Interest shall not be paid on any 52 53 corrective payment made by the plan pursuant to this subsection. 54 (g) Eligibility errors: If the board finds that an individual is not eligible to participate, the board shall notify the individual and the division of the determination and terminate his or her 55 56 participation in the plan. Any erroneous payments to the retirement system shall be returned to 57 the division and individual in accordance with the methods described in subsections (c) and (d) 58 of this section and any erroneous payments from the plan to such individual shall be returned to 59 the plan in accordance with the methods described in subsection (e) of this section. Any erroneous 60 service credited to the individual shall be removed. If the board determines that an individual has 61 not been participating in the plan, but was eligible to and required to be participating in the plan, 62 the board shall as soon as practicable notify the individual and the division of the determination, 63 and the individual shall prospectively commence participation in the plan as soon as practicable. 64 Service credit for service prior to the date on which the individual prospectively commences 65 participation in the plan shall be granted only if the board receives the required employer and 66 employee contributions for such service, in accordance with subsection (b) of this section, 67 including interest. 68 (h) Correction of errors occurring prior to transfer from Public Employee Retirement 69 System. If any errors requiring correction occurred prior to establishment of the plan created 70 pursuant to this article or prior to the transfer of funds from the Public Employee Retirement

71 System, into the plan, or both, the employer and member contributions, if any, required to be

72 calculated in order to effect correction shall be based on the rates in effect for the retirement system under which such employer or member contributions would have been made had the error 73 74 not occurred. For purposes of this subsection, "retirement system" means either the Public 75 Employees Retirement System or the plan. The board shall have full discretion when applying 76 this subsection (h), consistent with the general principles of subsection (a) of this section. The 77 intent of any correction is to place the affected individual, division and board in the position in 78 which each would have been had the error not occurred. §20-18-10. Transfer from Public Employees Retirement System. 1 (a) The Consolidated Public Retirement Board shall, within 90 days of the effective date 2 transfer assets from the Public Employees Retirement System trust fund into the West Virginia 3 Natural Police Officers Retirement trust fund. 4 (b) The amount of assets to be transferred for each transferring Natural Resources Police 5 Officer shall be computed as of January 1, 2021, using the actuarial valuation assumptions in 6 effect for July 1, 2020, actuarial valuation of Public Employees Retirement System, and updated 7 with seven and one-half percent annual interest to the date of the actual asset transfer. The 8 market value of the assets of the transferring Natural Resources Police Officer in the Public Employees Retirement System shall be determined as of the end of the month preceding the 9 10 actual transfer. To determine the computation of the asset share to be transferred the board shall: 11 (1) Compute the market value of the Public Employees Retirement System assets; 12 (2) Compute the accrued liability for all Public Employees Retirement System retirees, 13 beneficiaries, disabled retirees and terminated inactive members; 14 (3) Reduce the market value of Public Employees Retirement System assets by the 15 accrued liability determined in subdivision (2) of this subsection; 16 (4) Compute the entry age method accrued liability for all active Public Employees 17 Retirement System members;

18	(5) Compute the share of accrued liability as determined pursuant to subdivision (4) of this
19	subsection, that is attributable to those Natural Resources Police Officers in Public Employees
20	Retirement System who have elected to transfer to the plan;
21	(6) Compute the percentage of active's accrued liability computed to the Natural
22	Resources Police Officers by dividing subdivision (5) by subdivision (4) of this subsection;
23	(7) Determine the asset share to be transferred from Public Employees Retirement
24	System to the plan by multiplying subdivision (3) times subdivision (6) of this subsection.
25	(c) Once a Natural Resources Police Officer has elected to transfer from the Public
26	Employees Retirement System, transfer of that amount as calculated in accordance with the
27	provisions of subsection (b) of this section by the Public Employees Retirement System shall
28	operate as a complete bar to any further liability to the Natural Resource Police Officer transferring
29	from the Public Employees Retirement System, and constitutes an agreement whereby the
30	transferring Natural Resources Police Officer forever indemnifies and holds harmless the Public
31	Employees Retirement System from providing him or her any form of retirement benefit
32	whatsoever until such time as that Natural Resources Police Officer obtains other employment
33	which would make him or her eligible to reenter the Public Employees Retirement System with no
34	credit whatsoever for the amounts transferred to the Natural Resources Police Officer retirement
35	<u>system.</u>
	§20-18-11. Notice requirements.
1	(a) The Division of Natural Resources shall prepare a written notice no later than August
2	1, 2020, to be delivered to each Natural Resources Police Officer actively employed by the
3	division: Provided, That the division shall also deliver this notice on the first day of employment to
4	any Natural Resources Police Officer hired after July 1, 2020, but before January 2, 2021. This
5	notice shall clearly and accurately explain the benefits, financial implications and consequences
0	

