 physician renewals. The current number of physicians eligible for license renewal is 4493.

Dr. Patel has left the meeting at this time.

There being no further business, Ms. Takubo moved that the meeting be adjourned.

Mr. Wooton seconded, the motion carried and the meeting adjourned.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

July 11, 2021

The West Virginia Board of Medicine's Legislative Committee met at 101 Dee Drive, Charleston, West Virginia, at 10:00 am on July 11, 2021.

The following Committee members were present:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Dr. Calla moved that the minutes of the following Committee meetings be approved:

**APPROVAL
OF MINUTES**

May 16, 2021
June 16, 2021
June 23, 2021

Dr. Sheth seconded the motion, and the motion carried.

Dr. Challa moved that the Committee establish the following additional Committee meeting date and time to review and consider comments received in relation to the Board's proposed amendments to seven existing rules and a proposed new rule:

July 29, 2021 at 5:00 pm

Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reminded members that House Bill 2265, relating to collaborative pharmacy practice and updating rulemaking authority, was not passed during the 2021 legislative session. This bill would have amended the Pharmacy Practice Act to change the rulemaking authority for collaborative pharmacy practice to remove the Board of Medicine's joint authority with the West Virginia Board of Pharmacy and the West Virginia Board of Osteopathic Medicine for rulemaking. Instead, the Board of Medicine's role would be limited to advising on the rule. Members of the legislature requested that the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy work collaboratively to update W. Va. Code § 11-8-1 *et seq.* for introduction during the 2022 legislative session. Mr. Spangler reported that the Board of Pharmacy does not appear to be interested in updating the joint rule on collaborative pharmacy practice this year as previously contemplated, as many of the changes the Board of Pharmacy sought to implement are inconsistent with current statutory provisions. Board staff have communicated to the Board of Pharmacy that this Board remains open to working collaboratively with regard to updating the rule and identified some areas where modification could be made. Board staff will reach out to the Board of Pharmacy and the Board of Osteopathic Medicine to establish a meeting prior to the 2022 legislative session to discuss this joint rule.

Mr. Spangler reported that Senate Bill 372, providing greater discretion to the West Virginia Board of Medicine to approve graduate clinical training, became effective on March 9, 2021. This bill modifies W. Va. Code § 30-3-10 to provide a pathway for licensure for applicants who have completed fellowship training in programs for which accreditation is not available, but which meet other appropriate standards. Several physicians who held a specialty license prior to the passage of this legislation have recently converted to a traditional medical license. Additional licensees who currently hold a specialty license have requested an application to convert to a traditional medical license.

Mr. Spangler reported that Senate Bill 714, relating to the Physician Assistants Practice Act, became effective on July 8, 2021. As a result, the Board has updated its website, updated the practice notification form, and modified the initial physician assistant licensure application. The revised form and application will be available on the website tomorrow, July 12, 2021.

Mr. Spangler reported that House Bill 2024, relating to telemedicine, became effective on March 30, 2021. To implement the registration process and to establish rules related to the delivery of telehealth services to patients in West Virginia, Board staff filed an emergency rule with the West Virginia Secretary of State's Office. Once the emergency rule is in effect, the interstate telehealth registration application will be made available on the Board's website, and licensees and other credential holders will be notified via email.

At the June 23, 2021 meeting, the Committee approved the proposed new rule, W. Va. Code § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, and authorized Board staff to move forward with promulgation of the legislative and the emergency versions of this rule. Mr. Spangler reported that prior to filing the rule with the West Virginia Secretary of State's Office, Board staff made the following technical changes to the rule:

- Removed the word "automatically" in 4.6, 9.2 and 10.2
- Added the word "uncontested" in 9.2
- Clarified in 5.3.2 that the application renewal fee for physician assistants is \$50.00, which, consistent with prior direction from the Committee, is half of the initial application fee

Dr. Sheth moved that the Committee ratify the technical changes made by Board staff. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that on June 29, 2021, Board staff filed Notice of a Public Comment Period with the West Virginia Secretary of State's Office with regard to the following proposed rules:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*

- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W. Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

The Board is accepting written comments on the proposed amendments to the seven existing rules and the proposed new rule through 4:30 pm on July 29, 2021. The Committee preliminarily reviewed the following comments/inquires that were received prior to July 9, 2021:

- Matthew Q. Christiansen, MD, MPH submitted a comment regarding the proposed amendments to W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*. Currently, the Board requires all licensees who prescribe, administer or dispense controlled substances pursuant to a West Virginia license to complete a three-hour Board-approved continuing education course on drug diversion training and best practice prescribing of controlled substance training. Dr. Christiansen proposed expanding the course to include “some education on stigma and the evidence of effectiveness of Medication Opioid Use Disorder (MOUD) and referral to treatment.” Additionally, Dr. Christiansen proposed changing the name of the training to “drug diversion training, stigma education including addiction as a chronic disease, the basics of substance use disorder treatment and outcome of MOUD, and best practice prescribing of controlled substances training. Also, Dr. Christiansen suggested adding the following two additional components to the definition of drug diversion training and best practice prescribing of controlled substances:
 - 2.5.k. Training on the impacts of stigma on treatment effectiveness including the concept of addiction as a chronic disease; and

- 2.5.1. Introduction to MOUD and training on the effectiveness of MOUD treatment including the use of full opioid agonist, partial opioid agonist and opioid antagonists.
- David M. Glener, MD submitted a comment regarding W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*. Dr. Glener requested that the Board consider a carve-out exception in certain circumstances for practitioners who administer anesthesia.
- The following three individuals submitted comments/inquiries regarding the proposed new rule W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*.
 - John Ellis, MD commented that this rule does not seem to address West Virginia physicians or allow them to perform telehealth services. Additionally, Dr. Ellis observed that physicians licensed in West Virginia are not required to register to provide telehealth services. Dr. Ellis' correspondence did not identify any specific proposed modification to the proposed rule.
 - Su Fairchild, MD commented that the proposed rule seems reasonable. Additionally, Dr. Fairchild's correspondence inquired about the establishment of the physician-patient relationship via telemedicine technologies. Dr. Fairchild's correspondence did not identify any specific modification to the proposed rule.
 - James R. Shope, MD commented that for many years "telemedicine" has been practiced by Poison Control, Stroke Consult and most notably, after hour Radiology. Dr. Shope asked whether these practitioners will be required to be licensed to practice telehealth in West Virginia and inquired about the vetting process for practitioners who are practicing from non-United States locations. Dr. Shope's correspondence did not identify any specific proposed modification to the proposed rule.

As the correspondence received to date regarding W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, appears to be questions rather than comments, the Committee directed Board staff to respond to the questions proposed and notify each of the three individuals that the Committee does not read their correspondence as a comment upon the proposed rule or its contents, and invite them

to provide any comments/recommendations that they may have regarding the proposed amendments to the Board prior to 4:30 pm on July 29, 2021. The Committee will review all comments received on July 29, 2021, and each of the comments will be addressed at that time.

As established earlier in the meeting, following conclusion of the comment period on July 29, 2021, the Committee will meet to review and consider all comments that are received. Dr. Sheth moved that the Committee recommend that the Board delegate authority to the Legislative Committee to act on behalf of the Board at interim meetings with regard to authorizing the filing of the agency approved version of the pending legislative rules and any amendments or other necessary action related to emergency rulemaking. Dr. Donatelli seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

Mustafa Rahim, MD
Legislative Committee Chair

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Agenda
July 29, 2021 at 5:00 pm

CALL TO ORDER

Public Comments

Agenda Items:

- Rulemaking for 2022
 - Review of Comments Received on the Following Rules:
 - 11 CSR 1A
 - 11 CSR 1B
 - 11 CSR 5
 - 11 CSR 6
 - 11 CSR 10
 - 11 CSR 11
 - 11 CSR 14
 - 11 CSR 15

- Topics of Interest for the 2022 Legislative Session
 - Board Membership and Composition
 - Concealed Carry for Board Investigators
 - Other Topics of Interest to the Committee

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

July 29, 2021

The West Virginia Board of Medicine's Legislative Committee met via GoToMeeting at 5:00 pm on July 29, 2021.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Kishore K. Challa, MD, FACC
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Committee member did not attend the meeting:

Timothy J. Donatelli, DPM

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Jamie C. Frame
Andrew R. Wessels

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

CALL TO
ORDER

On June 29, 2021, Board staff filed Notice of a Public Comment Period with the West Virginia Secretary of State's Office with regard to the following proposed rules:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*

- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W. Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

Mr. Spangler reported that the comment period for proposed amendments to the seven existing rules and a proposed new rule concluded at 4:30 pm today, July 29, 2021. At its July 13, 2021, meeting, the Board authorized the Legislative Committee to evaluate comments received and adopt an agency-approved rule for filing with the West Virginia Secretary of State's Office. The Board received several comments on the proposed rules.

***Licensing and Disciplinary Procedures:
Physicians; Podiatric Physicians and Surgeons
W. Va. Code R. § 11-1A-1 et seq.***

The Board received one comment on this rule. WV Primary Care Association provided a consolidated comment on four of the Board's proposed rules and/or proposed rule amendments. With respect to this rule, WV Primary Care Association indicated that it is "encouraged by the WVBOM's progressive changes to physician and physician assistant licensing and telehealth regulation while still holding true to the legislative intent of relevant legislation." The commentor indicated that it believes the proposed changes will "allow providers under the purview of the WVBOM to practice at the top of their training without unnecessary red tape." The organization did not recommend any changes to the proposed rule.

Dr. Sheth moved that the Committee file the agency-approved version of W. Va. Code R. § 11-1A-1 *et seq.* as originally proposed and with no further amendments. Dr. Challa seconded the motion, and the motion carried.

***Licensure, Disciplinary and Complaint Procedures,
Continuing Education, Physician Assistants
W. Va. Code R. § 11-1B-1 et seq.***

During the comment period, the Board received four comments directly referencing 11 CSR 1B. In addition, the Board received a comment on a separate rule, 11 CSR 6, which relates to the definition of “drug diversion training and best practice prescribing of controlled substances training.” Inasmuch as that definition is also included in 11 CSR 1B, the Committee evaluated this comment with respect to both 11 CSR 6 and 11 CSR 1B.

Frederic D’Alauro, MD commented upon proposed amendments to subsections 9.2 of the 11 CSR 1B. The proposed amendments provide:

9.2. In addition to core duties, a physician assistant may perform ~~properly delegated medical acts within a medical specialty that he or she, by education, training and/or experience has the knowledge and competency to perform~~ commensurate with his or her education, training, and experience, which the physician assistant is competent to perform, and consistent with the rules of the Board. The physician assistant may only perform medical acts consistent with sound medical practice and that will protect the health and safety of the patient.

Dr. D’Alauro opined:

This law would exclude physician assistants from working in subspecialty medical settings in which they do not have experience and training. For example physician assistants should not be permitted to evaluate and treat emergency room patients, cardiology clinic patients and patients in intensive care without having education training and experience commensurate to treat such patients. Just graduating from a physician assistant program would not qualify them to practice in these subspecialty settings. I think the Board’s responsibility is to protect the health and welfare of West Virginia citizens. The law is clear in requiring Physician

assistants who want to work in subspecialty areas to obtain additional formal training before being permitted to practice subspecialty medicine.

Dr. D'Alauro also submitted an accompanying letter which further expresses his concerns over the expanding role of nurse practitioners and physician assistants in subspecialty practices, particularly without appropriate specialty education and training.

WV Primary Care Association provided a consolidated comment on four of the Board's proposed rules and/or proposed rule amendments. With respect to this rule, WV Primary Care Association indicated its support of the proposed amendments:

Given the rural areas that our members serve and the associated challenge of recruiting qualified physicians and physician assistants, we are especially excited about the revisions to proposed rule 11 CSR 1B.

The proposed revisions to rule 11 CSR 1B, among other things, allow physician assistants to register with the WVBOM via a practice notification instead of a practice agreement. We thank the WVBOM for extending this practice notification eligibility, which has been available to hospital-based physician assistants since 2019, to community-based providers such as health centers. This change promotes regulatory simplicity and equity. Moreover, we appreciate the WVBOM developing a simple, streamlined form for submission of practice notifications. These proposed rules revisions will reduce costs to our health centers from a compliance/legal standpoint and decrease the time needed to onboard new physician assistants.

The organization did not recommend any changes to the proposed rule.

The West Virginia Association of Physician Assistants indicated that the organization agrees with many aspects of the proposed amendments (and the associated emergency rule) but recommended three modifications:

With regards to 11CSR1b-14.2, we feel a fee of \$100 to file a practice notification places an undue financial burden on physician assistants and facilities. Neither physicians nor nurse practitioners in West Virginia have to provide a fee (other than for their licenses) to practice. Physician Assistants in Minnesota, where the basis of SB714 originated, have a notification with no fee. Many other states that do not require the practice agreement to be sent in, do not require a fee to practice such as Virginia, Minnesota, Massachusetts, Tennessee, Nebraska, Florida to name a few. We would like consider lower or no fee to file a practice notification. While

we understand financial implications, raising the licensing fee would help offset these.

With regards to 11CSR1B-14.3, written notification of practice notification filed to start practice. Part of the purpose for practice notification and scope determined at the practice level is to allow physician assistants to begin practice without extra administrative burdens. Having to delay waiting for board approval can make hiring a provider that is needed rapidly, to look at other professions to fill their need. Offering a grace period to start working while the practice notification is filed and approved would help solve this issue. Both New Jersey and Florida do similar while receiving what they require from the physician assistant.

With regards to 11CSR1B-17, since the CME requirements for renewal is similar to what the NCCPA requires to maintain certification. Would like to suggest that the CME requirements be met if valid NCCPA certification is maintained. Physician assistants that were required to complete the 3 hour drug diversion CME would still have to provide proof it is completed. Any physician assistant not NCCPA certified would still need to follow the current CME requirements and timeline. This would hopefully cut down on the Board's administrative burden since NCCPA status is required with license renewal.

K. Dean Wright, MPAS, PA-C, DFAAPA commented in support of the proposed changes to the rule.

Matthew Q. Christiansen, MD, MPH, Director, Office of Drug Control Policy, WV Department of Health and Human Resources, submitted a comment with respect to another rule for which the Board has proposed amendments, 11 CSR 6. Series 6 is the Board's rule with regard to continuing education for physicians and podiatric physicians. Dr. Christiansen's comment with respect to 11 CSR 6 related to language which is also included in 11 CSR 1B, as continuing education for PAs is covered by this rule. Accordingly, the Committee considered Dr. Christiansen's comment with respect to both proposed rule amendments.

Specifically, Dr. Christiansen proposed further expanding the scope of the 3-hour Board approved course on drug diversion training and best practice prescribing of controlled substances training to include "some education on stigma and the evidence of effectiveness of MOUD and referral to treatment." The term "drug diversion training and best practice prescribing training"

is defined in the definition section of 11 CSR 1B at subdivision 2.1.n. In the Board's proposed amendments, the definition of this training was amended to include:

2.1.n.12. Information related to substance use disorder treatment referral, including but not limited to programs and initiatives developed through the Governor's Council on Substance Abuse Prevention and Treatment, the Governor's Committee on Crime, Delinquency, and Correction, and/or W. Va. Code § 15-9-7;

Dr. Christiansen proposed changing the name of the training and suggested adding two additional components to the definition to incorporate training on the impacts of stigma on treatment effectiveness including the concept of addiction as a chronic disease and an introduction to MOUD and its effectiveness, including training on the use of full opioid agonist, partial opioid agonist, and opioid antagonists.

The Committee reviewed and considered each comment received, and engaged in a discussion of the additional amendments proposed by the commentors. Ms. Alley confirmed that the proposed rule does not include a fee increase, and that proposed rule is consistent with the provisions of the West Virginia Physician Assistants Practice Act which require notice of activation from the Board prior to the PA commencing practice. The Committee engaged in a lengthy discussion of the WVAPA's request that the Board accept NCCPS certification in satisfaction of the CME requirement for PAs. The Committee noted the recent legislative trend to develop clear separations between physician assistant licensure and professional certification. The Committee discussed the overlap of the Board's CME requirements and the NCCPA's certification requirements, and that the overlap does not appear to create any additional burden to certified physician assistants. Finally, the Committee noted that its rule currently permits physician assistants to utilize NCCPA recertification examination results to satisfy CME requirements. The Committee further discussed the proposed modifications submitted by Dr. Christiansen.

Dr. Sheth moved that the Committee approve the filing of W. Va. Code R. § 11-1B-1 *et seq.* as initially proposed with the following modifications to the definition of drug diversion training and best practice prescribing of controlled substances training:

2.1.n. “Drug diversion training and best practice prescribing of controlled substances training” means training which includes all of the following:

2.1.n.1. Drug diversion, including West Virginia statistics on prescription drug abuse and resulting deaths;

2.1.n.2. Epidemiology of chronic pain and misuse of opioids;

2.1.n.3. Indication for opioids in chronic pain treatment including general characteristics, toxicities and drug interactions;

2.1.n.4. Examination of patient evaluation and risk assessment and tools to assess risk and monitor benefits;

2.1.n.5. Initiation and ongoing management of chronic pain patient treated with opioid based therapies, including treatment objectives; monitoring and periodic review; referrals and consultations; informed consent; prescription of controlled substance agreements, urine screens and pill counts; patient education on safe use, storage and disposal of opioids; discontinuation of opioids for pain due to lack of benefits or increased risks; documentation and medical records;

2.1.n.6. Case study of a patient with chronic pain;

2.1.n.7. Identification of diversion and drug seeking tactics and behaviors;

2.1.n.8. Best practice methods for working with patients suspected of drug seeking behavior and diversion;

2.1.n.9. Compliance with controlled substances laws and rules;

2.1.n.10. Training on prescribing and administration of an opioid antagonist;

2.1.n.11. Training on the impacts of stigma on treatment effectiveness including the concept of addiction as a chronic disease;

2.1.n.12. Introduction to Medication for Opioid Use Disorder (MOUD) and training on the effectiveness of MOUD treatment including the use of full opioid agonist, partial opioid agonist, and opioid antagonists;

~~2.1.n.13.~~ 2.1.n.13. Registration with and use of the West Virginia Controlled Substances Monitoring Program established in ~~West Virginia~~ W. Va. Code Chapter 60A, Article 9; ~~and~~

2.1.n.14. Information related to substance use disorder treatment referral, including but not limited to programs and

initiatives developed through the Governor's Council on Substance Abuse Prevention and Treatment, the Governor's Committee on Crime, Delinquency, and Correction, and/or W. Va. Code § 15-9-7; and

2.1.n.1315. Maintenance of a record of attendance of each individual who successfully completes the drug diversion training and best practice prescribing of controlled substances training.

Dr. Challa seconded the motion, and the motion carried.

***Board of Medicine Rules for Dispensing of
Prescription Drugs by Practitioners
W. Va. Code R. § 11-5-1 et seq***

The Board received one comment on this rule. WV Primary Care Association provided a consolidated comment on four of the Board's proposed rules and/or proposed rule amendments. WV Primary Care Association commented favorably on the proposed rule changes, and did not suggest any modifications to the proposed rule.

Dr. Faheem moved that the Committee file the agency-approved version of W. Va. Code R. § 11-5-1 *et seq.* as originally proposed and with no further amendments. Dr. Challa seconded the motion, and the motion carried.

***Continuing Education for Physicians
and Podiatric Physicians
W. Va. Code R. § 11-6-1 et seq.***

The only comment the Board received on this rule was the comment from Dr. Christiansen, which the Committee previously reviewed and discussed. Dr. Sheth moved that, consistent with the modifications adopted with respect to W. Va. Code R. § 11-1B-1 *et seq.*, that W. Va. Code R. § 11-6-1 *et seq.* be modified to incorporate training on the impacts of stigma on treatment effectiveness including the concept of addiction as a chronic disease and an introduction to MOUD and its effectiveness, including training on the use of full opioid agonist, partial opioid agonist, and opioid antagonists. Dr. Challa seconded the motion, and the motion carried.

***Practitioner Requirements for Accessing the West Virginia
Controlled Substances Monitoring Program Database
W. Va. Code R. § 11-10-1 et seq.***

The Board received two comments on this rule. David M. Glener, MD requested that the Board consider a carve-out exception to the general requirement that all practitioners who prescribe or dispense a Schedule II controlled substance or any opioid or benzodiazepine must first access the West Virginia Controlled Substances Monitoring Program Database for practitioners who administer anesthesia in hospitals. Dr. Glener's comment was previously provided to the Committee for review. At the request of the Committee, Board staff reviewed the comment and conducted outreach to the West Virginia Board of Pharmacy on this issue. Second, the West Virginia Orthopaedic Society ("WVOS") submitted a similar comment, opining that accessing the CSMP in the emergency room and operating room settings would be very difficult:

First, in the prescribing of narcotic rules for utilization of the data bank, I see no clarification if this includes the emergency room and operating room setting. It would be very difficult to add this to the must do list during on call visits to reduce fractures and providing other emergent call without the support of office staff. The same applies to the operating room setting. Frequently, there is minimal time to complete orders and other already required paper work before starting another surgery. This is especially so for private practice based surgeons without residents to assist in such requirements. The office setting has multiple tiers of staff to assist for patients in that setting.

The Committee reviewed and carefully considered these comments. The Committee having previously reviewed Dr. Glener's comment, asked staff to report on any additional information it was able to obtain about the use of the CSMP database in hospital settings. Ms. Alley reported that Board staff conducted outreach to the West Virginia Board of Pharmacy regarding CSMP use and access in hospital settings. Board staff were able to confirm that some hospitals in West Virginia have real-time access to the CSMP data for hospitalized patients as a functionality built into the electronic health record system. If this is the case, the practitioners who provide patients with Schedule II controlled substances, opioids and/or benzodiazepines "access" the CSMP data directly in the patient electronic medical record. Additionally, providers routinely

utilize delegates to conduct the actual CSMP data search. This can also occur in hospital settings, where the results can then be made available to all prescribing/dispensing/administering providers.

Ms. Alley further reported that Board staff discussed with the Board of Pharmacy the important public safety objectives underpinning the requirements of W. Va. Code § 60A-9-5a. A review of a patient's controlled substance prescription history may be highly relevant to whether a patient should be provided certain controlled substances in a hospital setting. While there may be emergency situations where a lack of patient identity information may impede compliance W. Va. Code § 60A-9-5a, the advancement of hospital electronic health records to include real-time access to the CSMP data and the use of delegates weigh against the need for a specific carve-out for providers of anesthesiology. Ms. Alley reported that Board staff and Board of Pharmacy staff are in accord that the proposed rule comports with the language of the statute, and that the exception sought by the commenters would require a statutory change.

Dr. Faheem moved that the Committee file the agency-approved version of W. Va. Code R. § 11-10-1 *et seq.* as originally proposed, and with no further amendments. Dr. Sheth seconded the motion, and the motion carried.

***Establishment and Regulation of Limited License to Practice Medicine
and Surgery at Certain State Veterans Nursing Home Facilities
W. Va. Code R. § 11-11-1 et seq.***

The Board did not receive any comments on this proposed rule. Dr. Challa moved that the Committee file the agency-approved version of W. Va. Code R. § 11-11-1 *et seq.* as originally proposed, and with no further amendments. Dr. Sheth seconded the motion, and the motion carried.

***Registration to Practice During Declared State of Emergency
W.Va. Code R. § 11-14-1 et seq.***

The Board did not receive any comments on this proposed rule. Dr. Sheth moved that the Committee file the agency-approved version of W. Va. Code R. § 11-11-1 *et seq.* as originally

proposed, and with no further amendments. Dr. Challa seconded the motion, and the motion carried.

***Telehealth and Interstate Telehealth Registration for Physicians,
Podiatric Physicians and Physician Assistants
W. Va. Code R. § 11-15-1 et seq.***

The Board received communications from seven commenters regarding this proposed rule. At a previous meeting, the Committee considered the comments from the following individuals:

- John Ellis, MD commented that this rule does not seem to address West Virginia physicians or allow them to perform telehealth services. Additionally, Dr. Ellis observed that physicians licensed in West Virginia are not required to register to provide telehealth services. Dr. Ellis' correspondence did not identify any specific proposed modification to the proposed rule.
- Su Fairchild, MD commented that the proposed rule seems reasonable. Additionally, Dr. Fairchild's correspondence inquired about the establishment of the physician-patient relationship via telemedicine technologies. Dr. Fairchild's correspondence did not identify any specific modification to the proposed rule.
- James R. Shope, MD commented that for many years "telemedicine" has been practiced by Poison Control, Stroke Consult and most notably, after hour Radiology. Dr. Shope asked whether these practitioners will be required to be licensed to practice telehealth in West Virginia and inquired about the vetting process for practitioners who are practicing from non-United States locations. Dr. Shope's correspondence did not identify any specific proposed modification to the proposed rule.

As the correspondence from these three individuals appeared to be questions rather than comments, the Committee previously directed Board staff to respond to the questions proposed and notify each of the three individuals that the Committee does not read their correspondence as

a comment upon the proposed rule or its contents, and invite them to provide any comments/recommendations that they may have regarding the proposed amendments to the Board prior to 4:30 pm on July 29, 2021. Follow-up correspondence was not received from any of these commenters.

Skip White, Associate General Counsel for Piedmont Liability Trust, which represents clinicians practicing at the University of Virginia. He expressed enthusiasm for the new Telehealth Practitioner Registration program. Mr. White also posed a question concerning whether the rule requires residents and fellows at out-of-state academic medical centers to obtain a WV telehealth registration in order to provide telehealth services under the supervision of an attending.

WVOS submitted a comment addressing two of the Board's proposed rules. With regard to 11 CSR 15, WVOS commented that telehealth "would make it much easier for mega tertiary centers such as UPMC and Cleveland Clinic to cherry pick well insured patients for orthopedic surgery. This would leave us treating an even higher percentage of Medicare/Medicaid patients while we would still be stuck taking care of complications on those that left in our emergency rooms. Further cuts from any reason would most likely make it impossible to continue the private practice model of orthopedic care in our state."

WV Primary Care Association provided a consolidated comment on four of the Board's proposed rules and/or proposed rule amendments. WV Primary Care Association commented favorably on the proposed rule changes, and did not suggest any modifications to the proposed rule.

Kyle Zebley, Public Policy Director for the American Telemedicine Association provided a proposed comment which is favorable to the proposed rule in many regards. Mr. Spangler reported that the ATA indicated that it was supportive of many aspects of the rule, including the creation of a registration system "that allows out-of-state providers to easily and efficiently submit their registration application to the Board so that they can render care to West Virginia citizens" and the "permissive definition of telehealth created by HB2024 and adopted by the Board that

allows for the use of synchronous and asynchronous modalities by providers. Mr. Spangler further reported that the ATA identified a specific concern:

The ATA is concerned that there may be confusion for providers around the standard of care language found in Section 7 of the proposed rules. While the language in the proposed rule at §11-15-7.4 et al is similar to the language found in §30-1-26(b)(4), the proposed rule notably differs from the legislation by not distinguishing that this standard of care only applies to “established patients” as defined in both statute at §30-1-26(a) and in the proposed rules §11-15-2.4. House Bill 2024 bifurcated telehealth patients into two categories: (1) an “established patient” who “has received professional services, face-to face, from the physician, qualified health care professional, or another physician or qualified health care professional of the exact same specialty and subspecialty who belongs to the same group practice, within the past three years,” and (2) a “virtual telehealth” patient who is a “new patient or follow-up patient for acute care that does not require chronic management or scheduled medications.” The legislative intent behind the bifurcation of “established patient” and “virtual telehealth” patient was to ensure that patients living with chronic conditions are regularly seen in-person by their providers. This legislative decision is what gave rise to a legislated standard of care that mandates a yearly encounter for “established patients.” While the ATA believes that the decision on whether to require that a patient have an in-person encounter is best left to the discretion of the treating healthcare provider in conjunction with the patient’s preferences, we understand that the legislature has spoken on this matter. However, the legislature only dictated this mandate for “established patients” – not for “virtual patients.” This distinction is not reflected in the proposed rules as §11-15-7.4 encapsulates all patients, not just “established patients” as is contemplated by the authorizing Code section at §30-1-26(b)(4).

With this in mind, the ATA suggests that the Board amend their proposed rules to include the definition of “virtual telehealth” patient - as found in §5-16-7b (7) – and make clear that the standard of care as posited in §11-15-7.4 et al is limited to “established patients” and does not encapsulate “virtual telehealth” patients. By making this change, it will ensure that more West Virginia patients are able to receive the care they want, need, and deserve.

The Committee reviewed and considered each of the comments it received, and engaged in robust discussion of the concerns raised by Mr. White, WVOS and ATA. The Committee members affirmed that it was not the intention of the rule to implicitly or explicitly authorize out of state educational permit holders to practice telemedicine to patients in West Virginia. The Committee acknowledged the economic concerns identified by WVOS, but concluded that the rule

was required by, and in conformity with legislative directives. In light of the ATA comment, the Committee also reviewed with Board staff the legislative rulemaking authority conferred to it in West Virginia Code § 30-1-26(b), which explicitly authorizes the Board to promulgate rules regarding the standard of care. The Committee discussed the Board’s commitment to a uniform standard of care for all telehealth patients provides clarity and certainty for patients and providers, and a desire to avoid the creation of two classes of patients, purely based upon the method by which the provider-patient relationship is established, all of whom are entitled to the same standard of care.

Dr. Sheth moved that the Committee approve the filing of W. Va. Code R. § 11-15-1 *et seq.* as initially proposed with the following modification of subsection 3.7:

3.7. Nothing in this section shall prohibit a West Virginia educational permit holder from providing telehealth services in conformity with the guidelines, requirements, and supervision of the physician’s graduate medical education training program.

Dr. Faheem seconded the motion, and the motion carried.

The Committee discussed Board composition and proportionality with respect to membership of the respective regulated professions. Most recently, the Board’s composition was modified to add second physician assistant member to the Board. This resulted in a total membership of 16 individuals:

MEMBER TYPE	NUMBER OF MEMBERS
State Health Officer (ex officio)	1
Medical Doctor	8
Doctor of Podiatric Medicine	2
Physician Assistant	2
Lay (Citizen)	3

With the resignation of Dr. Lakin on June 30, 2021, there currently one podiatric physician vacancy on the Board. Currently, the Board licenses 126 podiatric physicians. The Committee discussed ways to reconstitute the Board to increase lay member representation and to make the current composition of the Board more proportional with respect to the professions regulated. The Committee discussed whether membership had to be static, or if statutory language could be drafted which would modify composition when certain milestones occur. The Committee also discussed the benefit of having an odd number of board members as opposed to the current number of 16. Dr. Challa moved that the Board pursue a statutory change to the Medical Practice Act to appropriately reflect the current composition of the licensure classes by seeking to reduce the number of Board members to fifteen through the elimination of the vacant podiatric physician seat. Dr. Faheem seconded the motion, and the motion carried.

Mr. Spangler discussed with the Committee its prior efforts to introduce legislation which would permit Board of Medicine investigators to carry a firearm while on duty and in the course of their work for the Board. Prior iterations of the bill included a requirement for specialty training to be eligible to carry a firearm under this provision. Dr. Faheem moved that the Committee direct Mr. Spangler to reach out to legislative staff to seek reintroduction of this legislation during the 2022 legislative session. Dr. Sheth seconded the motion, and the motion carried.

The Committee briefly discussed other potential topics of interest for the upcoming legislative session. Mr. Spangler reported that the Senate Health Chair has scheduled a meeting between his office, the Board, and the Board of Pharmacy to discuss collaborative pharmacy practice rule. The meeting is scheduled for next Tuesday. Mr. Spangler will follow-up with counsel to the Senate Health Committee regarding scheduling and attendance.

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. **ADJOURNMENT**
Faheem seconded the motion, and the motion carried.

Mustafa Rahim, MD
Legislative Committee Chair

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Agenda
September 12, 2021 at 10:00 am

CALL TO ORDER

Public Comments

Approval of Minutes

- July 11, 2021
- July 29, 2021

Agenda Items:

- Update on Status of the Board's Agency Approved Rules Promulgated for Legislative Consideration
 - 11 CSR 1A
 - 11 CSR 1B
 - 11 CSR 5
 - 11 CSR 6
 - 11 CSR 10
 - 11 CSR 11
 - 11 CSR 14
 - 11 CSR 15

- Update on Collaborative Pharmacy Practice

- Update Regarding Proposed Bill Authorizing Concealed Carry for Board Investigators

- Update Regarding Proposed Bill Concerning Board Composition and Membership

- Consideration of Other Legislative Topics for the 2022 Legislative Session
 - Opioid Reduction Act Update
 - Sexual Misconduct Workgroup

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Legislative Committee Minutes

September 12, 2021

The West Virginia Board of Medicine's Legislative Committee met via GoToMeeting at 10:00 am on September 12, 2021.

The following Committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Committee members did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Andrew R. Wessels

The following guest attended the meeting:

Robert Barata

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Cross.

**CALL TO
ORDER**

Dr. Challa moved that the minutes of the following Committee meetings be approved:

**APPROVAL
OF MINUTES**

July 11, 2021
July 29, 2021

Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reported that Board staff have filed the agency approved version of the following rules with the West Virginia Secretary of State's Office:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W.Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

The Legislative Rule Making Review Committee will consider the Board's rules on Wednesday, September 15, 2021, after which technical amendments and substantive modifications may need to be made to some of the proposed rules.

Mr. Spangler reported that members of the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy met with legislative staff to discuss the Board's joint rule W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. During the discussion, the Boards were tasked with identifying what duties a pharmacist may be able to perform beyond obtaining vital signs but short of conducting a physical examination. Board of Medicine staff have reached out to the Board of Pharmacy regarding this matter and are awaiting a response. The Board

of Pharmacy's Legislative Committee is scheduled to meet on Monday, September 20, 2021. Board of Medicine staff anticipate receiving a response from the Board of Pharmacy following their Legislative Committee meeting. Board staff will continue to monitor this issue to ensure appropriate Board of Medicine input on any proposed legislative changes.

Prior to today's meeting, a copy of a proposed bill which would permit Board of Medicine investigators to carry a concealed weapon was made available for members to review. Mr. Spangler reported that he has had discussions with legislators regarding re-introduction of a bill which would permit Board of Medicine investigators to carry a concealed weapon in the course of their professional duties. The bill language was provided to legislative staff for introduction during the 2022 legislative session.

Prior to today's meeting, a copy of a proposed bill which would eliminate one podiatric physician seat on the Board and reduce board composition from sixteen members to fifteen members, was made available for members to review. Mr. Spangler reported that the Board currently licenses 7680 physicians who hold eight seats on the Board, 1124 physician assistants who hold two seats on the Board and 126 podiatric physicians who hold two seats on the Board. Dr. Faheem moved that the Committee recommend that the Board pursue legislative action to reduce the number of board members to fifteen by eliminating one podiatric physician seat from the Board. Dr. Challa seconded the motion, and the motion carried. Mr. Spangler will communicate the proposed bill to the appropriate parties at the legislature.

Mr. Spangler reported that as a result of changes to the physician assistant prescribing authority implemented by Senate Bill 714, it may be appropriate to review the Opioid Reduction Act to determine if legislative changes are needed. The Committee directed board staff to review the Opioid Reduction Act and to report back to the Committee at a future meeting regarding whether modifications are needed.

Mr. Spangler reported that the Board's Physician Sexual Misconduct Workgroup was established after the Federation of State Medical Boards issued a report on sexual misconduct. It is anticipated that the Workgroup will meet in the near future. The Legislative Committee invites

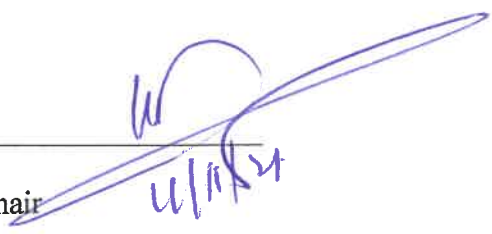

the Workgroup to submit any proposed legislative changes it recommends in advance of the Committee's November 2021 meeting.

Mr. Spangler reported that the Legislative Committee may receive a formal request from the Licensure Committee to consider establishing an administrative license. The Committee directed Board staff to obtain additional information relating to this matter.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

Mustafa Rahim, MD
Legislative Committee Chair

Public Comments

Approval of Minutes

- September 12, 2021

Agenda Items:

- Update Regarding:
 - Board of Medicine Rules and Bills for Introduction During the 2022 Legislative Session
 - 11 CSR 8, *Collaborative Pharmacy Practice*

- Consideration of Other Legislative Topics for the 2022 Legislative Session
 - Opioid Reduction Act Update
 - Sexual Misconduct Workgroup Request Regarding Medical Practice Act
 - Licensure Committee Request Regarding Administrative License
 - Other Topics of Interest to the Committee

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
November 7, 2021

The West Virginia Board of Medicine's Legislative Committee met via GoToMeeting at 10:00 am on November 7, 2021.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Acting Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Committee member did not attend the meeting:

Mustafa Rahim, MD, Legislative Committee Chair

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

In the absence of Dr. Rahim, Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

CALL TO
ORDER

Dr. Faheem moved that the minutes of the Committee's September 12, 2021 meeting be approved. Dr. Sheth seconded the motion, and the motion carried.

