15 misconduct be upheld, the full cost of the extended coverage shall be reimbursed by the employee.
16 If the employee is again employed or recalled to active employment within twelve months of his or
17 her prior termination, he or she shall not be considered a new enrollee and may not be required to
18 again contribute his or her share of the premium cost, if he or she had already fully contributed such

20 (d) *Conversion of accrued annual and sick leave for extended insurance coverage upon*
21 *retirement for employees who elected to participate in the plan before July, 1988.* -- Except as

[COM. SUB. FOR S. B. NO. 529]

3 reaching the age of sixty-five, or when a participating employee voluntarily retires as provided by
4 law, that employee's accrued annual leave and sick leave, if any, shall be credited toward an
5 extension of the insurance coverage provided by this article, according to the following formulae:
6 The insurance coverage for a retired employee shall continue one additional month for every two
7 days of annual leave or sick leave, or both, which the employee had accrued as of the effective date
8 of his or her retirement. For a retired employee, his or her spouse and dependents, the insurance
9 coverage shall continue one additional month for every three days of annual leave or sick leave, or

13 subsection (d) of this section, and except as otherwise provided in subsections (g) and (l) of this

18 by this article, for periods and scope of coverage determined according to the following formulae:
19 (1) One additional month of single retiree coverage for every two days of annual leave or sick leave,
20 or both, which the employee had accrued as of the effective date of his or her retirement; or (2) one
21 additional month of coverage for a retiree, his or her spouse and dependents for every three days of

[COM. SUB. FOR S. B. NO. 529]

1 annual leave or sick leave, or both, which the employee had accrued as of the effective date of his

4 spouse or dependent coverage and who reenters the plan within twelve months after termination of
5 his or her prior coverage shall be considered to have elected to participate in the plan as of the date
6 of commencement of the prior coverage. For purposes of this subsection, an employee shall not be
7 considered a new employee after returning from extended authorized leave on or after July 1, 1988.

8 (f) *Increased retirement benefits for retired employees with accrued annual and sick leave.*

9 -- In the alternative to the extension of insurance coverage through premium payment provided in
10 subsections (d) and (e) of this section, the accrued annual leave and sick leave of an employee
11 participating in the plan may be applied, on the basis of two days' retirement service credit for each
12 one day of accrued annual and sick leave, toward an increase in the employee's retirement benefits
13 with those days constituting additional credited service in computation of the benefits under any state
14 retirement system: Provided, That for a person who first becomes a member of the Teachers
15 Retirement System as provided in article seven-a, chapter eighteen of this code on or after July 1,
16 2015, accrued annual and sick leave of an employee participating in the plan may not be applied for
17 retirement service credit. However, the additional credited service shall not be used in meeting
18 initial eligibility for retirement criteria, but only as additional service credited in excess thereof.

20 *retirement for certain higher education employees.* – Except as otherwise provided in subsection (l)
21 of this section, when an employee, who is a higher education full-time faculty member employed on

1 an annual contract basis other than for twelve months, is compelled or required by law to retire
2 before reaching the age of sixty-five, or when such a participating employee voluntarily retires as
3 provided by law, that employee's insurance coverage, as provided by this article, shall be extended
4 according to the following formulae: The insurance coverage for a retired higher education full-time
5 faculty member, formerly employed on an annual contract basis other than for twelve months, shall
6 continue beyond the effective date of his or her retirement one additional year for each three and
7 one-third years of teaching service, as determined by uniform guidelines established by the
8 University of West Virginia Board of Trustees and the board of directors of the state college system,
9 for individual coverage, or one additional year for each five years of teaching service for family
10 coverage.

11 (h) Any employee who retired prior to April 21, 1972, and who also otherwise meets the
12 conditions of the "retired employee" definition in section two of this article, shall be eligible for

[COM. SUB. FOR S. B. NO. 529]

1 provided under this article to which the deceased employee was entitled, and the spouse and
2 dependents shall bear the premium cost of the insurance coverage. The finance board shall establish
3 the premium cost of the coverage.

