6. Teresa Ritchie made a motion to approve:

Because the Board has implemented practices to allow for the quick licensing of applicants and in an effort to continue to promote public protection through the licensing of qualified practitioners, I move that the Board ask the Governor to lift the following suspended provisions contained in Executive Order 10-20 issued March 23, 2020:

1. Requirement that any person practicing or offering to practice as a registered nurse (RN) or advanced practice registered nurse (APRN) have a license issued by the West Virginia Board of Registered Professional Nurses (W.Va. Code 30-7-2), with the exception of those pending complaints, investigations, consent orders, board orders, or pending disciplinary proceedings and provided the RN or APRN is licensed in another state;
2. Requirement that RN and APRN licenses have a renewal period requirement (W.Va. Code 90-7-8);

Nancy Atkins offered the second. The motion Carried.

Board Meetings and Agendas

7. MISCELLANEOUS

7.A. RENEWAL OF LICENSES FOR RN'S AND APRN'S

- 7.A. A discussion ensued related to the Governor's Executive Order 10-20 regarding renewal of license for RN's and APRN's. Teresa Ritchie made a motion to request that the Governor lift the suspension of the following statutory requirements:

Requirement that any person practicing or offering to practice as a registered nurse (RN) or advanced practice registered nurse (APRN) have a license issued by the West Virginia Board of Registered Professional Nurses (W. Va. Code 30-7-2), with the exception of those with pending complaints, investigations, consent orders, board orders, or pending disciplinary proceedings and provided the RN or APRN is licensed in another state;

-Requirement that RN and APRN licenses have a renewal period requirement (W. Va. Code 90-7-8)

To support this request, the Board offers the following information:

*The Board has processed 270+ registered nurses (RN's) and advanced practice registered nurses (APRN's) to work in WV on another state license. There are approximately 200 nurses pending to be processed.

*The Board has received numerous from large companies (for example: Signify Health from Texas and Cornell Health in New York) which may not have patients located in WV.

*There are some APRNs and RNs licensed in West Virginia furloughed. However, these individuals are returning to work as restrictions are rescinded.

*The surge timeframe has passed.

*Endorsement applications can be processed very quickly by the Board, often within a day.

*The licensure process allows for the proper vetting of applicants.

*The Board approved guidelines to be implemented by staff that would allow individuals who have suffered a hardship due to COVID-19 to receive a waiver of the licensing fees.

Board Meetings and Agendas

*Board rules already have a waiver for low income individuals.

*APRN's do not renew until the spring of 2021.

And to additionally, inform the Governor that the Executive Director has contacted Signify Health and asked if there were patients in West Virginia being provided services from nurses employed with their company and I have not received a response. Also, Cornell Health is a company that provides student health services. At this time, it is not clear why these companies are requesting that their employed nurses be permitted the opportunity to practice in West Virginia without being licensed. The second was offered by Ann Bostic. The motion carried.

7.B. REVIEW OF DATES FOR JUNE MEETING

- 7.B. The Executive Director reminded the Board of the regularly scheduled Board Meeting set for June 12, 2020 and the Board Committee meetings and Joint LPN/RN meeting previously scheduled for June 11, 2020. A brief discussion ensued. The Board directed staff to research ways to accomplish these meeting if possible due to the restrictions related to the Government shut down caused by the Covid-19 pandemic.
