 2 amend and reenact §18B-1B-7 of said code, all relating to student suicide prevention;  
 3 requiring suicide prevention phone numbers be printed on student identification cards for  
 4 students in grades 6-12 in public schools that issue student identification cards; and  
 5 requiring suicide prevention phone numbers be printed on student identification cards for  
 6 students in a public or private institution of higher education that issues student  
 7 identification cards.

*Be it enacted by the Legislature of West Virginia:*

**CHAPTER 18. EDUCATION.**

**ARTICLE 2. STATE BOARD OF EDUCATION.**

**§18-2-40. Suicide prevention awareness training; dissemination of information.**

1 (a)(1) *Legislative findings.* — The Legislature recognizes that the State of West Virginia  
 2 has one of the highest rates of suicide in the nation, and that suicide serves as one of the leading  
 3 causes of death in our state.

4 (2) The Legislature further finds that nationwide, suicide rates amongst adolescents and  
 5 young adults are on the rise. As a result of disrupted families, poverty, and the opioid crises which  
 6 have severely affected a significant number of families across this state, West Virginia’s students  
 7 face a number of issues which may increase their risk of suicide.

8 (3) Consequently, the Legislature finds that it is imperative that those in our education  
 9 system closest to our students receive training to increase their ability to better recognize students  
 10 who may be exhibiting signs that they are at risk of suicide.

11 (b) On or before September 1, 2020, and each year thereafter, the State Board of  
 12 Education shall provide for the routine education of all professional educators, including principals  
 13 and administrators, and those service personnel having direct contact with students on warning  
 14 signs and resources to assist in suicide prevention under guidelines established by the state

15 board. The education may be accomplished through self-review of suicide prevention materials  
16 and resources approved by the state board.

17 (c) On or before September 1, 2020, and each year thereafter, a public middle and high  
18 school administrator shall disseminate and provide opportunities to discuss suicide prevention  
19 awareness information to all middle and high school students. The information may be obtained  
20 from the Bureau for Behavioral Health and Health Facilities or from a commercially developed  
21 suicide prevention training program approved by the State Board of Education in consultation with  
22 the bureau to assure the accuracy and appropriateness of the information.

23 (d) Commencing one year from the date of reenactment of this section in the 2023 regular  
24 session of the Legislature, a public school that serves students in any of grades 6 to 12, inclusive,  
25 and that issues student identification cards shall have printed on either side of the student  
26 identification cards the telephone number for the National Suicide Prevention Lifeline, 1-800-273-  
27 8255 and may have printed on either side of the student identification cards the following  
28 telephone numbers:

29 (1) The Crisis Text Line, which can be accessed by texting HOME to 741741; and

30 (2) A local suicide prevention hotline telephone number.

31 ~~(d)~~ (e) The provisions of this section shall be known as Jamie’s Law.
