### House Bill 2136

FISCAL  
NOTE

BY DELEGATES MCGEEHAN AND PAYNTER

[Introduced February 10, 2021; Referred to the  
Committee on the Judiciary then Finance]

1 A BILL to amend and reenact §29-22A-10 and §29-22A-10b of the Code of West Virginia, 1931,  
 2 as amended, all relating to granting counties and municipalities a portion of the net  
 3 terminal income from racetrack video lottery.

*Be it enacted by the Legislature of West Virginia:*

**ARTICLE 22A. RACETRACK VIDEO LOTTERY.**

**§29-22A-10. Accounting and reporting; commission to provide communications protocol data; distribution of net terminal income; remittance through electronic transfer of funds; establishment of accounts and nonpayment penalties; commission control of accounting for net terminal income; settlement of accounts; manual reporting and payment may be required; request for reports; examination of accounts and records.**

1 (a) The commission shall provide to manufacturers, or applicants applying for a  
 2 manufacturer’s permit, the protocol documentation data necessary to enable the respective  
 3 manufacturer’s video lottery terminals to communicate with the commission’s central computer  
 4 for transmitting auditing program information and for activation and disabling of video lottery  
 5 terminals.

6 (b) The gross terminal income of a licensed racetrack shall be remitted to the commission  
 7 through the electronic transfer of funds. Licensed racetracks shall furnish to the commission all  
 8 information and bank authorizations required to facilitate the timely transfer of moneys to the  
 9 commission. Licensed racetracks must provide the commission 30 days’ advance notice of any  
 10 proposed account changes in order to assure the uninterrupted electronic transfer of funds. From  
 11 the gross terminal income remitted by the licensee to the commission:

12 (1) The commission shall deduct an amount sufficient to reimburse the commission for its  
 13 actual costs and expenses incurred in administering racetrack video lottery at the licensed  
 14 racetrack and the resulting amount after the deduction is the net terminal income. The amount  
 15 deducted for administrative costs and expenses of the commission may not exceed four percent

16 of gross terminal income: *Provided*, That any amounts deducted by the commission for its actual  
17 costs and expenses that exceeds its actual costs and expenses shall be deposited into the State  
18 Lottery Fund. For the fiscal years ending June 30, 2011 through June 30, 2020, the term “actual  
19 costs and expenses” may include transfers of up to \$10 million in surplus allocations for each  
20 fiscal year, as calculated by the commission when it has closed its books for the fiscal year, to  
21 the Licensed Racetrack Modernization Fund created by subdivision (2), subsection (b) of this  
22 section. For all fiscal years beginning on or after July 1, 2001, the commission shall not receive  
23 an amount of gross terminal income in excess of the amount of gross terminal income received  
24 during the fiscal year ending on June 30, 2001, but four percent of any amount of gross terminal  
25 income received in excess of the amount of gross terminal income received during the fiscal year  
26 ending on June 30, 2001, shall be deposited into the fund established in §29-22-18a of this code;  
27 and

28 (2) A Licensed Racetrack Modernization Fund is created within the lottery fund. For all  
29 fiscal years beginning on or after July 1, 2011, and ending with the fiscal year beginning July 1,  
30 2020, the commission shall deposit such amounts as are available according to subdivision (1),  
31 subsection (b) of this section into a separate facility modernization account maintained within the  
32 Licensed Racetrack Modernization Fund for each racetrack. Each racetrack’s share of each  
33 year’s deposit shall be calculated in the same ratio as each racetrack’s apportioned contribution  
34 to the four percent administrative costs and expenses allowance provided for in subdivision (1),  
35 subsection (b) of this section for that year. For each two dollars expended by a licensed racetrack  
36 for facility modernization improvements at the racetrack, having a useful life of three or more years  
37 and placed in service after July 1, 2011, the licensed racetrack shall receive \$1 in recoupment  
38 from its facility modernization account. If the licensed racetrack’s facility modernization account  
39 contains a balance in any fiscal year, the unexpended balance from that fiscal year will be  
40 available for matching for one additional fiscal year, after which time, the remaining unused  
41 balance carried forward shall revert to the lottery fund. For purposes of this section, the term

42 “facility modernization improvements” includes acquisitions of new and unused video lottery  
43 terminals and related equipment. Video lottery terminals financed through the recoupment  
44 provided in this subdivision must be retained by the licensee in its West Virginia licensed location  
45 for a period of not less than five years from the date of initial installation.

46 (c) The amount resulting after the deductions required by subsection (b) of this section  
47 constitutes net terminal income that shall be divided as set out in this subsection. For all fiscal  
48 years beginning on or after July 1, 2001, any amount of net terminal income received in excess  
49 of the amount of net terminal income received during the fiscal year ending on June 30, 2001,  
50 shall be divided as set out in §29-22A-10b of this code. The licensed racetrack’s share is in lieu  
51 of all lottery agent commissions and is considered to cover all costs and expenses required to be  
52 expended by the licensed racetrack in connection with video lottery operations. The division shall  
53 be made as follows:

54 (1) The commission shall receive 30 percent of net terminal income, which shall be paid  
55 into the State Lottery Fund as provided in §29-22A-10a of this code;

