July 1, 2016

The Honorable Earl Ray Tomblin
Governor of West Virginia
State Capitol, Building 1
Charleston, West Virginia 25305

Dear Governor Tomblin,

The West Virginia Board of Respiratory Care is pleased to provide you with our annual report for the period of July 1, 2015 to June 30, 2016.

The mission of this agency is to provide competent and qualified respiratory therapists for the citizens of West Virginia. The West Virginia Board of Respiratory care provides oversight of the licensing of respiratory therapists in this state, provides guidelines for licensing requirements, renewal of licenses, continuing education requirements, and investigations and/or prosecution of license violations.

The Board of Respiratory Care consists of seven members appointed by the governor with the advice and consent of the senate. Members consist of one lay person, one practicing physician currently licensed to practice in West Virginia with certification, clinical training and experience in the treatment of pulmonary diseases, and five members engaged in the practice of respiratory care for five years immediately preceding their appointment.

The Board of Respiratory Care works with state and national organizations to maintain the highest standards of the practice of respiratory care to ensure the citizens of West Virginia are protected and offered the highest quality of care in the practice of respiratory therapy.

Please contact our office with any questions or comments regarding the information contained in this report.

Respectfully submitted,

Tracy S. Matthews, MBA, RRT, LRTR
President

OVERVIEW OF ACTIVITIES

Members of the Board of Respiratory Care are appointed to serve in a voluntary capacity. The Board members are selected from various regions of the state and are practiced in home care and acute care. The Board is composed of five therapists; one physician and one lay member. As of June 2015, two of the board member terms have expired. The composition of the Board provides a knowledge base to insure the public that all facets of respiratory care and private citizen's input are represented.

The West Virginia Board of Respiratory Care is an active participant in meetings across the state and national level. Their participation in these meetings addresses the areas of licensing, professional regulation, standards of care, clinical practice guidelines and overall changes to the healthcare delivery system. Several members of the board attend and are active in the American Association of Respiratory Care with a nationwide organizational capacity of over 52,000 members. With continued involvement, the West Virginia Board of Respiratory Care and licensed practitioners in the State of West Virginia are abreast of national issues facing the current and future delivery of respiratory care services.

The Board also participates in the National Board of Respiratory Care's Disciplinary Database and the National Practitioners Data Bank – Health Practitioners Data Bank which are national databases of final disciplinary actions taken against respiratory care practitioners in all licensure states.

Respiratory practitioners holding a license to practice in the State of West Virginia are categorized into associates, certified therapists and registered therapists. As of June 30, 2016, the West Virginia Board of Respiratory Care maintained a total of

1,727 active licenses, 48 inactive licenses, and 12 active student permit practitioners in its database.

The board continues to recognize the National Board of Respiratory Care's examination as the criteria for licensing respiratory therapists in West Virginia. This national examination provides for interstate endorsement of licensees without further testing. The national examination is computerized and is offered to graduating students at more than 100 testing locations nationally. The West Virginia Board of Respiratory Care issues a license to practice when an applicant completes the educational requirements of graduation from a Respiratory Care Educational Program of a COARC accredited school and by passing at minimum, the entry level examination, and payment of appropriate fees. All applicants are verified with the National Board of Respiratory Care Disciplinary Database. Moreover, if licensed in another state the applicant is verified by that state for any disciplinary action (completed or pending). The board is considering proposing legislation for background checks.

Fiscal Year 2016 Board Activity

During fiscal year 2016, the board maintained ongoing communications with the public thru its website at www.wvborc.org and conducted four board meetings;

August 14, 2015, October 14, 2015, December 16, 2015 and April 6, 2016

September, 2015 – Tracy Matthews represented the board at the National Board of Respiratory Care's State Government Liaison meeting in Lenexa, KS. Mr. Matthews, Regina Gillispie, and Leonard Picha represented the board at the West Virginia Society for Respiratory Care's Fall Conference in Flatwoods, WV. Eric Hawkins represented

the board at the FOCUS Conference in New York while Leonard Picha represented at the American Association of Respiratory Care Pulmonary Disease Conference in Dallas, TX.

October, 2015 – Regina Gillispie and Eric Hawkins represented the board for the WV Sleep Conference in Flatwoods, WV.

November, 2015 – Tracy Matthews represented the board at the American Association of Respiratory Care International Congress in Tampa, Fl.

December, 2015 - Nancy Massey, Regina Gillispie, and Leonard Picha represented the board at the Auditor's Annual Required Training Seminar for State Licensing Boards and Purchasing Card Seminar in Charleston as set forth in the West Virginia State Code §30-1-2a.