APPROVAL
OF MINUTES

Mr. Spangler reported that the Legislative Rule-Making Review Committee has approved the following rules, some with minor technical modifications:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W. Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*

Board staff have filed the above rules with the West Virginia Secretary of State's Office for consideration during the 2022 legislative session.

Mr. Spangler reported that W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, has not yet been considered by the Legislative Rule-Making Review Committee. Board staff have been informed that there is some opposition to the requirement that a provider verify that a patient has visited an in-person health care practitioner within twelve months of the initial telehealth service, even though there are broad exceptions to this requirement. The Legislative Rule-Making Review Committee will consider this rule at a later date. The Legislative Committee is committed to supporting the current version of this rule.

Dr. Amjad joined the meeting at this time.

Prior to today's meeting, a letter from the Board of Pharmacy and a copy of a proposed bill, which would amend W. Va. Code § 30-5-1 *et seq.*, *Pharmacists, Pharmacy Technicians, Pharmacy Interns and Pharmacies*, was made available for members to review. Mr. Spangler

reported that Board of Medicine staff members continue to engage with legislators, legislative staff, the Board of Osteopathic Medicine and the Board of Pharmacy concerning collaborative pharmacy practice, which is currently proscribed by statute and the Board's joint rule W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. The bill proposed by the Board of Pharmacy removes the informed consent requirement, expands the role of pharmacists to "perform patient evaluations" and eliminates the Board of Medicine's and the Board of Osteopathic Medicine's role in approving collaborative agreements. Following discussion, Dr. Faheem moved that the Committee oppose the statutory changes proposed by the Board of Pharmacy. Dr. Sheth seconded the motion, and the motion carried. Board staff will communicate the opposition to the appropriate individuals.

At the September 12, 2021 meeting, the Committee directed Board staff to review the Opioid Reduction Act to determine whether modifications are needed as a result of the changes to the physician assistant prescribing authority implemented by Senate Bill 714. Mr. Spangler reported that Board staff have reviewed the Opioid Reduction Act and have determined that no modifications are needed as a result of Senate Bill 714.

Mr. Spangler reported that the Board's Physician Sexual Misconduct Workgroup met on October 18, 2021. Mr. Spangler asked Ms. Alley to provide an overview of the Physician Sexual Misconduct Workgroup's recommendations. Ms. Alley reported that the Physician Sexual Misconduct Workgroup recommended that the Legislative Committee modify the West Virginia Medical Practice Act by:

- Modifying the existing language in 30-3-14(c)(8) to include a prohibition on sexual misconduct with rulemaking authority to the Board to define sexual misconduct.
- Incorporating a robust duty to report requirement with consequences for failure to report and protection for good faith reporters.
- Incorporating a prohibition on licensure and practice in West Virginia when a pending unprofessional conduct matter exists in another state that, if proven, would also constitute unprofessional conduct in this state until after the pending matter is resolved.

Dr. Sheth moved that the Committee accept the Physician Sexual Misconduct Workgroup's recommendations and authorized Board staff to begin drafting proposed legislation. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that the Licensure Committee regularly evaluates applications from physician applicants who have been out of clinical practice for several years for a variety of reasons. Most commonly, the applicant has self-limited his or her practice to administrative medicine. Currently, the Board's only pathway to license applicants and limit practice to administrative medicine is through a Consent Order process, which can create collateral consequences in other states. The Licensure Committee met on November 6, 2021 and recommended that the Legislative Committee pursue legislation to create a licensing pathway for physicians who seek to practice administrative medicine in West Virginia without utilizing the Consent Order process. Dr. Sheth moved that the Committee authorized Board staff to draft proposed legislation which establishes a new pathway to licensure which includes a clear delineation between administrative practice and clinical practice. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that a proposed bill which would permit Board of Medicine investigators to carry a concealed weapon in the course of his or her professional duties has been provided to legislative staff for introduction during the 2022 legislative session.

Mr. Spangler reported that a proposed bill which would reduce the number of board members to fifteen by elimination one podiatric physician seat from the Board has been provided to legislative staff for introduction during the 2022 legislative session.

ADJOURNMENT

There being no further business to consider, Dr. Faheem moved that the meeting adjourn. Dr. Sheth seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
January 9, 2022

The West Virginia Board of Medicine's Legislative Committee met via GoToMeeting at 10:00 am on January 9, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
Ashish P. Sheth, MD

The following committee member did not attend the meeting:

Kishore K. Challa, MD, FACC

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

The following newly appointed Board member attended the meeting as a guest:

Radhakrishna U. Kukkillaya, MD

The following guest joined the meeting:

John Law, Executive Director, West Virginia State Medical Association

The following board member attended a portion of the meeting as a guest:

Angela A. Mayfield

With a quorum present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Dr. Rahim welcomed newly appointed board member, Radhakrishna U. Kukkillaya, MD and John Law, Executive Director of the West Virginia State Medical Association to the meeting.

Prior to today's meeting, a copy of the draft November 7, 2021 meeting minutes were made available for members to review. Dr. Sheth moved that the minutes of the Committee's November 7, 2021 meeting be approved. Dr. Donatelli seconded the motion, and the motion carried.

APPROVAL
OF MINUTES

The Committee reviewed the following proposed interim meeting dates:

Tuesday, January 25, 2022 at 4:30 pm

Tuesday, February 8, 2022 at 4:30 pm

Tuesday, February 22, 2022 at 4:30 pm

Tuesday, March 8, 2022 at 4:30 pm

Dr. Sheth moved that the interim meeting dates be accepted, but that the time be changed to 5:00 pm. Dr. Donatelli seconded the motion, and the motion carried.

Dr. Amjad joined the meeting as Mr. Spangler reported that the Legislative Rule-Making Review Committee (LRMRC) reviewed the Board's proposed rule, W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, and amended subsection 7.4, related to the standard of care. The Board's proposed rule provided that the standard of care requires a telehealth provider to verify that a patient has visited an in-person health care practitioner within twelve months of an initial telehealth service by the provider or the provider's telehealth service or company. The rule also included exemptions for certain practice specialties and a waiver if the telehealth provider documents in the patient medical record that the in-person visit is not required. The LRMRC amendment removes this requirement for patients who are designated as "existing patients," essentially creating two standards of care for West Virginia patients. Dr. Sheth moved that the Committee recommend that the Board continue to oppose this change to the proposed rule as the rule progresses through the legislative process. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that board staff continue to engage with legislators, legislative staff, the West Virginia Board of Osteopathic Medicine, and the West Virginia Board of Pharmacy concerning collaborative pharmacy practice, which is currently established and regulated by statute and the Board's Joint Rule W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. At the request of Delegate Rohrbach, Dr. Sheth, Mr. Spangler, and Mr. Foster will meet with legislative staff on Wednesday, January 12, 2021 to further discuss the Board of Pharmacy's proposed legislation regarding collaborative pharmacy practice.

Prior to today's meeting, a copy of three proposed bills which would modify the West Virginia Medical Practice Act were made available for members to review. Mr. Spangler reported that the first proposed bill would add a new section, designated as W. Va. Code § 30-3-11c, which would create an administrative medicine license for physicians who do not seek to practice clinical medicine. Board staff provided an overview of the proposed bill. Dr. Sheth moved that the Committee recommend that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that the next proposed bill would amend W. Va. Code § 30-3-10 to prohibit licensure and relicensure in West Virginia if an applicant is prohibited from practicing in another jurisdiction for conduct which is substantially equivalent to an act of unprofessional conduct prohibited by W. Va. Code § 30-3-14(c) or is the subject of an unresolved administrative complaint in another jurisdiction for certain enumerated categories of unprofessional conduct. Board staff provided an overview of the proposed bill. Dr. Sheth moved that the Committee recommend that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that the third proposed bill would amend W. Va. Code § 30-3-14 to establish a duty to report certain incidents of provider misconduct by Board of Medicine licensees, permit holders and registrants, to provide civil immunity for good faith reports to the board, to modify the grounds for professional discipline and license denial to include a prohibition on a

broader array of provider sexual misconduct, and to provide rulemaking authority to the board to promulgate rules relating to sexual misconduct by providers licensed or authorized by the board. Board staff provided an overview of the proposed bill. Dr. Donatelli moved that the Committee recommend that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. Dr. Sheth seconded the motion, and the motion carried.

Ms. Mayfield joined the meeting at this time.

Mr. Spangler reported that it is customary for the Board to delegate authority to the Legislative Committee to act on behalf of the Board as necessary to respond to legislative matters when the legislature is in session. Dr. Sheth moved that the Committee request that the Board delegate the Legislative Committee authority to act on behalf of the Board as necessary throughout the 2022 legislative session. Dr. Donatelli seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Donatelli seconded the motion, and the motion carried.

Mustafa Rahim, MD
Legislative Committee Chair

WEST VIRGINIA BOARD OF MEDICINE
Amended Legislative Committee Agenda
January 25, 2022 at 5:00 pm

CALL TO ORDER

Public Comments

Agenda Items:

- **Consideration of Proposed Board of Pharmacy Bill Regarding Collaborative Practice**
- **Proposed Board of Medicine Bills Awaiting Sponsors and/or Introduction**
- **Consideration of Bills Which Have Been Introduced During Since January 12, 2022**
 - **Board of Medicine Bills**
 - **Board of Medicine Rule Bills**

Rule	Description	Bill Numbers
11 CSR 1A	Licensing and Disciplinary Procedures; Physicians, Podiatric Physicians and Surgeons	SB 364 and HB 4203

- **New Bills Introduced after January 18, 2021**

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
January 25, 2022

The West Virginia Board of Medicine's Legislative Committee met via GoToMeeting at 5:00 pm on January 25, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Ashish P. Sheth, MD

The following committee member did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

The following member of the public attended a portion of the meeting:

Carter Rothman

With a quorum present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame. **CALL TO ORDER**

Ms. Alley reported that Mr. Spangler was currently at the legislature and would be joining the meeting a little late. With authorization from Dr. Rahim, Ms. Alley elected to discuss bills out of the order in which they appear on the agenda.

Ms. Alley reported that **House Bill 4674** and **Senate Bill 271**, relating to administration of anesthetics, has been introduced. These bills change the educational requirements for certified

registered nurse anesthetists (CRNAs) and provide that the administration of anesthesia may be provided by a CRNA in cooperation with an anesthesiologist. However, if an anesthesiologist is not readily available, a CRNA may administer anesthesia in cooperation with a physician or a dentist. A similar bill was introduced during the 2021 legislative session but was not passed.

Ms. Alley reported that **House Bill 2707**, relating to prescriptive authority for advanced practice registered nurses (APRN), has been introduced. Currently APRNs must enter into collaborative agreements with physicians for prescriptive authority for a period of time prior to obtaining independent prescriptive authority outside of a collaborative agreement. This bill would permit an APRN to collaborate with a qualified physician or a qualified APRN. In the proposed bill, a qualified APRN is defined as an APRN “who has prescribed independently for 10 years.” Currently, APRNs are permitted to prescribe a three-day supply of a Schedule II medication; however, the proposed bill would allow an APRN to prescribe up to thirty days of a Schedule II medication. Additionally, the current statute permits an APRN to prescribe medications without entering into a collaborative agreement if the APRN has practiced “at least three years in a duly-documented collaborative relationship with granted prescriptive authority”. The proposed bill would decrease this requirement from three years to one year. This bill would also abolish the Joint Advisory Council on Limited Prescriptive Authority.

Mr. Rothman joined the meeting at this time.

Ms. Alley reported that **House Bill 4111**, relating to the prescriptive authority of APRNs, has passed House Health and Human Resources Committee with a committee substitute and now moves to House Judiciary Committee. As introduced, this bill would amend the Physician Assistants Practice Act (PAPA) to remove prescribing limitations for advanced practice registered nurses (APRNs) and place the prescribing limitations for APRNs in W. Va. Code §30-7-15a, which is the statute which relates to APRNs. The committee substitute eliminates the Board of Medicine’s ability to rule make on prescriptive authority for APRNS and establishes that:

(c)(1) A physician assistant may:

(A) Not prescribe a Schedule I

(B) Prescribe a 3 day supply of a Schedule II narcotic

(2) There are no other limitation on a physician assistant's prescribing authority, except as provided in W. Va. Code §16-54-1 *et seq.*

Mr. Spangler joined the meeting at this time and it was elected to consider the agenda items in the order that they appear on the agenda.

Mr. Spangler reported that at the request of Delegate Rohrbach, on January 12, 2022, Dr. Sheth, Mr. Foster and himself, as well as members of the West Virginia Board of Pharmacy and the West Virginia Board of Osteopathic Medicine, met with legislative staff to further discuss the Board of Pharmacy's proposed legislation regarding collaborative pharmacy practice. On January 21, 2022, **House Bill 4324**, to update collaborative pharmacy practice agreements, was introduced. The bill passed House Health and Human Resources Committee today, January 25, 2022. Board staff will continue to closely monitor this bill and will keep the Committee apprised.

Mr. Spangler reported that proposed Board of Medicine legislation related to the matters identified below are awaiting a sponsor and/or introduction:

- Creating an administrative medicine license
- Sexual misconduct/duty to report
- Prohibition on licensure when certain matters are pending in another state

Mr. Spangler reported that the following Board of Medicine bills have been incorporated into **Senate Bill 334**, which is a rule bundle bill:

- **Senate Bill 364**, Board of Medicine rule relating to licensing and disciplinary procedures: physicians, podiatric physicians and surgeons
- **Senate Bill 365**, Board of Medicine rule relating to licensure, practice requirements, disciplinary and complain procedures, continuing education, physician assistants
- **Senate Bill 366**, Board of Medicine rule relating to dispensing of prescription drugs by practitioners
- **Senate Bill 367**, Board of Medicine rule relating to continuing education for physicians and podiatric physicians

- **Senate Bill 368**, Board of Medicine rule relating to practitioner requirements for accessing the West Virginia Controlled Substance Monitoring Program database
- **Senate Bill 369**, Board of Medicine rule relating to establishment and regulation of limited license to practice medicine and surgery at certain state veterans nursing home facilities
- **Senate Bill 370**, Board of Medicine rule relating to registration to practice during declared state of emergency

Mr. Spangler reported that **Senate Bill 371**, Board of Medicine rule relating to telehealth and interstate telehealth registration for physicians, podiatric physicians and physician assistants, was not included in the rule bundle bill, Senate Bill 334, due to concerns that have been expressed related to the requirement that a telehealth provider verify that a patient has visited an in-person health care practitioner within twelve months of an initial telehealth service. Board staff will continue to keep the Board apprised with regard to this bill.

Mr. Spangler reported that **Senate Bill 138**, relating to Board of Medicine composition, has been introduced. This proposed bill would reduce Board membership by one member. In conformity with proportionality principals, one podiatric seat would be eliminated. A technical issue has been identified in the bill draft, in which the total number of board membership was not reduced from 16 to 15 in one section. It is anticipated that the technical issue will be corrected when the bill is taken up in House Health and Human Resources Committee.

Mr. Spangler reported that **Senate Bill 427**, permitting West Virginia Board of Medicine investigator to carry a concealed weapon, has passed Senate Judiciary Committee and is on third reading on the Senate floor tomorrow, January 26, 2022.

The next agenda items **House Bill 4374** and **Senate Bill 271**, relating to the administration of anesthetics, were discussed at the beginning of today's meeting. No action was taken with regard to House Bill 4374 or Senate Bill 271. Board staff will continue to monitor these bills.

The next two agenda items **House Bill 2707**, relating to prescriptive authority for advanced practice registered nurses, and **House Bill 4111**, relating to the prescriptive authority for advanced practice registered nurses, were discussed at the beginning of today's meeting. At this time, Dr. Donatelli moved that the Committee oppose House Bill 2707 and House Bill 4111. Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler reported that **House Bill 2239**, restricting the performance of abortions and acquiring, providing, receiving, otherwise transferring or using fetal body parts, would require rulemaking by the Board of Medicine. Board staff will continue to monitor this bill.

Mr. Spangler reported that **House Bill 4004**, relating to limiting an abortion to fifteen weeks gestation, has been introduced. This bill provides that "a licensed medical professional who intentionally or recklessly performs or induces an abortion in violation of this section is considered to have acted outside of the scope of practice permitted by law or otherwise in breach of the standard of care owed to a patient and is subject to discipline from the applicable licensure board for that conduct, including, but not limited to, loss of professional license to practice." Board staff will continue to monitor this bill.

Mr. Rothman left the meeting at this time.

Mr. Spangler reported that the following bills, which relate to prescribing and/or controlled substances, have been introduced:

- **House Bill 2311**, requiring prescriptions be made by electronic means
- **House Bill 2817**, donated drug repository program
- **House Bill 3113**, removing certain drugs from Schedule I
- **House Bill 3227**, to provide a means to classify when medications should be continued or stopped for patients
- **House Bill 3228**, to require a new written, phones or email prescription order within 72 hours of a prescription change
- **House bill 3229**, to require all prescribers of medication to include their purpose for prescribing the medication to the patient

No action was taken with regard to any of the bills which relate to prescribing and/or controlled substances. Board staff will continue to monitor these bills.

Mr. Spangler reported on **House Bill 2007**, providing for occupational license or other authorization to practice by recognition for qualified applicants from other states. This bill was introduced during the 2021 legislative session and did not pass. Dr. Donatelli moved that Board staff seek to have the Board of Medicine carved out of this bill. Dr. Sheth seconded, and the motion carried.

Mr. Spangler reported that the following bills, which were introduced during the 2021 legislative session but did not pass, have been reintroduced this year and will be monitored by Board staff:

- **House Bill 2319**, prohibiting the regulation and licensing of occupations by local government
- **House Bill 2334**, requiring certain board that seek to increase a fee or see to impose a new fee to also submit saving measures
- **House Bill 2781**, to create the occupation licensing legal fund in the state treasury

Mr. Spangler reported that **House Bill 3055**, to create the Council on Efficient Government Act, has been introduced. This bill would create the “Council on Efficient Government;” to provide a purpose of ensuring that each state agency focuses on its core mission and delivers goods and services effectively and efficiently by leveraging resources and contracting with private sector vendors, if those vendors can more effectively and efficiently provide goods and services and reduce the cost of government; and to evaluate for feasibility, cost effectiveness, and efficiency business cases to be outsourced before a state agency proceeds with any outsourcing of goods or services. Board staff will continue to monitor this bill.

Mr. Spangler reported that the following vaccination/immunization related bills have been introduced and will be monitored by staff:

- **House Bill 2728**, require all vaccinations for school attendance be include in the West Virginia code
- **House Bill 2783**, permitting a licensed physician to grant a medical exemption from the required immunizations for a child to enter a school or a state regulated childcare center
- **House Bill 2881** and **Senate Bill 37**, removing hepatitis B form the list of required vaccinations
- **House Bill 3197**, allow religious exemptions for vaccines
- **Senate Bill 23**, prohibiting mandatory COVID-19 vaccinations for West Virginia residents
- **Sente Bill 43**, allowing parent to decline required medications administered to newborns
- **Senate Bill 217**, allowing private schools option of making vaccinations required for enrollment

Mr. Spangler reported that **House Bill 2171**, Vulnerable Child Protection Act, would prohibit certain medical treatments and procedures upon a minor, including an emancipated minor, for the purpose of attempting to change or affirm the minor's perception of the minor's sex, if that perception is inconsistent with the minor's genetic sex at birth and making such medical treatments and procedures a felony unless specific exceptions. Board staff will continue to monitor this bill.

Mr. Spangler reported on **House Bill 2480**, relating to state boards of examination and registration. This bill provides that when the special fund of any board accumulates to an amount which exceeds twice the average actual spending over the preceding five years of the board or \$10,000, whichever is greater, the State Treasurer shall transfer the excess amount to the General Revenue Fund and notify the Legislative Auditor that the transfer has been made. Board staff will continue to monitor this bill.

Mr. Spangler asked Ms. Alley to provide an overview of **House Bill 4006**, relating to revising the criminal code generally. Ms. Alley reported that this bill would require verbal

reporting of gunshot and other wounds and burns, with a written report having to be submitted within 48 hours of the initial report. Board staff will continue to monitor this bill.

Mr. Spangler reported that Board staff are monitoring the following bills which have been introduced:

- **House Bill 4031**, ban any and all mask mandates
- **Senate Bill 120**, establishing tax credit for certain physicians who locate to practice in West Virginia
- **Senate Bill 123**, exempting certain physicians from specified traffic laws when responding to emergencies

Mr. Spangler reported on **Senate Bill 203**, relating to non-compete covenants between certain health care practitioners. This bill would expand the Physicians Freedom of Practice Act and covenants not to compete with employers to physician's assistants and advanced practice registered nurses; define terms; set forth prohibition against contract terms; provide for enforceability of other contract terms; provide for exemptions; and set forth an effective date. Additionally, the bill adds a definition of physician assistant and advanced practice registered nurse and makes provisions applicable to them as well. It applies to contracts after August 1, 2022. The drafting of this bill is problematic because it changes effective date for physicians as well. Committee members expressed general support of this bill and authorized Board staff to raise the drafting issue.

Mr. Spangler reported that the following bills have been introduced and are being monitored by Board staff:

- **Senate Bill 210**, relating to measures Governor may make during state of emergency
- **Senate Bill 269**, Youth Mental Health Protection Act
- **House Bill 4261**, relating to the practice of optometry
- **Senate Bill 470**, relating generally to health care decisions
- **House Bill 4309**, relating to the use of certain drugs to treat COVID-19
- **House Bill 4328**, requiring that a doctor performing an abortion must be certified in obstetrics and gynecology

- **House Bill 4337** and **Senate Bill 468**, creating the unborn child with down syndrome protection and education act
- **House Bill 4382**, relating to preserving a woman's right to choose
- **House Bill 4113**, public health definitions and powers of secretary and commissioner
- **House Bill 471**, relating generally to public health
- **House Bill 4263**, prohibiting the practice of white bagging
- **House Bill 4276**, permitting West Virginia University to create a Parkinson's Disease Registry
- **House Bill 4377**, to update the involuntary commitment process

ADJOURNMENT

There being no further business to consider, Dr. Sheth moved that the meeting adjourn. Dr. Donatelli seconded the motion, and the motion carried.

Mustafa Rahim, MD
Legislative Committee Chair

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Agenda
February 8, 2022 at 5:00 pm

CALL TO ORDER

Public Comments

Agenda Items:

- **Proposed Board of Medicine Bills Awaiting Sponsors and/or Introduction**
 - Administrative Medicine License
 - Prohibition on Licensure when Certain Matters are Pending in Another State
 - Sexual Misconduct/Duty to Report

- **Consideration of Bills Which Have Been Introduced**
 - **Board of Medicine Bills**
 - **Board of Medicine Rule Bills**
 - **SB 334** – Authorizing Miscellaneous Agencies and Boards to Promulgate Rules

Rule	Description	Bill Numbers
11 CSR 1A	Licensing and Disciplinary Procedures; Physicians, Podiatric Physicians and Surgeons	HB 4203
11 CSR 1B	Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants	HB 4204
11 CSR 5	Relating to Dispensing of Prescription Drugs by Practitioners	HB 4205
11 CSR 6	Continuing Education for Physicians and Podiatric Physicians	HB 4206
11 CSR 10	Practitioner Requirements for Accessing WV Controlled Substances Monitoring Program Database	HB 4207
11 CSR 11	Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities	HB 4208
11 CSR 14	Practice During Declared State of Emergency	HB 4209
11 CSR 15	Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants	SB 371 and HB 4210

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Agenda
February 8, 2022 at 5:00 pm

- **Other Board of Medicine Bills**
 - **SB 138** – Relating to BOM Composition
 - **SB 427** - Permitting WV Board of Medicine investigators to carry concealed weapon

- **Scope of Practice**
 - **HB 2707** – Relating to Prescriptive Authority for APRNs
 - **HB 4111** - Relating to the prescriptive authority of APRNs
 - **HB 4382 and SB 551** – Preserving Patient’s Right to Abortion

- **Board Regulation / Government Structure**
 - **HB 2007** – Provide for Occupational Licenses or Other Authorization to Practice by Recognition for Qualified Applicants from Other States
 - **HB 4113** – Public Health Definitions and Powers of Secretary and Commissioner
 - **HB 4303 and SB 471** – Relating Generally to Public Health
 - **HB 4324** – To Update Collaborative Pharmacy Practice Agreements

- **Prescribing and/or Controlled Substances**
 - **HB 2817** – Donated Drug Repository Program
 - **HB 4263** – Prohibiting the Practice of White Bagging
 - **HB 4455** – Permitting Pharmacists to Dispense the Drug Ivermectin by Means of a Standing Order

- **Other Bills of Interest**
 - **SB 470** – Relating Generally to Health Care Decisions
 - **HB 4257** – Requiring Visitation Immediately Following a Procedure in a Health Care Facility
 - **HB 4276** – WVU to Create a Parkinson’s Disease Registry
 - **HB 4288** – Relating to Expanding the Practice of Auricular Acudetox to Professions Approved by the Acupuncturist Board
 - **HB 4495 and SB 518** – Allowing Nurses Licensed in Another State to Practice in WV
 - **SB 516** – Supplementing and Amending Appropriations for Various Agencies

- **Bills of Interest that are Placed on a Legislative Agenda after February 1, 2022**

- **New Bills Introduced after February 1, 2022**

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
February 8, 2022

The West Virginia Board of Medicine's Legislative Committee met via GoToMeeting at 5:00 pm on February 8, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Ashish P. Sheth, MD

The following committee member did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Andrew R. Wessels

The following member of the public attended a portion of the meeting:

Carter Rothman

With a quorum present, Dr. Rahim called the meeting to order, and attendance was documented by Ms. Cross. **CALL TO ORDER**

Mr. Spangler reported that Board staff have obtained sponsors in the Senate for the following proposed Board of Medicine legislation:

- Creating an administrative medicine license
- Sexual misconduct/duty to report
- Prohibition on licensure when certain matters are pending in another state

Staff continue to seek sponsorship in the House.

Mr. Spangler reported that the following Board of Medicine bills have been incorporated into **Senate Bill 334**, which is a rule bundle bill:

- **Senate Bill 364**, Board of Medicine rule relating to licensing and disciplinary procedures: physicians, podiatric physicians and surgeons
- **Senate Bill 365**, Board of Medicine rule relating to licensure, practice requirements, disciplinary and complain procedures, continuing education, physician assistants
- **Senate Bill 366**, Board of Medicine rule relating to dispensing of prescription drugs by practitioners
- **Senate Bill 367**, Board of Medicine rule relating to continuing education for physicians and podiatric physicians
- **Senate Bill 368**, Board of Medicine rule relating to practitioner requirements for accessing the West Virginia Controlled Substance Monitoring Program database
- **Senate Bill 369**, Board of Medicine rule relating to establishment and regulation of limited license to practice medicine and surgery at certain state veterans nursing home facilities
- **Senate Bill 370**, Board of Medicine rule relating to registration to practice during declared state of emergency

Senate Bill 334 has passed the Senate and is single referenced to House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 371**, Board of Medicine rule relating to telehealth and interstate telehealth registration for physicians, podiatric physicians and physician assistants, was not included in the rule bundle bill, Senate Bill 334, due to concerns that have been expressed related to the requirement that a telehealth provider verify that a patient has visited an in-person health care practitioner within twelve months of an initial telehealth service. Senate Bill 371 is single referenced to Senate Judiciary Committee, where it has not yet been placed on an agenda.

Mr. Rothman left the meeting at this time.

Mr. Spangler reported that **Senate Bill 138**, relating to Board of Medicine composition, has passed the Senate and is single referenced to House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 427**, permitting West Virginia Board of Medicine investigators to carry a concealed weapon, has passed the Senate and is single referenced to House Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reminded members that **House Bill 2707**, relating to prescriptive authority for advanced practice registered nurses, was discussed at the Committees January 25, 2022 meeting, at which time the Committee elected to oppose this bill. The bill is single referenced to House Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reminded members that **House Bill 4111** was discussed at the Committee's January 25, 2022 meeting, at which time the Committee elected to oppose the bill. This bill was originally intended to move the advanced practice registered nurses prescribing authority from the Physician Assistants Practice Act to the Nursing Practice Act, but was amended to modify prescriptive authority for advanced practice registered nurses and physician assistants. The amended bill also eliminates the Board of Medicine's rulemaking authority related to physician assistant prescribing. The bill has passed the House and is double referenced to Senate Health and Human Resources Committee and Senate Judiciary Committee. The bill has not yet been placed on a Senate Health and Human Resources agenda. Members of the Senate are aware of the Board's opposition to this bill.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4382** and **Senate Bill 551**, relating to abortion. As of today, February 8, 2022, neither of these bills have been placed on an agenda for consideration.

Mr. Spangler reported on **House Bill 2007**, providing for occupational license or other authorization to practice by recognition for qualified applicants from other states. This bill was introduced during the 2021 legislative session but was not passed. The bill is single referenced to House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported on **House Bill 4113**, public health definitions and powers of secretary and commissioner, as well as **House Bill 4303** and **Senate Bill 471**, relating generally to public health. Among other things, these bills would eliminate the requirement that the Commissioner for the West Virginia Department of Health and Human Resources (WV DHHR), Bureau for Public Health serve as an ex-officio member of the Board of Medicine. WV DHHR does not support eliminating the Commissioner's membership on the Board. House Bill 4113 has passed the House and is single referenced to Senate Health and Human Resources Committee where it has not yet been placed on an agenda. House Bill 4303 and Senate Bill 471 have not yet been placed on an agenda for consideration.

Mr. Spangler reported that **House Bill 4324**, to update collaborative pharmacy practice agreements, passed House Health and Human Resources Committee with a committee substitute, and is single referenced to Senate Health and Human Resources Committee where it has not yet been placed on an agenda. Among other things, this bill provides that pharmacists may conduct patient evaluations as part of a collaborative practice agreement with a physician. However, patient evaluation is not defined. Following a review of the committee substitute, Dr. Sheth moved that the Committee oppose House Bill 4324. Dr. Challa seconded the motion, and the motion carried.

Mr. Spangler reported that Board staff continue to monitor **House Bill 2817**, establishes a donated drug repository program. This bill has passed the House and is single referenced to Senate Health and Human Resources Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 4263**, prohibiting the practice of white bagging, has passed the House and is single referenced to Senate Health and Human Resources Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4455**, permitting pharmacists to dispense the drug Ivermectin by means of a standing order. This bill is single referenced to House Health and Human Resources Committee where it has not yet been placed on an agenda.

Mr. Spangler reported the Board staff continue to monitor the following bills:

- **Senate Bill 470**, relating generally to healthcare decisions
- **House Bill 4257**, requiring visitation immediately following a procedure in a health care facility
- **House Bill 4276**, WVU to create a Parkinson's Disease Registry
- **House Bill 4288**, relating to expanding the practice of auricular acudetox to professional approved by the acupuncturist board
- **House Bill 4495** and **Senate Bill 518**, allowing nurses licensed in another state to practice in West Virginia
- **Senate Bill 516**, supplementing and amending appropriations for various agencies (the Board of Medicine is included in this bill)

Mr. Spangler reported that the following bills were introduced after February 1, 2022 and are being monitored by Board staff:

- **Senate Bill 559**, creating Oral Health and Cancer Rights Act
- **House Bill 4485**, relating to insurance coverage for breast cancer screening
- **House Bill 4581**, to provide safe harbor peer review for nurses
- **House Bill 4584**, to update the authority of the Office of the Chief Medical Examiner

Mr. Spangler reported that there are currently three licensure compact bills for other health care professions pending at the Legislature. There are concerns by legislative staff that licensure via compacts will trump state code or supersede scope of practice. Mr. Spangler is facilitating the introduction of an attorney for the Interstate Medical Licensure Compact Commission, who is a national compact expert, to be a resource for the Legislature as they consider other compacts and to address the concerns identified by members that compacts seeks to interpose national

professional conduct standards, which is not the case with respect to the Interstate Medical Licensure Compact.

Mr. Spangler asked Mr. Foster to report on a bill originating out of House Health and Human Resources Committee. Mr. Foster provided that House Health and Human Resources Committee originated a bill which would prohibit the boards of health care professionals from defining the scope of practice for licensees and would remove all scope of practice language from the code for all identified professions, including physician assistants. The bills permit health care providers to self-determine scope based on education and training. Mr. Foster reported that there was some debate on the merits of the originating bill in the Committee meeting earlier today. The Health and Human Resources Committee members who support the bill indicate to hospital credentialing will provide a safeguard. Committee members who have concerns pointed out that independent practitioners would not be subject to similar safeguards. Dr. Sheth moved that the Board oppose this originating bill. Dr. Challa seconded, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn. Dr. Donatelli seconded the motion, and the motion carried.

Mustafa Rahim, MD
Legislative Committee Chair

A handwritten signature in blue ink, appearing to be 'MR', written over a horizontal line.

WEST VIRGINIA BOARD OF MEDICINE

 -

- **Bills of Interest that are Placed on a Legislative Agenda after February 15, 2022**

- **New Bills Introduced after February 15, 2022**

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
February 22, 2022

The West Virginia Board of Medicine’s Legislative Committee met via GoToMeeting at 5:00 pm on February 22, 2022.

The following committee members attended the meeting:

Ashish P. Sheth, MD, Acting Legislative Committee Chair
Timothy J. Donatelli, DPM
Kishore K. Challa, MD, FACC

The following committee members did not attend the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Andrew R. Wessels

In the absence of Dr. Rahim, Dr. Sheth chaired the meeting. Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Mr. Spangler reminded members that the following Board of Medicine bills have been bundled into **Senate Bill 334**, authorizing miscellaneous agencies and boards to promulgate rules:

- **Senate Bill 364**, Board of Medicine rule relating to licensing and disciplinary procedures: physicians, podiatric physicians and surgeons
- **Senate Bill 365**, Board of Medicine rule relating to licensure, practice requirements, disciplinary and complain procedures, continuing education, physician assistants

- **Senate Bill 366**, Board of Medicine rule relating to dispensing of prescription drugs by practitioners
- **Senate Bill 367**, Board of Medicine rule relating to continuing education for physicians and podiatric physicians
- **Senate Bill 368**, Board of Medicine rule relating to practitioner requirements for accessing the West Virginia Controlled Substance Monitoring Program database
- **Senate Bill 369**, Board of Medicine rule relating to establishment and regulation of limited license to practice medicine and surgery at certain state veterans nursing home facilities
- **Senate Bill 370**, Board of Medicine rule relating to registration to practice during declared state of emergency

Senate Bill 334 has passed the Senate and is single referenced to the House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that the Board's proposed rule 11 CSR 15, Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants, has been bundled into **Senate Bill 371** with the telehealth rules promulgated by the Board of Osteopathic Medicine and the Registered Nursing Board. As introduced, section 8.4 of the proposed bill provided that "A telehealth provider may not, based solely upon a telemedicine encounter, prescribe any drug with the intent of causing an abortion." Senate Bill 371 was amended in Senate Judiciary Committee to remove the words "based solely upon a telemedicine encounter". This bill has been laid over on third reading on the Senate floor since February 17, 2022.

Mr. Spangler provided an update regarding **Senate Bill 138**, relating to Board of Medicine composition. This bill has passed the Senate and is single referenced to the House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **Senate Bill 427**, permitting West Virginia Board of Medicine investigators to carry a concealed weapon, has passed the Senate and is single referenced to the House Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reported on **Senate Bill 585**, creating an administrative medicine license for physicians not practicing clinical medicine. The bill provides that the Board may issue an administrative license to a physician who, among other things, has not engaged in the active practice of clinical medicine or graduate medical training in any jurisdiction of the United States or Canada for the last three years. The Senate Health and Human Resources Committee passed the bill with a committee substitute which removed the above-mentioned three-year requirement. The bill now advances to the House; however, a committee has not yet been assigned.

Mr. Spangler reported that **Senate Bill 603**, prohibiting licensure and relicensure in West Virginia if an applicant is prohibited from practicing in another jurisdiction, passed Senate Health and Human Resources Committee today, February 22, 2022. The bill is scheduled for first reading on the Senate floor tomorrow, February 23, 2022.

Mr. Spangler reported on **Senate Bill 606**, relating to the West Virginia Medical Practice Act. This is the Board's bill which establishes a duty to report certain incidents of provider misconduct by Board of Medicine licensees, permit holders and registrants, provides civil immunity for good faith reports to the board, modifies the grounds for professional discipline and license denial to include a prohibition on a broader array of provider sexual misconduct. The bill is single referenced to the Senate Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that **House Bill 2707**, relating to prescriptive authority for advanced practice registered nurses, is single referenced to the House Judiciary Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4004**, relating to limiting an abortion to fifteen weeks gestation. This bill has passed the House and is double referenced to the Senate Health and Human Resources Committee and Senate Judiciary Committee. The bill has not yet been placed on a Senate Health and Human Resources Committee agenda.

