55 services officer and which service was withdrawn from the Public Employees Retirement System  
56 prior to his or her elective transfer into this plan.

105 credited both under this subdivision and subdivision (1) or (2) of this subsection. Hours under this

125 date, the named beneficiary or beneficiaries shall receive in one lump sum the difference between

137 continuous period of not less than 12 months. A member may be determined partially disabled  
138 for the purposes of this article and maintain the ability to engage in other gainful employment  
139 which exists within the state but which ability would not enable him or her to earn an amount at  
140 least equal to two thirds of the average annual compensation earned by all active members of

158 which he or she retires or otherwise separates from covered employment.

159 (ii) "Retirant" means any member who commences an annuity payable by the retirement  
160 system.

174 result in death or that has lasted or can be expected to last for a continuous period of not less  
175 than 12 months. For purposes of this subdivision:

176 (1) A member is totally disabled only if his or her physical or mental impairment or  
177 impairments are so severe that he or she is not only unable to perform his or her previous work  
178 as a Natural Resources Police Officer but also cannot, considering his or her age, education, and  
179 work experience, engage in any other kind of substantial gainful employment which exists in the  
180 state regardless of whether: (A) The work exists in the immediate area in which the member lives;  
181 (B) a specific job vacancy exists; or (C) the member would be hired if he or she applied for work.

182 (2) "Physical or mental impairment" is an impairment that results from an anatomical,  
183 physiological, or psychological abnormality that is demonstrated by medically accepted clinical  
184 and laboratory diagnostic techniques. A member's receipt of Social Security disability benefits  
185 creates a rebuttable presumption that the member is totally disabled for purposes of this plan.  
186 Substantial gainful employment rebuts the presumption of total disability.

187 (pp) "Year of service" A member shall, except in his or her first and last years of covered  
188 employment, or within the plan year of the effective date, be credited with year of service credit,

<u>1,500 or more</u>	<u>1</u>

196 During a member's first and last years of covered employment or within the plan year of  
197 the effective date, the member shall be credited with 1/12 of a year of service for each month  
198 during the plan year in which the member is credited with an hour of service. A member is not  
199 entitled to credit for years of service for any time period during which he or she received disability  
200 payments under §20-17-21 or §20-17-22 of this code. Except as specifically excluded, years of  
201 service include covered employment prior to the effective date. Years of service which are  
202 credited to a member prior to his or her receipt of accumulated contributions upon termination of  
203 employment pursuant to §20-17-20 or §5-10-30 of this code, shall be disregarded for all purposes  
204 under this plan unless the member repays the accumulated contributions with interest pursuant  
205 to §20-17-20 of this code or had prior to the effective date made the repayment pursuant to §5-  
206 10-18 of this code.

**§20-17-3. Meaning of terms.**

1 Any term used in this article has the same meaning as when used in a comparable context

4 been amended.

4 certain survivor death benefits, and it is contemplated that substantially all of the members of the  
5 retirement system shall be qualified public safety employees as defined in §20-17-2 of this code.  
6 The retirement system shall come into effect January 1, 2020: *Provided*, That if the number of  
7 members in the system are fewer than one hundred on July 1, 2021, then all of the provisions of  
8 this article are void and of no force and effect, and memberships in the plan will be merged into

9 the Public Employees Retirement System created in §5-10-1 et seq. of this code. The retirement  
10 system constitutes a body corporate. All business of the system shall be transacted in the name  
11 of the West Virginia Natural Resources Police Officers Retirement System. The board shall  
12 specify and adopt all actuarial assumptions for the plan at its first meeting of every calendar year  
13 or as soon thereafter as may be practicable, which assumptions shall become part of the plan.

**§20-17-5. Article to be liberally construed; supplements federal social security; federal qualification requirements.**

1 (a) The provisions of this article shall be liberally construed to provide a general retirement  
2 system for Natural Resources Police Officers eligible to retire under the provisions of this plan.  
3 Nothing in this article may be construed to permit the state to substitute this plan for federal social  
4 security now in force in West Virginia.

5 (b) The board shall administer the plan in accordance with its terms and may construe the  
6 terms and determine all questions arising in connection with the administration, interpretation and  
7 application of the plan. The board may sue and be sued, contract and be contracted with and  
8 conduct all the business of the system in the name of the plan. The board may employ those  
9 persons it considers necessary or desirable to administer the plan. All start-up costs to modify the  
10 existing line of business computer system and all personnel salary, including benefits, shall be  
11 paid by the plan to the Consolidated Public Retirement Board expense fund. The board shall  
12 administer the plan for the exclusive benefit of the members and their beneficiaries subject to the  
13 specific provisions of the plan.

14 (c) The plan is intended to meet the federal qualification requirements of Section 401(a)  
15 and related sections of the Internal Revenue Code as applicable to governmental plans.  
16 Notwithstanding any other provision of state law, the board shall administer the plan to fulfill this  
17 intent for the exclusive benefit of the members and their beneficiaries. Any provision of this article  
18 referencing or relating to these federal qualification requirements shall be effective as of the date  
19 required by federal law. The board may promulgate rules and amend or repeal conflicting rules in

20 accordance with the authority granted to the board pursuant to §5-10D-1 of this code to assure  
21 compliance with the requirements of this section.

**§20-17-6. Members.**

1 (a) Any Natural Resources Police Officer first employed in covered employment after the  
2 effective date of this article shall be a member of this retirement system and does not qualify for

10 for which the employee has the earliest date of hire shall prevail. The membership of any person  
11 in the plan ceases: (1) Upon the withdrawal of accumulated contributions after the cessation of  
12 service; (2) upon retirement; or (3) at death.

13 (b) Any Natural Resources Police Officer employed in covered employment on July 1,  
14 2019, shall notify in writing both the Division of Natural Resources and the board no later than  
15 September 30, 2019, of his or her desire to become a member of the plan beginning January 1,  
16 2020: *Provided*, That any Natural Resources Police Officer hired after July 1, 2019, but before  
17 January 1, 2020, shall make this required notification to the division and the board no later than  
18 30 days from receipt of the notice required by §20-17-11 of this code or September 30, 2019,  
19 whichever is later. Any Natural Resources Police Officer who elects to become a member of the  
20 plan ceases to be an active member in any other retirement system administered by the board  
21 and shall continue to be ineligible for future membership in any other retirement system  
22 administered by the board so long as the Natural Resources Police Officer remains employed in  
23 covered employment in this plan; any Natural Resources Police Officer who does not affirmatively

24 elect to become a member of the plan continues to be eligible for any other retirement system as  
25 is from time to time offered to other state employees but is ineligible for this plan regardless of  
26 any subsequent termination of employment and rehire.