6 to a Natural Resources Police Officer of electing to participate in the retirement plan created in

7 this article, including the consequences and financial implications in regard to the benefits under

8 the public employees insurance plan as set forth in §5-16-1 et seq. of this code. This notice shall 9 be distributed to each Natural Resources Police Officer and the West Virginia Division of Natural 10 Resources shall obtain a signed receipt from each Natural Resources Police Officer 11 acknowledging that the Natural Resources Police Officer was provided a copy of the notice 12 required in this subsection. If a Natural Resources Police Officer makes the election provided for 13 in §20-18-6 of this code, he or she shall be considered to have made a voluntary, informed 14 decision in regard to the election to participate in the retirement system created in this article. 15 (b) Nothing in this section may be construed to alter, affect or change any of the rights and 16 benefits of any Natural Resources Police Officer who has insurance coverage under §5-16-1 et 17 seq. of this code as a result of being a spouse or dependent of a participant who is the primary 18 insured under §5-16-1 et seq. of this code. 19 (c) Nothing contained in this section may be construed to affect or pertain to any life 20 insurance coverage under §5-16-1 et seq. of this code. §20-18-12. Retirement; commencement of benefits. 1 A member may retire and commence to receive retirement income payments on the first 2 day of the calendar month following the board's receipt of the member's voluntary written 3 application for retirement or the required beginning date, if earlier. Before receiving retirement 4 income payments, the member shall have ceased covered employment and reached normal 5 retirement age. The retirement income payments shall be in an amount as provided under §20-6 18-18 of this code: Provided, That retirement income payments under this plan shall be subject 7 to the provisions of this article. Upon receipt of a request for estimation of benefits, the board shall 8 promptly provide the member with an explanation of his or her optional forms of retirement 9 benefits and the estimated gross monthly annuity. Upon receipt of properly executed retirement 10 application forms from the member, the board shall process the member's request and commence

11 payments as soon as administratively feasible.

### §20-18-13. Federal law maximum benefit limitations.

1 Notwithstanding any other provision of this article or state law, the board shall administer 2 the retirement system in compliance with the limitations of Section 415 of the Internal Revenue 3 Code and regulations under that section, to the extent applicable to governmental plans (hereafter 4 sometimes referred to as the "415 limitation(s)" or "415 dollar limitation(s)"), so that the annual 5 benefit payable under this system to a member may not exceed those limitations. Any annual 6 benefit payable under this system shall be reduced or limited, if necessary, to an amount which 7 does not exceed those limitations. The extent to which any annuity or other annual benefit payable 8 under this retirement system shall be reduced, as compared to the extent to which an annuity, 9 contributions or other benefits under any other defined benefit plans or defined contribution plans 10 required to be taken into consideration under Section 415 of the Internal Revenue Code shall be 11 reduced, shall be proportional on a percentage basis to the reductions made in such other plans 12 administered by the board and required to be so taken into consideration under Section 415, 13 unless a disproportionate reduction is determined by the board to maximize the aggregate 14 benefits payable to the member. If the reduction is under this retirement system, the board shall 15 advise affected members of any additional limitation on the annuities or other annual benefit required by this section. For purposes of the 415 limitations, the "limitation year" shall be the 16 17 calendar year. The 415 limitations are incorporated herein by reference, except to the extent the 18 following provisions may modify the default provisions thereunder: 19 (a) The annual adjustment to the 415 dollar limitations made by Section 415(d) of the 20 Internal Revenue Code and the regulations thereunder shall apply for each limitation year. The 21 annual adjustments to the dollar limitations under Section 415(d) of the Internal Revenue Code 22 which become effective: (i) After a retirant's severance from employment with the employer; or (ii)