Mr. Spangler reported on **House Bill 4111**, relating to the prescriptive authority of physician assistants and advanced practice registered nurses. The bill passed Senate Health and Human Resources Committee with a committee substitute that restored rulemaking authority for the Board of Medicine, which had previously been amended out of the bill. In the bill, the expanded formulary for physician assistants and advanced practice registered nurses remains unchanged.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4621**, relating to scope of practice. This bill would prohibit the boards of health care professions from defining the scope of practice for licensees and remove scope of practice from the code for all identified professions, including physician assistants. The bill has not yet been placed on a House Health and Human Resources Committee agenda.

Mr. Spangler reported that **House Bill 2007**, providing for occupational license or other authorization to practice by recognition for qualified applicants from other states, is single referenced to the House Government Organization Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4113**, public health definitions and powers of secretary and commissioner. This bill would remove the requirement that the Commissioner for the West Virginia Department of Health and Human Resources (WV DHHR), Bureau for Public Health be a physician and that the physician serve as an ex-officio member of the Board of Medicine. If passed, this bill will conflict with the West Virginia Medical Practice Act, which requires that the Commissioner for the Bureau for Public Health or his or her designee, whom is a physician, shall act as secretary for the Board. WV DHHR does not support eliminating the Commissioner's membership on the Board of Medicine.

Mr. Spangler reported that Board staff continue to monitor **House Bill 4634**, relating to occupational licensing or other authorization to practice. This bill has passed House Government Organization Committee with a committee substitute and is on first reading on the Senate floor tomorrow, February 23, 2022.

Mr. Spangler reported that Board staff continue to monitor the following bills:

- **House Bill 4012**, prohibiting the showing of proof of COVID-19 vaccination
- **House Bill 4767**, to prohibit vaccine requirements as a condition of being eligible for an organ transplant.
- **House Bill 2817**, donated drug repository program
- **House Bill 4263**, prohibiting the practice of white bagging

Mr. Spangler reported on **House Bill 4585**, relating to controlled substance monitoring; and removing a dispensing prohibition. This bill removes the requirement that a prescribing practitioner may not dispense more than a 72-hour supply of a controlled substance and that no more than two 72 hour supplies may be dispensed in any fifteen-day period. The bill has passed the House and is single referenced to the Senate Health and Human Resources Committee where it has not yet been placed on an agenda.

Mr. Spangler reported that Board staff continue to monitor the following bills:

- **House Bill 4697** and **Senate Bill 605**, permitting pharmacists to dispense Ivermectin by means of a standing order
- **Senate Bill 470**, relating generally to healthcare decisions
- **House Bill 4257**, requiring visitation immediately following a procedure in a health care facility
- **House Bill 4276**, WVU to create a Parkinson's Disease Registry
- **House Bill 4288**, relating to expanding the practice of auricular acudetox to professions approved by the acupuncturist board
- **House Bill 4584**, to update the authority of the office of the chief medical examiner
- **House Bill 4587**, relating to certification of a patient's eligibility for medical cannabis
- **House Bill 4607**, to remove opioid treatment programs from requiring a certificate of need
- **House Bill 4631**, establishing a bone marrow and peripheral blood stem donation awareness program

- **House Bill 4677**, clarifying that a hospital located in the same county as an academic medical center may perform any health services
- **House Bill 4708**, primary care physicians must inform patients about triple negative breast cancer
- **House Bill 4727**, requiring government meetings to have agendas posted on websites three days prior to the meeting
- **House Bill 4782**, increase the number of pain management visits the insurance companies must cover under the Opioid Reduction Act

Mr. Spangler reported that **Senate Bill 660**, setting forth standard of care requirements for telehealth practice, originated in Senate Judiciary Committee on February 16, 2022. Currently, W. Va. Code § 30-1-26(b)(4) provides that “The standard of care shall require that with respect to the established patient, the patient shall visit an in-person health care practitioner within 12 months of using the initial telemedicine service or the telemedicine service shall no longer be available to the patient until an in-person visit is obtained.” Additionally, the statute sets out certain services for which this requirement can be suspended. This bill would remove “established patient” from that subsection, making it applicable to all patients.

Mr. Spangler reported that the following bills were introduced after February 15, 2022 and are being monitored by Board staff:

- **House Bill 4724**, create a CARE FOR ALL line
- **House Bill 4736**, relating to surgical smoke evacuation
- **Senate Bill 635**, relating to Tobacco Products Excise Tax Act

Mr. Spangler reminded members that at the February 8, 2022 meeting, the Committee elected to oppose **House Bill 4324**, to update collaborative pharmacy practice agreements. The language which provides that a collaborative pharmacy practice agreement be jointly approved by the Board of Medicine or the Board of Osteopathic Medicine, which was previously removed from the bill, has been restored. Additionally, there is language in the bill which provides that “a collaborative pharmacy practice agreement approved by the hospital’s pharmacy and therapeutic committee or similar medical executive committee if one does not exist, shall satisfy the approval

requirement for collaborative pharmacy practice agreements.” It is anticipated that this bill will be on a Senate Health and Human Resources Committee agenda later this week.

ADJOURNMENT

There being no further business to consider, Dr. Donatelli moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
March 13, 2022

The West Virginia Board of Medicine's Legislative Committee met via GoToMeeting at 10:00 am on March 13, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Kishore K. Challa, MD, FACC

The following committee members did not attend the meeting:

Timothy J. Donatelli, DPM
Ashish P. Sheth, MD

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, a copy of the following draft meeting minutes was made available for members to review:

**APPROVAL
OF MINUTES**

January 9, 2022
January 25, 2022
February 8, 2022
February 22, 2022

Dr. Challa moved the meeting minutes be approved. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that the 2022 legislative session concluded yesterday, March 12, 2022. The following Board of Medicine rule bills have been approved by the Legislature and are part of a rule bundle, **Senate Bill 334**, which is awaiting the Governor's signature:

- **Senate Bill 364**, Board of Medicine rule relating to licensing and disciplinary procedures: physicians, podiatric physicians and surgeons
- **Senate Bill 365**, Board of Medicine rule relating to licensure, practice requirements, disciplinary and complain procedures, continuing education, physician assistants
- **Senate Bill 366**, Board of Medicine rule relating to dispensing of prescription drugs by practitioners
- **Senate Bill 367**, Board of Medicine rule relating to continuing education for physicians and podiatric physicians
- **Senate Bill 368**, Board of Medicine rule relating to practitioner requirements for accessing the West Virginia Controlled Substance Monitoring Program database
- **Senate Bill 369**, Board of Medicine rule relating to establishment and regulation of limited license to practice medicine and surgery at certain state veterans nursing home facilities
- **Senate Bill 370**, Board of Medicine rule relating to registration to practice during declared state of emergency
- **Senate Bill 371**, Board of Medicine rule relating to telehealth and interstate telehealth registration for physicians, podiatric physicians, and physician assistants.

Mr. Spangler reported that the following bills, which were introduced on behalf of the Board, have completed the legislative process, and are awaiting the Governor's signature:

- **Senate Bill 138**, relating to Board of Medicine composition.
- **Senate Bill 427**, permitting West Virginia Board of Medicine investigators to carry a concealed weapon.
- **Senate Bill 585**, creating an administrative medicine license for physicians not practicing clinical medicine.
- **Senate Bill 603**, prohibiting licensure and relicensure in West Virginia if an applicant is prohibited from practicing in another jurisdiction.

- **Senate Bill 606**, relating to the West Virginia Medical Practice Act.
- **Senate Bill 717**, supplemental appropriation to the Board of Medicine.

Mr. Spangler reported that **House Bill 4111** is believed to have completed the legislative process and is awaiting the Governor's signature. This bill expands the prescribing authority for physician assistants and advanced practice registered nurses, to permit them to prescribe a three-day supply of a Schedule II narcotics. The Board has opposed this bill throughout the legislative session.

Mr. Spangler reported that **House Bill 4324**, to update collaborative pharmacy practice agreements, was also passed during the 2022 legislative session and is awaiting the Governor's signature. This bill was modified several times throughout the session. The bill that passed:

- Prohibits a pharmacist from diagnosing patients.
- Requires informed consent from the patient, which must be documented in the patient's medical record.
- Removes the requirement that a Collaborative Pharmacy Agreement be approved by the West Virginia Board of Medicine or the West Virginia Board of Osteopathic Medicine.

Mr. Spangler reported that Board staff will review legislation that was passed during the 2022 legislative session to determine what emergency and/or legislative rules will need to be promulgated by the Board. Additionally, staff will review current Board rules to determine whether updates and/or amendments are needed.

Mr. Spangler reported that **House Bill 4113**, public health definitions and powers of secretary and commissioner, has completed the legislative process and is awaiting the Governor's signature. This bill eliminates the requirement that the commissioner serve on the Board of Medicine. However, given that other sections of the W. Va. Code contain language regarding the commissioner's membership on the Board, Dr. Amjad will continue serving on the Board of Medicine.

Mr. Spangler reported that it is customary for the Legislative Committee to ask the Board to delegate the Committee authority to act on behalf of the Board with regard to rulemaking. Dr. Challa moved that the Committee request that the Board delegate authority to the Committee to act on behalf of the Board as necessary with regard to rulemaking. Dr. Amjad seconded the motion, and the motion carried.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn. Dr. Amjad seconded the motion, and the motion carried.

A handwritten signature in black ink, appearing to read 'Mustafa Rahim', written over a horizontal line.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
May 15, 2022

The West Virginia Board of Medicine's Legislative Committee met at 10:30 am on May 15, 2022, at the board office.

The following committee members attended the meeting:

Kishore K. Challa, MD, FACC
Ashish P. Sheth, MD

The following committee member attended the meeting via teleconference:

Mustafa Rahim, MD, Legislative Committee Chair

The following committee members did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, the March 13, 2022 meeting minutes were made available for members to review. Dr. Sheth moved that the March 13, 2022 meeting minutes be approved. Dr. Challa seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Mr. Spangler reported that the following rules have been final filed with the West Virginia Secretary of State's Office:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders.*

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-5-1 *et seq.*, *Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians.*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the WV CSMP Database.*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice at Certain State Veterans Nursing Home Facilities.*
- W. Va. Code R. § 11-14-1 *et. seq.*, *Registration to Practice During Declared State of Emergency.*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

Each of the rules, with the exception of W. Va. Code R. § 11-14-1 *et seq.*, will become effective on June 1, 2022. W. Va. Code R. § 11-14-1 *et seq.* will become effective on July 1, 2022. Once effective, pursuant to the amended rule, all current emergency registrations will terminate on August 30, 2022 or five days after the State of Emergency is lifted, whichever is sooner. In order to treat patients located in West Virginia after an emergency registration terminates, the provider must hold either a West Virginia license or an interstate telehealth registration.

Mr. Spangler reported that House Bill 214 was passed during the second special session of the West Virginia Legislature. This bill modifies the prescribing authority for physician assistants and advanced practice registered nurses. While Schedule II narcotics remain limited to a three-day supply, there are no other limitations on a physician assistant's ability to prescribe Schedule II medications except the provisions of the Opioid Reduction Act. House Bill 214 was passed on April 25, 2022, and is effective from passage.

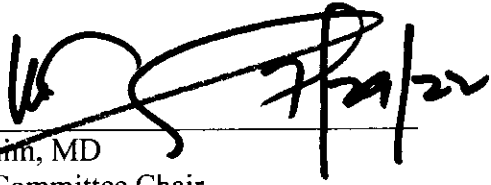

Mr. Spangler reported that as a result of legislation passed during the 2022 session, the Committee will meet in June to consider proposed modifications to following Board of Medicine rules:

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice.*

Additionally, in June, the Committee will consider proposed new rules relating to administrative medicine licenses and physician sexual misconduct.

ADJOURNMENT

There being no further business to consider, Dr. Challa moved that the meeting adjourn.
Dr. Sheth seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
June 9, 2022

The West Virginia Board of Medicine's Legislative Committee met via Zoom at 12:00 pm on June 9, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Kishore K. Challa, MD, FACC
Timothy J. Donatelli, DPM
Ashish P. Sheth, MD

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, a copy of the following proposed amended rules were made available for members to review:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential Holders.*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*

The following proposed new rule was made available for members to review:

- W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners.*

The following proposed rule/bill, as modified by the West Virginia Board of Pharmacy, was made available for members to review:

- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*.

Mr. Spangler reported that Senate Bill 585 was enacted during the 2022 regular session of the West Virginia Legislature. This bill creates a new code section, W. Va. Code § 30-3-11c, relating to administrative licenses. Pursuant to the bill, physicians who seek to manage the integration of clinical medicine, strategy, operations, and other business activities related to the delivery of health care services, advise organizations (both public and private) on health care matters; authorize and deny financial payments for care; organize and direct research programs; review care provided for quality; and perform other similar duties that do not require or involve direct patient care may now apply for an administrative medicine license. Proposed amendments presented to the Committee with regard to the W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential Holders*, include:

- Section two is stricken from the proposed rule and the remainder of the rule is renumbered as a result thereof.
- New section two is amended to add the following definitions: administrative medicine; administrative medicine license; clinical medicine and surgery; IMLC; and IMLC licensee. Additionally, the definition of licensee is amended.
- Section five sets forth the qualification and application requirements for an administrative medicine license. Specifically, this section: identifies the documentation that must be submitted to apply for an administrative medicine license; establishes the practice parameters pursuant to an administrative medicine, including a prohibition on clinical practice; sets forth the process and limitations related to converting an unrestricted medical license (including a license granted through the interstate compact) to an administrative medicine license and vice versa; and establishes that the professional conduct standards set forth in the Medical Practice Act and the Board's rules apply to administrative medicine licensees.
- Section six is amended for technical clean-up to eliminate language requiring podiatric physicians to submit a good moral character statement with the application. This amendment aligns the podiatric application process with the physician and physician assistant processes.

- In section seven, 7.1. is amended to reflect that the same examination requirements apply to physicians applying for a traditional medical license and an administrative medicine license.
- Subsection 8.1 is modified to clarify that the state and national criminal history record check requirement applies to administrative medicine license applicants and for technical clean-up.
- In section nine, 9.1.b. is amended to clarify that temporary licenses, which allow eligible physicians to enter clinical practice while awaiting Board action upon an application, are not available to administrative medicine license applicants, who will not be practicing clinical medicine.
- In section ten, 10.1. is modified to provide that an administrative medicine license is valid for a period of two years; 10.5. is amended to clarify the renewal application process for IMLC licensees; 10.9.j. is amended to include administrative medicine; and 10.13 is new and provides that an administrative medicine licensee is not eligible for an inactive status license, as inactive status licenses relate to the ability to practice clinical medicine.
- Section twelve is amended to clarify that an administrative medicine licensee is subject to the same denial, probation, limitation, discipline, suspension or revocation as other licensees and professional credential holders. Within this section, 12.1.r. is amended to include a reference to the Board's proposed new rule, W. Va. Code R. § 11-16-1 *et. seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*.

Dr. Challa moved that the Committee approve W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential Holders*, and authorize Board staff to move forward with promulgation of the legislative rule. Dr. Challa further moved that the Committee authorize Board staff to file an emergency version of this rule with the West Virginia Secretary of State's Office. Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reported that House Bill 214 was enacted during the 2022 second special legislative session. This bill modifies physician assistant prescriptive authority. With regard to W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*, Mr. Spangler reported that:

- Section two is amended to eliminate the following obsolete definitions: “ambulatory surgical facility;” “antineoplastics;” “chronic condition, “primary place of practice;” and “protocol.” These terms were previously utilized largely in the discussion of practice agreements, which were phased out of use beginning in 2020. Additionally, the definition of “opioid” is relocated, and the definition section denotes that the definition also applies to the term “narcotic drug,” which is the term used in House Bill 214 in conjunction with the new prescribing authority for physician assistants.
- Section three is amended to clarify that an applicant for licensure must submit a report from the National Practitioner Data Bank. This aligns with the application process and rules for physicians and podiatric physicians.
- Section eleven is amended to permit a physician assistant to practice on behalf of a health care facility at one or more additional locations that are not included on a practice notification on an occasional basis, not to exceed two days per month per location, as long as the health care facility documents such and provides the documentation to the Board upon request.
- Section twelve is amended to eliminate language that does not conform with, or is obsolete as a result of, House Bill 214 and expands physician assistant prescriptive authority in conformity with House Bill 214.
- Section eighteen is amended to eliminate language that is obsolete as a result of House Bill 214.
- Clarification and general clean-up occur throughout the rule, including in sections two, six, nine, eleven, and twelve.

Dr. Sheth moved that the Committee approve W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*, and authorize Board staff to move forward with promulgation of the legislative rule. Dr. Sheth further moved that the Committee authorize Board staff to file an emergency version of this rule with the West Virginia Secretary of State’s Office. Dr. Donatelli seconded the motion, and the motion carried.

Mr. Spangler reported that Senate Bill 606 was passed during the 2022 regular session of the West Virginia Legislature. This bill modified W. Va. Code § 30-3-14(c) to clarify the

prohibition on practitioner sexual misconduct. The bill also directed the Board of Medicine to propose rules for legislative approval which define sexual misconduct and identify prohibited sexual misconduct. With regard to W. Va. Code § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*, Mr. Spangler reported that:

- Section two provides definitions relevant to the rule.
- Section three establishes a prohibition on practitioner sexual misconduct with a patient. This section also establishes that sexual misconduct with a patient involving either sexual contact or sexual interaction constitutes gross misconduct. It further provides that patient consent, participation in, or initiation of sexual contact, sexual interaction or sexual impropriety with a practitioner may not be used by the practitioner as defense to charges of practitioner sexual misconduct or as mitigation of professional misconduct.
- Section four addresses sexual misconduct with a patient surrogate, a key third party closely involved in a patient's medical decision making and care, including but not limited to the patient's spouse or partner, family member, legal representative, proxy, or guardian. It also identifies the conditions precedent which would permit a practitioner to engage in a romantic relationship with a surrogate without engaging in sexual misconduct.
- Section five establishes the parameters within which it is, and is not, not sexual misconduct for a practitioner to engage in a romantic or sexual relationship with a former patient.
- Section six identifies other sexual misconduct, including sexual harassment, which constitutes professional misconduct in the practice environment.
- Section seven identifies an exception for certain draping, personal protective equipment, and chaperone requirements in emergency situations.
- Section eight provides that practitioners who engage in sexual misconduct or other violations of the professional conduct standards set forth in this rule shall be subject to license or other credential denial proceedings or disciplinary action pursuant to the processes, standards and penalties set forth in the West Virginia Medical Practice Act, the West Virginia Physician Assistants Practice Act, and W. Va. Code R. § 11-1A-12.

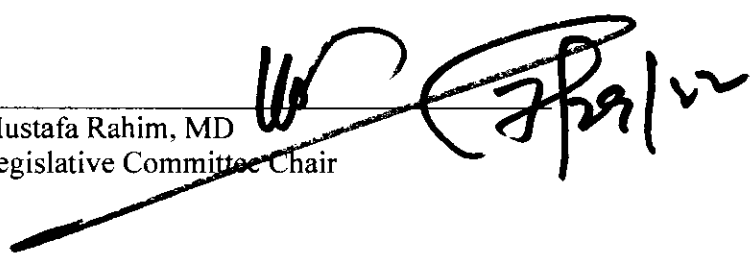

Dr. Sheth moved that the Committee approve W. Va. Code R. § 11-16-1 *et seq.*, *Prohibiting Sexual Misconduct by Health Care Practitioners*, and authorize Board staff to move forward with promulgation of this legislative rule. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that the West Virginia Board of Pharmacy provided a proposed amended rule, W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*, for the Committee's consideration. Having just received the draft rule, the Committee determined by consensus that it did not have adequate time to fully review all of the amendments proposed by the Board of Pharmacy, but ad concerns that the new regulatory process was not fully fleshed out in the amendments as proposed. The Committee directed Board staff to draft proposed modifications to the rule to more fully develop the procedural aspects of the rule and to clarify some of the changes required by recent statutory changes. The Committee will meet on June 22, 2022, to consider the proposed amendments to the rule.

ADJOURNMENT

There being no further business to consider, Dr. Donatelli moved that the meeting adjourn. Dr. Challa seconded the motion, and the motion carried.

Mustafa Rahim, MD
Legislative Committee Chair

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Legislative Committee Minutes
June 22, 2022

The West Virginia Board of Medicine's Legislative Committee met via Zoom at 1:00 pm on June 22, 2022.

The following committee members attended the meeting:

Mustafa Rahim, MD, Legislative Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Kishore K. Challa, MD, FACC
Ashish P. Sheth, MD

The following committee member did not attend the meeting:

Timothy J. Donatelli, DPM

The following staff members attended the meeting:

Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

The following members of the public attended the meeting:

Krista Capehart
Ryan Hatfield, Esq.
Bridgette Lambert
Abby Reale

Dr. Rahim called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Dr. Rahim reported that in keeping with the Board's Position Statement entitled *Procedure for Making Public Comments at Meetings of the Board*, any member of public seeking to address the Committee will be allotted five minutes to do so. No members wished to address to Committee.

Ms. Alley reported that Mr. Spangler is currently out of the office and is unable to attend the meeting.

Ms. Alley reported that during the 2022 legislative session, the West Virginia Legislature passed House Bill 4324, which modified W. Va. Code §§ 30-5-4 and 30-5-19 to modernize collaborative pharmacy practice and to streamline procedures relating to the registration of collaboration with the Boards of Medicine, Osteopathic Medicine and Pharmacy.

Ms. Alley reported that at its June 9, 2022 meeting, the Committee considered proposed modifications to W. Va. Code R. § 11-8-1 *et. seq.*, *Collaborative Pharmacy Practice*, which were provided by the West Virginia Board of Pharmacy. As this is a joint rule, all proposed modifications to the rule must be jointly agreed upon by the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy. The Committee tasked Board of Medicine staff with drafting proposed modifications to the rule provided by the Board of Pharmacy to more fully develop the procedural aspects of the rule and to ensure conformity with the changes enacted by HB 4324.

Prior to today's meeting, proposed modifications to W. Va. Code R. § 11-8-1 *et. seq.* *Collaborative Pharmacy Practice*, were made available to members for review. With regard to the proposed rule, Ms. Alley reported that:

- Section one revises the scope of the rule, updates the reference to the joint rulemaking authority conferred upon the boards of Medicine, Osteopathic Medicine and Pharmacy, and incorporates a sunset provision subsection.
- Section two eliminates definitions which related to the former collaborative pharmacy practice pilot program, updates some definitions based upon House Bill 4324, and adds additional relevant definitions, including definitions for “boards,” “collaborating pharmacist,” “collaborating physician,” “controlled substance,” “pharmacist case,” “practice notification,” and “website.”
- Section three establishes the requirements for collaborative pharmacy practice, including a collaborative pharmacy practice agreement developed between collaborating pharmacists and physicians at the practice level and the submission of a complete and valid practice notification to the boards. This section establishes eligibility for participation in collaborative pharmacy practice agreements, and the role of the Board of Pharmacy in verifying pharmacist eligibility. This section also sets forth

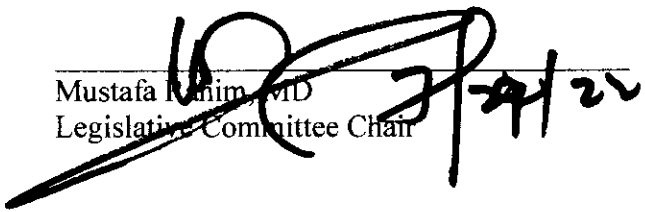

the required content and filing process for practice notifications, which, if complete, are effective upon filing with the Board of Pharmacy, and details how practice notification information will be shared by the boards. This section requires the boards to maintain a current list of all practice notifications for collaborative pharmacy practice.

- Section four details the purpose and required content of collaborative pharmacy practice agreements, which are developed and implemented at the practice level and maintained by collaborating pharmacists at their place of practice. The proposed amendments to this section conform the practice protocols to the changes implemented by House Bill 4324 and require the protocols to be filed in the patient medical record.
- Section five is amended to clarify that the collaborating practitioner may terminate a collaborative pharmacy practice agreement voluntarily, and that it automatically terminates if the collaborating pharmacist or physician is no longer eligible to collaborate. It provides a process for notifying the Board of Pharmacy of the termination of a collaborative pharmacy agreement. This section also clarifies that patients may revoke consent to have drug therapy management pursuant to collaborative pharmacy practice at any time.
- Section six is amended to ensure that an employment arrangement does not interfere with a pharmacist's or physician's sound clinical judgment or obligation to patients.
- Section seven is amended to clarify disciplinary procedures.

Dr. Sheth moved that the Committee approve the proposed amendments to W. Va. Code R. § 11-8-1 *et. seq. Collaborative Pharmacy Practice* and authorize board staff to provide the proposed amended rule to the West Virginia Board of Osteopathic Medicine and the West Virginia Board of Pharmacy for consideration. Dr. Sheth further moved that the Committee schedule a meeting for noon on June 29, 2022 to discuss any comments, concerns, or modifications that the West Virginia Board of Osteopathic Medicine and/or the West Virginia Board of Pharmacy may have following review of the proposed rule amendments. Dr. Challa seconded the motion, and the motion carried.

There being no further business to consider, Dr. Challa moved that the meeting adjourn.
Dr. Amjad seconded the motion, and the motion carried.

Mustafa Rahim, MD
Legislative Committee Chair

A large, stylized handwritten signature in black ink, written over the printed name and title. To the right of the signature, the date "7/21/22" is written vertically.

Executive/Management Committee Minutes

July 11, 2021

The West Virginia Board of Medicine's Executive/Management Committee met at 101 Dee Drive, Charleston West Virginia, on July 11, 2021, at 11:00 am.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame. Dr. Sheth moved that the minutes of the Committee's May 16, 2021 meeting be approved. Dr. Amjad seconded the motion, and the motion carried.

CALL TO
ORDER AND
APPROVAL
OF MINUTES

Prior to today's meeting, a copy of the fiscal report and purchasing card transactions for the months of May and June 2021 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Sheth moved that the purchasing card transactions for the months of May and June 2021 be approved. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that in 2020 a Senate Bill 851 Workgroup was established, which consists of representatives from local law enforcement, the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy. The purpose of the workgroup is to establish a

confidential treatment referral program for persons presenting themselves as suffering from substance use disorder. The workgroup has developed a brochure to be made available for potential patients and has asked the Board of Medicine to assist in developing a one-page informational sheet to be made available to providers. Committee members provided input with regard to information that would be helpful to include on the document and Dr. Amjad offered to provide additional information to staff. Board staff will provide the information expressed by the Committee to the Workgroup.

Prior to today's meeting, correspondence that was received from a licensee was made available for members to review. Mr. Spangler reported that the licensee is requesting that the Board expunge information/documents that she submitted to the Board, and which are part of her Board of Medicine record. In association with her request, the licensee provided a copy of an Agreed Order for Expungement issued by the Kanawha County Circuit Court. Dr. Sheth moved that the Committee determine that the Board is unable to expunge the licensee's most recent licensure renewal application. Dr. Sheth further moved that the Committee expunge all other information and documents that the licensee provided to the Board which relate to the matter addressed in the Agreed Order for Expungement. Dr. Amjad seconded the motion, and the motion carried. The information and documents will be expunged, and the licensee will be notified of such.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- The Board is awaiting a decision in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.
- The trial in the matter of *Amy Young v. West Virginia Board of Medicine* is scheduled to commence on March 21, 2022.
- The Board has been notified that it is a party in the matter of *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.* Charles Bailey, Esq. of West Virginia Board of Risk and Insurance Management has been assigned to represent the Board in this matter.
- The matter of *J.H. v. West Virginia Board of Medicine* relates to a complaint that was closed several years ago. The petitioner claims that the Board did not notify

him of the outcome of the complaint, thus he filed suit in Kanawha County Circuit Court. Judge Louis H. Bloom found no fault by the Board of Medicine and dismissed the case. The petitioner is appealing Judge Bloom's decision to the West Virginia Supreme Court of Appeals. The Board is waiting for the Supreme Court to set scheduling or to dismiss this matter.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- The trial in the matter of *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* is in process. Mr. Spangler has been subpoenaed in this matter.

Mr. Spangler reported that in March 2020, the Board temporarily suspended certain provisions of the following rules:

- W. Va. Code R. § 11-1A-1 *et. seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et. seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-3-1 *et seq.*, *Board Organization and Meeting Procedure; Complaint and Contested Case Hearing Procedures*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-7-1 *et seq.*, *Formation and Approval of Professional Limited Liability Companies*
- W. Va. Code R. § 11-12-1 *et seq.*, *Permitting and Disciplinary Procedures: Educational Permits for Graduate medical Interns, Residents and Fellows*

The suspensions were implemented to extend the timeframes associated with licensure renewal to assist licensees as they worked to protect and serve the citizens of West Virginia during the COVID-19 pandemic. The rule suspensions also temporarily waived certain fees related to practice

agreements and practice notifications. As the renewal and fee suspensions are no longer needed, Dr. Sheth moved that the Committee recommend that the Board rescind the temporary suspension of certain provisions of the following rules:

- W. Va. Code R. § 11-1A-1 *et. seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et. seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W, Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-7-1 *et seq.*, *Formation and Approval of Professional Limited Liability Companies*
- W. Va. Code R. § 11-12-1 *et seq.*, *Permitting and Disciplinary Procedures: Educational Permits for Graduate medical Interns, Residents and Fellows*

Dr. Sheth further moved that the rule suspension for W. Va. Code R. § 11-3-1 *et seq.*, *Board Organization and Meeting Procedure; Complaint and Contested Case Hearing Procedures* remain in place at this time. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that Board staff are working with the West Virginia Purchasing Division to enter into an additional one-year extension agreement with the Board's current database vendor, Big Picture. Additionally, Board staff continue to work with the Purchasing Division to determine how to proceed with inLumon, who was previously awarded the contract for implementation of a new Board of Medicine database and website.

Prior to today's meeting, 2021 Renewal Statistics were made available for members to review. Mr. Spangler reported that the renewal period for educational permit participants, medical doctors whose last names begin with the letters M through Z, all podiatric physicians, controlled substance dispensing practitioner registration for medical doctors whose last names begin with the letters M through Z and all podiatric physicians, and professional limited liability companies concluded at 4:30 pm Eastern Daylight Time on June 30, 2021.

Mr. Spangler reported that the Board has contracted with five hearing examiners and one court reporter for the 2021-2022 year. Board staff will contact the West Virginia Purchasing Division to inquire about rebidding court reporting services with the hopes of gaining additional bids.

Mr. Spangler reported that the Board's strategic planning session was placed on hold last year due to the COVID-19 pandemic. Mr. Spangler inquired regarding the Committee's desire to hold a strategic planning meeting this year. The Committee tabled the strategic planning meeting discussion for a future meeting.

Mr. Spangler reported that following the Governor's lifting of the mask mandate the Board's office protocols were modified to reflect that fully vaccinated staff do not need to wear a mask while working in the Board office. However, with the presence of the COVID-19 Delta Variant being identified in West Virginia, Board staff will highly encourage individuals who have not been fully vaccinated to wear a mask. Additional COVID-19 protocols, such as social distancing, the reporting and handling of illness, etc., remain in place.

ADJOURNMENT

There being no further business to consider, the meeting adjourned by consensus.

WEST VIRGINIA BOARD OF MEDICINE

Executive/Management Committee Minutes

September 12, 2021

The West Virginia Board of Medicine's Executive/Management Committee met via GoToMeeting at 11:00 am on September 12, 2021.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.

Dr. Challa called the meeting to order, and attendance was documented by Ms. Cross. Dr. Faheem moved that the minutes of the Committee's July 11, 2021 meeting be approved. Dr. Sheth seconded the motion, and the motion carried.

CALL TO
ORDER AND
APPROVAL
OF MINUTES

Prior to today's meeting, a copy of the fiscal report and purchasing card transactions for the months of July and August 2021 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Sheth moved that the purchasing card transactions for the months of July and August 2021 be accepted. Dr. Faheem seconded the motion, and the motion carried.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- The Board is awaiting a decision in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.
- The trial in the matter of *Amy Young v. West Virginia Board of Medicine* is scheduled to commence on March 21, 2022.
- The Board is a party in the matter of *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.* Charles Bailey, Esq. of Bailey & Wyant has been assigned by the West Virginia Board of Risk and Insurance Management to represent the Board in this matter. A motion to dismiss is currently pending.
- The matter of *J.H. v. West Virginia Board of Medicine* is pending before the West Virginia Supreme Court of Appeals. A scheduling order in place.
- The West Virginia Attorney General's Office is representing the interest of the Board during the discovery phase of the opioid litigation before the Mass Litigation Panel.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- *The City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* bench trial has rested and is awaiting a judgment by the court.

Mr. Spangler reported that the West Virginia Performance Review Act requires a review of each regulatory board at least once every twelve years. Earlier this month, members of the West Virginia Legislature's Performance Evaluation and Review Division (PERD) met with Board of Medicine staff to conduct an entrance conference. At the conference, Board staff provided the PERD auditors with a letter and a thumb drive which contained a voluminous amount of information that was requested by PERD in advance of the meeting. Prior to today's meeting, a copy of the letter that was provided to the PERD auditors was made available for members to review. The PERD auditors have requested supplemental information, which the Board will provide on or before to September 24, 2021. Board staff will keep the Committee apprised regarding the review.

Prior to today's meeting, correspondence inquiring whether the Board has a position on the co-prescribing of naloxone in conjunction with all narcotic prescriptions was made available for members to review. It was reported by the correspondent that the West Virginia Board of Pharmacy has developed a policy in favor of co-prescribing naloxone with narcotic prescriptions. Mr. Spangler reported that this is a topic of interest for the Centers for Disease Control and the Governor's Office of Drug Control and Prevention. Board members raised concerns regarding whether prescribing naloxone in every circumstance is necessary. The Committee directed Board staff to gather additional information regarding the co-prescribing of naloxone in conjunction with all narcotic prescriptions and to determine if there is a West Virginia Board of Pharmacy policy on this issued. The Committee will revisit this inquiry at the November 2021 meeting.

Mr. Spangler reported that the Board has entered into a one-year extension agreement with the Board's current database vendor, Big Picture. The vendor is has begun modifying the Board's website and database to conform with the legislative changes enacted this year.

Mr. Spangler reported that the Board continues to participate in the HALO Project workgroup. This substance use disorder referral project aims to get individuals who are suffering from substance use disorder into treatment more quickly. Mr. Spangler reported that there is a meeting next week focused on identifying five or six primary care physicians in Kanawha County to participate in the pilot project.

Prior to today's meeting, correspondence that was received regarding radiology assistants was made available for members to review. Mr. Spangler reminded members that earlier this year the Committee considered correspondence regarding radiology assistants and elected not to seek a modification of the Board's legislative rule, W. Va. Code R §11-9-1 *et. seq, Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiology Assistants*. No action was taken with regard to this agenda item.

Mr. Spangler reported that due to an unexpected family emergency involving her son, the Board's Executive Administrative Assistant, Jamie Frame, has been out of the office since August 24, 2021. He provided an update regarding her son's condition and reported that Ms. Frame has

expressed her appreciation for all of the thoughts, prayers and support she and her family have received from Board members and staff.

Mr. Spangler reported that Angela Scholl, former Licensure Analyst, resigned from her position with the Board effective August 27, 2021. Prior to Ms. Scholl's departure the licensure unit consisted of one analyst dedicated to physician assistants, and two analysts who processed physician and podiatric physician applications. To promote cross-coverage and to distribute workload more evenly, Mr. Spangler provided that he has restructured the licensure analyst positions. Moving forward, all three analyst positions will process applications across all profession types. Thomas M. McCall, who is currently the Physician Assistant Licensure Analyst, has accepted the new restructured licensure analyst position. The Board is currently accepting applications to fill the vacant analyst position. Mr. Spangler further reported that he has submitted a request to the Governor's office to add a fourth licensure analyst position to assist with the increased workload resulting from the addition of educational permits, emergency registrations and interstate telehealth registrations.

Mr. Spangler reported that he recently accepted the position of Vice President for Administrators in Medicine. Committee members congratulated Mr. Spangler. Dr. Challa noted that Mr. Spangler is also up for nomination as the next Chair of the Interstate Medical Licensure Compact Commission and expressed his appreciation for Mr. Spangler's participation in national leadership positions in medical regulation.

Mr. Spangler reported that the lease for the Board's office space is up in December of this year. Board staff are working with the West Virginia Department of Administration's Real Estate Division to negotiate the terms of a new lease agreement.

Mr. Spangler revisited some of the key points of the Board's 2019 Strategic Plan and reported on how some of the Board's goals have increased in relevance during the COVID-19 pandemic. Due to the increasing surge in COVID cases in the state, the Board will not hold a strategic planning session in 2021.

Mr. Spangler reported that the Board's COVID-19 office protocols remain in place and Board staff are equipped to begin working remotely if the current COVID surge would deem it necessary.