27 (c) Any Natural Resources Police Officer employed in covered employment on the  
28 effective date of this article, who has timely elected to transfer into this plan as provided in  
29 subsection (b) of this section, shall be given credited service at the time of transfer for all credited  
30 service then standing to the Natural Resources Police Officer service credit in the Public  
31 Employees Retirement System regardless of whether the credited service (as that term is defined  
32 in §5-10-2 of this code) was earned as a Natural Resources Police Officer. All the credited service  
33 standing to the transferring Natural Resources Police Officer's credit in the Public Employees  
34 Retirement Fund System at the time of transfer into this plan shall be transferred into the plan  
35 created by this article, and the transferring Natural Resources Police Officer shall be given the  
36 same credit for the purposes of this article for all service transferred from the Public Employees  
37 Retirement System, as that transferring Natural Resources Police Officer would have received  
38 from the Public Employees Retirement System as if the transfer had not occurred. In connection  
39 with each transferring Natural Resources Police Officer receiving credit for prior employment as  
40 provided in this subsection, a transfer from the Public Employees Retirement System to this plan  
41 shall be made pursuant to the procedures described in §20-17-10 of this code: *Provided, That a*  
42 member of this plan who has elected to transfer from the Public Employees Retirement System  
43 into this plan pursuant to subsection (b) of this section may not, after having transferred into and  
44 become an active member of this plan, reinstate to his or her credit in this plan any service credit  
45 relating to periods of non-Natural Resources Police Officer service which were withdrawn from  
46 the Public Employees Retirement System prior to his or her elective transfer into this plan.

47 (d) Any Natural Resources Police Officer who was employed as a Natural Resources  
48 Police Officer prior to the effective date of this article but was not employed as a Natural  
49 Resources Police Officer on the effective date of this article, shall become a member upon rehire

50 as a Natural Resources Police Officer. For purposes of this subsection, the member's years of  
51 service and credited service prior to the effective date shall not be counted for any purposes under  
52 this plan unless the Natural Resources Police Officer has not received the return of his or her  
53 accumulated contributions in the Public Employees Retirement System pursuant to §5-10-30 of  
54 this code. The member may request in writing within one year of first becoming a member of the  
55 plan to have his or her accumulated contributions and employer contributions from covered  
56 employment in the Public Employees Retirement System transferred to the plan. If the conditions  
57 of the subsection are met, all years of the Natural Resources Police Officer's covered employment  
58 shall be counted as years of service for the purposes of this article.

59 (e) Once made, the election provided in this section is irrevocable. All Natural Resources  
60 Police Officers first employed after the effective date and Natural Resources Police Officers  
61 electing to become members as described in this section shall be members as a condition of  
62 employment and shall make the contributions required by §20-17-8 of this code.

63 (f) Notwithstanding any other provisions of this article to the contrary, any individual who  
64 is a leased employee is not eligible to participate in the plan. For purposes of this plan, a "leased  
65 employee" means any individual who performs services as an independent contractor or pursuant  
66 to an agreement with an employee leasing organization or similar organization. If a question  
67 arises regarding the status of an individual as a leased employee, the board has final power to  
68 decide the question. Additionally, any individual who is an Emergency Natural Resources Police  
69 Officer as defined in §20-7-1(c) of this code, Special Natural Resources Police Officer as defined  
70 in §20-7-1(d) of this code, Forestry Special Natural Resources Police Officer as defined in §20-7-  
71 1(e) of this code, or Federal Law Enforcement Officer as defined in §20-7-1b of this code, is not  
72 eligible to participate in the plan.

**§20-17-7. Creation of fund; investments.**

1           (a) There is hereby created the “West Virginia Natural Resources Police Officer  
2 Retirement Fund” for the benefit of the members of the retirement system created pursuant to this  
3 article and the dependents of any deceased or retired member of the system.

4           (b) All moneys paid into and accumulated in the fund, except such amounts as are  
5 designated by the board for payment of benefits as provided in this article, shall be held in trust  
6 and invested in the consolidated pensions fund as administered by the state Investment  
7 Management Board as provided by law.

**§20-17-8. Members’ contributions; employer contributions.**

1           (a) There shall be deducted from the monthly salary of each member and paid into the  
2 fund an amount equal to eight and one-half percent of his or her monthly salary.

3           (b) An additional 12 percent of the monthly salary of each member shall be paid to the  
4 fund by the employer.

5           (c) If the board finds that the benefits provided by this article can be actually funded with  
6 a lesser contribution, then the board shall reduce the required member or employer contributions  
7 or both. The sums withheld each pay date shall be paid to the fund no later than 15 days following  
8 the end of the pay date.

9           (d) Any active member who has concurrent employment in an additional job or jobs and  
10 the additional employment requires the Natural Resources Police Officer to be a member of  
11 another retirement system which is administered by the Consolidated Public Retirement Board  
12 pursuant to §5-10D-1 et seq. of this code shall make an additional contribution to the fund of eight  
13 and one-half percent of his or her monthly salary earned from any additional employment which  
14 requires the Natural Resources Police Officer to be a member of another retirement which is  
15 administered by the Consolidated Public Retirement Board pursuant to §5-10D-1 et seq. of this  
16 code. An additional employer contribution shall be paid to the fund by the concurrent employer  
17 for which the member is employed in an amount of 12% of his or her monthly salary. If the board  
18 finds that the benefits provided by this article can be funded with a lesser contribution, then the

19 board shall reduce the required member, or employer contributions or both. The sums withheld  
20 each calendar month shall be paid to the fund no later than 15 days following the end of the  
21 calendar month.

**§20-17-9. Correction of errors; underpayments; overpayments.**

1 (a) General rule — Upon learning of errors, the board shall correct errors in the retirement  
2 plan in a timely manner whether the individual, division or board was at fault for the error with the  
3 intent of placing the affected individual, division and board in the position each would have been  
4 in had the error not occurred.

5 (b) Underpayments to the plan — Any error resulting in an underpayment to the plan may  
6 be corrected by the member or retirant remitting the required employee contribution or  
7 underpayment and the division remitting the required employer contribution or underpayment.  
8 Interest shall accumulate in accordance with the legislative rule 162 CSR 7 concerning retirement  
9 board refund, reinstatement, retroactive service, loan and correction of error interest factors and  
10 any accumulating interest owed on the employee and employer contributions or underpayments  
11 resulting from an employer error is the responsibility of the division. The division may remit total  
12 payment and the employee reimburse the division through payroll deduction over a period  
13 equivalent to the time period during which the employer error occurred. If the correction of an  
14 error involving an underpayment to the plan will result in the plan paying a retirant an additional  
15 amount, this additional payment may be made only after the board receives full payment of all  
16 required employee and employer contributions or underpayments, including interest.

17 (c) Overpayments to the plan by the division — When mistaken or excess employer  
18 contributions or other employer overpayments have been made to the plan, the board shall credit  
19 the division with an amount equal to the overpayment, to be offset against the employer's future  
20 liability for employer contributions to the plan. If the division has no future liability for employer  
21 contributions to the retirement system, the board shall refund the erroneous contributions directly

22 to the division. Earnings or interest may not be returned, offset or credited to the division under  
23 any of the means used by the board for returning employer overpayments made to the plan.

