ANNUAL REPORT FISCAL YEAR 2009

This report is being submitted by the Board of Optometry to meet the requirements of the State of West Virginia and its various subdivisions. This has been a year of using technology to improve monitoring and testing. We have also worked on a new DLAB-2 form for the DMV making the eye exam report form more simple and straightforward.

The Board has a "Highlights" page near the front of this report outlining some of our accomplishments for the 2009 fiscal year.

The sole function of the Board is to ensure excellent eye health care for the citizens of West Virginia, and it is in furtherance of this goal that our efforts are directed. Our mission statement is printed below.

Sincerely yours,

Matthew Berardi, O.D.

Matthew Berardi, O.D.
Board Secretary-Treasurer

MISSION STATEMENT

To ensure that all applicants for licensure and all Doctors of Optometry currently licensed practice their profession in a manner that benefits and protects the public, and to ensure that the highest quality of optometric eye and vision care is provided in a professional, competent, and ethical manner.

Annual Report For Fiscal Year 2008

WEST VIRGINIA BOARD OF OPTOMETRY
Annual Report – 2009

AR iii

The Board

The Board was established in 1909 and consists of seven members: five licensed optometrists and two consumer representatives. The members are appointed by the Governor and serve three-year terms.

The Board's Mission Statement

To ensure that all applicants for licensure and all Doctors of Optometry currently licensed practice their profession in a manner that benefits and protects the public, and to ensure that the highest quality of optometric eye and vision care is provided in a professional, competent, and ethical manner.

HIGHLIGHTS 2009

CE Audit

The board's continuing education rule requires 40 hours of continuing education per biennial license renewal period. Continuing education classes are pre-approved if offered by the following organizations: the American Optometric Association, the West Virginia Optometric Association or other state optometric associations, and the American Academy of Optometry. Pre-approved continuing education classes also include international optometric sponsored meetings, regional optometric extension program congresses, postgraduate courses offered at any accredited college of optometry, the Southeastern Educational Congress, the National Contact Lens Congress, the Optometric Center of New York, and the Council on Optometric Practitioner Education [COPE]. All other courses must be submitted to the board office at least 30 days in advance for approval.

The Board has endorsed the use of the Association of Regulatory Boards of Optometry (ARBO) OE Tracker database. This database allows providers to scan attendance data from continuing education (CE) events. This tool allows the Board as a member of ARBO to download the CE records of all licensees. The Board has decided to go to a 100% sample of licensees for CE audit using OE Tracker. Those licensees who do not have sufficient CE hours in the OE Tracker database will have to provide hard copy proof of attendance. Our first sample of 87 licensees revealed that 36 met or exceeded their CE requirements using the OE Tracker database alone. Of the total OE Tracker and paper records 77 met or exceeded CE requirements. 10 did not meet minimum criteria. Board action is pending on these licensees.

State Optometry Law Exam Available On Line

Each applicant must pass an exam on West Virginia optometric law. This exam has been given in paper form often in conjunction with the oral exam. This places more stress on candidates on the day of the oral practical exam. The Board is working with the National Board of Examiners in Optometry (NBEO) to make the WV optometry law exam available on line. The exam will be available through the NBEO's website at www.optometry.org. The site will give an immediate report of the candidate's score to both the candidate and to the WV Board of Optometry. This option will allow students to take only one test on exam day. It will also be an aid to endorsement candidates to meet our license criteria.

Web Site

The West Virginia Board of Optometry hosts its web site at www.wvbo.org. License verification, "Find an Optometrist," news and newsletters as well as the Board's rules are posted on the web site. Complaint forms, corporate forms, application forms and a CE Tally Sheet are also available. License renewal is conducted on the site as well.

Welcome to the West Virginia Board of Optometry

The Mission Statement of the WVBO is:

"To ensure that all applicants for licensure and all Doctors of Optometry currently licensed, practice their profession in a manner that benefits and protects the public, and to ensure that the highest quality optometric eye and vision care is provided in a professional, competent, and ethical manner."