ADJOURNMENT

There being no further business to consider, Dr. Faheem moved that the meeting adjourn. Dr. Sheth seconded the motion, and the motion carried.

Kishore K. Challa, MD, FACC
Executive/Management Committee Chair

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
November 7, 2021

The West Virginia Board of Medicine's Executive/Management Committee met via GoToMeeting at 11:00 am on November 7, 2021.

The following Committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Ahmed D. Faheem, MD, DLFAPA
Ashish P. Sheth, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Dr. Faheem moved that the minutes of the Committee's September 12, 2021 meeting be approved. Dr. Sheth seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Prior to today's meeting a copy of the amended fiscal reports for the months of July and August 2021 were made available for members to review. Mr. Spangler reported that following the Committee's acceptance of the reports at its September 12, 2021 meeting, Board staff found that the amount of funds available was underreported. The error has been corrected and the amended reports have been generated. Dr. Faheem moved that the Committee accept the amended fiscal reports for the months of July and August. Dr. Sheth seconded the motion, and the motion carried.

Prior to today's meeting a copy of the fiscal reports and purchasing card transactions for the months of September and October were made available for members to review. Mr. Spangler

provided an overview of the Board’s financial status and reported that the Board continues to remain in a good financial position. Dr. Sheth moved that the fiscal reports and the purchasing card transactions for the months of September and October 2021 be accepted. Dr. Amjad seconded the motion, and the motion carried.

The Committee reviewed the proposed schedule of 2022 board meeting dates. Dr. Sheth moved that the following meeting dates be presented to the Board for approval:

January 10, 2022
March 14, 2022
May 16, 2022
July 11, 2022
September 12, 2022
November 14, 2022

Dr. Faheem seconded the motion, and the motion carried.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- A hearing in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine* is scheduled to convene on December 14, 2021.
- The trial in the matter of *Amy Young v. West Virginia Board of Medicine* is scheduled to commence on March 21, 2022.
- A Motion to Dismiss is currently pending in the matter of *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General’s Office, et al.*
- The matter of *J.H. v. West Virginia Board of Medicine* is pending before the West Virginia Supreme Court of Appeals where the petitioner is appealing the Circuit Court’s dismissal of his claim. A scheduling order has been issued, and the Petitioner has until December 30, 2021 to perfect his appeal.
- The West Virginia Attorney General’s Office and its appointed law firm of Mttes Rice, LC are representing the interests of the Board during the discovery phase of the opioid litigation before the Mass Litigation Panel. Depositions have been

scheduled for Mr. Spangler and former Executive Director for the Board, Robert Knittle. Board counsel continue to work with outside counsel on responding to discovery requests related to email correspondence of the current and former directors.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* The bench trial has concluded, and the matter is awaiting a judgment by the court.

At its September 2021 meeting the Committee reviewed correspondence inquiring whether the Board has a position statement on the co-prescribing of naloxone in conjunction with all narcotic prescriptions. The Committee directed Board staff to gather additional information this topic for consideration at today's meeting. Mr. Spangler reported that he has contacted the West Virginia Board of Pharmacy and has confirmed that they do not have an office policy regarding the co-prescribing of naloxone in conjunction with all narcotic prescriptions. The Centers for Disease Control has recommendations regarding co-prescribing. Additionally, several states have policies regarding co-prescribing; however, the policies vary significantly. In lieu of developing a formal Position Statement, an article on co-prescribing of naloxone in conjunction with narcotic prescriptions will be included in an upcoming Board of Medicine Newsletter.

Prior to today's meeting a letter that the American Academy of Physician Assistants (AAPA) sent to the American Medical Association (AMA), West Virginia Association of Physician Assistants (WVAPA) Talking Points and a Statement from the AMA was made available for members to review. Mr. Spangler reported that the AAPA has requested that the Board support changing the term "physician assistant" to "physician associate". The AMA has raised concerns that changing the professional name would be confusing to patients. Inasmuch as the AAPA support for the proposed name change is a very recent development, and the AMAs concerns with regard to the professional name, the Committee elected not to support the proposed name change at this time.

Mr. Spangler reported that the West Virginia Office of Technology is requiring state agencies to transition from Microsoft to Google. Thus far, Board staff have transitioned from Microsoft Outlook to Google Mail. Prior to July 2022, state agencies are required to transition from Microsoft products (Word and Excel) to Google products (Docs and Sheets). Agencies who anticipate issues in transitioning from Microsoft to Google products are encouraged to submit a Business Impact Assessment, which identifies the agencies concerns. Board staff are in the process of completing an officewide assessment to identify areas of concern.

Mr. Spangler reported that the West Virginia Legislature's Performance Evaluation and Review Division (PERD) audit remains ongoing. To date, Board staff have provided all information and documentation that has been requested of the Board in association with the audit. Board staff have been notified that the PERD auditors will be requesting additional information relating to complaint matters. The request itself has not yet been received.

Mr. Spangler reported that Board staff continue to participate in the HALO Project workgroup. Representatives of the entities involved in the HALO project workgroup met in September; however, no action was taken during the September meeting. Board staff will continue to participate in this project and will keep the Committee and Board updated.

Mr. Spangler reminded members that the licensure unit was recently restructured to facilitate analysts processing applications across all profession types. Mr. Spangler reported that Sara J. Fields has been hired as a licensure analyst. Prior to employment with the Board, Ms. Fields worked at Charleston Area Medical Center. Board staff look forward to continuing to work with Ms. Fields.

Mr. Spangler reminded members that the lease for the Board's office space is up in December of this year. Board staff continue to work with the West Virginia Department of Administration's Real Estate Division and the Board's landlord to negotiate the terms of a new lease agreement.

Mr. Spangler reported that the Board's COVID-19 office protocols remain in place.

There being no further business to consider, the meeting adjourned by consensus.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
January 9, 2022

The West Virginia Board of Medicine's Executive/Management Committee met via GoToMeeting at 11:00 am on January 9, 2022.

The following committee members attended the meeting:

Ashish P. Sheth, MD, Acting Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Angela A. Mayfield

The following committee member did not attend the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

The following board member attended the meeting as a guest:

Radhakrishna U. Kukkillaya, MD

In the absence of Dr. Challa, Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame. **CALL TO ORDER**

Prior to today's meeting, a copy of the draft November 7, 2021 meeting minutes were made available for members to review. Ms. Mayfield moved that the minutes of the Committee's November 7, 2021 meeting be approved. Dr. Amjad seconded the motion, and the motion carried. **APPROVAL OF MINUTES**

Prior to today's meeting a copy of the fiscal reports and purchasing card transactions for the months of November and December 2021 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board

continues to remain in a good financial position. Ms. Mayfield moved that the fiscal reports and the purchasing card transactions for the months of November and December 2021 be accepted. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- *Jan Kletter, MD v. West Virginia Board of Medicine* is awaiting summary decision.
- The trial in the matter of *Amy Young v. West Virginia Board of Medicine* is scheduled to commence on March 21, 2022.
- A Motion to Dismiss is currently pending in the matter of *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.*
- *J.H. v. West Virginia Board of Medicine* is pending before the West Virginia Supreme Court of Appeals where the petitioner is appealing the Circuit Court's dismissal of his claim. The Petitioner has filed his brief, and the Board has until mid-February 2022 to file a response.
- The West Virginia Attorney General's Office and its appointed law firm of Motley Rice, LC are representing the interests of the Board during the discovery phase of the opioid litigation before the Mass Litigation Panel. Mr. Spangler has completed his deposition in this matter.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* The bench trial has concluded, and the matter is awaiting a judgment by the court.

Mr. Spangler reported that the West Virginia Treasurer's Office applies a 2.25% convenience fee to all payments made to the Board via credit card transaction. Since 2016, the Board has elected to absorb the convenience fee rather than pass the fee on to licensees and registrants. Ms. Mayfield moved that the Committee recommend that the Board continue to absorb the convenience fee that is applied to credit card transactions for calendar year 2022 and reevaluate thereafter. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that the West Virginia Legislature's Performance Evaluation and Review Division (PERD) audit remains ongoing. To date, Board staff have provided all information and documentation that has been requested of the Board in association with the audit.

Mr. Spangler reported that Board staff continue to work with the West Virginia Department of Administration's Real Estate Division and the Board's landlord to finalize the terms of a new lease agreement.

Mr. Spangler reported that the Board's COVID-19 office protocols remain in place.

ADJOURNMENT

There being no further business to consider, Dr. Amjad moved that the meeting adjourn. Ms. Mayfield seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
March 13, 2022

The West Virginia Board of Medicine’s Executive/Management Committee met via GoToMeeting at 11:00 am on March 13, 2022.

The following committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Quartel-Ayne Amjad, MD, MPH
Angela A. Mayfield

The following committee member did not attend the meeting:

Ashish P. Sheth, MD

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today’s meeting, a copy of the draft January 9, 2022 meeting minutes were made available for members to review. Ms. Mayfield moved that the minutes of the Committee’s January 9, 2022 meeting be approved. Dr. Amjad seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Prior to today’s meeting a copy of the fiscal reports and purchasing card transactions for the months of January and February 2022 were made available for members to review. Mr. Spangler provided an overview of the Board’s financial status and reported that the Board continues to remain in a good financial position. Ms. Mayfield moved that the fiscal reports and the purchasing card transactions for the months of January and February 2022 be accepted. Dr. Amjad seconded the motion, and the motion carried.

Mr. Spangler reported that in April 2020, the Board published *Guidance and Best Practice for the Safe Resumption of Practice for Board of Medicine Licensees*. Board staff have recently received calls inquiring about current Board of Medicine COVID guidance, including mask guidance/requirements. The Committee authorized staff to develop and publish new guidance based on current Center for Disease Control (CDC) guidelines. Until the new guidance is published, the committee directed staff to encourage practitioners to follow current state and CDC guidelines for medical offices. The revised guidance will be presented to the Committee at the May 2022 meeting for consideration.

Mr. Spangler reported that the majority of paper applications that are submitted to the Board require original “wet ink” signatures by applicants, licensees, registrants, permit holders and others, and therefore must be submitted via US Mail, FedEx, UPS or hand delivery. Board staff would like to review all of the signed documents that are submitted to the Board to determine if the Board could accept some electronic or photocopied signatures in lieu of an original signature. The Committee directed staff to review all documents utilized by the Board which require signatures by applicants, licensees, registrants, permit holders and others to determine whether original, photocopy or electronic signatures should be required/accepted. It was noted that Subpoena’s and documents submitted in association with Complaint Committee matters need to continue to contain original signatures. Ms. Mayfield moved that the Committee delegate Mr. Spangler authority to determine the appropriate signatory requirement (original, photocopy, or original) for documents received by the Board. Dr. Amjad seconded the motion, and the motion carried. Staff will report back to the Committee on this matter at the May 2022 meeting.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- Kelli Talbott, Esq, who has been representing the Board in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*, recently resigned from her position with the West Virginia Attorney General’s Office to pursue a new employment opportunity. Upon her departure, Anthony D. Eates, Deputy Attorney General for the West Virginia Attorney General’s Office, acquired this case. Mr. Eates has filed Notice of Counsel in Kanawha County Circuit Court. The Board continues to await a summary decision in this matter.

- Mediation occurred last week in the matter of *Amy Young v. West Virginia Board of Medicine*. The Board's insurance provider, West Virginia Board of Risk & Insurance Management, has entered into a settlement agreement in this matter.
- The judge entered a Memorandum Opinion and Order dismissing all defendants in the matter of *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.* Unless the plaintiff files an appeal, this matter has been resolved.
- *J.H. v. West Virginia Board of Medicine* is pending before the West Virginia Supreme Court of Appeals where the petitioner is appealing the Circuit Court's dismissal of his claim. Mr. Foster has filed the Board's brief in this matter. The Board is awaiting a decision.
- The West Virginia Attorney General's Office and its appointed law firm of Motley Rice, LC represented the interests of the Board during the discovery phase of the opioid litigation before the Mass Litigation Panel. This matter is awaiting a decision.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* The bench trial has concluded, and the matter is awaiting a judgment by the court.

Mr. Spangler reported that the West Virginia Legislature's Performance Evaluation and Review Division audit of the Board remains ongoing. The auditors have requested additional documentation from the Board, and Board staff have responded appropriately. There is currently one request that is pending; Board staff anticipates that the information responsive to the pending request will be provided later this week.

Mr. Spangler reported that the Board has entered into a new lease agreement with the Board's landlord which will remain in effect for two years, at which time the Board will have the option of extending the lease for an additional two-year period.

Mr. Spangler reported that the Board's COVID-19 office protocols remain in place.

Mr. Spangler reported that the Board's supplemental appropriation bill has completed the legislative process and is awaiting the Governor's signature. The funds in the supplemental appropriation bill will be used to hire an additional part-time licensure analyst this spring. Later in the year the part-time position will transition into a full-time position.

Mr. Spangler reported that Andrew Wessels, who served as the Board's Director of Intergovernmental and Public Relations, is no longer employed by the Board. The Board wishes Mr. Wessels the best in his future endeavors.

ADJOURNMENT

There being no further business to consider, Ms. Mayfield moved that the meeting adjourn. Dr. Amjad seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Executive/Management Committee Minutes
May 15, 2022

The West Virginia Board of Medicine's Executive/Management Committee met at 11:00 am on May 15, 2022, at the board office.

The following committee members attended the meeting:

Kishore K. Challa, MD, FACC, Executive/Management Committee Chair
Angela A. Mayfield
Ashish P. Sheth, MD

The following committee member did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

Prior to today's meeting, a copy of the draft March 13, 2022 meeting minutes were made available for members to review. Dr. Sheth moved that the minutes of the Committee's March 13, 2022 meeting be approved. Ms. Mayfield seconded the motion, and the motion carried.

**APPROVAL
OF MINUTES**

Prior to today's meeting a copy of the fiscal reports and purchasing card transactions for the months of March and April 2022 were made available for members to review. Mr. Spangler provided an overview of the Board's financial status and reported that the Board continues to remain in a good financial position. Dr. Sheth moved that the fiscal reports and the purchasing card transactions for the months of March and April 2022 be accepted. Ms. Mayfield seconded the motion, and the motion carried.

Prior to today's meeting, a copy of correspondence that was received regarding the corporate practice of medicine, and a company's possible violation of such, was made available for members to review. Mr. Spangler reported that Board staff will request additional information from the company's counsel, and this matter will be placed on a future agenda for consideration.

Prior to today's meeting, a request that was received from the West Virginia Center for Threat preparedness was made available for members to review. Mr. Spangler reported that the Center for Threat Preparedness is requesting that the Board provide public information regarding Board of Medicine licensees on a monthly basis for use in the online West Virginia Responder emergency Deployment Information (WVREDI) System for rapid credential verification of medical volunteers during emergency situations. Dr. Sheth moved that the Board enter into a Memoranda of Understanding with the West Virginia Center for Threat Preparedness to provide the information that is being requested. Ms. Mayfield seconded the motion, and the motion carried.

Prior to today's meeting, a request from the West Virginia Office of Epidemiology and Prevention Services was made available for members to review. Mr. Spangler reported that the Office of Epidemiology would like for the Board to publish an article in an upcoming edition of the Board's newsletter which provides information regarding free services and resources available through the Office of Epidemiology and Prevention Services. The Committee elected to include a link in an upcoming newsletter to the Office of Epidemiology and Prevention Services website.

Prior to today's meeting, the following policies, which were recently adopted by the Federation of State Medical Boards, were made available for members to review:

- *Professional Expectations Regarding Medical Misinformation and Disinformation*
- *The Appropriate Use of Telemedicine Technologies in the Practice of Medicine*
- *Diversity, Equity and Inclusion in medical Regulation and Patient Care*
- *Emergency Preparedness and Response*

Mr. Spangler reported that the policies are being provided for information purposes only at this time. The policies will be placed on a future meeting agenda for consideration.

Mr. Spangler reported that Board staff would like to establish an Application Review Workgroup to evaluate current applications and determine if any modifications and/or

modernizations are needed. Ms. Mayfield moved that the Committee authorize Board staff to establish an Application Review Workgroup. Dr. Sheth seconded the motion, and the motion carried. Workgroup recommendations will be reported to the Executive/Management Committee for consideration.

Mr. Spangler provided the following update regarding ongoing litigation matters in which the Board of Medicine is a party to the litigation:

- The Board is awaiting a summary decision in the matter of *Jan Kletter, MD v. West Virginia Board of Medicine*.
- *J.H. v. West Virginia Board of Medicine* is pending before the West Virginia Supreme Court of Appeals where the petitioner is appealing the Circuit Court's dismissal of his claim. Mr. Foster has filed the Board's brief in this matter. The Board is awaiting a decision.

Mr. Spangler provided an update regarding the following litigation matter in which the Board is not a party but has provided discovery:

- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* The bench trial has concluded, and the matter is awaiting a judgment by the court.

Ms. Alley reported that the West Virginia Attorney General's Office and its appointed law firm of Motley Rice, LC represented the interests of the Board during the discovery phase of the opioid litigation before the Mass Litigation Panel. It is possible that Mr. Spangler may be called to testify in this matter.

Mr. Spangler reported that the Board of Medicine's COVID-19 office protocols remain in place.

Mr. Spangler reported that the West Virginia Office of Technology is requiring state agencies to transition from Microsoft to Google. Thus far, Board staff have transitioned from Microsoft Outlook to Google Mail. Prior to July 2022, agencies must transition from Microsoft Word and Excel to Google Docs and Sheets. Agencies who anticipate enterprise difficulties if

required to transition with respect to these remaining products may request an exemption and submit a Business Impact Assessment, which identifies areas of concern. Ms. Mayfield moved that Board staff submit a Business Impact Assessment requesting an exemption from the required transition. Dr. Sheth seconded the motion, and the motion carried.

Mr. Spangler reported that Board staff continue to evaluate applications and documents to determine if any are appropriate for transition from wet ink to electronic signatures. The results of the evaluation will be presented to the Committee when the review process is complete.

Mr. Spangler reported that the West Virginia Legislature's Performance Evaluation and Review Division audit of the Board has concluded. The Performance Evaluation and Review Division is scheduled to present their report to the West Virginia Legislature during the June 2022 interim session. Due to prior Board of Medicine commitments that are concurrent with the June interim legislative session, it is possible that the report will be deferred until July. The final audit report has not yet been released.

Mr. Spangler reported that the renewal period for physicians whose last names begin with the letter A through L, controlled substance dispensing practitioner registration renewal for physicians whose last names begin with the letter A through L, education permits and professional limited liability company's commenced the first week of May, and will conclude at 4:30 pm EDT on June 30, 2022. There are currently 4493 medical doctors eligible to renew their licenses to practice medicine and surgery in West Virginia. As of May 13, 2022, Board staff have processed 879 medical doctor license renewal applications.

Mr. Spangler reported that Thomas McCall, who served as one of the Board's three licensure analysts, resigned from his position effective April 29, 2022. The Board wishes Mr. McCall the best in his future endeavors. Board staff recently conducted interview for the licensure analyst position, and Samantha Gutierrez was offered and has accepted the position. Mr. Gutierrez will begin her employment with the Board tomorrow, May 16, 2022.

There being no further business to consider, Dr. Sheth moved that the meeting adjourn.
Ms. Mayfield seconded the motion, and the motion carried.

Complaint Committee Meeting Minutes

July 11, 2021

A meeting of the West Virginia Board of Medicine Complaint Committee was held at 101 Dee Drive, Charleston, West Virginia, on the 11th day of July 2021 beginning at 12:30 p.m.

The following Committee members were present:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Thomas Wesley Steele, MD
Angela A. Mayfield

The following Committee member was absent:

David A. Mullins, MD

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI
Jake Spradling

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

**APPROVAL
OF**

MINUTES Dr. Steele made a motion to approve the May 16, 2021 Complaint Committee minutes and the June 10, 2021 Special Meeting minutes. Ms. Mayfield seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT

Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the May meeting, fully executed Consent Orders have been entered with respect to the following licensees:

Gary Steven DeGuzman, MD: On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded Dr. DeGuzman and required him to

complete additional CME for failing to adopt, implement and consistently follow universal masking requirements in his medical office during the COVID-19 pandemic and failing to conform his medical office practice with Executive Order 30-20 and the Board's *Guidelines and Best Practices for the Safe Resumption of Practice for Board of Medicine Licensees*.

Phillip Allen Peterson, MD: On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded him for the conduct that formed the basis of his Plea Agreement in the matter of *United States of America v. Phillip A. Peterson*, Criminal Action No. 1:19-cr-00054 and for having action taken against his Virginia medical license.

Tonva Kim Powers, MD: On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded her based upon having action taken against her Virginia medical license, and for the conduct that formed the basis of the discipline imposed by the Virginia Board of Medicine.

Frederick Adolph Reichle, MD: On June 2, 2021, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Reichle permanently ineligible for licensure by the West Virginia Board of Medicine.

Kristopher Kuksu Yoon, MD: On May 21, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.

EXECUTIVE

SESSION Ms. Mayfield made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Steele seconded the motion, and the motion carried.

PUBLIC

SESSION The Executive Session concluded, and the Complaint Committee returned to Public Session.

COMPLAINT COMMITTEE

ACTIONS Ms. Mayfield moved that the Committee take the following actions:

Dr. Steele seconded the motion, and the motion carried.

Ms. Mayfield moved that the Committee make the following findings:

**FINDINGS OF PROBABLE CAUSE TO SUBSTANTIATE CHARGES OF
DISQUALIFICATION UNDER WV CODE §30-3-14**

18-145-W	David Elwood Hess, MD
19-15-W	David Elwood Hess, MD
19-27-W	David Elwood Hess, MD

Dr. Steele seconded the motion, and the motion carried.

Ms. Mayfield moved that the Committee seek authority from the Board to issue Consent Orders or Amended Consent Orders in six ongoing matters. Dr. Steele seconded the motion, and the motion carried.

The Committee considered a request from Arthur David Barnes, MD to remove the Public Reprimand from his record with this Board, which was imposed via Consent Order. Ms. Mayfield moved that the Committee deny his request. Dr. Steele seconded the motion, and the motion carried.

The Committee considered its compliance monitoring in the matter of *WVBOM v. Omar Khalid Hasan, MD*, Case No. 14-89-S. The Committee reviewed a new request from the licensee submitted on July 6, 2021. Ms. Mayfield moved that the Committee direct a response to the licensee seeking clarification and additional information, so that the new request may be properly evaluated. Dr. Steele seconded the motion, and the motion carried.

The Committee reviewed the Committee's proposed Consent Order in the matter of *West Virginia Board of Medicine v. Zouhair Mohamad Wadih Kabbara, MD*, in Complaint No. 19-114-W. Dr. Kabbara has signed the Consent Order. If ratified by the Board, the Consent Order would resolve the pending disciplinary charges against the licensee. Ms. Mayfield moved that the Committee recommend that the Board accept the proposed Consent Order in lieu of proceeding to hearing. Dr. Steele seconded the motion, and the motion carried.

ADJOURNMENT There being no further business, the Complaint Committee determined by consensus to adjourn.

WEST VIRGINIA BOARD OF MEDICINE

Complaint Committee

Special Meeting Minutes

August 6, 2021

A special meeting of the West Virginia Board of Medicine Complaint Committee was held on the 6th day of August 2021, at 12:00 p.m.

The following Committee members participated via conference call:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
David A. Mullins, MD
Thomas Wesley Steele, MD
Angela A. Mayfield

The following Staff members were present via conference call:

Mark A. Spangler, Director
Greg Foster, Esquire
Leslie A. Thornton, CMBI
Jacob W. Spradling

The following guest attended the meeting in whole or in part via conference call:

Patrick C. Timony, Esquire

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

EXECUTIVE

SESSION Dr. Steele made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code § 6-9A-4(b)(4) and (6) to discuss effecting a license as well as related information that, if disclosed, would constitute an unwarranted invasion of privacy. A second was given by Ms. Mayfield, and the motion carried. The Complaint Committee entered into Executive Session to consider matters pursuant to West Virginia Code § 30-3-6 and W. Va. Code § 6-9A-4(b)(4) and (6).

PUBLIC

SESSION Ms. Mayfield moved that the Committee return to Public Session. A second was given by Dr. Mullins, and the motion carried.

**COMPLAINT
COMMITTEE**

ACTIONS Upon return to public session, the Committee considered correspondence from the Licensee in association with the Board's Final Order in the matter of WVBOM v. Omar Khalid Hasan, MD, Case No. 14-89-S.

Based upon the Committee's evaluation of all the information presented, Dr. Steele motioned that the Committee recommend that the Board:

1. Approve Dr. Hasan to attend both identified PACE programs, at his own expense, with the following provisos and conditions:

a. Advise Dr. Hasan that the PACE Fitness for Duty is most relevant to Dr. Hasan's circumstances, and that the PACE Competency Assessment is not of particular interest to the Board because it is not directly relevant to the issues in the underlying case. Provided, if PACE requires the Competency Assessment in addition to the Fitness for Duty Evaluation, or if Dr. Hasan chooses to do both, the Board supports his participation in both programs.

b. Dr. Hasan must identify the Board as the referring entity on his PACE applications and list Mark Spangler as the Board's point of contact.

c. Dr. Hasan must execute all necessary releases to permit PACE and the Board to disclose/release/exchange information.

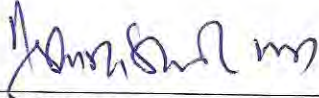

d. He must execute all necessary releases to allow P.G. to provide the full medical record directly to PACE and to allow the PRC to provide its Report directly to PACE.

e. He must cause PACE to notify the Board ahead of time of his PACE pre-screening/assessment and evaluation dates, and provide proof to the Board of his participation in such within 10 days thereafter.

2. Further, in the Board's correspondence to Dr. Hasan, the Board should make him aware that for it to consider modifying and/or lifting his suspension, PACE must conclude, at a minimum, that he is fit to return to practice and that patient safety would not be jeopardized by his return. Additionally, Dr. Hasan should be notified that in the event PACE recommends any practice restrictions, conditions, limitations or further treatment in association with, or before his return to practice, the Board may strongly consider and require his compliance with such.

Ms. Mayfield seconded the motion, and the motion carried.

ADJOURNMENT There being no further business, Ms. Mayfield motioned for adjournment. Dr. Steele seconded the motion, and the Committee determined by consensus to adjourn.

September 12, 2021

A meeting of the West Virginia Board of Medicine Complaint Committee was held at 101 Dee Drive, Charleston, West Virginia, on the 12th day of September 2021 beginning at 12:30 p.m.

The following Committee members were present:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
David A. Mullins, MD
Angela A. Mayfield

The following Committee member was absent:

Thomas Wesley Steele, MD

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI
Jacob W. Spradling

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

**APPROVAL
OF**

MINUTES Ms. Mayfield made a motion to approve the July 11, 2021 Complaint Committee minutes and the August 6, 2021 Special Meeting minutes. Dr. Mullins seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT

Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the July meeting, fully executed Consent Orders have been entered with respect to the following licensees:

Amber Marie Allen, DPM: On July 19, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for her failure to produce documentation of her timely completion of the drug diversion CME during the Board's CME audit.

Frederick William Barker, MD: On July 23, 2021, the licensee entered into a Consent Order with the Board that requires him to successfully complete PBI Education's *Medical Record Keeping (MR-17 Extended Edition)* for concerns raised by an independent reviewer regarding his treatment and lack of documentation concerning four patients. Dr. Barker is also subject to a medical record audit one year from the completion of the CME course.

Eston Robert Caldwell, III, MD On July 20, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded Dr. Caldwell and fined him \$500.00 for the conduct which formed the basis of the disciplinary action taken by the Virginia Board of Medicine and for his inaccurate and/or fraudulent responses on his February 2020 initial West Virginia licensure application and September 2020 licensure renewal application.

Hanibal Mahdi, MD: On August 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded Dr. Mahdi and fined him \$2,000.00 for treating patients via telemedicine without first establishing a physician-patient relationship in accordance with West Virginia law.

Richard John Mailloux, MD: On July 23, 2021, the licensee entered into a Consent Order with the Board that imposed a \$800.00 fine for his failure to produce documentation of his timely completion of 8 of the 50 hours of the required CME during the Board's CME audit.

Oluvemisi Reuben Sangodevi, MD: On August 6, 2021, the licensee entered into a Consent Order that publicly reprimanded Dr. Sangodevi for failing to provide appropriate medical care to a patient, including failing to ensure proper post-operative coverage of the patient while he was unavailable.

Thomas Joseph Schmitt, MD: On July 20, 2021, the licensee entered into a Consent Order with the Board that permanently prohibits Dr. Schmitt from prescribing, ordering, administering or dispensing any controlled substances pursuant to his West Virginia medical license.

Michael Curtis Shockley, MD: On July 20, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.

Kevin Sanford Smith, MD: On August 6, 2021, the licensee entered into a Consent Order with the Board that placed his license on a probationary status for a period of three years, with specific terms and conditions. Probation was imposed reciprocally for the conduct

which formed the basis of the Medical Board of California's November 16, 2020 Decision and Order imposing discipline on Dr. Smith's California medical license.

EXECUTIVE

SESSION Dr. Mullins made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Ms. Mayfield seconded the motion, and the motion carried.

PUBLIC

SESSION The Executive Session concluded, and the Complaint Committee returned to Public Session.

Special Meeting Minutes

October 14, 2021

A special meeting of the West Virginia Board of Medicine Complaint Committee was held on the 14th day of October 2021, at 9:00 a.m.

The following Committee members were present:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Angela A. Mayfield
Thomas Wesley Steele, MD

The following Committee member participated via GoToMeeting:

David A. Mullins, MD

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI
Jacob W. Spradling

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

EXECUTIVE

SESSION Dr. Steele made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code § 6-9A-4(b)(4) and (6) to discuss effecting a license as well as related information that, if disclosed, would constitute an unwarranted invasion of privacy. A second was given by Ms. Mayfield, and the motion carried. The Complaint Committee entered into Executive Session to consider matters pursuant to West Virginia Code §30-3-6 and W. Va. Code § 6-9A-4(b)(4) and (6).

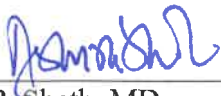

PUBLIC

SESSION Dr. Steele moved that the Committee return to Public Session. A second was given by Ms. Mayfield, and the motion carried.

**COMPLAINT
COMMITTEE**

ACTIONS Upon return to public session Dr. Steele moved that the Committee authorize the presentation of a Consent Order in one pending matter for subsequent ratification by the Board, if accepted by the licensee. Ms. Mayfield seconded the motion, and the motion carried.

Complaint Committee Meeting Minutes

November 7, 2021

A meeting of the West Virginia Board of Medicine Complaint Committee was held at 101 Dee Drive, Charleston, West Virginia, on the 7th day of November 2021 beginning at 12:30 p.m.

The following Committee members were present:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
David A. Mullins, MD
Thomas Wesley Steele, MD
Angela A. Mayfield

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI
Jacob W. Spradling

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

**APPROVAL
OF**

MINUTES Dr. Sheth made a motion to approve the minutes of the September 12, 2021 Complaint Committee meeting, and the October 14, 2021 Special Complaint Committee meeting. Ms. Mayfield seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the September meeting, a fully executed Consent Order has been entered with respect to each of the following licensees:

Lana Dawn Christiano, MD: On October 22, 2021, the licensee entered into a Consent Order with the Board that imposed a \$400.00 fine for her failure to report a malpractice settlement on her 2020 license renewal application.

Robert Joseph Crow, Jr.: On October 22, 2021, the licensee entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.

David Alfred Ghaphery, MD: On October 22, 2021, the licensee entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.

Dibbendu Mahanayak, MD: On September 17, 2021, the licensee entered into a Consent Order with the Board that imposed a \$900.00 fine for: (1) failing to produce documentation during the Board's CME audit that he had completed a Board approved course on drug diversion training and best practice prescribing of controlled substance training during the requisite time frame; and (2) failing to disclose the complaint pending against him due to his CME Audit deficiencies on his 2021 medical license renewal application.

Daniel Salmeron, MD: On September 17, 2021, the licensee entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to disclose disciplinary action that had been taken against his Mississippi, Texas, Michigan, New York and Florida medical licenses on his 2021 West Virginia license renewal application.

EXECUTIVE

SESSION Dr. Steele made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code § 6-9A-4(b)(4) and (6), and West Virginia Code § 30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Ms. Mayfield seconded the motion, and the motion carried.

PUBLIC

SESSION The Committee re-entered Public Session. Dr. Mullins declared a conflict in two pending reports which were referred to the Complaint Committee for possible Committee action. Dr. Mullins disclosed that he practices at the same location as the practitioners identified in the two reports, and that his conflicts relate to the fact that his professional familiarity and interactions with both licensees may create an appearance of partiality or bias. Dr. Mullins then exited the meeting room. Dr. Steele moved that the Committee initiate Complaint No. 21-114-W. With respect to the second report, Dr. Steele further moved that the Committee initiate Complaint No. 21-115-W. Ms. Mayfield seconded each of the motions, and the motions carried. Having completed the matters in which Dr. Mullins declared a conflict, Dr. Mullins returned to the meeting room for the remainder of the meeting.

**COMPLAINT
COMMITTEE**

ACTIONS Ms. Mayfield moved that the Committee return to Executive Session, and the Committee determined by consensus to re-enter Executive session. Dr. Steele moved that the Committee take the following actions:

Complaint Committee Meeting Minutes

January 9, 2022

A meeting of the West Virginia Board of Medicine Complaint Committee was held at 101 Dee Drive, Charleston, West Virginia, on the 9th day of January 2022 beginning at 12:30 p.m.

The following Committee members were present:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
David A. Mullins, MD
Thomas Wesley Steele, MD
Angela A. Mayfield

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI
Jacob W. Spradling

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

**APPROVAL
OF**

MINUTES Dr. Steele made a motion to approve the minutes of the November 7, 2021 Complaint Committee meeting. Ms. Mayfield seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the November meeting, a fully executed Consent Order has been entered with respect to each of the following licensees:

Mark W. Allen, MD: On November 10, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded Dr. Allen for his unprofessional conduct in failing to comport with the public health safety protocols and best practice guidelines during the COVID-19 pandemic. Dr Allen was also required to complete the *COVID-19: Essentials for Healthcare Worker-Online CME Course*.

Fulvio Rogelio Franyutti, MD: On November 10, 2021, the licensee entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.

EXECUTIVE

SESSION Ms. Mayfield made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code §6-9A-4(b)(4) and (6), and West Virginia Code §30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Mullins seconded the motion, and the motion carried.

PUBLIC

SESSION The Committee re-entered public session. Dr. Sheth declared a conflict in a pending Complaint Committee matter. The matter was identified as Complaint No. 20-99-W. Dr. Sheth disclosed that his conflict relates to the fact that his professional interactions with the licensee may create an appearance of partiality or bias. Dr. Sheth appointed Dr. Steele to chair the Committee discussion and exited the meeting room. Having completed the matter in which Dr. Sheth declared a conflict, Dr. Sheth returned to the meeting room for the remainder of the meeting.

Dr. Mullins declared a conflict in a pending report which was referred to the Complaint Committee for possible initiation of a Committee complaint and investigation. Dr. Mullins disclosed that his conflict relates to the fact that his personal interactions with the licensee may create an appearance of partiality or bias. Dr. Mullins then exited the meeting room. Having completed the matter in which Dr. Mullins declared a conflict, Dr. Mullins returned to the meeting room for the remainder of the meeting.

COMPLAINT COMMITTEE

ACTIONS Dr. Steele moved that the Committee take the following actions:

Complaint Committee Meeting Minutes

March 13, 2022

A meeting of the West Virginia Board of Medicine Complaint Committee was held at 101 Dee Drive, Charleston, West Virginia, on the 13th day of March 2022 beginning at 12:30 p.m.

The following Committee members were present:

Thomas Wesley Steele, MD, Acting Complaint Committee Chair
David A. Mullins, MD
Angela A. Mayfield

The following Committee member was absent:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI
Jacob W. Spradling

**CALL TO
ORDER**

Dr. Steele, presiding as Acting Chair by designation, called the meeting to order.

**APPROVAL
OF**

MINUTES Dr. Mullins made a motion to approve the minutes of the January 9, 2022 Complaint Committee meeting and the January 26, 2022 Special meeting. Ms. Mayfield seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT

Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the January meeting, a fully executed Consent Order has been entered with respect to each of the following licensees:

CONSENT ORDERS

Licensee	Entry Date	Summary and Terms
Paul Antony Alappat, MD Complaint No. 21-75-W	January 19, 2022	These Consent Orders impose a \$400.00 fine for failure to report a malpractice settlement on the 2020 license renewal application.
Gregory V. D'Eramo, MD Complaint No. 21-80-W	January 19, 2022	
Myung-Sup Kim, MD Complaint No. 21-83-W	January 19, 2022	
Bruce Wallace Leslie, MD Complaint No. 21-74-W	January 19, 2022	This Consent Order imposes a \$3,000.00 fine for failing to produce documentation of timely completion of CME during the Board's CME audit, with a deficit of 30 hours.
Mesfin Tessema Assefa, MD Complaint No. 21-67-W	January 19, 2022	These Consent Orders impose a \$500.00 fine for failure to produce documentation of timely completion of the drug diversion CME during the Board's CME audit.
Satinder Singh Bhullar, MD Complaint No. 21-68-W	January 19, 2022	
Lindsey Nicole Bravin, MD Complaint No. 21-69-W	January 19, 2022	
Thomas Stephen Kowalkowski, MD Complaint No. 21-72-W	January 20, 2022	
Alexander Vladimirovich Otellin, MD Consent Order Monitoring in Complaint No. 18-81-W	February 24, 2022	This Amended Consent Order effectuates the surrender of Dr. Otellin's medical license, and provides terms and conditions that must be met before Dr. Otellin can petition for reinstatement of licensure.