4 (k) *Elected officials.* -- In construing the provisions of this section or any other provisions
5 of this code, the Legislature declares that it is not now nor has it ever been the Legislature's intent
6 that elected public officials be provided any sick leave, annual leave or personal leave, and the
7 enactment of this section is based upon the fact and assumption that no statutory or inherent authority
8 exists extending sick leave, annual leave or personal leave to elected public officials and the very
9 nature of those positions preclude the arising or accumulation of any leave, so as to be thereafter
10 usable as premium paying credits for which the officials may claim extended insurance benefits.

11 (l) *Participation of certain former employees.* -- An employee, eligible for coverage under
12 the provisions of this article who has twenty years of service with any agency or entity participating
13 in the public employees insurance program or who has been covered by the public employees
14 insurance program for twenty years may, upon leaving employment with a participating agency or
15 entity, continue to be covered by the program if the employee pays one hundred five percent of the
16 cost of retiree coverage: *Provided,* That the employee shall elect to continue coverage under this
17 subsection within two years of the date the employment with a participating agency or entity is

1 sick leave toward the cost of premiums for extended insurance coverage upon his or her retirement.
2 This prohibition does not apply to the conversion of accrued annual or sick leave for increased
3 retirement benefits, as authorized by this section: *Provided*, That any person who has participated
4 in the plan prior to July 1, 2001, is not a new employee for purposes of this subsection if he or she
5 becomes reemployed with an employer participating in the plan within two years following his or
6 her separation from employment and he or she elects to participate in the plan upon his or her
7 reemployment.

8 (n) *Prohibition on conversion of accrued years of teaching service for extended coverage*
9 *upon retirement for new employees who elect to participate in the plan July, 2009.* -- Any employee
10 hired on or after July 1, 2009, who elects to participate in the plan may not apply accrued years of
11 teaching service toward the cost of premiums for extended insurance coverage upon his or her
12 retirement.

9 **§18-7A-17. Statement and computation of teachers' service.**

10 (a) Under rules adopted by the retirement board, each teacher and nonteaching member shall
11 file a detailed statement of his or her length of service as a teacher or nonteacher for which he or she
12 claims credit. The retirement board shall determine what part of a year is the equivalent of a year of

3 teaching after discharge from military service. Prior service credit for military service shall not
4 exceed ten years for any one member, nor shall it exceed twenty-five percent of total service at the
5 time of retirement. Notwithstanding the preceding provisions of this subsection, contributions,
6 benefits and service credit with respect to qualified military service shall be provided in accordance
7 with Section 414(u) of the Internal Revenue Code. For purposes of this section, "qualified military
8 service" has the same meaning as in Section 414(u) of the Internal Revenue Code. The retirement

4 of out-of-state service is prohibited if the service is used to obtain a retirement benefit from another
5 retirement system: *Provided further,* That salaries paid to members for service prior to entrance into
6 the retirement system shall not be used to compute the average final salary of the member under the
7 retirement system.

8 ~~(d)~~ (c) No members shall be considered absent from service while serving as a member or
9 employee of the Legislature of the State of West Virginia during any duly constituted session of that
10 body or while serving as an elected member of a county commission during any duly constituted

21 of the provisions of this subsection.

[COM. SUB. FOR S. B. NO. 529]

1 ~~(h)~~ (h) If a member is not eligible for prior service credit or pension as provided in this article,
2 then his or her prior service shall not be considered a part of his or her total service.

3 ~~(i)~~ (i) A member who withdrew from membership may regain his or her former membership
4 rights as specified in section thirteen of this article only in case he or she has served two years since
5 his or her last withdrawal.

6 ~~(j)~~ (j) Subject to the provisions of subsections (a) through (k), inclusive, of this section, the
7 retirement board shall verify as soon as practicable the statements of service submitted. The
8 retirement board shall issue prior service certificates to all persons eligible for the certificates under
9 the provisions of this article. The certificates shall state the length of the prior service credit, but in
10 no case shall the prior service credit exceed forty years.