24 (d) Overpayments to the plan by an employee — When mistaken or excess employee  
25 contributions or overpayments have been made to the retirement system, the board has sole  
26 authority for determining the means of return, offset or credit to or for the benefit of the individual  
27 making the mistaken or excess employee contribution of the amounts, and may use any means  
28 authorized or permitted under the provisions of section 401(a), et seq. of the Internal Revenue  
29 Code and guidance issued thereunder applicable to governmental plans. Alternatively, the board  
30 may require the division to pay the individual the amounts as wages, with the board crediting the  
31 division with a corresponding amount to offset against its future contributions to the plan. If the  
32 division has no future liability for employer contributions to the plan, the board shall refund said  
33 amount directly to the division: *Provided*, That the wages paid to the individual shall not be  
34 considered compensation for any purposes of this article. Earnings or interest shall not be  
35 returned, offset, or credited under any of the means used by the board for returning employee  
36 overpayments.

37 (e) Overpayments from the plan — If any error results in any member, retirant, beneficiary,  
38 the division or other individual receiving from the system more than he or she would have been  
39 entitled to receive had the error not occurred the board shall correct the error in a timely manner.  
40 If correction of the error occurs after annuity payments to a retirant or beneficiary have  
41 commenced, the board shall prospectively adjust the payment of the benefit to the correct amount.  
42 In addition, the member, retirant, beneficiary, the division or other person who received the  
43 overpayment from the plan shall repay the amount of any overpayment to the plan in any manner  
44 permitted by the board. Interest shall not accumulate on any corrective payment made to the plan  
45 pursuant to this subsection.

46 (f) Underpayments from the plan — If any error results in any member, retirant, beneficiary,  
47 the division or other individual receiving from the plan less than he or she would have been entitled

48 to receive had the error not occurred, the board, upon learning of the error, shall correct the error  
49 in a timely manner. If correction of the error occurs after annuity payments to a retirant or  
50 beneficiary have commenced, the board shall prospectively adjust the payment of the benefit to  
51 the correct amount. In addition, the board shall pay the amount of such underpayment to the  
52 member, retirant, beneficiary or other individual in a lump sum. Interest shall not be paid on any  
53 corrective payment made by the plan pursuant to this subsection.

54 (g) *Eligibility errors* — If the board finds that an individual is not eligible to participate, the  
55 board shall notify the individual and the division of the determination and terminate his or her  
56 participation in the plan. Any erroneous payments to the retirement system shall be returned to  
57 the division and individual in accordance with the methods described in subsections (c) and (d)  
58 of this section and any erroneous payments from the plan to such individual shall be returned to  
59 the plan in accordance with the methods described in subsection (e) of this section. Any erroneous  
60 service credited to the individual shall be removed. If the board determines that an individual has  
61 not been participating in the plan, but was eligible to and required to be participating in the plan,  
62 the board shall as soon as practicable notify the individual and the division of the determination,  
63 and the individual shall prospectively commence participation in the plan as soon as practicable.  
64 Service credit for service prior to the date on which the individual prospectively commences  
65 participation in the plan shall be granted only if the board receives the required employer and  
66 employee contributions for such service, in accordance with subsection (b) of this section,  
67 including interest.

**§20-17-10. Transfer from Public Employees Retirement System.**

1 (a) The consolidated public retirement board shall, within 90 days of the effective date  
2 transfer assets from the Public Employees Retirement System trust fund into the West Virginia  
3 Natural Police Officers Retirement trust fund.

4 (b) The amount of assets to be transferred for each transferring Natural Resources Police  
5 Officer shall be computed as of January 1, 2020, using the actuarial valuation assumptions in

6 effect for July 1, 2019, actuarial valuation of Public Employees Retirement System, and updated  
7 with seven and one-half percent annual interest to the date of the actual asset transfer. The  
8 market value of the assets of the transferring Natural Resources Police Officer in the Public  
9 Employees Retirement System shall be determined as of the end of the month preceding the  
10 actual transfer. To determine the computation of the asset share to be transferred the board shall:

11 (1) Compute the market value of the Public Employees Retirement System assets;

12 (2) Compute the accrued liability for all Public Employees Retirement System retirees,  
13 beneficiaries, disabled retirees and terminated inactive members;

14 (3) Reduce the market value of Public Employees Retirement System assets by the  
15 accrued liability determined in subdivision (2) of this subsection;

16 (4) Compute the entry age method accrued liability for all active Public Employees  
17 Retirement System members;

18 (5) Compute the share of accrued liability as determined pursuant to subdivision (4) of this  
19 subsection, that is attributable to those Natural Resources Police Officers in Public Employees  
20 Retirement System who have elected to transfer to the plan;

21 (6) Compute the percentage of active's accrued liability computed to the Natural  
22 Resources Police Officers by dividing subdivision (5) by subdivision (4) of this subsection;

23 (7) Determine the asset share to be transferred from Public Employees Retirement  
24 System to the plan by multiplying subdivision (3) times subdivision (6) of this subsection.

25 (c) Once a Natural Resources Police Officer has elected to transfer from the Public  
26 Employees Retirement System, transfer of that amount as calculated in accordance with the  
27 provisions of subsection (b) of this section by the Public Employees Retirement System shall  
28 operate as a complete bar to any further liability to the transferring from the Public Employees  
29 Retirement System, and constitutes an agreement whereby the transferring Natural Resources  
30 Police Officer forever indemnifies and holds harmless the Public Employees Retirement System  
31 from providing him or her any form of retirement benefit whatsoever until such time as that Natural

32 Resources Police Officer obtains other employment which would make him or her eligible to  
33 reenter the Public Employees Retirement System with no credit whatsoever for the amounts  
34 transferred to the Natural Resources Police Officer retirement system.

**§20-17-11. Notice requirements.**

1 (a) The Division of Natural Resources shall prepare a written notice no later than August  
2 1, 2019, to be delivered to each Natural Resources Police Officer actively employed by the  
3 division: *Provided*, That the division shall also deliver this notice on the first day of employment to  
4 any Natural Resources Police Officer hired after July 1, 2019, but before January 1, 2020. This  
5 notice shall clearly and accurately explain the benefits, financial implications and consequences  
6 to a Natural Resources Police Officer of electing to participate in the retirement plan created in  
7 this article, including the consequences and financial implications in regard to the benefits under  
8 the public employees insurance plan as set forth in §5-16-1 *et seq.* of this code. This notice shall  
9 be distributed to each Natural Resources Police Officer and the West Virginia Division of Natural  
10 Resources shall obtain a signed receipt from each Natural Resources Police Officer  
11 acknowledging that the Natural Resources Police Officer was provided a copy of the notice  
12 required in this subsection. If a Natural Resources Police Officer makes the election provided for  
13 in §20-17-6 of this code, he or she shall be considered to have made a voluntary, informed  
14 decision in regard to the election to participate in the retirement system created in this article.