23 after the annuity starting date in the case of a retirant who has already commenced receiving

24 benefits, shall apply with respect to a retirant's annual benefit in any limitation year. A retirant's

25 <u>annual benefit payable in any limitation year from this retirement system may not be greater than</u>

26 the limit applicable at the annuity starting date, as increased in subsequent years pursuant to

27 <u>Section 415(d) of the Internal Revenue Code and the regulations thereunder.</u>

28 (b) For purposes of this section, the "annual benefit" means a benefit that is payable 29 annually in the form of a straight life annuity. Except as provided below, where a benefit is payable 30 in a form other than a straight life annuity, the benefit shall be adjusted to an actuarially equivalent 31 straight life annuity that begins at the same time as such other form of benefit, using factors 32 prescribed in the 415 limitation regulations, before applying the 415 limitations. No actuarial 33 adjustment to the benefit shall be made for: (1) Survivor benefits payable to a surviving spouse 34 under a gualified joint and survivor annuity to the extent such benefits would not be payable if the 35 member's benefit were paid in another form; (2) benefits that are not directly related to retirement 36 benefits (such as a qualified disability benefit, preretirement incidental death benefits, and post-37 retirement medical benefits); or (3) the inclusion in the form of benefit of an automatic benefit 38 increase feature, provided the form of benefit is not subject to Section 417(e)(3) of the Internal 39 Revenue Code and would otherwise satisfy the limitations of this article, and the plan provides 40 that the amount payable under the form of benefit in any limitation year shall not exceed the limits 41 of this article applicable at the annuity starting date, as increased in subsequent years pursuant 42 to Section 415(d) of the Internal Revenue Code. For this purpose, an automatic benefit increase 43 feature is included in a form of benefit if the form of benefit provides for automatic, periodic 44 increases to the benefits paid in that form. 45 (c) Adjustment for benefit forms not subject to Section 417(e)(3). - The straight life 46 annuity that is actuarially equivalent to the member's form of benefit shall be determined under

47 this subsection if the form of the member's benefit is either: (1) A nondecreasing annuity (other

48 than a straight life annuity) payable for a period of not less than the life of the member (or, in the

49 case of a qualified preretirement survivor annuity, the life of the surviving spouse); or (2) an

50 annuity that decreases during the life of the member merely because of: (i) The death of the

51 survivor annuitant (but only if the reduction is not below 50 percent of the benefit payable before

52	the death of the survivor annuitant); or (ii) the cessation or reduction of Social Security
53	supplements or qualified disability payments (as defined in Section 411(a)(9) of the Internal
54	Revenue Code). The actuarially equivalent straight life annuity is equal to the greater of: (I) The
55	annual amount of the straight life annuity (if any) payable to the member under the plan
56	commencing at the same annuity starting date as the member's form of benefit; and (II) the annual
57	amount of the straight life annuity commencing at the same annuity starting date that has the
58	same actuarial present value as the member's form of benefit, computed using a five percent
59	interest rate assumption and the applicable mortality table defined in Treasury Regulation
60	<u>§1.417(e)-1(d)(2) (Revenue Ruling 2001-62 or any subsequent Revenue Ruling modifying the</u>
61	applicable provisions of Revenue Ruling 2001-62) for that annuity starting date.
62	(d) Adjustment for benefit forms subject to Section 417(e)(3). — The straight life annuity
63	that is actuarially equivalent to the member's form of benefit shall be determined under this
64	subsection if the form of the member's benefit is other than a benefit form described in subdivision
65	(c) of this section. The actuarially equivalent straight life annuity shall be determined as follows:
66	The actuarially equivalent straight life annuity is equal to the greatest of: (1) The annual amount
67	of the straight life annuity commencing at the same annuity starting date that has the same
68	actuarial present value as the member's form of benefit, computed using the interest rate specified
69	in this retirement system and the mortality table (or other tabular factor) specified in this retirement
70	system for adjusting benefits in the same form; (2) the annual amount of the straight life annuity
71	commencing at the same annuity starting date that has the same actuarial present value as the
72	member's form of benefit, computed using a five and a half percent interest rate assumption and
73	the applicable mortality table defined in Treasury Regulation §1.417(e)-1(d)(2) (Revenue Ruling
74	2001-62 or any subsequent Revenue Ruling modifying the applicable provisions of Revenue
75	Ruling 2001-62) for that annuity starting date; and (3) the annual amount of the straight life annuity
76	commencing at the same annuity starting date that has the same actuarial present value as the
77	member's form of benefit, computed using the applicable interest rate defined in Treasury

