63 provided by the state building code and authorized by §29-3-5b and §13-12-13 of this code; or  
64 municipal officials as may otherwise be authorized by this code; or municipal officials or agents  
65 as authorized by rules promulgated by the State Fire Commission and approved by the

68 section any municipality that has not adopted the state building code may designate an  
69 enforcement agency consisting of the mayor, the municipal engineer or building inspector and  
70 one member at large, to be selected by and to serve at the will and pleasure of the mayor, and  
71 the ranking health officer and fire chief who shall serve as ex officio members of the enforcement  
72 agency.

73 (d) Any ordinance adopted under the provisions of this section must provide fair and  
74 equitable rules of procedure and any other procedures required by law or necessary and  
75 appropriate to guide the code enforcement agency, or its officials, in the investigation of any  
76 structure, dwelling or building conditions, and in any corrective action taken by the code  
77 enforcement agency.

78 (e) When a code enforcement agency official enters the premises of the property for  
79 investigating or inspecting any structure, dwelling or building, the investigation shall be performed  
80 to minimize the inconvenience to the owner or persons in possession and shall be consistent with  
81 the following:

82 (1) Except in exigent circumstances and as permitted by law, the enforcement agency  
83 shall provide reasonable advance notice to the owner and request permission from the owner to  
84 enter the property.

85 (2) If the owner cannot be located after reasonable inquiry by the code enforcement  
86 agency as required by this section, or if the owner refuses entry, the code enforcement agency  
87 may obtain an administrative search warrant from either the municipal court or the magistrate  
88 court located in the jurisdiction of the municipality or county where the structure, dwelling or  
89 building is located. Before obtaining an administrative search warrant, a code enforcement  
90 agency official is required to make a sworn statement and *prima facie* case showing that the code  
91 enforcement agency was unable to gain access to the structure, dwelling or building after  
92 reasonable and good faith efforts, and that there is a legitimate and substantial safety concern  
93 involving the structure, dwelling or building that supports the requested entry.

94 (3) If granted by the court, and if the owner can be located, the code enforcement agency  
95 shall provide the owner a copy of the administrative search warrant five days before entering the  
96 property. If applicable, the code enforcement agency shall also provide the same notice to any  
97 tenant or other person in possession of the structure, dwelling or building.

98 (4) Entry is for the sole purpose of inspection of the structure, dwelling or building for  
99 unsafe or unsanitary conditions and not for the purpose of criminal prosecution or gathering  
100 evidence for use in any criminal charge or proceeding unrelated to the unsafe or unsanitary  
101 condition of the structure, dwelling or building.

102 (f) The governing body of every municipality has plenary power and authority to adopt an  
103 ordinance providing for the vacating, closing, removal or demolition of any dwelling, structure or  
104 building by the municipality in the absence of owner agreement or court order: *Provided*, That the  
105 ordinance requires the code enforcement agency to provide lawful notice to and undertake  
106 reasonable efforts to seek agreement from the owner before taking any action permitted by this  
107 section and shall comply with the requirements set forth in this subsection:

108 (1) Any ordinance adopted under this subsection applies only to dwellings, structures or  
109 buildings which meet the definition of unsafe, unsanitary, dangerous or detrimental to the public  
110 safety or welfare as set forth in:

111 (A) Paragraph (C), (E) or (H), subdivision (4), subsection (a) of this section; or

112 (B) Paragraph (F), (G), (I) or (K), subdivision (4), subsection (a) of this section: *Provided*,  
113 That the dwelling, building or structure is vacant, abandoned or has been lawfully declared unfit  
114 for human habitation; and the reasonable estimated cost of repair, rehabilitation or corrective  
115 action exceeds the fair market value of the dwelling, building or structure.

116 (2) Any ordinance adopted under this subsection must provide for the following:

117 (A) The code enforcement agency shall produce a written notice containing the date of  
118 the last inspection, the name of the inspector, a reasonable description of the unsafe, unsanitary,  
119 dangerous, or detrimental condition(s), the corrective measures required, the allotted time to

120 correct the substandard condition(s) and the allotted time the owner has to apply to the circuit  
121 court for a temporary injunction or other similar relief restraining action by the enforcement  
122 agency.

123 (B) The notice shall be served upon the owner or landowner by conspicuously posting and  
124 attaching a copy of the notice to the subject property, and by serving the notice on the owner or  
125 landowner in the same manner as service of a complaint as set forth in subsection (j) of this  
126 section.