January, 2016 – The Auditor's Office Purchasing Card Division completed a four year review/audit of the board's use of its Purchasing Card. Mr. Tim Butler presented his findings to Nancy Massey, Board Administrator and the report was given to each board member at the April, 2016 meeting of the board. The report was satisfactory and there were no findings of misuse. Mr. Butler's report did recommend that all documents for each purchase be provided to the board individually.

February, 2016 – Tracy Matthews and Leonard Picha represented the board at the West Virginia Society for Respiratory Care's Winter Conference in Canaan Valley, WV, and was very active for Government Organization Committee hearings during the Legislative Session.

The West Virginia Board of Respiratory Care continues to operate a web site at www.wvborc.org with links to the West Virginia State homepage, various national organizations, and continuing education sponsors for respiratory care. Various forms,

online license renewal payments, license verifications, and other information are available from the web site in continuing efforts for public communication. All monies and payments are processed by the West Virginia Treasurer's Office or the Treasurer's Office E-Gov for the board.

In April of 2016, the board approved for a new website to be designed and 1st Stage one to be launched before the license renewal period beginning in November, 2016. The new site will allow for disciplinary action documents to be uploaded to the online licensee lookup for the 2nd Stage beginning February, 2017.

The board is committed to collaboration with other health related or licensing agencies and organizations in West Virginia and nationally, to identify needs, improve public access, and provide information about education, licensure practice, discipline and accountability for health professionals. To this end, the board has continued to provide open public communication through its web site and staffed office located at 106 Dee Drive in Charleston, West Virginia, 25311.

AARC Request

Tracy Matthews received a request from the National Board of Respiratory Care to post our board meeting minutes to our website. Regina Gillispie motioned that the board's meeting minutes be posted to our website after they have been approved. Eric Hawkins approved.

Conference Reviews –

Tracy Matthews was our board representative for the NBRC State Liaison Meeting in Kansas City. Mr. Matthews reviewed conference information with the board in regard to other state's government agencies and the issues they are experiencing with regulation and respiratory practice.

Tracy Matthews represented our board for the WV Society of Respiratory Care's Fall Conference in September. He was a speaker and provided information to attendees regarding the rules, regulations, and practice in our state. Mr. Matthews also discussed the meeting and issues that were presented.

Nancy Massey attended the WV State Auditor's Conference in Snowshoe on September 23, 24, and 25th as required for Purchasing Card training.

Len Picha represented our board at the AARC Pulmonary Conference in Texas. Len Picha's summary:

The two day Pulmonary Education Course focused on Pulmonary Function technology explaining the ATS standards for the Respiratory Therapist, Need for tobacco cessation, pulmonary Rehab and patient education. This course identified the components if comprehensive disease management and the essential skills needed by the RT practitioner. The program discussed on developing effective communication and how to use various adult learning techniques to overcome barriers. Presented an update on current respiratory medications and delivery devices; described the physiologic benefit of supplemental oxygen therapy and how to select the appropriate delivery system. Program identified how to develop appropriate interventions for pulmonary exacerbations. Program explained on the need for developing nutritional strategies for the pulmonary patient. Program introduced concept of palliative care and end-of life care for lung disease patients. The presentation provide an overview of significant changes to Medicare's' discharge planning process and identified opportunities for the respiratory therapist to play a greater role. Program explained the need for meaningful outcomes in chronic disease management.

The Pulmonary disease Educators course allowed to gain knowledge and skills needed for the Respiratory Therapist to address readmissions and improve the quality of life of patients with chronic pulmonary disease. This program also allowed me to see how other states were addressing the needs and future of the Respiratory Care Profession.

Eric Hawkins represented our board for the FOCUS meeting in New York. Eric Hawkin's summary:

On September 28th and 29th, 2015 I attended the Focus 2015 Conference in Albany NY. This was a well-attended conference with a wide variety of topics addressing respiratory care and sleep medicine. Multiple tracks were offered include adult and pediatric respiratory care and a variety of sleep topics. A management track was offered as well. Dr. Robert Kacmarek presented the keynote address offering a vision of Respiratory Care for 2015 and beyond. I was especially motivated and enlightened from lectures on the use of electronic devices in the health care arena and a one detailing the future of health care as we transition from one that is heavily focused on acute care to developing chronic disease management programs.

Regina Gillespie and Eric Hawkins represented our board at the WV Sleep Conference:

Eric Hawkins summary: On October 2nd and 3rd, 2015 I attended the West Virginia Annual Sleep Conference held at the Stonewall Jackson Resort. The conference was well attended and supported by multiple vendors. Physicians from our state presented a wide range of relevant presentations useful for attendees. Topics included discussions of the role of oral appliances in the treatment of obstructive sleep disorders. Other topics covered the changing sleep patterns in children from early childhood through adolescents, highlighting how their lifestyle impacts sleep and the negative impacts that sleep debt have on them. This was a very enlightening conference and offered a good opportunity to network with those involved in sleep throughout our state.