11 ~~(k)~~ (k) Notwithstanding any provision of this article to the contrary, when a member is or has
12 been elected to serve as a member of the Legislature, and the proper discharge of his or her duties
13 of public office require that member to be absent from his or her teaching or administrative duties,
14 the time served in discharge of his or her duties of the legislative office are credited as time served
15 for purposes of computing service credit: *Provided*, That the retirement board may not require any
16 additional contributions from that member in order for the retirement board to credit him or her with
17 the contributing service credit earned while discharging official legislative duties: *Provided*,
18 *however*, That nothing in this section may be construed to relieve the employer from making the
19 employer contribution at the member's regular salary rate or rate of pay from that employer on the
20 contributing service credit earned while the member is discharging his or her official legislative
21 duties. These employer payments shall commence as of June 1,2000: *Provided further*, That any

[COM. SUB. FOR S. B. NO. 529]

1 member to which the provisions of this subsection apply may elect to pay to the retirement board an
2 amount equal to what his or her contribution would have been for those periods of time he or she was
3 serving in the Legislature. The periods of time upon which the member paid his or her contribution
4 shall then be included for purposes of determining his or her final average salary as well as for
5 determining years of service: *And provided further*, That a member using the provisions of this
6 subsection is not required to pay interest on any contributions he or she may decide to make.

7 ~~(m)~~ (l) The Teachers Retirement System shall grant service credit to any former member of
8 the State Police Death, Disability and Retirement System who has been a contributing member for
9 more than three years for service previously credited by the State Police Death, Disability and
10 Retirement System; and: (1) Shall require the transfer of the member's contributions to the Teachers
11 Retirement System; or (2) shall require a repayment of the amount withdrawn any time prior to the
12 member's retirement: *Provided*, That the member shall add to the amounts transferred or repaid
13 under this paragraph an amount which is sufficient to equal the contributions he or she would have
14 made had the member been under the Teachers Retirement System during the period of his or her
15 membership in the State Police Death, Disability and Retirement System plus interest at a rate to be
16 determined by the retirement board compounded annually from the date of withdrawal to the date
17 of payment. The interest paid shall be deposited in the reserve fund.

18 **§18-7A-17a. Qualified military service.**

19 (a) Except as provided in subsection (b) of this section, for the purpose of this article, the
20 retirement board shall grant prior service credit to members of the retirement system who were
21 honorably discharged from active duty service in any of the armed forces of the United States in any

[COM. SUB. FOR S. B. NO. 529]

1 period of national emergency within which a federal Selective Service Act was in effect. For
2 purposes of this section, "armed forces" includes Women's Army Corps, women's appointed
3 volunteers for emergency service, Army Nurse Corps, SPARS, Women's Reserve and other similar
4 units officially part of the military service of the United States. The military service is considered
5 equivalent to public school teaching, and the salary equivalent for each year of that service is the
6 actual salary of the member as a teacher for his or her first year of teaching after discharge from
7 military service. Prior service credit for military service shall not exceed ten years for any one
8 member, nor shall it exceed twenty-five percent of total service at the time of retirement.
9 Notwithstanding the preceding provisions of this subsection, contributions, benefits and service
10 credit with respect to qualified military service shall be provided in accordance with Section 414(u)
11 of the Internal Revenue Code. For purposes of this section, "qualified military service" has the same
12 meaning as in Section 414(u) of the Internal Revenue Code. The retirement board is authorized to
13 determine all questions and make all decisions relating to this section and, pursuant to the authority
14 granted to the retirement board in section one, article ten-d, chapter five of this code, may
15 promulgate rules relating to contributions, benefits and service credit to comply with Section 414(u)
16 of the Internal Revenue Code. No military service credit may be used in more than one retirement
17 system administered by the Consolidated Public Retirement Board.