127 (C) If the code enforcement agency cannot effect personal service on the owner, a code  
128 enforcement agency official shall subscribe a written affidavit, to be maintained for a minimum of  
129 two years, that demonstrates the structure, dwelling or building falls within one of the categories  
130 set forth in paragraph (A) or (B), subdivision (1), subsection (f) of this section sets forth the basis  
131 in reasonable detail including documentation of same, and memorializes the code enforcement  
132 agency official's efforts to contact or get permission for entry and corrective action from the owner;  
133 and the code enforcement agency shall publish notice of its intent to enter the property for the  
134 purpose of demolition or correction, along with the address of the property, the name of the  
135 owner(s) and the date of the proposed action, as a Class II legal advertisement consistent with  
136 the requirements of §59-3-2 of this code, the first of which shall run at least 30 days before the  
137 date of the proposed action by the enforcement agency, and the last being no later than 20 days  
138 before the date of the proposed action by the enforcement agency.

139 (D) If there is no response to the notice by the owner or landowner in the time specified in  
140 the notice, then the municipality shall have the authority to proceed in correction or demolition of  
141 the subject dwelling, building or structure.

142 (3) It shall be an absolute defense to any civil action by an owner, landowner or tenant for  
143 damages resulting from the closure, demolition or other corrective action taken by a municipality  
144 under this section: *Provided*, That the municipality acted in good faith, can demonstrate that the  
145 structure, dwelling or building falls within one of the categories set forth in paragraph (A) or (B),

146 subdivision (1), subsection (f) of this section, the municipality followed the procedures set forth in  
147 this subsection and the municipality had adopted the state building code at the time of the closure,  
148 demolition or other corrective action occurred.

149 (4) Any ordinance adopted under this subsection must also provide for notice to the owner  
150 of the right of the owner to apply to the circuit court for a temporary injunction or other similar relief  
151 restraining correction or demolition by the enforcement agency. If the application is made by the  
152 owner, a hearing shall be had within 20 days of the application, or as soon as reasonably possible.

153 (A) Continuances of the hearing provided for in this subdivision may be made for cause  
154 only. If a continuance is granted upon request by the owner, the owner is required to pay into  
155 court, in the form of a bond, any reasonable and necessary costs related to the property likely to  
156 be incurred by the municipality during the continuance.

157 (B) At the conclusion of a hearing held under this subdivision, if the court finds that the  
158 property is unsafe, unsanitary, dangerous or detrimental to the public safety or welfare, the court  
159 shall make and enter an order granting the relief as requested by the municipality. The court may  
160 disburse any moneys paid into court by the owner in accordance with this section.

161 (g) The governing body of every municipality has plenary power and authority to adopt an  
162 ordinance requiring the owner of any dwelling or building under determination of the State Fire  
163 Marshal, as provided in §29-3-12 of this code, or under order of the code enforcement agency of  
164 the municipality, to pay for the costs of repairing, altering or improving, or of vacating and closing,  
165 removing or demolishing any dwelling or building and may file a lien against the real property in  
166 question for an amount that reflects all costs incurred by the municipality for repairing, altering or  
167 improving, or of vacating and closing, removing or demolishing any dwelling or building. Any  
168 municipality that adopts an ordinance under this section may authorize the municipal court to  
169 place a structure, dwelling or building into receivership when the following circumstances are  
170 present: (1) The owner cannot be located after reasonable inquiry by the code enforcement  
171 agency as required by this section, or if the owner refuses entry; (2) the code enforcement agency

172 obtains an administrative search warrant from either the municipal court or the magistrate court  
173 located in the jurisdiction of the municipality or county where the structure, dwelling or building is  
174 located; (3) upon entry, the code enforcement agency determines that the structure, dwelling or  
175 building is salvageable and does not require demolition; and (4) the code enforcement agency  
176 proffers to the court that the structure, dwelling or building will require demolition or presents a  
177 substantial threat to nearby structures, property or residents due to risk of fire, structural instability  
178 or attractive nuisance if it is not repaired, altered or improved in the near future. If those  
179 circumstances are present, the municipal court may place the structure, dwelling or building into  
180 receivership with the municipality or another entity that is capable of making the necessary  
181 repairs, alterations, and improvements to the structure, dwelling or building. Any owner of the  
182 structure, dwelling, or building may petition the municipal court to end the receivership at any time  
183 and, upon showing that they will make the necessary repairs, alterations, and improvements to  
184 the structure to the satisfaction of the code enforcement agency, the municipal court may end the  
185 receivership.

