## **CHAPTER 12. PUBLIC MONEYS AND SECURITIES.**

### **ARTICLE 6C. WEST VIRGINIA BOARD OF TREASURY INVESTMENTS.**

#### **§12-6C-11. Legislative findings; loans for industrial development; availability of funds and interest rates.**

1 (a) The Legislature finds and declares that the citizens of the state benefit from the creation  
 2 of jobs and businesses within the state; that business and industrial development loan programs  
 3 provide for economic growth and stimulation within the state; that loans from pools established in  
 4 the Consolidated Fund will assist in providing the needed capital to assist business and industrial  
 5 development; and that time constraints relating to business and industrial development projects  
 6 prohibit duplicative review by both the Board and West Virginia Economic Development Authority  
 7 Board. ~~The Legislature further finds and declares that an investment in the West Virginia~~

8 ~~Enterprise Capital Fund, LLC, of moneys in the Consolidated Fund as hereinafter provided will~~  
9 ~~assist in creating jobs and businesses within the state and provide the needed risk capital to assist~~  
10 ~~business and industrial development. This section is enacted in view of these findings~~

11 (b) The West Virginia Board of Treasury Investments shall make available, subject to a  
12 liquidity determination, in the form of a revolving loan, up to \$175 million from the Consolidated  
13 Fund to loan the West Virginia Economic Development Authority for business or industrial  
14 development projects authorized by §31-15-7 of this code and to consolidate existing loans  
15 authorized to be made to the West Virginia Economic Development Authority pursuant to this  
16 section and pursuant to §31-15-2 of this code which authorizes a \$175 million revolving loan and  
17 §31-18B-1 *et seq.* of this code which authorizes a \$50 million investment pool: *Provided*, That the  
18 West Virginia Economic Development Authority may not loan more than \$15 million for any one

21 yield on its ~~cash liquidity~~ West Virginia Money Market pool. The rate shall be set on July 1 and  
22 adjusted annually on the same date. The maximum annual adjustment may not exceed one  
23 percent. Monthly payments made by the West Virginia Economic Development Authority to the  
24 board shall be calculated on a 120-month amortization. The revolving loan is secured by a security  
25 interest that pledges and assigns the cash proceeds of collateral from all loans under this  
26 revolving loan pool. The West Virginia Economic Development Authority may also pledge as  
27 collateral certain revenue streams from other revolving loan pools which source of funds does not  
28 originate from federal sources or from the board.

29 (c) The outstanding principal balance of the revolving loan from the board to the West  
30 Virginia Economic Development Authority may at no time exceed 103 percent of the aggregate  
31 outstanding principal balance of the business and industrial loans from the West Virginia

33 loan pool. The independent audit of the West Virginia Economic Development Authority financial

34 records shall annually certify that 103 percent requirement.

35 (d) The interest rates and maturity dates on the loans made by the West Virginia Economic  
36 Development Authority for business and industrial development projects authorized by §31-15-7

39 (e) Any and all outstanding loans made by the West Virginia Board of Treasury  
40 Investments, or any predecessor entity, to the West Virginia Economic Development Authority  
41 are refundable by proceeds of the revolving loan contained in this section and the board shall  
42 make no loans to the West Virginia Economic Development Authority pursuant to §31-15-20 of  
43 this code or §31-18B-1 *et seq.* of this code.

44 (f) The directors of the ~~board~~ West Virginia Board of Treasury Investments shall bear no  
45 fiduciary responsibility with regard to any of the loans contemplated in this section.

46 ~~(g) Subject to cash availability, the board shall make available to the West Virginia~~

89 ~~adequate to pay when due the principal or interest installments, or both, with respect to the loan~~  
90 ~~authorized by this subsection by the board to the West Virginia Economic Development Authority,~~  
91 ~~the principal or interest, or both, as the case may be, due on the loan made to the West Virginia~~  
92 ~~Economic Development Authority pursuant to this subsection shall be deferred and any and all~~  
93 ~~past due principal and interest payments shall promptly be paid to the fullest extent possible upon~~  
94 ~~receipt by the West Virginia Enterprise Advancement Corporation of moneys in respect to its~~  
95 ~~investments in the West Virginia Enterprise Capital Fund, LLC. The directors or the board shall~~

110 ~~by this subsection may not be included in the revolving fund loan principal balance for purposes~~  
111 ~~of calculating the loan amortization in subsection (b) of this section. The loan authorized by this~~

112 ~~subsection shall be classified by the board as a long-term fixed income investment, and shall bear~~  
113 ~~interest on the outstanding principal balance of the loan at a variable interest rate equal to the~~  
114 ~~twelve-month average of the board's yield on its cash liquidity pool. The rate shall be set on July~~

128 ~~cash proceeds of all collateral securing all insurance agreements entered into by the authority~~  
129 ~~respecting debt instruments relating to the deployment of broadband under said section. In the~~  
130 ~~event moneys received by the West Virginia Economic Development Authority respecting any~~