18 (b) Subsection (a) of this section does not apply to any member who first becomes an
19 employee of a participating public employer on or after July 1, 2015. This subsection applies to any
20 member who first became an employee of a participating public employer on or after July 1, 2015
21 and also applies to any member who became an employee of a participating public employer before

[COM. SUB. FOR S. B. NO. 529]

1 July 1, 2015, and is unable to meet the requirements of subsection (a) of this section.

2 (1) Any member may purchase up to sixty months of military service credit for time served
3 in active military duty prior to first becoming an employee of a participating public employer if all
4 of the following conditions are met:

5 (A) The member has completed a complete fiscal year of contributory service;

6 (B) The active military duty occurs prior to the date on which the member first becomes an
7 employee of a participating public employer; and

8 (C) The employee pays to the retirement system the actuarial reserve purchase amount within
9 forty-eight months after the date on which employer and employee contributions are first received
10 by the retirement system for the member and while he or she continues to be in the employ of a
11 participating public employer and contributing to the retirement system, or within forty-eight months
12 of July 1, 2015, whichever is later: *Provided*, That any employee who ceases employment with a
13 participating public employer before completing the required actuarial reserve purchase amount in
14 full shall not be eligible to purchase the military service.

15 (2) Notwithstanding paragraph (A), subdivision (1) of this subsection, a member who first
16 becomes an employee of a participating public employer on or after July 1, 2015, but who does not
17 remain employed and contributing to the retirement system for at least a complete fiscal year after
18 his or her initial employment, shall be considered to have met the requirement of said paragraph the
19 first time he or she becomes an employee of a participating public employer and completes at least
20 a complete fiscal year of contributing service. Such a member shall be considered to have met the
21 requirement of paragraph (C) of said subdivision if he or she pays to the retirement system the

[COM. SUB. FOR S. B. NO. 529]

1 actuarial reserve purchase amount within forty-eight months after the date on which employer and
2 employee contributions are first received by the retirement system for the member the first time he
3 or she becomes an employee of a participating public employer and completes at least a complete
4 fiscal year of contributing service, and while he or she continues to be in the employ of a
5 participating public employer and contributing to the retirement system.

6 (3) A member who first becomes an employee of a participating public employer on or after
7 July 1, 2015, may purchase military service credit for active military duty performed on or after the
8 date he or she first becomes an employee of a participating public employer only if all of the
9 following conditions are met: *Provided*, That the maximum military service credit such member
10 may purchase shall take into account any military service credit purchased for active military duty
11 pursuant to subdivision (1) of this subsection in addition to any military service credit purchased
12 pursuant to this subdivision (3) of this subsection:

13 (A) The member was an employee of a participating public employer, terminated
14 employment and experienced a break in contributing service in the retirement system of one or more
15 months, performed active military service while not an employee of the participating public
16 employer and not contributing to the retirement system, then again becomes an employee of a
17 participating public employer and completes at least a complete fiscal year of contributory service;

18 (B) The member does not qualify for military service credit for such active military duty
19 pursuant to subsection (d) of this section; and

20 (C) The member pays to the retirement system the actuarial reserve purchase amount within
21 forty-eight months after the date on which employer and employee contributions are first received

[COM. SUB. FOR S. B. NO. 529]

1 by the retirement system for the member after he or she again becomes an employee of a
2 participating public employer immediately following the period of active military duty and break in
3 service and completes at least a complete fiscal year of contributory service, and while he or she
4 continues to be in the employ of a participating public employer and contributing to the retirement
5 system.

6 (4) Notwithstanding paragraph (A), subdivision (3) of this subsection, a member who
7 otherwise meets the requirements of said paragraph, but who does not remain employed and
8 contributing to the retirement system for at least a complete fiscal year when he or she first becomes
9 an employee of a participating public employer after the period of active military duty and break in
10 service, shall be considered to have met the requirement of said paragraph the first time he or she
11 again becomes an employee of a participating public employer and completes at least a complete
12 fiscal year of contributing service. Such a member shall be considered to have met the requirement
13 of paragraph (C) of said subdivision if he or she pays to the retirement system the actuarial reserve
14 purchase amount within forty-eight months after the date on which employer and employee
15 contributions are first received by the retirement system for the member for the first time he or she
16 again becomes an employee of a participating public employer and completes at least a complete
17 fiscal year of contributing service, and while he or she continues to be in the employ of a
18 participating public employer and contributing to the retirement system.