This mission serves as the basic tenet from which the Board formulates and carries out its goals, objectives, strategic plans, and articulates its values and beliefs to protect the public and encourage quality optometric eye and vision care.

WEST VIRGINIA BOARD OF OPTOMETRY

Complaint Committee, Dr. David Laughlin Chairman Complaint Report 2009

AR 4

OPTOM 09-01 Ramsey/Spencer Eye glass prescription release dispute. The committee found that there was no violation of optometric law.

OPTOM 09-02 Herman/Hedrick Eye glass lens return policy dispute. Dr. Herman followed his policy as posted refunding frame cost but not prescription lens cost. No violation of optometric law.

OPTOM 09-03 Ratcliff, C/Hudson contact lens prescription release dispute. No violation of optometric law. Patient received contact lens prescription.

OPTOM 09-04 Simpson/Ward Diagnosis/referral dispute. Dr. Simpson signed a Consent Order agreeing to a written reprimand and to take 9 continuing education hours above the normal 40 hours required. Three hours are to be in medical legal issues. Three hours are to be taken in practice management, and three credit hours are to be taken on kerataconus.

OPTOM 09-05 McClure/Lavell Dr. McClure is an ophthalmologist. The complaint was forwarded to the WV Board of Medicine.

OPTOM 09-06 Mowery/Billings Lens dispute. Complainant requests a refund for cost of lenses. It is under investigation.

West Virginia Board of Optometry Visionary

AR 15

Meet Board Member Matthew Berardi, O.D.

Dr. Matthew G. Berardi is originally from Moundsville, West Virginia. He is a 1983 graduate of the Virginia Military Institute and a 1987 graduate of Southern College of Optometry. He has been in private practice in Farmington for over 20 years. He is also a retired officer with the U.S. Army Reserves. Dr. Berardi lives in Fairmont with his wife, Amy, and daughters, Jessica and Amanda. Jessica is a recent graduate of West Virginia University with a degree in Journalism. Amanda is currently a junior at West Virginia University majoring in English.

examination form. The DLAB2 form, which we all know as the CDL form, will be replaced by a new version in 2009. The Department of Motor Vehicles asked for advice on creating a new vision examination form that is similar to those being used by other states.

"I am honored to have the opportunity to serve the citizens of our state and look forward to working with my fellow members on this board. I hope to contribute to the advancement of optometry during this exciting time of change in our profession," said Dr. Berardi.

Dr. Berardi was recently elected as Secretary-Treasurer of the board. He will not only have the traditional role of secretary and treasurer but he will also be in charge of investigations.

Dr. Berardi replaces Dr. Clifton Hyre on the board. Dr. Hyre was a member of the board for over 16 years. Dr. Hyre served as President of the Board for 14 of those 16 years.

Dr. Gregory Moore has replaced Dr. Clifton Hyre as Board President. He has served for 3 years.

Special points of interest:

- Dr. Matthew Berardi
- Dr. Richard Goellner
- Dr. Clifton Hyre
- Summer Exam July 12
- Sharon Rubin and Board Members
- Lattisse
- Employment
- CE Audit

The Board congratulates its new licensees, Drs. Carolyn Ormes, Mary Payton, Simi Bhardwaj-Sethi, Edward Crum, Erica Owen, William Conrad, Krista Adams, Tracy Scott, and Robert Wade.

Are You Interested In Oral Systemic Certification?

Optometrists with therapeutic prescriptive authority are eligible to go through the process to obtain oral systemic prescriptive authority. There are currently 68 optometrists who

have therapeutic certification. These optometrists must complete a 30 hour course taught by a college of optometry or non-profit continuing education agency. The Pennsylvania Col-

lege of Optometry is willing to teach the course if there is enough interest. Please contact the board at 1-800-250-4150 if you have an interest in the course.

Secretary - Treasurer, Richard Goellner, O.D. Says Farewell

Dr. Goellner has served on the West Virginia Board of Optometry for 8 years. Dr. Goellner has assisted the Board in compiling and updating its oral exam. Dr. Goellner also initiated a study of the shrinking numbers of optometrists who serve our citizens.