EXECUTIVE

SESSION Dr. Mullins made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code § 6-9A-4(b)(4) and (6), and West Virginia Code § 30-3-6 to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Ms. Mayfield seconded the motion, and the motion carried.

PUBLIC

SESSION The Executive Session concluded, and the Complaint Committee returned to Public Session.

**COMPLAINT
COMMITTEE**

ACTIONS Ms. Mayfield moved that the Committee take the following actions:

CLOSURES

22-02-W	Douglas Coleman Brown, MD
21-118-W	David Acevedo Fells, MD
21-138-W	Gabrielle Fodor Morris, MD
21-140-W	Tad Douglas Schoedel, MD

22-21-W
22-22-W
22-23-W
22-24-W
22-25-W
22-26-W

Dr. Mullins seconded the motion, and the motion carried.

Dr. Mullins moved that the Committee seek authority from the Board to issue Consent Orders or Amended Consent Orders in twelve ongoing matters. Ms. Mayfield seconded the motion, and the motion carried.

The Committee received a self-report from a licensee that more specifically relates to a corporate practice of medicine issue. Ms. Mayfield moved that the Committee refer the report to the Executive Committee for review and consideration. Dr. Mullins seconded the motion, and the motion carried.

The Board delegated the responsibility of monitoring the compliance of the June 21, 2017 Final Order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD* to the Complaint Committee. The Committee received documentation from the Physician Assessment and Clinical Education program at UC San Diego School of Medicine. Having reviewed all relevant materials, Ms. Mayfield moved that the Complaint Committee recommend to the Board that it find Dr. Hasan has satisfied all conditions set forth in the June 21, 2017 Final Order, and lift the suspension of his West Virginia medical license. Dr. Mullins seconded the motion, and the motion carried.

ADJOURNMENT There being no further business, the Complaint Committee determined by consensus to adjourn.

Complaint Committee

Special Meeting Minutes

March 24, 2022

A special meeting of the West Virginia Board of Medicine Complaint Committee was held on the 24th day of March 2022, at 12:00 p.m.

The following Committee members were present:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Angela A. Mayfield
David A. Mullins, MD

The following Committee member was absent:

Thomas Wesley Steele, MD

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

EXECUTIVE

SESSION Dr. Mullins made a motion that the Public Session be recessed in order to enter into Executive Session pursuant to W. Va. Code § 6-9A-4(b)(4) and (6) to discuss effecting a license as well as related information that, if disclosed, would constitute an unwarranted invasion of privacy. A second was given by Ms. Mayfield, and the motion carried. The Complaint Committee entered into Executive Session to consider matters pursuant to West Virginia Code §30-3-6 and W. Va. Code § 6-9A-4(b)(4) and (6).

PUBLIC

SESSION Dr. Mullins moved that the Committee return to Public Session. A second was given by Ms. Mayfield, and the motion carried.

**COMPLAINT
COMMITTEE**

ACTIONS Upon return to public session, Dr. Mullins moved that the Committee take the following action:

INITIATED COMPLAINT

22-29-W

Ms. Mayfield seconded the motion, and the motion carried.

On July 29, 2020, the Board and Ollie Joseph Jackson, III, MD, license number 27313, entered into a Consent Order that placed his license on a probationary status for a period of thirty-five months, with specific terms and conditions. The Consent Order imposed reciprocal discipline based upon action taken against Dr. Jackson by the Medical Board of California. On January 11, 2022, the Board received Dr. Jackson's *Petition for Early Release of Medical License from Probationary Status*. Dr. Jackson has completed a minimum of one (1) year of probation in West Virginia, has submitted evidence of successful release from probation in California, and his California license has been restored to unrestricted status. Dr. Mullins moves that the Committee recommend that the Board enter an Order terminating Dr. Jackson's July 29, 2020 Consent Order as fully satisfied. Ms. Mayfield seconded the motion, and the motion carried.

ADJOURNMENT There being no further business, the Complaint Committee determined by consensus to adjourn.

Jacob W. Spradling

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

**APPROVAL
OF**

MINUTES Dr. Mullins made a motion to approve the minutes of the March 13, 2022 Complaint Committee meeting and the March 24, 2022 special meeting. Ms. Mayfield seconded the motion, and the motion carried.

BOARD

COUNSEL REPORT Mr. Foster provided an update with respect to the Consent Orders offered by the Committee. Since the March meeting, a fully executed Consent Order has been entered with respect to each of the following licensees:

CONSENT ORDERS		
Licensee	Entry Date	Summary and Terms
Walid Mohamed Radwan, MD Complaint No. 19-70-W	April 18, 2022	This Amended Consent Order publicly reprimanded Dr. Radwan in resolution of Complaint No. 19-70-W. The Amended Consent Order also dissolved all prior terms and conditions placed upon Dr. Radwan's medical license pursuant to his 2015 Consent Order, which limited his practice to his former training program.
Rose Onyinyechi Uradu, MD Complaint No. 20-38-W	March 14, 2022	This Consent Order publicly reprimanded Dr. Uradu for her inaccurate renewal application responses in 2017 and 2019.

EXECUTIVE

SESSION Dr. Steele made a motion that the Public Session be recessed in order to enter into Executive Session, pursuant to W. Va. Code § 6-9A-4(b)(4) and (6), and § 30-3-6, to discuss probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Dr. Mullins seconded the motion, the motion carried, and the Committee entered into Executive Session.

PUBLIC

SESSION The Committee re-entered Public Session. Dr. Mullins declared a conflict in three pending Complaint Committee matters.

Dr. Mullins declared a conflict with regard to Complaint No. 21-114-W. Dr. Mullins disclosed that his conflict relates to the fact that his professional interactions with the licensee may create an appearance of partiality or bias.

Dr. Mullins declared a conflict with regard to Complaint No. 21-115-W. Dr. Mullins disclosed that his conflict relates to the fact that his professional interactions with the licensee may create an appearance of partiality or bias.

Dr. Mullins declared a conflict with regard to Complaint No. 21-113-B. Dr. Mullins disclosed that his conflict relates to the fact that his professional interactions with the licensee may create an appearance of partiality or bias.

Dr. Mullins then exited the meeting room. During his absence, Dr. Steele moved that the Committee take the following actions:

CLOSURES

21-114-W	Gene Bermejo Duremdes, MD
21-115-W	Generoso Divinagracia Duremdes, MD
21-113-B	Eric Shane Hopkins, MD

Ms. Mayfield seconded the motion, and the motion carried. Having completed discussion and actions upon the matters in which Dr. Mullins declared a conflict, Dr. Mullins returned to the meeting room for the remainder of the meeting.

**COMPLAINT
COMMITTEE**

ACTIONS Dr. Steele moved that the Committee take the following actions:

CLOSURES

21-143-W	Bryan Scott Stafford, PA
21-66-W	Peter Matthew Antall, MD
22-08-W	Leszek Jerzy Fiutowski, MD
22-07-W	Bella Nayan Zinzuwadia, MD
22-10-L	Shamsher Ali, MD
22-15-S	Paula Renee Blount, PA
22-12-L	Jason Wayne DeBerry, MD
22-16-M	Rola Michelle Gharib-Rucker, MD
22-11-L	Mark Anthony Hackney, MD
22-09-W	William Randolph Jeffrey, MD
21-150-B	Nathaniel Lloyd Kister, MD
21-106-M	Jack Charles Meshel, MD
22-13-T	Paul Rosen, MD
21-141-W	Robert Jeffrey Shalowitz, MD

INITIATED COMPLAINTS

22-39-W

22-40-W

22-41-W

22-42-W

22-43-W

22-44-W

22-45-W

22-46-W

Ms. Mayfield seconded the motion, and the motion carried.

Dr. Steele moved that the Committee seek authority from the Board to issue Consent Orders or Amended Consent Orders in nine ongoing matters. Ms. Mayfield seconded the motion, and the motion carried.

On July 29, 2020, the Board and Ollie Joseph Jackson, III, MD, license number 27313, entered into a Consent Order that placed his license on a probationary status for a period of thirty-five months, with specific terms and conditions. The Consent Order imposed reciprocal discipline based upon action taken against Dr. Jackson by the Medical Board of California. On January 11, 2022, the Board received Dr. Jackson's *Petition for Early Release of Medical License from Probationary Status*. Dr. Jackson has completed a minimum of one (1) year of probation in West Virginia, has submitted evidence of successful release from probation in California, and his California license has been restored to unrestricted status. Dr. Steele moved that the Committee recommend that the Board enter an Order terminating Dr. Jackson's Consent Order. Ms. Mayfield seconded the motion, and the motion carried.

ADJOURNMENT There being no further business, the Complaint Committee determined by consensus to adjourn.

Ashish P. Sheth, MD
Chair of the Complaint Committee

WEST VIRGINIA BOARD OF MEDICINE

Complaint Committee

Special Meeting Minutes

May 31, 2022

A special meeting of the West Virginia Board of Medicine Complaint Committee was held on the 31st day of May 2022, beginning at 11:45 a.m.

The following Committee members were present via teleconference:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Angela A. Mayfield
Thomas Wesley Steele, MD
David A. Mullins, MD

The following Staff members were present:

Mark A. Spangler, MA
Jamie S. Alley, Esquire
Greg Foster, Esquire
Leslie A. Thornton, CMBI
Jacob W. Spradling

**CALL TO
ORDER**

Dr. Sheth called the meeting to order.

EXECUTIVE

SESSION Dr. Steele made a motion that the Public Session be recessed in order to enter into Executive Session, pursuant to W. Va. Code § 6-9A-4(b)(4) and (6), and § 30-3-6, to discuss pre-probable cause disciplinary matters, matters effecting a license, and information that, if disclosed, would constitute an unwarranted invasion of privacy. Ms. Mayfield seconded the motion, the motion carried, and the Committee entered into Executive Session.

**PUBLIC
SESSION**

The Committee re-entered into Public Session.

COMPLAINT

COMMITTEE

ACTIONS No action was taken by the Committee at this meeting.

ADJOURNMENT There being no further business, the Complaint Committee determined by consensus to adjourn.

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

July 12, 2021

The West Virginia Board of Medicine met at 101 Dee Drive, Charleston, West Virginia, at 9:00 am on July 12, 2021.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management
Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board members did not attend the meeting:

Timothy J. Donatelli, DPM
David A. Mullins, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Leisa L. Reed
Leslie A. Thornton, CMBI
Andrew R. Wessels

The following guest attended the meeting:

Carrie A. Lakin, DPM

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

CALL TO
ORDER AND
ANNOUNCEMENTS

Dr. Challa notified members that the 2021 BOM Annual Report Executive Summary has been published, and encouraged members to collect copies of the summary after the conclusion of the meeting.

Dr. Challa welcomed Carrie A. Lakin, DPM to the meeting. Dr. Lakin joined the meeting via the GoToMeeting virtual meeting platform. Dr. Challa notified Board members that Dr. Lakin resigned from the Board, effective June 30, 2021. On behalf of the Board and staff, Dr. Challa thanked Dr. Lakin for her service to the Board, the podiatric profession and the citizens of West Virginia and presented her with a plaque commemorating her service.

Mr. Tipton joined the meeting at this time.

Dr. Challa welcomed Board members and staff to the first in-person Board meeting convened since the gubernatorially declared COVID-19 pandemic State of Emergency. Dr. Challa noted that Quartel-Ayne Amjad, MD, MPH, Christopher J. Tipton, PA-C and Kiran R. Patel, MD each began their terms while the Board's meetings were being conducted via virtual platform. As this is their first in-person meeting, I would like to welcome these members. Board members joined Dr. Challa in extending warm welcomes to Dr. Amjad, Mr. Tipton and Dr. Patel.

Dr. Challa also welcomed administrative assistant/receptionist Leisa Reid to the Board staff. Ms. Reed joined the staff during the pandemic, and this was her first opportunity to attend an in-person Board meeting for introduction and welcome.

Dr. Rahim moved that the Board's May 17, 2021 and June 11, 2021 meeting minutes be approved. Dr. Harman seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler noted that it is good to be back to in-person meetings. He indicated that a photographer would be present at the September meeting to take Board member photographs for new members, as well as a photograph of the full Board. Mr. Spangler commented on the exceptional work that the Board members and staff have done managing their respective duties remotely throughout the pandemic. He also recognized the Complaint Committee and staff members who instituted safety measures and continued to meet face to face throughout this time.

**EXECUTIVE
DIRECTOR REPORT**

Dr. Challa reported that the Executive/Management Committee met on Sunday, July 12, 2021, at which time the Committee reviewed and approved the fiscal report and purchasing card transactions for May and June 2021. The Board continues to remain in a good financial position.

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

Dr. Challa reported that a Senate Bill 851 Workgroup was established, which consists of representatives from local law enforcement, the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy. The purpose of the workgroup is to establish a confidential treatment referral program for persons presenting themselves as suffering from substance use disorder. The workgroup has developed a brochure to be made available for potential patients and has asked the Board of Medicine to assist in developing a one-page informational sheet to be made available to providers. Committee members provided input with regard to information that would be helpful to include on the document and Dr. Amjad offered to provide additional information to staff. Board staff will provide the Committee's input to the Workgroup.

Dr. Challa reported that the Committee received and reviewed correspondence from a licensee requesting that the Board expunge information/documents that the licensee

submitted to the Board, and which are part of the licensee's Board of Medicine record. In association with the request, the licensee provided a copy of an Agreed Order for Expungement issued by the Kanawha County Circuit Court. The Committee determine that the Board is unable to expunge the licensee's actual licensure renewal application, but that all other information and documents that the licensee provided to the Board in association therewith and which relate to the matter addressed in the Agreed Order for Expungement be expunged. The licensee will be notified of the expungement.

Dr. Challa reported that the Committee received an update regarding the following matters in which the Board of Medicine is a party to the litigation:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*
- The Board has been notified that it is a party in the matter of *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.* Charles Bailey, Esq. of West Virginia Board of Risk and Insurance Management has been assigned to represent the Board in this matter.
- The matter of *J.H. v. West Virginia Board of Medicine* relates to a complaint that was closed several years ago. The petitioner claims that the Board did not notify him of the outcome of the complaint and has challenged the disposition of the matter. He filed suit in Kanawha County Circuit Court. Judge Louis H. Bloom summarily dismissed the case. The petitioner is appealing Judge Bloom's decision to the West Virginia Supreme Court of Appeals. The Board is waiting for the Supreme Court to set a scheduling order in this matter.

Additionally, the Committee was provided a status update regarding one litigation matter in which the Board is not a party but has provided discovery. The case of *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* is currently at trial. Mr. Spangler has been issued a witness subpoena.

In March 2020, the Board temporarily suspended certain provisions of the following rules: 11 CSR 1A, 1B, 3, 5, 6, 7 and 12. The rule suspensions were implemented to extend the timeframes associated with licensure renewal to assist licensees as they worked to protect and serve the citizens of West Virginia during the COVID-19 pandemic. The rule suspensions also temporarily waived certain fees related to practice agreements and practice notifications. As the renewal and fee suspensions are no longer needed, the Committee recommended that the Board rescind the temporary suspension of certain provisions of the following rules:

- W. Va. Code R. § 11-1A-1 *et. seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et. seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-7-1 *et seq.*, *Formation and Approval of Professional Limited Liability Companies*
- W. Va. Code R. § 11-12-1 *et seq.*, *Permitting and Disciplinary Procedures: Educational Permits for Graduate medical Interns, Residents and Fellows*

The Committee further recommended that the rule suspension for W. Va. Code R. § 11-3-1 *et seq.*, *Board Organization and Meeting Procedure; Complaint and Contested Case Hearing Procedures* remain in place at this time. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that the Board has negotiated an agreement with the current database vendor, Big Picture, which will remain in place through June 2021. Board staff are working with the West Virginia Purchasing Division to enter into an additional one-year extension agreement with Big Picture. Additionally, due to legislation that was passed

in 2021, several enhancements will need to be made to the Board's database and website. Board staff continue to work with the West Virginia Purchasing Division to determine how to proceed with inLumon, who was previously awarded the contract for implementation of a new Board of Medicine database and website.

Dr. Challa reported that the Committee received an update regarding renewal. A renewal update will be provided to the Board later this morning as part of the Licensure Committee Report.

Dr. Challa reported that the Board has contracted with five hearing examiners and one court reporter for the 2021-2022 year. Board staff will reach out to the West Virginia Purchasing Division to inquire about the possibility of rebidding court reporting services.

Dr. Challa reported that following the Governor's lifting of the mask mandate the Board's office protocol was modified to reflect that fully vaccinated staff do not need to wear a mask while working in the Board office. However, with the presence of the Delta variant being identified in West Virginia, Board staff will highly encourage individuals who have not been fully vaccinated to wear a mask. Additional COVID-19 protocols, such as social distancing, the reporting and handling of illness, etc., will remain in place.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee met yesterday morning at which time the Committee established the following additional Committee meeting date:

- July 29, 2021 at 5:00 pm

Dr. Rahim reported that the Committee members discussed communications with the Board of Pharmacy concerning collaborative pharmacy practice. House Bill 2265,

6

LEGISLATIVE
COMMITTEE
REPORT

relating to collaborative pharmacy practice and updating rulemaking authority, was not passed during the 2021 legislative session. This bill would have amended the Pharmacy Practice Act to change the rulemaking authority for collaborative pharmacy practice to remove the Board of Medicine's joint authority with the West Virginia Board of Pharmacy and the West Virginia Board of Osteopathic Medicine for rulemaking. Instead, the Board of Medicine's role would be limited to advising on the rule. Members of the Legislature requested that the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy work collaboratively to update W. Va. Code § 11-8-1 *et seq.* for introduction during the 2022 legislative session.

Mr. Spangler reported that the Board of Pharmacy does not appear to be interested in updating the joint rule on collaborative pharmacy practice this year as previously contemplated, as many of the changes the Board of Pharmacy sought to implement are inconsistent with current statutory provisions. Board staff have communicated to the Board of Pharmacy that this Board remains open to working collaboratively with regard to updating the rule and identified some areas where modification could be made. Board staff will reach out to the Board of Pharmacy and the Board of Osteopathic Medicine to establish a meeting prior to the 2022 legislative session to discuss this joint rule.

Dr. Rahim reported that Senate Bill 372, providing greater discretion to the West Virginia Board of Medicine to approve graduate clinical training, became effective on March 9, 2021. This bill modifies W. Va. Code § 30-3-10 to provide a pathway for licensure for applicants who have completed fellowship training in programs for which accreditation is not available, but which meet other appropriate standards. Several physicians who held a specialty license prior to the passage of this legislation have recently converted to a traditional medical license. Additional licensees who currently hold a specialty license have requested an application to convert to a traditional medical license.

Dr. Rahim reported that Senate Bill 714, relating to the Physician Assistants Practice Act, became effective on July 8, 2021. As a result, the Board has updated its website, updated the practice notification form, and modified the initial physician assistant

licensure application. The revised form and application will be available on the website later today.

Dr. Rahim reported that House Bill 2024, relating to telemedicine, became effective on March 30, 2021. To implement the registration process and to establish rules related to the delivery of telehealth services to patients in West Virginia, Board staff filed an emergency rule with the West Virginia Secretary of State's Office. Once the emergency rule is in effect, the interstate telehealth registration application will be made available on the Board's website, and licensees and other credential holders will be notified via email.

At the June 23, 2021 meeting, the Committee approved the proposed new rule, W. Va. Code § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, and authorized Board staff to move forward with promulgation of the legislative and the emergency versions of this rule. Mr. Spangler reported that prior to filing the rule with the West Virginia Secretary of State's Office, Board staff made the following technical changes to the rule which were ratified by the Legislative Committee:

- Removed the word "automatically" in 4.6, 9.2 and 10.2
- Added the word "uncontested" in 9.2
- Clarified in 5.3.2 that the application renewal fee for physician assistants is \$50.00, which, consistent with prior direction from the Committee, and is half of the initial application fee

On June 29, 2021, Board staff filed Notice of a Public Comment Period with the West Virginia Secretary of State's Office with regard to the following proposed rules:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*

- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W. Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

The Board is accepting written comments on the proposed amendments to the seven existing rules and the proposed new rule through 4:30 pm on July 29, 2021. The Committee preliminarily reviewed the comments that have been received as of 4:30 pm on July 9, 2021, and provided direction to staff regarding the correspondence and related outreach. The agency approved version of the rules will be approved once the comment period ends.

Following conclusion of the comment period on July 29, 2021, the Legislative Committee will meet to review and consider all comments that are received. The Committee recommended that the Board delegate authority to the Legislative Committee to act on behalf of the Board at interim meetings with regard to authorizing the filing of the agency approved version of the pending legislative rules and any amendments or other necessary action related to emergency rulemaking. The motion of the Committee was given by Dr. Challa, and the motion carried.

Mr. Foster reported that there is one hearing scheduled to convene on September 21-24, 2021.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there are two matters where the hearings are stayed and/or in a continued status at the request of the licensees. Once additional matter has been stayed, and will be discussed as part of the Complaint Committee report later in this meeting.

Mr. Foster reported that Board staff are in the process of drafting a Complaint and Notice of Hearing in one matter.

In the absence of Committee Chair, Ms. Takubo, Acting Chair Dr. Lilly gave the report of the Physician Assistant Committee, which met on Saturday, July 10, 2021.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Dr. Lilly reported that Amber Michelle Leman, PA appeared before the Committee in support of her application for physician assistant licensure. After meeting with the applicant, the Committee recommended that the applicant be approved for physician assistant licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following seventeen applicants be approved for initial physician assistant licensure:

Ryan Luke Applegate, PA
Natalie Dawn Austin, PA
Terry Norman Davis, Jr., PA
Diana Sue DeWolfe, PA
Luke Aaron Dice, PA
Adina Miriam Freud, PA
Travis Lee James, PA

Trenton Ryan Johnson, PA
Marissa Ann Jonov, PA
Meghan Marie Long, PA
Matthew Joseph Mastiano, PA
Lauren Ashley Nedzelski, PA
Danielle Elizabeth Potts, PA
Ravish Kanchanlal Prajapati, PA
Danielle Rae Stuart, PA
Pamela Jane Sturgill, PA
Brendan David Winters, PA

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee will continue to maintain the application for Lisa Marie McCormack, PA-C on hold pending receipt of additional information.

Dr. Lilly reported that in May and June 2021, Board staff authorized/activated the following number of practice agreements and practice notifications:

Month	Practice Agreements Authorized		Practice Notifications Activated	
	West Virginia Licensed	Emergency Registrant	West Virginia Licensed	Emergency Registrant
May	14	0	15	3
June	8	0	12	0

Dr. Lilly reported that Board staff processed the following reactivation of licensure applications in May and June 2021:

Licensee Name	License No.	Reactivation Date
Bethany Katherine Fisher, PA	1333	June 17, 2021
Mosamat Khaleda Nayem, PA	828	June 17, 2021

Dr. Lilly reported that since implementation of the Board’s emergency rule, W. Va. Code R. § 11-14-1, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of 133 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

Dr. Lilly reported that the Committee reviewed and approved updates to the Practice Notification form and the Initial Licensure Application. These updates implement the changes to the Physician Assistants Practice Act enacted by Senate Bill 714.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Licensure Committee met in-person at the Board’s offices on Saturday, July 10, 2021.

LICENSURE
COMMITTEE
REPORT

Dr. Lilly reported that four scheduled applicants appeared before the Committee to discuss their licensure applications. Based thereupon, the Committee recommended that the following three applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Kasimu Senghor Moody, MD	Initial Licensure	Pending payment of the Patient Injury Compensation Fund Fee
Brittani Shantel Lowe, MD	Initial Licensure	None
Matthew Korey Shotwell, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried. The Committee elected to place the initial medical licensure application of Adaiyah Abumeze Ezekiel, MD on hold, pending additional information.

Dr. Lilly reported that the Committee reviewed and discussed thirteen physician licensure applications of various types. Based thereupon, the Committee recommended that the following six applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Naoum Baladi, MD	Initial Licensure	Accept Medical Education as Satisfactorily Verified
Christian Chisholm Halloran, MD	Reactivation	None
Alaa Jalell Hamada, MD	Initial Licensure	None
Andrew Joseph Hanly, MD	Initial Licensure	None
Catherine Renee Lewis, MD	Initial Licensure	None
Gul Madison, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee decided to request that the following five applicants appear before the Committee at a subsequent meeting to discuss their applications:

Name	Application Type
Jason Gamez, MD	Initial Licensure
Allen Anderson Lill, Jr., MD	Initial Licensure

Name	Application Type
Leonard Anthony Reynolds, DPM	Reactivation
David Meir Reznick, MD	Initial Licensure
Scott Lynn Shreeve, MD	Initial Licensure

The initial licensure application for Jamil Mahmoud Aljari, MD is on hold pending receipt of additional information.

Additionally, the Committee was notified that Anand Raj Dugar, MD accepted the Consent Order the Board offered in May, and it is currently circulating for signature.

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. A list of the one hundred and forty-six applicants is attached to these minutes as Attachment 1, and is incorporated herein by reference. No conflicts were declared. The Committee recommended that the Board approve one hundred and forty-six applicants for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly asked Board members to review the list of three initial applicants for podiatric physician licensure and to advise of any conflicts. A list of the three applicants is attached to these minutes as Attachment 2, and is incorporated herein by reference. No conflicts were declared. The Committee recommended that the Board approve the three podiatric physician applicants for initial podiatric licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that Susan Diane Delman, MD has applied for a Summer Camp Physician license. No conflicts having been declared, the Committee recommended that the Board grant Dr. Delman a Summer Camp Physician license. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received and reviewed communication from the Interstate Medical Licensure Compact Commission concerning Mariela Viera, MD. This physician

was issued a Letter of Qualification from the state of Arizona and was granted compact licenses by several IMLC member states, including West Virginia. Dr. Viera renewed in West Virginia in early May. The IMLCC notified the Board in June that Arizona issued this physician a Letter of Qualification in error, and that Dr. Viera does not meet the eligibility criteria for compact licensure. After reviewing the correspondence and considering how other states who issued Dr. Viera a compact license based upon the erroneous LOQ responded, the Committee recommended that the Board expire Dr. Viera's license, effective at 11:59 pm Monday July 12, 2021, due to her ineligibility. The Committee further recommended that notification of expiration be sent to Dr. Viera at her email address of record as soon as possible after the meeting concludes on Monday. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received and reviewed options for a reinstatement process for IMLC licensees who failed to renew by the deadline and who would like to reinstate licensure within a year of expiration. The IMLC does not have a specific process in place for reinstatement, because this is not a process utilized by all compact member states. After staff consultation with the IMLC, the Committee recommends that the Board adopt the following reinstatement process for physicians who were licensed through the IMLC process and who permitted their license to expire in West Virginia. The process has two pathways, and the physician can select his or her preferred pathway:

1. If the physician wants to opt out of the IMLC process, the physician can submit an initial application for a traditional pathway license to practice medicine and surgery in West Virginia.
2. If the physician wishes to relicense as an IMLC licensee, the physician will:
 - a. Complete a West Virginia IMLC pathway reinstatement application (which is similar to the traditional reinstatement application);
 - b. Pay the reinstatement fee (\$600) directly to the Board; and
 - c. Complete the IMLC renewal application and remit the required IMLC renewal fee directly to the IMLC at which point the IMLC will

confirm to the Board that the physician's West Virginia license has been reinstated with the IMLC.

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that in light of the implementation of SB 372, the Board previously authorized staff to conduct outreach to current medical school faculty and extraordinary circumstances licensees who may now be eligible for a traditional license. That outreach has occurred, and the Board has received inquiries from two licensees who may seek unrestricted licensure through this pathway.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in May and June 2021:

Previous Committee Action Update
Interstate Medical Licensure Compact Licenses Issued
Letters of Qualification Issued
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports is attached to these minutes as Attachment 3, and are incorporated herein by reference.

Dr. Lilly reported that the Committee received an update regarding 2021 licensure renewal as follows:

2021 RENEWAL STATISTICS

Credential Type	Eligible to Renew	Number Renewed	Number Expired	Additional Information
M-Z Traditional License*	3713	3147	566	
M-Z IMLC License	214	168	46	
Medical School Faculty	8	6	2	
Restricted License in Extraordinary Circumstances	7	6	1	
Volunteer License	7	5	2	
CSDP Registrations - MD	182	115	67	
Educational Permits	633	477	123	26 of the 633 physicians eligible to renew changed programs and were required to submit an initial application for the new program; 7 expired on 5/17/2021 when they were granted licenses by the Board
DPM License	142	121	21	
CSDP Registrations - DPM	15	10	5	
PLLCs	157	136	18	3 of the 157 PLLCs eligible to renew notified the BOM that they had closed.

*Does not include Medical School Faculty, Restricted License in Extraordinary Circumstance or IMLC licensees.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Rahim left the meeting at this time. With a quorum remaining, Dr. Sheth provided the report of the Complaint Committee, which met yesterday, Sunday, July 11, 2021.

CLOSURES

Dr. Sheth reported that, having found no basis to proceed, the Committee elected to close the following complaints without further action or disciplinary process.

Complaint Number	Respondent's Name
21-17-W	Richard Osborne Booth, Jr., MD
21-18-W	Paul Duane Davis, MD
20-101-F	Christopher John Foti, PA-C
21-21-W	Deepak Hooda, MD
21-22-W	Wendell Ray Lewis, Jr., PA-C
21-26-W	Ward Jackson Paine, MD
21-01-W	Amy Lee Wirts, MD
21-30-H	Terri Leanne Belcher, PA-C
21-29-W	Brandon Patrick Byron, MD
21-15-F	Krista Dawn Hale, PA-C
21-33-B	Leah Holloran, PA-C
21-35-S	Nancy Lea Joseph, MD

Complaint Number	Respondent's Name
21-32-B	Mark Robert Lee, MD
21-59-M	Robert Thomas Linger, Jr., MD
21-14-L	Charles Lye, MD
21-34-P	Dilip Nair, MD
19-99-W	Alexander Vladimirovich Otellin, MD
21-04-W	Homer K. Lester, PA-C

INITIATED COMPLAINTS

Dr. Sheth reported that the Complaint Committee elected to initiate the following Committee complaints:

Initiated Complaint Number			
21-62-W	21-68-W	21-74-W	21-80-W
21-63-W	21-69-W	21-75-W	21-81-W
21-64-W	21-70-W	21-76-W	21-82-W
21-65-W	21-71-W	21-77-W	21-83-W
21-66-W	21-72-W	21-78-W	
21-67-W	21-73-W	21-79-W	

**FINDINGS OF PROBABLE CAUSE TO SUBSTANTIATE CHARGES OF
DISQUALIFICATION UNDER WV CODE §30-3-14**

Dr. Sheth reported that the Complaint Committee made the following findings of probable cause to to substantiate charges of disqualification under W. Va. Code § 30-3-14(c):

Complaint Number	Name
18-145-W	David Elwood Hess, MD
19-15-W	David Elwood Hess, MD
19-27-W	David Elwood Hess, MD

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer six Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Gary Steven DeGuzman, MD	On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded Dr. DeGuzman and required him to complete additional CME for failing to adopt, implement and consistently follow universal masking requirements in his medical office during the COVID-19 pandemic and failing to conform his medical office practice with Executive Order 30-20 and the Board’s <i>Guidelines and Best Practices for the Safe Resumption of Practice for Board of Medicine Licensees</i> .

Name	Consent Order Details
Phillip Allen Peterson, MD	On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded him for the conduct that formed the basis of his Plea Agreement in the matter of United States of America v. Phillip A. Peterson, Criminal Action No. 1:19-cr-00054 and for having action taken against his Virginia medical license.
Tonya Kim Powers, MD	On May 19, 2021, the licensee entered into a Consent Order with the Board that publicly reprimanded her based upon having action taken against her Virginia medical license, and for the conduct that formed the basis of the discipline imposed by the Virginia Board of Medicine.
Frederick Adolph Reichle, MD	On June 2, 2021, the licensee entered into a Consent Order with the Board that effectuated the immediate permanent surrender of his West Virginia medical license. This Order also renders Dr. Reichle permanently ineligible for licensure by the West Virginia Board of Medicine.
Kristopher Kuksu Yoon, MD	On May 21, 2021, the licensee entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.

All Consent Orders are available on the Board's website.

Dr. Sheth identified the next order of business as an update regarding its monitoring of the Final Order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD, Complaint No. 14-89-S*, and requested that any conflicts be declared. Dr. Faheem, who participated in the underlying public hearing, declared a conflict and left the meeting at this time.

Dr. Sheth reported that the Board's determination at its June 11, 2021 Special Meeting was communicated to Dr. Hasan. The licensee submitted a new request on July

6, 2021, which the Committee reviewed yesterday. The Committee has directed a response to the licensee seeking clarification and additional information so that the new request may be properly evaluated. Dr. Sheth notified the Board that it will continue to provide updates on this matter, as appropriate.

Dr. Faheem rejoined the meeting at this time.

Dr. Sheth reported that the Complaint Committee had one additional matter to report which requires Board action. Dr. Sheth asked if there were any conflicts with respect to the matter of *West Virginia Board of Medicine v. Zouhair Mohamad Wadih Kabbara, MD, in Complaint No. 19-114-W*. No conflicts having been declared, Dr. Sheth reminded members that on September 16, 2020, the Board summarily suspended the medical license of Zouhair Mohamad Wadih Kabbara, MD, license number 26464. In accordance with W. Va. Code § 30-3-14(k), the Order of Summary Suspension simultaneously issued a notice of hearing to Dr. Kabbara, instituting proceedings to convene a hearing on September 30, 2020. The complaint involved serious allegations of sexual misconduct against Dr. Kabbara by multiple individuals. In advance of the hearing upon his summary suspension, Dr. Kabbara requested, and was granted a continuance of the proceedings, which were ultimately rescheduled for June of 2021.

Dr. Sheth reported that shortly before the hearing date, the parties reached a tentative resolution for the Board's consideration. The Complaint Committee recommends that the Board ratify a proposed Consent Order which would resolve this matter in lieu of proceeding to a disciplinary hearing. The proposed Consent Order would impose the following terms:

1. Dr. Kabbara's West Virginia medical license, License No. 26464, is subject to revocation for a period of five years, and shall remain in effect until it is lifted or otherwise modified pursuant to a subsequent Order issued by the Board.
2. After Dr. Kabbara's West Virginia medical license has been in revoked status for five years, he may petition the Board for reinstatement of licensure. In advance of any petition to modify or

lift the terms of the Consent Order, Dr. Kabbara shall undergo, at his own expense, an assessment and evaluation by a qualified, Board-approved provider or program. The evaluation and assessment must consider Dr. Kabbara's current fitness to practice medicine and surgery and include a psychosexual evaluation component. The psychosexual evaluation and assessment cannot be conducted any earlier than six months before the completion of his five-year revocation period.

3. Prior to his psychosexual evaluation, Dr. Kabbara shall obtain Board approval of the proposed evaluator and shall execute all necessary authorizations, releases and written consent forms necessary to permit the open communication and sharing of information between the Board and the Board-approved evaluator(s) regarding:
 - a. the facts and circumstances which form the basis of Second Amended Complaint No. 19-114-W and the *Order of Summary Suspension* including all related documentation;
 - b. the assessment and evaluation of Dr. Kabbara's fitness to practice, including a psychosexual evaluation;
 - c. all reports, treatment and recommendations of the evaluator(s) and;
 - d. all documents and information obtained by the evaluator(s) in association with the psychosexual assessment and evaluation of Dr. Kabbara. Failure to provide such consent sufficiently in advance of evaluation as to permit meaningful communication between the Board and the evaluator(s), or the subsequent revocation of such consent, shall constitute a material violation of this Consent Order.
4. The Board shall not consider lifting or otherwise modifying the revocation of Dr. Kabbara's West Virginia medical license until Dr. Kabbara makes a written request that his revocation be modified and/or lifted, all of the following conditions are met:

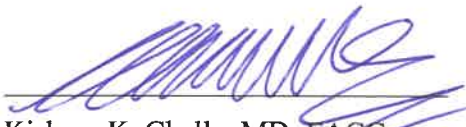

- a. Dr. Kabbara has completed the five-year revocation period imposed by this Order;
- b. Dr. Kabbara has completed an assessment and evaluation, including a psychosexual evaluation, by a qualified provider that has been pre-approved by the Board, and provides satisfactory proof to the Board that:
 - i. The evaluation concludes that Dr. Kabbara is fit to return to the practice of medicine; and
 - ii. The evaluation concludes that Dr. Kabbara is not a risk to patient or public safety if he would return to practice;
- c. Dr. Kabbara provides satisfactory proof to the Board that he is able to competently and safely re-enter the practice of medicine and surgery after his five-year absence, which may be satisfied by:
 - i. Successful completion of the Special Purpose Examination (“SPEX”) offered by the Federation of State Medical Boards and the National Board of Medical Examiners no earlier than six months preceding the completion of his five-year revocation period (i.e. no earlier than 4.5 years after the date of entry of this Consent Order); or
 - ii. If deemed appropriate by a fitness for duty assessment by a Board-approved, nationally recognized re-entry to practice program, conducted no earlier than six months preceding the completion of his five-year revocation period; and
- d. Dr. Kabbara appears in-person before the Complaint Committee at a regularly scheduled meeting in support of his request to modify and/or lift the revocation of his licensee to

discuss his progress, well-being and plans for his re-entry into the practice of medicine in West Virginia.