19 (5) For purposes of this subsection, the following definitions shall apply:

20 (A) "Active military duty" means full-time active duty in the armed forces of the United
21 States for a period of thirty or more consecutive calendar days. Active military duty does not include

[COM. SUB. FOR S. B. NO. 529]

1 inactive duty of any kind.

2 (B) "Actuarial reserve purchase amount" means the purchase annuity rate multiplied by the
3 purchase accrued benefit, calculated as of the calculation month, plus annual interest accruing at
4 seven and one-half percent from the calculation month through the purchase month, compounded
5 monthly.

6 (C) "Armed forces of the United States" means the Army, Navy, Air Force, Marine Corps,
7 and Coast Guard, the reserve components thereof, and the National Guard of the United States or
8 the National Guard of a state or territory when members of the same are on full-time active duty
9 pursuant to Title 10 or Title 32 of the United States Code.

10 (D) "Calculation month" means the month immediately following the month in which the
11 member completes a complete fiscal year of contributory service with a participating public
12 employer required by subdivisions (1), (2), (3) or (4) of this subsection, as applicable.

13 (E) "Purchase accrued benefit" means two percent times the purchase military service times
14 the purchase average monthly salary.

15 (F) "Purchase age" means the age of the employee in years and completed months as of the
16 first day of the calculation month.

17 (G) "Purchase annuity rate" means the actuarial lump sum annuity factor calculated as of the
18 calculation month based on the following actuarial assumptions: Interest rate of seven and one-half
19 percent; mortality of the 1971 group annuity mortality table, fifty percent blended male and female

21 annuity factor with payments commencing at age sixty-two; and if purchase age is sixty-two or over,

[COM. SUB. FOR S. B. NO. 529]

1 an immediate annuity factor with payments starting at the purchase age.

2 (H) "Purchase average monthly salary" means the average monthly salary of the member
3 during the number of months of the member's contract during the fiscal year of contributory service
4 required by subdivisions (2), (2), (3) or (4) of this subsection, as applicable. For any member who
5 first became an employee of a participating public employer before July 1, 2015, the purchase average
6 monthly salary means the average monthly salary of the member during the number of months of the
7 member's contract during his or her complete fiscal year of contributory service on or after July 1,
8 2015.

9 (I) "Purchase military service" means the amount of military service being purchased by the
10 employee in months up to the sixty month maximum, calculated in accordance with subdivision (7)
11 of this subsection.

12 (J) "Purchase month" means the month in which the employee deposits the actuarial reserve
13 lump sum purchase amount into the plan trust fund in full payment of the service credit being
14 purchased or makes the final payment of the actuarial reserve purchase amount into the plan trust
15 fund in full payment of the service credit being purchased.

16 (6) A member may purchase military service credit for a period of active military duty
17 pursuant to this subsection only if the member received an honorable discharge for the period.
18 Anything other than an honorable discharge, including, but not limited to, a general or under
19 honorable conditions discharge, an entry-level separation discharge, an other than honorable
20 conditions discharge, or a dishonorable discharge, shall disqualify the member from receiving
21 military service credit for the period of service. The board shall require a member requesting

[COM. SUB. FOR S. B. NO. 529]

1 military service credit to provide official documentation establishing that the requirements set forth
2 in this subsection have been met.

3 (7) To calculate the amount of military service credit a member may purchase, the board shall
4 add the total number of days in each period of a member's active military duty eligible to be
5 purchased, divide the total by thirty, and round up or down to the nearest integer (fractions of 0.5
6 shall be rounded up), in order to yield the total number of months of military service credit a member
7 may purchase, subject to the sixty month maximum. A member may purchase all or part of the
8 maximum amount of military service credit he or she is eligible for, in one-month increments.

9 (8) To receive credit, a member must submit a request to purchase military service credit to
10 the board, on such form or in such other manner as shall be required by the board, within the
11 complete fiscal year period required by subdivision (1), (2), (3) or (4) of this subsection, as
12 applicable. The board shall then calculate the actuarial reserve lump sum purchase amount, which
13 amount must be paid by the member within the 48-month period required by said subdivisions, as
14 applicable. A member purchasing military service credit pursuant to this subsection must do so in
15 a single, lump sum payment: *Provided*, That the board may accept partial, installment or other
16 similar payments if the employee executes a contract with the board specifying the amount of
17 military service to be purchased and the payments required: *Provided, however*, that any failure to
18 pay the contract amount in accordance with this section shall be treated as an overpayment or excess
19 contribution subject to section forty-four of this article and no military service shall be credited.