15 (b) Nothing in this section may be construed to alter, affect or change any of the rights and  
16 benefits of any Natural Resources Police Officer who has insurance coverage under §5-16-1 *et*  
17 *seq.* of this code as a result of being a spouse or dependent of a participant who is the primary  
18 insured under §5-16-1 *et seq.* of this code.

19 (d) Nothing contained in this section may be construed to affect or pertain to any life  
20 insurance coverage under §5-16-1 *et seq.* of this code.

**§20-17-12. Retirement; commencement of benefits.**

1        A member may retire and commence to receive retirement income payments on the first  
2 day of the calendar month following the board's receipt of the member's voluntary written  
3 application for retirement or the required beginning date, if earlier. Before receiving retirement  
4 income payments, the member shall have ceased covered employment and reached normal  
5 retirement age. The retirement income payments shall be in an amount as provided under section  
6 §20-17-18 of this code: *Provided*, That retirement income payments under this plan shall be  
7 subject to the provisions of this article. Upon receipt of a request for estimation of benefits, the  
8 board shall promptly provide the member with an explanation of his or her optional forms of  
9 retirement benefits and the estimated gross monthly annuity. Upon receipt of properly executed  
10 retirement application forms from the member, the board shall process the member's request and  
11 commence payments as soon as administratively feasible.

**§20-17-13. Federal law maximum benefit limitations.**

1        Notwithstanding any other provision of this article or state law, the board shall administer  
2 the retirement system in compliance with the limitations of Section 415 of the Internal Revenue  
3 Code and regulations under that section, to the extent applicable to governmental plans (hereafter  
4 sometimes referred to as the "415 limitation(s)" or "415 dollar limitation(s)"), so that the annual  
5 benefit payable under this system to a member may not exceed those limitations. Any annual  
6 benefit payable under this system shall be reduced or limited, if necessary, to an amount which  
7 does not exceed those limitations. The extent to which any annuity or other annual benefit payable  
8 under this retirement system shall be reduced, as compared to the extent to which an annuity,  
9 contributions or other benefits under any other defined benefit plans or defined contribution plans  
10 required to be taken into consideration under Section 415 of the Internal Revenue Code shall be  
11 reduced, shall be proportional on a percentage basis to the reductions made in such other plans  
12 administered by the board and required to be so taken into consideration under Section 415,  
13 unless a disproportionate reduction is determined by the board to maximize the aggregate  
14 benefits payable to the member. If the reduction is under this retirement system, the board shall

15 advise affected members of any additional limitation on the annuities or other annual benefit  
16 required by this section. For purposes of the 415 limitations, the “limitation year” shall be the  
17 calendar year. The 415 limitations are incorporated herein by reference, except to the extent the  
18 following provisions may modify the default provisions thereunder:

19 (a) The annual adjustment to the 415 dollar limitations made by Section 415(d) of the  
20 Internal Revenue Code and the regulations thereunder shall apply for each limitation year. The  
21 annual adjustments to the dollar limitations under Section 415(d) of the Internal Revenue Code  
22 which become effective: (i) After a retirant’s severance from employment with the employer; or (ii)  
23 after the annuity starting date in the case of a retirant who has already commenced receiving  
24 benefits, shall apply with respect to a retirant’s annual benefit in any limitation year. A retirant’s  
25 annual benefit payable in any limitation year from this retirement system may not be greater than  
26 the limit applicable at the annuity starting date, as increased in subsequent years pursuant to  
27 Section 415(d) of the Internal Revenue Code and the regulations thereunder.

28 (b) For purposes of this section, the “annual benefit” means a benefit that is payable  
29 annually in the form of a straight life annuity. Except as provided below, where a benefit is payable  
30 in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent  
31 straight life annuity that begins at the same time as such other form of benefit, using factors  
32 prescribed in the 415 limitation regulations, before applying the 415 limitations. No actuarial  
33 adjustment to the benefit shall be made for: (1) Survivor benefits payable to a surviving spouse  
34 under a qualified joint and survivor annuity to the extent such benefits would not be payable if the  
35 member’s benefit were paid in another form; (2) benefits that are not directly related to retirement  
36 benefits (such as a qualified disability benefit, preretirement incidental death benefits, and post-  
37 retirement medical benefits); or (3) the inclusion in the form of benefit of an automatic benefit  
38 increase feature, provided the form of benefit is not subject to Section 417(e)(3) of the Internal  
39 Revenue Code and would otherwise satisfy the limitations of this article, and the plan provides  
40 that the amount payable under the form of benefit in any limitation year shall not exceed the limits

41 of this article applicable at the annuity starting date, as increased in subsequent years pursuant  
42 to Section 415(d) of the Internal Revenue Code. For this purpose, an automatic benefit increase  
43 feature is included in a form of benefit if the form of benefit provides for automatic, periodic  
44 increases to the benefits paid in that form.

45 (c) Adjustment for benefit forms not subject to Section 417(e)(3). — The straight life  
46 annuity that is actuarially equivalent to the member's form of benefit shall be determined under  
47 this subsection if the form of the member's benefit is either: (1) A nondecreasing annuity (other  
48 than a straight life annuity) payable for a period of not less than the life of the member (or, in the  
49 case of a qualified preretirement survivor annuity, the life of the surviving spouse); or (2) an  
50 annuity that decreases during the life of the member merely because of: (i) The death of the  
51 survivor annuitant (but only if the reduction is not below 50 percent of the benefit payable before  
52 the death of the survivor annuitant); or (ii) the cessation or reduction of Social Security  
53 supplements or qualified disability payments (as defined in Section 411(a)(9) of the Internal  
54 Revenue Code). The actuarially equivalent straight life annuity is equal to the greater of: (I) The  
55 annual amount of the straight life annuity (if any) payable to the member under the plan  
56 commencing at the same annuity starting date as the member's form of benefit; and (II) the annual  
57 amount of the straight life annuity commencing at the same annuity starting date that has the  
58 same actuarial present value as the member's form of benefit, computed using a five percent  
59 interest rate assumption and the applicable mortality table defined in Treasury Regulation  
60 §1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the  
61 applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.