78	Regulation §1.417(e)-1(d)(3) and the applicable mortality table defined in Treasury Regulation
79	§1.417(e)-1(d)(2) (the mortality table specified in Revenue Ruling 2001-62 or any subsequent
80	Revenue Ruling modifying the applicable provisions of Revenue Ruling 2001-62), divided by 1.05.
81	(e) Benefits payable prior to age 62:
82	(1) Except as provided in paragraphs (2) and (3) of this subdivision, if the member's
83	retirement benefits become payable before age 62, the 415 dollar limitation prescribed by this
84	section shall be reduced in accordance with regulations issued by the Secretary of the Treasury
85	pursuant to the provisions of Section 415(b) of the Internal Revenue Code, so that the limitation
86	(as so reduced) equals an annual straight life benefit (when the retirement income benefit begins)
87	which is equivalent to an annual benefit in the amount of the applicable dollar limitation of Section
88	415(b)(1)(A) of the Internal Revenue Code (as adjusted pursuant to Section 415(d) of the Internal
89	Revenue Code) beginning at age 62.
90	(2) The limitation reduction provided in paragraph (1) of this subdivision may not apply if
91	the member commencing retirement benefits before age 62 is a qualified participant. A qualified
92	participant for this purpose is a participant in a defined benefit plan maintained by a state, or any
93	political subdivision of a state, with respect to whom the service taken into account in determining
94	the amount of the benefit under the defined benefit plan includes at least 15 years of service: (i)
95	As a full-time employee of any police or fire department organized and operated by the state or
96	political subdivision maintaining the defined benefit plan to provide police protection, fire-fighting
97	services or emergency medical services for any area within the jurisdiction of such state or political
98	subdivision; or (ii) as a member of the armed forces of the United States.
99	(3) The limitation reduction provided in paragraph (1) of this subdivision is not applicable
100	to preretirement disability benefits or preretirement death benefits.
101	(4) For purposes of adjusting the 415 dollar limitation for benefit commencement before
102	age 62 or after age 65 (if the plan provides for such adjustment), no adjustment is made to reflect

103 the probability of a member's death: (i) After the annuity starting date and before age 62; or (ii)

104 <u>after age 65 and before the annuity starting date.</u>

- 105 (f) Adjustment when member has less than 10 years of participation. If a member has 106 less than 10 years of participation in the retirement system (within the meaning of Treasury 107 Regulation §1.415(b)-1(g)(1)(ii)), the 415 dollar limitation (as adjusted pursuant to Section 415(d) 108 of the Internal Revenue Code and subdivision (e) of this section) shall be reduced by multiplying 109 the otherwise applicable limitation by a fraction, the numerator of which is the number of years of 110 participation in the plan (or one, if greater), and the denominator of which is 10. This adjustment 111 is not applicable to preretirement disability benefits or preretirement death benefits.
- 112 (g) The application of the provisions of this section may not cause the maximum annual 113 benefit provided to a member to be less than the member's accrued benefit as of December 31, 114 2008 (the end of the limitation year that is immediately prior to the effective date of the final 115 regulations for this retirement system as defined in Treasury Regulation §1.415(a)-1(g)(2)), under 116 provisions of the retirement system that were both adopted and in effect before April 5, 2007, 117 provided that these provisions satisfied the applicable requirements of statutory provisions, 118 regulations, and other published guidance relating to Section 415 of the Internal Revenue Code in effect as of December 31, 2008, as described in Treasury Regulation §1.415(a)-1(g)(4). If 119 120 additional benefits are accrued for a member under this retirement system after January 1, 2009, 121 then the sum of the benefits described under the first sentence of this subsection and benefits 122 accrued for a member after January 1, 2009, shall satisfy the requirements of Section 415, taking 123 into account all applicable requirements of the final 415 Treasury Regulations.

