## **RE: ANNUAL REPORT - Yrs. 2007 & 2008**

The following is submitted as a Biennium Report for the WV Board of Physical Therapy.

1. As of December Oct. 23, 2008 the number of **Active Licensed Physical Therapists was 1078** and the number of **Active Licensed Physical Therapist Assistants was 719.**

The Total number of PT's (regardless of Status - Active, Inactive, Lapsed, etc...) was 2736; the Total number of PTA's (regardless of Status) was 1444.

The Total number of Applicants not yet Licensed was 178.

2. We have converted our DOS Licensure Database to a Windows Format. It has been up and running since October 2006. Since it is Web-based, we access it via the internet. This "off-site storage service" provides extra security and protection for our Agency's records against any catastrophe that could occur in the Board Office itself. We will be adding enhancements as needed. We also have a Web Site where public information is posted.
3. All of our Financial Information is kept and maintained by WVFIMS or West Virginia Financial Information Management System. Our central keying person is John Smolder along with members of his staff. WVFIMS is responsible for entering our information, requesting checks, performing payroll duties, and running our reports. I do not have access from this office to the mainframe computer.

CASE DISCUSSION

Case No. 2006-01 (Original Complaint received 02/01/06) (18 mos. = August 1, 2007)

This is a new case file and we are in the processing of gathering written statements from the parties involved.

The Disciplinary Committee decided that a letter would be written to the Complainant requesting copies of the patient's records, written orders and Physical Therapy Notes.

(A copy of the patient's medical records have been given by Cynthia Fox to Ralph Utzman PT for his review and opinion.)

The Disciplinary Committee Members believe that there is Probable Cause in this Case. It was requested that Kate Campbell create a Statement of Charges which will be mailed to the Respondent which will state that the Respondent violated §30-20-10 b.3. and b.7.

The Statement of Charges and the Consent Decree were given to Sally Oxley, Board Chair, for her signature and will be mailed out.

\*\*\* Upon receipt of our Statement of Charges and Consent Decree, Respondent's Attorney contacted the Board and its Attorney and requested an Informal Meeting in order to discuss the Case and also to give the Respondent an opportunity to meet with the Disciplinary Committee Members in person.

The Informal Meeting took place on Monday, February 12, 2007 beginning at 10:30 a.m. Present were Kate Campbell of the Attorney General's Office, Don Sensabaugh, Jack Spatafore, the Respondent and his Attorney, Mr. Bernard Layne, III.

Don Sensabaugh made Motion that the Board amend the Consent Decree by eliminating the provision that would Suspend the Respondent's licensure privileges, increase the CE requirement, and state that the administrative and procedural fees not exceed \$2,000.00 rather than the \$500.00 which was previously stated in the Consent Decree. John Spiker seconded this Motion. There was no dissent; and the Motion passed unanimously.

5. Disciplinary Committee Report. (Cont.)

Case No. 2006-02 (Original Complaint received 02/01/06) (18 mos. = August 1, 2007)

This is a new case file and we are in the processing of gathering written statements from the parties involved.

As soon as the Respondent's answer to the Complaint is received, it will be circulated to the Disciplinary Committee Members for review. (The Complainant in this Case is the same as in Case No. 2006-01.

Respondent's answer to the Complaint was received and circulated to the Committee Members. (This Case is cross-referenced with Case No. 2006-01. So, the receipt of the patient's records will also enable the Committee to make a decision in regards to this Case as well.)

The Disciplinary Committee Members believe that there is Probable Cause in this Case. It was requested that Kate Campbell create a Statement of Charges which will be mailed to the Respondent which will state that the Respondent violated §30-20-10 b.3. and b.7.

(A copy of the patient's medical records have been given by Cynthia Fox to Ralph Utzman PT for his review and opinion.)

The Statement of Charges and the Consent Decree were given to Sally Oxley, Board Chair, for her signature and will be mailed out.

\*\*\* The Statement of Charges were mailed out via Certified Mail and that mailing was eventually returned to the Board Office marked as "undeliverable". The letter was sent again via First Class as well as Certified. The Respondent eventually received her Certified mailing (someone else having signed for it and then forwarded it to her.) Respondent has left Friendly, WV and is now in Texas. Respondent has called into the Office and indicated a willingness to cooperate with the process and also wished to speak with our Attorney, Kate Campbell. This contact information was provided to the Respondent who indicated that they would like to provide us with some additional information concerning the Case and the Complaint.

The signed Consent Decree was received back into the Office on February 20, 2007. It was unanimously agreed that an invoice for administrative and procedural fees be created and sent to the Respondent for payment. The Respondent will also receive a notification that her license Lapsed in the State of WV effective January 1, 2007, due to non-renewal. Once payment has been received, this Case will be Closed.

5. Disciplinary Committee Report. (Cont.)

General Discussion

- A. (F. Cayton has not received any paperwork (WV-48) or Invoice for Services from Ralph Utzman PT (Ethics Investigator) as of this writing.)

Those present agreed that Mr. Utzman needed to follow through and submit an invoice for his services.

\*\*\*

F. Cayton has spoken directly with Mr. Utzman who indicated that he had thrown away all the necessary paperwork that needed completed in order for him to submit an invoice and get paid. This same paperwork was acquired once again from Charleston and was mailed out to him the week of Feb. 14<sup>th</sup>. It appears that an invoice for his services will be forthcoming.

Don Sensabaugh made Motion that the Board utilize Ralph Utzman PT as an Ethics Investigator for the Board. Lesleigh Barber seconded the Motion and it carried unanimously.

John Spiker made Motion that the Board utilize Cynthia Fox PT as an Ethics Investigator for the Board. Don Sensabaugh seconded the Motion and it carried unanimously.

6. Office Updates.

- A. Workstations and licensing system software are being upgraded.

The office is still moving towards the goal of making on-line renewals via the new Web Site for licensees a reality. In lieu of this goal, a Web-based data base was created by Matthew Thornton who also created our new Web Site: [www.wvbopt.com](http://www.wvbopt.com) On-line renewals could be a reality for licenses expiring 12/31/2007.

\*\*\*

The Web-based licensure database became "live" October 23, 2006. During renewal season this year, several changes were made to the various functions and pathways that were in place to both store and access information. Some aspects of it were found to not be as user friendly as necessary. Mr. Thornton has been very responsive to make the changes we requested. Our relationship with him as the designer will be ongoing.

6. Office Updates (Cont.)

B. New Computer Equipment

We will probably request bids on procuring some new computer work stations in the near future. Both Conda's and Vicki's equipment will need upgrading soon.

The Board Members agreed that information be obtained regarding the procurement of new workstations for the Office.

C. Microwave

We will replace the microwave at some point in the future. The one we currently utilize belongs to the Administrator and will be replaced in the event that it quits working.

7. Board Newsletter. (Previous Newsletters now appear on the Web Site)

(Articles for the next issue should be submitted by the end of April 2007)

Assigned topics for the spring/summer newsletter will be as follows:

- A. Introduction/Greeting - Sally Oxley
- B. Ten Best Ways to Lose Your License - Kathleen Barnes
- C. Statistical Information on Disciplinary Cases - Debbie Ingram

(3<sup>rd</sup> Installment - ?)
- E. Recently asked questions (approved in Minutes) - Frankie Cayton
  - Disciplinary Actions

It was also agreed that the News Letter should include any and all recent training done by the Board Members and/or Staff; and that we make mention that this hard copy News Letter may be the last or the next to the last one that is mailed out since they can be posted and downloaded from our Web Site.

**(NEW BUSINESS)**

8. Recently Asked Question (s):

- a. Does the WVBOPT allow physical therapy clinics to have stock bottles of iontophoresis solutions such as dexamethasone, which require prescription, to use in the clinic? Are you aware if the WV Board of Medicine has a position on this?

Lori Lovern, PT, OCS  
Princeton, WV

Kate Campbell of the Attorney General's Office stated that since nothing was mentioned in the Physical Therapy Statutory or Regulatory Law, that she would have to investigate the issue and get back to us with whatever information that she can discover.

9. b. Sunset Committee

Sally Oxley, Board Chair, and Lesleigh Barber are the two Board Members serving on this Committee.

**MISCELLANEOUS)**

10. (Nothing to Report at this time.)

(INFORMATION)

11. Course Work Evaluation Tool

A copy of the FSBPT 4<sup>th</sup> Version Course Work Evaluation Tool was mailed to Ralph Utzman PT of WVU and to Letha Zook PT of Wheeling Jesuit University. We are asking them to comment on what additional requirements should be listed in order to measure foreign-educated applicants with the current Masters' standard which is prevalent in accredited PT Programs in the U.S.A.

(John DeBlasis shared that Ms. Zook has taken a new position at Wheeling Jesuit and that Dr. Vargus has replaced her.)

\*\*\* It was generally discussed and decided that F. Cayton should pursue this issue and obtain the requested information.

F. Cayton did have discussions with both Dr. Vargus and Mr. Utzman regarding our previous request for information. Neither of these gentlemen had the copies of the Course Work Evaluation Tool that had been mailed to them. Copies have since been made and mailed out again in order to gain their input.

(NEXT MEETING DATE)

\*\*\* Proposed fee schedule with the addition of "administrative/processing fees".

It was agreed by the Members that the current fee schedule could be revised in order to incorporate "administrative and processing fees" due to the many variances in the recent CE submissions received by the Board Office.

5. Disciplinary Committee Report. (Conference calls take place as needed.)

\*\*\* Don Sensabaugh and Jack Spatafore are the two Board Members serving on this Committee.

CASE DISCUSSION

Case No. 2006-01 (Original Complaint received 02/01/06) (18 mos. = August 1, 2007)

This is a new case file and we are in the processing of gathering written statements from the parties involved.

The Disciplinary Committee decided that a letter would be written to the Complainant requesting copies of the patient's records, written orders and Physical Therapy Notes.

(A copy of the patient's medical records have been given by Cynthia Fox to Ralph Utzman PT for his review and opinion.)

The Disciplinary Committee Members believe that there is Probable Cause in this Case. It was requested that Kate Campbell create a Statement of Charges which will be mailed to the Respondent which will state that the Respondent violated §30-20-10 b.3. and b.7.

The Statement of Charges and the Consent Decree were given to Sally Oxley, Board Chair, for her signature and will be mailed out.

Upon receipt of our Statement of Charges and Consent Decree, Respondent's Attorney contacted the Board and its Attorney and requested an Informal Meeting in order to discuss the Case and also to give the Respondent an opportunity to meet with the Disciplinary Committee Members in person.

The Informal Meeting took place on Monday, February 12, 2007 beginning at 10:30 a.m. Present were Kate Campbell of the Attorney General's Office, Don Sensabaugh, Jack Spatafore, the Respondent and his Attorney, Mr. Bernard Layne, III.

A Consent Decree was drafted to which Mr. Layne and the Respondent requested some changes in the documented wording. Kate Campbell is working to revise the Consent Decree and will gain the approval of the Committee Members prior to mailing it out. (Revised Consent Agreement and Order mailed to Mr. Layne on April 19, 2007)

\*\*\* The Consent Agreement and Order signed by the Respondent was signed by Sally Oxley Board Chair at this Meeting. Copies were then made and circulated to the Members. An Invoice reflecting the costs involved in the dissolution of this Case will now be created and mailed to the Respondent

5. Disciplinary Committee Report. (Cont.)

Case No. 2006-02 (Original Complaint received 02/01/06) (18 mos. = August 1, 2007)

(Case is Closed)

- \*\*\* Frankie Cayton, Admin. shared that an Invoice had been created and mailed to the Respondent in this Case; and that the cost incurred by the Board was greater than the amount we are allowed to recoup due to the wording in the Consent Agreement and Order which stipulated that the fees collected would not exceed \$500.00.

General Discussion

\*\*\* A. Consent Agreements and Orders

It was discussed and unanimously decided that in the future the created Consent Agreements and Orders would mention that the fees to be collected by the Board would not exceed \$5,000.00 (this amount could increase based on the work and the actual and anticipated bills paid by the Board in the dissolution of a Case).

- \*\*\* B. Ralph Utzman PT did submit an Invoice for his services. The amount was for \$300.00 and he has been paid.

- \*\*\* C. (Information received concerning a D.O. in Chapmanville, WV utilizing two Massage Therapists in treating patients. It was noted to the Office that documentation written by the two MT's to Brickstreet listed treatment received as "physical therapy". The paperwork also made provision for future "physical therapy" treatments.)

F. Cayton Called the D.O. in question and informed him that this was inappropriate and followed up with a "Cease and Desist" Letter. A copy of the letter was sent to the Informant, and the Massage Therapy Board. The D.O. claimed that he did not know this was inappropriate and that they could not use the term "physical therapy."

6. Office Updates.

A. Workstations and licensing system software are being upgraded.

The office is still moving towards the goal of making on-line renewals via the new Web Site for licensees a reality. In lieu of this goal, a Web-based data base was created by Matthew Thornton who also created our new Web Site: [www.wvbopt.com](http://www.wvbopt.com) On-line renewals could be a reality for licenses expiring 12/31/2008.

B. New Computer Equipment

By the time we have this meeting, we should have purchased 1 new workstation. The information pertaining to the equipment was previously circulated to the Members with a proxy vote being taken and returned. The general consensus opinion of the Members was that the 3 workstations needed to be bought. (The other 2 PC's will be purchased in a manner so as not to violate State Purchasing Policies related to the VISA Card. My transaction limit is \$2500 and the 3 workstations came to \$2940; so they will be bought in increments.)

We will buy 3 new LCD flat panel monitors with built in speakers sometime after July 1, 2007, in order that the expense will be reflected in the next Fiscal Year's Budget.

C. Performance appraisals.

Performance appraisals on the 3 staff people will be done by Sally Oxley, Jack Spatafore, and Melanie Taylor. Information concerning current salary amounts was previously circulated to them. The Committee shared with the Board that they had agreed to grant the following merit increases to the three Office Staff.

\*\*\*

- A. Frankie Cayton - 3% increase
  - B. Conda Mace - 2% increase
  - C. Vicki Maxwell - 2% increase
- (Effective August 1, 2007)

7. Board Newsletter. (Previous Newsletters now appear on the Web Site)

- D. Recently asked questions (approved in Minutes) - Frankie Cayton (next issue)  
Disciplinary Actions (Case No. 2006-01)  
Address Change Reminder  
Continuing Education Requirement Reminder (Mention rationale for new fees)

It was also agreed that the News Letter should include any and all recent training done by the Board Members and/or Staff; and that we make mention that this hard copy News Letter may be the last or the next to the last one that is mailed out since they can be posted and downloaded from our Web Site.

\*\*\*

The current copy of the Spring/Summer 2007 Board News Letter was distributed to the Members. This copy has been uploaded to our Web Site and can be downloaded from there.

8. Recently Asked Question (s):

- A. Does the WVBOPT allow physical therapy clinics to have stock bottles of iontophoresis solutions such as dexamethasone, which require prescription, to use in the clinic? Are you aware if the WV Board of Medicine has a position on this?

Lori Lovern, PT, OCS  
Princeton, WV

\*\*\* It was generally decided that Kate Campbell would continue to pursue this question with the Pharmacy Board and report back to the Board.

- B. Is it within the scope of practice for a PT to request or read MRI/CT/x-ray reports on patients that the PT is treating? Are PT's allowed to answer questions pertaining to these reports and/or any other questions pertaining to information documented in a patient's chart?

Michael Kessler PT  
Holzer Clinic, So, Charleston

\*\*\* The Members of the Board agreed that "yes" PT's can read a patient's chart and discuss and/or explain the findings in the chart as long as the PT's explanation is within the scope of his/her education, training and experience. A PT could request or read MRI/CT/X-ray reports within the scope of his/her education, training and experience; however, a PT cannot interpret the Doctor's findings outside his/her scope of practice.

9. Sunset Committee (Sunset = year 2011)

Sally Oxley, Board Chair, and Lesleigh Barber are the two Board Members serving on this Committee.

\*\*\* Sally Oxley shared that there is a Sunset Committee also made up of WV PT Association Members that they would probably meet with at some point in the future.

(NEW BUSINESS - CONT.)

10. Election of Vice Chair and Chair Elect.  
(Review Job Description for these positions.)  
(Positions will become effective following this Meeting.)

\*\*\* The Members present discussed the role of the two positions and asked for anyone who was interested in serving to make it known.

Lesleigh Barber said that she would be interested in the position of Chair Elect.  
Melanie Taylor said that she would be willing to serve as Vice Chair.

As there was no one else who expressed interest in either of the positions at this time, the Members present unanimously agreed that the two positions be filled by those who had indicated a willingness to serve.

(MISCELLANEOUS)

- \*\*\* 11. Discuss possible other ways to add on some "administrative/processing fees" to our existing fee schedule.

The Members discussed and unanimously agreed that the Office Staff should charge any and all such additional fees as necessary to offset the cost of mailings, faxes, and copying charges, etc....

(INFORMATION)

12. Course Work Evaluation Tool (4<sup>th</sup> Version FSBPT)

\*\*\* Ralph Utzman PT DPT did review the 4<sup>th</sup> Version FSBPT Course Work Evaluation Tool and documented his findings to us. His information was previously circulated to the Board Members for their review.

It is Mr. Utzman's opinion that the 4<sup>th</sup> version Tool still measures the foreign-educated applicant's education against the B.S. Degree Standard. We then requested that he inform us at to what Courses and/or additional hours were needed to bring the Tool up to an Entry-Level Masters Standard.

(INFORMATION - CONT.)

12. Course Work Evaluation Tool (4<sup>th</sup> Version FSBPT) - Cont.

He says that it is impossible to determine additional specific Courses that should be required since "CAPTE" accreditation criteria are designed to allow programs to use different Curricular models and teaching methods.

He does indicate in his email that the 4<sup>th</sup> Version Tool requires minimum of 54 semester credit hours in General Education; whereas a Masters program would require 60. In Professional Education, the 4<sup>th</sup> Version Tool requires a minimum of 69 hours; whereas a Masters Program would require 122 hours.

13. Federation of State Boards of Physical Therapy (FSBPT) Annual Meeting  
( Sept. 6 - 10 2007 in Memphis, TN)

\*\*\* The deadline for credentialing the Delegate, Alternate Delegate and Administrator to this Meeting was April 30, 2007. Being as there was no interest received from other Members, Sally Oxley was credentialed as the Delegate and Frankie Cayton was credentialed as both the Administrator as well as the Alternate Delegate.

MEETING CALLED TO ORDER BY: Lesleigh B. Sprouse    MINUTES TAKEN BY: Frankie Cayton

**Purpose of Conference Call:**

The Governor's Office chose not to re-appoint Sally Oxley to the Board of Physical Therapy. They also chose not to grant an extension of time to her in order that she could fulfill her commitment and attend the Annual Federation of State Boards of Physical Therapy Meeting to be held in Memphis, TN, Sept. 6 - 10, 2007.

Therefore, since Ms. Oxley was replaced on the Board by Shannon Snodgrass, effective August 8, 2007, Ms. Oxley cannot be funded by the Federation to attend the Annual Federation Meeting. The purpose of this Call is to see if any of the Board Members are interested in attending and taking Ms. Oxley's place.

1. In lieu of the above, Lesleigh Sprouse, Board Chair asked the Members if there was anyone interested in attending the Federation Meeting.

The only person to respond was Melanie Taylor who expressed interest in going.

