BY DELEGATES SHOTT, ELLINGTON AND GEARHEART

[Introduced January 19, 2018; Referred
to the Committee on Education.]

1 A BILL amend and reenact §18A-4-8b(b), of the Code of West Virginia, 1931, as amended;
2 relating to revising the order in which qualified applicants are considered for service
3 personnel employment by county boards of education

Be it enacted by the Legislature of West Virginia:

ARTICLE 4. SALARIES, WAGES AND OTHER BENEFITS.

§18A-4-8b. Seniority rights for school service personnel.

1 (a) A county board shall make decisions affecting promotions and the filling of any service
2 personnel positions of employment or jobs occurring throughout the school year that are to be
3 performed by service personnel as provided in section eight of this article, on the basis of seniority,
4 qualifications and evaluation of past service.

5 (b) Qualifications means the applicant holds a classification title in his or her category of
6 employment as provided in this section and is given first opportunity for promotion and filling
7 vacancies. Other employees then shall be considered and shall qualify by meeting the definition
8 of the job title that relates to the promotion or vacancy, as defined in section eight of this article.
9 If requested by the employee, the county board shall show valid cause why a service person with
10 the most seniority is not promoted or employed in the position for which he or she applies.
11 Qualified applicants shall be considered in the following order:

12 (1) Regularly employed service personnel who hold a classification title within the
13 classification category of the vacancy;

14 (2) Service personnel who have held a classification title within the classification category
15 of the vacancy whose employment has been discontinued in accordance with this section;

16 (3) Regularly employed service personnel who do not hold a classification title within the
17 classification category of vacancy;

18 (4) Service personnel who have not held a classification title within the classification
19 category of the vacancy and whose employment has been discontinued in accordance with this
20 section; and

21 (5) New service personnel.

22 ~~(5) Substitute service personnel who hold a classification title within the classification~~
23 ~~category of the vacancy;~~

24 ~~(6) Substitute service personnel who do not hold a classification title within the~~
25 ~~classification category of the vacancy; and~~

26 ~~(7) New service personnel~~

27 (c) The county board may not prohibit a service person from retaining or continuing his or
28 her employment in any positions or jobs held prior to the effective date of this section and
29 thereafter.

30 (d) A promotion means any change in employment that the service person considers to
31 improve his or her working circumstance within the classification category of employment.

32 (1) A promotion includes a transfer to another classification category or place of
33 employment if the position is not filled by an employee who holds a title within that classification
34 category of employment.

35 (2) Each class title listed in section eight of this article is considered a separate
36 classification category of employment for service personnel, except for those class titles having
37 Roman numeral designations, which are considered a single classification of employment:

38 (A) The cafeteria manager class title is included in the same classification category as
39 cooks;

40 (B) The executive secretary class title is included in the same classification category as
41 secretaries;

42 (C) Paraprofessional, autism mentor, early classroom assistant teacher and braille or sign
43 support specialist class titles are included in the same classification category as aides; and

44 (D) The mechanic assistant and chief mechanic class titles are included in the same
45 classification category as mechanics.

46 (3) The assignment of an aide to a particular position within a school is based on seniority

47 within the aide classification category if the aide is qualified for the position.

48 (4) Assignment of a custodian to work shifts in a school or work site is based on seniority
49 within the custodian classification category.

50 (e) For purposes of determining seniority under this section a service persons seniority
51 begins on the date that he or she enters into the assigned duties.

52 (f) *Extra-duty assignments.* --

53 (1) For the purpose of this section, "extra-duty assignment" means an irregular job that
54 occurs periodically or occasionally such as, but not limited to, field trips, athletic events, proms,
55 banquets and band festival trips.

56 (2) Notwithstanding any other provisions of this chapter to the contrary, decisions affecting
57 service personnel with respect to extra-duty assignments are made in the following manner:

58 (A) A service person with the greatest length of service time in a particular category of
59 employment is given priority in accepting extra duty assignments, followed by other fellow
60 employees on a rotating basis according to the length of their service time until all employees
61 have had an opportunity to perform similar assignments. The cycle then is repeated.

62 (B) An alternative procedure for making extra-duty assignments within a particular
63 classification category of employment may be used if the alternative procedure is approved both
64 by the county board and by an affirmative vote of two-thirds of the employees within that
65 classification category of employment.

66 (g) County boards shall post and date notices of all job vacancies of existing or newly
67 created positions in conspicuous places for all school service personnel to observe for at least
68 five working days.

69 (1) Posting locations include any website maintained by or available for the use of the
70 county board.