### §20-18-14. Federal law minimum required distributions.

<u>The requirements of this section apply to any distribution of a member's or beneficiary's</u>
 <u>interest and take precedence over any inconsistent provisions of this plan. This section applies to</u>
 <u>plan years beginning after December 31, 1986. Notwithstanding anything in the plan to the</u>
 <u>contrary, the payment of benefits under this article shall be determined and made in accordance</u>

5 with Section 401(a)(9) of the Internal Revenue Code and the federal regulations promulgated 6 thereunder as applicable to governmental plans. Any term used in this article has the same 7 meaning as when used in a comparable context in Section 401(a)(9) of the Internal Revenue 8 Code and the federal regulations promulgated thereunder unless a different meaning is clearly 9 required by the context or definition in this article. The following provisions apply to payments of 10 benefits required under this article: 11 (a) The payment of benefits under the plan to any member shall be distributed to him or 12 her not later than the required beginning date, or be distributed to him or her commencing not 13 later than the required beginning date, in accordance with regulations prescribed under Section 14 401(a)(9) of the Internal Revenue Code, over the life of the member or over the lives of the member and his or her beneficiary or over a period not extending beyond the life expectancy of 15 16 the member and his or her beneficiary: Provided, That the requirements of this section may not 17 be construed to grant a right to a form of benefit which is not otherwise available to a particular 18 member under this retirement system. Benefit payments under this section may not be delayed 19 pending, or contingent upon, receipt of an application for retirement from the member. 20 (b) If a member dies after distribution to him or her has commenced pursuant to this section but before his or her entire interest in the plan has been distributed, then the remaining 21 22 portion of that interest shall be distributed at least as rapidly as under the method of distribution 23 being used at the date of his or her death. 24 (c) If a member dies before distribution to him or her has commenced, then his or her 25 entire interest in the retirement system is to be distributed by December 31 of the calendar year 26 containing the fifth anniversary of the member's death, unless the provisions of subsection (d) of 27 this section apply. 28 (d) If a member dies before distribution to him or her has commenced, and the member's 29 interest is eligible to be paid in the form of a survivor annuity to a designated beneficiary,

30	distributions are to be made over the life of that beneficiary or over a period certain not greater
31	than the life expectancy of that beneficiary, commencing on or before the following:
32	(1) December 31 of the calendar year immediately following the calendar year in which
33	the member died; or
34	(2) If the member's sole designated beneficiary is either the surviving spouse or a former
35	spouse who, as an alternate payee under a Qualified Domestic Relations Order, is receiving 100
36	percent of the survivor benefit, distributions are to commence on or before the later of:
37	(A) December 31 of the calendar year in which the member would have attained age 72;
38	<u>or</u>
39	(B) December 31 of the calendar year immediately following the calendar year in which
40	the member died.
41	(e) If a member dies before distribution to him or her has commenced and the survivor
42	annuity provisions of subsection (d) of this section are not applicable, any designated beneficiary
43	who is eligible to receive a distribution pursuant to the provisions of subsection (c) of this section
44	may elect to have life expectancy treatment apply to the distribution for purposes of determining
45	whether any portion of the distribution is an eligible rollover distribution: Provided, That any such
46	election may not delay the required distribution of the deceased member's entire interest in the
47	retirement system beyond December 31 of the calendar year containing the fifth anniversary of
48	the member's death as required by subsection (c) of this section: Provided, however, That the
49	election is timely made in a form acceptable to the board on or before the following:
50	(1) December 31 of the calendar year immediately following the calendar year in which
51	the member died; or
52	(2) If the member's sole designated beneficiary is either the surviving spouse or a former
53	spouse who, as an alternate payee under a Qualified Domestic Relations Order, is receiving 100
54	percent of the survivor benefit, election of life expectancy treatment must be made on or before
55	the earlier of (A) or (B) below:

