9  
10  
11 AN ACT to amend and reenact §62-12-13 of the Code of West Virginia, 1931, as amended, relating  
12 to permitting parole hearings to be conducted without the presence of the inmate when a  
13 documented medical condition precludes his or her appearance.

14 *Be it enacted by the Legislature of West Virginia:*

15 That §62-12-13 of the Code of West Virginia, 1931, as amended, be amended and reenacted  
16 to read as follows:

17 **ARTICLE 12. PROBATION AND PAROLE.**

18 **§62-12-13. Powers and duties of board; eligibility for parole; procedure for granting parole.**

19 (a) The Parole Board, whenever it is of the opinion that the best interests of the state and of  
20 the inmate will be served, and subject to the limitations provided in this section, shall release any  
21 inmate on parole for terms and upon conditions provided by this article.

22 (b) Any inmate of a state correctional institution is eligible for parole if he or she:

23 (1) (A) Has served the minimum term of his or her indeterminate sentence or has served one

1 fourth of his or her definite term sentence, as the case may be; or

2 (B) He or she:

3 (i) Has applied for and been accepted by the Commissioner of Corrections into an accelerated  
4 parole program;

5 (ii) Does not have a prior criminal conviction for a felony crime of violence against the  
6 person, a felony offense involving the use of a firearm or a felony offense where the victim was a  
7 minor child;

8 (iii) Is not serving a sentence for a crime of violence against the person, or more than one  
9 felony for a controlled substance offense for which the inmate is serving a consecutive sentence, a  
10 felony offense involving the use of a firearm or a felony offense where the victim was a minor child;  
11 and

12 (iv) Has successfully completed a rehabilitation treatment program created with the assistance  
13 of a standardized risk and needs assessment.

14 (C) Notwithstanding any provision of this code to the contrary, any inmate who committed,  
15 or attempted to commit, a felony with the use, presentment or brandishing of a firearm, is not eligible  
16 for parole prior to serving a minimum of three years of his or her sentence or the maximum sentence  
17 imposed by the court, whichever is less: *Provided*, That any inmate who committed, or attempted  
18 to commit, any violation of section twelve, article two, chapter sixty-one of this code, with the use,  
19 presentment or brandishing of a firearm, is not eligible for parole prior to serving a minimum of five  
20 years of his or her sentence or one third of his or her definite term sentence, whichever is greater.  
21 Nothing in this paragraph applies to an accessory before the fact or a principal in the second degree  
22 who has been convicted as if he or she were a principal in the first degree if, in the commission of  
23 or in the attempted commission of the felony, only the principal in the first degree used, presented

1 or brandished a firearm. An inmate is not ineligible for parole under the provisions of this paragraph  
2 because of the commission or attempted commission of a felony with the use, presentment or  
3 brandishing of a firearm unless that fact is clearly stated and included in the indictment or  
4 presentment by which the person was charged and was either: (i) Found guilty by the court at the  
5 time of trial upon a plea of guilty or nolo contendere; (ii) found guilty by the jury, upon submitting  
6 to the jury a special interrogatory for such purpose if the matter was tried before a jury; or (iii) found  
7 guilty by the court, if the matter was tried by the court without a jury.

8 (D) The amendments to this subsection adopted in the year 1981:

9 (i) Apply to all applicable offenses occurring on or after August 1 of that year;

10 (ii) Apply with respect to the contents of any indictment or presentment returned on or after  
11 August 1 of that year irrespective of when the offense occurred;

12 (iii) Apply with respect to the submission of a special interrogatory to the jury and the finding  
13 to be made thereon in any case submitted to the jury on or after August 1 of that year or to the  
14 requisite findings of the court upon a plea of guilty or in any case tried without a jury: *Provided,*  
15 That the state gives notice in writing of its intent to seek such finding by the jury or court, as the case  
16 may be. The notice shall state with particularity the grounds upon which the finding will be sought  
17 as fully as the grounds are otherwise required to be stated in an indictment, unless the grounds upon  
18 which the finding will be sought are alleged in the indictment or presentment upon which the matter  
19 is being tried; and

20 (iv) Does not apply with respect to cases not affected by the amendments and in those cases  
21 the prior provisions of this section apply and are construed without reference to the amendments.