Dr. Goellner lives in Morgantown with his wife, Cynthia, and his son, Jack, who is 12. He practices with James Pasinski, O.D. in Morgantown. Dr. Goellner is the former Clinical Director for the West Virginia Special Olympics Opening Eyes Vision Program. He is also an Adjunct Faculty mem-

ber for the West Virginia University Eye Institute. Dr. Goellner's goal of service on the Board was to ensure that the profession of optometry serves the public in a professional, competent and ethical manner. He graduated from the Ohio State University College of Optometry (1984).

Dr. Hyre has served on the Board for 16 years. He has served as the Board President for 14 years.

E. Clifton Hyre, O.D., President, Says Goodbye

Dr. Edward Clifton Hyre has served on the West Virginia Board of Optometry for sixteen years. He has served the Board as President for 14 years.

Dr. Hyre initiated the modernization of the Board's legislative and administrative rules. The process became complete in 2002. Dr. Hyre has also worked with the Legislature to improve the quality and scope of optometric care in West Virginia.

Dr. Hyre lives in Elkins with his wife, Carole. They have a daughter, Christina L. Nestor, who has two masters degrees and a Ph.D.

from West Virginia University. Dr. Hyre also has a granddaughter, Morgan Helene Nestor. Dr. Hyre has practiced with his son, Craig, in Elkins and Beverly.

Their corporation is Family Eye Care. Family Eye Care offers a wide range of services including emergency services. The practice has a web site, www.drhyre.com. The site services include scheduling of appointments and an informative set of articles on eye care issues entitled, "Eye Care For You."

Dr. Hyre has served as President of the West Virginia Optometric

Association and is active in his community serving as Director Emeritus of the Mountain State Forest Festival.

Dr. Hyre was licensed in 1964 and has achieved the state's highest level of licensure, oral prescriptive authority. He graduated from the Ohio State University School of Optometry in 1963.

Dr. Hyre has now retired leaving his practice in Elkins. He looks forward to serving optometry through active membership in the West Virginia Optometric Association. Dr. Hyre will be missed.

West Virginia Board of Optometry License Exam on July 12

The West Virginia Board of Optometry will hold its summer 2009 license exam on July 12 beginning at 9:00 a.m. in the board office at 179 Summers Street, Suite 231, Charleston, WV 25301. The deadline for applications to be received in the board office is June 12, 2009.

The exam is oral and includes questions on pharmacology, laboratory procedures, ocular manifestations of systemic diseases and ophthalmic science (e.g.: optics). There is a written multi-

ple choice jurisprudence exam administered simultaneously.

The requirements for an application are listed in [West Virginia Code, §14.1](#). Some important requirements to remember are:

- A certified, sealed transcript from the applicant's undergraduate and optometry school must be sent to the board office.
- The applicant must take

and successfully pass the exam from the National Board of Examiners in Optometry (NBEO) parts I, II, and III. A copy of the exam results must be sent to the board office.

- Two 2" x 2" color photographs must accompany the application.
- The fee for the exam is \$300.00.

The application may be requested from the board office at 1-800-250-4150, downloaded from the board's web site at www.wvbo.org or requested by postal mail.

A copy of §14-1 on the board's application procedure may be downloaded from the web site under "Laws and Regulations Governing Optometry." The rules to study for the jurisprudence exam are listed in this section.

Sharon Rubin Says Farewell To Current Board Members

Ms. Sharon Rubin, R.Ph. has resigned from the board after giving 7 excellent years of service. Ms. Rubin lives in Charleston with her family. She has two children, Brad and Julie. She is a registered pharmacist and she works in the Charleston Health Right Clinic.

Ms. Rubin was instrumental in finding the board's Charleston office. Ms. Rubin's expertise

in pharmacology has been very valuable to the board.