56	(A) The later of: (i) December 31 of the calendar year immediately following the calendar
57	year in which the member died; or (ii) December 31 of the calendar year in which the member
58	would have attained age 72; or
59	(B) October 31 of the calendar year containing the fifth anniversary of the member's death.
	§20-18-15. Direct rollovers.
1	Except where otherwise stated, this section applies to distributions made on or after
2	January 1, 1993. Notwithstanding any provision of this article to the contrary that would otherwise
3	limit a distributee's election under this plan, a distributee may elect, at the time and in the manner
4	prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an
5	eligible retirement plan specified by the distributee in a direct rollover. For purposes of this section,
6	the following definitions apply:
7	(1) "Eligible rollover distribution" means any distribution of all or any portion of the balance
8	to the credit of the distributee, except that an eligible rollover distribution does not include any of
9	the following: (A) Any distribution that is one of a series of substantially equal periodic payments
10	not less frequently than annually made for the life or life expectancy of the distributee or the joint
11	lives or the joint life expectancies of the distributee and the distributee's designated beneficiary,
12	or for a specified period of 10 years or more; (B) any distribution to the extent the distribution is
13	required under Section 401(a)(9) of the Internal Revenue Code; (C) the portion of any distribution
14	that is not includable in gross income determined without regard to the exclusion for net unrealized
15	appreciation with respect to employer securities; (D) any hardship distribution described in
16	Section 401(k)(2)(B)(i)(iv) of the Internal Revenue Code. For distributions after December 31,
17	2001, a portion of a distribution may not fail to be an eligible rollover distribution merely because
18	the portion consists of after-tax employee contributions which are not includable in gross income.
19	However, this portion may be paid only to an individual retirement account or annuity described
20	in Section 408(a) or (b) of the Internal Revenue Code, or (for taxable years beginning before
21	January 1, 2007) to a qualified trust which is part of a defined contribution plan described in

22	Section 401(a) or (for taxable years beginning after December 31, 2006) to a qualified trust or to
23	an annuity contract described in Section 403(a) or (b) of the Internal Revenue Code that agrees
24	to separately account for amounts transferred (including interest or earnings thereon), including
25	separately accounting for the portion of the distribution which is includable in gross income and
26	the portion of the distribution which is not so includable, or (for taxable years beginning after
27	December 31, 2007) to a Roth IRA described in Section 408A of the Internal Revenue Code.
28	(2) "Eligible retirement plan" means an individual retirement account described in Section
29	408(a) of the Internal Revenue Code, an individual retirement annuity described in Section 408(b)
30	of the Internal Revenue Code, an annuity plan described in Section 403(a) of the Internal Revenue
31	Code or a qualified plan described in Section 401(a) of the Internal Revenue Code that accepts
32	the distributee's eligible rollover distribution: Provided, That in the case of an eligible rollover
33	distribution prior to January 1, 2002, to the surviving spouse, an eligible retirement plan is limited
34	to an individual retirement account or individual retirement annuity. For distributions after
35	December 31, 2001, an eligible retirement plan also means an annuity contract described in
36	Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the
37	Internal Revenue Code which is maintained by a state, political subdivision of a state, or any
38	agency or instrumentality of a state or political subdivision of a state and which agrees to
39	separately account for amounts transferred into the plan from this system. For distributions after
40	December 31, 2007, an eligible retirement plan also means a Roth IRA described in Section 408A
41	of the Internal Revenue Code: Provided, That in the case of an eligible rollover distribution after
42	December 31, 2007, to a designated beneficiary (other than a surviving spouse) as that term is
43	defined in Section 402(c)(11) of the Internal Revenue Code, an eligible retirement plan is limited
44	to an individual retirement account or individual retirement annuity which meets the conditions of
45	Section 402(c)(11) of the Internal Revenue Code.
46	(3) "Distributee" means an employee or former employee. In addition, the employee's or

