14 relating to standards of performance for new stationary  
15 sources; authorizing the Department of Environmental  
16 Protection to promulgate a legislative rule relating to the  
17 control of air pollution from the combustion of solid waste;  
18 authorizing the Department of Environmental Protection to  
19 promulgate a legislative rule relating to the control of air  
20 pollution from hazardous waste treatment, storage and disposal  
21 facilities; authorizing the Department of Environmental  
22 Protection to promulgate a legislative rule relating to  
23 requirements for operating permits; authorizing the Department  
24 of Environmental Protection to promulgate a legislative rule

1 relating to emission standards for hazardous air pollutants;  
2 authorizing the Department of Environmental Protection to  
3 promulgate a legislative rule relating to water pollution  
4 control permit fee schedules; and authorizing the Department  
5 of Environmental Protection to promulgate a legislative rule  
6 relating to the WV/NPDES regulations for coal mining  
7 facilities.

8 *Be it enacted by the Legislature of West Virginia:*

9 That article 3, chapter 64 of the Code of West Virginia, 1931,  
10 as amended, be amended and reenacted to read as follows:

11 **ARTICLE 3. AUTHORIZATION FOR DEPARTMENT OF ENVIRONMENTAL**  
12 **PROTECTION TO PROMULGATE LEGISLATIVE RULES.**

13 **§64-3-1. Department of Environmental Protection.**

14 (a) The legislative rule filed in the State Register on August  
15 30, 2012, authorized under the authority of section twenty-nine,  
16 article fifteen-a, chapter twenty-two of this code, modified by the  
17 Department of Environmental Protection to meet the objections of  
18 the Legislative Rule-Making Review Committee and refiled in the  
19 State Register on December 13, 2012, relating to the Department of  
20 Environmental Protection (covered electronic devices recycling, 33  
21 CSR 12), is authorized with the following amendment:

22 On page two, paragraph 4.1.b.1., by striking out all of  
23 paragraph 4.1.b.1. and inserting in lieu thereof a new paragraph  
24 4.1.b.1., to read as follows:

1           4.1.b.1. Within one year after the effective date of this  
2 rule, receiving, storage, operations and shipping areas must be  
3 under a roof or in an enclosed area sufficient to prevent  
4 stormwater contamination.

5           (b) The legislative rule filed in the State Register on August  
6 24, 2012, authorized under the authority of section seventeen,  
7 article eighteen, chapter twenty-two of this code, relating to the  
8 Department of Environmental Protection (hazardous waste  
9 administrative proceedings and civil penalty assessment, 33 CSR  
10 27), is authorized.

11           (c) The legislative rule filed in the State Register on  
12 September 4, 2012, authorized under the authority of section six,  
13 article six-a, chapter twenty-two of this code, modified by the  
14 Department of Environmental Protection to meet the objections of  
15 the Legislative Rule-Making Review Committee and refiled in the  
16 State Register on February 14, 2013, relating to the Department of  
17 Environmental Protection (horizontal well development, 35 CSR 8),  
18 is authorized with the following amendments:

19           On page two, after subsection 2.12., by inserting a new  
20 subsection 2.13. to read as follows:

21           2.13. "Health care professional" means a physician, physician  
22 assistant, nurse practitioner, registered nurse, or emergency  
23 medical technician licensed by the State of West Virginia.

24           And renumbering the remaining subsections;

1           And,

2           On page 10, Section 5.6.e., line 1 and 2, by deleting the  
3 sentence that reads, "A copy of the approved Water Management Plan  
4 shall be available upon request." and inserting in lieu thereof the  
5 following:

6           "Signage shall be posted at each water withdraw site that  
7 provides how to obtain the Water Management Plan, the phone number  
8 of the company conducting the withdraw, the Office's web site name  
9 and phone number, and the permit number."

10          And,

11          On page 10, subsection 5.7.a, line 5, following the words "is  
12 sought," by inserting the words "the anticipated MSDS Sheets, and"

13          And,

14          On page 10, subsection 5.7.1, line 12, following the words  
15 "emergency services." by inserting the following:

16          "The operator shall also provide the Well Site Safety Plan to  
17 the surface owner and any water purveyor or surface owner subject  
18 to notice and water testing as provided in subsection 15 of this  
19 rule.