62 (d) Adjustment for benefit forms subject to Section 417(e)(3). — The straight life annuity  
63 that is actuarially equivalent to the member's form of benefit shall be determined under this  
64 subsection if the form of the member's benefit is other than a benefit form described in subdivision  
65 (c) of this section. The actuarially equivalent straight life annuity shall be determined as follows:  
66 The actuarially equivalent straight life annuity is equal to the greatest of: (1) The annual amount

67 of the straight life annuity commencing at the same annuity starting date that has the same  
68 actuarial present value as the member's form of benefit, computed using the interest rate specified  
69 in this retirement system and the mortality table (or other tabular factor) specified in this retirement  
70 system for adjusting benefits in the same form; (2) the annual amount of the straight life annuity  
71 commencing at the same annuity starting date that has the same actuarial present value as the  
72 member's form of benefit, computed using a five and a half percent interest rate assumption and  
73 the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling  
74 2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue  
75 Ruling 2001-62) for that annuity starting date; and (3) the annual amount of the straight life annuity  
76 commencing at the same annuity starting date that has the same actuarial present value as the  
77 member's form of benefit, computed using the applicable interest rate defined in Treasury  
78 Regulation §1.417(e)-1(d)(3) and the applicable mortality table defined in Treasury Regulation  
79 §1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent  
80 Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), divided by 1.05.

81 (e) Benefits payable prior to age 62:

82 (1) Except as provided in paragraphs (2) and (3) of this subdivision, if the member's  
83 retirement benefits become payable before age 62, the 415 dollar limitation prescribed by this  
84 section shall be reduced in accordance with regulations issued by the Secretary of the Treasury  
85 pursuant to the provisions of Section 415(b) of the Internal Revenue Code, so that the limitation  
86 (as so reduced) equals an annual straight life benefit (when the retirement income benefit begins)  
87 which is equivalent to an annual benefit in the amount of the applicable dollar limitation of Section  
88 415(b)(1)(A) of the Internal Revenue Code (as adjusted pursuant to Section 415(d) of the Internal  
89 Revenue Code) beginning at age 62.

90 (2) The limitation reduction provided in paragraph (1) of this subdivision may not apply if  
91 the member commencing retirement benefits before age 62 is a qualified participant. A qualified  
92 participant for this purpose is a participant in a defined benefit plan maintained by a state, or any

93 political subdivision of a state, with respect to whom the service taken into account in determining  
94 the amount of the benefit under the defined benefit plan includes at least 15 years of service: (i)  
95 As a full-time employee of any police or fire department organized and operated by the state or  
96 political subdivision maintaining the defined benefit plan to provide police protection, fire-fighting  
97 services or emergency medical services for any area within the jurisdiction of such state or political  
98 subdivision; or (ii) as a member of the Armed Forces of the United States.

99 (3) The limitation reduction provided in paragraph (1) of this subdivision is not applicable  
100 to preretirement disability benefits or preretirement death benefits.

101 (4) For purposes of adjusting the 415 dollar limitation for benefit commencement before  
102 age 62 or after age 65 (if the plan provides for such adjustment), no adjustment is made to reflect  
103 the probability of a member's death: (i) After the annuity starting date and before age 62; or (ii)  
104 after age 65 and before the annuity starting date.

105 (f) Adjustment when member has less than 10 years of participation. — if a member has  
106 less than 10 years of participation in the retirement system (within the meaning of Treasury  
107 Regulation §1.415(b)-1(g)(1)(ii)), the 415 dollar limitation (as adjusted pursuant to Section 415(d)  
108 of the Internal Revenue Code and subdivision (e) of this section) shall be reduced by multiplying  
109 the otherwise applicable limitation by a fraction, the numerator of which is the number of years of  
110 participation in the plan (or one, if greater), and the denominator of which is 10. This adjustment  
111 is not applicable to preretirement disability benefits or preretirement death benefits.

112 (g) The application of the provisions of this section may not cause the maximum annual  
113 benefit provided to a member to be less than the member's accrued benefit as of December 31,  
114 2008 (the end of the limitation year that is immediately prior to the effective date of the final  
115 regulations for this retirement system as defined in Treasury Regulation §1.415(a)-1(g)(2)), under  
116 provisions of the retirement system that were both adopted and in effect before April 5, 2007,  
117 provided that these provisions satisfied the applicable requirements of statutory provisions,  
118 regulations, and other published guidance relating to Section 415 of the Internal Revenue Code

119 in effect as of December 31, 2008, as described in Treasury Regulation §1.415(a)-1(g)(4). If  
120 additional benefits are accrued for a member under this retirement system after January 1, 2009,  
121 then the sum of the benefits described under the first sentence of this subsection and benefits  
122 accrued for a member after January 1, 2009, shall satisfy the requirements of Section 415, taking  
123 into account all applicable requirements of the final 415 Treasury Regulations.

**§20-17-14. Federal law minimum required distributions.**

1 The requirements of this section apply to any distribution of a member's or beneficiary's  
2 interest and take precedence over any inconsistent provisions of this plan. This section applies to  
3 plan years beginning after December 31, 1986. Notwithstanding anything in the plan to the  
4 contrary, the payment of benefits under this article shall be determined and made in accordance  
5 with Section 401(a)(9) of the Internal Revenue Code and the federal regulations promulgated  
6 thereunder as applicable to governmental plans. Any term used in this article has the same  
7 meaning as when used in a comparable context in Section 401(a)(9) of the Internal Revenue  
8 Code and the federal regulations promulgated thereunder unless a different meaning is clearly  
9 required by the context or definition in this article. The following provisions apply to payments of  
10 benefits required under this article:

11 (a) The payment of benefits under the plan to any member shall be distributed to him or  
12 her not later than the required beginning date, or be distributed to him or her commencing not  
13 later than the required beginning date, in accordance with regulations prescribed under Section  
14 401(a)(9) of the Internal Revenue Code, over the life of the member or over the lives of the  
15 member and his or her beneficiary or over a period not extending beyond the life expectancy of  
16 the member and his or her beneficiary: *Provided*, That the requirements of this section may not  
17 be construed to grant a right to a form of benefit which is not otherwise available to a particular  
18 member under this retirement system. Benefit payments under this section may not be delayed  
19 pending, or contingent upon, receipt of an application for retirement from the member.

20 (b) If a member dies after distribution to him or her has commenced pursuant to this  
21 section but before his or her entire interest in the plan has been distributed, then the remaining  
22 portion of that interest shall be distributed at least as rapidly as under the method of distribution  
23 being used at the date of his or her death.

24 (c) If a member dies before distribution to him or her has commenced, then his or her  
25 entire interest in the retirement system is to be distributed by December 31 of the calendar year  
26 containing the fifth anniversary of the member's death, unless the provisions of subsection (d) of  
27 this section apply.

28 (d) If a member dies before distribution to him or her has commenced, and the member's  
29 interest is eligible to be paid in the form of a survivor annuity to a designated beneficiary,  
30 distributions are to be made over the life of that beneficiary or over a period certain not greater  
31 than the life expectancy of that beneficiary, commencing on or before the following:

32 (1) December 31 of the calendar year immediately following the calendar year in which  
33 the member died; or

34 (2) If the member's sole designated beneficiary is either the surviving spouse or a former  
35 spouse who, as an alternate payee under a Qualified Domestic Relations Order, is receiving 100  
36 percent of the survivor benefit, distributions are to commence on or before the later of:

37 (A) December 31 of the calendar year in which the member would have attained age 70  
38 and one-half; or

39 (B) December 31 of the calendar year immediately following the calendar year in which  
40 the member died.