There are four board members who continue to serve on the board. The first is the Board President, Gregory Moore, O.D. Dr. Moore is co-founder of the West Virginia Laser Eye Center in South Charleston. He has a daughter, Sydney.

Dr. David Laughlin has practiced optometry with his partner, J.

Keith Wade, O.D., in Fairmont for 25 years. Dr. Laughlin has 3 children, Gevony, Mannon and Conn.

Glenn Bailey, O.D. owns Bailey Eye Care Center in Barboursville. Dr. Bailey has served as President of the West Virginia Optometric Association. Dr. Bailey has three children, Ryan, Erin, and Stephanie. Dr. Bailey is interested in addressing the decreasing number of new licensees and working toward one

level of licensure in West Virginia.

Ms. Lori Gemondo, Consumer Member, is an optician at Family Optical, Clarksburg Opticians and Family Vision Center. She has 32 years of experience as a dispensing lab optician and office manager. Ms. Gemondo has two children, Christopher and Elleyse. She is a graduate of West Virginia University.

Lattisse

As you may know, Allergan Pharmaceuticals has introduced Lattisse to enhance the growth of eye lashes. It has caused no small amount of controversy throughout the country with state boards of optometry trying to decide if this is something optometrists can provide for patients and, if so, how?

As you know, laws vary from state to state. In West Virginia we are not restricted in the topical application of any pharmaceutical agent.

The question for many boards with similar topical prescriptive authority centers on the concern of whether or not providing a

cosmetic prescriptive service falls within the purview of the scope of optometric practice.

Recently, the Ohio Board of Optometry ruled that cosmetic applications for prescription medication is not within the purview of optometry in that state, and therefore, the only way optometrists in that state can provide Lattisse prescriptions is for patients that have a medical diagnosis of hypotrichiasis or madarosis.

The West Virginia Board of Optometry does not feel our laws in any way prohibit optometrists from being involved in prescriptive patient care for cosmetic

purposes. If so, then we would not be able to provide peri-operative care for refractive surgery or even prescribe contact lenses, which are, for the most part, the ultimate cosmetic prescriptive service.

The West Virginia state law does expressly prohibit the dispensing of pharmaceuticals by optometrists; therefore, you are not allowed to sell Lattisse from your office.

It can indeed be prescribed and the office visit can be billed to insurance companies if you have an appropriate medical diagnosis. While hypotrichiasis or madarosis may be the primary

diagnosis to support that treatment, it would be a good idea to have a secondary diagnosis for additional documentation supporting your decision that the decrease in lashes is indeed causing a medical condition. Examples would be blepharitis or dry eye or other ocular surface disease processes.

Otherwise, the board suggests that you should charge the patient for your time and expertise, but it would be private pay, and then you write the prescription for Lattisse for cosmetic reasons.

If you would have any further questions please contact Pam at the board office.

Employment Of an Optometrist

In this ever changing economy it would be unrealistic to believe that the way we all practice will not be affected in some way or another.

Some of us may see a decrease in our income; some of us may flourish, and some may have to find new opportunities in which to offer services. One thing we all need to keep in mind is that the service we offer is not a right, but a privi-

lege that we all worked very hard to attain. That privilege is granted to us by the great state of West Virginia through our licenses to practice optometry.

Now may be a good time to review the laws that govern those privileges to practice and which can be found on the board web site.

The board has had several requests for clarification as to who or what kind of entity the

law permits an optometrist to work for as an employee.

Our laws are very clear and expressly prohibit the employment of an optometrist by ANY entity that is not either an individual who is licensed to practice optometry in West Virginia or a corporation that is recognized by the West Virginia Board of Optometry as an optometric corporation. The board may only grant optometric

corporation status to a corporation that is owned in whole by one or more licensed optometrists.

Of particular interest is the ability for an optometrist to be employed by another professional licensed under a different Chapter 30 regulatory board.

