[Passed March 13, 2010; to take effect July 1, 2010.]

AN ACT to amend and reenact §5B-2F-2 of the Code of West Virginia, 1931, as amended, relating to the duties of the Division of Energy and the Office of the Director for Energy Development.

Be it enacted by the Legislature of West Virginia:

That §5B-2F-2 of the Code of West Virginia, 1931, as amended, be amended and reenacted, to read as follows:

ARTICLE 2F. DIVISION OF ENERGY.

Enr. Com. Sub. for Com. Sub. for S. B. No. 518] 2

§5B-2F-2. Purpose; office of Director for Energy Development; director to be member of Public Energy Authority; division to develop energy policy and development plan; contents of energy policy and development plan; and division to promote energy initiatives.

1 (a) Effective July 1, 2007, the Division of Energy is 2 created as a state agency under the Department of Com-3 merce. The division may receive federal funds. The 4 division shall be administered by a director, who shall be 5 appointed by the Governor, by and with the advice and 6 consent of the Senate, and shall continue to serve until his 7 or her successor is appointed and qualified as provided. 8 The director shall be selected with special preference and 9 consideration given to his or her training, experience, 10 capacity and interest in energy policy and development 11 activities.

12 (b) Creation of the division is intended to provide 13 leadership for developing energy policies emphasizing the 14 increased efficiency of energy use, the increased develop-15 ment and production of new and existing domestic energy 16 sources, the increased awareness of energy use on the 17 environment and the economy, dependable, efficient and 18 economical statewide energy systems capable of support-19 ing the needs of the state, increased energy self-sufficiency 20 where the ratio of indigenous to imported energy use is 21 increased, reduce the ratio energy consumption to eco-22 nomic activity and maintain low-cost energy. The energy 23 policies and development plans shall also provide direc-24 tion for the private sector.

(c) The director shall administer the daily operations of
the Public Energy Authority provided under the provisions
of chapter five-d of this code. The director shall also have
authority over the Office of Coalfield Community Development, created by the provisions of article two-a of this

3 [Enr. Com. Sub. for Com. Sub. for S. B. No. 518

chapter, and the energy efficiency program existing under
the West Virginia Development Office which are hereby
transferred to the division. The director shall effectuate
coordination of these entities relative to the purposes
provided in this article.

(d) The division shall develop an energy policy and shall
report the same back to the Governor and the Joint
Committee on Government and Finance before December
1, 2007. The energy policy shall be a five-year plan setting
forth the state's energy policies and shall provide a
direction for the private sector. Prior to the expiration of
the energy policy, the division shall begin review of the
policy and submit a revised energy policy to the Governor
and the Joint Committee on Government and Finance six
months before the expiration of the policy.

(e) The director shall be a member of the Public Energy
Authority and as such shall attend and participate in all
official meetings and public hearings conducted under the
auspices of the authority.

49 (f) The division shall prepare and submit an annual 50 energy development plan to the Governor and the Joint 51 Committee on Government and Finance on or before 52 December 1, of each year. The development plan shall 53 relate to the division's implementation of the energy policy 54 and the activities of the division during the previous year. 55 The development plan shall include any recommended 56 legislation. The Public Energy Authority, the Office of 57 Coalfield Community Development, the energy efficiency 58 program, the Department of Environmental Protection 59 and the Public Service Commission, in addition to their 60 other duties prescribed by this code, shall assist the 61 division and the director in the development of an energy 62 policy and related development plans. The energy devel-63 opment plan shall set forth the plans for implementing the 64 state's energy policy and shall provide a direction for the

Enr. Com. Sub. for Com. Sub. for S. B. No. 518] 4

private sector. The energy development plan shall recognize the powers of the Public Energy Authority as to
development and financing of projects under its jurisdiction and shall make such recommendations as are reasonable and practicable for the exercise of such powers.

70 (g) The division shall hold public hearings and meetings 71 with notice to receive public input regarding proposed 72 energy policies and development plans. The energy policy 73 and development plans required by subsections (d) and (f) 74 of this section shall address increased efficiency of energy 75 use, traditional and alternative energy, water as a resource 76 and a component of energy production, energy distribution systems, the siting of energy facilities, the increased 77 78 development and production of new and existing domestic 79 energy sources, increased awareness of energy use on the 80 environment and the economy, energy infrastructure, the 81 development and implementation of renewable, clean, 82 technically innovative and advanced energy projects in 83 this state. Projects may include, without limitation, solar 84 and wind energy, low-impact hydro power, geothermal, 85 biomass, landfill gas, fuel cells, renewable hydrogen fuel 86 technologies, waste coal, coal mine methane, coal gasification to ultraclean fuels, solid waste to fuel grade ethanol 87 and coal liquefaction technologies. 88

(h) The division may propose rules for legislative approval in accordance with the provisions of article three,
chapter twenty-nine-a of this code designed to implement
an energy policy and development plan in accordance with
the provisions of this chapter.

(i) The energy policy and development plans required by
subsections (d) and (f) of this section shall identify and
report on the energy infrastructure in this state and
include without limitation energy infrastructure related to
protecting the state's essential data, information systems
and critical government services in times of emergency,

5 [Enr. Com. Sub. for Com. Sub. for S. B. No. 518

100 inoperativeness or disaster. In consultation with the 101 Director of the Division of Homeland Security and 102 Emergency Management, the director of the division shall 103 encourage the development of energy infrastructure and 104 strategic resources that will ensure the continuity of 105 governmental operations in situations of emergency, 106 inoperativeness or disaster.

107 (j) In preparing or revising the energy policy and devel-108 opment plan, the division may rely upon internal staff 109 reports or the advice of outside advisors or consultants 110 and may procure such services with the consent of the 111 Secretary of Commerce. The division may also involve 112 national, state and local government leadership and 113 energy experts.

(k) The division shall prepare an energy use database, including without limitation, end-use applications and infrastructure needs for different classes of energy users including residential, commercial and industrial users, data regarding the interdependencies and sources of electricity, oil, coal, water and gas infrastructure, data regarding energy use of schools and state-owned facilities and collect data on the impact of the energy policy and development plan on the decisions and strategies of energy users of the state.

(1) The division shall promote collaboration between the
state's universities and colleges, private industry and
nonprofit organizations to encourage energy research and
leverage available federal energy research and development resources.

(m) The division shall promote initiatives to enhance the
nation's energy security through research and development directed at transforming the state's energy resources
into the resources that fuel the nation.

(n) The Performance Evaluation and Research Divisionof the Legislative Auditor's office shall perform an agency

Enr. Com. Sub. for Com. Sub. for S. B. No. 518] 6

135 review of the Division of Energy in 2010 as part of its136 review of the Department of Commerce as set forth in137 article four, chapter ten of this code.

(o) The division shall work with the President of the
United States and his or her administration to develop a
plan that would allow West Virginia to become the leader
in transitioning the United States to a new energy future.

(p) The division is to determine the best way for West
Virginia to utilize its resources and any federal funding to
develop the technologies that are necessary for such a
transition.

(q) The division is to clearly articulate West Virginia's
position on an energy solution for the United States that
encompasses clean coal, natural gas, transtech energy
technologies and renewable energy technologies.

(r) The division shall develop and distribute an informational program and policies that emphasize the importance of West Virginia energy resources and their positive
impact on the eastern seaboard and the nation.

(s) The division shall monitor legal challenges to the
energy industries in the state and submit a report quarterly to the Joint Committee on Government and Finance.
The report shall contain information relating to any
litigation that challenges any statute that could affect the
production, distribution and utilization of natural resources of the state.