RE: CONFERENCE CALL

Kate Campbell of the Attorney General's Office has recommended that I set up a conference call for Wednesday, August 15, 2007 at NOON. The purpose for the call is to satisfy the requirement for having an "Open Meeting" according to the "Open Meetings Act". The date and time will be registered with the Secretary of State's Office as an "Emergency Meeting of the Board". The issues to be discussed are as follows:

1. That Sally Oxley PT has been replaced on the Board by Shannon Snodgrass PT effective August 8, 2007; and

2. Since Sally is no longer on the Board, she cannot be funded by the Federation to attend the Annual Federation Meeting to be held Sept. 6 - 10 in Memphis, TN. I was unsuccessful in my several attempts to have the Governor's Office grant her an extension of time until Sept. 15<sup>th</sup>. As a result of her being replaced, the Federation is going to allow us to vote and select a person to take her place even though it is 3 months past their deadline date for credentialing attendees. The Federation is currently out the money that they have already paid for her non-refundable, non-transferable airfare. In lieu of that we will be selecting one person to take Sally's place.

The positions to be considered and voted on by the Board:

Voting Delegate \_\_\_\_\_  
Alternate Delegate \_\_\_\_\_

I am being funded to go as the "Administrator" and I will also hold one of the positions named above. We will then select a second person to fill the remaining position.

I have made it possible for you to dial in to the call. Please reference the information below in order to make your connection:

Your dial-in number is: **1-888-422-7124** **\*(PLEASE NOTE DIAL-IN NUMBER)\***  
Host code is : **928779** (Frankie)  
Participant's code is : **125744** (for Board Members & Kate Campbell)  
Specialist's code is : **#0 0** (anytime during the call that assistance is needed)

(File Folder #829209334)

When you dial in, you will be asked for your "Code Number". Once you provide the number, you will automatically be connected. We need at least four Board Members to dial in to have a quorum for a legal Meeting. As of this writing, I believe we will meet that requirement.

I do not anticipate that this call will take more than 20 minutes of your time - - if that.

#### **DEFINITIONS OF DELEGATE & ALTERNATE DELEGATE**

To be a Delegate, you need to be a current Board Member or current Board Administrator at the time of the Delegate Assembly and you must be elected by the Board.

Per the Bylaws, "**Delegate**" means the Member of, or Administrator to, a Member Board elected by the Member Board to be its representative to meetings of the Delegate Assembly."

Also per the Bylaws, "**Alternate Delegate**" means the Member of, or Administrator to, a Member Board elected by the Member Board to be its representative to meetings of the Delegate Assembly in the event that the Member Board's Delegate cannot or does not attend the meeting."

MEETING CALLED TO ORDER BY: Lesleigh B. Sprouse MINUTES TAKEN BY: Frankie Cayton

**(OLD BUSINESS)**

1. Minutes of the previous Board Meeting.

The Minutes of the previous meeting held May 16, 2007 were reviewed and Motion for approval was made by Don Sensabaugh and seconded by Melanie Taylor. Being as there was No Dissent, the Motion passed unanimously.

The Minutes of the conference call held Aug. 15, 2007 were reviewed and Motion for approval was made by Don Sensabaugh and seconded by John Spiker. Being as there was No Dissent, the Motion passed unanimously.

2. Financial Report - Quarter ending June 30, 2007.

(The Financial Report includes expenditures made with the Purchasing Card.)

The Financial Report was reviewed and Motion for approval was made by Melanie Taylor and seconded by Shannon Snodgrass. Being as there was No Dissent, the Motion passed unanimously..

3. Legislative Updates and Reports.)

It was reported at the last meeting that the Athletic Trainers (AT) were still interested in pursuing introducing a Bill that would create a Board of Athletic Trainers in the State of West Virginia. Those present felt that this was something that we needed to stay abreast of in order to keep the Board Members informed.

John Spiker gave a general update regarding the Bill that may be submitted during the upcoming Legislative Session. He also shared that he felt that it had a better chance of passing; and the contents did not seem to be competitive to the Physical Therapy Board. Some general conversation ensued regarding the make up of the Board and that it would be autonomous. It was generally discussed and agreed that our Board should keep up on the status of the Bill.

3. Legislative Updates and Reports. (Cont.)

(There was nothing further to report at this time.)

B. Rules and Regulatory Law.

Sunset Review is slated to take place in 2011.

Lesleigh Sprouse shared with the Members that since Sally Oxley was no longer serving on the Board that it would be necessary to seek a volunteer from among the Members to replace her.

Melanie Taylor volunteered to be involved on this Committee. Shannon Snodgrass said that it might be beneficial to involve the Task Force Committee of the Association to one or more Board Meetings in order that the two organizations could gain input from each other.

It was generally discussed and agreed that the Sunset Committee of the Board should strive to work closely with the WV Chapter Association Committee.

4. Continuing Education Updates.

John Spiker and Lesleigh Barber have been the two Board Members serving on this Committee. Due to Lesleigh assuming the Board Chair position, we need to select another volunteer to serve on this Committee.

In the event of a "tie" where one votes to "approve" and one votes "not to approve", the material is then copied and sent to the Board Chair for review.

Lesleigh Sprouse asked if there were any of the Members who would be interested in volunteering to be on this Committee.

Jack Spatafore volunteered to be involved on this Committee.

General discussion ensued regarding Licensees who were involved in taking pre-requisite classes towards their PT schooling. It was unanimously decided that pre-requisite classes would not count towards required continuing education requirements. The Members further agreed that if the question arose in regards to schooling counting towards continuing education credit that they should not be given an "up front" answer; but instead they should be encouraged to get additional continuing education credit hours. It was also decided that we could require the inquiring party to submit their syllabus for review by the Committee.

4. Continuing Education Updates (Cont.)

Proposed fee schedule with the addition of "administrative/processing fees".

New Fee Schedule was previously circulated and is also attached with this mailing.

There was general discussion regarding the proposed fees which included extra charges for administrative or processing services.

Based on the recommendation of Don Sensabaugh and Kate Campbell, the Members agreed that it would be best to increase not only our continuing education review fees; but also to increase many of our other fees that had remained the same since June 2000. The rationale for this is based on the fact that we have added full time permanent staff, rented a larger building, and that we are now incurring some operating expense that we have not had to pay in the past. These additional expenses would include, but not be limited to: gas and electric bills, toiletry and cleaning supplies, and light bulbs, etc... The Board Office has recently had to purchase three computer workstations with monitors; and has had to pay for IT services and internet database creation and hosting. Kate Campbell thought it might be best to proceed with filing an Emergency Rule and suggested that Frankie Cayton contact Judy Cooper of the Secretary of State's Office.

5. Disciplinary Committee Report. (Conference calls take place as needed.)

\*\*\* Don Sensabaugh and Jack Spatafore are the two Board Members serving on this Committee.

**CASE DISCUSSION**

**Case No. 2006-01** (Original Complaint received 02/01/06) (18 mos. = August 1, 2007)

The Informal Meeting took place on Monday, February 12, 2007 beginning at 10:30 a.m. Present were Kate Campbell of the Attorney General's Office, Don Sensabaugh, Jack Spatafore, the Respondent and his Attorney, Mr. Bernard Layne, III.

A Consent Decree was drafted to which Mr. Layne and the Respondent requested some

Case No. 2006-01 (Cont.)

changes in the documented wording. Kate Campbell worked to revise the Consent Decree and was approved by the Committee Members prior to it being mailed out.

(Revised Consent Agreement and Order mailed to Mr. Layne on April 19, 2007)

The Consent Agreement and Order signed by the Respondent was signed by Sally Oxley Board Chair at this Meeting. Copies were then made and circulated to the Members. An Invoice reflecting the costs involved in the dissolution of this Case was created and mailed to the Respondent

\*\*\* Respondent has until the end of December 2007 to fulfill his payment obligation to the Board. In lieu of this, Respondent is making increment payments. Respondent is also taking the required additional Continuing Education Courses as stipulated by the Consent Decree.

Case No. 2006-02 (Original Complaint received 02/01/06) (18 mos. = August 1, 2007)

(Case is Closed)

Frankie Cayton, Admin. shared that an Invoice had been created and mailed to the Respondent in this Case; and that the cost incurred by the Board was greater than the amount we are allowed to recoup due to the wording in the Consent Agreement and Order which stipulated that the fees collected would not exceed \$500.00.

\*\*\* The Invoice was created and mailed to Respondent. Upon receipt of the Invoice, the Board was sent a copy of a Notice of Bankruptcy filed by the Respondent and Respondent's spouse. This information was then forwarded to Kate Campbell of the A.G.'s Office. Ms. Campbell has made some inquiries regarding the Bankruptcy proceedings and is convinced that it would not be feasible or advisable to attempt to collect any of the money owed the Board.

Kate Campbell explained to the Members the rationale of not pursuing the payment of our Invoice in light of the fact that there was no money to be had. She also shared that she nor no one working in the Attorney General's Office has a license to practice in the State of Texas which is where the Bankruptcy has been filed.

5. Disciplinary Committee Report. (Cont.)

Case No. 2007-01 (Original Complaint received 05/16/2007) (18 mos. = Nov. 17, 2008)

\*\*\* Complaint has been circulated to the Disciplinary Committee Members and to the Respondent. Respondent replied to the allegations in a letter dated May 29, 2007 which was forwarded to the Disciplinary Committee Members on June 1, 2007.

Don Sensabaugh said that he and Jack Spatafore would be meeting soon to discuss how to proceed with this Case. Don believes that it may be necessary to hire an investigator.

General Discussion

\*\*\* A. Consent Agreements and Orders

It was discussed and unanimously decided that in the future the created Consent Agreements and Orders would mention that the fees to be collected by the Board would not exceed \$5,000.00 (this amount could increase based on the amount of work and the actual and anticipated bills paid by the Board in the dissolution of a Case).

6. Office Updates.

A. Workstations and licensing system software are being upgraded.

The office is still moving towards the goal of making on-line renewals via the new Web Site for licensees a reality. In lieu of this goal, a Web-based data base was created by Matthew Thornton who also created our new Web Site: [www.wvbopt.com](http://www.wvbopt.com) On-line renewals could be a reality for licenses expiring 12/31/2008.

Frankie Cayton shared with the Members that the goal is still to be able to go to online Renewals in the near future. She further shared that the program had been written and that it did not meet with her approval as it was too complex and needed to be simplified with more options regarding what the Licensee might be paying for.

It was generally discussed by the Members as to whether or not the online renewal process would eliminate the need for hard copy renewals. It was decided that the online format should not be made mandatory; but that it be offered as an alternative way of renewing and paying for services via credit card.

6. Office Updates. (Cont.)

B. New Computer Equipment

The Office has purchased and had installed 3 new workstations. The equipment purchased was on State-wide contract and from an approved WV State registered Vendor. Three new monitors were purchased at Circuit City as allowed by the Purchasing Division.

Daniel Szczerba who works for the North Central Federal Court District is our IT person who we contract with to help us with computer issues. He was involved in unhooking the old equipment and installing the new complete with all necessary software and back up features. His bill for time spent here was just received and has not been processed as of yet. It is for \$3510.00.

C. Performance appraisals.

Performance appraisals on the 3 staff people were done by Sally Oxley, Jack Spatafore, and Melanie Taylor. Information concerning current salary amounts was previously circulated to them. The Committee shared with the Board that they had agreed to grant the following merit increases to the three Office Staff.

- A. Frankie Cayton - 3% increase
- B. Conda Mace - 2% increase (Effective August 1, 2007)
- C. Vicki Maxwell - 2% increase

\*\*\* The Governor's Office is holding up all salary increases; so as of this writing, these have not gone into effect.

There was general discussion in regards to the contact made to the Office by Joe Smith of the Governor's Office. He made mention of a memo dated April 2005 that was addressed to "Cabinet Secretaries" which contained a directive from the Governor to restrict merit increases. Discretionary increases would still be allowed. Raises requested by other Boards and even the Attorney General's Office had been held up. Kate Campbell shared that the raises requested for the Attorney General's Office had gone through.

(NEW BUSINESS)

8. Recently Asked Question (s):

- A. Does the WVBOPT allow physical therapy clinics to have stock bottles of iontophoresis solutions such as dexamethasone, which require prescription, to use in the clinic? Are you aware if the WV Board of Medicine has a position on this?

Lori Lovern, PT, OCS  
Princeton, WV

\*\*\* It was generally decided that Kate Campbell would continue to pursue this question with the Pharmacy Board and report back to the Board.

Kate Campbell shared that she had made several attempts to contact Dave Potters who is Counsel for the Pharmacy Board; and to this date she had not heard back from him. She indicated that she would continue to attempt to contact him in order to get an answer to the question posed above.

- B. I have a patient I am seeing whose fiancé' told me they had a lawsuit against the hospital for a fall while she was there. Last Thursday, while asking the patient to stand on her own, I had to ask the fiancé;' to step back and allow her to demonstrate the ability to do this on her own. He let go of her and said, "ok, but if she falls, just remember, we are suing." I noted that in the chart and told my immediate supervisor. The other PTs here do not want to assume her care. I do not want to treat someone who has threatened to sue me/Holzer Clinic. My branch manager thinks I still have to see her because we might be sued for abandoning the patient. Can I legally and rightly refuse to see a patient like this?

Mike Kessler PT, MOMT

\*\*\* Don Sensabaugh and Kate Campbell agreed that to refuse to treat the patient might constitute abandonment and could possibly be a violation of §30-20-10. (3) "Been, in the judgment of the board, guilty of immoral or unprofessional conduct",...

They both agreed that it would be best for the PT to seek out advice from the hospital Counsel or to gain information from contacting a lawyer personally, himself.

(NEW BUSINESS - CONT.)

8. Recently Asked Question (s): (Cont.)

C. This question was posed to Jack Spatafore by Gregory Hayes; copies of which were circulated to the Members.

1. It is my understanding that should a PTA have a day off, the covering PTA must first have a co-visit with the supervising therapist before seeing the patients. Is this true? If so, I have some issues that affect patient care.

(a) First of all, if a PTA has an emergency on a Fri....and the therapist cannot be there till Monday, the patients would miss a treatment despite the fact that a covering PTA could be there on that Friday or Saturday.

(b) This also presents issues with medicare compliance and covering Dr.'s orders for treatment five days/week.

(c) It is my feeling and belief that any licensed PTA can carry out treatment for a day in coverage for another. That is why our profession is so good about documentation; so that treatments can be repeated.

2. Can a PT supervise a PTA in a skilled nursing facility even though they may be directly supervising 2 other PTA's in an outpatient setting? The Law states only 2 PTA's can be supervised. Most PT's work in outpatient settings, and most are not willing to moonlight. This can also present problems with patient care if a PT cannot be found that can fall into these guidelines. With the guidelines for nursing home supervision and outpatient therapy being different, my feeling is that this guideline needs to adapt to be more in line with the requirement with the difference between settings.

Gregory Hayes

\*\*\*

These questions were generally discussed by the Members in regards to what the wording in the Regulatory Law states in regards to "direct" and "indirect supervision" of PTA's and the work settings that could be involved. According to Law, §16-1-9.3. a.-h., describes and defines the work ratio between the PT and PTA as the PT being limited to supervising only two support personnel at any one time. The only time a third PTA could be utilized would be if that PTA was not directly involved in patient care. Any time the supervising PT or the PTA changes, then a joint on-site visit must be made on the PTA's first visit to the patient.

9. Sunset Committee (Sunset = year 2011)

Lesleigh Sprouse and Sally Oxley were the two Board Members serving on this Committee.

\*\*\* As documented previously, Sally Oxley is no longer on the Board and has been replaced on this Committee by Melanie Taylor

(Sally has mentioned that she has been asked if she would be willing to serve on the Legislative Committee for the WV PT Association.)

(MISCELLANEOUS)

\*\*\* 11. (Nothing to Report at this Time.)

(INFORMATION)

12. Federation of State Boards of Physical Therapy (FSBPT) Annual Meeting  
( Sept. 6 - 10 2007 in Memphis, TN)

\*\*\* The deadline for credentialing the Delegate, Alternate Delegate and Administrator to this Meeting was April 30, 2007. Being as there was no interest received from other Members, Sally Oxley was credentialed as the Delegate and Frankie Cayton was credentialed as both the Administrator as well as the Alternate Delegate.

As a result of Sally Oxley being replaced on the Board effective August 8, 2007, an Emergency Meeting of the Board was convened via conference call on August 15, 2007, at Noon. The official notice of the Meeting was registered with the Secretary of State's Office. The purpose of the call was to select another person to attend the FSBPT Meeting and to also decide who would represent us as Voting and Alternate Delegate.

There are Minutes that have been created documenting that Melanie Taylor expressed a willingness to go. The outcome of the Meeting will show that Melanie Taylor will represent us as Voting Delegate; while Frankie Cayton will attend as both Administrator and Alternate Delegate.

(INFORMATION - CONT.)

13. Jurisdictional Board Member Training sponsored by the Federation of State Boards of Physical Therapy.

Melanie Taylor attended this training July 20, 21, and 22, 2007. She shared that she found the training to be informative and worthwhile for anyone who would be inclined to gain more knowledge in regards to their position as a Board Member. With that being said, she had the following questions she posed to the Members:

(Q) Does our Board accept a surrender of a License; and if we do, does the Disciplinary Action automatically stop?

(A) Don Sensabaugh and Kate Campbell responded saying that it would depend on the circumstances surrounding the surrender; and "no" the Disciplinary Action would not cease.

(Q) Does our Board require an applicant for Licensure to have a Social Security Number?

(A) The answer supplied by Frankie Cayton was that "yes" we do require an applicant to have a Social Security Number since this is not only necessary for employment; but also for reporting to the National Data Bank should an infraction of the Law occur and Disciplinary Action be taken.

(Q) Can we charge unlicensed people who are practicing illegally?

(A) Kate Campbell answered "no", we have no jurisdiction over unlicensed people.

(NEXT MEETING DATE)

14. The next meeting date of the Board will be: November 28, 2007.

(EXECUTIVE SESSION)

At 1:00 p.m. Melanie Taylor made Motion to go into Executive Session in order to discuss some Personnel Issues. Don Sensabaugh seconded the Motion and Melanie Taylor asked Frankie Cayton and Kate Campbell to leave the room. Kate Campbell was soon invited back in to the Conference Room.

(PUBLIC SESSION RECONVENED)

At 3:35 Lesleigh Sprouse convened the Public Session of the Board (It is noted that Shannon Snodgrass abstained from the voting.)

15. Lesleigh Sprouse shared that it was the decision of the Board to require Frankie Cayton, Administrator to:

A. Write a letter to Mr. Scott Cosco in the Governor's Office which would state that information shared by her in email communications to him regarding Shannon Snodgrass was not backed by fact. Ms. Cayton is to also state that information written to him was not based on the current Board Member's position.

When the letter is constructed, a draft copy is to be circulated to all Members for review prior to mailing.

It was also decided that no communication should take place that would involve Official or Unofficial complaints; and that in the future, Ms. Cayton should not receive direction from any one Board Member in regards to same.

B. Ms. Cayton was directed to get the WV-11 back from the Budget or Governor's Office; and was also informed that the merit increase recently granted would now be retracted.

C. It was further mentioned that Ms. Cayton would be on a one year probation and would receive a Written Reprimand..

Don Sensabaugh made Motion that all of the above conditions be met by Ms. Cayton; Lesleigh Sprouse seconded the Motion. Being as there was No Dissent the Motion passed.