The answer is very specifically spelled out in the laws concerning the privilege to practice optometry. In short, you may only

Employment Of an Optometrist (continued) and Continuing Education Audit

be employed by an entity that is either a licensed optometrist or a licensed optometric corporation. Employment by any other person or corporation will place you in violation of state law. As such, you will be subject to the penalties and discipline set forth in those laws.

We hope this helps, and if you would have any questions regarding an employment opportunity,

please feel free to contact Pam at the board office. The West Virginia Board of Optometry is more than willing and happy to assist you in determining if an opportunity to practice is within the limitations of the privileges granted you through your license.

The West Virginia Board of Optometry will be conducting its random continuing education (CE) audit for the period from August 1

2006 through July 31, 2008 in August. All optometrists are required to keep proof of CE for the current and previous licensing periods.

A printout of the personal OE Tracker record will be provided to each licensee selected. The OE Tracker record will be considered to be proof of attendance. Certificates will be required for classes

not contained in the OE Tracker printout.

OE Tracker is a computerized repository for CE records. The West Virginia Optometric Association has used the system. Attendance is recorded by use of an electronic scanner. You may go to the Association of Regulatory Boards of Optometry web site at www.arbo.org for more information.

ANNUAL REPORT FISCAL YEAR 2008

This report is being submitted by the Board of Optometry to meet the requirements of the State of West Virginia and its various subdivisions. This has been a year of continuing education audits. No optometrist in the sample violated our continuing education requirements.

The Board has a "Highlights" page near the front of this report outlining some of our accomplishments for the 2008 fiscal year.

The sole function of the Board is to ensure excellent eye health care for the citizens of West Virginia, and it is in furtherance of this goal that our efforts are directed. Our mission statement is printed below.

Sincerely yours,

Pamela Carper

Pamela Carper
Executive Administrator

MISSION STATEMENT

To ensure that all applicants for licensure and all Doctors of Optometry currently licensed practice their profession in a manner that benefits and protects the public, and to ensure that the highest quality of optometric eye and vision care is provided in a professional, competent, and ethical manner.

ANNUAL REPORT HIGHLIGHTS 2008

CE Audit

The board's continuing education rule requires 40 hours of continuing education per biennial license renewal period. A minimum of 12 hours of study must be in pharmacology or therapeutics courses. A maximum of six hours may be in practice management. A maximum of ten hours may be taken by correspondence or via the Internet. Continuing education classes are pre-approved if offered by the following organizations: the American Optometric Association, the West Virginia Optometric Association, and the American Academy of Optometry. Pre-approved continuing education classes also include international optometric sponsored meetings, regional optometric extension program congresses, postgraduate courses offered at any accredited college of optometry, the Southeastern Educational Congress, the National Contact Lens Congress, the Optometric Center of New York, and the Council on Optometric Practitioner Education [COPE]. All other courses must be submitted to the board office at least 30 days in advance for approval.

The board conducted a continuing education audit in the fall. Twenty percent of the licensees were chosen. The board used OE Tracker to establish a baseline for the continuing education records required. The OE Tracker system is operated by the Association of Regulatory Boards of Optometry [ARBO]. Each chosen licensee was sent a copy of his/her OE Tracker record. Licensees were required to submit proof of continuing education for those courses not listed in the OE Tracker record. The board found no violations or deficiencies in the records of the sample.

Web Site

The West Virginia Board of Optometry hosts its web site at www.wvbo.org. License verification, "Find an Optometrist", news and newsletters as well as the Board's rules are posted on the web site. The board rebuilt the web site to improve the ease of use of the site.

West Virginia Board of Optometry

COMPLAINT REPORT

2008

OPTOM 08-01 Ratcliff/Spurlock Patient complained that there was not a sink in the contact lens insertion, removal and care room. There was no violation of optometric law and no violation of county health policies.

OPTOM 08-02 Whittington/Manning The complaint stems from insurance billing and coverage. There was no violation of optometric law.

OPTOM 08-03 Gresak/Agatha Prickett This complaint is an insurance billing complaint. There was no violation of optometric law.

OPTOM 08-04 Gresak/James Prickett This complaint is an insurance billing complaint. There was no violation of optometric law.