20          And,

21          On page 19, Section 9.1.b.2, line 3, following the words "will  
22 be utilized" by striking out the period and inserting a comma and  
23 the following:

24          "and the telephone number for the Department of Environmental

1 Protection."

2 And,

3 On pages 23 and 24, by striking out all of subsection 10.1.  
4 and inserting in lieu thereof a new subsection 10.1. to read as  
5 follows:

6 10.1. Well Records Made During Permitted Work - The well  
7 operator or its contractor (service provider, drilling contractor  
8 or other contractor, as appropriate) shall keep at the well  
9 location a copy of the application as permitted, including the  
10 associated plat and plans required by section 5 of this rule. The  
11 well operator or its contractor (service provider, drilling  
12 contractor or other contractor, as appropriate) shall also make and  
13 preserve at the well location accurate records of all well work  
14 performed pursuant to the permit, including documentation by the  
15 contractor or person performing the cementing services of the time  
16 of completion of cementing and the volume of cement used for the  
17 cementing of all casing operations. The records shall be complete  
18 enough to support, as applicable, the entries of well work done and  
19 related data on Form WR-35, "Well Operator's Report of Well Work",  
20 Form WR-36, "Well Operator's Report of Initial Gas-Oil Ratio Test",  
21 and Form WR-38, "Affidavit of Plugging and Filling Well", but these  
22 forms shall reflect information discovered or changes made after  
23 the permitted well work has been finished and before the reports  
24 are filed. The records made and preserved at the well location and

1 the recordings made on Form WR-35 shall include, but not be limited  
2 to, indications of caverns, open mines or other voids, whether the  
3 freshwater casing cement circulated to the surface, and the efforts  
4 made to fill the annular space and the results. Unless the records  
5 of well work performed are prepared by the well operator or owner,  
6 a copy of all the records shall be delivered to the well owner or  
7 operator, except for those records the contractor (service  
8 provider, drilling contractor or other contractor, as appropriate)  
9 designates as a confidential trade secret.

10 10.1.a. As part of the well completion report (Form WR-35),  
11 the operator or its service provider shall list all the additives  
12 used in the hydraulic fracturing or stimulation process, including  
13 each additive's specific trade name, supplier, and purpose. The  
14 operator or its service provider shall also list each chemical of  
15 each additive intentionally added to a base fluid for the purpose  
16 of preparing a fracturing fluid, along with each chemical's CAS  
17 registry number, if applicable, its maximum concentration in the  
18 additive, and its maximum concentration as added to the base fluid,  
19 and the volume of the base fluid used. The concentrations shall be  
20 expressed as a mass percent. The operator or service provider may  
21 designate the information regarding the specific identity or  
22 concentration or both of a chemical as a confidential trade secret  
23 not to be disclosed to the agency or anyone else except in the  
24 event of an investigation by the office, medical emergency, or for

1 diagnostic or treatment purposes involving the designated chemical,  
2 pursuant to subdivisions 10.1.d. and 10.1.e. below.

3 10.1.b. The operator or service provider shall fulfill the  
4 additive reporting requirement of subdivision 10.1.a. above by  
5 submitting the information to the office and the FracFocus Chemical  
6 Disclosure Registry.

7 10.1.c. As part of the well completion report (Form WR-35),  
8 the operator shall report the volumes of fluids pumped and  
9 treatment pressures recorded throughout the hydraulic fracturing  
10 process.

11 10.1.d. In the event of an investigation by the office  
12 involving a chemical designated as a confidential trade secret, the  
13 operator or service provider shall provide the specific identity of  
14 the chemical, the concentration of the chemical, or both the  
15 specific identity and concentration of the chemical, as needed, to  
16 the agency upon receipt of notification from the chief or his or  
17 her designee stating that such information is necessary in  
18 connection with an investigation by the office. Upon receipt of  
19 such notification of need, such information shall be disclosed by  
20 the operator or service provider, as applicable, directly to the  
21 chief or his or her designee and shall in no way be construed as  
22 publicly available. The chief or designee may disclose information  
23 regarding the specific identity of a chemical, the concentration of  
24 a chemical, or both the specific identity and concentration of a

1 chemical claimed to be a confidential trade secret to additional  
2 agency staff members to the extent that such disclosure is  
3 necessary to allow the agency staff member receiving the  
4 information to assist in such an investigation by the office,  
5 provided that such individuals shall not disseminate the  
6 information further and such information shall at all times be  
7 considered confidential and shall not be construed as publicly  
8 available. Upon request by the operator or service provider, and  
9 where a notification of need is provided orally, the chief shall  
10 execute a written statement of need indicating that the information  
11 was necessary in connection with an investigation by the office.

12 10.1.e. The operator or service provider shall provide the  
13 specific identity of a chemical designated as a confidential trade  
14 secret, the concentration of the chemical designated as a  
15 confidential trade secret, or both the specific identity and  
16 concentration of the chemical designated as a confidential trade  
17 secret, as needed, upon request to a health care professional in a  
18 medical emergency, or for diagnostic or treatment purposes. The  
19 health care professional shall only use the information provided by  
20 the operator or service provider for diagnosis or treatment of an  
21 individual, and the operator or service provider may provide notice  
22 to the health care professional at the time of release of the  
23 information, that the information provided is solely for diagnosis  
24 or treatment of the individual, that the information may be a trade

1 secret, and disclosure to others for any other purpose may subject  
2 that health care professional to a legal action by the operator or  
3 service provider for violating its trade secret.”

4 And,

5 On page 30, by striking out all of subsection 13.5.”