(ADJOURNMENT)

15. There being no further business to discuss, the meeting adjourned at 3:42 p.m.

**Points of Discussion:**

NON-MEMBERS PRESENT: Kate Campbell, Attorney General's Office, Robert Cable ATC, and Joseph Blauser ATC

MEETING CALLED TO ORDER BY: Melanie Taylor at 9:30 a.m.; Lesleigh Sprouse, Bd. Chair arrived at approximately 10:00 a.m. and began to Chair the Meeting  
MINUTES TAKEN BY: Frankie Cayton

**(GUEST SPEAKER)**

\*\*\*Robert (Bob) Cable ATC requested to speak to the PT Board Members at this Meeting and will be presenting his position and/or information regarding the formation of an Athletic Trainers Board.

Bob Cable addressed the Members of the Board regarding the organization's second attempt at Sunrise. Information requested of the organization had been submitted to the Joint Committee on Government Organization and was subsequently reviewed by the Performance Evaluation and Research Division (PERD) of the WV Legislative Auditors Office.

Copies of the proposed Legislation and Summary of PERD's Findings were circulated to the Members.

Mr. Cable shared with the group that it was the decision of PERD that a Board of Athletic Trainers could not afford stand alone due to revenue constraints that exist in the Sunrise and set up of a Board. Therefore, it was PERD's recommendation that the ATC Organization approach other established Boards in regards to the feasibility of joining together with them. Mr. Cable expressed that their first choice would be to approach the PT Board and discuss the situation with us.

Mr. Cable shared such information as:

1. That 46 other States have Licensure for AT's
2. That the WV State Chapter Association for AT's was established in 1985
3. That the dues paid into the National AT Organization also takes care of their WV State Dues
4. That Un-Licensed AT's could end up coming to WV if other States require Licensure
5. That School Boards can utilize anyone other than an ATC
6. That it only takes 2 - 3 hr. classes to become a State Certified Trainer; whereas, an ATC has at least 6 years of schooling/training
7. Currently, WV State Law requires that an AT be at all varsity football games; but due to lack of funding in the school systems, there is a lack of Nationally Certified AT's that are being utilized in the school setting
8. It is currently estimated that 252 Nationally Certified AT's are located in WV
9. The Lobbyist for the Athletic Trainers' Association is Chris Marr

(GUEST SPEAKER - Cont.)

10. Mr. Cable's proposal to this Board and these Members was that if a combined Board could be considered, that the AT Association's recommendation would be to add 2 AT's to this Board

Mr. Cable spoke and answered various questions from the Members for about an hour after which time he and Mr. Blausler left the Meeting.

- \*\*\* The Members discussed the various points that Mr. Cable and brought up and felt that some research should be done in order to formulate a final decision. It was agreed that this topic would be on the Agenda for the Board's next Meeting in February 2008.

(OLD BUSINESS)

1. Minutes of the previous Board Meeting.

- \*\*\* The Minutes of the previous meeting held August 29, 2007 were reviewed and Motion for approval was made by Don Sensabaugh and seconded by Melanie Taylor.

Notation was taken in regards to correctious that need to be made to the Minutes. So the Motion Made and Agreed upon was that the Minutes would be accepted as corrected.

- \*\*\* The Minutes of the conference call held Sept/ 14, 2007 were reviewed and Motion for approval was made by Lesleigh Sprouse and seconded by Don Sensabaugh.

Notation was taken in regards to corrections that need to be made to the Minutes. So the Motion Made and Agreed upon was that the Minutes would be accepted as corrected.

- \*\*\* The Minutes of the meeting held Oct. 22, 2007 were reviewed and Motion for approval was made by Shannon Snodgrass and seconded by Jack Spatafore.

(Executive Session documented on Page 17 was gone into at this time since Don Sensabaugh would soon have to leave the Meeting.

2. Financial Report - Quarter ending September 30, 2007.  
(The Financial Report includes expenditures made with the Purchasing Card.)  
(Financial Reports kept by WV Financial Information Systems (WVFIMS) are the reports that I was told to utilize at the Sept. 26<sup>th</sup>, 2007 Licensing Board Meeting.)

- \*\*\* The Financial Report was reviewed and Motion for approval was made by Melanie Taylor and seconded by Lesleigh Sprouse.

3. Legislative Updates and Reports.)

- \*\*\* A. Michael Midkiff, Research Mgr. for WV Legislature Performance Evaluation and Research Division (PERD) had contacted the Board in regards to needing a copy of our most recent Annual Report along with other pertinent office and staffing information in order to help make a determination about the Sunrise of an Athletic Trainers Board in the State of WV.

Lesleigh B. Sprouse responded to his request via letter and the Office also sent them a copy of our most recent Annual Report. (2005 & 2006). (Her response letter to him is included for your review.)

- \*\*\* It was unanimously agreed that this topic should remain on the Agenda for the next Board Meeting. Don Sensabaugh proposed that a sub-committee do some research in regards to other surrounding States who have included the Licensure of Athletic Trainers in with the Physical Therapy Board.

As a result of this suggestion, Shannon Snodgrass volunteered to contact the Kentucky Board and/or get copies of their Statutory and Regulatory Law. John Spiker said that he would do likewise with the State of Ohio and Pennsylvania; while Melanie Taylor said that she would be willing to do the same with Virginia. Information gathered would then be circulated and/or shared at the next Board Meeting.

Lesleigh Sprouse said that it might be a good idea to invite Nancy Tonkin, Exec. Director of the WV State PT Association along with Eric Shaw PT, President of the Association, to our next Board Meeting. Lesleigh felt that the PT Board needed to be involved in helping to compose the Athletic Trainer Bill in order to modify the wording of some of their definitions.

It was unanimously agreed that a letter should be drafted and sent to Mr. Cable signed off on by Lesleigh Sprouse as Board Chair, informing him that this Board is not ready to make a decision or give him an answer this year; but perhaps next Legislative Session after his proposal had been considered at length and additional research done by this Board.

B. Rules and Regulatory Law. (Committee Members, Lesleigh Sprouse and Melanie Taylor)

- \*\*\* Sunset Review is slated to take place in 2011.

4. Continuing Education Updates.

\*\*\* John Spiker and Jack Spadafore are the two Members serving on this Committee  
In the event of a "tie" where one votes to "approve" and one votes "not to approve", the material is then copied and sent to the Board Chair for review.

\*\*\* (Question: Did the Board decide at the last meeting to not waive CE annual requirement for Licensees who were enrolled in schooling to further their PT Degree.....i.e. PT's gaining Masters, or DPT, or PhD Degrees; PTA's enrolled for pre-requisite classes for PT School or PT School itself)

The unanimous decision of the Members was that:

- A. Pre-requisites would not count towards required annual CE
- B. Course work taken at an accredited PT Program would count  
(A copy of the Syllabus would be required)
- C. A Transitional or Bridge Program would also count towards required annual CE  
(A copy of verifying documentation would be required)

\*\*\* (Note from Administrator: Need to increase CE fees. Need to increase many of our fees since our expenses have increased; but our last fee increase took place in June 1, 2000.)  
(Conda Mace and Vicki Maxwell, Office Staff have information they can share regarding the processing of Continuing Education submissions and subsequent documentation if needed.)

Information regarding the time spent in processing continuing education requests was prepared by Conda Mace and was given to the Members by the Admin. at this Meeting. Also distributed was a Financial breakdown of Expenditures and Revenues over the course of the past 7 years (this documentation was created by WVFIMS at the Administrator's request)

Also circulated was information regarding salaries or per diem amounts received by each of the Staff personnel, the Board Members and Kate Campbell, Assistant Attorney General.

The Members decided to table this for the next Meeting during which time the two staff people responsible for processing CE requests and accompanying documentation may be asked to present.

Shannon Snodgrass asked if the Staff had Job Descriptions and if we did, she would like to see copies of them. I asked Lesleigh Sprouse if this was something that she and the Members would be in agreement with; and she answered in the affirmative.

5. Disciplinary Committee Report. (Conference calls take place as needed.)

\*\*\* Don Sensabaugh and Jack Spatafore are the two Board Members serving on this Committee.

CASE DISCUSSION

Case No. 2006-01 (Original Complaint received 02/01/06) (18 mos. = August 1, 2007)

The Informal Meeting took place on Monday, February 12, 2007 beginning at 10:30 a.m. Present were Kate Campbell of the Attorney General's Office, Don Sensabaugh, Jack Spatafore, the Respondent and his Attorney, Mr. Bernard Layne, III.

A Consent Decree was drafted to which Mr. Layne and the Respondent requested some changes in the documented wording. Kate Campbell worked to revise the Consent Decree and was approved by the Committee Members prior to it being mailed out.

(Revised Consent Agreement and Order mailed to Mr. Layne on April 19, 2007)

The Consent Agreement and Order signed by the Respondent was signed by Sally Oxley Board Chair at this Meeting. Copies were then made and circulated to the Members. An Invoice reflecting the costs involved in the dissolution of this Case was created and mailed to the Respondent

\*\*\* Respondent has until the end of December 2007 to fulfill his payment obligation to the Board. In lieu of this, Respondent is making increment payments. Respondent is also taking the required additional Continuing Education Courses as stipulated by the Consent Decree. (Balance owed as of this writing is \$600.00 - - will be paid in full in December 2007.). (Mr. Betkoski has completed all CE as required by the Consent Agreement - Certificates are in the Case File.)

Administrator asked if a letter should be done acknowledging that Respondent had completed all the requirements as stipulated in the Consent Agreement. Kate Campbell, Assistant Attorney General said that a letter could be created for Lesleigh Sprouse as Board Chair to sign off on.

Case No. 2006-02 (Original Complaint received 02/01/06) (18 mos. = August 1, 2007)

(Case is Closed)

5. Disciplinary Committee Report. (Cont.)

Case No. 2007-01 (Original Complaint received 05/16/2007) (18 mos. = Nov. 17, 2008)

\*\*\* Complaint has been circulated to the Disciplinary Committee Members and to the Respondent. Respondent replied to the allegations in a letter dated May 29, 2007 which was forwarded to the Disciplinary Committee Members on June 1, 2007.

(Don Sensabaugh said the Committee believed that an investigator needed to be hired.)

\*\*\* Don Sensabaugh said that Ralph Utzman PT, or Cynthia Fox PT should be utilized in regards to investigating the allegations as set forth in the Complaint and that one of them should be contacted to see if they were willing to do that for the fee previously established by the Board.

Case No. 2007-02 - ( Original Complaint Received 11/26/2007) (18 mos. = May 27, 2009)

\*\*\* This is a new Complaint recently circulated to the Disciplinary Committee.

General Discussion

\*\*\* A. Information compiled by Kate Campbell regarding "New Rules of Procedure for Administrative Appeal, WV Ethics Commission Opinion on Quorum Issue, and Closure Orders".

Kate Campbell of the Attorney General's Office shared that effective from now on, any Disciplinary Case that results in a Decision where there is "No Probable Cause" needs to have a Closure Order. The Office does not have to go back in time and create this paperwork on former Cases; but instead will do so for any Case occurring in the future.

\*\*\* B. (There was no additional discussion)

\*\*\* C. (There was no additional discussion)

6. Office Updates.

A. Workstations and licensing system software are being upgraded.

The office is still moving towards the goal of making on-line renewals via the new Web Site for licensees a reality. In lieu of this goal, a Web-based data base was created by Matthew Thornton who also created our new Web Site: [www.wvbopt.com](http://www.wvbopt.com) On-line renewals could be a reality for licenses expiring 12/31/2009.

B. New Computer Equipment

Surplus Property has been contacted and will be picking up our old computer equipment..

C. Discussion about Meeting locations.

(Note from Administrator: If other Meeting locations are chosen, a "Request For Temporary Space" (WV-15) would have to be completed in a timely manner and approved by the Leasing Dept. and the Secretary of the Dept. Of Administration.. On that form, "I would have to "certify" that to the best of my knowledge, suitable rent-free space is not available on the date(s) and for the purpose stated". Justification would have to include why we cannot utilize the dedicated Conference Room at the Board Office. Having a dedicated Conference/Hearing Room was one of the justifications for moving into this space.)

\*\*\*

The Members agreed that they were not in favor of renting space for Board Meetings; and would only change locations if something could be utilized free of charge. The Members also acknowledged the point made about this current space being approved for Office Space due to the square footage that could be utilized for dedicated Meetings and/or Hearing situations.

8. Recently Asked Question (s):

- A. Does the WVBOPT allow physical therapy clinics to have stock bottles of iontophoresis solutions such as dexamethasone, which require prescription, to use in the clinic? Are you aware if the WV Board of Medicine has a position on this?

Lori Lovern, PT, OCS  
Princeton, WV

\*\*\*

It was the consensus opinion of the Board Members that Kate Campbell, Assistant Attorney General would check with the Pharmacy Board in order to obtain an answer to this question. The Board Members believe (after hearing back from Kate Campbell) that the answer to your question is that you need a written policy or protocol in place in regards to the procedure for dispensing these substances as well as information on how much to use in each individual situation.

- B. When using Iontophoresis or Phonophoresis, should there be a specific order from the Physician since we are administering the medication Dexamethasone or Hydrocortisone? (Hospital JC surveyor is saying that they need to obtain individual and specific orders when using modalities that require a medication such as Hydrocortisone and Dexamethasone. They are recommending that we call each patient's ordering physician to obtain an Order that specifically says "dexamethasone and hydrocortisone" when the PT chooses to use Iontophoresis and ultrasounds.) Isn't this within the PT scope of practice?

Angie Washington  
CAMC Teays Valley Hospital  
Rehab. Svcs. & PBX Coordinator

\*\*\*

It was the consensus opinion of the Board Members that Physical Therapists are allowed within their scope of practice to evaluate and treat. The Members additionally said that the hospital/facility should have a policy or a protocol in place that might address your question; and that perhaps you should check with your facility's legal counsel

8. Recently Asked Question (s):

- C. I am a PTA working for a home health agency in WV. We would like to know the limitations for a PTA to provide wound care in the home (i.e.: dressing changes, applying ointment, etc...) We are being purchased by Amedysis who currently uses PTs and PTAs to do wound care in other States; and we would like to have the guidelines for WV.

Heather Radford PTA

\*\*\* It was the consensus opinion of the Board Members that regardless of the setting, PTA's can do wound care based on their education, training and knowledge. Please refer to Regulatory Law 16-1.9.2.a.-c.

- D. I am a PTA in Hinton, WV I want to know if PTA's are allowed to write discharge summaries. I know that COTA's are as long as the OT has seen them within so many days.

Mika Gumm PTA  
Hinton, WV

\*\*\* It was the consensus opinion of the Board Members that PTA's may participate in; but not complete a "discharge summary". Please refer to Regulatory Law 16-1-9.2.d.

- E. In reviewing the PT Law for the State of WV, it appears that the issue of co-signature for documentation by a PTA in an outpatient setting is not specifically addressed. The Law does address PTA's practicing under a temporary permit. Is a co-signature required in an Outpatient setting (non-Medicare patients)?

April Strickland  
Holzer Clinic

\*\*\* It was the consensus opinion of the Board Members that while co-signatures are not required by Law, it may be good to have a co-signature in place to document that appropriate supervision by a Licensed PT did occur. The Members also suggested that you check with your particular facility since there may be procedure or protocol already established that should be adhered to.

F. What are the guidelines for supervision for PTA's while providing hippotherapy at a stable?

Angela Sargent PTA  
Princeton, WV

\*\*\* It was the consensus opinion of the Board Members that providing hippotherapy would be the same as providing services in an outpatient setting and that a PT must supervise according to Regulatory Law 16-1-9.3.a.

G. The question I have concerns PT/PTA supervision. I have reviewed the Law and it clearly states only 2 PTA's can be supervised by a PT at any one time. I would like clarification on the "any one time". Can a PT have 3 PTA's, but only 2 on the clock at any one time and still be in compliance?

Crystal Bunch RN

\*\*\* It was the consensus opinion of the Board Members that the answer to your question would be "yes"

H. I have a close friend that reported to me that one of her co-workers (a PT) has been allowing her PT Aide to perform ultrasound treatments on patients. Is this allowed? I thought only trained professionals could perform skilled modalities (i.e., PT, OT, OTA, or PTA).

Amy M. Burdette

\*\*\* It was the consensus opinion of the Board Members that according to Law 30-20-2.(h), a Physical Therapy Aide can participate under the direct supervision of a Physical Therapist.

8. Recently Asked Question (s):

- I. We utilize qualified Home Health Aides in Home Health. We make a distinction between a PT Aide and a Home Health Aide. PT Aides to my knowledge are not utilized in Home Health. Home Health Agencies in WV; however, are allowing PT's to supervise Home Health Aides when there are no registered nurse services ordered. According to Federal requirements and guidelines, Home Health Agencies are in compliance unless the State Law is more stringent. If our office has misinterpreted the State Law governing the practice of Physical Therapy in the State of WV, we will need to promptly notify all Medicare/Medicaid Certified Agencies in the State to cease the practice immediately.

Pam Garrett RN  
Health Facility Nurse Surveyor

\*\*\*

It was the consensus opinion of the Board Members that you should pose your question to the RN Board. The Board Members did not believe that the answer to your question was within the jurisdiction of the Physical Therapy Board.

- J. Is it unlawful or unethical for a doctor to forbid a patient from getting therapy at a clinic that is somewhere else away from the hospital he works for? We had a patient who had been referred for PT and she came to our facility. Upon returning for her doctor's visit, he ordered her to stop PT. Upon having recurrent pain, the patient requested to come back for therapy. The doctor told her that she had to get her PT at the hospital he worked for. Since she didn't want to do that, he refused to give her a slip for PT and instead gave her orders to go back to work. The doctor basically denied her to have PT unless she would go to the place he works for. Ethically, I know this is wrong, but are there any laws on this situation?

K. I was wondering if a PTA could supervise a patient in an off site pool after a PT had performed an evaluation and set up an appropriate exercise program in the water? Does this require a supervisory visit by the PT every 10<sup>th</sup> visit?

Tracy Minor PT

\*\*\*

It was the consensus opinion of the Board Members that supervising a patient in an off site pool would be the same as working in an outpatient setting and that a PT would need to be on site supervising in accordance with Regulatory Law 16-1-9.3.a.

L. Regarding PTA student placement/affiliations with long term care facilities: Is it accurate that educational programs cannot place PTA students in facilities that do not have a full-time PT on staff? It seems as though many facilities have part time PT's supervising full time PTA's.

Take patient history, including specifics of injury incident including description of symptoms and past medical history. It is lawful for a PTA to be asked to take objective measurements (i.e., girth measurement, leg length, grip strength, JAMARs and Tekdyne readings)? Is it lawful for a PT Aide to do any of these things? What specifically can an Aide do? Are they allowed to perform treatments such as Ultrasound, E-stim, gait training, percussion, or mechanical traction? If so, is the PT or PTA required to set the machines and turn them on, or may the PT Aide simply be given the parameters?

(This original Evaluation was performed for the State of Florida in 1998.) She requested that her Money Order be returned to her in Jan 2004. She sent a 2<sup>nd</sup> Application in March 2007. Mr. Bernard Layne III was retained by Ms. Mendicino-Nettles to assist her in her second attempt at Licensure in WV. An updated Credential Evaluation from I.C.A. was never received. Her Money Order was once again returned to her upon recommendation by Kate Campbell of the Attorney General's Office.