41 (e) If a member dies before distribution to him or her has commenced and the survivor  
42 annuity provisions of subsection (d) of this section are not applicable, any designated beneficiary  
43 who is eligible to receive a distribution pursuant to the provisions of subsection (c) of this section  
44 may elect to have life expectancy treatment apply to the distribution for purposes of determining  
45 whether any portion of the distribution is an eligible rollover distribution: *Provided*, That any such

46 election may not delay the required distribution of the deceased member's entire interest in the  
47 retirement system beyond December 31 of the calendar year containing the fifth anniversary of  
48 the member's death as required by subsection (c) of this section: *Provided, however,* That the  
49 election is timely made in a form acceptable to the board on or before the following:

50 (1) December 31 of the calendar year immediately following the calendar year in which  
51 the member died; or

52 (2) If the member's sole designated beneficiary is either the surviving spouse or a former  
53 spouse who, as an alternate payee under a Qualified Domestic Relations Order, is receiving 100  
54 percent of the survivor benefit, election of life expectancy treatment must be made on or before  
55 the earlier of (A) or (B) below:

56 (A) The later of: (i) December 31 of the calendar year immediately following the calendar  
57 year in which the member died; or (ii) December 31 of the calendar year in which the member  
58 would have attained age 70 and one-half; or

59 (B) October 31 of the calendar year containing the fifth anniversary of the member's death.

**§20-17-15. Direct rollovers.**

1 Except where otherwise stated, this section applies to distributions made on or after  
2 January 1, 1993. Notwithstanding any provision of this article to the contrary that would otherwise  
3 limit a distributee's election under this plan, a distributee may elect, at the time and in the manner  
4 prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an  
5 eligible retirement plan specified by the distributee in a direct rollover. For purposes of this section,  
6 the following definitions apply:

7 (1) "Eligible rollover distribution" means any distribution of all or any portion of the balance  
8 to the credit of the distributee, except that an eligible rollover distribution does not include any of  
9 the following: (A) Any distribution that is one of a series of substantially equal periodic payments  
10 not less frequently than annually made for the life or life expectancy of the distributee or the joint  
11 lives or the joint life expectancies of the distributee and the distributee's designated beneficiary,

12 or for a specified period of 10 years or more; (B) any distribution to the extent the distribution is  
13 required under Section 401(a)(9) of the Internal Revenue Code; (C) the portion of any distribution  
14 that is not includable in gross income determined without regard to the exclusion for net unrealized  
15 appreciation with respect to employer securities; (D) any hardship distribution described in  
16 Section 401(k)(2)(B)(i)(iv) of the Internal Revenue Code. For distributions after December 31,  
17 2001, a portion of a distribution may not fail to be an eligible rollover distribution merely because  
18 the portion consists of after-tax employee contributions which are not includable in gross income.  
19 However, this portion may be paid only to an individual retirement account or annuity described  
20 in Section 408(a) or (b) of the Internal Revenue Code, or (for taxable years beginning before  
21 January 1, 2007) to a qualified trust which is part of a defined contribution plan described in  
22 Section 401(a) or (for taxable years beginning after December 31, 2006) to a qualified trust or to  
23 an annuity contract described in Section 403(a) or (b) of the Internal Revenue Code that agrees  
24 to separately account for amounts transferred (including interest or earnings thereon), including  
25 separately accounting for the portion of the distribution which is includable in gross income and  
26 the portion of the distribution which is not so includable, or (for taxable years beginning after  
27 December 31, 2007) to a Roth IRA described in Section 408A of the Internal Revenue Code.

28 (2) "Eligible retirement plan" means an individual retirement account described in Section  
29 408(a) of the Internal Revenue Code, an individual retirement annuity described in Section 408(b)  
30 of the Internal Revenue Code, an annuity plan described in Section 403(a) of the Internal Revenue  
31 Code or a qualified plan described in Section 401(a) of the Internal Revenue Code that accepts  
32 the distributee's eligible rollover distribution: *Provided*, That in the case of an eligible rollover  
33 distribution prior to January 1, 2002, to the surviving spouse, an eligible retirement plan is limited  
34 to an individual retirement account or individual retirement annuity. For distributions after  
35 December 31, 2001, an eligible retirement plan also means an annuity contract described in  
36 Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the  
37 Internal Revenue Code which is maintained by a state, political subdivision of a state, or any

38 agency or instrumentality of a state or political subdivision of a state and which agrees to  
39 separately account for amounts transferred into the plan from this system. For distributions after  
40 December 31, 2007, an eligible retirement plan also means a Roth IRA described in Section 408A  
41 of the Internal Revenue Code: *Provided*, That in the case of an eligible rollover distribution after  
42 December 31, 2007, to a designated beneficiary (other than a surviving spouse) as that term is  
43 defined in Section 402(c)(11) of the Internal Revenue Code, an eligible retirement plan is limited  
44 to an individual retirement account or individual retirement annuity which meets the conditions of  
45 Section 402(c)(11) of the Internal Revenue Code.

46 (3) "Distributee" means an employee or former employee. In addition, the employee's or  
47 former employee's surviving spouse and the employee's or former employee's spouse or former  
48 spouse who is the alternate payee under a qualified domestic relations order, as defined in  
49 Section 414(p) of the Internal Revenue Code with respect to governmental plans, are distributees  
50 with regard to the interest of the spouse or former spouse. For distributions after December 31,  
51 2007, "distributee" also includes a designated beneficiary (other than a surviving spouse) as such  
52 term is defined in Section 402(c)(11) of the Internal Revenue Code.

53 (4) "Direct rollover" means a payment by the plan to the eligible retirement plan.

**§20-17-16. Rollovers and transfers to purchase service credit or repay withdrawn contributions.**

1 (a) This section applies to rollovers and transfers as specified in this section made on or  
2 after January 1, 2002. Notwithstanding any provision of this article to the contrary that would  
3 otherwise prohibit or limit rollovers and plan transfers to this system, the retirement system shall  
4 accept the following rollovers and plan transfers on behalf of a member solely for the purpose of  
5 purchasing permissive service credit, in whole or in part, as otherwise provided in this article or  
6 for the repayment of withdrawn or refunded contributions, in whole and in part, with respect to a  
7 previous forfeiture of service credit as otherwise provided in this article: (i) One or more rollovers  
8 within the meaning of Section 408(d)(3) of the Internal Revenue Code from an individual

