Be it enacted by the Legislature of West Virginia:

ARTICLE 13EE. TAX CREDIT FOR ESTABLISHING A NEW PHYSICIAN PRACTICE.

§11-13EE-1. Legislative findings.

1 The Legislature finds that West Virginia suffers from a tremendous lack of physicians
 2 practicing within our state. This creates a crisis in the delivery of health care services to one of
 3 the unhealthiest populations in the nation. As a state we need to seek ways to attract qualified
 4 physicians to locate here to provide our citizens necessary health care services and to promote
 5 the general good health of this state.

§11-13EE-2. Definitions.

1 (a) General. -- When used in this article, or in the administration of this article, terms
 2 defined in this section have the meanings ascribed to them by this section, unless a different
 3 meaning is clearly required by the context in which the term is used.

4 (b) The following words have the following meanings: --

5 (1) "Accredited medical school" means a medical school accredited by either the Liaison
 6 Committee on Medical Education or the American Osteopathic Association Commission on
 7 Osteopathic College Accreditation.

8 (2) “Eligible taxpayer” means any physician as that term is defined in this article who
 9 locates to practice medicine in West Virginia.

10 (3) “Personal taxable income” means a resident individual’s West Virginia adjusted gross
 11 income less the individual’s West Virginia personal exemptions as set forth in part two, article
 12 twenty-one of this chapter.

13 (4) “Physician” means any allopathic or osteopathic doctor licensed to practice medicine
 14 in this state pursuant to the provisions of either §30-3-1 *et seq.* or §30-14-1 *et seq.* of this code
 15 and who graduated from an accredited medical school in the United States and completed an
 16 approved residency or fellowship program within the preceding twelve months from the time the
 17 physician claims the tax credit.

18 (5) “Physician Practice” or “Practice” means the delivery of health care services by a
 19 licensed physician pursuant to the scope of practice and licensing requirements of chapter thirty
 20 and other applicable laws of this state.

§11-13EE-3. Eligibility for tax credits; creation of the credit.

1 Every eligible taxpayer is allowed a credit against the tax payable under §11-21-1 *et seq.*
 2 of this code. To be eligible the tax payer must be an eligible physician as defined in this article

 4 this code. The eligible physician must be a graduate of an accredited allopathic or osteopathic
 5 medical school located in the United States. The amount of this credit is determined and applied
 6 as provided in this article.

§11-13EE-4. Amount of credit allowed.

1 The maximum allowable amount of annual credit under this article to an eligible taxpayer
 2 is the eligible taxpayer’s personal taxable income as defined in this article. This amount may be
 3 claimed only for three consecutive years.

§11-13EE-5. Excess credit forfeited.

1 After application of the credit against tax under this article for the tax year, the amount of
2 tax credit remaining and not used, if any, is forfeited. Unused credit may not be carried back to
3 any prior tax year and does not carry forward to any subsequent tax year.

§11-13EE-6. Application of credit; schedules; estimated taxes.

1 (a) The credit allowed under this article is applied against the tax payable by the eligible
2 taxpayer under §11-21-1 et seq. of this code.

3 (b) To assert this credit against tax, the eligible taxpayer shall prepare and file with its
4 annual tax return filed under §11-21-1 et seq. of this code such forms and schedules as the Tax
5 Commissioner may require.

6 (c) An eligible taxpayer may consider the amount of credit allowed under this article when
7 determining the eligible taxpayer's liability under §11-21-1 et seq. of this code for periodic
8 payments of estimated tax for the tax year, in accordance with the procedures and requirements
9 prescribed by the Tax Commissioner.

10 (d) Any charitable deduction, or other deduction, decreasing adjustment or decreasing
11 modification taken by any taxpayer in determining federal taxable income which affects West
12 Virginia taxable income under §11-21-1 et seq. of this code, or taken by any taxpayer in

17 determined based on, physician meeting all of the requirements of this article and any applicable
18 rules promulgated by the Tax Commissioner.

§11-13EE-7. Legislative rules.

1 The Tax Commissioner may propose rules for legislative approval pursuant to the

- 9 (5) Anything else necessary to accomplish the requirements of this article.

§11-13EE-8. Construction of article; burden of proof.

1 The provisions of this article shall be reasonably construed. The burden of proof is on the
2 person claiming the credit allowed by this article to establish by clear and convincing evidence
3 that the person is entitled to the amount of credit asserted for the taxable year.

§11-13EE-9. Effective date.

1 This article is effective for taxable years beginning July 1, 2018.

NOTE: The purpose of this bill is to establish a tax credit for physicians who are new graduates and locate in West Virginia to practice medicine for at least six years.
