

WEST VIRGINIA LEGISLATURE

2016 REGULAR SESSION

Introduced

House Bill 2699

2015 Carryover

(BY DELEGATES FAST, KESSINGER AND HILL)

[Introduced January 13, 2016; referred to the
Committee on Roads and Transportation then
Finance.]

1 A BILL to amend the Code of West Virginia, 1931, as amended, be amended by adding thereto
 2 a new section, designated §17-4-32, relating to requiring that patching repair of hard
 3 surfaced roads, highways and streets be by use of mechanical rollers for smoother final
 4 repair; and providing exceptions.

Be it enacted by the Legislature of West Virginia:

1 That the Code of West Virginia, 1931, as amended, be amended by adding thereto a new
 2 section, designated §17-4-32, to read as follows:

ARTICLE 4. STATE ROAD SYSTEM.

§17-4-32. Approved types of patching repairs; exceptions.

1 Notwithstanding any other provision of this code to the contrary, when it is necessary to
 2 repair any hard surfaced road, highway or street by patching, the Commissioner of Highways,
 3 county commission, municipality or other local government authority responsible for the repairs
 4 and patching of hard surfaced roads, highways or streets shall require the use of a mechanical
 5 roller on all such repairs, unless an emergency situation necessitates patching by a different
 6 method.

NOTE: The purpose of this bill is to require that patching repair of hard surfaced roads, highways and streets be by use of mechanical rollers for smoother final repair unless an emergency situation requires a different method.

§17-4-32 is new; therefore, it has been completely underscored.