9 retirement account described in Section 408(a) of the Internal Revenue Code or from an individual  
10 retirement annuity described in Section 408(b) of the Internal Revenue Code; (ii) one or more  
11 rollovers described in Section 402(c) of the Internal Revenue Code from a retirement plan that is  
12 qualified under Section 401(a) of the Internal Revenue Code or from a plan described in Section  
13 403(b) of the Internal Revenue Code; (iii) one or more rollovers described in Section 457(e)(16)  
14 of the Internal Revenue Code from a governmental plan described in Section 457 of the Internal  
15 Revenue Code; or (iv) direct trustee-to-trustee transfers or rollovers from a plan that is qualified  
16 under Section 401(a) of the Internal Revenue Code, from a plan described in Section 403(b) of  
17 the Internal Revenue Code or from a governmental plan described in Section 457 of the Internal  
18 Revenue Code: *Provided*, That any rollovers or transfers pursuant to this section shall be  
19 accepted by the system only if made in cash or other asset permitted by the board and only in  
20 accordance with such policies, practices and procedures established by the board from time to  
21 time. For purposes of this article, the following definitions and limitations apply:

22 (1) "Permissive service credit" means service credit which is permitted to be purchased  
23 under the terms of the retirement system by voluntary contributions in an amount which does not  
24 exceed the amount necessary to fund the benefit attributable to the period of service for which  
25 the service credit is being purchased, all as defined in Section 415(n)(3)(A) of the Internal  
26 Revenue Code: *Provided*, That no more than five years of "nonqualified service credit", as defined  
27 in Section 415(n)(3)(C) of the Internal Revenue Code, may be included in the permissive service  
28 credit allowed to be purchased (other than by means of a rollover or plan transfer), and no  
29 nonqualified service credit may be included in any such purchase (other than by means of a  
30 rollover or plan transfer) before the member has at least five years of participation in the retirement  
31 system.

32 (2) "Repayment of withdrawn or refunded contributions" means the payment into the  
33 retirement system of the funds required pursuant to this article for the reinstatement of service

34 credit previously forfeited on account of any refund or withdrawal of contributions permitted in this  
35 article, as set forth in Section 415(k)(3) of the Internal Revenue Code.

36 (3) Any contribution (other than by means of a rollover or plan transfer) to purchase  
37 permissive service credit under any provision of this article must satisfy the special limitation rules  
38 described in Section 415(n) of the Internal Revenue Code, and shall be automatically reduced,  
39 limited, or required to be paid over multiple years if, necessary, to ensure such compliance. To  
40 the extent any such purchased permissive service credit is qualified military service within the  
41 meaning of Section 414(u) of the Internal Revenue Code, the limitations of Section 415 of the  
42 Internal Revenue Code shall be applied to such purchase as described in Section 414(u)(1)(B) of  
43 the Internal Revenue Code.

44 (4) For purposes of Section 415(b) of the Internal Revenue Code, the annual benefit  
45 attributable to any rollover contribution accepted pursuant to this section shall be determined in  
46 accordance with Treasury Regulation §1.415(b)-1(b)(2)(v), and the excess, if any, of the annuity  
47 payments attributable to any rollover contribution provided under the retirement system over the  
48 annual benefit so determined shall be taken into account when applying the accrued benefit  
49 limitations of Section 415(b) of the Internal Revenue Code and §20-17-13 of this code.

50 (b) Nothing in this section shall be construed as permitting rollovers or transfers into this  
51 system or any other system administered by the retirement board other than as specified in this  
52 section and no rollover or transfer shall be accepted into the system in an amount greater than  
53 the amount required for the purchase of permissive service credit or repayment of withdrawn or  
54 refunded contributions.

55 (c) Nothing in this section shall be construed as permitting the purchase of service credit  
56 or repayment of withdrawn or refunded contributions except as otherwise permitted in this article.

**§20-17-17. Conversion of annual and sick leave authorized for health or retirement benefits.**

1           (a) Any member, who was a member of the Public Employee Retirement System prior to  
2 July 1, 2015, and who elected to become a member of this plan pursuant to §20-17-6 of this code  
3 and who has accrued annual leave or sick leave days with the division may elect to use the days  
4 at the time of retirement to acquire additional credited service in this retirement system. The  
5 accrued days shall be applied on the basis of two workdays credit granted for each one day of  
6 such accrued annual or sick leave days, with each month of retirement service credit to equal  
7 twenty workdays and with any remainder of ten workdays or more to constitute a full month of  
8 additional credit and any remainder of less than ten workdays to be dropped and not used.  
9 Additional service credited pursuant to the provisions of this section shall be allowed and not  
10 deemed to controvert the requirement of no more than twelve months credited service in any  
11 year's period.

12           (b) Nothing in this article may be construed to change a member's eligibility to use accrued  
13 annual or sick leave days for extended insurance coverage as authorized pursuant to the  
14 provisions of §5-16-13 of this code. Any use of accrued annual or sick leave days for extended  
15 insurance coverage shall be as authorized by the provisions of §5-16-13 of this code.

**§20-17-18. Retirement benefits.**

1           This section provides for a member's accrued benefit payable starting at the member's  
2 annuity starting date which follows the completion of a written application for the commencement  
3 of benefits. The member shall receive the accrued retirement benefit in the normal form or in an  
4 actuarial equivalent amount in an optional form as provided under §20-17-19 of this code, subject  
5 to reduction, if necessary to comply with the maximum benefit provisions of Section 415 of the  
6 Internal Revenue Code and §20-17-13 of this code. The first day of the calendar month following  
7 the calendar month of birth shall be used in lieu of any birth date that does not fall on the first day  
8 of a calendar month.

9           (a) Normal retirement. — A member whose annuity starting date is the date the member  
10 attains normal retirement age or later is entitled to his or her accrued retirement benefit based on  
11 years of service and final average salary at termination of employment.

12           (b) Retirement benefits shall be paid monthly in an amount equal to one twelfth of the  
13 retirement income payments elected and at those times established by the board.

**§20-17-19. Annuity options.**

1           (a) Prior to the effective date of retirement, but not thereafter, except as provided in  
2 subsection (c) of this section, a member may elect to receive retirement income payments in the  
3 normal form, or the actuarial equivalent of the normal form from the following options:

4           (1) Joint and Survivor Annuity. — A life annuity payable during the joint lifetime of the  
5 retirant and his or her beneficiary who is a natural person with an insurable interest in the retirant's  
6 life. Upon the death of the retirant, the benefit shall continue as a life annuity to the survivor in an  
7 amount equal to 50 percent, 66 and two-thirds percent, 75 percent, or 100 percent of the amount  
8 paid while both were living as selected by the member. If the beneficiary dies first, the monthly  
9 amount of benefits may not be reduced, but shall be paid at the amount that was in effect before  
10 the death of the beneficiary. If the retiring member is married, the spouse shall sign a waiver of  
11 benefit rights if the beneficiary is to be other than the spouse.

12           (2) Ten Years Certain and Life Annuity. — A life annuity payable during the retirant's  
13 lifetime but in any event for a minimum of 10 years. If the retirant's dies before the expiration of  
14 10 years, the remaining payments shall be made to a designated beneficiary, if any, or otherwise  
15 to the member's estate.