OPTOM 08-05 Cohen/Johnson Patient complained that her glasses did not correct her vision after two to three attempts to improve the glasses. Dr. Cohen refunded her money. There was no violation of optometric law.

OPTOM 08-06 Liebig/Caputo The complaint was forwarded to us from the Attorney General's office. The complaint was investigated and returned to the Attorney General's Consumer Division to pursue optician For Eyes, Inc. No violation of optometric law.

West Virginia Board of Optometry Visionary

Special points of interest:

- License Renewal
- New Board Office
- 2008 License Exam
- CE Audit Results
- Contact Lens Rx Release
- Legislative Audit
- Update Address

Board Website

www.wvbo.org

License Renewal Deadline is July 31, 2004

All optometrists' licenses must be renewed by July 31, 2008. Only the Board of Optometry Web Site will be used for the 2008-10 License Renewal. Our Web Site address is www.wvbo.org. Payment may be made credit card, check or electronic check.

The License Renewal feature will be activated on May 1, 2008. Begin to use the site now by taking the steps to update the information contained in your file.

Follow these simple steps to access your information:

- Log onto your Internet browser (often using Internet Explorer).
- Go to www.wvbo.org.
- Select "On Line

- Address Change."
- Click the mouse on "Member Account Manager." A screen will appear asking for your "user name" and "password."
- The screen will ask you to enter a "User ID" that you have chosen for yourself.
- The screen will also ask you to enter your "Password."
- Select "Forgot Your Password?" if you have forgotten your password or the "New User link" if you are a first time user.
- The site will ask you to enter the other personal information to verify your identity.

- Follow the instructions on the screen.
- You may update your file as appropriate.

If you have established an account on the site with your user name and password you may use the **Biennial License Renewal** tab on the right of the home screen to renew your license. Use the "Forgot Your Password?" link if needed.

David Gomez of Daniels West Virginia has voluntarily had his license suspended and then restored. Congratulations to new licensees: Benjamin Fisher, Bradley Lane, Elecia Smith, Peter Dernas, Steven Hosman, William Pugh, Carolyn Ormes, Mary Payton, Simi Bhardwaji, and Edward Crum.

Board Office Moved to Peoples Building

The Board office has been moved to the Peoples Building at 179 Summers Street, Suite 231, Charleston, WV 25301. There was a fire at the Board office's old location at the Union Building on Kanawha Boulevard. The fire was arson. No one was charged for the crime. There

was smoke damage to the Board's equipment. A subsequent OSHA inspection found that the Union Building was in violation of safety laws. The narrow single stairwell was not sufficient to allow quick escape from the Building's eighth floor.

The new office is cleaner and

more safe. There is more room for guests in the Board conference room. There is also a reception area for a more comfortable and efficient waiting area for exam candidates.

Please make note of the Board's new address in your files.

West Virginia Optometry License Exam On July 13

The license examination will be given on July 13 at 9:00 a.m. at the Board Office at 179 Summers Street, Suite 231, Charleston.

The West Virginia Board of Examiners of Optometry will hold its 2008 license exam on July 13 beginning at 9:00 a.m. at the Board office at 179 Summers Street, Suite 231. The deadline for applications to be received in the Board office is June 13, 2008.

The exam is oral and includes questions on pharmacology, laboratory procedure, ocular manifestations of systemic diseases, and ophthalmic science (e.g.: optics). There is a written multiple choice exam on jurisprudence administered simultaneously.

The requirements for an application are listed in West Virginia Code, §14-1. Some important requirements to remember are:

- A certified, sealed transcript from the applicant's undergraduate and optometry school must be sent to the Board office.
- The applicant must take and successfully pass the exam from the National Board of Examiners in Optometry (NBEO), Parts I, II, and III. A copy of the exam results must be sent to the Board office.
- Two 2"x2" color photographs must accompany the application.

- The fee for application is \$300.00.