71 (2) Notice of a job vacancy shall include the job description, the period of employment, the
72 work site, the starting and ending time of the daily shift, the amount of pay and any benefits and

73 other information that is helpful to prospective applicants to understand the particulars of the job.
74 The notice of a job vacancy in the aide classification categories shall include the program or
75 primary assignment of the position. Job postings for vacancies made pursuant to this section shall
76 be written to ensure that the largest possible pool of qualified applicants may apply. Job postings
77 may not require criteria which are not necessary for the successful performance of the job and
78 may not be written with the intent to favor a specific applicant.

79 (3) All vacancies in existing or newly created positions shall be filled within twenty working
80 days from the closing date of the job posting for the position.

81 (4) The county board shall notify the successful applicant as soon as possible after the
82 county board makes a hiring decision regarding the posted position.

83 (h) All decisions by county boards concerning reduction in work force of service personnel
84 shall be made on the basis of seniority, as provided in this section.

85 (i) The seniority of a service person is determined on the basis of the length of time the
86 employee has been employed by the county board within a particular job classification. For the
87 purpose of establishing seniority for a preferred recall list as provided in this section, a service
88 person who has been employed in one or more classifications retains the seniority accrued in
89 each previous classification.

90 (j) If a county board is required to reduce the number of service personnel within a
91 particular job classification, the following conditions apply:

92 (1) The employee with the least amount of seniority within that classification or grades of
93 classification is properly released and employed in a different grade of that classification if there
94 is a job vacancy;

95 (2) If there is no job vacancy for employment within that classification or grades of
96 classification, the service person is employed in any other job classification which he or she
97 previously held with the county board if there is a vacancy and retains any seniority accrued in
98 the job classification or grade of classification.

99 (k) After a reduction in force or transfer is approved, but prior to August 1, a county board
100 in its sole and exclusive judgment may determine that the reason for any particular reduction in
101 force or transfer no longer exists.

102 (1) If the board makes this determination, it shall rescind the reduction in force or transfer
103 and notify the affected employee in writing of the right to be restored to his or her former position
104 of employment.

105 (2) The affected employee shall notify the county board of his or her intent to return to the
106 former position of employment within five days of being notified or lose the right to be restored to
107 the former position.

108 (3) The county board may not rescind the reduction in force of an employee until all service
109 personnel with more seniority in the classification category on the preferred recall list have been
110 offered the opportunity for recall to regular employment as provided in this section.

111 (4) If there are insufficient vacant positions to permit reemployment of all more senior
112 employees on the preferred recall list within the classification category of the service person who
113 was subject to reduction in force, the position of the released service person shall be posted and
114 filled in accordance with this section.

115 (l) If two or more service persons accumulate identical seniority, the priority is determined
116 by a random selection system established by the employees and approved by the county board.

117 (m) All service personnel whose seniority with the county board is insufficient to allow their
118 retention by the county board during a reduction in work force are placed upon a preferred recall
119 list and shall be recalled to employment by the county board on the basis of seniority.

120 (n) A service person placed upon the preferred recall list shall be recalled to any position
121 openings by the county board within the classification(s) where he or she had previously been
122 employed, to any lateral position for which the service person is qualified or to a lateral area for
123 which a service person has certification and/or licensure.

124 (o) A service person on the preferred recall list does not forfeit the right to recall by the

125 county board if compelling reasons require him or her to refuse an offer of reemployment by the
126 county board.

127 (p) The county board shall notify all service personnel on the preferred recall list of all
128 position openings that exist from time to time. The notification shall be sent annually, with written
129 receipt notification documented by the superintendent, and shall list instructions to access job
130 postings on any website maintained by or available for the use of the county board.

131 (q) A position opening may be filled by the county board, whether temporary or permanent,
132 until all service personnel on the preferred recall list have been properly notified of existing
133 vacancies and have been given an opportunity to accept reemployment.

134 (r) A service person released from employment for lack of need as provided in sections
135 six and eight-a, article two of this chapter is accorded preferred recall status on July 1 of the
136 succeeding school year if he or she has not been reemployed as a regular employee.

137 (s) A county board failing to comply with the provisions of this article may be compelled to
138 do so by mandamus and is liable to any party prevailing against the board for court costs and the
139 prevailing party's reasonable attorney fee, as determined and established by the court.

140 (1) A service person denied promotion or employment in violation of this section shall be
141 awarded the job, pay and any applicable benefits retroactively to the date of the violation and
142 shall be paid entirely from local funds.

143 (2) The county board is liable to any party prevailing against the board for any court
144 reporter costs including copies of transcripts.

NOTE: The purpose of this bill is to revise the order in which qualified applicants are considered for service personnel employment by county boards of education.
