15 **§33-15F-1. Purpose.**

16 Although the regulation of private health insurance markets
17 has historically been the province of the states, the Patient

19 amended by the Health Care and Education Reconciliation Act of

21 insurers offering health benefit plans that may also be enforced by
22 states with sufficient statutory authority to do so. In order to
23 preserve, to the greatest extent possible, state regulatory control
24 consistent with these new federal laws. This article incorporates

1 (c) If a group health plan, or a health insurance issuer
2 offering group or individual health benefit plans, provides or
3 covers any benefits with respect to services in an emergency
4 department of a hospital, the plan or issuer shall cover emergency
5 services without the need for any prior authorization

5 dependency on the primary subscriber or plan participant.

6 (b) Any child who is not covered because he or she had lost
7 coverage or had been denied coverage on the basis of age shall be
8 afforded written notice of eligibility to enroll and at least