An application may be requested from the Board Office at 1-800-250-4150 or downloaded from the Board's web site, www.wvbo.org. A copy of §14-1 on the Board's application procedure may be downloaded from the site under "Laws and Regulations Governing Optometry."

Some optometrists are interested in contacting the applicants to seek associates. These optometrists should send a message with contact information to the Board. The Board will send the information to the candidates.

Continuing Education Requirements and Audit

The Board's continuing education requirements are listed in 14-1-8.

The requirements are:

- A **minimum** of twelve hours of studying pharmacology or therapeutic courses;
- A **maximum** of six hours of study in practice management;
- A **maximum** of ten hours of optometric study may be taken by correspondence or via the Internet;

- All continuing education study must be sponsored by one of the organizations listed in subsection 8.4 of this section or pre-approved by the Board as outlined in subsection 14-1-8.6.

Remember that all CE must be COPE approved or be an educational meeting of one of the approved organizations e.g.: West Virginia Optometric Association, Regional Optometric Extension Programs, National Contact Lens Congress, listed in 14-1-8.4. All

other programs must be approved in advance by the Board.

The 40 required hours are to be acquired during each two year renewal period.

The Board conducted a random audit of proof of CE hours for 40 optometrists in Summer 2007. There were no violations of CE requirements for optometrists in the sample. Please retain the current and previous renewal period proof of CE for audit.

A CE Tally Sheet has been developed by the Board to help optometrists record their CE hours.

Go to our web site at www.wvbo.org or call 1-800-450-2150.

Release Of Contact Lens and Eye Glass Prescriptions

The "Fairness to Contact Lens Consumers Act," H.R. 3140, became effective on February 4, 2004. The Federal law requires an optometrist to give a copy of a patient's contact lens prescription to him/her once the contact lenses have been fitted to the patient's eyes. The law also states that a contact lens prescription shall expire not less than one year after the issue

date of the prescription unless sooner for medical reasons to be listed in the patient's medical record.

The rule leaves the date of expiration for a contact lens prescription up to the laws of each state. West Virginia has no prescription expiration in its laws. Therefore the expiration date goes back to the Federal law which is no

shorter than one year. The prescription expiration date may be shorter than one year for medical reasons documented in the patient's file.

It is up to an optometrist to use his best professional judgment in establishing an expiration date for a contact lens prescription (as long as it meets the Federal requirement).

Board Successfully Completes Legislative Audit

West Virginia law requires each state agency to be audited by the Legislature's office of post audit. The Board began the process with the Legislative Auditor's office in October 2006. It began with presenting evidence on state mandated processes for operation of a licensing board as required in West Virginia Code 30-5.

Some of the processes examined are the register of licensees for required information, the Board's complaint procedures and processing of complaints over the previous years and its register of applicants. The auditor reviews the last three years

of financial records to be sure that the board is self sustaining. The auditor also reviews the boards last three years of Annual Reports for compliance with statutory requirements.

The auditor also reviews all disciplinary cases for the last three years to ensure that the Board has protected the public and followed proper due process procedures. The auditor reviews all office procedures.

This was the first legislative audit for the Board of Optometry. It was completed very successfully. The auditor found only one violation which had already been self corrected. The Board had misin-

terpreted the posting requirement in West Virginia's Sunshine Law missing the deadline by 1-3 days for filing with the Secretary of State. The Board had discovered the problem and corrected it on its own prior to the audit.

The Board was found in compliance with all other requirements. The audit report was complimentary of the Board's office procedures. The audit report was presented to the Joint Committee on Government Operations. A lobbyist for the AMA commented that the Board must be doing something right to have received such a clean report.

The Legislature continued its

approval by renewing the Board for eleven years, one of the highest total of years among all boards reviewed and scrutinized by the Legislative Auditor and the Legislature's Government Operation committees in 2007.

Important: Update Your Address

Have you ever written to someone and had your letter returned? The person you tried to contact did not give his new address to you.

The Board needs to contact your office from time to time. We often find that an optometrist has a different phone number or address. Your address is used for many reasons, but the main reason is to get important information to you. Our renewal letters

go to the address listed on our web site.