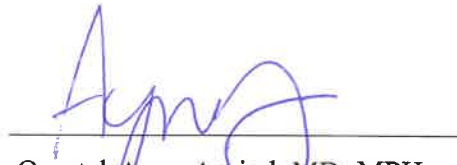

The Committee recommended that the Board accept and ratify the report of the Complaint Committee. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, Rev. Harman moved that the meeting adjourn. Ms. Mayfield seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

August 9, 2021

The West Virginia Board of Medicine met via GoToMeeting on August 9, 2021, at 12:00 pm.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Timothy J. Donatelli, DPM
Carrie A. Lakin, DPM
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board members did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Mustafa Rahim, MD, Legislative Committee Chair

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI

The following guests attended the meeting:

J. Victor Flannagan, Esq.
Patrick C. Timony, Esq.

Attendance was documented by Ms. Frame. With a quorum of members participating, Dr. Challa called the meeting to order.

CALL TO
ORDER

Dr. Sheth reported that the Complaint Committee met on August 6, 2021, and considered correspondence from the licensee in association with the Board's Final Order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD*, Case No. 14-89-S. Dr. Sheth asked that if any Board members have a conflict with regard to this physician or this case, that they declare the conflict at this time. No conflicts were declared by the members participating in the meeting.

COMPLAINT
COMMITTEE
REPORT

Based upon the Committee's evaluation of all the information presented, the Committee recommended that the Board:

1. Approve Dr. Hasan to attend both identified Physician Assessment and Clinical Education (PACE) programs, at his own expense, with the following provisos and conditions:
 - a. Advise Dr. Hasan that the PACE Fitness for Duty is most relevant to Dr. Hasan's circumstances, and that the PACE Competency Assessment is not of particular interest to the Board because it is not directly relevant to the issues in the underlying case. Provided, if PACE requires the Competency Assessment in addition to the Fitness for Duty Evaluation, or if Dr. Hasan chooses to do both, the Board supports his participation in both programs.
 - b. Dr. Hasan must identify the Board as the referring entity on his PACE applications and list Mark Spangler as the Board's point of contact.
 - c. Dr. Hasan must execute all necessary releases to permit PACE and the Board to disclose/release/exchange information.

d. Dr. Hasan must execute all necessary releases to allow Pine Grove to provide full medical record directly to PACE and to allow the Professional Renewal Center to provide its Report directly to PACE.

e. Dr. Hasan must cause PACE to notify the Board ahead of time of his PACE pre-screening/assessment and evaluation dates and provide proof to the Board of his participation in such within 10 days thereafter.

2. Further, in the Board's correspondence to Dr. Hasan, the Board should make him aware that for it to consider modifying and/or lifting his suspension, PACE must conclude, at a minimum, that he is fit to return to practice and that patient safety would not be jeopardized by his return. Additionally, Dr. Hasan should be notified that in the event PACE recommends any practice restrictions, conditions, limitations or further treatment in association with, or before his return to practice, the Board may strongly consider and require his compliance with such.

The Committee respectfully moved that the Board accept the Committee's recommendation and ratify its report. The motion of the Committee was given by Dr. Sheth, and the motion carried with no votes in opposition.

There being no further business to consider, the meeting adjourned by consensus.

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

September 13, 2021

The West Virginia Board of Medicine met via GoToMeeting at 9:00 am on September 13, 2021.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President and Executive/Management
Committee and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board member did not attend the meeting:

Thomas W. Steele, MD

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Leslie A. Thornton, CMBI
Andrew R. Wessels

The following guest attended the meeting:

P. Bradley Hall, MD

Dr. Challa called the meeting to order, and attendance was documented by Ms. Cross.

**CALL TO
ORDER AND
ANNOUNCEMENTS**

Dr. Challa announced that it was a pleasure for the Board to meet in person in July; however, due to rising COVID-19 cases in the state the Board had to meet via virtual platform this month. He thanked all Board members and staff for their flexibility during this meeting cycle.

In order to minimize technical difficulties and interruptions during the meeting, Dr. Challa asked members to mute their microphone when not speaking.

Dr. Challa reported that effective August 27, 2021, Angela Scholl resigned from her position as a licensure analyst for the Board. On behalf of the Board, Dr. Challa expressed his appreciation of Ms. Scholl's service and reported that the Board wishes Ms. Scholl the best in her future endeavors. Dr. Challa further reported that the licensure position formally held by Ms. Scholl has been restructured, and that Thomas M. McCall, former physician assistant analyst, has accepted the restructured position.

Dr. Challa congratulated Mr. Spangler on his appointment as Vice-President of Administrators in Medicine, the national organization for state medical and osteopathic board executives. This group is instrumental in sponsoring key educational programs for licensure analysts and the certification program for medical board investigators. Mr. Spangler has also accepted a nomination to be considered for the position of Chair of the Interstate Medical Licensure Compact Commission.

Dr. Rahim moved that the Board's July 12, 2021 meeting minutes be approved. Ms. Takubo seconded the motion, and the motion carried. Dr. Rahim moved that the Board's August 9, 2021 meeting minutes be approved. Mr. Wooton seconded the motion, and the motion carried.

Mr. Spangler thanked Board members and staff for their hard work in making this meeting weekend successful.

Mr. Spangler reported that due to an unexpected family emergency involving her son, the Board's Executive Administrative Assistant, Jamie Frame, has been out of the office since August 24, 2021. He provided an update regarding her son's condition and reported that Ms. Frame has expressed her appreciation for the thoughts, prayers and support she and her family have received from Board members and staff. Mr. Spangler thanked the Board's Technical Writer/Administrative Assistant, Melissa Cross, for the assistance she has provided during Mr. Frame's absence.

Mr. Spangler reported that that last strategic planning meeting was held in 2019. The implementation of some of the Board's 2019 goals and objectives have been delayed as a result of the COVID-19 pandemic. However, other goals and objectives have been accomplished, such as continuing to build relationships with other healthcare-related boards and associations and pursuing opportunities for board members and/or staff members to several on a regional or nation group devoted to the oversight of health professionals. Currently Andrew R. Wessels serves on the Journal of Medical Regulation Editorial Board, Reverend Janet Harman is a member of the Federation of State Medical Boards Ethics and Professionalism Committee, and Mr. Spangler is Chair of the Interstate Medical Licensure Compact Commission Communications Committee. The Board will continue to keep the goals and objectives of the 2019 Strategic Plan in mind as we strive toward a post-pandemic future. Regrettably, due to the increasing surge in COVID-19 cases in the state, the Board will not hold a strategic planning session in 2021.

Dr. Challa reported that the Executive/Management Committee met yesterday, September 12, 2021, at which time the Committee reviewed and accepted the fiscal report and purchasing card transactions for July and August 2021. The Board continues to remain in a good financial position.

Dr. Challa reported that the Committee received an update regarding the following litigation matters:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*
- *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.*
- *J.H. v. West Virginia Board of Medicine*
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.* is currently at trial. Mr. Spangler has been issued a witness subpoena.

Additionally, Dr. Challa reported that the West Virginia Attorney General's Office is representing the interest of the Board during the discovery phase of the opioid litigation before the Mass Litigation Panel.

Dr. Challa reported that the West Virginia Performance Review Act requires a review of each regulatory board at least once every twelve years. Earlier this month, members of the West Virginia Legislature's Performance Evaluation and Review Division (PERD) met with Board of Medicine staff to conduct an entrance conference. At the conference, Board staff provided the PERD auditors with a letter and a thumb drive which contained a voluminous amount of information that was requested by PERD in advance of the meeting. PERD reviews can take up to a year to complete but may conclude more swiftly. It is possible that the Board's review will conclude by the end of the year.

Dr. Challa reported that the Committee reviewed and considered correspondence inquiring whether the Board has a position on the co-prescribing of naloxone in conjunction with all narcotic prescriptions. It was reported that the West Virginia Board of Pharmacy has developed a policy in favor of co-prescribing naloxone in conjunction with narcotic prescriptions. The Committee directed Board staff to gather additional information regarding co-prescribing naloxone in conjunction with all narcotic prescriptions and to determine if there is a West Virginia Board of Pharmacy policy on this issue. The Committee will revisit this inquiry at the November 2021 meeting.

Dr. Challa reported that the Board's current database vendor, Big Picture, has begun modifying the Board's website and database to conform with the legislative changes enacted this year.

Dr. Challa reported that Board staff continue to participate in the HALO Project Workgroup. This substance use disorder referral project aims to get individuals who are suffering from substance use disorder into treatment more quickly. There is a meeting next week focused on identifying five or six primary care physicians in Kanawha County to participate in the pilot project.

Dr. Challa reported that the Committee reviewed correspondence that was received regarding radiology assistants. Earlier this year, the Committee considered correspondence regarding radiology assistants and elected not to seek a modification to the Board's legislative rule, W. Va. Code R §11-9-1 *et. seq*, *Certification, Disciplinary and Complaint Procedures, Continuing Education, Radiology Assistants*. No action was taken at yesterday's meeting regarding this agenda item.

Dr. Challa reported that the licensure unit previously consisted of one analyst dedicated to physician assistants and two analysts who processed physician and podiatric physician applications. To promote cross-coverage and to distribute workload more evenly, the licensure unit has been restructured. Moving forward, all three analyst positions will process applications across all profession types. Additionally, Board staff have submitted

a request to the Governor's office to add a fourth licensure analyst position to assist with the increased workload resulting from the addition of educational permits, emergency registrations and interstate telehealth registrations.

Dr. Challa reported that the lease for the Board's office space is up in December of this year. Board staff are working with the West Virginia Department of Administration's Real Estate Division to negotiate the terms of a new lease agreement.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee met on July 29, 2021 and September 12, 2021. At its July 29, 2021 meeting, the Committee reviewed and considered comments that the Board received regarding the following eight legislative rules:

**LEGISLATIVE
COMMITTEE
REPORT**

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*

- W.Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*

After careful consideration of the comments received, the Committee authorized Board staff to file the agency approved version of the rules with the West Virginia Secretary of State's Office. Yesterday, Mr. Spangler reported that the agency-approved rules were filed and are scheduled to be considered by the Legislative Rule Making Review Committee on Wednesday, September 15, 2021, after which technical amendments and substantive modifications may need to be made to some of the proposed rules.

Dr. Rahim reported that members of the Board of Medicine, the Board of Osteopathic Medicine and the Board of Pharmacy met with legislative staff to discuss the Board's joint rule W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. Board of Medicine staff have reached out to the Board of Pharmacy regarding this matter and are awaiting a response. Board staff will continue to monitor this issue to ensure appropriate Board of Medicine input on any proposed legislative changes.

Dr. Rahim reported that at the July 29, 2021 meeting, the Committee approved seeking re-introduction of a bill which would permit Board of Medicine investigators to carry a concealed weapon in the course of their professional duties. During the meeting yesterday, September 12, 2021, Mr. Spangler reported that he has had discussions with legislators regarding re-introduction of the said bill and has been directed to provide the bill language to legislative staff for introduction during the 2022 legislative session.

Prior to today's meeting, a copy of a proposed bill which would eliminate one podiatric physician seat on the Board and reduce board composition from sixteen members to fifteen members, was made available for members to review. Dr. Rahim reported that at the July 29, 2021 meeting, the Committee had a lengthy discussion regarding board composition and proportionality of representation. The Board currently licenses 7680 physicians who hold eight seats on the Board, 1124 physician assistants who hold two seats

on the Board and 126 podiatric physicians who hold two seats on the Board. The Committee recommend that the Board approve the proposed bill and pursue legislative action to reduce the number of board members to fifteen by eliminating one podiatric physician seat from the Board. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Dr. Rahim reported that as a result of changes to the physician assistant prescribing authority implemented by Senate Bill 714, it may be appropriate to review the Opioid Reduction Act to determine if legislative changes are needed. The Committee directed board staff to review the Opioid Reduction Act and to report back to the Committee at a future meeting regarding whether modifications are needed.

Dr. Rahim reported that the Board's Physician Sexual Misconduct Workgroup was established after the Federation of State Medical Boards issued a report on sexual misconduct. It is anticipated that the Workgroup will meet in the near future. The Legislative Committee invites the Workgroup to submit any proposed legislative changes it recommends in advance of the Committee's November 2021 meeting.

Dr. Rahim reported that the Legislative Committee understands that other Committees of the Board may have insight into possible topics for legislative consideration during the 2022 legislative session. The Legislative Committee anticipates completing its recommended slate of legislative goals in November 2021 and invites Committees of the Board to forward any recommendations with respect to possible 2022 legislative goals to the Committee prior to the November 7, 2021 meeting.

Dr. Rahim reported that the Legislative Committee may receive a formal request from the Licensure Committee to consider establishing an administrative license at its November 2021 meeting.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that there is a hearing scheduled to convene on September 21-24, 2021.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there was a hearing scheduled to convene in October 2021; however, this matter has been continued and will be rescheduled.

Mr. Foster reported that Board staff are in the process of drafting Complaints and Notices of Hearing in four matters.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, September 11, 2021. Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following forty-two applicants be approved for initial physician assistant licensure:

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Lauren Audrey Blunt, PA
Sarah Elizabeth Bodnar, PA
Jacob David Burkart, PA
Kirsten Michelle Buskirk, PA
Lauren Emily Campagna, PA

Reagan Nicole Tom, PA
Andrew Michael Charles Traynham, PA
Shannon Leigh Webb, PA
Mackenzie Storm Wenrick, PA
Selene Marie Isaacson Working, PA

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that in July and August 2021, Board staff activated the following number of practice notifications:

Month	Practice Notifications	
	Activated	
	West Virginia Licensees	Emergency Registrants
July	19	0
August	36	0

Ms. Takubo reported that Board staff processed the following reinstatement of licensure applications in July and August 2021:

Licensee Name	License No.	Reinstatement Date
Michael Paul Riddle, PA	1076	July 21, 2021
Licensee Name	License No.	Reinstatement Date
Aaron Michael Amburgey, PA	1239	August 12, 2021
Christopher Engley Carter, PA	730	August 23, 2021

Ms. Takubo reported that Board staff processed the following reactivation of licensure applications in July and August 2021:

Licensee Name	License No.	Reinstatement Date
Jacqueline Leigh Walker, PA	1018	July 26, 2021
Valarie L. Monico, PA	1572	August 4, 2021

Ms. Takubo reported that since implementation of the Board’s emergency rule, W. Va. Code R. § 11-14-1, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of 133 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee met on Saturday, September 11, 2021.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly reported that on July 12, 2021, Anand Raj Dugar, MD and the Board entered into a Consent Order which issued Dr. Dugar a medical license and restricted his

practice in West Virginia to administrative medicine. A copy of the Consent Order is available on the Board’s website.

Dr. Lilly reported that five scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure applications. Based thereupon, the Committee recommended that the following three applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Jason Gamez, MD	Initial Licensure	None
Scott Lynn Shreeve, MD	Initial Licensure	None
David Meir Reznick, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee elected to place the following physician licensure application and podiatric physician licensure application on hold pending additional information:

Name	Application Type
Allen Anderson Lill, Jr., MD	Initial Licensure
Leonard Anthony Reynolds, DPM	Reactivation of Licensure

Dr. Lilly reported that the Committee reviewed and discussed eleven physician licensure applications. Based thereupon, the Committee recommended that the following nine applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Jamil Mahmoud Aljari, MD	Initial Licensure	Approve medical school and post graduate training as satisfactorily verified
Ruthie Shannon Cooper, MD	Change of Status	Grant change of status to active status via Consent Order which imposes a \$500 fine for failure to complete the required 3-hours of Board-approved CME in drug diversion training and best practice prescribing of controlled substances training within the required time period The status change will be active after execution of the Consent Order and upon payment of the administrative fine
George Adel Cortas, MD	Change of Status	None
Adaiah Abumeze Ezekiel, MD	Initial Licensure	Consent Order restricting practice to non-surgical gynecology and obstetrics and permitting the physician to submit a plan of re-entry if she seeks to lift the restrictions in the future
Muhammad Mohsin Fareed, MD	Initial Licensure	None
Roberto Carlos Lopez Solis, MD	Initial Licensure	None
Ashima Saini, MD	Initial Licensure	None
Andres Jose Jadue Tobar, MD	Initial Licensure	None
Zion Zibly, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee decided to request that David Samuel Dinello, MD appear before the Committee at a subsequent meeting to discuss his application.

The initial licensure application for Nancy Jean Shannon, MD is on hold pending receipt of additional information.

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the ninety-six applicants for initial physician licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve ninety-six applicants for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that Dustin Quinn Peterson, DPM has applied for initial podiatric physician licensure. Dr. Lilly asked Board members to advise of any conflicts. No conflicts were declared. Dr. Lilly recommended that the Board grant Dr. Peterson an initial podiatric license. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the United States Medical Licensing Examination (USMLE) new attempt limit policy went into effect in July of this year. As a result, the examination attempt limit for each of the three steps was reduced from six attempts per step to four attempts per step. However, the USMLE will accept requests from licensing boards to allow a physician one extra attempt. The Board has received three separate requests from physicians seeking sponsorship for additional test attempts. The Committee determined that as the current legislative rule, and the proposed amendments to the rule, align the attempt limits for West Virginia licensure with the attempt limits permitted by the USMLE, the Committee will not sponsor additional test attempts.

Dr. Lilly reported that the Committee reviewed and considered correspondence from a medical school faculty licensee interested in applying for unrestricted licensure and seeking information regarding the Board's willingness to waive the West Virginia Board of Medicine statutory medical licensing examination eligibility requirement which requires completion of all three component parts of the USMLE within ten consecutive years. The

Committee directed staff to correspond with the applicant regarding his prior inquiry on this issue, and the Board's consistent practice of complying with this statutory requirement.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in July and August 2021:

Previous Committee Action Update
Interstate Medical Licensure Compact Licenses Issued
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatements of Medical Licensure
Reactivations of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports is attached to these minutes as Attachment 2 and are incorporated herein by reference.

Dr. Lilly reported that the Committee received an update regarding revised 2021 renewal statistics. Prior to today's meeting, a copy of a revised 2021 renewal statistic chart was made available for members to review. A copy of the chart is attached to these minutes as Attachment 3 and is incorporated herein by reference.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Sheth provided the report of the Complaint Committee, which met yesterday, Sunday, September 12, 2021.

CLOSURES

Dr. Sheth reported that, having found no basis to proceed, the Committee elected to close the following complaints without further action or disciplinary process.

Complaint Number	Respondent's Name
20-68-W	Jerry Mitchel Hahn, MD
20-70-W	George Kianianthra Joseph, MD
21-76-W	George Maurice Charron, MD
21-46-W	Conseula J. Cruden-Parham, MD
21-79-W	Robert Brooks Davis, MD
21-49-W	Alexander Jovanovich, MD
21-73-W	Mary Teresa Legenza, MD
21-50-W	Michael Stephen Londner, MD
21-07-D	Deborah Thoren Mowery, MD
21-24-W	Kelly Raphael Nelson, MD
21-53-W	Samir Mahendra Shah, MD
21-44-E	Lloyd Joseph Farinash, MD
21-37-M	Mohamad Bassam Haffar, MD

21-58-C	Maksim Lapkovsky, MD
21-56-A	Govindbhai Mafatlal Patel, MD
21-61-M	Georgianna Maynell Richards, MD
21-60-B	Matthew Edward Simmons, MD
21-39-H	Michael G. Sitler, MD

INITIATED COMPLAINTS

Dr. Sheth reported that the Complaint Committee elected to initiate the following Committee complaints:

Initiated Complaint Number			
21-93-W	21-94-W	21-95-W	21-96-W
21-97-W	21-98-W	21-99-W	21-100-W
21-101-W	21-102-W	21-103-W	21-104-W

WITHDRAWAL OF PREVIOUSLY INITIATED COMPLAINT

Dr. Sheth reported that the Complaint Committee elected to withdraw a previously initiated complaint, Complaint Number 21-51-W.

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer seven Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Amber Marie Allen, DPM	On July 19, 2021, Dr. Allen entered into a Consent Order with the Board that imposed a \$500.00 fine for her failure to produce documentation of her timely completion of the drug diversion CME during the Board's CME audit.
Frederick William Barker, MD	On July 23, 2021, Dr. Barker entered into a Consent Order with the Board that requires him to successfully complete PBI Education's <i>Medical Record Keeping (MR-17 Extended Edition)</i> for concerns raised by an independent reviewer regarding his treatment and lack of documentation concerning four patients. Dr. Barker is also subject to a medical record audit one year from the completion of the CME course.
Eston Robert Caldwell, III, MD	On July 20, 2021, Dr. Caldwell entered into a Consent Order with the Board that publicly reprimanded Dr. Caldwell and fined him \$500.00 for the conduct which formed the basis of the disciplinary action taken by the Virginia Board of Medicine and for his inaccurate and/or fraudulent responses on his February 2020 initial West Virginia licensure application and September 2020 licensure renewal application.
Hanibal Mahdi, MD	On August 19, 2021, Dr. Mahdi entered into a Consent Order with the Board that publicly reprimanded Dr. Mahdi and fined him \$2,000.00 for treating patients via telemedicine without first establishing a physician-patient relationship in accordance with West Virginia law.
Richard John Mailloux, MD	On July 23, 2021, Dr. Mailloux entered into a Consent Order with the Board that imposed a \$800.00 fine for his failure to produce documentation of his timely completion of 8 of the 50 hours of the required CME during the Board's CME audit.

Oluyemisi Reuben Sangodeyi, MD	On August 6, 2021, DR. Sangodeyi entered into a Consent Order that publicly reprimanded him for failing to provide appropriate medical care to a patient, including failing to ensure proper post-operative coverage of the patient while he was unavailable.
Thomas Joseph Schmitt, MD	On July 20, 2021, Dr. Schmitt entered into a Consent Order with the Board that permanently prohibits him from prescribing, ordering, administering or dispensing any controlled substances pursuant to his West Virginia medical license.
Michael Curtis Shockley, MD	On July 20, 2021, Dr. Shockley entered into a Consent Order with the Board that imposed a \$500.00 fine for his failure to produce documentation of his timely completion of the drug diversion CME during the Board's CME audit.
Kevin Sanford Smith, MD	On August 6, 2021, Dr. Smith entered into a Consent Order with the Board that placed his license on a probationary status for a period of three years, with specific terms and conditions. Probation was imposed reciprocally for the conduct which formed the basis of the Medical Board of California's November 16, 2020 Decision and Order imposing discipline on Dr. Smith's California medical license.

All Consent Orders are available on the Board's website.

The Complaint Committee recommended that the Board terminate the Consent Orders in the following matters based upon the licensees' satisfactory completion of all terms and conditions in the Consent Orders:

Name	Complaint Number
Brenna Leigh Steinberg, DPM	20-22-W
Yenisey Yanes, DPM	20-24-W

The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that the next order of business relates to Sriramloo Kesari, MD. Dr. Sheth asked that if any member needs to declare a conflict to please do so at this time. Dr. Challa declared a conflict as he and Dr. Kesari are personal friends. Dr. Challa left the meeting at this time.

Dr. Sheth reported that on September 12, 2021, the Complaint Committee reviewed certified court records regarding licensee Sriramloo Kesari, MD in association with an ongoing matter. The Committee referred the records it received concerning Dr. Kesari to the Board for review and possible action pursuant to West Virginia Code § 30-3-14(d). Dr. Sheth asked Mr. Foster to present this matter to the Board. Mr. Foster provided an overview of this matter.

On February 12, 2020, Dr. Kesari, through counsel, filed an Unopposed Motion for Indefinite Continuance of the February 20, 2020 hearing date, requesting that the Board's hearing be continued pending final resolution of Dr. Kesari's criminal proceeding. The Hearing Examiner granted Dr. Kesari's motion and continued the hearing indefinitely pending resolution of criminal proceeding against Dr. Kesari. Dr. Kesari's license remained suspended while the hearing was continued.

On May 18, 2021, a jury trial convened before the Honorable Senior Judge John T. Copenhaver, Jr. in the United States District Court for the Southern District of West Virginia upon the criminal charges levied against Dr. Kesari. The jury returned its verdict on May 27, 2021 and found Dr. Kesari guilty of Count Thirteen in the Second Superseding Indictment. Dr. Kesari was acquitted of all other charges. Specifically, the jury found Dr. Kesari guilty of one felony count of unlawfully distributing suboxone, a Schedule III controlled substance, on February 21, 2019, without a legitimate medical purpose and outside the usual course of professional practice, in violation of 21 U.S.C. § 841(a)(1). A certified copy of the Jury Verdict was made available to Board members for review.

A proposed Order of Revocation was presented to the Board for consideration. Dr. Rahim moved that the Board adopt the proposed Order and therefore find:

a. The Board had received sufficient proof, pursuant to W. Va. Code § 30-3-14(d), that Dr. Kesari has been found guilty in a court of competent jurisdiction of one felony count of unlawfully distributing suboxone, a Schedule III controlled substance, in violation of 21 U.S.C. § 841(a)(1);

b. That Dr. Kesari was therefore convicted of a felony involving prescribing, selling, administering, dispensing, mixing or otherwise preparing a prescription drug, including a controlled substance under state or federal law, for other than generally accepted therapeutic purposes; and

c. Pursuant to West Virginia Code § 30-3-14(d), that the license to practice medicine and surgery of Dr. Kesari, License No. 12006, be REVOKED effective upon entry of an Order of Revocation.

Dr. Amjad seconded the motion, and the motion carried.

Dr. Challa rejoined the meeting at this time. Additionally, Dr. Faheem joined the meeting at this time.

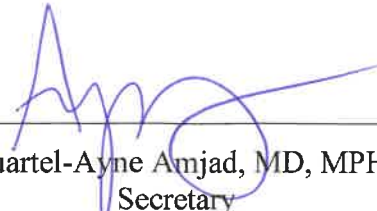

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Mr. Wooton seconded the motion, and the motion carried.

ADJOURNMENT

Kishore K. Challa, MD, FACC
President

Quartel-Ayne Amjad, MD, MPH

Ahmed D. Faheem, MD, DLFAPA
Reverend Janet M. Harman
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board member did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Mustafa Rahim, MD, Legislative Committee Chair

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Sara J. Fields
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI
Andrew R. Wessels

The following guest attended the meeting:

P. Bradley Hall, MD

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER AND
ANNOUNCEMENTS**

In order to minimize technical difficulties and interruptions during the meeting, Dr. Challa asked members to mute his/her microphone when not speaking.

Dr. Challa introduced and welcomed Sara J. Fields, who will serve as a licensure analyst for the Board. The Board looks forward to working with Ms. Fields.

Dr. Challa announced that former West Virginia State Health Officer and Secretary of the Board of Medicine, Rahul Gupta, MD, MPH, was recently appointed and confirmed as the nation's Director of the office of the National Drug Control Policy (Drug Czar). Dr. Gupta is the first physician to be appointed to this position.

Dr. Sheth moved that the Board's September 13, 2021 meeting minutes be approved. Ms. Takubo seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Ms. Fields left the meeting at this time.

Mr. Spangler thanked Board members and staff for their hard work in making this meeting weekend successful.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler reported that next week he will be attending the Interstate Medical Licensure Compact Commission Conference in Denver, Colorado.

Dr. Challa reported that the Executive/Management Committee met yesterday, November 7, 2021, at which time the Committee reviewed and accepted the amended fiscal report and purchasing card transactions for the months of July and August 2021. Additionally, the Committee reviewed and accepted the fiscal report and purchasing card transactions for the months of September and October 2021. The Board continues to remain in a good financial position.

Dr. Challa reported that the Committee reviewed the proposed schedule of 2022 board meeting dates. The Committee recommended that the following 2022 board meeting dates be approved:

January 10, 2022
March 14, 2022
May 16, 2022
July 11, 2022
September 12, 2022
November 14, 2022

The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that the Committee received an update regarding the following litigation matters:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*
- *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.*
- *J.H. v. West Virginia Board of Medicine*
- Mass Litigation Panel Opioid Litigation

Dr. Challa reported that the Committee reviewed and considered correspondence regarding its position on the co-prescribing of naloxone in conjunction with all narcotic prescriptions. In lieu of developing a formal position statement, an article regarding this subject will be published in the upcoming Board of Medicine Newsletter.

Dr. Challa reported that the American Academy of Physician Assistants (AAPA) has requested that the Board support changing the term “physician assistant” to “physician associate”. Inasmuch as the AAPAs support for the proposed name change is a very recent development, and since the American Medical Association has raised concerns that changing the professional name would be confusing for patients, the Committee elected not to support the proposed name change at this time.

Dr. Challa reported that the West Virginia Office of Technology is requiring state agencies to transition from Microsoft to Google. Thus far, Board staff have transitioned from Microsoft Outlook to Google Mail. Prior to July 2022, state agencies are required to transition from Microsoft products (Word and Excel) to Google products (Docs and Sheets). Agencies who anticipate issues in transitioning from Microsoft to Google products are encouraged to submit a Business Impact Assessment, which identifies the agencies concerns. Board staff are in the process of completing an officewide assessment to identify areas of concern.

Dr. Challa reported that the West Virginia Legislature’s Performance Evaluation and Review Division (PERD) audit of the Board remains ongoing. To date, Board staff have provided all information and documentation that has been requested of the Board in association with the audit. Board staff have been notified that PERD auditors will be requesting information relating to complaints. The request itself has not yet been received.

Dr. Faheem joined the meeting at this time.

Dr. Challa reported that Board staff continue to participate in the HALO Project Workgroup. Representatives of the entities involved in the HALO Project Workgroup met in September; however, no action was taken during the September meeting. Board staff will continue to participate in this project and will keep the Committee and Board updated.

Dr. Challa reported that Board staff continue to work with the West Virginia Department of Administration's Real Estate Division and the Board's landlord in negotiating a new lease agreement.

Dr. Challa reported that the Board's COVID-19 office protocols remain in place.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

In Dr. Rahim's absence, Dr. Challa chaired the November 7, 2021 Legislative Committee meeting and provided today's report.

**LEGISLATIVE
COMMITTEE
REPORT**

Dr. Challa reported that the Legislative Rule-Making Review Committee has approved the following rules, some with minor technical amendments:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing and Disciplinary Procedures: Physicians; Podiatric Physicians and Surgeons*
- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants*
- W. Va. Code R. § 11-5-1 *et seq.*, *Board of Medicine Rules for Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians*

- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the West Virginia Controlled Substances Monitoring Program Database*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice Medicine and Surgery at Certain State Veterans Nursing Home Facilities*
- W.Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency*

Board staff have filed the above rules with the West Virginia Secretary of State's Office for consideration during the 2022 legislative session.

Dr. Challa reported that W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, has not yet been considered by the Legislative Rule-Making Review Committee. Board staff have been informed that there is some opposition to the requirement that a provider verify that a patient has visited an in-person health care practitioner within twelve months of the initial telehealth service, even though there are broad exceptions to this requirement. The Legislative Rule-Making Review Committee will consider this rule at a later date. The Legislative Committee is committed to supporting the current version of this rule.

Dr. Challa reported that Board staff continue to engage with legislators, legislative staff, the West Virginia Board of Osteopathic Medicine and the West Virginia Board of Pharmacy concerning collaborative pharmacy practice, which is currently proscribed by statute and the Board's joint rule W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice*. The bill proposed by the Board of Pharmacy removes the informed consent requirement, expands the role of pharmacists to "perform patient evaluations" and eliminates the Board of Medicine's and the Board of Osteopathic Medicine's role in approving collaborative agreements. Following discussion, the Committee opposed the statutory changes proposed by the Board of Pharmacy as presented.

At its September 2021 meeting, the Committee directed Board staff to review the Opioid Reduction Act to determine whether modifications are needed as a result of the changes to the physician assistant prescribing authority implemented by Senate Bill 714. Dr. Challa reported that Board staff have reviewed the Opioid Reduction Act and have determined that no modifications are needed as a result of Senate Bill 714.

Dr. Challa reported that the Board's Physician Sexual Misconduct Workgroup met on October 18, 2021. The Workgroup recommended that the Legislative Committee modify the West Virginia Medical Practice Act by:

- Modifying the existing language in 30-3-14(c)(8) to include a prohibition on sexual misconduct with rulemaking authority to the Board to define sexual misconduct.
- Incorporating a robust duty to report requirement with consequences for failure to report and protection for good faith reporters.
- Incorporating a prohibition on licensure and practice in West Virginia when a pending unprofessional conduct matter exists in another state that, if proven, would also constitute unprofessional conduct in this state until after the pending matter is resolved.

The Committee accepted the Workgroup's recommendations and authorized Board staff to begin drafting proposed legislation.

Dr. Challa reported that the Licensure Committee met on November 6, 2021 and requested that the Legislative Committee pursue legislation to create a licensing pathway for physicians who seek to practice administrative medicine in West Virginia without utilizing the Consent Order process. The Legislative Committee authorized Board staff to draft proposed legislation which establishes a new pathway to licensure which includes a clear delineation between administrative practice and clinical practice.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Mr. Foster reported that a hearing convened on September 21-23, 2021. This matter is currently going through the post-hearing process and will be ripe for the Board's consideration at a future meeting.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there was a hearing scheduled to convene in October 2021; however, at the request of the licensee, this matter has been rescheduled and is now scheduled to convene in June 2022.

Mr. Foster reported that Board staff are preparing to serve a Complaint and Notice of Hearing. It is anticipated that the hearing in this matter will convene in January 2022.

Mr. Foster reported that Board staff are in the process of drafting a Complaint and Notice of Hearing in one matter.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, November 6, 2021.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following twenty-seven applicants be approved for initial physician assistant licensure:

Micaela Grayson Barreda, PA
Dakota Benjamin Brooker, PA

Maria Jeffervescent Matining Caparas, PA
Mary Grace DePrimio, PA
Amanda Christine Driscoll, PA
Lindsay Lugo Eggen, PA
Catherine Elizabeth Ensinger, PA
Kaitlyn Jean Graham, PA
Paige LouAnn Gribble, PA
Megan Nicole Hughes, PA
Maria Catherine Jinyao Kuehn, PA
Kayla Nicole Lester, PA
Erica Katelyn Lettow, PA
Mallory Ryan Litton, PA
Stephanie Rae Mabie, PA
Karla Kanongata'a Mataele, PA
Jessica Lynn May, PA
Heyward Cruce McDaniel, PA
Benjamin Garland Miller, PA
Amy Morgan Powell, PA
Catherine Maxine Powers, PA
Jenna Elizabeth Runchey, PA
Amy Eve Schwartzbaum, PA
Kami Sue Sisson, PA

Matthew Taylor Vero, PA
Jason Kevin West, PA
Alison Rae Williams, PA

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that Aaron Everett Bailey, PA, license number 1969, has applied for reactivation of physician assistant licensure. The Committee recommended that Mr. Bailey’s application for reactivation of physician assistant licensure be approved. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee elected to request that applicant Eric Dean Travis appear before the Committee at a subsequent meeting to discuss his application.

Ms. Takubo reported that in September and October 2021, Board staff activated the following number of practice notifications:

Month	Practice Notifications	
	Activated	
	West Virginia Licensees	Emergency Registrants
September	58	0
October	42	0

Ms. Takubo reported that no reinstatement of licensure applications and no reactivation of licensure application were processed in September or October 2021.

Ms. Takubo reported that since implementation of the Board’s emergency rule, W. Va. Code R. § 11-14-1, *Registration to Practice During Declared State of Emergency*, Board

staff have registered a total of 135 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee met on Saturday, November 6, 2021.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly reported that on October 28, 2021, Ruthie Shannon Cooper, MD and the Board entered into a Consent Order which granted Dr. Cooper's application to change the status of her West Virginia medical license from inactive status to active status and imposed a \$500 fine against Dr. Cooper related to a continuing medical education deficiency for the reporting period of July 1, 2018 through September 30, 2020. A copy of this Consent Order is available on the Board's website.