Ms. Mendicino-Nettles recently contacted the Governor's Office regarding her situation. Her letter was faxed to this Office; a copy of which was then sent to Kate Campbell in the A.G.'s Office. (Kate will be creating a draft of a response to the Governor's Office which will be circulated to the Members at the upcoming Board Meeting.)

(via teleconference) Kate Campbell, Attorney General's Office

MEETING CALLED TO ORDER BY: Lesleigh Sprouse;  
MINUTES TAKEN BY: Frankie Cayton

**(GUEST SPEAKER)**

\*\*\*Lynn Mendicino Nettles (educated in Norway) requested to speak to the PT Board Members at this Meeting and will be presenting her position and/or information regarding her desire to obtain a license to practice as a PT in WV. (I.C.A. Evaluation received January 18, 2008 was copied and circulated to the Board Members.)

10:25 a.m. Lynn Mendicino began to address the Members both reading and giving a dissertation on her history of schooling in Norway and her licensure experience in Florida. She has been licensed in Florida since January 2000, and she stated that this License made her eligible to work in any U.S. Government facility.

She made reference to a time line which she had created and had copies that she passed out to those physically present. She made mention of wages she has lost in the process of trying to get a WV License while she has been forced to travel back and forth to the State of Florida to work.

She requested that the Board do two things for her:

1. Use discretion in investigating I.C.A. and Frankie Cayton's roles in her failure to receive a WV License;
2. And, also to please review all documentation and find her sufficiently B.S. Degree Equivalent in order for her to be issued a License to practice in WV.

She also called attention to Appendix B and C in the documentation she had sent the Office concerning her contact information for the school in Norway.

Don Sensabaugh inquired as to why she believed that I.C.A. was biased towards her. Her response was that the situation went back to 1998 when she was first trying to get licensed in Florida; that there was mis-communication between the school and I.C.A. She indicated that when I.C.A. requested information from the school, that the wrong person sent the wrong information; consequently, there were 27 pages missing from the necessary paperwork.

(GUEST SPEAKER - Cont.)

Don Sensabaugh inquired if she had ever contacted WVU or Wheeling Jesuit University; he thought the Board had previously suggested that she do that. She responded that she had not contacted them and didn't remember any correspondence from the Board suggesting that she do that.

Don Sensabaugh inquired if she had attempted to gain a PT License in any other States. She responded that she had not.

Ms. Mendicino-Nettles said that St. Augustine in Florida suggested to her to have a Credential Evaluation performed by World Education Services - - which she has done. She said that according to the ECTS (European Credit Transfer System) that she has the equivalent of a 3-year Bachelor Program and that she also spent one year in addition to that in internship working in both a hospital-type setting as well as a community-based facility. She said that her attendance at Bislo College was from 1989 to 1992 and that her internship took place from 1992 to 1993 which is referenced in Appendix C.

Lesleigh Sprouse called attention to the fact that Bislo College is not a CAPTE accredited or approved PT Program. Shannon Snodgrass referenced the statement from the University of Gainesville in Florida which seemed to say her education was equivalent; but then went on to speak of the difficulties in comparing foreign educational programs to those in the U.S.

Jack Spatafore inquired as to whether or not the faculty at the Norway School discussed with her the options of getting her schooling there and then trying to come back into the U.S. to practice as a PT. Ms. Mendicino-Nettles' response was that at the time she was married and living in that country and didn't foresee that she would be coming back to the U.S. and wanting to practice here.

At approximately 11:00 a.m. Jack Spatafore and Lesleigh Sprouse thanked her for coming and addressing the Board Members. She was told that the Members would discuss her situation and get back to her. Ms. Mendicino Nettles said that she understood that an answer could not be provided to her at this time and thanked the Members for allowing her to come and speak to them.

**Discussion:**

The Members generally discussed several options that maybe could be presented or suggested to her. Don Sensabaugh requested that Frankie Cayton check to see if a letter had been written to her in one of her licensure attempts that may have suggested that she go to one of the accredited PT Programs in WV to have her Credential Evaluation reviewed. If a letter did not exist, then he made Motion that a letter be written to her suggesting that she take her I.C.A. Credential Evaluation which was performed for WV and received by the Board Office on January 18, 2008 to WVU and/or Wheeling Jesuit University and have a Program Director instruct Ms. Mendicino-Nettles on what additional course work might be taken in order for her to become B. S. Degree equivalent. Melanie Taylor seconded this Motion and it was unanimously decided that a letter should be drafted for Lesleigh Sprouse's signature as Board Chair.

Discussion (Cont.)

Jack Spatafore offered to speak with I.C.A. in regards to the utilization by WV of the 4<sup>th</sup> Version Course Work Tool as adopted by the Delegate Assembly of the Federation of State Boards of Physical Therapy. WV had adopted the use of the Tool with the specifications that I.C.A. would require the foreign-educated applicant to meet 100% of the criteria and not 75%; and that they would also look for and require that the 11<sup>th</sup> Intervention be met as suggested by Ralph Utzman PT, MPH, PhD, Educator at the PT Program at WVU. The Members agreed that he could conduct some research in order to determine if WV was comparable with other surrounding States in the utilization of this Course Work Tool.

(OLD BUSINESS)

1. Minutes of the previous Board Meeting.

\*\*\* The Minutes of the previous meeting held December 13, 2007, were reviewed and Motion for approval was made by Lesleigh Sprouse and seconded by Shannon Snodgrass.

The Members generally discussed that a Disclaimer should probably appear on any written document wherein Questions submitted to the Board with Answers appear. This Disclaimer should be included on any formal responses being sent out from the Members or the Office, on the Web Site, in Minutes and in Board News Letters. This Disclaimer should read as follows:

\*\*\* Please note that all responses the West Virginia Board of Physical Therapy (hereinafter "Board") gives to individual questions are based solely upon WV Code § 30-20-1 et seq. and the Code of State Rules 16-1-1 et seq. These Statutory and Regulatory provisions govern the jurisdiction of the Board, and its sole purpose of regulating the practice of Physical Therapy and the protection of the public. As such, the responses do not take into account any billing issues and the regulations that govern such reimbursement. Moreover, a provider should consult with his/her legal counsel for questions pertaining to billing for Physical Therapy services.

In lieu of this decision, it was unanimously decided that Question and Answer H. appearing in the December 13, 2007 Minutes addressed to Amy Burdette should be resent with the now approved Disclaimer.

2. Financial Report - Quarter ending : December 31, 2007.

3. Legislative Updates and Reports.)

A. Lesleigh B. Sprouse responded to his request via letter and the Office also sent them a copy of our most recent Annual Report. (2005 & 2006). (Her response letter to him is included for your review.)

\*\*\* (Robert Cable AT spoke to the Members at the last Meeting held 12/13/2007.)  
(The Members discussed the various points that Mr. Cable and brought up and felt that some research should be done in order to formulate a final decision. It was agreed that this topic would be on the Agenda for the Board's next Meeting in February 2008.)

\*\*\* It was unanimously agreed that this topic should remain on the Agenda for the next Board Meeting. Don Sensabaugh proposed that a sub-committee do some research in regards to other surrounding States who have included the Licensure of Athletic Trainers in with the Physical Therapy Board.

\*\*\* As a result of this suggestion, Shannon Snodgrass volunteered to contact the Kentucky Board and/or get copies of their Statutory and Regulatory Law. John Spiker said that he would do likewise with the State of Ohio and Pennsylvania; while Melanie Taylor said that she would be willing to do the same with Virginia. Information gathered would then be circulated and/or shared at the next Board Meeting.

It was unanimously agreed that a letter should be drafted and sent to Mr. Cable signed off on by Lesleigh Sprouse as Board Chair, informing him that this Board is not ready to

make a decision or give him an answer this year; but perhaps next Legislative Session after his proposal had been considered at length and additional research done by this Board. (Letter was written and circulated to the Board Members.)

\*\*\* (Report from the people who contacted other State PT Boards that License ATs)

Shannon Snodgrass shared with the Members the information provided to her by the Kentucky Board. The information was also faxed into the Office in order that it could be circulated to the Members. It was the wording as it appears in the Law governing Athletic Trainers in that State. Athletic Trainers in Kentucky are under the Board of Medicine and they are Licensed.

John Spiker reported on what he learned from contacting Ohio and Pennsylvania. Ohio does have a combined Board of Occupational Therapists, Physical Therapists, and Athletic Trainers. Athletic Trainers are Licensed in Ohio.

In Pennsylvania, Athletic Trainers used to be under the Physical Therapy Board; but they are not any longer. Instead Athletic Trainers report to both the Osteopathic and Medical Boards and have representatives on each. Athletic Trainers can treat based on referrals from doctors; and they can also treat by standing orders or by script.

Melanie Taylor shared what she had learned from the Virginia Board. Athletic Trainers are under the Medical Board in Virginia and they are Licensed.

(Copies of the respective wording in the Law effecting Athletic Trainers for each of the States mentioned will be obtained and circulated with copies of the Minutes.)

\*\*\* The Members discussed and unanimously agreed that another letter should be sent to Bob Cable, President of the Athletic Trainers, apprising him that the PT Board Members are conducting research and that representatives from the WV State Chapter Association of Physical Therapy will be invited to the May Board Meeting in order that they can share their viewpoints regarding this issue. Lesleigh Sprouse, Board Chair will contact the Association and invite Nancy Tonkin and Eric Shaw, President to the May Meeting.

3. Legislative Updates and Reports. (Cont.)

B. S.B. 278 (Report on Status) (Bill was previously circulated to Board Members via email)

\*\*\* Lesleigh Sprouse reported on the status of the Bill and also summarized what wording the Bill contains concerning the provision for a Volunteer License for professionals who are retired. There would be no License Fee required for a person to have a Volunteer License; however, the supervision requirements for PTA's would remain the same, the CE requirements would be left up to the individual Boards, and the Boards would still be able to Discipline those persons who choose to work on a Volunteer License who may have Complaints filed against them.

C. Rules and Regulatory Law. (Committee Members, Lesleigh Sprouse and Melanie Taylor)

\*\*\* Sunset Review is slated to take place in 2011.

Lesleigh Sprouse and Melanie Taylor discussed the possibility and benefit of beginning to set up meetings with the Association's Task Force. Melanie offered to email Clark Vaughan and copy Lesleigh on the email wherein she would inquire as to his interest in also attending the May Board Meeting. Lesleigh mentioned that the Sunset Review originally would have taken place in 2009 but was changed to 2011 which is the same year the Chiropractic Board will undergo Sunset Review.

4. Continuing Education Updates.

\*\*\* John Spiker and Jack Spatafore are the two Members serving on this Committee In the event of a "tie" where one votes to "approve" and one votes "not to approve", the material is then copied and sent to the Board Chair for review.

\*\*\* (Note from Administrator: Need to increase CE fees. Need to increase many of our fees since our expenses have increased; but our last fee increase took place in June 1, 2000.) (Conda Mace and Vicki Maxwell, Office Staff have information they can share regarding the processing of Continuing Education submissions and subsequent documentation if needed.)

\*\*\* Information regarding the time spent in processing continuing education requests was prepared by Conda Mace and was given to the Members by the Admin. at this Meeting. Also distributed was a Financial breakdown of Expenditures and Revenues over the course of the

past 7 years (this documentation was created by WVFIMS at the Administrator's request)\*

Also circulated was information regarding salaries or per diem amounts received by each of the Staff personnel, the Board Members and Kate Campbell, Assistant Attorney General.\*

The Members decided to table this for the next Meeting during which time the two staff people responsible for processing CE requests and accompanying documentation may be asked to present.

Shannon Snodgrass asked if the Staff had Job Descriptions and if we did, she would like to see copies of them. I asked Lesleigh Sprouse if this was something that she and the Members would be in agreement with; and she answered in the affirmative. (Copies of Job Descriptions were circulated to the Board Members prior to this Meeting.)

\*\*\* (Cont. Education Audit Letters to be mailed by the week of March 6, 2008)

It was unanimously decided that if the Office received notification of a Licensee who was not in compliance with the requirement to get continuing education or continuing competency in another State, that the person's name should be added to our audit listing.

\*The items previously circulated for discussion at the December 13, 2007 Meeting are to be copied and circulated again to be discussed at the May Meeting.

The Members requested that Ms. Cayton also obtain continuing education processing fees from some other States and circulate that information again as well.

5. Disciplinary Committee Report. (Conference calls take place as needed.)

\*\*\* Don Sensabaugh and Jack Spatafore are the two Board Members serving on this Committee.

5. Disciplinary Committee Report. (Cont.)

Case No. 2007-01 (Original Complaint received 05/16/2007) (18 mos. = Nov. 17, 2008)

\*\*\* Complaint has been circulated to the Disciplinary Committee Members and to the Respondent. Respondent replied to the allegations in a letter dated May 29, 2007 which was forwarded to the Disciplinary Committee Members on June 1, 2007.

(Don Sensabaugh said the Committee believed that an investigator needed to be hired.)

Don Sensabaugh said that Ralph Utzman PT, or Cynthia Fox PT should be utilized in regards to investigating the allegations as set forth in the Complaint and that one of them should be contacted to see if they were willing to do that for the fee previously established by the Board.

\*\*\* Ralph Utzman PT was contacted and he declined on the basis that he knew the PT and the Owner of the facility.

Cynthia Fox PT was contacted and she agreed to investigate on behalf of the Disciplinary Committee. The Administrator forwarded her a WV-48 to complete which states that she agrees to a fee of \$100.00 per hour and that no additional charges for travel may be submitted.

As of this writing, Cynthia Fox was waiting to be contacted by Don Sensabaugh in order to receive some interviewing guidelines and possibly a Job Description. She also requested contact information for the parties named which is being sent to her.

\*\*\* Don Sensabaugh said that he had provided Cynthia Fox with the necessary contact information in order that interviews via phone could be conducted. Ms. Fox will supply a report to the Disciplinary Committee following her investigation and interviews.

5. Disciplinary Committee Report. (Cont.)

Case No. 2007-02 - ( Original Complaint Received 11/26/2007) (18 mos. = May 27, 2009)

\*\*\* Correspondence has been received from the Respondent in this Case and also additional information arrived from the Complainant.

The Disciplinary Committee had a conference call on Jan. 25, 2008 at which time they believed their was Probable Cause in this instance. Kate Campbell was contacted in order that a Statement of Charges and a Consent Agreement and Order could be created.

(Lesleigh Sprouse, Board Chair, was contacted by a PT who offered to make a statement in behalf of and in support of the Respondent in this Case. The information regarding this witness was provided to the Members of the Disciplinary Committee.)

\*\*\* As of Feb. 21, 2008, the office received a further statement from the Respondent with information regarding a witness who would be willing to make a statement for the Respondent. This letter was forwarded to the Members of the Disciplinary Committee.

Don Sensabaugh said that he called and spoke with this witness on 02/26/2008. The witness did not work at this facility when this Case incident occurred. The Witness told Mr. Sensabaugh that he has issues with the facility regarding billing issues. Mr. Sensabaugh said that there was no information derived from this witness that changes his mind regarding this Case. He said that as a result of the discussions between the Disciplinary Committee Members, that the two of them make a recommendation of "Probable Cause" to the Members of the Board. They also propose that Kate Campbell of the A.G.'s Office create a Statement of Charges and a Consent Agreement and Order. The PTA billed for treatments on Nov. 5 & 6, 2007 and yet did not treat the patient in question. The Disciplinary Committee finds that the Respondent is in violation of WV Code § 30-20-10 (b) (3) and (b) (9)

The Members accepted and agreed with the recommendation of the Disciplinary Committee Members. It was unanimously decided after discussion that the Consent Agreement and Order would stipulate a suspension of the Respondent's PTA License for a period of six (6) months; that the Respondent would reimburse legal, administrative and procedural fees to the Board not to exceed \$1500.00; and that the Respondent would take no longer than six (6) months to pay the Board's Invoice in full. The period of suspension will be effective upon the date the Respondent signs the Consent Agreement and Order. The cover letter will be created by Kate Campbell of the A.G.'s Office for Lesleigh Sprouse, Board Chair's signature.

6. Office Updates.

A. Workstations and licensing system software are being upgraded.

The office is still moving towards the goal of making on-line renewals via the new Web Site for licensees a reality. In lieu of this goal, a Web-based data base was created by Matthew Thornton who also created our new Web Site: [www.wvbopt.com](http://www.wvbopt.com) On-line renewals could be a reality for licenses expiring 12/31/2009.

B. Staff Personnel - Individual Interviews (as per Lesleigh Sprouse's email request - based on receipt of Job Descriptions)

1. Frankie Cayton
2. Conda Mace
3. Vicki Maxwell

The Members acknowledged receipt of the individual Job Descriptions and indicated that this subject and discussions regarding Office Policy and Procedure would take place at the next Board Meeting.

9. Foreign-educated Applicants:

A. John Richard Lapid (educated in the Philippines) - I.C.A. Credential Evaluation received. Application has received. IBT English Proficiency Test Results received.

\*\*\* Mr. Lapid sat for the IBT (Internet Based TOEFL). I have copied responses from other State PT Board Administrators regarding what they consider to be a passing score on this Test.

\*\*\* Our Regulatory Law makes provision for what scores are passing on the paper and pencil test and the Computer Based Test; however, we do not have language in our Law concerning the IBT test.

\*\*\* It was generally discussed and decided that a letter created for Lesleigh Sprouse, Board Chair's signature would be sent to him indicating that the Members and/or the Staff would be researching the IBT and how those scores compare to the CBT as the IBT is not covered in our Statute or our Regulatory Law. It was also agreed that research would be conducted (Jack Spatafore volunteered earlier in the meeting) with I.C.A. in regards to the outcome of his credential evaluation performed in MD and PA versus the credential evaluation performed for WV. The letter will go on to say that we will make every effort to get back to him in sixty (60) days with our findings and possible decision regarding his application for PT Licensure in WV.

B. Arnel Mendoza - (educated in the Philippines) - I.C.A. Credential Evaluation received. Application has been received. (He is sitting for the IBT on Saturday, February 23, 2008, and copies will be forwarded to our Office.)

\*\*\* (His application may still be incomplete as of this Board Meeting if the scores are not received.)

9. Foreign-educated Applicants: (Cont.)

C. Lynn Mendicino-Nettles - (educated in Norway)

\*\*\* Copies of her file material were circulated to the Board Members prior to this Meeting.

(She was present at the beginning of the Meeting and addressed the Members. The I.C.A. Credential Evaluation performed for WV which was received on January 18, 2008, states that she has a B.S. Degree in Biology and not a B.S. Degree in Physical Therapy which is what our Statutory and Regulatory Law requires. A decision was reached by the Members in regard to what should be formally told to her via letter with Lesleigh Sprouse, Board Chair's signature. This documentation appears earlier on in these same Minutes.)

12. Federation of State Boards of Physical Therapy (FSBPT) Annual Meeting  
( Sept. 11 - 15, 2008 in Minneapolis, Minnesota)

\*\*\* Be prepared at the February Meeting to discuss selecting a Delegate, and Alternate Delegate. The deadline for credentialing our selection will probably be around the end of April 2008 (as it was last year). The Federation funds two other people in addition to the Administrator to attend the Annual Meeting. This decision needs to be documented in our February Minutes to be in compliance with Federation By Laws.

Melanie Taylor will remain our current Delegate until the next Annual Meeting at which time our selection can change.

\*\*\* (Melanie Taylor have anything to report regarding the FSBPT Annual Mtg.)