186 (h) Every municipality may also institute a civil action in circuit court against the landowner  
187 or other responsible party to get an order to take corrective action up to and including demolition  
188 of any structure, dwelling or building that is unsafe, unsanitary, dangerous or detrimental to the  
189 public safety or welfare; and to recover all reasonable costs and expenses incurred by the  
190 municipality with respect to the property and for reasonable attorney fees and court costs incurred  
191 in the prosecution of the action:

192 (1) No fewer than 10 days before instituting a civil action as provided in this subsection,  
193 the municipality shall send notice to the landowner by certified mail, return receipt requested,  
194 advising the landowner of the governing body's intention to institute such action.

195 (2) The notice shall be sent to the most recent address of the landowner of record in the  
196 office of the assessor of the county where the subject property is located and to any other address  
197 for the landowner as may exist on record with the municipality. If, for any reason, such certified

198 mail is returned without evidence of proper receipt, the municipality shall resend the notice(s) by  
199 first class mail, postage prepaid, and shall also post notice on the front door or other conspicuous  
200 location on the subject property.

201 (i) To the extent not otherwise authorized by state law, all notices of violation or correction  
202 for violations that do not fall within one of the categories set forth in paragraph (A) or (B),  
203 subdivision (1), subsection (f) of this section issued by the enforcement agency of a municipality  
204 that has adopted the state building code shall be served in accordance with the process set forth  
205 in the state building code. All notices of violation or correction orders for violations that do not fall  
206 within one of the categories set forth in paragraph (A) or (B), subdivision (1), subsection (f) of this  
207 section issued by a code enforcement agency of a municipality that has not adopted the state  
208 building code shall be served in accordance with the law of this state concerning the service of  
209 process in civil actions, except that personal service may be made by a code enforcement agency  
210 official and the method of service effectuated by mail by the clerk of a court as permitted by Rule  
211 4(d)(1)(D) of the West Virginia Rules of Civil Procedure is effectuated by mailing by a code  
212 enforcement agency official and shall be posted in a conspicuous place on the property that is  
213 the subject of the notice of violation or correction.

214 (j) Any violation of an ordinance adopted under this section may be prosecuted by the  
215 municipality consistent with state and local laws. Unless otherwise authorized by state law,  
216 prosecution of a violation shall be initiated by a complaint presented to and sworn or affirmed  
217 before a municipal judge or other municipal official with lawful authority to hear and determine  
218 violations of municipal code in the municipality where the offense is alleged to have occurred.  
219 Unless otherwise provided by statute, the presentation and oath or affirmation shall be made by  
220 a code enforcement agency official or municipal attorney showing reason to have reliable  
221 information and belief. If from the facts stated in the complaint the municipal judge or other  
222 municipal official with lawful authority to hear and determine violations of municipal code finds  
223 probable cause, the complaint becomes the charging instrument initiating a criminal proceeding.

224 A complaint lawfully authorized by this subsection along with a summons setting forth the date,  
225 time and place of appearance before a municipal judge and or other municipal official with lawful  
226 authority to hear and determine violations of municipal code shall be served in accordance with  
227 the law of the State of West Virginia concerning the service of process in civil actions, except that  
228 personal service of a summons and complaint may be made by a code enforcement agency  
229 official. If service is made by certified mail under Rule 4(d)(1)(D) of the West Virginia Rules of  
230 Civil Procedure and delivery of the summons and complaint is refused, the code enforcement  
231 agency official, promptly upon the receipt of the notice of the refusal, shall mail to the person or  
232 entity being noticed, by first class mail, postage prepaid, a copy of the summons and complaint.  
233 If the first class mailing is not returned as undeliverable by the U.S. Postal Service, service of the  
234 summons and complaint is presumed to have been effectuated. Upon service of the summons  
235 and complaint consistent with this subsection, the violation may be prosecuted consistent with  
236 state and local law.

NOTE: The purpose of this bill is to authorize municipalities to place certain property into receivership under certain circumstances, upon an order of the municipal court, as an alternative to demolition.