Dr. Lilly reported that David Samuel Dinello, MD appeared before the Committee via GoToMeeting to discuss his licensure application. The Committee recommended that Dr. Dinello be granted an initial medical license to practice medicine and surgery in West Virginia. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee reviewed and discussed fourteen physician licensure applications and one podiatric physician licensure application. Based thereupon, the Committee recommended that the following ten applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Khalid Abozguia, MD	Initial Licensure	Convert restricted license in extraordinary circumstance to a full medical license.
Landon Shay Edwards, MD	Initial Licensure	None
Sabir Hussain, MD	Initial Licensure	None
Allen Andrew Lill, Jr., MD	Initial Licensure	None
Colin Timothy McDonald, MD	Initial Licensure	None
Ashar Niaz Rana, MD	Initial Licensure	None
Amit Singla, MD	Initial Licensure	None
Hassan Taan, MD	Initial Licensure	None
Halil Safak Uygur, MD	Initial Licensure	None
William Francis Dunleavy, DPM	Initial Licensure	Accept licensing examination as satisfactorily verified by the Pennsylvania Board

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Nancy Jean Shannon, MD submitted a request to withdraw her initial application for medical licensure. The Committee recommended that the Board accept Dr. Shannon's request to withdraw her application. The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee elected to request that the following applicants appear before the Committee at a subsequent meeting to discuss their application:

Name	Application Type
Feras Ghosheh, MD	Initial Licensure
Barry Pohsiang Huang, MD	Initial Licensure

The Committee elected to place the following applications for licensure on hold pending receipt of additional information:

Name	Application Type
Adaiah Abumeze Ezekiel, MD	Initial Licensure
Leonard Anthony Reynolds, DPM	Reactivation of Licensure

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the seventy-five applicants for initial physician licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve the seventy-five applicants for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly asked Board members to review the list of podiatric physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the two applicants for initial podiatric medical licensure is attached to these minutes as Attachment 2 and is incorporated herein by reference. The Committee recommend that the Board approve the two applicants for initial podiatric medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee regularly evaluates applications from physician applicants who have been out of clinical practice for several years for a variety of reasons. Most commonly, the applicant has self-limited their practice to administrative medicine. Currently, the Board's only pathway to license applicants and limit practice to administrative medicine is through a Consent Order process, which can create collateral consequences in other states. The Committee has referred this issue to the Legislative Committee and requested that the Legislative Committee pursue legislation to create a licensing pathway for physicians who seek to practice administrative medicine in West Virginia without utilizing the Consent Order process.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in September and October 2021:

Interstate Medical Licensure Compact Licenses Issued
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatement of Medical Licensure
Reactivation of Medical Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports are attached to these minutes as Attachment 3 and are incorporated herein by reference.

Dr. Lilly reported that the Committee received an update regarding 2021 Interstate Medical Licensure Compact renewal. Interstate Medical Licensure Compact renewal is a multistep process. Nineteen of one hundred sixty-eight renewing physicians were referred to the Complaint Committee for failing to complete the West Virginia specific forms despite multiple requests.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Sheth provided the report of the Complaint Committee, which met on October 14, 2021 and again yesterday, Sunday, November 7, 2021.

Dr. Sheth reported that the Complaint Committee has identified one matter in which the Committee believes resolution via Consent Order is proper. The matter relates to licensee Mark W. Allen, MD. Dr. Sheth asked that if any member needs to declare a conflict to please do so at this time. No conflicts were declared. Dr. Sheth reported that due to the time-sensitive nature of this matter, as it relates to professional conduct and practice during the COVID-19 pandemic, the Committee has obtained the licensee’s tentative agreement to the proposed resolution. Prior to today’s meeting, a copy of the proposed Consent Order in this matter was made available for members to review. The Committee recommended that the Board ratify and approve the proposed Consent Order. The motion of the Committee was given by Dr. Sheth, and the motion carried with no opposition.

CLOSURES

Dr. Sheth reported that, having found no basis to proceed, the Committee elected to close the following complaints without further action or disciplinary process.

Complaint Number	Respondent’s Name
21-16-W	David Michael Hall, MD
21-54-W	Daniel Jordan Shubert, MD
21-52-W	Eric Joseph Pippi, PA
21-43-D	Heather Michelle Skeens, MD
21-65-W	Timothy Lee Watson, PA
21-92-N	Sammar Atassi, MD

Complaint Number	Respondent's Name
21-91-N	Harshad Srinivas Bokil, MD
21-88-K	Abdrhman Hamo, MD
21-85-A	Charles Lye, MD
21-31-S	Ajay Tribhovanbhai Patel, MD
21-84-B	Norman Lang Siegel, MD

INITIATED COMPLAINTS

Dr. Sheth reported that the Complaint Committee elected to initiate the following Committee complaints:

Initiated Complaint Number			
21-114-W	21-115-W	21-116-W	21-117-W
21-118-W	21-119-W	21-120-W	21-121-W
21-122-W	21-123-W	21-124-W	21-125-W
21-126-W	21-127-W	21-128-W	21-129-W
21-130-W	21-131-W	21-132-W	21-133-W
21-134-W	21-135-W	21-136-W	21-137-W
21-138-W	21-139-W	21-140-W	21-141-W
21-142-W	21-143-W		

WITHDRAWAL OF PREVIOUSLY INITIATED COMPLAINT

Dr. Sheth reported that the Complaint Committee elected to withdrawal a previously initiated complaint, Complaint Number 21-48-W.

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer eight Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Lana Dawn Christiano, MD	On October 22, 2021, Dr. Christiano entered into a Consent Order with the Board that imposed a \$400.00 fine for her failure to report a malpractice settlement on her 2020 license renewal application.
Robert Joseph Crow, Jr.	On October 22, 2021, Dr. Crow entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.
David Alfred Ghaphery, MD	On October 22, 2021, Dr. Ghaphery entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.

Name	Consent Order Details
Dibbendu Mahanayak, MD	On September 17, 2021, Dr. Mahanayak entered into a Consent Order with the Board that imposed a \$900.00 fine for (1) failing to produce documentation during the Board's CME audit that he had completed a Board approved course on drug diversion training and best practice prescribing of controlled substance training during the requisite time frame; and (2) for failing to disclose the complaint pending against him due to his CME Audit deficiencies on his 2021 medical license renewal application.
Daniel Salmeron, MD	On September 17, 2021, Dr. Salmeron entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to disclose disciplinary action that had been taken against his Mississippi, Texas, Michigan, New York and Florida medical license on his 2021 West Virginia license renewal application.

All Consent Orders are available on the Board’s website.

Dr. Sheth reported that the next order of business relates to James Edwin Prommersberger, DPM. Dr. Sheth asked that if any member needs to declare a conflict to please do so at this time. No conflicts were declared.

Dr. Sheth reported that on November 7, 2021, the Complaint Committee reviewed certified court records regarding licensee James Edwin Prommersberger, DPM in association with an ongoing matter. The Committee referred the records it received concerning Dr. Prommersberger to the Board for review and possible action pursuant to West Virginia Code § 30-3-14(d). Dr. Sheth asked Mr. Foster to provide an overview of this matter.

On or about February 8, 2019, a seventy-nine Count Criminal Indictment was filed against Dr. Prommersberger in the Mahoning County, Ohio, Court of Common Pleas, Case No. 19-CR-115.

On March 10, 2019, the Complaint Committee of the Board authorized initiation of Complaint No. 19-29-W against Dr. Prommersberger based upon the Criminal Indictment. The substance of the Criminal Indictment alleged that:

- a. On numerous occasions between approximately 2013 and 2017, Dr. Prommersberger did unlawfully and intentionally make, utter, sell or knowingly possess one or more prescriptions for controlled substances that were false or forged to various patients for Hydrocodone (a Schedule II controlled substance), Tramadol (a Schedule IV controlled substance) and/or Carisoprodol (a Schedule IV controlled substance);
- b. On numerous occasions between approximately 2013 and 2017, Dr. Prommersberger did unlawfully and knowingly sell or offer to sell controlled substances to various patients, including Hydrocodone (a Schedule II controlled substance), Tramadol (a Schedule IV controlled substance) and/or Carisoprodol (a Schedule IV controlled substance);
- c. Between 2010 and 2017, Dr. Prommersberger made false or misleading statements or representations in obtaining reimbursement from Medicaid; and
- d. Between 2010 and 2017, Dr. Prommersberger obtained or exerted control over property or services by deception in obtaining reimbursement from Medicaid.

On June 7, 2021, Dr. Prommersberger executed a Plea Agreement in the criminal proceeding wherein he pled guilty to all seventy-nine counts in the Criminal Indictment.

On October 1, 2021, a sentencing hearing for Dr. Prommersberger was held before the honorable Thomas J. Pokorny of the Court of Common Pleas of Mahoning County Ohio. By Judgment Order entered October 1, 2021, the Court accepted Dr. Prommersberger's guilty plea and convicted him on all seventy-nine felony counts charged in the Criminal Indictment. A certified copy of the Plea Agreement and the Judgment Order was made available to Board members for review.

A proposed Order of Revocation was presented to the Board for consideration. Dr. Faheem moved that the Board adopt the proposed Order and therefore find:

- a. The Board had received sufficient proof, pursuant to W.Va. Code § 30-3-14(d), that Dr. Prommersberger has been found guilty in a court of competent jurisdiction of the seventy-nine felony counts set forth in the Criminal Indictment;
- b. That of the seventy-nine felony counts, Dr. Prommersberger was convicted of seventy-seven felonies (Counts 1-77 of the Criminal Indictment) involving prescribing, selling, administering, dispensing, mixing or otherwise preparing a prescription drug, including a controlled substance under state or federal law, for other than generally accepted therapeutic purposes; and
- c. Pursuant to West Virginia Code § 30-3-14(d), that the license to practice podiatric medicine and surgery of Dr. Prommersberger, License No. 240, be REVOKED effective upon entry of an Order of Revocation.

Mr. Tipton seconded the motion, and the motion carried.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, the meeting adjourned by consensus.

WEST VIRGINIA BOARD OF MEDICINE

Board Meeting Minutes

January 10, 2022

The West Virginia Board of Medicine met via GoToMeeting at 9:00 am on January 10, 2022.

The following Board members attended the meeting:

Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C

The following Board members did not attend the meeting:

Kishore K. Challa, MD, FACC, President, Executive/Management
Committee Chair and Personnel Committee Chair
Jonathan P. Lilly, MD, Licensure Committee Chair
Russell O. Wooton

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Jamie C. Frame
Deborah D. Scott
Leslie A. Thornton, CMBI
Andrew R. Wessels

The following guest attended the meeting:

Ahmed D. Faheem, MD, DLFAPA (former Board member)

The following member of the public attended the meeting:

Lauren Stroupe

In the absence of Dr. Challa, Dr. Sheth chaired the meeting. Dr. Sheth called the meeting to order, and attendance was documented by Ms. Frame.

**CALL TO
ORDER**

In order to minimize technical difficulties and interruptions during the meeting, Dr. Sheth asked members to mute all microphones when not speaking.

Dr. Sheth introduced and welcomed Radhakrishna U. Kukkillaya, MD, who was appointed to the Board on November 10, 2021. Dr. Kukkillaya is an internal medicine physician who practices in Logan, West Virginia. He has been appointed to the Physician Assistant Committee and the Licensure Committee.

**WELCOME NEW
MEMBER**

Dr. Sheth welcomed and recognized former board member, Ahmed D. Faheem, MD, DLFAPA. Dr. Faheem concluded his long and distinguished service on the Board in November 2021. On behalf of the Board, Dr. Sheth presented Dr. Faheem with a plaque in recognition of his many years of outstanding dedication and service to the Board of Medicine, including service as President of the Board, and in appreciation of his commitment to protecting the quality and safety of medical and podiatric care for the citizens of West Virginia.

ANNOUNCEMENTS

Dr. Sheth announced that Dr. Lilly's son, Matthew Curtis Lilly, passed away on December 30, 2021. The Board extends condolences to Dr. Lilly and his family.

Dr. Sheth announced that in November 2021, Mr. Spangler was elected Chair of the Interstate Medical Licensure Compact Commission. Dr. Sheth and board members congratulated Mr. Spangler, on this accomplishment.

Dr. Faheem left the meeting at this time.

Dr. Sheth reminded members that the deadline to file financial disclosures with the West Virginia Ethics Commission is February 1, 2022.

Dr. Rahim moved that the Board's November 8, 2021 meeting minutes be approved. Reverend Harman seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked Board members and staff for their work in making this meeting weekend successful.

**EXECUTIVE
DIRECTOR
REPORT**

In recognition of 20 years of service to the State of West Virginia, Mr. Spangler presented the following staff members with a Certificate of Appreciation, signed by Governor Jim Justice:

Jamie S. Alley, Deputy Director/General Counsel
Melissa D. Cross, Technical Writer/Administrative Assistant
Deborah D. Scott, Fiscal Officer

The Board is appreciative of the service that each of these employees have provided.

Ms. Scott left the meeting at this time.

Dr. Sheth reported that the Executive/Management Committee met yesterday, January 9, 2022, at which time the Committee reviewed and accepted the fiscal report and

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

purchasing card transactions for the months of November and December 2021. The Board continues to remain in a good financial position.

Dr. Sheth reported that the Committee received an update regarding the following litigation matters:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*
- *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.*
- *J.H. v. West Virginia Board of Medicine*
- Mass Litigation Panel Opioid Litigation

Dr. Sheth reported that the West Virginia Treasurer's Office applies a 2.25% convenience fee to all payments made to the Board via credit card transaction. Since 2016, the Board has elected to absorb the convenience fee. The Committee elected to continue to absorb the 2.25% convenience fee that is applied to credit card transactions for calendar year 2022 and reevaluate thereafter.

Dr. Sheth reported that the West Virginia Legislature's Performance Evaluation and Review Division (PERD) audit of the Board remains ongoing. To date, Board staff have provided all information and documentation that has been requested of the Board in association with the audit.

Dr. Sheth reported that Board staff continue to work with the West Virginia Department of Administration's Real Estate Division and the Board's landlord in negotiating a new lease agreement.

Dr. Sheth reported that the Board's COVID-19 office protocols remain in place.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Rahim reported that the Legislative Committee met yesterday, January 9, 2022, at which time the Committee established the following interim committee meetings:

LEGISLATIVE
COMMITTEE
REPORT

January 25, 2022 at 5:00 pm
February 8, 2022 at 5:00 pm
February 22, 2022 at 5:00 pm
March 8, 2022 at 5:00 pm

Dr. Rahim reported that the that the Legislative Rule-Making Review Committee (LRMRC) reviewed the Board's proposed rule, W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants*, and amended subsection 7.4, related to the standard of care. The Board's proposed rule provided that the standard of care requires a telehealth provider to verify that a patient has visited an in-person health care practitioner within twelve months of an initial telehealth service by the provider or the provider's telehealth service or company. The rule also included exemptions for certain practice specialties and a waiver if the telehealth provider documents in the patient medical record that the in-person visit is not required. The LRMRC amendment removes this requirement for patients who are not designated as "existing patients," essentially creating two standards of care for West Virginia patients. The Committee recommended that the Board continue to oppose the LRMRC amendment to the proposed rule as the rule progresses through the legislative process. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Dr. Rahim reported that board staff continue to engage with legislators, legislative staff, the West Virginia Board of Osteopathic Medicine, and the West Virginia Board of Pharmacy concerning collaborative pharmacy practice, which is currently established and regulated by statute and the Board's Joint Rule W. Va. Code R. § 11-8-1 *et seq.*,

5

Collaborative Pharmacy Practice. At the request of Delegate Rohrbach, Dr. Sheth, Mr. Spangler, and Mr. Foster will meet with legislative staff on Wednesday, January 12, 2021 to further discuss the Board of Pharmacy’s proposed legislation regarding collaborative pharmacy practice.

Prior to Dr. today’s meeting, a copy of three proposed bills which would modify the West Virginia Medical Practice Act were made available for members to review. Dr. Rahim reported that the first proposed bill would add a new section, designated as W. Va. Code § 30-3-11c, which would create an administrative medicine license for physicians who do not seek to practice clinical medicine. The Committee recommended that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Dr. Rahim reported that the next proposed bill would amend W. Va. Code § 30-3-10 to prohibit licensure and relicensure in West Virginia if an applicant is prohibited from practicing in another jurisdiction for conduct which is substantially equivalent to an act of unprofessional conduct prohibited by W. Va. Code § 30-3-14(c) or is the subject of an unresolved administrative complaint in another jurisdiction for certain enumerated categories of unprofessional conduct. Board staff provided an overview of the proposed bill. The Committee recommended that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Dr. Rahim reported that the third proposed bill would amend W. Va. Code § 30-3-14 to establish a duty to report certain incidents of provider misconduct by Board of Medicine licensees, permit holders and registrants, to provide civil immunity for good faith reports to the board, to modify the grounds for professional discipline and license denial to include a prohibition on a broader array of provider sexual misconduct, and to provide rulemaking authority to the board to promulgate rules relating to sexual misconduct by

providers licensed or authorized by the board. The Committee recommended that the Board approve the proposed bill and authorize staff to seek a sponsor to introduce the bill during the upcoming legislative session. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Dr. Rahim reported that it is customary for the Board to delegate authority to the Legislative Committee to act on behalf of the Board as necessary to respond to legislative matters when the legislature is in session. The Committee requested that the Board delegate the Legislative Committee authority to act on behalf of the Board as necessary throughout the 2022 legislative session. The motion of the Committee was given by Dr. Rahim, and the motion carried.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that a hearing convened on September 21-23, 2021. This matter is currently going through the post-hearing process and will be ripe for the Board's consideration at a future meeting.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there was a hearing scheduled to convene on January 20, 2022; however, the licensee requested a continuance, and the matter is being rescheduled.

Mr. Foster reported that is a hearing scheduled to convene in June 2022.

Mr. Foster reported that Board staff are in the process of drafting a Complaint and Notice of Hearing in one matter.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, January 8, 2022.

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following twelve applicants be approved for initial physician assistant licensure:

Jordan Scott Campbell, PA
Gina Marie Carenbauer, PA
Jason Wade Conley, PA
Chad Steven Eckard, PA
Kathryn Marie Hamer, PA
Karl Joseph Kline, PA
Jordan McKenzie Maas, PA
Jeffrey James Smythe, PA
Alexis Marie Stephens, PA
Nicole Michele Tatomirovich, PA
Brittany Victoria Willy, PA
Morgan Taylor Winterbottom, PA

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that Eric Dean Travis, PA, appeared before the Committee via GoToMeeting to discuss his application. The Committee recommended that the Board approve Mr. Travis for physician assistant licensure. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported in November and December 2021 Board staff:

Activated the following number of practice notifications:

Month	West Virginia Licensees	Emergency Registrants
November	48	1
December	23	0

Processed the following reinstatement application:

Licensee Name	License No.	Reinstatement Date
Katharine Victoria Lee, PA	2213	November 19, 2021

Processed the following reactivation applications:

Licensee Name	License No.	Reactivation Date
John Vayden Blake, PA	929	December 16, 2021
Heather Kay Legg, PA	2075	December 27, 2021

Issued the following interstate telehealth registrations:

Registrant Name	Registration No.	Issue Date
Jennifer Marie Aube, PA	ITRPA-1001	November 20, 2021
Stephanie Lauren Modzelesky, PA	ITRPA-1002	December 14, 2021

Ms. Takubo reported that since implementation of the Board's emergency rule, W. Va. Code R. § 11-14-1, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of 136 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

In the absence of Dr. Lilly, Ms. Takubo chaired the Licensure Committee on Saturday, January 8, 2022 and provided today's report.

Ms. Takubo reported that two scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure applications. Based thereupon, the Committee recommended that the following two applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Feras Ghosheh, MD	Initial Licensure	None
Barry Pohsiang Huang, MD	Initial Licensure	None

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee reviewed and discussed seven physician licensure applications and one podiatric physician licensure application. Based thereupon, the Committee recommended that the following applicant be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Praveen Jeyaseelan, MD	Initial Licensure	Convert medical school faculty license to a full medical license.

The motion of the Committee was given by Ms. Takubo, and the motion carried.

The Committee elected to request that the following applicants appear before the Committee at a subsequent meeting to discuss their application:

Name	Application Type
Neil Shah, MD	Initial Licensure
Hugh Anthony Smith, MD	Initial Licensure
Anthony Jude Stephens, MD	Initial Licensure
Allison Wierda Suttle, MD	Initial Licensure

The Committee elected to place the following applications for licensure on hold pending receipt of additional information:

Name	Application Type
Adaiah Abumeze Ezekiel, MD	Initial Licensure
Leonard Anthony Reynolds, DPM	Reactivation of Licensure
David Philip Richards, MD	Initial Licensure

Ms. Takubo asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the seventy applicants for initial physician licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve the seventy applicants for initial medical licensure. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo asked Board members to review the list of podiatric physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the two applicants for initial podiatric medical licensure is attached to these minutes as Attachment 2 and is incorporated herein by reference. The Committee recommended that the Board approve the two applicants for initial podiatric medical licensure. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee received an update from Board staff regarding the following licensure activity in November and December 2021:

Interstate Medical Licensure Compact Licenses Issued*
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatement of Licensure (MD and DPM)*
Reactivation of Licensure (MD and DPM)*

Change in Status of Medical Licensure (from inactive status to active status)

Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

* Reports also included Interstate Medical Licensure Compact licenses issued on August 31, 2021 which were inadvertently omitted from the September 2021 meeting report and DPM licensure reactivations and reinstatements from July and November 2021.

Prior to today's meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports are attached to these minutes as Attachment 3 and are incorporated herein by reference.

Ms. Takubo reported that the Board received an update on 2022 renewals. Interstate telehealth registration renewal will begin on February 2, 2022. Licensure renewal for medical doctors whose last names begin with the letters A through L and all related controlled substance dispensing practitioner registrations will begin on May 4, 2022. Educational permit renewal and professional limited liability company renewal will also begin on May 4, 2022.

Ms. Takubo reported that the Board has received correspondence from Sudhir Gosain, MD regarding his licensure status with the Board. Dr. Gosain's current licensure status is Suspended no CME because he did not renew his West Virginia licensure and failed to notify the Board of his intent to not renew. Suspended no CME is an administrative, non-disciplinary licensure status. In 1996 when Dr. Gosain failed to renew, the West Virginia Medical Practice Act required licenses subject to nonrenewal without advanced notice to be placed into a Suspended no CME status. Dr. Gosain indicated that he recently became aware of his West Virginia licensure status and has belatedly submitted his CME for the reporting period ending on June 30, 1996. The Committee recommended that the Board accept Dr. Gosain's CME and convert his licensure status from Suspended no CME to expired. The motion of the Committee was given by Ms. Takubo, and the motion carried.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Sheth provided the report of the Complaint Committee, which met yesterday, Sunday, January 9, 2022.

COMPLAINT
COMMITTEE
REPORT

CLOSURES

Dr. Sheth reported that, having found no basis to proceed, the Committee elected to close the following complaints without further action or disciplinary process.

Complaint Number	Respondent's Name
21-93-W	David Benjamin Cohen, MD
21-42-D	Erik Scott Daniels, PA
21-47-W	Dinakar Golla, MD
21-41-D	Scott Matthew Killmer, MD
21-112-W	Linda Marie Little, PA
21-57-A	Govindbhai Mafatlal Patel, MD
21-86-K	Hrishi Thakorbbhai Patel, MD
21-87-K	Nehal Thakorbbhai Patel, MD
21-103-W	Xingyi Que, MD
21-36-S	Mustafa Rahim, MD
21-97-W	Daniel Wayne Wilson, MD
21-110-G	Philip Joseph Branson, MD
21-40-H	Gregory James Byrne, MD
21-105-W	James Conrad Field, MD
21-108-N	Charles Lye, MD
21-90-L	George Robert Thompson, MD

INITIATED COMPLAINTS

Dr. Sheth reported that the Complaint Committee elected to initiate the following Committee complaints:

Initiated Complaint Number			
22-01-W	22-02-W	22-03-W	22-04-W
22-05-W	22-06-W	22-07-W	22-08-W

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer six Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that executed Consent Orders have been entered with respect to the following licensees:

Name	Consent Order Details
Mark W. Allen, MD	On November 10, 2021, Dr. Allen entered into a Consent Order with the Board that publicly reprimanded him for his unprofessional conduct in failing to comport with the public health safety protocols and best practice guidelines during the COVID-19 pandemic. Dr. Allen was also required to complete the <i>COVID-19: Essentials for Healthcare Worker-Online CME Course</i> .
Fulvio Rogelio Franyutti, MD	On November 10, 2021, Dr. Franyutti entered into a Consent Order with the Board that imposed a \$400.00 fine for his failure to report a malpractice settlement on his 2020 license renewal application.

All Consent Orders are available on the Board's website.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Dr. Donatelli seconded the motion, and the motion carried.

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Board Meeting Minutes
March 14, 2022

The West Virginia Board of Medicine met via GoToMeeting at 9:00 am on Monday, March 14, 2022.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President, Executive/Management Chair and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Timothy J. Donatelli, DPM
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board member did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary

The following staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Melissa D. Cross
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI

The following representative from the West Virginia Attorney Generals' Office attended a portion of the meeting:

Anthony Eates, Esq.

The following public member attended the meeting:

P. Bradley Hall, MD

Dr. Challa called the meeting to order.

**CALL TO
ORDER**

In order to minimize technical difficulties and interruptions during the meeting, Dr. Challa asked members to mute all microphones when not speaking.

ANNOUNCEMENTS

Dr. Challa congratulated Ms. Mayfield on recently becoming Chairman of the Thomas Health Systems Board of Trustees.

Dr. Challa announced that the 2022 Federation of State Medical Boards Annual Meeting will be held in New Orleans, Louisiana on April 28th through April 30th, 2022. An online component will be available for individuals who are unable to attend in person. The deadline to register online is April 8, 2022. Any member interested in attending the meeting should contact Mr. Spangler.

Dr. Rahim moved that the minutes of the Board's January 10, 2022 meeting be approved. Dr. Steele seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked Board members and staff for their work in making this meeting weekend successful.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler reported that Indiana recently became the 37th state to join the Interstate Medical Licensure Compact Commission.

Dr. Challa reported that the Executive/Management Committee met yesterday, March 13, 2022, at which time the Committee reviewed and accepted the fiscal report and purchasing card transactions for the months of January and February 2022. The Board continues to remain in a good financial position.

Dr. Challa reported that the Committee received an update regarding the following litigation matters:

- *Jan Kletter, MD v. West Virginia Board of Medicine*
- *Amy Young v. West Virginia Board of Medicine*, which has been settled by the West Virginia Board of Insurance & Risk Management
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*
- *Zachary Knotts v. Jolynn Marra, West Virginia Inspector General's Office, et al.*
- *J.H. v. West Virginia Board of Medicine*, which has been dismissed
- Mass Litigation Panel Opioid Litigation

Dr. Challa reported that in April 2020, the Board established Guidance and Best Practice for the Safe Resumption of Practice for Board of Medicine Licensees. Board staff have recently received calls inquiring about current Board of Medicine COVID guidance, including mask guidance/requirements. The Committee authorized staff to develop and publish new guidance based on current Center for Disease Control (CDC) guidelines. Until the guidance is published, the committee directed staff to encourage practitioners to follow current state and CDC guidelines for medical offices.

Dr. Challa reported that the Committee discussed the possibility of accepting electronic signatures and/or electronic notarizations on applications and documents submitted to the Board. The Committee directed staff to review all documents utilized by the Board which require signatures by applicants, licensees, registrants, permit holders and

others to determine whether original, photocopy or electronic signatures should be required/accepted.

Dr. Challa reported that the West Virginia Legislature's Performance Evaluation and Review Division audit of the Board remains ongoing. The auditors have requested additional documentation from the Board, and Board staff have responded appropriately. There is currently one request that is pending; board staff anticipates that the information responsive to the pending request will be provided later this week.

Dr. Challa reported that the Board has entered into a new lease agreement with the Board's landlord which will remain in effect for two years, at which time the Board will have the option of extending the lease for an additional two-year period.

Dr. Challa reported that the Board's COVID-19 protocols remain in place.

Dr. Challa reported that the Board's supplemental appropriation bill has completed the legislative process and is awaiting the Governor's signature. The funds in the supplemental appropriation bill will be used to hire an additional part-time licensure analyst this spring. Later in the year, the part-time licensure analyst position will transition into a full-time position.

Dr. Challa reported that Andrew Wessels, who served as the Board's Director of Intergovernmental and Public Relations, is no longer employed by the Board. The Board wishes Mr. Wessels the best in his future endeavors.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee met yesterday, March 13, 2022, at which time he reported that the 2022 legislative session concluded on Saturday, March 12, 2022. The following Board of Medicine rules have been approved by the legislature and are part of a rule bundle awaiting the Governor's signature:

- 11 CSR 1A, licensing of medical doctors and podiatric physicians, and disciplinary procedures for applicants, licensees, and credential holders
- 11 CSR 1B, licensure, practice requirements, disciplinary and complaint procedures, continuing education, physician assistants
- 11 CSR 5, dispensing of prescription drugs by practitioners
- 11 CSR 6, continuing education for physicians and podiatric physicians
- 11 CSR 11, establishment and regulation of limited license to practice at a designated state veterans nursing home facility
- 11 CSR 10, practitioner requirements for accessing the West Virginia Controlled Substance Monitoring Program Database
- 11 CSR 14, registration to practice during declared state of emergency
- 11 CSR 15, telehealth and interstate telehealth registration for physicians, podiatric physicians and physician assistants

Dr. Rahim reported that the following bills, which were introduced on behalf the Board, have completed the legislative process and are awaiting the Governor's signature:

- Senate Bill 138, Relating to Board of Medicine Composition
- Senate Bill 427, Permitting West Virginia Board of Medicine Investigators to Carry a Concealed Weapon
- Senate Bill 585, Creating an Administrative Medicine License for Physicians
- Senate Bill 603, Prohibiting Licensure and Re-Licensure in West Virginia if an Applicant is Prohibited from Practicing in Another Jurisdiction
- Senate Bill 606, Relating to the West Virginia Medical Practice Act
- Senate Bill 717, Supplemental Appropriation to the Board of Medicine

Dr. Rahim reported that it is believed that House Bill 4111, Expanding the Prescriptive Authority for Physician Assistants and Advanced Practice Registered Nurses, was passed during the last day of the 2022 legislative session.

Dr. Rahim reported that House Bill 4324, Relating to Collaborative Pharmacy Practice, was passed during the 2022 legislative session, and is awaiting the Governor's signature.

Dr. Rahim asked if any member had any question with regard to the above-mentioned rules and/or bills, or any other bills that were introduced during this legislative session. No questions were asked.

Dr. Rahim reported that Board staff will review legislation that was passed to determine what emergency and/or legislative rules will need to be promulgated by the Board. Additionally, staff will review current Board rules to determine whether updates or amendments are needed. The Committee requested that the Board delegate the Committee authority to act on behalf of the Board as necessary with regard to rulemaking. The motion of the Committee was given by Dr. Rahim, and the motion carried.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that there are two hearings scheduled to convene in the near future, one in April 2022 and one in June 2022.

**BOARD
ATTORNEY
REPORT**

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, March 12, 2022.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following eight applicants be approved for initial physician assistant licensure:

Nathan Robert Guerriere, PA
Kevin Scott Ivory, PA
Ekaterina Olegovna Koroleva, PA
Jenna Marie McCracken, PA
Amber Kristine Rohrberg, PA
Carla Sue Sine, PA
Alyson Rose Vogel, PA
Alicia Marie Wilson, PA

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that Deborah Fletcher Harman, PA, appeared before the Committee via GoToMeeting to discuss her application. The Committee recommended that the Board approve Ms. Harman for physician assistant licensure. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported in January and February 2022 Board staff:

Activated the following number of practice notifications:

January	34	1	1
February	45	2	1

Processed the following reactivation applications:

Registrant Name	License No.	Issue Date
Erika Nicole Fox, PA	2066	January 27, 2022
Robin Ann Haught, PA	329	January 27, 2022

Issued the following interstate telehealth registrations:

Registrant Name	Registration No.	Issue Date
Tamara Richmond McDaniel, PA	ITRPA-1003	February 2, 2022
Ashlyn Nicole Yannitello, PA	ITRPA-1004	February 2, 2022

Processed the following emergency registrations:

Month	Registrants	Retirees
January	1	0
February	1	0

Ms. Takubo reported that since implementation of the Board’s emergency rule, W. Va. Code R. § 11-14-1, *Registration to Practice During Declared State of Emergency*, Board staff have registered a total of 138 out-of-state physician assistants for emergency practice. No retired West Virginia physician assistants have registered for emergency practice.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee on Saturday, March 12, 2022.

Dr. Lilly reported that four scheduled applicants appeared before the Committee via GoToMeeting to discuss their licensure applications. Based thereupon, the Committee recommended that the following applicant be approved for medical licensure:

Medical Licensure Applications		
Allison Wierda Suttle, MD	Initial Licensure	Approve via Consent Order which limits practice to non-surgical obstetrics and gynecology in out-patient settings

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee elected to place the following applications for licensure on hold pending receipt of additional information:

Medical Licensure Applications	
Neil Shah, MD	Initial Licensure
Hugh Anthony Smith, MD	Initial Licensure
Anthony Jude Stephens, MD	Initial Licensure

Dr. Lilly reported that the Committee reviewed and discussed fourteen physician licensure applications. Based thereupon, the Committee recommended that the following eight applicants be approved for medical licensure:

Medical Licensure Applications		
Satnam Singh Aujla, MD	Initial Licensure	None
Jason Howard Brajer, MD	Reactivation of Licensure	None
Robert Darrell Buck, Jr., MD	Initial Licensure	None
William Harry Hartz, Jr., MD	Initial Licensure	None
John Champ Neely, II, MD	Reactivation of Licensure	None
Osman Javed Qaiyum, MD	Initial Licensure	None

Name	Application Type	Specialty
David Philip Richards, MD	Initial Licensure	Convert Medical School Faculty License to a full medical license
Carson Wong, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee elected to request that the following applicants appear before the Committee at a subsequent meeting to discuss their application:

Name	Application Type
Akhil Kiran Patel, MD	Initial Licensure
Nadeem Gul Qazi, MD	Reactivation of Licensure
Mohamed Maznawi Zawahir, MD	Initial Licensure

The Committee elected to maintain the following applications for licensure on hold pending receipt of additional information:

Name	Application Type
Adaiah Abumeze Ezekiel, MD	Initial Licensure
Leonard Anthony Reynolds, DPM	Reactivation of Licensure
Kathleen Mary Sheridan, MD	Initial Licensure

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the eighty-three applicants for initial physician licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve the eighty-three applicants for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly asked Board members to review the list of podiatric physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the three applicants for initial podiatric medical licensure is attached to these minutes as Attachment 2 and is incorporated herein by reference. The Committee recommended that the Board approve the three applicants for initial podiatric medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in January and February 2022:

Interstate Medical Licensure Compact Licenses Issued
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatement of Licensure
Reactivation of Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today’s meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports is attached to these minutes as Attachment 3 and are incorporated herein by reference.

Dr. Lilly reported that the Committee authorized Board staff to process applications which utilize the eligibility requirements set forth in Senate Bill 372 as it does all other licensure applications. The Committee will continue to review and discuss all applications that require individual review for any reason, including when a determination needs to be made regarding whether an unaccredited fellowship is substantially equivalent to accredited training.

Dr. Lilly reported that historically, the Board has not obtained primary source verification of graduate podiatric training. Primary source verification of graduate medical training is required for all physician applicants. In an effort to align these processes, the Committee recommended that the Board approve requiring primary source verification of podiatric training as part of the podiatric license application process. This requirement would apply to all applications initially submitted as of March 14, 2022. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received a report on bills that were passed during the 2022 legislative session, and which relate to the work of the Committee, all of which were reported on during the Legislative Committee Report during today's meeting.

