## STATUTORY HISTORY

### [West Virginia Code § 30-13A](#)

West Virginia Code § 30-13A is accompanied by five (5) rules and regulations that govern or detail licensing, continuing education, complaints, fees, and minimum standards, associated with professional surveying.

## COMPLAINTS

Complaints are processed in accordance with Procedural Rule 23 CSR 3, Disciplinary and Complaint Procedures for Land Surveyors (2001). Once a complaint is received at the Board office, an acknowledgement letter explaining the complaint process is mailed to the complainant with a copy to the licensed surveyor. The complaint then goes through a preliminary review to determine whether it is founded or unfounded. An unfounded complaint is outside the jurisdiction of the Board or there are insufficient grounds to pursue an investigation. If the Board concurs, unfounded complaints are summarily dismissed. Founded complaints are filed, assigned a complaint number, and the licensee is sent a certified letter to respond to the allegations within 30 days. Following an opportunity for the complainant to review and respond to the surveyor's response, the complaint is sent to the Board's Complaint Review Committee (CRC) for review and recommendation.

During Fiscal Year 2009, 47 complaint forms were mailed to potential complainants. Of those, 10 were returned prior to the end of the fiscal year. 6 additional complaints were filed by the Board. Of the 20 founded (filed) complaints, 8 or 40% were from unlicensed practice and 12 or 60% involved licensees. 4 complaints from fiscal year 2009 remain open.

The primary reasons for complaints against licensees were:

- failure to contact or notify adjoiningers
- failure to apply minimum standards

## COMPLAINTS 8-YEAR REVIEW

## COMPLAINT REVIEW COMMITTEE (CRC)

The CRC assists the Board in the review and investigation of founded complaints by: summarizing complaint allegations and reviewing the surveyor's response to them; providing technical review and evaluation of the facts as they relate to the law, rules or regulations; and to make recommendations to the Board for further action. The CRC, which is chaired by Board Member Mark H. Hornish, P.S., consists of four other licensed professional surveyors who also function as contract investigators. The members represent different regions throughout the state and do not investigate complaints within their respective areas.