22 (v) Insofar as the amendments relate to mandatory sentences restricting the eligibility for  
23 parole, all matters requiring a mandatory sentence shall be proved beyond a reasonable doubt in all

1 cases tried by the jury or the court.

2 (E) As used in this section, “felony crime of violence against the person” means felony  
3 offenses set forth in article two, three-e, eight-b or eight-d, chapter sixty-one of this code; and

4 (F) As used in this section, “felony offense where the victim was a minor child” means any  
5 felony crime of violence against the person and any felony violation set forth in article eight, eight-a,  
6 eight-c or eight-d, chapter sixty-one of this code.

7 (G) For the purpose of this section, the term “firearm” means any instrument which will, or  
8 is designed to, or may readily be converted to expel a projectile by the action of an explosive,  
9 gunpowder or any other similar means.

10 (2) Is not in punitive segregation or administrative segregation as a result of disciplinary  
11 action;

12 (3) Has prepared and submitted to the Parole Board a written parole release plan setting forth  
13 proposed plans for his or her place of residence, employment and, if appropriate, his or her plans  
14 regarding education and post-release counseling and treatment: *Provided*, That an inmate’s  
15 application for parole may be considered by the board without the prior submission of a home plan,  
16 but the inmate shall have a home plan approved by the board prior to his or her release on parole.  
17 The Commissioner of Corrections or his or her designee shall review and investigate the plan and  
18 provide recommendations to the board as to the suitability of the plan: *Provided, however*, That in  
19 cases in which there is a mandatory thirty-day notification period required prior to the release of the  
20 inmate, pursuant to section twenty-three of this article, the board may conduct an initial interview  
21 and deny parole without requiring the development of a plan. In the event the board believes parole  
22 should be granted, it may defer a final decision pending completion of an investigation and receipt  
23 of recommendations. Upon receipt of the plan together with the investigation and recommendation,

1 the board, through a panel, shall make a final decision regarding the granting or denial of parole; and

2 (4) Has satisfied the board that if released on parole he or she will not constitute a danger to  
3 the community.

4 (c) Except in the case of an inmate serving a life sentence, a person who has been previously  
5 twice convicted of a felony may not be released on parole until he or she has served the minimum  
6 term provided by law for the crime for which he or she was convicted. An inmate sentenced for life  
7 may not be paroled until he or she has served ten years, and an inmate sentenced for life who has  
8 been previously twice convicted of a felony may not be paroled until he or she has served fifteen  
9 years: *Provided*, That an inmate convicted of first degree murder for an offense committed on or  
10 after June 10, 1994, is not eligible for parole until he or she has served fifteen years.

11 (d) In the case of an inmate sentenced to a state correctional institution regardless of the  
12 inmate's place of detention or incarceration, the Parole Board, as soon as that inmate becomes  
13 eligible, shall consider the advisability of his or her release on parole.

14 (e) If, upon consideration, parole is denied, the board shall promptly notify the inmate of the  
15 denial. The board shall, at the time of denial, notify the inmate of the month and year he or she may  
16 apply for reconsideration and review. The board shall at least once a year reconsider and review the  
17 case of every inmate who was denied parole and who is still eligible: *Provided*, That the board may  
18 reconsider and review parole eligibility any time within three years following the denial of parole  
19 of an inmate serving a life sentence with the possibility of parole.

20 (f) Any inmate in the custody of the commissioner for service of a sentence who reaches  
21 parole eligibility is entitled to a timely parole hearing without regard to the location in which he or  
22 she is housed.

23 (g) The board shall, with the approval of the Governor, adopt rules governing the procedure

1 in the granting of parole. No provision of this article and none of the rules adopted under this article  
2 are intended or may be construed to contravene, limit or otherwise interfere with or affect the  
3 authority of the Governor to grant pardons and reprieves, commute sentences, remit fines or  
4 otherwise exercise his or her constitutional powers of executive clemency.