20 (9) The board shall require a member requesting military service credit to provide official
21 documentation establishing that the requirements set forth in this subsection have been met.

[COM. SUB. FOR S. B. NO. 529]

1 (10) Military service credit purchased pursuant to this subsection shall not be considered
2 contributing service credit or contributory service for purposes of this article.

3 (11) If a member who has purchased military service credit pursuant to this subsection is
4 eligible for and requests a withdrawal of accumulated contributions pursuant to the provisions of this
5 article, he or she shall also receive a refund of the actuarial reserve purchase amount he or she paid
6 to the retirement system to purchase military service credit, together with regular interest on such
7 amount.

8 (c) No period of military service shall be used to obtain credit in more than one retirement
9 system administered by the board and once used in any system, a period of military service may not
10 be used again in any other system.

11 (d) Notwithstanding the preceding provisions of this section, contributions, benefits and
12 service credit with respect to qualified military service shall be provided in accordance with section
13 414(U) of the Internal Revenue Code and the federal Uniformed Services Employment and
14 Reemployment Rights Act (USERRA), and regulations promulgated thereunder, as the same may
15 be amended from time to time. For purposes of this section, "qualified military service" has the same
16 meaning as in section 414(u) of the Internal Revenue Code.

17 (e) In any case of doubt as to the period of service to be credited a member under the
18 provisions of this section, the board has final power to determine the period. The board is authorized
19 to determine all questions and make all decisions relating to this section and, pursuant to the
20 authority granted to the board in section one, article ten-d of this chapter, may propose rules to
21 administer this section for legislative approval in accordance with the provisions of article three,

[COM. SUB. FOR S. B. NO. 529]

1 chapter twenty-nine-a of this code.

2 **§18-7A-23. Withdrawal and death benefits.**

3 (a) Benefits upon withdrawal from service prior to retirement under the provisions of this
4 article shall be as follows:

5 (1) A contributor who withdraws from service for any cause other than death, disability or
6 retirement shall, upon application, be paid his or her accumulated contributions up to the end of the
7 fiscal year preceding the year in which application is made, after offset of any outstanding loan
8 balance, plus accrued interest, pursuant to section thirty-four of this article, but in no event shall
9 interest be paid beyond the end of five years following the year in which the last contribution was
10 made: *Provided*, That the contributor, at the time of application, is then no longer under contract,
11 verbal or otherwise, to serve as a teacher; or

12 (2) Except as provided in section twenty-five-b of this article, if the contributor has
13 completed twenty years of total service, he or she may elect to receive at retirement age an annuity
14 which shall be computed as provided in this article: *Provided*, That if the contributor has completed
15 at least five, but fewer than twenty, years of total service in this state, he or she may elect to receive
16 at age sixty-two an annuity which shall be computed as provided in this article. The contributor must
17 notify the retirement board in writing concerning the election. If the contributor has completed fewer
18 than five years of service in this state, he or she shall be subject to the provisions as outlined in
19 subdivision (1) of this subsection.

20 (b) Benefits upon the death of a contributor prior to retirement under the provisions of this
21 article shall be paid as follows:

[COM. SUB. FOR S. B. NO. 529]

1 (1) If the contributor was at least fifty years old and if his or her total service as a teacher was
2 at least twenty-five years at the time of his or her death, then the surviving spouse of the deceased,
3 provided the spouse is designated as the sole refund beneficiary, is eligible for an annuity computed
4 as though the deceased were actually a retired teacher at the time of death and had selected a
5 survivorship option which pays the spouse the same monthly amount which would have been
6 received by the deceased; or

7 (2) If the facts do not permit payment under subdivision (1) of this subsection, then the
8 following sum shall be paid to the refund beneficiary of the contributor: The contributor's
9 accumulated contributions up to the year of his or her death plus an amount equal to his or her
10 employee contributions. The latter sum shall emanate from the Employer's Accumulation Fund.