Regina Gillispie summary: The WVSRC meeting offered more insights into the direction of Pulmonary Rehab and the reimbursement issues. The speaker gave various examples of how other areas of the country are offering these services. The WVSRC also had 2 lectures on COPD readmissions. This was very interesting one went over technology being used and the other lecture focused on how the RT's in the hospital setting can get more involved. These are important for the future of RT's and reimbursement. The WVSS meeting gave me insight into how the dental profession is moving more into the sleep apnea treatment area. Contrast between oral appliances and C-PAPS were discussed. The insomnia lecture was interesting but not really important to RT. Inpatient sleep testing was another topic that had relevance for RT's. It is important for reimbursement issues to make sure the correct route of doing the sleep study is used. Other topics more related to just sleep issues that also involve the neurology piece.

BOARD MEETING MINUTES – APRIL 6, 2016

Presiding: Tracy Matthews
Present: William (Bill) Boring, Eric Hawkins, Regina Gillispie, Leonard (Len) Picha
Absent: Jane Antulov
Recording: Nancy Massey

Proposed Agenda

Eric Hawkins motioned to approve the proposed meeting agenda. Len Picha seconded. Motion carried.

Board Minutes; December 16, 2015

Bill Boring motioned to approve the previous board minutes of December 16, 2015. Eric Hawkins seconded. Motion carried.

Executive Session – Eric Hawkins motioned to go into executive session to discuss personnel and disciplinary issues. Regina Gillispie seconded. Motion Carried.

Regular Session – Eric Hawkins motioned to return to regular session and Bill Boring seconded. Motion Carried.

Disciplinary Actions

Case: 16-16; Tina Archer, RN claiming to be a Licensed Respiratory Therapist. After an investigation was concluded by Tracy Matthews, it was determined this was a case of mistaken identity. Complaint originated from residence in State of South Carolina which does license a Valentina Archer as a Respiratory Therapist. It is not the same Tina Archer who is licensed as a Registered Nurse in the State of West Virginia. Bill Boring motioned to dismiss this case as “no jurisdiction” and “erroneous complaint”. Eric Hawkins seconded. Motion carried

Discussion ensued expressing a need for information to be sent to all hospitals and healthcare facilities in West Virginia and surrounding states providing notice that their facility is to provide this board notice when a Respiratory Therapist (who is licensed by this state) is disciplined by their facility in regard to patient care. Regina Gillispie motioned to have board staff prepare and mail notices. Eric Hawkins seconded. Motion carried.

DME Out of State Services

Discussion ensued regarding out of state DME companies providing mail order respiratory equipment with no Licensed Respiratory Therapist to provide onsite set-up and/or patient instruction/monitoring. The board will provide information on Rule 7 to out of state DME companies that wish to provide mail order respiratory equipment to citizens in West Virginia.

NC Supreme Court vs. NC Dental Board Impact on West Virginia

During the 2016 Legislative Session several bills were introduced to change the make-up of the boards stating Anti-Trust issue from the NC Dental Board case. Each licensing board was to meet with Delegate Howell and Government Organization Committee Attorneys to review their statute to ensure our discipline cases were handled correctly without raising any anti-trust concerns. When Tracy Matthews and Nancy Massey meet with the delegation, it was determined that our discipline case procedures were in compliance. Further, Delegate Howell offered to work with the board to assist in updating our statute language and on other issues as well.

WVSRC Review – Len Picha

The WVSRC 2016 meeting was very informative. Received updated actions and election results for WVSRC officers 2016-2017. The Key note speaker lecture was very informative on Transitional Care Medicare demonstration project giving insight on how to expand a TCS-CMS bundle project. Three different models were presented especially for COPD patients. Looks promising for the RT practitioner future involvement. Again speakers emphasized the need for the RC practitioner to get involved with more than just bedside tx. RC's need to get involved with patient education and build patient relationships while delivering high quality care become an active member of the care team. Ethics and compliance lecture was very good with regards to the AIG office and what they look for. Review of High Frequency Jet ventilation and disease states with latest trends in treatment. E-cigarettes and vaping trends are up among teenagers. Also Diacetyl a cancer causing agent was detected in most vaping solutions, currently unregulated by the FDA. RT student presentations were very informative and revealed future promising RC practitioners.

Administrative Operations Review – Nancy Massey

- The following copies were presented to the board members for review.