47 <u>former employee's surviving spouse and the employee's or former employee's spouse or former</u>

48	spouse who is the alternate payee under a qualified domestic relations order, as defined in
49	Section 414(p) of the Internal Revenue Code with respect to governmental plans, are distributees
50	with regard to the interest of the spouse or former spouse. For distributions after December 31,
51	2007, "distribute" also includes a designated beneficiary (other than a surviving spouse) as such
52	term is defined in Section 402(c)(11) of the Internal Revenue Code.
53	(4) "Direct rollover" means a payment by the plan to the eligible retirement plan.
	<u>§20-18-16. Rollovers and transfers to purchase service credit or repay withdrawn</u>
	contributions.
1	(a) This section applies to rollovers and transfers as specified in this section made on or
2	after January 1, 2002. Notwithstanding any provision of this article to the contrary that would
3	otherwise prohibit or limit rollovers and plan transfers to this system, the retirement system shall
4	accept the following rollovers and plan transfers on behalf of a member solely for the purpose of
5	purchasing permissive service credit, in whole or in part, as otherwise provided in this article or
6	for the repayment of withdrawn or refunded contributions, in whole and in part, with respect to a
7	previous forfeiture of service credit as otherwise provided in this article: (i) One or more rollovers
8	within the meaning of Section 408(d)(3) of the Internal Revenue Code from an individual
9	retirement account described in Section 408(a) of the Internal Revenue Code or from an individual
10	retirement annuity described in Section 408(b) of the Internal Revenue Code; (ii) one or more
11	rollovers described in Section 402(c) of the Internal Revenue Code from a retirement plan that is
12	qualified under Section 401(a) of the Internal Revenue Code or from a plan described in Section
13	403(b) of the Internal Revenue Code; (iii) one or more rollovers described in Section 457(e)(16)
14	of the Internal Revenue Code from a governmental plan described in Section 457 of the Internal
15	Revenue Code; or (iv) direct trustee-to-trustee transfers or rollovers from a plan that is qualified
16	under Section 401(a) of the Internal Revenue Code, from a plan described in Section 403(b) of
17	the Internal Revenue Code or from a governmental plan described in Section 457 of the Internal

44	(4) For purposes of Section 415(b) of the Internal Revenue Code, the annual benefit
45	attributable to any rollover contribution accepted pursuant to this section shall be determined in

50	(b) This section does not permit rollovers or transfers into this system or any other system

### §20-18-18. Retirement benefits.

1 This section provides for a member's accrued benefit payable starting at the member's 2 annuity starting date which follows the completion of a written application for the commencement 3 of benefits. The member shall receive the accrued retirement benefit in the normal form or in an 4 actuarial equivalent amount in an optional form as provided under §20-18-19 of this code, subject 5 to reduction, if necessary to comply with the maximum benefit provisions of Section 415 of the 6 Internal Revenue Code and §20-18-13 of this code. The first day of the calendar month following 7 the calendar month of birth shall be used in lieu of any birth date that does not fall on the first day 8 of a calendar month. 9 (a) Normal retirement. — A member whose annuity starting date is the date the member 10 attains normal retirement age or later is entitled to his or her accrued retirement benefit based on 11 years of service and final average salary at termination of employment. 12 (b) Retirement benefits shall be paid monthly in an amount equal to one twelfth of the 13 retirement income payments elected and at those times established by the board. §20-18-19. Annuity options. 1 (a) Prior to the effective date of retirement, but not thereafter, except as provided in 2 subsection (c) of this section, a member may elect to receive retirement income payments in the 3 normal form, or the actuarial equivalent of the normal form from the following options: 4 (1) Joint and Survivor Annuity. — A life annuity payable during the joint lifetime of the 5 retirant and his or her beneficiary who is a natural person with an insurable interest in the retirant's 6 life. Upon the death of the retirant, the benefit shall continue as a life annuity to the survivor in an 7 amount equal to 50 percent, 66 and two-thirds percent, 75 percent, or 100 percent of the amount 8 paid while both were living as selected by the member. If the beneficiary dies first, the monthly 9 amount of benefits may not be reduced, but shall be paid at the amount that was in effect before