Melanie Taylor reported to the Members that she really enjoyed attending the Annual Meeting of the Federation and found it to be very informative and helpful.

Lesleigh Sprouse said that she would be willing to attend the Meeting as the Board's Alternate Delegate and that Melanie Taylor could remain in the position of Delegate for the Board.

Don Sensabaugh made Motion that Melanie Taylor remain as the Board's Delegate to attend the Federation Meeting. Jack Spatafore seconded the Motion. As there was No Dissent, the Motion carried.

**Emergency Meeting of the WV Board of Physical Therapy  
via Conference Call, Wednesday, April 2, 2008**

**Time: Noon**

**MINUTES**

**Public Session:**

Noon till 1:40 p.m.

**Members Present:** Lesleigh Sprouse, Melanie Taylor, Shannon Snodgrass, John Spiker, Jack Spatafore, Don Sensabaugh

**Members Absent:** None

**Non-Members Present:** Kate Campbell of the Attorney General's Office

**Meeting Called to Order by:** Lesleigh Sprouse, Board Chair

**Minutes Taken by:** Frankie Cayton

**Points of Discussion:**

**1. Update on Lynn Mendicino-Nettles (by Lesleigh Sprouse)**

Lesleigh communicated to the Members regarding conversations she had with Ralph Utzman of WVU regarding reviewing not just Lynn Mendicino-Nettles' Course Work; but any foreign-educated person's Course Work who was applying to WV who did not have a passing credential evaluation. Mr. Utzman told Lesleigh that they could take a cursory look at Ms. Mendicino-Nettles' information for free; however, if an indepth review was necessary, that they would have to charge \$100.00 per hour.

Lesleigh also spoke with Dr. Luis Vargas at Wheeling Jesuit regarding reviewing Lynn Mendicino-Nettles' educational material and ICA credential evaluation. Mr. Vargas was willing to look at her material. It was Lesleigh's understanding that contact had been made between Ms. Mendicino-Nettles' and Dr. Vargas and that he had requested that she send him absolutely everything possible in order for him to make a determination and/or recommendation regarding missing semester credit coursework that she would have to take in order to be B. S. Degree equivalent.

It was unanimously agreed that the Board Members would have to wait and see what Dr. Vargas of Wheeling Jesuit had to say regarding her educational information and credential evaluation.

**2. IBT - Vote on and Adopt Passing Scores**

The Members discussed the change that had occurred in the English Proficiency Exam in that the Computer-Based Test (CBT) along with its passing scores were no longer a reality. Instead the Internet-Based Test (IBT) has now replaced it and is being given in Sylvan/Prometric Centers across the United States which means that it is being administered in secure locations.

Don Sensabaugh made Motion that we adopt the IBT along with the Passing Scores as recommended by the Delegate Assembly of the Federation of State Boards of Physical Therapy. Lesleigh Sprouse seconded the Motion.

Discussion was then held regarding the need to check into filing Emergency Rules in order that this most recent decision could be appropriately updated in the Board's Regulatory Law which is on file in the WV Secretary of State's Office. Kate Campbell of the Attorney General's Office suggested that Frankie Cayton, Administrator, enlist the help of Judy Cooper in the Administrative Law Division of the Secretary of State's Office. Kate Campbell and Don Sensabaugh both agreed to review the wording to be entered into an Emergency Rule prior to it's being circulated to the Members or officially filed.

**3. Use of Retro Course Work Evaluation Tools**

The Board Members discussed the information previously circulated to them regarding the use of Retro Course Work Tools for those foreign-educated Physical Therapists already established in the United States with one or more State-issued PT Licenses who would now like to apply for a License to practice PT in the State of WV.

Jack Spatafore reported having spoken with Gary and Lili Garrett of International Credentialing Agency (ICA), who currently performs Credential Evaluations for the State of WV. He shared that the Garretts were strong believers in the use of the Retro Course Work Tools.

Don Sensabaugh moved that the Board adopt the use of Retro Course Work Evaluation Tools for foreign-educated applicants who are subsequently applying for a WV License once they are established in the U.S. with one or more State-issued PT Licenses. He further moved that the use of the Retro Course Work Tool should be compared to the individual's date of graduation from the foreign program. Shannon Snodgrass seconded this Motion.

It was also discussed and unanimously decided that once the Credential Evaluation process was complete that the next criteria to be met by the foreign-educated applicant would be that they would have had to have achieved a passing score on the National Exam that would have been passing in the State of WV in the same year that they took the Exam through another State.

( If the Members vote to utilize the Retro Tools for those foreign-educated persons already in the United States and licensed in one or more other States,...)

A. Do we adopt the use of them based on the applicant's date of graduation?

B. OR, do we adopt the use of the based on the year they received their first license in the United States?

**(These were the two choices to be considered and the Members decided upon Option A.)**

The Members agreed that a letter should be created for Lesleigh Sprouse's signature officially notifying ICA of the decision made as a result of this Meeting to adopt the use of Retro Course Work Evaluation Tools.

**4. ICA and the 4<sup>th</sup> Version Course Work Tool**

- A. Discuss having a foreign-educated applicant meet 100% of the criteria and including the 11<sup>th</sup> Intervention (this is currently the standard utilized by ICA based on the request of the previous Board Members).

The Members (after some discussion) unanimously decided to keep the above standards in place and not make any changes at this time.

- B. Criteria for General Education and Professional Education increasing effective April 1, 2008.(As per directive of the FSBPT Delegate Assembly) (This was information previously circulated to the Board Members prior to the conference call.)

1. General course work: from 54 to 60 credits
2. Non-clinical professional education: from 46 to 67 credits
3. Total professional education: from 69 to 90 credits
4. Total general and professional education: from 123 to 150 credits

C. Jack Spatafore's report on conversations with ICA

Jack shared with the Members that he had spoken with both Gary and Lili Garrett of ICA. They informed him that if the 4<sup>th</sup> Version Course Work Tool were utilized with only 75% of the criteria being met, that Lynn Mendicino-Nettles still would not be B. S. Degree equivalent. They told him that Ms. Mendicino-Nettles has maybe the equivalent of two Associate Degrees. They also told him that in Norway PT's are registered under Physicians and work as Assistants. Ms. Garrett told him that the States vary in their requirements regarding the meeting of criteria on the 4<sup>th</sup> Version Course Work Tool; i.e. many States do only require that an applicant meet 75% and that many of the States surrounding WV only require 75%. At the present time, there are five States that are known to require 100% of the criteria to be met with WV being one of those States. (A total survey of all the State PT Boards has not been conducted as of this writing.)

**5. Discuss information on P-L-A-N that was mailed to the Members**

(Lesleigh Sprouse wants to discuss the possibility of this information being given to any foreign-educated applicant who doesn't meet the educational criteria as determined by the outcome of a Credential Evaluation.)

The Members did discuss the information that had been previously circulated and it was unanimously decided that any foreign-educated applicant who did not meet the educational criteria to apply for a PT License in WV should be sent a copy of the brochure.

**6. Update on foreign-educated applicants:**

**A. John Lapid**

His IBT Score was reviewed and approved by the Members. It was unanimously decided that a letter should be created for Lesleigh Sprouse's signature informing him to get a re-evaluation performed via ICA who would now utilize the Retro Course Work Tool to measure his educational qualifications for a PT License to practice in WV.

**B. Filnara Derrington**

It was unanimously decided by the Members that a letter should be created for Lesleigh Sprouse's signature informing her that she should have a re-evaluation performed via ICA who would now utilize the Retro Course Work Tool to measure her educational qualifications for a PT License to practice in WV. It was further decided that she needs to request our Application and complete it and be told to have her English Proficiency Scores forwarded into the Office.

**C. Randy Abella**

It was unanimously decided by the Members that a letter should be created for Lesleigh Sprouse's signature informing him that he should have a re-evaluation performed via ICA who would now utilize the Retro Course Work Tool to measure his educational qualifications for a PT License to practice in WV. It was further decided that he needs to request our Application and complete it and be told to have his English Proficiency Scores and National Exam Scores forwarded into the Office.

**(Jack Spatafore left the call at approximately 1:30 p.m.; John Spiker left the call at approximately 1:35 p.m. There was still a Quorum present to discuss and decide business.)**

D. Suhrutha Gujjula

Ms. Gujjula had called the Office and requested that the Members discuss the possibility of her taking CLEP classes in order to obtain the missing semester credit hours as indicated by her completed ICA Credential Evaluation. It was generally discussed and decided that since this was not an original Agenda Item to be discussed during this Call, that the subject could be added to the Quarterly Meeting Agenda for May 14, 2008.

It was unanimously decided by the Members that a letter should be created for Lesleigh Sprouse's signature informing her that she should have a re-evaluation performed via ICA who would now utilize the Retro Course Work Tool to measure her educational qualifications for a PT License to practice in WV. It was further decided that she needs to request our Application and complete it and be told to have her English Proficiency Scores and National Exam Scores forwarded into the Office.

E. Arnel Sanchez Mendoza

It was unanimously decided by the Members after reviewing his file material that a letter should be created for Lesleigh Sprouse's signature informing him to have a re-evaluation performed via ICA who would now utilize the Retro Course Work Toll to measure his educational qualifications for a PT License to practice in WV; and he is also to be told that he scored too low on the "Speaking" portion of the IBT and that he will have to retake that part of the Exam and attempt to bring his score up to one that would be passing.

NON-MEMBERS PRESENT: Kate Campbell, Attorney General's Office,  
John Eric Shaw, PT, President, WV PT Association

MEETING CALLED TO ORDER BY: Melanie Taylor;  
MINUTES TAKEN BY: Frankie Cayton

**(GUEST SPEAKER)**

\*\*\*Eric Shaw PT, President of the WV PT Association, will be speaking regarding the concept of Athletic Trainers becoming Regulated and Licensed in the State of WV and other Practice Act Issues.

The Sunset Review Committee met April 11, 2008. Present were: Lesleigh Sprouse, Melanie Taylor, Eric Shaw, Clark Vaughan, and Nancy Tonkin.

Eric Shaw shared with the Board the following facts:

1. The APTA first learned of the Athletic Trainers' interest in licensure in the fall of 2003.
2. He related that a review of the Bill revealed that their Definitions and Scope of Practice were not good.
3. In April of 2003, the Legislative Committee of the APTA met and proposed compromise wording.
4. AT's created a Sunrise Bill in the summer of 2003 to be submitted during the 2004 Legislative Session.
5. In 2004 the Legislature contacted the Board regarding additional costs that would be incurred by the Board should they be added to our Office responsibilities. John DeBlasis responded and said that it would take an additional \$30,000 annually for our Board Office to add AT Licensure to our existing responsibilities.
6. It was agreed at the time that licensure for AT's would produce additional costs but it would not provide the AT's with any additional protection.
7. In Nov. 2004, members of the APTA met with Robert Cable, President and Joseph Blosser, President Elect.
8. In 2005 the AT's submitted another Bill (SB 174) and none of the suggested or compromise wording proposals made by the APTA were incorporated into the Bill. The Bill was defeated.
9. In July 2005 they had another meeting.
10. For the 2006, 2007, and 2008 Legislative Sessions, the AT's submitted the same Bill with the same language.
11. In 2007 the PERD report stated that another Licensing Board was not needed unless they could operate under an already existing Board.

(GUEST SPEAKER - Cont.)

Eric Shaw shared with the Board the following facts:

12. He shared that the lobbyist for the AT's were able to get passed by the House HCR 117 (House Concurrent Resolution 117). The purpose of the Resolution is for a study to be conducted regarding the effect of licensure of AT's.
13. Eric Shaw was under the impression that the Board was to investigate the feasibility of adding AT's to our responsibilities and submit the outcome via a Bill for the 2009 Legislative Session.
14. Mr. Shaw said that the APTA would not be opposed to the licensure of AT's if the Definitions in their proposed Scope of Practice were modified.
15. Mr. Shaw stated that if the AT's were to be included with another Board, that the PT Board would be the best choice. The APTA is not in favor of grandfathering AT applicants for licensure. He also indicated that he believes that AT's would like to work with physicians and be in a "referral for profit" position with them.
16. Mr. Shaw stated that the Chiropractors are not interested in having AT's join their Board since they already have Assistants.
17. He indicated that the APTA would support a Registration/Certification process wherein the Board would keep a list of those that were Nationally Certified and/or possessed the WV Dept. Of Education Certification.
18. He indicated that the lobbyists for the APTA and the AT would continue to meet.

Mr. Shaw talked for approximately 50 minutes and then thanked the Board for allowing him to speak.

After Mr. Shaw left, Don Sensabaugh said that the Board should take no position on the feasibility of licensing AT's under our Board or else we should defer to the PERD research. Mr. Sensabaugh believed that it would be best for the APTA to state their position. He felt that it might be necessary to have a conference call in the near future in order to discuss how to respond to Robert Cable, President of the Athletic Trainers Association.

It was unanimously agreed that the Board would wait to respond to Mr. Cable until after a conference call could be set up; and that a copy of Mr. Shaw's notes and a copy of HCR 117 should be circulated to the Board Members.

A. Athletic Trainers Legislation in various States - Information obtained and circulated to the Members of the Board.

The Board Office is accumulating Statutory and Regulatory information from other States and creating a file

B. Rules and Regulatory Law. (Committee Members, Lesleigh Sprouse and Melanie Taylor)

\*\*\*

1. Sunset Review is slated to take place in 2011.

It was shared that one of the issues of discussion has been the ratio of PTA's to PT's in regards to different practice settings where the current ratio of 2 to 1 could perhaps be relaxed. It was generally discussed that one of the best sources of information as the Board and/or Association go through this process is to review the Model Practice Act created by the Federation of State Boards of Physical Therapy.

\*\*\*

2. Possible revised wording for §16-1-10.1.c. English Proficiency:

“Unless the native language is English, the applicant must demonstrate proficiency in English by Examination by a Board-approved Testing Company with passing scores as determined by the Board.”

The Board unanimously agreed that this wording could be used in an Emergency Rule that Kate Campbell and her staff are assisting the Board with.

4. Continuing Education Updates.

\*\*\* John Spiker and Jack Spatafore are the two Members serving on this Committee  
In the event of a "tie" where one votes to "approve" and one votes "not to approve", the material is then copied and sent to the Board Chair for review.

(Conda Mace and Vicki Maxwell, Office Staff have information they can share regarding the processing of Continuing Education submissions and subsequent documentation if needed.)

\*\*\* Information regarding the time spent in processing continuing education requests was prepared by Conda Mace and was given to the Members by the Admin. at this Meeting. Also distributed was a Financial breakdown of Expenditures and Revenues over the course of the past 7 years (this documentation was created by WVFIMS at the Administrator's request)

Also circulated was information regarding salaries or per diem amounts received by each of the Staff personnel, the Board Members and Kate Campbell, Assistant Attorney General.

The Members decided to table this for the next Meeting during which time the two staff people responsible for processing CE requests and accompanying documentation may be asked to present.

(Copies of Staff Job Descriptions were circulated to the Board Members prior to this Meeting.)

\*\*\* The Continuing Education Committee recently decided that PT's teaching courses can count for credit the number of credit hours issued to participants one time; and that teaching the same course would not count for repetitive credit.

5. Disciplinary Committee Report. (Conference calls take place as needed.)

\*\*\* Don Sensabaugh and Jack Spatafore are the two Board Members serving on this Committee.

CASE DISCUSSION

Case No. 2007-01 (Original Complaint received 05/16/2007) (18 mos. = Nov. 17, 2008)

Complaint has been circulated to the Disciplinary Committee Members and to the Respondent. Respondent replied to the allegations in a letter dated May 29, 2007 which was forwarded to the Disciplinary Committee Members on June 1, 2007.

(Don Sensabaugh said the Committee believed that an investigator needed to be hired.)

Don Sensabaugh said that Ralph Utzman PT, or Cynthia Fox PT should be utilized in regards to investigating the allegations as set forth in the Complaint and that one of them should be contacted to see if they were willing to do that for the fee previously established by the Board.

\*\*\* Ralph Utzman PT was contacted and he declined on the basis that he knew the PT and the Owner of the facility.

Cynthia Fox PT was contacted and she agreed to investigate on behalf of the Disciplinary Committee. The Administrator forwarded her a WV-48 to complete which states that she agrees to a fee of \$100.00 per hour and that no additional charges for travel may be submitted.

\*\*\* Cynthia Fox PT did investigate this Case and interviewed people named in the Complaint. The Report along with her cover letter were copied and circulated to Don Sensabaugh and Jack Spatafore, the two Members of the Disciplinary Committee.

As a result of the review of the Report, a conference call was scheduled for April 24, 2008, in order that the Members of the Disciplinary Committee could discuss the Case and subsequent Ethics Investigator's Report.

\*\*\* (Discuss role of Aides in a PT practice setting) (Cynthia Fox's bill will be at least \$700.00 for investigating and also documenting her findings.)

The Disciplinary Committee recommended to the Board that they find No Probable Cause in this Case. Kate Campbell will create a Formal Order documenting that No Probable Cause was found for Lesleigh Sprouse, Board Chair's signature. In the Formal Order the reference and the wording for the Definition of an Aide will be included.

5. Disciplinary Committee Report. (Cont.)

Case No. 2007-02 - ( Original Complaint Received 11/26/2007) (18 mos. = May 27, 2009)

\*\*\* Correspondence has been received from the Respondent in this Case and also additional information arrived from the Complainant.

The Disciplinary Committee had a conference call on Jan. 25, 2008 at which time they believed their was Probable Cause in this instance. Kate Campbell was contacted in order that a Statement of Charges and a Consent Agreement and Order could be created.

(Lesleigh Sprouse, Board Chair, was contacted by a PT who offered to make a statement in behalf of and in support of the Respondent in this Case. The information regarding this witness was provided to the Members of the Disciplinary Committee.)

As of Feb. 21, 2008, the office received a further statement from the Respondent with information regarding a witness who would be willing to make a statement for the Respondent. This letter was forwarded to the Members of the Disciplinary Committee. This Witness was contacted by Don Sensabaugh. Mr. Sensabaugh did not believe that the Witness' comments had any bearing on the decision that had been reached by the Disciplinary Committee.

\*\*\* Respondent returned the Consent Agreement signed but not notarized. Another copy had to be sent requesting that the signature be notarized. Respondent complied and the Consent Agreement was signed, notarized and dated - - April 15, 2008.

The completed Consent Agreement was then forwarded to the Board Chair, Lesleigh Sprouse, for her signature. It was returned to the Office without the necessary date. After communication with Lesleigh, Kate Campbell and Don Sensabaugh, it will be dated April 21, 2008 (this date appeared on other documents that were received back in the Office that same day.)

In lieu of the fact that Lesleigh Sprouse could not physically be present at the Meeting; but did conference in, she requested that Melanie Taylor, Vice Chair, add the appropriate date to the Consent Agreement - - which she did.

5. Disciplinary Committee Report. (Cont.)

\*\*\* Case No. 2008-01 - ( Original Complaint Received 04/01/2008) (18 mos. = Oct. 01, 2009)

This is a new Case and the Complaint has been forwarded to the Respondent as well as the Disciplinary Committee Members. The Respondent has until May 11, 2008 to respond to the allegations in the Complaint.

\*\*\* Faxed Response from Respondent's lawyer received May 6, 2008, and circulated to the Disciplinary Committee Members and the Complainant. The original was received on May 5, 2008.