11 **§18-7A-25. Eligibility for retirement allowance.**

12 (a) Except for a person who first becomes a member of the retirement system on or after July
13 1, 2015, any actively contributing member who has attained the age of sixty years or any member
14 who has thirty-five years of total service as a teacher or nonteaching member in West Virginia,
15 regardless of age, is eligible for an annuity. No new entrant nor present member is eligible for an
16 annuity, however, if either has less than five years of service to his or her credit: *Provided*, That on
17 and after July 1, 2013, any person who becomes a new member of this retirement system shall, in
18 qualifying for retirement under this section, have five or more years of contributory service, all of
19 which shall be actual, contributory ones.

20 (b) Except for a person who first becomes a member of the retirement system on or after July
21 1, 2015, any member who has attained the age of fifty-five years and who has served thirty years as

[COM. SUB. FOR S. B. NO. 529]

1 a teacher or nonteaching member in West Virginia is eligible for an annuity.

2 (c) Except for a person who first becomes a member of the retirement system on or after July
3 1, 2015, any member who has served at least thirty but less than thirty-five years as a teacher or
4 nonteaching member in West Virginia and is less than fifty-five years of age is eligible for an
5 annuity, but the annuity shall be the reduced actuarial equivalent of the annuity the member would
6 have received if the member were age fifty-five at the time the annuity was applied for.

7 (d) The request for any annuity shall be made by the member in writing to the retirement
8 board, but in case of retirement for disability, the written request may be made by either the member
9 or the employer.

10 (e) A member is eligible for annuity for disability if he or she satisfies the conditions in either
11 subdivision (1) or (2) of this subsection and meets the conditions of subdivision (3) of this
12 subsection as follows:

13 (1) His or her service as a teacher or nonteaching member in West Virginia must total at least
14 ten years and service as a teacher or nonteaching member must have been terminated because of
15 disability, which disability must have caused absence from service for at least six months before his
16 or her application for disability annuity is approved.

17 (2) His or her service as a teacher or nonteaching member in West Virginia must total at least
18 five years and service as a teacher or nonteaching member must have been terminated because of
19 disability, which disability must have caused absence from service for at least six months before his
20 or her application for disability annuity is approved and the disability is a direct and total result of
21 an act of student violence directed toward the member.

[COM. SUB. FOR S. B. NO. 529]

1 (3) An examination by a physician or physicians selected by the retirement board must show
2 that the member is at the time mentally or physically incapacitated for service as a teacher or
3 nonteaching member, that for that service the disability is total and likely to be permanent and that
4 he or she should be retired in consequence of the disability.

5 (f) Continuance of the disability of the retirant shall be established by medical examination,
6 as prescribed in subdivision (3), subsection (e) of this section, annually for five years after
7 retirement, and thereafter at such times required by the retirement board. Effective July 1,1998, a
8 member who has retired because of a disability may select an option of payment under the provisions
9 of section twenty-eight of this article: *Provided*, That any option selected under the provisions of
10 section twenty-eight of this article shall be in all respects the actuarial equivalent of the straight life
11 annuity benefit the disability retirant receives or would receive if the options under said section were
12 not available and that no beneficiary or beneficiaries of the disability retirant may receive a greater
13 benefit, nor receive any benefit for a greater length of time, than the beneficiary or beneficiaries
14 would have received had the disability retirant not made any election of the options available under
15 said section. In determining the actuarial equivalence, the retirement board shall take into account
16 the life expectancies of the member and the beneficiary: *Provided, however*, That the life
17 expectancies may at the discretion of the retirement board be established by an underwriting medical
18 director of a competent insurance company offering annuities. Payment of the disability annuity
19 provided in this article shall cease immediately if the retirement board finds that the disability of the
20 retirant no longer exists, or if the retirant refuses to submit to medical examination as required by
21 this section.

[COM. SUB. FOR S. B. NO. 529]

1 **§18-7A-25b. Withdrawal and eligibility for retirement allowance for a person who first**