10	the death of the beneficiary. If the retiring member is married, the spouse shall sign a waiver of
11	benefit rights if the beneficiary is to be other than the spouse.
12	(2) Ten Years Certain and Life Annuity. — A life annuity payable during the retirant's
13	lifetime but in any event for a minimum of 10 years. If the retirant's dies before the expiration of
14	10 years, the remaining payments shall be made to a designated beneficiary, if any, or otherwise
15	to the member's estate.
16	(3) Level Income Annuity. — A life annuity payable monthly in an increased amount "A"
17	from the time of retirement until the member is Social Security retirement age, and then a lesser
18	amount "B" payable for the retirant's lifetime thereafter, with these amounts computed actuarially
19	to satisfy the following two conditions:
20	(A) Actuarial equivalence. — The actuarial present value at the date of retirement of the
21	retirant's annuity if taken in the normal form must equal the actuarial present value of the term life
22	annuity in amount "A" plus the actual present value of the deferred life annuity in amount "B"; and
23	(B) Level income. — The amount "A" equals the amount "B" plus the amount of the
24	retirant's estimated monthly Social Security primary insurance amount that would commence at
25	the date amount "B" becomes payable. For this calculation, the primary insurance amount is
26	estimated when the member applies for retirement, using Social Security law then in effect, using
27	assumptions established by the board.
28	(b) If a retirant who has elected the options set forth in subdivision (1), subsection (a) of
29	this section, whose beneficiary dies prior to the retirant's death, the retirant may name an
30	alternative beneficiary. If an alternative beneficiary is named within 18 months following the death
31	
	of the prior beneficiary, the benefit shall be adjusted to be the actuarial equivalent of the benefit
32	of the prior beneficiary, the benefit shall be adjusted to be the actuarial equivalent of the benefit the retirant is receiving just after the death of the retirant's named beneficiary. If the election is

33	the retirant is receiving just after the death of the retirant's named beneficiary. If the election is not made until 18 months after the death of the prior beneficiary, the amount shall be reduced so

36	(c) (1) If a retirant who has elected an option set forth in subdivision (1), subsection (a) of
37	this section, designated his or her spouse as beneficiary, upon divorce or annulment, the retirant
38	may elect to change the retirement benefit options offered by those subdivisions to a life annuity
39	in an amount adjusted on a fair basis to be of equal actuarial value of the annuity prospectively in
40	effect relative to the retirant at the time the option is elected: Provided, That the retirant furnishes
41	to the board satisfactory proof of entry of a final decree of divorce or annulment: Provided,
42	however. That the retirant certifies under penalty of perjury that no qualified domestic relations
43	order, final decree of divorce or other court order that would restrict the election is in effect:
44	Provided further, That no cause of action against the board arises or may be maintained on the
45	basis of having permitted the retirant to change the retirement benefit option pursuant to the
46	provisions of this subdivision.
47	(2) Upon remarriage, a retirant may name the new spouse as an annuitant for any of the
48	retirement benefit options offered by subdivision (1), subsection (a) of this section: Provided, That
49	the retirant shall furnish to the board proof of marriage: Provided, however, That the retirant
50	certifies under penalty of perjury that no qualified domestic relations order, final decree of divorce
51	or other court order that would restrict the designation is in effect: Provided further, That no cause
52	of action against the board arises or may be maintained on the basis of having permitted the
53	retirant to name a new spouse as annuitant for any of the survivorship retirement benefit options.
54	The value of the new survivorship annuity shall be the actuarial equivalent of the retirant's benefit
55	prospectively in effect at the time the new annuity is elected.
