118 5Y-4(l)(1) of this code.

NOTE: The purpose of this bill is to provide that providers serving no more than 30 patients do not need to comply with the legislative rule and only attest to services being provided. Also, this bill provides that licensed behavioral health centers providing office-based medication-assisted treatment are exempt from the separate registration process for office-based medication-assisted treatment programs, but rather must provide attestation so that a comprehensive list of providers offering office-based medication-assisted treatment may be maintained.
