12 education, and coal advocacy programs.

13 (b) The committee shall consist of two members who shall be residents of this state and
14 who shall be appointed as hereinafter specified in this section:

15 (1) The Governor shall appoint one member to represent the viewpoint of the coal
16 operators in this state from a list containing one or more nominees submitted by the major trade

17 association representing coal operators in this state within 30 days of submission of such nominee
18 or nominees.

19 (2) The Governor shall appoint one member to represent the viewpoint of the working
20 miners of this state from a list containing one or more nominees submitted by the highest ranking
21 official within the major employee organization representing coal mines within this state within 30
22 days of submission of the nominee or the nominees.

28 and Safety, and shall be compensated on a per diem basis in the same amount as provided in
29 §22A-6-10 of this code, plus all reasonable expenses.

35 and may pursue development and resolution of issues related thereto. The committee may make
36 recommendations to the board for the promulgation of rules with general mining industry
37 application. Upon receipt of a unanimous recommendation for rule making from the committee
38 and only thereon, the board may adopt or reject such rule, without modification except as
39 approved by the committee: *Provided*, That any adopted rule shall not reduce or compromise the
40 level of safety or protection below the level of safety or protection afforded by applicable statutes
41 and rules. When so promulgated, such rules shall be effective, notwithstanding the provisions of
42 applicable statutes.

43 (f) (1) Upon application of a coal mine operator, or on its own motion, the committee shall
44 have the authority to accept requests for site-specific rule making on a mine-by-mine basis, and
45 make unanimous recommendations to the board for site-specific rules thereon. The committee
46 shall have authority to approve a request if it concludes that the request does not reduce or
47 compromise the level of safety or protection afforded miners below the level of safety or protection
48 afforded by any applicable statutes or rules. Upon receipt of a request for site-specific rule making,
49 the committee may investigate the conditions in the specific mine in question, which investigation
50 shall include consultation with the mine operator and authorized representatives of the miners.
51 Such authorized representatives of the miners shall include any person designated by the
52 employees at the mine, persons employed by an employee organization representing one or more
53 miners at the mine, or a person designated as a representative by one or more persons at the
54 mine.

55 (2) If the committee determines to recommend a request made pursuant to subdivision (1)
56 of this subsection, the committee shall provide the results of its investigation to the Board of Coal
57 Mine Health and Safety along with recommendations for the development of the site-specific rules
58 applicable to the individual mine, which recommendations may include a written proposal
59 containing draft rules.

60 (3) Within 30 days of receipt of the committee's recommendation, the board shall adopt or
61 reject, without modification, except as approved by the committee, the committee's
62 recommendation to promulgate site-specific rules applicable to an individual mine adopting such
63 site-specific rules only if it determines that the application of the requested rule to such mine will
64 not reduce or compromise the level of safety or protection afforded miners below that level of
65 safety or protection afforded by any applicable statutes. When so promulgated, such rules shall
66 be effective notwithstanding the provisions of applicable statutes.

67 (g) The board shall consider all rules proposed by the Coal Mine Safety and Technical
68 Review Committee and adopt or reject, without modification, except as approved by the

76 shall draft proposed rules and reports or make investigations.

77 (i) The powers and duties provided for in this section for the committee are not intended
78 to replace or precondition the authority of the Board of Coal Mine Health and Safety to act in
79 accordance with §22A-6-1 through §22A-6-6 and §22A-6-8 through §22A-6-10 of this code.

80 (j) Appropriations for the funding of the committee and to effectuate this section shall be
81 made to a budget account hereby established for that purpose in the General Revenue Fund.
82 Such account shall be separate from any accounts or appropriations for the Office of Miners'
83 Health, Safety, and Training.

84 (k) Notwithstanding any provision of this section or code to the contrary, if an issue to be
85 decided by the committee ends in a tie vote of the committee members, the Director of the Office
86 of Miners' Health, Safety, and Training, or his or her designee, may vote to break the tie.

The Joint Committee on Enrolled Bills hereby certifies that the foregoing bill is correctly enrolled.
