1 A BILL to amend and reenact §18A-4-15 of the Code of West Virginia, 1931, as amended, relating
2 to the employment of retirees as substitute bus operators.

Be it enacted by the Legislature of West Virginia:

ARTICLE 4. SALARIES, WAGES, AND OTHER BENEFITS.

§18A-4-15. Employment of service personnel substitutes.

1 (a) The county board shall employ and the county superintendent, subject to the approval
2 of the county board, shall assign substitute service personnel on the basis of seniority to perform
3 any of the following duties:

4 (1) To fill the temporary absence of another service employee;

5 (2) To fill the position of a regular service person as follows:

6 (A) If the regular service person requests a leave of absence from the county board in
7 writing and is granted the leave in writing by the county board; or

8 (B) If the regular service person is on workers' compensation and absent.

9 (C) If an absence pursuant to paragraph (A) or (B) of this subdivision is to extend beyond
10 30 working days, the county board shall post the position of the absent employee under the
11 procedures set forth in §18A-4-8b of this code. If a substitute service person is employed to fill
12 the position of the absent employee and is employed in the position for 20 or more working days,
13 the substitute service person:

14 (i) Acquires regular employment status with the exception of regular employee job bidding
15 rights;

16 (ii) Does not accrue regular seniority; and

17 (iii) Is accorded all other rights, privileges, and benefits pertaining to the position until the
18 regular employee returns to the position or ceases to be employed by the county board;

19 (D) If a regular or substitute employee fills a vacancy that is related in any manner to a
20 leave of absence or the absence of an employee on workers' compensation as provided in this
21 section, upon termination of the absence the employee shall be returned to his or her original

22 position or status;

23 (E) A service person may not be:

24 (i) Required to request or to take a leave of absence; or

25 (ii) Deprived of any right or privilege of regular employment status for refusal to request or
26 failure to take a leave of absence;

27 (3) To perform the service of a service person who is authorized to be absent from duties
28 without loss of pay;

29 (4) To temporarily fill a vacancy in a permanent position caused by severance of
30 employment by the resignation, transfer, retirement, permanent disability, dismissal pursuant to
31 §18A-2-8 of this code, or death of the regular service person who had been assigned to the
32 position. Within 20 working days from the commencement of the vacancy, the county board shall
33 fill the vacancy under the procedures set forth in §18A-4-8b and §18A-2-5 of this code. The person
34 hired to fill the vacancy shall have and be accorded all rights, privileges, and benefits pertaining
35 to the position;

36 (5) To fill the vacancy created by a regular employee's suspension.

37 (A) If the suspension is for more than 30 working days, the county board shall post the
38 position of the suspended employee under the procedures set forth in §18A-4-8b of this code.

39 (B) If a substitute service person is employed to fill the suspended employee's position,
40 the substitute service person:

41 (i) Acquires regular employment status with the exception of regular employee job-bidding
42 rights;

43 (ii) Does not accrue regular seniority; and

44 (iii) Is accorded all other rights, privileges, and benefits pertaining to the position until the
45 termination by the county board becomes final or the suspended employee is returned to
46 employment.

47 (C) If the suspended employee is not returned to his or her job, the county board shall fill

48 the vacancy under the procedures set forth in §18A-4-8b and §18A-2-5 of this code; and

49 (6) To fill temporarily a vacancy in a newly created position prior to employing a service
50 person on a regular basis pursuant to §18A-4-8b of this code.

51 (b) Service personnel substitutes shall be assigned in the following manner:

52 (1) The substitute with the greatest length of service time in the vacant category of
53 employment has priority in accepting the assignment throughout the period of the regular service
54 person's absence or until the vacancy is filled on a regular basis pursuant to §18A-4-8b of this
55 code. Length of service time is calculated from the date a substitute service person begins
56 assigned duties as a substitute in a particular category of employment.

57 (2) All service personnel substitutes are employed on a rotating basis according to their
58 lengths of service time until each substitute has had an opportunity to perform similar
59 assignments.

60 (3) Any regular service person employed in the same building or working station and the
61 same classification category of employment as the absent employee shall be given the first
62 opportunity to fill the position of the absent employee on a rotating and seniority basis. In such
63 case the regular service person's position is filled by a substitute service person. A regular service
64 person assigned to fill the position of an absent employee has the opportunity to hold that position
65 throughout the absence. For the purpose of this section only, all regularly employed school bus
66 operators are considered to be employed within the same building or working station.

67 (c) The county board shall return a regular school service person to the same position held
68 prior to any approved leave of absence or period of recovery from injury or illness. The school
69 service person:

70 (1) Retains all rights, privileges, and benefits which had accrued at the time of the
71 absence or accrued under any other provision of law during the absence; and

72 (2) Has all rights, privileges, and benefits generally accorded school service personnel at
73 the time of return to work.

74 (d) The salary of a substitute service person is determined:

75 (1) Based upon his or her years of employment as defined in §18A-4-8 of this code;

76 (2) As provided in the state minimum pay scale set forth in §18A-4-8a of this code; and

77 (3) In accordance with the salary schedule of persons regularly employed in the same
78 position in the county in which he or she is employed.

79 (e) A substitute service person shall execute a written contract with the county board
80 pursuant to §18A-2-5 of this code, prior to beginning assigned duties.

81 (f) The following method shall be used to establish a fair, equitable, and uniform system
82 for assigning service personnel substitutes to their duties for the first time:

83 (1) The initial order of assigning newly-employed substitutes is determined by a random
84 selection system established by the affected substitute employees and approved by the county
85 board; and

86 (2) The initial order is effective only until the substitute service personnel have begun their
87 duties for the first time.

88 (g) A substitute service person who has worked 30 days for a school system has all rights
89 pertaining to suspension, dismissal, and contract renewal as are granted to regular service
90 personnel in §18A-2-6, §18A-2-7, §18A-2-8, and §18A-2-8A of this code.

91 (h)(1) The Legislature hereby finds and declares that due to a shortage of qualified
92 substitute bus operators, a compelling state interest exists in expanding the use of retired bus
93 operators to provide service as substitute bus operators in this area of critical need and shortage.

94 (2) A person receiving retirement benefits under §18-7A-1 et seq. of this code or who is
95 entitled to retirement benefits during the fiscal year in which that person retired may accept
96 employment as a substitute bus operator for an unlimited number of days each fiscal year without
97 affecting the monthly retirement benefit to which the retirant is otherwise entitled.

NOTE: The purpose of this bill is to authorize persons currently receiving retirement benefits to be employed as substitute bus operators.