The Disciplinary Committee feels that an Ethics Investigator needs to be hired to interview the possible witnesses listed in the Response Letter from the Respondent's attorney.

6. Office Updates.

A. Workstations and licensing system software are being upgraded.

The office is still moving towards the goal of making on-line renewals via the new Web Site for licensees a reality. In lieu of this goal, a Web-based data base was created by Matthew Thornton who also created our new Web Site: [www.wvbopt.com](http://www.wvbopt.com) On-line renewals could be a reality for licenses expiring 12/31/2009.

B. Staff Personnel - Individual Interviews and/or Office Policy and Procedure (as per Lesleigh Sprouse's email request - based on receipt of Job Descriptions)

1. Frankie Cayton, Admin. - The Board Members spent time speaking with Mrs. Cayton in order to learn what some of her duties and daily responsibilities entailed.
2. Conda Mace, Admin. Assistant - Mrs. Mace was out on vacation and was, therefore, not available for the Board to speak with.
3. Vicki Maxwell, Office Assistant - The Board Members spent time speaking with Ms. Maxwell in order to learn what some of her duties and daily responsibilities entailed.

(Information from Lili Garrett of I.C.A. was circulated to the Members which stated that the potential foreign-educated person who had asked this question was no longer interested in staying in WV as they were moving to Michigan.)

It was the unanimous decision of the Board not to discuss this issue at this time since the foreign-educated person asking the question no longer had any intentions of staying or attempting licensure in WV.

9. **Update on foreign-educated applicants:** (A. - E. as per phone conversation with Lili Garrett of I.C.A. - 05/02/2008)

A. John Lapid

John Lapid is the only applicant who has contacted I.C.A. and indicated that he will have a re-evaluation performed utilizing the Retro Course Work Tools.

B. Filnara Derrington

Ms. Garrett says she was involved in a conference call Friday, May 4, 2008 at 8:00 p.m. with Ms. Derrington and Debra Long, Mgr. of Rehab., Pleasant Valley Hospital. Ms. Garrett could not tell if Ms. Derrington would apply for the use of the Retro Course Work Tool or not.

C. Randy Abella

Mr. Abella has not contacted I.C.A.

D. Suhrutha Gujjula

Ms. Gujjula did contact I.C.A. and informed them that her husband is a doctor and that they are relocating to Michigan. She will not be pursuing a WV PT License.

E. Arnel Sanchez Mendoza

Mr. Mendoza has not contacted I.C.A.

9. Update on foreign-educated applicants (Cont.)

F. Lynn Mendicino-Nettles - (educated in Norway)

\*\*\* (Ms. Mendicino-Nettles is having her educational information evaluated by Dr. Luis Vargas of Wheeling Jesuit University. Nothing has been reported to the Office as of this writing.)

(The Office received an overnight license verification request on Ms. Mendicino-Nettles submitted by Comp Health. The Office verification states that Ms. Mendicino-Nettles does not have a PT License in the State of WV. A follow up phone call made by Comp Health indicated that she is applying for a job in Florida and the Recruiter just assumed that since she had a WV address, that she probably had a PT License here in WV.)

Lesleigh Sprouse reported that she had made contact with Dr. Vargas prior to this Board Meeting in order to find out what the status of his review was. Mrs. Mendicino Nettles had been instructed to send him everything she could in regards to her educational information in order that Dr. Vargas could tell her what additional course work would be required in order for her to be B. S. Degree equivalent. Once the courses were recognized and were taken by Mrs. Mendicino Nettles, she could then request a re-evaluation of her education.

Dr. Vargas related to Lesleigh that he thinks that Ms. Mendicino-Nettles has an entry level B. S. Degree. He is planning on sending the Board a letter. Dr. Vargas was asked to send into the Board Office everything that Mrs. Mendicino-Nettles had sent him in order for him to make his review.

- A. Question: Is it permissible for a PTA to perform screenings in SNF's. The state practice Act doesn't specifically address this, however, there is a broad belief throughout the State that the answer is "no". I feel that if the PTA is only reviewing objective information from the medical chart and documents this objective data onto the form for the PT to review and evaluate the patient based on, this certainly, in my opinion, is well within the State guidelines. However, the PTA should not be allowed to make any contact with the

patient or make assessments based on his/her observations. Only objective data should be presented on the form to the supervising PT.

Submitted By:  
Greg Hayes PT  
WV Therapy Services, LLC

**Answer:** (previously supplied and documented in Winter 2000 Newsletter):  
If the "screen" is evaluative, the answer is "NO". (See §16-1-8. Nature of Practice For Physical Therapists.)

Also in the Fall/Winter 2006 News Letter: the question was asked as to whether a PTA could complete a status report to a physician on a patient they are familiar with? Can the report include objective (ROM strength, etc...) measurements, as assessment (i.e. interpretation of objective data only, as to gains or lack of gains, w/o why the changes occurred) and a plan section w/o changing the plan of care from the primary PT? The Board Members agreed that the PTA may not interpret objective data; however, the PTA may state his/her findings. With that correction, the above answer would be "yes" as long as the supervising PT signs the report.

**Answer supplied 05/14/2008):** The Board unanimously agreed that the previous Answers documented were still the correct responses to the Questions asked.

B. **Question:** My name is Brenda Lilly ATC, the following questions do not only pertain to ATC's, but also to any other persons asked to perform these duties. I have recently been told that I will be working the weekend rotation at the acute care hospital that I am currently employed at (in the outpatient Dept.) I was given a letter/note of what my Supervisor believes according to PT regulations on what I may do under "other Assistive Personnel" (CSR 1, Title 16-1- 2.5 & 2.6). I am writing the "interpretation" in regards to the questions that were given to me. I am in disagreement with this "interpretation" and I am quite sure that I am unable to legally function as asked, and any other person considered "other Assistive Personnel" would also be out of compliance with the law.

The note to me contained the following:

1. As an Athletic Trainer, I would be able to assist the PT or PTA with treatments in the

Acute care hospital setting and if I would see a patient independently, I must be supervised by the PT. The PT or PTA should write all notes in the chart?

The Board agreed that the Athletic Trainer can assist in the performance of the Physical Therapy treatments and or service, but can only be supportive in nature when with the PTA, i.e. holding wheelchair, assisting with transfers for safety, moving IV pole, etc.... The Members also agreed that the Athletic Trainer must be supervised by the PT and "supervision" is defined as "authoritative procedural guidance with initial direction and periodic inspection on a regular basis by a PT and that it requires the "actual physical presence of the PT in the immediate treatment area where the treatment is being rendered." (According to §16-2.6. and WV Code §30-20-2. Definitions (h) (1).)

2. As for Medicare regulations in the acute care setting, I am able to function as "Other Personnel", however, I am not permitted to see Medicare patients in a skilled setting or outpatient setting?

The Board agreed that the person asking the Question should check with the facility's legal counsel and/or CMS and the third party intermediary for all guidelines as it pertains to what is billable and by whom is required to perform the treatment and/or service.

As I said I am sure this "interpretation" of the Law is incorrect. Other questions I have pertaining to the hospital acute care setting:

3. Supervision means: As long as a PT is in the hospital, it is ok for the PTA to see patients on any floor of the hospital?

i.e....the PT is on the 5<sup>th</sup> floor and the PTA is on the 2<sup>nd</sup> floor treating patients that have already been evaluated by the PT.

The Board also agreed that the PTA must be supervised by the PT and "supervision" is defined as "authoritative procedural guidance with initial direction and periodic inspection on a regular basis by a PT and that the PT has to be on the premises." (According to §16-2.6. , and §16-1-9.3(a).)

4. The PTA can supervise ("other assistive personnel") working with them treating patients, performing "other designated tasks related to Physical Therapy, as long as the PT is present in the hospital. Such "tasks" would include finishing ROM exercises, ambulating patients, and then charging for these services?

The Board agreed that the PT must supervise "Other Assistive Personnel"; not the PTA (According to §16-2.5. & 2.6 )

The Board agreed that they cannot give advice regarding billing issues and that such questions should be referred to the appropriate third party payer or CMS for what they require for supervision to make payment on such services rendered

5. What is the definition of "other designated tasks related to physical therapy?" (An example for instance....)

The Board agreed that these would be tasks designated by PT's that are not exclusive to PT's and/or PTA's and are within the training of Other Personnel such as Aides, (i.e., allowing "Other Personnel" to complete an Ultrasound once they are trained.) There are no "designated tasks" mentioned in the Law other than those that are "designated by the PT".

I would appreciate a written reply.

Answer: (some parts of this Question were previously addressed and answered by the Board.) January 2006 - If a PT Aide is directly involved in patient care, then , he/she would count as one of the two assistive support personnel that the PT is legally allowed to supervise. However, if the PT Aide is not directly involved in patient care, then he/she would not count.

In February 22, 2006, the Board decided that fully licensed PTA's could supervise PTA students (there was no mention of any other personnel that the PTA would be legally allowed to supervise).

**Emergency Meeting of the WV Board of Physical Therapy  
via Conference Call, Wednesday, June 11, 2008**

**MINUTES**

**Public Session:**

**Members Present:** Lesleigh Sprouse, Melanie Taylor, Shannon Snodgrass, John Spiker, Jack Spatafore, Don Sensabaugh

**Members Absent:** None

**Non-Members Present:** Kate Campbell of the Attorney General's Office

**Points of Discussion:**

1. Update on Lynn Mendicino-Nettles (Discuss letter from Dr. Vargas regarding his review of her educational information)

Lesleigh Sprouse gave a brief overview of the letter response the Board had received from Dr. Vargas of Wheeling Jesuit University regarding his review of the educational information that had been sent to him by Mr. Mendicino-Nettles.

General Discussion was held by the Board and it was unanimously agreed that Ms. Sprouse as Board Chair would construct a letter to him with points and questions regarding the discrepancies that the Board-approved Credentialing Agency I.C.A. had reported to the Board in their official report as well as noted deficiencies in course work either failed and not repeated or not taken.

It was also unanimously decided that this item of discussion would be on the Agenda for the regular Quarterly Meeting of the Board to be held August 20, 2008.

**2. Athletic Trainers Issue**

It was generally discussed and decided by the Board that a letter would be constructed for Lesleigh Sprouse's signature as Board Chair. The letter would state that the Physical Therapy Board is not taking a position regarding whether or not the AT's should be Regulated and/or Licensed under this Board or another Board.

3. Emergency Rules

A. English Proficiency wording update

Kate Campbell shared that the deadline for filing Emergency Rules is July 29, 2008. Wording approved by the Board at the May 14, 2008 Meeting regarding English Proficiency will be included in the Emergency Rule.

B. Fee Increases/Changes

Since discussion had occurred at the last Board Meeting regarding the need to increase Fees that the Office charges for various services, Kate Campbell inquired as to whether the Board would like that to be included in the same Emergency Rules since it is in the same section of the Regulatory Law.

Ms. Campbell also stated that Fees mentioned specifically in Statute would have to remain in print; but that those fees not mentioned could be reviewed and adjusted and posted for public information on the web site. The Board Members agreed.

The Board agreed that it would be beneficial if Frankie Cayton, Administrator, would get information from surrounding States in regards to what fees they charge in order to have a comparison. This information is to be collected and circulated to the Board in order that a decision could be made.

3. Disciplinary Case No. 2007-01

Formal Motion needed regarding the Disciplinary Committee's recommendation of "No Probable Cause". Also discussed at last Board Meeting was the manner in which to Close this Out and formally notify the Respondent; need to review that discussion.

Lesleigh Sprouse made Motion that the Board accept the Disciplinary Committee's recommendation of "No Probable Cause" in this Case and that the Respondent be notified in writing. Melamie Taylor seconded the Motion. There was No Dissent.

**4. Information received by Melanie Taylor via fax from Mick Bates**

Ms. Taylor shared that there may be a Law Question forthcoming from Mick Bates PT; and perhaps an appearance before the Board as well at an upcoming Board Meeting.

**5. (General Discussion - Misc.)**

**6. Next Meeting Date:**

The Board discussed and agreed that another conference call should be scheduled to discuss increasing and/or removing some fees mentioned in the Regulatory Law. It was decided to plan the next conference call for **Wednesday, June 18, 2008 at Noon.**

**7. Adjournment: 1:15 p.m.**

(Board Members will each be paid \$50.00 for their time spent on the call in accordance with their discussion and decision documented in Minutes of May 14, 2008.)

**Emergency Meeting of the WV Board of Physical Therapy

Public Session: Noon till 12:50 p.m.**

**MINUTES**

**Members Present:** Lesleigh Sprouse, Melanie Taylor, Shannon Snodgrass, Jack Spatafore,  
Don Sensabaugh

**Members Absent:** John Spiker

**Non-Members Present:** Kate Campbell of the Attorney General's Office

**Meeting Called to Order by:** Lesleigh Sprouse, Board Chair

**Minutes Taken by:** Frankie S. Cayton, Administrator

**Points of Discussion:**

**1. Fee Increases/Changes**

Research concerning information collected from surrounding States had been copied and circulated to the Board for the purpose of discussion during this call.

After discussion, Don Sensabaugh made Motion that the fees not specifically mentioned in Statutory Law be removed from the Regulatory Law; and that the fees that would remain in the Regulatory Law not be increased at this time. Lesleigh Sprouse seconded the Motion. As there was No Dissent, the Motion passed unanimously.

Kate Campbell then shared with the Board that her staff person would be working on compiling the necessary paperwork to file an Emergency Rule which would reflect the update in the English Proficiency Requirement eliminating the option of foreign-educated persons taking the Computer-Based Test (CBT) since the format of the Test had changed to Internet-Based Testing (IBT). She also indicated that as per the Board's agreement and Motion that she would include in these Emergency Rules the necessary paperwork to remove the mention of fees not specifically addressed by Statute. Ms. Campbell indicated that she would have the paperwork ready sometime next week for Lesleigh Sprouse, Board Chair to sign off on.

**2. (General Discussion - Misc.)**

Shannon Snodgrass inquired about the letter that was to be created and sent out to Dr. Vargas of Wheeling Jesuit with questions regarding his review of Lynn Mendicino Nettles' educational information that Ms. Nettles had forwarded to him

Lesleigh Sprouse said that she had not received any questions from the Board Members to include in the letter and it was generally agreed that Ms. Sprouse could create the letter and pose questions to Dr. Vargas based on the credential evaluation performed for the Board by their approved credentialing agency, I.C.A.

**3. Adjournment: 12:50 p.m. (Next Meeting Date: August 20, 2008)**

**WV BOARD OF PHYSICAL THERAPY - BOARD MEETING -  
PUBLIC SESSION - 10:00 a.m. August 27, 2008  
MINUTES**

642 Davisson Run Road  
CLARKSBURG, WV 26301  
PH: (304) 627-2251

MEMBERS PRESENT: Lesleigh Sprouse, Melanie Taylor, Jack Spatafore, John Spiker, Don Sensabaugh

MEMBERS ABSENT: Shannon Snodgrass

NON-MEMBERS PRESENT: Kate Campbell, Attorney General's Office,  
Michael B. Bates PT

MEETING CALLED TO ORDER BY: Lesleigh Sprouse;  
MINUTES TAKEN BY: Frankie Cayton

**(GUEST SPEAKER)**

\*\*\*Michael P. Bates PT will be speaking to the Board and addressing some areas of interest/concern.  
(A copy of his notes may be circulated prior to the Meeting - - if they are provided.)

Mr. Bates spoke to the Board regarding his concerns regarding wording in the Law that addressed the supervision ratio of Physical Therapists to Physical Therapist Assistants. He had consulted with a lawyer and there was some clarification that he felt was needed regarding the one to two ratio. His questions and concerns dealt with:

1. On site supervision vs. indirect supervision for PTA's
2. The ratio of one to two that could be supervised
3. Does the ratio mean "at any one time"; "in any work setting", etc....
4. The fact that the wording in the Law seems to make supervision of PTA's in "the field" less stringent than the supervision requirements in a standing facility where oversight most generally occurs at all times.

\*\*\* When Mr. Bates left, the Board discussed his concerns and agreed that he had raised some interesting points. The Board also agreed that the Law is clear regarding the work settings in which on site supervision is required (such as in §16-1-9.3.a.)

The Board believes that they have repeatedly interpreted the Law to mean that the one to two ratio applies in any practice setting. The Board agreed that the Model Practice Act should be checked for wording on supervision and ratios of PT's to PTA's; and that other professions who also license Assistants may have wording that should be checked; i.e. Occupational Therapists.

Don Sensabaugh made Motion that a letter should be sent to Mr. Bates with Lesleigh Sprouse's signature indicating that the Board understands his concerns and also acknowledges that he has raised some interesting points. The letter should also indicate that the Board has a sub-committee in place to review the Law and that the Committee which is comprised of Lesleigh Sprouse and Melanie Taylor will take suggestions under advisement. John Spiker seconded the Motion and since there was No Dissent, it passed unanimously.

(OLD BUSINESS)

1. Minutes of the previous Board Meeting.

\*\*\* The Minutes of the previous meeting held May 14, 2008 were reviewed and Motion for approval was made by Don Sensabaugh and seconded by Melanie Taylor. There was No Dissent, so the Motion passed unanimously.

\*\*\* The Minutes of the previous meeting held via conference call June 11, 2008, were reviewed and Motion for approval was made by Melanie Taylor and seconded by Don Sensabaugh. There was No Dissent, so the Motion passed unanimously.

\*\*\* The Minutes of the previous meeting held via conference call June 18, 2008, were reviewed.

Melanie Taylor brought up the data that was collected and circulated to the Board which reflected fees charged connected with licensing. The spreadsheet reflected that surrounding States were charging less for licensure and related services. Kentucky was specifically looked at in regards to how many services/functions are automated compared to WV.

Lesleigh Sprouse mentioned that information gained from the Kentucky Board of PT indicated that they only have a couple of jobs automated that the WV Board does not - - one being online renewals and another being license verifications.

The Board agreed that they would continue to conduct research and discuss ways to streamline office functions. In lieu of this discussion:

Melanie Taylor made Motion that the Minutes from this Meeting also include the spreadsheet that listed other surrounding States and the Fees that they charge for services. Jack Spatafore seconded this Motion. There was No Dissent, so the Motion passed unanimously and the Minutes were approved as amended with the inclusion of this information.

2. Financial Report - Quarter ending: June 30, 2008

A. (The Financial Report includes expenditures made with the Purchasing Card.)  
(Financial Reports kept by WV Financial Information Systems (WVFIMS) are the reports that I was told to utilize at the Sept. 26<sup>th</sup>, 2007 Licensing Board Meeting.)

Copies of specific transactions with cover sheets are available on site for review and inspection.

\*\*\* The Financial Report was reviewed and Motion for approval was made by Melanie Taylor and seconded by Jack Spatafore.

2. Financial Report - Quarter ending: June 30, 2008 (Cont.)

\*\*\* B. Additional (& Recent) Assessments to the Board (were listed in May 2008 Minutes)

Discussion needed regarding:

a. Budget Issues  
(Continue Accredited School Visits?)

The Board discussed how presentations could still continue at the schools with input coming from the Office and yet curtailing the personal on site visits. It was agreed that perhaps a video presentation could be created at the next on site visit to be made at Fairmont State PTA Program. Jack Spatafore indicated that they more than likely had the equipment necessary to create a DVD that could then be copied and circulated to the instate schools along with "Commonly Asked Questions with Answers" compiled by Frankie Cayton based on the numerous school visits already made.