5 (h) (1) The Division of Corrections shall promulgate policies and procedures for developing  
6 a rehabilitation treatment plan created with the assistance of a standardized risk and needs  
7 assessment. The policies and procedures shall provide for, at a minimum, screening and selecting  
8 inmates for rehabilitation treatment and development, using standardized risk and needs assessment  
9 and substance abuse assessment tools, and prioritizing the use of residential substance abuse  
10 treatment resources based on the results of the standardized risk and needs assessment and a  
11 substance abuse assessment. The results of all standardized risk and needs assessments and  
12 substance abuse assessments are confidential.

13 (2) An inmate shall not be paroled under paragraph (B), subdivision (1), subsection (b) of this  
14 section solely due to having successfully completed a rehabilitation treatment plan, but completion  
15 of all the requirements of a rehabilitation treatment plan along with compliance with the  
16 requirements of subsection (b) of this section creates a rebuttable presumption that parole is  
17 appropriate. The presumption created by this subdivision may be rebutted by a Parole Board finding  
18 that, according to the standardized risk and needs assessment, at the time parole release is sought the  
19 inmate still constitutes a reasonable risk to the safety or property of other persons if released.  
20 Nothing in subsection (b) of this section or in this subsection may be construed to create a right to  
21 parole.

22 (i) Notwithstanding the provisions of subsection (b) of this section, the Parole Board may  
23 grant or deny parole to an inmate against whom a detainer is lodged by a jurisdiction other than West

1 Virginia for service of a sentence of incarceration, upon a written request for parole from the inmate.  
2 A denial of parole under this subsection precludes consideration for parole for a period of one year  
3 or until the provisions of subsection (b) of this section are applicable.

4 (j) If an inmate is otherwise eligible for parole pursuant to subsection (b) of this section and  
5 has completed the rehabilitation treatment program required under subsection (g) of this section, the  
6 Parole Board may not require the inmate to participate in an additional program, but may determine  
7 that the inmate must complete an assigned task or tasks prior to actual release on parole. The board  
8 may grant parole contingently, effective upon successful completion of the assigned task or tasks,  
9 without the need for a further hearing.

10 (k) (1) The Division of Corrections shall supervise all probationers and parolees whose  
11 supervision may have been undertaken by this state by reason of any interstate compact entered into  
12 pursuant to the Uniform Act for Out-of-State Parolee Supervision.

13 (2) The Division of Corrections shall provide supervision, treatment/recovery and support  
14 services for all persons released to mandatory supervision under section twenty-seven, article five,  
15 chapter twenty-eight of this code.

16 (l) (1) When considering an inmate of a state correctional center for release on parole, the  
17 Parole Board panel considering the parole shall have before it an authentic copy of or report on the  
18 inmate's current criminal record as provided through the West Virginia State Police, the United  
19 States Department of Justice or any other reliable criminal information sources and written reports  
20 of the warden or superintendent of the state correctional institution to which the inmate is sentenced:

21 (A) On the inmate's conduct record while in custody, including a detailed statement showing  
22 any and all infractions of disciplinary rules by the inmate and the nature and extent of discipline  
23 administered for the infractions;

1 (B) On improvement or other changes noted in the inmate's mental and moral condition while  
2 in custody, including a statement expressive of the inmate's current attitude toward society in  
3 general, toward the judge who sentenced him or her, toward the prosecuting attorney who prosecuted  
4 him or her, toward the policeman or other officer who arrested the inmate and toward the crime for  
5 which he or she is under sentence and his or her previous criminal record;

6 (C) On the inmate's industrial record while in custody which shall include: The nature of his  
7 or her work, occupation or education, the average number of hours per day he or she has been  
8 employed or in class while in custody and a recommendation as to the nature and kinds of  
9 employment which he or she is best fitted to perform and in which the inmate is most likely to  
10 succeed when he or she leaves the state correctional institution; and

11 (D) On any physical, mental, psychological or psychiatric examinations of the inmate.