Dr. Lilly reported that the Committee received an update on 2022 renewals. Interstate telehealth registration renewal began on February 2, 2022, and will conclude on March 31, 2022. Licensure renewal for medical doctors whose last names begin with the letters A through L and all related controlled substance dispensing practitioner registrations will begin on May 4, 2022. Educational permit renewal and professional limited liability company renewal will also begin on May 4, 2022.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

In the absence of Dr. Sheth, Dr. Steele chaired the March 13, 2022 Complaint Committee meeting and provided following report:

CLOSURES

Dr. Steele reported that, having found no basis to proceed, the Committee elected to close the following complaints without further action or disciplinary process:

**COMPLAINT
COMMITTEE
REPORT**

Complaint Number	Respondent's Name
22-02-W	Douglas Coleman Brown, MD
21-118-W	David Acevedo Eells, MD
21-138-W	Gabrielle Fodor Morris, MD
21-140-W	Tad Douglas Schoedel, MD
21-146-S	Emily Hamrick Battle, MD
21-148-S	Justin M. Clay, PA
21-111-S	Joshua Alexander Haddox, MD
21-144-L	Kenneth Leroy Mapes, MD
21-107-E	Shailendra Singh, MD
21-149-W	Brian Kristoffer Slater, MD
21-147-H	John Hunter Stein, PA
21-145-B	Timothy Lawrence Thistlethwaite, MD

INITIATED COMPLAINTS

Dr. Steele reported that the Complaint Committee elected to initiate the following Committee complaints:

Initiated Complaints			
22-19-W	22-20-W	22-21-W	22-22-W
22-23-W	22-24-W	22-25-W	22-26-W

CONSENT ORDERS AND BOARD ORDERS

Dr. Steele requested that the Board authorize the Complaint Committee to offer twelve Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Steele reported that the following Consent Orders, previously authorized by the Board, were entered between January 10, 2022 and March 11, 2022:

Licensee Name	Complaint Number	Order Entry Date	Summary and Terms
Paul Antony Alappat, MD	21-75-W	January 19, 2022	These Consent Orders impose a \$400.00 fine for failure to report a malpractice settlement on the 2020 license renewal application.
Gregory V. D'Eramo, MD	21-80-W	January 19, 2022	
Myung-Sup Kim, MD	21-83-W	January 19, 2022	
Bruce Wallace Leslie, MD	21-74-W	January 19, 2022	This Consent Order imposes a \$3,000.00 fine for failing to produce documentation of timely completion of CME during the Board's CME audit, with a deficit of 30 hours.
Mesfin Tessema Assefa, MD	21-67-W	January 19, 2022	These Consent Orders impose a \$500.00 fine for failure to produce documentation of timely completion of the drug diversion CME during the Board's CME audit.
Satinder Singh Bhullar, MD	21-68-W	January 19, 2022	
Lindsey Nicole Bravin, MD	21-69-W	January 19, 2022	
Thomas Stephen Kowalkowski, MD	21-72-W	January 20, 2022	
Alexander Vladimirovich Otellin, MD	18-81-W	February 24, 2022	This Amended Consent Order effectuates the surrender of Dr. Otellin's medical

			license and provides terms and conditions that must be met before Dr. Otellin can petition for reinstatement of licensure.
--	--	--	--

All Consent Orders are available for review on the Board’s website.

Prior to today’s meeting, a proposed order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD* was made available for members to review. Dr. Steele reported that the Board delegated the responsibility of monitoring the compliance of the June 21, 2017 Final Order in the matter of *West Virginia Board of Medicine v. Omar Khalid Hasan, MD* to the Complaint Committee. The Committee received documentation at its meeting yesterday, March 13, 2022, relating to this matter from the Physician Assessment and Clinical Education program at UC San Diego School of Medicine. Having reviewed all relevant materials, the Complaint Committee recommended that the Board find that Dr. Hasan has satisfied all conditions set forth in the June 21, 2017 Final Order, and lift the suspension of his West Virginia medical license. The motion of the Committee was given by Dr. Steele, and the motion carried with no opposition.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Steele, and the motion carried.

Mr. Eates joined the meeting at this time.

Prior to today’s meeting a copy of a Consent Oder in the matter of *West Virginia Board of Medicine, Petitioner, v. Rose Onyinyechi Uradu, MD, Respondent, Compalint No. 20-38-W*, was made available for members to review. The hearing in this matter was scheduled to convene on February 25, 2022. In lieu of proceeding to hearing, on February 17, 2022, Dr. Uradu signed a proposed Consent Order offered by the Board. Dr. Sheth moved that the Board accept the proposed Consent Order which:

**CONSIDERATION OF
TERMINATION OF A
CONSENT ORDER**

1. Publicly reprimands Dr. Uradu for her inaccurate renewal application responses in 2017 and 2019.
2. Requires Dr. Uradu, at all times, to fully comply with all of the professional practice requirements of the West Virginia Medical Practice Act as set forth in W. Va. Code § 30-3-1 et seq., and in the Board's legislative rules, including but not limited to W. Va. Code R. § 11-1A-1 et seq.
3. Imposes disciplinary action upon Dr. Uradu's West Virginia medical license which she is obligated to disclose in association with her 2023 West Virginia medical licensure renewal application.
4. Shall be deemed entered on the date that the Order, with all required signatures affixed upon, is received in the Board's 101 Dee Dive, Charleston, West Virginia office.

Dr. Kukkillaya seconded the motion, and the motion carried.

Dr. Challa announced that the next agenda item relates to consideration of the Hearing Examiner's Findings of Fact, Conclusions of Law and Recommended Decision in the matter of *West Virginia Board of Medicine, Petitioner, v. Mark Samaan, MD, Respondent*, Complaint No. 18-175-M. He asked that all Board members who need to declare a conflict with regard to this matter to do so at this time.

**CONSIDERATION OF
A RECOMMENDED
DECISION**

The following Board members declared a conflict due to participation on the Board's Complaint Committee and left the meeting at this time, and were not present for the remainder of the meeting:

Angela Mayfield
David A. Mullins, MD
Ashish P. Sheth, MD
Thomas W. Steele, MD

Additionally, the following staff members left the meeting at this time and were not present for the remainder of the meeting:

Mark A. Spangler

Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Leslie A. Thornton, CMBI

The following member of the public left the meeting room at this time:

P. Bradley Hall, MD

All individuals identified above were absent for the remainder of the meeting.

Roll call was taken by Ms. Frame. The following Board members remained in attendance:

Kishore K. Challa, MD, FACC
Timothy Dontelli, DPM
Reverend Janet Harman
Radhakrisna U. Kukkillaya, MD
Jonathan P. Lilly, MD
Kiran R. Patel, MD
Mustafa Rahim, MD
Victoria Takubo, PA-C
Christopher J. Tipton, PA-C
Russell O. Wooton

With a quorum of the Board present and participating, Mr. Eates advised the Board in the matter of *West Virginia Board of Medicine, Petitioner, v. Mark Samaan, MD, Respondent*, Complaint No. 18-175-M. Mr. Eates gave the procedural history of the case and reported on the *Hearing Examiner's Recommended Findings of Fact, Conclusions of Law and Recommended Decision*.

Dr. Rahim moved that the Board enter into executive session to receive legal advice with regard to this matter. Dr. Kukkillaya seconded the motion, and the motion carried. The Board entered into executive session.

**EXECUTIVE
SESSION**

The executive session concluded, and the Board reentered public session. Dr. Rahim moved that the Board make findings and determinations as follows:

**PUBLIC
SESSION**

It is hereby ORDERED that the January 20, 2022, "Hearing Examiner's Recommended Findings of Fact, Conclusions of Law and

Recommended Decision” is hereby accepted and adopted with the following modification: The Hearing Examiner’s “Recommended Decision” states, in part, that “although [Respondent] no longer holds either an active or inactive license to practice surgery in West Virginia, any entitlement which [Respondent] may have to apply for reinstatement shall be indefinitely REVOKED[.]” The Board finds and concludes that it has the discretion and authority to revoke an expired license, as opposed to the authority to “indefinitely revoke” a licensee’s entitlement to seek reinstatement of that license to resume practicing medicine and surgery in this State.

Accordingly, it is hereby **ORDERED** that Respondent’s license to practice medicine and surgery in this State is **REVOKED**. The Board finds and concludes that, although Respondent allowed his license to expire on June 30, 2021, it is nonetheless subject to revocation by the Board. This Order is effective upon entry.

It is further **ORDERED** that Respondent be **PUBLICLY REPRIMANDED** for his egregious sexual misconduct.

It is further **ORDERED** that Respondent shall pay the costs and expenses of this proceeding, as permitted by 11 C.S.R. 1A § 12.3.g. (2017). The costs and expenses assessed to Respondent shall be paid to the Board of Medicine within thirty (30) days of the issuance of an invoice by the Board.

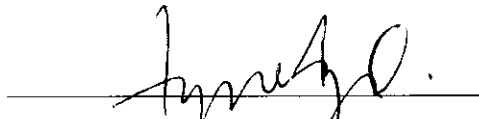

Ms. Takubo seconded the motion, and the motion carried with no opposition.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Mr. Tipton seconded the motion, and the motion carried.

ADJOURNMENT

ADJOURNMENT

WEST VIRGINIA BOARD OF MEDICINE
Board Meeting Minutes
May 16, 2022

The West Virginia Board of Medicine met at 9:00 am on Monday, May 16, 2022 at the Board Office.

The following Board members attended the meeting:

Kishore K. Challa, MD, FACC, President, Executive/Management Chair and Personnel Committee Chair
Ashish P. Sheth, MD, Vice President and Complaint Committee Chair
Reverend Janet M. Harman
Radhakrishna U. Kukkillaya, MD
Jonathan P. Lilly, MD, Licensure Committee Chair
Angela A. Mayfield
David A. Mullins, MD
Kiran R. Patel, MD, FACOG
Mustafa Rahim, MD, Legislative Committee Chair
Thomas W. Steele, MD
Victoria L. Takubo, PA-C, Physician Assistant Committee Chair
Christopher J. Tipton, PA-C
Russell O. Wooton

The following Board members did not attend the meeting:

Quartel-Ayne Amjad, MD, MPH, Secretary
Timothy J. Donatelli, DPM

The following Staff members attended the meeting:

Mark A. Spangler, MA
Jamie S. Alley, Esq.
Greg S. Foster, Esq.
Jamie C. Frame
Leslie A. Thornton, CMBI

Dr. Challa called the meeting to order, and attendance was documented by Ms. Frame. CALL TO ORDER

In order to minimize interruptions, Dr. Challa asked all members to silence their cell phone.

Dr. Challa announced that Mr. Spangler was awarded the Doug Cert Executive Directors Award on April 27th at the annual Administrators in Medicine meeting in New Orleans, Louisiana. This award was presented in recognition of Mr. Spangler's outstanding contributions on a national and state basis to improve the quality of standards for medical practice in the United States and territories. The guidelines and criteria for the award include the following:

- Improvement in recipient's state operation, e.g., budget, statutes etc.
- Contribution to the betterment of the Federation of State Medical Boards or similar organizations designed to enhance the standards of medical practice.
- Willingness and efforts made to share information that can be utilized by other state licensing boards.
- Other special considerations of an outstanding nature.

On behalf of the Board, Dr. Challa congratulated Mr. Spangler for this acknowledgement of his contributions to the Board.

Dr. Challa announced that in preparation for the election of officers at the July 2022 meeting, he has established a Nominating Committee which will consist of the following members:

Angela A. Mayfield
Kiran R. Patel, MD
Victoria L. Takubo, PA-C

If any Board member is interested in running for office or would like to recommend a fellow Board member for nomination, please contact a member of the Nominating Committee. The Committee will meet in June to develop a slate of nominees for the election of officers at the July meeting.

Dr. Challa announced that at the conclusion of today's meeting the Board has arranged for the following members to sit for official Board photographs to be taken by Mike Hall of Photographix:

Radhakrishna U. Kukkillaya, MD
Kiran R. Patel, MD, FACOG

Dr. Sheth moved that the minutes of the Board's March 14, 2022 meeting be approved. Ms. Takubo seconded the motion, and the motion carried.

**APPROVAL OF
MINUTES**

Mr. Spangler thanked Board members and staff for their work in making this meeting weekend successful.

**EXECUTIVE
DIRECTOR
REPORT**

Mr. Spangler reported that 2022 Federation of State Medical Boards Annual Meeting was held in New Orleans, Louisiana on April 28th through April 30th, 2022. In addition to Mr. Spangler, one Board member, Dr. Mullins, and one staff member, Patrick A. Muncie, attended the meeting.

Mr. Spangler reported that the renewal period for physicians whose last names begin with the letter A through L, controlled substance dispensing practitioner registration renewal for physicians whose last names begin with the letter A through L, education permits and professional limited liability companies commenced the first week of May, and will conclude at 4:30 pm EDT on June 30, 2022.

Dr. Challa reported that the Personnel Committee met yesterday, May 15, 2022, at which time Mr. Spangler discussed the salary adjustments for the 2023 fiscal year. Beginning July 1, 2022 Board staff will receive an across-the-board increase based upon five percent average of all state employees, which will be approximately \$2,500.00.

**PERSONNEL
COMMITTEE
REPORT**

Dr. Challa reported that staff are continuing in-office work schedules and are prepared to work remotely if necessary due to the on-going COVID-19 pandemic.

Dr. Challa reported that the Board's Fiscal Officer, Deborah D. Scott, will be retiring at the end of July, after many years of distinguished service to the Board. The Board is currently advertising the position in the hopes that Ms. Scott's successor will be on-boarded in time to participate in on-the-job training and transition.

The Committee recommended that the Board accept and ratify the Personnel Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Challa reported that the Executive/Management Committee met yesterday, May 15, 2022.

**EXECUTIVE /
MANAGEMENT
COMMITTEE
REPORT**

Dr. Challa reported that Committee reviewed and accepted the fiscal report and purchasing card transactions for the months of March and April 2022. The Board continues to remain in a good financial position.

Dr. Challa reported that the Committee reviewed correspondence regarding a potential violation of the prohibition on corporate practice of medicine. Board staff will request additional information from the company's counsel for consideration at a future meeting.

Dr. Challa reported that the Committee authorized Board staff to enter into a Memoranda of Understanding with the West Virginia Center for Threat Preparedness to provide public information concerning Board of Medicine licensees on a monthly basis for use in the online West Virginia Responder Emergency Deployment Information System for rapid credential verification for medical volunteers during emergency situations.

Dr. Challa reported that the Committee received four policies for review which were recently adopted by the Federation of State Medical Boards House of Delegates and advised that if any Board member is interested in receiving a copy of the policies, they should see Mr. Spangler at the conclusion of today's meeting.

Dr. Challa reported that the Committee authorized Mr. Spangler to establish an application review workgroup to evaluate current applications and determine if modifications and/or modernizations are needed. Workgroup recommendations will be reported to the Executive Management Committee for consideration.

Dr. Challa reported that the Committee received an update on the following litigation matters, all of which are still pending:

- *Jan Kletter, MD v. West Virginia Board of Medicine.*
- *City of Huntington; Cabell County Commission v. AmerisourceBergen Drug Corporation, et.al.*
- *J.H. v. West Virginia Board of Medicine*
- Mass Litigation Panel Opioid Litigation

Dr. Challa reported that the Board's COVID-19 office protocols remain in place.

Dr. Challa reported the West Virginia Office of Technology is requiring state agencies to transition from Microsoft to Google. Thus far, Board staff have transitioned from Microsoft Outlook to Google Mail. Prior to July 2022, agencies must transition from Microsoft Word and Excel to Google Docs and Sheets. Agencies who anticipate enterprise difficulties if required to transition with respect to these remaining products may request an exemption and submit a Business Impact Assessment, which identifies areas of concern. The Committee directed Board staff to submit a Business Impact Assessment requesting an exemption from the required transition.

Dr. Challa reported that Board staff continue to evaluate applications and documents to determine if any are appropriate for transition from wet ink to electronic signatures and will provide further update when the review process is complete.

Dr. Challa reported that the West Virginia Legislature's Performance Evaluation and Review Division (PERD) audit of the Board has concluded. PERD is scheduled to present the report to the Legislature during the June interim session. Due to prior Board of Medicine commitments that are concurrent with the June interim session, it is possible that the report will be deferred until July 2022. A final report from PERD has not yet been released.

Dr. Challa reported that Thomas M. McCall, who served as one of the Board's three licensure analysts, resigned from his position effective April 29, 2022. The Board wishes Mr. McCall the best in his future endeavors. Board staff conducted interviews, and Samantha N. Gutierrez was offered, and has accepted, the licensure analyst position. Ms. Gutierrez begins her employment with the Board today, May 16, 2022.

The Committee recommended that the Board accept and ratify the Executive/Management Committee Report. The motion of the Committee was given by Dr. Challa, and the motion carried.

Dr. Rahim reported that the Legislative Committee met yesterday, May 15, 2022.

LEGISLATIVE
COMMITTEE
REPORT

Dr. Rahim reported that the following rules, which were approved by the Legislature during the 2022 legislative session, have been final filed with the West Virginia Secretary of State's Office:

- W. Va. Code R. § 11-1A-1 *et seq.*, *Licensing of Physicians and Podiatric Physicians and Disciplinary Procedures for Applicants, Licensees, and Credential holders.*

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-5-1 *et seq.*, *Dispensing of Prescription Drugs by Practitioners*
- W. Va. Code R. § 11-6-1 *et seq.*, *Continuing Education for Physicians and Podiatric Physicians.*
- W. Va. Code R. § 11-10-1 *et seq.*, *Practitioner Requirements for Accessing the WV CSMP Database.*
- W. Va. Code R. § 11-11-1 *et seq.*, *Establishment and Regulation of Limited License to Practice at Certain State Veterans Nursing Home Facilities.*
- W. Va. Code R. § 11-14-1 *et seq.*, *Registration to Practice During Declared State of Emergency.*
- W. Va. Code R. § 11-15-1 *et seq.*, *Telehealth and Interstate Telehealth Registration for Physicians, Podiatric Physicians and Physician Assistants.*

Each of the rules, with the exception of W. Va. Code R. § 11-14-1 *et seq.*, will become effective on June 1, 2022. W. Va. Code R. § 11-14-1 *et seq.* will become effective on July 1, 2022.

Dr. Rahim reported that House Bill 214 was passed during the second special session of the West Virginia Legislature. This bill modifies the prescribing authority for physician assistants and advanced practice registered nurses. While Schedule II narcotics remain limited to a three-day supply, there are no other limitations on a physician assistant's ability to prescribe Schedule II medications except the provisions of the Opioid Reduction Act. House Bill 214 was passed on April 25, 2022, and is effective from passage.

Dr. Rahim reported that as a result of legislation passed during the 2022 session, the Committee will meet in June to consider proposed modifications to following Board of Medicine rules:

- W. Va. Code R. § 11-1B-1 *et seq.*, *Licensure, Practice Requirements, Disciplinary and Complaint Procedures, Continuing Education, Physician Assistants.*
- W. Va. Code R. § 11-8-1 *et seq.*, *Collaborative Pharmacy Practice.*

Additionally, in June, the Committee will consider proposed new rules relating to administrative medicine licenses and physician sexual misconduct.

The Committee recommended that the Board delegate to the Committee authority to act on behalf of the Board as necessary with regard to rulemaking. The motion of the Committee was given by Dr. Rahim, and the motion carried.

The Committee recommended that the Board accept and ratify the Legislative Committee Report. The motion of the Committee was given by Dr. Rahim, and the motion carried.

Mr. Foster reported that there was a hearing scheduled to convene in April; however, the hearing was continued at the request of the licensee and has been rescheduled for August 2022.

**BOARD
ATTORNEY
REPORT**

Mr. Foster reported that there is a hearing scheduled to convene in June 2022.

Mr. Foster reported that in March 2022, the Board issued a Final Order in the matter of *West Virginia Board of Medicine, Petitioner, v. Mark Samaan, MD, Respondent, Complaint No. 18-175-M*. Dr. Samaan has filed an Appeal of the Board's Final Order in Kanawha County Circuit Court, which is currently pending.

Ms. Takubo reported that the Physician Assistant Committee met on Saturday, May 14, 2022.

**PHYSICIAN
ASSISTANT
COMMITTEE
REPORT**

Ms. Takubo asked Board members to review the list of physician assistants up for action, and to advise of any conflicts. No conflicts were declared. The Committee recommended that each of the following six applicants be approved for initial physician assistant licensure:

Christopher John Anderson, PA
Katarina Witt Clingerman, PA
Stephanie Jamie Pham, PA
Samah Ramadan-Nassar, PA
Kathryn Nicole Semans, PA
Michaela Lynn Vitez, PA

The motion of the Committee was given by Ms. Takubo, and the motion carried.

Ms. Takubo reported that the Committee reviewed an inquiry concerning whether physician assistants may independently procure prescription drugs from wholesalers. The Committee directed Board staff to refer the requestor to House Bill 214 and the Board of Pharmacy, and to further advise that the Board has no regulations which specifically relate to prescription drug procurement by physician assistants.

Ms. Takubo reported that the Committee reviewed correspondence from a representative of a West Virginia physician assistant program of education asking if the Board has any "stipulations about practicing PAs and if there are any limitations if they themselves have mental issues." The Committee directed staff to respond that the Board has no jurisdiction with respect to the program's admission criteria and that while it cannot offer guidance on admission criteria, practitioners are eligible for licensure in West Virginia if they meet education, testing and training criteria and can practice with reasonable skill and safety to patients. The correspondence will also express the Board's commitment to practitioner wellness and well-being and include references to resources on this issue.

Ms. Takubo reported that the Committee reviewed correspondence regarding whether physician assistants are authorized to deliver babies. The Committee directed

Board staff to notify the requestor that the Board does not endorse physician assistants performing the medical act of delivering babies unless the physician assistant has received formal training and certification in midwifery or in an advanced physician assistant program in OBGYN.

Ms. Takubo reported that the Committee reviewed a request that the Board consider modifying W. Va. Code R. § 11-1B-1 *et seq.* to eliminate the requirement that physician assistants provide the Board with all locations where the physician assistant may practice on a Practice Notification. The Committee directed Board staff to communicate with the requestor and make modifications to the Practice Notification form to allow for certain unique circumstances for the Committee’s review at the July 2022 meeting.

Prior to today’s meeting, a revised initial physician assistant license application was made available for members to review. Ms. Takubo reported that the Committee reviewed and approved the new initial application for physician assistant licensure application.

Ms. Takubo reported that the Committee received an update on House Bill 214, which was previously discussed in the Legislative Committee Report that was provided earlier today. Last week, the Board sent an eblast to all physician assistants regarding House Bill 214 and the June 1, 2022 deadline for physician assistants practicing pursuant to one or more Practice Agreements to submit a Practice Notification.

Ms. Takubo reported that in March and April 2022 Board staff:

Activated the following number of practice notifications:

Month	West Virginia Licensees	Emergency Registrants	Interstate Telehealth Registrations
March	89	0	0
April	36	0	0

Processed the following reactivation applications:

Licensee Name	License No.	Reactivation Date
Shelby Lynn Baker, PA	2266	March 30, 2022
Rebecca Diane Heim, PA	2344	April 1, 2022
Stephen Lee McQueen, PA	2044	March 15, 2022
Jessica Ann Rhodes, PA	1555	April 1, 2022

Processed the following emergency registrations:

Month	Physician Assistants Holding Out of State Licensure	Retired or Inactive Status West Virginia Board of Medicine Licensees
March	4	0
April	5	0

No Interstate Telehealth Registrations were issued in March and April.

The Committee recommended that the Board accept and ratify the Physician Assistant Committee Report. The motion of the Committee was given by Ms. Takubo, and the motion carried.

Dr. Lilly reported that the Licensure Committee met on Saturday, May 14, 2022.

**LICENSURE
COMMITTEE
REPORT**

Dr. Lilly reported on April 18, 2022, Allison Wierda Suttle, MD and the Board entered into a Consent Order which issued Dr. Suttle a medical license and restricted her practice in West Virginia to administrative medicine and non-surgical obstetrics and gynecological medicine in out-patient settings. A copy of the Consent Order is available on the Board's website.

Dr. Lilly reported that three out of five scheduled applicants appeared before the Committee to discuss their licensure applications. Dr. Lilly asked members to review the

physicians up for action, and to advise of any conflicts. Dr. Patel declared a conflict with regard to Akhil Kiran Patel, MD due to a familial relationship with the applicant. Dr. Patel left the meeting room at this time.

The Committee recommended that the following applicant be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Akhil Kiran Patel, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Patel returned to the meeting room at this time and was present for the remainder of the meeting.

The Licensure Committee recommended that the Board make the findings identified below and that the following applicant be approved for a restricted license in extraordinary circumstances:

Name	Application Type
Alexey Viktorovich Sergeev, MD	Extraordinary Circumstance Licensure
Findings	
<p>1. Dr. Sergeev has exceptional education, training and practice credentials, including:</p> <p>He completed his medical education, with honors, at I.M. Schevenov First Moscow State Medical University and subsequently received a Ph.D. in Medicine from Bakulev Scientific Center for Cardiovascular Surgery, both of which are internationally respected programs. As a student, Dr. Sergeev was selected as a laureate of the all-Russia Young Scientists' Conference on Cardiovascular issues;</p> <p>Continuing throughout and after his training, and until 2018, Dr. Sergeev practiced at the Bakulev Scientific Center for Cardiovascular Surgery, including service as the Deputy Chief of the Department for Cardiac Electrophysiology;</p> <p>Since 2018, Dr. Sergeev has served as the Head of the Cardiac Electrophysiology Department at the Lapino Medical Center;</p>	

He is an internationally recognized electrophysiologist who has performed over 2,280 catheter ablations and device implantations for heart rhythm management;

Dr. Sergeev was awarded the V.I. Burakovsky's Medal from the Russian Academy of Medical Sciences for his contribution to medicine;

He served on the editorial board of Annals of Arrhythmology, Russia's premier scientific journal in the field of arrhythmology;

In 2019, Dr. Sergeev was awarded a diploma from the Eurasian Association of Cardiothoracic Surgeons for contributing to the development of electrophysiology in Kyrgyzstan;

Dr. Sergeev has engaged in research in arrhythmias and thorascopic implantation techniques for implanting epicardial lead for biventricular cardiac pacing and new approaches for the epicardial ablation of ventricular tachycardia.

2. Dr. Sergeev's practice in the state would be beneficial to the public welfare because West Virginia has a significant need for electrophysiologists, and travel out of state is common for West Virginians requiring electrophysiology care. Dr. Sergeev has also expressed an interest in continuing research while practicing in West Virginia, which can be beneficial to the citizens of this state.

3. Dr. Sergeev's specialty is electrophysiology cardiology and there is a need for this specialty in West Virginia.

4. The applicant's education, training and practice credentials are substantially equivalent to the requirements of licensure established in W. Va. Code §30-3-10(b). While Dr. Sergeev's education and initial training occurred outside of the United States and are not, standing alone, substantially equivalent to the licensure requirements in this state, he has training in Cardiovascular Surgery at Bakulev Scientific Center for Cardiovascular Surgery in association with his research, extensive clinical experience, scholarship, including primary or co-authorship of 40 peer reviewed articles, that satisfy this requirement.

5. Dr. Sergeev has no professional discipline which would render him ineligible for an extraordinary circumstances license.

6. Dr. Sergeev is eligible for a restricted license in extraordinary circumstances.

Based upon the above findings, the Committee recommended that the Board grant Dr. Sergeev a restricted license in extraordinary circumstances restricted to the practice of

electrophysiology cardiology. The motion of the Committee was given by Dr. Lilly, and the motion carried with no opposition, meeting the statutory requirement of a ¾ majority vote in favor of license issuance.

The Committee recommended that the Board accept the following applicant's request to withdraw her application for licensure:

Name	Application Type
Elie Khalifee, MD	Initial Licensure

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee elected to place the following application for licensure on hold pending receipt of additional information:

Name	Application Type
Mohamed Maznawi Zawahir, MD	Initial Licensure

The Committee will reschedule the appearance of the following applicant:

Name	Application Type
Jeremiah William Hayanga, MD	Conversion of Medical School Faculty License to Extraordinary Circumstance License

Dr. Lilly reported that the Committee reviewed and discussed sixteen physician licensure applications. Based thereupon, the Committee recommended that the following three applicants be approved for medical licensure:

Name	Application Type	Special Terms/Conditions
Pearl Nuch Pakdi, MD	Initial Licensure	None
Neil Shah, MD	Reactivation of Licensure	None
Neeta Mody Vargo, MD	Initial Licensure	None

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee recommended that the Board modify the terms of restricted license in extraordinary circumstances for the following applicant:

Name	Application Type	Special Terms/Conditions
Seyfi Alper Toker, MD	Extraordinary Circumstance Licensure	Modify terms of licensure to permit Dr. Toker to practice thoracic medicine and surgery in West Virginia with no practice location restrictions.

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee recommend that the Board accept the following applicants' request to withdraw their licensure application:

Name	Application Type
Adaiah Abumeze Ezekiel, MD	Initial Licensure
Nadeem Gul Qazi, MD	Reactivation of Licensure

The motion of the Committee was given by Dr. Lilly, and the motion carried.

The Committee elected to request that the following applicants appear before the Committee at a subsequent meeting to discuss their respective applications:

Name	Application Type
Abbie Louise Fields, MD	Initial Licensure
Jennifer Aylestock Myhre, MD	Initial Licensure
Scott David Myhre, MD	Initial Licensure
Ramazan Kamil Peker, MD	Initial Licensure
Michael Antonio Reynolds, MD	Initial Licensure

The Committee elected to maintain the following applications for licensure on hold pending receipt of additional information:

Name	Application Type
Leonard Anthony Reynolds, DPM	Reactivation of Licensure
Kathleen Mary Sheridan, MD	Initial Licensure
Hugh Anthony Smith, MD	Initial Licensure
Anthony Jude Stephens, MD	Initial Licensure
Jianyi Zhang, MD	Initial Licensure

Dr. Lilly asked Board members to review the list of physician applicants up for action and to advise of any conflicts. Reverend Harman declared a conflict with regard to Maggie Caroline Blackwood, MD due to a professional relationship with the applicant.

A list of the one hundred twenty-two applicants for initial physician licensure is attached to these minutes as Attachment 1 and is incorporated herein by reference. The Committee recommended that the Board approve all of the applicants identified on the list, with the exception of Maggie Caroline Blackwood, MD as her application will be considered separately due to a declared conflict, for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Reverend Harman left the meeting room at this time.

The Committee recommended that Maggie Caroline Blackwood, MD be approved for initial medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Reverend Harman returned to the meeting room at this time and was present for the remainder of the meeting.

Dr. Lilly asked Board members to review the list of podiatric physician applicants up for action and to advise of any conflicts. No conflicts were declared. A list of the four

applicants for initial podiatric medical licensure is attached to these minutes as Attachment 2 and is incorporated herein by reference. The Committee recommended that the Board approve the four applicants for initial podiatric medical licensure. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that in March 2022, the Board approved requiring primary source verification of all podiatric training for applicants beginning March 14, 2022. The Committee reviewed the form provisionally used by Board staff since that date and approved it without modification. A copy of the form was made available for members to review.

Dr. Lilly reported that the Committee reviewed and approved a new form proposed by Board staff which would update and replace the current Affidavit and Addendum 1. The form will be implemented prior to the July meeting. A copy of the form was made available for members to review.

Dr. Lilly reported that currently all applicants for initial licensure are required to request and submit primary source verification of all licenses ever held. With the proliferation of telemedicine, this practice sometimes delays licensure. The Federation of State Medical Boards operates a verification service called the Physician Data Center (PDC) which provides reports that include accurate and current records of a physician's licensure history. There may be nominal lag time in information reported to the PDC, but some states have begun utilizing PDC in lieu of requiring primary source license verifications. Having carefully reviewed this issue and weighed the efficacy of the process and the value it can provide in expediting licensure, the Committee recommended that the Board authorize the utilization of the PDC report in lieu of primary source license verification for all initial physician applications. The Committee further recommended that the transition occur prior to the July meeting. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Lilly reported that the Committee received an update from Board staff regarding the following licensure activity in March and April 2022:

Interstate Medical Licensure Compact Licenses Issued
Interstate Medical Licensure Compact Letters of Qualification Issued
Interstate Medical Licensure Compact Redesignation of State of Principal Licensure
Interstate Telehealth Registrations Issued
Educational and Reciprocal Educational Permits Issued
Reinstatement of Licensure
Reactivation of Licensure
Change in Status of Medical Licensure (from inactive status to active status)
Emergency Practice Registrations (Out of State Physicians and Retired West Virginia Physicians)

Prior to today’s meeting, a copy of the reports reflecting the above licensure actions were made available for members to review. A copy of the reports is attached to these minutes as Attachment 3 and are incorporated herein by reference.

Dr. Lilly reported that the Committee received an update on 2022 renewals. Interstate telehealth registration renewal ended on March 31, 2022. Licensure renewal for medical doctors whose last names begin with the letters A through L and all related controlled substance dispensing practitioner registrations, educational permits and professional limited liability companies is underway and will conclude on June 30, 2022. As of May 13, 2022, Board staff have processed 879 physician renewal applications. There are 4493 physicians eligible to renew their licenses.

The Committee recommended that the Board accept and ratify the Licensure Committee Report. The motion of the Committee was given by Dr. Lilly, and the motion carried.

Dr. Sheth reported that the Complaint Committee met on March 24, 2022, at which time the Committee elected to initiate complaint 22-29-W.

Dr. Sheth reported that the Complaint Committee met yesterday, May 15, 2022. At which time the Committee took the following action:

CLOSURES

Dr. Sheth reported that, having found no basis to proceed, the Committee elected to close the following complaints without further action or disciplinary process:

Complaint Number	Respondent's Name
21-143-W	Bryan Scott Stafford, PA
21-66-W	Peter Matthew Antall, MD
21-114-W	Gene Bermejo Duremdes, MD
21-115-W	Generoso Divinagracia Duremdes, MD
22-08-W	Leszek Jerzy Fiutowski, MD
22-07-W	Bella Nayan Zinzuwadia, MD
22-10-L	Shamsher Ali, MD
22-15-S	Paula Renee Blount, PA
22-12-L	Jason Wayne DeBerry, MD
22-16-M	Rola Michelle Gharib-Rucker, MD
22-11-L	Mark Anthony Hackney, MD
21-113-B	Eric Shane Hopkins, MD
22-09-W	William Randolph Jeffrey, MD
21-150-B	Nathaniel Lloyd Kister, MD
21-106-M	Jack Charles Meshel, MD
22-13-T	Paul Rosen, MD
21-141-W	Robert Jeffrey Shalowitz, MD

INITIATED COMPLAINTS

Dr. Steele reported that the Complaint Committee elected to initiate the following Committee complaints:

Initiated Complaint Number			
22-39-W	22-40-W	22-41-W	22-42-W
22-43-W	22-44-W	22-45-W	22-46-W

CONSENT ORDERS AND BOARD ORDERS

Dr. Sheth requested that the Board authorize the Complaint Committee to offer nine Consent Orders and/or Amended Consent Orders in ongoing Complaint Committee matters. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Dr. Sheth reported that the following Consent Orders, previously authorized by the Board, were entered between March 14, 2022 and May 13, 2022:

Licensee Name and Complaint Number	Order Entry Date	Summary and Terms
Walid Mohamed Radwan, MD 19-70-W	April 18, 2022	This Amended Consent Order publicly reprimanded Dr. Radwan in resolution of Complaint No. 19-70-W. The Amended Consent Order also dissolved all prior terms and conditions placed upon Dr. Radwan's medical license pursuant to his 2015 Consent Order, which limited his practice to his former training program.
Rose Onyinyechi Uradu, MD 20-38-W	March 14, 2022	This Consent Order publicly reprimanded Dr. Uradu for her inaccurate renewal application responses in 2017 and 2019.

All Consent Orders are available for review on the Board's website.

Prior to today's meeting, the current Consent Order and a proposed Order Terminating Consent Order for Ollie Joseph Jackson, III, MD, Complaint No. 19-155-W, made available for members to review. Dr. Sheth reported that on July 29, 2020, the Board and Ollie Joseph Jackson, III, MD, license number 27313, entered into a Consent Order that placed Dr. Jackson's license on a probationary status for a period of thirty-five months, with specific terms and conditions. The Consent Order imposed reciprocal discipline based upon action taken against Dr. Jackson by the Medical Board of California. On January 11, 2022, the Board received Dr. Jackson's Petition for Early Release of Medical License from Probationary Status. Dr. Jackson has completed a minimum of one (1) year of probation in West Virginia, has submitted evidence of successful release from probation in California, and his California license has been restored to unrestricted status. The Committee recommended and moved that the Board enter an Order terminating Dr. Jackson's Consent Order. The motion of the Committee was given by Dr. Sheth, and the motion carried.

The Committee recommended that the Board accept and ratify the Complaint Committee Report. The motion of the Committee was given by Dr. Sheth, and the motion carried.

Mr. Spangler announced that with regard to the eight rules which were discussed during the Legislative Committee Report, each of the rules, with the exception of W. Va. Code R. § 11-14-1 et seq., will become effective on June 1, 2022. W. Va. Code R. § 11-14-1 et seq. will become effective on July 1, 2022. Once effective, pursuant to the amended rule, all current emergency registrations will terminate on August 30, 2022 or five days after the State of Emergency is lifted, whichever is sooner. In order to treat patients located in West Virginia after an emergency registration terminates, the provider must hold either a West Virginia license or an interstate telehealth registration.

CLOSING
ANNOUNCEMENTS

Mr. Spangler announced the the 2023 Fedration of State Medical Boards' Annual Meeting will be held in Minnesota. He strongly encouraged members to attend the meeting.

There being no further business to consider, Dr. Rahim moved that the meeting adjourn. Dr. Sheth seconded the motion, and the motion carried. **ADJOURNMENT**
