(304) 558-1382**

STATE OF WEST VIRGINIA
BOARD OF RESPIRATORY CARE
106 DEE DRIVE, SUITE 1, CHARLESTON, WV 25311
304.558.1382 **304.558.1383**

December 20, 2021

The Honorable Jim Justice
Governor of West Virginia
State Capitol, Building 1
Charleston, West Virginia 25305

Dear Governor Justice,

The West Virginia Board of Respiratory Care is pleased to provide you with our annual report for the period of July 1, 2020, to June 30, 2021, in accordance with Chapter 30-1-12 of the West Virginia State Code.

The mission of this agency is to protect the public in providing competent and qualified respiratory therapists for the citizens of West Virginia. The West Virginia Board of Respiratory care provides oversight of the licensing of respiratory therapists, provides guidelines for licensing requirements, renewal of licenses, continuing education requirements, and investigations and/or prosecution of license violations.

The Board of Respiratory Care consists of seven members appointed by the governor with the advice and consent of the senate. Members consist of one lay person, one practicing physician currently licensed to practice in West Virginia with certification, clinical training and experience in the treatment of pulmonary diseases, and five members engaged in the practice of respiratory care for five years immediately preceding their appointment.

The Board of Respiratory Care works with state and national organizations to maintain the highest standards of the practice of respiratory care to ensure the citizens of West Virginia are protected and offered the highest quality of care in the practice of respiratory therapy.

Respiratory Therapists have been one of the leading professions in the treatment and care of COVID-19 patients in all aspects of the healthcare field.

Please contact our office with any questions or comments regarding the information contained in this report.

Respectfully submitted,

Tracy S. Matthews, MBA, RRT, LRTR
Board President

LICENSED RESPIRATORY PRACTITIONERS BY COUNTY	25-76

OVERVIEW OF ACTIVITIES

Members of the Board of Respiratory Care are appointed to serve in a voluntary capacity. The Board members are selected from various regions of the state and are practiced in home care and acute care. The Board is composed of five respiratory therapists: one physician and one lay member. The composition of the Board provides a knowledge base to ensure the public that all facets of respiratory care and private citizen's input are represented.

The West Virginia Board of Respiratory Care is an active participant in meetings across the state and national level. Their participation in these meetings addresses the areas of licensing, professional regulation, standards of care, clinical practice guidelines and overall changes to the healthcare delivery system. Several members of the board attend and are active in the American Association of Respiratory Care with a nationwide organizational capacity of over 48,000 members. With this continued involvement, the West Virginia Board of Respiratory Care and licensed practitioners in the State of West Virginia are abreast of national issues facing the current and future delivery of respiratory care services.

The Board also participates in the National Board of Respiratory Care's Disciplinary Database and the National Practitioners Data Bank – Health Practitioners Data Bank which are national databases of final disciplinary actions taken against respiratory care practitioners in all licensure states.

Respiratory practitioners holding a license to practice in the State of West Virginia are categorized into associates, certified therapists, and registered therapists. As of June 30, 2021, the West Virginia Board of Respiratory Care maintained a total of 1,841 active licenses, 79 inactive licenses, 31 active student permits, and 115 Emergency COVID-19 Permits for practitioners in its database. On March 26, 2020, the board suspended certain sections two

rules; Establishment of Fees 2.2.1, 2.2.3, and Student Temporary Permits 2.1.1, 2.3.1, 3.1.6 to allow the board to expedite the issuance of licenses and/or permits to fast track more Respiratory Therapist into the healthcare field during the Covid-19 pandemic. The board further suspended the entire rule of Continuing Education Requirements to allow Respiratory Therapists to dedicate their time and effort in caring for the patients in the State of West Virginia.

The board continues to recognize the National Board of Respiratory Care's examination as the criteria for licensing respiratory therapists and other credentials in the practice of respiratory care in the State of West Virginia. This national examination provides for interstate endorsement of licensees without further testing. The national examination is computerized and is offered to graduating students at more than 100 testing locations nationally. The West Virginia Board of Respiratory Care issues a license to practice when an applicant completes the educational requirements of graduation from a Respiratory Care Educational Program of a COARC accredited school and by passing at minimum, the entry level examination, and payment of appropriate fees. All applicants are verified with the National Board of Respiratory Care Disciplinary Database and the US Department of Health and Human Services Healthcare Providers Disciplinary Database. Moreover, if an applicant previously held or is currently licensed in another state, the applicant is verified by those states for any disciplinary action which may be completed or pending. During the Governor's Executive Order of State of Emergency in March, the board began expediting and issuing Covid-19 Temporary License Permits for inactive, student, and interstate practitioners to assist with the anticipated need of additional respiratory services in treating Covid-19 patients.

Fiscal Year 2020-21 Board Activity

During fiscal year 2020, the board maintained ongoing communications with the public by launching its updated website at www.borc.wv.gov and conducted three board meetings;

November 20, 2019, March 10, 2020, and June 9, 2020. The June 9, 2020, meeting was conducted by teleconference.

During fiscal year 2021, the board launched a new website at www.wvborc.com designed and hosted by the WV State Treasurers Office. This new site allows licensee to request name changes, verifications, and to renew their license online. New and reinstatement license applications are also performed online in real time. The board continues its efforts to become paperless and efficient for its licensees and employers. The board conducted three board meetings by teleconference; September 8, 2020, March 31, 2021, and June 14, 2021.

Due to Covid-19, the board continued to operate by remote access and appointment only. Meetings, webinars, conferences continue to be attended by teleconference. No physical travel was conducted by the board.

The West Virginia Board of Respiratory Care continues to operate a web site at www.borc.wv.com with links to the West Virginia State homepage, various national organizations, and continuing education sponsors for respiratory care. Various forms, online license renewal payments, license verifications, and other information are available from the web site in continuing efforts for public communication. All monies and payments are processed by the West Virginia Treasurer's Office or the Treasurer's Office E-Gov for the board.

The board is committed to collaboration with other health related or licensing agencies and organizations in West Virginia and nationally, to identify needs, improve public access, and provide information about education, licensure practice, discipline, and accountability for health professionals. To this end, the board has continued to provide open public communication through its website and staffed office located at 106 Dee Drive in Charleston, West Virginia, 25311.