This concept was unanimously agreed to and there was No Dissent.

\*\*\* b. Change how the Wall Certificates are produced and created?

Frankie Cayton showed the Board the various forms that are currently being run directly from the licensure database or other created Word document programs. She also showed the Board the current Certificates being used for Wall Certificates and said that because of their size that they could not be run through the Printers and had to be typed. As a result of this job being done this way, it continues to be a 14-step process just to get one mailed out to a Licensee.

The Board agreed that the size and type of the Wall Certificates could be changed in order that they could be run from a computer program via the printers rather than having them continued to be typed. They also agreed that in addition to making them the correct size which would be 8 1/2" x 11" that the color for the PT Certificates be changed to "Blue"; and that the PTA Certificates would remain "Carmine" (Red).

c. Letterhead Stationery

Melanie Taylor inquired about the Letterhead Stationery and if it could be produced in a way to cut costs.

Frankie Cayton shared with the Board that the last Proof sent to the Office for the Letterhead came via email and that the Proof was saved to the Word Processing Program; which means that the Letterhead can now be produced in house directly from the Word Processing Program via the color laser printer.

2. Financial Report - Quarter ending: June 30, 2008 (Cont.)

\*\*\* B. Additional (& Recent) Assessments to the Board (were listed in May 2008 Minutes)

Discussion needed regarding:

d. Office Space (Rent amount)

\*\*\* General discussion was held regarding the Lease the Board currently has with Mr. David Allen and if it could be broken.

Don Sensabaugh said he would like to look over the Lease Agreement. Frankie Cayton gave him a copy to take with him.

e. Bills from Attorney General's Office for services

The Board also generally discussed the possibility of rationing time spent contacting Kate Campbell regarding issues and that perhaps this time could be cut back on thus reducing these costs.

f. The Board generally discussed the need to eliminate a staff position in order to free up some revenue immediately. No decision was made at this meeting; but it was decided to have a conference call in the near future to discuss this further.

g. Letter to the Board from Kate Campbell regarding Merit Increases for Board Staff.

The Dental Board had requested an Official Attorney General's Opinion in regards to whether or not Joe Smith of the Governor's Office had the authority to deny merit increases for Board staff/employees.

The Official Attorney General's Opinion stated that Joe Smith did not have the authority to deny merit increases for Board staff/employees.

The Board discussed the current financial situation regarding shortfall versus revenues. It was agreed that a conference call would be set up for September 3, 2008, at 12:30 p.m. to discuss the Board's finances further.

3. Legislative Updates and Reports.)

A. Athletic Trainers Legislation

\*\*\* Nothing to Report at this time.

B. Rules and Regulatory Law

\*\*\* 1. Status of Emergency Rule (made effective August 5, 2008)

(No comments received during public comment period. Approval needed by the Board to file in final format as per Kate Campbell.)

Kate Campbell shared with the Board that the next step in the process for filing the Rule in final form would be to have the Board vote on it. If the Board votes to approve the proposed Rule, then Lesleigh Sprouse as Board Chair would have to sign off on additional paperwork (and that the deadline to file is Friday, August 29, 2008).

Don Sensabaugh made Motion that the Board approve the proposed Rule in order that it can be filed in final form. John Spiker seconded the Motion. As there was No Dissent the Motion passed unanimously.

4. Continuing Education Updates.

John Spiker and Jack Spatafore are the two Members serving on this Committee. In the event of a "tie" where one votes to "approve" and one votes "not to approve", the material is then copied and sent to the Board Chair for review.

Frankie Cayton shared with the Board that in comparing WV to KY and their operations, that The Kentucky Board of Physical Therapy processes no continuing education submissions and that this is a very time consuming job in the office taking about 1/3 of the time spent.

John Spiker and Jack Spatafore agreed that they would decide upon a day when they could both come to the Office and review the continuing education submission, the review, filing and documentation process to see if this process could be streamlined. They agreed to check their calendars and make contact with the Office for an upcoming visit.

4. Continuing Education Updates (Cont.)

\*\*\* (Cont. Education Audit Letters were mailed and responses were received)

27 - Physical Therapists Audited  
13 - Physical Therapist Assistants Audited

6 had to be contacted a second time with a reminder notice. Notice was sent to the second address available in the database for contact purposes; or to the same address as the first time. The difference being that the first mailing was sent "Certified, Return Receipt Required"; the second mailing went First Class to their last known contact address which meets the Law requirement for contacting individuals.

As of this writing only two people did not return Proof of CE.

Cheryl Murto PT # 523 - submitted an explanation saying she has not worked due to Rheumatoid Arthritis condition; she plans to place her License on Inactive Status effective January 1, 2009. (Status changes only occur during Renewal Season.)

Amy E. Criddle PTA #647 - I spoke with her by phone and she has not worked as a PTA. She has started her own business (PostNet) and plans to place her License on Inactive Status effective January 1, 2009. (Status changes only occur during Renewal Season.)

\*\*\* Don Sensabaugh made Motion that the two individuals should be contacted by letter and should be instructed to do their required continuing education within 30 days of the receipt of the letter or send in a written request to go "Inactive". Melanie Taylor seconded this Motion. As there was No Dissent, the Motion carried unanimously.

The Board generally discussed how a situation like this should be handled in the future. Mention was made of increasing continuing education fees and posting them to the Web Site as well as in the Board News Letter. It was suggested and agreed that a fee should be added in regards to "Administrative Costs associated with processing" for those individuals who were found to not be in compliance with the CE requirement and that the fee should be \$100.00.

Melanie Taylor made Motion that in the future an Administrative Cost Associated with Processing be assessed those Licensees who were found to not be in compliance with the requirement to get ten contact hours of CE per calendar year. Jack Spatafore seconded this Motion. As there was No Dissent, the Motion passed unanimously.

5. Disciplinary Committee Report. (Conference calls take place as needed.)

\*\*\* Don Sensabaugh and Jack Spatafore are the two Board Members serving on this Committee.

CASE DISCUSSION

Case No. 2007-01 (Original Complaint received 05/16/2007) (18 mos. = Nov. 17, 2008)

\*\*\* Case is Closed - No Probable Cause  
(Cynthia Fox's bill (not submitted as of this writing) will be at least \$700.00 for investigating and also documenting her findings.)

Case No. 2007-02 - ( Original Complaint Received 11/26/2007) (18 mos. = May 27, 2009)

\*\*\* Probable Cause was found in this Case. Consent Agreement signed by both parties. Six month Suspension of license privileges began on April 21, 2008 and will conclude on October 22, 2008. Invoice for the costs of the dissolution of the Case was sent to Respondent who has until October 22, 2008 to pay the amount in full.

Case No. 2008-01 - ( Original Complaint Received 04/01/2008) (18 mos. = Oct. 01, 2009)

\*\*\* The Disciplinary Committee agreed that an Ethics Investigator needed to be hired to investigate the issues raised in the complaint.

Ralph Utzman PT has spent some time speaking with the witnesses and also reviewing pertinent office and patient records.

Don Sensabaugh shared with the Board that Ralph Utzman, Ethics Investigator for the Board had copied and submitted to the Disciplinary Committee copies of patient records and time charts; the equivalent of which was 520 pages. He instructed Frankie Cayton to have a set of copies made in order that he and Jack Spatafore could each have their own set to take and review. He told the Board that a recommendation would be forthcoming after the review of the records.

6. Office Updates.

A. Workstations and licensing system software are being upgraded.

The office is still moving towards the goal of making on-line renewals via the new Web Site for licensees a reality. In lieu of this goal, a Web-based data base was created by Matthew Thornton who also created our new Web Site: [www.wvbopt.com](http://www.wvbopt.com) On-line renewals could be a reality for licenses expiring 12/31/2009.

Frankie Cayton discussed the need to have a test group try out the online renewal program as it was in place for use now. The idea being that any problems with online data information being submitted by a Licensee could be dealt with and eliminated prior to making it available to everyone.

John Spiker said that he and the people at his facility who were due to renew would be willing to use the online system as that test group.

So, sometime after October 1, 2008, there will be a few Licensees who will access and utilize the online system.

B. Discuss processing wall certificates via the computer program vs. getting printed and typing. (This was discussed and decided earlier in the Meeting.)

\*\*\*

**(NEW BUSINESS)**

8. CLEP Coursework - Accepted by the Board ? .....and How Many Credits to Accept ?

(Foreign-educated person from India, Suhrutha Gujjula, is still interested in this information)

The Board generally discussed this issue.

Melanie Taylor made Motion that the Board accept six (6) hours of General Education (with none containing lab classes). Don Sensabaugh seconded this Motion. As there was No Dissent, the Motion carried unanimously.

**9. Update on foreign-educated possible applicants:**

A. John Lapid

John Lapid has contacted I.C.A. and indicated that he will have a re-evaluation performed utilizing the Retro Course Work Tools.

B. Filnara Derrington

Ms. Garrett says she was involved in a conference call Friday, May 4, 2008 at 8:00 p.m. with Ms. Derrington and Debra Long, Mgr. of Rehab., Pleasant Valley Hospital. Ms. Garrett could not tell if Ms. Derrington would apply for the use of the Retro Course Work Tool or not.

C. Randy Abella

Mr. Abella has not contacted I.C.A.

D. Suhrutha Gujjula (this is the person interested in CLEP Coursework)

Ms. Gujjula did contact I.C.A. and informed them that her husband is a doctor and that they are relocating to Michigan. She will not be pursuing a WV PT License.

The Board agreed that a letter to Ms. Gujjula with Lesleigh Sprouse's signature informing her of the decision made this date to accept six (6) hours of General Education be sent.

E. Arnel Sanchez Mendoza

Mr. Mendoza has contacted I.C.A. and is requesting a re-evaluation utilizing the Retro Course Work Tool.

(NEW BUSINESS - CONT.)

**9. Update on foreign-educated applicants (Cont.)**

**F. Lynn Mendicino-Nettles - (educated in Norway)**

\*\*\* Mr. Vargas sent us his opinion regarding her information that she sent him. Lesleigh Sprouse contacted him via letter and mentioned deficiencies noted in the I.C.A. Eval.

Ms. Mendicino-Nettles sent an email to the Board Office wanting Lesleigh Sprouse's contact information. I forwarded the email to Lesleigh for review.

Ms. Mendicino-Nettles sent a Certified Letter to the Office addressed to Lesleigh Sprouse's attention. The Office forwarded it onto Ms. Sprouse.

Ms. Sprouse informed Administrator to email Ms. Mendicino Nettles informing her that we received the email and the Certified Letter and that the Board would have this subject on the Agenda for the August 27<sup>th</sup> Meeting.

\*\*\* The Board discussed this issue and agreed that a letter should be sent to Ms. Mendicino-Nettles with their conclusions.

Don Sensabaugh made Motion that a letter be sent to Ms. Mendicino-Nettles stating that the Board finds no bias in ICA's evaluation of her educational credentials; and while Dr. Vargas approved the criteria and educational information submitted to him, he was not given a copy of the Evaluation performed by ICA which noted and also identified deficiencies in her course work. The letter should go on to state that the Board agrees that ICA has adequately identified deficiencies in her education and accordingly, the Board's decision is that she is not eligible for Licensure in WV according to 16-1-10-1.&2.

The Letter should also state that the Board did adopt the use of Retro Coursework Tools for use by ICA in its meeting of April 2, 2008; and since ICA is the only Board-approved Credentialing Agency, it would be her decision as to whether or not to contact them and request that the appropriate Retro Coursework Tool be applied to her educational information with a re-evaluation being performed. The Letter should go on to state that if she chooses to do this, then ICA would send the results of this evaluation to the Board for its consideration.

Melanie Taylor seconded this Motion. As there was No Dissent, the Motion passed unanimously.

10. Recently Asked Questions:

(A. - E. Submitted by Melanie Taylor on behalf of someone else.

\*\*\* A. **Question:** How much supervision is required for a PT Tech to provide physical therapy services in an acute care or acute rehab setting?

**Answer:** The Board agreed that the PT Tech can assist in the performance of the Physical Therapy treatments and or service, but can only be supportive in nature when with the PTA, i.e. holding wheelchair, assisting with transfers for safety, moving IV pole, etc.... The Members also agreed that the PT Tech must be supervised by the PT and "supervision" is defined as "authoritative procedural guidance with initial direction and periodic inspection on a regular basis by a PT and that it requires the "actual physical presence of the PT in the immediate treatment area where the treatment is being rendered." (According to §16-2.6. and WV Code §30-20-2. Definitions (h) (1).)

B. **Question:** Can a PT or PTA bill for an exercise group done solely by a PT Tech? Such as a 15-20 person group in the middle of the gym while the PTAs and PTs are working with other patients? Does a PT need to be in the same room or participating in the group?

**Answer:** The Board agreed that the supervising PT must initiate, monitor and participate in the activity; and that the activity cannot be physical therapy if done by a PT Tech.

The Board agreed that the PT must supervise "Other Assistive Personnel"; not the PTA (According to §16-2.5. & 2.6 )

The Board agreed that they cannot give advice regarding billing issues and that such questions should be referred to the appropriate third party payer or CMS for what they require for supervision to make payment on such services rendered.

C. **Question:** Is there a limit on the number of patients that can be seen in a group setting for exercises?

**Answer:** The Board agreed that there is no provision in the Statute or Rules governing the practice of Physical Therapy; and that ultimately the PT should decide the appropriate number to safely allow in a group activity.

The Board agreed that they cannot give advice regarding billing issues and that such questions should be referred to the appropriate third party payer or CMS for what they require for supervision to make payment on such services rendered

10. Recently Asked Questions (Cont.)

D. **Question:** Would it be unethical or improper for a PT to see patients (and not bill for the service) in order to “walk” or “ambulate” to maintain their skills? Documentation would show the service as being non-skilled service.

**Answer:** The Board agreed that there is nothing in the Statute or Rules governing the practice of Physical Therapy that would indicate this as being inappropriate. It would not be, therefore, in violation of the Physical Therapy Law.

The Board agreed that they cannot give advice regarding billing issues and that such questions should be referred to the appropriate third party payer or CMS for what they require for supervision to make payment on such services rendered

E. **Question:** Since the Ohio Board of PT has decided to drop the “licensure applicant status” for new grads, is the WV Board considering dropping a temporary License?

**Answer:** The Board agreed that this answer to this question is “No”.

F. **Question:** How long does a facility have to keep hard copy patient records? Records are being transferred to storage devices and they want to discard the hard copy records.

Submitted by: Kanawha Valley PT

**Answer:** The Board agreed that the facility should pose this question to their own legal counsel.

10. Recently Asked Questions (Cont.)

G. **Question:** I am a PT in a nursing home with 2 PTAs as well as another PT as our Director of Rehab. We will be having another PTA as weekend PRN help and I have a question regarding the legalities of the supervised visits. The practice act states that the PTA's first visit with the patient must be supervised by a PT. (#1) Is this direct supervision ; and (#2) Must supervision be performed for 100% of the visit or is there a minute/unit guideline.

**Answer:** The Board agreed that the answer to the first part of the question is "Yes"; and the answer to the second part of the question is also "Yes".

As an example, could the patient, the PT and the PTA perform gait training together for approximately 15 minutes and the PTA be able to perform therapeutic exercises w/o the PT being present as long as instruction was given by the PT. Or, does the PT need to be present for the entire initial or joint visit?

Submitted by: Courtney Taylor PT

**Answer:** The Board agreed that the PT needs to be present for 100% of the entire initial visit and also 100% for the joint visit.

According to §30-20-2.(h)(1) "As contained in this section, the term "direct supervision" means the actual physical presence of the physical therapist in the immediate treatment area where the treatment is being rendered.

H. **Question:** I am a PT practicing in WV. I am currently employed by a company holding several long term care contracts in my area. I supervise a PTA at one of these facilities. I am no longer interested in supervising this PTA secondary to a variety of issues, including delinquent documentation, frequent patient/family/staff complaints of poor physical therapy treatments, not adhering to plan of care, etc... The company employing both the PTA and myself have issued several improvement plans for the PTA - - none of which have been adhered to.

My questions are:

1. Can I legally pull my supervision from this PTA?
2. If so, am I required to give Notice, and if so, how much notice?
3. So long as I agree to see these patients independently, can I legally be subject to disciplinary action from my employer for refusing to supervise this PTA?

Submitted by Anonymous

**Answer:** The Board agreed that the person inquiring should consult with a private attorney or an Employment Lawyer.

Members Present: Lesleigh Sprouse, John Spiker, Shannon Snodgrass, Melanie Taylor

Meeting called to order by Lesleigh Sprouse at 12:10 pm  
Minutes taken by Melanie Taylor

#### Agenda

#### 1. Discussion on Emergency Rule Changes or Additions

It was discussed that in the changes that were made in the last meeting it now appeared that for foreign trained PT only had to take one section of the English proficiency test. We need to change the wording to ensure that applicants take all 3 tests on English.

It was discussed that in sub section 16-1-6 we need to delete "or re-issued in the same calendar year" to make the rules for PT's and PTA's parallel.

The board also discussed again the issue of raising fees. After a long discussion it was agreed upon again to not increase any of the fees that were not changed in the last meeting.

Motion was made by Melanie Taylor to:

1. Change all the "or" Sub section 16-1-10c(1) to "and" so it is clear all three test must be take.
2. In Sub Section 16-1-6 delete "or reissued in the same calendar year"
3. Leave all fees that were not previously changed the same.

Motion was seconded by Shannon Snodgrass.

Meeting was adjourned at 1:00.

**Emergency Meeting of the WV Board of Physical Therapy  
via Conference Call, October 15, 2008**

**Public Session:**

**Noon till 12:50 p.m.**

**Members Present:** Lesleigh Sprouse, Shannon Snodgrass, John Spiker, Jack Spatafore,  
Don Sensabaugh

**Members Absent:** Melanie Taylor

**Non-Members Present:** Kate Campbell of the Attorney General's Office

**Meeting Called to Order By:** Lesleigh B. Sprouse, Board Chair

**Minutes Taken By:** Frankie S. Cayton

**Points of Discussion:**

1. To Discuss Disciplinary Case No. 2008-01

Don Sensabaugh, Member of the Disciplinary Committee, gave an update to the Board regarding the Ethics Investigator's Findings in this Case. Ralph Utzman PT had been enlisted by the Committee to physically visit the facility and to also take statements from witnesses. In the course of his investigation, Mr. Utzman also made copies of personnel and supervisory records as well as patient and daily scheduling records. These documents were forwarded to the Board Office and copied for each of the Disciplinary Committee Members for their review. The number of documents accumulated were over 520 pages.

Based on the review of all the information received, Don Sensabaugh and Jack Spatafore said that their recommendation to the Board would be one of Probable Cause based on records reflecting instances of improper supervision of personnel. It was noted in the documentation that the Respondent had established an Athletic Trainer as the direct supervisor for the Complainant in this Case who is a Physical Therapist Assistant. They further recommended that a Consent Order be created to be sent to the Respondent. The Consent Order should stipulate that Respondent would get a one-year probation, receive a public reprimand, pay legal, administrative and procedural costs associated with this Case, and also submit to unannounced visits at his own expense over the course of the year during the probationary period.

**General Discussion:**

The Board discussed the Disciplinary Committee's recommendation at length.