12 (2) The Parole Board panel considering the parole may waive the requirement of any report  
13 when not available or not applicable as to any inmate considered for parole but, in every case, shall  
14 enter in its record its reason for the waiver: *Provided*, That in the case of an inmate who is  
15 incarcerated because the inmate has been found guilty of, or has pleaded guilty to, a felony under the  
16 provisions of section twelve, article eight, chapter sixty-one of this code or under the provisions of  
17 article eight-b or eight-c of said chapter, the Parole Board panel may not waive the report required  
18 by this subsection. The report shall include a study and diagnosis of the inmate, including an on-  
19 going treatment plan requiring active participation in sexual abuse counseling at an approved mental  
20 health facility or through some other approved program: *Provided, however*, That nothing disclosed  
21 by the inmate during the study or diagnosis may be made available to any law-enforcement agency,  
22 or other party without that inmate's consent, or admissible in any court of this state, unless the  
23 information disclosed indicates the intention or plans of the parolee to do harm to any person,

1 animal, institution or to property. Progress reports of outpatient treatment are to be made at least  
2 every six months to the parole officer supervising the parolee. In addition, in such cases, the Parole  
3 Board shall inform the prosecuting attorney of the county in which the person was convicted of the  
4 parole hearing and shall request that the prosecuting attorney inform the Parole Board of the  
5 circumstances surrounding a conviction or plea of guilty, plea bargaining and other background  
6 information that might be useful in its deliberations.

7 (m) Before releasing any inmate on parole, the Parole Board shall arrange for the inmate to  
8 appear in person before a Parole Board panel and the panel may examine and interrogate him or her  
9 on any matters pertaining to his or her parole, including reports before the Parole Board made  
10 pursuant to the provisions of this section: *Provided*, That an inmate may appear by video  
11 teleconference if the members of the Parole Board panel conducting the examination are able to  
12 contemporaneously see the inmate and hear all of his or her remarks and if the inmate is able to  
13 contemporaneously see each of the members of the panel conducting the examination and hear all  
14 of the members' remarks: *Provided, however*, That the requirement that an inmate personally appear  
15 may be waived where a physician authorized to do so by the Commissioner of Corrections certifies  
16 that the inmate, due to a medical condition or disease, is too debilitated, either physically or  
17 cognitively, to appear. The panel shall reach its own written conclusions as to the desirability of  
18 releasing the inmate on parole and the majority of the panel considering the release must concur in  
19 the decision. The warden or superintendent shall furnish all necessary assistance and cooperate to  
20 the fullest extent with the Parole Board. All information, records and reports received by the Parole  
21 Board shall be kept on permanent file.

22 (n) The Parole Board and its designated agents are at all times to have access to inmates  
23 imprisoned in any state correctional institution or in any jail in this state and may obtain any

1 information or aid necessary to the performance of its duties from other departments and agencies  
2 of the state or from any political subdivision of the state.

3 (o) The Parole Board shall, if requested by the Governor, investigate and consider all  
4 applications for pardon, reprieve or commutation and shall make recommendation on the  
5 applications to the Governor.

6 (p) (1) Prior to making a recommendation for pardon, reprieve or commutation, the board  
7 shall notify the sentencing judge and prosecuting attorney at least ten days before the  
8 recommendation.

9 (2) Notwithstanding any other provision of law to the contrary, if the board grants a person  
10 parole, the board shall provide written notice to the prosecuting attorney and circuit judge of the  
11 county in which the inmate was prosecuted, that parole has been granted. The notice shall be sent  
12 by certified mail, return receipt requested, and include the anticipated date of release and the person's  
13 anticipated future residence. A written statement of reasons for releasing the person, prepared  
14 pursuant to subsection (b) of this section, shall be provided upon request.

15 (q) A parolee shall participate as a condition of parole in the litter control program of the  
16 county to which he or she is released to the extent directed by the Parole Board, unless the board  
17 specifically finds that this alternative service would be inappropriate.
