The Executive Director discussed upcoming changes to the NEHA Procedures for the RS/REHS test which they are implementing on January 1, 2020. NEHA says they are having to raise the fees due to increasing costs for managing it. They also discussed that it would enhance

test security to have it On-line testing. They are eliminating paper written tests. All testing will be done through computer testing facilities around the state using online test. Dave,

I've attached the year to date finance report. The training & development costs converted to zero from the last report since the Association paid the fee for Lloyd for the annual Licensing Board training.

The budget for FY 2019 was pre-set again at \$6,858.00 in May when I was preparing the budget. I wasn't permitted to increase it with the budget office at that time.

I'll need to request an increase in spending authority sometime after the new fiscal year begins. The total we increased it to for FY 2018 was 12,500.

The board will need to vote on the increase in spending authority when you provide the finance report.

Thanks,
Linda