56 (2) Until July 1, 2005, 14 percent of net terminal income at a licensed racetrack shall be  
57 deposited in the special fund established by the licensee, and used for payment of regular purses  
58 in addition to other amounts provided for in §19-23-1 *et seq.* of this code, on and after July 1,  
59 2005, the rate shall be seven percent of net terminal income;

60 (3) The county where the video lottery terminals are located shall receive two percent of  
61 the net terminal income: *Provided, That:*

62 (A) Beginning July 1, 1999, and thereafter, any amount in excess of the two percent  
63 received during the fiscal year 1999 by a county in which a racetrack is located that has  
64 participated in the West Virginia Thoroughbred Development Fund since on or before January 1,  
65 1999 shall be divided as follows:

66 (i) The county shall receive 50 percent of the excess amount; and

67 (ii) The municipalities of the county shall receive 50 percent of the excess amount, said

68 50 percent to be divided among the municipalities on a per capita basis as determined by the  
69 most recent decennial United States census of population; and

70 (B) Beginning July 1, 1999, and thereafter, any amount ~~in excess of the two percent~~  
71 ~~received during the fiscal year 1999~~ by a county in which a racetrack other than a racetrack  
72 described in paragraph (A) of this ~~proviso~~ subdivision is located and where the racetrack has been  
73 located in a municipality within the county since on or before January 1, 1999 shall be divided, if  
74 applicable, as follows:

75 (i) The county shall receive 50 percent of the ~~excess~~ amount; and

76 (ii) The municipality shall receive 50 percent of the ~~excess~~ amount; and

77 (C) This proviso shall not affect the amount to be received under this subdivision by any  
78 other county other than a county described in paragraph (A) or (B) of this ~~proviso~~ subdivision;

79 (4) One percent of net terminal income shall be paid for and on behalf of all employees of  
80 the licensed racing association by making a deposit into a special fund to be established by the  
81 Racing Commission to be used for payment into the pension plan for all employees of the licensed  
82 racing association;

83 (5) The West Virginia Thoroughbred Development Fund created under §19-23-13b of this  
84 code and the West Virginia Greyhound Breeding Development Fund created under §19-23-10 of  
85 this code shall receive an equal share of a total of not less than one and one-half percent of the  
86 net terminal income;

87 (6) The West Virginia Racing Commission shall receive one percent of the net terminal  
88 income which shall be deposited and used as provided in §19-23-13c of this code.

89 (7) A licensee shall receive 46 and one-half percent of net terminal income.

90 (8)(A) The Tourism Promotion Fund established in §5B-2-12 of this code shall receive  
91 three percent of the net terminal income: *Provided*, That for the fiscal year beginning July 1, 2003,  
92 the tourism commission shall transfer from the Tourism Promotion Fund \$5 million of the three  
93 percent of the net terminal income described in this section and §29-22A-10b of this code into the

177 transferred by the commission on dates established by the commission. Upon a licensed  
178 racetrack's failure to maintain this balance, the commission may disable all of a licensed  
179 racetrack's video lottery terminals until full payment of all amounts due is made. Interest shall  
180 accrue on any unpaid balance at a rate consistent with the amount charged for state income tax

183 (e) The commission's central control computer shall keep accurate records of all income  
184 generated by each video lottery terminal. The commission shall prepare and mail to the licensed

193 discrepancy, the licensed racetrack shall submit to the commission the maintenance log which  
194 includes current mechanical meter readings and the audit ticket which contains electronic meter

197 commission. Any accounting discrepancies which cannot be otherwise resolved shall be resolved

200 not operational or the commission notifies licensed racetracks that remittance by this method is  
201 required. The licensed racetracks shall report an amount equal to the total amount of cash  
202 inserted into each video lottery terminal operated by a licensee, minus the total value of game  
203 credits which are cleared from the video lottery terminal in exchange for winning redemption  
204 tickets, and remit the amount as generated from its terminals during the reporting period. The  
205 remittance shall be sealed in a properly addressed and stamped envelope and deposited in the  
206 United States mail no later than noon on the day when the payment would otherwise be completed  
207 through electronic funds transfer.

208 (h) Licensed racetracks may, upon request, receive additional reports of play transactions  
209 for their respective video lottery terminals and other marketing information not considered  
210 confidential by the commission. The commission may charge a reasonable fee for the cost of  
211 producing and mailing any report other than the billing statements.

212 (i) The commission has the right to examine all accounts, bank accounts, financial  
213 statements and records in a licensed racetrack's possession, under its control or in which it has  
214 an interest and the licensed racetrack shall authorize all third parties in possession or in control  
215 of the accounts or records to allow examination of any of those accounts or records by the  
216 commission.

68     distribution of funds under this section in accordance with the provisions of this section and §29-  
69     22A-10 of this code.

NOTE: The purpose of this bill is to eliminate the discriminatory trigger mechanism “in excess of” language that prevents municipalities within counties that house a thoroughbred racetrack from equally participating in their net terminal income distributions because the “in excess of” language creates an unattainable trigger that has not been reached in years. Consequently, municipalities have suffered as a result. The bill grants counties and municipalities a portion of the net terminal income from racetrack video lottery.

Strike-throughs indicate language that would be stricken from a heading or the present law and underscoring indicates new language that would be added.