The Board asks that you update your information regularly. It is easy to update your address phone numbers and email address.

- Log onto www.wvbo.org.
- Click on "On Line Address Change".
- Select "Account Manager."

- Enter your User ID and Password.
- Click on "Update Profile".
- Enter new address or phone information.
- Go to the bottom of the screen.
- Click on "Update Profile".

The Board thanks you in advance for your help.

Contact Lens Rx Release and Eye Glass Rx Release (Continued)

Ms. Sherry Cooper is in charge of government relations for the American Optometric Association. She states that it is up to the optometrist to decide the date of contact lens prescription expiration (as long as it meets the Federal standard). However, the standard of care for an eye exam is yearly. Many optometrists use one year from the release of the prescription as the expiration date.

Ms. Christie Utt, Deputy Attorney General, agrees that an optometrist has a right to set an expiration date by using his/her best professional judgment as long as the Federal standard is met. An optometrist also has a right to refuse to fill an expired prescription.

An eye glass prescription is to be given to the patient at the completion of the eye exam. Once again,

the expiration date for an eye glass prescription should be set using the optometrist's best professional judgment.

The expiration date to use could be based on the yearly eye exam standard. The eye glass prescription expiration date could also be longer than one year if it is in the best professional judgment of the optometrist.

The Board answers your questions.

Welcome to the West Virginia Board of Optometry

The Mission Statement of the WVBO is:

"To ensure that all applicants for licensure and all Doctors of Optometry currently licensed, practice their profession in a manner that benefits and protects the public, and to ensure that the highest quality optometric eye and vision care is provided in a professional, competent, and ethical manner."

This mission serves as the basic tenet from which the Board formulates and carries out its goals, objectives, strategic plans, and articulates its values and beliefs to protect the public and encourage quality optometric eye and vision care.

Continuing Education Tally Sheet 2008/10

Title 14-Series I-Subsection 8.3, Continuing Education, states that the evidence shall show his or her attendance for a **minimum of forty hours** during the preceding **two years** at optometric educational programs covering one or more of the subjects approved by the Optometry Board including... a minimum of 12 hours in ocular pharmacology or therapeutics, a maximum of six hours in practice management, a maximum of 10 hours by correspondence or Internet.

Instructions

This tally sheet is for your personal convenience and **does not** take the place of the certified attendance records that you must maintain. The tally sheet is designed as follows:

(A) **DATE:** Record the date the course was given.

(B) **SPONSOR & TITLE:** Record the sponsor of the course, the title of the course and the presenter.

(C) **COPE APPROVED:** Check to see if this course is COPE approved. Put a "Y" or "N" in the column. Remember that COPE approved courses are automatically approved by the Board.

(D) **OCULAR PHARMACOLOGY AND THERAPEUTICS:** List the number of hours of credit in this column. A **minimum of 12 hours** of study

(E) **PRACTICE MANAGEMENT COURSES:** A **maximum** of 6 hours is allowed. List # Hrs.

(F) **CORRESPONDENCE AND INTERNET COURSES:** A **maximum** of 10 hours of study is accepted and this may include Internet or correspondence courses and seminars sponsored by MD's or hospitals. Courses approved by the AOA and WVOA are part of the "OTHER.. ." category listed below. List the number of hours of credit given.

(G) **OTHER APPROVED OPTOMETRIC EDUCATIONAL PROGRAMS** sponsored by the following organizations are approved: American Optometric Association, West Virginia Optometric Association (WVOA Area Secretaries must submit minutes of each Area educational session including the length of the educational session in whole hours, topics discussed and the topic leader or leaders to the Board for approval.), American Academy of Optometry, International Optometric sponsored meetings, Regional Optometric Extension Program congresses, postgraduate courses offered at any approved College of Optometry, Southeastern Educational Congresses, Optometric Center of New York, Council on Optometric Practitioner Education [COPE]. List # Hrs.