**Emergency Meeting of the WV Board of Physical Therapy  
via Conference Call, October 15, 2008  
Page 2**

**Points of Discussion:**

1. To Discuss Disciplinary Case No. 2008-01 (Cont.)

**Motion:**

John Spiker made Motion that Probable Cause be found in this Case. He further moved that the Respondent be given a public reprimand, a two-year probation with unannounced visits to be made to his facility and paid for at his own cost; that during this period of probation no students - - either PT or PTA – be allowed to participate in clinical training via Respondent’s facilities. He further moved that the Consent Order should stipulate that Respondent be required to pay all legal, administrative and procedural costs associated with this Case.

Jack Spatafore seconded this Motion; as there was No Dissent, the Motion carried unanimously.

**General Discussion:**

Don Sensabaugh made mention that a six-month status update letter was due to go out to the Complainant in this Case. Kate Campbell said that she would work on the Consent Order and also on the letter to the Complainant. It was agreed that she would notify Lesleigh Sprouse when the documents were ready in order for Lesleigh to stop by her office and sign off on them.

**Adjournment:**

Being as there was no further business to discuss, the Meeting adjourned by acclamation at **12:50 p.m.**

WV Board of Physical Therapy – Sunset Committee Conference call – Nov. 11, 2008

Public Session Called to Order by Lesleigh Sprouse @ 12:00 noon

Members present : Lesleigh Sprouse, Shannon Snodgrass, Melanie Taylor

Members Absent : None

Non Members Present : None

Minutes taken by Melanie Taylor

#### Purpose of Meeting

1. Discussion of PT and PTA supervisory restrictions of other states. She attached charts. Discussion also of the number and setting of PTA Disciplinary actions. There were a total of 9 disciplinary actions against PTA's since 2001. Of those 9, 2 cases were found to have no probable cause. In the remaining 7 cases that were found to have probable cause all of the settings were either Home Health or Nursing home.

Discussion also about new graduates working in those settings. It was discussed that most Home Health Agencies require PT / PTA's to have at least a year experience before working in the setting, but we are unsure if Nursing Homes require such experience before working in their setting.

Discussed possible limits to the PT / PTA ratio based on PTA experience or requiring increased supervision to increase the number of PTA supervised by a PT. For example:

1. Pennsylvania allows 3PTA's to each PT however they have to have 1 year experience and have more frequent supervisory visits if practicing without onsite supervision, such as Home Health, Nursing home, and school settings. PTA can practice in outpatient without a PT on site 50% of the time; however, Medicare does not allow billing of Medicare if PT is not on site.
2. New York allows a higher PTA to PT ratio with direct, on-site supervision, but limits PTA to PT ratio in settings with telecommunication supervision.

Discussed process of emergency rule. Plan to discuss the above findings with the board at the next meeting on 11-12-08.

Meeting adjourned @ 1:05 pm.

WV BOPT - AMENDED MINUTES - November 12, 2008  
PAGE 2

2. Minutes of the previous Board Meetings.

\*\*\* The Minutes of the previous meeting held August 27, 2008 were reviewed and Motion for approval was made by Don Sensabaugh and seconded by Shannon Snodgrass.

\*\*\* The Minutes of the previous meeting held September 26, 2008 were reviewed and Motion for approval was made by Don Sensabaugh and seconded by John Spiker.

\*\*\* The Minutes of the previous meeting held via conference call October 2, 2008 were reviewed and Motion for approval was made by Melanie Taylor and seconded by Don Sensabaugh.

\*\*\* The Minutes of the previous meeting held via conference call October 15, 2008 were reviewed and Motion for approval was made by Don Sensabaugh and seconded by John Spiker.

3. Financial Report - Quarter ending: September 30, 2008

A. (The Financial Report includes expenditures made with the Purchasing Card.)  
Financial Reports kept by WV Financial Information Systems (WVFIMS) were given to the Board.

Copies of specific transactions with cover sheets are available on site for review and inspection.

Don Sensabaugh asked for the FIMS Report ending September 30. He was given the office copy to review. He suggested a spreadsheet be kept and distributed each month showing expenditures. Also, he believes members need the quarterly FIMS Report.

Frankie is to have budget info distributed by next week showing expenditures and deposits.

Last FIMS Report shows balance of \$12,698 at the end of June 2008. As of June 2007, the revenue income was \$20,000 less.

Discussion about when Conda would be paid for annual and sick leave. Kate stated that she doesn't think pay is given for sick leave and will check to clarify.

Discussion re needing to know from the State when Conda will be paid for budget purposes.

Melanie Taylor made the motion that Frankie should produce a monthly statement showing expenditures, deposits and a running balance in the same format as the quarterly report until further notice. Also, Frankie needs to find out when Conda Mace will be paid for vacation time and/or for sick leave. Seconded by Don Sensabangh and unanimously approved. Melanie will notify Frankie via email concerning what is needed.

\*\*\* The Financial Report was reviewed - no motion to approve due to incomplete information.

General Discussion:

B. Budget Update - (Monthly WVFIMS reports and Revenue Log Sheets were previously circulated.)

Balance as of: Monday, November 10 = \$10,000

C. Office Space

\*\*\* An inquiry was made to Carolyn Thomas of Leasing in regards to any other available space in the immediate area. A mention was also made regarding any small Agency in the area that might be interested in sharing space with the Board in our current location. (This would be subject to our Landlord's approval, of course.)

No word from Leasing to date. Article did appear in Clarksburg Paper reflecting the plans to tear down the old State Office Bldg. and build a new one with local State Agencies that were forced to move out - - to move back.

Blackburn Architectural Associates were contracted to create blueprints of the new space a few years ago. Cost to the State for this service was approximately \$400,000. There are copies of the blueprints that were designed for this Agency's space on site.

A second email to Carolyn Thomas of Leasing was sent.

Discussion by the Board included:

Frankie Cayton contacted Carolyn Thomas of Leasing in Charleston concerning other available office space in the immediate area. and received no response. After follow-up by Frankie, still no response.

Discussion about the office space being more than is needed, our rent being high, and Frankie speaking to the Landlord, David Allen, about a reduction in rent. It was decided that since we plan to move in a few months, it wouldn't be fair to Mr. Allen to ask for a reduction in rent, then leave.

4. Legislative Updates and Reports.

\*\*\* A. Athletic Trainers Legislation

Nothing to report at this time.

B. Rules and Regulatory Law

\*\*\* 1. Status of Emergency Rule (made effective August 5, 2008)

(Lesleigh Sprouse will report on what the Board may expect during the upcoming Legislative Session; i.e. other interested parties amending our current Rule.)

Lesleigh Sprouse gave report.

Discussion about questions raised concerning proposed changes. Don Sensabaugh suggested that a statement be put on the website that the changes will not change the supervisory ratio. The Board's intent is to clarify the current law and to avoid complaints of inconsistencies. Lesleigh is to make the statement and also add questions and answers.

Melanie Taylor gave a report about supervisory ratio from information received from other states. It was the general consensus that we should not change our ratio at this time.

Anyone can look at the changes on the Secretary of State's website, <http://www.wvsos.com>

Don Sensabaugh commented that perhaps the reason we have so few disciplinary cases is because we have a stricter ratio than some other states.

The Board decided now is not the time to think about changing the supervision ratio, but may change it later.

Discussion about the possibility of lobbyists affecting the ratio law.

Lesleigh mentioned that Nancy Tonkin had contacted her about amendments and that she does not think the WVPTA would try to add an amendment to the current changes this Board has proposed.

Melanie Taylor suggested, and it was unanimously agreed, that the next Board meeting be scheduled in January instead of February so they could meet again before the Legislature convenes and possibly see what they will be reviewing.

C. Sunset Committee Report

\*\*\* (Serving on this Committee are Lesleigh Sprouse, Melanie Taylor and Shannon Snodgrass.)

Melanie Taylor created a summary sheet about information collected from other states which was given to all Board Members (see attachment).

5. Continuing Education Updates.

(John Spiker and Jack Spatafore are the two Members serving on this Committee)

\*\*\* Reminder letters were sent out to Ms Murto and Ms. Criddle with Lesleigh Sprouse's signature after the 30 days for each of them had expired.

The response received was that one was disabled and the other has not been working in physical therapy but would complete the required CE. Nothing has been received as yet. Both are due to renew this year.

Discussion about nothing being in our Law to discipline licensees who do not comply with the CE requirement.

Don Sensabaugh stated that their license could be suspended according to 30-20-10(9). Discussion followed about suspending a license for noncompliance of CE requirements after the 30 days given to comply.

Kate Campbell suggested that the license of those not complying with the CE be changed to a lapsed status and not in good standing.

Don Sensabaugh cited excerpts from the Law 30-20-8(b) that states that to renew a lapsed license, a renewal fee would be charged for each year it was lapsed.

Melanie Taylor made a motion, which was seconded by John Spiker and unanimously approved, that a form letter be created by Don Sensabaugh that a license has lapsed and is not in good standing due to noncompliance of CE requirements with a copy sent to the employer. They are given 30 days to provide proof that they completed the CE requirement, not 30 days to complete the CEUs. The form letter will be emailed to Frankie, who will prepare a letter for Lesleigh's signature.

Discussion about when the CE Audit is run, when letters are mailed and the percentage of licensees audited.

Shannon Snodgrass made a motion, seconded by Melanie Taylor, and unanimously approved that the percentage of licensees in the CE Audit be changed from 2% to 5% for 2009 with audit letters being sent no later than February 2009. It was also agreed that notice of the increase in the number of licensees audited be placed on the Board website, as well as the Association website. In the notice, only that there will be an increase, not the percentage.

- \*\*\* B. Update from John Spiker and Jack Spatafore resulting from CE Review/Office Visit  
(Their recommendations)

The recommendation was made for CE to be approved in the Office without sending to the Committee Members, unless there is a question. This would save time, postage, paper, copying, and faxing. It was estimated that the number of courses not receiving approval by the Committee in a year is 1% or less.

- \*\*\* C. Use PRT (Practice Review Tool) for CE credit?

FSBPT has a 3 hour Continuing Competence Test that Lesleigh Sprouse and Melanie Taylor are scheduled to take in December. FSBPT recommends offering 10 credit hours. Other states are offering part or all of the 10 credit hours. The purpose of the test is to find areas that need improvement.

Melanie Taylor Made Motion that 3 hours be approved for the course since CE guidelines designate that only actual contact hours may be counted. Jack Spatafore seconded this Motion and also suggested that the FSBPT submit our CE Form for our records with the required fee waived. Melanie Taylor is to contact FSBPT with this information. The Motion and second Motion passed unanimously.

6. Disciplinary Committee Report (Conference calls take place as needed.)

- \*\*\* (Don Sensabaugh and Jack Spatafore are the two Board Members serving on this Committee.)

A. CASE DISCUSSION

Case No. 2008-01 - ( Original Complaint Received 04/01/2008) (18 mos. = Oct. 01, 2009)

Don Sensabaugh stated that **Case No. 2008-01** is the only open case. He and Jack had a teleconference and a Probable Cause letter with allowance of 30 days for a response will be sent.

6. Disciplinary Committee Report (Cont.)

- \*\*\* B. Information circulated to the Disciplinary Committee regarding advertising by a Massage Therapist.  
Don stated that this is not the job of the Disciplinary Committee. He suggested that a letter be sent to the Massage Therapy Board with a copy to the facility.

Kate Campbell said the only course of action would be to file an injunction against the Massage Therapist from practicing physical therapy.  
Recommendation that Kate will call Frankie about drafting a letter.

- \*\*\* C. Discipline Case Information (Information presented at the FSBPT Meeting)  
(Melanie Taylor to report on standardizing discipline as presented in Annual Mtg. Session)

Melanie Taylor received information that some other Boards send all their Board Members for CLEAR training so that they can conduct investigations of complaints. Discussion about different states' procedures for investigating and disciplinary cases.

Don stated that would not be a good idea since Board Members change and only an average of 1 complaint per year is received. And, we have the option of hiring a private investigator.

Discussion about private investigators not being familiar with physical therapy and not knowing pertinent questions to ask or information to find.  
Don commented on the excellent and thorough investigation conducted by Ralph Utzman and how his report included reference to the Law.

Shannon Snodgrass asked why it takes so long to process a complaint. Don said that he spoke to the complainant to explain the process of investigating, reviewing material, Committee meetings, correspondence via mail, etc takes some time. Then, a decision is made and a letter sent with 30 days being given for a response.

Kate Campbell mentioned that this Board has a good turnaround time on disciplinary cases.

Shannon Snodgrass suggested training investigators who are retired physical therapists or PTs not currently working. She also suggested that discipline for offenses by the same licensee be more severe each time.

6. Disciplinary Committee Report (Cont.)

C. Discipline Case Information (Cont.)

Discussion about information Melanie Taylor received from other states for disciplinary guidelines. She particularly liked the guidelines used by the California Board where offenses and penalties are spelled out. Don suggested looking at the California Guidelines.

7. Office Updates.

A. Online License Renewals.

\*\*\* The Treasurer of State's Office and Matthew Thornton, Web Site and Database Designer are working together to get the online portal ready to receive credit card payments on or about November 15, 2008.

A test group made up of John Spiker and Licensees at his facility who are due to renew will have access as soon as it is ready.

A credit card payment account is to be set up in Charleston. Frankie is to call tomorrow and send Lesleigh Sprouse and John Spiker her findings.

B. Wall Certificates

\*\*\* GOES Certificate paper that can be used with laser printers has been purchased. So in the future, these will no longer be typed; but instead will be run via the computer.

Certificate Paper for PT's is Blue; and for PTA's Carmine (Red)

C. School Presentations

\*\*\* A generic power point presentation for students has been created by the FSBPT. The Office will be getting a copy (or copies) of this from Mark Lane to share with the instate PT/PTA Programs.

7. Office Updates (Cont.)

D. Conda K Mace, Retired

\*\*\* Conda Mace finalized her retirement paperwork and retired effective November 1, 2008. She had unused annual and sick leave time that amounted to 1648 hours that will be paid from our account into her retirement allotment. (Amount for annual leave days and pro-rated increment = \$4,264.75). (Amount for unused sick time = N/A)

She would be willing to come a couple days per week as a part time employee at an hourly rate (w/o benefits) as needed.

Suggestion made to hire Conda under contract at the rate of pay she was receiving when she worked full time for 16 hours per week, and not to exceed 8 weeks, to help during renewal season.

The Board decided that before a final decision is made, the budget needs to be reviewed and what the hourly rate would be. Since the Board will not meet again until after renewal season, Don Sensabaugh made the motion, seconded by Melanie Taylor, and unanimously approved, that Lesleigh Sprouse is to make the decision after reviewing the budget and is informed of the hourly rate.

\*\*\* E. Vicki Maxwell

A title change would be in order for Vicki Maxwell from Office Assistant to either Administrative Assistant or Assistant Executive Secretary.

Decision to table until next meeting.

8. Board Newsletter. (Previous Newsletters now appear on the Web Site)

\*\*\* The current issue is almost finalized and will be posted to the Web Site soon.

An additional article on the Emergency Rule has been written by Lesleigh Sprouse that will appear in the Board's News Letter. She is also going to submit it for inclusion in the Association's News Letter.

The most recent newsletter is currently on-line.

Shannon Snodgrass asked if the newsletters could be mailed with license renewals. It was decided not to mail the newsletters because of the cost involved.

8. Board Newsletter (Cont.)

Melanie Taylor noted that the question she submitted by a licensee was not in the newsletter.

Lesleigh Sprouse explained that the responses in this newsletter were from previous meetings. The question should be in the Spring 2009 Newsletter. Articles for the next newsletter should be submitted by the end of April/May.

**(Articles for the next issue should be submitted by the end of April/May 2009)**

Assigned topics for the fall/winter newsletter will be as follows:

- A. Introduction/Greeting - Lesleigh B. Sprouse
- B. Rule changes
- C.
- D.
- E. Recently asked questions - Frankie Cayton  
(Approved in Minutes)  
Disciplinary Actions; Address Change Reminder  
Continuing Education Requirement Reminder (Fee Information?)

It was also previously agreed that the News Letter should include any and all recent training done by the Board Members and/or Staff. **Board News Letters are posted and may be downloaded from our Web Site in pdf format.**

9. Update on foreign-educated possible applicants:

A. John Lapid (educated in the Philippines)

\*\*\* John Lapid had a re-evaluation performed by I.C.A. utilizing the Retro Course Work Tools. He was still found to be deficient. In lieu of that finding, he has submitted additional documentation to the Board for consideration.

Per ICA, he does not meet the criteria for licensure. He attended a CE course on Wound Care. After discussion, it was decided that he has the option to send the course to ICA for evaluation.

9. Update on foreign-educated possible applicants (Cont.)

B. Sharda Mohammed (educated in Canada)

\*\*\* Sharda Mohammed had an evaluation performed by I.C.A. utilizing the Retro Course Work Tools. She was still found to be deficient. In lieu of that finding, she has submitted additional documentation to the Board for consideration. (This information was previously circulated.)

Pending ICA report.

Discussion by the Board included:

Discussion using ICA or FCCPT credentialing agencies. Lesleigh Sprouse stated that Linda Blass of FSBPT believes 100% to be too strict. Discussion regarding the Board's previous decision to use the retro tool and keep 100%. Per Lesleigh, ICA suggests 75% because if 100%, course work must have the exact same title. And, that the goal of FSBPT is movability of therapists between states. The previous Board changed to 100% in 2005. Texas is the only state that uses 100%. Lesleigh Sprouse stated that in April, the 4<sup>th</sup> version tool will be tougher and that FCCPT trains users and continues to monitor proper use of the tool. Discussion that the FCCPT created the tool and monitors its use closely, but it is not known what ICA does.

\*\*\* C. Lynn Mendicino-Nettles - (educated in Norway)  
(Nothing to report at this time.)

Conference Call on 12-10-08  
Amended Minutes

Members Present : Don Sensabaugh, Jack Spatafore, Lesleigh Sprouse, Melanie Taylor

Members Absent : John Spiker, Shannon Snodgrass

Meeting called to order by Lesleigh Sprouse at 12:04 pm  
Minutes taken by Melanie Taylor

Points of discussion

1. Letter from Genesis :

Lesleigh will revise her letter and e-mail to board members again. The letter will state that the board is not currently changing any of the law or the rules regarding the supervision of PTA's by PT's we are attempting to better define the term of supervision. The letter will also discuss the fact that the board has researched the disciplinary cases and all the cases involving PTA's that have probable cause, are settings involving indirect supervision. The letter will also include that the board is happy to hear the opinion of Genesis and the AP'IA, but we are not ready to meet with individual groups.

2. Lesleigh has spoken with ICA and has discussed with the board that ICA does continually train their employees on the use of the course work evaluation tool. ICA suggested that the tool should be used as it is designed to be use.

Motion was made Don and seconded by Lesleigh to lower the standard to 75% and not use the electromyograph (# 11) section of the tool. Voting For the motion was Lesleigh Sprouse, Don Sensabaugh, and Jack Spatafore. Voting against was Melanie Taylor.

Lesleigh will construct a letter to ICA advising of the Boards recent changes.

3. The board has received a call regarding an extension for a current respondent to either sign the current Consent Agreement and Orders or request a Hearing. He was instructed to submit the request in writing. The Board discussed a giving a 15 day extension due the respondents attorney being replaced. Once the written request is received, The board will issue a response letter giving a 15 day extension for either the Consent Agreement to be signed and comply with the orders or request a Hearing. The original 30 days will expire on January 3, 2009.

Meeting was adjourned at 12:39 pm.
