CHAPTER 4. THE LEGISLATURE.

ARTICLE 11. LEGISLATIVE APPROPRIATION OF FEDERAL FUNDS.

§4-11-5. Legislative appropriation authority.

1 (a) No spending unit may make expenditures of any federal funds, whether such funds
2 are advanced prior to expenditure or as reimbursement, unless such expenditures are made
3 pursuant to specific appropriations by the Legislature, except as may be hereinafter provided.

4 (b) To the extent not precluded by the terms and conditions under which federal funds are
5 made available to the spending unit by the United States government, the spending unit shall use
6 federal funds in accordance with any purposes, policies or priorities the Legislature may have
7 established for the activity being assisted or for the use of state, federal and other fiscal resources
8 in a particular fiscal year.

9 (c) If the federal funds received by a spending unit for a specific purpose are greater than
10 the amount of such funds contained in the appropriation by the Legislature for such purpose, the
11 total appropriation of federal funds and any state matching funds for such purpose shall remain
12 at the level appropriated, except as hereinafter provided.

13 (d) If federal funds become available to the spending unit for expenditure while the
14 Legislature is not in session and the availability of such funds could not reasonably have been
15 anticipated and included in the budget approved by the Legislature for the next fiscal year, the
16 treasurer may accept such funds on behalf of the spending unit and the Governor may authorize,
17 in writing, the expenditure of such funds by the spending unit during that fiscal year as authorized
18 by federal law and pursuant to the provisions of article two, chapter five-a of the code, which
19 permits expenditure of amounts in excess of the appropriation upon the filing of a proper
20 expenditure schedule: *Provided*, That the Governor may not authorize the expenditure of such
21 funds received for the creation of a new program or for a significant alteration of an existing
22 program. For purposes of this article, a mere new source of funding of federal moneys for a
23 program which has been prior approved by legislative appropriation will not be deemed to be a
24 "new program" or a "significant alteration of an existing program" and the Governor may authorize
25 the expenditure of such funds as herein provided. ~~Should a question arise concerning whether~~
26 ~~such expenditures would constitute a new program or significant alteration of an existing program,~~
27 ~~while the Legislature is not in session, the Governor shall seek the recommendation of the council~~
28 ~~of finance and administration, as created and existing pursuant to the provisions of section three,~~
29 ~~article one, chapter five-a of the code.~~ Upon application to the federal government for such funds
30 and upon receipt of such funds, the Governor shall submit to the Legislative Auditor two copies
31 of a statement:

32 (1) Describing the proposed expenditure of such funds in the same manner as it would be
33 described in the state budget; and

34 (2) Explaining why the availability of such federal funds and why the necessity of their
35 expenditure could not have been anticipated in time for such expenditures to have been approved
36 as part of the adopted budget for that particular fiscal year.