16           (3) Level Income Annuity. — A life annuity payable monthly in an increased amount "A"  
17 from the time of retirement until the member is Social Security retirement age, and then a lesser  
18 amount "B" payable for the retirant's lifetime thereafter, with these amounts computed actuarially  
19 to satisfy the following two conditions:

20 (A) Actuarial equivalence. — The actuarial present value at the date of retirement of the  
21 retirant's annuity if taken in the normal form must equal the actuarial present value of the term life  
22 annuity in amount "A" plus the actual present value of the deferred life annuity in amount "B"; and

23 (B) Level income. — The amount "A" equals the amount "B" plus the amount of the  
24 retirant's estimated monthly Social Security primary insurance amount that would commence at  
25 the date amount "B" becomes payable. For this calculation, the primary insurance amount is  
26 estimated when the member applies for retirement, using Social Security law then in effect, using  
27 assumptions established by the board.

28 (b) If a retirant who has elected the options set forth in subdivision (1), subsection (a) of  
29 this section, whose beneficiary dies prior to the retirant's death, the retirant may name an  
30 alternative beneficiary. If an alternative beneficiary is named within 18 months following the death  
31 of the prior beneficiary, the benefit shall be adjusted to be the actuarial equivalent of the benefit  
32 the retirant is receiving just after the death of the retirant's named beneficiary. If the election is  
33 not made until 18 months after the death of the prior beneficiary, the amount shall be reduced so  
34 that it is only 90 percent of the actuarial equivalent of the benefit the retirant is receiving just after  
35 the death of the retirant's named beneficiary.

36 (c) (1) If a retirant who has elected an option set forth in subdivision (1), subsection (a) of  
37 this section, designated his or her spouse as beneficiary, upon divorce or annulment, the retirant  
38 may elect to change the retirement benefit options offered by those subdivisions to a life annuity  
39 in an amount adjusted on a fair basis to be of equal actuarial value of the annuity prospectively in  
40 effect relative to the retirant at the time the option is elected: *Provided*, That the retirant furnishes  
41 to the board satisfactory proof of entry of a final decree of divorce or annulment: *Provided*,  
42 *however*, That the retirant certifies under penalty of perjury that no qualified domestic relations  
43 order, final decree of divorce or other court order that would restrict the election is in effect:  
44 *Provided further*, That no cause of action against the board arises or may be maintained on the

45 basis of having permitted the retirant to change the retirement benefit option pursuant to the  
46 provisions of this subdivision.

47 (2) Upon remarriage, a retirant may name the new spouse as an annuitant for any of the  
48 retirement benefit options offered by subdivision (1), subsection (a) of this section: *Provided*, That  
49 the retirant shall furnish to the board proof of marriage: *Provided, however*, That the retirant  
50 certifies under penalty of perjury that no qualified domestic relations order, final decree of divorce  
51 or other court order that would restrict the designation is in effect: *Provided further*, That no cause  
52 of action against the board arises or may be maintained on the basis of having permitted the  
53 retirant to name a new spouse as annuitant for any of the survivorship retirement benefit options.  
54 The value of the new survivorship annuity shall be the actuarial equivalent of the retirant's benefit  
55 prospectively in effect at the time the new annuity is elected.

**§20-17-20. Refunds to certain members upon discharge or resignation; deferred retirement; forfeitures.**

1 (a) Any member who terminates covered employment and is not eligible to receive  
2 disability or retirement income benefits under this article is, by written request filed with the board,  
3 entitled to receive from the fund the member's accumulated contributions. Except as provided in  
4 subsection (b) of this section, upon withdrawal the member shall forfeit his or her accrued benefit  
5 and cease to be a member.

6 (b) Any member of this plan who ceases employment in covered employment and active  
7 participation in this plan, and who thereafter becomes reemployed in covered employment may  
8 not receive any credited service for any prior withdrawn accumulated contributions from either  
9 this plan or the Public Employees Retirement System relating to the prior covered employment  
10 unless following his or her return to covered employment and active participation in this plan, the  
11 member redeposits in this plan the amount of the withdrawn accumulated contributions submitted  
12 on salary earned while a Natural Resources Police Officer, together with interest on the  
13 accumulated contributions at the rate determined by the board from the date of withdrawal to the

14 date of redeposit. Upon repayment he or she shall receive the same credit on account of his or  
15 her former service in covered employment as if no refund had been made. The repayment  
16 authorized by this subsection shall be made in a lump sum within 60 months of the Natural  
17 Resources Police Officer's reemployment in covered employment or if later, within 60 months of  
18 the effective date of this article.

19 (c) A member of this plan who has elected to transfer from the Public Employees  
20 Retirement System into this plan pursuant to §20-17-6(b) of this code may not, after having  
21 transferred into and become an active member of this plan, reinstate to his or her credit in this  
22 plan any service credit relating to periods of non-Natural Resources Police Officer service which  
23 were withdrawn from the Public Employees Retirement System plan prior to his or her elective  
24 transfer into this plan.

25 (d) Any member of this plan who: (1) was employed as a Natural Resource Police Officer  
26 prior to the effective date of this article; and (2) was not employed as a Natural Resource Police  
27 Officer on the effective date of this article; and (3) thereafter becomes reemployed in covered  
28 employment, may not receive any credited service for any previously withdrawn accumulated  
29 contributions from either this plan or the Public Employees Retirement System relating to the prior  
30 covered employment unless, following his or her return to covered employment and active  
31 participation in this plan, the member redeposits in this plan the amount of the withdrawn  
32 accumulated contributions submitted on salary earned while a Natural Resources Police Officer,  
33 together with interest on the accumulated contributions at the rate determined by the board from  
34 the date of withdrawal to the date of redeposit. Upon repayment he or she shall receive the same  
35 credit for his or her former service in covered employment as if no refund had been made. The  
36 repayment required by this subsection shall be made in a lump sum within 60 months of the  
37 Natural Resource Police Officers reemployment in covered employment.

38 (e) Every member who completes 120 months of covered employment is eligible, upon  
39 cessation of covered employment, to either withdraw his or her accumulated contributions in

40 accordance with subsection (a) of this section, or to choose not to withdraw his or her accumulated  
41 contribution and to receive retirement income payments upon attaining normal retirement age.

42 (f) Notwithstanding any other provision of this article, forfeitures under the plan may not  
43 be applied to increase the benefits any member would otherwise receive under the plan.

**§20-17-21. Awards and benefits for disability — Duty related.**

1 (a) Any member who after the effective date of this article and during covered employment:  
2 (1) Has been or becomes either totally or partially disabled by injury, illness or disease; and (2)  
3 the disability is a result of an occupational risk or hazard inherent in or peculiar to the services  
4 required of members; or (3) the disability was incurred while performing law-enforcement  
5 functions during either scheduled work hours or at any other time; and (4) in the opinion of two  
6 physicians, one of whom shall be named by the board and one by the member, the member is by  
7 reason of the disability unable to perform adequately the duties required of a Natural Resources
