1 (a) Legislative findings and background. - There is hereby created the Holly Grove  
2 Mansion restoration project for the purpose of restoring the Holly Grove Mansion in Charleston,  
3 West Virginia. The Holly Grove Mansion was originally constructed in 1815 as the home of Daniel  
4 Ruffner, one member of a family which helped develop the early salt industry in the Kanawha  
5 Valley. The mansion was listed on the National Register of Historic Places in 1974. A \$3 million  
6 renovation project was approved in 2014 to make the home safe for tours, make the first floor  
7 accessible as required by the Americans with Disabilities Act, and to create a public conference  
8 space inside the home, but the renovation was canceled, except for stabilization work, due to  
9 budgetary concerns.

10 (b) Funding. - Funding for the restoration project shall be made possible through a  
11 separate appropriations bill.

12 (c) Purpose. - The Holly Grove Mansion is intended to be used for two purposes:

18 to its original interior and exterior appearance. The restoration shall be completed by the  
19 architectural firm that was awarded the bid in the 2014 study. In the case the architectural firm is  
20 no longer in existence, the contract shall be rebid to another architectural firm.

21 (e) Commission. - A commission shall be established to oversee the completion of the  
22 project. The commission shall be established on July 1, 2022, and shall include the following  
23 seven people:
